PROXY STATEMENT

QUESTIONS AND ANSWERS REGARDING PROXY SOLICITATION AND VOTING

Why am I receiving these materials?

The Board of Directors of KLA-Tencor Corporation (KLA-Tencor, the Company or we) is providing these proxy materials to you in connection with KLA-Tencor's Annual Meeting of Stockholders to be held on Thursday, March 29, 2007 at 1:00 P.M. local time. As a stockholder of record, you are invited to attend the Annual Meeting, which will be held in the Crystal B Room of the Crowne Plaza Hotel located at 777 Bellew, Milpitas, CA 95035. The purposes of the Annual Meeting are set forth in the accompanying Notice of Annual Meeting of Stockholders and this Proxy Statement.

These proxy solicitation materials, together with the Company's Annual Report for fiscal year 2006, were first mailed on or about February 28, 2007 to all stockholders entitled to vote at the Annual Meeting. KLA-Tencor's principal executive offices are located at 160 Rio Robles, San Jose, California 95134, and our telephone number is (408) 875-3000.

How may I obtain KLA-Tencor's Annual Report?

A copy of our Annual Report for fiscal year 2006 is also available free of charge on the Internet from the Securities and Exchange Commission's website at <http://www.sec.gov>, as well as on our website at <http://ir.kla-tencor.com>.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

Who may vote at the Annual Meeting?

You may vote if our records showed that you owned shares of KLA-Tencor Common Stock as of February 15, 2007 (the Record Date). At the close of business on that date, we had a total of 201,014,289 shares of Common Stock issued and outstanding, which were held of record by approximately 810 stockholders. As of the Record Date, we had no shares of Preferred Stock outstanding. You are entitled to one vote for each share that you own.

The Annual Meeting will be held if a majority of the outstanding Common Stock entitled to vote is represented at the Annual Meeting. If you have returned valid proxy instructions or attend the Annual Meeting in person, your Common Stock will be counted for the purpose of determining whether there is a quorum, even if you wish to abstain from voting on some or all matters at the Annual Meeting.

What proposals are being voted on at the Annual Meeting?

In addition to such other business as may properly come before the Annual Meeting or any adjournment thereof, the following two proposals will be presented at the Annual Meeting:

Edgar Filing: KLA TENCOR CORP - Form DEFR14A

1. Election of three Class II Directors to each serve for a three-year term and of one Class I Director to serve for a two-year term, each until his successor is duly elected; and

How can I vote if I own shares directly?

2. Ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending June 30, 2007.

If your shares are registered directly in your name with our transfer agent, you are considered, with respect to those shares, the stockholder of record, and these proxy materials are being sent directly to you. You may vote in accordance with the instructions described below. If you hold your shares in your own name as a holder of record, you may instruct the proxy holders how to vote your shares in the following ways:

1. **By Telephone:** Use the toll-free telephone number provided on the proxy card prior to 11:59 P.M. EST on March 28, 2007 (specific instructions for using the telephone voting system are on the proxy card);

2. **By Internet:** Use the Internet voting site listed on the proxy card prior to 11:59 P.M. EST on March 28, 2007 (specific instructions for using the Internet voting system are on the proxy card);

3. **By Mail:** Complete, sign, date and mail the proxy card in the postage paid envelope that we have provided for delivery to the Company prior to 11:59 P.M. EST on March 28, 2007 (specific instructions for mailing are on the proxy card); or

4. **In Person:** Attend the Annual Meeting and vote your shares in person.

Whichever of these methods you select to transmit your instructions, the proxy holders will vote your shares in accordance with those instructions.

If you vote by mail, telephone or Internet without giving specific voting instructions, your shares will be voted FOR Proposal One (the election of the nominees listed herein for the Board of Directors) and FOR Proposal Two. When proxies are properly dated, executed and returned (whether by returned proxy card, telephone or Internet), the shares represented by such proxies will be voted at the Annual Meeting in accordance with the instructions of the stockholder. However, if no specific instructions are given, the shares will be voted in accordance with the recommendations of our Board of Directors and as the proxy holders may determine in their discretion with respect to any other matters that properly come before the meeting.

How may I vote if my shares are held in a stock brokerage account, by a bank or other nominee?

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name, and your broker or nominee is considered the stockholder of record with respect to those shares. Your broker or nominee should be forwarding these proxy materials to you. As the beneficial owner, you have the right to direct your broker on how to vote and you are also invited to attend the Annual Meeting. However, since you are not the stockholder of record, you may not vote these shares in person at the Annual Meeting. If a broker, bank or other nominee holds your shares, you will receive instructions from them that you must follow in order to have your shares voted.

Can I change my vote?

You may change your vote at any time prior to the vote at the Annual Meeting. To change your proxy instructions if you are a stockholder of record, you must:

Advise our General Counsel in writing at our principal executive office, before the proxy holders vote your shares, that you wish to revoke your proxy instructions; or

Deliver proxy instructions dated after your earlier proxy instructions as follows:

a. **By Phone:** Use the toll-free telephone number provided on the proxy card to vote again prior to 11:59 P.M. EST on March 28, 2007 (specific instructions for using the telephone voting system are on the proxy card);

b. **By Internet:** Use the Internet voting site listed on the proxy card to vote again prior to 11:59 P.M. EST on March 28, 2007 (specific instructions for using the Internet voting system are on the proxy card);

c. **By Mail:** Complete, sign and date another proxy card bearing a later date and deliver such proxy card prior to 11:59 P.M. EST on March 28, 2007 (specific instructions for mailing are on the proxy card); or

d. **In Person:** Attend the Annual Meeting and vote your shares in person.

Who will bear the cost of this proxy solicitation?

We will pay the cost of this proxy solicitation. KLA-Tencor has retained the services of D.F. King & Company to aid in the solicitation of proxies from brokers, bank nominees and other institutional owners. We estimate that we will pay D.F. King fees of approximately \$8,500.00 for this solicitation activity, forwarding solicitation material to beneficial and registered stockholders and processing the results. Certain of our Directors, officers and regular employees, without additional compensation, may solicit proxies personally or by telephone.

Can my broker vote my shares if I do not instruct him or her how I would like my shares voted?

Yes. If your shares are held in a brokerage account or by another nominee, you are considered the beneficial owner of shares held in street name, and these proxy materials are being forwarded to you by your broker or nominee (the record holder) along with a voting card. As the beneficial owner, you have the right to direct your record holder how to vote your shares, and your record holder is required to vote your shares in accordance with your instructions. If you do not give instructions to your record holder, the record holder will be entitled to vote your shares in its discretion on Proposal One (Election of Directors) and Proposal Two (Ratification of Independent Registered Public Accounting Firm).

Are abstentions and broker non-votes counted?

Shares that are voted FOR, AGAINST, WITHHELD or ABSTAIN are treated as being present for purposes of determining the presence of a quorum and are also treated as shares entitled to vote at the Annual Meeting (Votes Cast).

Since abstentions will be counted for purposes of determining both (i) the presence or absence of a quorum for the transaction of business and (ii) the total number of Votes Cast with respect to a proposal (other than the election of Directors), abstentions will have the same effect as a vote against the proposal (other than the election of Directors).

Shares that are subject to a broker non-vote are counted for purposes of determining whether a quorum exists but not for purposes of determining whether a proposal has passed.

How does the Board of Directors recommend that I vote?

The Board of Directors recommends that stockholders vote as follows:

1. FOR the election of the three nominated Class II Directors to the Board of Directors: H. Raymond Bingham, Robert T. Bond and David C. Wang; and the election of one nominated Class I Director to the Board of Directors: Robert M. Calderoni; and

2. FOR ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending June 30, 2007.

Will any other business be transacted at the Annual Meeting?

We are not aware of any matters to be presented other than those described in this Proxy Statement. In the unlikely event that any matters not described in this Proxy Statement are properly presented at the Annual Meeting, the proxy holders will use their own judgment to determine how to vote.

What happens if the Annual Meeting is adjourned or postponed?

If the Annual Meeting is adjourned or postponed, the proxy holders can vote your shares on the new meeting date as well, unless you have properly revoked your proxy instructions.

Why is the Annual Meeting being held in March this year?

As a result of our discovery that we had retroactively priced stock options (primarily from July 1, 1997 to June 30, 2002) and had not accounted for them correctly, we restated our historical financial statements to correct our past accounting for retroactively priced stock options. Due to the restatements, the filing of our Annual Report on Form 10-K for the fiscal year ended June 30, 2006 was delayed until January 29, 2007. We could not schedule our Annual Meeting until that filing was completed and available for mailing to our stockholders.

Can I present other business to be transacted at the Annual Meeting?

Any stockholder may present a matter from the floor for consideration at a meeting of stockholders so long as certain procedures are followed. Under our bylaws, as amended, a stockholder notice must ordinarily be received by KLA-Tencor (Attention: General Counsel) at least 120 days prior to the anniversary of the mailing date of the prior year's proxy statement. With the delay in holding this Annual Meeting for the fiscal year ended June 30, 2006, the deadline as provided in our bylaws was a reasonable time before we printed and mailed these proxy materials. For the annual meeting for the fiscal year ending June 30, 2007, a stockholder notice must be received by KLA-Tencor (Attention: General Counsel) no later than September 9, 2007.

What is required in a stockholder's notice to present other business to be transacted?

The stockholder's notice must set forth, as to each proposed matter, the following:

1. A brief description of the proposed matter and reasons for conducting such business at the meeting;

2. Name and address of the stockholder, as they appear on KLA-Tencor's books;
3. The class and number of shares of KLA-Tencor that are beneficially owned by the stockholder;
4. Any material interest of the stockholder in such business; and
5. Any other information that is required to be provided by such stockholder pursuant to Regulation 14A under the Securities Exchange Act of 1934.

Can I still present other business to be transacted if my notice is deficient?

If the stockholder notice is not in compliance with the requirements set forth in our bylaws, the presiding officer of the meeting may refuse to acknowledge the matter.

What is the deadline for stockholder proposals in connection with the next Annual Meeting?

Stockholders may present proposals for action at a future meeting only if they comply with the requirements of the proxy rules established by the SEC and the provisions of our bylaws. We must receive stockholder proposals that are intended to be presented by such stockholders at our next Annual Meeting of Stockholders (related to our fiscal year ending June 30, 2007) no later than September 9, 2007 to be considered for inclusion in the Proxy Statement and form of Proxy relating to that meeting.

Stockholder proposals that are not intended to be included in our proxy materials for such meeting, but that are to be presented by the stockholder from the floor are subject to the advance notice provisions set forth above under **Can I present other business to be transacted at the Annual Meeting?** and other requirements set forth in the proxy rules established by the SEC and the provisions of our bylaws.

How may I obtain a copy of KLA-Tencor's Bylaws?

For a free copy of KLA-Tencor's bylaws, please contact our Investor Relations department at (408) 875-3600 or visit our website at <http://ir.kla-tencor.com> and fill out a request form. A copy of our bylaws is also available free of charge on the Internet from the SEC's website at <http://www.sec.gov>.

What should I do if I receive more than one set of voting materials?

You may request delivery of a single copy of our future proxy statements and annual reports by writing to the address below or calling our Investor Relations department at the telephone number below. Stockholders may also request electronic delivery of future proxy statements by writing to the address below, calling our Investor Relations department at (408) 875-3600 or via our website at <http://ir.kla-tencor.com>.

May I get additional copies of these materials?

Certain stockholders who share an address are being delivered only one copy of this Proxy Statement. You may receive additional copies of this Proxy Statement without charge by sending a written request to KLA-Tencor Corporation, Attention: Investor Relations, 160 Rio Robles, San Jose, CA 95134. Requests may also be made by calling our Investor Relations department at (408) 875-3600.

PROPOSAL ONE:

ELECTION OF DIRECTORS

The Company has a classified Board of Directors with three classes. At each annual meeting, a class of Directors is elected for a full term of three years to succeed those Directors whose terms expire at the annual meeting. At this Annual Meeting, the terms of the Class II Directors are expiring. If there is a nominee for a class other than the class which is up for election, such nominee, upon election, is added to the designated class and serves out the remainder of the term for that class.

There is currently one incumbent Class I Director, Lida Urbanek, as Kenneth Levy retired as a Director on October 16, 2006 and Jon D. Tompkins resigned as a Director on December 21, 2006. Robert M. Calderoni, who is not an incumbent Director, has been nominated for election at the Annual Meeting to serve as a Class I Director by the Board of Directors. The Class I Directors will serve until the annual meeting of stockholders to be held in 2008 or until their respective successors are duly elected and qualified.

The three incumbent Class II Directors are H. Raymond Bingham, Robert T. Bond, and David C. Wang. They are up for re-election at the Annual Meeting.

The three incumbent Class III Directors are Edward W. Barnholt, Stephen P. Kaufman and Richard P. Wallace. The Class III Directors will serve until the annual meeting of stockholders to be held in the second half of 2007, or until their respective successors are duly elected and qualified.

Nominees

The term of the three current Class II Directors will expire on the date of the Annual Meeting. The three Class II Directors and one Class I Director of the Board of Directors are nominated for election at the Annual Meeting. The Nominating and Governance Committee, consisting solely of independent Directors as determined under the rules of The Nasdaq Stock Market, recommended the Class II Director nominees, each of whom is an incumbent Director, and the Class I Director nominee, as set forth in this Proposal One. Based on that recommendation, the members of the Board of Directors unanimously resolved to nominate such individuals for election.

The three nominees for election as Class II Directors by the stockholders are:

H. Raymond Bingham;

Robert T. Bond; and

David C. Wang.

Edgar Filing: KLA TENCOR CORP - Form DEFR14A

In addition, the nominee for election as a Class I Director by the stockholders is Robert M. Calderoni.

If elected, the nominees for Class II Directors will serve as Directors until the Company's annual meeting of stockholders in 2009 and the nominee for Class I Director will serve as Director until the Company's annual meeting of stockholders in 2008, each until his successor is duly elected and qualified. If

any nominee declines to serve or becomes unavailable for any reason, or a vacancy occurs before the election, the proxies may be voted for such substitute nominees as the Board of Directors may designate. As of the date of this Proxy Statement, the Board of Directors is not aware of any nominee who is unable or who will decline to serve as a Director.

Vote Required and Recommendation

If a quorum is present and voting, the three nominees for Class II Directors receiving the highest number of affirmative votes will be elected as Class II Directors and the nominee for Class I Director receiving the highest number of affirmative votes will be elected as a Class I Director. Votes withheld from any Director and broker non-votes are counted for purposes of determining the presence or absence of a quorum but have no other legal effect on the selection of nominees for Directors. Anyone who is elected as a Director in any uncontested election by a plurality and not a majority of votes cast will promptly tender his or her resignation to the Board of Directors, subject to acceptance, after certification of the election results. The Nominating and Governance Committee will make a recommendation to the Board of Directors whether to accept or reject the resignation or take some other appropriate action, taking into account any stated reasons why stockholders withheld votes and any other factors which the Nominating and Governance Committee determines in its sole discretion are relevant to such decision. The Board of Directors will in its sole discretion act on the recommendation of the Nominating and Governance Committee within 90 days after the date of certification of the election results. The Director who tenders his or her resignation will not participate in the decisions of the Nominating and Governance Committee or the Board of Directors regarding his or her resignation.

THE MEMBERS OF THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMEND A VOTE FOR EACH OF THE CLASS II DIRECTOR NOMINEES AND THE CLASS I DIRECTOR NOMINEE LISTED ABOVE.

COMPANY S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE
FISCAL YEAR ENDING JUNE 30, 2007.**

Audit Committee Recommendation

The Audit Committee has the sole authority to retain or dismiss our independent auditors. The Audit Committee has selected PricewaterhouseCoopers LLP, an independent registered public accounting firm, to audit the consolidated financial statements of the Company for its fiscal year ending June 30, 2007. Before making its determination, the Audit Committee carefully considered that firm s qualifications as independent auditors.

The Board of Directors, following the Audit Committee s determination, unanimously recommends that the stockholders vote for ratification of such appointment.

Although ratification by stockholders is not required by law, the Board of Directors has determined that it is desirable to request approval of this selection by the stockholders. If the stockholders do not ratify the appointment of PricewaterhouseCoopers LLP, the Audit Committee may reconsider its selection.

Attendance at the Annual Meeting

Representatives of PricewaterhouseCoopers LLP are expected to be present at the Annual Meeting with the opportunity to make a statement if they desire to do so, and are expected to be available to respond to appropriate questions.

(4) For fiscal years ended 2006 and 2005, fees for services other than those described above.

Pre-approval Policies and Procedures

The Audit Committee has adopted a policy regarding non-audit services provided by PricewaterhouseCoopers LLP, our independent registered public accounting firm. First, the policy ensures the independence of our auditors by expressly naming all services that the auditors may not perform and reinforcing the principle of independence regardless of the type of service. Second, certain non-audit services such as tax-related services and acquisition advisory services are permitted but limited in proportion to the audit fees paid. Third, the Chair of the Audit Committee pre-approves non-audit services not specifically permitted under this policy and the Audit Committee reviews the annual plan and any subsequent engagements. Thus, all of the services described above under audit-related fees, tax fees and all other fees were approved by the Audit Committee pursuant to its pre-approval policies and procedures.

On a quarterly basis, management provides written updates to the Audit Committee with regard to audit and non-audit services, the amount of audit and non-audit service fees incurred to date, and the estimated cost to complete such services.

Independence Assessment by Audit Committee

The Company's Audit Committee considered and determined that the provision of the services provided by PricewaterhouseCoopers LLP as set forth herein is compatible with maintaining PricewaterhouseCoopers LLP's independence and approved all non-audit related fees and services.

The Board of Directors

ABOUT THE BOARD OF DIRECTORS AND ITS COMMITTEES

The Board of Directors of the Company held a total of seven meetings during the fiscal year ended June 30, 2006.

All Directors other than Mr. Wallace meet the definition of independence within the meaning of The Nasdaq Stock Market director independence standards. None of the Company's Directors falls outside of the SEC's 10% ownership safe harbor.

The Board of Directors has three standing committees: the Audit Committee; the Compensation Committee; and the Nominating and Governance Committee. The Board of Directors has determined that each of the members of each of the standing Committees has no material relationship with the Company (including any relationship that, in the opinion of the Board, would interfere with the exercise of independent judgment as a Director) and is independent within the meaning of The Nasdaq Stock Market director independence standards, including in the case of the Audit Committee, the heightened independence standard required for such Committee members.

Each standing Committee meets regularly and has a written charter approved by the Board of Directors, all of which were attached as appendices to the Proxy Statement related to our 2003 Annual Meeting, which was filed with the SEC on September 23, 2003. All of the charters are available via our website at <http://ir.kla-tencor.com>. In addition, at each regularly scheduled Board of Directors meeting, a member of each standing Committee reports on any significant matters addressed by the Committee. In 2002, after reviewing the Sarbanes-Oxley Act of 2002 and the proposed rules of the SEC and the Nasdaq Stock Market, the Board of Directors revised all of its standing Committee charters to implement voluntarily the proposed standards and to expand the responsibilities of each Committee as well as establish independence and self-assessment requirements. The Board of Directors and each standing Committee regularly reviews the Committee charters.

During the fiscal year ended June 30, 2006, all incumbent Directors attended at least 80% of the total number of meetings of the Board of Directors and each Director attended at least 80% of the aggregate of the total number of meetings held by all Committees of the Board on which each such Director served (during the periods that each such Director served).

Although we do not have a formal policy mandating attendance by members of the Board of Directors at our annual meetings of stockholders, we do have a formal policy encouraging their attendance at annual meetings of KLA-Tencor stockholders.

For more information regarding the responsibilities of our Board Committees, please refer to the various charters which can be found on our corporate governance website located at <http://ir.kla-tencor.com>.

Edgar Filing: KLA TENCOR CORP - Form DEFR14A

In addition to the three standing Committees, in May 2006 the Board appointed a Special Committee, consisting of Mr. Bingham and Mr. Kaufman, to conduct an independent investigation of the Company's historical stock option practices, and in the fall of 2006, the Board of Directors appointed a

Special Litigation Committee, consisting of Mr. Kaufman and Mr. Wang, to conduct an independent investigation of the claims asserted in the related stockholder derivative actions and to determine the Company's position with respect to those claims.

Audit Committee

The Audit Committee consists of Mr. Bingham, Mr. Bond, and Mr. Kaufman, with Mr. Wang having observer status. Mr. Elkus was also on the Committee until he retired effective November 4, 2005. The Board of Directors has determined that Mr. Bingham is an audit committee financial expert within the meaning of the rules and regulations promulgated by the SEC. During fiscal year 2006, Mr. Bingham was the Chairman of the Audit Committee. The Audit Committee is responsible for appointing, compensating and overseeing the work of the Company's independent auditors, approving the services performed by the Company's independent auditors and for reviewing and evaluating the Company's accounting principles and system of internal accounting controls. The Audit Committee held six meetings during the fiscal year ended June 30, 2006. The Board of Directors has determined that each of the members of the Audit Committee: (1) meets the definition of independence within the meaning of Nasdaq's director independence standards, (2) meets the definition of audit committee member independence within the meaning of Rule 10A-3 under the Securities Exchange Act of 1934 and (3) has no material relationship with the Company (including any relationship that, in the opinion of the Board, would interfere with the exercise of independent judgment as a Director).

Compensation Committee

The Compensation Committee consists of Mr. Barnholt, Mr. Bond, and Ms. Urbanek. During fiscal year 2006, Mr. Bond was the Chairman of the Compensation Committee. The Compensation Committee reviews and approves, subject to ratification by the Board of Directors, the Company's executive compensation policy and administers the Company's employee equity award plans. The Compensation Committee also reviews and approves the cash and equity compensation for our Chief Executive Officer and other executive officers, as well as for members of the Board of Directors. The Compensation Committee held six meetings during the fiscal year ended June 30, 2006.

Nominating and Governance Committee

The Nominating and Governance Committee consists of Mr. Barnholt, Mr. Bingham and Mr. Kaufman. Mr. Barnholt served as the Chairman of the Nominating and Governance Committee during fiscal year 2006. The Nominating and Governance Committee is primarily responsible for identifying and evaluating the qualifications of all candidates for election to the Board of Directors, as well as reviewing corporate governance policies and procedures. The Nominating and Governance Committee held four meetings during the fiscal year ended June 30, 2006.

It is the Nominating and Governance Committee's policy to consider candidates for the Board of Directors recommended by stockholders who have owned at least 1% of the Company's outstanding shares for at least one year and who have evidenced intent to continue as substantial stockholders for the long term. Stockholders wishing to submit recommendations must notify the Company's General Counsel in writing of their intent to do so and provide the Company with certain information set forth in Article II, Section 11 of our bylaws and all other information regarding nominees that is required to be

provided pursuant to Regulation 14A of the Securities Exchange Act of 1934, or as otherwise requested by the Nominating and Governance Committee. In addition, stockholders may nominate candidates for the Board of Directors pursuant to the provisions of Article II, Section 11 of our bylaws and in conformance with the requirements of Regulation 14A of the Securities Exchange Act of 1934.

In considering candidates for Director nomination, including evaluating any recommendations from stockholders as set forth above, the Nominating and Governance Committee considers only candidates who have demonstrated executive experience, have experience in an applicable industry, or have significant high level experience in accounting, legal or a technical field applicable to the Company. In addition, in evaluating Director candidates, the Nominating and Governance Committee considers all factors it considers appropriate, which may include strength of character, mature judgment, career specialization, relevant technical skills, diversity of experience and the extent to which the candidate would fill a present need on the Board of Directors.

On August 3, 2006, the Board of Directors approved a recommendation by the Nominating and Governance Committee to adopt a new governance policy. Under this policy, anyone who is elected as a Director in any uncontested election by a plurality and not a majority of votes cast will promptly tender his or her resignation to the Board of Directors, subject to acceptance, after certification of the election results. The Nominating and Governance Committee will make a recommendation to the Board of Directors whether to accept or reject the resignation or take some other appropriate action, taking into account any stated reasons why stockholders withheld votes and any other factors which the Nominating and Governance Committee determines in its sole discretion are relevant to such decision. The Board of Directors will in its sole discretion act on the recommendation of the Nominating and Governance Committee within 90 days after the date of certification of the election results. The Director who tenders his or her resignation will not participate in the decisions of the Nominating and Governance Committee or the Board of Directors regarding his or her resignation.

The Nominating and Governance Committee regularly assesses the appropriate size and composition of the Board of Directors, and whether any vacancies on the Board are expected. In the event that vacancies are anticipated, or otherwise arise, the Nominating and Governance Committee considers potential candidates that may come to its attention through current members of the Board of Directors, professional search firms, stockholders who have owned at least 1% of the Company's outstanding shares for at least one year and who have evidenced intent to continue as a substantial stockholder for the long term, or other persons. In evaluating properly submitted stockholder recommendations, the Nominating and Governance Committee uses the evaluation standards discussed above and seeks to achieve a balance of knowledge, experience and capability on the Board of Directors.

DIRECTOR COMPENSATION

Employee Directors

Members of the Board of Directors who are employees do not receive any additional compensation for their services as Directors.

Outside Directors

Members of the Board who are not employees of the Company (Outside Directors) receive equity and cash compensation as recommended by the Compensation Committee and approved by the Board of Directors. Equity compensation to Outside Directors is provided under the Company's 1998 Outside Director Plan and 2004 Equity Incentive Plan, both of which were approved by stockholders.

Outside Director Stock Options

Each Outside Director will automatically be granted a series of non-statutory stock options each year to purchase 5,000 shares of Common Stock in the aggregate (the Annual Option Grant). Each Annual Option Grant will be provided to each Outside Director through an automatic 1,250-share option grant each quarter, approximately two business days following the Company's earnings release for the prior fiscal quarter. Two such quarterly grants (following release of earnings for the quarters ended September 30, 2006 and December 31, 2006) were not made automatically due to the late filing of certain of the Company's SEC reports; those grants were approved by the Board of Directors and issued on February 14, 2007, the date of the first regular Board meeting after such late reports were filed. The Chairman of the Audit Committee receives an additional non-statutory stock option grant to purchase another 2,500 shares of Common Stock on the date of each subsequent Annual Meeting of Stockholders on which such Director remains the Chairman of the Audit Committee. The term of each option granted under the 1998 Director Plan may not exceed 10 years. The 1998 Director Plan provides that the exercise price shall be equal to the fair market value of the Common Stock on the date of grant of the option. Options granted under the 1998 Director Plan are fully vested and immediately exercisable upon grant.

Outside Director Restricted Stock Unit Awards

At each annual stockholders meeting, each Outside Director is awarded restricted stock units covering shares of the Company's Common Stock with an aggregate fair market value of \$50,000 based on the market price of the Company's Common Stock at the time of the award. If a new Outside Director does not join the Board on the date of an annual stockholders meeting, his or her first restricted stock unit award will be granted promptly after he or she joins the Board and will be prorated to take into account the period of time from the last annual stockholders meeting to the date the new Outside Director joined the Board. Accordingly, Mr. Wang, who joined the Board approximately six months after the last annual stockholders meeting, received a restricted stock unit award for shares of the Company's Common Stock having an aggregate fair market value of approximately \$25,000 on February 14, 2007. All restricted stock units awarded to Outside Directors vest upon completion of one year of Board service measured from the date of grant, but the shares of Common Stock subject to the vested units are not delivered until the earlier of three years after the date of grant or the Director's cessation of Board service.

Cash Compensation

Each Outside Director receives an annual fee of \$40,000, paid quarterly, and meeting fees of \$2,500 for each Board meeting attended in person, \$1,250 for each Board meeting attended by telephone conference call, and \$1,500 for each standing Committee meeting attended. Each standing Committee Chair receives an additional annual retainer of \$10,000. The members of the Special Committee and the Special Litigation Committee are compensated for their time in discharging the duties of such committees at the rate of \$700 per hour (or at such other rate as may be determined from time to time by the Board). Outside Directors also are reimbursed for their reasonable expenses incurred in attending Board and Committee meetings.

Non-Executive Chairman

If the Chairman of the Board of Directors is not an executive of the Company (as has been the case since October 16, 2006, when Mr. Barnholt was named Chairman), then the Chairman's annual fee will be two times the regular level for Outside Directors, and the Chairman's equity awards (both for stock options and restricted stock units) will be 1.5 times the regular level for Outside Directors.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's executive officers, Board members, and persons who own more than ten percent of a registered class of the Company's equity securities to file reports of ownership and changes in ownership with the SEC, and such persons are also required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file. Based solely on its review of the copies of such forms received by it, the Company believes that, with the exceptions noted below, during fiscal 2006 all executive officers, Board members and greater than ten percent stockholders of the Company complied with all applicable filing requirements. Due to an administrative error on the part of the Company, the following individuals failed to timely file a Form 4 for one option grant each: Richard J. Elkus and Robert T. Bond. Mr. Elkus reported his August 9, 2005 option exercises on September 6, 2006, and Mr. Bond reported his September 13, 2005 option exercises on September 21, 2005. Also due to an administrative error on the part of the Company, John H. (1) Includes amounts deferred by the named Executive Officer.

(2) In addition to the amounts earned under the Company's regular Executive Incentive Plan (EIP), this column includes amounts earned under the Company's Outstanding Corporate Performance Executive Bonus Plan (OCPB). Thirty-four percent (34%) of the OCPB earned in 2006 was paid shortly after the close of the fiscal year ended June 30, 2006. The remaining 66% is automatically deferred into the Company's Executive Deferred Savings Plan (EDSP) as a Company contribution and vests 50% after year one, and the remaining 50% after year two. Executives who terminate employment before the end of the vesting period will receive a pro-rata distribution of the deferred bonus amount. The total bonus amount earned by each named executive officer for fiscal year 2006 is comprised as follows:

Mr. Wallace: 37% EIP Bonus and 63% OCPB

Mr. Kispert: 37% EIP Bonus and 63% OCPB

Mr. Hall: 37% EIP Bonus and 63% OCPB

Mr. Cohen: 37% EIP Bonus and 63% OCPB

Mr. Glasser: 39% EIP Bonus and 61% OCPB

Mr. Schroeder: 50% EIP Bonus and 50% OCPB

These RSUs vest 50% at four years from award date and the remaining 50% at five years from award date, with each installment contingent upon the executive's continued employment with the Company through the

(4) These are the amounts contributed by the Company as a matching contribution to the 401(k) plan.

(5) On June 30, 2006, Mr. Wallace held RSUs for 141,111 unvested shares of the Company's Common Stock with an aggregate fair market value of \$5,865,984 based on the \$41.57 per share fair market value of the Common Stock on that date. (1) 20% of each option will vest and become exercisable upon the optionee's completion of one year of employment with the Company measured from the applicable grant date, and the balance of each option will vest and become exercisable in 48 successive equal monthly installments upon the optionee's completion of each additional month of employment thereafter. The grant dates for the options were September 26, 2005 and February 17, 2006.

(3) The 5% and 10% assumed rates of appreciation are prescribed by the rules and regulations of the Securities and Exchange Commission and do not represent the Company's estimate or projection of the future trading prices of the Company's Common Stock. The calculations assume annual compounding and continued retention of the options or the underlying Common Stock for the full year option term. Unless the market price of the Common Stock actually appreciates over the option term, no value will be realized by the optionee from these option grants. Actual gains, if any, on option exercises are dependent on numerous factors, including, without limitation, the future performance of the Company, overall business and market conditions, and the optionee's continued employment

(4) As a result of the termination of Mr. Schroeder's employment on October 16, 2006, vesting of his stock options ceased and all of his outstanding unvested stock options were canceled. All of the options in the table were unvested as of October 16, 2006, with the exception of 15,000 vested options shares which subsequently expired under the terms of Mr. Schroeder's agreement with the Company and/or the applicable equity plan.

(1) Consists of the Company's (a) 2004 Equity Incentive Plan, (b) 1982 Stock Option Plan, (c) 1997 Employee Stock Purchase Plan (the "Purchase Plan") and (d) 1998 Outside Director Option Plan (the "Outside Director Plan").

(2) Includes 1,106,060 shares of Common Stock subject to restricted stock units that will entitle each holder to the issuance of one share of Common Stock for each unit that vests over the holder's period of continued employment with the Company. Excludes purchase rights accruing under the Purchase Plan. Under the Purchase Plan, each eligible employee may purchase shares of Common Stock at each semi-annual purchase date (the last business day of June and December each year), up to a maximum of \$25,000 worth of stock (determined on the basis of the fair market value per share on the date the purchase right is granted) for each calendar year the purchase right remains outstanding. The purchase price payable per share will be equal to eighty-five percent (85%) of the lower of (i) the closing selling price per share of Common Stock on the employee's entry date into the two-year offering period in which that semi-annual purchase date occurs and (ii) the closing selling price per share of Common Stock on the semi-annual purchase date.

(3) Calculated without taking into account 1,106,060 shares of Common Stock subject to outstanding restricted stock units that will become issuable as those units vest, without any cash consideration or other payment required for such shares.

attainment of prescribed performance milestones. Shares issued pursuant to full value awards made under the 2004 Equity Incentive Plan will reduce the share reserve available under such plan by 1.8 shares for every one full value share issued.

(6) As of June 30, 2006, 1,803,740 shares were reserved for issuance under the Purchase Plan. This plan contains an annual automatic share renewal provision pursuant to which the number of shares of Common Stock reserved for issuance under this plan will automatically increase on the first day of each fiscal year by an amount equal to the lesser of 2,000,000 shares or the number of shares which the Company estimates will be required to issue under the plan during the forthcoming fiscal year.

Executive Severance Plan

On February 17, 2006, the Board of Directors of KLA-Tencor adopted the KLA-Tencor Corporation Executive Severance Plan ("Plan"). The Plan specifies the compensation and benefits that Plan participants will receive in the event their employment with the Company terminates under certain defined circumstances. In exchange for receiving severance benefits under the Plan, participants will be required to agree to non-compete and non-solicitation restrictions for the period of time during which they are receiving Plan benefits. The severance period for individual participants, and their eligibility (if any) for pre-change of control severance benefits will be determined by the Compensation Committee.

Plan participants are the Company's Chief Executive Officer ("CEO"), Chief Operating Officer ("COO"), and Chief Financial Officer ("CFO").

If the CEO or COO are terminated other than for cause, or voluntarily resign for good reason, prior to a change in control, they will receive (i) salary continuation payments for two years, (ii) a pro-rated annual incentive payment, (iii) pro-rated vesting on any equity awards through the end of the month of their termination of employment, and (iv) any stock options or stock appreciation rights granted after February 16, 2006 will have a post-termination exercise period of one year, but in no event beyond the original term of the award. If the CEO is terminated other than for cause, or voluntarily resigns for good reason, within two years following a change in control, he will receive (i) salary continuation payments for a three-year period, (ii) an amount equal to three times his annual target bonus amount payable in equal installments over the salary continuation period, (iii) a pro-rated annual incentive payment, (iv) an additional payment of \$2,000 per month over the salary continuation period, (v) 100% vesting acceleration on any equity awards and (vi) any stock options or stock appreciation rights granted after February 16, 2006 will have a post-termination exercise period of one year, but not beyond the original term of the award.

If the COO or the CFO are terminated other than for cause, or voluntarily resign for good reason, within two years following a change in control, they will receive (i) salary continuation payments for a two-year period, (ii) an amount equal to two times their annual target bonus payable in equal installments over the salary continuation period, (iii) a pro-rated annual incentive payment, (iv) an additional payment of \$2,000 per month over the salary continuation period, (v) 100% vesting acceleration on any equity awards, and (vi) any stock options or stock appreciation rights granted after February 16, 2006 will have a post-termination exercise period of one year, but not beyond the original term of the award.

In addition, the CEO, COO and CFO will each be entitled under certain circumstances to a full tax gross-up payment to cover any excise tax liability they may incur under Internal Revenue Code Section 4999 and the resulting income and employment tax liability attributable to that payment, should the benefits to which they become entitled in connection with a change in control constitute parachute payments in excess of \$50,000 of the maximum amount otherwise allowable under the federal tax laws without the imposition of Section 4999 excise tax.

The Plan also contains a mitigation provision in which the benefits payable are subject to reduction to the extent the participant earns post-termination compensation from sources other than the Company.

**Compensation Committee
Interlocks and Insider
Participation**

The Compensation Committee currently consists of Mr. Bond (Chair), Mr. Barnholt and Ms. Urbanek. None of these individuals was an officer or employee of the Company at any time during the fiscal year 2006 or at any other time. During fiscal year 2006, there was no instance where an executive officer of the Company served as a member of the Board of Directors or compensation committee of any entity and an executive officer of that entity served on the Company's Board of Directors or Compensation Committee.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

Compensation Committee

The Compensation Committee is responsible for setting and administering the policies governing the compensation of executive officers and other key employees (Executives), based on their performance and the performance of the Company. The Committee operates under a written charter adopted by the Board of Directors, which is available at <http://ir.kla-tencor.com>.

The Committee is comprised of three independent, non-employee members of the Board of Directors, none of whom has interlocking relationships as defined by the Securities and Exchange Commission and all of whom meet current standards of independence requirements of The Nasdaq Stock Market.

The Committee periodically reviews its approach to executive compensation and makes changes as appropriate. The Committee meets regularly without employees present to discuss executive compensation matters. The Committee currently retains, and has retained in the past, consultants when necessary, as determined by the members of the Committee.

Compensation Philosophy

The philosophy of the Compensation Committee on executive compensation is that it should be designed to:

Attract, retain, and reward Executives who contribute to the overall success of the Company;

Support accomplishment of the Company's business strategies, objectives and initiatives;

Have a substantial portion of annual compensation be contingent upon the Company's financial performance and an individual's contribution to the Company's success; and

Align the interests of Executives with the long-term interests of stockholders.

Within this philosophy, the Committee's objectives are to provide a comprehensive compensation package that is:

Competitive with pay levels in the semiconductor capital equipment industry and other selected companies with which KLA-Tencor competes, for executives of similar education and experience;

Driven by financial and strategic performance, through annual incentive programs that make up a substantial component of annual pay opportunity; and

Aligned with shareholder interests, through grants of equity-based, long-term incentives.

The Committee endeavors to structure each Executive's overall compensation package to be consistent with this approach and to enable the Company to attract, retain and reward personnel who contribute to the success of the Company. The Committee applies this philosophy and these objectives in determining appropriate executive compensation levels and other compensation factors, and reaches its decisions with a view towards the Company's overall financial performance.

The Committee considers market information from published survey data and from proxy filings of relevant comparator companies provided to the Committee by the Company's human resources staff and the Committee's compensation consultants. The market data consists primarily of base salary and total cash compensation rates, as well as incentive bonus and stock programs of other companies considered by the Committee to be peers in the Company's industry.

**Executive Officer
Compensation**

The compensation programs that the Committee uses to meet its objectives are outlined in this report, along with results for fiscal year 2006. The Committee reviewed and recommended compensation decisions after considering a number of factors, including the economic and business conditions prevailing in the semiconductor and semiconductor capital equipment industries worldwide over the fiscal year ended June 30, 2006.

Base Salary:

Salaries for Executives are set with reference to the median of salaries for comparable positions among other companies in the Company's industry or in industries that employ individuals of similar education and experience to the Executive. Factors considered in making base salary recommendations include: each person's job responsibilities, level of experience, individual performance and contribution to the Company's business, data from the Company's Human Resources department, and guidance provided by the Compensation Committee's compensation consultants. The Committee exercised its discretion and judgment based upon these factors, and no specific formula was applied to determine the weight of each factor.

Executive Incentive Plan (EIP):

Each fiscal year since 1979, the Company has adopted an executive incentive plan (the "EIP") which provides for payments to Executives based 50% on the financial performance of the Company or the relevant business unit, and 50% on the achievement of key strategic business objectives. The EIP as to Executives is approved by the Compensation Committee and submitted to the Board of Directors for ratification. In fiscal year 2006, target awards for such Executives ranged from 40% to 100% of salary. For the financial component of the program, the maximum payout is 150% of the target. For the strategic component, the maximum payout is 100% of the target. For purposes of the fiscal year 2006 EIP, the Committee set financial performance goals for pre-tax profit, and strategic objectives relating to managing the ratio of assets to sales and corporate goals. The target goals for fiscal year 2006 were exceeded on financial objectives but underachieved on strategic objectives. As a result, approximately 85% of the eligible EIP amounts for named executive officers were paid.

Outstanding Corporate Performance Executive Bonus Plan (OCPB):

The Outstanding Corporate Performance Executive Bonus Plan ("OCPB") program provides a bonus to participants in years when the Company achieves certain levels of profitability and growth above both the Company's budgeted goals and the relative performance of peer companies. The performance measures are the Company's pre-tax margin and growth of the Company's aggregate revenues over a twelve month period against a target group of public U.S. companies in the semiconductor capital equipment market measured over the same period. A participant's target payout for the

OCPB is equal to the target percentage used in the EIP. This program is designed to pay below target in most years and only above target in years of exceptional financial performance. For fiscal year 2006, the combined strength in pre-tax margins and relative revenue growth resulted in a payout pursuant to the OCPB equal to 143% of target.

Any payouts under the OCPB are made in three annual installments: 34% of each amount is payable at the end of the fiscal year; an additional 33% of each amount is payable at the end of the next fiscal year, and the final 33% of each amount is payable at the end of the second following fiscal year. Installments not yet paid are held by and subject to the terms of the KLA-Tencor Executive Deferred Savings Program.

For fiscal year 2007, the OCPB measures are based on achievement of increased revenue and operating margin gains. In addition, the payout component is changed such that any payouts from the plan will be paid in full instead of in installments over three years.

Long-term Incentives:

Long-term incentives are currently provided under the 2004 Equity Incentive Plan through grants of stock options and restricted stock units. Such awards provide value to Executives through the growth in value of the Company's Common Stock. The Compensation Committee believes that employee equity ownership is highly motivating, provides a major incentive for employees to build stockholder value and serves to align the interests of employees with those of stockholders.

Grants of stock options to Executives are based upon each Executive's relative position, responsibilities, historical and expected contributions to the Company, and the Executive's existing stock ownership and previous option grants. Stock options are granted at market price on the date of grant and will provide value to the Executive only when the price of the Company's Common Stock increases over the exercise price.

In addition to stock options, grants of restricted stock units were made to the CEO, COO, and CFO to reflect their promotions. These grants have significant vesting restrictions - 50% of the award vests four years from the date of grant, and 50% five years from the date of the grant.

**Chief Executive Officer
Compensation**

On January 1, 2006, the Board of Directors announced the promotion of Richard P. Wallace to the position of Chief Executive Officer, succeeding Kenneth L. Schroeder. The components of Mr. Wallace's compensation are outlined below:

Base Salary:

In recognition of Mr. Wallace's promotion to CEO, the Committee raised his base salary from \$480,000 to \$650,000. The new base salary was determined after a review of competitive and comparable data of other executives provided by the Company's human resources staff and compensation consultants. The Committee determined the increase was warranted based upon the data provided and in consideration of Mr. Wallace's new

responsibilities, job performance, experience and talent.

Annual Incentives:

For fiscal year 2006, Mr. Wallace participated in the EIP and the OCPB. In recognition of Mr. Wallace's promotion to CEO his bonus targets for both these plans were increased from 90% to 100% of base salary, effective January 1, 2006. In determining actual incentive compensation payable to Mr. Wallace for performance in fiscal year 2006, the Committee relied on the results of the EIP and the OCPB. For the financial component of the EIP, the Committee awarded Mr. Wallace 95% of target, based primarily on achievement of pre-tax profitability goals. For the strategic component of the EIP, the Committee awarded Mr. Wallace 71% of target, based on goals primarily related to Product Development, Customer Satisfaction and Quality.

Mr. Wallace's total incentive payout for fiscal year 2006 resulting from these two programs was \$1,182,960. The EIP generated a payout of 83% of target, or \$ 436,220. The OCPB generated a payout of 143% of target, or \$ 746,740, which vests over three years.

For fiscal year 2007, Mr. Wallace's target bonus under both the EIP and the OCPB will remain at 100% of base salary. The EIP is based on revenue and profit objectives established by the Committee after consideration of the Company's revenue and profit in the prior fiscal year and data supplied by the Compensation Committee's compensation consultants, in addition to Mr. Wallace's expected performance and continuing contributions to the Company. The payout component of the OCPB will be changed for fiscal year 2007 such that any payouts from the plan will be paid in full as compared to previous years whereby payouts were made in three annual installments.

Long-Term Incentives:

In fiscal year 2006, the Board of Directors granted Mr. Wallace stock options exercisable for an aggregate of 175,000 shares of Common Stock (FY2006 Options). The following outlines the vesting schedule for each grant that makes up the FY2006 Options: 125,000 of the FY2006 Options were granted in recognition of Mr. Wallace's promotion to President and Chief Operating Officer in July 2005. In addition, 50,000 of the FY2006 Options were granted in February 2006 in recognition of Mr. Wallace's promotion to Chief Executive Officer of the Company. These options become exercisable as follows: 20% of each option will vest and become exercisable upon the optionee's completion of one year of employment with the Company measured from the applicable grant date, and the balance of each option will vest and become exercisable in 48 successive equal monthly installments upon the optionee's completion of each additional month of employment thereafter.

In addition to stock options, Mr. Wallace received an aggregate award of 100,000 Restricted Stock Units (FY2006 RSUs). The following outlines the vesting schedule for each grant that makes up the FY2006 RSUs: 25,000 of the FY2006 RSUs were granted in recognition of Mr. Wallace's promotion to President and Chief Operating Officer in July 2005; 75,000 of the FY2006 RSUs were granted in February 2006 in recognition of Mr. Wallace's promotion to Chief Executive Officer of the Company. Each of these FY2006 RSU grants have significant vesting restrictions - 50% of the award vests four years from the date of grant, and 50% five years from the date of grant.

**Former Chief Executive
Officer Compensation**

During November 2005, we announced that effective January 1, 2006, Kenneth L. Schroeder would cease to be our Chief Executive Officer and would thereafter be employed as a Senior Advisor. On December 21, 2005, the Company entered into an amended and restated employment agreement with Mr. Schroeder (the Amended and Restated Schroeder Agreement) which replaced and superseded Mr. Schroeder's prior employment agreement. On October 16, 2006, following the Special Committee investigation of the Company's historical stock option practices, the Company terminated all aspects of Mr. Schroeder's employment relationship and all employment or service arrangements between Mr. Schroeder and the Company. In connection with Mr. Schroeder's termination, the Company canceled all outstanding vested stock options held by Mr. Schroeder that were retroactively priced or otherwise improperly granted. In addition, all of the unvested stock options and equity awards held by Mr. Schroeder on his termination date immediately ceased vesting and were canceled.

While Mr. Schroeder served as Chief Executive Officer of the Company for a portion of fiscal year 2006, the terms of his employment were governed by the employment agreement between Mr. Schroeder and the Company, dated February 23, 2005. This agreement reserved to the Committee the right to maintain or increase Mr. Schroeder's base salary and to permit his continued participation in the Company's annual and long-term incentive programs. The components of Mr. Schroeder's compensation while he served as Chief Executive Officer in fiscal year 2006 are outlined below:

Base Salary:

For fiscal year 2006, the Committee maintained Mr. Schroeder's base salary at \$750,090, based on a review of competitive and comparable data of other executives provided by the Company's human resources staff and compensation consultants and of the Company's performance during fiscal year 2005. The full base salary was payable to Mr. Schroeder in accordance with the terms of the Amended and Restated Schroeder Agreement.

Annual Incentives:

For fiscal year 2006, Mr. Schroeder's target bonus under both the EIP and the OCPB were set at 100% of salary, based on the Committee's consideration of the Company's revenue and profit in the prior fiscal year, the Company's market capitalization, and data from comparable companies supplied by the Compensation Committee's compensation consultants, in addition to Mr. Schroeder's expected performance and continuing contributions to the Company.

The annual incentive compensation payable to Mr. Schroeder was equal to the target bonus under both the EIP and the OCPB in accordance with the terms of the Amended and Restated Schroeder Agreement. Mr. Schroeder's total annual incentive payout for fiscal year 2006 resulting from these two programs was \$1,500,180, with \$750,090 from the EIP and \$750,090 from the OCPB.

Long-Term Incentives:

In fiscal year 2006, the Board of Directors granted Mr. Schroeder stock options exercisable for an aggregate of 325,800 shares of Common Stock. As noted above, all of the unvested stock options and equity awards held by Mr. Schroeder on October 16, 2006 immediately ceased vesting and were canceled. No restricted stock units

(RSUs) were granted to Mr. Schroeder during fiscal year 2006, and, as a result of the termination of Mr. Schroeder's employment on October 16, 2006, vesting of his RSUs ceased and all of his outstanding RSUs (which were all unvested) were canceled.

Stock Ownership Guidelines In fiscal year 2004, the Company adopted programs, approved by the Board of Directors, pursuant to which each Company executive at or above a specified salary grade level, and each member of the Board of Directors, is required to own a prescribed number of shares of Common Stock of the Company by June 30, 2009. These ownership requirements increase gradually until the June 30, 2009 deadline and are based on a number of shares as outlined in the table below:

	Title	Shares
	CEO	33,500
	COO	15,000
	CFO/EVP	7,500
	GVP/CTO	4,650
	VP/GM	2,650
	Director	1,000

In fiscal year 2006 each executive covered under this requirement was on target to reach full compliance by 2009 or within 5 years from date of hire.

Deductibility of Compensation Under Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code disallows an income tax deduction to publicly-traded companies such as KLA-Tencor for compensation paid to the CEO and the four other highest paid executive officers, to the extent that compensation exceeds \$1 million per officer in any taxable year and does not otherwise qualify as performance-based compensation. The Company's existing equity compensation plans, including the 2004 Equity Incentive Plan, are structured so that the compensation deemed paid to an executive officer in connection with the exercise of stock options granted under those plans should qualify as performance-based compensation not subject to the \$1 million limitation. However, the Company has determined that certain of its past stock options were retroactively priced and, therefore, have exercise prices below the fair market values of the underlying shares on the grant dates of the options. Because retroactively priced options do not qualify as performance-based compensation, the compensation deemed paid when those options are exercised is subject to the Section 162(m) limitation. As a result, a substantial portion of the compensation realized by Mr. Kispert in connection with his option exercises during fiscal year 2006 is subject to the Section 162(m) limitation. In addition, other awards made under those plans may or may not qualify as performance-based compensation. The restricted stock unit awards made to the executive officers in fiscal years 2005 and 2006 will not qualify as performance-based compensation because the vesting of those awards is tied to continued service over a four-to-five year period.

Until fiscal year 2006, the Company's annual cash incentive programs were not designed to provide bonus payments that would qualify as performance-based compensation under Section 162(m). However, at the 2005 annual meeting, the stockholders approved a new Performance Bonus Plan structured in a manner that will allow the Company to qualify all or part of the compensation earned under that plan as performance-based compensation not subject to the \$1 million limit on deductibility under Section 162(m). As a result, a substantial portion of the incentive compensation

earned by the executive officers under that plan for fiscal year 2006 should qualify as performance-based compensation not subject to the Section 162(m) limitation. However, a portion of the incentive compensation earned by certain executive officers for fiscal year 2006 is not expected to constitute performance-based compensation under Section 162(m), and that portion, when added to other non-performance based compensation earned for fiscal year 2006, is expected to exceed the \$1 million limit under Section 162(m) for Mr. Wallace, Mr. Kispert and possibly other executive officers.

The Committee believes that, as a result of the new Performance Bonus Plan, the risk of lost deductions with respect to the annual incentive compensation awards paid under that plan in subsequent fiscal years will be minimized. The Committee also continues to consider other steps that might be in the Company's best interests to comply with Section 162(m). However, in establishing the cash and equity incentive compensation programs for the executive officers, the Committee believes that the potential deductibility of the compensation payable under those programs should be only one of a number of relevant factors taken into consideration, and not the sole or primary factor. For that reason, the Committee may deem it appropriate to continue to provide one or more executive officers with the opportunity to earn incentive compensation, including cash bonuses tied to both Company and individual performance and restricted stock unit awards, that may be in excess of the amount deductible by reason of Section 162(m) or other provisions of the Internal Revenue Code. The Committee believes that cash and equity incentive compensation must be maintained at the requisite level to attract and retain the executive officers essential to the Company's financial success, even if all or part of that compensation may not be deductible by reason of the Section 162(m) limitation.

REPORT OF THE AUDIT COMMITTEE

Audit Committee

The Company's Audit Committee is comprised of three non-employee Directors, each of whom meets current standards of independence and financial experience requirements of The Nasdaq Stock Market. The Board has determined that H. Raymond Bingham is an audit committee financial expert within the meaning of the rules promulgated by the Securities and Exchange Commission. For fiscal year 2006, H. Raymond Bingham, Robert T. Bond, and Stephen P. Kaufman served as members of the Audit Committee. Mr. Elkus served on the Committee until his mandatory retirement in November 2006. Mr. Bingham served as the Chairman of the Audit Committee for fiscal year 2006. The Board of Directors has adopted a written charter for the Audit Committee that details the responsibilities of the Audit Committee and was attached as Exhibit A to the Proxy Statement related to the 2003 Annual Meeting. This report relates to the activities undertaken by the Audit Committee in fulfilling such responsibilities. The charter is reviewed at least annually for changes, as appropriate, and is posted on the Company's website at <http://ir.kla-tencor.com>, in the Investor Presentations and Corporate Governance section.

KLA-Tencor's management is responsible for establishing and maintaining a system for internal controls and the financial reporting process. The Audit Committee is responsible for overseeing KLA-Tencor's auditing, accounting and financial reporting processes, system of internal controls, and legal and ethical compliance. This report relates to the activities undertaken by the Audit Committee in fulfilling such responsibilities. During fiscal year 2006, the Audit Committee reviewed, discussed and provided input on the Company's audited consolidated financial statements contained in KLA-Tencor's Annual Report on Form 10-K for the fiscal year ended June 30, 2006. The Audit Committee also met routinely with the independent auditors, with and without members of the KLA-Tencor management team present, to evaluate and approve the Company's internal controls and the overall quality of the Company's financial reporting. The Audit Committee also met with the Company's Chief Executive Officer and Chief Financial Officer to discuss and act, as necessary, on accounting issues and risks facing the Company.

The Audit Committee also discussed with the Company's independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, (Communication With Audit Committees).

The Audit Committee received the written disclosures and the letter from the auditors required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*. In addition, on a quarterly basis they reaffirmed their independence. After reviewing such information, the Audit Committee determined that the independent auditors are independent from management and KLA-Tencor. The Audit Committee also concluded that the provision of services covered by fees paid to its independent auditors was compatible with maintaining their independence.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board of Directors approved, the inclusion of the audited financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2006, filed with the Securities and Exchange Commission on January 29, 2007.
