PROXY STATEMENT

May 21, 2004

The Board of Directors of Environmental Power Corporation, a Delaware corporation (we , us , the Company or EPC), is soliciting proxies in the form enclosed with this proxy statement for use at the Company's Annual Meeting of Stockholders to be held on Wednesday, June 23, 2004 at 11:00 a.m. E.D.T. at the Hyatt Harborside, 101 Harborside Drive, Boston, Massachusetts, and any adjournments thereof (the Meeting).

GENERAL INFORMATION ABOUT THE MEETING AND VOTING

How Proxies Work

EPC's Board of Directors is asking for your proxy. Giving us your proxy means that you authorize us to vote your shares at the Meeting in the manner that you direct, or if you do not direct us, in the manner as recommended by the Board of Directors in this proxy statement. You may vote for the director nominees or withhold your vote for any nominee. You also may vote for or against the other proposals or abstain from voting.

Who May Vote

Holders of EPC's Common Stock at the close of business on May 12, 2004 are entitled to receive notice of and to vote their shares at the Meeting. As of May 12, 2004, there were 31,247,949 shares of Common Stock outstanding. Each share of Common Stock is entitled to one vote on each matter properly brought before the Meeting.

How to Vote

You may vote in person at the Meeting or by proxy. We recommend that you vote by proxy even if you plan to attend the Meeting in person. You may change your vote at the Meeting in one of the ways described below. All shares represented by proxies that have been properly voted and not revoked will be voted at the Meeting. If you sign and return your proxy card, but do not give voting instructions, the shares represented by that proxy will be voted as recommended by the Board of Directors. If you choose to vote by proxy, simply mark your proxy, date and sign it, and return it in the enclosed postage-paid envelope. If you attend the Annual Meeting, you will be able to vote your shares, even if you already voted by mail. If your shares are held in the name of a bank, broker or other holder of record, you must obtain a proxy, executed in your favor, from the holder of record to be able to vote at the Meeting.

Revoking a Proxy

You may revoke your proxy before it is voted by:

providing written notice to the corporate Secretary of EPC before or at the Meeting;

submitting a new proxy with a later date; or

voting by ballot at the Meeting.

The last vote you submit chronologically (by any means) will supersede your prior vote(s). Your attendance at the Meeting will not, by itself, revoke your proxy.

Quorum

In order to carry on the business of the Meeting, we must have a quorum. This means that at least a majority of the outstanding shares eligible to vote must be represented at the Meeting, either by proxy or in person. Abstentions and broker non-votes are counted as present and entitled to vote for purposes of determining a quorum. Treasury shares, which are shares owned by EPC itself, are not voted and do not count for this purpose.

ENVIRONMENTAL POWER CORPORATION

One Cate Street, 4th Floor

Portsmouth, New Hampshire 03801

Votes Needed

The director nominees who receive the most votes will be elected to fill the seats on the Board of Directors. Approval of any other proposals properly brought before the Meeting requires the favorable vote of a majority of the votes cast. Only votes for or against a proposal count as votes cast. Abstentions and broker non-votes are not counted as votes cast and therefore will have no effect on the outcome of the matters to be voted on at the Meeting. Broker non-votes occur when a broker returns a proxy, but indicates that it does not have authority to vote on a particular proposal.

Voting on Other Matters

If other matters are properly presented at the Meeting for consideration, the persons named in the proxy will have the discretion to vote on those matters for you. At the date that this Proxy Statement went to press, we did not know of any other matters to be raised at the Meeting and, pursuant to the Company's Bylaws, the date by which other matters must have been submitted has passed.

Solicitation of Proxies

The Company will pay the expenses of soliciting proxies. Proxies may be solicited on our behalf by directors, officers or employees, without additional remuneration, in person or by telephone, by mail, electronic transmission and facsimile transmission. Brokers, custodians and fiduciaries will be requested to forward proxy soliciting material to the owners of Common Stock held in their names and, as required by law, the Company will reimburse them for their reasonable out-of-pocket expenses for this service.

BOARD OF DIRECTORS AND EXECUTIVE OFFICERS

Board of Directors

EPC's Board of Directors (referred to as the Board of Directors or the Board) consists of seven members. The Company's by-laws presently state that the number of directors constituting the entire Board of Directors shall be determined by resolution of the Board of Directors. The number of directors currently fixed by the Board of Directors is seven. The Board of Directors is responsible for monitoring the overall performance of the Company. Among other things, the Board of Directors, directly and through its committees, establishes corporate policies; reviews the performance of the Chief Executive Officer and other executives; reviews and approves certain transactions; and reviews the Company's long-term strategic plans. In accordance with general corporate legal principles applicable to corporations organized under the laws of Delaware, the Board of Directors does not control the day-to-day management of the Company. Members of the Board of Directors keep informed about the Company's business by participating in Board and committee meetings, by reviewing analyses and reports regularly sent to them by management, and through discussions with the Chairman, the Chief Executive Officer and other officers.

The Board of Directors of the Company held seven (7) meetings during the fiscal year ended December 31, 2003. Each member of the Board of Directors attended at least 75% of the aggregate of the total number of meetings of the Board of Directors and each committee on which he served.

Committees of the Board

The Board of Directors has established an Audit Committee, a Compensation Committee and an Executive Committee, each of which is described briefly below.

The Audit Committee is responsible for overseeing the accounting, financial reporting and audit processes of the Company, including the selection and retention of the Company's independent certified public accountants. The Audit Committee meets from time to time with EPC's financial personnel, internal audit staff and independent auditors regarding these matters. The Audit Committee may retain independent counsel, accountants, or others to assist it in the conduct of any investigation and the Company will provide appropriate funding for payment of such services, as determined by the Audit Committee. The Audit Committee is currently comprised of Messrs. Cooper and Knight. The board of directors of EPC has designated Mr. Cooper as an audit committee financial expert under Item 401(h) of Regulation S-K. Mr. Cooper is independent as defined under applicable SEC rules as well as NASDAQ rules applicable to issuers listed on the NASDAQ Stock Market; although EPC is not so listed, EPC has chosen to follow the NASDAQ rules as closely as possible. The Audit Committee met four (4) times in 2003. The responsibilities and activities of the Audit Committee are described in greater detail in the Report of the Audit Committee.

The Compensation Committee oversees the compensation structure for the Chairman, the President and the Chief Executive Officer, evaluates the performance and sets the compensation of such officers and administers the Company's stock incentive plans. The Compensation Committee may retain, at the Company's expense, such independent counsel or other advisors as it deems necessary. The current Compensation Committee

Edgar Filing: ENVIRONMENTAL POWER CORP - Form DEF 14A

members are Messrs. Knight, Schumacher, and Weisberg. The Compensation Committee met once in 2003. The activities of the Compensation Committee are described in greater detail in the Compensation Committee Report on Executive Compensation .

The Executive Committee, which consists of Messrs. Cresci and Livingston, can act in place of the full Board of Directors to the extent permitted by law. The Executive Committee did not meet in 2003.

The Board does not currently have a separate Nominating Committee responsible for identifying, reviewing and recommending nominees to serve as members of the Board. Instead, the entire Board of Directors fulfills this function, and each member of the Board participates in the consideration of director nominees. Given the small size

ENVIRONMENTAL POWER CORPORATIONOne Cate Street, 4th Floor

Portsmouth, New Hampshire 03801

of the Company and its Board, the Board does not believe that creating a separate Nominating Committee would result in any greater efficiency in the nomination process or quality of nominees, and might, in fact, result in highly qualified nominees known to Board members not serving on such a committee not being considered. Therefore, the Board of Directors has concluded that the Company and its stockholders would be better served by having the entire Board of Directors act in place of a Nominating Committee.

The following table sets forth the age and principal occupation of each of our directors during the past five years. The Audit Committee also considers the adequacy of the Company's internal controls and accounting policies. The Audit Committee is currently comprised of Messrs. Cooper and Knight. The board of directors of EPC has designated Mr. Cooper as an audit committee financial expert under Item 401(h) of Regulation S-K. Although the Company's Common Stock is traded on the OTC Bulletin Board, and, therefore, the Company is not subject to the NASDAQ Marketplace Rules, each of the members of the Audit Committee is an independent director within the meaning of Rule 4200(a)(15) of the NASDAQ Marketplace Rules.

Defined Benefit Pension Plan

Effective January 1, 1998, we established a non-contributory defined benefit pension plan covering all of our employees who are at least 21 years of age and who have completed at least one year of service. Under the Pension Plan, the benefits payable to each employee at the normal retirement age of 62 are based on years of service and compensation during the three consecutive years of the 10 years immediately preceding retirement which would yield the highest monthly benefit payment. Employees who have at least 20 years of service at the time of their retirement would receive the maximum retirement benefit. Our general funding policy is to contribute annually to the Pension Plan the maximum amount that can be deducted for Federal income tax purposes.

Effective January 1, 2003, we amended the Pension Plan to provide that benefits earned after 2002 will accrue at the rate of 1.5% of average compensation (with no cap on service) and will be payable at age 65 rather than age 62. Existing accrued benefits will remain intact. The amended Pension Plan has a two-year waiting period before employees enter the Pension Plan, rather than one year. Employees who join the Pension Plan after two years will be fully vested at that time.

ENVIRONMENTAL POWER CORPORATIONOne Cate Street, 4th Floor

The following table shows the estimated annual pension benefits payable upon retirement to a participant of the Pension Plan for various salary levels and years of service.

Average Annual Compensation	Years of Service			
	10	15	20	25
100,000	15,000	22,500	30,000	37,500
150,000	22,500	33,750	45,000	56,250
200,000	30,000	45,000	60,000	75,000
250,000	30,000	45,000	60,000	75,000

During fiscal year 2003, the maximum amount of annual compensation which may be included for Pension Plan purposes was \$200,000. The figures shown above apply under the Pension Plan as amended. The benefit amounts listed are not subject to any deduction for Social Security or other offset amounts. As a result of limitations imposed under the Federal income tax law, the maximum annual benefit payable under the Pension Plan for the fiscal year ending December 31, 2003 is \$160,000, although the amount will be actuarially adjusted in accordance with Federal income tax regulations if payments commence prior to or following age 65. As of December 31, 2003, Messrs. Cresci and Livingston each had over twenty years of credited service under the Pension Plan.

Report of the Compensation Committee on Executive Compensation

The Compensation Committee of the Board of Directors determines the Company's executive compensation policy and sets compensation for the Chairman (the Chairman), the Chief Executive Officer (the CEO), and the President.

The Compensation Committee's policy is to offer the Chairman and the CEO competitive compensation packages that will permit the Company to attract and retain individuals with superior abilities and to motivate and reward such individuals on the basis of the Company's performance in an appropriate fashion in the long-term interests of the Company and its stockholders. Currently, executive compensation is comprised of salary and cash bonuses that may be awarded from time to time, as well as long-term incentive opportunities in the form of stock options as warranted.

The Compensation Committee takes into account various qualitative and quantitative indicators of corporate and individual performance in determining the level and composition of compensation for the Chairman and the CEO. While the Compensation Committee considers corporate performance measures such as net income, earnings per share, return on assets and return on equity, the Compensation Committee also appreciates the importance of achievements that may be difficult to quantify, and accordingly recognizes qualitative factors, such as successful supervision of major projects and demonstrated leadership ability. Base salaries for the Chairman and the CEO are established at levels considered appropriate in light of the duties and scope of responsibilities of each officer's position. Salaries are generally reviewed periodically and adjusted as warranted to reflect individual officer performance. The Compensation Committee focuses primarily on total annual compensation, including incentive awards and benefits derived from other fringe benefits such as the Pension Plan, rather than base salary alone, as the appropriate measure of executive officer performance and contribution. Compensation decisions regarding executive officers other than

Edgar Filing: ENVIRONMENTAL POWER CORP - Form DEF 14A

the Chairman and CEO are made by the Chairman and CEO, in consultation with the Compensation Committee and the Chief Financial Officer.

In 2003, Mr. Cresci, the Company's Chairman and Chief Executive Officer, agreed to reduce his base salary of \$400,000 by \$120,000, as a condition to his participation in the Company's newly adopted 2003 Incentive Compensation Plan. No bonuses were paid to Mr. Cresci in 2003. Furthermore, the Compensation Committee considered Mr. Cresci's substantial stock ownership and elected not to grant any options to him in 2003.

In July 2003, Mr. Cresci elected to give up his position as Chief Executive Officer, and Mr. Tejwani was hired to fill that role. In connection with the hiring of Mr. Tejwani, the Compensation Committee determined to pay him a base salary of \$225,000, which the Compensation Committee believed to be commensurate with Mr. Tejwani's experience and the level of compensation accorded to chief executive officers of similarly-situated companies. In addition, as part of his employment package as CEO, the Company made an option grant to acquire 5,000,000

ENVIRONMENTAL POWER CORPORATION

One Cate Street, 4th Floor

Portsmouth, New Hampshire 03801

shares of common stock to Mr. Tejwani, which was subsequently reduced to 4,000,000 shares in March 2004. See "Employment, Termination and Change-in-Control Arrangements" below. The Compensation Committee believed that it was important to give Mr. Tejwani a strong equity-based incentive given his lack of ownership of the Company's stock, in order to more closely align his interests with those of the Company's stockholders. The March 2004 amendment to Mr. Tejwani's stock options was intended to tie the vesting of those options more closely with certain financing objectives important to the Company's future growth and for which Mr. Tejwani has principal responsibility. Given the Company's cash constraints, no bonus was paid to Mr. Tejwani for 2003.

In 1993, Congress enacted Section 162(m) of the Internal Revenue Code, which prevents publicly held corporations from deducting compensation in excess of \$1 million paid to CEO's and the four highest compensated officers unless the compensation is performance-based and certain other conditions are satisfied. The Compensation Committee takes the limitations of Section 162(m) into account in making its compensation decisions, but such limitations are not a determining factor. The Compensation Committee does not anticipate that the limitations of Section 162(m) would apply in any material respect to the Company's current compensation arrangements, if at all.

Employment, Termination and Change-in-Control Arrangements

On July 3, 2003, EPC and Mr. Tejwani executed an Employment Agreement and a related Non-Statutory Stock Option Agreement. These agreements were amended on March 29, 2004. Under the terms of the Employment Agreement, as amended, Mr. Tejwani is an at will employee until the Renewal Date, which is defined as the closing of the sale of equity securities of the Company or its subsidiary, Microgy Cogeneration Systems, Inc., referred to as Microgy, resulting in gross proceeds of at least \$3,500,000. Provided that the Renewal Date occurs and neither the Company nor Mr. Tejwani has terminated his employment, Mr. Tejwani would be employed under the terms of the Employment Agreement until July 3, 2006. In accordance with the terms of the Employment Agreement, Mr. Tejwani receives an annual base salary of \$225,000, subject to discretionary salary increases and annual discretionary bonuses determined by the Board of Directors. Other compensation and benefits include full health care coverage, paid vacation, the use of the company leased vehicle, and stock options under the terms of the Non-Statutory Stock Option Agreement. The original Non-Statutory Stock Option Agreement provided for options to acquire 5,000,000 shares of EPC's common stock that would vest at exercise prices of \$0.25, \$1.00, and \$1.50 over 3 different periods. The amended Non-Statutory Stock Option Agreement provides for options to acquire

ENVIRONMENTAL POWER CORPORATION

One Cate Street, 4th Floor

Portsmouth, New Hampshire 03801

4,000,000 shares of EPC's common stock that are exercisable in two tranches. The first tranche consists of 2,500,000 options exercisable at \$0.25. The second tranche consists of 1,500,000 options exercisable at \$1.00. These options will vest upon the successful completion of one or more Qualified Financings, defined as the sale of equity securities of the Company or Microgy on or before July 3, 2006, provided that the first such financing results in gross proceeds of at least \$3,500,000. The options will vest in the same percentage as the percentage of \$8,000,000 which the gross proceeds in each Qualified Financing represents, with such percentage applied to the lower-priced options first. If Mr. Tejwani's employment is terminated after the Renewal Date but before the ending date of July 3, 2006, he would receive a maximum of 12 months of salary and benefits.

In April 2002, EPC and Mr. Macartney executed summary terms applicable to Mr. Macartney's employment as Chief Financial Officer of EPC. While not a formal employment agreement, such terms provide that Mr. Macartney receives a base salary of \$160,000 annually, subject to discretionary salary increases and annual discretionary bonuses determined by the Company's Chief Executive Officer. Mr. Macartney received a 100,000 share option grant in May 2002 upon election as CFO and is eligible for an annual discretionary option grant to be determined by the Chief Executive Officer. EPC provides a leased vehicle for Mr. Macartney's use at a cost of \$6,600 annually. Mr. Macartney is an at-will employee. However, in the event Mr. Macartney's employment is terminated by Mr. Tejwani as a result of Mr. Tejwani's desire to hire a new Chief Financial Officer or by a new Chief Executive Officer electing to hire a new Chief Financial Officer, Mr. Macartney will receive one year's severance and benefits, including health coverage and use of the company leased vehicle for one year. Mr. Macartney would then also be granted an additional 100,000 options to purchase common stock. All such options, together with any options previously granted, would become immediately vested and would remain exercisable based on the dates in the stock option agreements. In the event Mr. Macartney's employment is terminated for any other reason, he will receive six months severance and benefits, including but not limited to health coverage and use of the company leased vehicle for six months. The 100,000 options granted in May 2002 would become immediately vested and be exercisable based on the dates in the stock option agreement.

Certain Relationships and Related Transactions

During 1993 and 1995, Messrs. Cresci and Livingston exercised options to purchase shares of the Company's Common Stock. As payment for the exercise price of these stock options, EPC accepted promissory notes payable upon our demand from Messrs. Cresci and Livingston aggregating \$332,875 and \$428,281, respectively. In 2000, EPC asked that a portion of these notes be repaid using the proceeds from bonuses due to concerns about ongoing cash requirements. In April 2001, the Company received \$1,500,000 pursuant to a settlement of the Sunnyside litigation and Messrs. Cresci and Livingston were allowed to each borrow \$100,000. As of December 31, 2003, Messrs. Cresci and Livingston had aggregate balances due to EPC of \$186,875 and \$410,498, respectively under these notes and loans. Interest on these notes and loans, which is payable monthly at the Applicable Federal Rate, amounted to \$9,055 in the aggregate during 2003 and has been fully collected from Messrs. Cresci and Livingston. In September 1997, Mr. Weisberg exercised options to purchase 80,000 shares of the Company's Common Stock. As payment for the exercise price of these stock options, we accepted a promissory note which is payable upon our demand from Mr. Weisberg in the amount of \$48,575. Interest on this note, which is payable quarterly at the Applicable Federal Rate, amounted to \$736 in 2003 and has been fully collected from Mr. Weisberg.

In accordance with applicable federal law, the Company has adopted a policy of not making any new loans to its officers or directors.

On September 14, 2001, we borrowed \$750,000 from Alco Financial Services, LLC (Alco). Robert Weisberg, a Director of the Company, is the Managing Partner and a member of Alco. The loan was evidenced by a promissory note that bore interest at the prime rate plus 3.5%. We also

Edgar Filing: ENVIRONMENTAL POWER CORP - Form DEF 14A

paid an administrative fee of 0.6% per month and a commitment fee of \$7,500 to secure the loan. The loan was secured by all of our assets (other than the stock of our subsidiary, Buzzard Power Corporation). In connection with the loan, we granted Alco five year warrants to purchase 50,000 shares of common stock at \$0.60 per share. During 2003, we recognized interest expense and administrative fees of \$75,252 for this loan. The loan was fully repaid in September 2003.

ENVIRONMENTAL POWER CORPORATION
One Cate Street, 4th Floor

Portsmouth, New Hampshire 03801

On June 12, 2003 we granted August Schumacher, Jr. 50,000 options to purchase shares of common stock in lieu of cash compensation for services rendered as a Director of the Company. No compensation expense was recorded because the fair value of the options was equal to or below the exercise price.

On July 3, 2003, we entered into an Employment Agreement with Mr. Tejwani, and granted him an 5,000,000 option to purchase shares of common stock to Kamlesh R. Tejwani, President and Chief Executive Officer, as part of his compensation package. On March 29, 2004 this agreement was amended. See Employment, Termination and Change-in-Control Arrangements above for more information.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our Officers and Directors, and persons who own more than ten percent of a registered class of our equity securities, to file initial statements of beneficial ownership (Form 3), and statements of changes in beneficial ownership (Forms 4 or 5), of Common Stock and other equity securities of EPC with the Securities and Exchange Commission, or SEC. Officers, directors and greater than ten percent stockholders are required by SEC regulation to furnish us with copies of all such forms they file.

We believe, based solely on our review of the copies of forms we have received, or written representations from certain reporting persons, that no additional forms were required for those persons and that our officers, directors and greater than ten-percent beneficial owners complied with all filing requirements applicable to them for 2003, except for the following:

* While the Company's board of directors approved this option grant on July 3, 2003, the agreement documenting this option was not finalized until September 2003. The option agreement was then subsequently amended in December 2003 and March 2004. The failure to file the applicable Form 4 was due in part to the continuing changes in the underlying option agreement.

** Please see footnote 4 to the table on page 4 setting forth the beneficial ownership of directors and officers. The Company is working with Mr. Weisberg to rectify the ownership records with respect to these shares and to file the required Form 4.

The Audit Committee has the authority to conduct any investigation appropriate to fulfilling its responsibilities, and it has direct access to the independent auditors as well as anyone in the organization. The Audit Committee has the authority to retain, at the Company's expense, special legal, accounting, or other consultants or experts it deems necessary in the performance of its duties.

The Audit Committee shall discharge its responsibilities, and shall assess the information provided by the Company's management and the independent auditor, in accordance with its business judgment. The responsibilities set forth in this Charter do not reflect or create any duty or obligation of the Audit Committee to plan, conduct, oversee or determine the appropriate scope of any audit, or to determine that the Company's financial statements are complete, accurate, fairly presented, or in accordance with generally accepted accounting principles (GAAP) or applicable law, or to guarantee the independent auditor's report. In exercising its business judgment, the Audit Committee shall be entitled to rely on the information and advice provided by the Company's management and its independent auditors. Management is responsible for the preparation, presentation, and integrity of the Company's financial statements and for the appropriateness of the accounting principles and reporting policies that are used by the Company. The independent auditors are responsible for auditing the Company's financial statements and for reviewing the Company's unaudited interim financial statements.

II. Audit Committee Composition

The Audit Committee will consist of at least three (3) members of the Board, all of whom shall be independent, as determined in accordance with the applicable rules of the National Association of Securities Dealers (NASD), the New York Stock Exchange and Section 301 of the Sarbanes-Oxley Act of 2002 (together with the applicable rules thereunder, the Sarbanes-Oxley Act). The members of the Audit Committee will be appointed by and will serve at the discretion of the Board. The members of the Audit Committee shall each have the ability to read and understand fundamental financial statements, including the balance sheet, income statement and cash flow statement. In addition, at least one member of the Audit Committee shall have accounting or related financial management expertise. Unless otherwise determined by the Board (in which case disclosure of such determination shall be made in the Company s annual report for fiscal years beginning with Fiscal Year 2003 filed with the Securities and Exchange Commission (the SEC)), at least one member of the Audit Committee shall be an audit committee financial expert (as defined and required by applicable SEC rules).

Notwithstanding the foregoing, to the extent that the Company s securities are not listed for trading on the Nasdaq National Market, the New York Stock Exchange, or any other national securities exchange or national securities association, or the Company is not considered an issuer or listed issuer for purposes of the Sarbanes-Oxley Act, the Board may, in the exercise of its business judgment, vary the requirements for membership on the Audit Committee, to the extent that any such variation is permissible under applicable law and the Board determines that any such variation is in the best interests of the Company. Until such time as the Company s securities are listed for trading on the Nasdaq National Market, the New York Stock Exchange, or any other national securities exchange or national securities association, the Board shall use the definition of independence found in the rules of the NASD applicable to companies with securities listed for trading on the Nasdaq National Market when evaluating the independence of the members or proposed members of the Audit Committee.

Audit Committee members shall be appointed by the Board at least annually. If an Audit Committee Chair is not designated or present, the members of the Committee may designate a Chair by majority vote of the Audit Committee members. The Chairman of the Committee shall have accounting or related financial management experience.

III. Audit Committee Meetings

The Committee shall meet at least four times annually, or more frequently as circumstances dictate. The Audit Committee Chair shall prepare and/or approve an agenda in advance of each meeting. The Committee should meet privately in executive session at least annually with management, the independent auditors, and as a committee to discuss any matters that the Committee or each of these groups believe should be discussed. In addition, the Committee, or at least its Chair, should communicate with management and the independent auditors quarterly to review the Company s financial statements and significant findings based upon the auditors limited review procedures.

IV. Audit Committee Compensation

The compensation of Audit Committee members shall be as determined by the Board (or a committee thereof other than the Audit Committee). No member of the Audit Committee may receive any consulting, advisory or other compensatory fee from the Company other than fees paid in his or her capacity as a member of the Board, the Audit Committee or any other committee of the Board.

V. Audit Committee Responsibilities and Duties

Review Procedures

1. Review and reassess the adequacy of this Charter at least annually. Submit proposed changes in the charter to the Board for approval and have the document published at least every three years (or more frequently, to the extent it is materially amended) in accordance with SEC regulations.
2. Review the internal audit function of the Company including the independence and authority of its reporting obligations, the proposed audit plans for the coming year, and the coordination of such plans with the independent auditors.
3. Review the Company's annual audited financial statements prior to filing or distribution. Discuss certain matters required to be communicated to audit committees in accordance with AICPA SAS 61. Review should include discussion with management and independent auditors of significant issues regarding accounting principles, practices, and judgments, including an analysis of the effect of alternative GAAP methods on the Company's financial statements and a description of any transactions as to which management obtained Statement on Auditing Standards No. 50 letters.
4. The Audit Committee shall discuss with the independent auditors the auditors' judgments about the quality, not just the acceptability, of the Company's accounting principles as applied to its financial reporting. The discussion shall include such issues as the clarity of the Company's financial disclosures and the degree of aggressiveness or conservatism of the Company's accounting principles and underlying estimates and other significant decisions made by management in preparing the financial disclosure.
5. Based upon the discharge of its responsibilities under this Charter, and any other information, discussion or communication that the Audit Committee in its business judgment deems relevant, the Audit Committee shall consider whether it will recommend to the Board that the Company's audited financial statements be included in the Company's annual reports on Form 10-K.
6. Review with management and the independent auditors the effect of regulatory and accounting initiatives as well as off-balance sheet structures on the Company's financial statements.
7. Review all affiliated and related party transactions on an ongoing basis, approve any such transactions, and review disclosure of such transactions.
8. Provide sufficient opportunity for the internal and independent auditors to meet with the members of the Audit Committee without members of management present. Among the items to be discussed in these meetings are the independent auditors' evaluation of the corporation's financial, accounting, and auditing personnel, and the cooperation that the independent auditors received during the course of the audit.

9. In consultation with the management, the independent auditors, and the internal auditors, consider the integrity of the Company's financial reporting processes and controls. Discuss significant financial risk exposures and the steps management has taken to monitor, control, and report such exposures. Review with the independent auditor any problems or difficulties the auditor may have encountered and any management letter provided by the auditor and the Company's response to that letter. Such review should include:
 - (a) Any difficulties encountered in the course of the audit work, including any restrictions on the scope of activities or access to required information, and any disagreements with management.
 - (b) Any changes required in the planned scope of the internal audit.
 - (c) The internal audit department's responsibilities, budget and staffing.
10. Discuss with the national office of the independent auditors issues on which it was consulted by the Company's audit team and matters of audit quality and consistency.
11. Review with financial management and the independent auditors the Company's quarterly financial results prior to the release of earnings and/or the Company's quarterly financial statements prior to filing or distribution, including the results of the independent auditors' review of the quarterly financial statements. Discuss any significant changes to the Company's auditing and accounting principles and any items required to be communicated by the independent auditors in accordance with SAS 61, 71 and 90 prior to the filing or distribution of such quarterly financial statements. The Audit Committee shall direct management to advise the Audit Committee in the event that the Company proposes to disclose or file interim financial information prior to completion of review by the independent auditors.
12. Review with management and the independent auditors any correspondence with regulators or governmental agencies and any employee complaints or published reports which raise material issues regarding the Company's financial statements or accounting policies.
13. Establish procedures for (a) the receipt, retention, and treatment of complaints received by the Company regarding accounting, internal controls, or auditing matters, and (b) the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters. Without limiting the foregoing, the Audit Committee shall annually inform the independent auditor, the Chief Financial Officer, the Controller, and any other appropriate senior person, if any, responsible for the internal audit activities, that they should promptly contact the Audit Committee or its Chair about any significant issue or disagreement concerning the Company's accounting practices or financial statements that is not resolved to his or her satisfaction. Where such communications are made to the Chair, he or she shall confer with the independent auditors concerning any such communications, and shall notify the other members of the Audit Committee of any communications which the independent auditor or the Chair in the exercise of his or her business judgment believes should be considered by the Audit Committee prior to its next scheduled meeting.
14. The Audit Committee shall coordinate the Board's oversight of the Company's internal accounting controls for financial reporting, the Company's disclosure controls and procedures and the Company's code of conduct. The Audit Committee shall receive and review the

reports of the Chief Executive Officer and Chief Financial Officer required by Section 302 of the Sarbanes-Oxley Act and Rule 13a-14 of the Securities Exchange Act of 1934, as amended (the Exchange Act).

Independent Auditors

15. The independent auditors are ultimately accountable to the Audit Committee and the Board. The Audit Committee shall review the independence and performance of the independent auditors and annually recommend to the Board the appointment of the independent auditors or approve any discharge of the independent auditors when circumstances warrant. The independent auditors shall report directly to the Audit Committee, and the Audit Committee shall have sole and direct responsibility for overseeing the independent auditors, including resolution of any disagreements between the Company's management and the independent auditors regarding financial reporting. In connection with its oversight role, the Audit Committee shall, from time to time as appropriate, receive and consider the reports required to be made by the independent auditors pursuant to the Exchange Act regarding:
 - (a) critical accounting policies and practices;
 - (b) alternative treatments within GAAP for policies and practices related to material items that have been discussed with the Company's management, including ramifications of the use of such alternative disclosures and treatments, and the treatment preferred by the independent auditor; and
 - (c) other material written communications between the independent auditors and the Company's management.
16. The Audit Committee shall have sole and direct responsibility for setting the compensation of the independent auditors. The Audit Committee is empowered, without further action by the Board of Directors, to cause the Company to pay the compensation of the independent auditors established by the Audit Committee.
17. The Audit Committee shall preapprove all services (audit and non-audit) to be provided to the Company by the independent auditors, as required by applicable SEC rules. The Audit Committee shall require the Company to make required disclosure in its SEC periodic reports relating to the approval by the Audit Committee of audit and non-audit services to be performed by the independent auditors and the fees paid by the Company for such services.
18. On an annual basis, the Audit Committee should review and discuss with the independent auditors all significant relationships they have with the Company that could impair the auditors' independence, receive periodic reports from the independent auditors regarding the auditors' independence, discuss such reports with the auditor, consider whether the provision of non-audit services is compatible with maintaining the auditors' independence and, if so determined by the Audit Committee, recommend that the Board take appropriate action to satisfy itself of the independence of the auditor. The Audit Committee shall ensure that it receives and reviews from the independent auditors the written disclosures and letter from the independent auditors required by Independence Standards Board Standard No. 1.
19. Review the experience and qualifications of the senior members of the independent auditor team and the quality control procedures of the independent auditor.

20. Review the independent auditors' audit plan, discuss scope, staffing, locations, reliance upon management, and general audit approach.
21. If applicable, recommend to the Board guidelines for the Company's hiring of employees of the independent auditors who were engaged on the Company's account.

Legal Compliance

22. On at least an annual basis, review with the Company's counsel any legal matters that could have a significant impact on the organization's financial statements, the Company's compliance with applicable laws and regulations, and inquiries received from regulators or governmental agencies.

Other Audit Committee Responsibilities

23. Annually prepare a report to shareholders as required by the rules and regulations of the SEC. The report should be included in the Company's annual proxy statement.
24. Investigate any matter brought to its attention within the scope of its duties, with the power to retain outside counsel for this purpose if, in its judgment, that is appropriate.
25. Perform any other activities consistent with this Charter, the Company's by-laws, and governing law, as the Audit Committee or the Board deems necessary or appropriate.
26. Maintain minutes of meetings and periodically report to the Board on significant results of the foregoing activities.
