PROXY STATEMENT

Annual Meeting of Shareholders

May 17, 2004

Purpose

This Proxy Statement is being furnished to shareholders on or about April 16, 2004 in connection with a solicitation by the Board of Directors of Anthem, Inc. (Anthem, the Company, we, us or our) of proxies to be voted at the Annual Meeting of Shareholders and any adjournments or postponements, to be held at 11:00 a.m., Indianapolis time, Monday, May 17, 2004, at our principal executive offices at 120 Monument Circle, Indianapolis, Indiana, for the purposes set forth in the accompanying Notice. Shareholders will be admitted to the Annual Meeting at 10:00 a.m.

Record Date, Quorum and Vote Required

Record Date At the close of business on March 19, 2004, the record date for the Annual Meeting, there were 138,467,283 shares of Common Stock of the Company outstanding and entitled to vote at the Annual Meeting.

Quorum In order for business to be conducted at the Annual Meeting, a quorum must be present. A quorum will be present if 25% of the votes entitled to be cast on a matter are represented in person or by proxy.

Vote Required You will have one vote for each share held. Proposal 1, Election of Directors, will be determined by the vote of a plurality of the votes cast on such election. A proxy may indicate that all or a portion of the shares represented by such proxy are not being voted with respect to a specific proposal. This could occur, for example, when a broker is not permitted to vote shares held in street name on certain proposals in the absence of instructions from the beneficial owner. Shares that are not voted with respect to a specific proposal will be considered as not present and entitled to vote on such proposal, even though such shares will be considered present for purposes of determining a quorum and voting on other proposals. Abstentions on a specific proposal will be considered as present, but not as voting in favor of such proposal. As a result, with respect to Proposal 1, neither broker non-votes nor abstentions will affect the determination of whether the proposal will be approved.

Shareholders

Edgar Filing: ANTHEM INC - Form DEF 14A

Shares of the Company Common Stock may be held directly in your own name or may be held through a stockbroker, bank or other nominee in street name. Summarized below are some distinctions between shares held of record and those owned beneficially:

Shareholder of Record If your shares are registered directly in your name with the Company's transfer agent, Equiserve Trust Company, N. A., you are considered the shareholder of record with respect to those shares and we are sending these proxy materials directly to you. As the shareholder of record, you have the right to vote in person at the Annual Meeting or to grant your voting proxy to the persons designated by us. We have enclosed a proxy card for you to use.

Beneficial Owner If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of the shares held in street name, and you have received these proxy materials from your broker, bank or other nominee who is considered the shareholder of record with respect to

the shares. As the beneficial owner, you have the right to direct the broker, bank or nominee on how to vote your shares and are also invited to attend the Annual Meeting. Your broker, bank or nominee is obligated to provide you with a voting instruction card for you to use. However, since you are not the shareholder of record, you may not vote these shares in person at the Annual Meeting unless you bring with you to the Annual Meeting a proxy, executed in your favor from the shareholder of record.

Employee Shareholder If you participate in the Anthem 401(k) Long Term Savings Investment Plan and you hold Company Common Stock in your account, you may give voting instructions to the plan Trustee as to the number of shares of Common Stock equivalent to the interest in the Company Common Stock credited to your account as of the most recent valuation date coincident with or preceding the record date. The Trustee will vote your shares in accordance with your instructions received by May 13, 2004 at 12:00 Noon EDT. If you do not send instructions, the Trustee will vote the number of shares equal to the share equivalents credited to your account in the same proportion that it votes shares for which it did receive timely instructions. You may also revoke previously given voting instructions by May 13, 2004 at 12:00 Noon EDT, by filing with the Trustee either written notice of revocation or a properly completed and signed proxy card bearing a later date. Your voting instructions will be kept confidential by the Trustee.

Voting

Whether you hold shares as a shareholder of record or as a beneficial owner you may vote before the Annual Meeting by granting a proxy or, for shares held in street name, by submitting voting instructions to your broker or nominee. Most shareholders will have a choice of voting through the Internet or by telephone or completing a proxy card or instruction form and returning it in the enclosed postage-prepaid envelope. Please refer to the instructions below and on the accompanying proxy card or voting instruction card.

By Mail You may vote by mail by signing and dating your proxy card or voting instruction card provided by your broker, bank or nominee and mailing it in the enclosed postage-prepaid envelope. If you provide specific voting instructions your shares will be voted as you instruct. **If you sign and date your proxy card, but do not provide instructions, your shares will be voted for the election of each of the Company's nominee directors listed on page 14 of this Proxy Statement.**

If you sign and date your voting instruction card with no further instructions, your shares will be voted as described on your broker voting instruction card.

By Internet You may vote by Internet by going to <http://www.eproxyvote.com/ath> and following the instructions. You will need to provide the number contained in the grey box on your proxy card or voting instruction card. If you want to vote through the Internet, you must do so before 11:59 p.m. (EDT), May 16, 2004. **If you vote on the Internet, you do not need to return your proxy card.**

By Telephone You may vote by touchtone telephone by calling (877) 779-8683. You will need to provide the number contained in the grey box on your proxy card or voting instruction card. If you want to vote by telephone, you must do so before 11:59 p.m. (EDT), May 16, 2004. **If you vote by telephone, you do not need to return your proxy card.**

Changing Your Vote

Edgar Filing: ANTHEM INC - Form DEF 14A

You may revoke your proxy at any time prior to the Annual Meeting. If you execute more than one proxy, the proxy having the latest date will revoke any earlier proxy. If you attend the Annual Meeting you will be given the opportunity to revoke your proxy and vote in person.

Additional Matters

The Board has not received notice of, and knows of no matters, other than those described in the attached Notice of Annual Meeting of Shareholders, which are to be brought before the Annual Meeting. If other matters

properly come before the Annual Meeting, it is the intention of the persons named in the accompanying proxy card to vote such proxy in accordance with their judgment on such matters.

Shareholder Proposals and Nominations for Next Year's Annual Meeting

In order to be considered at the 2005 Annual Meeting, shareholder proposals must comply with the advance notice and eligibility requirements contained in the Company's By-Laws.

Shareholder Proposal The By-Laws provide that for business to be properly brought before an annual meeting by a shareholder, the shareholder must have the legal right and authority to make the proposal for consideration at the meeting and the shareholder must give timely written notice thereof to the Secretary of the Company. Such proposals also will need to comply with the Securities and Exchange Commission (SEC) regulations regarding the inclusion of shareholder proposals in the Company sponsored proxy materials if the shareholder would like the proposal to be so included.

Nomination of Candidate for Election as Director The By-Laws provide that a shareholder may nominate a person for election to the Company's Board of Directors, provided the shareholder is entitled to vote for the election of directors at the meeting and has given timely written notice of the nomination to the Secretary of the Company.

Timely Notice In order to be timely, a shareholder's notice must be delivered to the principal executive offices of the Company not less than 90 days nor more than 120 days prior to the first anniversary of the preceding year's annual meeting. In the event that the date of the annual meeting is advanced by more than 30 days or delayed by more than 60 days from such anniversary date, notice by the shareholder must be delivered not earlier than the 120th day prior to such annual meeting and not later than the close of business on the later of the 90th day prior to such annual meeting or the 10th day following the day on which public announcement of the date of such meeting is first made. The notice must contain specified information about each nominee or the proposed business and the shareholder making the nomination or proposal. The date by which shareholder proposals and nominations of candidates for elections as directors must be received by the Company for inclusion in proxy materials relating to the 2005 Annual Meeting of Shareholders is December 18, 2004.

Copy of By-Law Provisions The specific requirements of these advance notice and eligibility provisions are set forth in Section 1.4 and Section 1.5 of the Company's By-Laws. You may contact the Corporate Secretary, Anthem, Inc., 120 Monument Circle, Indianapolis, Indiana 46204 for a copy of these relevant provisions of the Company's By-Laws.

Annual Meeting Admission

Either an admission ticket or proof of ownership of Company Stock, as well as a form of personal identification, must be presented in order to be admitted to the Annual Meeting. If you are a shareholder of record, your admission ticket is attached to your proxy card. If you are a beneficial owner and your shares are held in the name of a broker, bank or other nominee, you must bring a brokerage statement or other proof of ownership with you to the Annual Meeting, or you may request an admission ticket in advance by mailing a request, along with proof of your ownership of Company Stock, to Anthem Shareholders Services, 120 Monument Circle, Mail No. M3NF, Indianapolis, Indiana 46204.

No cameras, recording equipment, electronic devices, large bags, briefcases or packages will be permitted in the Annual Meeting.

IMPORTANT NOTICE REGARDING DELIVERY OF SECURITY HOLDER DOCUMENTS

Householding Notice

The SEC has adopted rules that allow us to deliver a single annual report, proxy statement, proxy statement combined with a prospectus, or any information statement to any household at which two or more shareholders reside who share the same last name or whom we believe to be members of the same family. This procedure is referred to as householding.

If you share the same last name and address with one or more shareholders, from now on, unless we receive contrary instructions from you (or from one of these other shareholders), you and all other shareholders who have your last name and live at the same home address will receive only one copy of any of our Annual Report, Proxy Statement for our Annual Meeting of Shareholders, any proxy statement we file and deliver in connection with any other meeting of shareholders, any proxy statement combined with a prospectus or any information statement. We will include with the householded materials for our annual meetings, or any other shareholders meeting, a separate proxy card and Notice of Shareholders Meeting for each registered shareholder who shares your last name and lives at your home address.

If you object to householding or wish to revoke householding in the future, in order to receive individual copies of these documents, you may write or call our Corporate Secretary, Anthem, Inc., 120 Monument Circle, Indianapolis, Indiana, 46204 or telephone (800) 985-0999. You can call the same number or write to the same address if you participate in householding but wish to receive a separate copy of these documents or to request householding if shareholders are receiving multiple copies of the annual report, proxy statement or information statement. You may opt out of householding at any time prior to 30 days before the mailing of proxy materials each year, which you can measure by reference to the date 30 days before the mailing date of the proxy statement for the prior year's Annual Meeting of Shareholders. If you would like to opt out of householding for any other shareholders meeting that might be scheduled during a given calendar year, we will issue a press release notifying shareholders of the actual deadline for opting out of householding via either of the methods just described. If we do not hear from you, you will be deemed to have consented to the delivery of only one set of these documents to your household. We intend to household indefinitely, and your consent will be perpetual unless you revoke it. If you revoke your consent, we will begin sending you individual copies of these documents within 30 days after we receive your revocation notice.

Your participation in this program is encouraged. It will reduce the volume of duplicate information received at your household as well as the cost to us of preparing and mailing duplicate materials. You may wish to receive documents electronically. We have included below instructions for consenting to electronic delivery. If you consent to electronic delivery, we will not be householding so you need not call the phone number above to object to householding. In addition, we have been notified that certain intermediaries, i.e. brokers or banks, will household proxy materials. Beneficial shareholders can request information about householding from their banks, brokers or other holders of record.

Electronic Delivery of Proxy Materials

One of our main goals is to maximize shareholder value. In addition to aligning our businesses to focus on the unique issues and needs of our customers, we are harnessing technology to maximize cost savings. As an alternative to receiving printed copies of proxy materials in future years, we offer shareholders the opportunity to receive proxy mailings electronically. By consenting to electronic delivery of future annual reports and proxy statements, you will help us reduce printing and postage costs.

To take advantage of this offer, please indicate your consent by following the instructions provided as you vote by Internet or go to the website <http://www.eproxyvote.com/ath> and follow the prompts. You must have access to a computer and the Internet and expect to have access in the

future to be eligible. Selecting this option

means that you will no longer receive a printed copy of our annual report and proxy statement unless you request one.

Each year you will receive an email message with information regarding the Internet web site containing the annual report and proxy statement and the Internet web site to vote your proxy online. If the email is returned undeliverable, our transfer agent will mail the annual report and proxy statement to your address of record. If you consent to electronic delivery, you will be responsible for your usual telephone and Internet charges (e.g., online fees) in connection with the electronic delivery of the proxy materials and annual report.

Your consent will be effective until you revoke it. You may cancel your consent to electronic delivery at no cost to you at any time by written notification to our Corporate Secretary, Anthem, Inc., at 120 Monument Circle, Indianapolis, Indiana, 46204, or at the Internet site <http://www.eproxyconsent.com/ath>.

Cost of Solicitation

We will bear the cost of the solicitation of proxies and have engaged Georgeson Shareholder Communications, Inc. to assist in the solicitation of proxies. Georgeson will receive a fee of approximately \$5,500 plus reasonable out-of-pocket expenses for this work. We also will reimburse banks, brokers or other custodians, nominees and fiduciaries for their expenses in forwarding the proxy materials to beneficial owners and seeking instruction with respect thereto. In addition, our directors, officers or other associates, without additional compensation, may solicit proxies from shareholders in person, or by telephone, facsimile transmission or other electronic means of communication.

GOVERNANCE OF THE COMPANY

We believe that the only results worth achieving are those achieved with integrity and a commitment to excellence.

Accordingly, we have long recognized the importance of and always placed a high priority upon having good corporate governance measures in place. We take great care to ensure that our measures align with the requirements of the Sarbanes-Oxley Act of 2002, the rules promulgated by the SEC and the listing standards of the New York Stock Exchange (NYSE).

We believe it is important to disclose to you a summary of our major corporate governance practices. Many of these practices have been in place for several years and predate our conversion to a public company. Others were recently adopted in response to regulatory and legislative changes.

Among the practices we adhere to are the following:

We have adopted Corporate Governance Guidelines, which are set forth in Appendix I and published on our website (www.anthem.com);

Edgar Filing: ANTHEM INC - Form DEF 14A

We also have published on our website the charter of each standing committee of the Board;

A majority of our Board is comprised of independent directors;

Only independent directors serve on the Audit, Compensation and Governance Committees;

Non-employee directors meet in executive session without management present at almost every Board meeting;

We have designated a presiding independent director of the Board;

The lead partner of the Company's independent auditing firm is rotated at least every five years;

The Board, and each committee of the Board, has the authority to engage independent consultants and advisors at the Company's expense; and

The Company's board of directors, executive officers, associates and external business partners are governed by the Company's Standards of Business Conduct.

We will continue to assess and refine our corporate governance practices and share them with you.

BOARD AND COMMITTEE MEMBERSHIP

As reflected in our Governance Guidelines, our business, property and affairs are managed under the direction of our Board. Members of our Board are kept informed of our business through discussions with our Chairman and CEO and other officers, by reviewing materials provided to them, by visiting our offices and by participating in meetings of the Board and its committees.

As permitted by the rules of the NYSE, our Board has adopted categorical standards to assist it in making determinations of independence and whether or not a director has a material relationship with the Company. These standards are posted on our website at www.anthem.com under the Corporate Governance tab. Our Board has determined that each of the following directors meets these standards, has no material relationship with the Company, and is independent as defined by the NYSE listing standards: Susan B. Bayh, William B. Hart, Allan B. Hubbard, Victor S. Liss, L. Ben Lytle, William G. Mays, James W. McDowell, Jr., Donald W. Riegle, Jr., William J. Ryan, George A. Schaefer, Jr., John Sherman, Jr., Dennis J. Sullivan, Jr. and Jackie M. Ward.

During 2003, the Board held eleven meetings. At ten of the eleven meetings the Board met in executive session. During the period in 2003 for which he or she served as a director, no director attended fewer than 75% of the total meetings of the Board and each committee on which he or she served.

There are five standing committees of the Board. From time to time, the Board, in its discretion, may form other committees. The table below provides membership information for each of the Board committees as of December 31, 2003.

Shareholder Nominees

The policy of the Governance Committee is to consider properly submitted shareholder nominations for candidates for membership on the Board as described below under Identifying and Evaluating Nominees for Directors. In evaluating such nominations, the Governance Committee seeks to achieve a balance of knowledge, experience and capability on the Board and to address the membership criteria set forth under Director Qualifications. Any shareholder nominations proposed for consideration by the Governance Committee should include the nominee's name and qualifications for Board membership and should be addressed to Corporate Secretary, Anthem, Inc., 120 Monument Circle, Mail No. M3NF, Indianapolis, Indiana 46204.

For a description of the requirements regarding shareholder nominations and other proposals at annual meetings, see Shareholder Proposals and Nominations for Next Year's Annual Meeting on page 3.

Director Qualifications

The Governance Committee will look for candidates who possess qualifications that meet our strategic needs; possess high personal values, judgment and integrity; have an understanding of our business and the regulatory and policy environment in which we operate; and have diverse experiences in key business, financial and other challenges that face a publicly held health benefits company. In particular, the Governance Committee will look for candidates with special and diverse experience in areas such as management of public companies, entrepreneurial companies, and large companies, investment banking and banking industry experience, health care industry experience, public relations and mass marketing experience, accounting and audit experience, clinical health experience and technology and e-commerce experience. The candidates should be committed to enhancing shareholder value and should have sufficient time to carry out their duties and to provide insight and practical wisdom based on experience. Their service on other boards of public companies should be limited to a number that permits them, given their individual circumstances, to perform responsibly all director duties. Each director must represent the interests of all shareholders. The foregoing qualifications will be applied by the Governance Committee to all candidates for nominees, including candidates submitted by shareholders.

Identifying and Evaluating Nominees for Directors

The Governance Committee utilizes a variety of methods for identifying and evaluating nominees for director. The Governance Committee regularly assesses the appropriate size of the Board, and whether any vacancies on the Board are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Governance Committee considers whether the vacancy should be filled and if so, various potential candidates for director. Candidates may come to the attention of the Governance Committee through current Board members, professional search firms, shareholders or other persons. These candidates are evaluated at regular or special meetings of the Governance Committee, and may be considered at any point during the year. As described above, the Governance Committee considers properly submitted shareholder nominations for candidates for the Board. Following verification of the shareholder status of persons proposing candidates, recommendations are aggregated and considered by the Governance Committee at a regularly scheduled meeting, which is generally the first or second meeting prior to the issuance of the proxy statement for the Company's annual meeting. If any materials are provided by a shareholder in connection with the nomination of a director candidate, such materials are forwarded to the Governance Committee. The Governance Committee may also review materials provided by professional search firms or other parties in connection with a nominee who is not proposed by a shareholder.

The Audit Committee did not approve any services pursuant to the de minimis exception set forth in 17 CFR 210.2-01(c)(2)(i)(C).

AUDIT COMMITTEE PRE-APPROVAL POLICY

The Audit Committee of the Board has adopted a policy concerning the pre-approval of audit and non-audit services (the Policy). Pursuant to the Policy, unless a type of service to be provided by the independent auditor has received a general pre-approval in connection with the audit engagement letter or related fees are less than \$50,000, such service requires a specific pre-approval by the Audit Committee. In addition, the Audit Committee has delegated pre-approval to the Chairman of the Audit Committee for engagements of up to \$500,000. The Chairman must report any pre-approval decisions to the Audit Committee at the next scheduled quarterly meeting of the Audit Committee. Procedures have been established which require all requests for pre-approval to be submitted to the Audit Committee or Chairman by both the independent

auditor and the Chief Financial Officer, Corporate Controller or other designated officer.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board is composed of five independent directors as that term is defined by the NYSE listing standards and SEC rules. The Board has determined that Mr. Liss is an audit committee financial expert as defined by the SEC's rules. The Audit Committee operates under a written charter adopted by the Board which details the responsibilities of the Audit Committee.

The Audit Committee reviews the Company's financial reporting process on behalf of the Board. The Company's management is responsible for the Company's financial statements and reporting process, including the system of internal controls, and has represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States. The independent auditors are responsible for performing an independent audit of the Company's consolidated financial statements and expressing an opinion on the conformity of those audited consolidated financial statements with accounting principles generally accepted in the United States.

In fulfilling its responsibilities, the Audit Committee has reviewed and discussed the audited consolidated financial statements with the Company's management and the independent auditors. This review included a discussion of the quality and acceptability of the Company's financial reporting and controls, including the clarity of disclosures in the financial statements. The Audit Committee discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), the Sarbanes-Oxley Act of 2002 and related SEC and NYSE rules. In addition, the Audit Committee has discussed with the independent auditors the auditors' independence from the Company and its management, including the matters in the written disclosures which were received by the Audit Committee from the independent auditors as required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees).

The Audit Committee further discussed with the Company's internal auditors and independent auditors the overall scope and plans for their respective audits. The Audit Committee meets periodically with the internal auditors and independent auditors, with and without management present to discuss the results of their audits, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

Based on the reviews and discussions referred to above, the Audit Committee recommended, and the Board of Directors approved, the inclusion of the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2003 as filed with the Securities and Exchange Commission.

The actual amount realized from unexercised options is dependent upon the price of the Company's Common Stock at the time the shares obtained upon exercise of such options are sold and, as to unexercisable options, whether restrictions of such options lapse.

ANTHEM COMPENSATION PLANS

Anthem Annual Incentive Plan

Under the Anthem Annual Incentive Plan (the "AIP"), associates are eligible to receive cash awards based upon the achievement of performance measures established by the Compensation Committee. Such cash awards are stated as a percentage of salary payable to the eligible associates, with a range of targets from 5% to 120%. Actual amounts payable are adjusted up or down for performance at or above targeted levels of performance, with a threshold award of 50% of target if minimum results are achieved and a maximum award of 200% of target if maximum results are achieved. Amounts payable under the AIP were paid during 2004, the year immediately following the performance year and were payable only upon approval of the Compensation Committee. An associate must have been employed before October 1, 2003 in order to receive a payment under the AIP. Also, associates must have been actively employed by the Company on the last business day of the plan year to receive an award. In the event of a death, disability or an approved retirement of an associate, a prorated amount may be payable in accordance with administrative guidelines.

Anthem 2001 Long-Term Incentive Plan

The Anthem 2001 Long-Term Incentive Plan (the "2001 LTIP") was established prior to the Company's initial public offering in November 2001. Senior executives, as were recommended by the CEO and approved by the Compensation Committee, were participants in the 2001 LTIP. The

Edgar Filing: ANTHEM INC - Form DEF 14A

2001 LTIP operated during successive three-year periods. Senior executives who were actively employed by the Company on the last business day of the period could receive an award. Under the 2001 LTIP, the Compensation Committee established performance goals for the Company at the beginning of each three-year performance period, which include specific strategic objectives such as growth in net income, operating margin and comparison of performance against peer companies. At the end of the period, the Compensation Committee judged the performance of the Company against the established goals. For each participant, a target award was established from 30% to 150% of the annual base salary for each year of the three-year period. Actual amounts payable were adjusted up or down for performance above or below targeted levels of performance with an expected threshold award of 50% of target if

minimum results were achieved. Awards under the 2001 LTIP in each three-year period became payable upon approval of the Compensation Committee and were paid in the year immediately following the end of the period, with the executive having the option to defer payment.

For the three year performance period January 1, 2001 to December 31, 2003, there was no maximum limitation on the amount of payout under the 2001 LTIP. As a result of the Company's performance during such period as compared to our peers and goals previously established by the Compensation Committee, payouts in 2004 were approximately 9.7 times the estimated Target Award for each Named Executive Officer. The payout amounts (50% in Restricted Common Stock vesting in two equal annual installments commencing April 2005 and 50% in cash paid in 2004) were as follows: Mr. Glasscock (\$42,486,000), Mr. Frick (\$16,121,400), Mr. Smith (\$16,121,400), Mr. Faller (\$11,916,450) and Mr. Snead (\$4,365,000).

Since the shareholders approved the Anthem Incentive Program at the Annual Meeting of Shareholders on May 12, 2003, the 2001 LTIP terminated after completion of the 2001-2003 performance period and payout of any awards in 2004. The amount of the payout was determined after the end of fiscal year 2003.

Anthem Long-Term Incentive Plan

The Anthem Long-Term Incentive Plan (the "LTIP") was approved by the Board on January 27, 2003 as part of the Anthem Incentive Program and approved by the shareholders at the 2003 Annual Meeting of Shareholders on May 12, 2003. The first awards under the LTIP were granted beginning in January 2004.

Senior executives, as are recommended by the CEO and approved by the Compensation Committee, are participants in the LTIP. Generally, senior executives must be actively employed by the Company on the last business day of the performance period to receive an award, provided, however, if the individual is not actively employed at the end of the performance period due to retirement, death or disability, the individual (or his or her beneficiary) is entitled to a pro rata amount of the award.

Under the LTIP, the Compensation Committee establishes performance goals related to performance criteria for the Company at the beginning of each performance period, such as asset growth; combined net worth; debt to equity ratio; earnings per share; revenue; investment performance; operating income (with or without investment income or income taxes); cash flow; margin; net income (before or after taxes); earnings before interest, taxes, depreciation and/or amortization; return on total capital, equity, revenue, or assets; medical loss ratio; number of policyholders or insureds; quality of service metrics; customer service metrics; productivity; administrative expense management; or improved health of members. At the end of the performance period, the Compensation Committee judges the performance of the Company against the established goals. For each participant, a target award is established from 30% to 150% of the annual base salary for each year of the performance period. Actual amounts payable are adjusted up or down for performance above or below targeted levels of performance with an expected threshold award of 50% of target if minimum results are achieved.

Awards under the LTIP in each performance period become payable upon approval of the Compensation Committee and are paid in the year immediately following the end of the performance period, with the executive having the option to defer payment. Awards may relate to, and upon vesting be paid in the form of non-restricted stock, restricted stock, cash or partly in non-restricted stock and/or restricted stock and partly in cash, as the Compensation Committee may determine. Any use of non-restricted stock or restricted stock will be made through the Anthem 2001 Stock Incentive Plan. Payment of any award or portion thereof regardless whether vested (other than deferred vested awards) to a participant requires the participant to refrain from engaging in any activity which is competitive with the Company. In the event of a change of control of the Company, an amount may be payable at the discretion of the Compensation Committee.

The table below provides information concerning estimated target awards for the 2004 year depending upon achievement of the performance goals.

Anthem 2001 Stock Incentive Plan

The Company adopted the Anthem 2001 Stock Incentive Plan as amended and restated on January 1, 2003 (the "Stock Plan"), to promote the interests of the Company and its shareholders and to further align the interests of the Company's associates with its shareholders. Directors, executives and associates, as selected by the Compensation Committee, participate in the Stock Plan. The Compensation Committee administers the Stock Plan and has discretion to determine whether to grant incentive awards, the types of incentive awards to grant and any requirements and restrictions relating to incentive awards. The Stock Plan is an omnibus plan, which allows for the grant of stock options, stock, restricted stock, phantom stock, stock appreciation rights and performance awards. The Committee is also authorized to grant shares of restricted and unrestricted Common Stock in lieu of obligations to pay cash under other plans and compensatory arrangements including the AIP, the 2001 LTIP and the LTIP.

The Stock Plan reserves for issuance 18,000,000 shares of the Company's Common Stock for incentive awards to associates and Non-Employee Directors. In addition, 2,000,000 shares have been reserved solely for issuance under grants of stock options to substantially all of the Company's associates (and for issuance under similar grants that may be made to new associates) other than executive officers participating in the Company's LTIP. Options covering 1,479,000 of these shares were granted to substantially all associates at the time of the initial public offering. If any grant is for any reason canceled, terminated or otherwise settled without the issuance of some or all of the shares of Common Stock subject to the grant, such shares will be available for future grants.

Trigon Stock Incentive Plans

The Trigon 1997 Stock Incentive Plan and the Trigon Non-Employee Directors Stock Incentive Plan (the "Plans") were approved by its shareholders on April 16, 1997 and February 19, 1997, respectively. Under the 1997 Stock Incentive Plan, employees of Trigon received equity-based compensation, including performance awards, restricted stock, performance stock, options and stock appreciation rights. Under the Trigon Non-Employee Directors Stock Incentive Plan, Non-Employee Directors received options to purchase Trigon Common Stock. Upon the

Edgar Filing: ANTHEM INC - Form DEF 14A

approval by the shareholders of Trigon of the merger agreement by and among the Company, AI Sub Acquisition Corp. and Trigon dated April 28, 2002 (the Merger), the stock options under the Plans became vested and fully exercisable. At the completion of the Merger each Trigon employee or director stock option outstanding under the Plans was converted into fully vested options to purchase the Company's Common Stock. All other terms of the Trigon stock options remained unchanged after the conversion. The

Company assumed Trigon's obligations with respect to the stock options that were converted into Company options. No additional equity based compensation may be issued from the Plans.

Employee Stock Purchase Plan

The Employee Stock Purchase Plan (the "Stock Purchase Plan") is intended to comply with Section 423 of the Internal Revenue Code of 1986, as amended (the "Tax Code") and to provide a means by which to encourage and assist associates in acquiring a stock ownership interest in the Company. The Company implemented the Stock Purchase Plan in June 2002. The Stock Purchase Plan is administered by the Compensation Committee, and the Committee has complete discretion to interpret and administer the Stock Purchase Plan and the rights granted under it. Any associate of the Company is eligible to participate, as long as such associate's customary employment is more than 20 hours per week, more than five months in a calendar year, and the associate does not own stock totaling 5% or more of the voting power or value of the Company. No associate will be permitted to purchase more than \$25,000 worth of stock in any calendar year. This value is determined based on the fair market value of the stock on the first trading day of the plan quarter, regardless of the fact that the number of shares purchased may be based on the value on the last trading day of the plan quarter. The Stock Purchase Plan reserves for issuance and purchase by associates of 3,000,000 shares of stock.

Associates become participants by electing payroll deductions from 1% to 15% of gross compensation. Payroll deductions are accumulated during each plan quarter and applied toward the purchase of stock on the last trading day of each plan quarter. Once purchased, the stock is accumulated in the associate's investment account. The purchase price per share equals 85% (or such higher percentage as may be set by the Compensation Committee) of the lower of the fair market value of a share of Common Stock on (i) the first trading day of the plan quarter, or (ii) the last trading day of the plan quarter.

401(k) Plan

Edgar Filing: ANTHEM INC - Form DEF 14A

On July 1, 1979, the Company established the Anthem 401(k) Long Term Savings Investment Plan (the 401(k) Plan), a defined contribution plan. The 401(k) Plan is designed to provide all of the Company s associates with a tax-deferred, long-term savings vehicle. During 2003 the Company made matching

contributions in an amount equal to 50% of the first 6% of the associate's salary that an associate contributed. Effective January 1, 2004, the Company makes matching contributions in an amount equal to 100% of the first 3% of the associate's annual earnings that an associate contributes and 50% of the next 3% of the associate's annual earnings that an associate contributes. Company matching contributions begin the first quarter following one year of service. None of the Company's matching contributions is in the form of the Company's Common Stock. During 2003 Associates could elect to contribute from 1% to 20% of their annual earnings. Effective January 1, 2004, Associates can elect to contribute from 1% to 50% of their annual earnings. Associates have a choice of ten investment funds in which to invest their contributions. The Company Common Stock is an investment option under the 401(k) Plan. The Company also provides a Self-Managed Account option. The Self-Managed Account option offers 401(k) Plan participants the opportunity to invest in over 3,000 mutual funds of their choice. Associate contributions and the Company matching contributions vest immediately.

Trigon 401(k) Plan

The Company also had the Employees' 401(k) Thrift Plan of Trigon Insurance Company (Trigon 401(k)) under which substantially all employees of Anthem Southeast could elect to save up to 50% of their annual earnings on a pretax basis, subject to certain limits in the Trigon 401(k). Participants had the option of investing in a variety of domestic and international investment funds as well as the Company Common Stock after July 31, 2002 and Trigon Common Stock prior to August 1, 2002. During 2003 the Company contributed an amount equal to 50% of the participant's contributions limited to a total of 3% of the employee's compensation. Effective January 1, 2004, the Company made matching contributions in an amount equal to 100% of the first 3% of the associate's salary that an associate contributes and 50% of the next 3% of the associate's salary that an associate contributed. These Company contributions were invested in the investment options using the same allocations selected by the participants for their contributions. Participants were eligible immediately and were fully vested in the Company's contributions after three years of service. The Company could make discretionary profit sharing contributions to the participants with such contributions initially invested in the Company Common Stock investment option. Once made, participants could reallocate their profit sharing account balance among the Trigon 401(k)'s other investment funds. On January 31, 2004 the Trigon 401(k) Plan was merged into the 401(k) Plan and the Trigon 401(k) ceased to exist.

Deferred Compensation

Generally, highly compensated employees, as defined in the Tax Code, are eligible to participate in an unfunded non-qualified deferred compensation plan once the participant has reached the maximum contribution amount for the 401(k) Plan. Thereafter, the elected contributions will be deferred into the deferred compensation plan and those contributions are matched at the same rate as they would have been in the Company's 401(k) Plan. The Annual Incentive Deferral Option allows an additional deferral of annual incentive compensation and is matched at the same rate as the rate for the Company's 401(k) Plan.

The declared interest rate on deferred amounts is the average of the 10-year U.S. Treasury Note monthly average rates for the 12-month period ending on September 30 of the previous year, plus 150 basis points. Interest is accrued daily, posted monthly and compounded annually. The retirement rate is credited at 125% of the declared interest rate when the participant reaches the age of 55. Distributions are made 30 days after the end of the quarter of termination or retirement based on the participant's filed distribution election or as otherwise specified in the plan document. Limited in-service withdrawals are available in the event of unforeseeable financial emergencies.

The Company also maintains the Trigon Insurance Company 401(k) Restoration Plan (Trigon Restoration Plan), a non-qualified plan for certain individuals to restore the pretax contribution opportunity and Company match otherwise lost due to the Tax Code limits on pretax contributions. The Trigon Restoration Plan operates the same as the deferred compensation plan, however, the investment options under the Trigon Restoration Plan mirror the investment options under the 401(k) Plan.

Retirement Plan

The Company sponsors a non-contributory pension plan for certain associates that is qualified under Section 401(a) of the Tax Code and subject to the Employee Retirement Income Security Act (the "Qualified Plan"). The Company also sponsors the Anthem Supplemental Executive Retirement Plan (the "SERP") which provides additional benefits payable out of the Company's general assets to certain participants. The benefits under the SERP are equal to the benefits those participants cannot receive under the Qualified Plan because of the Tax Code limits on benefits and restrictions on participation by highly compensated employees, as defined in the Tax Code.

On January 1, 1997, the Company converted the Qualified Plan from a final average compensation pension plan into a cash balance pension plan. The Qualified Plan covers substantially all full-time, part-time and temporary associates, including executive officers, and provides a set benefit at age 65, the normal retirement age under the Qualified Plan.

Under the Qualified Plan, at the end of each calendar quarter, a bookkeeping account for each participant is credited with (1) an amount based on the participant's compensation and years of service (the "Pay Credit"), and (2) interest based on the average of the monthly yields for 10-year U.S. Treasury Security Constant Maturities for the twelve month period ending on September 30 of the preceding plan year. The Pay Credit equals a percentage of the participant's compensation for the plan year and is determined according to the following schedule:

<u>Years of Service</u>	<u>Pay Credit</u>
Up to and including 4	3%
5 - 9	4%
10 - 19	5%
20+	6%

The definition of compensation in the Qualified Plan is the participant's total earned income, including base salary, commissions, overtime pay, cash bonuses and payment of accrued paid time off days at termination, before it is reduced by any before-tax contributions the participant makes to the 401(k) Plan and flexible benefit plan. Compensation does not include imputed income, car allowances, non-qualified deferred compensation, severance payments, payments under the Directed Executive Compensation Program, or similar items.

The SERP continues the calculation of the retirement benefits on a uniform basis. Any excess benefit accrued to a participant under the SERP will be payable according to one of five payment options available under the SERP at termination or retirement.

Messrs. Glasscock, Frick, Smith, Faller and Snead receive benefits under both the Qualified Plan and the SERP. The estimated benefits, under both the Qualified Plan and the SERP, payable in a lump sum upon retirement at normal retirement age are as follows: Mr. Glasscock (\$3,046,416), Mr. Frick (\$745,913), Mr. Smith (\$1,088,346), Mr. Faller (\$4,035,800), and Mr. Snead (\$8,010,093). These estimates use 2003 base pay and annual bonus for all future years and assume that the Named Executive Officers remain actively employed until normal retirement age.

In addition, the employment agreements for Messrs. Glasscock, Frick and Smith set forth a Replacement Ratio SERP benefit, calculated as a retirement at age 62 or the date of termination, if later than age 62, in an amount equal to 50% of the executive's average annual pay during the three highest consecutive calendar years of his final five calendar years of employment. The benefit will be offset by the amount payable under the Qualified Plan and the SERP. The estimated replacement ratio SERP benefit payable upon retirement at age 65 is as follows: Mr. Glasscock

Edgar Filing: ANTHEM INC - Form DEF 14A

(\$1,429,236 annually), Mr. Frick (\$564,456 annually), and Mr. Smith (\$533,820 annually). These estimates use 2003 base salary and annual bonus for all future years and assume that such Named Executive Officers remain actively employed until normal retirement age. Additionally, the employment agreement for Mr. Snead provides for a one-time SERP benefit of \$1,164,597 upon retirement.

Trigon Retirement Plan

Trigon sponsored a non-contributory retirement program (the Trigon Retirement Plan) for certain employees that was qualified under Section 401(a) of the Tax Code and subject to ERISA. Trigon also sponsored a Trigon Supplemental Executive Retirement Plan, which provides additional benefits, payable out of general assets to certain employees. The benefits are equal to the benefits these employees cannot receive under the qualified Trigon Retirement Plan because of the Tax Code limits on benefits and compensation for highly compensated employees. The Trigon Retirement Plan and the Trigon Supplemental Executive Retirement Plan were assumed by the Company at the completion of the Merger.

Employment Agreements

The Company has entered into employment agreements with certain of its executive officers, including Messrs. Glasscock, Frick, Smith, Faller, and Snead, that provide for each executive's continued employment with the Company. The current terms of the employment agreements are effective through December 31, 2005.

Under these agreements, each eligible executive's terms and conditions of employment, including rate of base salary, incentive compensation opportunities, participation in associate benefit plans and prerequisites are addressed.

The employment agreements provide that the Company will have the right at any time to terminate an executive's employment and that any executive will have the right to terminate his or her employment at the Company. Under the employment agreements with Messrs. Glasscock, Frick, Smith and Snead, the Company will provide them for the remainder of the term with the following benefits in the event of termination by the Company other than for cause, in the event of an approved retirement or in the event of termination by the executive for good reason (as those terms are defined in the employment agreements):

salary;

all unvested prior long-term incentive awards;

annual incentive and long-term incentive awards for the year of termination based upon the achievement of the performance goals for the plans for the entire year of termination prorated to reflect the full number of months the executive was employed;

an amount equal to 80% of any target annual incentive and target long-term incentive opportunities;

an amount equal to 20% of any target annual incentive and target long-term incentive opportunities if the executive is available for consultation up to a maximum of eight days each quarter of the year;

medical and dental plan benefits and directed executive compensation for which the executive would otherwise have been eligible to receive; and

Edgar Filing: ANTHEM INC - Form DEF 14A

the Replacement Ratio SERP Benefit described under Retirement Plan.

The employment agreements for Messrs. Glasscock, Frick, Smith and Snead also state that the foregoing benefits are limited to either the greater of two years or the remainder of the term.

Section 280G and Section 4999 of the Tax Code limit deductions by a company for compensation paid to certain senior executives if the payment is contingent on a change of ownership or effective control of a corporation. This deduction is limited to the average taxable compensation of the affected executive for the five years prior to the year that the change of control occurred. If the payments to the executive equal or exceed three times such average taxable compensation, the deduction is limited pursuant to Tax Code Section 280G and these payments are referred to as golden parachute payments. In addition, Tax Code Section 4999 imposes a 20% nondeductible excise tax on the executive on all nondeductible payments.

Pursuant to their employment agreements, in the event Messrs. Glasscock, Frick, Smith or Snead is a recipient of a golden parachute payment, the Company will make an additional gross-up payment to the executive in order to put him in the same after tax position that he would have been had no excise tax been imposed. The gross-up will result in the Company paying not only the excise tax payable by the executive but also the income and excise taxes on the additional payments.

Under the employment agreement for Mr. Faller, the Company will provide him with the following benefits in the event of termination by the Company other than for cause:

salary;

all unvested prior long-term incentive awards;

annual incentive and long-term incentive awards for the year of termination based upon the achievement of the performance goals for the plans for the entire year of termination prorated to reflect the full number of months the executive was employed;

an amount equal to 50% of any target annual incentive and target long-term incentive opportunities; and

medical and dental plan benefits for which the executive would otherwise have been eligible to receive.

The employment agreement for Mr. Faller also states that the foregoing benefits are limited to either the greater of two years or the remainder of the term.

Under these agreements, Messrs. Glasscock, Frick, Smith, Faller and Snead agree not to compete as an equity owner or associate with the Company or its subsidiaries for the greater of (i) two years after the executive's termination for any reason or (ii) the remainder of the term after their termination by the Company other than for cause, after an approved retirement or after termination by the executive for good reason.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee, among other things, approves compensation for the Company's executive officers. The Compensation Committee members during 2003 were: William J. Ryan, William G. Mays, James W. McDowell, Jr., Senator Donald W. Riegle, Jr. and Jackie M. Ward. None of the Compensation Committee members was involved in a relationship requiring disclosure as an interlocking director, or under Item 404 of Regulation S-K, or as a former officer or associate of the Company.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee is composed of five directors. All members of the Compensation Committee are outside directors within the meaning of Section 162(m) of the Tax Code, Non-Employee Directors within the meaning of Section 16b-3 of the Securities Exchange Act of 1934 and independent within the meaning of the NYSE listing standards.

Edgar Filing: ANTHEM INC - Form DEF 14A

The main objective of our executive compensation program is to pay for performance that increases shareholder value based upon competitive market pay practices. We pay executives, including Named Executive Officers, through:

Base Salary

Annual Bonus

Long-Term Incentive

Stock Incentive

Each is described below under Elements of the Compensation Package.

Compensation Philosophy

For executives, the Compensation Committee, with the assistance of independent consultants, establishes total pay targets based on the competitive marketplace for comparable jobs. The Compensation Committee points out that the companies used for evaluation of competitive compensation for executives other than Named Executive Officers may not, in all cases, be the same as those companies comprising the industry peer group used in the performance graph on page 35. Using these total pay targets, the Compensation Committee determines the appropriate competitive mix of compensation that will incent the executives to achieve our performance and strategic objectives.

Our executive compensation philosophy is to target Base Salary at the median of the market data based on relevant industry survey findings and by evaluating the executive's experience, level and scope of responsibility, individual performance, and to provide an opportunity for total cash compensation (Base Salary plus cash incentive) to be such that superb performance will result in upper quartile market total cash compensation levels for executives. In this way, the Compensation Committee seeks to have a significant portion of annual executive compensation based on our performance.

Annual Bonus and Long-Term Incentive amounts are based on performance as compared to plan goals. Amounts are not guaranteed to any executive because they are tied to our business results. The Annual Bonus recognizes short-term corporate business results, business unit results and workgroup results. Long-Term Incentives for the executives are based upon sustained corporate-wide results, including, but not limited to, growth in our net income and operating margin and comparison of performance against peer companies.

The Compensation Committee regularly monitors our compensation program, keeping in mind our strategic goals as well as industry practices and trends.

The Compensation Committee expects our executives to demonstrate confidence in our future by owning a substantial amount of our stock. In particular, we expect the executive officers to own stock valued at between one and one-half and five times their salaries by the end of a five year period commencing on the later of the date he or she (a) was first able to purchase shares of the Company Common Stock or (b) became an officer. The Compensation Committee reviews ownership levels annually.

Our policy is to structure and administer the Company's compensation program to permit the tax deductibility of payments as performance based compensation under Section 162(m) of the Tax Code. Further, we sought and received shareholder approval of the Anthem Incentive Program in 2003 in order to comply with the requirements of Section 162(m). From time to time, the Compensation Committee may deem it appropriate to authorize compensation that is not deductible by reason of Section 162(m) or other provisions of the Tax Code.

Elements of the Compensation Package

Base Salary

Base Salary provides competitive annual compensation that reflects the scope and nature of basic job responsibilities. For the Named Executive Officers, the Compensation Committee grants merit-based salary increases, if appropriate, based on an individual's performance and an assessment of whether the current salary is competitive relative to executives in comparable positions at our peer companies. The President and CEO grants merit-based salary increases to all other executives based on individual performance and an assessment of whether the current salary

is competitive relative to available market data for executives in comparable positions.

Annual Bonus

Nearly all of our associates, including executive officers, are eligible to earn awards under the AIP described on page 24. The AIP was designed to motivate all associates with competitive awards based upon achievement of competitive financial and operational goals. No awards are made under the AIP unless we attain specified performance goals.

In particular, the performance goals under the AIP are based on a comparison of corporate-wide, business unit and workgroup performance in relation to a number of business criteria including, but not limited to, the following: our net income, our operating gain, business unit operating gain, and workgroup goals. Financial results must be achieved within the context of customer service, quality and financial integrity standards. We generally reward performance that meets operational plans with target pay at levels established based on competitive market data. Better or worse performance can result in an individual bonus that can range from 0 to 200% of target.

Long-Term Incentive

The Company offers long-term incentives to certain executives under the LTIP described beginning on page 25. The design of the plan focuses management on delivering competitively superior long-term results, aligning executives' interests with shareholder interests (by virtue of the form of awards to executive officers being evenly split between restricted stock and cash), ensuring that executives have incentive opportunities comparable to their counterparts at our competitors, and motivating key executives to remain with us.

Stock Incentive

Stock options and restricted stock awards provide an opportunity to attract, motivate and retain high quality associates and executive officers while promoting the success of our business. Equity awards are typically based on industry surveys, market conditions, each executive's individual performance and achievements, future responsibility and promotion, the number of unvested options held by each executive at the time of grant and the number of in-the-money options held by the executive.

Other Compensation and Benefit Programs

The executive officers also participate in our 401(k) Plan, non-qualified deferred compensation plan, pension plan and supplemental executive retirement plan, all of which are discussed in more detail beginning on page 27.

Compensation of President and Chief Executive Officer

Our President and Chief Executive Officer, Larry C. Glasscock, participates in each of the compensation plans available to other executives. Our compensation philosophy as it relates to Mr. Glasscock is to target base salary at the median of the market data based on relevant industry survey findings, and to provide an opportunity for total cash compensation (Base Salary plus cash incentive) to be such that superb performance will result in upper quartile market total cash compensation. In this way, the Compensation Committee seeks to have a significant portion of Mr. Glasscock's annual compensation be based on our performance.

Under Mr. Glasscock's leadership, during 2003 we again exceeded our financial goals and accomplished our strategic objectives. In particular, the Company increased membership by 874,000 to approximately 12 million members, retained nearly 90% of existing members, reduced administrative costs; led the nation in implementing collaborative and innovative quality and reimbursement programs that reward physicians and hospitals for clinical quality; ranked third on *Fortune*'s list of the 10 most admired health care companies for the third consecutive year; became Indiana's largest public company by revenue and ranked 146 on the *Fortune* 500 and 381 on the *Fortune* Global 500; and reached an agreement to merge with WellPoint Health Networks Inc., expected to be completed in 2004, creating the nation's leading health benefits company. In addition, health plans in eight of the Company's states were ranked Excellent—the top rating—from the National Committee for Quality

Edgar Filing: ANTHEM INC - Form DEF 14A

Assurance; the Company's website, www.anthem.com was awarded the Webwatch seal of integrity by *Consumer Reports* and the Company ranked 45th on the *InformationWeek* 500; the Health Ethics Trust honored the Company for employee web-based ethics and compliance training; and Mr. Glasscock and L. Ben Lytle, Presiding Director, received the 2003 Indiana Ernst & Young Entrepreneur of the Year Award.

Mr. Glasscock's base salary for 2003 was \$1,040,000 which the Compensation Committee believes is in the competitive range for comparable positions. Mr. Glasscock was also paid the amount of \$2,311,285 for performance under our AIP for 2003. Mr. Glasscock was granted an option to purchase 200,000 shares of Common Stock which option vests in three equal annual installments commencing on the first anniversary of the grant date. In addition, 2003 was the last year under the 2001 LTIP for the performance period 2001-2003 with payment in 2004. Mr. Glasscock was paid \$21,243,000 in cash and was granted 232,189 shares of restricted stock, which vest in two equal annual installments commencing on April 2, 2005. These awards are based on the Company's performance in terms of cumulative net income growth and improvement in operating margin over the three-year period, relative to the targets established by the Compensation Committee and the net income growth of peer companies.

Composition, Selection and Compensation of the Board

Size of the Board

The size and composition of the Board should be appropriate for effective deliberation of issues relevant to the Company s business and related interests and not exceed a number that can function efficiently as a body. Thus, it is the policy of the Company that the size of the Board should be within the range of ten to nineteen members.

Independent Directors

It is the policy of the Company that the Board consists of a majority of independent Directors. Independence is determined in accordance with the NYSE Listing Standards, as amended from time to time (Listing Standards). The Board has adopted categorical standards for the determination of independence of its members as provided in the Listing Standards. Directors have an affirmative obligation to inform the Chairman of the Board and CEO, the Presiding Director and the Chairman of the Governance Committee of any changes in their circumstances or relationships that may impact their designation as independent.

Board Membership Criteria

The Governance Committee is responsible for reviewing with the Board the appropriate skills and characteristics required of Directors in the context of the current make-up of the Board. The Board should be composed of members with personal and professional integrity, business judgment, relevant experience and skill, diversity, age, knowledge of the health care industry and sufficient time and energy to diligently perform their duties.

Selection of Directors

The Board is responsible for selecting Director nominees and in recommending them for election by the shareholders. The Governance Committee will identify individuals believed to be qualified to become Directors and recommend to the Board the nominees to stand for election by the shareholders, or in the case of a vacancy, by the Board.

Former Chief Executive Officer s Board Membership

It is the policy of the Company that when a CEO terminates his or her employment with the Company, he or she should submit a written resignation from the Board at the same time. Whether the individual continues to

I-1

serve on the Board is a matter for discussion at that time by the Board. A former CEO serving on the Board will not be considered an independent Director for any cooling off period required by the Listing Standards.

Directors Who Change Their Present Job Responsibility

It is the policy of the company that when a Director's principal occupation or business association changes substantially from the position he or she held when originally invited to join the Board, the Director should notify in writing the Chairman of the Board and CEO, the Presiding Director and the Chairman of the Governance Committee. The Board does not believe that Directors who retire or change from the position they held when they came on the Board should necessarily leave the Board. There should, however, be an opportunity for the Board to review the continued appropriateness of Board membership under these circumstances.

Service on Other Boards of Directors

Directors are encouraged to limit the number of other public company boards or audit committees of board on which they serve to insure effective service on the Company's Board. Directors should notify in writing the Chairman of the Board and CEO, the Presiding Director and the Chairman of the Governance Committee in advance of accepting an invitation to serve on the board of another public company, the audit committee of another board or the board of a health care provider.

Term Limits

The Board does not believe it should establish term limits. While term limits could help ensure that there are fresh ideas and viewpoints available to the Board, they hold the disadvantage of losing the contribution of Directors who have been able to develop, over a period of time, increasing insight into the Company and its operations and, therefore, provide an important contribution to the Board.

Retirement Age

It is the policy of the Company that a Director may not stand for re-election if he or she has attained the age of 70 prior to the annual meeting of shareholders at which his or her term of office expires. A Director who attains the age of 70 during his or her term may continue as a Director until his or her term ends.

Extending the Invitation to a Potential Director to Join the Board

The invitation to join the Board should be extended by the Board itself via the Chairman of the Board and CEO, together with the Presiding Director or the Chairman of the Governance Committee.

Director Orientation and Continuing Education

The Company has an orientation process for new Directors that include detailed background material on the Company and meetings with Management. Thereafter, Directors receive materials and briefings on subjects that assist them in discharging their duties and have the opportunity to participate in continuing education programs developed and/or presented by accredited experts.

Board Compensation and Stock Ownership Guidelines

The Compensation Committee will annually review and recommend to the Board the compensation and reimbursement arrangements for Directors. To create a linkage with shareholders, the Board believes that a meaningful portion of a Director's compensation should be provided in common stock. Further, each Director has an obligation to own three times the annual retainer fee in Company common stock at the end of a five year period commencing on the later of the date such Director joined the Board or May 3, 2002.

Board Leadership

Selection of Chairman and CEO

It is the current policy of the Company that the positions of Chairman of the Board and CEO be held by the same person. The Board has also determined that since the role of Chairman of the Board and CEO are combined, it will elect a Presiding Director from the independent members of the Board.

Presiding Director

The Presiding Director will preside at the meetings of the shareholders and Board in the absence of the Chairman of the Board, preside at meetings of the non-management Directors, assist in the development of agendas and schedules for the meetings of the Board and facilitate the delivery of information to the Directors.

Functions of the Board

Access to Independent Advisors

The Board believes that access to independent advisors plays an important role in the discharge of its duties and responsibilities. As such, the Board on occasion may select, retain, terminate and approve fees for such independent advisors as it deems appropriate in the discharge of its duties and responsibilities.

Interaction with Institutional Investors, Press, Customers, Etc.

The Board believes that the Management speaks for the Company. Individual Directors may, from time to time, at the request of the Management, meet or otherwise communicate with various constituencies that are involved with the Company. If comments from the Board are appropriate, they should, in most circumstances, come from the Chairman of the Board or the Presiding Director.

Access to Senior Management

Directors have complete access to Management and are encouraged to visit the Company facilities and operations. Furthermore, the Board encourages the CEO, from time to time, to bring associates into Board meetings who: (a) can provide additional insight into the items being discussed because of personal involvement in these areas, and/or (b) are associates with future potential that the CEO believes should be given exposure to the Board.

Annual Self-Evaluation

The Board will annually conduct a self-evaluation and oversee the annual self-evaluation required of the standing committees. The evaluations will be based on such objective and subjective criteria as the Board deems appropriate.

Board Meetings

Meetings

It is the policy of the Company that all major decisions be considered by the Board as a whole. As a consequence, the Board will hold regularly scheduled meetings, at least, four times a year, plus special meetings as the need arises.

Selection of Agenda Items for Board Meetings

The Chairman of the Board and CEO, with the assistance of the Presiding Director, will establish the agenda for each Board meeting. Each Director is encouraged to suggest the inclusion of item(s) on the agenda.

Board Materials Distributed in Advance

Information and data that is important to the Board's understanding of the matters to be considered will be distributed in writing by Management before the Board meets. The Presiding Director will facilitate the delivery of information to the Directors.

Board Presentations

As a general rule, presentations on specific subjects should be sent to the Board in advance so that Board meeting time may be conserved and discussion time focused on the issues arising from the presentations.

Board Attendance and Participation

Directors are expected to prepare for, attend, and participate in all Board and applicable committee meetings.

Executive Sessions of Non-Management Directors

Non-management Directors of the Board will meet in Executive Session at least four times each year. Executive Sessions will be chaired by the Presiding Director. The format of these meetings will, in part, include a discussion with the Chairman and CEO.

Committee Matters

Number, Structure and Independence of Committees

The committee structure is limited to those committees considered to be basic to or required for the operation of a publicly owned company. From time to time, the Board may want to form a new committee or disband a current committee depending upon the circumstances. The current five committees are Audit, Compensation, Executive, Governance, and Planning. The duties and responsibilities of the committees are set forth in the Company's By-Laws and committee charters. The Audit, Compensation and Governance Committees will consist solely of independent Directors as determined by the Board consistent with the Categorical Standards and the NYSE Listing Standards. In addition, members of the Audit Committee will meet the independence standards of the Securities and Exchange Commission, and at least, one member will be an audit committee financial expert. No member of the Audit Committee will serve on the audit committee of more than two other public companies unless the Board determines that such simultaneous service would not impair his or her ability to effectively serve on the Audit Committee.

Assignment and Rotation of Committee Members

Edgar Filing: ANTHEM INC - Form DEF 14A

The Board believes that there should be periodic rotation of committee membership among Directors. However, there may be reasons at a given point in time to maintain an individual Director's committee membership for a long period.

Frequency and Length of Committee Meetings

The Chairman of the committee, in consultation with the members of the committee, will determine the frequency and length of the meetings of the committee.

Committee Agenda

The Chairman of the committee, in consultation with the members of the committee and Management, will develop the committee's agenda.

I-4

Leadership Development

Formal Evaluation of the CEO

The non-management Directors will perform an annual evaluation of the CEO's performance. The results will be communicated to the CEO by the Presiding Director. The evaluation should be based on objective criteria including performance of the business, accomplishment of long-term strategic and annual objectives, development of Management and other criteria set by the Board designed to measure the CEO's leadership of the Company. The evaluation will be used by the Compensation Committee in the course of its deliberations when considering the compensation of the CEO.

Succession Planning for Chairman of the Board and CEO

The Board plans for succession to the position of Chairman of the Board and CEO. To assist the Board, there will be available, on a continuing basis, the Presiding Director's and the Chairman and CEO's written recommendations for an interim successor in the event of the death, disability, other emergency or termination of the CEO.

Management Development and Succession Planning

There will be a periodic report to the Board by the CEO concerning the Company's program for the training and development of and succession planning for Management.

Management Stock Ownership Guidelines

To create a linkage with shareholders, the Board believes that Management should own a meaningful amount of common stock of the Company. Thus, the Board has adopted Stock Ownership Guidelines that require the CEO to own five times his or her base salary at the end of a five year period commencing on the later of the date he or she became CEO or May 3, 2002. Other members of Management have a similar requirement that varies from one and one-half to three times the person's base salary depending upon his or her position.

Standards of Business Conduct and Reporting of Irregularities

Personal Loans

The Company will not extend credit or arrange for the extension of credit in the form of a personal loan to Directors or Management.

Standards of Business Conduct

The Company has adopted Standards of Business Conduct (the Code) for Directors, Management and other associates of the Company. The purpose of the Code is to focus on areas of ethical risk, provide guidance in recognizing and dealing with ethical issues, provide mechanisms to report unethical conduct and help foster a culture of honesty and integrity. The Code is posted on the Company s web site.

Everyone is expected to act in accordance with the requirements of the Code. Waivers of the Code for any Director, the CEO, the Chief Financial Officer and other Executive Officers may only be made by the Board or by a Board committee composed of Independent Directors. Any such waiver will be posted on the Company web site and otherwise disclosed as required by law.

Reports of Irregularities

Any reports of concerns regarding accounting, internal auditing controls, auditing matters or other irregularities or concerns will be brought to the attention of the Chairman of the Audit Committee. These reports may be anonymous if made using the Anthem Compliance HelpLine. The Board will be notified of these reports, if appropriate.
