May 13th Annual Meeting Approaching

PLEASE VOTE YOUR PROXY TODAY

May 3, 2010

Dear Fellow Stockholders:

By now you should have received proxy materials in connection with the Annual Meeting of Stockholders of The Dow Chemical Company (the Company) to be held on May 13, 2010.

We encourage you to take part in the governance of your Company by voting your shares if you have not already done so, and specifically ask for your support in voting FOR all of Dow's director nominees; as well as FOR the Company's proposals #2 (ratification of the independent registered public accounting firm) and #3; and AGAINST proposals #4, #5 and #6. Following is a summary of our position regarding proposals #3 through #6.

Proposal #3 Amendment Regarding Special Stockholder Meetings:

This Company-sponsored proposal lowers the threshold required for stockholder-initiated meetings from 50 percent to 25 percent.

The Board believes establishing a lower ownership threshold enhances stockholder rights. We ask that you vote ***FOR*** this proposal.

Proposal #4 Stockholder Proposal for Report on Environmental Remediation in Midland Area:

Since 2003 the Company, the regulatory agencies, or both have publicly reported the results of over 25,000 soil sediment samples, outcomes of remedial pilot studies, numerous cleanup activities and more. Dow and the regulatory agencies have been, and continue to be, publicly transparent not only about the data being developed, but also the process being undertaken. Dow therefore believes this proposal is unnecessary and duplicative, and would divert Company resources with little benefit to stockholders. Please consider voting ***AGAINST*** this proposal.

Proposal #5 Stockholder proposal on Executive Stock Retention:

Dow has stringent stock ownership requirements for our executive officers that are in the top quartile of market practices, and our CEO and senior executives significantly exceed these ownership standards. Moreover, Dow's long-term stock incentive awards do not provide for accelerated vesting at retirement, resulting in executives holding a significant portion of their compensation value in Dow stock for at least three years after retirement.

Because of the strong programs Dow already has in place to align executives' interest with those of our stockholders, Dow recommends that you vote ***AGAINST*** this proposal.

Proposal #6 Stockholder Proposal on Executive Compensation:

Dow believes in pay for performance, which is why over 80 percent of our executive officers' pay is linked to Company financial or operations goals or personal goals.

The compensation committee, comprised entirely of independent directors, establishes and monitors a thorough and transparent performance-based compensation program and stockholders have clear and direct means of providing input on all matters, including executive compensation.

Stockholders have alternate and more effective means for relaying specific input on all matters to our Board, our Presiding Director, or the chair of our Compensation and Leadership Development Committee. We therefore ask that you consider voting **AGAINST** this proposal.
