*Householding*

The SEC's rules permit us to deliver a single Notice or set of proxy materials to one address shared by two or more of our stockholders who have the same last name or who have consented in writing to this delivery method. This practice, known as *householding*, is designed to eliminate duplicate mailings and conserve natural resources and can result in significant cost savings for us. If you share an address and have the same last name as another stockholder, but prefer to receive separate copies of the Notice or proxy materials, please contact Broadridge Financial Solutions, Inc. at (800) 542-1061 or in writing at Householding Department, 51 Mercedes Way, Edgewood, NY 11717. *Who Can Vote*

## Edgar Filing: VENTAS INC - Form PRE 14A

Only stockholders of record at the close of business on March 24, 2008 are entitled to vote at the Annual Meeting or any adjournments thereof. On that date,            shares of our common stock, par value \$0.25 per

share ( Common Stock ), were outstanding. Each share of Common Stock entitles the owner to one vote. However, certain shares designated as Excess Shares (which are generally any shares owned in excess of 9.0% of the outstanding Common Stock) or as Special Excess Shares pursuant to our Amended and Restated Certificate of Incorporation may not be voted by the record owner thereof, but will instead be voted in accordance with Article IX of our Amended and Restated Certificate of Incorporation.

*How to Vote*

You may vote your shares in one of several ways, depending on how you own your shares. Stockholders of record (i.e., you own shares registered in your name) may vote in one of the following ways:

**By telephone** You may vote your shares by calling 1-800-690-6903. You may vote by telephone 24 hours a day, 7 days a week until 11:59 p.m. (Eastern time) on the day before the meeting date. The telephone voting system has easy-to-follow instructions and allows you to confirm that the system has properly recorded your vote. Have your proxy card in hand when you call and follow the instructions. If you vote by telephone, you do not need to return your proxy card.

**Over the Internet** You may vote your shares via the Web site *www.proxyvote.com*. You may vote over the Internet 24 hours a day, 7 days a week until 11:59 p.m. (Eastern time) on the day before the meeting date. As with telephone voting, you may confirm that the system has properly recorded your vote. Have your proxy card in hand when you access the Web site and follow the instructions. If you vote over the Internet, you do not need to return your proxy card. Please note that you may incur costs charged by telephone companies or Internet access providers if you vote over the Internet.

**By mail** If you have requested paper copies of our proxy materials by mail, you may vote your shares by signing, dating and returning the proxy card in the postage-paid envelope provided.

**In person** You may vote your shares by attending the Annual Meeting in person and depositing your proxy card at the registration desk (if you have requested paper copies of our proxy materials by mail) or completing a ballot that will be distributed at the Annual Meeting.

Stockholders who hold shares in street name (i.e., you own shares registered in the name of a bank, broker or other holder of record) should follow the instructions provided by their broker or nominee in order for their shares to be voted. If your shares are not registered in your name and you plan to vote your shares in person at the Annual Meeting, you should contact your broker or nominee to obtain a legal proxy or broker's proxy card and bring it to the Annual Meeting in order to vote.

All shares that have been properly voted by proxy and not revoked will be voted at the Annual Meeting in accordance with the instructions contained therein. Shares represented by proxy cards that are signed and returned but do not contain any voting instructions will be voted as follows:

;

Young ) as our independent registered public accounting firm for fiscal year 2008;

te of Incorporation to eliminate the Board's ability to grant waivers from the constructive ownership limitations in Article X thereof relating to our status as a qualified

In the discretion of the proxy holders, on such other business as may properly come before the Annual Meeting.

*Revocation of Proxies*

Stockholders of record may revoke a proxy at any time before it is voted at the Annual Meeting by:

Edgar Filing: VENTAS INC - Form PRE 14A

Executing and returning a later-dated proxy card;

## **Table of Contents**

Subsequently voting by telephone or over the Internet; or

Submitting a written notice of revocation to our General Counsel at our principal executive offices located at 10350 Ormsby Park Place, Suite 300, Louisville, Kentucky 40223.

A stockholder of record may also attend the Annual Meeting and vote in person, in which event any prior proxy given by the stockholder will be revoked automatically. Attendance at the Annual Meeting by itself will not constitute revocation of a proxy. Stockholders who hold shares in street name should follow the instructions provided by their broker or nominee to revoke a proxy, if applicable. No dissenters' or appraisal rights are available with respect to the proposals presently being submitted to the stockholders for their consideration.

## **Quorum Requirement**

A majority of the shares of Common Stock outstanding as of the record date must be present in person or by proxy to constitute a quorum to transact business at the Annual Meeting. Abstentions and broker non-votes are counted for purposes of establishing a quorum. A broker non-vote occurs when a broker or nominee does not vote on some matter with respect to shares held in street name because the broker or nominee does not have discretionary voting power for that particular proposal and has not received voting instructions from the beneficial owner. Under current NYSE rules, a broker or nominee that has not received voting instructions from the beneficial owner has discretion to vote on the election of our eight directors (Proposal 1) and the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for fiscal year 2008 (Proposal 2), but no other proposal.

## **Votes Necessary for Action to Be Taken**

- Proposal 1 The vote of a plurality of the shares of Common Stock present in person or by proxy will be necessary to elect the director-nominees listed in this Proxy Statement. Therefore, the eight nominees receiving the greatest number of votes cast will be elected as directors, and abstentions and broker non-votes will have no effect.
- Proposal 2 The affirmative vote of a majority of the shares of Common Stock present in person or by proxy and entitled to vote will be necessary to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for fiscal year 2008. Therefore, abstentions will have the same effect as votes against this proposal, whereas broker non-votes will have no effect.
- Proposal 3 The affirmative vote of a majority of the outstanding shares of Common Stock entitled to vote will be necessary to approve the amendment to our Amended and Restated Certificate of Incorporation to eliminate the Board's ability to grant waivers from the constructive ownership limitations in Article X thereof relating to our status as a qualified REIT under U.S. federal income tax law. Therefore, abstentions and broker non-votes will have the same effect as votes against this proposal.

The affirmative vote of a majority of the shares of Common Stock present in person or by proxy and entitled to vote will be necessary to approve any other proposal that may properly come before the Annual Meeting. Accordingly, abstentions will have the same effect as votes against any such proposal, whereas broker non-votes will have no effect.

**Table of Contents****PROPOSAL 1 ELECTION OF DIRECTORS**

Our Board of Directors currently consists of eight directors, all of whom the Board has nominated upon the recommendation of the Nominating and Corporate Governance Committee (the Nominating and Governance Committee) to be elected as directors at the Annual Meeting. Each director elected at the Annual Meeting will hold office until the next succeeding annual meeting of stockholders and his or her successor is duly elected and qualified, or until his or her earlier death, resignation or removal. We do not have a staggered board.

All nominees for director have consented to be named and have agreed to serve as directors if elected. We have no reason to believe that any of the nominees will be unable to accept election as a director. However, in the event that one or more nominees are unable or unwilling to accept election or are unavailable to serve for any reason, the persons named as proxies or their substitutes will have authority, according to their judgment, to vote or refrain from voting for such substitute nominees as may be designated by the Board.

**CORPORATE GOVERNANCE**

**Guidelines on Governance**

We have adopted Guidelines on Governance, which reflect the fundamental corporate governance principles by which the Board and its committees operate. These guidelines set forth general practices the Board will follow with respect to Board structure and function, Board and committee organization and composition, and Board conduct.

A copy of our Guidelines on Governance is available on our Web site at [www.ventasreit.com](http://www.ventasreit.com) under the For Investors tab at the top of the page and then under the Corporate Governance link. In addition, we will provide a copy of the Guidelines on Governance, without charge, upon request to Ventas, Inc., 10350 Ormsby Park Place, Suite 300, Louisville, Kentucky 40223, Attention: Corporate Secretary.

**Board of Directors**

The Board provides guidance and oversight with respect to our overall performance, strategic plans, key corporate policies and decisions and enterprise risk management. Among other things, it approves significant acquisitions, dispositions and other transactions, advises management on key financial and business objectives and monitors our progress with respect to these matters. Members of the Board are kept informed of our business by various reports and materials provided to them on a regular basis by management, including presentations made at Board and committee meetings by our Chief Executive Officer, Chief Financial Officer, Chief Investment Officer, General Counsel and other officers.

*Director Independence*

Our Guidelines on Governance require that at least a majority of the Board be comprised of directors who meet the criteria for independence under the rules and regulations of the NYSE. For a director to be considered independent under the NYSE's listing standards, the Board must affirmatively determine that the director has no direct or indirect material relationship with us. On March 18, 2008, the Board evaluated each non-management director's independence on a case-by-case basis. The Board considered any matters that could affect the ability of each non-employee director to exercise independent judgment in carrying out his or her responsibilities as a director, including all transactions and relationships between, on one hand, each such director, the director's family members and organizations with which the director or the director's family members have an affiliation and, on the other hand, us, our subsidiaries and our management. Any such matters were evaluated both from the standpoint of the director and from that of persons or organizations with which the director has an affiliation. Based on that review, the Board has affirmatively determined that each of our current non-management directors and nominees Messrs. Crocker, Geary, Gellert, Reed, Shelton and Theobald and Ms. Rosenberg has no material relationship with us and qualifies as independent under the NYSE's standards. Ms. Cafaro, as our Chairman, President and Chief Executive Officer, is not independent under the rules and regulations of the NYSE. The Board also determined that Christopher T. Hannon met the NYSE's standards during the time that he served as a director. Each director abstained from the vote pertaining to the determination of his or her independence.

In evaluating Mr. Geary's independence, the Board considered our relationship with ResCare pursuant to the Master Lease Agreement described under Transactions with Related Persons Transactions with ResCare and has determined that such relationship is not material to Mr. Geary, ResCare or us from a financial perspective or otherwise. In 2007, the total annual payments made to us under the Master Lease Agreement constituted less than one-tenth of one percent (0.1%) of the annual gross consolidated revenues of ResCare, and approximately one-tenth of one percent (0.1%) of our annual gross consolidated revenues. Further, the Board believes that the terms of the Master Lease Agreement represent market rates. The Board does not believe this relationship will affect Mr. Geary's ability to exercise independent judgment in carrying out his responsibilities as a director of Ventas.

## **Table of Contents**

### *Presiding Director*

The independent members of the Board, after considering the recommendation of the Nominating and Governance Committee, annually select one independent director to serve as Presiding Director for all meetings of the independent directors held in executive session. The Presiding Director also acts as the principal liaison between the Board and our Chief Executive Officer and has such additional duties as may be assigned from time to time by the Board. Douglas Crocker II currently serves as the Presiding Director.

### *Attendance at Meetings*

The Board held a total of 13 meetings during 2007 and one meeting of a special committee of the Board. Pursuant to our Guidelines on Governance, our independent directors meet in executive session, outside the presence of management, at a minimum, at each regularly scheduled quarterly Board meeting. The Presiding Director chairs all regularly scheduled executive sessions and all other meetings of the independent directors.

Each director attended at least 75% of the total meetings of the Board and the committees on which he or she served during 2007. See Board Committees below.

We encourage, but do not require, all directors to attend our annual meetings of stockholders. Due to unforeseen scheduling conflicts, only one of the seven directors who were nominated for re-election to the Board in 2007 attended our 2007 Annual Meeting of Stockholders.

### *Communications with the Board*

Stockholders and other parties interested in communicating directly with the Board may do so by writing to Board of Directors, Ventas, Inc., c/o Corporate Secretary, 10350 Ormsby Park Place, Suite 300, Louisville, Kentucky 40223, or by submitting an e-mail to the board at [bod@ventasreit.com](mailto:bod@ventasreit.com). Communications addressed to the Board are screened by our Corporate Secretary for appropriateness before either forwarding to or notifying the members of the Board of receipt of a communication. ## **Process for Nominating Potential Director Candidates**

Our Guidelines on Governance set forth, among other things, the process by which the Nominating and Governance Committee identifies and evaluates nominees for Board membership. Under this process, the Nominating and Governance Committee annually considers and recommends to the Board a slate of directors for election at the next annual meeting of stockholders. In selecting this slate, the Nominating and Governance Committee considers (i) incumbent directors who have indicated a willingness to continue to serve on the Board, (ii) candidates, if any, nominated by our stockholders, and (iii) other individuals as determined by the Nominating and Governance Committee. Additionally, if at any time during the year a seat on the Board becomes vacant or a new seat is created, the Nominating and Governance Committee considers and recommends a candidate to the Board for appointment to fill the seat.

In evaluating potential director candidates, the Nominating and Governance Committee considers, among other factors, the qualifications listed below and any additional characteristics that it believes one or more directors should possess, based on an assessment of the perceived needs of the Board at that time. However, no single factor or group of factors is necessarily dispositive of whether a candidate will be recommended by the Nominating and Governance Committee. The Nominating and Governance Committee will consider and apply these same standards in evaluating individuals recommended for nomination by our stockholders in accordance with the procedures described under Stockholder Proposals for the 2009 Annual Meeting of Stockholders.

**Table of Contents**

Our Guidelines on Governance provide that, as a group, our directors should bring a variety of experiences, knowledge and points of view without representing any particular interest group or constituency. Accordingly, nominees for membership on the Board should:

have demonstrated management or technical ability at high levels in successful organizations;

be currently employed in positions of significant responsibility and decision-making;

have experience relevant to our operations, such as real estate, real estate investment trusts, healthcare, finance or general management;

be well-respected in their business and home communities;

have time to devote to Board duties; and

be independent from us and our management (except in the case of our Chief Executive Officer).

We have from time to time retained search firms and other third parties to assist us in identifying potential candidates based on specific criteria that we provided to them, including the qualifications listed above. We may retain search firms and other third parties on similar or other terms in the future.

**Board Committees**

The Board currently has five standing committees that perform certain functions for the Board:

Audit and Compliance Committee (the Audit Committee );

Executive Compensation Committee (the Compensation Committee );

Executive Committee;

*Audit Committee*

The Board has determined that each member of the Audit Committee is independent and satisfies the independence standards of the Sarbanes-Oxley Act of 2002 (the Sarbanes-Oxley Act ) and related rules and regulations of SEC and the listing standards adopted by the NYSE, including the additional independence requirements for audit committee members. The Board has also determined that each member of the Audit Committee is financially literate and qualifies as an audit committee financial expert under the rules of the SEC.

The Audit Committee assists board oversight of the quality and integrity of our financial statements, our compliance with legal and regulatory requirements, the independent registered public accounting firm s qualifications and independence and the performance of our internal audit function and independent registered public accounting firm. Among other things, the Audit Committee:

prepares the report required by SEC rules to be included in our annual proxy statement;

annually assesses the adequacy of its charter and reviews its performance;

appoints and evaluates our independent registered public accounting firm, subject to stockholder ratification;

compensates, retains and oversees the work of the independent registered public accounting firm (including the resolution of disagreements between management and the independent registered public accounting firm regarding financial reporting) for the purpose of preparing or issuing an audit report or related work; reviews and approves our annual audited financial statements, quarterly financial statements and other reports and statements filed with the SEC;

approves all audit services and permitted non-audit services (including the fees and terms thereof);

reviews accounting and financial personnel.

The Audit Committee maintains free and open communication with the Board, our independent registered public accounting firm, our internal auditors and our financial management.

*Compensation Committee*

The Board has determined that each member of the Compensation Committee is independent and satisfies the listing standards adopted by the NYSE. The Board has also determined that each member of the Compensation Committee meets the additional requirements for compensation committee members under Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), and Rule 16b-3 under the Securities Exchange Act of 1934, as amended (the Exchange Act).

The Compensation Committee has primary responsibility for the design, review, approval and administration of all aspects of our executive compensation program. The Compensation Committee makes all compensation decisions for, and reviews the performance of, each of our executive officers other than the Chief Executive Officer. The Compensation Committee also reviews the performance of, and makes compensation recommendations for, the Chief Executive Officer. However, final decisions regarding compensation for the Chief Executive Officer are made by the non-management members of the Board, taking into consideration the Compensation Committee's recommendations.

The Compensation Committee meets regularly throughout the year to review the compensation philosophy and ensure its continued alignment with our business goals and to consider and approve the executive compensation program for the coming year. The Compensation Committee, with the assistance of a nationally recognized compensation consultant, discusses changes, if any, to the program structure, assesses the appropriate peer comparators, sets base salaries, determines annual and long-term incentive award levels and establishes the applicable company and individual performance goals. Our executive officers provide support to the Compensation Committee throughout this process by coordinating meeting logistics, preparing and disseminating relevant financial and non-financial company information and relevant market intelligence concerning our peer comparators as a supplement to the comparative market data prepared by the compensation consultant and making recommendations with respect to company goals and related performance metrics. At the Compensation Committee's request, the Chief Executive Officer attends meetings and recommends to the Compensation Committee any compensation changes affecting the other executive officers. The Chief Executive Officer does not play any role in setting her own compensation. In addition, at the Compensation Committee's request, our General Counsel attends meetings to act as secretary and record the minutes of the meetings.

The Compensation Committee meets during the first quarter of each year, typically in January, to review the achievement of corporate and individual performance goals for executives and to determine annual and long-term incentive awards for the prior year. Our executive officers provide similar support to the Compensation Committee in this process, and the Chief Executive Officer makes recommendations with respect to awards for the other executive officers.

Under its charter, the Compensation Committee has authority to retain compensation consultants, outside counsel and other advisors that the Compensation Committee deems appropriate, in its sole discretion, to assist it in discharging its duties and to approve the terms of retention and fees to be paid to those consultants and advisors. The compensation consultant reports to the Compensation Committee and receives no other fees from us outside its role as advisor to the Board and the Compensation Committee. Although the compensation consultant periodically interacts with company employees to gather and review information related to our executive compensation program, this work is done at the direction of the Compensation Committee.

**Non-Employee Director Compensation Program**

Our Chief Executive Officer, as a Ventas employee, does not receive compensation for her service as a director. The Board believes that the level of non-employee director compensation should be competitive with comparable companies and should enable us to attract and retain individuals of the highest quality to serve as our directors. In addition, the Board believes that a significant portion of that compensation should align director interests with the long-term interests of our stockholders. Accordingly, non-employee directors receive a combination of cash and equity-based compensation for their services.

*Cash Compensation*

The cash compensation paid to, or earned by, our non-employee directors is comprised of two components: (1) a quarterly retainer and (2) Board and committee meeting fees.

Quarterly Retainer

Effective April 1, 2008, each non-employee director receives a \$12,500 retainer for each calendar quarter in which he or she serves as a director. During 2007 and the first quarter of 2008, the quarterly retainer was \$10,000. The Presiding Director receives an additional \$6,250 retainer for each calendar quarter served.

Board and Committee Meeting Fees

Each non-employee director receives \$1,500 for each board meeting and \$1,000 for each committee meeting he or she attends (including telephonic meetings, unless the meeting is ten minutes or less).

Pursuant to our Nonemployee Directors' Deferred Stock Compensation Plan (the "Director Deferred Compensation Plan"), non-employee directors may elect to defer receipt of all or a portion of their retainer and meeting fees. Deferred fees are credited to each participating director in the form of stock units, based on the fair market value of our Common Stock on the deferral date. At the prior election of the participating director, dividend equivalents on the stock units are paid either in additional units or cash. After a participating director ceases to serve on the Board, or at such later time as he or she has previously designated, the director's stock unit account is settled in whole shares of Common Stock on a

one-for-one basis and distributed either in one lump sum or in installments over a period of not more than ten years, at the director's prior election. Fractional stock units are paid out in cash.

---

## **Table of Contents**

### *Equity-Based Compensation*

The equity-based compensation paid to our non-employee directors consists of shares of restricted stock or restricted stock units, at the director's prior election, and stock options.

### **Restricted Stock/Restricted Stock Units**

Upon initial election or appointment to the board, each non-employee director receives a grant of 2,000 shares of restricted stock or restricted stock units, at his or her prior election, pursuant to our 2006 Stock Plan for Directors. In addition, beginning in 2009, on January 1 of each year, each non-employee director who is serving on such date will receive a grant of shares of restricted stock or restricted stock units, at his or her prior election, having an aggregate value equal to \$100,000 minus the value of the same-day grant of options to purchase 5,000 shares of Common Stock (described below), pursuant to the 2006 Stock Plan for Directors. On January 1, 2007 and 2008, each non-employee director serving on our Board received a grant of shares of restricted stock or restricted stock units, at his or her prior election, having an aggregate value equal to \$90,000 minus the value of the same-day grant of options to purchase 5,000 shares of Common Stock. Shares of restricted stock and restricted stock units granted to our non-employee directors generally vest in two equal annual installments, beginning on the first anniversary of the date of grant.

### **Stock Options**

On January 1 of each year, each non-employee director who is serving on such date receives a grant of options to purchase 5,000 shares of Common Stock, having an exercise price equal to the fair market value on the date of grant, pursuant to the 2006 Stock Plan for Directors. Stock options granted to our non-employee directors generally vest in two equal annual installments, beginning on the date of grant, and are subject to a ten-year term. The stock option exercise price is the closing price of our Common Stock on the date of grant.

### *Reimbursement of Expenses*

We reimburse each non-employee director for travel and other expenses associated with attending Board and committee meetings, director education programs and other board-related activities.

### *Non-Employee Director Compensation Review Practices*

The Nominating and Governance Committee is responsible for annually reviewing the amount and types of compensation to be paid to our non-employee directors. During this process, the Nominating and Governance Committee reviews and evaluates information contained in surveys compiled by NAREIT and the National Association of Corporate Directors and may, as necessary, retain a nationally recognized independent compensation consultant to advise it on appropriate director compensation levels. Any changes to our non-employee director compensation program must be recommended by the Nominating and Governance Committee for approval by the Board. In March 2008, the Nominating and Governance Committee recommended, and the Board approved, the changes described above, based on its annual review and in keeping with our philosophy for non-employee director compensation. Prior to that time, our non-employee director compensation program had not been changed since May 2006.

### **Minimum Share Ownership Guidelines for Non-Employee Directors**

Our minimum share ownership guidelines require each non-employee director to maintain a minimum number of shares of Common Stock equal to the number of shares granted by us to the non-employee director as compensation during the 36-calendar month period immediately preceding the test date, minus any shares forfeited by the director to pay taxes on the vesting of those shares under our share withholding program. Each non-employee director's compliance with the guidelines is reviewed on July 1 of each year. Each non-employee director has three years from the date that he or she first becomes subject to the guidelines to satisfy the minimum share ownership guidelines. Since the share ownership guidelines were first adopted in May 2006, all directors are expected to satisfy the minimum ownership levels by May 2009. All of our non-employee directors are currently in compliance with these guidelines.

**SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

Section 16(a) of the Exchange Act requires our directors and officers and persons who own more than 10% of our outstanding Common Stock to file reports of beneficial ownership and changes in such ownership with the SEC. Based solely on a review of the copies of those reports furnished to us and on written representations from certain reporting persons that no Form 5 was required for any such persons, we believe that during 2007 all officers, directors and persons who own more than 10% of our Common Stock complied with all applicable Section 16(a) filing requirements.

**TRANSACTIONS WITH RELATED PERSONS**

Our Board of Directors has adopted an unwritten policy requiring that any transaction between us and any of our officers, directors or their affiliates be approved by the disinterested members of the Board and be on terms no less favorable to us than those available from unaffiliated parties. In addition, our Audit Committee charter provides that any such transaction and all other conflict of interest or similar matters involving any of our officers or directors must also be reviewed by the Audit Committee. Pursuant to our Conflicts of Interest Policy, officers and directors must disclose in writing to our General Counsel, who will review the matter with the Presiding Director, any existing or proposed transaction in which he or she has a personal interest, or in which there is or might appear to be a conflict of interest by reason of his or her connection to another business organization, and must refrain from voting on any such transaction.

*Transactions with ResCare*

On October 15, 1998, we acquired eight personal care facilities and related facilities for approximately \$7.1 million from Tangram Rehabilitation Services, Inc. ( Tangram ), a wholly owned subsidiary of ResCare, of which Mr. Geary is Chairman and also served as President and Chief Executive Officer until June 2006. The purchase price for the Tangram facilities was determined by an appraisal conducted by Graham & Associates, Inc., San Marcos, Texas, a certified General Real Estate Appraiser for the State of Texas. We lease these facilities to Tangram pursuant to a Master Lease Agreement, which is guaranteed by ResCare. During 2007, Tangram paid us approximately \$917,000 in base rent payments, which constituted approximately one-tenth of one percent (0.1%) or less of both our and ResCare's annual gross consolidated revenues for the year. We believe that the terms of the Master Lease Agreement represent market rates.

*Cafaro Tax Loans*

Under the terms of Ms. Cafaro's previous employment agreement, we made loans to Ms. Cafaro (the Cafaro Tax Loans ) in the aggregate principal amounts of \$67,250 in 1999, \$184,551 in 2000, \$593,893 in 2001 and \$870,759 in 2002 to pay all federal, state, local and other taxes payable upon the vesting of restricted stock awards previously granted to her. In keeping with our best corporate governance practices, we

discontinued making such loans in 2002 and we will not make in the future any additional tax loans to Ms. Cafaro. The principal amount of all of the Cafaro Tax Loans is payable on March 5, 2009. Each Cafaro Tax Loan bears interest at the lowest applicable federal rate on the date incurred. Interest on the Cafaro Tax Loans is payable annually out of and only to the extent of dividends received on the vested restricted stock. Ms. Cafaro has paid interest on the Cafaro Tax Loans through December 31, 2007. Each Cafaro Tax Loan is secured by a pledge of all of the restricted shares to which such Cafaro Tax Loan relates (representing a total of 476,188 shares), and the

Cafaro Tax Loans are otherwise non-recourse to Ms. Cafaro. Pursuant to Ms. Cafaro's employment agreement, the Cafaro Tax Loans will be forgiven in the event of a Change of Control of Ventas, Ms. Cafaro's death or disability or termination of her employment by us other than for Cause or by her for Good Reason (as those terms are defined in the employment agreement). If any Cafaro Tax Loan or its forgiveness results in taxable income to Ms. Cafaro, we are required to pay to Ms. Cafaro an amount sufficient for the payment of all taxes relative to the loan or its forgiveness.

## **EXECUTIVE COMPENSATION MATTERS**

### **Compensation Discussion and Analysis**

The following discussion and analysis provides information regarding the compensation program in place for our principal executive officer, our principal financial officer and our two other executive officers (the Named Executive Officers) for 2007. This Compensation Discussion and Analysis sets forth the overall objectives of our executive compensation program, each element of our executive compensation program, and the policies underlying our 2007 compensation program for the Named Executive Officers. This discussion contains forward-looking statements that are based on our current plans, considerations, expectations and determinations regarding future compensation programs. Future compensation programs that we adopt may differ materially from currently planned programs summarized herein.

#### *Objectives of Our Compensation Program*

We recognize that effective compensation strategies are critical to recruiting and retaining key employees who contribute to our long-term success and thereby build value for our stockholders. Accordingly, our compensation program is designed to achieve the following primary objectives:

attract, retain and motivate talented executives;

link compensation realized to the achievement of our financial and strategic goals, as well as individual goals;

reward performance that meets or exceeds these established goals;

encourage executives to become and remain long-term stockholders of Ventas; and

follow corporate governance best practices.

By establishing and maintaining a performance- and achievement-oriented environment that provides the opportunity to earn market-competitive levels of compensation, which includes both cash and equity, the interests of our executives and stockholders are aligned.

#### *Compensation Consultant and Benchmarking*

The Compensation Committee retained Pearl Meyer & Partners (PM&P) as its independent compensation consultant to advise it and the non-management members of the Board, as applicable, on matters related to the Named Executive Officers' compensation and compensation

## Edgar Filing: VENTAS INC - Form PRE 14A

program design for 2007. PM&P does not perform any services unrelated to executive and non-employee director compensation. Accordingly, the Compensation Committee considers PM&P to be independent from our management.

In 2007, PM&P provided the Compensation Committee and the non-management members of the Board, as applicable, with comparative market data on compensation practices and programs based on an analysis of peer comparators and provided guidance on best practices. Using this market data, PM&P advised the Compensation Committee and the non-management members of the Board, as applicable, and made recommendations with respect to setting salary levels and establishing performance goals and incentive award levels. For 2007, PM&P

**Table of Contents**

compared our executive compensation structure and levels to executive pay at a comparative group of 29 companies. Our comparative group consisted of REITs similar to us in terms of operations, market capitalization and total capitalization and a select group of healthcare operators similar to us in terms of market and total capitalization, but significantly larger than us in terms of revenues. The reference group set forth below (the Comparable Companies ) was approved by the non-management members of the Board at their November 27, 2006 meeting and by the Compensation Committee at its February 8, 2007 meeting as the appropriate benchmark for 2007 comparative purposes. These companies report compensation data for executive positions with responsibilities similar in breadth and scope to those of our executives, and these companies generally compete with us for executive talent and stockholder investment:

Alexandria Real Estate Equities Inc.	Essex Property Trust, Inc.	Nationwide Health Properties Inc.
AMB Property Corp.	Federal Realty Investment Trust	Realty Income Corp.
AvalonBay Communities, Inc.	HCP, Inc.	Reckson Associates Realty Corp.
Brandywine Realty Trust	Health Care REIT Inc.	Regency Centers Corp.
BRE Properties	Healthcare Realty Trust Inc.	SL Green Realty Corp.
Camden Property Trust	Kilroy Realty Corporation	Taubman Centers, Inc.
Community Health Systems	Kindred Healthcare, Inc.	Triad Hospitals Inc.
Crescent Real Estate Equities	Liberty Property Trust	Trizec Properties Inc.
Developers Diversified Realty Corp.	Mack-Cali Realty Corp.	Weingarten Realty Investors
Duke Realty Corp.	Manor Care Inc.	

The Compensation Committee annually reviews this group to ensure that the companies included in it remain comparable to us in terms of size and operations and, therefore, may change the composition of the group from time to time as appropriate. In selecting the 2007 Comparable Companies, the Compensation Committee, after consultation with PM&P and in consideration of the increase in our size and the scope of our operations, excluded the following 11 companies that were previously included in the 2006 comparative group due to factors such as change in size, financial performance, merger, discontinuation of publicly-disclosed compensation data and change in business mix or geographic focus: American Financial Realty Trust, Arden Realty Inc., Capital Automotive REIT, Centerpoint Properties Trust, Heritage Property Investment Trust, New Plan Excel Realty Trust Inc., Pan-Pacific Retail Properties Inc., Pennsylvania Real Estate Investment Trust, Shurgard Storage Centers Inc., The Mills Corp. and United Dominion Realty Trust Inc. In their place, the Compensation Committee added the following ten entities to the 2007 Comparable Companies: Alexandria Real Estate Equities Inc., Brandywine Realty Trust, Community Health Systems, Developers Diversified Realty Corp., Essex Property Trust, Inc., Kilroy Realty Corporation, Kindred Healthcare, Inc., Manor Care Inc., Taubman Centers, Inc. and Triad Hospitals Inc.

In determining 2007 compensation for our Named Executive Officers, the Compensation Committee, in consultation with PM&P, considered the competitive positioning of our executive compensation levels relative to the market data provided for the following components of pay: base salary; total annual compensation (base salary plus annual incentives); long-term incentives (annualized expected value of long-term incentives); and total direct compensation (base salary plus annual incentives plus annualized expected value of long-term incentives). We generally target the 50<sup>th</sup> percentile of the Comparable Companies for base salary and the 65<sup>th</sup> percentile of the Comparable Companies for total annual compensation, long-term incentives and total direct compensation. However, the program is designed to deliver compensation levels above or below these targets based on performance well above or below established goals. We believe these targets reflect our operating style and the resulting need to attract and stretch top executive talent.

In addition to evaluating the compensation data described above, the Compensation Committee considers the unique roles that each of our Named Executive Officers holds in benchmarking compensation by position. Specifically, each of our Named Executive Officers performs duties that are traditionally assigned to multiple senior officers in competitive companies. For example, our Executive Vice President, Chief Administrative Officer, General Counsel and Corporate Secretary is not only responsible for legal matters, but plays a critical role in our acquisition strategy. Similarly, our Executive Vice President and Chief Investment Officer serves as

**Table of Contents**

the head of acquisitions, but is also responsible for our marketing and investor relations activities and overseeing the operations at certain of our seniors housing communities. Our unusual division of responsibilities has created a cohesive and extremely streamlined management system, which enables us to operate with a smaller staff of senior executives than would be expected of a company undertaking the growth we have experienced. As a result of this structure, the compensation of our three Named Executive Officers other than the Chief Executive Officer is targeted at levels that are similar to one another, as well as within the range of their position match contained in the market data of the Comparable Companies. Therefore, while the Compensation Committee takes into account available compensation data for executives at the Comparable Companies, it recognizes that important adjustments must be considered in setting benchmarks for each Named Executive Officer.

*Elements of Our Compensation Program*

For 2007, the compensation provided to our Named Executive Officers consisted of the same elements generally available to our non-executive employees, including base salary, annual cash incentive compensation and long-term incentive compensation, as well as other perquisites and benefits, each of which is described in more detail below. Our compensation philosophy targets a mix that emphasizes variable pay, in addition to long-term value. We believe that the mix of cash and equity-based compensation, as well as the relationship of fixed to performance-based compensation, is well balanced to achieve the compensation philosophy previously discussed.

The following chart illustrates target levels of these compensation elements as a percentage of total direct compensation for 2007:

	<b>Base Salary</b>	<b>Annual Cash Incentive Compensation</b>	<b>Long-Term Incentive Compensation</b>
Debra A. Cafaro (1)	7%	26%	67%
Richard A. Schweinhart	23%	32%	45%
Raymond J. Lewis	23%	32%	45%
T. Richard Riney	25%	35%	40%

- (1) As part of the overall restructuring and renegotiation of Ms. Cafaro's long-standing employment agreement, which was amended and restated on December 28, 2006, Ms. Cafaro's annual cash incentive bonus and long-term incentive award were predetermined to be \$2.1 million and \$5.4 million, respectively, for her services rendered during 2007. See Employment and Change of Control Severance Agreements with Named Executive Officers Employment Agreement: Cafaro below.

**Base Salary**

The base salary payable to each Named Executive Officer is intended to provide a fixed component of compensation reflecting the executive's position and responsibilities. Our base salaries are generally targeted to approximate the competitive market median of the Comparable Companies, but may deviate from this target based on the individual's sustained performance, contribution, experience, expertise and specific roles within our company as compared to benchmark. Base salary is reviewed on an annual basis and may be adjusted to better match competitive market levels and/or to recognize an executive's growth and development in his or her position and increasing levels of responsibility. The Compensation Committee also considers the success of the executive officer in developing and executing our strategic plans, exercising leadership and creating stockholder value. In connection with its review of 2007 base salary for the Named Executive Officers, the Compensation Committee reviewed and evaluated base salary information from the compensation study compiled by PM&P using proxy statements of the Comparable Companies and the 2006 NAREIT Executive Compensation Survey to confirm appropriate compensation levels. Although the Compensation Committee periodically considers data from REIT industry and other compensation surveys, the Compensation Committee places primary emphasis on compensation data reported by the Comparable Companies in their proxy statements since they contain more detailed information by individual executive than what is typically provided in compensation surveys.

**Table of Contents**

For 2007, the Compensation Committee or the non-management members of the Board, in the case of the Chief Executive Officer, approved the following increases in base salary for the Named Executive Officers:

	Base Salary		Year-Over-Year % Growth
	2006	2007	
Debra A. Cafaro	\$ 555,000	\$ 600,000	8.1%
Richard A. Schweinhart	325,500	345,000	6.0%
Raymond J. Lewis	315,000	345,000	9.5%
T. Richard Riney	315,000	320,000	1.6%

With these increases, the 2007 base salary for each Named Executive Officer approximates the market median based on information from the PM&P compensation study.

**Annual Cash Incentive Compensation**

We provide our Named Executive Officers with the opportunity to earn annual cash incentive awards, which are intended to compensate executives for achieving our annual corporate financial and non-financial goals and their individual goals. At the beginning of each year, a range of earnings opportunity, expressed as multiples of base salary and corresponding to three levels of performance (threshold, target and maximum), is established for each executive. Annual cash incentive awards are then determined and paid in the first quarter of the year following the performance year.

The table below illustrates the earnings opportunities of each of the Named Executive Officers under our annual cash incentive plan for performance in fiscal 2007 that were approved by the Compensation Committee in February 2007 and by the non-management members of the Board, in the case of the Chief Executive Officer, in December 2006:

	2007 Annual Incentive Opportunity (as a multiple of base salary)		
	Threshold	Target	Maximum
Debra A. Cafaro (1)	3.5x	3.5x	3.5x
Richard A. Schweinhart	0.7x	1.4x	2.1x
Raymond J. Lewis	0.7x	1.4x	2.1x
T. Richard Riney	0.7x	1.4x	2.1x

- (1) Ms. Cafaro's annual cash incentive bonus for 2007 was predetermined to be \$2.1 million (or 3.5x her base salary) in connection with the negotiation of her amended and restated employment agreement in December 2006.

At these target levels, the 2007 total annual compensation for each Named Executive Officer other than the Chief Executive Officer approximates the 65<sup>th</sup> percentile based on information from the PM&P compensation study.

The specific performance measures and their weightings under the annual cash incentive plan for 2007 for each Named Executive Officer, with the exception of the Chief Executive Officer, as set by the Compensation Committee, were as follows:

*Normalized Funds from Operations ( FFO ) per share growth.* Normalized FFO per share growth accounted for 40% of the value of the annual cash incentive award. Goals established by the Compensation Committee for this performance measure were 6% at the threshold level, 8% at the target level and 10% at the maximum level. For computational purposes, we use the NAREIT definition of FFO, with adjustments for items such as gain or loss on extinguishment of debt, gain on foreign currency hedge, preferred stock issuance costs, bridge loan fees, merger-related expenses, income tax benefit and gain on sale of marketable equity securities. NAREIT defines FFO as net income (computed in accordance with generally accepted accounting principles, excluding gains or losses from sales of real estate property), plus real estate depreciation and amortization, and after adjustments for unconsolidated partnerships and joint ventures.

---

**Table of Contents**

*One-year relative total shareholder return.* Our total shareholder return for 2007 compared to the total shareholder return of the Comparable Companies for the same period accounted for 25% of the value of the annual cash incentive award. Goals established by the Compensation Committee for this performance measure were 33<sup>rd</sup> percentile at the threshold level, 50<sup>th</sup> percentile at the target level and 75<sup>th</sup> percentile at the maximum level, with adjustment, in the reasonable discretion of the Compensation Committee, for unusual trading at year-end and merger and acquisition activity by the Comparable Companies.

*Pro forma fixed charge coverage.* Our pro forma fixed charge coverage ratio at the end of 2007 accounted for 10% of the value of the annual cash incentive award. Goals established by the Compensation Committee for this performance measure were 2.0x at the threshold level, 2.15x at the target level and 2.3x at the maximum level, assuming a full year impact of all 2007 transactions and events.

*Individual performance.* The remaining 25% of the value of the annual cash incentive award was to be determined in the discretion of the Compensation Committee taking into account the individual's performance under his or her specified management objectives. Individual management objectives cover areas of special emphasis related to the particular responsibilities and duties of the Named Executive Officer, as well as other matters such as succession planning, departmental team building, professional development and personal growth.

We believe that the goals set by the Compensation Committee are stretch goals, such that significant performance is expected in order to pay out at target levels. However, as in past years, these goals are challenging, but achievable.

In January 2008, the Compensation Committee determined that each of the Named Executive Officers (other than the Chief Executive Officer, whose annual cash incentive bonus was predetermined in connection with the negotiation of her amended and restated employment agreement in December 2006) had met and exceeded the maximum level performance objectives under the annual cash incentive plan for 2007, with several specific accomplishments, including:

10% increase in normalized FFO per diluted share, representing the sixth consecutive year of double-digit growth;

12% total shareholder return for the year, making us the top-performing healthcare REIT and the top performer among the Comparable Companies, and 39% compound annual total shareholder return for the five-year period ended December 31, 2007, making us a top performer among all REITs;

investments for the year totaling approximately \$2.2 billion, including the acquisition of all of the assets of Sunrise Senior Living Real Estate Investment Trust ( Sunrise REIT ) and over \$150 million of medical office buildings;

expansion of our medical office building portfolio to more than one million square feet;

market capitalization of \$6.0 billion at December 31, 2007, putting us in the top 15% of all publicly traded REITs;

the sale of 22 underperforming assets to Kindred for \$171.5 million and a \$3.5 million lease termination fee, representing a 6% capitalization rate;

increased borrowing capacity under our unsecured revolving credit facility (from \$500 million to \$600 million) through the exercise of our \$100 million accordion feature, and the execution of a new Cdn \$90 million unsecured revolving credit facility;

## Edgar Filing: VENTAS INC - Form PRE 14A

a pro forma fixed charge coverage ratio of 2.4x as of December 31, 2007; and

the issuance and sale of 26,910,000 shares of Common Stock in an underwritten public offering pursuant to our shelf registration statement the largest REIT follow-on offering in history allowing us to raise approximately \$1.1 billion in net proceeds and pay off all of our short-term financing for the Sunrise REIT acquisition within weeks of the closing.

**Table of Contents**

Accordingly, the annual cash incentive awards granted to each of the Named Executive Officers (other than the Chief Executive Officer) equaled the maximum 2.1x base salary and are set forth in the Non-Equity Incentive Plan Compensation column of the 2007 Summary Compensation Table below. Since Ms. Cafaro's earnings opportunity under the annual cash incentive plan for 2007 was predetermined in connection with the negotiation of her amended and restated employment agreement, her annual cash incentive bonus of \$2.1 million is set forth in the Bonus column of the 2007 Summary Compensation Table below.

**Long-Term Incentive Compensation**

As described above, the Compensation Committee believes that a substantial portion of each Named Executive Officer's compensation should be in the form of long-term incentive compensation. Long-term incentive awards are based on a number of criteria as determined by the Compensation Committee, including the achievement of pre-established corporate and individual goals for the performance year. At the beginning of each year, a range of earnings opportunity, expressed as multiples of base salary and corresponding to three levels of performance (threshold, target and maximum), is established for each executive. Long-term incentive opportunity is generally targeted at the 65<sup>th</sup> percentile of the Comparable Companies. However, the Compensation Committee reviews the performance metrics and required performance levels in the context of market pay and performance data each year when setting the range of earnings opportunity and when determining the actual awards earned. Long-term incentive awards are then determined and granted in the first quarter of the year following the performance year.

The table below illustrates the earnings opportunities of each of the Named Executive Officers under our long-term incentive plan for performance in fiscal 2007 that were approved by the Compensation Committee in February 2007 and by the non-management members of the Board, in the case of the Chief Executive Officer, in December 2006:

	<b>2007 Long-Term Incentive Opportunity (as a multiple of base salary)</b>		
	<b>Threshold</b>	<b>Target</b>	<b>Maximum</b>
Debra A. Cafaro (1)	9.0x	9.0x	9.0x
Richard A. Schweinhart	1.0x	2.0x	3.0x
Raymond J. Lewis	1.0x	2.0x	3.0x
T. Richard Riney	0.8x	1.6x	2.4x

(1) Ms. Cafaro's long-term incentive award for 2007 was predetermined to have an aggregate value of \$5.4 million (or 9.0x her base salary) in connection with the negotiation of her amended and restated employment agreement in December 2006.

At these target levels, the 2007 long-term incentives for each Named Executive Officer other than the Chief Executive Officer approximate the 65<sup>th</sup> percentile based on information from the PM&P compensation study.

For 2007, the value of the long-term incentive award was based on the accomplishment of a series of corporate objectives, including total shareholder return (absolute and relative to our peers), our integration of the assets and operations acquired through the Sunrise REIT acquisition, FFO per share growth, effective diversification, balance sheet management and capital markets execution, business ethics and reputation and individual performance, and other factors deemed appropriate by the Compensation Committee, in each case at the discretion of the Compensation Committee. While there was no specific weighting or target level attributed to any of these factors, the Compensation Committee carefully analyzed these factors in determining the 2007 long-term incentive awards.

In January 2008, the Compensation Committee determined that each of the Named Executive Officers (other than the Chief Executive Officer, whose long-term incentive award was predetermined in connection with the negotiation of her amended and restated employment agreement in December 2006) had met and exceeded

---

**Table of Contents**

the maximum level performance objectives under the long-term incentive plan for 2007 based on the accomplishments described above. Accordingly, the long-term incentive awards granted to the Named Executive Officers (other than the Chief Executive Officer) ranged from 2.4x to 3x base salary and are reflected in the 2007 Summary Compensation Table below. Ms. Cafaro's long-term incentive award having an aggregate value of \$5.4 million is also reflected in the 2007 Summary Compensation Table below.

For 2007, long-term incentive compensation consisted of equity awards in the form of stock options and shares of restricted stock made pursuant to our 2006 Incentive Compensation Plan. The Compensation Committee recognizes that while the annual cash incentive plan provides rewards for positive short-term and mid-term performance, the interests of stockholders are served by giving key employees the opportunity to participate in the appreciation of our Common Stock through grants of stock options and restricted stock awards. The use of equity awards encourages management to create stockholder value over the long term because the full benefit of the compensation package cannot be realized unless an appreciation in price of the Common Stock occurs over time. In addition, equity awards are an effective tool for management retention because vesting occurs over a number of years. Stock options and shares of restricted stock are granted to executive officers based on a number of criteria as determined by the Compensation Committee, including our total return to stockholders relative to the Comparable Companies.

For 2007, the Compensation Committee determined that 70% of the value of the long-term incentive award should be granted in the form of shares of restricted stock and 30% should be granted as stock options. The long-term incentive equity mix is weighted more heavily toward restricted stock because we believe that restricted stock provides a stronger incentive to create and preserve long-term stockholder value. Furthermore, we believe that restricted stock is the most prevalent form of long-term incentive compensation in our competitive market. Equity grants for the Named Executive Officers, other than the Chief Executive Officer, are made on the date that the Compensation Committee meets to review annual performance and determine the long-term incentive awards. For the Chief Executive Officer, equity grants are made on the date that the non-management members of the Board meet to review and approve the recommendations of the Compensation Committee, which typically has been the same date on which equity grants for the other Named Executive Officers are made. In general, shares of restricted stock and stock options granted to executives vest in three equal annual installments, beginning on the date of grant, and stock options are subject to a ten-year term. The stock option exercise price is the closing price of our Common Stock on the date of grant.

Prior to January 1, 2007, our long-term incentive compensation for executive officers also included a cash award made pursuant to the deferred cash incentive program under our 2000 Incentive Compensation Plan. Under this program, 40% of the value of the long-term incentive award was deferred for three years from the beginning of the fiscal year to which the award related and was paid in cash, if at all, at the end of the three-year period. The Compensation Committee believed this program was an effective incentive for management to create long-term value for stockholders due to the performance-based nature of the award and the fact that the cash payout was deferred for three years. It also believed that the three-year cliff vesting schedule provided an enhanced retention incentive for the Named Executive Officers. In 2007, however, the Compensation Committee determined that long-term incentive compensation should be entirely equity-based in order to better reflect our competitive market and elected to discontinue the deferred cash incentive program in favor of all equity awards for periods beginning after January 1, 2007 (without affecting or removing any cash awards for periods prior to that date, including payments under prior cash awards to be made after that date). The final payments, if any, to be made to the Named Executive Officers under the deferred cash incentive program for the 2006-2008 period will occur in January 2009.

*Benefits and Perquisites*

The Named Executive Officers generally participate in the same benefit programs as our other employees, including:

health and dental insurance (of which we pay 100% of the premium);

---

**Table of Contents**

long-term disability and life insurance coverage (at no cost to the employee);

paid time off and paid holidays;

payment of health club/gym membership fees (up to \$80 per month); and

a tax-qualified 401(k) plan (to which we contribute 3% of the employee's base salary, up to the federal limit).

These rewards are designed to be competitive with overall market practices. In addition, we may provide certain perquisites and other personal benefits to better enable us to attract and retain superior employees for key positions. For 2007, the only perquisites and benefits that were not otherwise available to all employees consisted of supplemental disability insurance coverage for Ms. Cafaro. The Compensation Committee periodically reviews the level of perquisites and other personal benefits provided to each Named Executive Officer.

*Severance Benefits*

Each of our Named Executive Officers is entitled to receive severance benefits upon certain qualifying terminations of employment, based either on the provisions of the executive's employment agreement and/or a change of control severance agreement. These severance arrangements are intended to retain executives and generally to provide replacement income if their employment is terminated involuntarily other than for cause and, in the case of severance benefits payable in connection with a change of control, to provide for continuity of management during such process. Under these agreements, we have also elected to provide tax gross-up payments to the Named Executive Officers with respect to certain payments made in connection with a change of control. The Compensation Committee considers the potential severance payments, including the gross-ups, to be necessary to attract and retain top executives.

*Tax Considerations*

Section 162(m) of the Code places a limit of \$1 million on the amount of compensation that we may deduct in any year with respect to each of our Named Executive Officers other than the Chief Financial Officer, unless the compensation is performance-based compensation and meets certain requirements, as described in said Section 162(m) and the related regulations. We have intended that certain compensation paid to the Named Executive Officers qualify for deductibility under Section 162(m), including certain compensation related to options and restricted stock granted pursuant to our long-term incentive plan. The Compensation Committee believes, however, that it is important to preserve flexibility and maximize the effectiveness of our executive compensation programs in a manner designed to recruit, retain and reward high-performing executives or promote varying corporate goals. Accordingly, the Compensation Committee may approve compensation that exceeds the \$1 million limit and does not meet the requirements of Section 162(m), but that is deemed to be in our best interests and the best interests of our stockholders. For example, Ms. Cafaro's \$2.1 million cash bonus and \$5.4 million long-term incentive award for 2007 did not meet the requirements of Section 162(m) because they were not performance-based. As a result, for 2007, only a portion of the compensation paid to our Named Executive Officers was deductible for federal income tax purposes. The loss of tax deductibility for the remaining portion of the compensation paid to our Named Executive Officers, however, was not material.

*Minimum Share Ownership Guidelines for Senior Executive Officers*

Our minimum share ownership guidelines for our senior executive officers require each of those officers to maintain a minimum equity investment in our company based upon a multiple (ranging from three to five times) of his or her base salary. Each senior executive officer's compliance with the guidelines is reviewed on July 1 of each year and the results are provided to and reviewed by the non-management members of the Board. The guidelines require that senior executive officers achieve the minimum equity investment within five years from the date he or she first becomes subject to the guidelines. Until the minimum equity investment is met, such

officer must retain at least 60% of the Common Stock granted to the officer by us and/or purchased by the officer through the exercise of stock options. All of our senior executive officers are currently in compliance with the minimum stock ownership guidelines, subject to transition rules.

*Adjustment or Recovery of Awards*

We do not maintain a policy to recover awards in the event that our financial results are subsequently restated downward. However, under Section 304 of the Sarbanes-Oxley Act, if we are required to restate our financial results due to material noncompliance with any financial reporting requirement as a result of misconduct, our Chief Executive Officer and Chief Financial Officer must reimburse us for (i) any bonus or other incentive-based or equity-based compensation received during the twelve months following the public issuance of the non-complying document and (ii) any profits realized from the sale of our securities during those twelve months.

*Special Restricted Stock Grants*

On November 30, 2007, the Compensation Committee granted special restricted stock awards to Messrs. Schweinhart, Lewis and Riney to encourage their long-term retention, improve the alignment of their total direct compensation opportunity with our compensation philosophy, including upside approaching the 90<sup>th</sup> percentile for achievement of maximum performance levels, and reward performance. Mr. Lewis received 45,871 shares of restricted stock, and Messrs. Schweinhart and Riney each received 22,935 shares of restricted stock, which shares vest in three equal installments on the third, fourth and fifth anniversaries of the date of grant.

*Amendments to Employment and Change of Control Severance Agreements*

On March 19, 2007, we amended the terms of our employment agreements with Messrs. Schweinhart, Lewis and Riney and Mr. Riney's change-in-control severance agreement to limit the amount of severance payable to each executive upon termination of his employment by us other than for Cause or by him for Good Reason (as those terms are defined in the applicable agreement) to a maximum of \$3 million (as adjusted annually to reflect increases in the Consumer Price Index (CPI)), as well as to address compliance with the deferred compensation requirements of Section 409A of the Code. Messrs. Schweinhart, Lewis and Riney agreed to these amendments at the request of the Compensation Committee, which determined that such limits were appropriate in light of the current market and governance environment for executive compensation. In exchange, the amendments clarify that, upon any such termination, each executive shall be entitled to receive a lump sum payment equal to the amount of awards previously granted to him under our deferred cash incentive program but not yet paid. All other terms of the agreements, including the vesting of equity awards, remained unchanged. The material provisions of the employment agreements and Mr. Riney's change-in-control severance agreement, in each case as amended, are summarized below.
