CarMax has elected to deliver our proxy materials to our shareholders over the Internet. This delivery process will allow us to provide shareholders with the information they need, while at the same time conserving natural resources and lowering the cost of printing and delivery. On or about May 13, 2011, we will mail to our shareholders a Notice of Internet Availability of Proxy Materials containing instructions on how to access our 2011 proxy statement and fiscal 2011 annual report to shareholders. This notice also provides instructions on how to vote online or by telephone and includes information on how to request a paper copy of the proxy materials by mail.

We will provide live audio coverage of the annual meeting from the CarMax investor relations website at investor.carmax.com. In addition, a replay of the annual meeting will be available at this website after the meeting. We hope that this will allow those of you who are unable to attend the meeting in person to hear CarMax management discuss this year's results.

Whether or not you will be attending the annual meeting, your vote is very important. Please vote. There are four ways that you can cast your ballot: by Internet, by telephone, by mail (if you request a paper copy) or in person at the annual meeting.

On behalf of the board of directors, I would like to express our appreciation for your continued interest in CarMax. I look forward to seeing you at the annual meeting.

QUESTIONS AND ANSWERS ABOUT OUR ANNUAL MEETING AND PROXY STATEMENT

In this proxy statement, CarMax, the company, we, our and us refer to CarMax, Inc. and its wholly owned subsidiaries, unless the context requires otherwise.

1. Why am I receiving these materials?

The company is making this proxy statement, the fiscal 2011 annual report to shareholders and a form of proxy (the proxy materials) available to you in connection with the solicitation of proxies by the board of directors for use at the annual meeting of shareholders of the company to be held on Monday, June 27, 2011, at 1:00 p.m. Eastern Time, and at any postponements or adjournments thereof. You are invited to attend the annual meeting and are requested to vote on the proposals described in this proxy statement. The annual meeting will be held at the Richmond Marriott West Hotel, 4240 Dominion Boulevard, Glen Allen, Virginia 23060.

2. Why did I receive a notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

As permitted by the Securities and Exchange Commission (SEC), we have elected to provide access to our proxy materials primarily over the Internet rather than mailing paper copies of those materials to each shareholder. On or about May 13, 2011, we will mail a Notice of Internet Availability of Proxy Materials (the Notice) to our shareholders, which provides website and other information for the purpose of accessing our proxy materials. All shareholders will have the ability to access the proxy materials on the website referred to in the Notice or request a printed or electronic set of the proxy materials. Instructions on how to access the proxy materials over the Internet or to request a printed copy may be found in the Notice. In addition, shareholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis. We encourage you to take advantage of the availability of the proxy materials on the Internet to help reduce the cost and environmental impact of the annual meeting.

3. How can I get electronic access to the proxy materials?

The Notice provides you with instructions regarding how to:

View our proxy materials for the annual meeting on the Internet.

Instruct us to send proxy materials to you by email.

Choosing to receive proxy materials by email will save the company the cost of printing and mailing documents to you and will reduce the impact of the company's annual meeting on the environment. If you choose to receive future proxy materials by email, you will receive an email message next year with instructions containing a link to those materials and a link to the proxy voting website. Your election to receive proxy materials by email will remain in effect unless and until you rescind it.

4. What items will be voted on at the 2011 annual meeting?

You will be voting on the following four items of business:

Proposal One: The election of the following six persons to the board of directors: Thomas J. Folliard, Rakesh Gangwal, Shira Goodman, W. Robert Grafton, Edgar H. Grubb and Mitchell D. Steenrod.

Proposal Two: The ratification of the selection of KPMG LLP (KPMG) as our independent registered public accounting firm.

Proposal Three: An advisory vote on executive compensation.

Proposal Four: An advisory vote on the frequency of the advisory vote on executive compensation.

You may also be asked to vote on any other business that may properly come before the annual meeting or any postponements or adjournments thereof.

**QUESTIONS AND ANSWERS ABOUT OUR ANNUAL MEETING
AND PROXY STATEMENT** CONTINUED

5. What are the board's voting recommendations?

Our board of directors recommends that you vote:

FOR each of the nominees to the board of directors (Proposal One);

FOR the ratification of the selection of KPMG as our independent registered public accounting firm (Proposal Two);

FOR the proposal regarding an advisory vote on executive compensation (Proposal Three); and

ONE YEAR for the proposal regarding the frequency of the advisory vote on executive compensation (Proposal Four).

6. Who is entitled to vote?

All shareholders who owned CarMax common stock at the close of business on April 22, 2011, are entitled to vote at the annual meeting. Each share of common stock is entitled to one vote. There were 225,851,275 shares of CarMax common stock outstanding on that date.

7. How many votes must be present to hold the annual meeting?

In order for us to conduct the annual meeting, a majority of our outstanding shares of common stock as of April 22, 2011, must be present in person or by proxy. This is referred to as a quorum. Abstentions and shares held by banks, brokers or nominees that are voted on any matter are included in determining whether a quorum exists.

8. What is the difference between a shareholder of record and a beneficial owner of shares held in street name?

Shareholder of Record. If your shares are registered directly in your name with the company's transfer agent, American Stock Transfer & Trust Company, LLC (AST), you are the shareholder of record with respect to those shares and

Edgar Filing: CARMAX INC - Form DEF 14A

we sent the Notice directly to you. If you request copies of the proxy materials by mail, you will receive a proxy card.

Beneficial Owner of Shares Held in Street Name. If your shares are held in an account at a brokerage firm, bank, broker-dealer or other similar organization, then you are the beneficial owner of shares held in street name, and the Notice was forwarded to you by that organization. The organization holding your account is considered the shareholder of record for purposes of voting at the annual meeting. As a beneficial owner, you have the right to direct that organization on how to vote the shares held in your account. If you request copies of the proxy materials by mail, you will receive a vote instruction form.

9. How do I vote my shares?

If you are a *shareholder of record* or a participant in our Amended and Restated 2002 Employee Stock Purchase Plan (the ESPP), you may vote in any of the following ways:

By Internet. You may vote online by accessing www.carmaxproxy.com and following the on-screen instructions. You will need the Control Number included on the Notice or on your proxy card, as applicable. You may vote online 24 hours a day. If you vote online, you do not need to return a proxy card.

By Telephone. If you are located in the U.S., you may vote by calling toll free 1-800-PROXIES (1-800-776-9437) and following the instructions. If you are located outside the U.S., call 1-718-921-8500. You will need the Control Number included on the Notice or on your proxy card, as applicable. You may vote by telephone 24 hours a day. If you vote by telephone, you do not need to return a proxy card.

By Mail. If you requested printed copies of the proxy materials, you will receive a proxy card, and you may vote by signing, dating and mailing the proxy card in the envelope provided.

In Person. You may vote in person at the annual meeting by requesting a ballot from the inspector of election at the meeting.

Table of Contents

If you are a *beneficial owner of shares held in street name*, you may vote in any of the following ways:

By Internet. You may vote online by following the instructions provided in the Notice. You will need the Control Number included on the Notice or on your vote instruction form, as applicable. You may vote online 24 hours a day. If you vote online, you do not need to return a vote instruction form.

By Telephone. You may vote by telephone by following the instructions provided in the Notice. You will need the Control Number included on the Notice or on your vote instruction form, as applicable. You may vote by telephone 24 hours a day. If you vote by telephone, you do not need to return a vote instruction form.

By Mail. If you requested printed copies of the proxy materials, you will receive a vote instruction form, and you may vote by signing, dating and mailing it in the envelope provided.

In Person. You must obtain a legal proxy from the organization that holds your shares in order to vote your shares in person at the annual meeting. Follow the instructions on the Notice to obtain this legal proxy.

For both shareholders of record and beneficial owners of shares held in street name (other than ESPP participants), online and telephone voting is available through 11:59 p.m. ET on Sunday, June 26, 2011. For shares held by ESPP participants in an ESPP account, online and telephone voting is available through 11:59 p.m. ET on Wednesday, June 22, 2011.

10. What will happen if I do not return a proxy or give specific voting instructions?

Shareholders of Record. If you are a shareholder of record and you:

Do not vote via the Internet, by telephone or by mail, your shares will not be voted unless you attend the annual meeting to vote them in person.

Sign and return a proxy card without giving specific voting instructions, then your shares will be voted in the manner recommended by the board of directors on all matters presented in this proxy statement and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the annual meeting.

Beneficial Owners of Shares Held in Street Name or Participants in the ESPP. If you are a beneficial owner of shares held in street name or a participant in the ESPP and you do not provide the organization that holds your shares with specific voting instructions, under the rules of various national and regional securities exchanges, the organization that holds your shares may generally vote your shares on routine matters but cannot vote your shares on non-routine matters. If the organization that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, the organization will not have the authority to vote your shares on this matter. This is generally referred to as a broker non-vote.

11. What proposals are considered routine or non-routine ?

The election of directors (Proposal One), the advisory vote on executive compensation (Proposal Three), and the advisory vote on the frequency of the advisory vote on executive compensation (Proposal Four) are considered non-routine matters. A broker or other nominee cannot vote without instructions on non-routine matters, and therefore there may be broker non-votes on Proposals One, Three and Four.

The ratification of the selection of KPMG as the company's independent registered public accounting firm (Proposal Two) is considered a routine matter. A broker or other nominee generally may vote on routine matters, and therefore we expect no broker non-votes in connection with Proposal Two.

12. What if I change my mind after I vote?

You may revoke your proxy at any time before it is exercised by submitting a subsequent vote using the same methods described in Question 9.

Table of Contents

**QUESTIONS AND ANSWERS ABOUT OUR ANNUAL MEETING
AND PROXY STATEMENT** CONTINUED

13. How many votes are needed to approve each of the four proposals?

Proposal One: The six nominees receiving the highest number of FOR votes will be elected directors. Votes that are withheld and shares that are not voted in the election of directors will have no effect on the election of directors.

Proposal Two: The ratification of the selection of KPMG as our independent registered public accounting firm must be approved by the affirmative vote of a majority of the votes cast. Abstentions and broker non-votes will not be counted in determining the number of votes cast for this proposal.

Proposal Three: The advisory vote on executive compensation must be approved by the affirmative vote of a majority of the votes cast. Abstentions and broker non-votes will not be counted in determining the number of votes cast for this proposal.

Proposal Four: The time period receiving the greatest number of votes will be deemed the time period selected by the shareholders. Abstentions and broker non-votes will not be counted in determining the number of votes cast for this proposal.

14. Who can attend the annual meeting?

The annual meeting is open to all holders of CarMax common stock as of April 22, 2011. Shareholders who plan to attend the annual meeting may be asked to present valid picture identification, such as a driver's license or passport. If you are a beneficial shareholder, you must bring a copy of a brokerage statement indicating ownership of CarMax shares as of April 22, 2011. If you are an authorized proxy or if you want to vote in person the shares that you hold in street name, you must present the proper documentation from your bank or broker. Cameras, recording devices and other electronic devices will not be permitted at the annual meeting.

15. Who pays the cost of proxy solicitation?

CarMax pays the cost of soliciting proxies. We will solicit proxies from our shareholders, and, after the initial solicitation, some of our employees or agents may contact shareholders by telephone, by email or in person. We have

retained Georgeson, Inc. to solicit proxies for a fee of \$7,500 plus reasonable expenses. We will also reimburse banks, brokerage firms and other custodians, nominees and fiduciaries for their reasonable expenses in sending proxy materials to the beneficial owners of our common stock.

16. Who will count the votes?

Representatives from AST, our transfer agent, will tabulate the votes and act as inspector of election at the annual meeting.

17. Could other matters be decided at the annual meeting?

Management and our board of directors are not aware of any matters that may come before the annual meeting other than the four proposals disclosed in this proxy statement. However, if other matters do properly come before the annual meeting, the named proxies will vote in accordance with their best judgment.

18. How do I make a shareholder proposal for the 2012 annual meeting?

Pursuant to SEC rules, for a shareholder proposal to be considered for possible inclusion in the 2012 proxy statement, the corporate secretary of CarMax must receive the proposal in writing no later than January 16, 2012. CarMax plans to hold its 2012 annual meeting on or about June 25, 2012.

Pursuant to our Bylaws, if you wish to bring any matter for consideration before the 2012 annual meeting that is not included in the 2012 proxy statement, you must notify our corporate secretary in writing at CarMax, Inc., 12800 Tuckahoe Creek Parkway, Richmond, Virginia 23238, no earlier than the close of business on December 15, 2011, and no later than the close of business on January 16, 2012. Regarding each matter, your notice must meet the conditions set forth in Section 1.3 of our Bylaws. A copy of our Bylaws is available under the Corporate Governance link at investor.carmax.com and also will be provided without charge to any shareholder upon written request to our corporate secretary. If we do not receive proper notice prior to the close of business on January 16, 2012, the chairman of the annual meeting will exclude the matter and it will not be acted upon at the 2012 annual meeting.

CORPORATE GOVERNANCE

Our business and affairs are managed under the direction of the board of directors in accordance with the Virginia Stock Corporation Act, our Articles of Incorporation and our Bylaws. The standing committees of the board of directors are the Audit Committee, the Compensation and Personnel Committee and the Nominating and Governance Committee.

Corporate Governance Policies and Practices

The board of directors is actively involved in shaping our corporate governance. The board oversees the company's compliance with the governance reforms initiated by the Sarbanes-Oxley Act of 2002, the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 and the related rules and regulations proposed and adopted by the SEC and the New York Stock Exchange (NYSE). In response to the various laws, rules and regulations applicable to the company, and its own views on corporate governance, the board has adopted corporate governance guidelines and a code of business conduct applicable to all company personnel, including members of the board.

Our corporate governance guidelines set forth the practices of the board with respect to its responsibilities, qualifications, performance, access to management and independent advisors, compensation (including director stock ownership guidelines), orientation and continuing education, and management evaluation and succession.

Our code of business conduct contains provisions relating to honest and ethical behavior, including the handling of conflicts of interest between personal and professional relationships, corporate opportunities, the handling of confidential information, fair dealing, protection and proper use of company assets, compliance with laws and other matters. Any amendment to or waiver from a provision of this code for our directors or executive officers will be promptly disclosed under the Corporate Governance link at investor.carmax.com.

The corporate governance guidelines, code of business conduct and the charters of the Audit Committee, the Compensation and Personnel Committee and the Nominating and Governance Committee are also available under the Corporate Governance link at investor.carmax.com. A printed copy of these documents

is available to any shareholder without charge upon written request to our corporate secretary at CarMax, Inc., 12800 Tuckahoe Creek Parkway, Richmond, Virginia 23238.

Director Independence

As part of our corporate governance guidelines, the board has adopted categorical standards to assist it in evaluating the independence of each director and determining whether relationships between directors and the company or its subsidiaries (either directly or as a partner, shareholder or officer of an organization that has a relationship with the company) are material. In April 2011, our board of directors, after consultation with and upon the recommendation of the Nominating and Governance Committee, affirmatively determined, in its business judgment, that Messrs. Blaylock, Gangwal, Garten, Grafton, Grubb, Steenrod, Stemberg and Tiefel and Ms. Goodman, Ms. Stephenson and Ms. Stewart are each independent directors under our independence guidelines and the NYSE independence standards because each director: (1) has no material relationship with the company and (2) satisfies the independence criteria set forth in our independence guidelines and the NYSE listed company

manual. In addition, based on our guidelines and the NYSE standards, the board determined that Messrs. Folliard and Browning are not independent because they are both executive officers of CarMax.

Executive Sessions

Our corporate governance guidelines provide that executive sessions, where solely the non-executive directors meet, are to be held at each regularly scheduled board meeting and that non-executive directors may designate, on an annual basis, a director to preside at these sessions. Our non-executive directors met in executive session at each of our regularly scheduled board meetings in fiscal 2011. Effective June 2010, the board re-elected Mr. Tiefel as its independent chairman of the board and designated him to serve as the presiding director for executive sessions.

Board and Committee Meeting Attendance; Committee Membership

Pursuant to our corporate governance guidelines, directors are expected to attend meetings of the board

and of the board committees of which they are members. Our board of directors met four times in fiscal 2011. Each director attended 75% or more of the total number of meetings of the board and of the standing committees

on which he or she served. All directors attended the 2010 annual meeting of shareholders, with Ms. Stephenson attending via webcast.

The table below provides, for fiscal 2011, membership information and the number of meetings held by the board of directors and each of the board's committees. The numbers in each column indicate the number of meetings each director attended within each category. Messrs. Gangwal and Steenrod were elected to the board in January 2011, and no fiscal 2011 board or committee meetings were held following their elections.

Committees of the Board**Audit Committee**

The Audit Committee operates under a written charter adopted by the board. This charter sets forth the requirements for membership and the committee's authority, duties and responsibilities. The Audit Committee assists in the board's oversight of (1) the integrity of our consolidated financial statements, (2) our compliance with legal and regulatory requirements, (3) the independent auditors' qualifications and independence and (4) the performance of our internal audit function and the independent auditors. The Audit Committee retains, and approves all fees paid to, the independent auditors. The Audit Committee also pre-approves all non-audit engagements of the independent auditors. Each member of the Audit Committee is independent and

financially literate, with Messrs. Grafton and Steenrod considered an audit committee financial expert, in accordance with the applicable rules of the NYSE, the SEC and our corporate governance guidelines. The committee's report to shareholders can be found on page 48.

Compensation and Personnel Committee

The Compensation and Personnel Committee operates under a written charter adopted by the board. This charter sets forth the requirements for membership and the committee's authority, duties and responsibilities. The Compensation and Personnel Committee's duties include (1) the review and approval of the company's overall executive compensation philosophy, (2) the review and approval of salaries, short- and long-term incentives and other benefits and perquisites for our CEO and other

executive officers, (3) the oversight of the administration of our short- and long-term incentive compensation plans and all equity-based plans, (4) the review and approval of the terms of any severance, change-in-control or employment agreements with our executive officers and (5) the ongoing analyses of our executive and director compensation programs. Each member of the Compensation and Personnel Committee is independent in accordance with the applicable rules of the NYSE, the SEC and our corporate governance guidelines. The committee's report to shareholders can be found on page 26.

Nominating and Governance Committee

The Nominating and Governance Committee operates under a written charter adopted by the board. This charter sets forth the requirements for membership and the committee's authority, duties and responsibilities. The Nominating and Governance Committee (1) identifies individuals qualified to become members of the board, (2) recommends to the board nominees for director to be presented at the annual meetings of shareholders and nominees to fill vacancies on the board, (3) leads the board in the oversight of management succession planning, including succession planning for the CEO, (4) develops and recommends to the board our corporate governance guidelines and (5) considers director nominees submitted by shareholders in accordance with the procedures outlined on pages 15 and 16. Each member of the Nominating and Governance Committee is independent in accordance with the applicable rules of the NYSE and our corporate governance guidelines.

Board Leadership Structure

Historically at CarMax, two separate individuals have served in the roles of CEO and board chairman. Mr. Folliard has been our CEO since 2006, while Mr. Tiefel, a board member since 2002, has served as the independent chairman of the board since 2007. As our board chairman, Mr. Tiefel is responsible for chairing board meetings and meetings of shareholders, setting the agendas for board meetings and presiding over executive sessions of the independent directors. Mr. Folliard manages and oversees the day-to-day affairs of the company and directs the formulation and implementation

of the company's strategic plans. We believe that this leadership structure is currently the most appropriate for CarMax.

Our board recognizes that, depending on the circumstances, other leadership models might be appropriate. Our corporate governance guidelines state that the board has no fixed policy as to whether the roles of chairman and CEO should be separate, and the board remains free to make this choice in the manner it judges most appropriate for CarMax. These guidelines also provide that in the event that the CEO also serves as chairman, the board will appoint a lead independent director to serve in accordance with the company's Lead Independent Director Charter, which is available under the Corporate Governance link at investor.carmax.com. The board periodically reviews its leadership structure and elects its chairman annually.

Board's Role in Risk Oversight

In accordance with its charter and NYSE listing standards, our Audit Committee has primary oversight responsibility of the company's procedures for identifying significant risks or exposures. Our risk management program is directed by management director Mr. Browning, our Executive Vice President, Finance. With the assistance of our management team, Mr. Browning identifies and assesses the significant risks facing the company. On an annual basis, he reports to the Audit Committee on this process.

Following risk identification, each risk is grouped into a category with similar risks. The board has assigned oversight of each category to either the full board or a board committee. For each category, management reports regularly to the full board or the assigned committee, as appropriate,

Edgar Filing: CARMAX INC - Form DEF 14A

describing CarMax's strategies for monitoring, managing and mitigating risks in that category. In addition, management presents regular reports to the full board describing the most significant risks facing the company and the steps management is taking to monitor and manage those risks.

Each of our Audit, Compensation and Personnel, and Nominating and Governance committee charters provides that each such committee will review (a) the risks and exposures over which the committee has been

CORPORATE GOVERNANCE CONTINUED

delegated oversight responsibility by the board and (b) the steps management has taken to manage, control and monitor such risks and exposures. We believe that, in accordance with the process detailed above, our board exercises effective oversight of CarMax's risk management program.

Risk and Compensation Policies and Practices

In assessing whether risks arising from CarMax's compensation policies and practices were reasonably likely to have a material adverse effect on the company, management reviewed the company's compensation policies and practices for all employees, the potential risks presented by those policies and practices, and the factors that mitigate those risks. As part of its review, management considered the compensation arrangements currently in place for our store associates, store management, regional leadership teams, home office and CarMax Auto Finance associates, and executive officers. Following this review, management determined that none of CarMax's compensation policies and practices create risks that are reasonably likely to have a material adverse effect on the company.

Management then presented a summary of its review to the company's Compensation and Personnel Committee for discussion at the committee's January 2011 meeting. At that meeting, the committee and management discussed management's summary and the risk mitigation tools employed by the company. The summary listed each compensation policy or practice applicable to the various groups of CarMax associates, the potential risks presented by that policy or practice and the risk mitigation tools employed by the company to mitigate the related risks.

The compensation practices and policies covered by the summary included payments in the forms of base salaries, annual bonuses, equity and equity-based awards, sales bonuses, sales commissions and hourly pay. The risk mitigation tools covered by the summary included the following:

Annual bonus payments made to senior management are (i) subject to a clawback provision, (ii) capped at a plan maximum of 200% of base salary and (iii) only paid when the metrics designed by an independent committee of non-employee directors have been satisfied. Annual equity and equity-based awards (i) are approved by an independent committee of non-employee directors, (ii) contain three to four year vesting provisions and (iii) for senior management, must be held in compliance with the Company's executive stock ownership guidelines.

Sales bonuses are subject to risk mitigation tools that ensure that associates are not overpaid based upon inflated sales figures. These tools include (i) the performance of a daily vehicle inventory at each store, (ii) centralized and non-negotiable vehicle pricing, (iii) centralized assignment of sales targets and (iv) electronic reporting of sales from each store to the home office.

Hourly pay is tracked and managed through a central time management and reporting system.

Following discussion with management and a review of the summary noted above, the Compensation and Personnel Committee concurred with management's determination that none of CarMax's compensation policies and practices create risks that are reasonably likely to have a material adverse effect on the company.

Nominating and Governance Committee Process for Identifying Director Nominees

Candidates for election to our board of directors are considered in order to fill a vacancy on the board or if the board determines that it would be beneficial to add an individual with specific skills or expertise. In identifying potential candidates for nomination to the board, the committee may consider input from several sources, including members of the Nominating and Governance Committee, other board members, the CEO, outside search firms and shareholder recommendations. Mr. Gangwal, who was first elected by the board as a director in January 2011, was recommended to the Nominating and Governance Committee by Messrs. Stenberg and Folliard. Mr. Steenrod, who was also first elected by the board as a director in January 2011, was recommended to the Nominating and Governance Committee by Mr. Stenberg. Nominee candidates are evaluated in the same manner regardless of the source of the recommendation. The Nominating and Governance Committee will conduct an initial evaluation of each candidate. If suitable, the candidate will be interviewed by

Table of Contents

the committee and may also meet with other board members and company management. If the committee determines a nominee would be a valuable addition to the board, it will make a recommendation to the full board.

Nominating and Governance Committee Criteria for Selection of Directors; Consideration of Diversity

The board and the Nominating and Governance Committee believe that the board should be comprised of directors with varied, complementary backgrounds and that directors should have, at a minimum, business or other relevant expertise that may be useful to the company. The board and Nominating and Governance Committee also believe that directors should possess the highest personal and professional ethics and should be willing and able to devote the requisite amount of time to company business.

When considering nominees for director, the Nominating and Governance Committee takes into account a number of factors, including:

The size of the existing board.

The nominee's character, judgment, skill, education, relevant business experience, integrity, reputation and other personal attributes or special talents.

The nominee's independence from management, extent of existing commitments to other businesses and potential conflicts of interest with other pursuits.

The nominee's financial and accounting background, to enable the committee to determine whether the nominee would be considered an audit committee financial expert or financially literate under the applicable rules of the NYSE and the SEC.

Whether the nominee is subject to a disqualifying factor as described in our corporate governance guidelines.

As noted above, in considering director nominees, the Nominating and Governance Committee believes that the board should be comprised of directors with varied, complementary backgrounds, with a particular emphasis on character, judgment, skill, education, relevant business experience, integrity, reputation and other personal

attributes or special talents. We address and value diversity through our consideration of these factors in our director selection process. While we do not have a written policy with respect to the consideration of diversity in identifying director nominees, our consideration of the factors noted above has yielded a diverse, qualified, experienced and skilled CarMax board of directors.

Process for Shareholder Nomination of Directors

The Nominating and Governance Committee will consider nominees for director suggested by shareholders using the previously described criteria and considering the additional information referred to below. For the 2012 annual meeting, written notice to nominate a director for election must be received no earlier than the close of business on December 15, 2011, and no later than the close of business on January 16,

2012.

Under our Bylaws, a shareholder wishing to nominate a director at a shareholders' meeting must deliver written notice to our corporate secretary stating his or her intention to make a nomination. For an annual meeting, the notice must be received no earlier than the close of business 150 days prior to and no later than the close of business 120 days prior to the anniversary of the date the company mailed its proxy materials for the prior year's annual meeting. However, if the date of the annual meeting has changed by more than 30 days from the prior year, the notice must be received a reasonable time before the company mails its proxy materials, which time shall be not (a) earlier than the close of business 120 days prior to such annual meeting and (b) later than the close of business on the later of the ninetieth day prior to such meeting or the tenth day following the first public announcement by the company of the date of such meeting. For a special meeting, the notice must be received no later than the close of business on the seventh day following the date on which notice of a special meeting for the election of directors is first given to shareholders.

A shareholder's notice of a proposed director nominee should be sent to our corporate secretary at CarMax, Inc., 12800 Tuckahoe Creek Parkway, Richmond, Virginia 23238, and must meet the requirements described in Section 2.3 of our Bylaws. A copy of our Bylaws is

available under the [Corporate Governance](#) link at investor.carmax.com and also will be provided without charge to any shareholder upon written request to our corporate secretary.

Process for Shareholder or Interested Party Communication with Directors

Shareholders or other interested parties wishing to contact the board of directors or any individual director may send correspondence to CarMax, Inc., c/o

Corporate Secretary, 12800 Tuckahoe Creek Parkway, Richmond, Virginia 23238, or may send an e-mail to chairman@carmax.com, which is monitored by Eric M. Margolin, our corporate secretary. Mr. Margolin will forward to the board or appropriate board member any correspondence that deals with the functions of the board or its committees, and any other matter that would be of interest to the board. If the correspondence is unrelated to board or shareholder matters, it will be forwarded to the appropriate department within the company for further handling.

COMPENSATION DISCUSSION AND ANALYSIS

Section I. Overview

Executive Summary

In fiscal 2011, we again achieved record fiscal year earnings, while our total shareholder return increased by 75%. Highlights of the year included:

We reported record net earnings of \$380.9 million, up 35% over the record results achieved in the previous year.

Comparable store used unit sales increased 10%, and our data indicated that we increased our share of the late-model used vehicle market.

While growing market share, we also improved our used and wholesale vehicle gross profit per unit, in part due to our continued ability to eliminate waste from our reconditioning process.

CarMax Auto Finance generated strong profits, and we took actions that we believe will better position us to provide consumer financing in the event of future disruptions in the credit markets, should they occur.

We resumed superstore growth, opening three stores in fiscal 2011 and positioning the company to open an expected five stores in fiscal 2012 and eight to ten stores in fiscal 2013.

As a result of this strong performance, base salaries, which had been frozen in fiscal 2009, increased for our named executive officers for the first time in two years. Because the company exceeded the performance goals that had been set at the outset of the fiscal year, we paid annual bonuses to our named executive officers. We also provided equity awards to our named executive officers with a 25% greater grant date fair value than those provided in fiscal 2010. These compensation decisions are consistent with our pay-for-performance philosophy.

The Compensation and Personnel Committee

At the direction of the board of directors, the Compensation and Personnel Committee oversees all of our executive and director compensation plans, policies and programs. In fiscal 2011, the following three independent directors served on the committee for the majority of the fiscal year: Messrs. Stemberg (its

chairman), Grubb and Tiefel. Mr. Blaylock, also an independent director, replaced Mr. Tiefel on the committee in January 2011. As part of its oversight function, the committee reviews and determines all named executive officer compensation, whether short- or long-term, or cash- or equity-based. The committee's role is detailed in its charter, which is available under the Corporate Governance link at investor.carmax.com.

Compensation Philosophy and Objectives

The committee oversees an executive compensation program designed to reflect CarMax's pay-for-performance philosophy and that supports and reinforces the company's key operating and strategic objectives. The committee has established the following objectives for our executive compensation program:

Align the interests of executive officers with the financial interests of our shareholders.

Encourage the achievement of our key strategic, operational and financial goals.

Link incentive compensation to company and stock price performance, which the committee believes promotes a unified vision for senior management and creates common motivation among our executives.

Attract, retain and motivate executives with the qualifications necessary to drive our long-term financial success.

Provide the committee the flexibility to respond to the continually changing environment in which we operate.

The Named Executive Officers

This Compensation Discussion and Analysis describes and analyzes the key features of our executive compensation program, particularly as they relate to our named executive officers. For fiscal 2011, our named executive officers were:

Thomas J. Folliard, President and Chief Executive Officer.

Keith D. Browning, Executive Vice President, Finance (Mr. Browning served as our Chief Financial Officer until October 2010).

Table of Contents

COMPENSATION DISCUSSION AND ANALYSIS CONTINUED

Michael K. Dolan, Executive Vice President and Chief Administrative Officer.

Joseph S. Kunkel, Senior Vice President, Marketing & Strategy.

Thomas W. Reedy, Senior Vice President and Chief Financial Officer (Mr. Reedy was promoted to this position in October 2010).

William C. Wood, Senior Vice President, Sales (Mr. Wood was promoted to this position in January 2010).

Management's Role in the Executive Compensation Process

Although management does not have any decision-making authority regarding executive compensation, it assists the committee by recommending appropriate base

salary levels (except for the CEO), performance objectives and targets, and individual equity award amounts. Management also assists the committee with the preparation of the committee's meeting agendas and prepares materials for those meetings as directed by the committee.

The committee has not delegated any authority with respect to the compensation of the company's executive officers and non-employee directors. However, the committee has delegated limited authority to Messrs. Folliard and Browning to grant equity awards (in an amount not to exceed 75,000 shares or units between regularly scheduled committee meetings) to the company's non-executive officer employees. Any such awards are subject to the company's Employee Equity Grant Policy (the Grant Policy), which may be found at investor.carmax.com under the Corporate Governance link.

Compensation Consultants and the Peer Group

The committee has retained the services of Hay Group, an independent compensation consultant, in order to obtain access to independent compensation data, analysis and advice. Hay Group provides no other services to the company. Notwithstanding the committee's use of outside advisors and management's participation in the executive compensation process, all executive compensation determinations are made by the committee, using its independent judgment and analysis.

In January and February 2010, Hay Group, at the direction of the committee, performed a comprehensive analysis of the total direct compensation for our named executive officers and certain other senior CarMax associates. The study compared the value of each person's total direct compensation to the corresponding compensation awarded to similarly situated personnel within a peer group of companies, as well as to the compensation awarded to executives from a broader group of retail companies, which we refer to as the Hay Group retail group. The peer

Edgar Filing: CARMAX INC - Form DEF 14A

group consisted of 19 publicly traded companies, which, because we compete within a unique auto retailing market segment and have few similar competitors, includes a mix of big-box retailers and publicly traded auto retail groups. The peer companies fall within a reasonable range (both above and below CarMax) of comparative factors such as revenue, market capitalization, total shareholder return, return on equity and return on investment. This competitive market data provides a frame of reference for the committee when evaluating executive compensation. The composition of this group of companies may vary from year to year as changes occur at the companies within the group or the committee determines that a change is necessary.

The following companies comprised the peer group:

Advance Auto Parts, Inc.
Asbury Automotive Group, Inc.
AutoNation, Inc.
AutoZone, Inc.
Barnes & Noble, Inc.
Bed Bath & Beyond Inc.
Dollar General Corporation

Dick's Sporting Goods, Inc.
Family Dollar Stores, Inc.
Genuine Parts Company
Group 1 Automotive, Inc.
Kohl's Corporation
Lithia Motors, Inc.

Office Depot, Inc.
OfficeMax Incorporated
Penske Automotive Group, Inc.
PetSmart, Inc.
Staples, Inc.
Whole Foods Market, Inc.

Table of Contents

Although we do not directly compete with each of the above-listed companies in the consumer marketplace, we often compete with them and others to attract and retain talented executives. Accordingly, the committee finds it useful to review these companies' compensation practices in considering and determining CarMax's own compensation policies and practices. The committee generally tries to set base salaries that are competitive within the peer group. The committee employs annual incentive bonuses and stock-based awards to further reward executive officers with total direct compensation above the median of the peer group when the company

performs well. The failure to (a) achieve pre-determined earnings per share targets or (b) increase the company's stock price will result in reduced or no realized compensation from the annual incentive bonus and stock-based awards compensation programs. The committee does not use peer group data as its sole determinant in making compensation decisions. This data is one of many factors that inform the committee's compensation decisions. Other factors include individual performance, company performance, level of seniority and succession planning.

Section II. The Key Elements of Our Executive Compensation Program and Fiscal 2011 Decisions

The key elements of compensation for our named executive officers are base salary, an annual incentive bonus and stock-based awards. Together, these elements comprise total direct compensation.

$$\begin{array}{ccccccc}
 \text{Base Salary} & + & \text{Annual Incentive} & + & \text{Stock-Based} & = & \text{Total Direct} \\
 & & \text{Bonus} & & \text{Awards} & & \text{Compensation}
 \end{array}$$

Each of the three key elements of total direct compensation promotes one or more compensation objectives set forth above. Competitive base salaries help us to attract, retain and motivate executives. Our annual incentive bonus, which is tied to earnings per share, helps to align the interests of our executive officers with the financial interests of our shareholders and encourage the achievement of the company's financial goals. The stock-based awards directly tie an executive's long-term compensation to the company's stock price, as well as encourage the achievement of our strategic, operational and financial goals.

The committee considers each key element of compensation when designing and evaluating our executive compensation program. This consideration ensures that the program will meet its specified objectives. The committee recognizes the impact that an adjustment to one key element of compensation may have on other elements. For example, an increase in a named executive officer's base salary will result in a larger target incentive amount. However, decisions regarding

any one key element of compensation are not determinative of decisions that will be made regarding the other key elements. Further, committee decisions regarding stock-based awards and committee decisions regarding base salaries and annual incentive bonuses are generally made at separate committee meetings. Notwithstanding the independence of these decisions, each committee decision regarding the key elements of compensation is made in furtherance of the objectives of the program.

The committee did not consider the realized value of stock-based compensation when designing and evaluating our executive compensation program. This excluded compensation was not a factor in the committee's analysis and decisions regarding total direct compensation and was not used when analyzing the company's position within the peer group percentiles. The committee generally considers the value of stock-based compensation as an element of the company's executive compensation program at the time of grant of a stock-based award, not at the time of exercise.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS** CONTINUED**Compensation Mix**

As officers assume higher levels of responsibility, the percentage of their compensation that is performance-based increases. Although we do not have a pre-established policy or target for allocation between specific compensation components, the majority of our named executive officers' annual total direct compensation is determined by the company's performance, as measured by our earnings per share and stock price. The table below illustrates how fiscal 2011 total direct compensation was allocated between performance-based and fixed compensation, as well as the break-down of performance-based compensation that is based on annual and long-term company performance.

	Percentage of Total Direct Compensation		Percentage of Performance-Based Total Compensation	
	Performance-Based	Fixed	Annual	Long-Term
	Thomas J. Folliard	82	18	33
Keith D. Browning	75	25	30	70
Michael K. Dolan	76	24	28	72
Joseph S. Kunkel	69	31	27	73
Thomas W. Reedy ^(a)	77	23	18	82
William C. Wood	74	26	22	78

(a) The company granted equity awards to Mr. Reedy two times in fiscal 2011, once as part of the company's annual equity award process in April 2010 and once in December 2010 related to his promotion to chief financial officer. Accordingly, Mr. Reedy's performance-based compensation is more heavily weighted towards the company's long-term performance than the other named executive officers.

Base Salary

The committee establishes competitive base salaries to retain key officers and attract new talent that the committee believes are necessary for our long-term financial success. An executive officer's base salary generally reflects the officer's responsibilities, tenure, job performance and the direct competition for the officer's services. The committee reviews officer base salaries at 12-month intervals, generally in April. When the committee reviews these base salaries, it considers the reports and advice provided by its independent consultant, as well as the recommendations provided by our CEO (except when setting the CEO's base salary).

In April 2010, the following base salary adjustments were made.

Name	Prior Base Salary	Adjusted	Percentage Increase
		Base Salary ^(b)	

Edgar Filing: CARMAX INC - Form DEF 14A

	(\$)	(\$)	(%)
Thomas J. Folliard	850,000	1,000,000	17.6
Keith D. Browning	615,835	637,389	3.5
Michael K. Dolan	581,622	601,979	3.5
Joseph S. Kunkel	547,409	566,568	3.5
Thomas W. Reedy ^(a)	400,000	400,000	
William C. Wood ^(a)	425,000	425,000	

(a) Each of Messrs. Reedy and Wood became senior vice presidents of the company in January 2010. In conjunction with these promotions, Mr. Reedy's base salary increased 6.2% from \$376,821 to \$400,000; Mr. Wood's base salary increased 22.6% from \$346,725 to \$425,000.

(b) In fiscal 2011, we no longer paid the costs related to our executive physical program for our named executive officers. Instead, in May 2010, we provided each of our named executive officers with a one-time salary increase of \$5,000 to cover their own future voluntary enrollment in this program. This \$5,000 salary adjustment is not included in the table above.

Table of Contents

In April 2010, the committee conducted a review of Mr. Folliard's performance. As part of this performance review, the committee considered, among other factors, the company's earnings performance, ability to continue to provide competitive financing to its customers, management development, culture and cost management. The committee also reviewed the peer group and Hay Group retail group data, which indicated that Mr. Folliard's then-current base salary was between the 25th and 50th percentile of the peer group and at the 25th percentile of the retail group. Based on Mr. Folliard's performance review and the committee's analysis of the group data, the committee increased Mr. Folliard's salary by 17.6% to \$1,000,000.

In fiscal 2011, Mr. Folliard recommended that the committee increase the base salaries for each of the other named executive officers (other than Messrs. Reedy and Wood) by 3.5%, based upon the contributions that each officer made to the company's performance during fiscal 2010. The committee agreed with Mr. Folliard's recommendation.

Upon Mr. Reedy's promotion to chief financial officer in October 2010, Mr. Folliard recommended that the committee increase Mr. Reedy's salary to \$430,000. The committee considered the advice of its independent consultant, Mr. Reedy's prior contributions to the company, including his successful liquidity and capital management throughout the recession, as well as the scope of his future role, and concurred with Mr. Folliard's recommendation. Mr. Wood did not receive a base salary increase in fiscal 2011. However, in conjunction with his promotion to senior vice president, sales in January 2010, Mr. Folliard recommended that the committee increase Mr. Wood's base salary to \$425,000. The committee considered the advice of its independent consultant and Mr. Wood's leadership of the company's sales organization, and concurred with Mr. Folliard's recommendation.

Annual Incentive Bonus

Pursuant to our Annual Performance-Based Bonus Plan, as amended and restated (the "Bonus Plan"), we may provide annual incentive bonuses to our executive officers. Payments, if any, made under this plan are directly tied to the achievement of certain pre-defined financial performance goals. We adopted the Bonus Plan as a mechanism to provide this annual incentive compensation and to preserve the deductibility of this

compensation in accordance with Section 162(m) of the Internal Revenue Code and related regulations.

The amount of the incentive bonus depends on our actual performance as measured against objective performance goals established by the committee at the beginning of each fiscal year. In April 2010, the committee determined that the threshold, target and maximum performance goals for fiscal 2011 would be based on our fiscal 2011 earnings per share. The committee believes that earnings per share is an appropriate measure for the performance goal because stock price appreciation is generally based on earnings growth. Accordingly, the interests of our management and our shareholders will be aligned.

Each named executive officer's individual incentive bonus target is set forth in a written agreement with the company, is directly tied to his level of authority and is expressed as a percentage of his base salary. Each named executive officer's base salary, incentive target percentage, and target and maximum incentive bonus amounts for fiscal 2011 is set forth in the table below.

Name	Base Salary (\$)	Incentive Target Percentage (%)	Target Incentive Amount (\$)	Maximum Incentive Amount (\$)
------	------------------------	--	---------------------------------------	--

Edgar Filing: CARMAX INC - Form DEF 14A

Thomas J. Folliard	1,005,000	100	1,005,000	1,507,500
Keith D. Browning	642,389	60	385,433	578,150
Michael K. Dolan	606,979	60	364,187	546,281
Joseph S. Kunkel	571,568	40	228,627	342,941
Thomas W. Reedy	430,000	40	172,000	258,000
William C. Wood	430,000	40	172,000	258,000

If the committee determines that an executive officer is eligible for payment under the Bonus Plan because our performance goals have been met, the exact bonus amount is determined by multiplying the target incentive amount by a performance adjustment factor. The performance adjustment factors established by the committee for fiscal 2011 pursuant to the Bonus Plan were:

25% if the threshold performance goal was achieved.

100% if the target performance goal was achieved.

150% if the maximum performance goal was achieved.

If the threshold performance goal is not achieved, no incentive bonus is paid, as was the case in each of fiscal

Table of Contents

COMPENSATION DISCUSSION AND ANALYSIS CONTINUED

2009 and 2008. The performance adjustment factors are prorated when our actual performance exceeds a lower performance goal but not the next higher performance goal. The Bonus Plan provides that the maximum annual amount payable is the lesser of 200% of the executive's base salary or \$2,000,000. However, the committee has limited the maximum performance adjustment factor to 150% for fiscal 2011.

Under the Bonus Plan, the committee may reduce the amount of any bonus award paid to a named executive officer below the amount that otherwise would be payable upon application of the relevant adjustment factor and may decide not to pay a bonus even when performance goals have been satisfied. Under no circumstances, however, may the committee increase the amount of any bonus payable under the Bonus Plan above what would be payable to an executive upon application of the relevant adjustment factor.

Performance Targets

In April 2010, the committee established the following diluted earnings per share targets for fiscal 2011: \$1.03 as the threshold performance goal; \$1.21 as the target performance goal; and \$1.40 as the maximum performance goal under the Bonus Plan. In April 2011, the committee certified that CarMax had achieved diluted earnings per share for fiscal 2011 of \$1.67, which exceeded the maximum performance goal. Accordingly, the performance adjustment factor for fiscal 2011 was 150%.

During the last five fiscal years, the average performance adjustment factor has been 100% (150%, 200%, 0%, 0% and 150% for fiscal 2011, 2010, 2009, 2008 and 2007 respectively), meaning that, on average for the past five years, we have paid our named executive officers an annual incentive bonus award of 100% of their respective target incentive amounts.

Stock-Based Awards

In fiscal 2010, the company modified its stock-based compensation program. The key changes resulted in our diminished reliance on stock options as the sole form of executive equity pay and the introduction of stock-settled restricted stock units (which we refer to as market stock units (MSUs)) to enhance our long-term pay practices. At the executive officer and vice president levels, 75% of the fair value of each equity grant was delivered in the form of stock options and 25% was delivered in the form of MSUs. Additionally, for those associates who had previously received restricted stock, we began awarding cash-settled restricted stock units in their place, in an effort to limit shareholder dilution and conserve the number of shares allocated to our Stock Incentive Plan. We maintained each of these equity compensation practices in fiscal 2011.

In determining the number of options and MSUs to award, the committee considers the named executive officer's role at CarMax; our recent financial performance; the performance of our common stock; the fair market value, expense and dilutive effect of any potential award; as well as succession planning and the retention of the services of the officer. To assist in this endeavor, the committee solicits the insight of the company's CEO, as well as its independent compensation advisors. Generally, the CEO provides an initial recommendation of annual equity awards to the committee. The committee reviews this recommendation and then makes its own independent determination of the annual equity awards.

Equity awards provided to the named executive officers in fiscal 2011 had a 25% greater grant date fair value than those provided in fiscal 2010. However, due to a more than 100% increase in the respective strike prices, the number of shares awarded dropped significantly. The committee

Edgar Filing: CARMAX INC - Form DEF 14A

approved the across-the-board equity increases based upon the company's strong earnings performance in fiscal 2010, the strong earnings contributions from all components of the CarMax business and the desire to retain management associates.

Table of Contents

In fiscal 2011, the committee approved stock option and MSU awards for our named executive officers in the amounts noted below. The table also includes the grant date fair values of the equity awards made in fiscal 2011 and 2010:

Name	Options and MSUs Granted in Fiscal 2011			Options and MSUs Granted in Fiscal 2010

Michael K. Dolan	94,669	9,456	1,370,790	162,034	14,524	1,094,482
Joseph S. Kunkel	64,894	6,482	939,657	111,072	9,956	750,252

William C. Wood	64,894	6,482	939,657	49,656	4,451	335,409

The exercise price of the options granted in fiscal 2011 and 2010 was \$25.39 and \$11.43, respectively. Limited stock appreciation rights (SARs) were granted in tandem with each of the option awards set forth above. The SARs may only be exercised in the event of a change-in-control of the company. Upon the exercise of the SAR and the surrender of the related option, the officer is entitled to receive an amount equal to the difference between the value of our common stock on the date of exercise and the exercise price of the underlying stock option. No free-standing SARs have been granted.

The fiscal 2011 equity awards were granted on April 6, 2010, which was three business days following the date on which we released our fiscal 2010 year-end earnings information. Pursuant to our Grant Policy, these annual equity grants were made in accordance with a pre-determined schedule, from which the committee did not deviate. The options and MSUs were priced at the volume-weighted average price of the company's common stock on the grant date. The committee has determined that the use of the volume-weighted average price, as opposed to the closing price, is more representative of the value of the common stock because it incorporates all trades made on the grant date, as opposed to using only the final trade of the day. Our pricing policy is also incorporated in our Grant Policy.

Section III. Additional Elements of Compensation

We provide our executive officers with the benefits and perquisites described below, which are intended to be a part of a competitive compensation package.

Retirement Plans

We provide all associates, including our named executive officers, with the opportunity to participate in our 401(k) Plan. We also provide eligible associates, namely those individuals whose benefits under our 401(k) Plan are limited due to the compensation limits imposed by the Internal Revenue Code, the opportunity to participate in our Retirement Restoration Plan. In fiscal 2011, we established a nonqualified deferred compensation plan, the Executive Deferred Compensation Plan, to permit eligible associates to defer receipt of a portion of their

base salary and/or bonus to a future date. A description of the terms of each plan can be found in the narrative discussion following the Nonqualified Deferred Compensation table on page 34 (Note that our 401(k) Plan is a tax-qualified plan). Additionally, details regarding the fiscal 2011 contributions to each named executive officer's Retirement Restoration Plan and Executive Deferred Compensation Plan accounts, as

Edgar Filing: CARMAX INC - Form DEF 14A

well as the earnings and aggregate balances for those accounts, can be found in the [Nonqualified Deferred Compensation](#) table.

During fiscal 2009, we froze our Pension Plan and Benefit Restoration Plan, which were retirement plans that we previously offered. As a result, as of December 31, 2008, no additional benefits will accrue under the Pension Plan or the Benefit Restoration Plan. Additional details regarding these frozen benefits can be found in the [Pension Benefits in Fiscal 2011](#) table on page 32.

Health and Welfare Plans

We provide a variety of competitive health and welfare plans to our associates and executives, including medical, dental and vision care; life, accidental death and dismemberment and dependent life insurance; short-term and long-term disability insurance; and paid time off. Additionally, each executive officer is encouraged to participate in our executive physical program, which provides screening, preventative and general medical care. However, in fiscal 2011, we ceased paying the costs of this program for our named executive officers. Rather, we provided each of our named executive officers with a salary increase of \$5,000 to cover their own ongoing annual program costs.

Company Transportation

We provide a car allowance and the use of a CarMax-owned vehicle for each of our named executive officers. We offer a similar benefit to each of our regional vice presidents. We also provide the use of a CarMax-owned vehicle, on the same terms as provided to the named executive officers, to certain other eligible associates. For all associates using CarMax-owned vehicles, we bear the maintenance and insurance costs. The IRS treats both the monthly vehicle allowance and the personal use of company-owned vehicles as income to the associate and the related taxes are paid by the associate.

Our executive officers are encouraged to use our plane for business travel. Additionally, our plane is available for personal use by Messrs. Folliard, Browning, Dolan and Kunkel when we do not need the plane for business travel. Our policy regarding personal use requires that Mr. Folliard reimburse the company for the incremental costs associated with his personal use to the extent that the incremental costs exceed \$125,000 in any fiscal year. The policy requires that Messrs. Browning, Dolan and Kunkel reimburse the company for the incremental costs associated with their respective personal use of the plane to the extent that the incremental costs exceed \$35,000 in any fiscal year. All income taxes associated with an executive's personal use of the plane are borne by the executive.

Tax and Financial Planning Services

We provide a tax and financial planning benefit to our named executive officers. Officers who elect the services

of the company's tax and financial advisory firm must pay the income taxes associated with this benefit, which is valued at \$14,000 per year. Officers who forego this benefit may opt to engage their own tax professional, which expense will be borne by the company in an amount up to \$5,000 (\$10,000 for the CEO), with the officer paying the taxes associated with this income. The committee approved this benefit to reduce the amount of time and attention that our executive officers must spend on these matters, which permits them to focus on their responsibilities to us, and to maximize the financial reward of the compensation that we provide.

Stock Ownership Guidelines

In April 2011, the committee adopted revised stock ownership guidelines for our executive officers. No later than five years after becoming a senior vice president, executive vice president or CEO, each officer must hold shares of our common stock equal in value to the amounts set forth below.

Edgar Filing: CARMAX INC - Form DEF 14A

Subject Officers

Chief Executive Officer
Executive Vice President
Senior Vice President

Required to Own the Lesser of:

6 x Base Salary or 300,000 shares
3 x Base Salary or 100,000 shares
2 x Base Salary or 50,000 shares

Shares owned outright, in-the-money stock options, restricted stock and MSUs are included in determining compliance with the share ownership requirements. The stock ownership guidelines are available under the [Corporate Governance](#) link at investor.carmax.com. Further, pursuant to our Policy Against Insider Trading, all CarMax associates, including our named executive officers, are prohibited from engaging in any hedging transactions with CarMax stock.

Tax Considerations

The company does not provide tax gross-ups on any compensation or perquisites provided to its named executive officers.

Section 162(m) of the Internal Revenue Code generally disallows a deduction by publicly held corporations for compensation in excess of \$1 million paid to the CEO or any of the three other most highly compensated officers

Table of Contents

(other than the CFO). Certain performance-based compensation qualifies for an exemption under Section 162(m) and is not subject to the deduction limit. Compensation under our Bonus Plan and stock options granted pursuant to our Stock Incentive Plan currently qualify for the exemption. The committee continues to monitor its executive compensation plans and policies with a view toward preserving the deductibility of executive compensation while maintaining the ability to attract and retain those executives necessary to assist us in reaching our goals and objectives.

Section IV. Employment and Severance Agreements

We have entered into an employment or a severance agreement with each of our named executive officers. The committee has determined that these written agreements are beneficial to us because they contain restrictive covenants relating to the protection of our confidential information and covenants not to compete and not to solicit our employees. These restrictive covenants continue for a period of two years following the end of the executive officer's employment. Additionally, the committee believes that these agreements better enable our named executive officers to focus their efforts on the company's strategic and operating goals.

Mr. Folliard's employment agreement was for an initial term of two years, with automatic extensions for additional one-year periods following the end of the initial term (or any subsequent renewal period), unless either CarMax or Mr. Folliard provides written notice of intent not to renew at least 90 days before the end of the then-current term. The severance agreements with the other named executive officers do not have a specified term of agreement.

Under the terms of the employment and severance agreements, the committee establishes and approves each named executive officer's annual base salary, which cannot be less than the minimum base salary set forth in each agreement unless across-the-board reductions in salary are implemented for all of our senior officers. Additionally, the committee approves the performance

measures and payment amounts that determine each named executive officer's annual incentive bonus under the Bonus Plan. Each named executive officer is also eligible to participate in our Stock Incentive Plan and to participate in all other incentive, compensation, benefit and similar plans available to our other executive officers.

Clawback and Forfeiture Provisions

The employment and severance agreements contain a clawback provision. If any named executive officer engages in conduct for which he could generally be terminated for cause, and the conduct directly results in the filing of a restatement of any financial statement that was previously filed with the SEC (or other governmental agency), the named executive officer, upon demand by the company, shall repay and forfeit all compensation that was expressly conditioned upon the achievement of certain financial results if the restated financial statements would have resulted in a lesser amount being paid.

In addition to the clawback provision contained in each of these agreements, our equity award agreements also contain a forfeiture provision. If a named executive officer is terminated for cause, the officer's unexercised vested and unvested options are forfeited. Further, all unvested MSUs and restricted stock are also forfeited upon a termination for cause.

Change-in-Control and Severance Benefits

Edgar Filing: CARMAX INC - Form DEF 14A

Each employment and severance agreement provides for the termination of employment due to retirement, death or disability (as those terms are defined in each agreement). The agreements also provide for the termination of employment by us without cause and termination by the executive officer for good reason (as those terms are defined in each agreement). Termination under any of these circumstances will entitle the executive officer to receive certain payments and other benefits.

The agreements also provide for payments and benefits following the termination of employment in these circumstances in connection with a change-in-control or a sale of all or substantially all of the assets of the company in a single transaction or a series of related transactions (an asset sale). Detailed information with respect to these payments and benefits can be found under the

Table of Contents

COMPENSATION DISCUSSION AND ANALYSIS CONTINUED

heading, Potential Payments Upon Termination or Change-in-Control beginning on page 35. The executive officers are not entitled to any severance payments as a result of voluntary termination (outside of the retirement context) or if they are terminated for cause.

The committee believes that these severance benefits encourage the commitment and availability of our named executive officers and ensure that they will be able to devote their full attention and energy to our affairs in the face of potentially disruptive and distracting circumstances. In the event of a potential

change-in-control, our named executive officers will be able to analyze and evaluate proposals objectively with a view to the best interests of CarMax and its shareholders and to act as the board may direct without fear of retribution if a change-in-control occurs. The committee recognizes that the severance benefits may have the effect of discouraging takeovers and protecting our officers from removal, because the severance benefits increase the cost that would be incurred by an acquiring company seeking to replace current management; however, the committee believes that the benefit to the company outweighs this concern.

Compensation and Personnel Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based upon their review and discussions, recommended to the CarMax board of directors that the Compensation Discussion and Analysis be included in this proxy statement.

(a) The compensation associated with the personal use of the company plane is based on the incremental cost of operating the plane. The incremental cost is calculated based upon the average variable costs of operating the plane. Variable costs include fuel, maintenance, travel expenses for the flight crews and other miscellaneous expenses. The total annual variable costs are divided by the total number of miles our plane flew in fiscal 2011 to determine an average variable cost per mile. The average variable cost per mile is multiplied by the miles flown for personal use to derive the incremental cost. This methodology excludes fixed costs that do not change based on usage, such as salaries and benefits for the flight crews, monthly service contracts, hangar rental fees, taxes, rent, depreciation and insurance. The costs associated with deadhead flights (i.e., flights that travel to a destination with no passengers as a result of an executive's personal use) and incremental plane charters (i.e., plane charters, if any, that we pay for because our plane was not available for business use due to an executive's personal use) are included in the incremental cost calculations for each executive. The IRS treats the personal use of the company plane as income to the executive and the related taxes are paid by the executive using applicable Standard Industry Fare Level rates.

(b) The value of the personal use of a company automobile is determined based on the annual lease value method and excludes any expenses such as maintenance and insurance.

(c) The monthly vehicle allowance for Mr. Folliard is \$858 and for the other named executive officers is \$533.

(d) Includes the company matching portion of each executive's Retirement Savings Plan (RSP) contributions. Also includes a company-funded contribution made regardless of an executive's participation in the RSP, as well as an additional company-funded contribution to those executives who met certain age and service requirements as of December 31, 2008, the date that our Pension Plan was frozen. These RSP benefits are offered on the same terms to all CarMax associates.

(e) Includes the company matching portion of each executive's Retirement Restoration Plan (RRP) contributions. Also includes a company-funded contribution regardless of each executive's participation in the RRP, as well as an additional company-funded contribution to those executives who met certain age and service requirements as of December 31, 2008, the date that our Pension Plan was frozen. These RRP benefits are offered on the same terms to all CarMax associates whose salary exceeds the IRS 401(k) annual limitations. Also includes a restorative contribution designed to compensate executives for any loss of company contributions under the Retirement Savings Plan and Retirement Restoration Plan due to a reduction in the Retirement Savings Plan and Retirement Restoration Plan eligible compensation resulting from deferrals into the Executive Deferred Compensation Plan.

(f) Represents the total amount of other benefits provided, none of which individually exceeded the greater of \$25,000 or 10% of the total amount of these benefits, for the named executive officer including as applicable: (i) tax and financial planning services and (ii) spousal travel expenses related to two company-sponsored functions.

(a) Represents threshold, target and maximum payout levels under our Bonus Plan for fiscal 2011 performance. The actual amount of incentive bonus awards earned by each named executive officer in fiscal 2011 is reported under the Non-Equity Incentive Plan Compensation column in the Summary Compensation Table on page 27. Additional information regarding the design of our Bonus Plan is included in the Compensation Discussion and Analysis beginning on page 17.

(b) Represents stock-settled restricted stock units, which we refer to as market stock units or MSUs. At the end of the three-year vesting period, each MSU will be converted into between zero and two shares of CarMax common stock. The conversion ratio is calculated by dividing the average closing price of our stock during the final 40 trading days of the three-year period, by our stock price on the grant date, with the resulting quotient capped at two. This quotient is then multiplied by the number of MSUs granted.

(c) Each option grant vests in 25% increments annually over four years and expires on the seventh anniversary of the grant date. Limited SARs were granted in tandem with each of the option awards set forth above. The SARs may only be exercised in the event of a change-in-control of the company. Upon the exercise of the SAR and the surrender of the related option, the officer is entitled to receive an amount equal to the difference between the value of our common stock on the date of exercise and the exercise price of the underlying stock option. No free-standing

SARs have been granted.

(d) All fiscal 2011 stock options were issued with an exercise price equal to the volume-weighted average price of our common stock on the grant date.

(e) Represents the grant date fair value of the award as determined in accordance with FASB ASC Topic 718.

(a) All option awards set forth in the table vest in 25% increments annually over a four-year period. Limited SARs were granted in tandem with each option award. The SARs may be exercised only in the event of a change-in-control of the company. Upon the exercise of the SAR and the surrender of the related option, the officer is entitled to receive an amount equal to the difference between the value of our common stock on the date of exercise and the exercise price of the underlying stock option.

Edgar Filing: CARMAX INC - Form DEF 14A

(b) All stock awards set forth in the table vest on the third anniversary of the grant date. These stock awards are stock-settled restricted stock units, which we refer to as market stock units or MSUs. At the end of the three-year vesting period, each MSU will be converted into between zero and two shares of CarMax common stock. The conversion ratio is calculated by dividing the average closing price of our stock during the final 40 trading days of the three-year period, by our stock price on the grant date, with the resulting quotient capped at two. This quotient is then multiplied by the number of MSUs granted. For purposes of calculating the market value of the unvested MSUs in the table above, we assumed that the average closing price of our stock during the final 40 trading days of the three-year period was equal to the closing price of our stock on February 28, 2011, the last trading day of our fiscal year (which was \$35.37).

Pension Plan

This is a tax-qualified defined benefit plan that was generally available to all full-time associates after age 21 and upon completion of one year of service. Effective December 31, 2008, the company froze the Pension Plan; no additional benefits will accrue under the Pension Plan after that date.

Previously accrued benefits are determined under a formula that defines an annual annuity amount payable at termination or retirement. The benefit formula is the sum of (1) 0.85% times highest average earnings times years of service up to 35 years plus (2) 0.65% times the excess of highest average earnings over Social Security Covered Compensation times years of service up to 35 years. Earnings are defined as total earnings including base pay, bonuses, overtime pay and commissions, but may not exceed the applicable IRS limits for any year. In the final year of benefit accruals, the annual IRS compensation limit was \$230,000. Highest average earnings are based on the highest five consecutive calendar years of earnings during the ten consecutive years before termination or December 31, 2008, if earlier. All participants are vested after five years of service. Benefits are payable at age 65 as a lifetime annuity or actuarially equivalent optional annuity. Actuarially reduced benefits are available to participants retiring after age 55 with at least ten years of service, or after age 62 with at least seven years of service.

Benefit Restoration Plan

The purpose of this nonqualified plan was to provide an alternate means of paying benefits intended under the Pension Plan that were restricted by law due to IRS limitations. Effective December 31, 2008, the company froze the Benefit Restoration Plan; no additional benefits will accrue under the Benefit Restoration Plan after that date. Benefits are generally determined and payable under the same terms and conditions as the Pension Plan without regard to IRS limitations on amounts of includable earnings and maximum benefits. Benefits paid are reduced by benefits payable under the Pension Plan. Participants must have 15 years of service to be eligible to receive benefits under the Benefit Restoration Plan, or upon termination meet the early retirement or normal retirement requirements of our Pension Plan.

Early Retirement Benefits

As of February 28, 2011, both Messrs. Browning and Dolan were eligible to retire with actuarially reduced benefits from the Pension Plan and the Benefit Restoration Plan because each is over age 55 and has at least ten years of service, and therefore has met the requirements for early retirement under our Pension Plan.

Extra Years of Credited Service

None of our named executive officers have been granted extra years of service under either the Pension Plan or the Benefit Restoration Plan.

Retirement Savings Plan and Retirement Restoration Plan

Edgar Filing: CARMAX INC - Form DEF 14A

We provide our executives with the opportunity to participate in two retirement plans: our 401(k) Plan and our Retirement Restoration Plan.

Our 401(k) Plan, which we refer to as our Retirement Savings Plan, is a tax-qualified, broad-based retirement savings plan available to all full- and part-time associates. Associate contributions in a specified percentage of cash compensation are permitted subject to dollar limits established annually by the IRS. After one year of service, we match a portion of those contributions. We also provide a company-funded contribution regardless of associate participation, as well as an additional company-funded contribution to those associates meeting certain age and service requirements. Contributions to the Retirement Savings Plan may be invested at the employee's direction in a variety of mutual funds. Each named executive officer's participation in our Retirement Savings Plan is limited by the applicable IRS rules.

The Retirement Restoration Plan is a nonqualified deferred compensation plan that supplements our Retirement Savings Plan and allows eligible associates, namely those individuals whose benefits under the Retirement Savings Plan are limited due to the compensation limits imposed by the Internal Revenue Code (\$245,000 for 2011), to continue to

Table of Contents

defer portions of their compensation for retirement savings. The matching and company-funded contributions associated with the Retirement Restoration Plan are provided on the same terms as the Retirement Savings Plan. Retirement Restoration Plan accounts are paid in a single lump sum payment at separation from service, subject to the requirements of Section 409A of the Internal Revenue Code.

Executive Deferred Compensation Plan

In fiscal 2011, we established an additional nonqualified deferred compensation plan, the Executive Deferred Compensation Plan, to permit eligible associates to elect to defer receipt of a portion of their base salary and/or bonus to a future date. We do not match funds deferred through this plan. The plan merely provides a mechanism for eligible associates to defer income and related investment gains until the compensation is actually received at the chosen later date. We do, however, provide a restorative contribution designed to compensate associates for any loss of company contributions under the Retirement Savings Plan and Retirement Restoration Plan due to a reduction in the Retirement Savings Plan and Retirement Restoration Plan eligible compensation resulting from deferrals into the Executive Deferred Compensation Plan. Executive Deferred Compensation Plan accounts are paid based upon a participant's election at the time of the deferral, subject to the requirements of Section 409A of the Internal Revenue Code. In fiscal 2011, Messrs. Dolan and Wood participated in the Executive Deferred Compensation Plan.

All Retirement Restoration Plan and Executive Deferred Compensation Plan accounts are considered unfunded general contractual obligations and are subject to the claims of our general, unsecured creditors.

Potential Payments Upon Termination or Change-in-Control

General

As discussed on pages 25 and 26, we have entered into employment or severance agreements with each of our named executive officers. Each agreement provides for payments and other benefits upon the occurrence of certain termination events, such as retirement, death or disability and termination of employment by the company without cause and termination by the executive officer for good reason.

Each agreement also provides for payments and benefits following the termination of employment in connection with a change-in-control or an asset sale. Each agreement defines a change-in-control as the acquisition by a third party of beneficial ownership of 20% or more of the voting power of our securities or, in connection with a tender or exchange offer, merger or other business transaction, the directors serving immediately prior to the transaction no longer constitute a majority of the board of directors following the transaction. The change-in-control provisions also cover an asset sale.

In connection with any of the termination events, our payment obligation under each agreement is contingent upon the named executive officer satisfying the following obligations:

During his employment and for two years following his termination, the named executive officer must comply with the provisions of the covenant not to compete.

During his employment and for the two years following his termination, the named executive officer may not solicit or induce our employees to leave us or hire any of our employees.

Edgar Filing: CARMAX INC - Form DEF 14A

During his employment and at all times subsequent to his last day of his employment, the named executive officer must hold in strict confidence and safeguard any and all protected information, including information, data and trade secrets about us and our suppliers.

The named executive officer must execute an agreement and general release, under which the named executive officer releases us from any claims and returns our property.

The named executive officer must comply with Section 409A of the Internal Revenue Code of 1986, as amended.

EXECUTIVE COMPENSATION CONTINUED

The tables in this section and their accompanying footnotes:

Describe and quantify the estimated payments and benefits that would be provided to each named executive officer as a result of the occurrence of each specified termination event and the method and duration of the relevant payments and benefits (*i.e.*, lump sum, monthly or annual payments).

Describe and explain how the payment and benefit levels are determined for each specified termination event.

Do not include amounts payable to each named executive officer under our Pension Plan, Benefit Restoration Plan, Retirement Restoration Plan and Executive Deferred Compensation Plan, the details of which can be found in the sections titled Pension Benefits in Fiscal 2011 on page 32 and Nonqualified Deferred Compensation on page 34. None of the termination events result in the enhancement of payments to be made under these plans.

In all instances, payments owed to the named executive officer would be made by us. For purposes of quantifying payments in the table below, we assumed that each termination event occurred on February 28, 2011, and we used a common stock value of \$35.37 per share, which was the closing market price on February 28, 2011, which was the last trading day of the fiscal year.

Termination Due to Retirement, Death or Disability

Each agreement provides for the termination of employment due to retirement, death or disability. Each agreement also provides for these termination events in connection with a change-in-control or an asset sale. Each of these termination events is described below and the payments associated with each event are quantified in the table that follows:

Early Retirement. Termination due to early retirement occurs when a named executive officer voluntarily terminates his employment at a time when he is eligible for early retirement as this term is defined in our Pension Plan (generally, a named executive officer is eligible for early retirement after age 55 with at least ten years of service, or after age 62 with at least seven years of service). The effective date of termination is the date set forth in a notice from the named executive officer to us, which must be given at least 90 days prior to the effective date of termination.

Normal Retirement. Termination due to normal retirement occurs when a named executive officer voluntarily terminates his employment at a time when he is eligible for normal retirement as this term is defined in our Pension Plan (generally, a named executive officer is eligible for normal retirement after age 65 with at least five years of service). The effective date of termination is the date set forth in a notice from the named executive officer to us, which must be given at least 90 days prior to the effective date of termination.

Death. The effective date of termination is the date of death.

Edgar Filing: CARMAX INC - Form DEF 14A

Disability. Termination due to disability occurs when we provide notice to the named executive officer that we have decided to terminate him because he has a physical or mental illness or injury that causes him:

To be considered disabled for the purpose of eligibility to receive income-replacement benefits in accordance with our long-term disability plan if he is a participant, or

If he does not participate in this plan, to be unable to substantially perform the duties of his position for a total of 180 days during any period of 12 consecutive months and a physician selected by us (and reasonably acceptable to the named executive officer) has furnished to us a certification that the return of the named executive officer to his normal duties is impossible or improbable.

The effective date of termination is the date set forth in a notice from us to the named executive officer, which must be given to the named executive officer at least 30 days prior to the effective date of termination.

Death, Disability or Retirement following a Change-in-Control. A change-in-control death, disability or retirement termination occurs when a termination event under the death, disability or retirement provisions explained above occurs during the two years following a change-in-control or an asset sale.

(a) The Pro Rata Actual Bonus is the pro rata share of the named executive officer's annual bonus based on actual performance for the fiscal year in which the date of termination occurs. The Pro Rata Actual Bonus will be paid to the named executive officer in a lump sum when annual bonuses are paid to other senior officers for the relevant fiscal year. Because the termination event is assumed to occur on February 28, 2011, our fiscal year end, the Pro Rata Actual Bonus is equal to the named executive officer's actual bonus for fiscal 2011.

(b) The Pro Rata Target Bonus is the pro rata share of the named executive officer's annual bonus at his target bonus rate for the fiscal year in which the date of termination occurs. The Pro Rata Target Bonus will be paid to the named executive officer in a lump sum within ten days after the date of termination. Because the termination event is assumed to occur on February 28, 2011, our fiscal year end, the Pro Rata Target Bonus is equal to the named executive officer's Target Bonus amount.

(c) Equity awards made to the named executive officer during the course of his employment will, following certain termination events, vest and become exercisable in accordance with the terms and conditions of the Stock Incentive Plan and the individual award agreements for each award. For additional information regarding each named executive officer's outstanding equity awards, see the Outstanding Equity Awards at Fiscal 2011 Year End table on page 30. The value of the vested but unexercised portion of each option has not been included in these amounts because their receipt is not affected or accelerated by these termination events.

(d) Messrs. Folliard, Kunkel, Reedy and Wood are not currently eligible for early or normal retirement.

EXECUTIVE COMPENSATION CONTINUED

Termination With and Without Cause/With and Without Good Reason

Each employment and severance agreement provides for the termination of employment by us with and without cause and termination by the executive officer with and without good reason. Each agreement also provides for these termination events in connection with a change-in-control or an asset sale. Each of these termination events is described below and the payments associated with each event are quantified in the table that follows:

Cause. Termination by us with cause occurs, and is effective, when we decide to terminate the named executive officer based upon our good faith determination that one of the Cause triggering events, as described below, has occurred. We will not owe any payments to a named executive officer as a result of the occurrence of a termination with cause.

The named executive officer has materially breached the agreement and the breach is not cured by the officer or waived by us.

In the performance of his duties, the named executive officer has committed an act of gross negligence or intentional misconduct or he has intentionally failed to perform his duties or comply with the directives of the board of directors.

The named executive officer has willfully and continuously failed to perform substantially his duties after written demand by us.

The named executive officer has willfully violated a material requirement of our code of business conduct or breached his fiduciary duty to us.

The named executive officer has been convicted of a felony or any crime involving moral turpitude, dishonesty, fraud, theft or financial impropriety.

The named executive officer has engaged in illegal conduct, embezzlement or fraud with respect to our business.

The named executive officer has failed to disclose a conflict of interest of which he knew or should have known in connection with any transaction entered into on our behalf.

The named executive officer has failed to agree to certain modifications to his employment or severance agreement necessary to comply with applicable laws or to define further the restrictive covenants.

Without Cause. Termination by us without cause occurs when we terminate the named executive officer's employment for any reason other than for cause, as described above, or for disability. The effective date of termination is the date of the notice from us to the named executive officer.

Good Reason. Termination by the named executive officer for good reason occurs when a named executive officer terminates his employment with us for one of the following events, which we do not cure:

Edgar Filing: CARMAX INC - Form DEF 14A

A reduction in the named executive officer's base salary (which was not part of an across-the-board reduction) or target bonus rate.

A material reduction in the named executive officer's duties or authority.

A required relocation to a new principal place of employment more than 35 miles from our home office, excluding a relocation of our home office.

For Messrs. Folliard and Browning, a failure by the shareholders to elect or reelect them to our board of directors.

Our failure to obtain an agreement from any successor to substantially all of our assets or our business to assume and agree to perform the employment or severance agreement within 15 days after a merger, consolidation, sale or similar transaction.

The effective date of termination is the date set forth in a notice from the named executive officer to us, which notice must be given to us at least 45 days prior to the effective date of termination.

Without Good Reason. Termination by the named executive officer without good reason occurs when the named executive officer terminates his employment for any reason other than good reason, as described above. The effective date of termination is the date set forth in a notice from the named executive officer to us, which notice must be given to us at least 45 days prior to the effective date of

termination. We will not owe any payments to a named executive officer as a result of the occurrence of a termination without good reason.

Cause following a Change-in-Control. A change-in-control cause termination occurs when we terminate the named executive officer's employment for cause during the two years following a change-in-control of the company or an asset sale.

Without Cause following a Change-in-Control. A change-in-control without cause termination occurs when we terminate the named executive officer's employment for any reason other than for cause or due to disability during the two years following a change-in-control or an asset sale.

Good Reason following a Change-in-Control. A change-in-control good reason termination occurs when a termination by the named executive officer for good reason occurs during the two years following a change-in-control or an asset sale.

Without Good Reason following a Change-in-Control. A change-in-control without good reason termination occurs when a termination by the named executive officer without good reason occurs during the two years following a change-in-control or an asset sale.

(a) The Pro Rata Actual Bonus is the pro rata share of the named executive officer's annual bonus based on actual performance for the fiscal year in which the date of termination occurs. The Pro Rata Actual Bonus will be paid to the named executive officer in a lump sum when annual bonuses are paid to other senior officers for the relevant fiscal year. Because the termination event is assumed to occur on February 28, 2011, our fiscal year end, the Pro Rata Actual Bonus is equal to the named executive officer's actual bonus for fiscal 2011.

Edgar Filing: CARMAX INC - Form DEF 14A

(b) The Pro Rata Target Bonus is the pro rata share of the named executive officer's annual bonus at his target bonus rate for the fiscal year in which the date of termination occurs. The Pro Rata Target Bonus will be paid to the named executive officer in a lump sum within ten days after the date of termination. Because the termination event is assumed to occur on February 28, 2011, our fiscal year end, the Pro Rata Target Bonus is equal to the named executive officer's Target Bonus amount.

(c) The Good Reason Payment is a one-time payment made to the named executive officer following his termination for Good Reason, and is equal to the named executive officer's base salary multiplied by a certain percentage, which percentage is generally the same as his target bonus percentage. The Good Reason Payment shall be paid in a lump sum cash payment within ten days after the date of termination or as soon thereafter as may be practicable.

(d) Equity awards made to the named executive officer during the course of his employment shall, following certain termination events, vest and become exercisable in accordance with the terms and conditions of the Stock Incentive

Table of Contents

Plan and the individual award agreements for each award. For additional information regarding each named executive officer's outstanding equity awards, see the Outstanding Equity Awards at Fiscal 2011 Year End table on page 30. The value of the vested but unexercised portion of each option has not been included in these amounts because their receipt is not affected or accelerated by these termination events. Fifty percent of the unvested options, and fifty percent of the unvested MSUs, immediately vest upon the occurrence of any change-in-control; the other fifty percent vest on the first anniversary of the change-in-control.

(e) The Severance Payment is equal to two times the sum of the named executive officer's base salary and the amount of his last annual bonus as determined by the committee. The Severance Payment will be paid in equal monthly installments over the 24-month period following the date of termination. At February 28, 2011, the last annual bonus as determined by the committee for each of the named executive officers was each officer's fiscal 2010 bonus, which amounts are set forth in the Summary Compensation Table on page 27.

(f) In the event that the named executive officer elects to continue coverage under our health, dental and/or vision plans following the date of termination pursuant to the Consolidated Omnibus Budget Reconciliation Act of 1985, as amended (COBRA), the named executive officer will be responsible for remitting to us the appropriate COBRA premium to continue the coverage. We will reimburse the named executive officer for a portion of the COBRA premium equal to the sum of the amount that we would have otherwise paid for the coverage if he had remained an active employee, and the COBRA administration fee. This partial COBRA reimbursement will be paid in equal monthly installments for up to an 18-month period. For purposes of this column, we have assumed that each officer elected to continue his coverage for the full 18-month period.

(g) Outplacement services will be paid to the named executive officer in an amount not to exceed \$50,000 for Mr. Folliard and \$25,000 for the other named executive officers. The table assumes that the maximum outplacement benefit is paid to each named executive officer.

(h) The change-in-control payment is equal to 2.99 times the named executive officer's final compensation, which consists of the sum of the named executive officer's base salary at the date of termination and the higher of the annual bonus paid or earned but not yet paid to the named executive officer for the two most recently completed fiscal years. At February 28, 2011, the higher annual bonus for each executive officer is his fiscal 2010 annual bonus (except for Mr. Wood, whose higher annual bonus is his fiscal 2011 annual bonus). The change-in-control payment will be paid to the named executive officer in a lump sum cash payment no later than 45 days after the date of termination.

COMPENSATION FOR NON-EMPLOYEE DIRECTORS

Non-employee director compensation includes both cash and equity components. Grants of stock and stock options to non-employee directors have been made pursuant to the 2002 Non-Employee Directors Stock Incentive Plan, as amended and restated. Directors who are employees of CarMax receive no compensation for services as members of the board of directors.

Non-Employee Director Cash Compensation

In fiscal 2011, the annual cash retainer for non-employee directors was \$50,000. Non-employee directors also received \$1,500 for each in-person, compensable board or committee meeting attended and \$750 for each telephonic, compensable board or committee meeting attended. Our chairman of the board and the chairmen of our standing committees also received additional annual fees as follows: Board (\$100,000), Audit Committee (\$20,000), Compensation and Personnel Committee (\$12,500) and Nominating and Governance Committee (\$10,000). Members of our Audit Committee receive an additional annual fee of \$5,000. We reimburse all directors for travel and other necessary business expenses incurred in the performance of their services to us and extend coverage to them under our health plans at the same rates at which coverage is extended to our employees. Non-employee directors may not use our plane for personal travel.

Non-Employee Director Equity Compensation

In July 2010, each non-employee director received CarMax common stock having a fair market value of approximately \$50,000 on the grant date and stock options valued at approximately \$50,000 on the grant date. The stock options were valued using the binomial pricing model and vest ratably over a three-year period.

Non-employee directors who are elected to the board at dates other than the annual meeting date generally receive the cash retainer, stock awards and option grants prorated for their period of service.

Table of Contents**Non-Employee Director Compensation in Fiscal 2011**

Our executive officers, directors, and persons who beneficially own more than 10% of our common stock are required to report their CarMax common stock transactions to the SEC on Forms 3, 4 and 5 and provide copies of these forms to us. Regulations also require us to identify in this proxy statement any person subject to this requirement who failed to file these reports on a timely basis. As a matter of practice, our employees assist our executive officers and directors in preparing and filing these forms. Based solely on a review of the information we received or written representations that no other reports were required, we believe that all officers, directors and beneficial owners of more than 10% of our common stock complied with the applicable filing requirements during fiscal 2011, except that an initial report on Form 3 was not timely filed for Ms. Kim D. Orcutt, Vice President, Controller and Principal Accounting Officer and a transaction on a Form 4 was not timely reported for Mitchell D. Steenrod, a board member.

Each month, the payroll deductions are used to purchase CarMax common stock. Shares are purchased on the open market and the purchase price is the average cost of all shares purchased for a particular month. To encourage participation in the ESPP, we match 15% of the employee's contribution. An eligible employee may change, cease or restart contributions for any payroll period without penalty. We pay all administrative costs of the ESPP. There are no outstanding options, warrants, or rights under the ESPP.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

We review all relationships and transactions in which the company and our directors, executive officers and persons known by us to own 5% or more of our common stock (or any of their immediate family members) are participants to determine whether these persons have a direct or indirect material interest in the relationship or transaction. We have various procedures in place to identify potential related person transactions. Our board of directors works with management and our legal department in reviewing and considering any related person transactions or relationships and determining whether the company or a related person has a direct or indirect material interest in a transaction. As required under SEC rules, transactions that are determined to be directly or indirectly material to the company or a related person are disclosed in our proxy statement.

To ensure adequate review and proper disclosure of related person transactions, our board of directors adopted a written policy that requires our Audit Committee to review and, if appropriate in accordance with the policy, approve in advance or ratify any related person transaction that is required to be disclosed pursuant to applicable SEC rules. In reviewing related person transactions, the Audit Committee will consider:

The related person's relationship to us.

The facts and circumstances of the proposed transaction.

The aggregate dollar amount involved in the transaction or, in the case of indebtedness, information regarding the principal amount of the debt, interest rate, repayment and other material terms.

The related person's interest in the transaction, including his or her position or relationship with, or ownership in, a firm, corporation or other entity that is a party to, or has an interest in, the transaction.

The benefits to us of the proposed transaction and, if applicable, the terms and availability of comparable products and services from unrelated third parties.

Any other information regarding the transaction or the related person that is material to the Audit Committee's determination.

The Audit Committee will approve or ratify a related person transaction only if it determines that, based on the facts and circumstances known to the committee at the time of approval, (i) the transaction serves our shareholders' and our best interests or (ii) the transaction is on terms reasonably comparable to those that could be obtained in arm's length dealings with an unrelated third party.

Any member of the Audit Committee who is a related person with respect to a transaction under review may not participate in the deliberations or vote with respect to the approval or ratification of the transaction.

We do not have any related person transactions to report for fiscal 2011.

AUDIT COMMITTEE REPORT AND AUDITOR INFORMATION

Audit Committee Report

The Audit Committee operates under a written charter adopted by the board. The charter reflects the requirements of the Sarbanes-Oxley Act of 2002, the SEC and the NYSE. Each member of the committee is independent in accordance with the applicable rules of the NYSE, the SEC and our corporate governance guidelines.

The committee reviews and discusses the following with management and our independent registered public accounting firm, KPMG:

Quarterly and year-end results, consolidated financial statements and reports, prior to public disclosure.

The company's disclosure controls and procedures, including internal control over financial reporting.

The independence of our registered public accounting firm.

Management's report and the independent registered public accounting firm's report on internal control over financial reporting in accordance with Section 404 of the Sarbanes-Oxley Act of 2002.

The committee routinely meets with our internal auditors and our independent registered public accounting firm, with and without management present.

The committee has oversight responsibilities only and it is not acting as an expert in accounting or auditing. The committee relies without independent verification on the information provided to it and on the representations made by management and the independent registered public accounting firm. Accordingly, the committee's oversight does not provide an independent basis to determine that the company's consolidated financial statements have been prepared in accordance with U.S. generally accepted accounting principles or that the audit of the company's consolidated financial statements by the independent registered public accounting firm has been carried out in accordance with auditing standards of the Public Company Accounting Oversight Board.

Management has the primary responsibility for the preparation of the company's fiscal 2011 consolidated financial statements and the overall reporting process, including the systems of internal control over financial reporting, and has represented to the committee that the company's fiscal 2011 consolidated financial statements were prepared in accordance with U.S. generally accepted accounting principles. The committee reviewed and discussed the audited consolidated financial statements with management and the independent registered public accounting firm. In accordance with the requirements established by the Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as amended (AICPA, *Professional Standards*, Vol. 1. AU section 380), these discussions included, among other things, a review of significant accounting policies, their application and estimates, and the independent registered public accounting firm's judgment about the company's accounting controls and the quality of the company's accounting practices.

Edgar Filing: CARMAX INC - Form DEF 14A

The committee has received from the independent registered public accounting firm written disclosures and a letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communications with the audit committee concerning independence and has discussed with the independent registered public accounting firm the firm's independence from the company and management.

Relying on these reviews and discussions, the committee recommended to the board of directors that the audited consolidated financial statements be included in the company's Annual Report on Form 10-K for the fiscal year ended February 28, 2011, for filing with the SEC.

Table of Contents**Auditor Information****Auditors Fees**

The following table sets forth fees billed or expected to be billed by KPMG for fiscal 2011 and 2010.

Type of Fee	Years Ended February 28	
	2011	2010
Audit fees	\$ 964,000	\$ 882,000
Audit-related fees	307,500	384,800
Tax fees		301,400
All other fees		
	\$ 1,271,500	\$ 1,568,200

Audit fees are for the audit of the company's consolidated financial statements in accordance with auditing standards of the Public Company Accounting Oversight Board (including services incurred in connection with rendering an opinion under Section 404 of the Sarbanes-Oxley Act of 2002), quarterly reviews of unaudited consolidated financial statements, and services in connection with SEC registration statements.

Audit-related fees are for attestation services related to our asset securitizations and audits of the financial statements of our benefit plans.

Tax fees are for tax compliance, consultation and planning services and related costs.

All other fees are for any other services provided.

Pre-Approved Services

The Audit Committee's charter provides for pre-approval of audit and non-audit services to be performed by the independent auditors. Further, the committee has authorized its chairman to pre-approve independent auditor engagements in an amount not to exceed \$50,000 per engagement; any such pre-approvals are reported to and ratified by the entire committee at its next regularly scheduled meeting. All such services provided, as described previously, were pre-approved by the committee. The committee concluded that the services provided by KPMG that were not related to the annual audit and quarterly reviews of our consolidated financial statements were compatible with the maintenance of KPMG's independence in the conduct of its auditing functions.

PROPOSAL TWO RATIFICATION OF THE SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the board has selected KPMG as the independent registered public accounting firm to perform the audit of our consolidated financial statements and our internal control over financial reporting for fiscal 2012. KPMG served as our independent registered public accounting firm for fiscal 2011. KPMG representatives are expected to attend the 2011 annual meeting. They will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate shareholder questions. We are asking our shareholders to ratify the selection of KPMG as our independent registered public accounting firm. Although ratification is not required by our Bylaws or otherwise, the board is submitting the selection of KPMG to our shareholders for ratification as a matter of good corporate practice. Even if the selection is ratified,

the Audit Committee in its discretion may select a different independent registered public accounting firm at any time during the year if it determines that a change would be in the best interests of the company and our shareholders.

The ratification of the selection of KPMG as our independent registered public accounting firm must be approved by the affirmative vote of a majority of the votes cast. Abstentions and shares held in street name that are not voted on the proposal will not be counted in determining the number of votes cast for this proposal.

The board of directors recommends that the shareholders vote **FOR** Proposal Two.

PROPOSAL THREE ADVISORY VOTE ON EXECUTIVE COMPENSATION

We are asking shareholders to approve an advisory resolution on the company's executive compensation as reported in this proxy statement. This non-binding vote is commonly referred to as a "Say-on-Pay" vote and is required by Section 14A of the Securities Exchange Act of 1934, as amended.

We believe our executive compensation programs have promoted the achievement of positive results for our shareholders, appropriately aligned pay and performance, and allowed us to attract and retain the talented executives that drive our long-term financial success. For our named executive officers, the majority of total direct compensation is performance-based, which aligns their pay directly with our shareholders' interests. More specifically, our executive compensation programs have three key elements, each of which promotes the achievement of positive results for our shareholders and supports CarMax's pay-for-performance philosophy.

Long-Term, Stock-Based Incentive Compensation Tied to Stock Price. The majority of each of our named executive officers' total direct compensation for fiscal 2011 consisted of long-term, stock-based incentive awards. The value of these awards increases as our stock price appreciates. Accordingly, this feature of our executive compensation program ties management's long-term financial interests directly to the long-term interests of our shareholders.

Annual Incentive Bonuses Tied to Earnings Per Share. Our annual incentive bonuses are tied directly to CarMax's earnings per share. If the company fails to meet the earnings per share targets set by our independent Compensation and Personnel Committee each year, our named executive officers are not paid an annual incentive bonus. As we achieved record results in each of fiscal 2011 and fiscal 2010, we paid an annual incentive bonus to our named executive officers. In each of fiscal 2009 and 2008 when our targets were not met, no annual incentive bonuses were paid.

Base Salary Tied to Performance. The Compensation and Personnel Committee considers company and individual performance when setting our named executive officers' base salaries. Given our strong fiscal 2010 results, the committee approved base salary increases for each of our named executive officers during the past year. However, in light of the difficult economic conditions that the company, and businesses generally, experienced throughout fiscal 2009, the committee maintained fiscal 2009 salary levels throughout fiscal 2010.

We urge our shareholders to read the "Compensation Discussion and Analysis" section of this proxy statement beginning on page 17, which describes in more detail how our executive compensation program operates and how it is designed to achieve our compensation objectives. We also urge our shareholders to review the "Summary Compensation Table" and other related compensation tables and narrative, found on pages 27 through 41, which provide detailed information on the compensation of our named executive officers.

For these reasons, our board recommends that shareholders vote in favor of the following resolution:

RESOLVED, that the compensation of the named executive officers of CarMax, Inc. (the "Company"), as disclosed in the Company's 2011 Proxy Statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, compensation tables and the narrative discussion that accompanies the compensation tables, is hereby APPROVED.

Edgar Filing: CARMAX INC - Form DEF 14A

This advisory vote on executive compensation must be approved by the affirmative vote of a majority of the votes cast. Abstentions and broker non-votes will not be counted in determining the number of votes cast for this proposal.

Although this resolution is not binding, our board values the opinions that shareholders express in their votes and otherwise. The board and the Compensation and Personnel Committee will consider the outcome of this vote when making future executive compensation decisions.

The board of directors recommends a vote **FOR** this proposal.

Table of Contents

**PROPOSAL FOUR ADVISORY VOTE ON THE FREQUENCY OF THE
ADVISORY VOTE ON EXECUTIVE COMPENSATION**

We are asking shareholders to vote on whether future advisory votes on the company's executive compensation should occur every one, two or three years. This non-binding vote is commonly referred to as a "Say-When-on-Pay" vote and is required by Section 14A of the Securities Exchange Act of 1934, as amended.

At this time, we believe that an annual advisory vote on executive compensation is the most appropriate choice for the company. An annual vote will afford shareholders a regular opportunity to express their views on our executive compensation program.

You may vote for your preferred voting frequency by choosing the option of one year, two years or three years, or you may abstain from voting on this matter. Please

note that you are not voting on this proposal to approve or disapprove the board's recommendation of an annual vote. Rather, the option of one year, two years or three years that receives the highest number of votes cast by shareholders will be deemed the frequency selected by shareholders. Abstentions and broker non-votes will not be counted in determining the number of votes cast.

Because this vote is advisory and not binding on the board of directors or CarMax in any way, the board may decide that it is in the best interests of our shareholders and CarMax to hold an advisory vote on executive compensation more or less frequently than the option selected by our shareholders.

The board of directors recommends a vote for **ONE YEAR** on this proposal.
