If the accompanying proxy is properly executed and returned or a stockholder votes his or her proxy by Internet or telephone, the shares represented by the proxy will be voted at the meeting in accordance with the directions noted thereon or, if no direction is indicated, that stockholder s shares will be voted in favor of the proposals described in this proxy statement. In addition, the proxy confers authority on the persons named in the proxy to vote, in their discretion, on any other matters properly presented at the Annual Meeting. The Board of Directors is not currently aware of any other such matters. Any stockholder who has given a proxy, whether by mail, Internet or telephone, has the power to revoke it at any time before it is voted by executing a subsequent proxy and sending it to Kevin S. Cavanah, Secretary, Matrix Service Company, 5100 East Skelly Drive, Suite 700, Tulsa, Oklahoma, 74135, or by a later dated vote by Internet or by telephone. The proxy also may be revoked if the stockholder is present at the meeting and elects to vote in person.

Such expenses will also include the charges and expenses of banks, brokerage firms and other custodians, nominees or fiduciaries for forwarding solicitation material regarding the Annual Meeting to beneficial owners of the Company s common stock. In addition to solicitation by mail, certain directors, officers and regular employees of the Company may solicit proxies in person or by telephone, electronic transmission and facsimile transmission. Any such directors, officers or employees will not be additionally compensated therefore, but may be reimbursed for their out-of-pocket expenses in connection therewith.

CHANGE IN FISCAL YEAR

On July 30, 2009 the Company s Board of Directors approved a change in the Company s fiscal year end from May 31 to June 30, effective July 1, 2009. As a result of the change, the Company had a transition period for the one month ended June 30, 2009. When we refer to any fiscal year prior to 2010 we mean the twelve months ended May 31. When we refer to fiscal 2010 or fiscal 2011, we mean the twelve months ended June 30. We refer to the one month ended June 30, 2009 as the June Transition Period.

STOCKHOLDERS ENTITLED TO VOTE

At the close of business on the record date there were 26,507,042 shares of the Company s common stock, par value \$0.01 per share (the Common Stock), outstanding. Each outstanding share of Common Stock is entitled to one vote upon each of the matters to be voted on at the meeting. There is no cumulative voting with respect to the election of directors. The presence, in person or by proxy, of at least a majority of the outstanding shares of common stock is required for a quorum for the transaction of business.

The affirmative vote of a plurality of the votes cast at the meeting is required for the election of directors. Votes withheld from nominees for directors, abstentions and broker non-votes will be counted for purposes of determining whether a quorum has been reached. Votes will be tabulated by an inspector of election appointed by the Board of Directors of the Company.

Table of Contents

With regard to the election of directors, votes may be cast in favor of or withheld from each nominee; votes that are withheld will have no effect on the vote. Abstentions may be specified on all proposals, except the election of directors. Abstentions on Proposal Numbers 2 and 3 will have the effect of a negative vote. Abstentions on Proposal Number 4 will have no effect on the frequency preferred by our stockholders. A broker non-vote will have no effect on the outcome of the election of directors, or the other proposal.

If you hold your shares through an account with a bank or broker, the bank or broker may vote your shares on some matters even if you do not provide voting instructions. Brokerage firms have the authority to vote shares on certain matters (such as the ratification of auditors) when their customers do not provide voting instructions. However, on other matters (such as the election of directors), when the brokerage firm has not received voting instructions from its customers, the brokerage firm cannot vote the shares on that matter and a broker non-vote occurs. **Please note that an uncontested election of directors is no longer considered a routine matter. This means that brokers may not vote your shares on the election of directors if you have not given your broker specific instructions as to how to vote. Please be sure to give specific voting instructions to your broker so that your vote can be counted.**

Table of Contents

CORPORATE GOVERNANCE AND BOARD MATTERS

The Board of Directors and corporate management use their best efforts to adopt and implement sound corporate governance practices and believe strongly that effective corporate governance practices are an important component of their efforts to focus the entire organization on generating long-term stockholder value through conscientious and ethical operations.

The Board of Directors has adopted and implemented Corporate Governance Guidelines and a Code of Business Conduct and Ethics. The Code of Business Conduct and Ethics applies to all of the Company's directors, officers (including its Chief Executive Officer, Chief Operating Officer, Chief Financial Officer, Controller and any person performing similar functions) and employees. The Corporate Governance Guidelines and Code of Business Conduct and Ethics are available in the Investors section of the Company's website at <http://www.matrixservice.com>.

Director Independence Guidelines

Pursuant to the applicable rules for companies traded on the NASDAQ Global Market System (NASDAQ) and the rules and regulations of the Securities and Exchange Commission (SEC), the Board of Directors has adopted a set of director independence guidelines. In accordance with these guidelines, each independent director must be determined to have no relationship with the Company which, in the opinion of the Company's Board of Directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. The guidelines specify criteria by which the independence of the Company's directors will be determined, including strict guidelines for directors and their immediate families with respect to past employment or affiliation with the Company or its independent registered public accounting firm.

The Board of Directors has affirmatively determined that each of Mr. Hall, Mr. Hendrix, Mr. Lackey, Mr. Maxwell and Mr. Tippeconnic are independent under the guidelines. Mr. Hewitt is not considered to be independent because of his current employment as President and Chief Executive Officer of the Company. In evaluating Mr. Hall's independence, the Board of Directors considered the fact that, following the November 2010 resignations of Mike Bradley, as President and CEO, and Tom Long, as Vice President, Finance and CFO, Mr. Hall assumed additional oversight responsibilities for the executive management team until Mr. Hewitt's hiring in May 2011 and received additional compensation for his enhanced responsibilities. The Board of Directors concluded that the temporary assumption of enhanced responsibilities and the receipt of additional compensation did not impair Mr. Hall's independent judgment as a member of the Board of Directors.

The full text of the Company's director independence guidelines is included in the Company's Corporate Governance Guidelines, which is available in the Investors section of the Company's website at <http://www.matrixservice.com>.

Board Leadership Structure and Role in Risk Oversight

The Board of Directors has no policy mandating the separation of the offices of Chairman of the Board and Chief Executive Officer. However, as the oversight responsibilities of directors continues to increase, we believe it is beneficial to have an independent chairman whose sole job for the Company is leading the board. We believe the separation of the Chairman and Chief Executive Officer roles provides strong leadership for our board, while positioning our Chief Executive Officer as the leader of the Company in the eyes of our customers, employees and other stakeholders.

If, in the future, the Chief Executive Officer is serving as Chairman of the Board, then the Board of Directors will name a lead director who would, among other specified responsibilities, serve as the leader of the independent directors and facilitate communication between the Chairman/CEO and the other directors.

Our Board of Directors has five independent members and only one non-independent member. A number of our independent board members have served as members of senior management or as directors of other public companies. Our Audit, Compensation and Nominating and Corporate Governance Committees are comprised solely of independent directors, each with a different independent director serving as chair of the committee. We believe that the number of independent, experienced directors that make up our Board of Directors, along with the independent oversight of the board by the non-executive Chairman, benefits our Company and our stockholders.

The Audit Committee and full Board jointly oversee the Company's risk management processes. The Audit Committee receives regular reports from management regarding the Company's assessment of risks. In addition, the Audit Committee and the full Board of Directors focus on the most significant risks facing the Company and the Company's general risk

Table of Contents

management strategy, and also ensure that risks undertaken by the Company are consistent with the Board of Directors' appetite for risk. While the Board of Directors oversees the Company's risk management, Company management is responsible for day-to-day risk management processes. We believe this division of responsibilities is the most effective approach for addressing the risks facing our Company and that our board leadership structure supports this approach.

Meetings and Committees of the Board of Directors

The Company's Board of Directors met ten times during fiscal year 2011. The Board has three standing committees – the Audit Committee, the Compensation Committee, and the Nominating and Corporate Governance Committee. Each of the members of each of the committees qualifies as an independent director under the NASDAQ listing standards. During fiscal 2011, each director attended a minimum of 75% of the total number of meetings of the Board and of the total number of meetings held by all committees of which he was a member.

The Company's Corporate Governance Guidelines provide that each director is expected to attend the annual meetings of stockholders of the Company. All of the members of the Company's Board of Directors attended the 2010 annual meeting.

Director Nomination Process

The Nominating and Corporate Governance Committee will consider director candidates submitted to it by other directors, employees and stockholders. In evaluating such nominations, the Nominating and Corporate Governance Committee seeks to achieve a balance of knowledge, experience and capability on the Board of Directors and to address the director qualifications discussed below.

The Nominating and Corporate Governance Committee regularly assesses the appropriate size of the Board of Directors and whether any vacancies on the Board are expected due to retirement or otherwise. In the event that vacancies are anticipated or otherwise arise, the Committee considers various potential candidates for director. Candidates may come to the attention of the Committee through current directors, senior management, professional search firms, stockholders or other persons.

Once a prospective nominee has been identified, the Committee makes an initial determination as to whether to conduct a full evaluation of the candidate. The initial determination involves an evaluation of the candidate against the qualifications set forth in the Corporate Governance Guidelines, which require broad experience, wisdom, integrity, the ability to make independent analytical inquiries, an understanding of the Company’s business environment and a willingness to devote adequate time to Board duties, including service on no more than four other public company boards.

The Committee does not assign specific weights to particular criteria and no particular criterion is a prerequisite for each prospective nominee. Our Board of Directors believes that the backgrounds and qualifications of its directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow it to fulfill its responsibilities. Although the Committee may also consider other aspects of diversity, including geographic, gender, age and ethnic diversity, these factors are not a prerequisite for any prospective nominee. Consequently, while the Committee evaluates the mix of experience and skills of the Board of Directors as a group, the Committee does not monitor the effectiveness of its policies with respect to geographic, gender, age or ethnic diversity.

The Committee also assesses the candidate’s qualifications as an independent director under the NASDAQ’s current director independence standards and the Company’s director independence guidelines. If the Committee determines that additional consideration is warranted, it may

request a professional search firm to gather additional information about the

candidate. The Committee designates, after consultation with the CEO, which candidates are to be interviewed. After completing its evaluation, the Committee makes a recommendation to the full Board of Directors as to the persons who should be nominated by the Board and the Board determines the nominees after considering the recommendation of the Committee.

Holders of common stock wishing to recommend a person for consideration as a nominee for election to the Board can do so in accordance with the Company's Bylaws by giving timely written notice to Kevin S. Cavanah, Secretary of Matrix Service Company, at 5100 East Skelly Drive, Suite 700, Tulsa, Oklahoma 74135. The written notice should give each such nominee's name, address, appropriate biographical information, a description of all arrangements or understandings between the stockholder and each such nominee and any other person or persons (naming such person or persons), relating to such nominee's service on the Board of Directors, if elected, as well as any other information that would be required in a proxy statement. Any such recommendation should be accompanied by a written statement from the person recommended, giving his or her consent to be named as a nominee and, if nominated and elected, to serve as a director. The written notice must be delivered to the Secretary of the Company not later than eighty days prior to the date of any annual or special meeting; provided, however, that in the event that the date of such annual or special meeting is not publicly announced by the Company more than ninety days prior to the meeting, notice by the stockholder must be delivered to the Secretary of the Company not later than the close of business on the tenth day following the day on which public announcement of the date of such meeting is communicated to the stockholders. The written notice to the Secretary of the Company must also set forth the name and address of the stockholder who intends to make the nomination and a representation that the stockholder is a holder of record of stock of the Company entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice.

Executive Sessions

Executive sessions of the non-management directors are held periodically. The sessions are chaired by the independent, non-executive Chairman of the Board. Any non-management director may request that an additional executive session be scheduled. Executive sessions of the independent directors are held at least once each year.

Communications with the Board of Directors

The Board of Directors provides a process by which stockholders and other interested parties may communicate with the Board or any of the directors. Stockholders and other interested parties may send written communications to the Board of Directors or any of the directors at the following address: Board of Directors of Matrix Service Company c/o Matrix Service Company, 5100 East Skelly Drive, Suite 700, Tulsa, Oklahoma 74135. Equity Ownership Guidelines for Directors

Each non-employee director is strongly encouraged to have a significant investment in the Company. Prior to September 2011 each director was required to own, from time to time, either directly or indirectly, an approximate value of \$100,000 of Matrix Service Common Stock. For purposes of these guidelines, indirect ownership included the pre-tax in the money market value of stock options and phantom stock in the director's deferred compensation plan. Non-employee directors had five years from the date of their initial election to the Board to meet this requirement. As of September 1, 2010, all non-employee directors were in compliance with the Equity Ownership Guidelines.

Since Mr. Hewitt is the Chief Executive Officer of the Company, he must comply with the Equity Ownership Guidelines for Executive Officers, which are discussed in this proxy statement under the caption Equity Ownership Guidelines.

In August 2011, the Company changed its Equity Ownership Guidelines for directors. Under the new guidelines, each non-employee director will be required to own 16,500 shares of our common stock. The following types of equity can be used to satisfy the stock ownership requirements:

- (1) shares owned separately by the director or owned either jointly with, or separately by, immediate family members residing in the same household;

- (2) shares held in trust for the benefit of the director or his immediate family members;
- (3) shares purchased in the open market;

Table of Contents

- (4) shares purchased through the Company's Employee Stock Purchase Plan;
- (5) unvested time-based restricted stock or restricted stock units;
- (6) unvested performance or market based restricted stock or restricted stock units for which it is probable that the performance or market based criteria necessary for vesting will occur;
- (7) in-the-money vested unexercised stock options; and
- (8) any phantom shares held on behalf of a director under the Board's deferred compensation plan.

Existing directors will have five years from the date of adoption of these guidelines to attain this level of ownership. Directors elected after the date of the adoption of the new Equity Ownership Guidelines will have five years from the date of their election to the Board to attain this level of ownership. Even though our directors have until September 2016 to comply with the new Equity Ownership Guidelines, all of the non-employee directors currently satisfy the new requirements.

DIRECTOR COMPENSATION

General

Management directors receive no additional compensation for service on the Board of Directors or any committee thereof. Directors of the Company are reimbursed for out-of-pocket expenses incurred in attending the Board of Directors and committee meetings.

The elements of our non-employee director compensation consist of cash compensation and equity compensation. Our objective with director compensation is to position ourselves to attract and retain individuals with relevant business and leadership backgrounds and experience by providing a competitive package of cash and equity compensation.

Total compensation for the Company's non-employee directors is determined in a manner similar to that for executives, which is described under the caption Compensation Discussion and Analysis. The Compensation Committee of the Board of Directors (the Committee) engages a third party compensation consultant to periodically review director compensation and make recommendations. The Committee reviews benchmark data from outside consultants and makes recommendations to the full Board for approval.

Director compensation is generally reviewed on a bi-annual basis. For fiscal 2011, the Committee engaged a third party compensation consultant, Hewitt Associates LLC (Hewitt Associates), to conduct a market study of current director compensation. Hewitt Associates obtained benchmark data using published compensation surveys and proxy analysis of selected benchmark companies similar in size, location and industry. The companies included in the survey are consistent with those that we used to benchmark executive compensation and are listed in the Compensation Discussion and Analysis section of this proxy statement.

Based on the consultant's findings and recommendations, the Committee affirmed that total compensation for directors should be approximately \$125,000 with approximately 50% in cash and 50% in equity. The objective is to provide both a short-term cash component and a long-term component to total compensation that aligns the interests of directors with those of our stockholders through stock ownership. Therefore, the Committee recommended that the equity component of director compensation should be time-based restricted stock units (RSUs).

The annual cash retainer is \$60,000 plus \$5,000 for each of the Committee Chairmen. The additional fee for the Chairman of the Board is 25% of the annual retainer, or \$15,000. Cash compensation may be taken in the form of cash payments or may be deferred with interest.

RSU awards for directors are 100% time-based with cliff vesting which occurs on the earlier of the third anniversary of the date of the award or the director's departure from the Board for any reason.

The basis for the fiscal 2011 RSU awards to non-employee directors is detailed below:

The \$65,000 annual value of the award represents approximately 50% of total compensation.

The actual number of RSUs is determined by dividing the annual value of \$65,000 by the 20-day moving average price of the Company's common stock price calculated five days prior to the grant date.

In light of the low prevailing price of our common stock on the dates used to determine the number of RSUs to be awarded and in order to achieve a more sustainable burn rate for RSU awards, the Committee approved a reduction in the fiscal 2011 award to 75% of the RSUs that would have otherwise been granted.

The Board of Directors also has a Deferred Fee Plan which allows directors to defer all or a portion of their cash compensation with interest. The effective interest rate for the subsequent calendar year is researched and recommended by the Chief Financial Officer for approval by the Committee at the regularly-scheduled meeting each November. For fiscal 2011, the average interest rate was 5.125%. Non-employee directors are also permitted to invest their cash retainer in Company common stock through the Company's 2011 Employee Stock Purchase Plan (ESPP). Investment through the ESPP is limited to \$60,000 per calendar year.

Following the November 2010 resignations of Mike Bradley, as President and CEO, and Tom Long, as Vice President, Finance and CFO, Mr. Hall assumed additional oversight responsibilities for the executive management team until Mr. Hewitt's hiring in May 2011 and received additional compensation in fiscal 2011 in recognition of his enhanced responsibilities. This additional compensation consisted of an additional cash retainer of \$25,000 per month and an additional equity award of 25,000 RSUs with a grant date fair value of \$244,250. Mr. Hall's actual fiscal 2011 compensation is discussed in the Director Compensation table below.

- (5) A non-employee director may defer all or part of director fees earned into the Deferred Fee Plan for Members of the Board of Directors of Matrix Service Company (the "Deferred Fee Plan"). Under the Deferred Fee Plan, directors are allowed to defer fees and earn interest. The amounts shown represent interest earned under the plan in excess of a market rate. For fiscal 2011, the market rate for the deferrals was 4.3% as compared to the actual average rate paid of 5.125%.

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Philosophy and Objectives

We are focused on building and maintaining a sustainable business model that consistently delivers superior returns to our stockholders. To be successful, we must attract, retain and motivate key talent to provide the needed leadership capabilities to execute our business strategy. Our compensation philosophy and approach is designed to support these overarching objectives.

Our basic compensation philosophy is to provide the opportunity for outstanding compensation when superior performance is demonstrated. This pay-for-performance philosophy is reflected in each aspect of the compensation package for executive officers and management team members. All components of compensation for executive officers and key management are reviewed periodically to ensure consistency with our compensation philosophy and to verify that the overall level of compensation is competitive. We use the following basic principles in the design and administration of our executive compensation program:

Competitiveness Our compensation programs are designed to ensure we can attract, motivate and retain the talent needed to lead and grow the business. Targets for base salary, short-term and long-term compensation are generally based on median (50th percentile) market levels.

Support Business Objectives, Strategy and Values Ultimately our compensation program is designed to drive the achievement of annual business objectives, support the creation of long-term value for our stockholders, and promote and encourage behavior consistent with our core values and guiding principles.

Pay for Performance While we establish target pay levels at or near the median or 50th percentile market levels for target level performance, our plans provide the opportunity for significantly greater rewards for outstanding performance. At the same time, performance that does not meet expectations is not rewarded.

Individual Performance In addition to company-wide, business unit and operating unit measures, our programs emphasize individual performance and the achievement of personal objectives.

Integrated Approach We look at compensation in total and strive to achieve an appropriate balance of immediate, annual and long-term compensation components, with the ultimate goal of aligning executive compensation with the creation of long-term stockholder value.

Our executive compensation program is administered by the Compensation Committee of the Board of Directors (the Committee). The role of the Committee is to provide oversight and direction to ensure the establishment of executive compensation programs that are competitive in nature, enable us to attract top talent, and align the interests of our executive officers and our stockholders.

The Committee is supported by our Vice President, Human Resources, and other executive officers as needed or requested, in the design, review and administration of our executive compensation programs. The Committee engages a third party compensation consulting firm to evaluate Board and executive officer compensation, benchmark Company practices compared to other companies and provide associated recommendations.

Table of Contents

For fiscal 2011, the Committee engaged Hewitt Associates LLC (Hewitt Associates) to evaluate the mix of targeted compensation and the other types of programs that we offer. Hewitt Associates was engaged exclusively by the Committee and does not provide other services to the Company or senior management. The Committee sought to evaluate the competitiveness of the compensation package offered to our executives in both form and structure. Hewitt Associates' executive compensation practices analysis included a review of proxy information for the following companies:

Astec Industries Inc.	Mastec Inc.
Columbus McKinnon Corp.	MYR Group Inc.
Dresser-Rand Group Inc.	Primoris Services Corporation
Dycom Industries Inc.	Quanta Services, Inc.
Englobal Corporation	Sterling Construction Co. Inc.
Furmanite Corporation	Team Inc
Gardner Denver Inc.	Tetra Tech Inc.
Granite Construction	Titan International Inc.
Insituform Technologies Inc.	VSE Corporation
Integrated Electrical Services	Willbros Group, Inc.
Layne Christensen Co.	

Hewitt Associates concluded that overall our executive compensation was competitive with the market.

If and when compensation adjustments are required, the CEO considers all relevant information and provides recommendations to the Committee regarding compensation for review, discussion and approval for all executive officers with the exception of himself. The Committee establishes CEO compensation. The Committee reviews the performance and approves the compensation of the executive officers based on the CEO's recommendations, and then reviews the performance and establishes appropriate compensation for the CEO in executive session without management present.

In implementing our compensation philosophy, the Committee also compares our CEO's total compensation to the total compensation of the other executive officers included in the Summary Compensation Table of this proxy statement (collectively, the Named Executive Officers) over time. However, the Committee has not established a targeted level of difference between the total compensation of the CEO and the median total compensation level for the next lower tier of management. The Committee also considers internal pay equity among the other Named Executive Officers, and in relation to the next lower tier of management, in order to maintain compensation levels that are consistent with the individual contributions and responsibilities of those executive officers.

The Committee typically reviews base salaries for executive officers at its regularly-scheduled meeting in August or September. At this meeting, the Committee also reviews and approves incentive payments for the previous fiscal year and establishes incentive targets for the new fiscal year under the short-term incentive plan. Long-term incentive awards are approved by the Committee at a meeting immediately following the annual stockholders meeting each November or December. The Committee may also approve base pay, short-term incentive and long-term equity incentive grants for executive officers during the year for promotions or new hires.

Key Elements of Executive Compensation

The primary elements of our executive compensation program include:

Base Pay;

Annual/Short-Term Cash Incentive Compensation;

Long-Term Incentive Equity Compensation;

Other Benefits; and

Change of Control Agreements.

Base Pay

Base pay is the foundation of our executive compensation package. Our practice in establishing executive base pay, and that for other managers and employees, is to determine the market median or 50th percentile among comparable companies. This data is obtained through our third party compensation consultant. Base pay is then established to reflect the Named

Table of Contents

Executive Officer's responsibilities, role in the organization, level and type of work experience, and individual job performance. We expect to engage a compensation consultant to review and benchmark competitive market pay data on no less than a bi-annual basis.

We utilize a market-based job evaluation system to establish and ensure equitable, competitive pay levels throughout the organization. Salary grades and ranges are established by evaluating positions based on the external market data and internal equity. All of our employees, including the Named Executive Officers, are assigned to a salary grade. Broad ranges of salary are associated with each grade.

Base pay and salary grade also play a factor in determining other short- and long-term incentive compensation awards. Short-term incentive awards are a percentage of base salary and long-term incentives are based on a Named Executive Officer's salary grade.

The base salary of our former President and Chief Executive Officer, Michael J. Bradley, was increased to \$670,000 effective June 1, 2008. Based on market uncertainty, difficult economic conditions and compensation data from Hewitt Associates, the Committee made no adjustments to Mr. Bradley's base pay in June 2009 for fiscal 2010 or in September 2010 for fiscal 2011. Mr. Bradley resigned his position as President and Chief Executive Officer of the Company and as a member of our Board of Directors effective November 19, 2011.

Base pay compensation for our other Named Executive Officers (Joseph F. Montalbano, Thomas E. Long, Kevin S. Cavanah, James P. Ryan and Matthew J. Petrizzo) is administered in line with our established compensation philosophy discussed above. Based on market uncertainty and economic conditions at the inception of fiscal 2011, Mr. Bradley recommended no base pay adjustments for Mr. Montalbano, Mr. Long, Mr. Cavanah or Mr. Ryan. Mr. Bradley recommended that Mr. Petrizzo receive a base pay increase of 6.23% to \$281,500 effective November 1, 2010 based on his outstanding performance and on peer group data, which showed that Mr. Petrizzo's base salary was below the median for his position. The Committee approved Mr. Bradley's recommendations.

Our Board of Directors appointed John R. Hewitt as President and Chief Executive Officer of the Company effective May 4, 2011. In connection with his employment, Mr. Hewitt's annual base salary was set at \$500,000.

In addition to his base salary, Mr. Hewitt received a hiring bonus of \$50,000 and a grant of 40,000 RSUs with a grant date fair value of \$516,000. In the event Mr. Hewitt voluntarily resigns prior to the completion of 12 months of consecutive service, he will be required to repay the hiring bonus in full. Restrictions on the initial grant of 40,000 restricted stock units will lapse in five equal annual installments on the anniversary of his start date. In addition, Mr. Hewitt will be eligible for a bonus calculated at 75% of his annual base salary if we achieve certain designated performance measures at the target level, 50% of his annual base salary if we achieve the performance measures at the threshold level and 100% of his annual base salary if we achieve these performance measures at the maximum level. Mr. Hewitt's bonus was prorated in fiscal 2011 based on three months of service. The Company also paid certain relocation costs associated with Mr. Hewitt's move to our corporate headquarters in Tulsa, Oklahoma. The relocation expenses paid in fiscal 2011 by the Company for Mr. Hewitt's move were \$50,309. The compensation package consisting of base salary, hiring bonus, annual bonus eligibility, RSU award and reimbursement of relocation expenses was designed to be competitive with the compensation packages offered to high caliber CEOs in our industry and sufficient to induce Mr. Hewitt to accept the position in light of the compensation package provided by his previous employer.

Effective November 30, 2010, Thomas Long resigned his position as Chief Financial Officer. Subsequently, Kevin Cavanah was promoted to the position of Chief Financial Officer effective December 6, 2010. Mr. Cavanah served the Company as Vice President, Accounting and Financial Reporting since August 2007 and as Controller since April 2003. In connection with his promotion, Mr. Cavanah received a base pay increase to an annual salary of \$235,000 and an award of 23,000 RSUs.

Annual/Short-Term Incentive Compensation

Our annual/short-term incentive compensation plan is designed to offer the opportunity for substantial cash incentive awards for delivering outstanding performance. Rewards under our short-term incentive compensation plan are based on overall company, business unit and individual performance, as compared to pre-established objectives that are tied to enhancement of stockholder value. Our short-term incentive compensation objectives are designed to:

support and drive performance toward achieving our strategic objectives;

emphasize overall company, business unit and individual performance in the structuring of reward opportunities;

Table of Contents

motivate and reward superior performance; and

provide incentive compensation opportunities that are competitive with the industry.

For fiscal year 2011, our annual/short-term incentive targets were established for all of our Named Executive Officers as follows:

Short-term incentive compensation was based on three primary factors:

financial performance,

safety performance and

business/personal objectives.

The base calculation of incentives is tied to objective measures for financial performance, safety performance, and personal objectives. Incentives for executive officers below the CEO are recommended by the CEO and reviewed and approved by the Committee, which is free to reject or revise the CEO's recommendations. Incentive Compensation payments to the CEO are determined solely by the Committee in executive session, without management present.

In July 2010, for the fiscal 2011 plan, management recommended and the Committee approved, the continued use of a hurdle rate based on return on sales. At the beginning of each fiscal year, a hurdle rate is established based on a minimum level of pre-incentive operating income that must be earned before any incentives are paid. Once the hurdle rate is earned, the incentive pool will be funded with 25% of each dollar earned above the hurdle rate. The size of the incentive pool may not exceed an amount equal to the maximum incentive which may be paid under the plan for all participants, based on a percentage of each participant's salary. If the hurdle rate is not achieved, no incentive payments are made, with the exception of incentive payments related to our safety performance, which are funded irrespective of our achievement of the hurdle rate.

For fiscal 2011 financial performance, a consolidated annual income goal was established by the Committee at the July 2010 board meeting.

Financial incentives for Mr. Bradley, Mr. Montalbano, and Mr. Long, and subsequently Mr. Hewitt and Mr. Cavanah, were tied to our fully diluted earnings per share, or EPS. Financial incentives for Mr. Ryan and Mr. Petrizzo were tied both to our EPS and their respective operating company pre-tax, pre-interest, post-incentive income (Pre-Tax Income).

Once all targets were established for the Company, Threshold and Maximum levels of performance were defined. Threshold was defined as 80.0% of Target and Maximum was defined as 120.0% of Target. No incentives are paid for performance below the Threshold level.

Safety performance targets were established based on total recordable incident rate, or TRIR. The TRIR levels established for fiscal 2011 were 1.20 for Threshold payout, 0.95 for Target payout and 0.70 for Maximum payout. Incentives for Mr. Bradley, Mr. Montalbano, and Mr. Long, and subsequently Mr. Hewitt and Mr. Cavanah, were tied to our consolidated safety performance. Incentives for Mr. Ryan and Mr. Petrizzo were tied to the safety performance of their respective operating companies. Additional

safety criteria, including the implementation of a behavioral-based safety program, continuation of safety audits, and safety accountability were also evaluated.

Discretionary awards outside of the annual/short-term incentive compensation plan may be recommended by the CEO and approved by the Committee in the event there are special circumstances or achievements that need to be recognized.

Our actual performance in relation to established measures was presented to, and evaluated by, the Committee at the September 2011 board meeting.

Performance measures established shortly after the beginning of the fiscal year do not include the impact of any acquisitions, positive or negative, completed within the fiscal year. However, it is anticipated that the Committee would evaluate any acquisitions which may be completed during the fiscal year on a case-by-case basis to determine their impact on the plan and adjust performance measures appropriately.

Table of Contents

Short-term incentive compensation payable to the Named Executive Officers for fiscal 2011 was based on the attainment of the following objectives:

Safety:

Achieve TRIR of 0.95 Target; 1.20 Threshold; 0.70 Maximum

Progress toward building consistency and strengthening the safety culture

Financial:

Achieve fully-diluted EPS of \$0.75 Target; \$0.60 Threshold; \$0.90 Maximum

Business/Personal Objectives:

All Named Executive Officers were evaluated in light of their individual performance and contribution toward the achievement of Company objectives.

The Committee evaluated actual results in each category against the expected levels of performance:

Safety: In fiscal 2011, we achieved a TRIR of 0.75 and made significant enhancements to our behavioral-based safety programs and our overall safety culture.

Financial: Our fiscal 2011 fully diluted EPS was \$0.71.

Business/Personal Objectives were evaluated on an individual basis for each Named Executive Officer.

Mr. Hewitt was eligible to participate in the fiscal 2011 plan on a pro-rata basis from his hire date of May 4, 2011 and was given credit for one full quarter of employment when calculating the pro-rata incentive award. The fiscal 2011 bonus approved for Mr. Hewitt by the Committee was \$56,001.

The Committee approved an incentive payment to Mr. Montalbano of \$175,346, which represents a Target level incentive, or 50% of his fiscal 2011 annual base compensation. The Committee approved an incentive payment to Mr. Cavanah of \$100,250, which was calculated based on his service as Vice President, Accounting and Financial Reporting until December 5, 2010 and as CFO thereafter, and represents an incentive just below Target level, or 46.9% of his fiscal 2011 annual base compensation. Incentive payments to Mr. Montalbano and Mr. Cavanah were based on their outstanding individual performance and their leadership during the period in which the President/CEO position was vacant.

The Committee approved an incentive payment for Mr. Petrizzo of \$109,167, which represents 38.8% of his fiscal 2011 annual base compensation. The Committee approved an incentive payment for Mr. Ryan of \$98,156, which represents a 32.4% of his annual base compensation. Incentive payments to Mr. Petrizzo and Mr. Ryan were based on outstanding individual performance and their leadership during the period in which the President/CEO was vacant and by the strong performance of their respective operating companies.

The Annual/Short-Term Incentive Compensation Plan is reviewed and evaluated periodically to ensure that it meets our objectives and may be modified, discontinued or replaced based on our changing objectives and requirements.

Long-Term Incentive Compensation

The purpose for providing long-term incentive compensation to executive officers is to tie executive rewards directly to the enhancement of long-term stockholder value. Offering the opportunity for executive officers and other key members of management to earn an ownership position in the Company enables us to remain competitive and attract, retain and motivate top executive and management talent. We believe equity

Edgar Filing: MATRIX SERVICE CO - Form DEF 14A

ownership helps to create and maintain a long-term perspective among executive officers and provides a direct link to our long-term growth and profitability.

The Committee believes that the use of RSU s is the most appropriate form of equity to achieve our stated objectives, as it is a full value award that strongly and directly links management and stockholder interests. As a full value award, RSU s are less dilutive to stockholders, since we are able to issue fewer shares in order to attain the desired level of equity

Table of Contents

compensation for our executive officers and managers. RSU awards are granted on an annual basis and generally contain both a performance- and a time-based element. Performance criteria link the equity reward to our strategic objectives and stockholder value. Time-based shares promote executive officer/management retention. Specific, individual grants vary by level/role in the organization. The amount of each award corresponds to the respective salary grade for each executive officer and manager.

Grants made during fiscal 2011 are shown in the Grants of Plan-Based Awards table. Long-term equity awards are granted on an annual basis each November or December at the Committee meeting following the Company's annual stockholders meeting.

The basis for the December 2010 Restricted Stock Unit award to executive officers is detailed below:

In August 2010, the Committee engaged Hewitt Associates to evaluate long-term incentive target award values for the Company's senior executives.

Previous RSU awards for the Named Executive Officers were 50% time-based RSUs and 50% performance-based RSUs (25% of the total based on diluted EPS target and 25% of the total based on a total shareholder return, or TSR target).

After extensive discussion, the Committee determined that even though the Company's compensation philosophy is to include a performance component in the long-term award, retention of the Named Executive Officers was the paramount concern with respect to the December 2010 award for the following reasons:

In light of the resignations of Mr. Bradley and Mr. Long, retention of key management talent through the period of leadership transition was the driving factor behind the December 2010 RSU grant, and

The Company did not meet the targets under the performance criteria established for the 2008 and 2009 performance based awards, resulting in a significant adverse impact to total compensation and leadership retention.

Therefore, for the December 2010 RSU award grant, management proposed and the Committee approved a change in the type of awards granted to Named Executive Officers.

For each of the Named Executive Officers, the December 2010 RSU award was 100% time based, with vesting to occur in equal increments over a period of five years.

For the December 2010 RSU award, we initially followed our standard plan formula for determining the number of RSUs to award to each Named Executive Officer, but because of the low prevailing stock price, the number of RSUs awarded would have resulted in using more than half of the number of shares approved by stockholders at the 2009 Annual Meeting in one annual grant. In order to achieve a more sustainable burn rate for RSU awards, management proposed, and the Committee approved, a reduction in the award to each individual in grades 26 to 28 to 60% of the number of RSUs that would otherwise have been awarded under the plan and a reduction in the award to each individual in grades 29 and above and for Directors to 75% of the number of RSUs that would otherwise have been awarded under the plan.

Due to the resignations of Mr. Bradley and Mr. Long effective November 19, 2010 and November 30, 2010 respectively, neither received a December 2010 RSU award.

Equity compensation is reviewed and evaluated periodically to ensure that it meets our objectives and may be modified, discontinued or replaced based on the changing objectives and requirements of the Company.

Perquisites and Other Benefits

Our executive officers do not receive significant compensation in the form of perquisites or supplemental benefits. In general, our executive officers are eligible to participate in the same retirement and health and welfare plans as all of our other eligible employees. We offer the following benefits to executive officers:

Retirement Benefits We sponsor a 401(k) Savings Plan which allows executive officers, and other employees, to contribute up to 25% of their salary (up to the annual IRS maximum). The Company's Safe Harbor Matching Contribution is a 100% matching contribution on salary deferrals up to the first 3% of compensation and 50% on the next 2% of salary deferrals. All matching contributions are 100% vested. Executive officers participate and receive benefits under the plan in the same manner as all other eligible participants. We do not sponsor or maintain any other pension, deferred compensation or other supplemental retirement plans for executive officers.

Table of Contents

Life Insurance In addition to the group term life policy offered to all eligible employees, we provide additional life insurance to our executive officers, at no cost to the officer.

CEO The Company provides a \$500,000 term life insurance policy for the CEO.

Executive Officers and Managers We provide an additional corporate term life insurance policy for all executive officers at the levels outlined below:

CEO, COO and CFO \$600,000

Other Executive Officers \$400,000

In addition to the company-provided life insurance policies described above, all executive officers, along with other eligible employees and managers, have the option to purchase supplemental life insurance for themselves, their spouses and dependents.

Change of Control/Severance Agreements

We have entered into Change of Control/Severance Agreements with each of the Named Executive Officers. These agreements are designed to promote stability, continuity and focus for key members of leadership during periods of uncertainty that may be created by change of control situations. Additionally, the use of such agreements is a competitive practice that enhances our ability to attract and retain leadership talent. For further details regarding our Change of Control/Severance Agreements, see the discussion under the caption Potential Payments Upon Termination or Change of Control.

Clawback Policy

Consistent with the principles of responsible oversight, the Company's Board of Directors has adopted a clawback policy, and the Company's RSU award agreements also include a clawback provision. The clawback policy provides that, to the extent permitted by law, if the Board of Directors, with the recommendation of the Committee, determines that:

any bonus, equity award, equity equivalent award or other incentive compensation has been awarded or received by an executive officer, and such compensation was based on the achievement of any financial results that were subsequently the subject of any material restatement of our financial statements filed with the SEC;

the executive officer engaged in grossly negligent or intentional misconduct that caused or substantially caused the material restatement; and

the amount of the compensation would have been less had the financial statements been correct, we will seek to recover from the executive officer such compensation, in whole or in part, as we deem appropriate under the circumstances. The Board of Directors has sole discretion in determining whether an officer's conduct has or has not met any particular standard of conduct under law or Company policy.

Pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act, which was signed into law on July 21, 2010, the SEC was directed to issue rules requiring the national securities exchanges to amend their listing standards to require listed companies to adopt mandatory clawback policies. The Company anticipates that it will modify its clawback policy to conform to the requirements of any such rules or listing requirements upon their adoption.

Equity Ownership Guidelines

The Board of Directors believes that our executive officers should demonstrate their commitment to, and belief in, the Company's long-term profitability. Stock ownership more closely aligns our executive officers' interests and actions with the interests of the Company's stockholders. Accordingly, each officer is expected to maintain a significant investment in the Company through the ownership of our common stock. We recently updated our stock ownership guidelines. See the discussion under the caption "Equity Ownership Guidelines" for a description of the new guidelines.

- (1) The amounts shown are the targeted cash incentive compensation award potential for each Named Executive Officer under our annual/short-term incentive compensation plan described in the Compensation Discussion and Analysis. Mr. Bradley and Mr. Long resigned from the Company prior to the payments of the fiscal 2011 cash incentive compensation; therefore, their actual payouts were zero. The Company agreed to credit Mr. Hewitt with three months of service for the purpose of determining the prorated amount earned under the short-term incentive compensation plan in fiscal 2011 upon his hire on May 4, 2011; therefore, the threshold, target and maximum payouts are based on one-fourth of his annual salary. Actual payouts to the Named Executive Officers for the applicable fiscal year are reported in the Summary Compensation Table as Non-equity incentive plan compensation .
- (2) Amounts shown are the number of shares of restricted stock unit awards granted to the Named Executive Officers in fiscal 2011. All awards granted in fiscal 2011 are time based awards that vest in five equal annual installments beginning one year after the grant date; therefore, the amounts shown have no threshold or maximum payout.
- (3) Amounts shown are calculated based upon the number of restricted stock units awarded multiplied by the closing stock price on the date of grant.
- (4) Mr. Cavanah was promoted from Vice President, Accounting and Financial Reporting to Chief Financial Officer on December 6, 2010. The amounts presented for the award approved on September 1, 2010 were his potential annual payouts based on his salary and bonus targets as Vice President, Accounting and Financial Reporting. The amounts presented for the award approved on December 2, 2010 represent the incremental bonus opportunity that occurred as a result of his promotion to Chief Financial Officer. His actual bonus was prorated based on his service in each position held and is reported on the Summary Compensation Table as Non-equity incentive plan compensation .

- (1) These awards were granted in fiscal 2009. The Named Executive Officers will receive 50% of the award after three years if our cumulative fully-diluted EPS for the three-year period beginning in fiscal 2009 meets the established Threshold level of \$4.78, 100% after three years if the cumulative fully-diluted EPS meets the established Target level of 5.14, and 150% after three years if the cumulative fully-diluted EPS meets the established Maximum

level of \$5.64. Phantom shares will be granted for awards earned above 100%. Shares awarded for performance that falls between the established levels will be calculated on a pro-rata basis. Although the number of shares reflect the payout at the target level of performance, we expect that the Compensation Committee will conclude that the threshold level of performance was not met. If the threshold level of performance is not met the number of shares indicated will be forfeited.

- (2) These awards were granted in fiscal 2010. Fifty percent of the award was a performance based award. Under the performance based award, the Named Executive Officers will receive 50% of the award after three years if our cumulative fully-diluted EPS for the three-year period beginning in fiscal 2010 meets the established Threshold level of \$2.75, 100% after three years if the cumulative fully-diluted EPS meets the established Target level of 3.30, and 150% after three years if the cumulative fully-diluted EPS meets the established Maximum level of \$3.62. Phantom shares will be granted for awards earned above 100%. Shares awarded for performance that falls between the established levels will be calculated on a pro-rata basis.

The remaining fifty percent of the award was a market based award. Under the market based award, the Named Executive Officers receive 50% of the award if, on the third anniversary of the grant, the Company's Total Shareholder Return (TSR) is between the 40th and 65th percentile when compared to the TSR of a group of peer companies, 100% of the award if the Company's TSR is between the 65th and 90th percentile, and 150% if the Company's TSR exceeds the 90th percentile. Phantom shares will be granted for awards earned above 100%. Shares awarded for performance that falls between the established levels will be calculated on a pro-rata basis.

Potential Payments Upon Termination or Change of Control

We have entered into Change of Control/Severance Agreements with Mr. Hewitt, Mr. Cavanah, Mr. Montalbano, Mr. Petrizzo and Mr. Ryan. These agreements are designed to promote stability, continuity and focus for key members of leadership during periods of uncertainty that may be created by change of control situations. Additionally, the use of such agreements is a competitive practice that enhances our ability to attract and retain leadership talent.

Under these agreements, payment of benefits may occur under two circumstances:

If we experience a Change of Control and the executive suffers an Adverse Event or is terminated without Cause, either on the date of the Change of Control or within 24 months following Change of Control date; or

The executive is terminated from employment at any time for reasons other than Cause.

Change of Control means (i) a change in ownership of the Company of greater than 50% of the outstanding voting stock of the Company within a six month period; (ii) a change in the effective control of the Company as determined by a change of greater than 35% of the outstanding voting stock of the Company by a person or persons acting as a group within a twelve month period; or (iii) a change in the ownership of a substantial portion of the assets of the Company as these terms are defined under Internal Revenue Code § 409A(a)(2)(A)(v) and Treasury Regulations § 1.409A-3(g)(5) or other then existing and applicable Treasury Regulations promulgated under Code § 409A that define the terms change of control for deferred compensation arrangements.

Cause means, with reference to a severance event, that the executive has been severed from employment with the Company because of the executive's theft of Company property, embezzlement or dishonesty that results in harm to the

Table of Contents

Company; continued gross or willful neglect of his or her job responsibilities after receiving written warnings regarding such neglect from the Company; conviction of a felony or pleading *nolo contendere* to a felony charged under state or federal law; or willful violation of Company policy. A determination by the Company's Board of Directors that an event constituting Cause under this Agreement has occurred is binding upon the Company and the executive.

Adverse Event means that the executive has experienced an event that has a material adverse impact on the executive's job position, responsibilities, duties, authorities, compensation or opportunities within the Company. An Adverse Event shall be considered material when: (i) the executive experiences any reduction in base salary; (ii) the executive experiences a reduction in salary range or opportunity for increases in salary; (iii) the executive experiences a reduction in incentive compensation range or opportunity; (iv) there is a material reduction in the executive's executive benefits or perquisites; (v) the executive is reassigned to a position or role with a lower salary range, salary opportunity, incentive range or incentive opportunity; or (vi) the executive experiences a material reduction in responsibilities.

In the event payment of benefits is triggered under these agreements, the executive officer will be paid in the manner outlined below. All benefits paid under these agreements are conditioned upon the executive executing a non-interference, non-solicitation, waiver and release of claims and confidentiality agreement in a form satisfactory to us. Failure to execute such an agreement prior to the payment date is considered an absolute forfeiture of the severance benefit. In the event an executive officer is terminated for Cause, all benefits and payments under the agreement are forfeited.

In the event an executive suffers an Adverse Event within 24 months of a Change of Control, benefits are paid as follows:
Mr. Hewitt, Mr. Cavanah and Mr. Montalbano Paid an amount equal to two years of base salary plus the average annual bonus compensation paid to the executive in the lesser of the previous three years or the number of full fiscal years the executive has been employed in the position. All forms of equity benefits vest and restrictions on such benefits lapse immediately.

Mr. Ryan and Mr. Petrizzo Paid an amount equal to one year of base salary plus the average annual bonus compensation paid to the executive in the previous three calendar years. All forms of equity benefits vest and restrictions on such benefits lapse immediately.

In the event an executive is terminated from employment for reasons other than Cause, benefits are paid as follows:
Mr. Hewitt Paid an amount equal to one year of base salary plus bonus compensation in an amount equal to 75% of base salary. If severance occurs within one year of Mr. Hewitt's hire date, Mr. Hewitt will be immediately vested in 100% of the initial stock grant provided at hire only. If severance occurs after one full year of employment but no later than two full years of employment, Mr. Hewitt will be immediately vested in 50% of the initial stock grant provided at hire only and the remainder of the award will be forfeited.

Mr. Cavanah, Mr. Montalbano, Mr. Ryan and Mr. Petrizzo Paid an amount equal to one year of base salary plus the average annual bonus compensation paid to the executive in the previous three calendar years.

We have also entered into Change of Control Agreements with other executive officers and key members of management. These agreements are designed to promote stability, continuity and focus for key personnel during periods of uncertainty that may be created by potential change of control situations. We seek to offer some security and protection when asking officers and managers to remain engaged through uncertain times.

Under these agreements, payment of benefits occurs in the event of a Change of Control and the executive officer/manager has suffered an Adverse Event or been terminated from employment for reason other than Cause, either on the date of the Change of Control or within six months of the Change of Control date. There is no general severance clause in these agreements.

In the event payment of benefits is triggered under these agreements, the executive officer/manager will be paid an amount equal to one year of base salary. In addition, all equity awards immediately vest and all restrictions on such benefits lapse. All benefits paid under these agreements are conditional upon the executive officer/manager executing a non-interference, non-solicitation, waiver and release of claims and confidentiality agreement in a form satisfactory to us. Failure to execute such an agreement prior to the payment date will be considered an absolute forfeiture of the severance benefit. In the event an executive officer/manager is terminated for Cause, all benefits and payments under the agreement are forfeited.

Edgar Filing: MATRIX SERVICE CO - Form DEF 14A

Benefits will be paid in the calendar year the event occurs and, generally, within thirty days of the date of the event. In no case shall the payment of the severance benefits be paid later than March 15 following the calendar year in which the event occurred.

Table of Contents

The following table shows potential payments to our Named Executive Officers under existing contracts, agreements, plans or arrangements, whether written or unwritten for various scenarios involving a termination of each of such Named Executive Officers, assuming a June 30, 2011 termination date and, where applicable, using the closing price of our common stock on June 30, 2011 of \$13.38. These amounts are estimates only. The actual amounts to be paid out can only be determined at the time of such executive officer's separation from us.

Except for certain terminations which entitle a Named Executive Officer to severance payments under the agreements described above, and except for the acceleration of vesting of equity awards upon retirement, death or disability to which a Named Executive Officer may be entitled under his respective stock option or restricted stock unit award agreements, there are no agreements, arrangements or plans that entitle the Named Executive Officers to severance, perquisites or other enhanced benefits upon their termination of employment. Any agreement to provide such other payments or benefits to a terminating executive would be at the discretion of the Compensation Committee.

PROPOSAL NUMBER 3: Advisory Vote to Approve Named Executive Officer Compensation

Pursuant to Section 14A of the Securities Exchange Act of 1934, as amended, we are seeking an advisory vote from our stockholders to approve our Named Executive Officer compensation, as set forth below.

We are asking for stockholder approval of the compensation of our Named Executive Officers as disclosed in this proxy statement in accordance with SEC rules, which disclosures include the disclosures under Compensation Discussion and Analysis, the compensation tables and the narrative discussion accompanying the compensation tables. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our Named Executive Officers and the policies and practices described in this proxy statement.

As discussed under the heading Compensation Discussion and Analysis, our executive compensation and benefit programs are designed to attract, motivate and retain a talented management team and to appropriately reward individual contributions to the achievement of our strategic goals. The Board of Directors believes this approach establishes a solid alignment of our executives and stockholders interests.

We use the following principles in the design and administration of our executive compensation program:

Competitiveness Our compensation programs are designed to ensure we can attract, motivate and retain the talent needed to lead and grow the business. Targets for base salary, short-term and long-term compensation are generally based on median (50th percentile) market levels.

Support Business Objectives, Strategy and Values Ultimately our compensation program is designed to drive the achievement of annual business objectives, support the creation of long-term value for our stockholders, and promote and encourage behavior consistent with our core values and guiding principles.

Pay for Performance While we establish target pay levels at or near the median or 50th percentile market levels for target level performance, our plans provide the opportunity for significantly greater rewards for outstanding performance. At the same time, performance that does not meet expectations is not rewarded.

Individual Performance In addition to objective company-wide, business unit and operating unit financial measures, our programs emphasize individual performance and the achievement of personal objectives.

Integrated Approach We look at compensation in total and strive to achieve an appropriate balance of immediate, short-term and long-term compensation components, with the ultimate goal of aligning executive compensation with long-term stockholder value. Approval of this advisory vote requires the affirmative vote of the majority of shares present in person or by proxy at the Annual Meeting and entitled to vote for the adoption of this proposal. **The Board of Directors recommends a vote For the approval of the compensation of our Named Executive Officers as disclosed in this proxy statement pursuant to the compensation disclosure rules of the SEC.**

The Board of Directors welcomes our stockholders views on this subject, and will carefully consider the outcome of this vote. However, as an advisory vote, the outcome is not binding on us or the Board.

PROPOSAL NUMBER 4: Advisory Vote on the Frequency of the Advisory Vote on Compensation of Named Executive Officers

Pursuant to Section 14A of the Securities Exchange Act of 1934, as amended, we are seeking an advisory vote from our stockholders on whether future advisory votes on executive compensation of the nature included in Proposal Three above should occur every year, every two years or every three years.

After careful consideration and dialogue with our stockholders, the Board of Directors has determined that holding an advisory vote on executive compensation every year is the most appropriate policy for our company at this time. The Board recommends that stockholders vote for future advisory votes on executive compensation to occur every year.

While our executive compensation programs are designed to promote a long-term connection between pay and performance, the Board of Directors recognizes that executive compensation disclosures are made annually. Given that the say-on-pay advisory vote provisions are new, holding an annual advisory vote on executive compensation provides us with more direct and immediate feedback on our compensation disclosures. However, stockholders should note that the advisory vote on executive compensation occurs well after the beginning of the compensation year. In addition, the different elements of our executive compensation programs are designed to operate in an integrated manner and to complement one another. Therefore, in many cases, it may not be appropriate or feasible to change our executive compensation programs in consideration of any one year's advisory vote on executive compensation by the time of the following year's annual meeting of stockholders.

We believe that an annual advisory vote on executive compensation is consistent with our practice of seeking input and engaging in dialogue with our stockholders on corporate governance matters and our executive compensation philosophy, policies and practices.

This advisory vote on the frequency of future advisory votes on executive compensation is non-binding on the board. Stockholders will be able to specify one of four choices for this proposal on the proxy card: one year, two years, three years or abstain. Stockholders are not voting to approve or disapprove the Board of Director's recommendation.

The option of one year, two years or three years that receives the greatest number of affirmative votes will be considered to be the preferred option of stockholders.

The Board of Directors recommends that the stockholders vote to conduct future advisory votes on executive compensation every year.

The Board of Directors welcomes our stockholders' views on this subject, and will carefully consider the outcome of this vote. However, as an advisory vote, the outcome is not binding on us or the Board.

Equity Ownership Guidelines

The Board of Directors believes that our executive officers should demonstrate their commitment to and belief in the Company’s long-term profitability. Accordingly, each executive officer is expected to maintain a significant investment in the Company through the ownership of Company stock. Stock ownership more closely aligns our executive officers’ interests and actions with the interests of the Company’s stockholders.

At the August 30, 2011 Board meeting, new Equity Ownership Guidelines were adopted. These guidelines replaced the Equity Ownership Guidelines that had been in effect since August 2, 2007. The updated guidelines are as follows:

Amount of Ownership Defined as a multiple of the individual’s base salary as noted below. These multiples represent the minimum amount of Company stock an executive officer should seek to acquire and maintain.

President/CEO	5 times base salary
CFO/COO/Presidents of the two principal operating subsidiaries	3 times base salary
All other executive officers	1 times base salary

Timing: The new Equity Ownership Guidelines are effective August 30, 2011. The executive officers have five years from this date to acquire the ownership levels defined herein. Thereafter, they are expected to retain this level of ownership during their tenure with the Company. Compliance will be evaluated on an annual basis as of June 30 of each year.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's directors and executive officers, and persons who own more than 10% of the Company's common stock, to report their initial ownership of the common stock and any subsequent changes in ownership of the common stock with the SEC and NASDAQ and to furnish the Company with a copy of each such report.

To the Company's knowledge, based solely on the Company's review of the copies of such reports received by the Company and on written representations by certain reporting persons that no other reports were required during and with respect to fiscal 2011, all Section 16(a) filing requirements applicable to its executive officers and directors, and 10% stockholders were complied with on a timely basis except for one late filing for Mr. Robert A. Long. Mr. Long, a Section 16(a) filer disposed of 3,500 shares of Matrix Service Company common stock on February 18, 2011 and failed to report the transaction to the Company. A Form 5 was filed on August 12, 2011 to report this transaction. The Section 16(a) reporting requirements have been re-communicated to executive officers to prevent late filings in future periods.
