EXPLANATORY NOTE

On July 31, 2017, Frequency Electronics, Inc. (sometimes referred to as the "Registrant" or the "Company") filed its Annual Report on Form 10-K for the fiscal year ended April 30, 2017 (the "Original Form 10-K") with the Securities and Exchange Commission (the "SEC"). This Amendment No. 1 (the "Amendment") amends Part III, Items 10 through 14 of the Original Form 10-K to include information previously omitted from the Original Form 10-K in reliance on General Instruction G(3) to Form 10-K. General Instruction G(3) to Form 10-K provides that registrants may incorporate by reference certain information from a definitive proxy statement which involves the election of directors if such definitive proxy statement is filed with the SEC within 120 days after the end of the fiscal year. We do not anticipate that our definitive proxy statement involving the election of directors will be filed before August 28, 2017 (i.e., within 120 days after the end of our 2017 fiscal year). Accordingly, Part III of the Original Form 10-K is hereby amended and restated as set forth below. The information included herein as required by Part III, Items 10 through 14 of Form 10-K is more limited than what is required to be included in the definitive proxy statement to be filed in connection with our annual meeting of stockholders. The definitive proxy statement to be filed at a later date will include additional information related to the topics herein and additional information not required by Part III, Items 10 through 14 of Form 10-K.

In addition, as required by Rule 12b-15 under the Securities Exchange Act of 1934, as amended, Item 15 of Part IV has been amended to include the currently dated certification of our principal executive officer and principal financial officer pursuant to Section 302 of the Sarbanes-Oxley Act of 2002. The certifications of our principal executive officer and principal financial officer are filed with this Form 10-K/A as Exhibits 31.1 and 31.2 hereto. Because financial statements have not been included in this Form 10-K/A and this Form 10-K/A does not contain or amend any disclosure with respect to Item 307 and 308 of Regulation S-K, paragraphs 3, 4 and 5 of the certifications have been omitted. We are not including the certificate under Section 906 of the Sarbanes-Oxley Act of 2002 as no financial statements are being filed with this Form 10-K/A.

Except as stated herein, this Amendment does not reflect events occurring after the filing of the Original Form 10-K on July 31, 2017 and no attempt has been made in this Amendment to modify or update other disclosures as presented in the Original Form 10-K.

Notes:

(1) The Company pays bonuses based on operating profits at each of its operating units or, in the case of Mr. Bloch, on consolidated pretax profits. Mr. Mancini is awarded a bonus based on the revenues and operating profits generated by the Gillam-FEI and FEI-Zyfer segments and bookings of FEI-NY. These bonuses are based upon performance in each fiscal year and paid in the next year.

(2) The amounts in this column do not represent actual cash payments to the Named Executive Officers. Each value primarily (see Note 3 below) represents the aggregate grant date fair value of SARs awarded by the Company during fiscal years 2017 and 2016 computed in accordance with FASB ASC TOPIC 718. The assumptions used in determining the grant date fair values of these awards are set forth in the notes to the Company's consolidated financial statements, which are included in its Annual Report on Form 10-K for the years ended April 30, 2017 and 2016, as filed with the SEC.

(3) Other than contributions of Common Stock to the accounts of participants in the Company's 401(k) Savings Plan, the Company did not make any other awards of Common Stock to any employees during fiscal years 2017 and 2016. The fair market value of contributions to the 401(k) accounts of participants, including the Named Executive Officers, may not exceed \$3,000 in a calendar year.

(4) The amounts in this column do not represent actual cash payments to the Named Executive Officers. The Company has entered into certain deferred compensation agreements with key employees (including the Named Executive Officers) providing for the payment of benefits upon retirement or death or upon the termination of employment not for cause. The values in the table above reflect the change in the actuarially calculated deferred compensation liability for each of the Named Executive Officers for fiscal years 2017 and 2016. These non-cash amounts are included in the Company's general and administrative expenses for the fiscal years ended April 30, 2017 and 2016, respectively.

2016	9,116	28,159	0	0	37,275

(a) All employees of the Company are eligible for health, term life and disability insurance the premiums for which are partially paid by the Company. Reimbursement of medical costs is available only to officers.

(b) Mr. Bloch's compensation includes financial planning advice and Company-paid premiums for additional whole life insurance policies, the beneficiaries of which are Mr. Bloch's heirs.

Short-Term Incentives

The Company maintains short-term incentive bonus programs for certain employees which are based on operating profits and certain other relevant criteria of the individual subsidiaries to which the employees are assigned. The Company's employment agreement with its Chief Executive Officer includes a bonus formula based on consolidated pre-tax profits (see "Chief Executive Officer Employment Agreement" below). These plans are designed to create incentives for superior performance and to allow the Company's executive officers to share in the success of the Company by rewarding the contributions of individual officers. Focused on short-term or annual business results, these plans enable the Company to award designated executives with annual cash bonuses based on their contributions to the profits of the Company.

Long-Term Incentives

As part of its comprehensive compensation program, the Company stresses long-term incentives through awards of shares of its Common Stock through the grant of SARs or options to purchase Common Stock through its 2005 Stock Award Plan. Grants and awards are aimed at attracting new personnel, recognizing and rewarding current executive officers for special individual accomplishments, and retaining high-performing officers and key employees by linking financial benefit to the performance of the Company (as reflected in the market price of Common Stock) and to continued employment with the Company. Grants of SARs, stock options and other equity awards are generally determined on an individual-by-individual basis. The factors considered are the individual's performance and potential for contributing to the Company's future growth, the number of SARs, stock options and awards previously granted to the individual and the Company's financial and operational performance.

The Company does not maintain any compensation plans for its executive officers or directors nor for any of its other employees which provide compensation intended to serve as incentive for performance to occur over a period longer than one fiscal year other than the stock award plans discussed above and the Company's 401(k) Savings Plan discussed below. The fair values of SAR awards under the 2005 Stock Award Plan is shown in the Summary Compensation Table above.

Nonqualified Deferred Compensation Agreements

The Company has no tax-qualified defined benefit or actuarial retirement plans in effect. It has entered into certain deferred compensation agreements with key employees, including its officers, providing for the payment of benefits upon retirement or death or upon the termination of employment not for cause. The Company pays compensation benefits out of its working capital but has also purchased whole or universal life insurance (of which it is the sole beneficiary) on the lives of most of the participants to cover the optional lump sum obligations under the deferred compensation agreements upon the death of the participant. The annual premiums paid during fiscal year 2017 were less than the increase in cash surrender value of the whole and universal life insurance policies.

The deferred compensation for participants in the program is reviewed annually by the Compensation Committee. The annual benefit may be increased based upon recent performance, length of service, economic conditions and other factors. The annual benefit to be provided to each of the Named Executive Officers upon his retirement is as follows:

Martin Bloch, President & CEO	\$235,000
Markus Hechler, Executive VP	100,000
Oleandro Mancini, Senior VP	85,000

Such benefits are payable for the remaining life of the individual with a minimum payment over ten years (25 years for Mr. Bloch) to either the employee or his beneficiaries. Benefits may be paid in a lump sum in the case of a participant's death, disability or early termination of employment without cause. The change in actuarial value in nonqualified deferred compensation benefits under the deferred compensation agreements for each of the Named Executive Officers is presented in the Summary Compensation Table.

Supplemental Separation Benefits

Included in the deferred compensation agreements of certain executive officers and certain key employees are provisions for supplemental separation benefits. Under the agreements, in the event of a change in control or ownership of part or all of the Company which gives rise to discharge of any officer or employee without cause, then such officer or employee will receive supplemental severance pay equal to one and one-half times the employee's average base salary plus cash bonus from the previous five calendar years prior to the change of control if such discharge occurs in the first year after the change of control. If discharge occurs more than one year but less than two years after the change of control, then the employee will receive two-thirds of the five-year average of base salary and bonus.

Chief Executive Officer Employment Agreement

Pursuant to his employment agreement, Mr. Bloch's base annual salary is \$400,000. Mr. Bloch also receives additional compensation of up to \$52,000 in the form of financial planning advice and Company-paid premiums for life insurance coverage, the beneficiaries of which are Mr. Bloch's heirs. Mr. Bloch's employment agreement provides a fixed annual bonus of 6% of the pre-tax profit of the Company with a cap on the pre-tax profit at \$20,000,000, as well as separation benefits in the event of a change in control or ownership of part or all of the Company, continuation of disability, medical and life insurance, the cost of an annual physical examination and a new automobile every three years. Mr. Bloch was awarded SARs based on 355,000 shares of the Common Stock at the market value of the Company's stock on the date of grant. The SARs are exercisable for a period of ten years from the date of grant with the exception of the fiscal years 2017 and 2015 award which is exercisable for a period of five years from the date of grant. (See "Outstanding Equity Awards at Fiscal Year-End" and footnotes (6) and (9) under "Stock Ownership of Certain Beneficial Owners and Management" above.)

Employee Benefit Plans

Officers, including the Named Executive Officers, are eligible to participate in the Company's 401(k) Savings Plan. This plan permits eligible employees to defer a portion of their income through voluntary contributions to the plan. Under the provisions of the plan, the Company makes discretionary matching contributions of the Company's Common Stock, the fair market value of which may not exceed \$3,000 in a calendar year. All participants in the plan become fully vested in the Company contribution after six years of employment. All of the Named Executive Officers are fully vested in the shares attributable to their accounts. (See footnote (9) under "Stock Ownership of Certain Beneficial Owners and Management" above.)

In addition, Mr. Bloch and Mr. Hechler were participants in the Company's Stock Bonus Plan and the ESOP which replaced it. In May 2015, the ESOP plan was merged into the Company's 401(k) Savings Plan.

Table of Contents

Other Compensation

Officers (other than Mr. Bloch) and certain key employees are provided with a leased automobile to use for both business and personal purposes. The operating costs of each vehicle are paid by the Company. The value of any personal use is included in the taxable income of each employee. Officers of the Company are also reimbursed for out-of-pocket medical expenses incurred by the officers and their families. Such reimbursement is also included in the officers' taxable income.

Compensation of Directors

Directors who are not officers of the Company receive an annual honorarium of \$18,000 and \$2,500 for attendance at each Board meeting or meeting of a Board committee of which he is a member (\$1,500 if such attendance is telephonic). In addition, the chairman of the Audit Committee receives an annual stipend of \$10,000. Company officers do not receive additional compensation for their service on the Board or for attendance at Board meetings or committee meetings. Directors who are not officers do not participate in Company-sponsored pensions or deferred compensation programs.

ITEM 14. Principal Accountant Fees and Services

The following table presents the aggregate fees and expenses paid or accrued by the Company for professional services rendered by the Company's auditors, EisnerAmper, in fiscal years 2017 and 2016. Other than as set forth below, no professional services were rendered or fees billed by EisnerAmper during fiscal years 2017 and 2016.

Service	2017	2016
Audit Fees ⁽¹⁾	\$360,000	\$371,000
Audit-Related Fees ⁽²⁾	25,000	48,000
Tax Fees ⁽³⁾	40,000	-
All Other Fees ⁽⁴⁾	-	-
TOTAL	\$425,000	\$419,000

Audit fees consist of professional services rendered for the audit of the Company's annual financial statements, the (1) reviews of the quarterly financial statements, issuance of consents and assistance with and review of documents filed with the SEC.

(2) Other audit-related services provided by EisnerAmper include the annual audit of the Company's employee benefit plans as well as accounting consultations regarding significant transactions during the fiscal year.

Tax fees consist of fees for services rendered to the Company for tax compliance, tax planning and advice.

(3) Beginning in fiscal year 2009, the Company engaged another accounting firm to provide such services. However the fiscal year 2016 tax return was prepared by EisnerAmper.

(4) No other services were performed by EisnerAmper in connection with financial information systems design and implementation or otherwise

Pre-Approved Services

Prior to engaging EisnerAmper to render the above services during fiscal year 2017, and pursuant to its charter, the Audit Committee approved the engagement for each of the services and determined that the provision of such services by the external auditor was compatible with the maintenance of EisnerAmper's independence in the conduct of its auditing services.

The procedures used by the Audit Committee for the pre-approval of all audit and permissible non-audit services provided by the independent auditors are described below.

Before engagement of EisnerAmper as independent auditors for fiscal year 2016, the independent auditors submitted a detailed description of services expected to be rendered during that year within each of four categories of services to the Audit Committee for approval.

Audit Services include audit work performed on the Company's financial statements, as well as work that generally only the independent auditors can reasonably be expected to provide, including statutory audits, comfort letters, consents and assistance with and review of documents filed with the SEC.

Audit-Related Services are for assurance and related services that are traditionally performed by the independent auditors, including due diligence related to mergers and acquisitions, employee benefit plan audits, and special procedures required to meet certain regulatory requirements and discussions surrounding the proper application of financial accounting and/or reporting standards.

Tax Services include all services, except those services specifically related to the audit of the financial statements, performed by the independent auditors' tax personnel, including tax analysis; assisting with coordination of execution

of tax related activities, primarily in the area of corporate development; supporting other tax related regulatory requirements; and tax compliance and reporting. As indicated above, the Company has engaged another accounting firm to provide such services which will thus not impair EisnerAmper's independence.

Other Services are those associated with services not captured in the other categories. The Company generally does not request such services from the independent auditors.

Prior to engagement, the Audit Committee pre-approves independent auditor services within each category. The fees are budgeted and the Audit Committee requires the independent auditors to report actual fees versus the budget periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage the independent auditors for additional services not contemplated in the original pre-approval categories. In those instances, the Audit Committee requires specific pre-approval before engaging the independent auditors.

The Audit Committee may delegate pre-approval authority to one or more of its members. The member(s) to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting.
