In accordance with the Company's Bylaws, the Board of Directors has fixed the number of directors of the Company ("Directors") to be elected at the Annual Meeting at eight (8). The Company currently has eight (8) Directors, each of whose term of office will expire at the Annual Meeting. The Board of Directors has unanimously nominated eight (8) persons (each, a "Nominee"), all of whom are current Directors, to stand for election at the Annual Meeting. If any Nominee, for any reason, should become unavailable for election, or if a vacancy should occur before the election, it is intended that the shares represented by the proxies will be voted for such other person, as the Company's Board of Directors shall designate to replace such Nominee. The Board of Directors has no reason to believe that any of the Nominees will not be available or prove unable to serve if so elected.

DIRECTOR MEETINGS AND COMMITTEES

During the fiscal year ended September 30, 2003 ("Fiscal Year 2003"), the Board of Directors of the Company held a total of three (3) regular and three (3) telephonic meetings. Each of the directors attended at least eighty percent (80%) of the total number of meetings of the Board of Directors. It is the Company's policy that each of our incumbent directors attends the Annual Meetings of Shareholders, however, due to severe inclement weather conditions, Messrs. Cleveland, Farone, Helderman, Pauken and Turner were not able to attend the 2003 Annual Meeting of Shareholders.

The Company presently complies with the board of director independence requirements of the American Stock Exchange (the "Exchange"), as currently in effect and applicable to the Company. However, on December 1, 2003, the Exchange adopted new listing standards for companies that list on the Exchange, including a requirement that the board of directors of a small business issuer, such as the Company, must be comprised of a majority of independent directors. However, recognizing the challenges that small business issuers face in meeting the new listing requirements, the Exchange has given all small business additional time, until July 31, 2005, within which to comply with the new requirements. The Company intends to satisfy the new director independence standards on or before the July 31, 2005 compliance date.

AUDIT COMMITTEE

The Company has a standing Audit Committee consisting of three (3) members. For Fiscal Year 2003, the members of the Audit Committee were Messrs. G. Russell Cleveland, Robert C. Farone, and Carlton E. Turner. The Committee met four 4 times during Fiscal Year 2003. Each of the members of the Audit Committee is a member of the Board of Directors, and a majority of the members of the Audit Committee are "independent" as such term is defined in the Exchange listing standards currently in effect and applicable to the Company. Each of the members of the audit committee, by virtue of his past employment experience, has considerable knowledge of financial statements, finance, and accounting. Although no member of the Committee has a professional certification in accounting, Messrs. Cleveland

4

and Turner each has significant employment experience as a Chief Executive Officer with financial oversight responsibilities. Mr. Turner has also served as the Chief Operating Officer of various companies. In addition, Mr. Cleveland is a graduate of the Wharton School of Business and has more than 35 years of experience as a financial analyst. The Company believes both Messrs. Cleveland and Turner qualify as "financial experts" under the Securities and Exchange Commission regulations. The background and experience of each of the Audit Committee members is more fully disclosed in their biographies under "Nominees for Director".

The mission of the Company's Audit Committee is to ensure accurate and reliable financial reporting by the Company, and to promote shareholder confidence in the reliability of the Company's financial information. To this end, the Audit Committee independently reviews and oversees the Company's internal reporting process, and helps ensure that management develops and adheres to a sound system of internal controls. The Audit Committee also is responsible for retaining and overseeing the Company's independent auditors, and facilitates the auditors' objective review and assessment of the Company's financial statements and its internal reporting practices. The Audit Committee

Edgar Filing: TUTOGEN MEDICAL INC - Form DEF 14A

serves as a forum, separate from management, within which the independent auditors, among others, can candidly address issues of concern. To specify and clarify the duties of the Audit Committee, the Company has adopted a formal written charter. A copy of the Audit Committee's current charter is attached to this Proxy Statement as EXHIBIT A. The Audit Committee reviews and reassesses the adequacy of its charter on an annual basis. Based on its most recent review of the charter, the Audit Committee has commenced drafting an amended and restated charter that will redefine the scope of responsibilities, structure, composition, and processes of the Audit Committee, all in compliance with the new American Stock Exchange listing requirements relating to audit committees. The Company intends to finalize and adopt the amended and restated Audit Committee charter as soon as practicable and in advance of the July 31, 2005 date.

The Company's Audit Committee is in compliance with the Exchange listing standards, as currently in effect and applicable to the Company. The new audit committee requirements of the Exchange do not become effective with respect to the Company until July 31, 2005. Among other things, the new audit committee requirements will affect the composition, qualifications, and independence standards of the members of the Company's Audit Committee, the contents of the Committee's charter, the frequency of the Committee's meetings, the responsibilities of the Committee with respect to the Company's auditors, the establishment and oversight by the Committee of complaint procedures, the authority of the Committee to retain outside advisors, the funding of the Committee, and the oversight by the Committee of related party transactions. The Company intends to voluntarily comply with the new audit committee standards of the American Stock Exchange as soon as practicable and well in advance of the July 31, 2005 compliance deadline.

In connection with its duty to ensure the independence of the Company's auditors, and consistent with "Independence Standards Board Standard No. 1", the Audit Committee met with the Company's independent public accountants to discuss the auditor's independence. Based on those discussions, the Audit Committee and the independent accountants collectively concluded that there were no relationships between the auditor and its related entities and the Company and its related entities, which in the auditor's professional judgment may reasonably be thought to bear on its independence and no written disclosure of such relationships by the auditors was warranted under such circumstances. The Audit Committee received a confirmation letter from the Company's accountants that, in its professional judgment, the auditor is independent of the company within the meaning of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). The Audit Committee also discussed with the independent public accountants the plans for the audit engagement, approved the services to be performed, determined the range of audit and non-audit fees, and reviewed the Company's system of internal accounting and controls.

5

Following the completion of the auditors' examination of the Company's financial statements, with management present, the Audit Committee reviewed and discussed with the independent auditors the results of the auditors' examination of the financial statements, and the audited financial statements for the fiscal year ended September 30, 2003 ("Fiscal Year 2003"). In addition, the Audit Committee and management engaged in an open and frank discussion with the auditors of such matters as the consistency of the Company's accounting policies and their application, and the clarity, faithfulness, verifiability, neutrality and completeness of the accounting information included in the Company's financial statements, and all other communications required to be addressed by generally accepted auditing standard, including those describe in "Statement on Auditing Standards No. 61 - Communications with Audit Committees". Based on the foregoing reviews and discussions, the Audit Committee recommended to the full

Edgar Filing: TUTOGEN MEDICAL INC - Form DEF 14A

Board of Directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-KSB for Fiscal Year 2003 and filed with the Securities and Exchange Commission. The Audit Committee also recommended the reappointment of the independent auditors for the Company's fiscal year ending September 30, 2004, subject to shareholder approval, and the Board of Directors concurred in such recommendation.

NOMINATING COMMITTEE

The Company has a standing Nominating Committee, which makes recommendations to the full Board of Directors of the persons to be nominated for election at the Company's Annual Meeting of Shareholders. The Nominating Committee is presently comprised of Messrs. Thomas W. Pauken and Manfred K. Kruger. The Nominating Committee met one (1) time during the Company's Fiscal Year 2003.

The American Stock Exchange's revised listing standards include new requirements for nominating committees of companies listed on the Exchange, including a requirement that nominating committees be comprised entirely of independent directors. While the current composition of the Company's nominating committee does not meet the Exchange's new independence standards, the Company is not required to be in compliance with the new nominating committee rules until July 31, 2005. The Company's Board intends to voluntarily comply with the new Exchange requirements well in advance of the July 31, 2005 compliance deadline.

The Company's nominating committee does not presently have a committee charter, or a policy regarding director candidates recommended by shareholders. However, upon the appointment of new independent members to the nominating committee, the committee will be directed to adopt a committee charter. The new charter will be designed with the goals of increasing the range of candidates under consideration for the Company's Board of Directors, increasing the scrutiny given to a candidate's qualifications, providing shareholders with a more complete overview of the committee's functions and the nomination and evaluation processes, increasing security holder participation in the electoral process, and formalizing the importance of the director nomination process within the Company's corporate governance initiatives. Specifically, the new nominating committee members will, among other things:

- o establish a process for identifying candidates;
 - o establish policies and procedures by which shareholders will be able to recommend and submit director candidates to the committee for consideration;
 - o establish a process for evaluating candidates;
 - o establish criteria for Board membership, including minimum qualifications and qualities and skills necessary and/or desirable for one or more of the Company's directors to possess; and
- 6
- o when necessary or otherwise in the best interests of shareholders, retain and compensate third parties to assist the committee in identifying and/or evaluating candidates.

Upon adoption of the new Nominating Committee charter, the Company currently intends to make the charter available to security holders and the public on the Company's website.

Edgar Filing: TUTOGEN MEDICAL INC - Form DEF 14A

COMPENSATION AND STOCK OPTION COMMITTEE

The Company has a standing Compensation and Stock Option Committee (the "Compensation Committee"), which is comprised of Messrs. Robert C. Farone and J. Harold Helderman. Prior to his resignation from the Board of directors in March 2004, Mr. Steven E. Hanson was a member of the Company's Compensation Committee. The Compensation Committee was formed to administer the Company's 1996 Stock Option Plan, and for the purpose of making recommendations to the full Board of Directors with respect to the Company's compensation policies and the compensation of its executive officers. The Compensation Committee held two (2) meetings during the last fiscal year. All compensation matters were recommended to the full Board of Directors for approval.

To ensure that the compensation of the Company's chief executive officer, and other officers of the Company, will be determined in accordance with the new listing requirements of the American Stock Exchange, the Company intends to voluntarily comply with the new Exchange requirements pertaining to executive compensation in advance of the July 31, 2005 compliance date. In addition, as part of the Company's corporate governance initiatives, the Compensation Committee will be directed to adopt a committee charter, specifying the mission and clarifying the responsibilities and duties of the Committee. Upon adoption of the new Compensation committee charter, the Company currently intends to make the charter available to security holders and the public on the Company's website.

SHAREHOLDER COMMUNICATIONS WITH DIRECTORS

At the 2004 Annual Meeting of the Board of Directors, following the Annual Meeting of Shareholders, the Board intends to adopt new policies and procedures relating to shareholder communications with the Company's directors. It is presently anticipated that this initiative will provide that shareholders and other interested parties wishing to contact any member (or all members) of the Board of Directors, any committee of the Board, or any chair of any such committee may do so by mail, addressed, either by name or title, to the Board of Directors or to any such individual directors or group or committee of directors, and that all such correspondences should be sent to the Company's principal office. It is also anticipated that all shareholder communications to directors will be opened by the Office of the Corporate Secretary for the purpose of determining whether the contents represent a message to our directors before being forwarded to the addressee. In addition, the Corporate Secretary's office will make, if necessary, sufficient copies of the contents to be forwarded to each director who is a member of the group or committee to which the communication is addressed. It is further anticipated that the new director communications policy will exclude the forwarding to directors of certain kinds of information, such as materials in the nature of advertising, promotions of a product or service, and patently offensive material.

COMPENSATION OF DIRECTORS

The Company's outside Directors receive a \$6,000 annual retainer, \$1,500 per meeting for attendance at Board meetings, and \$500 per telephonic meeting, plus reimbursement of out-of-pocket expenses. The Chairman of the Board receives \$1,000 per month for his services as Chairman. Additionally, the Company's Directors are eligible to participate in the Company's 1996 Stock Option Plan.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

The rules of the Securities and Exchange Commission require our directors, officers, and persons who own more than 10% of a registered class of our equity

Edgar Filing: TUTOGEN MEDICAL INC - Form DEF 14A

securities to file reports of ownership and changes in ownership with the Commission. The regulations also require that such persons to furnish the Company with copies of all such reports they file. To our knowledge, based solely upon our review of the copies of such reports received by us during the fiscal year ended September 30, 2003 and representations from our officers, directors and 10% shareholders, the Company believes that each person who, at any time during Fiscal Year 2003 was a director, officer, or beneficial owner of more than 10% of our common stock, complied with all Section 16(a) filing requirements during the such year.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR
THE ELECTION OF ALL 8 NOMINEES.

PROPOSAL II

APPROVAL AND RATIFICATION OF APPOINTMENT
OF INDEPENDENT PUBLIC ACCOUNTANTS

The Board of Directors has selected the firm of Deloitte and Touche L.L.P., independent public accountants, to be the Company's auditors for the fiscal year ending September 30, 2004, and recommends that Shareholders vote to ratify that appointment. Although neither the law nor the governing documents of the Company requires the submission of this matter to a Shareholder vote, in the event of a negative vote, the Board of Directors will reconsider its selection of auditors. Ratification of the appointment of the auditors will require that, at a meeting where a quorum is present, the votes cast in favor of the ratification exceed those votes cast opposing ratification. Deloitte and Touche L.L.P. is expected to have a representative at the Annual Meeting who will be available to respond to appropriate questions from Shareholders.

The Board of Directors recommends a vote FOR this proposal.

VOTING SECURITIES

Under the Florida Business Corporation Act ("FBCA"), directors are elected by a plurality of the votes cast at a meeting in which a quorum is present. In connection with an election of directors, votes may be cast in favor of, or withheld from, each nominee. Votes withheld from a nominee will be counted in determining whether a quorum has been reached. However, since directors are elected by a plurality, votes withheld from a nominee or nominees will be excluded entirely and will not be counted as a vote cast in an election of directors.

In connection with the proposals to ratify the Company's auditors, votes may be cast "For" or "Against" a proposal, or a Shareholder may "Abstain" from voting on the proposal or proposals. Under the FBCA, at a meeting where a quorum is present, all matters submitted to Shareholders (other than an election of directors) are approved if the vote's cast in favor of the action exceeds the vote's cast in opposition to the matter presented (unless the Articles of Incorporation or state law requires a greater number of votes). Accordingly, with respect to any proposal coming before the Annual Meeting, other than the

Edgar Filing: TUTOGEN MEDICAL INC - Form DEF 14A

election of Directors, all abstentions and broker non-votes will be counted as present for purposes of determining the existence of a quorum, but since they are neither a vote cast in favor of, or a vote cast against, a proposed action, abstentions and broker non-votes will not be counted as a vote cast on any matter coming before the meeting. A broker non-vote generally occurs when a broker, who holds shares in street name for a customer, does not have authority to vote on certain non-routine matters because its customer has not provided any voting instructions on the matter.

Each Common Share outstanding on the Record Date entitles the record holder thereof to cast one vote with respect to each matter to be voted upon.

DEADLINE FOR SUBMITTING SHAREHOLDER PROPOSALS FOR THE 2005 ANNUAL MEETING

Under the applicable laws of the Securities and Exchange Commission, Shareholder proposals may be eligible for inclusion in the Company's proxy statement and form of proxy that are mailed to all Shareholders in advance of the annual meeting. A Shareholder is eligible to submit a proposal for inclusion in the Company's proxy materials, if at such time the Shareholder owns at least 1% or \$2,000 in market value of the Company's Common Stock. In addition, the Shareholder must have held such shares for at least one (1) year, and must continue to own such shares through the date of the 2005 Annual Meeting. Eligible Shareholders who wish to submit a proposal for inclusion in the Company's proxy materials for the 2005 Annual Meeting of Shareholders should submit the proposal(s), in writing, to the Office of the Secretary of the Company at the address set forth on the first page of this Proxy Statement. All such proposals must be received at the Office of the Secretary no later than November 15, 2004. The proposal must be in the form required by applicable rules of the Commission.

Alternatively, Shareholders who wish to have a proposal presented at the 2005 Annual Meeting, but are not seeking to include the proposals in the Company's written proxy materials mailed to shareholders prior to the meeting, should submit the proposals to the Office of the Secretary of the Company between December 15, 2004 and January 31, 2005. There are no shareholder eligibility requirements for Shareholders who not seeking to include their proposals in the Company's written proxy materials. However, the proposals must include (i) a brief description of the matter to be brought before the Annual Meeting and the reasons therefore, (ii) the name and record address of the Shareholder proposing the matter, (iii) the class and number of shares beneficially owned by the Shareholder, (iv) any

13

material interest of the Shareholder, an immediate family member of the Shareholder, or an affiliate of the Shareholder in the proposed matter; and (v) any other information which is reasonably required in order to make the proposal not materially misleading. If the Chairman of the 2005 Annual Meeting determines that a matter has not been properly brought before the meeting in accordance with the foregoing procedures, such matter will not be presented and no action will be taken thereon at the Annual Meeting.

ANNUAL REPORT

A copy of the Company's Annual Report on Form 10-KSB containing the financial statements and the schedules thereto, as filed with the Commission for the fiscal year ended September 30, 2003 (without exhibits) (the "2003 Annual Report") accompanies this proxy statement. The 2003 Annual Report is not to be considered to be a part of the proxy solicitation materials.

SOLICITATION COSTS

The Company will bear the costs of preparing, assembling and mailing the Proxy Statement, the proxy card, and the 2003 Annual Report in connection with the Annual Meeting. In addition to the use of the mail to solicit proxies for the Annual Meeting, certain employees of the Company may be utilized by the Company to solicit Shareholders' proxies by telephone, telegraph or in person. Such employees will not receive additional compensation for such services to the Company. Arrangements may be made with banks, brokerage houses, and other institutions, nominees, and fiduciaries, to forward the proxy materials to beneficial owners and to obtain authorization from beneficial owners for the execution of proxies. The Company will, upon request, reimburse those persons and entities for expenses incurred in forwarding proxy materials to beneficial owners.

OTHER MATTERS

At the time of the preparation of this Proxy Statement, the Board of Directors of the Company had not been informed of any matters which would be presented for action at the 2004 Annual Meeting, other than the proposals specifically identified in the Notice of Annual Meeting of Shareholders and described above. If any other matters are properly submitted for action at the Annual Meeting, it is intended that the persons named in the accompanying proxy card will vote or refrain from voting on such matters in accordance with their best judgment, after consultation with the Board of Directors.
