FORWARD LOOKING STATEMENTS

This report contains statements that are forward-looking. You should read the following discussion in connection with our financial statements, including the notes to those statements, included in this document. These forward-looking statements are not historical facts but are expectations or projections based on certain assumptions and analyses made by our senior management in light of their experience and perception of historical trends, current conditions, expected future developments and other factors. Actual events and results may be materially different from anticipated results described in such statements. As used in this Annual Report on Form 10-K, the terms “EDC,” “we,” “our” or “us” mean Educational Development Corporation, a Delaware corporation, unless the context indicates otherwise.

Our ability to achieve such results is subject to certain risks and uncertainties which are not currently known to us. We caution you not to place undue reliance on these forward-looking statements, which speak only as of the date that they are made. We do not undertake any obligation to publicly release any revisions to these forward-looking statements to reflect events or circumstances after the date of this report.

Item 1. BUSINESS

(a) General Development of Business

Educational Development Corporation (“EDC”) is the exclusive United States trade publisher of the line of educational children’s books produced in the United Kingdom by Usborne Publishing Limited (“Usborne”). We were incorporated on August 23, 1965. Our fiscal years end on February 29 (28).

We also own Kane/Miller Book Publishers; award-winning publishers of International children’s books.

Our company motto is “The future of our world depends on the education of our children. EDC delivers educational excellence one book at a time. We provide economic opportunity while fostering strong family values. We touch the lives of children for a lifetime.”

(b) Financial Information about Industry Segments

While selling children’s books is our only line of business, we sell them through two divisions:

- Home Business Division (“Usborne Books and More” or “UBAM”) - This division distributes books nationwide through independent consultants who hold book showings in individual homes, and through book fairs, direct sales and Internet sales. The UBAM Consultants also distribute these titles to school and public libraries.
- Publishing Division (“Publishing”) – This division markets books to bookstores (including major national chains), toy stores, specialty stores, museums and other retail outlets throughout the country.

Percent Net Revenues by Division

	2012		2011	
Publishing	42	%	36	%
UBAM	58	%	64	%
Total revenues	100	%	100	%

Table of Contents

(c) Narrative Description of Business

Products

As the sole United States trade publisher of the Usborne line of books, we offer over 1,500 different titles. Many are interactive in nature, including our Touchy-Feely board books, jigsaw puzzle books, activity and flashcards, adventure and search books, art books, sticker books and foreign language books. The majority of the titles published by Kane/Miller Book Publishers originally were published in other countries in their native languages.

We have a broad line of 'internet-linked' books which allow readers to expand their educational experience by referring them to relevant non-Usborne websites. Our books include science and math titles, as well as chapter books and novels. We continually introduce new titles across all lines of our products.

UBAM markets the books through commissioned consultants using a combination of direct sales, home parties, book fairs and the Internet. The division had approximately 6,100 consultants in 50 states at February 29, 2012.

Publishing markets through commissioned trade representatives who call on book, toy, specialty stores and other retail outlets, as well as through in-house marketing by telephone to the trade. This division markets to approximately 5,000 book, toy and specialty stores. Significant orders totaling 40% of the Publishing Division's sales have been received from major book chains.

Seasonality

Sales for both divisions are greatest during the fall due to the holiday season.

Competition

We face competition on two fronts for our UBAM Division from several other larger direct selling companies - for sales and consultants. However, no other direct selling company exclusively sells children's books. Our school and library market faces competition from Scholastic Books for the book fair market.

Publishing faces strong competition from large U.S. and international companies. Historically, this division's sales are approximately 1.0% of industry sales of juvenile paperbacks.

Employees

As of April 1, 2012, 69 full-time and 2 part-time employees worked at our Tulsa and San Diego facilities; about half of those are in the assembly/distribution warehouse. We believe our relations with our employees are good.

Company Reports

Our annual and quarterly reports (Forms 10-K and 10-Q), current Form 8-K reports and amendments to those reports filed with the SEC are available for download from the Investor Relations portion of our Internet website at www.edcpub.com.

Table of Contents

Item 1A. RISK FACTORS

We are a smaller reporting company and are not required to provide this information.

Item 1B. UNRESOLVED STAFF COMMENTS

None

Item 2. PROPERTIES

We are located at 10302 E. 55th Pl., Tulsa, Oklahoma. These facilities are owned by us and contain approximately 105,000 square feet of office and warehouse space. All product distributions are made from this warehouse. We believe that our operating facility meets both present and future capacity needs.

We lease 11,400 square feet of additional warehouse space two blocks from our main facilities. This space is located at 5432 S. 103rd E. Ave., Tulsa, Oklahoma, and is used to store longer-term inventory requirements.

We also lease a small office in San Diego, California which houses Kane/Miller Book Publishers.

Item 3. LEGAL PROCEEDINGS

We are not a party to any material pending legal proceedings.

Item 4. MINE SAFETY DISCLOSURES

PART II

Item 5. MARKET FOR REGISTRANT'S COMMON EQUITY, RELATED STOCKHOLDER MATTERS AND ISSUER PURCHASES OF EQUITY SECURITIES

The common stock of EDC is traded on the NASDAQ Stock Market, LLC (symbol--EDUC). The high and low quarterly common stock quotations for fiscal years 2012 and 2011, as reported by the National Association of Securities Dealers, Inc., were as follows:

Period	2012		2011	
	High	Low	High	Low
1st Qtr	6.90	4.18	7.00	5.97
2nd Qtr	5.81	5.00	5.96	5.15
3rd Qtr	5.70	3.80	7.00	5.48
4th Qtr	5.40	4.75	7.00	6.25

The number of shareholders of record of EDC's common stock at March 9, 2012 was 672.

During fiscal year 2012, we paid quarterly dividends totaling \$0.48 per share as follows: \$0.12 per share dividend on March 18, 2011, \$0.12 per share dividend on June 17, 2011, \$0.12 per share dividend on September 16, 2011, and \$0.12 per share dividend on December 16, 2011. An additional \$0.12 per share dividend was declared on February 29, 2012 and was paid during fiscal year 2013 to shareholders of record on March 9, 2012. Per share dividends paid during fiscal year 2011 totaled \$0.51.

The following table shows repurchases of our common stock which we made during the fourth quarter of fiscal year 2012.

ISSUER PURCHASES OF EQUITY SECURITIES

Period	Total # of Shares Purchased	Average Price Paid per Share	Total # of Shares Purchased as Part of Publicly Announced Plan (1)	Maximum # of Shares that May be Repurchased under the Plan
December 1 - 31, 2011	10	\$ 5.00	10	360,109
January 1 - 31, 2012	0	-	0	360,109
February 1 - 29, 2012	0	-	0	360,109
Total	10	\$ 5.00	10	

(1) In April 2008 the Board of Directors authorized us to purchase up to 500,000 additional shares of our common stock under a plan initiated in 1998. This plan has no expiration date.

Item 6. SELECTED FINANCIAL DATA

We are a smaller reporting company and are not required to provide this information.

7

Table of Contents

Item 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

MD&A contains statements that are forward-looking and include numerous risks which you should carefully consider. Additional risks and uncertainties may also materially and adversely affect our business. You should read the following discussion in connection with our financial statements, including the notes to those statements, included in this document. Our fiscal years end on February 29 (28).

Management Summary

Educational Development Corporation is the sole distributor in the United States of the Usborne line of children's books. We operate two separate divisions, Publishing and Usborne Books and More ("UBAM"), to sell these books. Our Corporate headquarters, including the distribution facility for both divisions, is located in Tulsa, Oklahoma.

These two divisions each have their own customer base. The Publishing Division markets its products on a wholesale basis to various retail accounts. The UBAM Division markets its products to individual consumers as well as to school and public libraries through direct-selling consultants.

Publishing Division

The Publishing Division operates in a market that is highly competitive, with a large number of companies engaged in the selling of books. The most recent annual sales data indicate sales in the book industry were approximately \$11.7 billion for calendar year 2010. Sales in the trade industry, defined as wholesale sales to retailers, were approximately \$5.3 billion for calendar year 2010.

The Publishing Division's customer base includes national book chains, regional and local bookstores, toy and gift stores, school supply stores and museums. To reach these markets, the Publishing Division utilizes a combination of commissioned sales representatives located throughout the country and a commissioned inside sales group located in our headquarters. The Vice President of the Publishing Division manages sales to the national chains.

Publishing Division Sales by Market Type

	FY 2012		FY 2011	
National chain stores	40	%	38	%
All other	60	%	62	%
Total net sales	100	%	100	%

The Publishing Division uses a variety of methods to attract potential new customers and maintain current customers. Company personnel attend many of the national trade shows held by the book selling industry each year, allowing us to make contact with potential buyers who may be unfamiliar with our books. We actively target the national chains through joint promotional efforts and institutional advertising in trade publications. The Publishing Division also participates with certain customers in a cooperative advertising allowance program, under which we pay back up to 2% of the net sales to that customer. Our products are then featured in promotions, such as catalogs, offered by the vendor.

We may also acquire, for a fee, an end cap position in a bookstore (our products are placed on the end of a shelf), which in the publishing industry is considered an advantageous location in the bookstore. The costs of these promotions have been classified as reductions in revenue in the statements of earnings.

Table of Contents

The Publishing Division's in-house telesales group targets the smaller independent book and gift store market. Our semi-annual, full-color, 160-page catalogs, are mailed to over 5,000 customers and potential customers. We also offer two display racks to assist stores in displaying our products.

Net Revenues for Publishing Division

	FY 2012	FY 2011
Net Revenues	\$ 10,981,100	\$ 9,829,400

Publishing Division's net revenues increased \$1,151,700 in fiscal year 2012 from fiscal year 2011, or 11.7%. Net revenues were up 21.9% for smaller retail stores, 18.0% for national chain stores and 6.6% for inside sales.

Usborne Books and More ("UBAM") Division

The UBAM Division is a multi-level direct selling organization that markets its products through independent sales representatives ("consultants") located throughout the United States. The customer base of UBAM consists of individual purchasers, as well as school and public libraries. Revenues are generated through home shows, direct sales, Internet sales, book fairs and contracts with school and public libraries.

An important factor in the continued growth of the UBAM Division is the addition of new sales consultants and the retention of existing consultants. Current active consultants recruit new sales consultants. UBAM makes it easy to recruit by providing low-cost signing kits. For one month, kits containing sample products and supplies were free to new recruits when a minimum dollar home show was submitted by the new recruit. UBAM provides an extensive handbook that is a valuable tool in explaining the various programs to the new recruit.

Consultants During Year

	FY 2012	FY 2011
New Sales Representatives	4,300	4,100
Active Sales Representatives End of Fiscal Year	6,100	6,200

The UBAM Division presently has six levels of sales representatives:

- Consultants
- Team Leaders
- Senior Team Leaders
- Executive Team Leaders
- Senior Executive Team Leaders
- Directors

Upon signing up, each individual is considered a consultant. Consultants receive commissions from each sale they make; the commission rate being determined by the marketing program under which the sale is made. In addition, consultants receive a monthly sales bonus once their sales reach an established monthly goal. Consultants who recruit other consultants and meet certain established criteria are eligible to become team leaders. Upon reaching this level, they receive monthly override payments based upon the sales of their downline groups.

Once team leaders reach certain established criteria, they become senior team leaders and are eligible to earn promotion bonuses on their consultants. Once senior team leaders reach certain established criteria, they become

executive team leaders, senior executive team leaders or directors. Executive team leaders and higher may receive an additional monthly override payment based upon the sales of their downline groups.

Table of Contents

Percent of Net Revenues by UBAM Marketing Program

	FY 2012		FY 2011	
Home Shows	32	%	33	%
Direct Sales	2	%	2	%
School & Library	43	%	42	%
Internet	12	%	13	%
Fund Raisers	3	%	-	
Transportation Revenue	8	%	10	%
Totals	100	%	100	%

Number of Orders by UBAM Marketing Program

	FY 2012	FY 2011
Home Shows	19,200	24,100
Direct Sales	3,300	4,200
School & Library	11,000	12,500
Internet	34,600	41,700
Fund Raisers	900	-
	69,000	82,500

Net revenues from home shows declined 21% or \$880,100 during fiscal year 2012. This was primarily due to 21% fewer orders placed during the period. Consultants contact individuals (“hostesses”) to hold book shows in their homes. The consultant assists the hostess in setting up the details for the show and makes a presentation at the show and takes orders for the books. The hostess earns free books based upon the total sales at the show. Customer specials are available for customers when they order a selected amount. Additionally, home shows provide an excellent opportunity for recruiting new consultants.

Net revenues from direct sales decreased 11% or \$30,000 during fiscal year 2012. This resulted from a 23% decrease in the number of orders placed during the year, offset by a 15% increase in average sales per order. Direct sales are sales without a hostess being involved.

The UBAM Division offers many promotions (customer specials) throughout the year. These promotions offer the customer the opportunity to purchase selected items at a discount if the customer meets the defined criteria. The discounts under these promotions are recorded in discounts and allowances.

The school and library marketing program, including book fairs, decreased 10% or \$548,300 during fiscal year 2012. The number of orders placed during the year were down 11% while the per-order average increased 1%.

School and library sales are restricted to consultants who have received additional, specialized training which allows them to sell to schools and libraries. The UBAM consultant is the only source that a library or school has for library-bound Usborne books and for most Kane/Miller titles. They are not available through any of the school supply distribution companies.

This program includes our book fairs. Book fairs can be held with almost any organization as the sponsor. The consultant provides promotional materials to acquaint parents with the books. Parents turn in their orders at a designated time. The book fair program generates free books for the sponsoring organization. UBAM also has a Reach for the Stars fundraiser program. This is a pledge-based reading incentive program that provides cash and books to the organization and books for the children.

Table of Contents

Internet sales were down 15% or \$248,900 during fiscal year 2012. Consultants utilize in-house-developed and hosted web sites in their businesses for a nominal annual fee. They can customize the web sites to their own particular needs or they can maintain the generic site. Orders are transmitted to us through a shopping cart arrangement and the consultant receives sales credit and commission on the sales.

A fund-raising program, Cards for a Cause, was added during the second quarter of the fiscal year, generating \$364,800 in sales its inaugural year. Organizations sell variety boxes of greeting-type cards and keep a portion of the proceeds to help support themselves and their related causes.

The cost of free books provided under the various UBAM marketing programs is recorded as operating and selling expense in the statements of earnings.

While there are many, UBAM continues to be the only multi-level company in the United States exclusively selling books. We believe this is a fertile market with excellent opportunities for continued growth. The keys to future growth in the UBAM Division are recruiting and retaining consultants.

(1-2) Liquidity and Capital Resources

EDC has a history of profitability and positive cash flow. We can continue to grow with minimal additional capital requirements. Our primary source of cash is generated from operations. Our primary uses of cash are to pay dividends, acquire treasury stock, and purchase property and equipment. If needed, we would utilize our bank credit facility to meet our short-term cash requirements.

We expect our ongoing cash flow to continue to exceed cash required to operate the business. Consequently, we expect short-term borrowings to continue to remain at a minimum.

During fiscal year 2012, we experienced a positive cash flow from operations of \$783,900. Cash flow from net earnings of \$1,420,900 was increased due to the provision for doubtful accounts and sales returns of \$874,800, a decrease in inventories of \$201,100 and a \$40,400 increase in net income tax payable offset by an increase in accounts receivable of \$1,373,500, a decrease in current liabilities of \$469,000, and a \$6,200 increase in prepaid expenses and other assets.

Cash used in investing activities was \$326,100 due to a \$250,000 payment for our initial investment in Demibooks and \$76,100 for capital expenditures. We estimate that cash used in investing activities for fiscal year 2013 will be less than \$200,000. This would consist of software and hardware enhancements to our existing data processing equipment, property improvements and additional warehouse equipment.

Cash used in financing activities was \$1,685,900 which was primarily due to dividend payments of \$1,870,200, \$75,000 notes payable paid, and \$214,300 paid to acquire treasury stock. These were offset by cash received of \$250,000 from borrowings under our revolving credit agreement and \$223,600 from the sale of treasury stock. In September 2002, the Board of Directors authorized paying a minimum annual cash dividend of 20% of net earnings. In fiscal years 2012 and 2011, we paid 132% and 170%, respectively, of net earnings as a cash dividend.

Our Board of Directors adopted a stock repurchase plan in which we may purchase up to an additional 500,000 shares as market conditions warrant. Management believes the stock is undervalued and when stock becomes available at an attractive price, we can utilize free cash flow to repurchase shares. Management believes this enhances the value to the remaining stockholders and that these repurchases will have no adverse effect on our short-term and long-term liquidity.

Table of Contents

(3) Results of Operations

Earnings as a Percent of Net Revenues				
	FY 2012		FY 2011	
Net revenues	100.0	%	100.0	%
Cost of sales	40.2	%	37.8	%
Gross margin	59.8	%	62.2	%
Operating expenses:				
Operating and selling	25.5	%	26.0	%
Sales commissions	18.5	%	20.4	%
General and administrative	7.5	%	8.7	%
Casualty loss	0.0	%	0.7	%
Total operating expenses	51.5	%	55.8	%
Other income	0.4	%	0.5	%
Earnings before income taxes	8.7	%	6.9	%
Income taxes	3.3	%	2.6	%
Net earnings	5.4	%	4.3	%

Fiscal Year 2012 Compared with Fiscal Year 2011

The following presents an overview of our results of operations for years ended February 29, 2012 and February 28, 2011. We had earnings before income taxes of \$2,277,700 for fiscal year 2012 compared with \$1,870,200 for fiscal year 2011.

Revenues					
	FY 2012		FY 2011		\$ Change
Gross sales	\$	40,906,200	\$	39,630,700	\$ 1,275,500
Less discounts & allowances		(15,592,000)		(13,657,600)	(1,934,400)
Transportation revenue		959,100		1,270,100	(311,000)
Net revenues	\$	26,273,300	\$	27,243,200	\$ (969,900)

The UBAM Division's gross sales decreased 6.2% or \$1,189,700 during FY 2012 when compared with FY 2011. This decrease is attributable to lower sales in the home party, direct sales, school and library/book fair, and the internet markets. Average sales per order for this division were up 3.7%, while the overall number of orders was down 16.4% due to reductions in each of those markets. The Publishing Division's gross sales increased 12.1% or \$2,465,200 during FY 2012 when compared with FY 2011.

The Publishing Division's discounts and allowances are a much larger percentage of gross sales than discounts and allowances in the UBAM Division due to the different customer markets that each division targets. The Publishing Division's discounts and allowances were \$11,956,400 in fiscal year 2012 and \$10,646,500 in fiscal year 2011. To be competitive with other wholesale book distributors, the Publishing Division sells at discounts between 48% and 55% of the retail price, based upon the quantity of books ordered and the dollar amount of the order. The Publishing Division's discounts and allowances were 52.2% of Publishing's gross sales in fiscal year 2012 and 52.1% in fiscal year 2011.

The UBAM Division's discounts and allowances were \$3,635,600 in fiscal year 2012 and \$3,011,100 in fiscal year 2011. Most sales in the UBAM Division are at retail. As a part of the UBAM Division's marketing programs, discounts between 40% and 50% of retail are offered on selected items at various times throughout the year. The

discounts and allowances in the UBAM Division will vary from year to year depending upon the marketing programs in place during any given year. The UBAM Division's discounts and allowances were 20.2% of UBAM's gross sales in fiscal year 2012 and 15.7% in fiscal year 2011.

Table of Contents

Transportation revenues decreased \$311,000 in fiscal year 2012, primarily due to the decrease in UBAM sales during the year.

Expenses			
	FY 2012	FY 2011	\$ Change
Cost of sales	\$ 10,549,000	\$ 10,284,700	\$ 264,300
Operating and selling	6,710,400	7,077,200	(366,800)
Sales commissions	4,855,200	5,568,600	(713,400)
General and administrative	1,972,500	2,380,600	(408,100)
Casualty loss	-	188,500	(188,500)
Total	\$ 24,087,100	\$ 25,499,600	\$ (1,412,500)

Cost of sales increased 2.6% in fiscal year 2012 when compared with fiscal year 2011. Our cost of products is 25% to 34% of the gross sales price, depending upon the product. In comparing the percentage change in gross sales with the percentage change in cost of goods, consideration must be given to the mix of products sold. Approximately 73% of our products come from one vendor, where the cost of the products is a fixed percentage of the retail price.

Cost of sales is the inventory cost of product sold (including the cost of the product itself and inbound freight charges). Operating and selling expenses include purchasing and receiving, inspection, warehousing, and other costs of our distribution network. These costs totaled \$1,274,100 in FY 2012 and \$1,135,100 in FY 2011. When comparing our gross margins with the gross margins of other companies, note that we do not include the costs of our distribution network in our cost of sales.

In addition to costs associated with our distribution network (noted above), operating and selling costs include expenses of the Publishing Division, the UBAM Division and the order entry and customer service functions. Operating and selling expenses as a percentage of gross sales were 16.4% for fiscal year 2012 and 17.9% for fiscal year 2011.

Sales commissions in the Publishing Division increased \$32,100 for the fiscal year ended 2012. Sales commissions for this division fluctuate depending upon the amount of sales made to our "house accounts," which are our largest customers and do not have any commission expense associated with them, and sales made by the Company's outside sales representatives. Publishing Division sales commissions are paid on net sales and were 2.1% in both fiscal years 2012 and 2011.

Sales commissions in the UBAM Division decreased \$745,500. UBAM Division sales commissions are paid on retail sales and were 39.5% for fiscal year 2012 and 39.6% for fiscal year 2011. The fluctuation in the percentages of commission expense to retail sales is the result of the type of sale. Home shows, book fairs, school and library sales and direct sales have different commission rates. Also contributing to the fluctuations in the percentages is the payment of overrides and bonuses, both dependent on consultants' monthly sales and downline sales. The decrease in sales commissions is the result of lower sales in the UBAM Division.

General and administrative expenses include the executive department, accounting department, information services department, general office management and building facilities management. General and administrative expenses as a percentage of gross sales were 4.8% for fiscal year 2012 and 6.0% for fiscal year 2011.

The tax provision for fiscal year 2012 was \$856,800. The effective rate for fiscal year 2012 was 37.6% and for fiscal year 2011 was 37.5%. Our effective tax rate is higher than the Federal statutory rate due to state income taxes.

Contractual Obligations

We are a smaller reporting company and are not required to provide this information.

Critical Accounting Policies

Our discussion and analysis of our financial condition and results of operations are based upon our financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States. The preparation of these financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosures of contingent assets and liabilities. On an on-going basis, we evaluate our estimates, including those related to our valuation of inventory, allowance for uncollectable accounts receivable, allowance for sales returns, long-lived assets and deferred income taxes. We base our estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources.

Actual results may materially differ from these estimates under different assumptions or conditions. Historically, however, actual results have not differed materially from those determined using required estimates. Our significant accounting policies are described in the notes accompanying the financial statements included elsewhere in this report. However, we consider the following accounting policies to be more significantly dependent on the use of estimates and assumptions.

Stock-Based Compensation

We account for stock-based compensation whereby share-based payment transactions with employees, such as stock options and restricted stock, are measured at estimated fair value at date of grant and recognized as compensation expense.

Revenue Recognition

Sales are recognized and recorded when products are shipped. Products are shipped FOB shipping point. The UBAM Division's sales are paid at the time the product is shipped. These sales accounted for 58% of net revenues in fiscal year 2012 and 64% of net revenues in fiscal year 2011.

Estimated allowances for sales returns are recorded as sales are recognized and recorded. Management uses a moving average calculation to estimate the allowance for sales returns. We are not responsible for product damaged in transit. Damaged returns are primarily from the retail stores. The damages occur in the stores, not in shipping to the stores. It is industry practice to accept returns from wholesale customers. Transportation revenue, the amount billed to the customer for shipping the product, is recorded when products are shipped. Management has estimated and included a reserve for sales returns of \$100,000 as of both February 29, 2012 and February 28, 2011.

Allowance for Doubtful Accounts

We maintain an allowance for estimated losses resulting from the inability of our customers to make required payments. An estimate of uncollectable amounts is made by management based upon historical bad debts, current customer receivable balances, age of customer receivable balances, customers' financial conditions and current economic trends. Management has estimated allowance for doubtful accounts of \$456,300 and \$462,800 as of February 29, 2012 and February 28, 2011, respectively.

Inventory

Management continually estimates and calculates the amount of non-current inventory. The inventory arises due to occasional purchases of book inventory in quantities in excess of what will be sold within the normal operating cycle due to minimum order requirements of our primary supplier. Noncurrent inventory was estimated by management using the current year turnover ratio by title. All inventory in excess of 2 ½ years of anticipated sales was classified as noncurrent inventory. Noncurrent inventory balances were \$888,000 and \$903,000 at February 29, 2012 and February 28, 2011, respectively.

Table of Contents

Inventories are presented net of a valuation allowance. Management has estimated and included a valuation allowance for both current and noncurrent inventory. This allowance is based on management's identification of slow moving inventory on hand. Management has estimated a valuation allowance for both current and noncurrent inventory of \$365,000 and \$330,700 as of February 29, 2012 and February 28, 2011, respectively.

Our product line contains approximately 1,500 titles, each with different rates of sale, depending upon the nature and popularity of the title. Almost all of our product line is saleable as the books are not topical in nature and remain current in content today as well as in the future. Most of our products are printed in Europe, China, Singapore, India, Malaysia and Dubai resulting in a three to four-month lead-time to have a title reprinted and delivered to us.

Our principal supplier, based in England, imposes minimum order requirements before reprinting a title. At the current time we must reorder 6,500 or more of a title in order to get a solo print run. If we order less than 6,500 of a title, then we normally share a print run with the supplier's other customers, which can result in more lengthy delays to receive the ordered title. Anticipating customer preferences and purchasing habits requires historical analysis of similar titles in the same series. We then place the initial order or re-order based upon this analysis.

These factors and historical analysis have led Management to determine that 2 ½ years represents a reasonable estimate of the normal operating cycle for our products.

New Accounting Pronouncements

The Financial Accounting Standards Board ("FASB") periodically issues new accounting standards in a continuing effort to improve standards of financial accounting and reporting. We have reviewed the recently issued pronouncements and concluded that the recently issued accounting standards are not applicable to us.

Item 9A(T). CONTROLS AND PROCEDURES

An evaluation was performed of the effectiveness of the design and operation of our disclosure controls and procedures pursuant to Exchange Act Rule 13a-15(e) and 15d-15(e) as of February 29, 2012. This evaluation was conducted under the supervision and with the participation of our management, including our Chief Executive Officer and our Controller/Corporate Secretary (Principal Financial and Accounting Officer).

Based on that evaluation, these officers concluded that our disclosure controls and procedures were effective to ensure that information required to be disclosed in reports that we file or submit under the Securities Exchange Act of 1934 is accumulated and communicated to them, as appropriate, to allow timely decisions regarding required disclosure and is recorded, processed, summarized and reported in accordance within the time periods specified in Securities and Exchange Commission rules and forms. It should be noted that the design of any system of controls is based in part upon certain assumptions about the likelihood of future events.

During the fourth fiscal quarter of the fiscal year covered by this report on Form 10-K, there have been no changes in our internal control over financial reporting that have materially affected or are reasonably likely to materially affect, our internal control over financial reporting.

MANAGEMENT'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING

Our management is responsible for establishing and maintaining adequate internal control over financial reporting, as such term is defined in Rule 13a-15(f) of the Securities Exchange Act of 1934 (the "Exchange Act"). Under the supervision and with the participation of our management, including our President and our Controller, we evaluated the effectiveness of our internal control over financial reporting based on the framework in INTERNAL CONTROL-INTEGRATED FRAMEWORK issued by the Committee of Sponsoring Organizations of the Treadway Commission. All internal control systems, no matter how well designed, have inherent limitations. Therefore, even those systems determined to be effective can provide only reasonable assurance with respect to financial statement preparation and presentation. Projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate. Based on our evaluation under that framework and applicable SEC rules, our management concluded that our internal control over financial reporting was effective as of February 29, 2012.

This annual report does not include an attestation report of our registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by our registered public accounting firm pursuant to temporary rules of the Securities and Exchange Commission that permit us to provide only management's report in this annual report.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholders of
Educational Development Corporation

We have audited the accompanying balance sheets of Educational Development Corporation as of February 29, 2012 and February 28, 2011, and the related statements of earnings, shareholders' equity and cash flows for each of the two years in the period ended February 29, 2012. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Educational Development Corporation as of February 29, 2012 and February 28, 2011, and the results of its operations and its cash flows for each of the two years in the period ended February 29, 2012, in conformity with U.S. generally accepted accounting principles.

/s/ HOGANTAYLOR LLP

Tulsa, Oklahoma

EDUCATIONAL DEVELOPMENT CORPORATION
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED FEBRUARY 29, 2012 AND FEBRUARY 28, 2011

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Business—We distribute books and publications through our Publishing and Usborne Books and More (“UBAM”) Divisions to book, toy and gift stores, libraries and home educators located throughout the United States (“U.S.”). We are the sole U.S. distributor of books and related items, which are published by an England-based publishing company, Usborne, our primary supplier. We are also in the direct publishing market through our ownership of Kane/Miller Publishers.

Estimates—Our financial statements were prepared in conformity with accounting principles generally accepted in the United States of America, which requires management to make estimates and assumptions that affect the amounts and disclosures in the financial statements. Actual results could differ from these estimates.

Business Concentration—A significant portion of our inventory purchases are concentrated with an England-based publishing company. Purchases from this company were approximately \$8.3 million for the year ended February 29, 2012 and \$7.3 million for the year ended February 28, 2011. Total inventory purchases for those same periods were approximately \$11.4 million and \$10.3 million, respectively.

Cash and Cash Equivalents—Cash and cash equivalents are maintained at financial institutions and, at times, balances may exceed federally insured limits. We have never experienced any losses related to these balances. All of our non-interest bearing cash balances were fully insured at February 29, 2012 due to a temporary federal program in effect from December 31, 2010 through December 31, 2012. Under the program, there is no limit to the amount of insurance for eligible accounts. Beginning 2013, insurance coverage will revert to \$250,000 per depositor at each financial institution, and our non-interest bearing cash balances may again exceed federally insured limits. The majority of payments due from banks for third party credit card transactions process within two business days. Amounts due are classified as cash and cash equivalents at February 29, 2012 and February 28, 2011.

Accounts Receivable—Accounts receivable are uncollateralized customer obligations due under normal trade terms generally requiring payment within thirty days from the invoice date. Trade accounts are stated at the amount management expects to collect from outstanding balances. Delinquency fees are not assessed. Payments of accounts receivable are allocated to the specific invoices identified on the customers’ remittance advice. Accounts receivable are carried at original invoice amount less an estimated reserve made for returns and discounts based on quarterly review of historical rates of returns and expected discounts to be taken. The carrying amount of accounts receivable is reduced, if needed, by a valuation allowance that reflects management’s best estimate of the amounts that will not be collected.

Management periodically reviews accounts receivable balances and, based on an assessment of historical bad debts, current customer receivable balances, age of customer receivable balances, customers’ financial conditions and current economic trends, estimates the portion, if any, of the balance that will not be collected. Management provides for probable uncollectible amounts through a charge to earnings and a credit to a valuation account based on its assessment of the current status of the individual accounts. Balances which remain outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to trade accounts receivable. Recoveries of trade receivables previously written off are recorded when received.

Table of Contents

Inventories—Inventories are stated at the lower of cost or market. Cost is determined using the FIFO method. We present a portion of our inventory as a noncurrent asset. Occasionally we purchase book inventory in quantities in excess of what will be sold within the normal operating cycle due to minimum order requirements of our primary supplier. These excess quantities are included in noncurrent inventory. We estimate noncurrent inventory using the current year turnover ratio by title. All inventory in excess of 2½ years of anticipated sales is classified as noncurrent inventory.

Inventories are presented net of a valuation allowance. Management has estimated and included an allowance for slow moving inventory for both current and noncurrent inventory. This allowance is based on management’s analysis of inventory on hand at February 29, 2012 and February 28, 2011.

Property, Plant and Equipment—Property, plant and equipment are stated at cost and depreciated on a straight-line basis over the estimated useful lives, as follows:

Buliding	30 years
Machinery and equipment	3 - 10 years
Furniture and fixtures	3 years

Income Taxes—We account for income taxes using the liability method. Under this method, deferred tax assets and liabilities are determined based on the difference between the financial statement and the tax basis of assets and liabilities using the current tax laws and rates. A valuation allowance is established when necessary to reduce deferred tax assets to the amounts more likely than not expected to be realized.

Revenue Recognition—Sales are recognized and recorded when products are shipped. Products are shipped FOB shipping point. The UBAM Division’s sales are paid at the time the product is shipped. These sales accounted for 58% of net revenues in FY 2012 and 64% of net revenues in FY 2011.

Estimated allowances for sales returns are recorded as sales are recognized and recorded. Management uses a moving average calculation to estimate the allowance for sales returns. We are not responsible for product damaged in transit. Damaged returns are primarily from the retail stores related to damages which occur in the stores, not in shipping to the stores. It is industry practice to accept returns from wholesale customers. Management has estimated and included a reserve for sales returns of \$100,000 as of February 29, 2012 and February 28, 2011.

Transportation revenue, the amount billed to the customer for shipping the product, is recorded when products are shipped.

Advertising Costs—Advertising costs are expensed as incurred. Advertising expenses, included in selling and operating expenses in the statements of earnings, were \$219,900 and \$162,800 for the years ending February 29, 2012 and February 28, 2011, respectively.

Shipping and Handling Costs— We classify shipping and handling costs as operating and selling expenses in the statements of earnings. Shipping and handling costs were \$2,289,700 and \$2,320,300 for the years ending February 29, 2012 and February 28, 2011, respectively.

Earnings per Share—Basic earnings per share (“EPS”) is computed by dividing net income by the weighted average number of common shares outstanding during the period. Diluted EPS is based on the combined weighted average number of common shares outstanding and dilutive potential common shares issuable which include, where appropriate, the assumed exercise of options. In computing Diluted EPS we have utilized the treasury stock method.

Table of Contents

The following reconciles the diluted earnings per share:

	Year Ended February 29 (28),	
	2012	2011
Diluted Earnings Per Share:		
Net earnings applicable to common shareholders	\$ 1,420,900	\$ 1,168,200
Shares:		
Weighted average shares outstanding—basic	3,898,145	3,887,895
Assumed exercise of options	648	2,489
Weighted average shares outstanding—diluted	3,898,793	3,890,384
Diluted Earnings Per Share	\$ 0.36	\$ 0.30

There were no stock options for the fiscal years ended February 29, 2012 and February 28, 2011 excluded from the diluted earnings per share calculation.

Fair Value of Financial Instruments—For cash and cash equivalents, accounts receivable, and accounts payable, the carrying amount approximates fair value because of the short maturity of those instruments.

Long-Lived Asset Impairment— We review the value of long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable based on estimated future cash flows. No impairment was noted as a result of such review during the years ended February 29, 2012 and February 28, 2011.
