MARSHALL & ILSLEY CORPORATION

Marshall & Ilsley Corporation, incorporated in Wisconsin in 2007, is a registered bank holding company under the Bank Holding Company Act of 1956 and is certified as a financial holding company under the Gramm-Leach-Bliley Act of 1999. On November 1, 2007, we completed a corporate reorganization in connection with the separation of our data services subsidiary, Metavante Corporation, from the organization. As part of this transaction, old Marshall & Ilsley Corporation, which we refer to as Old Marshall & Ilsley, was separated into two publicly traded companies, us and Metavante Technologies, Inc. WPM, L.P., a limited partnership organized by Warburg Pincus Private Equity IX, L.P., a global private equity investment fund managed by Warburg Pincus LLC, acquired 25% of the outstanding common stock of Metavante Technologies, Inc. in exchange for a \$625 million investment in Metavante Technologies, Inc. We received a contribution of approximately \$1.665 billion in cash from Metavante Technologies, Inc. and Old Marshall & Ilsley received \$982 million from Metavante Corporation as repayment of debt owed to it as part of this separation.

Immediately following the cash contribution by Metavante Technologies, Inc., the shareholders of Old Marshall & Ilsley received three shares of our common stock and one share of Metavante Technologies, Inc. common stock in respect of every three shares of Old Marshall & Ilsley common stock held by the shareholders. Through this distribution, the shareholders of Old Marshall & Ilsley received in the aggregate common stock equal to 100% of the outstanding shares of our common stock and 75% of the outstanding shares of Metavante Technologies, Inc. common stock.

As a result of this transaction, we acquired 100% of the outstanding membership interests of Old Marshall & Ilsley, which was converted to a Wisconsin limited liability company and renamed M&I LLC. M&I LLC is an interim bank holding company and will continue to own all of the outstanding capital stock of the organization's banking and non-banking subsidiaries. Through this corporate reorganization, we have become the new top-tier bank holding company for the organization. We were renamed Marshall & Ilsley Corporation and are the registrant for SEC reporting purposes.

As of June 30, 2007, Old Marshall & Ilsley had consolidated total assets of approximately \$58.3 billion and consolidated total deposits of approximately \$35.0 billion, making us the largest bank holding company headquartered in Wisconsin. Our pro forma total assets as of June 30, 2007 were \$55.8 billion and our pro forma consolidated total deposits as of June 30, 2007 were \$35.2 billion. Our executive offices are located at 770 North Water Street, Milwaukee, Wisconsin 53202 (telephone number (414) 765-7801).

Our principal assets are the stock of our bank and nonbank subsidiaries, which, as of November 1, 2007, included five bank and trust subsidiaries and a number of companies engaged in businesses that the Board of Governors of the Federal Reserve System has determined to be closely related or incidental to the business of banking. We provide our subsidiaries with financial and managerial assistance in such areas as budgeting, tax planning, auditing, compliance assistance, asset and liability management, investment administration and portfolio planning, business development, advertising and human resources management.

Our primary business consists of banking, which includes accepting deposits, making loans and providing other services such as residential and commercial mortgage banking, cash management, foreign exchange and correspondent banking to a variety of commercial and retail customers. Our other businesses include wealth management, which consists of trust services, private banking and brokerage services, as well as a capital markets group, insurance services and commercial leasing.

Table of Contents

Marshall & Ilsley Corporation is a legal entity separate and distinct from its subsidiaries. Our principal source of funds to pay dividends on our capital stock and interest on our debt is dividends from our subsidiaries. Various federal and state statutes and regulations restrict the amount of dividends our subsidiaries may pay to us. Our subsidiaries are not obligated to make required payments on our debt or other securities. Accordingly, our rights and the rights of holders of our debt and other securities to participate in any distribution of the assets or income from any subsidiary is necessarily subject to the prior claims of creditors of the subsidiary. In addition, our bank and savings association subsidiaries hold a significant portion of their mortgage and investment portfolios indirectly through their ownership interest in direct and indirect subsidiaries. The ability of our bank and savings association subsidiaries to participate in any distribution of the assets or income of the direct or indirect subsidiaries is likewise subject to the prior claims of creditors of those direct and indirect subsidiaries.

USE OF PROCEEDS

Unless we indicate a different use in an accompanying prospectus supplement, the net proceeds from the sale of the offered securities will be added to our general funds and may be used for:

debt reduction or debt refinancing, including the refinancing of our outstanding commercial paper;

investments in or advances to subsidiaries;

acquisitions of bank and non-bank subsidiaries;

repurchase of shares of our common stock or other securities; and

other general corporate purposes.

Until the net proceeds have been used, they may be temporarily invested in securities or held in deposits of our affiliated banks.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth Old Marshall & Ilsley's consolidated ratio of earnings to fixed charges on a historical basis for the periods indicated and our Consolidated ratio of earnings to Fixed charges on a pro forma basis for the period ended June 30, 2007. For purposes of computing the ratio of earnings to fixed charges, earnings represent income before taxes and fixed charges. Fixed charges, excluding interest on deposits, consist of interest expense and one-third of rental expense for all operating leases, which we believe to be representative of the interest portion of rent expense. Fixed charges, including interest on deposits, consist of interest expense, one third of rental expense and interest on deposits.

DESCRIPTION OF M&I SENIOR AND SUBORDINATED DEBT SECURITIES

This section describes the general terms and provisions of our senior debt securities and subordinated debt securities, which are sometimes referred to in this section as debt securities. The applicable prospectus supplement will describe the specific terms of the series of debt securities offered through that prospectus supplement and any general terms outlined in this section that will not apply to those debt securities.

The senior debt securities will be issued under a senior indenture between us and The Bank of New York, as trustee, dated as of November 5, 2007. The subordinated debt securities will be issued under a subordinated indenture dated November 5, 2007 between us and The Bank of New York, as trustee. Copies of the indentures have been filed as exhibits to the registration statement of which this prospectus forms a part.

We have summarized the material terms and provisions of the indentures in this section. You should read the indentures for provisions that may be important to you.

The indentures under which the debt securities will be issued do not limit the amount of debt which we or our subsidiaries may incur.

Terms of the Securities

The debt securities will not be secured by any of our assets. The indentures do not limit the amount of debt securities that we may issue and provide that we may issue debt securities from time to time in one or more series. The indentures do not limit the principal amount of any particular series of debt securities. The senior debt securities will rank equally with all of our other unsecured and unsubordinated indebtedness. The subordinated debt securities will be subordinate to the prior payment in full of any of our senior indebtedness.

Each prospectus supplement will specify the particular terms of the debt securities offered. These terms may include:

the title of the debt securities;

any limit on the aggregate principal amount of debt securities of that series;

the date or dates on which the debt securities will mature;

the interest rate or rates of the debt securities, if any, and the date or dates from which interest will accrue;

the interest payment dates, the dates on which payment of any interest will begin and the regular record dates;

whether payment of interest will be contingent in any respect and/or the interest rate reset;

any remarketing or extension features of the debt securities;

any mandatory or optional redemption provisions applicable to the debt securities;

any mandatory or optional sinking fund or similar provisions applicable to the debt securities;

Edgar Filing: NEW M&I CORP - Form S-3ASR

whether the debt securities are senior debt securities or subordinated debt securities;

the terms on which the debt securities may be repayable before final maturity;

the portion of the principal amount payable upon acceleration of maturity;

events of default;

if other than U.S. dollars, the currency or currencies in which payments on the debt securities will be payable;

Table of Contents

whether the debt securities will be issuable only in global form, which is known as a global security, and, if so, the name of the depository for the global security and the circumstances under which the global security may be registered for transfer or exchange in the name of the person other than the depository; and

any other specific terms of the debt securities.

Where appropriate, the applicable prospectus supplement will describe the United States federal income tax considerations relevant to the debt securities.

Some of the debt securities may be issued as original issue discount securities. Original issue discount securities bear no interest or bear interest at below-market rates and will be sold at a discount below their stated principal amount. Any applicable prospectus supplement will also contain any special United States federal income tax or other information relating to original issue discount securities.

Subordination of Subordinated Debt Securities

The subordinated debt securities will be subordinate to all of our senior indebtedness. Senior indebtedness includes any of our obligations to our creditors, other than:

any of our obligations that expressly provide that they are not senior indebtedness; and

any subordinated debt securities issued under the subordinated indenture.

If we fail to pay principal, premium or interest on any of our senior indebtedness when the payment is due and payable, then, unless and until the default is cured or waived or ceases to exist, we will not make, or agree to make, any direct or indirect payment of principal, premium or interest on the subordinated debt securities. We will pay all senior indebtedness, including any interest that accrues after any of the following proceedings begin, in full before we make any payment or distribution to any holder of any of the subordinated debt securities in the event of:

any insolvency, bankruptcy, receivership, liquidation, reorganization, readjustment, composition or other similar proceeding relating to us, our creditors or our property;

any voluntary or involuntary proceeding relating to our liquidation, dissolution or other winding-up;

any assignment we make for the benefit of creditors; or

any other marshalling of our assets.

If any of the above events occur, we will pay any payment or distribution which would otherwise, not taking into account the subordination provisions, be payable or deliverable in respect of the subordinated debt securities directly to the holders of senior indebtedness in accordance with the priorities then existing among those holders until all senior indebtedness, including any interest which accrues after the commencement of any such proceedings, has been paid in full. If the trustee or any holder of any subordinated debt security receives any payment or distribution under the subordinated debt securities in contravention of any of the terms of the subordination provisions, the payment or distribution will be received in trust for the benefit of and will be paid to the holders of the senior indebtedness at the time outstanding in accordance with the priorities then existing among those holders for application to the payment of all senior indebtedness remaining unpaid, to the extent necessary to pay all of the senior indebtedness in full.

The subordinated indenture does not limit the issuance of additional senior indebtedness. Our obligations with respect to the subordinated debt securities of any series will be equal to our obligations with respect to subordinated debt securities of each other series.

Table of Contents

Limitations on Disposition or Issuance of Stock of Certain Subsidiaries

Under the senior indenture we may not, and may not permit a subsidiary to, sell, assign, transfer or otherwise dispose of or issue any shares of stock of any subsidiary or any securities convertible into stock of any subsidiary which is:

a subsidiary bank whose assets constitute 10% or more of the total assets of all subsidiary banks, which is referred to below as a principal constituent bank; or

a subsidiary that owns shares of stock or any securities convertible into stock of a principal constituent bank.

However, we or any of our subsidiaries may dispose of or issue stock of any subsidiary or any securities convertible into stock of any subsidiary under the following circumstances:

when acting in a fiduciary capacity for any other person;

to us or any of our wholly owned subsidiaries; or

the merger or consolidation of a principal constituent bank with and into any other bank that is our subsidiary.

In addition, we may sell, assign, transfer, otherwise dispose of or issue shares of stock of a principal constituent bank or a subsidiary that owns shares of stock or any securities convertible into stock of a principal constituent bank under the following circumstances:

to qualify a person as a director; or

to comply with a court or regulatory authority order or as a condition imposed by a court or regulatory authority in order for us to acquire any other corporation or entity.

We may also dispose of or issue shares of stock or any securities convertible into stock of a principal constituent bank or sell stock or any securities convertible into stock of any subsidiary that owns shares of stock or any securities convertible into stock of a principal constituent bank under the following circumstances:

the sale, assignment, transfer, other disposition or issuance is for fair market value (as determined by our board of directors) and, after giving effect to such disposition and to any potential dilution, if applicable, we and our wholly owned subsidiaries will own directly not less than 80% of the stock of such principal constituent bank or subsidiary; or

a principal constituent bank sells or issues additional shares of stock to its shareholders at any price, so long as immediately after the sale, we own at least as great a percentage of the principal constituent bank's stock as we owned prior to the sale or issuance of additional shares.

The senior indenture does not restrict the sale or other disposition of non-bank subsidiaries. The subordinated indenture does not contain the restrictions described above.

Limitations on Liens

Edgar Filing: NEW M&I CORP - Form S-3ASR

Under the senior indenture, we may not, and may not permit any subsidiary bank to, incur any lien upon any shares of stock of any subsidiary bank without securing the senior debt securities then outstanding under the senior indenture equally and ratably with the lien. The subordinated indenture does not contain this limitation.

Limitations on Acquisitions

Under the senior indenture, we may not acquire stock of any corporation and we may not acquire substantially all of the assets and liabilities of any corporation, unless, immediately after the acquisition, we would be in full compliance with the senior indenture. The subordinated indenture does not contain this limitation.

Table of Contents

Events of Default

Senior Debt Securities. The following will be events of default under the senior indenture with respect to senior debt securities of a series:

our failure to pay principal of, or any premium on, any debt security of that series when the payment is due;

our failure to pay any interest on any debt security of that series when the interest payment is due, and the failure continues for 30 days;

our failure to deposit any sinking fund payment for any debt security of that series when due;

our failure to perform any other covenants in the indenture, other than a covenant included in the indenture solely for the benefit of a different series of debt securities, which has continued for 90 days after we have been given written notice of the default as provided in the indenture;

the occurrence of certain events in bankruptcy, insolvency or reorganization involving us or a principal constituent bank; and

any other event of default regarding that series of debt securities.

If an event of default in connection with any outstanding series of senior debt securities occurs and is continuing, the trustee or the holders of at least 25% in principal amount of the outstanding debt securities of that series may declare the principal amount due and payable immediately. Subject to certain conditions, the declaration of acceleration may be rescinded and annulled by the holders of a majority of the principal amount of senior debt securities of that series.

Subordinated Debt Securities. An event of default under the subordinated indenture with respect to subordinated debt securities of any series occurs upon certain events in bankruptcy, insolvency or reorganization involving us and any other event of default regarding that series of debt securities. If an event of default in connection with any outstanding series of subordinated debt securities occurs and is continuing, the trustee or the holders of at least 25% in principal amount of the outstanding debt securities of that series may declare the principal amount due and payable immediately. Subject to certain conditions, the declaration of acceleration may be rescinded and annulled by the holders of a majority of the principal amount of subordinated debt securities of that series.

In addition, the subordinated indenture also provides for defaults, which are not events of default and do not entitle the holders to accelerate the principal of the subordinated debt securities. The following are defaults under the subordinated indenture with respect to subordinated debt securities of a series:

our failure to pay principal of, or any premium on, any debt security of that series when the payment is due;

our failure to pay any interest on any debt security of that series when the interest payment is due, and continuance of this default for 30 days;

our default in the performance, or breach, of any of our covenants or warranties in the indenture, other than a covenant or warranty included in the indenture solely for the benefit of a different series of subordinated debt securities, which has continued for 90 days after we have been given written notice of the default as provided in the indenture;

any event of default under the subordinated indenture; and

any other default regarding that series of debt securities.

If there is a default in payment of principal or interest (not cured within 30 days) in connection with any outstanding series of subordinated debt securities and upon demand of the trustee, we will be required to pay the whole principal amount (and premium, if any) and interest, if any, then due and payable on the subordinated debt securities of that series to the trustee for the benefit of the holders of the outstanding subordinated debt securities of that series.

Table of Contents

Modification and Waiver

Each indenture provides that, subject to certain exceptions, modifications and amendments to that indenture may be made by us and the trustee with the consent of the holders of 66-²/₃% of the principal amount of the outstanding debt securities of each series affected by the modification or amendment. However, no modification or amendment may, without the consent of each holder affected:

change the stated maturity of the principal of or any installment of principal or interest on, any debt security;

reduce the principal amount, the premium or interest on any debt security;

change the place of payment or currency in which any debt security or any principal, premium or interest on that debt security is payable;

impair the right to institute suit for the enforcement of any payment on any debt security;

reduce the percentage of the principal amount of debt securities of any series necessary for waiver of compliance with certain provisions of the applicable indenture or for waiver of certain defaults under the indenture; or

in the case of the subordinated indenture, modify the provisions of the indenture with respect to the subordination provisions in a manner adverse to the holders of the subordinated debt securities.

In certain circumstances, we may enter into supplemental indentures with respect to each indenture without the consent of holders of any outstanding debt securities to evidence a merger, the replacement of the trustee or for other specified purposes.

The holders of at least 50% of the principal amount of the outstanding debt securities of any series may waive compliance by us with certain provisions of the indentures. The holders of a majority of the principal amount of the outstanding debt securities of any series may waive any past default under the applicable indenture with respect to that series, except a default in the payment of principal, or any premium or interest payable on any debt security of that series or of a provision which under the applicable indenture cannot be modified or amended, without the consent of each affected holder.

Consolidation, Merger and Sale of Assets

Under each of the indentures, we may not consolidate with or merge into, and we may not transfer substantially all of our assets as an entirety to, any entity, unless:

the successor corporation assumes our obligations on the debt securities and under the indentures;

there is no event of default (or, in the case of the subordinated indenture, no default);

after notice or lapse of time, there is no event that occurred and is continuing that would become an event of default (or default); and

certain other conditions are met.

Registration and Transfer

Each series of the debt securities will be issued in registered form only, without coupons.

Unless otherwise indicated in the applicable prospectus supplement, the debt securities issued in certificated form will be issued in integral multiples of \$1,000. No service charge will be made for any transfer or exchange of the debt securities, but we may require payment of an amount sufficient to cover any tax or other governmental charge payable in connection with a transfer or exchange.

Table of Contents

Payment and Paying Agent

Our subsidiary, M&I Marshall & Ilsley Bank, will initially serve as paying agent. Unless otherwise indicated in the applicable prospectus supplement, we will pay the principal, interest and premiums, if any, on fully registered debt securities at the office of the paying agent in Milwaukee, Wisconsin. At our option, payment of interest on fully registered debt securities may also be made by check mailed to the persons in whose names the debt securities are registered.

No Protection in the Event of a Highly Leveraged Transaction

The indentures do not protect holders from a sudden and dramatic decline in our credit quality resulting from takeovers, recapitalizations, or similar restructurings or other highly leveraged transactions.

Global Securities

The debt securities of a series may be issued in whole or in part in the form of one or more global securities that will be deposited with a depository that we will identify in a prospectus supplement. Unless and until a global security is exchanged in whole or in part for individual certificates in definitive form which evidence the debt securities represented by a global security, a global security may not be transferred except as a whole by the depository to a nominee of that depository or by a nominee of that depository to a depository or another nominee of that depository.

The specific terms of the depository arrangements for each series of debt securities will be described in the applicable prospectus supplement.

Additional Provisions

Subject to certain limitations, we may in certain circumstances set any day as the record date for the purpose of determining the holders of outstanding debt securities of any series entitled to give or take any request, demand, authorization, direction, notice, waiver or other action as provided or permitted by the indentures.

The trustee has the duty to act with the required standard of care during default. The trustee is not otherwise obligated to exercise any of its rights or powers under either indenture at the request or direction of any of the holders of the debt securities, unless the holders have offered the trustee reasonable indemnification. The indentures provide that the holders of a majority of the principal amount of outstanding debt securities of any series may, in certain circumstances, direct the time, method and place of conducting any proceedings for any remedy available to the trustee, or exercising any trust or other power conferred on the trustee.

No holder of a debt security of any series will have any right to institute any proceeding for any remedy under the applicable indenture, unless:

the holder has provided the trustee with written notice of a continuing event of default or default regarding the holder's series of debt securities;

the holders of at least 25% in principal amount of the outstanding debt securities of a series have made a written request, and offered reasonable indemnification to the trustee, to institute a proceeding for remedy;

the trustee has not received a direction during such 60-day period inconsistent with such request from the holders of a majority in principal amount of the outstanding debt securities; and

the trustee has failed to institute the proceeding within 60 days after receipt of such request.

However, the holder of any debt security will have an absolute right to receive payment of principal, premium and any interest on such debt security on the due dates expressed in such debt security and to institute suit for the enforcement of any such payment.

Table of Contents

Satisfaction and Discharge

Each indenture provides that we will be discharged from certain of our obligations under that indenture relating to the outstanding debt securities of a series if we deposit with the trustee funds sufficient for payment of all principal, premium, interest and additional amounts, if any, on those debt securities when due. In that event, holders of those debt securities will only be able to look to the trust fund for payment of the principal, premium and interest on their debt securities until maturity.

Conversion and Exchange

If any offered debt securities are convertible into preferred stock, depositary shares or common stock at the option of the holders or exchangeable for preferred stock, depositary shares or common stock at our option, the prospectus supplement relating to those debt securities will include the terms and conditions governing any conversions and exchanges.

Governing Law

Each indenture and the securities will be governed by and construed in accordance with the laws of the State of New York.

Reports to the Trustee

We are required to furnish the trustee an annual statement regarding whether we are in default under the indentures.

The Trustee

We or our affiliates may be customers of, or engage in transactions with, or perform services for, the trustee and its affiliates in the ordinary course of business. Because debt securities issued under the senior and subordinated indentures do not rank equally with each other, upon a default under one of the indentures, the trustee would have a conflicting interest if debt securities were outstanding under the other indenture. As a result, the trustee may be required to resign as trustee of one of the indentures and we may be required to appoint a successor trustee.

DESCRIPTION OF COMMON STOCK

We have summarized the material terms and provisions of the common stock in this section. We have also filed our restated articles of incorporation and our amended and restated by-laws, each as amended, as exhibits to the registration statement of which this prospectus is a part. You should read our restated articles of incorporation and our amended and restated by-laws for additional information before you buy any securities which may be exercised or exchangeable for or converted into common stock.

General

Authorized and Outstanding Shares. As of November 1, 2007, our authorized common stock, par value \$1.00 per share, was 700,000,000 shares. From these authorized shares, we had issued and outstanding _____ shares. Shares of our common stock, when issued against full payment of their purchase price, and shares of our common stock issuable upon conversion, exchange or exercise of any of the other securities offered by this prospectus, will be validly issued, fully paid and non-assessable.

Voting Rights. The holders of our common stock are entitled to one vote per share on all matters to be voted on by shareholders, except to the extent that the voting power of shares held by any person in excess of 20% of the voting power in the election of directors may be limited (in voting on any matter) to one-tenth of the full voting power of those shares under Section 180.1150 of the WBCL. The holders of common stock are not entitled to cumulative voting rights. The WBCL and our amended and restated by-laws require a plurality of all votes cast at a meeting at which a quorum is present to elect directors. For most other shareholder votes, the WBCL and our amended and restated by-laws provide that an action is approved if the votes cast in favor of the action exceed the votes cast opposing the action at a meeting at which a quorum is present, unless our restated articles of incorporation, our amended and restated by-laws or the WBCL provide otherwise.

Dividends. Holders of our common stock are entitled to receive dividends when, as and if declared by our board of directors out of funds legally available for payment of dividends, subject to any preferential rights of any outstanding preferred stock.

Liquidation. In the event of our liquidation or dissolution, the holders of our common stock will be entitled to share ratably in all assets remaining for distribution to shareholders, subject to any preferential rights of any outstanding preferred stock.

Other Rights. Except as set forth in any written agreement between us and any shareholder, holders of our common stock have no preemptive or other subscription rights, and the shares of common stock are not subject to further calls or assessment by us. There are no conversion rights or sinking fund provisions applicable to the shares of our common stock.

Listing. The outstanding shares of our common stock are listed on the New York Stock Exchange under the symbol MI. The transfer agent for our common stock is Continental Stock Transfer & Trust Company.

Wisconsin Law and Certain Articles and By-Laws Provision; Anti-Takeover Measures

Certain provisions of our restated articles of incorporation and our amended and restated by-laws and the WBCL may delay or make more difficult acquisitions or changes of control of M&I not approved by our board of directors. These provisions may also make it more difficult for third parties to replace our current management without the concurrence of our board of directors. In addition, Federal Reserve Board approval is required for certain acquisitions of our common stock or other voting stock. All of these provisions could have the effect of discouraging third parties from making proposals that shareholders may otherwise consider to be in their best interests, including tender offers or attempts that might allow shareholders to receive premiums over the market price of their common stock.

Table of Contents

Size and Classification of Board of Directors. Our restated articles of incorporation and amended and restated by-laws provide that our board will consist of not less than three directors (exclusive of directors, if any, elected by the holders of one or more classes or series of preferred stock pursuant to the restated articles of incorporation applicable thereto), the number of which may be established within such limits by resolution adopted by the affirmative vote of a majority of the entire board of directors then in office; provided, that, the board of directors may not decrease the number if the term of any incumbent director would thereby be affected. Except as otherwise provided by the WBCL and subject to the rights of the holders of any class or series of capital stock having a preference over the common stock as to dividends or upon liquidation, special meetings of our shareholders may be called only by the Chief Executive Officer or the President pursuant to a resolution approved by not less than a majority of the board of directors or upon the demand, in accordance with the procedures set forth in an amended and restated by-laws, of the holders of record of shares representing at least ten percent (10%) of all the votes entitled to be cast on any issue proposed to be considered at the proposal special meeting. These provisions have the effect of making it difficult for a potential acquirer to gain control of our board of directors.

Removal of Directors for Cause. Exclusive of directors, if any, elected by holders of one or more classes of preferred stock, holders of common stock may remove a director only for cause and then only by a vote of two-thirds of the outstanding shares of our capital stock entitled to vote at a meeting of shareholders called for that purpose. Cause is defined solely as malfeasance arising from the performance of a director's duties which has a materially adverse effect on the business of M&I. This provision could deter or discourage a party seeking to obtain control of M&I by removing one or more directors from our board.

Our restated articles of incorporation provide that any newly created directorship resulting from an increase in the number of directors and any other vacancy on our board of directors, however caused, shall be filled by vote of a majority of the directors then in office, although less than a quorum (or by a sole remaining director). Any director so elected to fill any vacancy in our board of directors, including a vacancy created by an increase in the number of directors, shall hold office until the next annual meeting of our shareholders and until his or her successor shall be elected and shall qualify. Notwithstanding the foregoing, whenever the holders of any one or more series of preferred stock issued shall have the right, voting separately by series, to elect directors at an annual or special meeting of shareholders, the election, term of office, filling of vacancies and other features of such directorship shall be governed by the terms of the restated articles of incorporation.

Advance Notice of Proposals to be Brought at the Annual Meeting. Pursuant to our amended and restated by-laws, any shareholder who intends to bring business before an annual meeting of shareholders must provide M&I with notice of such intention, the nature of such proposal, the reasons for conducting such business at the annual meeting and certain information regarding the shareholder bringing the proposal not less than 90 days prior to the anniversary date of the annual meeting of shareholders in the immediately preceding year. This provision could render more difficult or discourage an attempt to obtain control of M&I through a proposal brought before an annual meeting of shareholders. M&I would have to be given advance notice of any such proposal in accordance with our amended and restated by-laws which notice to M&I may discourage the making of such proposal.

Advance Notice of Nominations of Directors. Pursuant to our restated articles of incorporation and our amended and restated by-laws, any shareholder who intends to nominate directors for election at a meeting called for that purpose must provide M&I with notice of such intention, a written consent of the nominee to serve as a director, certain information regarding the proposed nominee and certain information regarding the nominating shareholder not less than 90 days prior to the anniversary date of the annual meeting of shareholders in the immediately preceding year. This provision could deter or discourage a party seeking to obtain control of M&I by electing directors to our board. Any such party would be required to comply with our restated articles of incorporation and amended and restated by-laws in nominating directors to our board and such compliance could deter or discourage such party from nominating directors to our board.

Table of Contents

Authorized and Unissued Stock. As of November 1, 2007, our authorized capital consisted of 5,000,000 shares of preferred stock, all of which are unissued, and 700,000,000 shares of common stock, of which _____ shares were unissued. Our board of directors has the right to cause us to issue authorized and unissued shares from time to time, without shareholder approval. These additional shares may be used for a variety of corporate purposes, including future public or private offerings to raise additional capital or to facilitate corporate acquisitions. The board's power to approve the issuance of preferred stock could, depending on the terms of such stock, either impede or facilitate the completion of a merger, tender offer or other takeover attempt. Similarly, the board's existing ability to issue additional shares of our common stock could, depending upon the circumstances of their issue, either impede or facilitate the completion of a merger, tender offer or other takeover attempt, and thereby protect the continuity of our management and possibly deprive the shareholders of opportunities to sell their shares of common stock at higher than prevailing market prices. For example, the issuance of new shares might impede a business combination if they were issued in connection with a rights plan or if the terms of those shares include series voting rights which would enable the holder to block business combinations. Alternatively, the issuance of new shares might facilitate a business combination if those shares have general voting rights sufficient to cause an applicable percentage vote requirement to be satisfied. The board will make any determination regarding issuance of additional shares based on its judgment as to the best interests of us and our shareholders.

Constituency or Stakeholder Provision. Under Section 180.0827 of the WBCL, in discharging his or her duties to M&I and in determining what he or she believes to be in the best interests of M&I, a director or officer may, in addition to considering the effects of any action on shareholders, consider the effects of the action on employees, suppliers, customers, the communities in which we operate and any other factors that the director or officer considers pertinent. This provision may have anti-takeover effects in situations where the interests of our stakeholders, other than shareholders, conflict with the short-term maximization of shareholder value.

Wisconsin Anti-Takeover Statutes. Sections 180.1140 to 180.1144 of the WBCL, which are referred to as the Wisconsin business combination statutes, prohibit a Wisconsin corporation from engaging in a business combination with an interested stockholder for a period of three years after the date of the transaction in which the person became an interested stockholder, unless prior to such date the board of directors approved the business combination or the transaction in which the person became an interested stockholder. Under specified circumstances, a Wisconsin corporation may engage in a business combination with an interested stockholder more than three years after the stock acquisition date. For purposes of the Wisconsin business combination statutes, a business combination includes (a) a merger or share exchange, (b) a sale, lease, exchange, mortgage, pledge, transfer or other disposition of assets equal to at least 5% of the aggregate market value of the assets or outstanding stock of the corporation or 10% of the corporation's earning power or income on a consolidated basis, (c) the issuance of stock or rights to purchase stock having an aggregate market value equal to at least 5% of the outstanding stock, unless the stock was issued or transferred pursuant to the exercise of warrants, rights or options or a dividend or distribution made proportionately to all shareholders, (d) the adoption of a plan of liquidation or dissolution and (e) other enumerated transactions involving an interested stockholder if the affect is to increase the proportionate share of the outstanding stock (or securities convertible into stock) of the corporation or its subsidiary beneficially owned by the interested stockholder, and (f) receipt by the interested stockholder of the benefit of a loan, advance, guarantee, pledge or other financial assistance provided by or through the corporation or subsidiary, unless the benefit is received proportionately by all shareholders. Under the Wisconsin business combination statutes, an interested stockholder is a person who beneficially owns 10% of the voting power of the outstanding voting stock of the corporation, or who is an affiliate or associate of the corporation and beneficially owned 10% of the voting power of the then outstanding voting stock within three years prior to the date in question.

A resident domestic corporation means a public Wisconsin corporation that, as of the stock acquisition date in question, has:

its principal offices located in Wisconsin;

significant business operations located in Wisconsin;

Table of Contents

more than 10% of the holders of record of its stock who are residents of Wisconsin; or

more than 10% of its shares held of record by residents of Wisconsin.

We are considered a resident domestic corporation for purposes of these provisions.

Sections 180.1130 to 180.1133 of the WBCL, which are referred to as the Wisconsin fair price statutes, require that business combinations involving a significant shareholder and a Wisconsin corporation be approved by the affirmative vote of at least (1) 80% of the votes entitled to be cast by the outstanding voting shares of the corporation, and (2) two-thirds of the votes entitled to be cast by the holders of the voting shares that are not beneficially owned by a significant shareholder or an affiliate or associate of a significant shareholder who is a party to the transaction, unless the fair price conditions specified in the statute have been satisfied. This requirement is in addition to any vote that may be required by law or our restated articles of incorporation. For purposes of the Wisconsin fair price statutes, a business combination generally includes a merger or share exchange, or a sale, lease, exchange or other disposition, other than a mortgage or pledge if not made to the avoid the fair price statutes and the defensive action restrictions statute (as described below). Under the Wisconsin fair price statutes, a significant shareholder is a person who beneficially owns, directly or indirectly, 10% or more of the voting power of the outstanding stock of the corporation, or who is an affiliate of the corporation and beneficially owned, directly or indirectly, 10% or more of the voting power of the outstanding stock of the corporation within two years prior to the date in question. The Wisconsin fair price statutes may discourage any attempt by a shareholder to squeeze out other shareholders without offering an appropriate premium purchase price.

Under Section 180.1150(2) of the WBCL, the voting power of shares of a Wisconsin corporation that are held by any person in excess of 20% of the voting power are limited (in voting on any matter) to 10% of the full voting power of those excess shares, unless otherwise provided in the articles of incorporation or unless full voting rights have been restored at a special meeting of the shareholders called for that purpose. This statute is designed to protect corporations against uninvited takeover bids by reducing to one-tenth of their normal voting power all shares in excess of 20% owned by an acquiring person. This provision may deter any shareholder from acquiring in excess of 20% of our outstanding voting stock. Section 180.1150(3) excludes shares held or acquired under certain circumstances from the application of Section 180.1150(2), including, among others, shares acquired directly from M&I and shares acquired in a merger or share exchange to which M&I is a party.

Section 180.1134 of the WBCL, which is referred to as the Wisconsin defensive action restrictions statute, provides that, in addition to the vote otherwise required by law or the articles of incorporation, a Wisconsin corporation must receive approval of the holders of a majority of the shares entitled to vote before the corporation can take the actions discussed below while a takeover offer is being made or after a takeover offer has been publicly announced and before it is concluded. Under the Wisconsin defensive action restrictions statute, shareholder approval is required for the corporation to acquire more than 5% of the corporation's outstanding voting shares at a price above the market price from any individual who or organization which owns more than 3% of the outstanding voting shares and has held the shares for less than two years, unless a similar offer is made to acquire all voting shares and all securities which may be converted into voting shares. This restriction may deter a shareholder from acquiring shares of our common stock if the shareholder's goal is to have M&I repurchase the shareholder's shares at a premium over the market price. Shareholder approval is also required under the Wisconsin defensive action restrictions statute for the corporation to sell or option assets of the corporation which amount to at least 10% of the market value of the corporation, unless the corporation has at least three independent directors and a majority of the independent directors vote not to be governed by this restriction.

Indemnification; Limitation on Liability. Sections 180.0850 to 180.0859 of the WBCL require a corporation to indemnify a director or officer, to the extent that he or she has been successful on the merits or otherwise in the defense of a proceeding, which includes any threatened, pending or completed civil, criminal, administrative or investigative action, suit, arbitration or other proceeding, whether formal or informal, which

Table of Contents

involves foreign, federal, state or local law and which is brought by or in the right of the corporation or by any other person, for all reasonable expenses incurred in the proceeding if the director or officer was a party because he or she is a director or officer of the corporation. A corporation is obligated to indemnify a director or officer against liability incurred by the director or officer in a proceeding to which the director or officer was a party because he or she is a director or officer of the corporation, which liability includes the obligation to pay a judgment, settlement, penalty, assessment, forfeiture or fine, including any excise tax assessed with respect to an employee benefit plan, and all reasonable expenses including fees, costs, charges, disbursements, attorney fees and other expenses, unless such liability was incurred as a result of the breach or failure to perform a duty which the director or officer owes to the corporation and the breach or failure to perform constitutes: (i) a willful failure to deal fairly with the corporation or its shareholders in connection with a matter in which the director or officer has a material conflict of interest; (ii) a violation of criminal law, unless the director or officer had reasonable cause to believe that his or her conduct was lawful or no reasonable cause to believe that his or her conduct was unlawful; (iii) a transaction from which the director or officer derived an improper personal profit; or (iv) willful misconduct.

Unless otherwise provided in a corporation's articles of incorporation or by-laws, or by written agreement, the director or officer seeking indemnification is entitled to select one of the following means for determining his or her right to indemnification: (i) by majority vote of a disinterested quorum of the board of directors, or if such quorum of disinterested directors cannot be obtained, by a majority vote of a committee duly appointed by the board of directors of two or more disinterested directors; (ii) by independent legal counsel; (iii) by a panel of three arbitrators; (iv) by affirmative vote of shareholders; (v) by a court; or (vi) with respect to any additional right to indemnification, by any other method permitted in Section 180.0858 of the WBCL.

Reasonable expenses incurred by a director or officer who is a party to a proceeding may be paid or reimbursed by a corporation at such time as the director or officer furnishes to the corporation a written affirmation of his or her good faith belief that he or she has not breached or failed to perform his or her duties to the corporation and a written undertaking to repay any amounts advanced if it is determined that indemnification by the corporation is not required.

The indemnification provisions of Section 180.0850 to 180.0859 of the WBCL are not exclusive. A corporation may expand a director's or officer's rights to indemnification: (i) in its articles of incorporation or by-laws; (ii) by written agreement; (iii) by resolution of its board of directors; or (iv) by resolution that is adopted, after notice, by a majority of all of the corporation's voting shares then issued and outstanding.

As permitted by Section 180.0858 of the WBCL, we have adopted indemnification provisions in our amended and restated by-laws that closely track the statutory indemnification provisions of the WBCL with certain exceptions. In particular, Section 6.1 of our amended and restated by-laws, among other items, provides that (i) an individual shall be indemnified unless it is proven by a final judicial adjudication that indemnification is prohibited and (ii) payment or reimbursement of expenses, subject to certain limitations, will be mandatory rather than permissive. As permitted by Section 180.0857 of the WBCL, we have purchased directors' and officers' liability insurance that insures our directors and officers, among other things, against certain liabilities that may arise under the Securities Act.

Federal Law Restrictions. The Change in Bank Control Act of 1978 prohibits a person or group of persons from acquiring control of a bank holding company unless:

the Federal Reserve Board has been given 60 days' prior written notice of the proposed acquisition and

within that time period, the Federal Reserve Board has not issued a notice disapproving the proposed acquisition or extending for up to another 30 days the period during which such a disapproval may be issued

Table of Contents

or unless the acquisition otherwise requires Federal Reserve Board approval. An acquisition may be made before expiration of the disapproval period if the Federal Reserve Board issues written notice that it intends not to disapprove the action. It is generally assumed that the acquisition of more than 10% of a class of voting stock of a bank holding company with publicly held securities, such as M&I, would constitute the acquisition of control.

In addition, any company would be required to obtain Federal Reserve Board approval before acquiring 25% or more of our outstanding voting stock. If the acquirer is a bank holding company, this approval is required before acquiring 5% of our outstanding common stock. Obtaining control over M&I would also require Federal Reserve Board prior approval. Control generally means:

the ownership or control of 25% or more of a bank holding company voting securities class;

the ability to elect a majority of the bank holding company's directors; or

the ability otherwise to exercise a controlling influence over the bank holding company's management and policies.

DESCRIPTION OF PREFERRED STOCK

The following information describes the general terms and provisions of our preferred stock. This information may not be complete in all respects and is qualified entirely by reference to our restated articles of incorporation with respect to each series of preferred stock. Our restated articles of incorporation are, and any amendments to the articles will be, incorporated by reference in the registration statement of which this prospectus is a part for the issuance of any series of preferred stock. This information relates to terms and conditions that apply to the preferred stock as a class. The specific terms of any series of preferred stock will be described in the applicable prospectus supplement. If so described in a prospectus supplement, the terms of that series may differ from the general description of the terms described below.

Authorized Preferred Stock

As of November 1, 2007, our authorized preferred stock consists of 5,000,000 shares of preferred stock, par value \$1.00 per share, of which no shares of preferred stock were issued and outstanding.

General

Under our restated articles of incorporation, the preferred stock may be issued from time to time in one or more series, upon board authorization and without shareholder approval. Within certain legal limits, the board is authorized to determine the terms of any series of preferred stock, including:

designation;

number of shares;

voting rights;

dividend rights;

liquidation preferences;

any redemption, sinking fund or conversion provisions; and

any other terms, limitations and relative rights and preferences.

Thus, the board, without shareholder approval, could authorize preferred stock to be issued with voting, conversion and other rights that could adversely affect the voting power and other rights of common shareholders or other outstanding series of preferred stock.

Each series of preferred stock will have the dividend, liquidation, redemption and voting rights described below unless otherwise described in a prospectus supplement pertaining to a specific series of preferred stock. The applicable prospectus supplement will describe the following terms of the series of preferred stock in respect of which this prospectus is being delivered:

the designation of that series and the number of shares offered;

Edgar Filing: NEW M&I CORP - Form S-3ASR

the amount of the liquidation preference, if any, per share or the method of calculating that amount;

the initial public offering price at which shares of that series will be issued;

the dividend rate, if any, or the method of calculating that rate, the dates on which dividends will be paid and the dates from which dividends will begin to cumulate, if applicable;

any redemption or sinking fund provisions;

any conversion or exchange rights;

any additional voting and other rights, preferences, privileges, qualifications, limitations and restrictions;

Table of Contents

any securities exchange listing;

the relative ranking and preferences of that series as to dividend rights and rights upon any liquidation, dissolution or winding up of M&I; and

any other terms of that series.

Shares of our preferred stock, when issued against full payment of their purchase price, will be validly issued, fully paid and non-assessable.

Where appropriate, the applicable prospectus supplement will describe the United States federal income tax considerations relevant to the preferred stock.

Rank

Each series of preferred stock will, with respect to dividend rights and rights upon our liquidation, dissolution or winding up, rank prior to common stock. The rank of each separate series of preferred stock will be described in the applicable prospectus supplement, but all shares of each series will be of equal rank with each other.

Dividends

Holders of each series of preferred stock will be entitled to receive, when, as and if our board declares, cash dividends, payable at the dates and at the rates per share as described in the applicable prospectus supplement. Those rates may be fixed, variable or both.

Dividends may be cumulative or noncumulative, as described in the applicable prospectus supplement. If dividends on a series of preferred stock are noncumulative and if our board fails to declare a dividend for a dividend period for that series, then holders of that preferred stock will have no right to receive a dividend for that dividend period, and we will have no obligation to pay the dividend for that period, whether or not dividends are declared for any future dividend payment dates. If dividends on a series of preferred stock are cumulative, the dividends on those shares will accrue from and after the date mentioned in the applicable prospectus supplement.

Redemption

The terms on which any series of preferred stock may be redeemed will be in the applicable prospectus supplement. All shares of preferred stock which we redeem, purchase or acquire, including shares surrendered for conversion or exchange, shall be retired and restored to the status of authorized but unissued shares, but may be reissued only as a part of the preferred stock other than the series of which they were originally a part.

Liquidation

In the event of our voluntary or involuntary liquidation, dissolution or winding up, preferred shareholders of any particular series will be entitled, subject to creditors' rights and holders of any series of preferred stock ranking senior as to liquidation rights, but before any distribution to common shareholders or holders of any series of preferred stock ranking junior as to liquidation rights, to receive a liquidating distribution in the amount of the liquidation preference, if any, per share as mentioned in the applicable prospectus supplement, plus accrued and unpaid dividends for the current dividend period. This would include any accumulation of unpaid dividends for prior dividend periods, if dividends on that series of preferred stock are cumulative. If the amounts available for distribution upon our liquidation, dissolution or winding up are not sufficient to satisfy the full liquidation rights of all the outstanding preferred stock of that series and all stock ranking equal to that series of preferred stock, then the holders of each series of that stock will share ratably in any distribution of assets in proportion to the full respective preferential amount, which may include accumulated dividends, to which they

Table of Contents

are entitled. After the full amount of the liquidation preference is paid, the holders of preferred stock will not be entitled to any further participation in any distribution of our assets.

Voting

The voting rights of preferred stock of any series will be described in the applicable prospectus supplement.

Under Wisconsin law, regardless of whether a class or a series of shares is granted voting rights by the terms of our restated articles of incorporation, the shareholders of that class or series are entitled to vote as a separate voting group, or together with other similarly affected series, on certain amendments to our articles of incorporation and certain other fundamental changes that directly affect that class or series.

Under regulations of the Federal Reserve Board, if the holders of any series of preferred stock become entitled to vote for the election of directors because dividends on that series are in arrears, that series may then be deemed a class of voting securities, and a holder of 25% or more of that series (or a holder of 5% or more if it otherwise exercises a controlling influence over M&I) may then be subject to regulation as a bank holding company. In addition, in that event:

any bank holding company may be required to obtain Federal Reserve Board approval, and any foreign bank, and any company that controls a foreign bank, that has certain types of U.S. banking operations may be required to obtain Federal Reserve Board approval under the International Banking Act of 1978, to acquire 5% or more of that series of preferred stock; and

any person other than a bank holding company may be required to obtain Federal Reserve Board approval under the Change in Bank Control Act of 1978 to acquire 10% or more of that series of preferred stock.

Conversion or Exchange

The terms on which preferred stock of any series may be converted into or exchanged for another class or series of securities will be described in the applicable prospectus supplement.

Other Rights

The shares of a series of preferred stock may have the preferences, voting powers or relative, participating, optional or other special rights as may be described in the applicable prospectus supplement, our restated articles of incorporation, or as otherwise required by law. The holders of preferred stock will not have any preemptive rights to subscribe to any of our securities.

Title

M&I, the transfer agent and registrar for a series of preferred stock, and any of their agents may treat the registered owner of that preferred stock as the absolute owner of that stock, whether or not any payment for that preferred stock shall be overdue and despite any notice to the contrary, for any purpose. See also Global Securities.

Transfer Agent and Registrar

Unless the applicable prospectus supplement specifies otherwise, the transfer agent, registrar and dividend disbursement agent for each series of preferred stock will be Continental Stock Transfer & Trust Company.

DESCRIPTION OF DEPOSITARY SHARES

This section describes the general terms and provisions of the depositary shares. The prospectus supplement will describe the specific terms of the depositary shares offered through that prospectus supplement. The specific terms may differ from the general description of terms described below.

We have summarized the material terms and provisions of the deposit agreement, the depositary shares and the depositary receipts in this section. We have also filed the form of deposit agreement, including the form of depositary receipt, as an exhibit to the registration statement of which this prospectus is a part. You should read the forms of deposit agreement and depositary receipt relating to a series of preferred stock for additional information before you buy any depositary shares that represent preferred stock of that series.

General

We may offer fractional interests in preferred stock, rather than full shares of preferred stock. If we do, we will provide for the issuance by a depositary to the public of receipts for depositary shares, each of which will represent a fractional interest in a share of a particular series of preferred stock.

The shares of any series of preferred stock underlying the depositary shares will be deposited under a separate deposit agreement between us and a bank or trust company having its principal office in the United States and having a combined capital and surplus of at least \$50 million, which we refer to in this prospectus as the depositary. We will name the depositary in the applicable prospectus supplement. Subject to the terms of the deposit agreement, each owner of a depositary share will have a fractional interest in all the rights and preferences of the preferred stock underlying the depositary share. Those rights include any dividend, voting, redemption, conversion, exchange and liquidation rights.

The depositary shares will be evidenced by depositary receipts issued under the deposit agreement. If you purchase fractional interests in shares of the related series of preferred stock, you will receive depositary receipts as described in the applicable prospectus supplement. While the final depositary receipts are being prepared, we may order the depositary to issue temporary depositary receipts substantially identical to the final depositary receipts although not in final form. The holders of the temporary depositary receipts will be entitled to the same rights as if they held the depositary receipts in final form. Holders of the temporary depositary receipts can exchange them for the final depositary receipts at our expense.

Unless we specify otherwise in the applicable prospectus supplement, you will not be entitled to receive the whole shares of preferred stock underlying the depositary shares.

Where appropriate, the applicable prospectus supplement will describe the United States federal income tax considerations relevant to the depositary shares.

Dividends and Other Distributions

The depositary will distribute all cash dividends or other cash distributions received with respect to the preferred stock to the record holders of depositary shares representing the shares of preferred stock in proportion to the number of depositary shares owned by the holders on the relevant record date. The depositary will not distribute amounts less than one cent. The depositary will distribute any balance with the next sum received for distribution to record holders of depositary shares.

If there is a distribution other than in cash, the depositary will distribute property to the holders of depositary shares, unless the depositary determines that it is not feasible to make the distribution. If this occurs, the depositary may, with our approval, sell the property and distribute the net proceeds from the sale to the holders of depositary shares.

Table of Contents

The deposit agreement will also contain provisions relating to how any subscription or similar rights offered by us to holders of the preferred stock will be made available to the holders of depositary shares.

Conversion and Exchange

If any series of preferred stock underlying the depositary shares is subject to conversion or exchange, the applicable prospectus supplement will describe the rights or obligations of each record holder of depositary receipts to convert or exchange the depositary shares.

Redemption of Depositary Shares

If the series of the preferred stock underlying the depositary shares is subject to redemption, all or a part of the depositary shares will be redeemed from the redemption proceeds of that series of the preferred stock held by the depositary. The depositary will mail notice of redemption between 30 to 60 days prior to the date fixed for redemption to the record holders of the depositary shares to be redeemed at their addresses appearing in the depositary's records. The redemption price per depositary share will bear the same relationship to the redemption price per share of preferred stock that the depositary share bears to the underlying preferred stock. Whenever we redeem preferred stock held by the depositary, the depositary will redeem, as of the same redemption date, the number of depositary shares representing the preferred stock redeemed. If less than all the depositary shares are to be redeemed, the depositary shares to be redeemed will be selected by lot or pro rata as determined by the depositary.

After the date fixed for redemption, the depositary shares called for redemption will no longer be outstanding. When the depositary shares are no longer outstanding, all rights of the holders will cease, except the right to receive money or other property that the holders of the depositary shares were entitled to receive upon the redemption. Payments will be made when holders surrender their depositary receipts to the depositary.

Voting the Preferred Stock

When the depositary receives notice of any meeting at which the holders of the preferred stock may vote, the depositary will mail information about the meeting contained in the notice, and any accompanying proxy materials, to the record holders of the depositary shares relating to the preferred stock. Each record holder of such depositary shares on the record date, which will be the same date as the record date for the preferred stock, will be entitled to instruct the depositary as to how the preferred stock underlying the holder's depositary shares should be voted.

The depositary will try, if practical, to vote the number of shares of preferred stock underlying the depositary shares according to the instructions received. We will agree to take all action requested by and deemed necessary by the depositary in order to enable the depositary to vote the preferred stock in that manner. The depositary will not vote any preferred stock for which it does not receive specific instructions from the holders of the depositary shares relating to such preferred stock, unless otherwise indicated in the applicable prospectus supplement.

Amendment and Termination of the Deposit Agreement

The form of depositary receipt evidencing the depositary shares and any provision of the deposit agreement may be amended by agreement between us and the depositary at any time. However, any amendment that materially and adversely alters the rights of the existing holders of depositary shares will not be effective unless approved by the record holders of at least a majority of the depositary shares then outstanding. A deposit agreement may be terminated by us or the depositary only if:

all outstanding depositary shares relating to the deposit agreement have been redeemed or reacquired by us;

all preferred stock of the relevant series has been withdrawn; or

Table of Contents

there has been a final distribution on the preferred stock of the relevant series in connection with our liquidation, dissolution or winding up of our business and the distribution has been distributed to the holders of the related depositary shares.

Charges of Depositary

We will pay all transfer and other taxes and governmental charges arising solely from the existence of the depositary arrangements. We will pay associated charges of the depositary for the initial deposit of the preferred stock and any redemption of the preferred stock. Holders of depositary shares will pay transfer and other taxes and governmental charges and any other charges that are stated to be their responsibility in the deposit agreement.

Miscellaneous

We will forward to the depositary, for distribution to the holders of depositary shares, all reports and communications that we must furnish to the holders of the preferred stock.

Neither the depositary nor we will be liable if the depositary is prevented or delayed by law or any circumstance beyond its control in performing its obligations under the deposit agreement. Our obligations and the depositary's obligations under the deposit agreement will be limited to performance in good faith of duties set forth in the deposit agreement. Neither the depositary nor we will be obligated to prosecute or defend any legal proceeding connected with any depositary shares or preferred stock unless satisfactory indemnity is furnished to us and/or the depositary. We and the depositary may rely upon written advice of counsel or accountants, or information provided by persons presenting preferred stock for deposit, holders of depositary shares or other persons believed to be competent and on documents believed to be genuine.

Resignation and Removal of Depositary

The depositary may resign at any time by delivering notice to us. We may also remove the depositary at any time. Resignations or removals will take effect when a successor depositary is appointed and it accepts the appointment. The successor depositary must be appointed within 60 days after delivery of the notice of resignation or removal and must be a bank or trust company having its principal office in the United States and having a combined capital and surplus of at least \$50 million.

DESCRIPTION OF WARRANTS

This section describes the general terms and provisions of the warrants. The prospectus supplement will describe the specific terms of the warrants offered through that prospectus supplement and any general terms outlined in this section that will not apply to those warrants.

We may issue warrants for the purchase of debt securities, preferred stock, depositary shares or common stock. Warrants may be issued alone or together with securities offered by any prospectus supplement and may be attached to or separate from those securities. Each series of warrants will be issued under a separate warrant agreement between us and a bank or trust company, as warrant agent, which will be described in the applicable prospectus supplement. The warrant agent will act solely as our agent in connection with the warrants and will not act as an agent or trustee for any holders of warrants.

We have summarized the material terms and provisions of the warrant agreements and warrants in this section. We have also filed the forms of warrant agreements and the certificates representing the warrants as exhibits to the registration statement of which this prospectus is a part. You should read the applicable forms of warrant agreement and warrant certificate for additional information before you buy any warrants.

General

If warrants for the purchase of debt securities are offered, the applicable prospectus supplement will describe the terms of those warrants, including the following if applicable:

the offering price;

the currencies in which the warrants are being offered;

the designation, aggregate principal amount, currencies, denominations and terms of the series of the debt securities that can be purchased if a holder exercises the warrants;

the designation and terms of any series of debt securities, preferred stock, depositary shares or other securities with which the warrants are being offered and the number of warrants offered with each debt security, share of preferred stock, depositary share or other security;

the date on and after which the holder of the warrants can transfer them separately from the related securities;

the principal amount of the series of debt securities that can be purchased if a holder exercises the warrant and the price at which and currencies in which the principal amount may be purchased upon exercise;

the date on which the right to exercise the warrants begins and the date on which the right expires;

whether the warrants will be in registered or bearer form;

United States federal income tax consequences; and

Edgar Filing: NEW M&I CORP - Form S-3ASR

any other terms of the warrants.

If warrants for the purchase of preferred stock, depositary shares or common stock are offered, the applicable prospectus supplement will describe the terms of those warrants, including the following where applicable:

the offering price;

the total number of shares that can be purchased if a holder of the warrants exercises them and, in the case of warrants for preferred stock or depositary shares, the designation, total number and terms of the series of preferred stock that can be purchased upon exercise or that are underlying the depositary shares that can be purchased upon exercise;

Table of Contents

the designation and terms of the series of debt securities, preferred stock, depositary shares or other securities with which the warrants are being offered and the number of warrants being offered with each debt security, share of preferred stock, depositary share or other security;

the date on and after which the holder of the warrants can transfer them separately from the related securities;

the number of shares of preferred stock, depositary shares or shares of common stock that can be purchased if a holder exercises the warrant and the price at which the preferred stock, depositary shares or common stock may be purchased upon each exercise;

the date on which the right to exercise the warrants begins and the date on which the right expires;

United States federal income tax consequences; and

any other terms of the warrants.

Unless we state otherwise in the applicable prospectus supplement, the warrants will be in registered form only.

A holder of warrant certificates may exchange them for new certificates of different denominations, present them for registration of transfer, and exercise them at the corporate trust office of the warrant agent or any other office indicated in the applicable prospectus supplement.

Until any warrants to purchase debt securities are exercised, the holder of such warrants will not have any of the rights of holders of the debt securities that can be purchased upon exercise, including any right to receive payments of principal, premium or interest on the underlying debt securities or to enforce covenants in the applicable indenture. Until any warrants to purchase preferred stock, depositary shares, common stock or other securities are exercised, holders of such warrants will not have any rights of holders of the underlying preferred stock, depositary shares, common stock or other securities, including any right to receive dividends or to exercise any voting rights.

Exercise of Warrants

Each holder of a warrant is entitled to purchase the principal amount of debt securities or number of shares of preferred stock, depositary shares or shares of common stock, as the case may be, at the exercise price described in the applicable prospectus supplement. After the close of business on the day when the right to exercise terminates, or a later date if we extend the time for exercise, unexercised warrants will become void.

A holder of warrants may exercise them by following the general procedure outlined below:

delivering to the warrant agent the payment required by the applicable prospectus supplement to purchase the underlying security;

properly completing and signing the reverse side of the warrant certificate representing the warrants; and

delivering the warrant certificate representing the warrants to the warrant agent, or other office indicated in the applicable prospectus supplement, within five business days of the warrant agent receiving payment of the exercise price.

If you comply with the procedures described above, your warrants will be considered to have been exercised when the warrant agent receives payment of the exercise price. After you have completed those procedures, we will, as soon as practicable, issue and deliver to you the debt securities, preferred stock, depositary shares or common stock that you purchased upon exercise. If you exercise fewer than all of the warrants represented by a warrant certificate, the warrant agent will issue to you a new warrant certificate for the unexercised amount of

Table of Contents

warrants. Holders of warrants will be required to pay any tax or governmental charge that may be imposed in connection with transferring the underlying securities in connection with the exercise of the warrants.

Amendments and Supplements to Warrant Agreements

We may amend or supplement a warrant agreement without the consent of the holders of the applicable warrants if the changes are not inconsistent with the provisions of the warrants and do not materially adversely affect the interests of the holders of the warrants. We, along with the warrant agent, may also modify or amend a warrant agreement and the terms of the warrants if a majority of the then outstanding unexercised warrants affected by the modification or amendment consent. However, no modification or amendment that accelerates the expiration date, increases the exercise price, reduces the majority consent requirement for any such modification or amendment, or otherwise materially adversely affects the rights of the holders of the warrants may be made without the consent of each holder affected by the modification or amendment.

Common Stock Warrant Adjustments

Unless the applicable prospectus supplement states otherwise, the exercise price of, and the number of shares of common stock covered by, a warrant for common stock will be adjusted in the manner set forth in the applicable prospectus supplement if certain events occur, including:

if we issue capital stock as a dividend or distribution on the common stock;

if we subdivide, reclassify or combine the common stock;

if we issue rights or warrants to all holders of common stock entitling them to purchase common stock at less than the current market price, as defined in the warrant agreement for such series of common stock warrants;

if we distribute to all holders of common stock evidences of our indebtedness or our assets, excluding certain cash dividends and distributions referred to above; or

any other event described in the applicable prospectus supplement.

Except as stated above, the exercise price and number of shares of common stock covered by a common stock warrant will not be adjusted if we issue common stock or any securities convertible into or exchangeable for common stock, or securities carrying the right to purchase common stock or securities convertible into or exchangeable for common stock.

Holders of common stock warrants may have additional rights under the following circumstances:

a reclassification or change of the common stock;

a consolidation, merger or share exchange involving our company; or

a sale or conveyance to another corporation of all or substantially all of our property and assets.

If one of the above transactions occurs and holders of our common stock are entitled to receive stock, securities, other property or assets, including cash, with respect to or in exchange for common stock, the holders of the common stock warrants then outstanding will be entitled to receive upon exercise of their common stock warrants the kind and amount of shares of stock and other securities or property that they would

Edgar Filing: NEW M&I CORP - Form S-3ASR

have received upon the reclassification, change, consolidation, merger, share exchange, sale or conveyance if they had exercised their common stock warrants immediately before the transaction.

CERTAIN ERISA CONSIDERATIONS

The discussion of ERISA set forth below is general in nature and is not intended to be all-inclusive. Fiduciaries of ERISA plans, governmental plans, church plans or other entities whose assets include plan assets subject to ERISA, Section 4975 of the Internal Revenue Code or substantially similar federal, state or local laws should consult with their legal advisors regarding the consequences of an investment in the securities.

General

A fiduciary of an employee benefit plan, or any entity deemed to hold plan assets of such a plan, subject to Title I of the Employee Retirement Income Security Act of 1974, as amended, which we refer to as ERISA, should consider fiduciary standards under ERISA in the context of the particular circumstances of such plan before authorizing an investment in the securities. Such fiduciary should consider ERISA's diversification and prudence requirements and whether the investment is in accordance with the documents and instruments governing the plan and the fiduciary. In addition, ERISA and the Internal Revenue Code of 1986, as amended, prohibit a wide range of transactions involving, on the one hand, the assets of an employee benefit plan subject to ERISA or the assets of a plan subject to Section 4975 of the Internal Revenue Code (including individual retirement accounts, individual retirement annuities and Keogh plans) or any entity in which such plan invests whose assets are deemed plan assets (referred to as ERISA plan) and, on the other hand, persons who have certain specified relationships to the ERISA plan (parties in interest, within the meaning of ERISA, and disqualified persons, within the meaning of the Internal Revenue Code). We refer to these transactions as prohibited transactions. If not covered by a statutory or administrative exemption, prohibited transactions may require correction and may cause the ERISA plan fiduciary to incur certain liabilities and the parties in interest or disqualified persons to be subject to civil penalties and excise taxes.

Governmental plans and certain church plans (each as defined under ERISA and the Internal Revenue Code, as applicable) are not subject to the prohibited transaction rules. Such plans may, however, be subject to substantially similar federal, state or local laws or regulations. Any fiduciary of a governmental or church plan considering an investment in the securities should determine the need for, and the availability, if necessary, of any exemptive relief under such laws or regulations.

Prohibited Transactions

We may be a party in interest or a disqualified person with respect to an ERISA plan investing in the securities as a result of various financial services (including trustee, custodian, investment management or other services) that we or our affiliates may provide to ERISA plans. Therefore, an investment by an ERISA plan may give rise to a prohibited transaction in the form of a sale of property by us to the investing ERISA plan or an extension of credit by the investing ERISA plan to us. Consequently, before investing in the securities, any person or entity who is, or who is acquiring the securities for, or on behalf of an ERISA plan must determine that the acquisition and holding of the securities will not result in a prohibited transaction or that a statutory or administrative exemption from the prohibited transaction rules is applicable to the investment in the securities.

The statutory or administrative exemptions from the prohibited transaction rules under ERISA and the Internal Revenue Code which may be available to an ERISA plan which is investing in the securities (collectively referred to as the ERISA investor exemptions) include:

Prohibited Transaction Class Exemption (PTCE) 90-1, regarding investments by insurance company pooled separate accounts;

PTCE 91-38, regarding investments by bank collective investment funds;

PTCE 84-14, regarding transactions effected by qualified professional asset managers;

PTCE 96-23, regarding transactions effected by in-house asset managers; and

Edgar Filing: NEW M&I CORP - Form S-3ASR

PTCE 95-60, regarding investments by insurance company general accounts.

Table of Contents

The securities may not be acquired by any person or entity that is, or who in acquiring the securities is using the assets of, an ERISA plan unless the purchase and holding of securities by such ERISA plan is not a prohibited transaction or is eligible for, and satisfies all requirements of one of the ERISA investor exemptions or another applicable exemption. The acquisition of the securities by any person or entity who is, or who in acquiring such securities is using the assets of, an ERISA plan shall be deemed to constitute a representation by such person or entity that the acquisition and holding of the securities is not a prohibited transaction or that it is eligible for and satisfies all requirements required for, exemptive relief pursuant to the ERISA investor exemptions or another applicable exemption with respect to the acquisition and holding of the securities. The acquisition of the securities by any person or entity who is, or who in acquiring such securities is using the assets of, a governmental or church plan shall be deemed to constitute a representation by such person or entity to us that the acquisition and holding of the securities are not prohibited by any federal, state or local laws or regulations applicable to such plan.

GLOBAL SECURITIES

Unless otherwise indicated in the applicable prospectus supplement, securities other than common stock will be issued in the form of one or more global certificates, or global securities, registered in the name of a depository or its nominee. Unless otherwise indicated in the applicable prospectus supplement, the depository will be The Depository Trust Company, commonly referred to as DTC. We understand that DTC's nominee will be Cede & Co. Accordingly, we expect Cede & Co. to be the initial registered holder of all securities that are issued in global form. No person that acquires a beneficial interest in those securities will be entitled to receive a certificate representing that person's interest in the securities except as described herein or in the applicable prospectus supplement. Unless and until definitive securities are issued under the limited circumstances described below, all references to actions by holders of securities issued in global form will refer to actions taken by DTC upon instructions from its participants, and all references to payments and notices to holders will refer to payments and notices to DTC or Cede & Co., as the registered holder of these securities.

We understand that DTC is a limited-purpose trust company organized under the New York Banking Law, a banking organization within the meaning of the New York Banking Law, a member of the Federal Reserve System, a clearing corporation within the meaning of the New York Uniform Commercial Code, and a clearing agency registered pursuant to the provisions of Section 17A of the Exchange Act. DTC holds securities that DTC participants deposit with DTC. DTC also facilitates the settlement among DTC participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in DTC participants' accounts, thereby eliminating the need for physical movement of certificates. DTC participants include securities brokers and dealers, banks, trust companies and clearing corporations, and may include other organizations. DTC is owned by a number of its direct participants and by the New York Stock Exchange, Inc., the American Stock Exchange, LLC and the National Association of Securities Dealers, Inc. Indirect access to the DTC system also is available to others such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly. The rules applicable to DTC and DTC participants are on file with the SEC.

Persons that are not participants or indirect participants but desire to purchase, sell or otherwise transfer ownership of, or other interests in, securities may do so only through participants and indirect participants. Under a book-entry format, holders may experience some delay in their receipt of payments, as such payments will be forwarded by our designated agent to Cede & Co., as nominee for DTC. DTC will forward such payments to its participants, who will then forward them to indirect participants or holders. Holders will not be recognized by the relevant registrar, transfer agent, trustee, depository or warrant agent as registered holders of the securities entitled to the benefits of our restated articles of incorporation or the applicable indenture, deposit agreement or warrant agreement. Beneficial owners that are not participants will be permitted to exercise their rights only indirectly through and according to the procedures of participants and, if applicable, indirect participants.

Table of Contents

Under the rules, regulations and procedures creating and affecting DTC and its operations as currently in effect, DTC will be required to make book-entry transfers of securities among participants and to receive and transmit payments to participants. DTC rules require participants and indirect participants with which beneficial securities owners have accounts to make book-entry transfers and receive and transmit payments on behalf of their respective account holders.

Because DTC can act only on behalf of

participants, who in turn act only on behalf of participants or indirect participants, and

certain banks, trust companies and other persons approved by it, the ability of a beneficial owner of securities issued in global form to pledge such securities to persons or entities that do not participate in the DTC system may be limited due to the unavailability of physical certificates for these securities.

We understand that DTC will take any action permitted to be taken by a registered holder of any securities under our restated articles of incorporation or the relevant indenture, deposit agreement or warrant agreement only at the direction of one or more participants to whose accounts with DTC such securities are credited.

Unless otherwise indicated in the applicable prospectus supplement, a global security will be exchangeable for the relevant definitive securities registered in the names of persons other than DTC or its nominee only if:

DTC notifies us that it is unwilling or unable to continue as depository for that global security or if DTC ceases to be a clearing agency registered under the Exchange Act when DTC is required to be so registered;

we execute and deliver to the relevant registrar, transfer agent, trustee, depository and/or warrant agent an order complying with the requirements of the applicable indenture, deposit agreement or warrant agreement that the global security will be exchangeable for definitive securities in registered form; or

there has occurred and is continuing a default in the payment of any amount due in respect of the securities or, in the case of debt securities, an event of default or an event that, with the giving of notice or lapse of time, or both, would constitute an event of default with respect to these debt securities.

Any global security that is exchangeable under the preceding sentence will be exchangeable for securities registered in such names as DTC directs.

Upon the occurrence of any event described in the above paragraph, DTC is generally required to notify all participants of the availability of definitive securities. Upon DTC surrendering the global security representing the securities and delivery of instructions for re-registration, the registrar, transfer agent, trustee, depository or warrant agent, as the case may be, will reissue the securities as definitive securities, and then such persons will recognize the holders of such definitive securities as registered holders of securities entitled to the benefits of our articles or the relevant indenture, deposit agreement and/or warrant agreement.

Redemption notices will be sent to Cede & Co. as the registered holder of the global securities. If less than all of a series of debt securities are being redeemed, DTC will determine the amount of the interest of each direct participant to be redeemed in accordance with its then current procedures.

Except as described above, the global security may not be transferred except as a whole by DTC to a nominee of DTC or by a nominee of DTC to DTC or another nominee of DTC or to a successor depository we appoint. Except as described above, DTC may not sell, assign, transfer or otherwise convey any beneficial interest in a global security evidencing all or part of any securities unless the beneficial interest is in an amount equal to an authorized denomination for these securities.

Table of Contents

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that we believe to be accurate, but we assume no responsibility for the accuracy thereof. None of M&I, the trustee, any registrar and transfer agent, any warrant agent or any depositary, or any agent of any of them, will have any responsibility or liability for any aspect of DTC's or any participant's records relating to, or for payments made on account of, beneficial interests in a global security, or for maintaining, supervising or reviewing any records relating to such beneficial interests.

Secondary trading in notes and debentures of corporate issuers is generally settled in clearing-house or next-day funds. In contrast, beneficial interests in a global security, in some cases, may trade in the DTC's same-day funds settlement system, in which secondary market trading activity in those beneficial interests would be required by DTC to settle in immediately available funds. There is no assurance as to the effect, if any, that settlement in immediately available funds would have on trading activity in such beneficial interests. Also, settlement for purchases of beneficial interests in a global security upon the original issuance of this security may be required to be made in immediately available funds.

PLAN OF DISTRIBUTION

We may sell the securities offered by this prospectus to or through underwriters or dealers, through agents, directly to one or more purchasers or through a combination of methods. No commission will be payable and no discount will be allowed on any sales we or our affiliates make directly. We may also offer the securities in exchange for our other securities.

Underwriters, dealers and agents that participate in the distribution of the securities offered under this prospectus may be underwriters as defined in the Securities Act of 1933 and any discounts or commissions received by them from us and any profit on the resale of the offered securities by them may be treated as underwriting discounts and commissions under the Securities Act. Any underwriters or agents will be identified and their compensation, including any underwriting discount or commission, will be described in the applicable prospectus supplement. The prospectus supplement will also describe other terms of the offering, including the initial public offering price, any discounts or concessions allowed or reallocated or paid to dealers and any securities exchanges on which the offered securities may be listed.

The distribution of the securities offered under this prospectus may occur from time to time in one or more transactions at a fixed price or prices, which may be changed, at market prices prevailing at the time of sale, at prices related to the prevailing market prices or at negotiated prices.

In addition, we may enter into derivative transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. In connection with such a transaction, the third parties may sell securities covered by and pursuant to this prospectus and an applicable prospectus supplement. If so, the third party may use securities borrowed from us or others to settle such sales and may use securities received from us to close out any related short positions. We may also loan or pledge securities covered by this prospectus and an applicable prospectus supplement to third parties, who may sell the loaned securities or, in an event of default in the case of a pledge, sell the pledged securities pursuant to this prospectus and the applicable prospectus supplement.

In connection with an offering of securities, underwriters may purchase and sell these securities in the open market. These transactions may include over-allotment and stabilizing transactions and purchases to cover short positions created by underwriters with respect to the offering. Stabilizing transactions consist of certain bids or purchases for preventing or retarding a decline in the market price of the securities; and short positions created by underwriters involve the sale by underwriters of a greater number of securities than they are required to purchase from us in the offering. Underwriters also may impose a penalty bid, by which selling concessions allowed to broker-dealers in respect of the securities sold in the offering may be reclaimed by underwriters if such securities

Table of Contents

are repurchased by underwriters in stabilizing or covering transactions. These activities may stabilize, maintain or otherwise affect the market price of the securities, which may be higher than the price that might otherwise prevail in the open market; and these activities, if commenced, may be discontinued without notice at any time.

We may determine the price or other terms of the securities offered under this prospectus by use of an electronic auction. We will describe in the applicable prospectus supplement how any auction will be conducted to determine the price or any other terms of the securities, how potential investors may participate in the auction and, where applicable, the nature of the underwriters' obligations with respect to the auction.

If the securities offered under this prospectus are issued in exchange for our outstanding securities, the applicable prospectus supplement will set forth the terms of the exchange, the identity of and the terms of sale of the securities offered under this prospectus by the selling security holders.

If the applicable prospectus supplement indicates, we will authorize dealers or our agents to solicit offers by institutions to purchase offered securities from us under contracts that provide for payment and delivery on a future date. We must approve all institutions, but they may include, among others:

commercial and savings banks;

insurance companies;

pension funds;

investment companies; and

educational and charitable institutions.

The institutional purchaser's obligations under the contract are only subject to the condition that the purchase of the offered securities at the time of delivery is allowed by the laws that govern the purchaser. The dealers and our agents will not be responsible for the validity or performance of the contracts.

We may have agreements with the underwriters, dealers and agents to indemnify them against certain civil liabilities, including liabilities under the Securities Act, or to contribute with respect to payments which the underwriters, dealers or agents may be required to make as a result of those certain civil liabilities.

If we offer bearer debt securities under this prospectus, each underwriter, dealer and agent that participates in the distribution of any original issuance of bearer debt securities will agree not to offer, sell or deliver bearer debt securities to a United States citizen or to any person within the United States, unless federal law permits otherwise.

When we issue the securities offered by this prospectus, except for shares of common stock or debt securities issued upon a reopening of an existing series of debt securities, they may be new securities without an established trading market. The securities may or may not be listed on a national securities exchange or the Nasdaq National Market. If we sell a security offered by this prospectus to an underwriter for public offering and sale, the underwriter may make a market for that security, but the underwriter will not be obligated to do so and could discontinue any market making without notice at any time. Therefore, we cannot give any assurances to you concerning the liquidity of any security offered by this prospectus.

Underwriters, dealers and agents and their affiliates may be customers of, engage in transactions with, or perform services for us or our subsidiaries in the ordinary course of their businesses. In connection with the distribution of the securities offered under this prospectus, we may enter into swap or other hedging transactions with, or arranged by, underwriters or agents or their affiliates. These underwriters or agents or their affiliates may receive compensation, trading gain or other benefits from these transactions.

Item 15. Indemnification of Directors and Officers.

Sections 180.0850 to 180.0859 of the WBCL require a corporation to indemnify a director or officer, to the extent that he or she has been successful on the merits or otherwise in the defense of a proceeding, which includes any threatened, pending or completed civil, criminal, administrative or investigative action, suit, arbitration or other proceeding, whether formal or informal, which involves foreign, federal, state or local law and which is brought by or in the right of the corporation or by any other person, for all reasonable expenses incurred in the proceeding if the director or officer was a party because he or she is a director or officer of the corporation. A corporation is obligated to indemnify a director or officer against liability incurred by the director or officer in a proceeding to which the director or officer was a party because he or she is a director or officer of the corporation, which liability includes the obligation to pay a judgment, settlement, penalty, assessment, forfeiture or fine, including any excise tax assessed with respect to an employee benefit plan, and all reasonable expenses including fees, costs, charges, disbursements, attorney fees and other expenses, unless such liability was incurred as a result of the breach or failure to perform a duty which the director or officer owes to the corporation and the breach or failure to perform constitutes: (i) a willful failure to deal fairly with the corporation or its shareholders in connection with a matter in which the director or officer has a material conflict of interest; (ii) a violation of criminal law, unless the director or officer had reasonable cause to believe that his or her conduct was lawful or no reasonable cause to believe that his or her conduct was unlawful; (iii) a transaction from which the director or officer derived an improper personal profit; or (iv) willful misconduct.

Unless otherwise provided in a corporation's articles of incorporation or by-laws, or by written agreement, the director or officer seeking indemnification is entitled to select one of the following means for determining his or her right to indemnification: (i) by majority vote of a disinterested quorum of the board of directors, or if such quorum of disinterested directors cannot be obtained, by a majority vote of a committee duly appointed by the board of directors of two or more disinterested directors; (ii) by independent legal counsel; (iii) by a panel of three arbitrators; (iv) by affirmative vote of shareholders; (v) by a court; or (vi) with respect to any additional right to indemnification, by any other method permitted in Section 180.0858 of the WBCL.

Reasonable expenses incurred by a director or officer who is a party to a proceeding may be paid or reimbursed by a corporation at such time as the director or officer furnishes to the corporation a written

affirmation of his or her good faith belief that he or she has not breached or failed to perform his or her duties to the corporation and a written undertaking to repay any amounts advanced if it is determined that indemnification by the corporation is not required.

The indemnification provisions of Section 180.0850 to 180.0859 of the WBCL are not exclusive. A corporation may expand a director's or officer's rights to indemnification: (i) in its articles of incorporation or by-laws; (ii) by written agreement; (iii) by resolution of its board of directors; or (iv) by resolution that is adopted, after notice, by a majority of all of the corporation's voting shares then issued and outstanding.

As permitted by Section 180.0858 of the WBCL, Marshall & Ilsley has adopted indemnification provisions in its by-laws that closely track the statutory indemnification provisions of the WBCL with certain exceptions. In particular, Section 6.1 of Marshall & Ilsley's by-laws, among other items, provides that (i) an individual shall be indemnified unless it is proven by a final judicial adjudication that indemnification is prohibited and (ii) payment or reimbursement of expenses, subject to certain limitations, will be mandatory rather than permissive. As permitted by Section 180.0857 of the WBCL, Marshall & Ilsley has purchased directors' and officers' liability insurance that insures Marshall & Ilsley's directors and officers, among other things, against certain liabilities that may arise under the Securities Act. Pursuant to the terms of the forms of underwriting agreement and form of distribution agreement that will be filed as exhibits to this registration statement, the officers and directors of the registrants will be indemnified against certain liabilities that they may incur under the Securities Act of 1933 in connection with this registration statement and the related prospectus and applicable prospectus supplement.

Item 17. Undertakings.

a. The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrants pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purposes of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. *Provided, however,* that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such

effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of securities, in a primary offering of the securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(6) That, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at the time shall be deemed to be the initial bona fide offering thereof.

b. Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
