-------------------	------	----------	-------

- (a) The unaudited pro forma statements of operations presented herein reflect the results for Potlatch Corporation as historically reported, adjusted for the company s sale of its oriented strand board (OSB) manufacturing facilities and related assets in Bemidji, Cook and Grand Rapids, Minnesota, to Ainsworth Lumber Co. Ltd. Net sales, costs and expenses and the provision for taxes on income have been adjusted to remove from continuing operations for the respective periods the historical results for the OSB operations.
- (b) The unaudited pro forma balance sheet presented reflects the financial position of Potlatch Corporation as of June 30, 2004, as historically reported, and as adjusted for the sale described in the previous paragraph as if it had occurred on the balance sheet date. Included in the balance sheet are assumed proceeds from the sale of the OSB manufacturing facilities of \$454.7 million and an estimated accrual for expenses related to the sale of \$8 million, as well as the corresponding effect on accrued income taxes, deferred income taxes and stockholders equity for the resulting net gain.

The pro forma financial information is illustrative of the effects of the sale of the OSB manufacturing facilities on our operations and does not necessarily reflect the results of operations that would have been reported had the sale actually occurred on those dates. In addition, the pro forma financial information is not necessarily indicative of our future financial condition or results of operations.
