THE COMPANY

Our Company

We are a leading producer of coal in Northern and Central Appalachia with a broad range of mid to high Btu, low to medium sulfur steam and metallurgical coal. Our Appalachian mining complexes, which include 12 of our mining complexes, are located in West Virginia, Kentucky, Virginia and Maryland. We also have a complementary mining complex of mid to high sulfur steam coal strategically located in the Illinois Basin. We market our coal to a diverse customer base of largely investment grade electric utilities, as well as domestic and international industrial customers. The high quality of our coal and the availability of multiple transportation options, including rail, truck and barge, throughout the Appalachian region enable us to participate in both the domestic and international coal markets. Appalachian coal markets exhibited price volatility in 2008 that has continued into 2009.

We were formed by WL Ross & Co. LLC, or WLR, and other investors, in May 2004 to acquire and operate competitive coal mining facilities. As of September 30, 2004, we acquired certain key assets of Horizon NR, LLC through a bankruptcy auction. These assets are high quality reserves strategically located in Appalachia and the Illinois Basin and are union free. Due to its initial capitalization, we were able to complete the acquisition without incurring a significant level of indebtedness. Consistent with the WLR investor group's strategy to consolidate attractive coal assets, we completed a corporate reorganization and acquired Anker Coal Group, Inc. (now known as Hunter Ridge Holdings, Inc.), or Anker, and CoalQuest Development, LLC, or CoalQuest, in November 2005, which further diversified our coal reserves.

As of September 30, 2009, management estimates that we owned or controlled approximately 328 million tons of metallurgical quality coal reserves and approximately 672 million tons of steam coal reserves. Management's estimates were developed considering an initial evaluation, as well as subsequent acquisitions, dispositions, depleted reserves, changes in available geological or mining data and other factors. Further, we own or control approximately 523 million tons of non-reserve coal deposits.

Steam coal is primarily consumed by large electric utilities and industrial customers as fuel for electricity generation. Demand for low sulfur steam coal has grown significantly since the introduction of certain controls associated with the Clean Air Act and the decline in coal production in the eastern half of the United States. Metallurgical coal is primarily used to produce coke, a key raw material used in the steel making process. Generally, metallurgical coal sells at a premium to steam coal because of its higher quality and its importance and value in the steel making process.

For the year ended December 31, 2008, we sold 18.9 million tons of coal, of which approximately 17.9 million tons were produced from our mining activities and approximately 1.0 million tons were purchased through brokered coal contracts (coal purchased from third parties for resale), at an average sale price of \$53.22 and \$45.10, respectively. Of the tons sold, 17.8 million tons were steam coal and 1.1 million tons were metallurgical coal. Our steam coal sales volume in 2008 consisted of mid to high quality, high Btu (greater than 12,000 Btu/lb.), low to medium sulfur (1.5% or less) coal, which typically sells at a premium to lower quality, lower Btu, higher sulfur steam coal. Our three largest customers for the year ended December 31, 2008 were Progress Energy, Georgia Power Company and Allegheny Energy Supply Company and we derived approximately 32% of our coal revenues from sales to our five largest customers. We did not derive more than 10% of our coal sales revenues from any single customer in 2008.

We have three reportable business segments, which are based on the coal regions in which we operate: (i) Central Appalachian, comprised of both surface and underground mines, (ii) Northern Appalachian, comprised of both surface and underground mines and (iii) Illinois Basin, representing one underground mine.

RATIO OF EARNINGS TO FIXED CHARGES

The following table shows our ratio of earnings to fixed charges⁽¹⁾ for the periods presented.

International Coal Group, Inc.						Horizon Natural Resources Company (Predecessor to International Coal Group, Inc.)
Nine months ended	Year ended December 31, 2008	Year ended December 31, 2007	Year ended December 31, 2006	Year ended December 31, 2005	Period May 13, 2004 (inception) to December 31, 2004	Period January 1, 2004 to September 30, 2004
September 30, 2009	2008	2007	2006	2005	2004	2004
2.04x	(2)	(2)	0.10x ⁽²⁾	4.03x	2.82x	0.07x ⁽²⁾

⁽¹⁾ The ratio of earnings to fixed charges is computed by dividing fixed charges into income before income taxes plus fixed charges and the impact of capitalized interest. Fixed charges consist of interest expense, including amortization of debt issuance costs, and that portion of rental expense considered to be a reasonable approximation of interest.

⁽²⁾ The amount of additional earnings needed to obtain a ratio of earnings to fixed charges of 1x was approximately \$55.6 million, \$238.9 million and \$19.3 million for the years ended December 31, 2008, 2007 and 2006 respectively, and \$107.7 million for the period from January 1, 2004 to September 30, 2004.

Subject to any superior rights of any holders of preferred stock or any class or series of stock having a preference over the common stock with respect to payment of dividends, holders of our common stock are entitled to such dividends as may be declared and paid from time to time by our board of directors out of legally available funds. Our current credit facility imposes restrictions on our ability to declare dividends with respect to our common stock. For additional information, see "Dividend Policy" below.

In the event of our liquidation, dissolution or winding up, the holders of common stock are entitled to receive ratably the assets available for distribution to the stockholders after payment of liabilities and any amounts due to the holders of preferred stock.

The holders of our common stock have no preemptive rights and no rights to convert or exchange their common stock into any other securities. There are no redemption or sinking fund provisions applicable to our common stock. All outstanding shares of our common stock are fully paid and non-assessable.

Preferred Stock

Our amended and restated certificate of incorporation authorizes our board of directors to, without stockholder approval, issue up to 200,000,000 shares of preferred stock in one or more series and to fix the rights, preferences, privileges and restrictions granted to or imposed upon the preferred stock, including voting rights, dividend rights, conversion rights, terms of redemption, liquidation preference, sinking fund terms, subscription rights and the number of shares constituting any series or the designation of a series.

Our board of directors can issue preferred stock with voting and conversion rights that could adversely affect the voting power of the holders of common stock, without stockholder approval. No shares of preferred stock are currently outstanding and we have no present plan to issue any shares of preferred stock.

Dividend Policy

We may retain any future earnings to support the development and expansion of our business or make additional payments under our credit facility and, as a result, we may not pay cash dividends in the foreseeable future. Our payment of any future dividends will be at the discretion of our board of directors after taking into account various factors, including our financial condition, operating results, cash needs, growth plans and the terms of any credit agreements that we may be a party to at the time. Our senior credit facility and indenture governing our outstanding senior notes limit us from paying any cash dividends or other payments or

Table of Contents

distributions with respect to our capital stock in excess of certain limitations. In addition, the terms of any future credit agreement may contain similar restrictions on our ability to pay dividends or making any distributions or payments with respect to our capital stock.

Registration Rights

We have granted our founding stockholders demand and piggyback registration rights relating to their shares of common stock pursuant to a registration rights agreement. The former Anker and CoalQuest holders also received piggyback registration rights with respect to the shares of our common stock they received in the Anker and CoalQuest acquisitions pursuant to a registration rights agreement entered into at the closing of the Anker and CoalQuest acquisitions. In addition, Fairfax Financial Holdings Limited, or Fairfax, also received demand and piggyback registration rights relating to their shares of common stock pursuant to a registration rights agreement dated May 16, 2008. These rights are summarized below.

These holders, or their permitted transferees, will be entitled to unlimited piggyback registration rights. These rights entitle the holders to notice of a registration prior to the filing of a registration statement and to include, at our expense (except for Fairfax which must bear out-of-pocket registration expenses after the first demand), their shares of common stock in any of our registrations of our common stock (other than registrations we file on Form S-4 or S-8, or any successor forms thereto, or filed solely in connection with an offering made solely to our existing stockholders or employees), including the registration statement of which this prospectus is a part. We and our underwriters can reduce the number of shares of common stock requested to be included by holders of piggyback registration rights in view of market conditions.

In addition, WLR, any other founding stockholder or stockholders representing 20% of all registrable securities or their permitted transferees or Fairfax are entitled to demand rights to register all or a portion of their registrable securities under the Securities Act if the reasonably anticipated aggregate price to the public of these shares (net of underwriting discounts and commission) would exceed \$75 million, except if the value of Fairfax's remaining shares is less than \$75 million, the Company must still register the sale of Fairfax's remaining shares. We are also obligated to undertake three demand registrations by WLR, two demand registrations by Fairfax, one demand registration by each other individual founding stockholder and two additional demand registrations by a group of the founding stockholders representing 20% of the registrable securities. If at any time we are eligible to register our securities on a Form S-3 under the Securities Act, holders can specify that the requested registration be a shelf registration for an offering on a delayed or continuous basis pursuant to Rule 415 of the Securities Act.

If our stockholders with registration rights cause a large number of securities to be registered and sold in the public market, those sales could cause the market price of our common stock to decline. If we initiate a registration and include registrable securities as a result of the exercise of registration rights, the inclusion of registrable securities could adversely affect our ability to raise capital.

Anti-Takeover Effects of Certain Provisions of Our Amended and Restated Certificate of Incorporation and Bylaws

Our amended and restated certificate of incorporation and bylaws contain several provisions that may make it more difficult to acquire us by means of a tender offer, open market purchase, proxy fight or otherwise.

These provisions in our amended and restated certificate of incorporation and bylaws are designed to encourage persons seeking to acquire control of us to negotiate with our board. We believe that, as a general rule, our interests and the interests of our stockholders would be served best if any change in control results from negotiations with our board based upon careful consideration of the proposed terms, such as the price to be paid to stockholders, the form of consideration to be paid and the anticipated tax effects of the transaction.

Table of Contents

These anti-takeover provisions in our amended and restated certificate of incorporation and bylaws could, however, have the effect of discouraging a prospective acquiror from making a tender offer for our shares or otherwise attempting to obtain control of us. To the extent that these provisions discourage takeover attempts, they could deprive stockholders of opportunities to realize takeover premiums for their shares. Moreover, these provisions could discourage accumulations of large blocks of common stock, thus depriving stockholders of any advantages which large accumulations of stock might provide.

Set forth below is a summary of the relevant provisions of our amended and restated certificate of incorporation and bylaws and certain applicable sections of the General Corporation Law of the State of Delaware. This summary does not purport to be complete and is subject to, and qualified in its entirety by reference to, all of the provisions of our amended and restated certificate of incorporation, our bylaws and sections of the General Corporation Law of the State of Delaware.

Delaware Anti-Takeover Statute

We are governed by Section 203 of the General Corporation Law of the State of Delaware. Section 203, subject to certain exceptions, prohibits a Delaware corporation from engaging in any business combination with any interested stockholder for a period of three years following the time that such stockholder became an interested stockholder, unless:

prior to such time, the board of directors of the corporation approved either the business combination or the transaction which resulted in the stockholder becoming an interested stockholder;

upon consummation of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced, excluding specified shares; or

at or subsequent to such time, the business combination is approved by the board of directors and authorized at an annual or special meeting of stockholders, and not by written consent, by the affirmative vote of at least 66 ²/₃% of the outstanding voting stock that is not owned by the interested stockholder.

The application of Section 203 may limit the ability of stockholders to approve a transaction that they may deem to be in their best interests.

In general, Section 203 defines business combination to include:

any merger or consolidation involving the corporation and the interested stockholder;

any sale, lease, exchange, mortgage, pledge, transfer or other disposition of 10% or more of the assets of the corporation to or with the interested stockholder;

subject to certain exceptions, any transaction which results in the issuance or transfer by the corporation of any stock of the corporation to the interested stockholder;

any transaction involving the corporation which has the effect of increasing the proportionate share of the stock of any class or series of the corporation beneficially owned by the interested stockholder; or

Edgar Filing: Hunter Ridge Holdings, Inc. - Form S-3

the receipt by the interested stockholder of the benefit of any loans, advances, guarantees, pledges or other financial benefits provided by or through the corporation.

In general, Section 203 defines an interested stockholder as any person that is:

the owner of 15% or more of the outstanding voting stock of the corporation;

an affiliate or associate of the corporation and was the owner of 15% or more of the outstanding voting stock of the corporation at any time within three years immediately prior to the relevant date; and

the affiliates and associates of the above.

Table of Contents

Under specific circumstances, Section 203 makes it more difficult for an interested stockholder to effect various business combinations with a corporation for a three-year period, although the stockholders may, by adopting an amendment to the corporation's certificate of incorporation or bylaws, elect not to be governed by this section, effective twelve months after adoption.

Our amended and restated certificate of incorporation and bylaws do not exclude us from the restrictions imposed under Section 203. We anticipate that the provisions of Section 203 may encourage companies interested in acquiring us to negotiate in advance with our board of directors since the stockholder approval requirement would be avoided if a majority of the directors then in office approve either the business combination or the transaction that resulted in the stockholder becoming an interested stockholder.

Stockholder Action; Special Meetings

Our certificate of incorporation provides that stockholder action can be taken only at an annual or special meeting of stockholders and cannot be taken by written consent in lieu of a meeting. Our certificate of incorporation and our bylaws provide that, except as otherwise required by law, special meetings of the stockholders can only be called by the chairman of our board, our chief executive officer, our president or our secretary at the request of a majority of the number of directors that we would have if there were no vacancies on our board. Stockholders are not permitted to call a special meeting or to require our board to call a special meeting.

Stockholder Proposals

At an annual meeting of stockholders, only business that is properly brought before the meeting will be conducted or considered. To be properly brought before an annual meeting of stockholders, business must be specified in the notice of the meeting (or any supplement to that notice), brought before the meeting by the presiding officer or by or at the direction of the majority of the total number of directors that our board would have if there were no vacancies, or properly requested by a stockholder to be brought before the meeting.

For business to be properly requested by a stockholder to be brought before an annual meeting, the stockholder must:

be a stockholder of record at the time of the giving of the notice for the meeting;

be entitled to vote at the meeting; and

have given timely written notice of the business to our secretary.

To be timely, a stockholder's notice must be delivered to or mailed and received at our principal executive offices not less than 60, nor more than 90, calendar days prior to the first anniversary date on which we first mailed our proxy materials for the preceding year's annual meeting of stockholders; provided, however, that if there was no annual meeting in the preceding year or the date of the annual meeting is advanced more than 30 calendar days prior to, or delayed by more than 30 calendar days after the anniversary of the preceding year's annual meeting, notice by the stockholder to be timely must be so delivered not later than the close of business on the later of the 90th calendar day prior to such annual meeting or the 10th calendar day following the day on which public disclosure of the date of such meeting is first made. A stockholder's notice must set forth, as to each matter the stockholder proposes to bring before the meeting:

a description in reasonable detail of the business proposed to be brought before the meeting and the reasons for conducting such business at the meeting;

the name and address of the stockholder proposing such business and of the beneficial owner, if any, on whose behalf the proposal is made;

Edgar Filing: Hunter Ridge Holdings, Inc. - Form S-3

the class and series and number of shares that are owned of record and beneficially by the stockholder proposing the business and by the beneficial owner, if any, on whose behalf the proposal is made;

Table of Contents

a description of all arrangements or understandings among the stockholder, the beneficial owner on whose behalf the proposal is made, if any, and any other person or persons (including their names) in connection with the proposal of such business by the stockholders and any material interest of the stockholder in such business;

whether such stockholder or beneficial owner intends to deliver a proxy statement and forms of proxy to holders of at least the percentage of shares of our voting stock required to approve such proposal; and

a representation that the stockholder intends to appear in person or by proxy at the annual meeting to bring such business before the meeting.

Similarly, at a special meeting of stockholders, only such business as is properly brought before the meeting will be conducted or considered. To be properly brought before a special meeting, business must be specified in the notice of the meeting (or any supplement to that notice) given by or at the direction of the chairman of our board, our chief executive officer, our president or our secretary at the request of a majority of the number of directors that we would have if there were no vacancies on our board or, otherwise brought before the meeting by the presiding officer or by or at the direction of the majority of the total number of directors that our board would have if there were no vacancies.

Nomination of Candidates for Election to Our Board

Under our bylaws, only persons that are properly nominated will be eligible for election to be members of our board. To be properly nominated, a director candidate must be nominated at an annual meeting of the stockholders by or at the direction of our board or committee thereof or properly nominated by a stockholder. To be properly nominated by a stockholder, such stockholder must have delivered a proxy statement and form of proxy to the holders of at least the percentage of shares of our voting stock required to approve such nomination and included in such materials a timely and proper notice in proper written form to our secretary.

To be timely, a stockholder's notice must be delivered to or mailed and received at our principal executive offices not less than 60 nor more than 90 calendar days prior to the first anniversary of the date on which we first mailed our proxy materials for the preceding year's annual meeting of stockholders. If, however, there was no annual meeting in the preceding year or the date of the annual meeting is advanced more than 30 calendar days prior to, or delayed by more than 30 calendar days after the anniversary of the preceding year's annual meeting, notice by the stockholder to be timely must be so delivered not later than the later of the 90th calendar day prior to such annual meeting or the tenth calendar day following the day on which public announcement of the date of such meeting is first made.

To be in proper written form, such stockholder's notice must include:

the name and address of the stockholder giving the notice and of the beneficial owner, if any, on whose behalf the nomination is made;

a representation that the stockholder giving the notice is a holder of record of shares of our voting stock entitled to vote at such annual meeting and intends to appear in person or by proxy at the annual meeting to nominate the person or persons specified in the notice;

the class and series and number of shares of stock owned beneficially and of record by the stockholder giving the notice and by the beneficial owner, if any, on whose behalf the nomination is made;

a description of all arrangements or understandings between or among any of:

the stockholder giving the notice;

Edgar Filing: Hunter Ridge Holdings, Inc. - Form S-3

the beneficial owner on whose behalf the notice is given;

each nominee; and

Table of Contents

any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the stockholder giving the notice;

the name, age, business address, residence address and occupation of the nominee proposed by the stockholder;

such other information regarding each nominee proposed by the stockholder giving the notice as would be required to be included in a proxy statement filed pursuant to the proxy rules of the SEC had the nominee been nominated, or intended to be nominated, by our board;

the signed consent of each nominee to serve as a director on our board if so elected; and

whether such stockholder or beneficial owner intends to deliver a proxy statement and form of proxy to holders of at least the percentage of shares of our voting stock required to elect such nominee or nominees. In addition, a stockholder must also comply with all applicable requirements of the Exchange Act and the rules and regulations thereunder with respect to matters relating to nomination of candidates for directors.

Amendment to Our Bylaws

Except for certain provisions indicated above, our bylaws may be amended, altered or repealed by the affirmative vote of the holders of a majority of our voting stock or by the affirmative vote of a majority of our board. Certain provisions that require the affirmative vote of the holders of 80% of our voting stock may make it more difficult to change our bylaws for the purpose of gaining control over us.

Payment and Paying Agents

We will pay interest to holders listed in the trustee's records at the close of business on a particular day in advance of each due date for interest, even if such holders no longer own the debt security on the interest due date. We may choose to pay interest, principal and any other money due on the debt securities at the corporate trust office of the trustee. Payments in any other manner will be specified in the prospectus supplement.

Edgar Filing: Hunter Ridge Holdings, Inc. - Form S-3

We may also arrange for additional payment offices, and may cancel or change these offices, including our use of the trustee's corporate trust office. These offices are called paying agents. We may also choose to act as our own paying agent. We will notify the trustee of changes in the paying agents for any particular series of debt securities.

Merger, Consolidation or Sale of Assets

Unless otherwise specified in the applicable prospectus supplement, ICG will not (i) consolidate or merge with or into another person; or (ii) sell, assign, transfer, convey, lease or otherwise dispose of all or substantially all of its and the guarantors' properties or assets taken as a whole, in one or more related transactions, to another person, unless:

either (a) ICG is the surviving entity or (b) the person formed by or surviving any such consolidation or merger (if other than ICG) or to which such sale, assignment, transfer, conveyance, lease or other disposition has been made is a corporation, partnership or limited liability company organized or existing under the laws of the United States, any state of the United States or the District of Columbia;

the person formed by or surviving any such consolidation or merger (if other than ICG) or to which such sale, assignment, transfer, conveyance, lease or other disposition has been made assumes all the obligations of ICG under the debt securities and the indenture pursuant to agreements reasonably satisfactory to the trustee; and

immediately after such transaction, no default or event of default exists.

Modification of the Indenture

Unless otherwise specified in the applicable prospectus supplement, under the indenture, ICG, the guarantors and the trustee may amend or supplement the indenture or the debt securities of a series or the guarantees of such debt securities without the consent of any holder of debt securities:

to cure any ambiguity, defect or inconsistency;

to comply with the indenture's provisions regarding merger, consolidation or sale of assets;

to provide for uncertificated debt securities in addition to or in place of certificated debt securities;

to make any change that would provide any additional rights or benefits to the holders of the debt securities of a series, that would surrender any right, power or option conferred by the indenture on ICG or that does not adversely affect in any material respect the legal rights of any holder of such debt securities;

to comply with requirements of the SEC in order to effect or maintain the qualification of the indenture under the Trust Indenture Act;

to conform the text of the indenture (only with respect to such series) or any board resolution, supplemental indenture or officer's certificate with respect to the debt securities of such series to the description of notes contained in the offering document pursuant to which such debt securities were offered;

to provide for the issuance of and establish the form and terms and conditions of debt securities of any series as permitted by the indenture;

in the case of subordinated debt securities, to make any change in the provisions of the indenture or any supplemental indenture relating to subordination that would limit or terminate the benefits available to any holder of senior indebtedness under such provisions; *provided* that such change is made in accordance with the provisions of such senior Indebtedness;

to add to, change or eliminate any of the provisions of the indenture with respect to any series of debt securities; although no such addition, change or elimination may apply to any series of debt security created prior to the execution of such amendment and entitled to the benefit of such provision, nor may any such amendment modify the rights of a holder of any such debt security with respect to such provision, unless the amendment becomes effective only when there is no outstanding debt security of any series created prior to such amendment and entitled to the benefit of such provision;

to secure ICG's obligations under the debt securities and the indenture;

to evidence and provide for the acceptance of appointment hereunder by a successor trustee with respect to the debt securities of one or more series and to add to or change any of the provisions of the indenture as shall be necessary to provide for or facilitate the administration of the trusts hereunder by more than one trustee; or

to allow any guarantor to execute a supplemental indenture and/or a guarantee with respect to the debt securities and to release guarantors from the guarantee in accordance with the terms of the indenture.

Unless otherwise specified in the applicable prospectus supplement, ICG, the guarantors and the trustee may, with the consent of the holders of at least a majority in aggregate principal amount of the debt securities of a series, amend or supplement the indenture, the debt securities of a series or the guarantees of such debt securities or the rights of the holders of the securities of the series to be affected. Without the consent of the holder of each security affected, no amendment, supplemental indenture or waiver may be made that, as to any non-consenting holders:

reduce the percentage of principal amount of outstanding securities whose holders must consent to an amendment, supplemental indenture or waiver;

reduce the rate of or change the time of payment of interest on the securities;

reduce the principal amount of or the premium, if any, on the securities or changes the stated maturity of any of the securities;

in the case of any subordinated debt security, make any change in the provisions of the indenture relating to subordination that adversely affects the rights of any holder under such provisions;

reduce the principal amount of discount securities payable upon acceleration of the maturity thereof;

waive a default or event of default in the payment of the principal of or premium, if any, or interest on the securities (except a rescission of acceleration of the securities of any series by the holders of at least a majority in principal amount of the outstanding securities of such series and a waiver of the payment default that resulted from such acceleration);

make any securities payable in money other than that stated in the securities;

make any change in the provisions of the indenture relating to waivers of past defaults or the rights of holders of securities to receive payments of principal of or premium, if any, or interest on the securities;

waive a redemption payment with respect to any securities or changes any of the provisions with respect to the redemption of any securities;

release any guarantor from any of its obligations under its guarantee or the indenture, except in accordance with the terms of the indenture; or

make any change in the amendment and waiver provisions of the indenture requiring the consent of the holder of each security affected thereby.

Events of Default

Unless otherwise specified in the applicable prospectus supplement, the indenture provides that events of default regarding any series of debt securities will be:

default for 30 days in the payment when due of interest on with respect to, debt securities of that series;

default in the payment when due (at maturity, upon redemption or otherwise) of the principal of, or premium, if any, on, the debt securities of that series;

failure by ICG to comply with any of the other covenants in the indenture (other than a covenant that has been included in the indenture solely for the benefit of a series of debt securities other than that

Table of Contents

series) for 60 days after notice to ICG by the trustee or the holders of at least 25% in aggregate principal amount of the debt securities then outstanding voting as a single class;

default under any mortgage, indenture or instrument under which there may be issued or by which there may be secured or evidenced any indebtedness for money borrowed by ICG, whether such indebtedness now exists, or is created after the date of the indenture, if that default:

is caused by a failure to pay principal of, or interest or premium, if any, on, such indebtedness prior to the expiration of the grace period provided in such indebtedness following the stated maturity of such indebtedness (a *Payment Default*); or

results in the acceleration of such indebtedness prior to its stated maturity, and, in each case, the principal amount of any such indebtedness, together with the principal amount of any other such indebtedness under which there has been a Payment Default or the maturity of which has been so accelerated, aggregates such amount as may be set forth in the applicable prospectus supplement;

certain events of bankruptcy or insolvency described in the indenture with respect to ICG or any of its significant subsidiaries or any group of subsidiaries of ICG that, taken together, would constitute a significant subsidiary;

except as permitted by the indenture, any note guarantee of any significant subsidiary is held in any judicial proceeding to be unenforceable or invalid or ceases for any reason to be in full force and effect (other than in accordance with the terms of such note guarantee and the indenture), or any guarantor, or any person acting on behalf of any guarantor, denies or disaffirms its obligations under its note guarantee and such default continues for 10 days; and

any other event of default provided with respect to debt securities of that series, which is specified in the applicable prospectus supplement.

If an event of default (other than pursuant to the bankruptcy or insolvency provisions of the indenture) regarding debt securities of any series issued under the indenture should occur and be continuing, either the trustee or the holders of at least 25% in the principal amount of outstanding debt securities of such series may declare each debt security of that series due and payable immediately. If a bankruptcy or insolvency event occurs, the debt securities of such series shall immediately become due and payable without any declaration or other act on the part of the trustee or the holders of the debt securities of such series. The holders of a majority in principal amount of debt securities of such series may rescind any other declaration or acceleration and its consequences if the rescission would not conflict with any judgment or decree and if all existing events of default have been cured or waived (other than nonpayment of principal, premium, if any, or interest that has become due solely because of the acceleration).

Holders of a majority in aggregate principal amount of the then outstanding debt securities of any series will be entitled to control certain actions of the trustee under the applicable indenture. Holders of a majority in aggregate principal amount of the then outstanding debt securities of any series also will be entitled to waive past defaults regarding the series, except for a default in payment of principal, premium, if any, or interest. The trustee generally may not be ordered or directed by any of the holders of debt securities to take any action, unless one or more of the holders shall have offered to the trustee reasonable security or indemnity.

If an event of default occurs and is continuing regarding a series of debt securities, the trustee may use any sums that it holds under the applicable indenture for its own reasonable compensation and expenses incurred prior to paying the holders of debt securities of such series.

Before any holder of any series of debt securities may institute action for any remedy, except payment on the holder's debt security when due, the holders of not less than 25% in principal amount of the debt securities of

Table of Contents

that series outstanding must request the trustee to take action. Holders must also offer and give the satisfactory security and indemnity against liabilities incurred by the trustee for taking such action.

Legal Defeasance and Covenant Defeasance

Unless otherwise specified in the applicable prospectus supplement, ICG may at any time elect to have all of its obligations discharged with respect to the outstanding debt securities and all obligations of the guarantors discharged with respect to their note guarantees (*legal defeasance*) except for the rights of holders of outstanding debt securities to receive payments in respect of the principal of, or interest or premium, if any, on, such debt securities when such payments are due from the trust referred to below, and except for certain other obligations of ICG and certain other rights of the trustee under the indenture.

In addition, ICG may at any time elect to have the obligations of ICG and the guarantors released with respect to certain covenants and thereafter any omission to comply with those covenants will not constitute a default or event of default with respect to the debt securities (*covenant defeasance*). In the event covenant defeasance occurs, certain events will no longer constitute an event of default with respect to the debt securities.

In order to exercise either legal defeasance or covenant defeasance, ICG must irrevocably deposit with the trustee for the benefit of the holders of the series of debt securities to be defeased money in amounts as will be sufficient to pay the principal of and premium, if any, and interest on the outstanding debt securities of such series on the stated date for payment thereof or on the applicable redemption date, as the case may be. In addition, ICG must deliver to the trustee certain opinions of counsel and officer's certificate in connection with such defeasance, and ICG may not exercise such defeasance if certain defaults or events of default with respect to debt securities of such series have occurred and are continuing on the date of such deposit or if such defeasance would result in a breach or violation of, or constitute a default under, any material agreement or instrument (other than the indenture) to which ICG or any of its subsidiaries is a party or by which ICG or any of its subsidiaries is bound.

Satisfaction and Discharge

Unless otherwise specified in the applicable prospectus supplement, the indenture will be discharged and will cease to be of further effect with respect to the debt securities of a particular series, when:

either:

all debt securities of such series that have been authenticated have been delivered to the trustee for cancellation; or

all debt securities of such series that have not been delivered to the trustee for cancellation:

have become due and payable,

will become due and payable at their stated maturity within one year,

are to be called for redemption within one year, or

are deemed paid and discharged pursuant to the legal defeasance provisions of the indenture, and ICG or any Guarantor, in the case of the first, second and third subbullets above, has irrevocably deposited or caused to be deposited with the trustee as trust funds in trust solely for the benefit of the holders of debt securities of such series, in amounts as will be sufficient, without consideration of any reinvestment of interest, to pay and discharge the entire Indebtedness (including all principal, premium, if any, and interest)

Edgar Filing: Hunter Ridge Holdings, Inc. - Form S-3

on such Notes delivered to the trustee for cancellation (in the case of debt securities of such series that have become due and payable on or prior to the date of such deposit) or to the stated maturity or redemption date, as the case may be,

Table of Contents

ICG or any Guarantor has paid or caused to be paid all other sums payable by it under the indenture; and

ICG has delivered irrevocable instructions to the trustee under the indenture to apply the deposited money toward the payment of the debt securities at maturity or on the redemption date, as the case may be.

Subordination

If specified in the applicable prospectus supplement, the debt securities of a series, and any guarantees, may be subordinated, which we refer to as subordinated debt securities, to senior indebtedness (as defined in the applicable prospectus supplement) to the extent set forth in the prospectus supplement relating thereto. To the extent we conduct operations through subsidiaries, the holders of debt securities (whether or not subordinated debt securities) will be structurally subordinated to the creditors of our subsidiaries except to the extent such subsidiary is a guarantor of such series of debt securities.

Conversion and Exchange Rights

If specified in the applicable prospectus supplement, the debt securities of a series may be convertible into or exchangeable for our common stock or other securities. We will describe in the applicable prospectus supplement, among other things, the conversion or exchange rate or price and any adjustments thereto, the conversion or exchange period or periods, provisions as to whether conversion or exchange will be mandatory, at our option or at the option of the holders of that series of debt securities and provisions affecting conversion or exchange in the event of the redemption of that series of debt securities.

Guarantees

Except to the extent otherwise provided in the applicable prospectus supplement, our obligations under the debt securities and the indenture will be guaranteed (each, a guarantee) by certain of our subsidiaries. Except to the extent otherwise provided in the applicable prospectus supplement, if any subsidiary that is not a guarantor incurs any indebtedness (other than indebtedness owing to ICG or another subsidiary or non-recourse debt), including any guarantee of any indebtedness of ICG or a subsidiary (other than a guarantee of indebtedness owing to ICG or a subsidiary), then ICG shall cause such subsidiary to become a guarantor for all purposes of the indenture.

The obligations of each subsidiary guarantor under its guarantee are limited to the maximum amount as will, after giving effect to such maximum amount and all other contingent and fixed liabilities of such subsidiary guarantor and after giving effect to any collections from, rights to receive contribution from or payments made by or on behalf of any other subsidiary guarantor in respect of the obligations of any such other subsidiary guarantor under its guarantee, result in the obligations of any such subsidiary guarantor under its guarantee not constituting a fraudulent transfer or conveyance.

Unless specified otherwise in a prospectus supplement, a subsidiary guarantor will be released and relieved of any obligations under its guarantee:

in the event of any consolidation or merger, or any sale, assignment, transfer, conveyance, lease or other disposition of all or substantially all of the assets of any guarantor, or a sale or other disposition of all of the capital stock of any guarantor, in each case to a person that is not (either before or after giving effect to such transactions) us or one of our subsidiaries, provided that the such person unconditionally assumes all the obligations of such subsidiary guarantor under the indenture and its guarantee or such transaction will result in a release of the guarantee pursuant to the terms of the indenture; or

Table of Contents

upon legal defeasance or satisfaction and discharge of the indenture in accordance with the provisions of the indenture.

Reporting

Unless otherwise specified in the applicable prospectus supplement, the indenture requires ICG to provide the trustee with a copy of the reports that it files with the SEC pursuant to Section 13 or 15(d) of the Exchange Act within 15 days after it files the same with the SEC. Documents filed by ICG with the SEC via the EDGAR system will be deemed filed with the trustee as of the time such documents are filed via EDGAR. Delivery of such reports, information and documents to the trustee is for informational purposes only, and the trustee's receipt of such shall not constitute constructive notice of any information contained therein or determinable from information contained therein, including ICG's compliance with any of the covenants under the indenture. ICG will also comply with Section 314(a) of the Trust Indenture Act.

Further Issues

Unless specified otherwise with respect to a series of debt securities in a prospectus supplement, ICG may from time to time, without notice to or the consent of the registered holders of a series of debt securities, create and issue further debt securities of any such series ranking equally with the debt securities of the corresponding series in all respects (or in all respects other than the payment of interest accruing prior to the issue date of such further debt securities or except for the first payment of interest following the issue date of such further debt securities). Such further debt securities may be consolidated and form a single series with the debt securities of the corresponding series and have the same terms as to status, redemption or otherwise as the debt securities of the corresponding series.

Form, Exchange, Registration and Transfer

The debt securities will be issued only in registered form. Debt securities of a series will either be global securities registered in book-entry form, or a physical (paper) certificate issued in definitive, or certificated, registered form. Procedures relating to global securities are described below under Book-Entry Procedures and Settlement. Unless otherwise provided in the applicable prospectus supplement, debt securities denominated in United States dollars will be issued only in denominations of \$2,000 and integral multiples of \$1,000 in excess of \$2,000 thereof. The prospectus supplement relating to offered securities denominated in a foreign or composite currency will specify the denomination of the offered securities.

Debt securities represented by a paper certificate may be presented for exchange or transfer at the office of the Registrar. Holders will not have to pay any service charge for any registration of transfer or exchange of their certificates, but ICG may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with such registration of transfer.

Book-Entry Procedures and Settlement

The debt securities will be issued in book-entry form only and represented by one or more global securities registered in the name of, and deposited with a custodian for, The Depository Trust Company, or DTC, or its nominee. DTC or its nominee will be the sole registered holder of the debt securities for all purposes under the indenture. Owners of beneficial interests in the debt securities represented by the global securities will hold their interests pursuant to the procedures and practices of DTC. As a result, beneficial interests in these securities will be shown on, and may only be transferred through, records maintained by DTC and its direct and indirect participants and any such interest may not be exchanged for certificated securities, except in limited circumstances. Owners of beneficial interests must exercise any rights in respect of their interests, in accordance with the procedures and practices of DTC. Beneficial owners will not be holders and will not be entitled to any

rights provided to the holders of debt securities under the global securities or the indenture. ICG and the trustee, and any of their respective agents, may treat DTC as the sole holder and registered owner of the global securities under the terms of the indenture.

Concerning the Trustee

ICG will enter into the indenture with a trustee that is qualified to act under the Trust Indenture Act of 1939, as amended, and with any other trustee chosen by it and appointed in a supplemental indenture of a particular series of debt securities. The trustee may engage in transactions with, or perform services for, ICG and its affiliates in the ordinary course of business.

Applicable Law

The debt securities and the indenture will be governed by, and construed in accordance, with the laws of the State of New York.

Item 17. Undertakings.

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement;

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that Paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) of this section do not apply if the registration statement is on Form S-3 or Form F-3 and the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. Edgar Filing: Hunter Ridge Holdings, Inc. - Form S-3

of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however,* that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference

into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

- (5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:
- (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
 - (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
 - (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
 - (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.
- (b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (c) The undersigned registrant hereby undertakes to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of section 310 of the Trust Indenture Act in accordance with the rules and regulations prescribed by the Commission under section 305(b)(2) of the Act.
- (d) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
