**Item 1.01. Entry into a Material Definitive Agreement**

On December 5, 2005, the Compensation Committee of the Board of Directors of Quality Distribution, Inc. ( Quality ) approved the vesting on December 31, 2005 of all unvested options under the Quality Distribution, Inc. 2003 Stock Option Plan (the 2003 Option Plan ) with an exercise price of \$8.00 or higher. Under the 2003 Option Plan, options generally vest ratably over four years from the grant date. As a result of the accelerated vesting, approximately 744,000 options currently outstanding under the 2003 Option Plan will become exercisable on December 31, 2005, of which approximately 224,000 are currently held by executive officers and members of the Board of Directors. None of these options is in-the-money as of the date of this Current Report on Form 8-K.

The Compensation Committee considered several factors in determining to authorize the option acceleration, including the effect on Quality s reported stock option expense in future periods, the comparability of Quality s statements of operations in prior and subsequent periods and the potential benefit to Quality and its shareholders in retaining the services of affected directors, officers and employees. The Financial Accounting Standards Board s Statement of Financial Accounting Standards No. 123(R) (revised 2004), Share-Based Payment, will require Quality to amortize the fair value of unvested stock options as of Quality s fiscal year beginning January 1, 2006. By accelerating the vesting of the affected stock options now, Quality would greatly reduce the future need to report non-cash compensation expense for these options. Quality also would not recognize any compensation expense in its quarter ended December 31, 2005 as a result of the acceleration unless the closing price of Quality s common stock is greater than \$8 per share on December 30, 2005 (the final trading day of the year).

The Compensation Committee also adopted a compensation bonus plan for Quality s fiscal year ended December 31, 2006. All of Quality s non-represented employees who are employed by Quality on the dates of the payouts under the bonus plan are eligible to participate in the bonus plan. Each eligible employee s bonus is based upon the achievement by Quality of certain earnings per share thresholds for 2006. The aggregate bonus pool is approximately \$2.1 million and would be distributed to employees based on job classification, subject to review by a committee of senior executives.

A summary of the bonus plan is attached hereto as Exhibit 10.1 and hereby incorporated by reference.
