PROXY STATEMENT

FOR ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD ON FEBRUARY 9, 2010

GENERAL INFORMATION

The enclosed proxy is being solicited by our board of directors for use in connection with the annual meeting of stockholders to be held on Tuesday, February 9, 2010 at our principal offices located at 980 Rock Avenue, San Jose, CA 95131, commencing at 11:00 a.m. and at any adjournments thereof. Voting materials, which include this Proxy Statement, a proxy card and the Company's Annual Report to Stockholders for the year ended June 30, 2009, are being mailed to stockholders on or about January 12, 2010.

In this Proxy Statement:

We, us, our, Company and Supermicro refer to Super Micro Computer, Inc. with its principle executive offices located at 980 Rock Avenue, San Jose, CA 95131

Annual Meeting or Meeting means our 2009 Annual Meeting of Stockholders

Board of Directors or Board means our Board of Directors

SEC means the Securities and Exchange Commission

We have summarized below important information with respect to the Annual Meeting.

Who is entitled to vote at the meeting?

Only stockholders of record at the close of business on December 29, 2009 will be entitled to vote at the annual meeting or adjournment. At the close of business on the record date, we had 35,863,759 shares of our common stock outstanding, all of which are entitled to vote with respect to all matters to be acted upon at the annual meeting. Each share of common stock is entitled to one vote on each matter presented.

How do I vote my shares?

If you are a stockholder of record as of the record date, you can give a proxy to be voted at the meeting in any of the following ways:

Over the telephone by calling a toll-free number;

Electronically, using the Internet; or

Edgar Filing: Super Micro Computer, Inc. - Form DEF 14A

By completing, signing and mailing the enclosed proxy card.

The telephone and Internet voting procedures have been set up for your convenience. We encourage you to save corporate expense by submitting your vote by telephone or Internet. The procedures have been designed to authenticate your identity, to allow you to give voting instructions, and to confirm that those instructions have been recorded properly. If you are a stockholder of record and you would like to submit your proxy by telephone or Internet, please refer to the specific instructions provided on the enclosed proxy card. If you wish to submit your proxy by mail, please return your signed proxy card to us before the annual meeting.

If you hold your shares in street name, you must vote your shares in the manner prescribed by your broker or other nominee. Your broker or other nominee has enclosed or otherwise provided a voting instruction card for you to use in directing the broker or nominee how to vote your shares. Telephone and Internet voting also is encouraged for stockholders who hold their shares in street name.

Table of Contents

Can I vote my shares in person at the meeting?

If you are a stockholder of record, you may vote your shares in person at the meeting by completing a ballot at the meeting. Even if you currently plan to attend the meeting, we recommend that you also submit your proxy as described above so that your vote will be counted if you later decide not to attend the meeting.

If you are a street name holder, you may vote your shares in person at the meeting only if you obtain a signed letter or other proxy from your broker, bank, trust or other nominee giving you the right to vote the shares at the meeting.

What is the difference between a stockholder of record and a street name holder?

If your shares are registered directly in your name, you are considered the stockholder of record with respect to those shares.

If your shares are held in a stock brokerage account or by a bank, trust or other nominee, then the broker, bank, trust or other nominee is considered to be the stockholder of record with respect to those shares. However, you still are considered the beneficial owner of those shares, and your shares are said to be held in street name. Street name holders generally cannot vote their shares directly and must instead instruct the broker, bank, trust or other nominee how to vote their shares using the method described above.

Quorum

The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of common stock outstanding and entitled to vote on the record date will constitute a quorum for the transaction of business at the meeting.

What vote is required for the election of directors or for a proposal to be approved?

The affirmative vote of a plurality of the shares of common stock present in person or by proxy at the meeting and entitled to vote is required for the election of each director. There is no cumulative voting.

A stockholder who does not vote in person or by proxy on a proposal (including a broker non-vote) is not deemed to be present in person or by proxy for the purpose of determining whether a proposal has been approved.

How are votes counted?

You may either vote FOR or WITHHOLD authority to vote for each nominee for the board of directors. You may vote FOR, AGAINST or ABSTAIN on the proposal to appoint our auditor.

If you submit your proxy but abstain from voting or withhold authority to vote on one or more matters, your shares will be counted as present at the meeting for the purpose of determining a quorum. Your shares also will be counted as present at the meeting for the purpose of calculating the vote on the particular matter with respect to which you abstained from voting or withheld authority to vote.

If you abstain from voting on a proposal, your abstention has the same effect as a vote against that proposal. If you withhold authority to vote for one or both of the directors, this has the same effect as a vote against those directors.

If you hold your shares in street name and do not provide voting instructions to your broker or other nominee, your shares will be considered to be broker non-votes and will not be voted on any proposal on which your broker or other nominee does not have discretionary authority to vote under the rules of The Nasdaq

Table of Contents

Stock Market, Inc. (Nasdaq). Shares that constitute broker non-votes will be counted as present at the meeting for the purpose of determining a quorum, but will not be considered entitled to vote on the proposal in question.

Your broker or other nominee has discretionary authority to vote your shares on the ratification of our independent registered public accounting firm, even if your broker or other nominee does not receive voting instructions from you.

Can I change my vote after I have mailed in my proxy card?

You may revoke your proxy by signing a later-dated proxy card and submitting it so that it is received prior to the meeting in accordance with the instructions included in the proxy card(s); or by attending the meeting and voting your shares in person. Attending the meeting will not revoke your proxy unless you specifically request it.

Who will count the vote?

Representatives of Mellon Investor Services, our transfer agent, will tabulate votes and act as independent inspectors of election.

How does the board recommend that I vote?

The board of directors recommends a **FOR** vote on the following proposals:

Election of two Class III directors; and

Ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending June 30, 2010.

Adjournment of Meeting

If a quorum is not present to transact business at the meeting or if we do not receive sufficient votes in favor of the proposals by the date of the meeting, the persons named as proxies may propose one or more adjournments of the meeting to permit solicitation of proxies. Any adjournment would require the affirmative vote of a majority of the shares present in person or represented by proxy at the meeting.

Expenses of Soliciting Proxies

We will pay the cost of soliciting proxies in the accompanying form. In addition to solicitation by the use of mail, certain directors, officers and regular employees may solicit proxies by telephone or personal interview, and may request brokerage firms and custodians, nominees and other record holders to forward soliciting materials to the beneficial owners of our stock and will reimburse them for their reasonable out-of-pocket expenses in forwarding these materials.

What are the deadlines for submitting stockholder proposals?

In order for a stockholder proposal to be considered for inclusion in our proxy statement for the 2010 annual meeting, the written proposal must be received at our principal executive offices at 980 Rock Avenue, San Jose, California 95131, Attention: Corporate Secretary, on or before September 14, 2010. The proposal must comply with the Securities and Exchange Commission (SEC) regulations regarding the inclusion of stockholder proposals in Company-sponsored proxy materials.

Our bylaws provide that a stockholder may nominate a director for election at the annual meeting or may present from the floor a proposal that is not included in the proxy statement if proper written notice is received by the Corporate Secretary of Supermicro at our principal executive offices in San Jose, California, at least 120 days

Table of Contents

in advance of the date the proxy statement for the prior year's annual meeting was released to stockholders. For the 2010 annual meeting, director nominations and stockholder proposals must be received on or before September 14, 2010. The nomination or proposal must contain the specific information required by our bylaws. You may request a copy of our bylaws by contacting our Corporate Secretary, Super Micro Computer, Inc., telephone (408) 503-8000. Stockholder proposals that are received by us after September 14, 2010 may not be presented in any manner at the 2010 annual meeting.

PROPOSAL 1 ELECTION OF DIRECTORS

Composition of the Board

The authorized number of directors of the Company is seven. There are currently seven directors. Our amended and restated certificate of incorporation provides for a classified board of directors divided into three classes. The members of each class are elected to serve a three-year term with the term of office for each class ending in consecutive years. Vacancies may be filled by a majority of the directors then in office, although less than a quorum, or by a sole remaining director. Alternatively, the board of directors, at its option, may reduce the number of directors.

At this year's annual meeting, the terms of our Class III directors will expire. Chiu-Chu (Sara) Liu Liang and Hwei-Ming (Fred) Tsai are the current Class III directors who have been nominated for re-election to the board of directors to serve until the 2012 annual meeting or until their successors are elected and qualified. Each of the nominees has agreed to serve as a director if elected. Proxies may not be voted for more than two directors. Assuming a quorum is present, a director nominee must receive a plurality of the votes cast by the stockholders entitled to vote at the election in order to be elected. Unless the board reduces the number of directors, the enclosed proxy will be voted to elect the replacement nominee designated by the board of directors in the event that a nominee is unable or unwilling to serve.

The current composition of the board is:

CORPORATE GOVERNANCE

Corporate Governance Guidelines

We have adopted Corporate Governance Guidelines to best ensure that the board of directors is independent from management and that the board of directors adequately performs its function as the overseer of management and to help ensure that the interests of the board of directors and management align with the interests of the stockholders. The Corporate Governance Guidelines are available at www.Supermicro.com by first clicking on About Us and then Investor Relations and then Corporate Governance, and are also available in print to any stockholder who requests a copy.

Code of Ethics

We have adopted a Code of Business Conduct and Ethics that is applicable to all directors and employees and embodies our principles and practices relating to the ethical conduct of our business and our long-standing commitment to honesty, fair dealing and full compliance with all laws affecting our business. The Code of Business Conduct and Ethics is available at www.Supermicro.com by first clicking on About Us and then Investor Relations and then Corporate Governance, and is also available in print without charge to any stockholder who requests it. Any substantive amendment or waiver of the Code relating to executive officers or directors will be made only after approval by a committee comprised of a majority of our independent directors and will be promptly disclosed on our website within four business days.

Director Independence

The board affirmatively determines the independence of each director and nominee for election as a director in accordance with guidelines it has adopted, which include all elements of independence set forth in applicable Nasdaq listing standards. Our director independence standards are set forth in our Corporate Governance Guidelines available at the website noted above.

Based on these standards, the board determined that, other than Charles Liang, Chiu-Chu (Sara) Liu Liang and Yih-Shyan (Wally) Liaw, each of the members of the board is an independent director under the Nasdaq rules.

Executive Sessions

Non-management directors meet in executive session without management present each time the board holds its regularly scheduled meetings.

Director Qualifications and Nomination Process

Criteria

The Nominating and Corporate Governance Committee (Governance Committee) is responsible for reviewing with the board, on an annual basis, the appropriate skills and characteristics required of board members individually as well as the board as a whole. Except as may be required by rules and regulations promulgated by Nasdaq or the SEC and as set forth herein, it is the current belief of the board that there are no specific minimum qualifications that must be met by each candidate for the board, nor are there specific qualities or skills that are necessary for one or more of the members of the board to possess. In evaluating the qualifications of any director candidates, the Governance Committee will consider many factors, including without limitation, character, judgment, independence, diversity, age, expertise, diversity of experience, length of service, and other commitments. The Governance Committee will evaluate such factors, among others, and does not assign any particular weighting or priority to any of these factors. The Governance Committee will consider each individual candidate in the context of the current perceived needs of the board as a whole. While the board

Table of Contents

has not established specific minimum qualifications for director candidates, the board believes that candidates and nominees must reflect a board that is comprised of directors who (a) are predominantly independent, (b) are of high integrity, (c) have qualifications that will increase overall board effectiveness and (d) meet other requirements as may be required by applicable rules and regulations of Nasdaq and the SEC.

Stockholder Recommendations

The Governance Committee will consider director candidates recommended by stockholders of the Company. Stockholder nominations for director must be made in writing and addressed to the Corporate Secretary of the Company. Such stockholder's notice shall set forth the following information:

The information required by Section 2.15 of our Bylaws (a copy of which was filed with the SEC as exhibit to Registration Statement on Form S-1 dated March 27, 2007); and

Any other information that such stockholder believes is relevant in considering the director candidate.

Identification and Evaluation of Nominees

The Governance Committee is responsible for regularly assessing the appropriate size of the board and whether any vacancies on the board are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Governance Committee is responsible for considering various potential candidates for director. The Governance Committee will consider bona fide candidates from all relevant sources, including current board members, professional search firms, stockholders and other persons. The Governance Committee is responsible for evaluating director candidates in light of the board membership criteria described above, based on all relevant information and materials available to the Governance Committee. This includes information and materials provided by stockholders recommending director candidates, professional search firms and other parties.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

The members of our board of directors, our executive officers of the Company and persons who hold more than 10% of our outstanding common stock are subject to the reporting requirements of Section 16(a) of the Exchange Act, which require them to file reports with respect to their ownership of our common stock and their transactions in our common stock. Based upon (i) the copies of Section 16(a) reports that we received from such persons for their fiscal year 2009 transactions in the common stock and their common stock holdings and (ii) the written representations received from one or more of such persons that no annual Form 5 reports were required to be filed by them for fiscal year 2009, we believe that all reporting requirements under Section 16(a) were met in a timely manner by the persons who were executive officers, members of the board of directors or greater than 10% stockholders during such fiscal year other than filings required in connection with an initial stock option grant made to Gregory Hinckley in January 2009, stock option exercise made by Charles Liang in connection with the issuance of restricted stock awards in August 2008, a refresh stock option grant made to the spouse of Yih-Shyan (Wally) Liaw in October 2008, stock option exercises made by Chiu-Chu (Sara) Liu Liang and the spouse of Yih-Shyan (Wally) Liaw in November 2008, a stock transfer by Charles Liang to Green Earth Charitable Organization in December 2009 and automatic stock option grants made to the independent members of our board of directors in February 2009.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Process Overview

The Compensation Committee (for purposes of this analysis, the Committee) of the board of directors discharges the board of directors responsibilities relating to compensation of all of our executive officers. The Committee is comprised of two non-employee directors, both of whom are independent pursuant to the current rules of Nasdaq, Rule 16b-3 under the Exchange Act, and Section 162(m) of the Internal Revenue Code (Code).

The agenda for meetings is determined by the Chair of the Committee with the assistance of Charles Liang, our President and Chief Executive Officer, and Howard Hideshima, our Chief Financial Officer. Committee meetings are regularly attended by one or more of Mr. Liang, Mr. Hideshima and Robert Aeschiman, our General Counsel. However, Messrs. Liang and Hideshima do not attend the portion of meetings during which their own performance or compensation is being discussed. Mr. Liang, Mr. Hideshima and Mr. Aeschiman support the Committee in its work by providing information relating to our financial plans, performance assessments of our executive officers and other personnel-related data. In addition, the Committee has the authority under its charter to hire, terminate and approve fees for advisors, consultants and agents as it deems necessary to assist in the fulfillment of its responsibilities. In August 2008, as part of making an overall assessment of each individual's role and performance and structuring our compensation programs for fiscal year 2009. The Committee reviewed recommendations of management as well as publicly available peer group compensation data.

Compensation Philosophy and Objectives

It is the Compensation Committee's philosophy to link the named executive officers' compensation to corporate performance. The base salary, quarterly bonuses and stock option grants of the named executive officers are determined in part by the Compensation Committee reviewing data on prevailing compensation practices of comparable technology companies with whom we competes for executive talent, and evaluating such information in connection with our corporate goals and compensation practice.

The Committee considers various sources of competitive data when determining executive compensation levels including compensation data from a sampling of public companies and public compensation surveys.

For fiscal year 2009, the sample of companies consisted of the following companies:

Argon ST, Inc.	NetScout Systems, Inc
Brocade Communications Systems, Inc.	PAR Technology Corp
Extreme Networks Inc.	Silicon Graphics International (formerly, Rackable Systems, Inc.)
F5 Networks Inc.	Secure Computing Corp.
Foundry Networks, Inc.	

Edgar Filing: Super Micro Computer, Inc. - Form DEF 14A

Synaptics Inc.

Juniper Networks, Inc.

Teledyne Technologies Inc.

MICROS Systems, Inc.

VeriFone Holdings, Inc.

NetApp, Inc.

In selecting the companies for inclusion in the sample, the following factors were considered: industry, net revenues, operating income and whether the company may compete against us for executive talent. These companies ranged in annual revenue from approximately \$169 million to \$3.3 billion. In addition to gathering data specific to the above listed companies, the Committee also reviews public surveys of compensation practices.

Table of Contents

The Compensation Committee does not seek to specifically benchmark compensation based upon the sample companies reviewed nor does the Compensation Committee employ any other formulaic process in making compensation decisions. Rather the Compensation Committee uses its subjective judgment based upon a review of all information, including an annual review for each officer of his or her level of responsibility, contributions to our financial results and our overall performance. The Compensation Committee makes a generalized assessment of these factors and this information is not weighted in any specific manner.

We believe that our current compensation arrangements for several of our executive officers, including our Chief Executive Officer, are significantly below typical compensation levels for similar positions at comparable companies. This is principally due to the high level of Company stock ownership held by such persons. As we continue to grow, we may need to increase our recruiting of new executives from outside of the Company. This in turn may require us to pay higher compensation closer to or in excess of that typical paid by comparable companies.

Finally, we believe that creating stockholder value requires not only managerial talent but active participation by all employees. In recognition of this, we try to minimize the number of compensation arrangements that are distinct or exclusive to all of our executive officers. We currently provide base salary, quarterly bonuses and long-term equity incentive compensation to a considerable number of our domestic employees and international employees beyond our executive officers.

Role of Executive Officers in the Compensation Process

Management provides recommendations to the Compensation Committee on issues such as compensation program design, and evaluations of executive and Company performance. In Fiscal year 2009, the Compensation Committee also had access to competitive data prepared by management. While the Compensation Committee carefully considers all recommendations made by members of management, ultimate authority for all compensation decisions regarding our executive officers rests with the Compensation Committee.

Fiscal Year 2009 Executive Officer Compensation Components

For fiscal year 2009, the principal components of compensation for our executive officers were:

Base salary;

Quarterly bonus; and

Equity-Based Incentive Compensation.

Table of Contents

Base Salary. Base salaries for our executive officers other than the Chief Executive Officer are determined annually by the Compensation Committee based upon recommendations by our chief executive officer, taking into account such factors as salary norms in comparable companies and publicly available data regarding compensation increases in the industry, a subjective assessment of the nature of the position and an annual review of the contribution and experience of the executive officer. For the Chief Executive Officer, the Compensation Committee considers substantially the same information as well as the size of the company and the chief executive officer's percentage ownership. During fiscal year 2009, the Compensation Committee approved increases in base salaries for our executive officers set forth below. The base salary increases were comparable to the average percentage base salary increases granted to our employees generally.

	Principal Position	2008 Salary	2009 Salary	Base Salary % Change
Charles Liang	President, Chief Executive Officer and Chairman of the Board	\$ 272,306	\$ 285,460	5%
Howard Hideshima	Chief Financial Officer	\$ 239,630	\$ 251,205	5%
Phidias Chou	Vice President, Worldwide Sales	\$ 188,524	\$ 199,981	6%
Chiu-Chu (Sara) Liu Liang	Vice President of Operations, Treasurer, and Director	\$ 158,493	\$ 167,333	6%
Yih-Shyan (Wally) Liaw	Vice President, International Sales, Corporate Secretary and Director	\$ 159,245	\$ 168,800	6%
Alex Hsu	Former Chief Sales and Marketing Officer	\$ 248,724	\$ 171,683(1)	(31)%

(1) Mr. Hsu ceased to be an executive officer and full time employee on August 19, 2008.

Quarterly Bonus. Our cash bonus program seeks to motivate executive officers to work effectively to achieve our financial performance objectives and to reward them when such objectives are met. Quarterly bonuses for executive officers are subject to approval by the Committee. Bonuses are not awarded based upon any specific plan or formula, but are subjectively determined based upon our performance during the quarter and the individual's contributions. Historically these bonuses have ranged from zero to an amount equal to two weeks of base salary. For fiscal year 2009, aggregate quarterly bonuses for executive officers averaged approximately 2% to 3% of base salary. Given our financial performance during the year, bonuses were only granted for the quarter ended September 30, 2008.

Equity-Based Incentive Compensation. Stock options are an important component of the total compensation of executive officers. We believe that stock options align the interests of each executive with those of the shareholders. They also provide executive officers a significant, long-term interest in our success and help retain key executive officers in a competitive market for executive talent. Our 2006 Equity Incentive Plan authorizes the Compensation Committee to grant stock options to executive officers. The number of shares owned by, or subject to options held by, each executive officer is periodically reviewed and additional awards are considered based upon a generalized assessment of past performance of the executive and the relative holdings of other executive officers. The option grants generally utilize four-year vesting periods to encourage executive officers to continue contributing to us, and they generally expire no later than ten years from the date of grant.

In August 2008, the Compensation Committee approved the terms of an agreement with Charles Liang, a director and President and Chief Executive Officer, pursuant to which Mr. Liang exercised a fully vested option previously granted to him for the purchase of 925,000 shares. The option was exercised using a net-exercise procedure in which he was issued a number of shares representing the spread between the option exercise price and the then current market value of the shares subject to the option (898,205 shares based upon the market value as of the date of exercise). The shares issued upon exercise of the option are subject to vesting over a five-year vesting period. Vesting of the shares subject to the award may accelerate in certain circumstances pursuant to the terms of the agreement. We determined that there is no incremental fair value of the option exchanged for the

Table of Contents

award. The Company benefited from this agreement as a result of the imposition of the additional vesting and that absent the agreement, additional shares would have been sold into the market to cover tax obligations.

In November 2008, the Compensation Committee approved the terms of an agreement with Chiu-Chu Liang, a director and Vice President of Operations & Treasurer and Shioh-Meei Liaw, Senior Warehouse Manager, pursuant to which they exercised fully vested options previously granted to them for the purchase of 185,263 and 92,631 shares, respectively. They exercised the options using a net-exercise procedure in which they were issued a number of shares representing the spread between the option exercise price and the then current market value of the shares subject to the option (182,611 and 91,305 shares, respectively based upon the market value as of the date of exercise). The shares issued upon exercise of the options are subject to vesting over a two-year vesting period. Vesting of the shares subject to the awards may accelerate in certain circumstances pursuant to the terms of the applicable agreement. We determined that there is no incremental fair value of the option exchanged for the awards.

In March and April 2009, the Compensation Committee approved grants of additional options to executive officers as part of the Compensation Committee's review of all employee grant levels. The Compensation Committee granted an option to Mr. Liang for 720,000 shares with an exercise price equal to \$10.66 per share, twice the market value as of the date of grant. The option vests over four years. The Compensation Committee concluded that as Mr. Liang had not received any additional equity for a number of years, he should be provided with an additional incentive, but that incentive should not be realizable unless our stockholders likewise benefit from a substantial increase in our stock price.

Fiscal Year 2010 Executive Officer Compensation

In October 2009, the Compensation Committee met to review the base salaries of our executive officers for fiscal year 2010. In determining base salaries for fiscal year 2010, the Compensation Committee decided to increase the base salary of our Vice President, Worldwide Sales by 9.8% over his fiscal year 2009 base salary to more closely align his base salary with our other named executive officers. The Compensation Committee determined, based on the current economic conditions, to leave the remaining named executive officers' base salaries unchanged from their respective fiscal year 2009 base salaries.

Stock Ownership Guidelines

We currently do not require our directors or executive officers to own a particular amount of our common stock. The Committee is satisfied that stock and option holdings among our directors and executive officers are sufficient at this time to provide motivation and to align this group's interests with those of our stockholders. Our insider trading policy prohibits any of our executive officers, employees or contractors from engaging in any transactions in publicly-traded options, such as puts and calls, and other derivative securities, including any hedging or similar transaction, with respect to our common stock.

Other Benefits

Health and Welfare Benefits

Our executive officers receive the same health and welfare benefits offered to other employees including medical, dental, vision, life, accidental death and dismemberment, disability, flexible spending accounts and holiday pay. The same contribution amounts, percentages and plan design provisions are applicable to all employees.

Retirement Program

The executive officers may participate in the same tax-qualified, employee-funded 401(k) plan offered to all other employees. We currently have no Supplemental Executive Retirement Plan, or SERP, obligations. We do not offer any defined benefit retirement plans to our executive officers.

Table of Contents

Perquisites

We do not provide special benefits or other perquisites to any of our executive officers, with the exception of an automobile allowance provided to our Chief Executive Officer, as detailed in the Summary Compensation Table.

Employment Arrangements, Severance and Change of Control Benefits

We have not entered into employment agreements with any of our named executive officers. Mr. Hideshima, Mr. Chou, Mr. Hsu and Ms. Liang have signed offer letters which provide for at-will employment. The offer letters provide for salary, stock options and right to participate in our employee benefit plans. We do not have any written employment arrangements with Messrs. Liang and Liaw. We do not have any arrangements with any of our executive officers that provide for any severance benefits in the event of termination or change of control.

Tax and Accounting Treatment of Compensation

In our review and establishment of compensation programs and payments, we consider, but do not place great emphasis on, the anticipated accounting and tax treatment of our compensation programs on us and our executive officers. While we may consider accounting and tax treatment, these factors alone are not dispositive. Among other factors that receive greater consideration are the net costs to us and our ability to effectively administer executive compensation in the short and long-term interests of stockholders under a proposed compensation arrangement.

We monitor whether it might be in our best interest to comply with Section 162(m) of the Code, but reserve the right to award future compensation which would not comply with the Section 162(m) requirements for non-deductibility if the Committee concludes that it is in our best interest to do so. We seek to maintain flexibility in compensating executive officers in a manner designed to promote varying corporate goals and therefore the Committee has not adopted a policy requiring all compensation to be deductible. The Committee will continue to assess the impact of Section 162(m) on its compensation practices and determine what further action, if any, is appropriate.

We account for equity compensation paid to our employees in accordance with Accounting Standards Codification Topic 718, Stock Compensation (ASC Topic 718), which require us to estimate and record an expense for each award of equity compensation over the service period of the award. Accounting rules also require us to record cash compensation as an expense at the time the obligation is accrued.

We intend that our plans, arrangements and agreements will be structured and administered in a manner that complies with the requirements of Section 409A of the Code. Participation in, and compensation paid under our plans, arrangements and agreements may, in certain instances, result in the deferral of compensation that is subject to the requirements of Section 409A. If our plans, arrangements and agreements as administered fail to meet certain requirements under Section 409A, compensation earned thereunder may be subject to immediate taxation and tax penalties.

Summary

The Committee believes that our compensation philosophy and programs are designed to foster a performance-oriented culture that aligns our executive officers' interests with those of our stockholders. The Committee also believes that the compensation of our executive officers is both appropriate and responsive to the goal of improving stockholder value.

Director Compensation

Under our director compensation policy, we reimburse non-employee directors for reasonable expenses in connection with attendance at board and committee meetings. Our non-employee directors receive an annual retainer of \$40,000, payable quarterly. In addition, the chairperson of our audit committee receives an annual retainer of \$25,000, the chairperson of each of our compensation committee and nominating and corporate governance committee receives an annual retainer of \$5,000 and each director serving in a non-chairperson

capacity on our audit, compensation or nominating and corporate governance committees receives an annual retainer of \$2,500 per committee, payable quarterly.

Non-employee directors also are eligible to receive stock options under our 2006 Equity Incentive Plan. Non-employee directors receive nondiscretionary, automatic grants of nonstatutory stock options under our 2006 Equity Incentive Plan. A non-employee director is automatically granted an initial option to purchase 18,000 shares upon first becoming a member of our board of directors. A non-employee director serving as chairperson of the audit committee receives an initial grant of an option to purchase 12,000 shares. Non-employee directors serving as chairperson of the compensation or nominating and corporate governance committee receive an initial grant of an option to purchase 2,000 shares. Each of these initial options vests and becomes exercisable over four years, with the first 25% of the shares subject to each initial option vesting on the first anniversary of the date of grant and the remainder vesting quarterly thereafter. Immediately after each of our annual meetings of stockholders, each non-employee director is automatically granted an option to purchase 4,500 shares of our common stock, the audit committee chairperson is granted an annual option to purchase 3,000 shares of our common stock and the chairperson of each of the compensation and nominating and corporate governance committees is granted an annual option to purchase 500 shares of our common stock. These options will vest and become exercisable on the first anniversary of the date of grant or immediately prior to our annual meeting of stockholders, if earlier.

The options granted to non-employee directors have a per share exercise price equal to 100% of the fair market value of the underlying shares on the date of grant, and will become fully vested if we are subject to a change of control. Annual grants will be reduced proportionally if the person did not serve in that capacity for the full year after the annual grant.

The following table shows for the fiscal year ended June 30, 2009 certain information with respect to the compensation of all of our non-employee directors:

RELATED PERSON TRANSACTIONS**Procedures for Approval of Related Person Transactions**

Pursuant to our Audit Committee charter, the Audit Committee has the responsibility for the review, approval or ratification of any related person transactions. In approving or rejecting a proposed transaction, our Audit Committee will consider the relevant facts and circumstances available and deemed relevant, including, but not limited to the risks, costs and benefits to us, the terms of the transaction, the availability of other sources for comparable services or products, and, if applicable, the impact on a director's independence. Our Audit Committee shall approve only those transactions that, in light of known circumstances are not inconsistent with our best interests, as our Audit Committee determines in the good faith exercise of its discretion. In addition, we annually require each of our directors and executive officers to complete a directors' and officers' questionnaire that elicits information about related party transactions as such term is defined by SEC rules and regulations. These procedures are intended to determine whether any such related party transaction impairs the independence of a director or presents a conflict of interest on the part of a director, employee or officer.

Transactions with Related Parties, Promoters and Certain Control Persons***Director and Officer Indemnification***

We have entered into agreements to indemnify our directors and executive officers to the fullest extent permitted under Delaware law. In addition, our certificate of incorporation contains provisions limiting the liability of our directors and our bylaws contain provisions requiring us to indemnify our officers and directors.

Director Independence

The board affirmatively determines the independence of each director and nominee for election as a director in accordance with guidelines it has adopted, which include all elements of independence set forth in applicable Nasdaq listing standards. Our director independence standards are set forth in our Corporate Governance Guidelines available at the website noted above.

Based on these standards, the board determined that, other than Charles Liang, Chiu-Chu (Sara) Liu Liang and Yih-Shyan (Wally) Liaw, each of the members of the board is an independent director under the Nasdaq rules. In addition, each member of our audit, compensation and nominating and corporate governance committees satisfies the independence requirements or members of such committees under applicable Nasdaq and SEC rules.

Transactions with Ablecom Technology Inc.

Ablecom Technology Inc. Ablecom, a Taiwan corporation, together with its subsidiaries (Ablecom), is one of our major contract manufacturers. Ablecom's chief executive officer, Steve Liang, is the brother of Charles Liang, our President, Chief Executive Officer and Chairman of the Board of Directors, and owns approximately 2.5% of our common stock. Charles Liang served as a director of Ablecom during our fiscal year 2006, but is no longer serving in such capacity. In addition, Charles Liang and his wife, each of whom is our officer and director, collectively own approximately 30.7% of Ablecom and Yih-Shyan (Wally) Liaw, our officer and director, and his spouse collectively own approximately 5.2% of Ablecom, while Steve Liang and other family members own approximately 49.3% of Ablecom at June 30, 2009.

We have product design and manufacturing services agreements (product design and manufacturing agreements) and a distribution agreement (distribution agreement) with Ablecom.

Under the product design and manufacturing agreements, we outsource a portion of its design activities and a significant part of our manufacturing of components such as server chassis to Ablecom. Ablecom agrees to design products according to our specifications. Additionally, Ablecom agrees to build the tools needed to manufacture the products. Under the product design and manufacturing agreements, we commit to purchase a minimum quantity over a set period. The purchase price of the products manufactured by Ablecom is negotiated on a purchase order by purchase order basis at each purchase date. However, a fixed charge is added to the price of each unit purchased until the agreed minimum number of units is purchased. In August 2007, we entered into a new product development, manufacturing and service agreement with Ablecom. Under the new agreement, we have agreed to pay for the cost of blade server tooling and engineering services and will pay for those items when the work has been completed. In this case no fixed charge is added to future purchases for reimbursement of tooling costs. We made payments for tooling assets for \$28,000 and \$2,135,000 and engineering services for \$0 and \$785,000 from Ablecom during fiscal years 2009 and 2008, respectively. Under the distribution agreement, Ablecom purchases from us server products for distribution in Taiwan. The pricing and terms under the distribution agreement are similar to the pricing and terms of distribution arrangements we have with similar, third party distributors.

Ablecom's net sales to us and its net sales of our products to others comprise a substantial majority of Ablecom's net sales. We purchased products from Ablecom totaling approximately \$91,954,000, \$105,981,000 and \$95,673,000, and sold products to Ablecom totaling approximately \$6,025,000, \$6,593,000 and \$7,320,000, for fiscal year 2009, 2008 and 2007, respectively.

The amounts owed to us by Ablecom as of June 30, 2009 and 2008, were approximately \$280,000 and \$792,000, respectively. Amounts owed to Ablecom by us as of June 30, 2009 and 2008, were approximately \$21,455,000 and \$27,717,000, respectively. Historically, we have paid Ablecom the majority of invoiced dollars between 56 and 113 days of invoice. For fiscal year 2009, 2008 and 2007, we received \$2,000, \$147,000 and

\$89,000, respectively, from Ablecom for penalty charges. For fiscal year 2009, we paid approximately \$2,918,000 in tooling assets and miscellaneous costs to Ablecom which included the \$28,000 of tooling for the blade servers referred to above. For fiscal year 2008, we paid approximately \$4,163,000 in tooling assets and miscellaneous costs to Ablecom which included the \$2,135,000 of tooling and \$785,000 of engineering services for the blade servers referred to above. For fiscal year 2007, we paid approximately \$412,000 in tooling assets and miscellaneous costs to Ablecom. Penalty charges are assessments relating to delayed deliveries or quality issues.

AUDIT COMMITTEE REPORT

Review of Audited Financial Statements

The Audit Committee has reviewed and discussed our audited financial statements for the fiscal year ended June 30, 2009 with both our management and our independent registered public accounting firm. The Audit Committee has discussed with Deloitte & Touche LLP the matters required by PCAOB Interim Auditing Standard AU Section 380, *Communication with Audit Committees*. Management has represented to the Audit Committee that the financial statements were prepared in accordance with accounting principles generally accepted in the United States of America.

The Audit Committee has received from Deloitte & Touche LLP the written disclosure and the letter required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, and the Audit Committee has discussed with Deloitte & Touche LLP their independence. The Audit Committee has also received written material addressing Deloitte & Touche LLP's internal quality control procedures and other matters, as required by applicable Nasdaq listing standards. The Audit Committee has considered the effect of non-audit fees on the independence of Deloitte & Touche LLP and has concluded that such non-audit services are compatible with the independence of Deloitte & Touche LLP.

Based on these reviews and discussions, the Audit Committee recommended to the board of directors that the financial statements be included in the Company's Annual Report on Form 10-K for filing with the SEC.

This report has been furnished by the members of the Audit Committee.

ANNUAL REPORT TO STOCKHOLDERS ON FORM 10-K

Our 2009 Annual Report to Stockholders, including financial statements for the year ended June 30, 2009, accompanies, or has been mailed to you immediately prior to, this proxy statement. The Annual Report on Form 10-K and Proxy Statement are also available on our website at <http://ir.supermicro.com/financials.cfm>.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement or annual report, as applicable, addressed to those stockholders. This process, which is commonly referred to as householding, potentially provides extra convenience for stockholders and cost savings for companies. Although we do not household for our registered stockholders, some brokers household Supermicro proxy materials and annual reports, delivering a single proxy statement and annual report to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement or annual report, or if you are receiving multiple copies of either document and wish to receive only one, please notify your broker. We will deliver promptly upon written or oral request a separate copy of our annual report and/or proxy statement to a stockholder at a shared address to which a single copy of either document was delivered. For copies of either or both documents, stockholders should write to Investor Relations, Super Micro Computer, Inc., 980 Rock Avenue, San Jose, CA 95131, or call (408) 503-8000.
