On April 19, 2010, the Company filed a registration statement on Form S-3 for a rights offering in which stockholders will receive transferable rights to purchase additional shares of Tejon common stock at a discount from the market price at the time the offering commences. The rights will be issued to all shareholders as of a record date, which has yet to be determined. The subscription price has also yet to be determined. Tejon will provide notice of the record date and subscription price in the future at such time as they are determined. Assuming the rights offering is fully subscribed, Tejon currently expects the gross proceeds of the offering to be approximately \$50 million.

The proposed offering will also include an over-subscription privilege, which will entitle a stockholder who exercises all of its basic subscription privilege in full the right to purchase additional shares of common stock that remain unsubscribed at the expiration of the rights offering, subject to the availability and pro rata allocation of shares among persons exercising this over-subscription right. If the rights offering is over-subscribed, Tejon may, elect to offer a number of additional shares to fulfill over-subscription requests such that the maximum gross proceeds in the offering would be approximately \$60 million.

The net proceeds of the offering will be used to provide additional working capital for general corporate purposes, including to fund entitlement and development activities and to continue our investment into new water assets and water facilities.
