2007 Annual Report to Stockholders**

Annual Meeting

Invitation

Dear Fellow Stockholder:

We are pleased to provide this annual report for our fiscal year ending March 31, 2007, which highlights our achievements of record sales and earnings. Net sales increased 17% over the prior year while net income increased 47%. Although we experienced substantially higher commodity costs, we were able to more than offset those costs with higher selling prices, cost reductions and the benefit of increased sales volume. We experienced a good year and I am proud of the many accomplishments our employees achieved.

Notice of 2007

Annual Meeting

and Proxy

Statement

2007 Annual
Report on Form
10-K

For the first time, we had revenues exceeding \$1.5 billion, due in part to our recent acquisitions and the benefit of stronger foreign currencies. We experienced strong revenue growth in all three of our geographic regions and across both our motive power and reserve power business segments.

Net earnings increased 47% to \$45.2 million. In this report, we have highlighted certain charges and credits by which we adjust earnings to analyze our performance. Net earnings, as adjusted for these items, increased 13% to \$41.4 million as we successfully offset substantially higher costs.

Overall, I am very satisfied with our performance when considering the difficult cost environment we faced. The past year has been challenging; but rewarding. I can assure you we are going to work hard on new plans to continue to increase the value of the Company to our stockholders.

I thank our stockholders for their confidence in our Company, our customers for their valued business, and our employees for their dedication and achievements.

Sincerely,
John D. Craig
Chairman of the Board,

President and Chief Executive Officer

PROXY STATEMENT

GENERAL INFORMATION

Solicitation of Proxies. The Board of Directors of EnerSys is providing this Proxy Statement to solicit proxies for use at EnerSys' annual meeting of stockholders to be held at its corporate offices located at 2366 Bernville Road, Reading, Pennsylvania 19605 on Thursday, July 19, 2007, at 10:00 a.m. (Eastern time) or any adjournment or postponement thereof (the "Annual Meeting"). EnerSys is first delivering this Proxy Statement, the foregoing notice and the accompanying proxy card to stockholders on or about June 19, 2007. EnerSys will pay the expense of soliciting proxies. EnerSys expects to solicit proxies primarily by mail and through the Internet. EnerSys' directors, officers and team members may also solicit proxies personally or by electronic means.

Purpose of the Meeting. At the Annual Meeting, our stockholders will be asked to vote on the following proposals:

Proposal No. 1: To elect three (3) Class III directors of EnerSys, each to serve for a term of three years and until their respective successors shall have been elected and qualified;

Proposal No. 2: To ratify the appointment of Ernst & Young LLP as EnerSys' independent registered public accounting firm for the fiscal year ending March 31, 2008; and

Proposal No. 3: To approve the EnerSys 2007 Management Incentive Plan.

Record Date. Only stockholders of record at the close of business on June 1, 2007 (the "Record Date"), are entitled to notice of, and to vote at, the Annual Meeting. At the close of business on the Record Date, there were 47,107,504 shares of EnerSys common stock outstanding, each of which will be entitled to one vote at the Annual Meeting.

Quorum. The presence, in person or by proxy, of stockholders entitled to cast at least a majority of the votes that all stockholders are entitled to cast will constitute a quorum at the Annual Meeting. Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of votes considered to be present at the Annual Meeting for purposes of determining the presence of a quorum.

Voting and Revocation of Proxies. Stockholders of record can choose one of the following three ways to vote:

1. By mail: Complete, sign, date and return the enclosed proxy card in the pre-paid envelope provided. If you return the signed proxy card but do not mark the boxes showing how you wish to vote, your votes will be cast FOR the election of all director nominees, FOR ratification of the appointment of Ernst & Young LLP as EnerSys' independent registered public accounting firm, and FOR the approval of the EnerSys 2007 Management Incentive Plan.

2. By telephone: Call the toll-free telephone number on the proxy card (888-693-8683) and follow the instructions.

3. Through the Internet: Access the website *www.cesvote.com* and follow the instructions.

Table of Contents

We encourage each stockholder of record to submit their proxy electronically through the Internet, if that option is available, or by telephone. Delivery of a proxy in any of the three ways listed above will not affect a stockholder's right to attend the Annual Meeting and vote in person. If your shares are held in street name (that is, through a broker, trustee or other holder of record), you will receive a proxy card from your broker seeking instructions as to how your shares should be voted. If no instructions are given, your broker or nominee may vote your shares at its discretion on your behalf on routine matters (such as the election of directors and the ratification of the appointment of the independent auditors) under New York Stock Exchange rules. You may not vote shares held in street name at the Annual Meeting unless you obtain a legal proxy from your broker or holder of record.

Any stockholder giving a proxy may revoke it by doing any of the following:

Delivering a written notice of revocation to the Secretary of EnerSys, dated later than the proxy, before the vote is taken at the Annual Meeting;

Delivering a duly executed proxy to the Secretary of EnerSys, bearing a later date (including proxy by telephone or through the Internet) before the vote is taken at the Annual Meeting; or

Voting in person at the Annual Meeting (your attendance at the Annual Meeting, in and of itself, will not revoke the proxy). Any written notice of revocation, or later dated proxy, should be delivered to:

EnerSys
2366 Bernville Road
Reading, Pennsylvania 19605

Attention: Richard W. Zuidema, Executive Vice President Administration and Secretary

Required Votes. The affirmative vote of a plurality of the votes cast at the meeting is required for the election of director nominees. A properly executed proxy marked *WITHHOLD* with respect to the election of one or more director nominees will not be voted with respect to the director nominee or director nominees indicated.

The ratification of the appointment of Ernst & Young LLP as EnerSys' independent registered public accounting firm for the fiscal year ending March 31, 2008, and approval of the EnerSys 2007 Management Incentive Plan each require the affirmative vote of the holders of a majority of the shares represented and entitled to vote at the Annual Meeting. With respect to these matters, abstentions will have the same effect as voting against such proposals and broker non-votes, if any, will not constitute or be counted as votes cast for purposes of this proposal.

Attendance at the Annual Meeting. Attendance at the Annual Meeting will be limited to stockholders as of the Record Date, their authorized representatives and guests of EnerSys.

Metalmark and our Institutional Stockholders. PROPOSAL NO. 1

ELECTION OF DIRECTORS

General

EnerSys certificate of incorporation provides that the Board of Directors shall consist of not less than three nor more than eleven members, as fixed by the Board of Directors from time to time. The certificate of incorporation also divides the Board into three classes, with each class to be as nearly equal in number as possible. The members of each class will serve for a staggered, three-year term. Upon the expiration of the term of a class of directors, nominees for directors in that class will be considered for election for three-year terms at the annual meeting of stockholders in the year in which the term of directors in that class expires.

EnerSys Board of Directors currently consists of nine members, divided into three classes. The classes are composed of the following directors:

Mr. Fry, Mr. Lehman and Mr. Marlo are Class I directors, whose terms will expire at the 2008 annual meeting of stockholders;

Mr. Chung, Mr. Hoffman and Mr. Katsaros are Class II directors, whose terms will expire at the 2009 annual meeting of stockholders; and

Mr. Clifford, Mr. Craig, and Mr. Hoffen are Class III directors, whose terms will expire at the 2007 annual meeting of stockholders.

Director Nominees

Based on the recommendation of the Nominating and Corporate Governance Committee, the Board of Directors has unanimously nominated Mr. Kenneth F. Clifford, Mr. John D. Craig, and Mr. Howard I. Hoffen for

Table of Contents

election as Class III directors of EnerSys. Each of the nominees currently serves as a director of EnerSys and has consented to being named in this Proxy Statement and to serve, if elected. Each of the directors elected at the Annual Meeting will hold office until the 2010 annual meeting of stockholders and until their successors are duly elected and qualified. If any of the nominees become unable to accept nomination or election, the persons named in the proxy may vote for a substitute nominee selected by the Board of Directors. EnerSys management, however, has no present reason to believe that any Class III nominee will be unable to serve as a director, if elected.

The three director nominees who receive the highest number of votes cast at the Annual Meeting will be elected Class III directors. Shares represented by properly delivered proxies will be voted for the Class III director nominees unless otherwise specified in the proxy by the stockholder. Any stockholder who wishes to withhold authority from the proxyholders to vote for the election of directors or to withhold authority to vote for any individual director nominee may do so by voting his or her proxy to that effect. Stockholders cannot cumulate their votes for the election of directors. No proxy may be voted for a greater number of persons than the number of director nominees named.

RECOMMENDATION

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE ELECTION OF EACH OF THE DIRECTOR NOMINEES LISTED ABOVE.

Such agreements effectively permit Metalmark to designate a majority of the nominees for election to our Board of Directors. The Securityholder Agreement also provides that our Chief Executive Officer shall be nominated to the Board of Directors. The stockholders party to the Securityholder Agreement, including certain members of our senior management, have agreed to vote their shares of our common stock to elect these nominees for director.

CORPORATE GOVERNANCE

Controlled Company Exemption

Because Metalmark and the Institutional Stockholders, who are party to the Securityholder Agreement, hold more than 50% of the voting power of EnerSys, we are a controlled company under the New York Stock Exchange listing requirements. So long as we are a controlled company, we may elect not to comply with the NYSE's requirements that a majority of our Board of Directors be independent directors and that all the members of our Compensation Committee and Nominating and Corporate Governance Committee be independent directors. We have so elected and, accordingly, we do not have a majority of independent directors on our Board of Directors, and our Nominating and Corporate Governance Committee is not comprised entirely of independent Directors. Our Compensation Committee was not composed entirely of independent directors during our 2007 fiscal year; however, effective as of April 1, 2007, our Board reconstituted the Compensation Committee such that it now consists solely of independent directors. Except for this change, which we could revoke at any time, we intend to continue to take advantage of the controlled company exemption unless and to the extent Metalmark shall otherwise request.

Independence of Directors

On June 6, 2007, EnerSys Board of Directors determined that Messrs. Katsaros, Lehman and Marlo are independent from EnerSys and EnerSys management under the NYSE's listing standards. These standards are attached as Appendix A. The Board considered the NYSE standards, the fact that there were no transactions or arrangements between the directors and EnerSys (other than the consideration for serving as a director) and all other relevant facts and circumstances in making these independence determinations and concluded that there were no material relationships between either of Messrs. Katsaros, Lehman or Marlo and EnerSys.

There are no family relationships among our directors or executive officers.

Access to Corporate Governance Documents

EnerSys corporate governance information and materials, including our Corporate Governance Guidelines, charters of the Audit Committee, Compensation Committee, and Nominating and Corporate Governance Committee, and Code of Business Conduct and Ethics, are available on the Investor Relations page of EnerSys website at www.enersys.com and any stockholder may obtain printed copies of these documents by writing to Investor Relations at: EnerSys, 2366 Bernville Road, Reading, Pennsylvania 19605, by e-mail at: investorrelations@enersys.com or by calling Investor Relations at (610) 236-4040. Information contained on the website is not incorporated by reference or otherwise considered part of this Proxy Statement.

Committees of our Board of Directors

Our Board of Directors has an Audit Committee, a Compensation Committee, and a Nominating and Corporate Governance Committee, each of which has the composition and responsibilities described below. Our Board of Directors, from time to time, may establish other committees.

Audit Committee

Our Audit Committee consists of Messrs. Marlo (Chairperson), Katsaros and Lehman. The Board of Directors has determined that Mr. Marlo is an audit committee financial expert, as such term is defined in rules promulgated by the SEC under the Exchange Act. The Board of Directors has determined that Messrs. Katsaros, Lehman and Marlo are independent directors. EnerSys Audit Committee held a total of six (6) meetings in the fiscal year ended March 31, 2007, three (3) of which were in person and three (3) of which were held telephonically.

The Audit Committee is responsible for:

appointing, compensating and overseeing the Company's independent registered public accounting firm (independent auditors);

overseeing management's fulfillment of its responsibilities for financial reporting and internal control over financial reporting; and

overseeing the activities of the Company's internal audit function.

For additional information, see Audit Committee Report herein and the Company's Audit Committee Charter, which is available on the Investor Relations page of our website at www.enersys.com.

Compensation Committee

Our Compensation Committee consisted of Messrs. Hoffen (Chairman), Fry and Marlo during our 2007 fiscal year. The Board of Directors has determined that Mr. Marlo is an independent director. Messrs. Hoffen and Fry are not independent directors by virtue of their affiliations with Metalmark, which beneficially owns more than 49% of our outstanding common stock and is part of a control group which collectively owns 58% of our outstanding common stock. Effective as of April 1, 2007, the Compensation Committee consists of Messrs. Marlo (Chairperson), Katsaros, and Lehman, each of whom the Board of Directors has determined to be independent directors.

The Compensation Committee is responsible for:

reviewing and approving the compensation of our Chief Executive Officer (CEO) and executive officers other than the CEO;

reviewing and consulting with the CEO on the selection of officers and evaluation of executive performance and other related matters; and

administering our equity plans and other incentive compensation plans.

Table of Contents

More specifically, the Compensation Committee has sole authority to set the base salaries of our CEO and named executive officers other than the CEO; and to recommend equity-based and incentive-based compensation for our executive officers to the Board for approval. It engages its own independent compensation consultant, currently Frederic W. Cook & Co. Inc., to review the compensation levels of executive officers at our peer companies, assess total compensation of our executive officers and make recommendations about changes in the compensation. The Compensation Committee also considers recommendations from our CEO with respect to the base salary of our other executive officers. The Committee, with input from its independent compensation consultant and our CEO (except with respect to his own compensation), makes recommendations about equity-based and incentive-based compensation for our executive officers to the Board for approval. The Compensation Committee utilizes a similar methodology for setting director compensation and meeting fees, which are also subject to Board approval.

None of our executive officers serves as a member of the Board of Directors or the Compensation Committee of any entity that has one or more executive officers who serve on our Board of Directors or Compensation Committee.

This Committee held a total of nine (9) meetings in the fiscal year ended March 31, 2007, three (3) of which were in person, and six (6) of which were held telephonically.

Nominating and Corporate Governance Committee

Our Nominating and Corporate Governance Committee consists of Messrs. Hoffen (Chairperson), Fry and Marlo. The Nominating and Corporate Governance Committee is responsible for identifying and recommending potential candidates qualified to become board members, recommending directors for appointment to board committees and developing and recommending to our Board of Directors a set of corporate governance principles. The Committee held a total of four (4) meetings in the fiscal year ended March 31, 2007, three (3) of which were in person, and one (1) of which was held telephonically.

Process for Selection of Director Nominee Candidates

The Nominating and Corporate Governance Committee believes that the minimum qualifications for serving as a director of EnerSys are that a candidate demonstrate, by significant accomplishments in his or her field, an ability to make a meaningful contribution to the Board of Directors oversight of the business and affairs of EnerSys and have an impeccable record and reputation for honest and ethical conduct in his or her professional and personal activities. In addition, the Nominating and Corporate Governance Committee considers the following characteristics in reviewing director candidates:

integrity and character;

sound and independent judgment;

breadth of experience;

insight and knowledge;

business acumen;

leadership skills;

scientific or technology expertise;

Edgar Filing: EnerSys - Form DEF 14A

familiarity with issues affecting global businesses in diverse industries;

prior government service; and

diversity of backgrounds and experience.

Table of Contents

In addition to these requirements, the Nominating and Corporate Governance Committee will also evaluate, in the context of the needs of the Board, whether the nominee's skills are complementary to the existing Board members' skills, and assess any material relationships with EnerSys or third parties that might adversely impact independence and objectivity, as well as such other criteria as the Nominating and Corporate Governance Committee determines to be relevant at the time. The Nominating and Corporate Governance Committee, Committee Chair and/or EnerSys' Chief Executive Officer interview candidates that meet the criteria, and the Nominating and Corporate Governance Committee selects candidates that best suit the Board's needs. EnerSys may from time to time hire an independent search firm to help identify and facilitate the screening and interview process of director candidates.

Stockholders may recommend qualified persons for consideration by the Nominating and Corporate Governance Committee. Stockholders making a recommendation must submit the same information as that required to be included by EnerSys in its Proxy Statement with respect to nominees of the Board of Directors. The stockholder recommendation should be submitted in writing, addressed to EnerSys at 2366 Bernville Road, Reading, Pennsylvania 19605 (Attn: Richard W. Zuidema, Executive Vice President Administration and Secretary).

The Nominating and Corporate Governance Committee's evaluation process does not vary based on whether or not a candidate is recommended by a stockholder. However, the Nominating and Corporate Governance Committee will also review the performance as a director of any person already serving on the Board of Directors of EnerSys in determining whether to recommend that the Director be re-nominated.

Charters of the Committees of the Board of Directors

The Audit Committee, Nominating and Corporate Governance Committee, and Compensation Committee each operate pursuant to a written charter adopted by the Board of Directors. Each Committee reviews its charter at least annually. Copies of the charters are available on the Investor Relations page of EnerSys' website at www.enersys.com or in print upon request. See Corporate Governance Access to Corporate Governance Documents.

Director Attendance at Board, Committee and Annual Meetings

EnerSys' Corporate Governance Guidelines provide that directors are expected to attend meetings of the Board and meetings of the committees on which they serve. During our fiscal year 2007, the Board of Directors met a total of six (6) times. Each director attended at least 75% of the total number of meetings of the Board and its committees on which the director served during the fiscal year, based on the number of such meetings held during the period for which each person served as a director or on a committee. It is the Company's policy that directors are invited to the Annual Meeting but are not required to attend. The Chairman of the Board attended the 2006 annual meeting of stockholders.

Executive Sessions of Non-Management Directors

The Board has established a policy requiring non-management directors to meet in executive session periodically during the course of each year and has established procedures for determining which non-management director will serve as the presiding director for these executive sessions. The presiding director is designated by the Board of Directors. Mr. Hoffen has been designated as the presiding director for fiscal year 2008. In addition, it is expected that at least once a year the independent directors will meet in a separate executive session.

Communications with the Board of Directors

Stockholders and other interested parties, who desire to communicate directly with any member (or all members) of the Board, any Board committee or any chair of any such committee should submit such

communication in writing addressed to the Presiding Director or Non-Management Directors, at EnerSys, P.O. Box 14145, Reading, Pennsylvania 19612 or by email to the Presiding Director or Non-Management Directors at presidingdirector@enersys.com. Communications intended for the full Board of Directors may be submitted in the same manner.

Stockholders, employees and other interested parties who desire to express a concern relating to accounting or auditing matters should communicate directly with EnerSys Audit Committee in writing addressed to the Audit Committee Chair at EnerSys, P.O. Box 14145, Reading, Pennsylvania 19612 or by e-mailing the Audit Committee at auditcommittee@enersys.com.

Code of Business Conduct and Ethics

The Board has adopted a Code of Business Conduct and Ethics that is applicable to our Chief Executive Officer, Chief Financial Officer and Controller, as well as our other officers, directors and employees. The code is available on the Investor Relations page of EnerSys website at www.enersys.com or in print upon request. See Corporate Governance Access to Corporate Governance Documents. Any amendment to, or waiver from, the Code for executive officers or directors will be disclosed on the Investor Relations page of EnerSys website at www.enersys.com.

DIRECTOR COMPENSATION

EnerSys believes that the amount, form and methods used to determine director compensation are important ingredients in (i) attracting and retaining directors who are independent, interested, diligent and actively involved in overseeing EnerSys affairs; and (ii) more substantially aligning the interests of EnerSys directors with the interests of EnerSys stockholders.

Compensation Paid to Board Members

In fiscal year 2007, our Compensation Committee engaged Frederic W. Cook & Co., Inc., as an independent compensation consultant to the Compensation Committee, to study a peer group of companies to determine whether the Company should modify its non-employee director compensation package. Based on this study, our Compensation Committee recommended, and the Board of Directors approved, changes to our director compensation that were effective as of October 1, 2006. The annual retainer of \$50,000 in cash remained unchanged. Meeting and other fees were changed as follows:

In-person board meetings to \$1,500 each from \$2,500

Telephonic Board meetings to \$750 each from \$1,250

In-person committee meetings to \$1,500 each from \$1,000

Telephonic committee meetings to \$750 each from \$500

Audit Committee Chairperson to \$10,000 per year from \$0

Committee (non-Audit) Chairperson to \$5,000 per year from \$0

The Compensation Committee determined that total non-employee director compensation should consist of a greater amount of equity-based compensation and recommended, and the Board approved, a grant of restricted stock units covering \$47,000 of Company common stock (valued as of the date of grant) to each non-employee director in lieu of the annual grant of options covering 2,500 shares of company common stock that had been provided in prior fiscal years. The restricted stock units vest 25% per quarter until fully vested immediately prior to the annual meeting of stockholders following such grant. Because the grant in 2006 occurred subsequent to the 2006 annual meeting, the vesting of 50% of the units was accelerated to March 14, 2007. The compensation payable under these restricted stock units may be deferred in accordance with

the EnerSys Stock Unit Deferred

Compensation Plan for Directors. Under that plan, at a director's election, the shares otherwise payable (together with any dividends thereon) will be credited to a hypothetical bookkeeping account in the director's name and will be paid to the director in a lump sum at the time specified in the election (or, if earlier, upon a change in control of the Company or the director's death).

DIRECTOR COMPENSATION FOR FISCAL YEAR 2007

The table set forth below summarizes the compensation paid by the Company to our non-employee directors for the fiscal year ended March 31, 2007. None of the non-employee directors received option awards, non-equity incentive plan compensation, pension or other non-qualified deferred compensation or any other compensation for the fiscal year ended March 31, 2007.

Chung, Clifford, Fry, Hoffen and Hoffman disclaim beneficial ownership of such RSUs and stock options as a result of their respective employment arrangements with Metalmark, except to the extent of their pecuniary interest therein ultimately realized.
- Non-employee directors received an annual grant of 2,871.1057 restricted stock units (RSUs) on February 12, 2007, covering shares valued at \$47,000 on the date of the grant. This value was also the accounting expense under SFAS 123R that will be amortized over the vesting period. Because the grant occurred subsequent to the 2006 annual meeting of stockholders, which is the customary grant date, the RSUs were vested 50% March 14, 2007, 25% on April 20, 2007, and will be fully vested on July 19, 2007, the date of the 2007 annual meeting of stockholders.
- See the Summary Compensation Table below for disclosures related to John D. Craig, who is also an executive officer of the Company.

RECOMMENDATION

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS ENERSYS INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING MARCH 31, 2008.

AUDIT COMMITTEE REPORT

Background

The members of the Audit Committee are currently Directors Dennis S. Marlo (Chairperson), Arthur T. Katsaros and John F. Lehman. The Board, in the exercise of its business judgment, has determined that each member of the Audit Committee is financially literate as required under the NYSE's listing standards and has determined that Mr. Marlo qualifies as the Committee's audit committee financial expert as defined in relevant SEC rules. During the 2007 fiscal year the Audit Committee of the Board of Directors of EnerSys was composed of three directors, each of whom has been determined to be independent by EnerSys Board consistent with the listing standards of the NYSE. For additional information relating to the responsibilities of EnerSys Audit Committee, see Corporate Governance Committees of our Board of Directors Audit Committee.

Responsibility

Management is responsible for the preparation of financial statements and the integrity of the reporting process, including the system of internal and disclosure controls.

The independent registered public accounting firm (the independent auditors) is responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles in the United States.

The primary responsibilities of the Audit Committee are to select, engage and compensate EnerSys outside independent auditors and to oversee EnerSys financial reporting process on behalf of the Board. It is not the duty of the Audit Committee to prepare financial statements and related disclosures. It is also not the duty of the Audit Committee to plan or conduct audits, or to determine that EnerSys financial statements are complete and accurate and in accordance with generally accepted accounting principles in the United States.

Process and Recommendation

In fulfilling its responsibilities, the Audit Committee reviewed and discussed the audited financial statements for the fiscal year ended March 31, 2007, with EnerSys management and with EnerSys independent auditors, including a discussion of the quality, not just the acceptability of EnerSys accounting principles as applied in its financial reports, the reasonableness of significant judgments, and the clarity of the disclosures in the financial statements. The Audit Committee discussed with EnerSys internal and independent auditors the overall scope and plans for their respective audits. The Audit Committee meets with management to discuss EnerSys disclosure controls and procedures and internal control over financial reporting. The Audit Committee also meets with the internal and independent auditors, with and without EnerSys management present, to discuss the results of their examinations and overall quality of EnerSys financial reporting. The Audit Committee also reviewed with EnerSys CEO and CFO their certification relating to their evaluation of EnerSys disclosure controls, the completeness and accuracy of the financial statements and other financial information contained in the Form 10-K, and the process followed by the CEO and CFO to assure the truthfulness of such certificate.

The Audit Committee also discussed with the independent auditors, who are responsible for expressing an opinion on the conformity of those financial statements with generally accepted accounting principles, the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended. In addition, the Audit Committee has discussed with the independent auditors, the

Table of Contents

auditors' independence from EnerSys and its management, including the matters in the written disclosures and letters which were received by the Audit Committee from the independent auditors as required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, as amended. During the course of the year, the Audit Committee also reviewed and considered the compatibility of its independent auditors' performance of certain non-audit services with the maintenance of such auditors' independence.

Based on the process referred to above, the Audit Committee recommended to the Board that the audited financial statements be included in EnerSys' Annual Report on Form 10-K for the fiscal year ended March 31, 2007.

Fees of Independent Auditors

The following tables sets forth the aggregate fees for the fiscal year ended March 31, 2007, and March 31, 2006, incurred for services provided by EnerSys' principal accounting firm Ernst & Young LLP.

Description of Fees	Year Ended	
	March 31, 2007	March 31, 2006
Audit Fees , including fees associated with the annual audit of EnerSys, the reviews of EnerSys quarterly reports on Form 10-Q and for services provided in connection with the requirements of the Sarbanes-Oxley Act of 2002	\$ 3,569,115	\$ 3,727,795
Audit-Related Fees:		
Fees associated with target acquisitions and fees associated with general accounting consultations	166,331	413,996
Tax Fees:		
Fees associated with income tax compliance, advice and planning	278,798	618,231
All Other Fees	0	0
Total	\$ 4,014,244	\$ 4,760,022

The Audit Committee considered whether the provision of non-audit services by EnerSys' principal independent auditors for the fiscal year ended March 31, 2007, was compatible with maintaining auditor independence. The Audit Committee pre-approved all fees for non-audit related services paid to EnerSys' principal auditors for fiscal years 2006 and 2007.

Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services by Independent Auditors

The Audit Committee pre-approves all audit and permissible non-audit services provided by the independent auditors. These services may include audit services, audit-related services, tax services and other services. The Audit Committee has adopted a policy for the pre-approval of services provided by the independent auditors. Under the policy, pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services and is subject to a specific budget. In addition, the Audit Committee may also pre-approve particular services on a case-by-case basis. For each proposed service, the Audit Committee has received detailed information sufficient to enable the Audit Committee to pre-approve and evaluate such service. The Audit Committee may delegate pre-approval authority to one or more of its members. Any pre-approval decisions made under delegated authority must be communicated to the Audit Committee at or before the next scheduled meeting.

Appointment of Independent Auditors for EnerSys' Audit for Fiscal Year 2008

The Audit Committee appointed Ernst & Young LLP to conduct the audit of the financial statements of EnerSys and its subsidiaries for the fiscal year ended March 31, 2008. EnerSys' stockholders are being asked to ratify the Audit Committee's appointment of Ernst & Young LLP as EnerSys' independent registered public accounting firm at the Annual Meeting to which this proxy statement relates.

PROPOSAL NO. 3

APPROVAL OF THE ENERSYS 2007 MANAGEMENT INCENTIVE PLAN

The Board of Directors adopted the EnerSys 2007 Management Incentive Plan (the Management Incentive Plan), and recommends the Management Incentive Plan for stockholder approval at the 2007 Annual Meeting. The Board of Directors believes it to be in the best interest of the Company to adopt the Management Incentive Plan to promote our long-term growth and profitability by providing key personnel with incentives to improve stockholder value.

The Management Incentive Plan is designed to provide performance-based compensation under Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code). Under Section 162(m) of the Code, the Company generally is not eligible for a federal income tax deduction for compensation paid to the Company's Chief Executive Officer or any of the four other most highly compensated executive officers to the extent that they receive compensation of more than \$1 million in any year. However, compensation that is performance-based within the meaning of Section 162(m) of the Code is not subject to these deduction limits. To be performance-based, among other requirements, the compensation must be paid only upon the attainment of certain performance goals that have been approved by our stockholders. Those goals are described below.

Vote Required

The affirmative vote of a majority of the shares present in person or by proxy at the Annual Meeting and entitled to vote on this proposal is required for approval of the Management Incentive Plan.

Management Incentive Plan Description

The following is a brief description of the principal features of the Management Incentive Plan. It does not purport to be complete and is qualified in its entirety by the full text of the Management Incentive Plan, which is attached hereto as Appendix B.

Administration. The Management Incentive Plan will be administered by the Compensation Committee of the Company's Board of Directors, provided that if the Compensation Committee shall not consist solely of two or more individuals who qualify as outside directors within the meaning of Section 162(m) of the Code and non-employee directors within the meaning of Rule 16b-3 of the Securities Exchange Act of 1934, as amended, the Management Incentive Plan shall be administered by such a committee or, in the absence of such a committee, the Board of Directors, and provided further that, except (i) with respect to the direct reports of the Chief Executive Officer and (ii) as required to comply with Section 162(m) of the Code or other applicable law or any listing requirement of the NASDAQ National Market System or any other exchange on which the Company's securities may be listed, (x) the Chief Executive Officer shall have all of the authority, duties and responsibilities of the Compensation Committee (or other administrative committee) under the Management Incentive Plan, and (y) the Compensation Committee (or other administrative committee) may delegate all or any part of its authority, duties or responsibilities under the Management Incentive Plan to any other appropriate officer of the Company. For purposes of this proposal, the committee or other person from time to time charged with the administration of the Management Incentive Plan shall be referred to as the Committee.

The Committee shall have the authority in its sole discretion, subject to and not inconsistent with the express provisions of the Management Incentive Plan, to administer the Management Incentive Plan and to exercise all the powers and authorities either specifically granted under the Management Incentive Plan or necessary or advisable in the administration of the Management Incentive Plan, including, without limitation, the authority to grant awards; to determine the persons to whom and the time or times at which awards shall be granted; to determine the terms, conditions, restrictions and performance criteria, including applicable performance goals, relating to any award; to determine whether, to what extent, and under what circumstances an award may be settled, cancelled, forfeited, or surrendered; to construe and interpret the Management Incentive Plan and any

Table of Contents

award; to prescribe, amend and rescind rules and regulations relating to the Management Incentive Plan; to determine the terms and provisions of any agreement evidencing an award; and to make all other determinations deemed necessary or advisable for the administration of the Management Incentive Plan.

Eligibility. Awards may be granted under the Management Incentive Plan to our officers and other key employees as selected by the Compensation Committee (or other administrative committee) with respect to the executive officers of the Company, and in the sole discretion of the Chief Executive Officer of the Company with respect to other participants. Unless otherwise determined by the Compensation Committee (or other administrative committee) or the Chief Executive Officer, as applicable, in its/his sole discretion, a participant who commences participation in the Management Incentive Plan following the commencement of a performance period may participate with respect to all outstanding performance periods, provided that the awards payable with respect to each such performance period shall be prorated based on the number of days elapsed in such performance period.

Terms Of Awards. The Committee, in its sole discretion, may determine the performance period to which any award will relate. The Committee in its sole discretion may determine the performance goals applicable to each award, the minimum, target and maximum levels applicable to each performance goal, and the amounts payable upon attainment of thresholds within such range.

Payment Of Awards; Performance Goals. The payment of awards under the Management Incentive Plan may be based upon the attainment of (or a specified increase or decrease in) one or more of the following performance goals as determined by the Committee and applied to a participant under the Management Incentive Plan and/or a business unit, product line or subsidiary of the Company or its affiliates (either on an absolute basis or relative to an external performance measure): (i) cash flow; (ii) earnings (including, without limitation, gross margin, earnings before interest and taxes (EBIT), earnings before taxes (EBT), earnings before interest, taxes, depreciation and amortization (EBITDA), and net earnings); (iii) earnings per share; (iv) growth in earnings or earnings per share; (v) stock price; (vi) return on equity or average stockholders equity; (vii) total stockholder return; (viii) return on capital; (ix) return on assets or net assets; (x) return on investment; (xi) sales, growth in sales or return on sales; (xii) income or net income; (xiii) operating income or net operating income; (xiv) operating profit or net operating profit; (xv) operating margin; (xvi) return on operating revenue; (xvii) economic profit, (xviii) market share; (xix) overhead or other expense reduction; (xx) growth in stockholder value relative to various indices, including, without limitation, the S&P 500 Index or the Russell 2000 Index, (xxi) strategic plan development and implementation, (xxii) net debt, and (xxiii) working capital (including components thereof). Each of the foregoing performance goals shall be determined in accordance with generally accepted accounting principles, as applicable; provided that the Committee shall have the authority to make equitable adjustments to the performance goals in recognition of unusual or non-recurring events affecting the Company, in response to changes in applicable laws or regulations, or to account for items of gain, loss or expense determined to be extraordinary or unusual in nature or infrequent in occurrence or related to the disposal of a segment of a business or related to a change in accounting principles. Payments under such awards will be made, in the case of employees covered under Section 162(m) of the Code, solely on account of the attainment of such performance goals established in writing by the Committee to the extent the awards are intended to satisfy the requirements of Section 162(m) of the Code.

Unless otherwise determined by the Committee, an award will be paid in cash within a reasonable period after the end of the applicable performance period, but in no event later than two and a half months following the end of the year in which the awards are no longer subject to a substantial risk of forfeiture. Except as provided below (under Termination of Employment and Change in Control) or as otherwise determined by the Committee, an award will be paid only if the participant is employed by us at the conclusion of the performance period in respect of which it is paid. In no event will payment in respect of awards granted for any performance period of one year or less in length be made to a participant in an amount that exceeds \$2,500,000, and for any other performance period in excess of one year, such amount multiplied by a fraction, the numerator of which is the number of months in the performance period and the denominator of which is twelve.

Table of Contents

Termination Of Employment. Except in the event of death, disability or retirement or as otherwise determined by the Committee, if a participant's employment terminates prior to the end of a performance period for any reason other than death, disability or retirement, no award will be payable to the participant with respect to that performance period. If a participant's employment is terminated as result of death, disability, retirement at normal retirement age or early retirement with Company consent prior to the end of a performance period, the participant's awards will be cancelled, and in respect of such cancelled award, the participant will receive a pro rata portion of his or her award that he or she would have received with respect to the applicable performance period based on actual performance for the performance period, payable at the time that awards are payable to other participants.

Change In Control. In the event that a participant experiences a qualifying termination (as defined in the Management Incentive Plan and generally including a termination without cause (as defined in the Management Incentive Plan) or a voluntary termination following certain required relocations) within three (3) months following a change in control of the Company (as defined in the Management Incentive Plan), the Company will pay to the participant, as soon as practicable following the date of such qualifying termination, a pro rata portion through the date of the change in control of the aggregate value of all awards granted to the participant for any performance period for which awards are outstanding as of the change in control and which is uncompleted as of the qualifying termination, calculated as to each award based on actual performance through the most recently completed fiscal quarter ending on or prior to the date of the change in control and for any portion of the performance period that was to occur after the most recently completed fiscal ending on or prior to the date of the change in control, assuming the achievement, at the target level, of the performance goals established with respect to such award, all as determined by the Committee, and such performance periods and the Management Incentive Plan shall thereafter immediately terminate with respect to such participants and the Company.

Amendment And Termination. The term of the Management Incentive Plan is five years from the date of its adoption by the Board of Directors. Our Board of Directors (or other administrative committee) may modify or terminate the Management Incentive Plan or any portion of the Management Incentive Plan at any time, except that an amendment that requires stockholder approval in order for the Management Incentive Plan to continue to comply with Section 162(m) of the Code will not be effective unless approved by the requisite vote of our stockholders. No amendment to the Management Incentive Plan may be made if such amendment will adversely affect any participant unless the participant consents to the amendment.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Executive Compensation Policy

The Company's executive compensation program is structured and administered to support our vision, which is to be the global leader in our chosen markets for stored energy solutions, and to focus upon maximizing stockholder value. The program is also structured to link executive compensation to EnerSys financial performance and, through programs that use EnerSys stock as a compensation medium, to more closely align the interests of executive management with those of EnerSys stockholders.

We base our executive compensation program on the same objectives that guide the Company in establishing all its compensation programs:

Compensation should align the interests of executives with the long-term interests of our stockholders through award opportunities that result in ownership of common stock.

Compensation should reward teamwork. Because our success depends on our ability to optimize our worldwide business, our compensation programs emphasize our total results rather than geographic or product line results.

Compensation should be based on the level of job responsibility, as well as individual performance, and Company performance. As employees progress to higher levels in the organization, an increasing proportion of their pay should be linked to Company performance and shareholder returns because they are more able to affect the Company's results.

Compensation should reflect the value of the job in the marketplace. To attract and retain a skilled work force, we must remain competitive with the pay of other employers who compete with us for talent.

Compensation should foster the long-term focus required for success in our industry. While all our key employees receive a mix of both annual and longer-term incentives, employees at higher levels have an increasing proportion of their compensation tied to longer-term performance because they are in a position to have greater influence on longer-term results.

Table of Contents

To be effective motivation, performance-based compensation programs should enable employees to easily understand how their efforts can affect their pay, both directly through individual performance accomplishments and indirectly through contributing to the Company's achievement of its strategic and operational goals.

Compensation and benefit programs should be egalitarian. While the programs and individual pay levels will always reflect differences in job responsibilities, geographies, and marketplace considerations, the overall structure of compensation and benefit programs should be broadly similar across the organization.

Determination of Compensation

The Compensation Committee takes into account a number of factors to determine the compensation for the named executive officer and to ensure that the Company's executive compensation program is achieving its objectives. Among those are:

Assessment of Company Performance. The Committee uses Company performance measures in two ways. First, in establishing total compensation ranges, the Committee considers various measures of Company and industry performance, including sales growth, stock price, EBITDA and net income. Second, as described in more detail below, the Committee has established specific Company performance measures that determine the size of payments under the Company's Management Incentive Plan.

Assessment of Individual Performance. Individual performance affects the compensation of all employees, including the CEO and the other named executive officers. Beginning in fiscal year 2007, the Committee adopted a formal evaluation process for our CEO. Each member of our Board provides a written, subjective evaluation of our CEO, on an anonymous basis, covering a broad range of criteria. The evaluations are summarized and used by the Compensation Committee for its consideration in setting the CEO's compensation. For the other named executive officers, the Committee receives a recommendation from the CEO and also exercises its judgment based on the Committee's interactions with the executive officer.

Benchmarking. The Compensation Committee benchmarks the Company's compensation programs with a peer group consisting of the following 17 companies, which are broadly similar with respect to industry (generally, electrical components and equipment) and size (based on revenues):

Ametek	Energizer Holdings	Regal - Beloit
A.O. Smith	Exide Technologies	Spectrum Brands
Artesyn Technologies	Franklin Electric	Tektronix
AVX	Graftech International	Thomas & Betts
Baldor Electric	Hubbell Inc.	Woodward Governor
C&D Technologies	Lamson & Sessions	

The Committee compares the companies' executive compensation programs as a whole, and also compares the pay of individual executives if the jobs are sufficiently similar to make the comparison meaningful. The Committee uses the peer group data primarily to ensure that the executive compensation program as a whole is competitive, meaning generally within the broad middle range of comparative pay of the peer group companies.

Total Compensation Review. The Committee reviews each executive's base pay, bonus, and equity incentives annually with the guidance of the Committee's independent compensation consultant, Frederic W. Cook & Co., Inc.

Components of Executive Compensation for Fiscal Year 2007

The executive compensation program is comprised of base salary, annual short-term incentive opportunities in the form of cash awards based upon the Company's fiscal year performance, long-term incentive opportunities

Table of Contents

in the form of either options to acquire EnerSys stock, restricted stock or restricted stock units of EnerSys or any combination thereof. In addition, we provide the named executive officers with the same employee benefits as are provided to other U.S. employees, and limited perquisites and personal benefits. The Company does not cover the named executive officers under a defined benefit pension plan, supplemental executive retirement plan or deferred compensation arrangement.

Base Salary

Base salary is the guaranteed element of an employee's annual cash compensation. The value of base salary reflects the employee's skill set and the market value of that skill set. The Compensation Committee generally considers whether the executive officer's base salary should be increased based on individual performance with a view toward ensuring that the base salary is competitive with that of executives in peer companies with comparable roles and responsibilities.

With assistance from the Committee's independent compensation consultant, Frederic W. Cook & Co., Inc., the Committee sets a general range for base salary increases as well as a target average for the collective pay increases for the CEO and other executive officers. In addition, the Committee solicits the CEO's recommendation with respect to the pay increase for the other executive officers. Barring unusual circumstances such as promotions, performance issues, etc., the Committee prefers to grant the same percentage increases to the CEO and each executive officer, on the basis that this fosters one of the Company's key goals, world-wide teamwork.

In establishing Mr. Craig's base salary for fiscal year 2007, the Committee applied the process described above. They noted that Mr. Craig's base salary was at the 75th percentile relative to the Company's peer group, and under Mr. Craig's leadership in fiscal year 2006, the Company outperformed its major competitors and achieved acceptable levels of profitability despite significant raw material cost pressures. In recognition of his continued strong leadership in fiscal year 2006, the Committee increased Mr. Craig's annual salary by 5%, effective as of April 1, 2006.

The Committee reviewed similar considerations for each of the other named executive officers and granted each of the other named executive officers an annual increase of 5%, effective as of April 1, 2006.

Management Incentive Plan

Annually, under our Management Incentive Plan (MIP), the Compensation Committee establishes a range of financial targets based on the Company's budget, which is subject to approval by our Board of Directors. Each named executive officer has minimum, target and maximum cash bonus amounts, which are percentages of the executive's base salary and are established at the beginning of each fiscal year. During fiscal year 2007, the Committee established stretch goals under the MIP, the achievement of which would allow each participant in the MIP to earn up to a maximum of 170% of target. The Company has established this annual cash bonus program to align employees' goals with the Company's profitability and bank debt objectives for the current year. The bonuses paid for fiscal year 2007 appear in the Summary Compensation Table under the Nonequity Incentive Plan Compensation column. Bonus payouts for the year are then determined by the Company's financial results for the year relative to the pre-determined performance measures. Satisfactory individual performance is a condition to payment. At the end of the performance period, the Committee, in the case of the CEO and other named executive officers, has discretion to adjust an award payout. The Committee considered the following when establishing the awards for fiscal year 2007:

Bonus Targets. Bonus targets were based on job responsibilities and internal relativity, and generally remain constant on a year-to-year basis. In the case of our CEO and our other named executive officers, the minimum percentage of base salary is set in the respective individual's employment agreement. Consistent with our executive compensation policy, individuals with greater job responsibilities had a greater proportion of their total cash compensation tied to Company performance through the MIP. The

Table of Contents

Committee established the following bonus targets for fiscal year 2007 (expressed as a percentage of base salary): Mr. Craig 100% with a stretch goal target of 170%; Messrs. Pillion, Zuidema, Shea and Kubis 60% with a stretch goal target of 102%.

Company Performance Measures. For all participants in the MIP, including our CEO and named executive officers, the Committee established fiscal year 2007 Company performance measures based 30 percent on average daily net bank debt (which is total long and short term Company debt and capital lease obligations minus short term investments held in the U.S.) and 70 percent on earnings per share (EPS) adjusted for certain items as described below under Adjustments for Certain Items. The measures, determined in connection with the approval of the Company's fiscal year 2007 budget, were as follows:

Measurement	Minimum	Target	Maximum
EPS	\$ 0.78	\$ 0.80	\$ 1.20
Daily Average Net Bank Debt	\$ 424.2 million	\$ 414.2 million	not applicable

The Committee believes that this mix of performance measures will encourage employees to focus appropriately on improving both our balance sheet strength and net earnings. Special emphasis is given to bottom line earnings so that employees can be directly rewarded for their productivity improvements. These measures are also effective motivators because they are easy to track and clearly understood by our employees. Under the plan formula, payouts can range from zero to 170 percent of bonus target, depending on Company performance. In establishing the targets, significant consideration is given to the Company's prior year performance and budget for the current year. The bonuses paid to our CEO and executive officers for fiscal year 2007 were 129.8 percent of bonus target as a result of above-target EPS achievement and above-target net bank debt goal. Adjustments made to these targets for purposes of determining payouts are described below.

Adjustments to Performance Measures. Consistent with past practice and based on criteria established at the beginning of the performance period, the Committee adjusted the earnings results on which fiscal year 2007 bonuses were determined to eliminate the effect of certain items. The adjustments are intended to ensure that award payments represent the underlying growth of the core business and are not artificially inflated or deflated due to such items either in the award year or the previous year. For the fiscal year 2007 awards calculation, the Committee adjusted EPS to eliminate the effect of expenses incurred in connection with a secondary offering and several failed acquisitions.

Equity Incentives Total Equity Program

The Compensation Committee has the ability to grant various types of equity awards under the Company's 2004 and 2006 Equity Incentive Plans to the employees of the Company, including the CEO and other named executive officers. The Committee is studying implementing an annual grant program but has not yet finalized its decision.

During fiscal year 2007, no equity incentives were granted to our CEO or other named executive officers. However, subsequent to the end of the fiscal year, the Compensation Committee, based in part on recommendations from its independent compensation consultant and in view of the Company's earnings performance relative to its key competitors despite continuing extreme raw material cost pressure, recommended that equity awards be granted to key employees of the Company, including our CEO and other named executive officers. To ensure that our key employees are properly focused on shareholder value and recognizing the Company's lack of defined benefit plans, the Committee decided that the awards would consist of 50% stock options and 50% restricted stock units, based on value.

In determining the value of grants for executives, the Committee's overall objective was to set the combined grant values of stock options and restricted stock units at a level that is equivalent to the 60th percentile relative to peer company long-term incentive grant values. The Company used the same valuation methodology as the

Table of Contents

Company uses to determine the accounting expense of the grants under Statement of Financial Accounting Standards (SFAS) 123R. The Committee recommended, and the Board approved, the number of stock options and restricted stock units prior to the pre-established grant date. The number of awards was based on a percentage of the Company's capitalization. Valuation is determined using the closing price of our common stock on the grant date; the Committee's process for determining grant dates is discussed on page 23.

Grant values for individuals were determined by individual performance and internal relativity. Consistent with the Company's compensation philosophy, individuals at higher levels received a greater proportion of total pay in the form of equity. The number of awards granted on May 29, 2007, to the named executive officers were as follows and are at approximately the 60th percentile relative to the Company's peer group (based on value):

Name	Number of Stock Options	Number of Restricted Stock Units	Total Value(1)
John D. Craig	83,448	41,324	\$ 1,508,533
Michael T. Phillion	17,818	8,824	\$ 322,113
Richard W. Zuidema	17,818	8,824	\$ 322,113
John A. Shea	17,818	8,824	\$ 322,113
Raymond Kubis	17,818	8,824	\$ 322,113

- (1) The total value is the sum of the value of the restricted stock units and stock options determined as of May 29, 2007, the date of grant. The value of each restricted stock unit was \$18.25, the closing price of our common stock on the date of grant; and the value of each stock option was approximately \$9.04, as determined using the Black-Scholes method.

Equity Incentives Restricted Stock Units

Restricted stock unit awards provide employees with shares of EnerSys stock if the employee remains employed with the Company for the vesting period. Generally, our restricted stock units vest ratably (25% per year) over a four year period. The Committee approved the terms of the fiscal year 2007 restricted stock unit awards in May 2007, and took into consideration the following:

Target Grant Size. As noted above under *Equity Incentives Total Equity Program*, restricted stock unit grants were 50 percent of the total equity grant value (measured in accordance with SFAS 123R) established by the Committee. The total equity grant value was at approximately the 60th percentile relative to peer company equity incentive compensation. Due to excellent Company performance for fiscal year 2007, the Committee granted our CEO 41,324 restricted stock units. In determining the awards for the named executive officers other than the CEO, the Committee, based on a recommendation from our CEO, granted the same value of awards to each of these executive officers. This is consistent with the Company's philosophy of fostering world-wide teamwork, absent unusual circumstances.

Retention Considerations. The restricted stock unit grants vest ratably (25% per year) over a four-year term and, once vested, provide value to the employee. Although restricted stock units do not provide the same retention incentives as do stock option awards, the Compensation Committee granted this type of award for two reasons. First, because the Company does not have any defined pension benefits plans or similar programs, the Committee wanted to provide an award that provided some amount of value that was not solely dependent on the appreciation of the Company's stock price. Second, because the same types of awards are provided to all participating employees on a world-wide basis, restricted stock units provide certain tax and other advantages to our foreign employees as compared to restricted stock.

Equity Incentives Stock Options

Stock options align employee incentives with stockholders because options have value only if the stock price increases over time. The Company's 10-year options, granted at the closing price on the date of grant,

Table of Contents

encourage employees to focus on long-term growth. In addition, options are intended to help retain key employees because they typically cannot be exercised for four years (on a pro-rata basis) and, if not exercised, are forfeited if the employee leaves the Company before retirement. The four-year vesting also helps keep employees focused on long-term performance.

The Committee considered the following in establishing the option grants to our CEO and other named executive officers:

Grant Size. As noted above under Equity Incentives Total Equity Program, stock option grants were 50 percent of the total equity grant value (measured in accordance with SFAS 123R) established by the Committee. The total equity grant value was at approximately the 60th percentile relative to peer company equity incentive compensation. Due to excellent Company performance for fiscal year 2007, the Committee granted our CEO 83,448 stock options. In determining the awards for the named executive officers other than the CEO, the Committee, based on a recommendation from our CEO, granted the same value of awards to each of these executive officers. This is consistent with the Company's philosophy of fostering world-wide teamwork, absent unusual circumstances.

Grant Date and Price. The Committee's procedure for the grant date of equity grants (restricted stock unit awards and stock options) provides assurance that the grant date is not being manipulated to result in a price that is favorable to employees. The equity grant date for all eligible employees, including executive officers, is on the first day that the Company's stock trading window is open subsequent to the grant approval date. In the event of grants to new hires, the grants are effective on the first trading day of the month following hire. The foregoing is based on our Policy on Granting Equity Awards, which is described below. The establishment of this policy, which pre-determines grant dates, provides assurance that grant timing is not being manipulated for employee gain.

Retention Considerations. As with the restricted stock units, stock option grants generally vest ratably (25% per year) over a four-year term. They have a life of 10 years, after which they are cancelled. To obtain value, the employee must remain with the Company until the options are vested and the stock price must have appreciated above the exercise price, which is the market price of our common stock on the grant date.

Policy on Granting Equity Awards.

In fiscal year 2007, the Company established a written policy on granting equity awards. The policy provides who has authority for granting awards, the procedure for granting awards and how the date of grant and exercise prices (in the case of options) are determined. All awards are subject to Board approval, based on the recommendations of the Compensation Committee. However, within certain limitations, the Board may delegate authority to our CEO for awards to employees below the senior vice president level. Except for awards to new hires, the grant date for all awards is the first business day following the approval date that is not within the Company's stock trading blackout period, and the exercise price, if applicable, is the closing price of our stock on the grant date.

Employee Benefits

The Company offers core employee benefits coverage in order to:

Provide our global workforce with a reasonable level of financial support in the event of illness or injury; and

Enhance productivity and job satisfaction through programs that focus on work/life balance.

The benefits available are the same for all U.S. employees and executive officers and include medical and dental coverage, disability insurance, and life insurance. In addition, the EnerSys 401(k) Plan provides some

Table of Contents

level of retirement income. All U.S. employees, including our executive officers, are eligible to participate in these welfare and benefit plans. To the extent that federal tax law limits contributions to the 401(k) Plan, the Company does not provide any alternatives to the employee nor does it provide any other retirement or savings plans.

The cost of employee benefits is partially borne by the employee, including each named executive officer.

Perquisites

The Company provides limited perquisites and personal benefits to its named executive officers, including the personal use of a Company automobile. In addition, the Company pays life and disability insurance premiums for Mr. Craig, our CEO. Mr. Kubis, a U.S. citizen and President of our European operation, was based in Brussels, Belgium during fiscal year 2007. Because of this, the Company reimbursed Mr. Kubis for tax advisory services, personal and family travel to the United States and private school tuition for his children.

Severance Benefits

Each of our named executive officers has an employment agreement with the Company or an affiliate of the Company. These agreements provide for severance benefits for certain covered terminations: upon death, permanent disability, if the Company terminates the executive officer without cause, or if the executive terminates employment for good reason (as defined in their respective agreements). The named executive officers are not eligible for severance payments solely upon a change in control. See pages 29 to 31 for a detailed explanation of these benefits.

Other Matters

Hedging Prohibition

Employees are not permitted to hedge their economic exposures to the EnerSys stock that they own by engaging in transactions involving puts, calls, or other derivative securities or zero-cost collars or forward sales contracts. The Company expects the employee to have the full risks and rewards of stock ownership.

Deductibility Cap on Executive Compensation

U.S. federal income tax law prohibits the Company from taking a tax deduction for certain compensation for any year paid in excess of \$1,000,000 to each of our CEO and the other named executive officers listed in the summary compensation table below. However, performance-based compensation, as defined in the tax law, is fully deductible if the programs are approved by shareholders and meet other requirements. Our policy is to qualify our incentive compensation programs for full corporate deductibility to the extent feasible and consistent with our overall compensation goals.

The Company is taking steps to qualify the deductibility of compensation under the MIP, which has not been qualified to date pursuant to an exception for companies following an initial public offering. The Company has taken steps to qualify equity awards granted under its equity incentive plans for full deductibility as performance-based compensation. The Committee may make payments that are not fully deductible if, in its judgment, such payments are necessary to achieve the Company's compensation objectives and to protect shareholder interests. For fiscal year 2007, no employee received non-deductible compensation.

COMPENSATION COMMITTEE REPORT

The Compensation Committee evaluates and establishes compensation for our named executive officers and oversees the Company's equity incentive plans, MIP and benefit and perquisite programs. Management has the

primary responsibility for the Company's financial statements and reporting process, including the disclosure of executive compensation. With this in mind, we have reviewed and discussed with management the Compensation Discussion and Analysis found on pages 18-24 of this report. The Committee is satisfied that the Compensation Discussion and Analysis fairly and completely represents the philosophy, intent, and actions of the Committee with regard to executive compensation. We recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement for filing with the Securities and Exchange Commission.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE OF CONTROL

As described above, all of our named executive officers have entered into employment or directorship agreements with us. Under the conditions described below, each of these agreements provides for certain payments upon a termination of employment.

We may terminate the employment of each of Messrs. Craig, Phillion, Zuidema, Shea or Kubis for cause if he has been involved in any of the following: the commission of a felony or crime involving moral turpitude; a knowing and intentional fraud; an act or omission that is materially injurious to EnerSys; or the willful and continued failure or refusal to substantially perform his duties as an employee of EnerSys. If we were to terminate the employment of one of these executives without cause, or if he were to resign with good reason (as defined below), we would be obligated to pay him his base salary, plus annual bonuses in an amount equal to the average of his two most recent annual bonuses, for the remainder of the term of the employment agreement. Good reason means any of the following: a decrease in base salary; a material diminution of authority, responsibilities or positions of the executive; a relocation to any office location that is more than 50 miles from Reading, Pennsylvania (certain cities outside of Western Europe, in the case of Mr. Kubis); or our giving notice that we intend to discontinue the automatic extension of the employment agreement. The employment agreements for each of the executives provide that if any payments owed to the executive (whether pursuant to the respective employment agreement or otherwise) are subject to excise tax under Section 4999 of the Internal Revenue Code of 1986, we will provide the executive with a tax gross-up payment such that, after payment of any excise tax on the underlying payment and all taxes on the gross-up payment, the executives would retain an amount before payment of income and employment taxes equal to the underlying payment. No special benefit is payable to our named executive officers solely in the event of a change in control.

In the event of the death or disability of our named executive officers (other than Mr. Kubis), such officer (or his estate) would be entitled to one (1) year of base salary in the event of death, or six (6) months of base salary plus medical benefits, in the event of disability.

Table of Contents

The tables below reflect the incremental amount of compensation payable to each of the named executive officers in the event of various termination scenarios. No benefits are provided solely in the event of a change in control other than the accelerated vesting of any unvested restricted stock awards. The amounts shown assume that such hypothetical termination was effective as of March 31, 2007. The amounts do not include benefits earned or vested as of March 31, 2007, or benefits provided under insurance or regular programs available to salaried employees generally. The actual amounts that would be paid upon a named executive officer's termination of employment can be determined only at the time of any such event. Due to the number of factors that affect the nature and amount of any benefits provided upon the events discussed below, any actual amounts paid or distributed may be higher or lower than reported below. Factors that could affect these amounts include the timing during the year of any such event, the Company's financial performance and the executive officer's age.

Effect of Termination of Employment on Vesting

The named executive officers are entitled to full acceleration of vesting of outstanding equity awards in the event of (a) termination of employment without cause; (b) voluntary termination of employment for good reason; and (c) a change in control. This effect applies to the awards held by all participants in the Equity Incentive Plan and not just the named executive officers. Information regarding the outstanding equity awards held by the named executive officers at year end is set forth on pages 28 and 29.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS**Related Person Transaction Policy**

Our Board recently adopted a written policy regarding related person transactions. As a general matter, it is the Company's preference to avoid or minimize related person transactions. Under this policy, a director or executive officer must promptly report to the Corporate Secretary or General Counsel any potential transaction in which a Related Person (as defined by Item 404(a) of Regulation S-K) has or will have a direct or indirect material interest. Pursuant to this policy, the Company is not permitted to consummate or continue the Related Person transaction without the approval or ratification of the Audit Committee or, in certain situations, by the Chairman of the Audit Committee. Any director interested in a Related Person transaction must recuse himself from any such vote.

Indemnification

Edgar Filing: EnerSys - Form DEF 14A

Delaware law, our certificate of incorporation and our bylaws contain limitation of liability provisions and provisions for indemnification of our directors and officers.

Table of Contents

In addition, we have entered into an indemnification agreement with each of our directors and officers. Pursuant to this agreement, we will indemnify, to the fullest extent permitted by the Delaware General Corporation Law, each director or officer who is, or is threatened to be made, a party to any proceeding by virtue of the fact that such person is or was one of our directors or officers. Indemnification will be provided for all costs, judgments, penalties, fines, liabilities and amounts paid in settlement of any such proceeding and for expenses actually and reasonably incurred in connection with any such proceeding.

Directors and officers of EnerSys are also insured against certain liabilities for their actions, as such, by an insurance policy obtained by EnerSys. The premium for the fiscal year ended March 31, 2007, specifically for directors and officers, as individuals, was \$0.1 million.

Indemnity and Expense Agreement

We have agreed with each of the Morgan Stanley Funds, in an indemnity and expense agreement dated March 22, 2002, that, to the fullest extent permitted by law, none of such stockholders, or any of their respective partners or other affiliates, or their respective members, stockholders, directors, managers, officers, employees, agents or other affiliates, or any person or entity who serves at the request of any such stockholder on behalf of any person or entity as an officer, director, manager, partner or employee of any person or entity (referred to as indemnified parties), shall be liable to us for any act or omission taken or suffered by such indemnified party in connection with the conduct of our affairs or otherwise in connection with such stockholder's ownership of shares of our common stock, unless such act or omission resulted from fraud, willful misconduct or gross negligence by such indemnified party or any mistake, negligence, dishonesty or bad faith of any agent of such indemnified party.

We have also agreed with each Morgan Stanley Fund that, to the fullest extent permitted by law, we will indemnify each of such indemnified parties for any and all liabilities and expenses (including amounts paid in satisfaction of judgments, in compromises and settlements, as fines and penalties and legal or other costs and reasonable expenses of investigating or defending against any claim or alleged claim) of any nature whatsoever, known or unknown, liquidated or unliquidated, that are incurred by such indemnified party and arise out of or in connection with our affairs, or any indemnified party's ownership of shares of our common stock, including acting as a director, manager or officer or its equivalent; provided that an indemnified party shall be entitled to indemnification only to the extent that such indemnified party's conduct did not constitute fraud, willful misconduct or gross negligence.

We have also agreed to pay, or reimburse, each Morgan Stanley Fund for all such stockholder's reasonable out-of-pocket fees and expenses incurred in connection with and related to such stockholder's ownership of shares of our common stock.

Relationship with Metalmark and Morgan Stanley

As of March 31, 2007, Morgan Stanley Senior Funding, Inc., a subsidiary of Morgan Stanley, acts as an agent under our senior secured credit facility. Morgan Stanley Senior Funding was a lender and acted as agent under our former senior secured credit facility.

Since the beginning of our 2002 fiscal year until repayment of our former secured credit facility in March 2004, Morgan Stanley Senior Funding received fees totaling \$0.5 million for its services as agent under that facility. In addition to these fees, other affiliates of Morgan Stanley have received a total of \$0.3 million in fees and expense reimbursements for services provided to us since the beginning of our 2002 fiscal year, including \$0.1 and \$0.2 million in connection with the ESG and FIAMM acquisitions, respectively. In connection with the March 2004 refinancing of our then existing credit agreements and related recapitalization, Morgan Stanley Senior Funding received the following fees for its role in arranging the new credit facilities: \$0.5 million for the senior secured revolving credit facility, \$1.1 million for the senior secured term loan B and \$0.9 million for the

Table of Contents

senior second lien term loan. Morgan Stanley Senior Funding is not entitled to receive any ongoing fees or expense reimbursements for any services rendered under the credit agreements. Morgan Stanley Senior Funding is not committed to fund any portion of the senior secured term loan B and, accordingly, will not receive any amounts if any of those loans are prepaid.

As part of the March 2004 recapitalization and the related distribution of \$258.4 million to stockholders, the Morgan Stanley Funds received approximately \$217 million.

The general partners of the Morgan Stanley Funds are wholly owned subsidiaries of Morgan Stanley. An affiliate of Metalmark manages MSCP IV, L.P. and MSCP IV 892, L.P. pursuant to the Subadvisory Agreement. In addition, under the Subadvisory Agreement, MSCI IV, L.P. is effectively obligated to vote or direct the vote and to dispose or direct the disposition of any of our shares owned directly by it on the same terms and conditions as MSCP IV, L.P. and MSCP IV 892, L.P.

Institutional Stockholders hold approximately 58% of the outstanding shares of our common stock. As a result of the Securityholder Agreement and the Subadvisory Agreement, Metalmark may be deemed to control our management and policies. In addition, Metalmark may be deemed to control all matters requiring stockholder approval, including the election of our directors, the adoption of amendments to our certificate of incorporation and the approval of mergers and sales of all or substantially all our assets. Circumstances could arise under which the interests of Metalmark could be in conflict with the interests of our other stockholders. For more information, see [General Information Metalmark and Our Institutional Stockholders](#) herein.

Securityholder Agreement

We entered into a securityholder agreement with MSCP Funds and our other equity holders dated as of November 9, 2000, providing for certain governance matters, restrictions on transfers of our equity interests by certain equity holders and certain registration rights. Prior to our Offering, we entered into an amended and restated securityholder agreement, which we refer to herein as the [Securityholder Agreement](#), with Metalmark and the Institutional Stockholders as well as with certain members of our senior management.

The Compensation Committee, in consultation with our Chief Executive Officer, from time to time, designates members of our senior management to be subject to the Securityholder Agreement whether or not such person is then employed by us. Currently, Messrs. John D. Craig, Michael T. Phillion, Richard W. Zuidema, John A. Shea and Raymond R. Kubis (collectively, the [Management Securityholders](#)) are subject to the Securityholder Agreement. The Management Securityholders own an aggregate of 317,879 outstanding shares of our common stock, 90,215 shares of restricted stock, and options to purchase an aggregate of 4,036,087 shares of common stock. Collectively, as of June 1, 2007, the Institutional Stockholders and Management Securityholders owned an aggregate of 31,604,742 outstanding shares of our common stock (including 90,215 shares of unvested restricted stock), constituting approximately 62% of our outstanding shares of common stock.

All significant decisions involving our company or our subsidiaries require the approval of our Board of Directors, acting by a simple majority vote. The Securityholder Agreement provides that our Board of Directors will consist of seven members, which may be increased to not more than nine members at the discretion of our Board of Directors and our chief executive officer will be a nominee for election to our Board of Directors. The Securityholder Agreement and the Subadvisory Agreement effectively permit Metalmark to designate a majority of the nominees for election to our Board of Directors and to designate a majority of the members of our Compensation Committee and Nominating and Corporate Governance Committee. For information on voting by parties to the Securityholder Agreement, see [General Information Metalmark and Our Institutional Stockholders](#) and [Corporate Governance](#) herein. Such rights are subject to any listing requirement of the NYSE on which the shares of our common stock trade, and to any other requirements of the Exchange Act, which may require that some of such nominees and committee members be independent, as such term is defined in Rule 10A-3(b)(i) under the Exchange Act or otherwise. Such rights to designate a majority of such

Table of Contents

nominees or committee members will terminate when EnerSys may no longer avail itself of the controlled company exemption under the NYSE listing requirements as a result of the beneficial ownership of our shares by the Institutional Stockholders. Thereafter, and until the Institutional Stockholders cease to own at least 15% of our outstanding common stock, Metalmark will be entitled to designate a number of such nominees or members that is proportionate to such stockholders' percentage holdings of our common stock.

We have agreed with each member of our senior management, who is a party to the Securityholder Agreement, that such person may not, directly or indirectly, transfer or encumber his or her shares of our common stock owned, or issuable upon the exercise of options, subject to certain exceptions. These restrictions terminate with respect to such person when either (a) the Morgan Stanley Funds own less than 15% of our outstanding common stock or (b) with respect to vested shares and options under our Management Equity Plan, such person's employment is terminated by us without cause or by such person for good reason, or upon such person's death, permanent disability or retirement (in each case as defined in such agreement). No member of our senior management who is party to the Securityholder Agreement may make any sale of, or encumber, his or her shares of common stock if the average daily closing price on the securities exchange on which such shares of common stock are traded for the 20-trading day period immediately preceding such proposed sale or encumbrance is equal to or less than the \$12.50 per share subject to certain exceptions.

We have agreed with each of our Institutional Stockholders, other than the Morgan Stanley Funds, that is a party to the Securityholder Agreement that such stockholder may not, directly or indirectly, transfer or encumber its shares of our common stock owned immediately prior to the closing of the Offering, subject to certain exceptions. These restrictions terminate when the Morgan Stanley Funds own less than 15% of our outstanding common stock.

We have agreed that the MSCP Funds, the J.P. Morgan Funds and the GM Stockholders have the ability, subject to certain exceptions, to require us to register the shares of common stock held by parties to the Securityholder Agreement in connection with the resale of such shares, so long as the aggregate market value of the shares to be registered is at least \$50 million, in the case of requests involving an underwritten public offering, or \$15 million, in the case of any other public offering. In addition, each party to the Securityholder Agreement will have the ability to exercise certain piggyback registration rights in connection with other registered offerings by us. We have agreed to pay all registration expenses in connection with the exercise of the registration rights included under the Securityholder Agreement. In addition, we have agreed to indemnify the parties to the Securityholder Agreement who exercise their registration rights against certain liabilities, including under the Securities Act.

Employment of Related Parties

Mr. Michael Shea, brother of Mr. John Shea, and Mr. Thomas Larkin, brother-in-law of Mr. John Shea, Executive Vice President, Americas, were both employed as District Sales Managers of one of our subsidiaries during fiscal year 2007. Mr. Michael Shea received total compensation (base salary plus bonus) of \$116,383 in fiscal year 2007, in addition to customary employee benefits. In addition, he was promoted to General Manager effective as of April 1, 2007, and received a 21% increase in base salary to \$86,862 from \$71,795. Mr. Shea also received 674 stock options and 334 restricted stock units, valued at \$12,191 on the date of grant. Mr. Larkin received total compensation (base salary plus bonus) of \$155,826 in fiscal year 2007, in addition to customary employee benefits, and received 434 stock options and 215 restricted stock units, valued at \$7,848 on the date of grant. These transactions were ratified by our Audit Committee pursuant to our Related Person Transaction Policy.

Shelf Registration and Secondary Offering

During fiscal year 2007, the Company paid approximately \$750,000 in professional and other fees in connection with the shelf registration of 12.5 million shares of common stock for Metalmark, the Institutional

Table of Contents

Stockholders and certain member of our senior management, and the related offering of six (6) million shares of common stock of the Company by the Institutional Investors and Metalmark. Pursuant to the Securityholders Agreement, the Company is contractually obligated to pay such fees within the limits set forth therein.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires EnerSys officers and directors, and any persons owning more than ten percent of EnerSys common stock, to file reports of ownership and changes in ownership with the SEC and NYSE. Persons filing such reports are required by SEC regulation to furnish EnerSys with copies of all such reports filed with the SEC. Based solely on EnerSys review of any copies of such reports received by it, and on written representations from EnerSys existing directors and executive officers that no additional annual statements of beneficial ownership were required to be filed by such persons, EnerSys believes that all such statements were timely filed in fiscal year 2007 with the exception of each of Michael T. Phillion's and Richard W. Zuidema's Form 4s reporting the disposal of vested restricted shares to pay associated withholding taxes. The ten (10) days delay was due to an administrative oversight.

(e) *Amendment, Termination and Duration of the Plan.* The term of the Plan shall be five years from and including the Effective Date; provided that the Board or the Committee may at any time and from time to time alter, amend, suspend, or terminate the Plan in whole or in part. Notwithstanding the foregoing, no amendment shall affect adversely any of the rights of any Participant under any Award following the end of the Performance Period to which such Award relates; provided that no amendment that requires stockholder approval in order for the Plan to continue to comply with Section 162(m) of the Code shall be effective unless such amendment shall be approved by the requisite vote of the stockholders of the Company. Notwithstanding the termination of the Plan, Awards granted under the Plan shall remain outstanding subject to the terms of the Plan until the expiration of the Performance Period to which such Award relates or the earlier termination of the Award in accordance with the provisions of the Plan.

(f) *Participant Rights.* No Participant shall have any claim to be granted any Award under the Plan, and there is no obligation for uniformity of treatment for Participants. The adoption of the Plan shall not affect any other equity or other compensation or incentive plan in effect for the Company or an Affiliate, and the Plan shall not preclude the Board or Committee from establishing other forms of incentive compensation.

(g) *Change in Control.* In the event that a Participant experiences a Qualifying Termination (as defined below) within three (3) months following a Change of Control, the Company shall pay to such Participant, as soon as practicable following the date of such Qualifying Termination, a pro rata portion through the date of the Change of Control of the aggregate value of all Awards granted to such Participant for any Performance Period for which Awards are outstanding as of the Change in Control and which is uncompleted as of the Qualifying Termination, calculated as to each such Award based on actual performance through the most recently completed fiscal quarter ending on or prior to the date of the Change in Control and for any portion of the Performance Period that was to occur after the most recently completed fiscal ending on or prior to the date of the Change in Control, assuming the achievement, at the target level, of the Performance Factors established with respect to such Award, all as determined by the Committee, and such Performance Periods and the Plan shall thereafter immediately terminate with respect to such Participants and the Company. For purposes of this Section a Qualifying Termination shall mean (i) the Participant's involuntary termination of employment by the Company without Cause (as such term is defined in the Company's 2006 Equity Incentive Plan); provided, however, that a Participant shall not experience an involuntary termination of employment if the Participant receives an offer of employment from a successor company at the same or greater level of base salary and otherwise on substantially comparable terms and conditions and in the same metropolitan area as prior to the Change of Control or (ii) the Participant's voluntary termination of employment within 30 days following the relocation, without the Participant's consent, of the Participant's principal place of employment to a metropolitan area outside the metropolitan area in which the Participant's principal place of employment was located as of the Change in Control.

(h) *Termination of Employment.*

(i) Unless otherwise provided by the Committee, if a Participant's employment is terminated as result of death, retirement at normal retirement age, early retirement with Company consent, or Disability prior to the end of the Performance Period, the Participant's Awards shall be cancelled, and in respect of such cancelled Award such Participant shall receive a pro rata portion of his or her Award that he or she would have received with respect to the applicable Performance Period based on actual performance for the Performance Period, which shall be payable at such time that Awards are payable to other Participants.

(ii) Unless otherwise provided by the Committee in connection with specified terminations of employment, if a Participant's employment terminates for any reason, other than death or Disability, prior to the end of a Performance Period, no Award shall be payable to such Participant with respect to such Performance Period.

(i) *Unfunded Status of Awards.* The Plan is intended to constitute an unfunded plan for incentive compensation. With respect to any payments not yet made to a Participant pursuant to an Award, nothing

contained in the Plan or any Award shall give any such Participant any rights that are greater than those of a general creditor of the Company.

(j) *Governing Law.* The Plan and all determinations made and actions taken pursuant hereto shall be governed by the laws of the State of Delaware without giving effect to the conflict of laws principles thereof.

(k) *Beneficiary.* A Participant may file with the Company a written designation of a beneficiary on such form as may be prescribed by the Committee and may, from time to time, amend or revoke such designation. If no designated beneficiary survives the Participant and an Award is payable to the Participant's beneficiary, the executor or administrator of the Participant's estate shall be deemed to be the grantee's beneficiary.

(l) *Successor to the Company.* Unless otherwise agreed by the Company in an applicable agreement, any successor to the Company shall be required to (i) expressly assume the Company's obligations under the Plan in connection with a Change in Control, and (ii) honor the Company's obligations under the Plan and any Award granted thereunder, without adverse alteration to the rights of any Participant, with respect to the Performance Period during which such Change in Control occurs.
