Kookmin Bank's 2004 Operating Results

On February 3, 2005, the board of directors of Kookmin Bank has approved and ratified the non-consolidated financial statements prepared in accordance with Korean GAAP for the fiscal year 2004. After the board of directors' meeting, Kookmin Bank held an earnings conference and released its operating results. The followings are the key figures released during the conference, and a full version of presentation material is available at Kookmin Bank website(www.kbstar.com).

The figures in this section are taken from unaudited non-consolidated financial statements. They are subject to change in the course of the audit process by our independent auditor.

On September 30, 2003, Kookmin Bank merged with one of its major subsidiaries, Kookmin Credit Card Co. Under Korean GAAP, the merger was deemed as a transaction between the entities under common control, and therefore Kookmin Bank recognized the assets and liabilities transferred at their carrying amounts in the accounts of Kookmin Credit Card Co. at the date of transfer.

However, for the purpose of comparison, we have presented, hereunder, the pro-forma figures for the fiscal year 2003, which have been derived from pro-forma financial statements, which present simple arithmetic summation of the two entities' past earnings and financial conditions, excluding inter-transaction as if the merger had been completed in December 31, 2002. These pro forma figures have not been audited by our independent auditor. Accordingly, Kookmin Bank does not represent that these pro forma figures conform to, or were generated in accordance with, any existing generally accepted accounting standards or policies.
