**Item 2.02. Results of Operations and Financial Condition**

In accordance with the safe harbor provisions of the Private Securities Litigation Reform Act of 1995, the Company notes that certain statements set forth in this Current Report on Form 8-K provide other than historical information and are forward looking. The actual achievement of any forecasted results, or the unfolding of future economic or business developments in a way anticipated or projected by the Company, involve numerous risks and uncertainties that may cause the Company's actual performance to be materially different from that stated or implied in the forward-looking statement. Among those risks and uncertainties, many of which are beyond the control of the Company, include, without limitation, volatility in worldwide energy demand and oil and gas prices; fleet additions by competitors and industry overcapacity; changes in capital spending by customers in the energy industry for offshore exploration, field development and production; changing customer demands for vessel specifications, which may make some of our older vessels technologically obsolete for certain customer projects or in certain markets; uncertainty of global financial market conditions and difficulty in accessing credit or capital; acts of terrorism and piracy; significant weather conditions; unsettled political conditions, war, civil unrest and governmental actions, such as expropriation, especially in higher risk countries where we operate; foreign currency fluctuations; labor influences proposed by international conventions; and enforcement of laws related to the environment, labor and foreign corrupt practices. Readers should consider all of these risk factors as well as other information contained in this report.

On July 21, 2010, the company issued a press release announcing the following: (1) the company estimates its fiscal first quarter financial results for the three months ended June 30, 2010, to be between \$0.75 - \$0.80 on a fully diluted per share basis and (2) the date, time and telephone number for the company's earnings conference call scheduled on August 5, 2010 at 10:00 a.m. Central time.

The press release is filed as Exhibit 99.1 to this Current Report and is incorporated herein by reference as if fully set forth.
