Item 1.01 Entry into a Material Definitive Agreement.

On June 28, 2006, OSI Systems, Inc. issued a press release announcing that its majority-owned subsidiary, Spacelabs Healthcare, Inc., had entered into a definitive agreement to purchase the Del Mar Reynolds cardiology division of Ferraris Group PLC, a company registered in England and Wales.

The Del Mar Reynolds division is a global developer, manufacturer and seller of cardiac monitoring systems, including Holter recorders, ECG, stress systems and related software and services under the Del Mar Reynolds, Hertford Cardiology, and Hertford Medical trade names. In addition, it operates a core laboratory business that provides clinical trial services to pharmaceutical companies and to clinical research organizations.

Under the terms of the agreement, Spacelabs Healthcare will pay Ferraris approximately £14 million (\$25.5 million), subject to an adjustment of plus or minus £1 million (\$1.8 million) based upon revenue and EBITDA results for Del Mar Reynolds for the 13-month period ended September 30, 2006. In addition, the agreement provides for an additional earn-out payment of up to £5 million (\$9.1 million), if Del Mar Reynolds achieves certain revenue targets during fiscal year 2007. The additional earn-out, if any, may be satisfied, at Spacelabs Healthcare's discretion, either in cash or by the issuance of Spacelabs Healthcare common stock.

The proposed acquisition is expected close by the end of July 2006 and is subject to Ferraris shareholder approval and other customary closing and regulatory conditions. Spacelabs Healthcare intends to finance the proposed acquisition, in part, with a senior credit facility to be established prior to the closing.
