NOTE: The accompanying financial statements have been prepared for the purpose of filing with Form 5500. Supplemental schedules required by 29 CFR 2520.103-10 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, other than the schedules listed above, are omitted because of the absence of the conditions under which they are required.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Trustees and Participants of

Spectra Energy Retirement Savings Plan

We have audited the accompanying statement of net assets available for benefits of the Spectra Energy Retirement Savings Plan (the Plan) as of December 31, 2007, and the related statement of changes in net assets available for benefits for the year ended December 31, 2007. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2007, and the changes in net assets available for benefits for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2007, and schedule of reportable transactions for the year then ended, are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These schedules are the responsibility of the Plan's management. Such schedules have been subjected to the auditing procedures applied in our audit of the basic 2007 financial statements and, in our opinion, are fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

SPECTRA ENERGY

RETIREMENT SAVINGS PLAN

Notes to Financial Statements

as of and for the Year Ended December 31, 2007

1. Description of the Plan

The following description of the Spectra Energy Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

Effective with the separation from Duke Energy Corporation (Duke Energy) on January 2, 2007, Spectra Energy Corp (the Company or Spectra Energy) established the Plan for the benefit of its employees. Benefits provided are substantially the same as those previously provided by the Duke Energy Retirement Savings Plan (the Duke RSP). The accounts of participants who were in the Duke RSP on December 31, 2006, and who became employees of the Company on January 1, 2007, were transferred to the Plan. Assets were transferred from the Duke RSP to the Plan in the amount of \$543,703,628 and are reflected in the statement of changes in net assets available for benefits.

Participation and Purpose

The Plan is sponsored by Spectra Energy. Spectra Energy and each of its affiliated companies that is at least 80% owned and that participate in the Plan are collectively referred to as Participating Companies .

The purpose of the Plan is to provide an opportunity for eligible employees to enhance their long-range financial security through employee contributions, matching contributions from Participating Companies, and investment among certain investment funds, one of which provides an investment interest in Spectra Energy common stock. This defined contribution plan is an employee stock ownership plan and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Generally, employees of Participating Companies are eligible to enter and participate in the Plan if they 1) have attained the age of eighteen, and 2) are paid on the Participating Companies U. S. payroll system.

Contributions

Participants may authorize payroll deductions from eligible earnings in the form of before-tax deferrals and/or after-tax deferrals. Participants may elect to contribute (subject to certain limitations) up to 75% of eligible earnings per pay period without regard to years of service. Various provisions of the Internal Revenue Code (IRC) may limit the deferrals of some highly compensated employees. The Plan is required to return contributions received during the Plan year in excess of IRC limits. All deferrals are exempt, up to the allowed maximum, from federal and state income tax withholding in the year they are deferred, but are subject to payroll taxes. Participant deferrals are intended to satisfy the requirements of Section 401(k) of the IRC. Participating Companies contribute (subject to certain limitations) an amount equal to 100% of before-tax contributions, excluding catch-up contributions, of up to 6% of eligible pay per pay period. Participant after-tax contributions and matching contributions are intended to satisfy the requirements of Section 401(m) of the IRC.

Rollover Contributions to the Plan

Rollover contributions represent amounts recorded when participants elect to contribute amounts to their Plan accounts from other eligible, tax-qualified retirement plans or qualified individual retirement accounts. Rollover contributions of \$93,068 were made to the Plan in 2007.

Investments

Subject to limitations discussed below, participants may invest their Plan accounts in any or all of the investment funds offered in the Plan. Participant accounts invest in units of a fund based on its net asset value. The value of an account is updated each business day. Throughout the Plan year, eleven funds were offered for investment.

Participants under the Duke RSP who were transferred into the Plan may have a portion of their account invested in Duke Energy Common Stock. However, no new amounts may be invested in this fund. Matching contributions will initially be invested in the Spectra Energy Common Stock Fund; however, participants may transfer all or a portion of the matching contributions out of the Spectra Energy Common Stock Fund into any other fund as early as the next business day.

Participants Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, Company contributions, and Plan earnings, and charged with benefit payments and allocations of Plan losses. Allocations are based on participant earnings or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The selection from available investment funds is the sole responsibility of each participant, and the Plan is intended to satisfy the requirements of Section 404(c) of ERISA.

Vesting and Payment of Benefits

Participants are 100% vested in their Plan accounts. Participants may elect to receive certain distributions from their Plan accounts during continuation of employment. The Plan provides for several different types of in-service withdrawals, including hardship and age 59 1/2 withdrawals. A hardship distribution must comply with Section 401(k) of the IRC.

On termination of employment for any reason, participants (or if deceased, their beneficiaries) may request the distribution of the balance of their Plan accounts. Distributions are made as soon as practicable after the occasion for the distribution, except that participants may elect that a distribution be delayed until no later than April 1 of the calendar year following the calendar year in which they attain age 70 1/2. A beneficiary of a deceased participant may elect that a distribution be delayed for up to one year following the date of death.

Participant Loans

Participants may borrow, with some limitations, from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of (i) \$50,000 minus the highest outstanding loan balance during the 12-month period prior to the new loan, or (ii) 50% of their account balances. Loan terms range up to 58 months or up to 15 years for the purchase of a primary residence. The loan is secured by the balance in the participant's Plan account and bears interest at a rate of 1% more than the prime interest rate in effect at the issuance of the loan, as determined by the Benefits Committee. Principal and interest is paid ratably through payroll deductions. Loan receipts will be reinvested based on the participant's investment election for employee contributions at the time of repayment.

Plan Termination

The Participating Companies expect and intend to continue the Plan indefinitely, but have the right under the Plan to amend, suspend or terminate the Plan subject to the provisions set forth in ERISA. In the event of termination of the Plan, the net assets of the Plan would be distributed to participants based on their Plan accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates. The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of mutual funds are valued at quoted market prices, which represent the net assets value of shares held by the Plan at year end. Investments in common collective investment trust funds and separately managed funds (funds) are stated at estimated fair values, which have been determined based on the unit values of the funds. Unit values are determined by the organization sponsoring such funds by dividing the fund's net assets at fair value by its units outstanding at each valuation date. Spectra Energy common stock and Duke Energy common stock are valued at quoted market prices. Money market funds are valued at cost, which approximates fair value. Participant loans are valued at the outstanding loan balance.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments in the common trust funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Investment Management Expenses

Investment management expenses are paid by the Plan to third party vendors.

3. Investments

The Plan's investments that represented 5% or more of the Plan's net assets available for benefits as of December 31, 2007 are as follows (in thousands):

Spectra Energy common stock, 11,380 equivalent shares	\$ 154,861*
Duke Energy common stock, 12,076 equivalent shares	128,206*
State Street Short Term Investment Fund, 43,168 equivalent shares	65,150
Barclay's Global Investors Russell 1000 Value Fund, 1,964 equivalent shares	32,810
Barclay's Global Investors Equity Index Fund, 562 equivalent shares	28,322

* Nonparticipant-directed

During the year ended 2007, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows (in thousands):

Common stock	\$ (7,047)
Common trust funds:	
Equity funds	4,409
Balanced funds	977
Fixed funds	462
Separately managed funds equity	3,769
	\$ 2,570

4. Nonparticipant-Directed Investments

Information about the net assets and significant components of the changes in net assets relating to the nonparticipant-directed investments as of and for the year ended December 31, 2007 is as follows (in thousands):

Net Assets:	
Spectra Common Stock fund	\$ 154,861
Duke Common Stock fund	128,206
Accrued interest and dividends	16
Net assets	\$ 283,083

Changes in Net Assets:	
Net depreciation in fair value of investments	\$ (7,047)
Transfer of Plan assets from spin-off	309,885
Contributions	14,693
Dividends	11,349
Interest	2,279
Loan Issuances	(1,850)
Transfers from participant-directed investments	(21,591)
Distributions to participants	(24,635)
 Changes in net assets	 \$ 283,083

5. Exempt Party-in-Interest Transactions

Certain Plan investments are shares of common and collective trust funds, separately managed funds, and a money market fund managed by State Street Bank and Trust Company (State Street). State Street is the trustee as defined by the Plan and, therefore, transactions with State Street and the funds they manage qualify as party-in-interest transactions. Management fees and operating fees paid by the Plan were included as a reduction of the return earned on each fund. Investment management fees paid by the Plan were \$436,983 for the year ended December 31, 2007, and are separately recorded.

Also included in the Plan's investments are shares of common stock of Spectra Energy, the Plan's sponsor. Transactions in shares of Spectra Energy common stock qualify as party-in-interest transactions. At December 31, 2007, the Plan held 5,936,176 shares, which equates to 11,379,803 equivalent units under the Plan's unitized recordkeeping approach, of the Spectra Energy stock with a cost basis of \$160,765,550. During the year ended December 31, 2007, the Plan recorded related dividend income of approximately \$5,263,299.

6. Federal Income Tax Status

The Plan has not yet requested an opinion letter from the Internal Revenue Service that the Plan satisfies the applicable provisions of the IRC. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

7. Adoption of New Accounting Guidance

In September 2006, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards (SFAS) No. 157, *Fair Value Measurements* (SFAS 157). SFAS 157 defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles, and expands disclosures about fair value measurements. This statement is effective for financial statements issued for fiscal years beginning after November 15, 2007. Accordingly, the Plan will adopt SFAS 157 in 2008. The Plan is currently evaluating the impact of SFAS 157 on the financial statements.

8. Subsequent Events

Effective January 2, 2008, the Plan changed its trustee and recordkeeper from State Street Corp. and Hewitt Associates, respectively, to Fidelity Management Trust Company (Fidelity) Investments.
