INFORMATION TO BE INCLUDED IN THE REPORT

Section 1 Registrant's Business and Operations

Item 1.01 Entry into a Material Definitive Agreement.

On June 21, 2001 Repligen was named as a codefendant with the Regents of the University of California (the Regents) in an action filed by Pro-Neuron, Inc. (Pro-Neuron) (now known as Wellstat Therapeutics Corporation) in the Superior Court of California, County of San Diego. The complaint (the Pro-Neuron Complaint) alleged claims of breach of contract and breach of implied covenant of good faith and fair dealing against the Regents and intentional interference with contractual relations against Repligen in connection with the Regents' licensing to Repligen of certain rights to patent applications filed by the Regents (UCSD License Agreements).

On June 4, 2003, Repligen, the Regents and Pro-Neuron entered into a binding term sheet for settlement (Settlement). On November 15, 2004, the Regents, Pro-Neuron and Repligen entered into the following agreements (the Definitive Agreements), effectuating the terms of the Settlement: (a) Wellstat/Repligen Settlement Agreement, dated November 15, 2004, by and between Pro-Neuron and Repligen; and (b) Regents/Repligen Settlement Agreement, dated November 15, 2004, by and among Repligen, the Regents and Robert Naviaux, M.D., Ph.D. The parties also entered into various other license agreements effecting the terms of the Settlement. The Court dismissed the Pro-Neuron complaint with prejudice on November 16, 2004.

Pursuant to the Definitive Agreements, Repligen and the Regents amended the UCSD License Agreements to exclude the field of acylated pyrimidines, including triacetyluridine (TAU). Pursuant to the Settlement, Repligen has agreed not to initiate any additional clinical studies of acylated pyrimidines, including TAU. Repligen agreed to assign to Pro-Neuron inventions, if any, from its previously completed Phase I study in bipolar disorder/major depression, involving the use of acylated pyrimidines, but Repligen will retain the rights to any inventions for all other chemical entities. Following the execution of the Definitive Agreements, Pro-Neuron and the Regents will pay Repligen \$750,000.
