GENWORTH FINANCIAL, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

(1) Formation of Genworth and Basis of Presentation

Genworth Financial, Inc. (Genworth) was incorporated in Delaware on October 23, 2003. The accompanying condensed financial statements include on a consolidated basis the accounts of Genworth and our affiliate companies in which we hold a majority voting or economic interest, which we refer to as the Company, we, us or our unless the context otherwise requires. All intercompany accounts and transactions have been eliminated in consolidation.

We have the following three operating segments:

Retirement and Protection. We offer a variety of protection, wealth management, retirement income and institutional products. Our primary protection products include: life, long-term care and Medicare supplement insurance. Additionally, we offer wellness and care coordination services for our long-term care policyholders. Our wealth management and retirement income products include: a variety of managed account programs, financial planning services and mutual funds, fixed and variable deferred and immediate individual annuities and group variable annuities offered through retirement plans. Most of our variable annuities include a guaranteed minimum death benefit (GMDB). Some of our group and individual variable annuity products include guaranteed minimum benefit features such as guaranteed minimum withdrawal benefits (GMWB) and certain types of guaranteed annuitization benefits. Institutional products include: funding agreements, funding agreements backing notes (FABNs) and guaranteed investment contracts (GICs).

International. We are a leading provider of mortgage insurance products in Canada, Australia, New Zealand, Mexico and multiple European countries. We primarily offer products in the flow market. On a limited basis, we also provide mortgage insurance on a structured, or bulk, basis that aids in the sale of mortgages to the capital markets and helps lenders manage capital and risk. Additionally, we offer services, analytical tools and technology that enable lenders to operate efficiently and manage risk. We also offer payment protection coverages in multiple European countries, Canada and Mexico. Our lifestyle protection insurance products help consumers meet specified payment obligations should they become unable to pay due to accident, illness, involuntary unemployment, disability or death.

U.S. Mortgage Insurance. In the U.S., we offer mortgage insurance products predominantly insuring prime-based, individually underwritten residential mortgage loans, also known as flow mortgage insurance. We selectively provide mortgage insurance on a structured, or bulk, basis with essentially all of our bulk writings prime-based. Additionally, we offer services, analytical tools and technology that enable lenders to operate efficiently and manage risk.

We also have Corporate and Other activities which include debt financing expenses that are incurred at our holding company level, unallocated corporate income and expenses, eliminations of inter-segment transactions and the results of non-core businesses that are managed outside of our operating segments.

The accompanying condensed consolidated financial statements are unaudited and have been prepared in accordance with U.S. generally accepted accounting principles (U.S. GAAP) and rules and regulations of the U.S. Securities and Exchange Commission (SEC). Preparing financial statements in conformity with U.S. GAAP requires us to make estimates and assumptions that affect reported amounts and related disclosures. Actual results could differ from those estimates. Certain prior year amounts have been reclassified to conform to the current year presentation. These condensed consolidated financial statements include all adjustments considered necessary by management to present a fair statement of the financial position, results of operations and cash flows for the periods presented. The results reported in these condensed consolidated financial

(Unaudited)

statements should not be regarded as necessarily indicative of results that may be expected for the entire year. The condensed consolidated financial statements included herein should be read in conjunction with the audited consolidated financial statements and related notes contained in our 2008 Annual Report on Form 10-K.

(2) Accounting Pronouncements

Recently adopted

Disclosures about Derivative Instruments and Hedging Activities

On January 1, 2009, we adopted Financial Accounting Standards Board (FASB) Statement of Financial Accounting Standards (SFAS) No. 161, Disclosures about Derivative Instruments and Hedging Activities an amendment of FASB Statement No. 133. This statement requires enhanced disclosures about an entity s derivative and hedging activities. The adoption of SFAS No. 161 did not have a material impact on our consolidated financial statements.

Business Combinations

On January 1, 2009, we adopted SFAS No. 141R, *Business Combinations*. This statement establishes principles and requirements for how an acquirer recognizes and measures certain items in a business combination, as well as disclosures about the nature and financial effects of a business combination. The adoption of SFAS No. 141R did not have a material impact on our consolidated financial statements.

Noncontrolling Interest in Consolidated Financial Statements

On January 1, 2009, we adopted SFAS No. 160, *Noncontrolling Interests in Consolidated Financial Statements an amendment of ARB No. 51*. This statement establishes accounting and reporting standards for noncontrolling interests in a subsidiary and for deconsolidation of a subsidiary. The adoption of SFAS No. 160 did not have a material impact on our consolidated financial statements.

Effective Date of FASB Statement No. 157

On January 1, 2009, we adopted FASB Staff Position (FSP) FAS 157-2, Effective Date of FASB Statement No. 157, which adopts SFAS No. 157, Fair Value Measurements, for fair value measurements of certain nonfinancial assets and liabilities, such as impairment testing of goodwill and indefinite-lived intangible assets. The adoption of FSP FAS 157-2 did not have a material impact on our consolidated financial statements.

Not yet adopted

In April 2009, the FASB issued FSP FAS 157-4, *Determining Fair Value When the Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly*. This FSP provides additional guidance for determining fair value when the volume or level of activity for an asset or liability has significantly decreased and identifies circumstances that indicate a transaction is not orderly. This FSP will be effective for us on April 1, 2009. We have not yet determined the impact the adoption of FSP FAS 157-4 will have on our consolidated financial statements.

In April 2009, the FASB issued FSP FAS 115-2 and FAS 124-2, *Recognition and Presentation of Other-Than-Temporary Impairments*. This FSP amends the other-than-temporary impairment guidance for debt

8

GENWORTH FINANCIAL, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

(Unaudited)

securities and modifies the presentation and disclosure requirements for other-than-temporary impairment disclosures for debt and equity securities. The FSP amends the requirement for an entity to positively assert the ability and intent to hold a debt security to recovery to determine whether an other-than-temporary impairment exists and replaces this provision with the assertion that an entity does not intend to sell or it is not more likely than not that the entity will be required to sell a security prior to recovery. Additionally, the FSP modifies the presentation of other-than-temporary impairments for certain debt securities to only present the impairment loss within income that represents the credit loss associated with the other-than-temporary impairment with the remaining impairment loss being presented within other comprehensive income (loss) (OCI). This FSP will be effective for us on April 1, 2009. Upon adoption of FSP FAS 115-2 and FAS 124-2, we expect to record a cumulative effect adjustment of approximately \$400 million, after-tax but before the impact of deferred acquisition costs and other adjustments, to retained earnings with an offset to accumulated other comprehensive income (loss).

In April 2009, the FASB issued FSP FAS 107-1 and APB 28-1, *Interim Disclosures about Fair Value of Financial Instruments*. This FSP amends the fair value disclosure requirements for certain financial instruments to require the disclosures during interim reporting periods of publicly traded entities in addition to annual financial statements. This FSP will be effective for us on April 1, 2009. The adoption of FSP FAS 107-1 and APB 28-1 is not expected to have a material impact on our consolidated financial statements.

(3) Earnings (Loss) Per Share

Basic and diluted earnings (loss) per share are calculated by dividing net income (loss) by the weighted-average basic and diluted shares outstanding for the periods indicated:

	Three n	
(Amounts in millions, except per share amounts)	2009	2008
Basic earnings (loss) per common share	\$ (1.08)	\$ 0.27
Diluted earnings (loss) per common share	\$ (1.08)	\$ 0.27
Weighted-average shares used in basic earnings (loss) per common share calculations	433.2	433.6
Potentially dilutive securities:		
Stock options, restricted stock units and stock appreciation rights		3.2
Weighted-average shares used in diluted earnings (loss) per common share calculations ⁽¹⁾	433.2	436.8

⁽¹⁾ As a result of our net loss for the three months ended March 31, 2009, we were required under SFAS No. 128, *Earnings per Share*, to use basic weighted-average common shares outstanding in the calculation of the 2009 diluted loss per share, as the inclusion of shares for stock options, restricted stock units and stock appreciation rights of 53,858 would have been antidilutive to the calculation. If we had not incurred a net loss, dilutive potential common shares would have remained at 433.2 million given the insignificant impact of the antidilutive shares.
