Salem, for the preparation of the valuation reports on the net assets of the Company and TCO, TSD TLE and CRTPart at market prices, for purposes of Article 264 of Law 6,404/76.

In view of the approved resolutions, the Chairman proposed the suspension of the work of this shareholders' meeting for one hour, in order to allow the extraordinary general shareholders' meetings of TCO, TSD, TLE and CRTPart called for the date hereof 2:00 PM, to consider said Corporate Restructuring. The Chairman asked the shareholders to remain in the place of this shareholders' meeting, so that immediately after the other shareholders' meetings were held, the shareholders of the Company might finally resolve on the other matters included in the Agenda of this shareholders' meeting. The general extraordinary shareholders' meeting of the Company restarted at 2:30 PM, with the same chairman's table for the meeting and the attendance of the same shareholders and representatives of the valuation experts, representatives of the Board of Auditors and representatives of the other companies involved in the Corporate Restructuring. (f) to approve, by the majority of votes, the exchange ratios of the shares issued by TCO to be merged with the conversion of such company into a wholly-owned subsidiary, for new shares to be issued by the Company, which shall be directly distributed to the shareholders that hold the merged shares, as well as the exchange ratios of the shares issued by TSD, TLE and CRTPart to be cancelled and extinguished on account of the merger for new shares to be issued by the Company. Such ratios were determined according to the criterion provided in the Protocol approved at this shareholders' meeting, which was based on the economic values of the Company and of the other companies, valued using the same criteria, based on the discounted cash flow method, as of September 30, 2005, calculated by the independent company Goldman Sachs & Companhia, whose appointment made by the managers of the Company was ratified at this shareholders' meeting. Pursuant to the terms of the approved Protocol, it was informed that those shareholders of the companies whose shares (in case of TCO) or net assets (in case of TSD, TLE and CRTPart) were merged and that, on account of the exchange ratio, were entitled to a fraction of a share, shall receive, *pro rata* based on the fractions of each one, the net value at market prices of the grouped fractions, determined through an auction (or auctions, if the case may be), to be held at the Bolsa de Valores de São Paulo - Bovespa. Such payment to the shareholders shall be carried out within five (5) business days from the date the last auction is held.

Furthermore, the Chairman clarified that, pursuant to Article 264 of Law 6,404/76 and only for the purposes of comparing the exchange ratios resulting from the adoption of the economic value criterion by the companies in the Protocol with those resulting from the criterion of net assets at market prices, the information related to the exchange ratios based on the criterion of net assets at market prices as of September 30, 2005, calculated by Planconsult Planejamento e Consultoria, were available on the Chairman's table.

The Chairman also reminded those present that, pursuant to the terms of the Protocol, the shares to be distributed to the shareholders of TCO, TSD, TLE and CRTPart shall be entitled to the same rights of the shares issued by the Company, currently outstanding, common and preferred, including, with respect to the preferred shares, the full right to vote as long as dividends to which the preferred shares of the Company currently outstanding are entitled are not paid. The provisions of item 4.4 of the Protocol, as informed in the Relevant Fact (item 2.2) shall be observed in regard to dividends.

(g) to approve, by the majority of votes, (i) the capital increase of the Company, resulting from the merger of the shares of TCO and of the net assets of TSD, TLE and CRTPart, in the amount of R\$2,631,136,636.01, the capital stock of the Company being thereby changed to R\$6,153,506,952.73 (six billion, one hundred fifty-three million, five hundred six thousand, nine hundred fifty-two reais and seventy-threecents) and, (ii) as a result of the approved

The capital stock of the Company is now represented by 509,226,137 (five hundred nine million, two hundred twenty-six thousand, one hundred thirty-seven) common shares and 917,186,080 (nine hundred seventeen million, one hundred eighty-six thousand eighty) preferred shares, the managers of the Company being hereby authorized to carry out all the acts necessary to formalize the merger of the shares issued by TCO and of the companies TSD, TLE and CRTPart into the Company, approved hereby, before public bodies and third parties in general.

In view of the capital increase approved hereby and the consequent issuance of new shares, it was resolved to modify the reference to the capital stock in the Bylaws, the main clause of Article 5th of the Bylaws hereby being modified to read as follows:

The shareholders of the Company took note of the fact that the Corporate Restructuring was preceded by an analysis by the independent company Goldman Sachs & Companhia, pursuant to Article 30 of the Bylaws of the Company, it being the case that in the valuation report prepared by Goldman Sachs & Companhia, which was made available to all the shareholders of the companies involved in the Corporate Restructuring, it is indicated that, as the exchange ratios set by the Board of Directors of the Companies are within the ranges of exchange ratios resulting from the ranges of indications of values of the Companies extracted from the valuation report, consistently applied, equitable treatment was given to the interested companies.

Furthermore, the Chairman informed that, pursuant to Article 137, items IV to VI and Article 252, first paragraph of Law 6,404/76, the shareholders that hold common and preferred

MINUTES OF THE EXTRAORDINARY GENERAL SHAREHOLDERS

MEETING HELD ON FEBRUARY 22, 2006

December 15, 1976, for purposes of determining the value of the capital increase of TCP with the net assets of the Company to be merged, under the terms set forth in the Protocol; (ii) Goldman Sachs & Companhia, company with head office at Avenida Presidente Juscelino Kubitschek, 510, 6th floor, represented by Mr. Matheus M. Villares, Officer, for the preparation of the valuation reports on the Company and TCP, at economic values, based on the discounted cash flow method, for purposes of determining the exchange ratio of the shares issued by the Company to be extinguished for new shares to be issued by TCP and distributed to the shareholders of the Company; and (iii) Planconsult Planejamento e Consultoria, company with head office at Avenida das Nações Unidas, 13,797, Block II, 17th floor, Morumbi, ZIP code 04794-000, represented by Mr. Edgar V. Salem, for the preparation of the valuation reports on the net assets of the Company and TCP at market prices for purposes of Article 264 of Law 6,404/76.

(d) to approve, by the unanimous votes of the shareholders in attendance, representing majority of the voting shares of the Company, and without any restrictions, the Valuation Report on the net assets of the Company to be merged into TCP, based on the book value as of September 30, 2005, of R\$1,224,158,787.00 (one billion, two hundred twenty-four million, one hundred fifty-eight thousand, seven hundred eighty-seven reais) by the specialized company Deloitte Touche Tohmatsu Auditores Independentes, whose appointment was ratified by this shareholders meeting (and whose report becomes part of this instrument as Exhibit II), in such a manner as to give effect to the merger of the Company into TCP, pursuant to the provisions of Articles 227, first paragraph, of Law 6,404/76.

(e) to approve, by the unanimous votes of the shareholders in attendance, representing majority of the voting shares of the Company, the exchange ratios of the shares issued by the Company to be cancelled with the dissolution of the Company on account of the merger for new shares to be issued by TCP and attributed directly to the shareholders of the Company, which was set at 7.0294 common or preferred shares of TCP for each share of the same kind of the Company. Such ratios were set forth according to the criterion provided by the Protocol approved at this shareholders meeting, which was based on the economic values of the Company and of TCP, valued using the same criteria, based on the discounted cash flow method, as of September 30, 2005, calculated by the independent company Goldman Sachs & Companhia, whose appointment made by the managers of the Company was ratified at this shareholders meeting. Pursuant to the terms of the approved Protocol, it was informed that, those shareholders of the Company that, on account of the exchange ratio, were entitled to a fraction of a share, shall receive *pro rata* based on the fractions of each one, the net value at market prices of the grouped fractions, determined through an auction (or auctions, if the case may be), to be held at the Bolsa de Valores de São Paulo Bovespa. Such payment to the shareholders shall be carried out within five (5) business days from the date the last auction is held.

MINUTES OF THE EXTRAORDINARY GENERAL SHAREHOLDERS

MEETING HELD ON FEBRUARY 22, 2006

Furthermore, the Chairman clarified that, pursuant to Article 264 of Law 6,404/76 and only for the purposes of comparing the exchange ratios resulting from the adoption of the economic value criterion by the companies in the Protocol with those resulting from the criterion of net assets at market price, the information related to the exchange ratios based on the criterion of net assets at market price as of September 30, 2005, calculated by Planconsult Planejamento e Consultoria, were available on the Chairman's table.

As a result of the approval of the exchange ratios of the shares issued by the Company for shares to be issued by TCP, it was approved, by unanimity of votes of those in attendance, the merger of the Company into TCP and its consequent dissolution under the proposed terms, the management of the Company being authorized to carry out all the acts necessary for the formalization of the merger of the Company into TCP, approved hereby, before public bodies and third parties in general, specially the subscription of the capital increase of TCP on the account of the shareholders of the Company, pursuant to Article 227, second paragraph, of Law 6,404/76, by any of its officers or those whom they may designate.

The Chairman also reminded those present that, pursuant to the terms of the Protocol, the shares issued by TCP to be distributed to the shareholders of the Company shall be entitled to the same rights of the shares issued by TCP, currently outstanding, common and preferred, including, with respect to the preferred shares, the full right to vote as long as dividends to which the preferred shares issued by TCP currently outstanding are entitled are not paid. The provisions of item 4.4 of the Protocol, as informed in the Relevant Fact (item 2.2), shall be observed in regard to dividends of the Company and, with respect to the year 2005, the distribution of interim dividends, all as noted in the Notice to Shareholders of the Company published on December 16, 2005.

The shareholders of the Company took note of the fact that the merger of the Company into TCP was preceded by an analysis by the independent company Goldman Sachs & Companhia, it being the case that in the valuation report prepared by Goldman Sachs & Companhia, which was made available to all the shareholders of the companies involved in the Corporate Restructuring, it is indicated that, as the exchange ratios set forth by the Board of Directors of the Companies are within the ranges of exchange ratios resulting from the ranges of indications of values of the Companies extracted from the valuation report, consistently applied, equitable treatment was given to the interested companies.

Furthermore, the Chairman informed that, pursuant to Articles 136, IV, and 137, items IV and VI of Law 6,404/76, the shareholders that hold common shares of the Company and that dissented from the merger into TCP, shall be entitled to withdraw from the Company by means of the reimbursement of the shares that they are proven to have held, according to the register of the Company as of December 2, 2005, including such day, in the amount of the value of the shareholders' equity of the Company presented on the balance sheet as of September 30, 2005 of R\$37.50 per share, given that the exchange ratio of the shares of the Company for shares of TCP determined by the Protocol is better than the exchange ratio calculated based on the net assets of the Company and TCP at market prices. The preferred shareholders of the Company shall not be entitled to withdraw from the Company, since such preferred shares possess liquidity and dispersion in the market as defined in Article 137, II, a and b of Law 6,404/76. The deadline and the conditions to qualify for the exercise of said appraisal rights for common shareholders will be informed at the appropriate time by means of the publication of a Shareholders Notice.
