PROXY STATEMENT

2011 ANNUAL MEETING OF SHAREHOLDERS

TO BE HELD MAY 17, 2011

THE MEETING

Purpose, Date, Time and Place

This proxy statement (this Proxy Statement) is being provided in connection with the 2011 Annual Meeting of Shareholders (the Annual Meeting) of Pixelworks, Inc. (Pixelworks or the Company), an Oregon corporation, or any postponement or adjournment of that meeting. The related proxy is solicited on behalf of the Board of Directors (the Board) of the Company. These proxy materials were first sent to shareholders on or about April 12, 2011.

The Annual Meeting will be held at 10:00 a.m. Pacific Daylight Time, on May 17, 2011, at our offices at 224 Airport Parkway, Suite 400, San Jose California 95110, for the purposes set forth in the accompanying Notice of Annual Meeting of Shareholders.

Record Date

Shareholders of Pixelworks common stock at the close of business on March 18, 2011, the record date established by the Board, will be entitled to receive notice of, attend and vote at the Annual Meeting. On the record date, there were approximately 62 registered shareholders of record and a substantially greater number of beneficial owners because a significant portion of our outstanding common stock is held in broker street name. On the record date there were 13,633,058 shares of common stock outstanding and each share of common stock is entitled to one vote on each matter.

Voting

Shares Registered in Your Name

You may vote shares registered in your name in person at the Annual Meeting, or by proxy by using the enclosed proxy card, over the telephone or on the Internet. Whether or not you plan to attend the Annual Meeting, we urge you to vote to ensure your vote is counted. You may still attend the Annual Meeting and vote in person if you have already voted by proxy.

1. To vote using the proxy card, simply complete, sign and date the enclosed proxy card and return it promptly in the envelope provided. If you return your signed proxy card to us before the Annual Meeting, we will vote your shares as you direct.
2. To vote in person, come to the Annual Meeting and we will give you a ballot when you arrive.
3. To vote over the telephone, dial toll-free (800) 690-6903 using a touch-tone phone and follow the recorded instructions. You will be asked to provide the Company number from the enclosed proxy card. Your vote must be received by 11:59 p.m., Eastern Time on May 16, 2011 to be counted.

Edgar Filing: PIXELWORKS, INC - Form DEF 14A

4. To vote on the Internet, go to www.proxyvote.com to complete an electronic proxy card. You will be asked to provide the control number from the enclosed proxy card. Your vote must be received by 11:59 p.m., Eastern Time on May 16, 2011 to be counted.

Table of Contents

If shares are registered in your name and you execute a proxy but either (i) indicate when voting on the Internet or by telephone that you wish to vote as recommended by the Board or (ii) sign and return a proxy card without providing specific voting instructions, the shares will be voted:

1. FOR each of the nominees for Director listed in this Proxy Statement; and
2. FOR the ratification of KPMG LLP as Pixelworks independent registered public accounting firm for the year ended December 31, 2011.

Shares Registered in the Name of Broker, Bank or Other Agent

If you are a beneficial owner of shares registered in the name of your broker, bank or other agent, you should have received a proxy card and voting instructions with these proxy materials from that organization. Simply complete and mail the proxy card to ensure that your vote is counted. Alternatively, you may vote by telephone or over the Internet as instructed by your broker, bank or other agent. To vote in person at the Annual Meeting, you must obtain a valid proxy from your broker, bank or other agent. Follow the instructions from your broker, bank or other agent included with these proxy materials, or contact your broker, bank or other agent to request a valid proxy.

If you are a beneficial owner of shares registered in the name of your broker, bank or other agent and you do not provide specific voting instructions to your broker, bank or other agent, under the rules of certain securities exchanges, including the NASDAQ Marketplace Rules, the broker, bank or other agent holding those shares may generally vote as the nominee determines in its discretion on behalf of the beneficial owner on routine matters, but cannot vote on non-routine matters (e.g., election of Directors), the latter of which results in broker non-votes.

Revocability of Proxy

You can revoke your proxy at any time before the final vote at the Annual Meeting. You may revoke your proxy in any one of three ways:

1. A duly executed proxy card with a later date or time than the previously submitted proxy;
2. A written notice that you are revoking your proxy sent to our Secretary, care of Pixelworks, Inc., 224 Airport Parkway, Ste. 400, San Jose, CA 95110; or
3. A later-dated vote by telephone or Internet or a ballot cast in person at the Annual Meeting (simply attending the Meeting will not, by itself, revoke your proxy).

Quorum

A quorum is required for the shareholders to conduct business at the Annual Meeting. The presence, in person or by proxy, of a majority of the total number of outstanding shares of our common stock entitled to vote at the Annual Meeting is necessary to constitute a quorum at the Annual Meeting. Abstentions, broker non-votes and other proxies received but not marked, if any, will be included in the calculation of the number of shares considered to be present at the Annual Meeting for quorum purposes.

Votes Required to Adopt Proposals

Each outstanding share of our common stock on the record date is entitled to one vote on each of the seven Director nominees and one vote on each other matter. Our Directors are elected by a plurality of the votes cast by the shares entitled to vote in the matter. Approval of other matters requires that the majority of the votes cast for the matter exceed the number of votes cast against the matter.

Table of Contents

Effect of Abstentions and Broker Non-Votes

Abstentions, broker non-votes and shares not present at the meeting are counted for purposes of determining whether a quorum exists at the Annual Meeting, but have no effect on the results of voting. If you are a beneficial holder and do not provide specific voting instructions to your broker, bank or other agent, the organization that holds your shares will not be authorized to vote on the election of Directors.

Expenses and Solicitation

The Company will bear the cost of this solicitation. Our Directors, officers, and other employees, without additional compensation, may also solicit proxies personally or in writing, by telephone, email, or otherwise. We are required to request that brokers and nominees who hold stock in their names furnish our proxy materials to the beneficial owners of the stock, and we must reimburse these brokers and nominees for the expenses of doing so in accordance with statutory fee schedules.

Electronic Delivery of Proxy Materials

Any shareholder may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis. Choosing to receive future proxy materials by email will save the Company the cost of printing and mailing documents to shareholders and will reduce the impact of annual meetings on the environment. A shareholder who chooses to receive future proxy materials by email will receive an email prior to next year's annual meeting with instructions containing a link to those materials and a link to the proxy voting website. A shareholder's election to receive proxy materials by email will remain in effect until the shareholder terminates it. You may request to receive proxy materials by email by entering the control number provided on your proxy card at www.investordelivery.com or www.proxyvote.com.

Householding of Proxy Materials

We are householding our proxy materials pursuant to Securities and Exchange Commission (SEC) rules. This procedure allows the Company to reduce its printing costs, mailing costs and fees by delivering one copy of our annual report and proxy statement to multiple shareholders who share the same mailing address, unless the Company received contrary instructions from an affected shareholder.

We will promptly deliver upon written or oral request a separate copy of this Proxy Statement and our Annual Report on Form 10-K for the fiscal year ended December 31, 2010 to any shareholder at a shared address to which a single copy of any of these documents was delivered. To request a separate copy of any of these documents, shareholders may write or call the Company at our principal executive offices:

Pixelworks, Inc.

Attn: Secretary

224 Airport Parkway, Ste. 400

San Jose, CA 95110

(408) 200-9200

Shareholders of record who would like to revoke householding consent and receive a separate copy of proxy materials, and shareholders sharing an address and receiving multiple copies of proxy materials who would like to give householding consent and request delivery of a single copy of these documents, should contact Broadridge Financial Solutions, Inc., either by calling toll free at (800) 542-1061 or by writing to Broadridge, Householding Department, 51 Mercedes Way, Edgewood, New York 11747. Within 30 days of receipt of revocation of a shareholder's consent, the shareholder will be removed from the householding program. If you hold your shares in street name, please contact your bank, broker or other holder of record to request information about householding.

PROPOSAL NO. 2: RATIFICATION OF THE APPOINTMENT OF INDEPENDENT

REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board (the "Audit Committee") has appointed KPMG LLP, independent registered public accounting firm, as the auditors of the Company for the year ending December 31, 2011. The submission of this matter for approval by shareholders is not legally required; however, as a matter of good corporate practice, our shareholders are being asked to ratify this appointment. Before selecting KPMG LLP, the Audit Committee considered the firm's qualifications as independent registered public accountants and concluded that based on its prior performance and its reputation for integrity and competence, it is qualified.

In the event the shareholders fail to ratify the appointment, the Audit Committee will reconsider its selection. Even if the appointment is ratified, the Audit Committee, in its sole discretion, may direct the appointment of a different independent registered public accounting firm at any time during the fiscal year if the Audit Committee determines that such a change would be in the best interest of the Company and its shareholders.

Representatives of KPMG LLP will be at the Annual Meeting and will be available to respond to appropriate questions. They do not plan to make a statement, but will have the opportunity to make one if they wish.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF KPMG LLP TO SERVE AS THE

INFORMATION ABOUT OUR BOARD OF DIRECTORS

Board Responsibilities

Edgar Filing: PIXELWORKS, INC - Form DEF 14A

The Board is governed by our Corporate Governance Guidelines, which can be found on our website at www.pixelworks.com. The Board's primary responsibilities include:

Understanding the factors that determine the Company's success and the risks and problems that affect it;

Table of Contents

Understanding, reviewing, approving and overseeing fundamental business strategies, financial strategies and major corporate actions;

Nominating Directors, reviewing the structure and operation of the Board and overseeing effective corporate governance;

Establishing a corporate environment that promotes timely and effective disclosure, financial accountability, high ethical standards and compliance with all applicable laws and regulations;

Understanding the results of operations and financial condition of the Company;

Evaluating the performance of the Company's senior executives and taking action where appropriate;

Approving the compensation of the Company's senior executives and overseeing succession planning for these executives; and

Providing advice and assistance to the Company's senior executives.

Board Structure

Our Board currently consists of seven Directors. The Board believes that there should be a majority of independent Directors on the Board. The current Board members include six independent Directors and one member of our senior management.

Board Leadership Structure

Both independent and management Directors, including the Chief Executive Officer (CEO), are eligible for appointment as Chairman of the Board. Currently, the functions of Chairman of the Board and CEO are separated. Among the duties of the Chairman is the management of the Board, including prioritizing current matters in front of the Board and setting the agenda for meetings with the input of management. Mr. Sanquini has served as Chairman of the Board since July 2010. The CEO manages the Company and is accountable for corporate performance. Mr. Walicek has served as CEO and President of Pixelworks since January 2008 and has served on the Board since May 2005.

Director Independence

The Board affirmatively determines the independence of each Director and nominee for election as a Director in accordance with the elements of independence set forth in applicable NASDAQ and SEC rules. In the beginning of 2011, the Board conducted a review of Director independence. As a result of this review (including a review of all relevant transactions, if any, or relationships between each Director or any of his or her family members and the Company, any member of our senior management or our independent registered public accounting firm), the Board affirmatively determined all of our Directors, except Bruce Walicek, our CEO, are independent as defined by the applicable rules of the SEC and NASDAQ and have no relationship with the Company, except as a Director and shareholder. The independent Directors, namely Mark Christensen, Stephen Domenik, James Fiebiger, C. Scott Gibson, Daniel Heneghan and Richard Sanquini, constitute a majority of the members of the Board.

As required under applicable NASDAQ listing standards, in the 2010 fiscal year, our independent Directors met four times in regularly scheduled executive sessions at which only independent Directors were present.

Board Oversight of Risk

Management continually monitors the material risks facing the Company, including financial, strategic, operational, and legal and compliance risks. An overall review of risk is inherent in the Board's ongoing consideration of the Company's long-term strategies, transactions and other matters presented to and discussed by the Board. Additionally, the Board formally reviews the Company's risk management at least annually, after

Table of Contents

receiving a report from the CEO and Chief Financial Officer (CFO). This annual review includes a discussion of the likelihood and potential magnitude of various risks, as well as any actions management has taken to limit, monitor or control the risks. The CEO and CFO also report to the Board, in a timely manner, events that arise that present material risks to the Company or that materially and adversely change previously identified risks. Additionally, although the full Board has responsibility for overall risk oversight, the Audit Committee annually reviews the Company's investment policy, corporate information technology policy and risks related to currency fluctuations, and the Compensation Committee of the Board (the Compensation Committee) seeks to avoid creating incentives for employees to take excessive or inappropriate risks when establishing and administering compensation programs. In performing these functions, these committees assess the appropriateness of the Company's policies relevant to these risks and consider changes to such policies as appropriate.

Board and Committee Meetings

Our Board holds regularly scheduled quarterly meetings and also holds special meetings and acts by written consent from time to time, as appropriate. At each quarterly Board meeting, time is set aside for the independent Directors to meet without management present. Our Board met six times during 2010.

We have adopted a policy that requires a majority of Directors to attend annual meetings either in person or via telephone conference. Each of our Directors attended the 2010 annual meeting, and each incumbent Director attended 75% or more of the Board meetings and meetings of the committees on which they served during the last fiscal year.

Standing Committees of the Board

The Board has adopted written charters for each of its three standing committees: the Audit Committee, the Compensation Committee and the Corporate Governance and Nominating Committee (the Corporate Governance and Nominating Committee). The charters for all three committees are available on our website at www.pixelworks.com.

The Board has determined that all members of all committees are independent Directors as defined by the applicable rules of the SEC and NASDAQ and that all members satisfy the relevant SEC requirements for members of such committees.

Audit Committee

The Audit Committee provides objective oversight of corporate accounting, financial reporting practices and financial statement audits of the Company and has the responsibility to select, evaluate and, where appropriate, replace the Company's independent registered public accounting firm and is directly responsible for the oversight of the work of such independent registered public accounting firm. The Audit Committee reviews and discusses with management and the Company's independent registered public accounting firm the Company's audited financial statements and the effectiveness of the accounting and financial controls of the Company.

The members of the Audit Committee are Directors Daniel Heneghan, who chairs the committee, Stephen Domenik and James Fiebiger. After reviewing the qualifications of the members of the Audit Committee, the Board has determined that each member meets the financial experience requirements under the rules of the SEC and NASDAQ. In addition, the Board has determined that Daniel Heneghan qualifies as an audit committee financial expert as defined by the SEC rules.

Mr. Heneghan qualifies as an audit committee financial expert by virtue of his service as chair of our audit committee since 2006, the audit committee of NTELOS Holdings Corp. (NASDAQ: NTLS) since 2006 and the Micrel, Inc. (NASDAQ: MCRL) audit committee since 2008. Mr. Heneghan is also qualified by virtue of his

professional experience which includes service as the Chief Financial Officer of Intersil Corporation from 1999 until 2005 and various financial management positions at Harris Corporation from 1980 to 1999, including as Vice President and Controller, Division Controller of the semiconductor business, Director of Planning and Director of Finance. Additionally, Mr. Heneghan holds a B.S. in accounting from Quincy University and an M.B.A. from Western Illinois University. Mr. Heneghan serves as an advisor to the semiconductor industry as his full time professional job.

The Audit Committee met six times in 2010.

Compensation Committee

The Compensation Committee assists the Board in fulfilling its responsibilities with respect to compensation of the Company's Directors, executive officers and employees and oversight and administration of the Company's incentive and stock-based compensation plans. The Compensation Committee's other responsibilities include evaluating candidates for executive positions, maintaining a CEO succession plan and preparing the annual proxy statement.

The members of the Compensation Committee are Directors Richard Sanquini, who chairs the committee, Mark Christensen and C. Scott Gibson. The Compensation Committee met six times in 2010.

Corporate Governance and Nominating Committee

The Corporate Governance and Nominating Committee identifies individuals qualified to become members of the Board, recommends the slate of Directors to be nominated by the Board at the annual meeting of shareholders and recommends any Director to fill a vacancy on the Board. The Corporate Governance and Nominating Committee is also responsible for developing and recommending to the Board a set of applicable corporate governance guidelines and principles, developing policies and procedures relating to the process for identification and evaluation of Director candidates and minimum qualifications for Directors, and overseeing an evaluation of the Board and recommending Directors to be appointed to committees of the Board (other than to the Corporate Governance and Nominating Committee itself).

The Corporate Governance and Nominating Committee will consider recommendations for nominees for Director submitted by shareholders. The Company's Second Amended and Restated Bylaws set forth procedures that must be followed by shareholders seeking to make nominations for Directors. The Corporate Governance and Nominating Committee considers candidates recommended by shareholders in the same manner in which the Corporate Governance and Nominating Committee evaluates candidates recommended by other sources, including the Board and individual Directors.

The members of the Corporate Governance and Nominating Committee are Directors James Fiebiger, who chairs the committee, Mark Christensen and C. Scott Gibson. The Corporate Governance and Nominating Committee met two times in 2010.

Compensation Committee Interlocks and Insider Participation

No Director who served on the Compensation Committee during 2010 is, or has been, an officer or employee of the Company, nor has any Director had any relationships requiring disclosure under the SEC rules regarding disclosure of certain relationships and related-party transactions.

None of the Company's executive officers serve on the board of directors or the compensation committee (or other board committee performing equivalent functions) of another entity, one of whose executive officers served on our Board or Compensation Committee.

Table of Contents

Qualifications of Directors

The Corporate Governance and Nominating Committee conducts appropriate inquiries into the backgrounds and qualifications of proposed Director nominees. At a minimum, candidates must possess experience with businesses or organizations of comparable or greater size than the Company. If a candidate's experience and qualifications are desirable, reference checks are performed before the Corporate Governance and Nominating Committee recommends the candidate for nomination to the Board.

Factors considered in the selection of Director nominees include the following:

Independence from management;

Relevant business experience;

Judgment, skill, integrity and reputation;

Existing commitments to other businesses;

Potential conflicts of interest with other pursuits;

Legal considerations such as antitrust issues and involvement by the candidate in specific legal proceedings during the past ten years;

Corporate governance background, including directorships held with public companies or investment companies registered under the Investment Company Act of 1940 at any time during the past five years;

Financial and accounting background, to enable the committee to determine whether the candidate would be suitable for Audit Committee membership;

Executive compensation background, to enable the committee to determine whether the candidate would be suitable for Compensation Committee membership; and

The size and composition of the existing Board.

The Company is committed to nondiscrimination on the basis of age, gender, ethnic background, religious affiliation or other personal characteristics unrelated to the Company's purpose and mission. The Board does not have a policy with regard to the consideration of diversity in identifying Director nominees. However, the Board values diversity and considers qualifications and skills that are complementary to those of existing Board members to be highly desirable.

significant improvements in the Company's revenue and forecasted outlook. These changes were recommended by the Compensation Committee and approved by the Board.

Following Mr. Alley's resignation as President and CEO of the Company effective December 31, 2006, the Company and Mr. Alley entered into a Chair and Board Service Agreement pursuant to which Mr. Alley served as Chairman of the Board contingent upon his continued status as a member of the Board. For his services, Mr. Alley received an annual fee of \$75,000 (or such higher amount as may be approved by the Board) and was entitled to equity compensation consistent with policies applicable to members of the Board. Mr. Alley resigned from the Board on July 29, 2010 and the Board approved immediate vesting of Mr. Alley's outstanding equity awards and cash payment of \$75,000 for the Board compensation Mr. Alley would have otherwise received for serving on the Board through the date of the 2011 Annual Meeting of Shareholders. Amounts paid under the CEO Transition Agreement do not relate to Mr. Alley's Board service.

Equity Compensation

The option has an exercise price equal to the closing price of the common stock on the grant date, and a maximum term of six years. The award vests with respect to 25% of the shares on the first anniversary of the grant date, and ratably on a monthly basis thereafter for the next three years.

Non-employee Board members who continued to serve on the Board after the 2010 Annual Meeting of Shareholders received an award of 8,000 restricted stock units (RSUs) upon re-election to the Board at the 2010 Annual Meeting of Shareholders. These RSUs are scheduled to vest on the first to occur of (1) the day before the next annual meeting of the Company's shareholders that follows the grant date, or (2) the first anniversary of the grant date and are payable in shares of the Company's common stock.

Each of the awards discussed above is granted under the Company's 2006 Stock Incentive Plan (the 2006 Plan).

All individuals who served as the Company's CEO at any time during 2010;

All individuals who served as the Company's CFO at any time during 2010; and

The Company's three other most highly compensated executive officers.

For Executives other than the CEO, the Compensation Committee considers the recommendation of the CEO in making its compensation determinations.

From time to time, the Compensation Committee retains the services of independent compensation consultants to review a wide variety of factors relevant to CEO and Executive compensation, trends in CEO and Executive compensation, and the identification of relevant companies. The Compensation Committee makes all determinations regarding the engagement, fees, services of our compensation consultants, and our compensation consultants report directly to our Compensation Committee. During 2010, executive compensation consulting was provided by Meyercord & Associates (the Compensation Consultant) who did not provide any other services to the Company.

Executive Compensation Program Objectives and Philosophy

The objectives of the Company's executive compensation program are as follows:

1. Attract and motivate the best executives to the Company;
2. Reflect our pay for performance philosophy; and
3. Reward them for their contributions to the Company's strategic and financial success and for creating shareholder value; and
4. Recognize fiscal responsibility and corporate stewardship.

The Compensation Committee's executive compensation decisions are based on the following core principles:

1. Link pay to performance. The components of our executive compensation package are linked to individual contribution as well as corporate results. Long-term incentive awards, granted in the form of stock options or restricted stock awards, are designed to reward executive officers for the creation of long-term shareholder value.
2. Provide competitive compensation. Our compensation programs are designed to be competitive within the various markets in which we compete for executive talent.
3. Establish levels of compensation that are appropriate for the size and financial condition of the Company.

Data Considered in Determining Executive Compensation

In establishing executive compensation, the Compensation Committee does not engage in formal benchmarking activities, but does review the compensation practices of other companies as background information for its compensation decisions. Data provided by the Compensation Consultant is focused on companies in the semiconductor industry and companies with similar total revenue as Pixelworks. Although, we target our total direct compensation (as defined below) levels at the midpoint of comparable companies, it is only one of many other factors, including the qualitative factors described below, that are evaluated by the Compensation Committee, and no specific weightings are attached to any of these factors and the emphasis placed on each factor may differ from individual to individual. During 2010, we considered data from the following peer group companies (the Peer Group):

Actel Corp	Echelon Corp	Ramtron International Corporation
Advanced Analogic Technologies	Exar Corporation	Supertex, Inc.
Incorporated		
Anadigics, Inc.	MIPS Technologies, Inc.	Transwitch Corporation
Applied Micro Circuits Corporation	Monolithic Power Systems, Inc.	Trident Microsystems, Inc.
AXT, Inc.	Pericom Semiconductor Corporation	Virage Logic Corporation
Cirrus Logic, Inc.	PLX Technology, Inc.	Volterra Semiconductor Corporation

Elements of Our Executive Compensation Program

Edgar Filing: PIXELWORKS, INC - Form DEF 14A

Our executive compensation program consists of fixed and variable cash compensation and equity-based compensation (together with cash compensation, total direct compensation), as well as severance and change in control benefits and expatriate benefits for Mr. Lau. When setting executive compensation, the Compensation Committee does not target a specific mix of fixed and variable compensation; however, the Compensation Committee does believe that variable cash compensation and equity-based compensation should constitute a significant portion of total compensation and that compensation should vary based on performance.

Table of Contents

Additionally, the Compensation Committee does not target a specific mix of short-term variable compensation and long-term variable compensation. Typically, cash incentives are awarded after consideration of the accomplishment of financial, product and market development goals, and long-term incentives are aimed at aligning the interests of Executives with those of shareholders by focusing on long-term growth and stock performance. The Compensation Committee views all of these objectives as critical.

The following narrative describes each component of our executive compensation program, explains why each is included in the program and provides details of certain specific compensation arrangements for the Named Executive Officers for 2010.

Base Salaries

The Compensation Committee believes that it is appropriate for Executives to receive a competitive level of guaranteed compensation in the form of a base salary. Base salaries provide a stable source of fixed income for the Executives and help promote retention.

With the exception of Mr. Walicek's Employment Agreement, none of our Executives have employment agreements or other contractual rights to receive fixed base salaries. Instead, base salaries for the Executives are determined by the Compensation Committee based on its annual review. When determining the appropriate base salary for each Executive, the Compensation Committee considers a variety of factors, such as the Executive's experience, job responsibilities and performance, the base salaries paid for similar positions, with respect to both our Peer group and the Compensation Committee's general knowledge of the industry, the Company's financial performance and position, and recommendations from the CEO (as to Executives other than himself). No specific performance goals or weightings are attached to any of these factors in establishing base salaries, and the emphasis placed on each factor may differ from individual to individual.

Effective April 1, 2009, the Compensation Committee approved an amended and restated employment agreement with Mr. Walicek, which included a reduction in his salary of 15%. Additionally, effective April 1, 2009, the Compensation Committee reduced Mr. Moore's salary by 15% and implemented a 10% salary reduction for all other Named Executive Officers. These reductions were made to reduce costs in response to the global economic recession which significantly decreased the Company's revenue and forecasted outlook during the first half of 2009. In December 2009, the Compensation Committee approved the reinstatement of the Executives' salaries to their prior levels, effective January 1, 2010, based on significant improvements in the Company's revenue and forecasted outlook.

During 2010, salaries of all Named Executive Officers were maintained at the rates in effect at January 1, 2010. The decision to hold salaries constant during 2010 was due to the Company's financial position and results of operations during 2009, particularly in light of the challenging economic environment. The base salary earned by each Executive during 2010 is reported in the Summary Compensation Table below.

Annual Cash Incentives

The Named Executive Officers are generally eligible to receive cash bonuses each year as determined by the Compensation Committee. In accordance with our compensation program, objectives related to rewarding Executives for their contributions to the Company's strategic and financial success, the Compensation Committee's intent is to set challenging yet attainable financial and operational goals for the Executives to work toward in the coming year.

On December 29, 2009, the Compensation Committee approved the form of the Company's Senior Management Bonus Plan (the Plan). Under the Plan, annual bonuses for Named Executive Officers are based on the attainment of specific goals related to the following performance measures:

Revenue;

Table of Contents

Non-GAAP earnings⁽¹⁾ before interest, taxes, depreciation and amortization (EBITDA); and

Achievement of specified operational objectives.

⁽¹⁾ Our Non-GAAP earnings differ from our GAAP earnings due to the exclusion of gains on the repurchase of long-term debt, gain on sale of marketable securities, restructuring charges, acquisition-related items, stock-based compensation expense, and additional amortization of a non-cancelable prepaid royalty.

Additionally the Plan provides that no bonus will be paid under the Plan unless minimum threshold targets for the revenue and EBITDA performance measures are achieved.

On December 29, 2009, the Compensation Committee also approved the following specific target bonus levels, operational performance measures, performance measure weightings and target achievement levels applicable to the Executives during 2010.

Target Bonus Levels

The 2010 target bonus for Mr. Walicek was equal to 100% of his annual base salary and the 2010 target bonus for the other Executives was equal to 50% of their annual base salaries. Target bonus rates were unchanged from their levels in 2009.

Operational Performance Measures

The Compensation Committee approved five operational objectives related to sales and marketing goals, including achievement of qualifying design wins and development of new product specifications within certain predetermined deadlines. The Compensation Committee also approved eight engineering and operations objectives, including achievement of engineering and production milestones related to new product development within certain predetermined deadlines. These objectives were selected as they represent challenging but attainable goals that, if achieved, would contribute to the Company's future success and financial performance. Our operational performance measures relate to detailed aspects of the Company's internal operations and strategy and are not publicly disclosed as this would result in competitive harm to the Company.

Performance Measure Weightings

Each performance measure was assigned a weight that represented the maximum percentage of the Executive's target bonus that could be earned for that performance measure upon 100% achievement of the performance measure. The following table presents the weightings assigned to each performance measure for our Named Executive Officers:

Performance Measure	Weight				
	Mr. Walicek	Mr. Moore	Mr. Chan	Mr. Lau	Mr. Zhang
Revenue	25%	25%	20%	20%	20%
EBITDA	25	25	20	20	20
Operational objectives:					
Sales and marketing	25	25			20
Engineering and operations	25	25	60	60	40
Total weight	100%	100%	100%	100%	100%

For Mr. Walicek and Mr. Moore, the weights are equally assigned to each of the performance measures to align their incentives with the Company's overall financial and operational performance. The weights assigned to each of the performance measures for the other Executives are intended to provide them with incentives for contributing to the Company's overall achievements in revenue and EBITDA as well as for contributing to operational objectives within their area of functional responsibility.

Table of Contents*Target Achievement Levels*

Achievement of the financial performance measures was calculated based on achievement of the following levels of actual revenue and EBITDA during 2010:

Performance Measure	Range	Achievement	
Revenue	less than \$73.0 million	0%	
	\$73.0 - \$74.0 million	25%	(1)
	\$74.0 - \$75.0 million	50%	(2)
	\$75.0 - \$76.0 million	75%	(3)
	greater than \$76.0 million	100%	
EBITDA	less than \$5.0 million	0%	
	\$5.0 - \$5.5 million	25%	(4)
	\$5.5 - \$6.0 million	50%	(5)
	\$6.0 - \$6.5 million	75%	(6)
	greater than \$6.5 million	100%	

(1): recognized pro-rata from 25% at \$73.0 million to 50% at \$74.0 million

(2): recognized pro-rata from 50% at \$74.0 million to 75% at \$75.0 million

(3): recognized pro-rata from 75% at \$75.0 million to 100% at \$76.0 million

(4): recognized pro-rata from 25% at \$5.0 million to 50% at \$5.5 million

(5): recognized pro-rata from 50% at \$5.5 million to 75% at \$6.0 million

(6): recognized pro-rata from 75% at \$6.0 million to 100% at \$6.5 million

During 2010, the minimum threshold targets of \$73.0 million and \$5.0 million for revenue and EBITDA, respectively, were not achieved and thus no bonus amounts were awarded under the Plan. Since the minimum threshold targets for revenue and EBITDA were not achieved, the Company's performance with respect to the 2010 operational objectives was not evaluated by the Committee.

Long-Term Equity Awards

The Compensation Committee believes that the Executives' long-term compensation should be directly linked to the value provided to shareholders. In 2010, the Executives' long-term compensation was awarded in the form of stock options. The Compensation Committee believes that stock option awards provide significant motivation for the Executives to maximize shareholder value because stock options are granted with exercise prices equal to the current market price of the Company's common stock and will only have value if our stock price increases over the exercise price. Additionally, stock options generally vest over a three- or four-year period after the grant date and thus encourage long-term perspective and retention.

The Compensation Committee determines the size and frequency of each Executive's equity awards annually by assessing the relative position and responsibilities of each Executive, individual performance of each Executive, anticipated contributions of each Executive to the Company, and previous equity-based awards granted to such Executive, and awards given to similar positions within the Peer Group (with no specific performance goals or weightings assigned to the foregoing factors). In general, Executives receive an initial grant of equity on their date of hire.

Edgar Filing: PIXELWORKS, INC - Form DEF 14A

The Compensation Committee may grant additional equity awards to recognize increased responsibilities or special contributions, to retain executives or to recognize other special circumstances.

On February 10, 2010, the Compensation Committee met and awarded Executives equity compensation as follows:

Mr. Walicek was granted an option to purchase 100,000 shares of Pixelworks common stock; Mr. Moore, Mr. Chan and Mr. Zhang were each granted an option to purchase 60,000 shares of Pixelworks common stock; and Mr. Lau was granted an option to purchase 45,000 shares of Pixelworks common stock. The options were granted with an exercise price of \$3.13, the closing price of Pixelworks common stock on February 10, 2010.

Table of Contents

The 2010 stock awards described above are included in the Grants of Plan-Based Awards table below.

Expatriate Benefits

Mr. Lau has been on a long-term assignment overseas during 2010, 2009 and 2008. We provided specific benefits to Mr. Lau to compensate him for differences in the cost of living between his home city and the city in which he is assigned to work, and for incremental costs associated with living abroad. During 2010 these benefits included:

Tax equalization;

Additional cash payments representing a cost of living adjustment; and

Leased car and driver.

The benefits provided to Mr. Lau are based on his overseas work location, the length of his assignment and benefits provided to expatriates in similar positions at comparable companies. Amounts paid to Mr. Lau for expatriate benefits are included in the Summary Compensation Table below.

Severance Benefits Payable Upon Termination or Change in Control

The Compensation Committee provides each of the Executives with severance benefits payable upon certain involuntary terminations of their employment with the Company. The benefits may be provided to incentivize Executives to join the Company, to incentivize Executives to remain with the Company, or to compensate Executives when they are asked to take on new or extraordinary responsibilities. The Compensation Committee believes that the benefits provided are comparable with those provided to individuals in similar positions at similar companies.

Additionally, the Compensation Committee believes that the occurrence, or potential occurrence, of a change in control transaction will create uncertainty regarding the continued employment of Executives. To encourage Executives to remain employed with the Company during an important time when their prospects for continued employment following the transaction are often uncertain, the Company provides Executives with severance benefits if their employment is involuntarily terminated in connection with a change in control (i.e. double trigger).

A description of the specific severance benefits provided for each Named Executive Officer is described below under Potential Payments Upon Termination or Change in Control.

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally disallows a tax deduction to public companies for compensation over \$1,000,000 paid to the CEO and certain other executive officers, unless certain performance and other requirements are met. Our intent generally is to design and administer executive compensation programs in a manner that will preserve the deductibility of compensation paid to our executive officers, and we believe that a substantial portion of our current executive compensation program (including the stock options granted to our Named Executive Officers as described above) satisfies the requirements for exemption from the \$1,000,000 deduction limitation. However, we reserve the right to design programs that recognize a full range of performance criteria important to our success, even where the compensation paid under such programs may not be deductible. The Compensation Committee will continue to monitor the tax and other consequences of our executive compensation program as part of its primary objective of ensuring that compensation paid to our executive officers is reasonable, performance-based and consistent with the goals of Pixelworks and its shareholders.

These amounts reflect the grant date fair value of the award and do not correspond to the actual value that will be realized by the Executives.

Additional Description of Plan-Based Awards

Each of the equity incentive awards reported in the above table was granted under, and is subject to, the terms of the Company's 2006 Plan. The 2006 Plan is administered by the Compensation Committee. The Compensation Committee has authority to interpret the plan provisions and make all required determinations under the plan. Awards granted under the plan are generally only transferable to a beneficiary of a Named Executive Officer upon his death or, in certain cases, to family members for tax or estate planning purposes.

Under the terms of the 2006 Plan, if there is a change in control of Pixelworks, each Named Executive Officer's outstanding awards granted under the plan will generally be assumed by the successor entity, although the Compensation Committee may provide that outstanding options will become fully vested and exercisable in lieu of being assumed. Any options that become vested in connection with a change in control generally must be exercised prior to the change in control, or they will be cancelled in exchange for the right to receive a cash payment in connection with the change in control transaction.

In addition, each Named Executive Officer may be entitled to accelerated vesting of his outstanding equity-based awards upon certain terminations of his employment with Pixelworks and/or a change in control of Pixelworks. The terms of this accelerated vesting are described in this section and in the Potential Payments upon Termination or Change in Control section below.

Once vested, each option will generally remain exercisable until its normal expiration date. However, vested options may terminate earlier in connection with a change in control transaction or a termination of the Named Executive Officer's employment. Subject to any accelerated vesting that may apply in the circumstances, the unvested portion of the option will immediately terminate upon a termination of the Named Executive Officer's employment. The Named Executive Officer will generally have three months to exercise the vested portion of the

Table of Contents

option following a voluntary termination of his employment. This period is extended to twelve months if the termination is due to the Named Executive Officer's death or disability. The options granted to Named Executive Officers during 2010 do not include any dividend rights.

Description of Mr. Walicek's Employment Agreement - Salary and Bonus Amounts

As noted above, we entered into an amended and restated employment agreement with Mr. Walicek, effective April 1, 2009. Mr. Walicek's agreement does not have a specified term. The agreement provides for Mr. Walicek to receive an annual base salary of \$276,250, subject to periodic review by the Compensation Committee. In December 2009, the Compensation Committee approved the reinstatement of Mr. Walicek's salary to its prior level of \$325,000, effective January 1, 2010. The agreement also provides for Mr. Walicek to participate in the Company's annual bonus program as established by the Compensation Committee and to be eligible to receive equity awards as determined by the Compensation Committee. Provisions of Mr. Walicek's agreement relating to post-termination of employment benefits, as well as severance agreements we have entered into with each of the other Named Executive Officers, are discussed below under Potential Payments upon Termination or Change in Control.

Potential Payments Upon Termination or Change in Control

The Company has entered into the following arrangements with the Named Executive Officers that provide for severance benefits on certain terminations of employment. In each case, the severance benefits described below are contingent upon the Executive providing a release of claims in favor of the Company.

Walicek Employment Agreement

In May 2009, the Company entered into an amended and restated Employment Agreement (the Amended Walicek Agreement) with Mr. Walicek. The Amended Walicek Agreement provides that, in the event Mr. Walicek is terminated by the Company without cause or resigns for good reason (as each of those terms is defined in the Amended Walicek Agreement), he will be entitled to the following benefits: (i) severance pay consisting of the higher of Mr. Walicek's annual base salary then in effect, or \$325,000; (ii) severance pay consisting of the higher of Mr. Walicek's actual target bonus for the then-current year or \$325,000; and (iii) payment by the company of Mr. Walicek's COBRA health insurance premiums for twelve months. In addition, in the event the termination of employment occurs within twelve months of the earlier of a change of control or the signing of a change of control agreement that leads to a change of control (as such terms are defined in the Amended Walicek Agreement) within twelve months of the signing, Mr. Walicek will receive acceleration of vesting of half of any options and restricted stock awards that are outstanding and unvested as of the employment termination date.

Edgar Filing: PIXELWORKS, INC - Form DEF 14A

In the event the severance benefits would be treated as excess parachute payments subject to excise taxes, the benefits would either be reduced to a level that would not trigger the excise taxes or would be paid in full, whichever results in Mr. Walicek retaining a greater benefit on an after-tax basis.

Moore Change of Control Severance Agreement

In May 2009, the Company entered into an amended and restated Change of Control Severance Agreement (the *Amended Moore Severance Agreement*) with Mr. Moore. The Amended Moore Severance Agreement provides for certain benefits in the event of Mr. Moore's involuntary termination. An involuntary termination is a termination by the Company without cause or by the executive for a good reason event (as such terms are defined in the Amended Moore Severance Agreement).

The Amended Moore Severance Agreement provides that in the event of an involuntary termination within twelve months following a change of control, Mr. Moore will be entitled to the following benefits: (i) a lump sum cash payment equal to twelve months of base salary and the then-current year's target bonus in effect as of the date of such involuntary termination or, if greater, as in effect immediately prior to the change of control; (ii) accelerated vesting of stock options granted by the Company to Mr. Moore prior to the change of control that are then outstanding and would have otherwise vested during the twelve months following the termination; and (iii) the same level of Company-paid health coverage and benefits at the levels in effect on the day preceding the termination for Mr. Moore (and any eligible dependents) until the earlier of when Mr. Moore (and any eligible dependents) is no longer eligible to receive continuation coverage pursuant to COBRA, or twelve months from the date of termination.

The Amended Moore Severance Agreement also provides that in the event of an involuntary termination during the period between twelve and twenty-four months following a change of control (the *Second Year*), Mr. Moore will be entitled to the following benefits: (i) a lump sum cash payment equal to Mr. Moore's per month base salary in effect at the time of termination, or if greater, at the time of change in control, multiplied by the number of whole months remaining in the Second Year after the termination occurs; (ii) a lump sum cash payment equal to one-twelfth of the then current year's target bonus in effect at the time of termination, or if greater, at the time of change in control, multiplied by the number of whole months remaining in the Second Year after the termination occurs; (iii) accelerated vesting of all outstanding stock options granted by the Company to Mr. Moore prior to the change of control that would have otherwise vested during the period after termination equal to the remaining number of whole months in the Second Year; and (iv) the same level of Company-paid health coverage and benefits at the levels in effect on the day preceding the termination for Mr. Moore (and any eligible dependents) for the number of whole months remaining in the Second Year.

In the event of an involuntarily termination apart from a change in control, Mr. Moore would receive the same benefits as if the termination occurred within twelve months following a change of control, as described above. In this event, the benefits would be calculated as if the date of the change of control were the same as the date of the involuntarily termination.

In the event the severance benefits under the Amended Moore Severance Agreement would be treated as excess parachute payments subject to excise taxes, the benefits would either be reduced to a level that would not trigger the excise taxes or would be paid in full, whichever results in Mr. Moore retaining a greater benefit on an after-tax basis.

Chan and Zhang Change of Control Severance Agreements

In 2008, the Company entered into Change of Control Severance Agreements (the *Severance Agreements*) with Mr. Chan and Mr. Zhang. Each Severance Agreement provides for certain benefits in the event of the executive's involuntary termination following a change in control of the Company (as defined in the Severance Agreements). An involuntary termination is a termination by the Company without cause or by the executive for a good reason event (as such terms are defined in the Severance Agreements).

The Severance Agreements provide that in the event of an involuntary termination within twelve months following a change of control, the executive will be entitled to the following benefits: (i) a lump sum cash payment equal to twelve months of base salary as in effect as of the date of such termination or, if greater, as in

Table of Contents

effect immediately prior to the change of control; (ii) accelerated vesting of stock options granted by the Company to the executive prior to the change of control that would have otherwise vested during the twelve months following the termination; and (iii) the same level of Company-paid health coverage and benefits at the levels in effect on the day preceding the termination of the executive (and any eligible dependents) until the earlier of when the executive (and any eligible dependents) is no longer eligible to receive continuation coverage pursuant to COBRA, or twelve months from the date of termination.

The Severance Agreements also provide that in the event of an involuntary termination during the period the Second Year, Mr. Chan and Mr. Zhang will be entitled to the following benefits: (i) a lump sum cash payment equal to the executive's monthly base salary in effect at the time of termination, or if greater, at the time of change in control, multiplied by the number of whole months remaining in the Second Year after the termination occurs; (ii) accelerated vesting of all outstanding stock options granted by the Company to the executive prior to the Change of Control that would have otherwise vested during the period after termination equal to the remaining number of whole months in the Second Year; and (iii) the same level of Company-paid health coverage and benefits at the levels in effect on the day preceding the termination for the executive (and any eligible dependents) for the number of whole months remaining in the Second Year.

In the event of an involuntary termination apart from a change in control, Mr. Chan would receive the same benefits as if the termination occurred within twelve months following a change of control, as described above. In this event, the benefits would be calculated as if the date of the change of control were the same as the date of the involuntary termination.

In the event the severance benefits under the Severance Agreement would be treated as excess parachute payments subject to excise taxes, the benefits would either be reduced to a level that would not trigger the excise taxes or would be paid in full, whichever results in the executive retaining a greater benefit on an after-tax basis.

Lau Severance Agreement

Mr. Lau is entitled to payment for 12 months of base salary and continuation of medical benefits for twelve months if the Company does not provide him a position upon the termination of his expatriate assignment.

Board Resolutions Regarding Change in Control

On March 22, 2002, the Board adopted resolutions approving a change of control and severance program for executive officers and Directors. Under the terms of the resolutions, upon a change of control, the Company will accelerate the vesting schedule of options held by executive officers or Directors that would have otherwise vested during the next twelve months according to the vesting schedule associated with such options.

Additionally, upon a change of control and the involuntary termination of an executive officer without cause, or a substantial change in the executive officer's responsibilities within three months prior to or twelve months following the change of control, the terminated officer will be entitled to severance payments equal to six months base salary and continuation of medical insurance benefits for a period of six months from the date of termination.

The individual severance agreements described above supersede these resolutions to the extent they provide a greater benefit than the executive would receive under the resolutions.

Table of Contents*Total Benefits Potentially Payable*

The following table summarizes benefits that would have been payable to the Executives as of December 31, 2010 had they been terminated without cause or had a change in control and termination without cause occurred as of that date:

For purposes of this table, we have assumed that the involuntary termination occurred within twelve months after the change in control.

Pre-Approval of Audit and Permissible Non-Audit Services

The Audit Committee pre-approves any engagement under which KPMG provides audit or permissible non-audit services to the Company. The Audit Committee has adopted a policy for the pre-approval of these services. Under the policy, pre-approval may be general and apply to services that will be performed over an extended period of time, or specific. General pre-approvals apply for one year.

The Company's CFO and KPMG must provide the Audit Committee with the following information for each service to be approved: (i) the type of service to be performed; (ii) a detailed description of each particular service; and (iii) a range of fees.

The authority to pre-approve services may be delegated to one or more designated members of the Audit Committee. If a designated member does pre-approve services, the pre-approval is reported to the full Audit Committee at its next regularly scheduled meeting.

Audit Committee Report

The information contained in the report below does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act or the Exchange Act, except to the extent the Company specifically incorporates it by reference therein.

The Audit Committee currently consists of Daniel Heneghan, Chairman, Stephen Domenik and James Fiebiger. The Audit Committee has the responsibility and authority described in the Pixelworks, Inc. Charter of the Audit Committee of the Board of Directors, which has been approved by the Board. A copy of the Audit Committee Charter is available on our website at www.pixelworks.com. The Board has determined that Mr. Heneghan, Mr. Domenik and Mr. Fiebiger meet the independence requirements set forth in Rule 10A-3(b)(1) under the Exchange Act and in the applicable rules of NASDAQ. In addition, the Board has determined that Mr. Heneghan qualifies as an audit committee financial expert as defined by SEC rules.

Table of Contents

As further described in its charter, the Audit Committee oversees the corporate accounting, financial reporting practices and financial statement audits of the Company. Management has responsibility for the financial statements and the reporting process, including the systems of internal controls. The independent auditors, KPMG, are responsible for planning and conducting audits in accordance with generally accepted auditing standards and for issuing an opinion about whether the financial statements and our internal controls over financial reporting, are presented fairly, in all material respects, in accordance with generally accepted accounting principles.

Audit Committee members are not professional accountants or auditors, and their functions are not intended to duplicate or to certify the activities of management and the independent audit firm. The Audit Committee serves a Board-level oversight role, in which it provides advice, counsel, and direction to management and to the auditors on the basis of the information it receives, discussions with management and the auditors, and the experience of the Audit Committee members in business, financial, and accounting matters.

In this context, the Audit Committee held six meetings in 2010. At all of these meetings, the Audit Committee met with senior members of the Company's financial management team and the Company's independent registered public accounting firm. The Audit Committee held private sessions with the independent registered public accounting firm at four of its meetings, at which candid discussions of financial management, accounting and internal control issues took place.

The Audit Committee has reviewed and discussed the audited financial statements and the Company's internal control over financial reporting for the year ended December 31, 2010, with management and KPMG, and management has represented to the Audit Committee that Pixelworks audited financial statements were prepared in accordance with U.S. generally accepted accounting principles. The Audit Committee's review included a discussion with management of the quality of Pixelworks' accounting principles, the reasonableness of significant estimates and judgments, and the clarity of disclosure in Pixelworks' financial statements, including the disclosures related to critical accounting estimates.

Additionally, the Audit Committee discussed with KPMG the matters required to be discussed by Statement on Auditing Standards No. 61 and Independence Standard Board Standard No. 1. The Committee has received from KPMG the written disclosures and letter required by the applicable requirements of the Public Company Accounting Oversight Board regarding KPMG's communications with the Audit Committee concerning independence. The Audit Committee also considered whether the provision of certain permitted non-audit services by KPMG is compatible with KPMG's independence and discussed KPMG's independence with KPMG.

The Audit Committee has also evaluated the performance of KPMG, including, among other things, the amount of fees paid to KPMG for audit services related to the year ended December 31, 2010. Based on its evaluation, the Audit Committee has selected KPMG to serve as the Company's independent registered public accounting firm for the year ending December 31, 2011.

Based on the reviews and discussions referred to above, and subject to the limitations of the Audit Committee's role and responsibilities referred to in the Audit Committee Charter, the Audit Committee recommended to the Board, and the Board has approved, the inclusion of the Company's audited consolidated financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2010.

Respectfully submitted,

Daniel Heneghan, Chairman

Stephen Domenik

If, however, any other matters not now known are properly brought before the Annual Meeting, proxies held by the Board will be voted on such other matters as determined by a majority of the Board.

DATE FOR SUBMISSION OF SHAREHOLDER PROPOSALS

Pursuant to Rule 14a-8 under the Exchange Act, some shareholder proposals may be eligible for inclusion in the Company's 2012 proxy statement. Any such proposal must be received by the Company no later than December 10, 2011. If the Company changes the date of its 2012 annual meeting by more than 30 days from the date of the 2011 annual meeting, the deadline is a reasonable time before the Company begins to print and send its proxy materials. Shareholders interested in submitting such a proposal are advised to contact knowledgeable counsel with regard to the detailed requirements of the applicable securities laws. The submission of a shareholder proposal does not guarantee that it will be included in the Company's proxy statement.

Alternatively, under the Company's Second Amended and Restated Bylaws, a proposal or nomination that a shareholder submits outside the processes of SEC Rule 14a-8 must be delivered to or mailed and received at the Company's principal executive offices by the Secretary of the Company not less than 60 days nor more than 90 days prior to the date of the annual meeting. In the event we provide less than 60 days' notice or prior public disclosure of the date of the annual meeting, the shareholder proposal or nomination must be received not later than the close of business on the tenth day following the day on which such notice of the date of the annual meeting was mailed or such public disclosure was made. A shareholder's submission must include certain specific information concerning the proposal or nominee, as the case may be, in accordance with the Second Amended and Restated Bylaws, including information as to the shareholder's ownership of common stock of the Company. Proposals or nominations not meeting these requirements will not be entertained at any annual meeting.

In relation to shareholder proposals and nominations, in certain instances the Company may exercise discretionary voting authority under proxies held by the Board. For instance, if the Company does not receive a shareholder proposal or nomination 60 days prior to the date of the annual meeting (or, in the event the Company provides less than 60 days' notice or prior public disclosure of the date of the annual meeting, the shareholder proposal or nomination is received later than the close of business on the tenth day following the day on which such notice of the date of the annual meeting was mailed or such public disclosure was made), the Company may exercise discretionary voting authority under proxies held by the Board on such shareholder proposal. However, if the Company changes the date of its 2012 annual meeting by more than 30 days from the date of the 2011 annual meeting and the shareholder submits the proposal or nomination pursuant to Rule 14a-8, the Company may exercise discretionary voting authority if the proposal or nomination is not received in a reasonable time before the Company begins to print and send its proxy materials. In addition, even if the Company is notified of a shareholder proposal or nomination within the time requirements discussed above, if the shareholder does not comply with certain requirements of the Exchange Act, the Company may exercise discretionary voting authority under proxies held by the Board on such shareholder proposal or nomination if the Company includes advice in its proxy statement on the nature of the matter and how the Company intends to exercise its discretion to vote on the matter.
