**Item 2.02. Results of Operations and Financial Condition**

On July 26, 2006, Cohen & Steers, Inc. (the Company) issued a press release regarding the Company's earnings and business for the quarter ended June 30, 2006. A copy of the press release issued by the Company is attached as Exhibit 99.1. All information in the press release is furnished, but not filed.

In the attached press release, the Company discloses second quarter 2006 earnings per share and the asset management segment's pre-tax income adjusted to exclude the effect of expenses associated with the prepayment of additional compensation agreements entered into in connection with common share offerings of certain Cohen & Steers closed-end mutual funds and the gain from the sale of property and equipment. Further, the Company discloses second quarter 2005 earnings per share adjusted to exclude a tax expense of \$0.02 per share resulting from a change in New York state tax law. Cohen & Steers' management believes that because these items are unusual to its business, this information enhances understanding of the company's operating performance.

A reconciliation of this non-GAAP financial measure to the most directly comparable financial measure calculated and presented in accordance with GAAP is included in the press release. While Cohen & Steers' management believes that this non-GAAP financial information is useful in evaluating Cohen & Steers' operations, this information should be considered as supplemental in nature and not as a substitute for the related financial information prepared in accordance with GAAP.
