**For the year ended January 2, 2006**

**Explanatory Note**

Checkers Drive-In Restaurants, Inc. In accordance with Rule 12b-15 of the Securities Exchange Act of 1934, we are required to include in this Amendment each Item, as amended, in its entirety.

We are amending Item 8, Financial Statements and Supplementary Data, to correct a typographical error contained in the Report of Independent Registered Public Accounting Firm issued by KPMG LLP. The original report referred to the inclusion of an audited balance sheet for the year ended December 29, 2003. Since an audited balance sheet for the year ended December 29, 2003 is not included in the Original Filing, KPMG LLP has modified its report accordingly. We have included the modified report in this Amendment.

We are amending Item 10, Directors and Executive Officers of the Registrant, to correct a typographical error in the biography of Adam Noyes and Ron Levondosky by changing the word formally to formerly.

We are amending Item 12, Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters, to correct a typographical error (i) in footnote 4 by changing the sentence that reads, in pertinent part, Bank of America, NA reported sole and shared voting power as to 162,834 and 631 shares of Checkers common stock, respectively, to read Bank of America, NA reported sole and shared voting power as to 162,834 and 631,574 shares of Checkers common stock, respectively and (ii) in footnote 5 by deleting in its entirety the phrase and disclaimed beneficial ownership as to 996,906 shares .

Exhibit 23.1, Consent of Independent Registered Public Accounting Firm Grant Thornton, LLP, was amended to correct a typographical error with respect to the execution date, which was inadvertently dated March 16, 2006 rather than March 14, 2006.

Pursuant to Rule 12b-15 of the Securities Exchange Act of 1934, as a result of this Amendment, the certifications filed pursuant to the Sarbanes-Oxley Act of 2002, included as exhibits to the Original Filing, have been amended, restated, re-executed and re-filed as of the date of this Amendment and are included as Exhibits 31.1, 31.2, 32.1 and 32.2 hereto.

As such, we have filed the following exhibits herewith:

- 23.1 Consent of Independent Registered Public Accounting Firm - Grant Thornton, LLP.
- 23.2 Consent of Independent Registered Public Accounting Firm - KPMG LLP.
- 31.1 Certification of Chief Executive Officer pursuant to Rule 13a-14(a) and 15d-14(a) as adopted pursuant to Section 302 of the Sarbanes-Oxley Act of 2002, dated April 25, 2006.
- 31.2 Certification of Chief Financial (Accounting) Officer pursuant to Rule 13a-14(a) and 15d-14(a) as adopted pursuant to Section 302 of the Sarbanes-Oxley Act of 2002, dated April 25, 2006.
- 32.1 Certification of Chief Executive Officer pursuant to Section 906 of the Sarbanes-Oxley Act of 2002, dated April 25, 2006.
- 32.2 Certification of Chief Financial (Accounting) Officer pursuant to Section 906 of the Sarbanes-Oxley Act of 2002, dated

April 25, 2006.

Except as described above, no other changes have been made to the Original Filing and this Form 10-K/A does not amend, update or change the financial statements or any other items or disclosures in the Original Filing.

**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Board of Directors and Stockholders

Checkers Drive-In Restaurants, Inc.:

We have audited management's assessment, included in the accompanying Management's Report on Internal Control Over Financial Reporting (Item 9A(b)), that Checkers Drive-In Restaurants, Inc. maintained effective internal control over financial reporting as of January 2, 2006 based on criteria established in *Internal Control - Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). Checkers Drive-In Restaurants, Inc.'s management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting. Our responsibility is to express an opinion on management's assessment and an opinion on the effectiveness of the Company's internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, evaluating management's assessment, testing and evaluating the design and operating effectiveness of internal control, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinions.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, management's assessment, that Checkers Drive-In Restaurants, Inc. maintained effective control over financial reporting as of January 2, 2006, is fairly stated in all material respects, based on criteria established in *Internal Control - Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). Also in our opinion, Checkers Drive-In Restaurants, Inc. maintained, in all material respects, effective internal control over financial reporting as of January 2, 2006, based on the criteria established in *Internal Control - Integrated Framework* issued by the COSO.

We have also audited, in accordance with standards of the Public Company Accounting Oversight Board (United States) the consolidated balance sheet of Checkers Drive-In Restaurants, Inc. as of January 2, 2006, and the related consolidated statements of income and comprehensive income, stockholder's equity and cash flows for the year ended January 2, 2006 and our report dated March 14, 2006 expressed an unqualified opinion on those financial statements.

At January 2, 2006, there were 354 Rally's restaurants operating in 16 different states and 450 Checkers restaurants operating in 20 different states, the District of Columbia, Mexico and the West Bank. Nine states have both Checkers and Rally's restaurants. Of those restaurants, 200 were Company operated and 604 were operated by franchisees.

**c) Earnings Per Common Share** - We calculate basic and diluted earnings per share in accordance with Statement of Financial Accounting Standards No. 128, Earnings per Share. Basic earnings per share are computed by dividing net income by the weighted average number of shares of common stock outstanding during the year. Diluted earnings per common share are computed by dividing net income by the weighted average number of shares of common stock and common stock equivalents outstanding during the year.

**d) Stock Based Compensation** We have chosen to account for stock-based compensation using the intrinsic value method prescribed in Accounting Principles Board Opinion No. 25, Accounting for Stock Issued to Employees, and related interpretations (APB No. 25). We account for stock based compensation to non-employees using the fair value method prescribed by SFAS No. 123, Accounting for Stock-Based Compensation as amended by SFAS No. 148, Accounting for Stock-Based Compensation Transition and Disclosure. Accordingly, compensation costs for stock options granted to employees are measured as the excess, if any, of the value of the Company's stock at the date of the grant over the amount an employee must pay to acquire the stock. Compensation cost for stock options granted to non-employees is measured as the fair value of the option at the date of grant. Such compensation costs, if any, are amortized on a straight line basis over the underlying option vesting terms.

Edgar Filing: CHECKERS DRIVE IN RESTAURANTS INC /DE - Form 10-K/A

If the compensation cost for all option grants to employees and directors had been determined consistent with SFAS No. 123, as amended by SFAS No. 148, the Company's net income and earnings per share would have been reduced to the following pro forma amounts:

(Dollars in thousands, except per share amounts)

	For the Years Ended		
	January 2, 2006	January 3, 2005	December 29, 2003
Net income, as reported	\$ 9,170	\$ 11,491	\$ 15,783
Add: Non-cash compensation, net of related tax effects	\$ 521	\$ 337	\$ 29
Deduct: Additional stock-based compensation expense determined under fair value based method for all awards, net of related tax effects	(1,465)	(2,257)	\$ (1,089)
Pro forma net income	8,226	9,571	\$ 14,723
Earnings per share:

Diluted - as reported	\$ 0.74	\$ 0.92	\$ 1.23
Diluted - pro forma	\$ 0.67	\$ 0.77	\$ 1.14

For purposes of the pro forma disclosures assuming the use of the fair value method of accounting, the fair value of each option grant is estimated on the date of grant using the Black-Scholes option pricing model with the following assumptions:

Assumptions	2005	2004	2003
Risk-free interest rates	2.99%	1.16%	1.13%
Volatility	66%	61%	66%
Expected lives (months)	48	48	48

The Company accrues compensation costs as if all instruments granted are expected to vest. The effect of actual forfeitures is recognized as they occur. An expected dividend yield of zero percent was used for all periods based on the Company's history of not making dividend payments.

On July 12, 2005, the Company awarded 64,000 shares of stock to non-employee directors at \$13.12 per share. Non-cash compensation expense of \$839,600 was recorded in the accompanying statement of operations.

On June 17, 2004, the Company awarded 50,000 shares of stock to Non-Employee directors at \$10.87 per share. Non-cash compensation expense of \$543,500 was recorded in the accompanying statement of operations.

- e) **New Accounting Pronouncements-** In December 2004, the Financial Accounting Standards Board ( FASB ) issued Statement of Financial Accounting Standards ( SFAS ) No. 123 (revised 2004), Share-Based Payment, ( FAS 123(R) ) which addresses accounting for share-based payment transactions in which a company receives employee services in exchange for (a) equity instruments of that company or (b) liabilities that are based on the fair value of the company's equity instruments or that may be settled by the issuance of such equity instruments. FAS 123(R) requires all share-based payments to employees, including grants of employee stock options, to be recognized in the consolidated statement of operations based on their fair values. Pro-forma disclosure is no longer an alternative. The new standard will be effective for public companies in the first interim or annual reporting period beginning after June 15, 2005.

The Company will adopt Statement 123(R) on January 3, 2006, using the modified prospective method, whereby we will apply Statement 123(R) to new and modified awards beginning January 3, 2006. The modified retrospective method will not be adopted. Additionally, we will be required to recognize compensation cost as expense for the portion of outstanding unvested awards, based on the grant-date fair value of those awards calculated using the Black-Scholes option pricing model under Statement 123 for pro forma disclosures. The Company projects the compensation expense associated

with adopting FAS 123(R) will approximate \$1.2 million before taxes. This estimate applies only to options issued but not yet vested. Options issued after the effective date will increase compensation expense above this estimate. Refer to Note 1(d) of the Notes to the Consolidated Financial Statements for a pro forma calculation of the effect non-cash compensation has had on current and prior year financial results.

- f) **Cash and Cash Equivalents** - We consider all highly liquid instruments with a maturity of three months or less when purchased to be cash equivalents. Restricted cash consists of cash on deposit with various financial institutions as collateral to support the Company's obligations for workers' compensation claims.
- g) **Receivables** - Receivables consist primarily of royalties, franchise fees and notes due from franchisees. A rollforward of the allowance for doubtful receivables is as follows:

Description	Balance at Beginning of year	Additions		Deductions Charged to Other Accounts	Balance at End of Year
		Charged to Costs and Expenses	Charged to Other Accounts		
<b>Year Ended January 2, 2006</b>					
Accounts Receivable	\$ 3,692	\$	\$	\$ 168	\$ 3,524
Notes Receivable	1,345			54	1,291
	\$ 5,037	\$	\$	\$ 222	\$ 4,815
<b>Year Ended January 3, 2005</b>					
Accounts Receivable	\$ 3,930	\$ 250	\$ (250)	\$ 238	\$ 3,692
Notes Receivable	1,095		250		1,345
	\$ 5,025	\$ 250	\$	\$ 238	\$ 5,037
<b>Year Ended December 29, 2003</b>					
Accounts Receivable	\$ 3,616	\$ 333	\$ 9	\$ 28	\$ 3,930
Notes Receivable	1,081		14		1,095
	\$ 4,697	\$ 333	\$ 23	\$ 28	\$ 5,025

The majority of the Company's accounts receivables are due from franchisees for royalties, rents and other franchise fees. Accounts receivable are due within 15 days from billing and in some instances the funds are drawn directly from the franchisee's account on a predetermined day. Although the Company maintains an allowance for doubtful accounts, the majority of the balance is specifically reserved for accounts aged more than one year where collection is not expected. Prior to fiscal year 2004, the Company recorded bad debt expense on a period basis as 1.5% of total royalties. As the collection of these receivables became more certain, the Company made the decision to no longer record bad debt expense for accounts receivable. In addition to the high rate of collection, the agreements with franchisees provide remedy to the Company in the event of the franchisee's default on outstanding balances through a security interest in the assets of the business. Franchisees are considered to be in default when their accounts reach 15 days past due and are sent a termination letter when the account reaches 60 days past due. Accounts receivable are written off when it is determined that they are uncollectible or are converted into the basis in the assets that are reacquired.

Notes receivables usually consist of funds extended to franchisees as consideration for the sale of restaurants. As is with the case of accounts receivables, the majority of the allowance is specifically reserved for those notes where collection is no longer expected. The assets of the restaurants sold act as collateral for those particular notes receivable. However not all notes are collateralized. In the event of default, the Company has the option to reacquire the assets ensuring the collection of the value of the note. Interest on these notes is charged at the agreed upon rate at the time the note is executed and recognized on a period basis throughout the life of the note.

h)

**Inventory** Inventory, which consists principally of food and supplies are stated at the lower of cost (first-in, first-out (FIFO) method) or market.

i) **Property and Equipment** - Property and equipment are stated at cost. Assets under capital leases are stated at their fair value at the inception of the lease. Depreciation and amortization are computed on the straight-line method over the estimated useful lives of the assets. Leasehold improvements are depreciated over the lesser of their estimated useful lives or remaining lease term. Property and equipment held for sale includes excess restaurant facilities and land and is recorded at its estimated fair market value less disposal cost. Held for sale assets are not depreciated. The aggregate carrying value of property and equipment held for sale is periodically reviewed and adjusted downward to market value, when appropriate. Property and equipment are depreciated using the straight-line method for financial reporting purposes and accelerated methods for income tax purposes. Leasehold improvements are depreciated over the shorter of their estimated useful life, generally ten years or the remaining lease term. Expenditures for major renewals and betterments are capitalized. Maintenance and repairs are expensed as incurred.

j) **Valuation of Long-Lived Assets** We assess the impairment of long-lived assets whenever events or changes in circumstances indicate that the carrying value may not be recoverable. Factors we consider important which could trigger an impairment review include, but are not limited to, the following:

offers from current or potential franchisees for restaurants below carrying value;

significant underperformance relative to expected historical or projected future operating results; and

significant negative industry or economic trends.

Statement of Financial Accounting Standards ( SFAS ) No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets requires the write-down of certain intangibles and tangible property associated with under-performing assets. In applying SFAS No. 144, the Company assesses the impairment of long-lived assets whenever events or changes in circumstances indicate that the carrying value may not be recoverable. The events we consider for triggering our impairment review include, individual restaurant performance relative to historical and projected future operating results, as well as negative economic and industry trends that occur within the restaurant industry. Once a trigger is met, we review the historical and projected cash flows of each restaurant and perform a undiscounted cash flow analysis where indicated for each restaurant based upon such results projected over a ten year period or the remaining lease term. This period of time is selected based upon the lease term and the age of the related buildings. Impairments are recorded to adjust the asset values to fair value measured as the amount recoverable under a discounted cash flow analysis, in accordance with SFAS No. 144. We recognized impairments of property, equipment and intangible assets of approximately \$0.4 million for fiscal year 2005, \$0.1 million for fiscal year 2004 and \$0.4 million for fiscal year 2003.

k) **Valuation of Intangible Assets** We assess the impairment of intangible assets on an annual basis, including such assets as franchise rights, tradename and goodwill and whenever events or changes in circumstances indicate that the carrying value may not be recoverable. Factors we consider important which could trigger an impairment review include, but are not limited to, the following:

significant underperformance relative to expected historical or projected future operating results;

significant negative industry or economic trends;

significant decline in our stock price for a sustained period; and

our market capitalization relative to net book value.

During fiscal year 2003, the Company reversed \$29.7 million of the valuation allowance for deferred tax assets. As a result, \$23.5 million was recorded as a reduction of goodwill. During the year ended January 2, 2006, the Company made a correction to valuation allowances relating to State NOL deferred tax assets which were present at time of the Checkers/Rally s 1999 merger. This correction caused a reduction of goodwill of \$0.1 million.

Edgar Filing: CHECKERS DRIVE IN RESTAURANTS INC /DE - Form 10-K/A

We performed an initial impairment review of our intangible assets as of January 1, 2002. Subsequently, we performed annual impairment reviews at each subsequent year end. Based on these reviews, no adjustment was required. We will continue our annual evaluation, unless circumstances call for us to perform an evaluation prior to then.

Intangible assets consist of the following:

	January 2, 2006	January 3, 2005
Goodwill	\$ 3,975	\$ 4,094
Reacquired franchise rights	591	591
Tradenname	17,548	17,548
Amortizable intangible assets	1,625	1,791
<b>Intangible assets, net</b>	<b>\$ 23,739</b>	<b>\$ 24,024</b>

Amortizable intangible assets:

<b>Total amortizable intangible assets:</b>	<b>\$ 4,191</b>	<b>\$ (2,566)</b>	<b>\$ 1,625</b>	<b>\$ 4,191</b>	<b>\$ (2,400)</b>	<b>\$ 1,791</b>	

Amortization for amortizable intangible assets, for each of the next five fiscal years is as follows:

	Total
2006	\$ 163
2007	163
2008	163
2009	163
2010	163

l) **Deferred Loan Costs** - Deferred loan costs incurred in connection with the Company's primary debt facility and mortgages payable to GE Capital Franchise Finance Corporation are amortized using the effective interest method over the life of the related debt.

m) **Revenue Recognition** - Franchise fees and area development franchise fees are generated from the sale of rights to develop, own and operate restaurants. Such fees are based on the number of potential restaurants in a specific area which the franchisee agrees to develop pursuant to the terms of the franchise agreement between the Company and the franchisee and are recognized as income when substantially all of the Company's obligations per location are satisfied (generally at the opening of the restaurant). Franchise fees are nonrefundable. Franchise fees and area development franchise fees received prior to substantial completion of the Company's obligations are deferred. The Company receives royalty fees from franchisees based on a percentage of each restaurant's gross revenues. Royalty fees are recognized as earned.

Gains associated with the sale of certain Company-operated restaurants to franchisees with associated mortgages and capital leases are recognized over the life of the related obligations. During fiscal years 1999 and 2000, several Company-operated restaurants were sold to franchisees with associated mortgages and capital leases. As a result of the sales, we have recorded lease receivables for those restaurants sold which are subject to capital lease and mortgage obligations. The amount of capital lease receivables as of January 2, 2006 was approximately \$4.6 million. We have recorded deferred gains of \$2.8 million from these sales since we continue to be responsible for the payment of the obligations to the original lessors and mortgagors. The deferred gains are included in the consolidated balance sheet under the captions *Accrued liabilities* and *Deferred revenues* for \$0.3 million and \$2.5 million, respectively as of January 2, 2006 and will be recognized over the next 15 years. Additionally, the Company has deferred approximately \$0.3 million of gains in accordance with SFAS No. 66, where notes receivable were accepted as consideration for sales of certain Company-operated restaurants. These notes as well as the associated deferred gains are scheduled to be collected and recognized over the term of the notes, which are due over the next five years.

## Edgar Filing: CHECKERS DRIVE IN RESTAURANTS INC /DE - Form 10-K/A

In September 2004, the Company recorded a deferred gain of \$1.5 million in accordance with SFAS No. 98 related to the sales-leaseback transaction for three parcels of surplus property in Georgia that were swapped with three Company-operated restaurants located in Florida. The surplus reserve recorded under EITF 94-3 was recharacterized as a deferred gain for the Georgia properties acquired. The remaining \$1.3 million deferred gain will be recognized over the remaining lease term.

- n) **Advertising** - The Company expenses advertising costs as incurred. To the extent we participate in independent advertising cooperatives, we expense our contributions as incurred.
- o) **Income Taxes** - We account for income taxes under Statement of Financial Accounting Standards No. 109, Accounting for Income Taxes (SFAS 109). Under the asset and liability method of SFAS 109, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax basis. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The tax benefits must be reduced by a valuation allowance in certain circumstances. Realization of the deferred tax benefits is dependant on generating sufficient taxable income prior to expiration of any net operating loss carryforwards (NOL s). The deferred tax assets are reviewed periodically for recoverability, and valuation allowances are adjusted as necessary. Under SFAS 109, the effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.
- p) **Leases and Leasehold Assets** - The Company accounts for leases and assets associated with leased property in accordance with SFAS No. 13, Accounting for Leases. We amortize leasehold assets over the shorter of ten years or the remaining lease term. To the extent the assets are added after the initial lease start-up period, generally one year, the depreciable life may extend into a subsequent option period. Likewise, for purposes of recognizing rent expense, the Company utilizes the lease commencement date through the end of the lease or option term, unless renewal of lease options has been determined to be reasonably assured. In the instance the Company is obligated to pay rent based on a percentage of sales, such rent expense is recognized once the minimum sales volume is expected to be achieved. We have subleased, under operating leases, land associated with the sale of Company-operated restaurants. The revenue from these subleases is recorded as an offset against rent expense, as we continue to be responsible for the rent payments to the original lessors. The sublease rental income recorded for January 2, 2006, January 3, 2005 and December 29, 2003, was \$8.5 million, \$7.8 million and \$7.6 million, respectively. We have considered our exposure for both capital and operating subleases, and have recorded a loss accrual for those operating subleases with rents from tenants below the rents the Company is obligated to pay under the original lease.
- q) **Supplemental Disclosures of Cash Flow Information**

	January 2, 2006	January 3, 2005	December 29, 2003
Interest paid	\$ 2,124	\$ 2,473	\$ 2,624
Income taxes paid	\$ 419	\$ 234	\$ 104
Capital lease obligations incurred	\$	\$	\$ 203

During fiscal 2005 the Company acquired one restaurant located in the Miami, Florida market from a franchisee. During fiscal 2004, the Company acquired seven restaurants located in the Jacksonville, Florida market from a franchisee. During fiscal 2003, we acquired three restaurants from former franchisees. We also acquired the minority partner s share in a restaurant previously operated as a joint venture.

These acquisitions were recorded as follows:

	January 2, 2006	Fiscal Year Ended January 3, 2005	December 29, 2003
Fair value of assets acquired	\$ 680	\$ 1,999	\$ 1,849
Receivables forgiven		(307)	
Liabilities assumed		(877)	
Cash paid	\$ 680	\$ 815	\$ 1,849

In conjunction with the sale of restaurants in fiscal 2003 the Company accepted notes of approximately \$1.0 with maturities through December 2010.

- r) **Disclosures about Fair Values of Financial Instruments** - The carrying amounts of cash and cash equivalents, prepaid expenses, receivables, accounts payable, accrued liabilities, lease commitments and long-term debt are a reasonable estimate of their fair value, based upon their short maturity or quoted market prices. Interest rates that are currently available to the Company for issuance of debt with similar terms and remaining maturities are used to estimate fair value for debt issues that are not quoted on an exchange. However, considerable judgment is required in interpreting market data to develop the estimates of fair value. Accordingly, the estimates presented herein are not necessarily indicative of the amounts that the Company could realize in a current market exchange. The use of different market assumptions and/or estimation methodologies may have a material effect on the estimated fair value amounts.
- s) **Segment Reporting** - As of January 2, 2006, the Company and franchisees operated 200 and 604 restaurants, respectively, under either the Checkers or Rally s Hamburgers brand name, as part of a single operating segment within the quick-service restaurant industry.
- t) **Use of Estimates** - The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates. Certain of the more significant estimates include the valuation of property and equipment, intangible assets, reserves for restaurant relocations and abandoned sites, allowances for doubtful accounts and valuation of deferred tax assets and liabilities.
- u) **Reclassifications** - Certain items in the 2004 and 2003 consolidated financial statements have been reclassified to conform to the 2005 presentation.

**Note 2: ACQUISITIONS**

On October 10, 2005, the Company acquired one restaurant located in the Miami, Florida market from a franchisee. The purchase price for the restaurants totaled \$0.7 million for cash and assumed liabilities.

On April 8, 2004, the Company acquired seven restaurants located in the Jacksonville, Florida market from a franchisee. The purchase price for the restaurants totaled \$2.0 million, including \$0.8 million in cash, \$0.9 million relating to the assumption of liabilities and \$0.3 million relating to the forgiveness of amounts owed by the franchisee to the Company.

On September 9, 2003, the Company acquired three franchisee-operated restaurants located in the Tampa market. The purchase price for the restaurants, including land on which they are located, totaled approximately \$1.6 million.

On August 12, 2003, the Company acquired the minority partner s interest in a joint venture restaurant located in Tampa, Florida. The purchase price totaled approximately \$0.2 million.

**Note 3: ACCOUNTING CHARGES & LOSS PROVISIONS****Restaurant Impairment Charges**

Certain charges have been referred to as impairment of long-lived assets. These items represent estimates of the impact of management decisions, which have been made at various points in time in response to the Company's sales and profit performance, and the then-current revenue and profit strategies.

The Company recorded impairment charges of \$0.4 million for fiscal years 2005 and 2003. These charges related to the impairment of two restaurants, in each year, based on the review of their current and projected operating results. The Company recorded impairment charges of \$0.1 million during fiscal year 2004. These charges related to the impairment of drive-thru equipment deemed obsolete in 2004.

**Restaurant Retirement Costs**

During fiscal 2005, the Company recognized a benefit of \$0.6 million primarily due to re-opening a closed restaurant in the Detroit market which was previously contained in the Reserve for restaurant relocation and abandoned sites. During fiscal 2004, the Company recognized a benefit of \$0.1 million, resulting from adjustments recorded to reflect management's expectation of future obligations net of management's successful negotiation out of lease obligations previously reserved for. During fiscal 2003, the Company recognized a benefit of \$0.4 million, resulting from management's successful negotiation out of lease obligations previously reserved for. The Company remains directly obligated to make lease payments on 10 vacant sites plus four other sites which are subleased for amounts less than the Company's original lease obligation. While the lease agreements do allow the Company to sublease the property, they do not allow for cancellation.

The following table summarizes the components of the charges for restaurant retirement costs and impairment charges:

Description	Balance at Beginning of Year	Expense Additions and Changes in Estimate	Cash Outlays	Asset Write-Offs and Other Changes	Balance at End of Year
<b>Year ended January 2, 2006</b>					
Impairment of long-lived assets	\$	\$ 421	\$	\$ (421)	
Accrual for closed restaurant expenses presented as restaurant retirement costs	4,111	(796)	(788)	(317)	2,210
	\$ 4,111	\$ (375)	\$ (788)	\$ (738)	\$ 2,210
<b>Year ended January 3, 2005</b>					
Impairment of long-lived assets	\$	\$ 56	\$	\$ (56)	\$
Accrual for closed restaurant expenses presented as restaurant retirement costs	5,601	(329)	(1,161)		4,111
	\$ 5,601	\$ (273)	\$ (1,161)	\$ (56)	\$ 4,111
<b>Year ended December 29, 2003</b>					
Impairment of long-lived assets	\$	\$ 361	\$	\$ (361)	\$
Accrual for closed restaurant expenses presented as restaurant retirement costs	7,728	(446)	(1,681)		5,601
	\$ 7,728	\$ (85)	\$ (1,681)	\$ (361)	\$ 5,601

The ending balance each year in the reserves for restaurant relocations and abandoned sites consists of our estimates for the ongoing costs of each restaurant which has been closed or was never developed. Those costs include rent, property taxes, and in some cases, the cost to relocate the modular restaurant to a storage facility. The cash outlays for these costs have been estimated for various terms ranging from less than one year to 11 years. In some instances, the properties are either subleased or have the potential to be subleased for an amount less than the obligation. In these cases, the amount of the initial reserve is reduced by either the actual amounts collected or an estimate based on local market conditions.

Although all additions or reductions are charged to Restaurant retirement costs, this expense category also includes other expenses. Other expenses in this category totaled \$0.2 million in both 2005 and 2004, \$0 in 2003.

#### Note 4: RELATED PARTY TRANSACTIONS

The Company has had transactions with certain companies or individuals, which are related parties by virtue of having stockholders in common, by being officers/directors or because they are controlled by significant stockholders or officers/directors of the Company.

The Company and its franchisees each pay a percentage of sales to the Checkers/Rally's National Production Fund, Inc. (the Fund), established for the purpose of creating and producing advertising for the chain. The Fund is not included in the consolidated financial statements, although the Company's contributions to the Fund are included in the advertising expenses in the consolidated statements of operations. Additionally, certain Company-operated restaurants and franchises participate in similar advertising co-ops, which are accounted for similarly to the Fund.

During 2005, a sibling of Adam Noyes, Vice-President of Purchasing and Operations Services, purchased a franchise from an existing franchisee of Checkers. The franchise royalties paid by such sibling of Adam Noyes to Checkers during 2005 were approximately \$53,000. The franchise agreement between the Company and sibling was a standard agreement without any special terms or conditions.

During 2005, 2004, and 2003, we incurred \$22,000, \$107,000 and \$26,000, respectively in legal fees related to the Mittman litigation and other Corporate matters to the law firm of Christensen, Miller, Fink, Jacob, Glaser, Weil and Shapiro for which a Director of the Company, Terry N. Christensen, is a partner.

During 2003, the Company engaged Peter O Hara, one of its current Directors, to provide temporary consulting services at a monthly fee of \$12,000. Fees for fiscal 2003 were \$48,000.

#### Note 5: LEASE RECEIVABLE

As a result of the sale of Company-operated restaurants in 2000 and 1999, we have recorded capital lease receivables for those restaurants sold which are subject to capital lease and mortgage obligations. The amount of capital lease receivables as of January 2, 2006 was approximately \$4.6 million. As of January 2, 2006, we have deferred gains of \$2.8 million from these sales since we continue to be responsible for the payment of these obligations to the original lessors and mortgagors. The gains are being recognized over the remaining life of the related capital leases, approximately 14 years. The deferred gains are included in the consolidated balance sheets under the captions Accrued liabilities and Deferred revenue for \$0.3 million and \$2.5 million, respectively, as of January 2, 2006, and \$0.4 million and \$2.8 million as of January 3, 2005.

We have subleased, under operating leases, land associated with the sale of Company-operated restaurants. The revenue from these subleases is recorded as an offset against rent expense, as we continue to be responsible for the rent payments to the original lessors. The sublease rental income recorded for January 2, 2006, January 3, 2005 and December 29, 2003, was \$8.5 million, \$7.8 million and \$7.6 million, respectively. We have considered our exposure for both capital and operating subleases, and have recorded a loss accrual for those operating subleases with rents from tenants below the rents the Company is obligated to pay under the original lease.

Following is a schedule, for the next five years and thereafter, of future minimum lease payments receivable for operating leases at January 2, 2006:

**Note 9: INCOME TAXES**

The Company accounts for income taxes in accordance with the provisions of SFAS No. 109, Accounting for Income Taxes. SFAS No. 109 requires the Company to recognize income tax benefits and liabilities for loss carryforwards and other income tax assets and liabilities. The tax benefits must be reduced by a valuation allowance in certain circumstances. Realization of the deferred tax benefits is dependant on generating sufficient taxable income prior to expiration of any net

operating loss carryforwards (NOL s). The deferred tax assets are reviewed periodically for recoverability, and valuation allowances are adjusted as necessary. Management believes it is more likely than not that the recorded deferred tax assets, net of valuation allowance provided, will be realized.

Under the provisions of SFAS No. 109, the components of the deferred income tax assets and liabilities recognized in the Company s Consolidated Balance Sheet at January 2, 2006 and January 3, 2005 were as follows (in thousands):

	January 2, 2006	January 3, 2005
Deferred tax assets:		
Net operating loss carryforwards	\$ 40,615	\$ 42,026
Accruals, reserves and other	7,952	7,424
Alternative minimum tax and tax credit carryforward	2,176	2,081
<b>Deferred tax assets</b>	<b>\$ 50,743</b>	<b>\$ 51,531</b>
Deferred tax liabilities:		
Difference between book and tax basis of property, equipment and intangibles	\$ (9,108)	\$ (5,337)
Other	(161)	(81)
<b>Deferred tax liabilities</b>	<b>\$ (9,269)</b>	<b>\$ (5,418)</b>
	41,474	46,113
<b>Less valuation allowance</b>	<b>(29,428)</b>	<b>(30,125)</b>
<b>Net deferred tax assets</b>	<b>\$ 12,046</b>	<b>\$ 15,988</b>

The deferred tax asset related to net operating loss (NOL) carryforwards represents the tax effect for total NOL s created in prior years at a 35% rate for federal NOL s and all applicable rates for state NOL s.

As a result of the Merger in 1999, both companies (Checkers and Rally s) experienced an ownership change as defined by Internal Revenue Code Section 382. Pursuant to IRC Section 382, the surviving entity or post-merger Checkers is significantly limited in utilizing the net operating loss carryforwards that were generated before the Merger to offset taxable income arising after the ownership change. As of August 9, 1999 Rally s and Checkers had pre-merger federal net operating loss carryforwards of approximately \$52.7 million and \$67.0 million, respectively for a combined total of \$119.7 million. Federal taxable income over the past six years has reduced the remaining carryforward to \$94.2 million. We believe that the limitations imposed by IRC Section 382 restrict the prospective utilization of the remaining pre-merger federal net operating loss carryforwards to approximately \$20.5 million the life of the net operating losses. The remaining pre-merger federal net operating loss carryforwards of \$73.7 million expire before becoming available under these limitations. As a result the valuation allowance has been specifically attached to these NOL s and not allocated to all deferred tax assets. The federal and state net operating loss carryforwards are subject to limitation in any given year and will expire through 2018 based upon the year originally incurred. The Company has approximately \$7.8 million of post-merger federal net operating loss carryforward available through 2020, and approximately \$2.1 million of federal alternative minimum tax credit carryforwards available indefinitely. In addition to the federal NOL s available, the Company has similar NOL s available in many of the states that it currently operates in. These NOL s are subject to similar IRC Section 382 limitations in many of those states.

Management believes that it is more likely than not that the net deferred tax assets will be realized, as a result of the Company s improved operating results for the past four years, net changes in temporary differences, the utilization of net operating losses, and projected future operating results.

The following transactions affected the deferred tax assets for the periods indicated:

	January 2, 2006	Fiscal Year Ended January 3, 2005	December 29, 2003
Cummulative effect of change in accounting principle	\$	\$	\$ 17
Goodwill, for initial recognition of acquired tax benefits that previously were included in the valuation allowance	\$ (119)	\$	\$ (23,508)
Stockholders' equity, for compensation expense for tax purposes in excess of amounts recognized for financial reporting purposes.	\$ (1,134)	\$ (296)	\$ (784)

Income tax expense (benefit) from continuing operations consists of the following:

	January 2, 2006	Fiscal Year Ended January 3, 2005	December 29, 2003
Current-State	\$	\$ 109	\$ 66
Current-Federal	74	514	158
	74	623	224
Deferred - State	38	728	(87)
Deferred - Federal	5,157	4,803	(323)
	5,195	5,531	(410)
Total income tax expense (benefit)	\$ 5,269	\$ 6,154	\$ (186)

The significant components of deferred income tax expense (benefit) attributable to income from continuing operations are as follows:

	January 2, 2006	Fiscal Year Ended January 3, 2005	December 29, 2003
Deferred tax expense (benefit) (exclusive of the effects of other components listed below)	\$ 5,773	\$ 5,593	\$ 5,784
Charge in lieu of taxes resulting from initial recognition of acquired tax benefits that are allocated to reduce goodwill related to the acquired entity	119		23,508
(Decrease) increase in the beginning-of-the-year balance of the valuation allowance for deferred tax assets	(697)	(62)	(29,702)
Total deferred income tax expense (benefit)	\$ 5,195	\$ 5,531	\$ (410)

The total tax benefit for 2003 is primarily the result of the reversal of \$29.7 million of the valuation allowance and the deduction for stock options charged directly to equity of \$784,000. Since the deferred tax assets of pre-merger Checkers Drive-In Restaurants, Inc. (Pre-merger Checkers) had a 100% valuation allowance recorded against them, the reversal of the valuation allowance related to all Pre-merger Checkers deferred tax assets existing on the merger date reduced goodwill originally recorded for the merger transaction. As a result of the reversal of the valuation allowance, goodwill was reduced by \$23.5 million and a benefit from income taxes was recorded for \$6.2 million.

During the year ended January 3, 2005, the Company identified certain previously unrecognized deferred tax assets and deferred tax liabilities which existed at the August 9, 1999 merger date that increased goodwill and decreased net deferred tax assets by approximately \$3.1 million as of January 3, 2005.

During the year ended January 2, 2006, the Company made a revision to valuation allowances relating to State NOL deferred tax assets which were present at time of the Checkers/Rally's 1999 merger. This revision resulted in a reduction of goodwill of \$0.1 million.

The Company's income tax paid represents income taxes assessed for federal alternative minimum tax and at the state level for states where the Company does not have any available net operating losses available or the state has suspended the use of net operating losses during those years.

The following is a reconciliation of the income tax expense (benefit) computed by applying the federal statutory income tax rate to net income (loss) before income taxes to the income tax provision shown on the Consolidated Statements of Income:

	Fiscal Year Ended		
	January 2, 2006	January 3, 2005	December 29, 2003
Federal expense computed at 35%	\$ 5,054	\$ 6,176	\$ 5,477
State and local income taxes, net of federal income tax expense	436	544	507
Permanent differences and other	319	(504)	24
Change in deferred tax asset valuation allowance allocated to income tax (benefit)	(540)	(62)	(6,194)
<b>Total income tax expense (benefit)</b>	<b>\$ 5,269</b>	<b>\$ 6,154</b>	<b>\$ (186)</b>

\$0.1 million of the change in valuation allowance was, in part, associated to Goodwill, rather than income tax benefit as the adjustment related to NOL's which were associated with pre-merger losses. The resulting change in valuation allowance was \$0.7 million related to federal and state net operating loss (NOL) carryforwards and is presented in the significant components of deferred income tax expense (benefit) attributable to income from continuing operations table above.

**a) Stock-Based Compensation Plans** In 1994, the Company adopted a Stock Option Plan for Non-Employee Directors, as amended (the Directors Plan). The Directors Plan was amended on August 6, 1997 by the approval of the Company's stockholders to increase the number of shares subject to the Directors Plan from 16,667 to 416,667. It provided for the automatic grant to each non-employee director upon election to the Board of Directors a non-qualified, ten-year option to acquire shares of the Company's common stock, with the subsequent automatic grant on the first day of each fiscal year thereafter during the time such person is serving as a non-employee director of a non-qualified ten-year option to acquire additional shares of common stock. Prior to the August 6, 1997 amendment, one-fifth of the shares of common stock subject to each initial option grant became exercisable on a cumulative basis on each of the first five anniversaries of the grant of such option. One-third of the shares of common stock subject to each subsequent option grant became exercisable on a cumulative basis on each of the first three anniversaries of the date of the grant of such option. Each Non-Employee Director serving on the Board as of July 26, 1994 received options to purchase 1,000 shares. Each new Non-Employee Director elected or appointed subsequent to that date also received options to purchase 1,000 shares. Each Non-Employee Director has also received additional options to purchase 250 shares of Common Stock on the first day of each fiscal year. On August 6, 1997 the Directors Plan was amended to provide: (i) an increase in the option grant to new Non-Employee Directors to 8,333 shares, (ii) an increase in the annual options grant to 1,667 shares and (iii) the grant of an option to purchase 25,000 shares to each Non-Employee Director who was a Director both immediately prior to and following the effective date of the amendment, and includes up to 5,000,000 shares. Options granted to Non-Employee Directors on or after August 6, 1997 are exercisable immediately upon grant. On September 15, 2000, the Directors Plan was amended a second time to provide for a special one-time grant of 550,000 options to the members of the Board of Directors. It was also amended to allow the Board of Directors to make additional discretionary grants under the directors' plan, at their sole discretion.

On September 26, 2001 the Company adopted the 2001 stock option plan ( 2001 Plan ), approved by the shareholders at the 2001 shareholders meeting. The 2001 Plan provides for the granting of incentive stock options, nonqualified stock options, stock appreciation rights and restrictive shares to eligible salaried individuals. The number of shares eligible for the plan is 1,500,000.

The 2001 Plan and the Directors Plan provide that the shares granted come from the Company's authorized but unissued or reacquired common stock. The exercise price of the options granted pursuant to these Plans will not be less than 100 percent of the fair market value of the shares on the date of grant. An option may vest and be exercisable immediately as of the date of the grant and all options will expire after ten years from the date granted.

As of January 2, 2006, there are 30,089 securities available for future issuance under the 2001 Stock Option Plan. The availability to issue additional options under the 1994 Directors Plan for Non-Employee Directors has expired.

On May 25, 2004, the shareholders approved the 2004 Stock Award Plan for Non-Employee Directors. All options granted under the 2004 Plan will be non-qualified stock options that do not qualify as incentive stock options, as defined in Section 422 of the Internal Revenue Code of 1986, as amended (the Code ).

Each Non-Employee director who is currently serving on the Company's Board of Directors will be automatically granted a stock award annually, on the effective date of the 2004 Plan, of 10,000 shares of common stock; subject, however, to such restrictions as to vesting, forfeiture, resale or other terms and conditions as may be imposed by the Committee at the time of the award. Each non-employee director that is elected to the Board of Directors after May 25, 2004 will be awarded annually, on the effective date of the 2004 Plan, 7,000 shares of common stock; subject, however, to such restrictions as to vesting, forfeiture, resale or other terms and conditions as may be imposed by the Committee at the time of such award. The first stock grant took place on June 17, 2004, with the five Non-Employee directors each receiving 10,000 shares of stock at \$10.87 per share, resulting in non-cash compensation expense in the third quarter 2004 of \$0.5 million. On July 12, 2005 64,000 shares of stock were granted to the Board of Directors under this plan at \$13.12 per share.

During the fourth quarter of 2005, the Company recorded a recovery of \$0.8 million related to the re-opening of a closed restaurant in the Detroit market which was previously reserved for in the Reserve for restaurant relocation and abandoned sites. This benefit was partially offset by expenses related to closed restaurants. In addition, a benefit of \$0.7 million was recognized as an adjustment to the reserve for workers compensation claims, based on actuarial estimates.

During the fourth quarter of 2004, the Company recorded a recovery of \$2.0 million of legal expenses related to the successful outcome of the Mittman litigation, which was partially offset by \$0.9 million for increased fees related to Sarbanes-Oxley compliance and a \$0.9 million adjustment to depreciation and disposals for leasehold assets.

During the fourth quarter of 2003, a gain on the sale of property and equipment of \$1.5 million was recognized and was primarily due to the sale of 22 restaurants in the California, Phoenix and Nashville markets. In addition, the Company's recorded an income tax benefit in the fourth quarter of 2003, which represents current tax expense of \$224,000 and a deferred tax benefit of \$410,000 (See note 9).

**Note 12: COMMITMENTS AND CONTINGENCIES**

- a) **Lease Commitments** - The Company leases land and buildings generally under agreements with terms of, or renewable to, 10 to 20 years. Some of the leases contain contingent rental provisions based on percentages of gross sales. The leases generally obligate the Company for the cost of property taxes, insurance and maintenance. Rent expense, net of sublease rental income (See note 5), totaled \$8.0 million, \$8.7 million and \$10.0 million in 2005, 2004 and 2003, respectively. The Company is the sublessor on 173 operating leases and the lessor on 13 owned properties.

Following is a schedule, by year, of future minimum lease commitments for operating leases at January 2, 2006:

Year	Amount
2006	\$ 17,843
2007	15,983
2008	13,083
2009	9,646
2010	7,523
Thereafter	33,793
<b>Total</b>	<b>\$ 97,871</b>

These commitments also include minimum rent payments of \$2.2 million for properties which have been accrued for as part of the reserve for restaurant relocations and abandoned sites as of January 2, 2006.

- b) **Self Insurance** - The Company was partially self-insured for workers' compensation claims up to \$250,000 per occurrence and \$3.5 million in aggregate. We utilize third party actuarial experts' estimates of expected losses based on statistical analyses of historical industry data as well as our own estimates based on our actual historical data. These assumptions are adjusted when warranted by changing circumstances. Should a greater number of claims occur compared to what was estimated or the cost of those claims is higher than anticipated, reserves might not be sufficient and additional expense may be recorded. Should the actual experience be more favorable than estimated, a resulting expense reduction may be recorded. The Company is partially self-insured for general liability up to \$100,000 per claim and automotive liability losses subject to per occurrence and aggregate annual liability limitations as well. The Company maintained \$4.2 million and \$3.8 million in restricted cash as of January 2, 2006 and January 3, 2005, respectively, as collateral securing self-insured workers' compensation claims until they are settled. The Company is also self-insured, subject to umbrella policies, for health care claims for eligible participating employees subject to certain deductibles and limitations.
- c) **Employment Contracts** - Effective September 15, 2005 the Company approved an amendment to the employment agreement with its Vice President of Purchasing and Operation Services. The Vice President of Purchasing and Operation Services' agreement, dated September 19, 2003, was amended to provide that his annual salary, as of September 15, 2005, be increased to Two Hundred and Twenty-Five Thousand Dollars (\$225,000). Effective November 8, 2004, the Company approved an amendment to the employment agreement with its Chief Executive Officer. The Chief Executive Officer's employment agreement dated September 26, 2003, was amended to: (a) extend the initial term of employment until September 25, 2006; (b) increase (retroactively to September 26, 2004) his annual salary to Three Hundred Fifty Thousand Dollars (\$350,000); and (c) grant him, effective at the close of business on November 8, 2004, 30,000 options to be issued pursuant to the Company's 2001 Employee Stock Option Plan. The options granted vest proportionately over three years, unless the officer is terminated for reason other than cause. In such case, the options vest immediately and the executive shall have two years from date of termination to exercise the options. Both Officers are entitled to participate in the Company's incentive bonus plan. Both agreements may be terminated at any time for cause. The agreements contain confidentiality and non-competition provisions.
- d) **Litigation - *Greenfelder et al. v. White, Jr., et al.*** On August 10, 1995, a state court complaint was filed in the Circuit Court of the Sixth Judicial Circuit in and for Pinellas County, Florida, Civil Division, entitled Gail P. Greenfelder and Powers Burgers, Inc. v. James F. White, Jr., Checkers Drive-In Restaurants, Inc., Herbert G. Brown, James E. Mattei, Jared D. Brown, Robert G. Brown and George W. Cook, Case No. 95-4644-CI-21. A companion complaint was also filed in the same Court on May 21, 1997, entitled Gail P. Greenfelder, Powers Burgers of Avon Park, Inc., and Power Burgers of Sebring, Inc. v. James F. White, Jr., Checkers Drive-In Restaurants, Inc., Herbert G. Brown, James E. Mattei, Jared D. Brown, Robert G. Brown and George W. Cook, Case No. 97-3565-CI-21. The Complaints, as amended, assert a number of claims for relief, including claims for breach of contract, fraudulent inducement to contract, post-contract fraud, breaches of implied duties of good faith and fair dealings in connection with various franchise agreements and an area development agreement, battery, defamation, negligent retention of employees, and violation of Florida's Franchise Act. During the pendency of the actions, the corporate plaintiffs were obligated to deposit into an escrow account created pursuant to a stipulated court order all National Production Fund (NPF) contributions and royalty fees due the Company in accordance with the applicable franchise agreements.

Edgar Filing: CHECKERS DRIVE IN RESTAURANTS INC /DE - Form 10-K/A

On September 9, 2005, the Company settled the above referenced litigation for a recovery amounting to \$0.8 million. On October 13, 2005, pursuant to the terms of the settlement agreement, both complaints were dismissed, with prejudice.

Checkers Drive-In Restaurants, Inc. and Checkers of Puerto Rico, Inc. v. Suncheck I, Inc., Suncheck III, Inc., Suncheck IV, Inc., Suncheck X, Inc., Swaincheck, Inc., Starcheck Corporation, A&E Burgers, Inc., Suncheck Ponce II, Inc., Mooncheck of Puerto Rico, Inc., Villanueva, Inc., Executive Restaurant Management, Inc., Cerex Investments, Inc., Ratito, Inc., Antunez & Sons Produce, Inc., Mark Antunez, Mario Rivera, Raul Ramirez, a/k/a Raul Ramirez Fernandez, a/k/a Raul Jose Ramirez Fernandez, Ronald Rivas, Carlos Del Pozo, a/k/a Carlos Del Pozo Carafa, Robert E. Swain, Benedetto A. Cerilli Family Trust, Raul Cal, Jorge Tirado, Jose Toro, Jerry Algarin, Jimmie Algarin, Lilitana Algarin, Angel Sanchez, Rene Mercado, Marisol Mercado, Ingacio Arias, Carmen Martinez, Juan Carrion, Luis Cortez, Sr., Luis Cortez, Jr., Alfredo Ramirez, Miquel Perez Comas, a/k/a Miquel Perez, James Dooley, Ruben Lugo, Edgar Ortiz, Benigno Contreras, Jr., and Sebastian Estarellas. In November 2000, Checkers initiated this arbitration proceeding to recover unpaid royalties and advertising fees from former franchisees in Puerto Rico and the respective personal guarantors. Some of the respondents filed a counterclaim seeking in excess of three million dollars in damages under contract and tort theories. On February 20, 2004, the arbitration tribunal entered an Order on Checkers' Amended Motion to Dismiss Amended Counterclaim (the Order). In the Order, the tribunal: (1) dismissed two of the seven counts asserted against Checkers in the Counterclaim; and (2) granted Checkers' Motion to Dismiss with respect to portions of each of the remaining counts in the Counterclaim. The tribunal also ruled that there is no basis for imposing liability on Checkers for the acts or omissions of Suncheck of Puerto Rico, Inc. The counterclaimants voluntarily dismissed a third count, and filed a motion seeking to amend the Counterclaim to replead the count, which was denied. This case was consolidated with Suncheck X, Inc. and Executive Restaurant Management, Inc., Claimants v. Checkers Drive-In Restaurants, Inc., Suncheck Corporation and Checkers of Puerto Rico, Inc. Checkers denies the allegations of the counterclaims and is vigorously defending the proceedings. The final arbitration hearing began on September 20, 2005. The final hearing could not be completed within the time originally allotted for the final hearing. The final hearing concluded on February 24, 2006. The panel has thirty (30) days from the end of the hearing to issue a ruling. The Company does not expect to incur any significant loss associated with this matter.

Checkers Drive-In Restaurants, Inc. v. The Data Broker LLC and The NTI Corporation d/b/a Chase Communications. On March 1, 2005, Checkers Drive-In Restaurants, Inc. filed this lawsuit in the Circuit Court for the Thirteenth Judicial Circuit in and for Hillsborough County, Florida. In its two count Complaint, Checkers asserted a claim for interpleader and sought injunctive relief to enjoin the defendants from interfering with the frame relay services being provided to Checkers. Checkers filed the lawsuit because both of the defendants were: (1) making conflicting demands for payment from Checkers for the network service; and (2) threatening to disrupt, and were disrupting Checkers' network services. The NTI Corporation d/b/a Chase Communications (Chase) filed a Counterclaim against Checkers for breach of contract. Chase was seeking damages from Checkers in the amount of \$119,540. Checkers vigorously denied the allegations in Chase's Counterclaim. Two additional parties, Unique Communications, Inc. (Unique) and MCI, Inc. moved to intervene in this case. Although the Court permitted Unique and MCI to intervene, the Court limited the extent of their participation. Neither Unique nor MCI formally asserted any claims against Checkers. However, near the conclusion of the litigation MCI made an informal demand to Checkers for payment in excess of \$225,000 for network services. Checkers denied any liability to MCI. Checkers is not aware of any formal efforts MCI has taken to pursue its claim for payment.

Checkers, The Data Broker, LLC and Chase entered into a Stipulation whereby the parties agreed to the disbursement of the interpled funds, among other things. On December 22, 2005, the entire action, including the Complaint, counterclaims and crossclaims, was dismissed with prejudice.

KWJ, Inc. v. Checkers Drive-In Restaurants, Inc. On January 25, 2006, the Company sent KWJ, Inc. (KWJ), a franchisee in Chicago, Illinois operating a single restaurant, a notice of termination of its franchise agreement dated May 19, 2000, for failure to pay amounts owed to the Client pursuant to a promissory note dated January 1, 2002. On or about January 30, 2006, KWJ filed a Complaint in Arbitration against the Company with the American Arbitration Association, AAA Case No. 33 114 Y 00035 06. The Complaint in Arbitration seeks damages in excess of \$5,000,000 for alleged breach of the franchise agreement and alleged violation of the Illinois Franchise Disclosure Act. The Complaint in Arbitration asserts that the Company failed to disclose certain information regarding use and administration of the National Production Fund (NPF), failed to properly use and account for NPF funds in accordance with the franchise agreement and for the specific benefit of KWJ, and interfered with KWJ's right to transfer the franchise. The Company disputes the factual and legal basis of the claims asserted in the Complaint for Arbitration and intends to vigorously defend this matter. The Company does not expect to incur any significant loss associated with this proceeding.

Pipefitters Local No. 636 Defined Benefit Plan v. Checkers Drive-In Restaurants Inc et. al. On March 3, 2006, the Registrant was notified that a state court civil action had been filed against it and all of the members of the Registrant's Board of Directors in the Hillsborough County, Florida Circuit Court. The style of the action is Pipefitters Local No. 636 Defined Benefit Plan v. Checkers Drive-In Restaurants Inc et. al. Case No. 06-CA-001825.

Plaintiff's complaint alleges that each of seven individual defendants, collectively comprising all of the members of Registrant's Board of Directors, individually breached the fiduciary duties owing to shareholders by voting to approve a merger agreement with Taxi Holdings Corp. (Taxi Holdings), an affiliate of Wellspring Capital Management LLC, a private equity firm, and Taxi Acquisition Corp., a wholly owned subsidiary of Taxi Holdings Corp. If the merger agreement is hereafter approved by the Registrant's shareholders, the Registrant will

emerge as a wholly-owned subsidiary of Taxi Holdings Corp. and its shareholders will receive cash consideration of \$15.00 per common share owned in exchange for their shares of the Registrant. A separate count alleges that the Registrant aided and abetted the individual defendants breach of fiduciary duties.

The complaint seeks, among other relief, the court's designation of class action status, a declaration that entry into the merger agreement was in breach of the defendants' fiduciary duties and therefore was unlawful and unenforceable, and entry of an order enjoining the defendants from taking further action to consummate the proposed merger. The Registrant's Board of Directors is of the unanimous belief that the Plaintiff's action is without merit, and intends for the Registrant and themselves to vigorously defend against it.

*Checkers Drive-In Restaurants Inc v. Titan Holdings, Inc. and Mark Mitchell*. On October 27, 2005, Checkers sent a Formal Notice of Default to Titan Holdings, Inc. ( Titan ), the operator of sixty-two (62) franchised locations pursuant to three (3) separate franchise agreements. Titan failed to timely cure the monetary defaults set forth in the Formal Notice of Default. On November 10, 2005, Checkers sent a Formal Notice of Termination to Titan, pursuant to which the three (3) franchise agreements were terminated. On December 1, 2005, Checkers, Titan and Titan's lender entered into a Post Termination Cure Agreement, which, among other things, provided an opportunity for Titan to make a post termination cure of the amounts owed to Checkers and granted Titan a temporary license to operate the Checkers® restaurants during the interim time period. Titan defaulted in the payments owed under the Post Termination Cure Agreement and the temporary license granted thereunder automatically terminated.

On March 7, 2006, Checkers filed a Complaint for Injunctive Relief and Damages (the Complaint ) against Titan and Mark Mitchell in the United States District Court for the Middle District of Florida, Tampa Division, Case No. 8:06-cv-367-T-26TGW. The Complaint seeks injunctive relief and damages for breach of contract, trademark infringement, trade dress infringement and unfair competition. On March 8, 2006, the Tampa Division transferred the case to the Orlando Division and it was assigned Case No. 6:06-cv-300-ORL-28KRS. Oral argument on the pending motion for temporary injunction is scheduled for March 27, 2006.

On March 7, 2006, Checkers also began the process of initiating state court eviction actions in Florida, Alabama and Mississippi with respect to sixty (60) of the locations that were either leased or subleased by Titan from Checkers.

We are involved in various other claims and legal actions arising in the ordinary course of business. In the opinion of management, the ultimate disposition of these matters will not have a material adverse effect on our consolidated financial position, results of operations or liquidity.

#### **Note 13: IMPACT OF HURRICANE KATRINA**

During the last week of August 2005, restaurants in Florida, Louisiana, Mississippi and Alabama were affected by Hurricane Katrina. Thirty-five Company-owned restaurants and 33 franchised locations experienced closings as the hurricane approached and passed through these states. Most of the restaurants impacted by this hurricane suffered only minimal damage and have reopened. As of the date of this filing, one franchise and seven Company-owned restaurants (all in the New Orleans market) remain closed as a result of this hurricane. The Company estimates that the impact to sales due to closures was \$3.8 million. The Company has property and business interruption insurance coverage for these sites and records insurance recoveries when property losses become known and insurance recoveries are probable. Insurance recoveries for business interruption claims are recognized when all contingencies associated with those claims are resolved. The assets related to four sites deemed a total loss in New Orleans have been disposed of in the fourth quarter of 2005. The Company recorded a loss for insurance deductible of \$300,000 in Loss on Sale of Assets and received insurance proceeds of \$1.0 million for property damage related to Hurricane Katrina during the year ended January 2, 2006. An additional \$0.1 million in insurance receivables remained outstanding in Accounts, notes and leases receivable, net .

The Company has repaired buildings and replaced equipment as expeditiously as possible. Training and Human Resource personnel were deployed to recruit and train crew and restaurant management. The Company believes the regional limitations to employ staff and reopen the impacted restaurants will affect our results of operations during 2006. Earnings in 2006 will also be impacted by the timing and amount of insurance recoveries.

On September 13, 2005, the Company and its franchisee partners announced the establishment of the Checkers/Rally's Employee Relief Fund, Inc, a not-for-profit corporation, ( the Employee Relief Fund ) to aid both Company and franchised-restaurant employees who were impacted by Hurricane Katrina. The Company made an initial donation of \$25,000 to the Employee Relief Fund. The Employee Relief Fund is accepting voluntary donations from vendor partners, franchisees, employees and the public. Distributions from the Employee Relief Fund are underway to those employees most in need. The Employee Relief Fund is not a consolidated subsidiary of Checkers Drive-In Restaurants, Inc.

#### **Note 14: SUBSEQUENT EVENTS**

## Edgar Filing: CHECKERS DRIVE IN RESTAURANTS INC /DE - Form 10-K/A

On February 17, 2006, the Company announced an Agreement and Plan of Merger with Taxi Holdings Corp., an affiliate of Wellspring Capital Management, LLC, a private equity firm and Taxi Acquisition Corp., a wholly owned subsidiary of Taxi Holdings Corp., to purchase the Company for \$15.00 per share. The total transaction value is approximately \$188 million, including the assumption of Checkers' debt. The acquisition agreement has been approved by the Checkers Board of Directors and by the Special Committee of the Board formed to explore strategic alternatives, and is expected to close in the second quarter of 2006. The Agreement and Plan of Merger is filed as Exhibit 2.1 to the Company's Current Report on Form 8-K/A filed with the SEC on February 22, 2006.

On February 28, 2006, the Company acquired five franchise-owned restaurants located in the Daytona, Florida market. The purchase price for the restaurants totaled \$2.1 million. The assets purchased were five (5) franchisee-owned restaurants, one (1) of which was sold in fee to the Company and four (4) of which were leased locations which were assigned to the Company. The purchased assets also included food inventory, paper goods, equipment and the five (5) modular buildings associated with these locations.

On February 28, 2006, the Company acquired seven franchisee-owned restaurants located in the Tallahassee, Florida market. The purchase price for the restaurants, including land on which they are located, totaled \$1.0 million. The assets

purchased were seven (7) franchisee-owned restaurants, two (2) of which were sold in fee to the Company and five (5) of which were leased locations which were assigned to the Company. The purchased assets also included food inventory, paper products, equipment and the seven (7) buildings associated with these locations.

Subsequent to year end, Titan Holdings, Inc. ( Titan ), the operator and franchisee of sixty-two franchised locations in Mobile, Alabama, West Palm Beach and Orlando, Florida market areas defaulted on the payments owed under a Post Termination Cure Agreement ( Agreement ). The Agreement allowed Titan temporary license to operate the franchised Checkers® restaurants during the interim Agreement period. As of January 2, 2006, the Company had receivables associated with Titan including \$2.9 million of accounts and notes receivable and \$2.6 million of capital lease receivables. The Company also has \$1.3 million in Deferred revenue associated with the sale of the then Company-operated restaurants to Titan on March 30, 2000 for \$10.3 million in cash and notes. The Company has collected \$0.3 million of the amounts outstanding at year end, and no reserve for the uncollected net asset balance of \$4.2 million has been established as of the balance sheet date.

The Company is currently examining and considering various options, including acquisition and operation of the restaurants by the Company or by new or existing franchisees. Management believes that the outstanding net assets of \$4.2 million are recoverable based on its assessment of the probable outcome of these alternatives and the resulting settlement of these receivables. Management believes that the alternatives above will result in sustained positive operating results for these restaurants. Depending upon the ultimate form of the settlement of these accounts, it is possible that a loss for accounting purposes could be recognized notwithstanding the overall economic recovery of these amounts. However, such accounting losses are not currently expected.

The Company filed a complaint against the franchisee on March 7, 2006, as discussed in Note 12(d) Commitments and Contingencies-Litigation .

#### Changes in Control

On February 16, 2006, the Company entered into an Agreement and Plan of Merger (the "Merger Agreement") with Taxi Holdings Corp., a Delaware corporation ("Parent"), and Taxi Acquisition Corp., a Delaware corporation and a wholly-owned subsidiary of Parent ("Merger Sub"). Parent and Merger Sub are affiliates of Wellspring Capital Management LLC, a private equity firm ("Wellspring").

Pursuant to the terms of the Merger Agreement, Merger Sub will merge with and into the Company, with the Company as the surviving corporation (the "Merger"). In the Merger, each share of common stock of the Company, other than those held by the Company, Parent or their respective subsidiaries, and other than those shares with respect to which dissenters rights are properly exercised, will be converted into the right to receive \$15.00 per share in cash (the "Merger Consideration"). All outstanding options granted by the Company to acquire shares of its common stock, whether or not vested or exercisable, will be cancelled upon the effective time of the Merger and holders of such cancelled options will be entitled to receive an amount in cash equal to the excess, if any, of the Merger Consideration over the exercise price per share for each share subject to the option.

Completion of the Merger is subject to customary closing conditions, including (i) approval by the holders of a majority of the Company's outstanding shares of common stock, (ii) receipt of committed financing and (iii) expiration of the applicable waiting period under the Hart-Scott-Rodino Antitrust Improvements Act of 1976. The parties currently expect that the Merger will be completed during the second fiscal quarter of 2006.
