Cautionary Statement Regarding Forward-Looking Statements

Certain statements contained herein constitute forward-looking statements as such term is defined in Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Forward-looking statements are not guarantees of performance. Our future results, financial condition and business may differ materially from those expressed in these forward-looking statements. You can find many of these statements by looking for words such as plans, intends, estimates, anticipates, expects, believes or similar expressions in this Form 10-K. These forward-looking statements are subject to numerous assumptions, risks and uncertainties. Many of the factors that will determine these items are beyond our ability to control or predict. For further discussion of these factors, see Item 1A. Risk Factors in this Form 10-K.

For these statements, we claim the protection of the safe harbor for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995. You are cautioned not to place undue reliance on our forward-looking statements, which speak only as of the date of this Form 10-K or the date of any document incorporated by reference. All subsequent written and oral forward-looking statements attributable to us or any person acting on our behalf are expressly qualified in their entirety by the cautionary statements contained or referred to in this section. We do not undertake any obligation to release publicly any revisions to our forward-looking statements to reflect events or circumstances after the date of this Form 10-K.

Item 1. Business

General

Saul Centers, Inc. (Saul Centers) was incorporated under the Maryland General Corporation Law on June 10, 1993. Saul Centers operates as a real estate investment trust (a REIT) under the Internal Revenue Code of 1986, as amended (the Code). The Company is required to annually distribute at least 90% of its REIT taxable income (excluding net capital gains) to its stockholders and meet certain organizational and other requirements. Saul Centers has made and intends to continue to make regular quarterly distributions to its stockholders. Saul Centers, together with its wholly owned subsidiaries and the limited partnerships of which Saul Centers or one of its subsidiaries is the sole general partner, are referred to collectively as the Company . B. Francis Saul II serves as Chairman of the Board of Directors and Chief Executive Officer of Saul Centers.

The Company s principal business activity is the ownership, management and development of income-producing properties. The Company s long-term objectives are to increase cash flow from operations and to maximize capital appreciation of its real estate.

Saul Centers was formed to continue and expand the shopping center business previously owned and conducted by the B.F. Saul Real Estate Investment Trust, the B.F. Saul Company and certain other affiliated entities, each of which is controlled by B. Francis Saul II and his family members (collectively, The Saul Organization). On August 26, 1993, members of The Saul Organization transferred to Saul Holdings Limited Partnership, a newly formed Maryland limited partnership (the Operating Partnership), and two newly formed subsidiary limited partnerships (the Subsidiary Partnerships , and collectively with the Operating Partnership, the Partnerships), shopping center and mixed-use properties, and the management functions related to the transferred properties. Since its formation, the Company has developed and purchased additional properties.

Table of Contents

The following table lists the properties acquired and/or developed by the Company since January 1, 2009.

Name of Property	Location	Type	Square Footage	Date of Acquisition/ Development
<i>Acquisitions</i>				
11503 Rockville Pike	Rockville, MD	Shopping Center	20,000	2010
Metro Pike Center	Rockville, MD	Shopping Center	67,000	2010
4469 Connecticut Ave	Washington, DC	Mixed-Use	3,000	2011
Kentlands Square II	Gaithersburg, MD	Shopping Center	241,000	2011
Severna Park MarketPlace	Severna Park, MD	Shopping Center	254,000	2011
Cranberry Square	Westminster, MD	Shopping Center	141,000	2011
<i>Developments</i>				
Northrock	Warrenton, VA	Shopping Center	103,000	2009
Westview Village	Frederick, MD	Shopping Center	101,000	2009
Clarendon Center North	Arlington, VA	Mixed-Use	108,000	2010/2011
Clarendon Center South	Arlington, VA	Mixed-Use	294,000	2010/2011

As of December 31, 2011, the Company's properties (the Current Portfolio Properties) consisted of 51 shopping center properties (the Shopping Centers), seven mixed-use properties which are comprised of office, retail and multi-family residential uses (the Mixed-Use Properties) and two (non-operating) development properties. Shopping Centers and Mixed-Use Properties represent reportable business segments for financial reporting purposes. Revenue, net income, total assets and other financial information of each reportable segment are described in Note 16 to the Consolidated Financial Statements contained in Item 8 of this Form 10-K.

The Company established Saul QRS, Inc., a wholly owned subsidiary of Saul Centers, to facilitate the placement of collateralized mortgage debt. Saul QRS, Inc. was created to succeed to the interest of Saul Centers as the sole general partner of Saul Subsidiary I Limited Partnership. The remaining limited partnership interests in Saul Subsidiary I Limited Partnership and Saul Subsidiary II Limited Partnership are held by the Operating Partnership as the sole limited partner. Through this structure, the Company owns 100% of the Current Portfolio Properties.

Table of Contents

Organizational Structure

The Company conducts its business through the Operating Partnership and/or directly or indirectly owned subsidiaries. The following diagram depicts the Company's organizational structure and beneficial ownership of the common and preferred stock of Saul Centers calculated pursuant to Rule 13d-3 of the Exchange Act as of December 31, 2011.

- (1) The Saul Organization's ownership percentage in Saul Centers reported above does not include units of limited partnership interest of the Operating Partnership held by The Saul Organization. In general, most units are convertible into shares of the Company's common stock on a one-for-one basis. However, not all of the units may be convertible into the Company's common stock because (i) the articles of incorporation limit beneficial and constructive ownership (defined by reference to various Code provisions) to 39.9% in value of the Company's issued and outstanding equity securities, which comprise the ownership limit and (ii) the convertibility of some of the outstanding units is subject to approval of the Company's stockholders.

Management of the Current Portfolio Properties

The Operating Partnership manages the Current Portfolio Properties and will manage any subsequently acquired or developed properties. The management of the properties includes performing property management, leasing, design, renovation, development and accounting duties for each property. The Operating Partnership provides each property with a fully integrated property management capability, with approximately 63 employees and with an extensive and mature network of relationships with tenants and potential tenants as well as with members of the brokerage and property owners' communities. The Company currently does not, and does not intend to, retain third party managers or provide management services to third parties.

The Company augments its property management capabilities by sharing with The Saul Organization certain ancillary functions, at cost, such as information technology and payroll services, benefits administration and in-house legal services. The Company also shares insurance administration expenses on a pro rata basis with The Saul Organization. Management believes that these arrangements result in lower costs than could be obtained by contracting with third parties. These arrangements permit the Company to capture greater economies of scale in purchasing from third party vendors than would otherwise be available to the Company alone and to capture internal economies of scale by avoiding payments representing profits with respect to functions provided internally. The terms of all sharing arrangements with The Saul Organization, including payments related thereto, are specified in a written agreement and are reviewed annually by the Audit Committee of the Company's Board of Directors.

Table of Contents

The Company subleases its corporate headquarters space from The Saul Organization at the Company's share of the cost. A discussion of the lease terms are provided in Note 7, Long Term Lease Obligations, of the Notes to Consolidated Financial Statements.

Principal Offices

The principal offices of the Company are located at 7501 Wisconsin Avenue, Suite 1500, Bethesda, Maryland 20814-6522, and the Company's telephone number is (301) 986-6200. The Company's internet web address is www.saulcenters.com. Information contained on the Company's website is not part of this report. The Company makes available free of charge on its website its annual reports on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K, and any amendments to those reports filed or furnished pursuant to Section 13(a) or 15(d) of the Exchange Act, as soon as reasonably practicable after the reports are electronically filed with, or furnished to, the Securities and Exchange Commission (SEC). Alternatively, you may access these reports at the SEC's website: www.sec.gov.

Policies with Respect to Certain Activities

The following is a discussion of the Company's operating strategy and certain of its investment, financing and other policies. These strategies and policies have been determined by the Board of Directors and, in general, may be amended or revised from time to time by the Board of Directors without a vote of the Company's stockholders.

Operating Strategies

The Company's primary operating strategy is to focus on its community and neighborhood shopping center business and to operate its properties to achieve both cash flow growth and capital appreciation. Community and neighborhood shopping centers typically provide reliable cash flow and steady long-term growth potential. Management actively manages its property portfolio by engaging in strategic leasing activities, tenant selection, lease negotiation and shopping center expansion and reconfiguration. The Company seeks to optimize tenant mix by selecting tenants for its shopping centers that provide a broad spectrum of goods and services, consistent with the role of community and neighborhood shopping centers as the source for day-to-day necessities. Management believes that such a synergistic tenancing approach results in increased cash flow from existing tenants by providing the Shopping Centers with consistent traffic and a desirable mix of shoppers, resulting in increased sales and, therefore, increased cash flows.

Management believes there is potential for long term growth in cash flow as existing leases for space in the Shopping Centers expire and are renewed, or newly available or vacant space is leased. The Company intends to renegotiate leases where possible and seek new tenants for available space in order to optimize the mix of uses to improve foot traffic through the shopping centers. As leases expire, management expects to revise rental rates, lease terms and conditions, relocate existing tenants, reconfigure tenant spaces and introduce new tenants with the goals of increasing occupancy, improving overall retail sales, and ultimately increasing cash flow as economic conditions improve. In those circumstances in which leases are not otherwise expiring, management selectively attempts to increase cash flow through a variety of means, or in connection with renovations or relocations, recapturing leases with below market rents and re-leasing at market rates, as well as replacing financially troubled tenants. When possible, management also will seek to include scheduled increases in base rent, as well as percentage rental provisions, in its leases.

The Company will also seek growth opportunities in its Washington, DC metropolitan area mixed-use portfolio, primarily through development and redevelopment, as evidenced by the recent completion of the development of Clarendon Center in Arlington County, Virginia. Management also intends to negotiate lease renewals or to re-lease available space in the Mixed-Use Properties, while considering the strategic balance of optimizing short-term cash flow and long-term asset value.

It is management's intention to hold properties for long-term investment and to place strong emphasis on regular maintenance, periodic renovation and capital improvement. Management believes that characteristics such

Table of Contents

as cleanliness, lighting and security are particularly important in community and neighborhood shopping centers, which are frequently visited by shoppers during hours outside of the normal work-day. Management believes that the Shopping Centers and Mixed-Use Properties generally are attractive and well maintained. The Shopping Centers and Mixed-Use Properties will undergo expansion, renovation, reconfiguration and modernization from time to time when management believes that such action is warranted by opportunities or changes in the competitive environment of a property. During 2011, 2010 and 2009, the Company redeveloped or expanded two of its operating properties, Smallwood Village Center and Seven Corners, and developed two new shopping centers, Westview Village and Northrock. Additionally, the Company has completed the construction of Clarendon Center, a mixed-use development containing ground floor retail, office and multi-family residential units. The Company will continue its practice of expanding existing properties by undertaking new construction on outparcels suitable for development as free standing retail or office facilities.

Investment in Real Estate or Interests in Real Estate

The Company's redevelopment and renovation objective is to selectively and opportunistically redevelop and renovate its properties, by replacing below-market-rent leases with strong, traffic-generating anchor stores such as supermarkets and drug stores, as well as other desirable local, regional and national tenants. The Company's strategy remains focused on continuing the operating performance and internal growth of its existing Shopping Centers, while enhancing this growth with selective retail redevelopments and renovations.

The Company recently acquired three Giant Food-anchored shopping centers located in the Maryland suburbs of the Washington, DC and Baltimore metropolitan area. The three centers, Kentlands Square II, Severna Park MarketPlace and Cranberry Square, total 636,000 square feet of leasable area, of which 98% is leased. The \$170.9 million purchase price, including acquisition costs, was financed with (1) \$60.0 million from two bridge loans secured by Kentlands Square II and Cranberry Square; (2) a \$38.0 million non-recourse permanent loan secured by Severna Park MarketPlace; (3) approximately \$17.1 million in cash and borrowings from the Company's revolving credit facility; and (4) \$55.8 million from the issuance of equity to a related party. In light of the limited amount of quality properties for sale and the escalated pricing of properties that the Company has been presented with or has inquired about over the past year, management believes acquisition opportunities for investment in existing and new Shopping Center and Mixed-Use Properties in the near future is uncertain. Because of its conservative capital structure, including its cash and capacity under its revolving credit facility, management believes that the Company is positioned to take advantage of additional investment opportunities as attractive properties are located and market conditions improve. (See Item 1. Business Capital Policies). It is management's view that several of the sub-markets in which the Company operates have, or are expected to have in the future, attractive supply/demand characteristics. The Company will continue to evaluate acquisition, development and redevelopment as integral parts of its overall business plan.

In evaluating a particular redevelopment, renovation, acquisition, or development, management will consider a variety of factors, including (i) the location and accessibility of the property; (ii) the geographic area (with an emphasis on the Washington, DC/Baltimore metropolitan area and the southeastern region of the United States) and demographic characteristics of the community, as well as the local real estate market, including potential for growth and potential regulatory impediments to development; (iii) the size of the property; (iv) the purchase price; (v) the non-financial terms of the proposed acquisition; (vi) the availability of funds or other consideration for the proposed acquisition and the cost thereof; (vii) the fit of the property with the Company's existing portfolio; (viii) the potential for, and current extent of, any environmental problems; (ix) the current and historical occupancy rates of the property or any comparable or competing properties in the same market; (x) the quality of construction and design and the current physical condition of the property; (xi) the financial and other characteristics of existing tenants and the terms of existing leases; and (xii) the potential for capital appreciation.

Although it is management's present intention to concentrate future acquisition and development activities on community and neighborhood shopping centers and mixed-use properties in the Washington, DC/Baltimore metropolitan area and the southeastern region of the United States, the Company may, in the future, also acquire other types of real estate in other areas of the country as opportunities present themselves. While the Company may diversify in terms of property locations, size and market, it does not set any limit on the amount or percentage of assets that may be invested in any one property or any one geographic area.

The Company intends to engage in such future investment or development activities in a manner that is consistent with the maintenance of its status as a REIT for federal income tax purposes and that will not make the

Table of Contents

Company become regulated as an investment company under the Investment Company Act of 1940, as amended. Equity investments in acquired properties may be subject to existing mortgage financings and other indebtedness or to new indebtedness which may be incurred in connection with acquiring or refinancing these investments.

Investments in Real Estate Mortgages

While the Company's current portfolio and business objectives emphasize equity investments in commercial and neighborhood shopping centers and mixed-use properties, the Company may, at the discretion of the Board of Directors, invest in mortgages, participating or convertible mortgages, deeds of trust and other types of real estate interests consistent with its qualification as a REIT. The Company does not presently invest, nor does it intend to invest, in real estate mortgages.

Investments in Securities of or Interests in Persons Engaged in Real Estate Activities and Other Issues

Subject to the requirements to maintain REIT qualification, the Company may invest in securities of other REITs, other entities engaged in real estate activities or securities of other issuers, including for the purpose of exercising control over such entities. The Company does not presently invest, nor does it intend to invest, in any securities of other REITs.

Dispositions

In 2010, the Company sold its Lexington property for \$8.1 million and recognized a gain of \$3.6 million. The Company may elect to dispose of other properties if, based upon management's periodic review of the Company's portfolio, the Board of Directors determines that such action would be in the best interest of the Company's stockholders.

Capital Policies

The Company has established a debt capitalization policy relative to asset value, which is computed by reference to the aggregate annualized cash flow from the properties in the Company's portfolio rather than relative to book value. The Company has used a measure tied to cash flow because it believes that the book value of its portfolio properties, which is the depreciated historical cost of the properties, does not accurately reflect the Company's ability to incur indebtedness. Asset value, however, is somewhat more variable than book value, and may not at all times reflect the fair market value of the underlying properties. As a general policy, the Company intends to maintain a ratio of its total debt to total asset value of 50% or less and to actively manage the Company's leverage and debt expense on an ongoing basis in order to maintain prudent coverage of fixed charges. Given the Company's current debt level, it is management's belief that the ratio of the Company's debt to total asset value is below 50% as of December 31, 2011.

The organizational documents of the Company do not limit the absolute amount or percentage of indebtedness that it may incur. The Board of Directors may, from time to time, reevaluate the Company's debt capitalization policy in light of current economic conditions, relative costs of capital, market values of the Company property portfolio, opportunities for acquisition, development or expansion, and such other factors as the Board of Directors then deems relevant. The Board of Directors may modify the Company's debt capitalization policy based on such a reevaluation without shareholder approval and consequently, may increase or decrease the Company's debt to total asset ratio above or below 50% or may waive the policy for certain periods of time, subject to maintaining compliance with financial covenants within existing debt agreements. The Company selectively continues to refinance or renegotiate the terms of its outstanding debt in order to achieve longer maturities, and obtain generally more favorable loan terms, whenever management determines the financing environment is favorable.

The Company intends to finance future acquisitions and developments and to make debt repayments by utilizing the sources of capital then deemed to be most advantageous. Such sources may include undistributed operating cash flow, secured or unsecured bank and institutional borrowings, proceeds from the Company's Dividend Reinvestment and Stock Purchase Plan, proceeds from the sale of properties and private and public offerings of debt or equity securities. Borrowings may be at the Operating Partnership or Subsidiary Partnerships level and securities offerings may include (subject to certain limitations) the issuance of Operating Partnership interests convertible into common stock or other equity securities.

Table of Contents

Other Policies

The Company has the authority to offer equity or debt securities in exchange for property and to repurchase or otherwise acquire its common stock or other securities in the open market or otherwise, and may engage in such activities in the future. The Company expects, but is not obligated, to issue common stock to holders of units of the Operating Partnership upon exercise of their redemption rights. The Company has not engaged in trading, underwriting or agency distribution or sale of securities of other issuers other than the Operating Partnership and does not intend to do so. The Company has not made any loans to third parties, although the Company may in the future make loans to third parties. In addition, the Company has policies relating to related party transactions discussed in Item 1A. Risk Factors.

Competition

As an owner of, or investor in, community and neighborhood shopping centers and mixed-use properties, the Company is subject to competition from an indeterminate number of companies in connection with the acquisition, development, ownership and leasing of similar properties. These investors include investors with access to significant capital, such as domestic and foreign corporations and financial institutions, publicly traded and privately held REITs, private institutional investment funds, investment banking firms, life insurance companies and pension funds.

Competition may reduce properties available for acquisition or development or increase prices for raw land or developed properties of the type in which the Company invests. The Company faces competition in providing leases to prospective tenants and in re-letting space to current tenants upon expiration of their respective leases. If tenants decide not to renew or extend their leases upon expiration, the Company may not be able to re-let the space. Even if the tenants do renew or the Company can re-let the space, the terms of renewal or re-letting, including the cost of required renovations, may be less favorable than current lease terms or than expectations for the space. This risk may be magnified if the properties owned by our competitors have lower occupancy rates than the Company's properties. As a result, these competitors may be willing to make space available at lower prices than the space in the Current Portfolio Properties.

Management believes that success in the competition for ownership and leasing property is dependent in part upon the geographic location of the property, the tenant mix, the performance of property managers, the amount of new construction in the area and the maintenance and appearance of the property. Additional competitive factors impacting the Company's properties include the ease of access to the properties, the adequacy of related facilities such as parking, and the demographic characteristics in the markets in which the properties compete. Overall economic circumstances and trends and new properties in the vicinity of each of the Current Portfolio Properties are also competitive factors.

Finally, retailers at our Shopping Centers face increasing competition from outlet stores, discount shopping clubs and other forms of marketing goods, such as direct mail, internet marketing and telemarketing. This competition may reduce percentage rents payable to us and may contribute to lease defaults or insolvency of tenants.

Environmental Matters

The Current Portfolio Properties are subject to various laws and regulations relating to environmental and pollution controls. The impact upon the Company from the application of such laws and regulations either prospectively or retrospectively is not expected to have a materially adverse effect on the Company's property operations. As a matter of policy, the Company requires an environmental study be performed with respect to a property that may be subject to possible environmental hazards prior to its acquisition to ascertain that there are no material environmental hazards associated with such property.

Employees

As of March 1, 2012, the Company employed approximately 63 persons, including seven leasing officers. None of the Company's employees are covered by collective bargaining agreements. Management believes that its relationship with employees is good.

Table of Contents

Recent Developments

The current economic situation, including constraints on credit availability, high unemployment and lower housing values, has had an effect on the Company's results of operations. During 2011, four of the Company's significant tenants were involved in bankruptcy proceedings. Blockbuster Video has rejected leases at two locations. Two other leases were transferred to Dish Network Corp. and store operations have continued. Borders Bookstore has liquidated all of its stores including its single location with the Company at Thruway. Superfresh (a) closed its Lumberton, New Jersey store effective April 18, 2011 and rejected this lease and (b) announced its plan to accept the lease at the Company's Shops at Fairfax, which is currently subleased to Super H Grocery. Syms Corporation filed for bankruptcy protection and closed its Syms store at Seven Corners Center. These bankruptcy proceedings are the only known bankruptcies involving the Company's significant tenants.

With the decline in overall consumer spending, retailers continue to struggle with declining sales and limited access to capital. Vacancies remain elevated compared to pre-recession levels. Our overall portfolio leasing percentage, on a comparative same center basis, at December 31, 2011 was 89.4%, a decrease from 91.1% at December 31, 2010. The 2011 commercial leasing percentages were adversely impacted by a net decrease of approximately 140,000 square feet of leased space, of which approximately 98,000 square feet was caused by the Syms, SuperFresh and Borders Books bankruptcies and the balance resulting from the early lease termination of a local grocer. As of March 1, 2012, a total of 61,000 square feet of these four vacant spaces had been leased.

Because of a conservative capital structure, the Company's liquidity has not been significantly affected by the recent turmoil in the credit markets. First, the ratio of total debt to the estimated fair value of its assets is less than 50%, which allows the Company to obtain additional secured borrowings if necessary. Second, as of December 31, 2011, amortizing fixed-rate mortgage debt with staggered maturities from 2012 to 2026, represented approximately 97% of the Company's notes payable, thus minimizing refinancing risk. Third, the Company's only 2012 fixed-rate debt maturity is in October, for which the Company has received a loan commitment to refinance. The remaining floating-rate debt of the Company is comprised of a \$15.1 million loan secured by Northrock shopping center and \$8.0 million outstanding under the \$150.0 million unsecured revolving credit facility.

Acquisition and Development Activity

A significant contributor to the Company's recent growth in its Shopping Center portfolio has been its land acquisitions and subsequent development, redevelopment of existing centers and operating property acquisition activities. Redevelopment activities reposition the Company's centers to be competitive in the current retailing environment. These redevelopments typically include an update of the facade, site improvements and reconfiguring tenant spaces to accommodate tenant size requirements and merchandising evolution. During the period January 1, 2009 through February 29, 2012, the Company developed two neighborhood Shopping Centers and acquired six operating neighborhood shopping center properties. Since January 1, 2009, the Company's leasable area has grown by approximately 16.4% (1.3 million square feet), from 8.2 million square feet to approximately 9.5 million square feet.

2011 / 2010 / 2009 Acquisitions, Developments and Redevelopments

Ashland Square Phase I

On December 15, 2004, the Company purchased for \$6.3 million, a 19.3 acre parcel of land in Manassas, Prince William County, Virginia. The Company has an approved site plan to develop a grocery-anchored neighborhood shopping center totaling approximately 160,000 square feet. Capital One Bank operates a branch on the site and the Company previously executed a lease with CVS. The Company is in the process of completing site work for two pads. CVS will construct a 13,000 square foot pharmacy building and the Company will construct a 6,500 square foot building which it expects to lease to a restaurant. Both facilities are projected to be completed in the fourth quarter of 2012, at a cost to the Company of approximately \$3.0 million. The balance of the center is being marketed to grocers and other retail businesses, with a development timetable yet to be finalized.

Smallwood Village Center

On January 27, 2006, the Company acquired the 198,000 square foot Smallwood Village Center, located on 25 acres within the St. Charles planned community of Waldorf, Maryland. The center was acquired for a purchase price of \$17.5 million subject to the assumption of an \$11.3 million mortgage loan, and was 68.0% leased at December 31, 2011. The Company completed construction during mid-2009 of capital improvements to improve access to the center, reconfigure portions of the center and upgrade the center's façade and common areas. The cost of the redevelopment was approximately \$6.9 million and the redeveloped center totals approximately 173,000 square feet.

Table of Contents

Clarendon Center

In late 2010, the Company substantially completed construction of a mixed-use project which includes approximately 42,000 square feet of retail space, 171,000 square feet of office space, 244 apartments and 600 underground parking spaces, on two city blocks, adjacent to the Clarendon Metro Station in Arlington County, Virginia. Development costs are expected to total approximately \$195.0 million upon the completion of final office tenant improvements.

The south block consists of 11 floors of residential area (244 units) alongside eight floors of office space (76,000 square feet), both atop ground floor retail space (29,000 square feet) leased to Trader Joe's, Circa Café and Burke & Herbert Bank. The first office tenant began occupancy in December 2010, and the first retail occupancy occurred in January 2011. Currently, all of the retail tenants are operating. The north block consists of five floors of office space (95,000 square feet) atop ground floor retail (13,000 square feet). The building shell certificate of occupancy was received in early February 2011, and Airline Reporting Corporation (68,000 square feet) took occupancy in late March 2011. As of December 31, 2011, 196,000 square feet (92.4%) of the combined retail and office space was leased.

On December 26, 2010, tenants began occupancy of the apartments. By April 28, 2011, the apartments were 98.8% leased, and as of December 31, 2011, 243 of the 244 apartments were leased and occupied.

Westview Village

In November 2007, the Company purchased for \$5.0 million, a 10.4 acre site in the Westview development on Buckeystown Pike (MD Route 85) in Frederick, Maryland. Construction was substantially completed in 2009 on a development that totals approximately 101,000 square feet of commercial space, including 60,000 square feet of retail shop space, 11,000 square feet of retail pads and 30,000 square feet of professional office space. Total construction and development costs, including land, lease-up and tenant improvement costs, are projected to be approximately \$26.5 million. As of December 31, 2011, 45,000 square feet of retail space and 13,000 square feet of office space, or approximately 57.0% of the total space, had been leased.

Northrock

In January 2008, the Company purchased for \$12.5 million, approximately 15.4 acres of undeveloped land in Warrenton, Virginia, located at the southwest corner of the U. S. Route 29/211 and Fletcher Drive intersection. The Company constructed Northrock shopping center, a neighborhood shopping center totaling approximately 103,000 square feet of leasable area. Approximately 77.8% of the project was leased at December 31, 2011, including a 52,700 square foot Harris Teeter supermarket store, 18,822 square feet of small shop space, and pad leases with Capital One Bank and Longhorn Steakhouse. Total construction and development costs, including land, lease-up and tenant improvement costs, are projected to be approximately \$27.9 million.

Seven Corners

During 2010, the Company expanded the Seven Corners shopping center by approximately 6,000 square feet. Red Robin Gourmet Burgers opened in November 2010 in a newly-constructed, free-standing building. The Company also completed construction of parking lot, landscaping and site lighting improvements to enhance the common areas.

11503 Rockville Pike

On October 1, 2010, the Company purchased for \$15.6 million, including acquisition costs, approximately 20,000 square feet of retail space located on the east side of Rockville Pike (Route 355), near the White Flint Metro Station in Montgomery County, Maryland. The property, which was fully leased to two tenants at December 31, 2011, is zoned for up to 297,000 square feet of rentable mixed use space. The Company does not anticipate redeveloping the property in the foreseeable future.

Metro Pike Center

On December 17, 2010, the Company purchased for \$34.3 million, including acquisition costs, approximately 67,000 square feet of retail space located on the west side of Rockville Pike (Route 355) near the White Flint Metro Station in Montgomery County, Maryland. The property was acquired subject to the assumption of a \$16.2 million mortgage loan and a corresponding interest rate swap with a fair value of \$0.5 million. The property, which was 76.4% leased at December 31, 2011, is zoned for up to 807,000 square feet of rentable mixed use space. The Company does not anticipate redeveloping the property in the foreseeable future.

Table of Contents

4469 Connecticut Ave

On February 17, 2011, the Company purchased for \$1.7 million, including acquisition costs, approximately 3,000 square feet of retail space located adjacent to the Company's Van Ness Square in Washington DC. The property is unoccupied as of December 31, 2011.

Kentlands Square II

On September 23, 2011, the Company purchased for \$74.5 million Kentlands Square II, and incurred acquisition costs of \$1.1 million. Kentlands Square II is a 241,000 square foot neighborhood shopping center located in Gaithersburg, Maryland, in Montgomery County, the state's most populous and affluent county. More than 38,000 households, with annual household incomes averaging over \$114,000, are located within a three-mile radius of the center. The center was constructed in 1993, is 100% leased and is anchored by a 61,000 square foot Giant Food supermarket and a 104,000 square foot Kmart. The property is adjacent to the Company's Kentlands Square I, which is anchored by Lowe's Home Improvement and Kentlands Place.

Severna Park MarketPlace

On September 23, 2011, the Company purchased for \$61.0 million Severna Park MarketPlace, and incurred acquisition costs of \$0.8 million. Severna Park MarketPlace is a 254,000 square foot neighborhood shopping center located in Severna Park, Maryland, in Anne Arundel County. More than 15,000 households, with annual household incomes averaging over \$112,000, are located within a three-mile radius of the center. The center was constructed in 1974 and renovated in 2000, is 100% leased and is anchored by a 63,000 square foot Giant Food supermarket and a 92,000 square foot Kohl's.

Cranberry Square

On September 23, 2011, the Company purchased for \$33.0 million Cranberry Square, and incurred acquisition costs of \$0.5 million. Cranberry Square is a 140,000 square foot neighborhood shopping center located in Westminster, Maryland, in Carroll County. More than 12,000 households, with annual household incomes averaging over \$72,000, are located within a three-mile radius of the center. The center was constructed in 1991, is 91.2% leased and is anchored by a 56,000 square foot Giant Food supermarket and a 24,000 square foot Staples.

Item 1A. Risk Factors

RISK FACTORS

Carefully consider the following risks and all of the other information set forth in this Annual Report on Form 10-K, including the consolidated financial statements and the notes thereto. If any of the events or developments described below were actually to occur, the Company's business, financial condition or results of operations could be adversely affected.

In this section, unless the context indicates otherwise, the terms Company, we, us and our refer to Saul Centers, Inc., and its subsidiaries, including the Operating Partnership.

The global financial crisis and economic slowdown may have an adverse impact on our business, our tenants' business and our results of operations.

The continuation or worsening of the recent credit market disruption and global economic crisis may continue to have an adverse effect on the fundamentals of our business and results of operations, including overall market occupancy and rental rates. While recent economic data appear to reflect some stabilization of the economy and credit markets, a continuation of these challenging economic conditions could have a negative effect on the financial condition of our tenants or lenders, which may expose us to increased risks of default by these parties.

In the event of a continuation of this disruption in the economy and capital markets, there can be no assurance we will not experience material adverse effects on our business, financial condition, results of operations or real estate values.

Table of Contents

Potential consequences of a continuation of the credit crisis and global economic slowdown include:

the financial condition of our tenants, many of which operate in the retail industry, may be adversely affected, which may result in tenant defaults under their leases due to bankruptcy, lack of liquidity, operational failures or for other reasons;

the ability to borrow on terms and conditions that we find acceptable, or at all, may be limited, which could reduce our ability to pursue acquisition and development opportunities and refinance existing debt, reduce our returns from acquisition and development activities and increase our future interest expense;

reduced values of our properties may limit our ability to dispose of assets at attractive prices and may reduce the ability to refinance loans; and

one or more lenders under our credit facility could fail and we may not be able to replace the financing commitment of any such lenders on favorable terms, or at all.

Revenue from our properties may be reduced or limited if the retail operations of our tenants are not successful.

The global and domestic economies have recently experienced a significant contraction of credit markets and resulting slowdown in business and consumer spending. We believe that consumers in recent years have cut back their discretionary spending in response to credit constraints, unemployment, a reduction in home equity values, highly volatile fuel and other commodity prices, and general economic uncertainty. Revenue from our properties depends primarily on the ability of our tenants to pay the full amount of rent due under their leases on a timely basis. The amount of rent we receive from our tenants generally will depend in part on the success of our tenants' retail operations, making us vulnerable to general economic downturns and other conditions affecting the retail industry. Some tenants may terminate their occupancy due to an inability to operate profitably for an extended period of time, impacting the Company's ability to maintain occupancy levels.

Any reduction in our tenants' ability to pay base rent or percentage rent may adversely affect our financial condition and results of operations. Small business tenants and anchor retailers which lease space in the Company's properties may experience a deterioration in their sales or other revenue, or experience a constraint on the availability of credit necessary to fund operations, which in turn may adversely impact those tenants' ability to pay contractual base rents and operating expense recoveries. Some of our leases provide for the payment, in addition to base rent, of additional rent above the base amount according to a specified percentage of the gross sales generated by the tenants. Decreasing sales revenue by retail tenants could adversely impact the Company's receipt of percentage rents required to be paid by tenants under certain leases.

Our ability to increase our net income depends on the success and continued presence of our shopping center anchor tenants and other significant tenants.

Our net income could be adversely affected in the event of a downturn in the business, or the bankruptcy or insolvency, of any anchor store or anchor tenant. Our largest shopping center anchor tenant is Giant Food, which accounted for 4.3% of our total revenue for the year ended December 31, 2011. The closing of one or more anchor stores prior to the expiration of the lease of that store or the termination of a lease by one or more of a property's anchor tenants could adversely affect that property and result in lease terminations by, or reductions in rent from, other tenants whose leases may permit termination or rent reduction in those circumstances or whose own operations may suffer as a result. This could reduce our net income.

We may experience difficulty or delay in renewing leases or leasing vacant space.

We derive most of our revenue directly or indirectly from rent received from our tenants. We are subject to the risks that, upon expiration, leases for space in our properties may not be renewed, the space and other vacant space may not be re-leased, or the terms of renewal or re-lease, including the cost of required renovations or concessions to tenants, may be less favorable than previous lease terms. Constraints on the availability of credit to office and retail tenants, necessary to purchase and install improvements, fixtures and equipment, and fund start-up business expenses, could impact the Company's ability to procure new tenants for spaces currently vacant in existing operating properties or properties under development. As a result, our results of operations and our net income could be reduced.

Table of Contents

We have substantial relationships with members of The Saul Organization whose interests could conflict with the interests of other stockholders.

Influence of Officers, Directors and Significant Stockholders.

Three of our executive officers, Mr. Saul II, his son and our President, B. Francis Saul III, and Thomas H. McCormick, our Senior Vice President and General Counsel, are members of The Saul Organization, and persons associated with The Saul Organization constitute four of the 14 members of our Board of Directors. In addition, as of December 31, 2011, Mr. Saul II had the potential to exercise control over 7,687,000 shares of our common stock representing 40.0% of our issued and outstanding shares of common stock. Mr. Saul II also beneficially owned, as of December 31, 2011, 6,914,000 units of the Operating Partnership. In general, these units are convertible into shares of our common stock on a one-for-one basis except for 1,498,000 units which are not currently convertible. The ownership limitation set forth in our articles of incorporation is 39.9% in value of our issued and outstanding equity securities (which includes both common and preferred stock). As of December 31, 2011, Mr. Saul II and members of The Saul Organization owned common stock representing approximately 31.2% in value of all our issued and outstanding equity securities. Members of the Saul Organization are permitted under our articles of incorporation to convert Operating Partnership units into shares of common stock or acquire additional shares of common stock until The Saul Organization's actual ownership of common stock reaches 39.9% in value of our equity securities. As of December 31, 2011, 3,545,000 of the 6,914,000 units of the Operating Partnership would have been permitted to convert into additional shares of common stock, and would have resulted in Mr. Saul II and members of The Saul Organization owning common stock representing approximately 39.9% in value of all our issued and outstanding equity securities.

As a result of these relationships, members of The Saul Organization will be in a position to exercise significant influence over our affairs, which influence might not be consistent with the interests of some, or a majority, of our stockholders. Except as discussed below, we do not have any written policies or procedures for the review, approval or ratification of transactions with related persons.

Management Time.

Our Chief Executive Officer, President, Senior Vice President-Chief Accounting Officer and Senior Vice President and General Counsel are also officers of various entities of The Saul Organization. Although we believe that these officers spend sufficient management time to meet their responsibilities as our officers, the amount of management time devoted to us will depend on our specific circumstances at any given point in time. As a result, in a given period, these officers may spend less than a majority of their management time on our matters. Over extended periods of time, we believe that our Chief Executive Officer and Senior Vice President and General Counsel will spend less than a majority of their management time on Company matters, while our President and Senior Vice President-Chief Accounting Officer may or may not spend less than a majority of their time on our matters.

Exclusivity and Right of First Refusal Agreements.

We will acquire, develop, own and manage shopping center properties and will own and manage other commercial properties, and, subject to certain exclusivity agreements and rights of first refusal to which we are a party, The Saul Organization will continue to develop, acquire, own and manage commercial properties and own land suitable for development as, among other things, shopping centers and other commercial properties. Therefore, conflicts could develop in the allocation of acquisition and development opportunities with respect to commercial properties other than shopping centers and with respect to development sites, as well as potential tenants and other matters, between us and The Saul Organization. The agreement relating to exclusivity and the right of first refusal between us and The Saul Organization generally requires The Saul Organization to conduct its shopping center business exclusively through us and to grant us a right of first refusal to purchase commercial properties and development sites in certain market areas that become available to The Saul Organization. The Saul Organization has granted the right of first refusal to us, acting through our independent directors, in order to minimize potential conflicts with respect to commercial properties and development sites. We and The Saul Organization have entered into this agreement in order to minimize conflicts with respect to shopping centers and certain of our commercial properties.

Shared Services.

We share with The Saul Organization certain ancillary functions, such as computer and payroll services, benefits administration and in-house legal services. The terms of all sharing arrangements, including payments related thereto, are reviewed periodically by our Audit Committee, which is comprised solely of independent directors. Included in our general and administrative expenses or capitalized to specific development projects, for

Table of Contents

the year ended December 31, 2011, are charges totaling \$6.1 million, related to such shared services, which included rental payments for the Company's headquarters lease, which were billed by The Saul Organization. Although we believe that the amounts allocated to us for such shared services represent a fair allocation between us and The Saul Organization, we have not obtained a third party appraisal of the value of these services.

The B. F. Saul Insurance Agency of Maryland, Inc., a subsidiary of the B. F. Saul Company and a member of The Saul Organization, is a general insurance agency that receives commissions and counter-signature fees in connection with our insurance program. Such commissions and fees amounted to approximately \$341,000 for the year ended December 31, 2011.

Related Party Rents.

We sublease space for our corporate headquarters from a member of The Saul Organization, the building of which is owned by another member of the Saul Organization. The 10-year lease commenced in March 2002 and provides for base rent escalated at 3% per year, with payment of a pro-rata share of operating expenses over a base year amount. The Company and The Saul Organization entered into a Shared Services Agreement whereby each party pays a portion of the total rental payments based on a percentage proportionate to the number of employees employed by each party. The Company's rent expense for the year ended December 31, 2011 was \$945,000. Although the Company believes that this lease has terms comparable to what would have been obtained from a third party landlord, it did not seek bid proposals from any independent third parties when entering into its new corporate headquarters lease. The Company is nearing completion of negotiation of a five-year extension of the lease.

Conflicts Based on Individual Tax Considerations.

The tax basis of members of The Saul Organization in our portfolio properties which were contributed to certain partnerships at the time of our initial public offering in 1993 was substantially less than the fair market value thereof at the time of their contribution. In the event of our disposition of such properties, a disproportionately large share of the gain for federal income tax purposes would be allocated to members of The Saul Organization. In addition, future reductions of the level of our debt, or future releases of the guarantees or indemnities with respect thereto by members of The Saul Organization, would cause members of The Saul Organization to be considered, for federal income tax purposes, to have received constructive distributions. Depending on the overall level of debt and other factors, these distributions could be in excess of The Saul Organization's bases in their Partnership units, in which case such excess constructive distributions would be taxable.

Consequently, it is in the interests of The Saul Organization that we continue to hold the contributed portfolio properties, that a portion of our debt remains outstanding or is refinanced and that The Saul Organization guarantees and indemnities remain in place, in order to defer the taxable gain to members of The Saul Organization. Therefore, The Saul Organization may seek to cause us to retain the contributed portfolio properties, and to refrain from reducing our debt or releasing The Saul Organization guarantees and indemnities, even when such action may not be in the interests of some, or a majority, of our stockholders. In order to minimize these conflicts, decisions as to sales of the portfolio properties, or any refinancing, repayment or release of guarantees and indemnities with respect to our debt, will be made by the independent directors.

Ability to Block Certain Actions.

Under applicable law and the limited partnership agreement of the Operating Partnership, consent of the limited partners is required to permit certain actions, including the sale of all or substantially all of the Operating Partnership's assets. Therefore, members of The Saul Organization, through their status as limited partners in the Operating Partnership, could prevent the taking of any such actions, even if they were in the interests of some, or a majority, of our stockholders.

The amount of debt we have and the restrictions imposed by that debt could adversely affect our business and financial condition.

As of December 31, 2011, we had approximately \$831.9 million of debt outstanding, \$808.8 million of which was long-term fixed-rate debt secured by 41 of our properties and \$23.1 million of which was variable-rate debt due under a secured bank loan (\$15.1 million) and our revolving credit facility (\$8.0 million).

We currently have a general policy of limiting our borrowings to 50 percent of asset value, i.e., the value of our portfolio, as determined by our Board of Directors by reference to the aggregate annualized cash flow from our portfolio. Our organizational documents contain no limitation on the amount or percentage of indebtedness which

Table of Contents

we may incur. Therefore, the Board of Directors could alter or eliminate the current limitation on borrowing at any time. If our debt capitalization policy were changed, we could increase our leverage, resulting in an increase in debt service that could adversely affect our operating cash flow and our ability to make expected distributions to stockholders, and in an increased risk of default on our obligations.

We have established our debt capitalization policy relative to asset value, which is computed by reference to the aggregate annualized cash flow from the properties in our portfolio rather than relative to book value. We have used a measure tied to cash flow because we believe that the book value of our portfolio properties, which is the depreciated historical cost of the properties, does not accurately reflect our ability to borrow. Asset value, however, is somewhat more variable than book value, and may not at all times reflect the fair market value of the underlying properties.

The amount of our debt outstanding from time to time could have important consequences to our stockholders. For example, it could:

require us to dedicate a substantial portion of our cash flow from operations to payments on our debt, thereby reducing funds available for operations, property acquisitions and other appropriate business opportunities that may arise in the future;

limit our ability to obtain any additional financing we may need in the future for working capital, debt refinancing, capital expenditures, acquisitions, development or other general corporate purposes;

make it difficult to satisfy our debt service requirements;

limit our ability to make distributions on our outstanding common and preferred stock;

require us to dedicate increased amounts of our cash flow from operations to payments on our variable rate, unhedged debt if interest rates rise;

limit our flexibility in planning for, or reacting to, changes in our business and the factors that affect the profitability of our business, which may place us at a disadvantage compared to competitors with less debt or debt with less restrictive terms; and

limit our ability to obtain any additional financing we may need in the future for working capital, debt refinancing, capital expenditures, acquisitions, development or other general corporate purposes.

Our ability to make scheduled payments of the principal of, to pay interest on, or to refinance, our indebtedness will depend primarily on our future performance, which to a certain extent is subject to economic, financial, competitive and other factors described in this section. If we are unable to generate sufficient cash flow from our business in the future to service our debt or meet our other cash needs, we may be required to refinance all or a portion of our existing debt, sell assets or obtain additional financing to meet our debt obligations and other cash needs. Our ability to refinance, sell assets or obtain additional financing may not be possible on terms that we would find acceptable.

We are obligated to comply with financial and other covenants in our debt that could restrict our operating activities, and the failure to comply could result in defaults that accelerate the payment under our debt.

Our secured debt generally contains customary covenants, including, among others, provisions:

relating to the maintenance of the property securing the debt;

Edgar Filing: SAUL CENTERS INC - Form 10-K

restricting our ability to assign or further encumber the properties securing the debt; and

restricting our ability to enter into certain new leases or to amend or modify certain existing leases without obtaining consent of the lenders.

Our unsecured debt generally contains various restrictive covenants. The covenants in our unsecured debt include, among others, provisions restricting our ability to:

incur additional unsecured debt;

Table of Contents

guarantee additional debt;

make certain distributions, investments and other restricted payments, including distribution payments on our outstanding stock;

create certain liens;

increase our overall secured and unsecured borrowing beyond certain levels; and

consolidate, merge or sell all or substantially all of our assets.

Our ability to meet some of the covenants in our debt, including covenants related to the condition of the property or payment of real estate taxes, may be dependent on the performance by our tenants under their leases.

In addition, our line of credit requires us and our subsidiaries to satisfy financial covenants. The material financial covenants require us, on a consolidated basis, to:

limit the amount of debt so as to maintain a gross asset value, as defined in the loan agreement, in excess of liabilities of at least \$760 million plus 90% of the Company's future net equity proceeds;

limit the amount of debt as a percentage of gross asset value, as defined in the loan agreement, to less than 60% (leverage ratio);

limit the amount of debt so that interest coverage will exceed 2.2x on a trailing 12-full calendar month basis (interest expense coverage);

limit the amount of debt so that interest and scheduled principal amortization coverage exceeds 1.6x (debt service coverage);

limit the amount of debt so that interest, scheduled principal amortization and preferred dividend coverage exceeds 1.4x (fixed charge coverage);

limit the amount of variable rate debt and debt with initial loan terms of less than five years to no more than 40% of total debt; and

limit the outstanding debt plus undrawn loan availability to 8.0x trailing twelve-month adjusted EBITDA, as defined in the loan agreement.

As of December 31, 2011, we were in compliance with all such covenants. If we were to breach any of our debt covenants and did not cure the breach within any applicable cure period, our lenders could require us to repay the debt immediately, and, if the debt is secured, could immediately begin proceedings to take possession of the property securing the loan. Some of our debt arrangements are cross-defaulted, which means that the lenders under those debt arrangements can put us in default and require immediate repayment of their debt if we breach and fail to cure a covenant under certain of our other debt obligations. As a result, any default under our debt covenants could have an adverse effect on our financial condition, our results of operations, our ability to meet our obligations and the market value of our shares.

Our development activities are inherently risky.

Edgar Filing: SAUL CENTERS INC - Form 10-K

The ground-up development of improvements on real property, which is different from the renovation and redevelopment of existing improvements, presents substantial risks. In addition to the risks associated with real estate investment in general as described elsewhere, the risks associated with our remaining development activities include:

significant time lag between commencement and completion subjects us to greater risks due to fluctuation in the general economy;

failure or inability to obtain construction or permanent financing on favorable terms;

expenditure of money and time on projects that may never be completed;

inability to achieve projected rental rates or anticipated pace of lease-up;

higher-than-estimated construction costs, including labor and material costs; and

Table of Contents

possible delay in completion of the project because of a number of factors, including weather, labor disruptions, construction delays or delays in receipt of zoning or other regulatory approvals, or acts of God (such as fires, earthquakes or floods).

Redevelopments and acquisitions may fail to perform as expected.

Our investment strategy includes the redevelopment and acquisition of community and neighborhood shopping centers that are anchored by supermarkets, drugstores or high volume, value-oriented retailers that provide consumer necessities. The redevelopment and acquisition of properties entails risks that include the following, any of which could adversely affect our results of operations and our ability to meet our obligations:

our estimate of the costs to improve, reposition or redevelop a property may prove to be too low, and, as a result, the property may fail to achieve the returns we have projected, either temporarily or for a longer time;

we may not be able to identify suitable properties to acquire or may be unable to complete the acquisition of the properties we identify;

we may not be able to integrate new developments or acquisitions into our existing operations successfully;

properties we redevelop or acquire may fail to achieve the occupancy or rental rates we project at the time we make the decision to invest, which may result in the properties' failure to achieve the returns we projected;

our pre-acquisition evaluation of the physical condition of each new investment may not detect certain defects or identify necessary repairs until after the property is acquired, which could significantly increase our total acquisition costs; and

our investigation of a property or building prior to our acquisition, and any representations we may receive from the seller, may fail to reveal various liabilities, which could reduce the cash flow from the property or increase our acquisition cost.

Our ability to grow will be limited if we cannot obtain additional capital.

Our growth strategy includes the redevelopment of properties we already own and the acquisition of additional properties. Because we are required to distribute to our stockholders at least 90% of our taxable income each year to continue to qualify as a real estate investment trust, or REIT, for federal income tax purposes, in addition to our undistributed operating cash flow, we rely upon the availability of debt or equity capital to fund our growth, which financing may or may not be available on favorable terms or at all. The debt could include mortgage loans from third parties or the sale of debt securities. Equity capital could include our common stock or preferred stock. Additional financing, refinancing or other capital may not be available in the amounts we desire or on favorable terms. Our access to debt or equity capital depends on a number of factors, including the general state of the capital markets, the market's perception of our growth potential, our ability to pay dividends, and our current and potential future earnings. Depending on the outcome of these factors, we could experience delay or difficulty in implementing our growth strategy on satisfactory terms, or be unable to implement this strategy.

Our performance and value are subject to general risks associated with the real estate industry.

Our economic performance and the value of our real estate assets, and, consequently, the value of our investments, are subject to the risk that if our properties do not generate revenue sufficient to meet our operating expenses, including debt service and capital expenditures, our cash flow and ability to pay distributions to our stockholders will be adversely affected. As a real estate company, we are susceptible to the following real estate industry risks:

economic downturns in the areas where our properties are located;

adverse changes in local real estate market conditions, such as oversupply or reduction in demand;

changes in tenant preferences that reduce the attractiveness of our properties to tenants;

zoning or regulatory restrictions;

decreases in market rental rates;

Table of Contents

weather conditions that may increase energy costs and other operating expenses;

costs associated with the need to periodically repair, renovate and re-lease space; and

increases in the cost of adequate maintenance, insurance and other operating costs, including real estate taxes, associated with one or more properties, which may occur even when circumstances such as market factors and competition cause a reduction in revenue from one or more properties, although real estate taxes typically do not increase upon a reduction in such revenue.

Many real estate costs are fixed, even if income from our properties decreases.

Our financial results depend primarily on leasing space in our properties to tenants on terms favorable to us. Costs associated with real estate investment, such as real estate taxes and maintenance costs, generally are not reduced even when a property is not fully occupied, rental rates decrease, or other circumstances cause a reduction in income from the investment. As a result, cash flow from the operations of our properties may be reduced if a tenant does not pay its rent or we are unable to rent our properties on favorable terms. Under those circumstances, we might not be able to enforce our rights as landlord without delays, and may incur substantial legal costs. Additionally, new properties that we may acquire or develop may not produce any significant revenue immediately, and the cash flow from existing operations may be insufficient to pay the operating expenses and debt service associated with that property until the property is fully leased.

Competition may limit our ability to purchase new properties and generate sufficient income from tenants.

Numerous commercial developers and real estate companies compete with us in seeking tenants for properties and properties for acquisition. This competition may:

reduce properties available for acquisition;

increase the cost of properties available for acquisition;

reduce rents payable to us;

interfere with our ability to attract and retain tenants;

lead to increased vacancy rates at our properties; and

adversely affect our ability to minimize expenses of operation.

Retailers at our shopping center properties also face increasing competition from outlet stores, discount shopping clubs, and other forms of marketing of goods, such as direct mail, internet marketing and telemarketing. This competition may reduce percentage rents payable to us and may contribute to lease defaults and insolvency of tenants. If we are unable to continue to attract appropriate retail tenants to our properties, or to purchase new properties in our geographic markets, it could materially affect our ability to generate net income, service our debt and make distributions to our stockholders.

We may be unable to sell properties when appropriate because real estate investments are illiquid.

Real estate investments generally cannot be sold quickly. In addition, there are some limitations under federal income tax laws applicable to real estate and to REITs in particular that may limit our ability to sell our assets. We may not be able to alter our portfolio promptly in response to changes in economic or other conditions. Our inability to respond quickly to adverse changes in the performance of our investments could have an adverse effect on our ability to meet our obligations and make distributions to our stockholders.

Our insurance coverage on our properties may be inadequate.

We carry comprehensive insurance on all of our properties, including insurance for liability, fire, flood, terrorism and rental loss. These policies contain coverage limitations. We believe this coverage is of the type and amount customarily obtained for or by an owner of real property assets. We intend to obtain similar insurance coverage on subsequently acquired properties.

As a consequence of the September 11, 2001 terrorist attacks and other significant losses incurred by the insurance industry, the availability of insurance coverage has decreased and the prices for insurance have increased.

Table of Contents

As a result, we may be unable to renew or duplicate our current insurance coverage in adequate amounts or at reasonable prices. In addition, insurance companies may no longer offer coverage against certain types of losses, such as losses due to terrorist acts and toxic mold, or, if offered, the expense of obtaining these types of insurance may not be justified. We therefore may cease to have insurance coverage against certain types of losses and/or there may be decreases in the limits of insurance available. If an uninsured loss or a loss in excess of our insured limits occurs, we could lose all or a portion of the capital we have invested in a property, as well as the anticipated future revenue from the property, but still remain obligated for any mortgage debt or other financial obligations related to the property. Material losses in excess of insurance proceeds may occur in the future. Also, due to inflation, changes in codes and ordinances, environmental considerations and other factors, it may not be feasible to use insurance proceeds to replace a building after it has been damaged or destroyed. Events such as these could adversely affect our results of operations and our ability to meet our obligations, including distributions to our stockholders.

Environmental laws and regulations could reduce the value or profitability of our properties.

All real property and the operations conducted on real property are subject to federal, state and local laws, ordinances and regulations relating to hazardous materials, environmental protection and human health and safety. Under various federal, state and local laws, ordinances and regulations, we and our tenants may be required to investigate and clean up certain hazardous or toxic substances released on or in properties we own or operate, and also may be required to pay other costs relating to hazardous or toxic substances. This liability may be imposed without regard to whether we or our tenants knew about the release of these types of substances or were responsible for their release. The presence of contamination or the failure to properly remediate contamination at any of our properties may adversely affect our ability to sell or lease those properties or to borrow using those properties as collateral. The costs or liabilities could exceed the value of the affected real estate. We are not aware of any environmental condition with respect to any of our properties that management believes would have a material adverse effect on our business, assets or results of operations taken as a whole. The uses of any of our properties prior to our acquisition of the property and the building materials used at the property are among the property-specific factors that will affect how the environmental laws are applied to our properties. If we are subject to any material environmental liabilities, the liabilities could adversely affect our results of operations and our ability to meet our obligations.

We cannot predict what other environmental legislation or regulations will be enacted in the future, how existing or future laws or regulations will be administered or interpreted or what environmental conditions may be found to exist on the properties in the future. Compliance with existing and new laws and regulations may require us or our tenants to spend funds to remedy environmental problems. Our tenants, like many of their competitors, have incurred, and will continue to incur, capital and operating expenditures and other costs associated with complying with these laws and regulations, which will adversely affect their potential profitability. Generally, our tenants must comply with environmental laws and meet remediation requirements. Our leases typically impose obligations on our tenants to indemnify us from any compliance costs we may incur as a result of the environmental conditions on the property caused by the tenant. If a tenant fails to or cannot comply, we could be forced to pay these costs. If not addressed, environmental conditions could impair our ability to sell or re-lease the affected properties in the future or result in lower sales prices or rent payments.

The Americans with Disabilities Act of 1990 (the ADA) could require us to take remedial steps with respect to newly acquired properties.

The properties, as commercial facilities, are required to comply with Title III of the ADA. Investigation of a property may reveal non-compliance with the ADA. The requirements of the ADA, or of other federal, state or local laws, also may change in the future and restrict further renovations of our properties with respect to access for disabled persons. Future compliance with the ADA may require expensive changes to the properties.

The revenue generated by our tenants could be negatively affected by various federal, state and local laws to which they are subject.

We and our tenants are subject to a wide range of federal, state and local laws and regulations, such as local licensing requirements, consumer protection laws and state and local fire, life-safety and similar requirements that affect the use of the properties. The leases typically require that each tenant comply with all regulations. Failure to comply could result in fines by governmental authorities, awards of damages to private litigants, or restrictions on

Table of Contents

the ability to conduct business on such properties. Non-compliance of this sort could reduce our revenue from a tenant, could require us to pay penalties or fines relating to any non-compliance, and could adversely affect our ability to sell or lease a property.

Failure to qualify as a REIT for federal income tax purposes would cause us to be taxed as a corporation, which would substantially reduce funds available for payment of distributions.

We believe that we are organized and qualified as a REIT, and currently intend to operate in a manner that will allow us to continue to qualify as a REIT for federal income tax purposes under the Code. However, the IRS could successfully assert that we are not qualified as such. In addition, we may not remain qualified as a REIT in the future. Qualification as a REIT involves the application of highly technical and complex Code provisions. The complexity of these provisions and of the applicable income tax regulations that have been issued under the Code by the United States Department of Treasury is greater in the case of a REIT that holds its assets in partnership form. Certain facts and circumstances not entirely within our control may affect our ability to qualify as a REIT. For example, in order to qualify as a REIT, at least 95% of our gross income in any year must be derived from qualifying rents and other income. Satisfying this requirement could be difficult, for example, if defaults by tenants were to reduce the amount of income from qualifying rents. Also, we must make annual distributions to stockholders of at least 90% of our net taxable income (excluding capital gains). In addition, new legislation, new regulations, new administrative interpretations or new court decisions may significantly change the tax laws with respect to qualification as a REIT or the federal income tax consequences of such qualification.

If we fail to qualify as a REIT:

we would not be allowed a deduction for dividend distributions to stockholders in computing taxable income;

we would be subject to federal income tax at regular corporate rates;

we could be subject to the federal alternative minimum tax;

unless we are entitled to relief under specific statutory provisions, we could not elect to be taxed as a REIT for four taxable years following the year during which we were disqualified;

we could be required to pay significant income taxes, which would substantially reduce the funds available for investment and for distribution to our stockholders for each year in which we failed to qualify; and

we would no longer be required by law to make any distributions to our stockholders.

We believe that the Operating Partnership is treated as a partnership, and not as a corporation, for federal income tax purposes. If the IRS were to challenge successfully the status of the Operating Partnership as a partnership for federal income tax purposes:

the Operating Partnership would be taxed as a corporation;

we would cease to qualify as a REIT for federal income tax purposes; and

the amount of cash available for distribution to our stockholders would be substantially reduced.

We may be required to incur additional debt to qualify as a REIT.

Edgar Filing: SAUL CENTERS INC - Form 10-K

As a REIT, we must make annual distributions to stockholders of at least 90% of our REIT taxable income. We are subject to income tax on amounts of undistributed REIT taxable income and net capital gain. In addition, we would be subject to a 4% excise tax if we fail to distribute sufficient income to meet a minimum distribution test based on our ordinary income, capital gain and aggregate undistributed income from prior years.

We intend to make distributions to stockholders to comply with the Code's distribution provisions and to avoid federal income and excise tax. We may need to borrow funds to meet our distribution requirements because:

our income may not be matched by our related expenses at the time the income is considered received for purposes of determining taxable income; and

non-deductible capital expenditures or debt service requirements may reduce available cash but not taxable income. In these circumstances, we might have to borrow funds on unfavorable terms and even if our management believes the market conditions make borrowing financially unattractive.

Table of Contents

The structure of our leases may jeopardize our ability to qualify as a REIT.

If the IRS were to challenge successfully the characterization of one or more of our leases of properties as leases for federal income tax purposes, the Operating Partnership would not be treated as the owner of the related property or properties for federal income tax purposes. As a result, the Operating Partnership would lose tax depreciation and cost recovery deductions with respect to one or more of our properties, which in turn could cause us to fail to qualify as a REIT. Although we will use our best efforts to structure any leasing transaction for properties acquired in the future so the lease will be characterized as a lease and the Operating Partnership will be treated as the owner of the property for federal income tax purposes, we will not seek an advance ruling from the IRS and do not intend to seek an opinion of counsel that the Operating Partnership will be treated as the owner of any leased properties for federal income tax purposes. Thus, the IRS could successfully assert that future leases will not be treated as leases for federal income tax purposes, which could adversely affect our financial condition and results of operations.

To maintain our status as a REIT, we limit the amount of shares any one stockholder can own.

The Code imposes certain limitations on the ownership of the stock of a REIT. For example, not more than 50% in value of our outstanding shares of capital stock may be owned, actually or constructively, by five or fewer individuals (as defined in the Code). To protect our REIT status, our articles of incorporation restrict beneficial and constructive ownership (defined by reference to various Code provisions) to no more than 2.5% in value of our issued and outstanding equity securities by any single stockholder with the exception of members of The Saul Organization, who are restricted to beneficial and constructive ownership of no more than 39.9% in value of our issued and outstanding equity securities.

The constructive ownership rules are complex. Shares of our capital stock owned, actually or constructively, by a group of related individuals and/or entities may be treated as constructively owned by one of those individuals or entities. As a result, the acquisition of less than 2.5% or 39.9% in value of our issued and outstanding equity securities, by an individual or entity could cause that individual or entity (or another) to own constructively more than 2.5% or 39.9% in value of the outstanding stock. If that happened, either the transfer or ownership would be void or the shares would be transferred to a charitable trust and then sold to someone who can own those shares without violating the respective ownership limit.

As of December 31, 2011, Mr. Saul II and members of The Saul Organization owned common stock representing approximately 31.2% in value of all our issued and outstanding equity securities. In addition, members of The Saul Organization beneficially owned Operating Partnership units that are, in general, convertible into our common stock on a one-for-one basis. Members of the Saul Organization are permitted under our articles of incorporation to convert Operating Partnership units into shares of common stock or acquire additional shares of common stock until The Saul Organization's actual ownership of common stock reaches 39.9% in value of our equity securities.

The Board of Directors may waive these restrictions on a case-by-case basis. The Board has authorized the Company to grant waivers to look-through entities, such as mutual funds, in which shares of equity stock owned by the entity are treated as owned proportionally by individuals who are the beneficial owners of the entity. Even though these entities may own stock in excess of the 2.5% ownership limit, no individual beneficially or constructively would own more than 2.5%. The Board of Directors has agreed to waive the ownership limit with respect to certain mutual funds and similar investors. In addition, the Board of Directors has agreed to waive the ownership limit with respect to certain bank pledgees of shares of our common stock and units issued by the Operating Partnership and held by members of The Saul Organization.

The ownership restrictions may delay, defer or prevent a transaction or a change of our control that might involve a premium price for our equity stock or otherwise be in the stockholders' best interest.

The lower tax rate on dividends of regular corporations may cause investors to prefer to hold stock of regular corporations instead of REITs.

On May 28, 2003, the President signed into law the Jobs and Growth Tax Relief Reconciliation Act of 2003 and on December 17, 2010, the President signed into law the Tax Relief, Unemployment Insurance Reauthorization, and Job Creation Act of 2010 (which we will refer to as the Acts). Under the Acts, the maximum tax rate on the long-term capital gains of non-corporate taxpayers is 15% (applicable to sales occurring from May 7,

Table of Contents

2003 through December 31, 2012). The Acts also reduced the tax rate on qualified dividend income to the maximum capital gains rate. Because, as a REIT, we are not generally subject to tax on the portion of our REIT taxable income or capital gains distributed to our stockholders, our distributions are not generally eligible for this lower tax rate on dividends. As a result, our ordinary REIT dividends generally continue to be taxed at the higher tax rates applicable to ordinary income. Without further legislation, the maximum tax rate on long-term capital gains will revert to 20% in 2013, and dividends will again be subject to tax at ordinary rates.

We cannot assure you we will continue to pay dividends at historical rates.

Our ability to continue to pay dividends on our common stock at historical rates or to increase our common stock dividend rate will depend on a number of factors, including, among others, the following:

our financial condition and results of future operations;

the performance of lease terms by tenants;

the terms of our loan covenants; and

our ability to acquire, finance, develop or redevelop and lease additional properties at attractive rates.

If we do not maintain or increase the dividend rate on our common stock, it could have an adverse effect on the market price of our common stock and other securities. Payment of dividends on our common stock may be subject to payment in full of the dividends on any preferred stock or depositary shares and payment of interest on any debt securities we may offer.

Certain tax and anti-takeover provisions of our articles of incorporation and bylaws may inhibit a change of our control.

Certain provisions contained in our articles of incorporation and bylaws and the Maryland General Corporation Law may discourage a third party from making a tender offer or acquisition proposal to us. If this were to happen, it could delay, deter or prevent a change in control or the removal of existing management. These provisions also may delay or prevent the stockholders from receiving a premium for their stock over then-prevailing market prices. These provisions include:

the REIT ownership limit described above;

authorization of the issuance of our preferred stock with powers, preferences or rights to be determined by the Board of Directors;

a staggered, fixed-size Board of Directors consisting of three classes of directors;

special meetings of our stockholders may be called only by the Chairman of the Board, the president, by a majority of the directors or by stockholders possessing no less than 25% of all the votes entitled to be cast at the meeting;

the Board of Directors, without a stockholder vote, can classify or reclassify unissued shares of preferred stock;

Edgar Filing: SAUL CENTERS INC - Form 10-K

a member of the Board of Directors may be removed only for cause upon the affirmative vote of 75% of the Board of Directors or 75% of the then-outstanding capital stock;

advance notice requirements for proposals to be presented at stockholder meetings; and

the terms of our articles of incorporation regarding business combinations and control share acquisitions.

We may amend or revise our business policies without your approval.

Our Board of Directors may amend or revise our operating policies without stockholder approval. Our investment, financing and borrowing policies and policies with respect to all other activities, such as growth, debt, capitalization and operations, are determined by the Board of Directors or those committees or officers to whom the Board of Directors has delegated that authority. The Board of Directors may amend or revise these policies at any time and from time to time at its discretion. A change in these policies could adversely affect our financial condition and results of operations, and the market price of our securities.

Item 1B. Unresolved Staff Comments

We have received no written comments from the Securities and Exchange Commission staff regarding our periodic or current reports in the 180 days preceding December 31, 2011 that remain unresolved.

Item 2. Properties

Overview

The Company is the owner, developer and operator of a real estate portfolio composed of 58 operating properties totaling approximately 9,543,000 square feet of gross leasable area (GLA) and two development parcels as of December 31, 2011. The properties are located primarily in the Washington, DC/Baltimore, Maryland metropolitan area. The portfolio is composed of 51 neighborhood and community Shopping Centers, and seven predominantly Mixed-Use Properties totaling approximately 7,932,000 and 1,611,000 square feet of GLA, respectively. No single property accounted for more than 6.5% of the total gross leasable area. A majority of the Shopping Centers are anchored by several major tenants. Thirty-four of the Shopping Centers were anchored by a grocery store and offer primarily day-to-day necessities and services. Three retail tenants, Giant Food (4.3%), a tenant at ten Shopping Centers, Safeway (3.0%), a tenant at eight Shopping Centers, and Capital One Bank (2.6%), a tenant at twenty properties individually accounted for more than 2.5% of the Company's total revenue for the year ended December 31, 2011. The average rent, calculated using annualized base rent for leased space as of December 31, 2011 and 2010, excluding residential, was \$17.31 per square foot and \$16.64 per square foot, respectively, for the Company's Current Portfolio Properties.

The Company expects to hold its properties as long-term investments, and it has no maximum period for retention of any investment. It plans to selectively acquire additional income-producing properties and to expand, renovate, and improve its properties when circumstances warrant. See Item 1. Business Operating Strategies and Business Capital Policies.

The Shopping Centers

Community and neighborhood shopping centers typically are anchored by one or more grocery stores, discount department stores or drug stores. These anchors offer day-to-day necessities rather than apparel and luxury goods and, therefore, generate consistent local traffic. By contrast, regional malls generally are larger and typically are anchored by one or more full-service department stores.

In general, the Shopping Centers are seasoned community and neighborhood shopping centers located in well established, highly developed, densely populated, middle and upper income areas. The 2011 average estimated population within a one- and three-mile radius of the Shopping Centers is approximately 14,900 and 93,900, respectively. The 2011 average household income within the one- and three-mile radius of the Shopping Centers is approximately \$95,300 and \$97,600, respectively, compared to a national average of \$71,400. Because the Shopping Centers generally are located in highly developed areas, management believes that there is little likelihood that significant numbers of competing centers will be developed in the future.

The Shopping Center properties range in size from approximately 17,000 to 575,000 square feet of GLA, with six in excess of 300,000 square feet, and average approximately 156,000 square feet. A majority of the Shopping Centers are anchored by several major tenants and other tenants offering primarily day-to-day necessities and services. Thirty-four of the 51 Shopping Centers are anchored by a grocery store.

Table of Contents**Lease Expirations of Shopping Center Properties**

The following table sets forth, by year of expiration, the aggregate amount of base rent and leasable area for leases in place at the Shopping Centers that the Company owned as of December 31, 2011, for each of the next ten years beginning with 2012, assuming that none of the tenants exercise renewal options and excluding an aggregate of 730,800 square feet of unleased space, which represented 9.2% of the GLA of the Shopping Centers as of December 31, 2011.

Lease Expirations of Shopping Center Properties

Year of Lease Expiration	Leasable Area Represented by Expiring Leases	Percentage of Leasable Area Represented by Expiring Leases	Annual Base Rent Under Expiring Leases (1)	Percentage of Annual Base Rent Under Expiring Leases
2012	628,684sf	7.9%	\$ 11,633,637	10.7%
2013	862,999	10.9%	13,826,985	12.8%
2014	998,481	12.6%	16,795,433	15.5%
2015	759,999	9.6%	12,397,110	11.5%
2016	1,275,546	16.1%	14,173,212	13.1%
2017	490,042	6.2%	8,148,101	7.5%
2018	295,149	3.7%	3,939,854	3.6%
2019	400,515	5.0%	4,719,700	4.4%
2020	224,482	2.8%	3,063,178	2.8%
2021	133,983	1.7%	2,467,689	2.3%
Thereafter	1,131,611	14.3%	17,074,944	15.8%
Total	7,201,491sf	90.8%	\$ 108,239,843	100.0%

- (1) Calculated using annualized contractual base rent payable as of December 31, 2011 for the gross leasable area expiring, and excluding expenses payable by or reimbursable from tenants.

The Mixed-Use Properties

Six of the seven Mixed-Use Properties are located in the Washington, DC metropolitan area and contain an aggregate GLA of approximately 1.2 million square feet, comprised of 1.1 million and 131,000 square feet of office and retail space, respectively, and 244 apartments. The seventh Mixed-Use Property is located in Tulsa, Oklahoma and contains GLA of 197,000 square feet. The Mixed-Use Properties represent three distinct styles of facilities, are located in differing commercial environments with distinctive demographic characteristics, and are geographically removed from one another. Accordingly, management believes that the Washington, DC area mixed-use properties compete for tenants in different commercial and geographic sub-markets of the metropolitan Washington, DC market and do not compete with one another.

Although there has been a downturn in the national real estate market, to date, the effects on the office and retail markets in the metropolitan Washington, D.C. area, where the majority of the Company's properties are located, have generally been less severe. However, continued economic stress in the local economies where the Company's properties are located may lead to increased tenant bankruptcies, increased vacancies and decreased rental rates. Management believes that the long-term stability of this market is attributable to the status of Washington, DC as the nation's capital and to the presence of the Federal government, international agencies, and an expanding private sector job market. 601 Pennsylvania Avenue is a nine-story, 227,000 square foot Class A office building (with a small amount of street level retail space) built in 1986 and located in a prime location in downtown Washington, DC. Van Ness Square is a six-story, 156,000 square foot office/retail building which was redeveloped in 1990 and is located in a highly developed commercial area of Northwest Washington, DC which offers extensive retail and restaurant amenities. Washington Square at Old Town is a 235,000 square foot Class A mixed-use office/retail complex completed in 2000 and located on a two-acre site along Alexandria's main street, North

Table of Contents

Washington Street, in historic Old Town Alexandria, Virginia. Avenel Business Park is a 391,000 square foot research park located in the suburban Maryland, I-270 biotech corridor. The business park consists of twelve one-story buildings built in six phases, completed between 1981 and 2000. Clarendon Center is a recently constructed mixed-use Class A commercial and residential project located at the Clarendon Metro station in Arlington County, Virginia. This development contains 171,000 square feet of office, 42,000 square feet of retail and 244 apartment units.

Crosstown Business Center is a 197,000 square foot flex office/warehouse property located in Tulsa, Oklahoma. The property is located in close proximity to Tulsa's international airport and major roadways and has attracted tenants requiring light industrial and distribution facilities.

Lease Expirations of Mixed-Use Properties

The following table sets forth, by year of expiration, the aggregate amount of base rent and leasable area for commercial leases in place at the Mixed-Use Properties that the Company owned as of December 31, 2011, for each of the next ten years beginning with 2012, assuming that none of the tenants exercise renewal options and excluding an aggregate of 201,300 square feet of unleased office and retail space, which represented 14.2% of the GLA of the commercial space within the Mixed-Use Properties as of December 31, 2011.

Commercial Lease Expirations of Mixed-Use Properties

Year of Lease Expiration	Leasable Area Represented by Expiring Leases	Percentage of Leasable Area Represented by Expiring Leases	Annual Base Rent Under Expiring Leases (1)	Percentage of Annual Base Rent Under Expiring Leases
2012	142,067sf	10.0%	\$ 3,714,879	11.1%
2013	182,259	12.8%	5,042,901	15.1%
2014	234,593	16.5%	8,366,017	25.1%
2015	66,792	4.7%	1,771,081	5.3%
2016	206,711	14.5%	4,566,112	13.7%

- (1) Percentage leased is a percentage of rentable square feet leased for commercial space and a percentage of units leased for apartments.
- (2) Total percentage leased is for commercial space only.
- (3) Includes 2011 acquisition of 4469 Connecticut Avenue (2,918 SF).

Table of Contents**Item 3. Legal Proceedings**

In the normal course of business, the Company is involved in litigation, including litigation arising out of the collection of rents, the enforcement or defense of the priority of its security interests, and the continued development and marketing of certain of its real estate properties. In the opinion of management, litigation that is currently pending should not have a material adverse impact on the financial condition or future operations of the Company.

Item 4. Mine Safety Disclosures

Not applicable.

PART II**Item 5. Market for Registrant's Common Equity, Related Stockholder Matters and Issuer Purchases of Equity Securities****Market Information**

Shares of Saul Centers common stock are listed on the New York Stock Exchange under the symbol BFS. The composite high and low closing sale prices for the Company's shares of common stock were reported by the New York Stock Exchange for each quarter of 2011 and 2010 as follows:

Period	Share Price	
	High	Low
October 1, 2011 – December 31, 2011	\$ 36.66	\$ 32.26
July 1, 2011 – September 30, 2011	\$ 41.72	\$ 31.54
April 1, 2011 – June 30, 2011	\$ 44.29	\$ 37.16
January 1, 2011 – March 31, 2011	\$ 48.40	\$ 42.30
October 1, 2010 – December 31, 2010	\$ 48.15	\$ 42.42
July 1, 2010 – September 30, 2010	\$ 44.25	\$ 40.09
April 1, 2010 – June 30, 2010	\$ 43.99	\$ 35.64
January 1, 2010 – March 31, 2010	\$ 41.41	\$ 32.25

On March 1, 2012, the closing price was \$38.00 per share.

Holdings

The approximate number of holders of record of the common stock was 240 as of March 1, 2012.

Dividends and Distributions

Under the Code, REITs are subject to numerous organizational and operating requirements, including the requirement to distribute at least 90% of REIT taxable income. The Company distributed amounts greater than the required amount in 2011 and 2010. Distributions by the Company to common stockholders and holders of limited partnership units in the Operating Partnership were \$35.4 million and \$34.0 million in 2011 and 2010, respectively. Distributions to preferred stockholders were \$15.1 million in both 2011 and 2010. See Notes to Consolidated Financial Statements, No. 14, Distributions. The Company may or may not elect to distribute in excess of 90% of REIT taxable income in future years.

The Company's estimate of cash flow available for distributions is believed to be based on reasonable assumptions and represents a reasonable basis for setting distributions. However, the actual results of operations of the Company will be affected by a variety of factors, including but not limited to actual rental revenue, operating expenses of the Company, interest expense, general economic conditions, federal, state and local taxes (if any),

Table of Contents

unanticipated capital expenditures, the adequacy of reserves and preferred dividends. While the Company intends to continue paying regular quarterly distributions, any future payments will be determined solely by the Board of Directors and will depend on a number of factors, including cash flow of the Company, its financial condition and capital requirements, the annual distribution amounts required to maintain its status as a REIT under the Code, and such other factors as the Board of Directors deems relevant. We are obligated to pay regular quarterly distributions to holders of depositary shares of Series A preferred stock at the rate of \$2.00 per annum per depositary share and to holders of depositary shares of Series B preferred stock at the rate of \$2.25 per annum per depositary share, prior to distributions on the common stock.

The Company paid four quarterly distributions totaling \$1.44, \$1.44, and \$1.53 per common share during the years ended December 31, 2011, 2010, and 2009, respectively. The annual distribution amounts paid by the Company exceed the distribution amounts required for tax purposes. Distributions to the extent of our current and accumulated earnings and profits for federal income tax purposes generally will be taxable to a stockholder as ordinary dividend income. Distributions in excess of current and accumulated earnings and profits will be treated as a nontaxable reduction of the stockholder's basis in such stockholder's shares, to the extent thereof, and thereafter as taxable gain. Distributions that are treated as a reduction of the stockholder's basis in its shares will have the effect of deferring taxation until the sale of the stockholder's shares. Of the \$1.44 per common share dividend paid in 2011, 50% was treated as a taxable dividend income and 50% was treated as a return of capital. Of the \$1.44 per common share dividend paid in 2010, 70.0% was taxable dividend income and 30.0% was considered return of capital. The \$1.53 per common share dividend paid in 2009 was 100% taxable dividend income. No assurance can be given regarding what portion, if any, of distributions in 2012 or subsequent years will constitute a return of capital for federal income tax purposes. All of the preferred stock dividends paid are treated as ordinary dividend income.

Acquisition of Equity Securities by The Saul Organization

Through participation in the Company's Dividend Reinvestment Plan, during the quarter ended December 31, 2011, (a) B. Francis Saul II, the Company's Chairman of the Board and Chief Executive Officer, (b) his spouse, (c) B. F. Saul Real Estate Investment Trust and B.F. Saul Company, of each of which Mr. Saul II is either President or Chairman, and (d) B. F. Saul Property Company, Avenel Executive Park Phase II, LLC and Dearborn, L.L.C., which are wholly-owned subsidiaries of either B. F. Saul Company or B. F. Saul Real Estate Investment Trust, acquired an aggregate of 132,832 shares of common stock at an average price of \$34.82 per share, in respect of the October 31, 2011 dividend distribution.

No shares were acquired pursuant to a publicly announced plan or program.

Performance Graph

Rules promulgated under the Exchange Act require the Company to present a graph comparing the cumulative total stockholder return on its Common Stock with the cumulative total stockholder return of (i) a broad equity market index, and (ii) a published industry index or peer group. The following graph compares the cumulative total stockholder return of the Company's common stock, based on the market price of the common stock and assuming reinvestment of dividends, with the National Association of Real Estate Investment Trust Equity Index (NAREIT Equity), the S&P 500 Index (S&P 500) and the Russell 2000 Index (Russell 2000). The graph assumes the investment of \$100 on January 1, 2007.

Table of Contents

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations

Management's Discussion and Analysis of Financial Condition and Results of Operations (MD&A) begins with the Company's primary business strategy to give the reader an overview of the goals of the Company's business. This is followed by a discussion of the critical accounting policies that the Company believes are important to understanding the assumptions and judgments incorporated in the Company's reported financial results. The next section, beginning on page 38, discusses the Company's results of operations for the past two years. Beginning on page 44, the Company provides an analysis of its liquidity and capital resources, including discussions of its cash flows, debt arrangements, sources of capital and financial commitments. Finally, on page 52, the Company discusses funds from operations, or FFO, which is a non-GAAP financial measure of performance of an equity REIT used by the REIT industry.

The MD&A should be read in conjunction with the other sections of this Annual Report on Form 10-K, including the consolidated financial statements and notes thereto appearing in Item 8 of this report. Historical results set forth in Selected Financial Information, the Consolidated Financial Statements and Supplemental Data included in Item 6 and Item 8 and this section should not be taken as indicative of the Company's future operations.

Overview

The Company's principal business activity is the ownership, management and development of income-producing properties. The Company's long-term objectives are to increase cash flow from operations and to maximize capital appreciation of its real estate investments.

The Company's primary operating strategy is to focus on its community and neighborhood shopping center business and to operate its properties to achieve both cash flow growth and capital appreciation. Management believes there is potential for long term growth in cash flow as existing leases for space in the Shopping Centers and Mixed-Use properties expire and are renewed, or newly available or vacant space is leased. The Company intends to renegotiate leases where possible and seek new tenants for available space in order to optimize the mix of uses to improve foot traffic through the Shopping Centers. As leases expire, management expects to revise rental rates, lease terms and conditions, relocate existing tenants, reconfigure tenant spaces and introduce new tenants with the goals of increasing occupancy, improving overall retail sales, and ultimately increasing cash flow as economic conditions improve. In those circumstances in which leases are not otherwise expiring, management selectively attempts to increase cash flow through a variety of means, or in connection with renovations or relocations, recapturing leases with below market rents and re-leasing at market rates, as well as replacing financially troubled tenants. When possible, management also will seek to include scheduled increases in base rent, as well as percentage rental provisions, in its leases.

The Company's redevelopment and renovation objective is to selectively and opportunistically redevelop and renovate its properties, by replacing leases that have below market rents with strong, traffic-generating anchor stores such as supermarkets and drug stores, as well as other desirable local, regional and national tenants. The Company's strategy remains focused on continuing the operating performance and internal growth of its existing Shopping Centers, while enhancing this growth with selective retail redevelopments and renovations.

The Company recently acquired three Giant Food-anchored shopping centers located in the Maryland suburbs of the Washington, D.C. and Baltimore metropolitan area. The three centers, Kentlands Square II, Severna Park MarketPlace and Cranberry Square, total 636,000 square feet of leasable area, of which 98% is leased. The \$170.9 million purchase price, including acquisition costs, was financed with (1) \$60.0 million from two bridge loans secured by Kentlands Square II and Cranberry Square, each with an initial term of six months and accruing interest, payable monthly, at a rate equal to LIBOR plus 175 basis points; (2) a \$38.0 million non-recourse permanent loan secured by Severna Park MarketPlace; (3) approximately \$17.1 million in cash and borrowings from the Company's revolving credit facility; and (4) \$55.8 million from the issuance of equity to a related party. In light of the limited amount of quality properties for sale and the escalated pricing of properties that the Company has been presented with or has inquired about over the past year, management believes acquisition opportunities for investment in existing and new Shopping Center and Mixed-Use Properties in the near future is uncertain. Because of its conservative capital structure, including its cash and capacity under its revolving credit facility, management believes that the Company is positioned to take advantage of additional investment opportunities as attractive properties are located and market conditions improve. (See Item 1. Business Capital Policies). It is management's view that several of the sub-markets in which the Company operates have, or are expected to have in the future, attractive supply/demand characteristics. The Company will continue to evaluate acquisition, development and redevelopment as integral parts of its overall business plan.

Table of Contents

Although there has been a downturn in the national real estate market, to date, the effects on the office and retail markets in the metropolitan Washington, D.C. area, where the majority of the Company's properties are located, have generally been less severe. However, continued economic stress in the local economies where the Company's properties are located may lead to increased tenant bankruptcies, increased vacancies and decreased rental rates.

With the decline in overall consumer spending in the past few years, retailers continue to struggle with declining sales and limited access to capital. Vacancies continue to remain elevated compared to pre-recession levels. Our overall portfolio leasing percentage, on a comparative same center basis, ended the year at 89.4%, a decrease from 91.1% at year end 2010. The 2011 commercial leasing percentages were adversely impacted by a net decrease of approximately 140,000 square feet of leased space, of which approximately 98,000 square feet was caused by the Syms, SuperFresh and Borders Books bankruptcies and the balance resulting from the early lease termination of a local grocer. As of March 1, 2012, a total of 61,000 square feet of these four vacant spaces had been leased.

Because of the Company's conservative capital structure, its liquidity has not been significantly affected by the recent turmoil in the credit markets. First, the Company maintains a ratio of total debt to total assets value of under 50%, which allows the Company to obtain additional secured borrowings if necessary. Second, as of December 31, 2011, amortizing fixed-rate mortgage debt with staggered maturities from 2012 to 2026 represented approximately 97% of the Company's notes payable, thus minimizing refinancing risk. Third, the Company's only 2012 fixed-rate debt maturity is October, for which the Company has received a loan commitment to refinance. The Company's variable-rate debt consists of a \$15.1 million bank term loan for the Northrock shopping center and \$8.0 million outstanding under its line of credit. As of December 31, 2011, the Company has loan availability of approximately \$141.8 million under its \$150.0 million unsecured revolving line of credit.

Although it is management's present intention to concentrate future acquisition and development activities on community and neighborhood shopping centers and office properties in the Washington, DC/Baltimore metropolitan area and the southeastern region of the United States, the Company may, in the future, also acquire other types of real estate in other areas of the country as opportunities present themselves. While the Company may diversify in terms of property locations, size and market, the Company does not set any limit on the amount or percentage of Company assets that may be invested in any one property or any one geographic area.

Critical Accounting Policies

The Company's consolidated financial statements are prepared in accordance with accounting principles generally accepted in the United States (GAAP), which requires management to make certain estimates and assumptions that affect the Company's reported financial position and results of operations. See Note 2 to the Consolidated Financial Statements in this report. The Company has identified the following policies that, due to estimates and assumptions inherent in those policies, involve a relatively high degree of judgment and complexity.

Real Estate Investments

Real estate investment properties are stated at historic cost less depreciation. Although the Company intends to own its real estate investment properties over a long term, from time to time it will evaluate its market position, market conditions, and other factors and may elect to sell properties that do not conform to the Company's investment profile. Management believes that these assets have generally appreciated in value since their acquisition or development and, accordingly, the aggregate current value exceeds their aggregate net book value and also exceeds the value of the Company's liabilities as reported in these financial statements. Because these financial statements are prepared in conformity with GAAP, they do not report the current value of the Company's real estate investment properties.

The Company purchases real estate investment properties from time to time and records assets acquired and liabilities assumed, including land, buildings, and intangibles related to in-place leases and customer relationships based on their fair values. The fair value of buildings is determined as if the buildings were vacant upon acquisition and subsequently leased at market rental rates and considers the present value of all cash flows expected to be

Table of Contents

generated from the property including an initial lease up period. The Company determines the fair value of above and below market intangibles associated with in-place leases by assessing the net effective rent and remaining term of the in-place lease relative to market terms for similar leases at acquisition taking into consideration the remaining contractual lease period, renewal periods, and the likelihood of the tenant exercising its renewal options. The fair value of a below market lease component is recorded as deferred income and accreted as additional lease revenue over the remaining contractual lease period and any renewal option periods included in the valuation analysis. The fair value of above market lease intangibles is recorded as a deferred asset and is amortized as a reduction of lease revenue over the remaining contractual lease term. The Company determines the fair value of at-market in-place leases considering the cost of acquiring similar leases, the foregone rents associated with the lease-up period and carrying costs associated with the lease-up period. Intangible assets associated with at-market in-place leases are amortized as additional expense over the remaining contractual lease term. To the extent customer relationship intangibles are present in an acquisition, the fair value of the intangibles are amortized over the life of the customer relationship.

If there is an event or change in circumstance that indicates a potential impairment in the value of a real estate investment property, the Company prepares an analysis to determine whether the carrying value of the real estate investment property exceeds its estimated fair value. The Company considers both quantitative and qualitative factors in identifying impairment indicators including recurring operating losses, significant decreases in occupancy, and significant adverse changes in legal factors and business climate. If impairment indicators are present, the Company compares the projected cash flows of the property over its remaining useful life, on an undiscounted basis, to the carrying value of that property. The Company assesses its undiscounted projected cash flows based upon estimated capitalization rates, historic operating results and market conditions that may affect the property. If the carrying value is greater than the undiscounted projected cash flows, the Company would recognize an impairment loss equivalent to an amount required to adjust the carrying amount to its then estimated fair market value. The value of any property is sensitive to the actual results of any of the aforementioned estimated factors, either individually or taken as a whole. Should the actual results differ from management's projections, the valuation could be negatively or positively affected.

When incurred, the Company capitalizes the cost of improvements that extend the useful life of property and equipment. All repair and maintenance expenditures are expensed when incurred. Leasehold improvements expenditures are capitalized when certain criteria are met, including when we supervise construction and will own the improvement. Tenant improvements we own are depreciated over the life of the respective lease or the estimated useful life of the improvements, whichever is shorter.

Interest, real estate taxes, development-related salary costs and other carrying costs are capitalized on projects under construction. Once construction is substantially complete and the assets are placed in service, rental income, direct operating expenses, and depreciation associated with such properties are included in current operations. Commercial development projects are substantially complete and available for occupancy upon completion of tenant improvements, but no later than one year from the cessation of major construction activity. Residential development projects are considered substantially complete and available for occupancy upon receipt of the certificate of occupancy from the appropriate licensing authority. Substantially completed portions of a project are accounted for as separate projects. Depreciation is calculated using the straight-line method and estimated useful lives of 35 to 50 years for base buildings and up to 20 years for certain other improvements.

Deferred Leasing Costs

Certain initial direct costs incurred by the Company in negotiating and consummating successful commercial leases are capitalized and amortized over the term of the leases. Deferred leasing costs consist of commissions paid to third-party leasing agents as well as internal direct costs such as employee compensation and payroll-related fringe benefits directly related to time spent performing successful leasing-related activities. Such activities include evaluating prospective tenants' financial condition, evaluating and recording guarantees, collateral and other security arrangements, negotiating lease terms, preparing lease documents and closing transactions. In addition, deferred leasing costs include amounts attributed to in-place leases associated with acquisition properties.

Revenue Recognition

Rental and interest income is accrued as earned except when doubt exists as to collectability, in which case the accrual is discontinued. Recognition of rental income commences when control of the space has been given to

Table of Contents

the tenant. When rental payments due under leases vary from a straight-line basis because of free rent periods or scheduled rent increases, income is recognized on a straight-line basis throughout the term of the lease. Expense recoveries represent a portion of property operating expenses billed to tenants, including common area maintenance, real estate taxes and other recoverable costs. Expense recoveries are recognized in the period when the expenses are incurred. Rental income based on a tenant's revenue, known as percentage rent, is accrued when a tenant reports sales that exceed a specified breakpoint specified in the lease agreement.

Allowance for Doubtful Accounts - Current and Deferred Receivables

Accounts receivable primarily represent amounts accrued and unpaid from tenants in accordance with the terms of the respective leases, subject to the Company's revenue recognition policy. Receivables are reviewed monthly and reserves are established with a charge to current period operations when, in the opinion of management, collection of the receivable is doubtful. In addition to rents due currently, accounts receivable include amounts representing minimum rental income accrued on a straight-line basis to be paid by tenants over the remaining term of their respective leases. Reserves are established with a charge to income for tenants whose rent payment history or financial condition casts doubt upon the tenant's ability to perform under its lease obligations.

Legal Contingencies

The Company is subject to various legal proceedings and claims that arise in the ordinary course of business, which are generally covered by insurance. While the resolution of these matters cannot be predicted with certainty, the Company believes their final outcome will not have a material adverse effect on its financial position or the results of operations. Once it has been determined that a loss is probable to occur, the estimated amount of the loss is recorded in the financial statements. Both the amount of the loss and the point at which its occurrence is considered probable can be difficult to determine.

Results of Operations**Revenue***(Dollars in thousands)*

	For the year ended December 31,			Percentage Change	
	2011	2010	2009	2011 to 2010	2010 to 2009
Base rent	\$ 138,905	\$ 126,518	\$ 125,727	9.8%	0.6%
Expense recoveries	28,414	29,534	29,442	-3.8%	0.3%
Percentage rent	1,510	1,458	1,326	3.6%	10.0%
Other	5,531	6,036	4,473	-8.4%	34.9%
Total revenue	\$ 174,360	\$ 163,546	\$ 160,968	6.6%	1.6%

Note: *(Dollars in thousands)*

Base rent includes \$3,736, \$225, and \$1,303, for the years 2011, 2010, and 2009, respectively, to recognize base rent on a straight-line basis. In addition, base rent includes \$1,119, \$1,024, and \$1,249 for the years 2011, 2010, and 2009, respectively, to recognize income from the amortization of in-place leases.

Total revenue increased 6.6% in 2011 compared to 2010. The increased revenue resulted primarily from (a) rental income generated by a development property (Clarendon Center) and five acquisition properties (11503 Rockville Pike, Metro Pike Center, Kentlands Square II, Severna Park MarketPlace and Cranberry Square), defined as the 2011 Acquisition Properties and together with Clarendon Center, the 2011 Development and Acquisition Properties (approximately \$19.1 million), offset in part by (b) (x) decreased revenue from rental properties fully in operation during both 2011 and 2010 (Core Properties) (approximately \$8.9 million), comprised primarily of a decline in revenue generated by the Mixed-Use Properties (approximately \$4.1 million) due to a decrease in

Table of Contents

occupancy that occurred in the latter part of 2010 and the first quarter of 2011, (y) a decrease in other income compared to 2010, when the collection of rent and other damages arising from a long-standing dispute with a tenant over the non-payment of rent over a period of time was recorded (\$1.9 million), and (z) reduced expense recovery income resulting from substantial snow removal expenses incurred in 2010.

Total revenue increased 1.6% in 2010 compared to 2009. The revenue increase for the 2010 Period resulted primarily from the collection of past due rents and other damages arising from a long-standing dispute with a tenant over the non-payment of rent over a period of time (approximately \$1.9 million), the operations of the 2009 development properties (Northrock and Westview Village) and two 2010 acquisition properties (Metro Pike Center and 11503 Rockville Pike), together defined as the 2010/2009 Development and Acquisition Properties (approximately \$1.7 million), offset in part by declining revenues from properties which were in operation for the entirety of both periods due to decreased occupancy levels and the resulting loss of rental income (approximately \$1.0 million).

A discussion of the components of revenue follows.

Base rent

The \$12.4 million increase in base rent in 2011 compared to 2010 was primarily attributable to the 2011 Development and Acquisition Properties (approximately \$16.8 million) which was offset in part by decreases at same center Mixed-Use Properties (approximately \$3.0 million) and the Shopping Centers (approximately \$1.9 million).

The \$791,000 increase in base rent in 2010 compared to 2009 was primarily attributable to leases in effect at the 2010/2009 Development and Acquisition Properties (approximately \$1.3 million) which was offset by base rent decreases of approximately \$828,000 at the Mixed-Use Properties, primarily due to a single-location office tenant default.

Expense recoveries

Expense recovery income decreased \$1.1 million in 2011 compared to 2010 due primarily to recovery in 2010 of snow removal expenses incurred as a result of severe winter weather impacting the Mid-Atlantic states during January and February 2010.

Expense recovery income increased \$92,000 in 2010 compared to 2009.

Other revenue

Other revenue decreased in 2011 primarily due to the collection during 2010 of past due rents and other damages arising from a long-standing dispute with a tenant over the non-payment of rent over a period of time (approximately \$1.9 million) partially offset by increased residential tenant fees and parking income (combined \$755,000) at Clarendon Center.

The \$1.6 million increase in other revenue in 2010 compared to 2009 resulted primarily from the collection of past due rents and other damages arising from a long-standing dispute with a tenant over the non-payment of rent over a period of time (approximately \$1.9 million) and increased parking and temporary lease rental income (approximately \$246,000) offset in part by decreased lease termination fees (approximately \$743,000).

Table of Contents**Operating expenses**

<i>(Dollars in thousands)</i>	For the year ended December 31,			Percentage Change	
	2011	2010	2009	2011 to 2010	2010 to 2009
Property operating expenses	\$ 24,946	\$ 23,198	\$ 21,301	7.5%	8.9%
Provision for credit losses	1,883	1,337	919	40.8%	45.5%
Real estate taxes	18,485	17,793	17,754	3.9%	0.2%
Interest expense and amortization of deferred debt	45,475	34,958	34,689	30.1%	0.8%
Depreciation and amortization	35,400	28,474	28,150	24.3%	1.2%
General and administrative	14,256	13,968	12,956	2.1%	7.8%
Total operating expenses	\$ 140,445	\$ 119,728	\$ 115,769	17.3%	3.4%

Total operating expenses increased 17.3% in 2011 compared to 2010 due primarily to increased interest and depreciation expense arising from the operation of the 2011 Development and Acquisition Properties.

Property operating expenses

Property operating expenses increased in 2011 primarily due to operating expenses arising from the operation of the 2011 Development and Acquisition Properties (\$3.3 million) and modest increases in non-snow removal same property operating expenses offset in part by a \$2.3 million decrease in snow removal expense.

The largest single item contributing to the \$1.9 million increase in 2010 property operating expenses compared to 2009 was snow removal expense (approximately \$1.6 million) resulting primarily from heavy snowfall in the Mid-Atlantic states during January and February 2010.

Provision for credit losses

The provision for credit losses represents the Company's estimate of amounts owed by tenants that may not be collectible. The \$546,000 increase in 2011 compared to 2010 reflects the continued stress of a stagnant housing market and slowly recovering jobs market in the local economies where the Current Portfolio Properties are located. Approximately \$505,000 of the increase was caused by the SuperFresh and Borders Bookstore bankruptcies and a local grocery store vacancy, and approximately \$300,000 of the increase was caused by the failure of several restaurants in the Loudoun County shopping centers.

The \$418,000 increase in the provision for credit losses in 2010 compared to 2009 was primarily caused by the default of a single-location office tenant.

Real estate taxes

The \$692,000 increase in real estate taxes in 2011 over 2010 resulted primarily from the operation of the 2011 Development and Acquisition Properties.

Interest and amortization of deferred debt

Interest expense increased \$10.5 million in 2011 compared to 2010 primarily due to Clarendon Center, because more than 85% of the project was placed in service during 2011, which caused an \$8.9 million increase in interest expense, net of amounts capitalized, as well as increased interest expense arising from the refinancing in March 2011 of the project's construction loan with a higher fixed-rate, 15 year mortgage. Interest expense also increased in 2011 by \$1.3 million from debt incurred to finance the 2011 Acquisition Properties.

Table of Contents

Interest expense increased \$269,000 in 2010 compared to 2009 primarily due to approximately \$53.0 million of increased debt balances outstanding, resulting from the refinancing of five mortgage loans during 2009 and construction loan draws, less scheduled monthly principal payments. The majority of the interest incurred on the construction loans was capitalized as project costs and had little impact on interest expense for the 2010 Period. The additional amounts borrowed increased interest expense in 2010 compared to 2009 by approximately \$3.5 million, which was partially offset by approximately \$1.7 million due to lower interest rates on refinanced debt, increased capitalized interest of approximately \$1.2 million and revolving credit facility modification costs incurred during the 2009 Period of approximately \$363,000.

Depreciation and amortization

Depreciation and amortization of deferred leasing costs increased \$6.9 million in 2011 compared to 2010 primarily as a result of depreciation commencement for the 2011 Development and Acquisition Properties placed in service during 2011.

Depreciation and amortization of deferred leasing costs increased \$324,000 in 2010 compared to 2009 primarily as a result of depreciation commencement for the 2010/2009 Development and Acquisition Properties.

General and administrative

General and administrative expenses increased \$288,000 in 2011 compared to 2010 primarily due to increased personal property taxes.

The \$1.0 million increase in general and administrative expenses in 2010 compared to 2009 resulted from increased staff expenses totaling approximately \$725,000, resulting in part from lower capitalization of development personnel costs and increased health care expense, and professional fees (approximately \$392,000).

Acquisition Related Costs

Acquisition related costs in 2011 of approximately \$2.5 million arose from the Company's September 23, 2011, purchase of Kentlands Square II, Severna Park MarketPlace and Cranberry Square and the February 17, 2011 purchase of a 3,000 square foot retail property located adjacent to the Company's Van Ness Square in Washington, DC.

Acquisition related costs of approximately \$1.2 million in 2010 relate to the Company's October 1, 2010 purchase of a 20,000 square foot property and December 17, 2010 purchase of a 67,500 square foot property, both located near the White Flint Metro Station in Montgomery County, Maryland.

Gain on Casualty Settlement

Gain on casualty settlement in 2011 and 2010 reflects insurance proceeds received in excess of the carrying value of assets damaged during a severe hail storm at French Market in May 2010. The insurance proceeds funded substantially all of the restoration of the damaged property.

Gain on casualty settlement in 2009 of \$329,000 is comprised of (a) the excess of insurance proceeds received over carrying value of assets damaged at three shopping center properties during 2009 and 2008 and (b) condemnation proceeds received in connection with the taking of land at one shopping center. The insurance proceeds funded substantially all of the restoration of the damaged properties.

Loss on Early Extinguishment of Debt

In June 2010, the Company refinanced its Thruway shopping center, located in Winston-Salem, North Carolina. The \$45.6 million loan requires principal and interest payments calculated using a 5.83% interest rate and a 25-year amortization schedule, and matures in ten years. In December 2010, the Company refinanced its Ravenwood shopping center, located in Baltimore, Maryland. The \$17.0 million loan requires principal and interest payments calculated using a 6.18% interest rate and a 25-year amortization schedule, and matures in 15 years. These loans refinanced a portion of a 7.67%, multi-property loan scheduled to mature in October 2012. In conjunction with the refinancings, the Company incurred costs to retire the previous Thruway debt totaling

Table of Contents

\$4.5 million (approximately \$4.4 million to defease the original loan and write-offs of unamortized deferred debt costs of approximately \$54,000) and to retire the previous Ravenwood debt totaling \$926,000 (approximately \$912,000 to defease the original loan and write-offs of unamortized deferred debt costs of approximately \$14,000). The transactions reduced the Company's future refinancing risk by decreasing the amount of debt maturing in 2012 from \$95.7 million to \$62.0 million, and provided net cash proceeds of approximately \$17.4 million.

During 2009, the Company refinanced debt with outstanding balances totaling \$70.6 million, prior to its December 2011 maturity, in order to obtain new mortgage debt totaling \$118.0 million. In conjunction with the refinancings, the Company incurred prepayment penalties (approximately \$1.9 million) and wrote off unamortized deferred debt costs related to the repaid mortgages (approximately \$318,000).

Gain on Sale of Property

Gain on sale of property in 2010 resulted from the sale of the Lexington Center land parcel and Lexington pads.

Impact of Inflation

Inflation has remained relatively low during 2011 and 2010. The impact of rising operating expenses due to inflation on the operating performance of the Company's portfolio would have been mitigated by terms in substantially all of the Company's leases which contain provisions designed to increase revenues to offset the adverse impact of inflation on the Company's results of operations. These provisions include upward periodic adjustments in base rent due from tenants, usually based on a stipulated increase and to a lesser extent on a factor of the change in the consumer price index, commonly referred to as the CPI.

In addition, substantially all of the Company's properties are leased to tenants under long-term leases, which provide for reimbursement of operating expenses by tenants. These leases tend to reduce the Company's exposure to rising property expenses due to inflation. Inflation and increased costs may have an adverse impact on the Company's tenants if increases in their operating expenses exceed increases in their revenue.

Liquidity and Capital Resources

Cash and cash equivalents were \$12.3 million and \$13.0 million at December 31, 2011 and 2010, respectively. The changes in cash and cash equivalents during the years ended December 31, 2011 and 2010 were attributable to operating, investing and financing activities, as described below.

<i>(Dollars in thousands)</i>	For the year ended	
	December 31,	
	2011	2010
Net cash provided by operating activities	\$ 55,669	\$ 62,887
Net cash used in investing activities	(201,500)	(98,239)
Net cash provided by financing activities	145,186	27,713
Decrease in cash and cash equivalents	\$ (645)	\$ (7,639)

Operating Activities

Net cash provided by operating activities decreased \$7.0 million to \$55.9 million for the year ended December 31, 2011 compared to \$62.9 million for the year ended December 31, 2010, primarily reflecting the 2011 decline in operating income from the Company's Core Properties fully in operation during all of 2011 and 2010. Net cash provided by operating activities represents, in each year, cash received primarily from rental income, plus other income, less property operating expenses, normal recurring general and administrative expenses and interest payments on debt outstanding.

Investing Activities

Net cash used in investing activities increased \$103.3 million to \$201.5 million for the year ended December 31, 2011 compared to \$98.2 million for the year ended December 31, 2010. Investing activities for 2011 primarily reflect the purchase of Cranberry Square, Kentlands Square II and Severna Park MarketPlace and Clarendon Center construction costs.

Table of Contents

Investing activities for 2010 primarily reflect the Clarendon Center construction costs, the purchase of 11503 Rockville Pike and Metro Pike Center, tenant improvements and property capital expenditures throughout the portfolio. Proceeds from the sale of Lexington Center and insurance proceeds from the French Market hailstorm casualty settlement partially offset the cash used for developments, acquisitions and property improvements.

Tenant improvement and property capital expenditures totaled \$11.6 million and \$6.6 million for 2011 and 2010, respectively.

Financing Activities

Net cash provided by financing activities for the years ended December 31, 2011 and 2010, was \$145.0 million and \$27.7 million, respectively. Cash provided by financing activities for the year ended December 31, 2011 primarily reflects:

proceeds of \$226.0 million received from mortgage notes payable;

proceeds of \$60.0 million received from secured bridge financing loans;

proceeds of \$13.4 million received from construction loan draws;

proceeds of \$16.0 million received from revolving credit facility draws;

proceeds of \$55.8 million from an equity offering of common stock and limited partnership units in the Operating Partnership; and

proceeds of \$20.9 million from the issuance of common stock under the dividend reinvestment program, directors deferred plan and the exercise of stock options;

which was partially offset by:

the repayment of mortgage notes payable totaling \$22.8 million;

the repayment of secured bridge financing loans totaling \$60.0 million;

the repayment of construction loans payable totaling \$104.2 million;

the repayment of amounts borrowed under the revolving credit facility of \$8.0 million;

distributions to common stockholders totaling \$27.1 million;

distributions to holders of convertible limited partnership units in the Operating Partnership totaling \$8.3 million;

Edgar Filing: SAUL CENTERS INC - Form 10-K

distributions made to preferred stockholders totaling \$15.1 million; and

payments of \$1.4 million for financing costs of mortgage notes payable.

Net cash provided by financing activities for the years ended December 31, 2010 and 2009, was \$27.7 million and \$19.0 million, respectively. Cash provided by financing activities for the year ended December 31, 2010 primarily reflects:

proceeds received from two new mortgage notes payable totaling \$62.6 million;

amounts borrowed from construction loans payable totaling \$49.5 million; and

\$19.5 million of proceeds received from the issuance of common stock under the dividend reinvestment program and from the exercise of stock options;

which was partially offset by:

the repayment of mortgage notes payable totaling \$53.7 million;

distributions made to common stockholders and holders of convertible limited partnership units in the Operating Partnership during the year totaling \$34.0 million;

Table of Contents

distributions made to preferred stockholders during the year totaling \$15.1 million; and

payments of \$1.1 million for financing costs of new mortgage loans.

Liquidity Requirements

Short-term liquidity requirements consist primarily of normal recurring operating expenses and capital expenditures, debt service requirements (including debt service relating to additional and replacement debt), distributions to common and preferred stockholders, distributions to unit holders and amounts required for expansion and renovation of the Current Portfolio Properties and selective acquisition and development of additional properties. In order to qualify as a REIT for federal income tax purposes, the Company must distribute to its stockholders at least 90% of its real estate investment trust taxable income, as defined in the Code. The Company expects to meet these short-term liquidity requirements (other than amounts required for additional property acquisitions and developments) through cash provided from operations, available cash and its existing line of credit.

Long-term liquidity requirements consist primarily of obligations under our long-term debt and dividends paid to our preferred shareholders. We anticipate that long-term liquidity requirements will also include amounts required for property acquisitions and developments. Management anticipates that during the coming year the Company:

may redevelop certain of the Current Portfolio Properties,

may develop additional freestanding outparcels or expansions within certain of the Shopping Centers,

will continue to develop its construction in progress properties.

Acquisition and development of properties are undertaken only after careful analysis and review, and management's determination that such properties are expected to provide long-term earnings and cash flow growth.

During the coming year, developments, expansions or acquisitions are expected to be funded with available cash, bank borrowings from the Company's credit line, construction and permanent financing, proceeds from the operation of the Company's dividend reinvestment plan or other external debt or equity capital resources available to the Company. The Company expects to refinance the Clarendon Center construction loan with long term permanent financing as soon as commercially practical.

Any future borrowings may be at the Saul Centers, Operating Partnership or Subsidiary Partnership level, and securities offerings may include (subject to certain limitations) the issuance of additional limited partnership interests in the Operating Partnership which can be converted into shares of Saul Centers common stock. The availability and terms of any such financing will depend upon market and other conditions.

Table of Contents*Contractual Payment Obligations*

As of December 31, 2011, the Company had unfunded contractual payment obligations of approximately \$148.6 million, excluding operating obligations, due within the next 12 months. The table below specifies the total contractual payment obligations as of December 31, 2011.

<i>(Dollars in thousands)</i>	Payments Due By Period				Total
	One Year or Less	2 - 3 Years	4 - 5 Years	After 5 Years	
Notes Payable:					
Interest	\$ 47,519	\$ 76,723	\$ 69,132	\$ 185,795	\$ 379,169
Scheduled Principal	21,756	35,769	37,586	144,845	239,956
Balloon Payments	69,960	83,349	15,077	423,529	591,915
Subtotal	139,235	195,841	121,795	754,169	1,211,040
Ground Leases (1)	176	352	352	9,715	10,595
Corporate Headquarters Lease (1)	248				248
Development Obligations	8,933				8,933
Total Contractual Obligations	\$ 148,592	\$ 196,193	\$ 122,147	\$ 763,884	\$ 1,230,816

(1) See Note 7 to Consolidated Financial Statements. Corporate Headquarters Lease amounts represent an allocation to the Company based upon employees' time dedicated to the Company's business as specified in the Shared Services Agreement. Future amounts are subject to change as the number of employees employed by each of the parties to the lease fluctuates.

Management believes that the Company's cash flow from operations and its capital resources, which at December 31, 2011 included cash balances of \$12.3 million and borrowing availability of approximately \$141.8 million on its revolving line of credit, will be sufficient to meet its contractual obligations for the foreseeable future.

Preferred Stock Issues

In March 2008, the Company sold, in an underwritten public offering, 3,173,115 depositary shares, each representing 1/100th of a share of 9% Series B Cumulative Redeemable Preferred Stock, providing net cash proceeds of \$76.3 million. The depositary shares may be redeemed at the Company's option, in whole or in part, at the \$25.00 liquidation preference on or after March 15, 2013. The depositary shares pay an annual dividend of \$2.25 per share, equivalent to 9% of the \$25.00 liquidation preference. The first dividend was paid on July 15, 2008 and covered the period from March 27, 2008 through June 30, 2008. The Series B preferred stock has no stated maturity, is not subject to any sinking fund or mandatory redemption and is not convertible into any other securities of the Company. Investors in the depositary shares generally have no voting rights, but will have limited voting rights if the Company fails to pay dividends for six or more quarters (whether or not declared or consecutive) and in certain other events.

In November 2003, the Company sold 4,000,000 depositary shares, each representing 1/100th of a share of 8% Series A Cumulative Redeemable Preferred Stock. The depositary shares may be redeemed at the Company's option, in whole or in part from time to time, at the \$25.00 liquidation preference. The depositary shares pay an annual dividend of \$2.00 per share, equivalent to 8% of the \$25.00 liquidation preference. The Series A preferred stock has no stated maturity, is not subject to any sinking fund or mandatory redemption and is not convertible into any other securities of the Company. Investors in the depositary shares generally have no voting rights, but will have limited voting rights if the Company fails to pay dividends for six or more quarters (whether or not declared or consecutive) and in certain other events.

Dividend Reinvestments

In December 1995, the Company established a Dividend Reinvestment Plan (the Plan) to allow its common stockholders and holders of limited partnership interests an opportunity to buy additional shares of

Table of Contents

common stock by reinvesting all or a portion of their dividends or distributions. The Plan provides for investing in newly issued shares of common stock at a 3% discount from market price without payment of any brokerage commissions, service charges or other expenses. All expenses of the Plan are paid by the Company. The Company issued 489,890 and 418,512 shares under the Plan at a weighted average discounted price of \$39.64 and \$39.13 per share during the years ended December 31, 2011 and 2010, respectively. The Company also credited 8,358 and 8,335 shares to directors pursuant to the reinvestment of dividends specified by the Directors' Deferred Compensation Plan at a weighted average discounted price of \$39.94 and \$38.85 per share, during the years ended December 31, 2011 and 2010, respectively.

Capital Strategy and Financing Activity

As a general policy, the Company intends to maintain a ratio of its total debt to total asset value of 50% or less and to actively manage the Company's leverage and debt expense on an ongoing basis in order to maintain prudent coverage of fixed charges. Asset value is the aggregate fair market value of the Current Portfolio Properties and any subsequently acquired properties as reasonably determined by management by reference to the properties' aggregate cash flow. Given the Company's current debt level, it is management's belief that the ratio of the Company's debt to total asset value was below 50% as of December 31, 2011.

The organizational documents of the Company do not limit the absolute amount or percentage of indebtedness that it may incur. The Board of Directors may, from time to time, reevaluate the Company's debt capitalization policy in light of current economic conditions, relative costs of capital, market values of the Company property portfolio, opportunities for acquisition, development or expansion, and such other factors as the Board of Directors then deems relevant. The Board of Directors may modify the Company's debt capitalization policy based on such a reevaluation without shareholder approval and consequently, may increase or decrease the Company's debt to total asset ratio above or below 50% or may waive the policy for certain periods of time. The Company selectively continues to refinance or renegotiate the terms of its outstanding debt in order to achieve longer maturities, and obtain generally more favorable loan terms, whenever management determines the financing environment is favorable.

Table of Contents

The following is a summary of notes payable as of December 31, 2011 and 2010:

Notes Payable (Dollars in thousands)	December 31,		Interest Rate *	Scheduled Maturity *
	2011	2010		
Fixed rate mortgages:	\$ 64,844(a)	\$ 68,461	7.67%	Oct-2012

* Interest rate and scheduled maturity data presented as of December 31, 2010. Totals computed using weighted averages.

Table of Contents

- (a) *The loan is collateralized by seven shopping centers (Seven Corners, White Oak, Hampshire Langley, Great Eastern, Southside Plaza, Belvedere and Giant) and requires equal monthly principal and interest payments of \$734,000 based upon a 25-year amortization schedule and a final payment of \$62.0 million at loan maturity. Principal of \$38.0 million was defeased in conjunction with the Thruway and Ravenwood refinancing s and \$3.6 million was amortized during 2011.*
- (b) *The loan is collateralized by Smallwood Village Center and requires equal monthly principal and interest payments of \$71,000 based upon a 30-year amortization schedule and a final payment of \$10.1 million at loan maturity. Principal of \$213,000 was amortized during 2011.*
- (c) *The loan is collateralized by 601 Pennsylvania Avenue and requires equal monthly principal and interest payments of \$294,000 based upon a 25-year amortization schedule and a final payment of \$23.0 million at loan maturity. Principal of \$1.5 million was amortized during 2011.*
- (d) *The loan, together with a corresponding interest-rate swap, was assumed with the December 17, 2010 acquisition of, and is collateralized by, Metro Pike Center. On a combined basis, the loan and the swap required interest only payments of \$63,000 until August 1, 2011, then equal monthly payments of \$86,000 based upon a 25-year amortization schedule and a final payment of \$15.6 million at loan maturity. Principal of \$137,000 was amortized during 2011.*
- (e) *The loan is collateralized by Cruse MarketPlace and requires equal monthly principal and interest payments of \$56,000 based upon an amortization schedule of approximately 24 years and a final payment of \$6.8 million at loan maturity. Principal of \$253,000 was amortized during 2011.*
- (f) *The loan is collateralized by Seabreeze Plaza and requires equal monthly principal and interest payments totaling \$102,000 based upon a weighted average 26-year amortization schedule and a final payment of \$13.3 million is due at loan maturity. Principal of \$436,000 was amortized during 2011.*
- (g) *The loan is collateralized by Shops at Fairfax and Boulevard shopping centers and requires equal monthly principal and interest payments totaling \$156,000 based upon a weighted average 23-year amortization schedule and a final payment of \$15.2 million is due at loan maturity. Principal of \$568,000 was amortized during 2011.*
- (h) *The loan is collateralized by Washington Square and requires equal monthly principal and interest payments of \$264,000 based upon a 27.5-year amortization schedule and a final payment of \$28.0 million at loan maturity. Principal of \$1.0 million was amortized during 2011.*
- (i) *The loan is collateralized by three shopping centers, Broadlands Village, The Glen and Kentlands Square, and requires equal monthly principal and interest payments of \$306,000 based upon a 25-year amortization schedule and a final payment of \$28.4 million at loan maturity. Principal of \$1.3 million was amortized during 2011.*
- (j) *The loan is collateralized by Olde Forte Village and requires equal monthly principal and interest payments of \$98,000 based upon a 25-year amortization schedule and a final payment of \$9.0 million at loan maturity. Principal of \$417,000 was amortized during 2011.*
- (k) *The loan is collateralized by Countryside and requires equal monthly principal and interest payments of \$133,000 based upon a 25-year amortization schedule and a final payment of \$12.3 million at loan maturity. Principal of \$576,000 was amortized during 2011.*
- (l) *The loan is collateralized by Briggs Chaney MarketPlace and requires equal monthly principal and interest payments of \$133,000 based upon a 25-year amortization schedule and a final payment of \$12.2 million at loan maturity. Principal of \$553,000 was amortized during 2011.*
- (m) *The loan is collateralized by Shops at Monocacy and requires equal monthly principal and interest payments of \$112,000 based upon a 25-year amortization schedule and a final payment of \$10.6 million at loan maturity. Principal of \$509,000 was amortized during 2011.*
- (n) *The loan is collateralized by Boca Valley Plaza and requires equal monthly principal and interest payments of \$75,000 based upon a 30-year amortization schedule and a final payment of \$9.1 million at loan maturity. Principal of \$235,000 was amortized during 2011.*
- (o) *The loan is collateralized by Palm Springs Center and requires equal monthly principal and interest payments of \$75,000 based upon a 25-year amortization schedule and a final payment of \$7.1 million at loan maturity. Principal of \$330,000 was amortized during 2011.*

Table of Contents

- (p) The loan and a corresponding interest-rate swap closed on June 29, 2010 and are collateralized by Thruway. On a combined basis, the loan and the interest-rate swap require equal monthly principal and interest payments of \$289,000 based upon a 25-year amortization schedule and a final payment of \$34.8 million at loan maturity. Principal of \$857,000 was amortized during 2011.
- (q) The loan is collateralized by Jamestown Place and requires equal monthly principal and interest payments of \$66,000 based upon a 25-year amortization schedule and a final payment of \$6.1 million at loan maturity. Principal of \$254,000 was amortized during 2011.
- (r) The loan is collateralized by Hunt Club Corners and requires equal monthly principal and interest payments of \$42,000 based upon a 30-year amortization schedule and a final payment of \$5.0 million, at loan maturity. Principal of \$111,000 was amortized during 2011.
- (s) The loan is collateralized by Lansdowne Town Center and requires monthly principal and interest payments of \$230,000 based on a 30-year amortization schedule and a final payment of \$28.2 million at loan maturity. Principal of \$641,000 was amortized during 2011.
- (t) The loan is collateralized by Orchard Park and requires equal monthly principal and interest payments of \$73,000 based upon a 30-year amortization schedule and a final payment of \$8.6 million at loan maturity. Principal of \$177,000 was amortized during 2011.
- (u) The loan is collateralized by BJ's Wholesale and requires equal monthly principal and interest payments of \$80,000 based upon a 30-year amortization schedule and a final payment of \$9.3 million at loan maturity. Principal of \$171,000 was amortized during 2011.
- (v) The loan is collateralized by Great Falls shopping center. The loan consists of three notes which require equal monthly principal and interest payments of \$138,000 based upon a weighted average 26-year amortization schedule. The loan matures February 1, 2024 at which time a final payment of \$6.3 million will be due. Principal of \$577,000 was amortized during 2011.
- (w) The loan is collateralized by Leesburg Pike and requires equal monthly principal and interest payments of \$135,000 based upon a 25-year amortization schedule and a final payment of \$11.5 million at loan maturity. Principal of \$299,000 was amortized during 2011.
- (x) The loan is collateralized by Village Center and requires equal monthly principal and interest payments of \$119,000 based upon a 25-year amortization schedule and a final payment of \$10.1 million at loan maturity. Principal of \$250,000 was amortized during 2011.
- (y) The loan is collateralized by Van Ness Square and requires equal monthly principal and interest payments of \$132,000 based upon a 25-year amortization schedule and a final payment of \$11.5 million at loan maturity. Principal of \$223,000 was amortized during 2011.
- (z) The loan is collateralized by Avenel Business Park and requires equal monthly principal and interest payments of \$246,000 based upon a 25-year amortization schedule and a final payment of \$20.9 million at loan maturity. Principal of \$531,000 was amortized during 2011.
- (aa) The loan is collateralized by Ashburn Village and requires equal monthly principal and interest payments of \$240,000 based upon a 25-year amortization schedule and a final payment of \$20.5 million at loan maturity. Principal of \$516,000 was amortized during 2011.
- (bb) The loan, closed on December 9, 2010, is collateralized by Ravenwood and requires equal monthly principal and interest payments of \$111,000 based upon a 25-year amortization schedule and a final payment of \$10.1 million at loan maturity. Principal of \$269,000 was amortized during 2011.
- (cc) The loan in the original amount of \$125.0 million, closed on March 23, 2011, is collateralized by Clarendon Center and requires equal monthly principal and interest payments of \$753,000 based upon a 25-year amortization schedule and a final payment of \$70.5 million at loan maturity. Principal of \$1.6 million was amortized during 2011.
- (dd) The loan in the original amount of \$38.0 million, closed on September 23, 2011, is collateralized by Severna Park MarketPlace and requires equal monthly principal and interest payments of \$207,000 based upon a 25-year amortization schedule and a final payment of \$20.3 million at loan maturity. Principal of \$142,000 was amortized during 2011.

Table of Contents

- (ee) *The loan in the original amount of \$43.0 million, closed on October 5, 2011, is collateralized by Kentlands Square II and requires equal monthly principal and interest payments of \$240,000 based upon a 25-year amortization schedule and a final payment of \$23.1 million at loan maturity. Principal of \$77,000 was amortized during 2011.*
- (ff) *The loan in the original amount of \$20.0 million, closed on November 5, 2011, is collateralized by Cranberry Square and requires equal monthly principal and interest payments of \$113,000 based upon a 25-year amortization schedule and a final payment of \$10.9 million at loan maturity.*
- (gg) *The loan is an unsecured revolving credit facility totaling \$150.0 million. Interest expense is calculated based upon 1-month LIBOR plus a spread of 3.775%. The line may be extended one year with payment of a fee of 0.25% at the Company's option. Monthly payments, if applicable, are interest only and vary depending upon the amount outstanding and the applicable interest rate for any given month.*
- (hh) *The loan was a secured construction loan facility totaling \$21.8 million to fund the development of Northrock shopping center. Interest is calculated based upon 1-month LIBOR plus a spread of 3.00%. On May 1, 2011, the loan balance was curtailed by \$4.2 million, and the maturity date extended two years. The extended loan requires monthly principal payments of \$13,409. The interest rate was unchanged. Principal of \$94,000 was amortized during 2011.*
- (ii) *The loan was a secured construction loan facility totaling \$157.5 million to fund the development of Clarendon Center. The loan was prepaid in full during 2011.*

The carrying value of properties collateralizing the mortgage notes payable totaled \$997.5 million and \$831.6 million as of December 31, 2011 and 2010, respectively. The Company's credit facility requires the Company and its subsidiaries to maintain certain financial covenants, which are summarized below. As of December 31, 2011, the Company was in compliance with all such covenants,

limit the amount of debt so as to maintain a gross asset value, as defined in the loan agreement, in excess of liabilities of at least \$760 million plus 90% of the Company's future net equity proceeds;

limit the amount of debt as a percentage of gross asset value, as defined in the loan agreement, to less than 60% (leverage ratio);

limit the amount of debt so that interest coverage will exceed 2.2x on a trailing 12-full calendar month basis (interest expense coverage);

limit the amount of debt so that interest and scheduled principal amortization coverage exceeds 1.6x (debt service coverage);

limit the amount of debt so that interest, scheduled principal amortization and preferred dividend coverage exceeds 1.4x (fixed charge coverage);

limit the amount of variable rate debt and debt with initial loan terms of less than five years to no more than 40% of total debt; and

limit the outstanding debt plus undrawn loan availability to 8.0x trailing twelve month adjusted EBITDA, as defined in the loan agreement.

2011 Financing Activity

On March 23, 2011, the Company closed on a 15-year non-recourse mortgage loan in the amount of \$125.0 million, secured by Clarendon Center. The loan matures April 5, 2026, bears interest at a fixed rate of 5.31%, requires equal monthly principal and interest payments of \$753,000, based upon a 25-year principal amortization, and requires a final principal payment of approximately \$70.5 million at maturity. Proceeds from the loan were used to repay \$104.2 million outstanding on the Clarendon Center construction loan.

On September 23, 2011, the Company closed on a 15-year non-recourse mortgage loan in the amount of \$38.0 million, secured by Severna Park MarketPlace. The loan matures October 1, 2026, bears interest at a fixed rate of 4.30%, requires equal monthly principal and interest payments of \$207,000, based upon a 25-year principal amortization, and requires a final principal payment of approximately \$20.3 million at maturity. Proceeds from the loan were used to purchase Severna Park MarketPlace.

Table of Contents

Also on September 23, 2011, the Company closed on two six-month bridge financing loans in the total amount of \$60.0 million, secured by Kentlands Square II and Cranberry Square. Proceeds from the loans were used to purchase Kentlands Square II and Cranberry Square.

On October 5, 2011, the Company closed on a new 15-year non-recourse mortgage loan in the amount of \$43.0 million, secured by Kentlands Square II. The loan matures November 5, 2026, bears an interest at a fixed rate of 4.53%, requires equal monthly principal and interest payments of \$240,000, based upon a 25-year principal amortization, and requires a final principal payment of approximately \$23.1 million at maturity. Proceeds from the loan were used to repay the \$40.0 million bridge financing used to acquire Kentlands Square II.

On November 6, 2011, the Company closed on a new 15-year non-recourse mortgage loan in the amount of \$20.0 million, secured by Cranberry Square. The loan matures December 1, 2026, bears interest at a fixed rate of 4.70%, requires equal monthly principal and interest payments of \$113,000, based upon a 25-year principal amortization, and requires a final principal payment of approximately \$10.9 million at maturity. Proceeds from the loan were used to repay the \$20.0 million bridge financing used to acquire Cranberry Square.

2010 Financing Activity

On June 29, 2010, the Company closed on a new 10-year mortgage loan in the amount of \$45.6 million, secured by Thruway. The loan matures July 1, 2020, and bears interest at a variable rate equal to the sum of one-month LIBOR and 260 basis points. In conjunction with the financing, the Company entered into an interest rate swap agreement with a \$45.6 million notional amount to manage the interest rate risk associated with the above \$45.6 million of variable-rate mortgage debt. The swap agreement was effective June 29, 2010, terminates on July 1, 2020 and effectively fixes the interest rate on the mortgage debt at 5.83%. The Company has designated this agreement as a cash flow hedge for accounting purposes. The Company recognizes interest expense on the combined variable-rate debt and the interest-rate swap at the effective fixed rate of 5.83%. On a combined basis, the loan and the interest-rate swap require equal monthly principal and interest payments of approximately \$289,000, based upon an assumed interest rate of 5.83% and a 25-year principal amortization, and requires a final principal payment of approximately \$34,753,000 at maturity.

Prior to the refinancing, Thruway was one of nine properties securing debt included in a collateralized mortgage-backed security (CMBS) with an outstanding balance of \$108.3 million, an interest rate of 7.67% and due to mature October 2012. In order to release Thruway, the Company defeased \$30.2 million of the outstanding balance at a cost of approximately \$4.4 million, using proceeds from the new mortgage financing.

On August 24, 2010, the Company entered into an amendment to its Northrock construction loan to provide an option to extend the loan for two years. The extension is available at the Company's option subject to notice to the bank, and to a principal repayment in an amount required to cause property operating income to meet certain debt service coverage levels.

On December 9, 2010, the Company closed on a new 15-year, fixed-rate mortgage loan in the amount of \$17.0 million secured by Ravenwood. The loan matures January 2026, requires monthly interest and principal payments of approximately \$111,000 based upon a fixed interest rate of 6.18% and a 25-year principal amortization and requires a final principal payment of approximately \$10.1 million at maturity.

Prior to the refinancing, Ravenwood was one of eight remaining properties securing debt included in a CMBS with an outstanding balance of \$76.3 million, an interest rate of 7.67% and due to mature October 2012. In order to release Ravenwood, the Company defeased \$7.8 million of the outstanding balance at a cost of approximately \$900,000, using proceeds from the new mortgage financing.

On December 17, 2010, the Company purchased Metro Pike Center, a 67,000 square foot retail property located in Rockville, Maryland. In conjunction with the acquisition, the Company assumed a mortgage loan with a principal balance of \$16.2 million. The loan matures June 30, 2013, bears interest at a variable rate equal to the sum of one-month LIBOR and 245 basis points. In conjunction with the loan assumption, the Company assumed a corresponding interest rate swap agreement with a \$16.2 million notional amount to manage the interest rate risk associated with the variable-rate mortgage debt. The swap agreement was effective at closing, terminates on June 30, 2013 and effectively fixes the interest rate on the mortgage debt at 4.67%. On a combined basis, the loan and the interest-rate swap require interest-only payments of approximately \$63,000 until August 1, 2011, followed by equal monthly principal and interest payments of approximately \$86,000 based upon a 25-year amortization schedule and a final payment of \$15.6 million at loan maturity.

Table of ContentsOff-Balance Sheet Arrangements

The Company has no off-balance sheet arrangements that are reasonably likely to have a current or future material effect on the Company's financial condition, revenue or expenses, results of operations, liquidity, capital expenditures or capital resources.

Funds From Operations

In 2011, the Company reported Funds From Operations (FFO)¹ available to common shareholders (common stockholders and limited partner unitholders) of \$50.3 million, a 0.5% decrease from 2010 FFO available to common shareholders of \$50.6 million. The following table presents a reconciliation from net income to FFO available to common shareholders for the periods indicated:

<i>(Dollars in thousands)</i>	Year ended December 31,				
	2011	2010	2009	2008	2007
Net income	\$ 30,294	\$ 43,185	\$ 43,230	\$ 47,666	\$ 45,521
Subtract:					
Gain on property sale		(3,591)			
Gain on casualty settlement	(245)	(2,475)	(329)	(1,301)	(139)
Add:					
Real estate depreciation - discontinued operations		103	114	114	3
Real estate depreciation and amortization	35,400	28,474	28,150	29,555	26,458
FFO	65,449	65,696	71,165	76,034	71,843
Subtract:					
Preferred dividends	(15,140)	(15,140)	(15,140)	(13,453)	(8,000)
FFO available to common shareholders	\$ 50,309	\$ 50,556	\$ 56,025	\$ 62,581	\$ 63,843
Average shares and units used to compute FFO per share	24,740	23,793	23,359	23,793	23,185

¹ The National Association of Real Estate Investment Trusts (NAREIT) developed FFO as a relative non-GAAP financial measure of performance of an equity REIT in order to recognize that income-producing real estate historically has not depreciated on the basis determined under GAAP. FFO is defined by NAREIT as net income, computed in accordance with GAAP, plus real estate depreciation and amortization, and excluding extraordinary items, impairment charges on depreciable real estate assets and gains or losses from property dispositions. FFO does not represent cash generated from operating activities in accordance with GAAP and is not necessarily indicative of cash available to fund cash needs, which is disclosed in the Company's Consolidated Statements of Cash Flows for the applicable periods. There are no material legal or functional restrictions on the use of FFO. FFO should not be considered as an alternative to net income, its most directly comparable GAAP measure, as an indicator of the Company's operating performance, or as an alternative to cash flows as a measure of liquidity. Management considers FFO a meaningful supplemental measure of operating performance because it primarily excludes the assumption that the value of the real estate assets diminishes predictably over time (i.e. depreciation), which is contrary to what we believe occurs with our assets, and because industry analysts have accepted it as a performance measure. FFO may not be comparable to similarly titled measures employed by other REITs.

Table of Contents

Acquisitions, Redevelopments and Renovations

Management anticipates that during the coming year the Company: (i) may redevelop certain of the Current Portfolio Properties, (ii) may develop additional freestanding outparcels or expansions within certain of the Shopping Centers, and (iii) will continue to develop its construction in progress properties. Acquisition and development of properties are undertaken only after careful analysis and review, and management's determination that such properties are expected to provide long-term earnings and cash flow growth. During the coming year, any developments, expansions or acquisitions are expected to be funded with borrowings from the Company's credit line, construction financing, proceeds from the operation of the Company's dividend reinvestment plan or other external capital resources available to the Company.

The Company has been selectively involved in acquisition, development, redevelopment and renovation activities. It continues to evaluate the acquisition of land parcels for retail and office development and acquisitions of operating properties for opportunities to enhance operating income and cash flow growth. The Company also continues to take advantage of redevelopment, renovation and expansion opportunities within the portfolio, as demonstrated by its recent activities at Smallwood Village Center and Seven Corners. The following describes the acquisitions, developments, redevelopments and renovations which affected the Company's financial position and results of operations in 2011, 2010 and 2009.

Ashland Square Phase I

On December 15, 2004, the Company purchased for \$6.3 million, a 19.3 acre parcel of land in Manassas, Prince William County, Virginia. The Company has an approved site plan to develop a grocery-anchored neighborhood shopping center totaling approximately 160,000 square feet. Capital One Bank operates a branch on the site and the Company previously executed a lease with CVS. The Company is in the process of completing the site work for two pads. CVS will construct a 13,000 square foot pharmacy building and the Company will construct a 6,500 square foot building which it expects to lease to a restaurant. Both facilities are projected to be completed in the fourth quarter of 2012, at a cost to the Company of approximately \$3.0 million. The balance of the center is being marketed to grocers and other retail businesses, with a development timetable yet to be finalized.

Smallwood Village Center

On January 27, 2006, the Company acquired the 198,000 square foot Smallwood Village Center, located on 25 acres within the St. Charles planned community of Waldorf, Maryland. The center was acquired for a purchase price of \$17.5 million subject to the assumption of an \$11.3 million mortgage loan, and was 68.0% leased at December 31, 2011. The Company completed construction during mid-2009 of capital improvements to improve access to the center, reconfigure portions of the center and upgrade the center's façade and common areas. The cost of the redevelopment was approximately \$6.9 million and the redeveloped center totals approximately 173,000 square feet.

Clarendon Center

In late 2010, the Company substantially completed construction of a mixed-use project which includes approximately 42,000 square feet of retail space, 171,000 square feet of office space, 244 apartments and 600 underground parking spaces, on two city blocks, adjacent to the Clarendon Metro Station in Arlington County, Virginia. Development costs are expected to total approximately \$195.0 million upon the completion of final office tenant improvements.

The south block consists of 11 floors of residential area (244 units) alongside eight floors of office space (76,000 square feet), both atop ground floor retail space (29,000 square feet) leased to Trader Joe's, Circa Café and Burke & Herbert Bank. The first office tenant began occupancy in December 2010 and the first retail occupancy occurred in January 2011. Currently, all of the retail tenants are operating. The north block consists of five floors of office space (95,000 square feet) atop ground floor retail (13,000 square feet). The building shell certificate of occupancy was received in early February 2011 and Airline Reporting Corporation (68,000 square feet) took occupancy in late March 2011. As of December 31, 2011, 196,000 square feet (92.4%) of the combined project retail and office space was leased.

On December 26, 2010, tenants began occupancy of the apartments. By April 28, 2011, the apartments were 98.8% leased and, as of December 31, 2011, 243 of the 244 apartments were leased and occupied.

Table of Contents

Westview Village

In November 2007, the Company purchased for \$5.0 million, a 10.4 acre site in the Westview development on Buckeystown Pike (MD Route 85) in Frederick, Maryland. Construction was substantially completed in 2009 on a development that totals approximately 101,000 square feet of commercial space, including 60,000 square feet of retail shop space, 11,000 square feet of retail pads and 30,000 square feet of professional office space. Total construction and development costs, including land, lease-up and tenant improvement costs, are projected to be approximately \$26.5 million. As of December 31, 2011, 45,000 square feet of retail space and 13,000 square feet of office space, or approximately 57.0% of the total space, had been leased.

Northrock

In January 2008, the Company purchased for \$12.5 million, approximately 15.4 acres of undeveloped land in Warrenton, Virginia, located at the southwest corner of the U. S. Route 29/211 and Fletcher Drive intersection. The Company constructed Northrock shopping center, a neighborhood shopping center totaling approximately 103,000 square feet of leasable area. Approximately 77.8% of the project was leased at December 31, 2011, including a 52,700 square foot Harris Teeter supermarket store, 18,822 square feet of small shop space, and pad leases with Capital One Bank and Longhorn Steakhouse. Total construction and development costs, including land, lease-up and tenant improvement costs, are projected to be approximately \$27.9 million.

Seven Corners

During 2010, the Company expanded the Seven Corners shopping center by approximately 6,000 square feet. Red Robin Gourmet Burgers opened in November 2010 in a newly-constructed, free-standing building. The Company also completed construction of parking lot, landscaping and site lighting improvements to enhance the common areas.

11503 Rockville Pike

On October 1, 2010, the Company purchased for \$15.6 million, including acquisition costs, approximately 20,000 square feet of retail space located on the east side of Rockville Pike (Route 355), near the White Flint Metro Station in Montgomery County, Maryland. The property, which was fully leased to two tenants at December 31, 2011, is zoned for up to 297,000 square feet of rentable mixed use space. The Company does not anticipate redeveloping the property in the foreseeable future.

Metro Pike Center

On December 17, 2010, the Company purchased for \$34.3 million, including acquisition costs, approximately 67,000 square feet of retail space located on the west side of Rockville Pike (Route 355) near the White Flint Metro Station in Montgomery County, Maryland. The property was acquired subject to the assumption of a \$16.2 million mortgage loan and a corresponding interest rate swap with a fair value of \$0.5 million. The property, which was 76.4% leased at December 31, 2011 to multiple tenants, is zoned for up to 807,000 square feet of rentable mixed use space. The Company does not anticipate redeveloping the property in the foreseeable future.

4469 Connecticut Ave

On February 17, 2011, the Company purchased for \$1.7 million, including acquisition costs, approximately 3,000 square feet of retail space located adjacent to the Company's Van Ness Square in Washington DC. The property is unoccupied as of December 31, 2011.

Kentlands Square II

On September 23, 2011, the Company purchased for \$74.5 million Kentlands Square II, and incurred acquisition costs of \$1.1 million. Kentlands Square II is a 241,000 square foot neighborhood shopping center located in Gaithersburg, Maryland, in Montgomery County, the state's most populous and affluent county. More than 38,000 households, with annual household incomes averaging over \$114,000, are located within a three-mile radius of the center. The center was constructed in 1993, is 100% leased and is anchored by a 61,000 square foot Giant Food supermarket and a 104,000 square foot Kmart. The property is adjacent to the Company's Kentlands Square I, which is anchored by Lowe's Home Improvement and Kentlands Place.

Severna Park MarketPlace

Edgar Filing: SAUL CENTERS INC - Form 10-K

On September 23, 2011, the Company purchased for \$61.0 million Severna Park MarketPlace, and incurred acquisition costs of \$0.8 million. Severna Park MarketPlace is a 254,000 square foot neighborhood shopping center located in Severna Park, Maryland, in Anne Arundel County. More than 15,000 households, with annual household incomes averaging over \$112,000, are located within a three-mile radius of the center. The center was constructed in 1974 and renovated in 2000, is 100% leased and is anchored by a 63,000 square foot Giant Food supermarket and a 92,000 square foot Kohl's.

Table of Contents*Cranberry Square*

On September 23, 2011, the Company purchased for \$33.0 million Cranberry Square, and incurred acquisition costs of \$0.5 million. Cranberry Square is a 140,000 square foot neighborhood shopping center located in Westminster, Maryland, in Carroll County. More than 12,000 households, with annual household incomes averaging over \$72,000, are located within a three-mile radius of the center. The center was constructed in 1991, is 91.2% leased and is anchored by a 56,000 square foot Giant Food supermarket and a 24,000 square foot Staples.

Portfolio Leasing Status

The following chart sets forth certain information regarding commercial leases at our properties for the periods indicated.

As of December 31,	Total Properties		Total Square Footage		Percentage Leased	
	Shopping Centers	Mixed-Use	Shopping Centers	Mixed-Use	Shopping Centers	Mixed-Use
2011	51	7	7,930,000	1,610,400	90.8%	85.8%
2010	48	6	7,293,000	1,608,000	92.0%	81.5%
2009	47	5	7,218,000	1,206,000	91.7%	90.6%

The 2011 shopping center percentages leased included three centers acquired September 23, 2011, Kentlands Square II (100% leased), Severna Park MarketPlace (100% leased) and Cranberry Square (91% leased). The 2011 and 2010 mixed-use percentages include Clarendon Center commercial area, which was 92.4% and 58.6% leased at December 31, 2011 and 2010, respectively. The Clarendon Center residential component was 100% and 43.9% leased at December 31, 2011 and 2010, respectively. On a same property basis, shopping center leasing percentages decreased to 90.2% from 92.0% and mixed-use leasing percentages decreased to 84.9% from 85.5%. Overall portfolio leasing percentage, on a comparative same center basis, ended the year at 89.4%, a decrease from 91.1% at year end 2010. The 2011 commercial leasing percentages were adversely impacted by a net decrease of approximately 140,000 square feet of leased space, of which approximately 98,000 square feet was caused by the Syms, SuperFresh and Borders Books bankruptcies and the balance resulting from the early lease termination of a local grocer. As of March 1, 2012, a total of 61,000 square feet of these four vacant spaces had been leased.

The 2010 shopping center percentage leased included recently constructed but not yet fully leased Northrock and Westview Village, which were 72.3% and 36.1% leased as of December 31, 2010, respectively. On a same property basis, shopping center leasing percentages increased to 93.1% from 93.0%. The 2010 mixed-use percentage leased included Clarendon Center, whose construction was substantially completed at year end 2010 and whose residential component was 43.9% leased and office and retail component was 58.6% leased as of December 31, 2010. Including Clarendon Center, overall mixed-use property leasing percentages decreased to 81.5% from 90.6%. On a comparative same property basis, overall property leasing ended the year at 92.0%, a decrease from 92.7% at year end 2009, a space leased reduction of approximately 55,000 square feet. Shopping center same property leasing was 93.1% and 93.0%, and mixed-use same property leasing was 85.5% and 90.5%, as of December 31, 2010 and 2009, respectively.

Item 7A. Quantitative and Qualitative Disclosures About Market Risk

The Company is exposed to certain financial market risks, the most predominant being fluctuations in interest rates. Interest rate fluctuations are monitored by management as an integral part of the Company's overall risk management program, which recognizes the unpredictability of financial markets and seeks to reduce the potentially adverse effect on the Company's results of operations.

The Company may, where appropriate, employ derivative instruments, such as interest rate swaps, to mitigate the risk of interest rate fluctuations. The Company does not enter into derivatives or other financial instruments for trading or speculative purposes. On June 29, 2010, the Company entered into an interest rate swap agreement with a \$45.6 million notional amount to manage the interest rate risk associated with \$45.6 million of variable-rate mortgage debt. The swap agreement was effective July 1, 2010, terminates on July 1, 2020 and

Table of Contents

effectively fixes the interest rate on the mortgage debt at 5.83%. In conjunction with the purchase of Metro Pike Center, and the assumption of the related variable-rate mortgage loan, the Company assumed an interest-rate swap agreement with a \$16.7 million notional amount to manage the interest rate risk associated with the loan. The swap agreement was effective as of the closing date, terminates on June 30, 2013 and effectively fixes the interest rate on the mortgage debt at 4.67%. The aggregate fair value of these swaps at December 31, 2011 was approximately \$5.3 million and is reflected in accounts payable, accrued expenses and other liabilities in the consolidated balance sheet.

The Company is exposed to interest rate fluctuations which will affect the amount of interest expense of its variable rate debt and the fair value of its fixed rate debt. As of December 31, 2011, the Company had variable rate indebtedness totaling \$23.1 million. If the interest rates on the Company's variable rate debt instruments outstanding at December 31, 2011 had been one percent higher, our annual interest expense relating to these debt instruments would have increased by \$231,000, based on those balances. As of December 31, 2011, the Company had fixed-rate indebtedness totaling \$808.8 million with a weighted average interest rate of 6.04%. If interest rates on the Company's fixed-rate debt instruments at December 31, 2011 had been one percent higher, the fair value of those debt instruments on that date would have decreased by approximately \$45.2 million.

Item 8. Financial Statements and Supplementary Data

Item 9. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

None.

Item 9A. Controls and Procedures

Quarterly Assessment.

The Company carried out an assessment as of December 31, 2011 of the effectiveness of the design and operation of its disclosure controls and procedures and its internal control over financial reporting. This assessment was done under the supervision and with the participation of management, including the Company's Chairman and Chief Executive Officer, its Senior Vice President-Chief Financial Officer, Secretary and Treasurer, and its Senior Vice President-Chief Accounting Officer as appropriate. Rules adopted by the SEC require that the Company present the conclusions of the Company's Chairman and Chief Executive Officer and its Senior Vice President-Chief Financial Officer, Secretary and Treasurer about the effectiveness of the Company's disclosure controls and procedures and the conclusions of the Company's management about the effectiveness of its internal control over financial reporting as of the end of the period covered by this Annual Report on Form 10-K.

CEO and CFO Certifications.

Included as Exhibits 31 to this Annual Report on Form 10-K are forms of Certification of the Company's Chairman and Chief Executive Officer and its Senior Vice President-Chief Financial Officer, Secretary and Treasurer. The forms of Certification are required in accordance with Section 302 of the Sarbanes-Oxley Act of 2002. This section of the Annual Report on Form 10-K that you are currently reading is the information concerning the assessment referred to in the Section 302 certifications and this information should be read in conjunction with the Section 302 certifications for a more complete understanding of the topics presented.

Table of Contents

Disclosure Controls and Procedures and Internal Control over Financial Reporting.

Management is responsible for establishing and maintaining adequate disclosure controls and procedures and internal control over financial reporting. Disclosure controls and procedures are designed to provide reasonable assurance that information required to be disclosed in our reports filed or submitted under the Exchange Act, such as this Annual Report on Form 10-K, is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms. Disclosure controls and procedures are also designed to provide reasonable assurance that such information is accumulated and communicated to the Company's management, including the Company's Chairman and Chief Executive Officer, its Senior Vice President-Chief Financial Officer, Secretary and Treasurer, and its Senior Vice President-Chief Accounting Officer, as appropriate to allow timely decisions regarding required disclosure.

Internal control over financial reporting is a process designed by, or under the supervision of the Company's Chairman and Chief Executive Officer, its Senior Vice President-Chief Financial Officer, Secretary and Treasurer, and its Senior Vice President-Chief Accounting Officer, and effected by the Company's Board of Directors, management and other personnel, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with GAAP and includes those policies and procedures that:

pertain to the maintenance of records that in reasonable detail accurately and fairly reflect the transactions and dispositions of the Company's assets;

provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with GAAP, and that the Company's receipts and expenditures are being made only in accordance with authorizations of management or the Company's Board of Directors; and

provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the Company's assets that could have a material adverse effect on the Company's financial statements.

Limitations on the Effectiveness of Controls.

Management, including the Company's Chairman and Chief Executive Officer, its Senior Vice President-Chief Financial Officer, Secretary and Treasurer, and its Senior Vice President-Chief Accounting Officer, does not expect that the Company's disclosure controls and procedures or internal control over financial reporting will prevent all errors and all fraud. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Further, the design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Because of the inherent limitations in all control systems, no assessment of controls can provide absolute assurance that all control issues and instances of fraud, if any, within the Company have been detected. These inherent limitations include the realities that judgments in decision-making can be faulty, and that breakdowns can occur because of simple error or mistake. Additionally, controls can be circumvented by the individual acts of some persons, by collusion of two or more people, or by management's override of the control. The design of any system of controls also is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions; over time, controls may become inadequate because of changes in conditions, or the degree of compliance with the policies or procedures may deteriorate. Because of the inherent limitations in a cost-effective control system, misstatements due to error or fraud may occur and not be detected.

Scope of the Assessments.

The assessment by the Company's Chairman and Chief Executive Officer, its Senior Vice President-Chief Financial Officer, Secretary and Treasurer, and its Senior Vice President-Chief Accounting Officer of the Company's disclosure controls and procedures and the assessment by the Company's management of the Company's internal control over financial reporting included a review of procedures and discussions with the Company's Disclosure Committee and others in the Company. In the course of the assessments, management sought to identify data errors, control problems or acts of fraud and to confirm that appropriate corrective action, including process improvements, were being undertaken. Management used the criteria issued by the Committee of Sponsoring Organizations of the Treadway Commission in Internal Control - Integrated Framework to assess the effectiveness of the Company's internal control over financial reporting. The evaluation of the Company's disclosure controls and procedures and internal control over financial reporting is done on a quarterly basis so that the conclusions concerning the effectiveness of disclosure controls can be reported in the Company's Quarterly Reports on Form 10-Q and Annual Report on Form 10-K.

Table of Contents

The Company's internal control over financial reporting is also evaluated on an ongoing basis by management, other personnel in the Company's accounting department and the Company's internal audit function. The effectiveness of the Company's internal control over financial reporting is audited by the Company's independent registered public accounting firm. We consider the results of these various assessment activities as we monitor the Company's disclosure controls and procedures and internal control over financial reporting and when deciding to make modifications as necessary. Management's intent in this regard is that the disclosure controls and procedures and the internal control over financial reporting will be maintained and updated (including improvements and corrections) as conditions warrant.

Assessment of Effectiveness of Disclosure Controls and Procedures

Based upon the assessments, the Company's Chairman and Chief Executive Officer, its Senior Vice President-Chief Financial Officer, Secretary and Treasurer, and its Senior Vice President-Chief Accounting Officer have concluded that, as of December 31, 2011, the Company's disclosure controls and procedures were effective.

Assessment of Effectiveness of Internal Control Over Financial Reporting.

Management is responsible for establishing and maintaining adequate internal control over financial reporting. Management used the criteria issued by the Committee of Sponsoring Organizations of the Treadway Commission in Internal Control - Integrated Framework to assess the effectiveness of the Company's internal control over financial reporting. Based upon the assessments, the Company's management has concluded that, as of December 31, 2011, the Company's internal control over financial reporting was effective. The Company's independent registered public accounting firm has issued a report on the effectiveness of the Company's internal control over financial reporting, which appears on page F-2 of this Annual Report on Form 10-K.

Changes in Internal Control Over Financial Reporting.

During the three months ended December 31, 2011, there was no change in the Company's internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.

REPORT OF INDEPENDENT REGISTERED

PUBLIC ACCOUNTING FIRM

Board of Directors and Stockholders

Saul Centers, Inc.

We have audited the accompanying consolidated balance sheets of Saul Centers, Inc. as of December 31, 2011 and 2010, and the related consolidated statements of operations, comprehensive income, stockholders' equity, and cash flows for each of the three years in the period ended December 31, 2011. Our audits also included the financial statement schedule listed in the Index at Item 15(a)2(b). These financial statements and schedule are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements and schedule based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of Saul Centers, Inc. at December 31, 2011 and 2010, and the consolidated results of its operations and its cash flows for each of the three years in the period ended December 31, 2011, in conformity with U.S. generally accepted accounting principles. Also, in our opinion, the related financial statement schedule, when considered in relation to the basic financial statements taken as a whole, presents fairly in all material respects the information set forth therein.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), Saul Centers, Inc.'s internal control over financial reporting as of December 31, 2011, based on criteria established in Internal Control-Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission and our report dated March 12, 2012 expressed an unqualified opinion thereon.

REPORT OF INDEPENDENT REGISTERED

PUBLIC ACCOUNTING FIRM

Board of Directors and Stockholders

Saul Centers, Inc.

We have audited Saul Centers, Inc.'s internal control over financial reporting as of December 31, 2011, based on criteria established in Internal Control - Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (the COSO criteria). Saul Centers, Inc.'s management is responsible for maintaining effective internal control over financial reporting, and for its assessment of the effectiveness of internal control over financial reporting included in the accompanying Assessment of Effectiveness of Internal Control over Financial Reporting. Our responsibility is to express an opinion on the Company's internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, Saul Centers, Inc. maintained, in all material respects, effective internal control over financial reporting as of December 31, 2011, based on the COSO criteria.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheets of Saul Centers, Inc. as of December 31, 2011 and 2010 and the related consolidated statements of operations, comprehensive income, stockholders' equity, and cash flows for each of the three years in the period ended December 31, 2011 of Saul Centers, Inc. and our report dated March 12, 2012 expressed an unqualified opinion thereon.

Table of Contents**SAUL CENTERS, INC.****Notes to Consolidated Financial Statements****1. ORGANIZATION, FORMATION, AND BASIS OF PRESENTATION****Organization**

Saul Centers, Inc. (Saul Centers) was incorporated under the Maryland General Corporation Law on June 10, 1993. Saul Centers operates as a real estate investment trust (a REIT) under the Internal Revenue Code of 1986, as amended (the Code). The Company is required to annually distribute at least 90% of its REIT taxable income (excluding net capital gains) to its stockholders and meet certain organizational and other requirements. Saul Centers has made and intends to continue to make regular quarterly distributions to its stockholders. Saul Centers, together with its wholly owned subsidiaries and the limited partnerships of which Saul Centers or one of its subsidiaries is the sole general partner, are referred to collectively as the Company. B. Francis Saul II serves as Chairman of the Board of Directors and Chief Executive Officer of Saul Centers.

Formation and Structure of Company

Saul Centers was formed to continue and expand the shopping center business previously owned and conducted by the B. F. Saul Real Estate Investment Trust, the B. F. Saul Company and certain other affiliated entities, each of which is controlled by B. Francis Saul II and his family members (collectively, The Saul Organization). On August 26, 1993, members of The Saul Organization transferred to Saul Holdings Limited Partnership, a newly formed Maryland limited partnership (the Operating Partnership), and two newly formed subsidiary limited partnerships (the Subsidiary Partnerships, and collectively with the Operating Partnership, the Partnerships), shopping center and mixed-used properties, and the management functions related to the transferred properties. Since its formation, the Company has developed and purchased additional properties.

The following table lists the properties acquired and/or developed by the Company since January 1, 2009.

Name of Property	Location	Type	Date of Acquisition/Development
<i>Acquisitions</i>			
11503 Rockville Pike	Rockville, MD	Shopping Center	2010
Metro Pike Center	Rockville, MD	Shopping Center	2010
4469 Connecticut Ave	Washington, DC	Mixed-Use	2011
Kentlands Square II	Gaithersburg, MD	Shopping Centers	2011
Severna Park MarketPlace	Severna Park, MD	Shopping Center	2011
Cranberry Square	Westminster, MD	Shopping Center	2011
<i>Developments</i>			
Northrock	Warrenton, VA	Shopping Center	2009
Westview Village	Frederick, MD	Shopping Center	2009
Clarendon Center North	Arlington, VA	Mixed-Use	2010/2011
Clarendon Center South	Arlington, VA	Mixed-Use	2010/2011

As of December 31, 2011, the Company's properties (the Current Portfolio Properties) consisted of 51 shopping center properties (the Shopping Centers), seven mixed-use properties which are comprised of office, retail and multi-family residential uses (the Mixed-Use Properties) and two (non-operating) development properties.

The Company established Saul QRS, Inc., a wholly-owned subsidiary of Saul Centers, to facilitate the placement of collateralized mortgage debt. Saul QRS, Inc. was created to succeed to the interest of Saul Centers as the sole general partner of Saul Subsidiary I Limited Partnership. The remaining limited partnership interests in Saul Subsidiary I Limited Partnership and Saul Subsidiary II Limited Partnership are held by the Operating Partnership as the sole limited partner. Through this structure, the Company owns 100% of the Current Portfolio Properties.

SAUL CENTERS, INC.

Notes to Consolidated Financial Statements

Basis of Presentation

The accompanying financial statements are presented on the historical cost basis of The Saul Organization because of affiliated ownership and common management and because the assets and liabilities were the subject of a business combination with the Operating Partnership, the Subsidiary Partnerships and Saul Centers, all newly formed entities with no prior operations.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations

The Company, which conducts all of its activities through its subsidiaries, the Operating Partnership and Subsidiary Partnerships, engages in the ownership, operation, management, leasing, acquisition, renovation, expansion, development and financing of community and neighborhood shopping centers and mixed-used properties, primarily in the Washington, DC/Baltimore metropolitan area. Because the properties are located primarily in the Washington, DC/Baltimore metropolitan area, a disproportionate economic downturn in the local economy would have a greater negative impact on our overall financial performance than on the overall financial performance of a company with a portfolio that is more geographically diverse. A majority of the Shopping Centers are anchored by several major tenants. As of December 31, 2011, thirty-four of the Shopping Centers were anchored by a grocery store and offer primarily day-to-day necessities and services. Three retail tenants, Giant Food (4.3%), a tenant at ten Shopping Centers, Safeway (3.0%), a tenant at eight Shopping Centers and Capital One Bank (2.6%), a tenant at twenty properties, individually accounted for more than 2.5% of the Company's total revenue for the year ended December 31, 2011.

Principles of Consolidation

The accompanying consolidated financial statements include the accounts of Saul Centers, its subsidiaries, and the Operating Partnership and Subsidiary Partnerships which are majority owned by Saul Centers. All significant intercompany balances and transactions have been eliminated in consolidation.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Real Estate Investment Properties

The Company purchases real estate investment properties from time to time and allocates the purchase price to various components, such as land, buildings, and intangibles related to in-place leases and customer relationships, based on the fair value of each component. The fair value of buildings is determined as if they were vacant upon acquisition and then subsequently leased at market rental rates. As such, the determination of fair value considers the present value of all cash flows expected to be generated from the property including an initial lease up period. The Company determines the fair value of above and below market intangibles associated with in-place leases by assessing the net effective rent and remaining term of the lease relative to market terms for similar leases at acquisition taking into consideration the remaining contractual lease period, renewal periods, and the likelihood of the tenant exercising its renewal options. The fair value of a below market lease component is recorded as deferred income and accreted as additional lease revenue over the remaining contractual lease period and any renewal option periods included in the valuation analysis. The fair value of above market lease intangibles is recorded as a deferred asset and is amortized as a reduction of lease revenue over the remaining contractual lease term. The Company determines the fair value of at-market in-place leases considering the cost of acquiring similar leases, the foregone rents associated with the lease-up period and carrying costs associated with the lease-up period. Intangible assets associated with at-market in-place leases are amortized as additional expense over the remaining contractual lease

Table of Contents

SAUL CENTERS, INC.

Notes to Consolidated Financial Statements

term. To the extent customer relationship intangibles are present in an acquisition, the fair values of the intangibles are amortized over the lives of the customer relationships. The Company has never recorded a customer relationship intangible asset. Acquisition-related transaction costs are expensed as incurred.

If there is an event or change in circumstance that indicates a potential impairment in the value of a real estate investment property, the Company prepares an analysis to determine whether the carrying value of the real estate investment property exceeds its estimated fair value. The Company considers both quantitative and qualitative factors including recurring operating losses, significant decreases in occupancy, and significant adverse changes in legal factors and business climate. If impairment indicators are present the Company compares the projected cash flows of the property over its remaining useful life, on an undiscounted basis, to the carrying value of that property. The Company assesses its undiscounted projected cash flows based upon estimated capitalization rates, historic operating results and market conditions that may affect the property. If the carrying value is greater than the undiscounted projected cash flows, the Company would recognize an impairment loss equivalent to an amount required to adjust the carrying amount to its then estimated fair market value. The value of any property is sensitive to the actual results of any of the aforementioned estimated factors, either individually or taken as a whole. Should the actual results differ from management's projections, the valuation could be negatively or positively affected. The Company did not recognize an impairment loss on any of its real estate in 2011, 2010, or 2009.

Interest, real estate taxes, development related salary costs and other carrying costs are capitalized on projects under development and construction. Once construction is substantially completed and the assets are placed in service, their rental income, real estate tax expense, property operating expenses (consisting of payroll, repairs and maintenance, utilities, insurance and other property related expenses) and depreciation are included in current operations. Property operating expenses are charged to operations as incurred. Interest expense capitalized totaled \$1.9 million, \$7.2 million and \$6.0 million, for 2011, 2010, and 2009, respectively. Commercial development projects are considered substantially complete and available for occupancy upon completion of tenant improvements, but no later than one year from the cessation of major construction activity. Multi-family residential development projects are considered substantially complete and available for occupancy upon receipt of the certificate of occupancy from the appropriate licensing authority. Substantially completed portions of a project are accounted for as separate projects.

Depreciation is calculated using the straight-line method and estimated useful lives of 35 to 50 years for base buildings and up to 20 years for certain other improvements that extend the useful lives. Leasehold improvements expenditures are capitalized when certain criteria are met, including when the Company supervises construction and will own the improvements. Tenant improvements are amortized, over the shorter of the lives of the related leases or the useful life of the improvement, using the straight-line method. Depreciation expense and amortization of leasehold improvements for the years ended December 31, 2011, 2010, and 2009 was \$30.6 million, \$24.8 million and \$23.9 million, respectively. Repairs and maintenance expense totaled \$10.9 million, \$12.0 million and \$10.1 million for 2011, 2010, and 2009, respectively, and is included in property operating expenses in the accompanying consolidated financial statements.

Deferred Leasing Costs

Deferred leasing costs consist of commissions paid to third-party leasing agents, internal direct costs such as employee compensation and payroll-related fringe benefits directly related to time spent performing leasing-related activities for successful commercial leases and amounts attributed to in place leases associated with acquired properties. Leasing related activities include evaluating the prospective tenant's financial condition, evaluating and recording guarantees, collateral and other security arrangements, negotiating lease terms, preparing lease documents and closing the transaction. Unamortized deferred costs are charged to expense if the applicable lease is terminated prior to expiration of the initial lease term. Deferred leasing costs are amortized over the term of the lease or remaining term of acquired leases. Collectively, deferred leasing costs totaled \$25.9 million and \$17.8 million, net of accumulated amortization of approximately \$14.7 million and \$15.0 million, as of December 31, 2011 and 2010, respectively. Amortization expense, included in depreciation and amortization in the consolidated statements of operations, totaled approximately \$4.8 million, \$3.7 million and \$4.4 million, for the years ended December 31, 2011, 2010, and 2009, respectively.

Table of Contents**SAUL CENTERS, INC.****Notes to Consolidated Financial Statements****Construction in Progress**

Construction in progress includes preconstruction and development costs of active projects. Preconstruction costs include legal, zoning and permitting costs and other project carrying costs incurred prior to the commencement of construction. Development costs include direct construction costs and indirect costs incurred subsequent to the start of construction such as architectural, engineering, construction management and carrying costs consisting of interest, real estate taxes and insurance. Construction in progress balances as of December 31, 2011 and 2010 are as follows:

<i>(In thousands)</i>	December 31,	
	2011	2010
Clarendon Center	\$	\$ 78,103
Other	1,129	746
Total	\$ 1,129	\$ 78,849

As of December 31, 2010, construction in progress included 100% of the costs incurred to the date related to the commercial space at Clarendon Center. During 2011, the commercial space at Clarendon Center was placed into operation and associated costs were transferred to land and buildings and equipment. During 2010, the apartments at Clarendon Center and the remaining leasable area at Northrock and Westview Village were placed into operation and associated costs were reclassified to land and buildings and equipment.

Accounts Receivable and Accrued Income

Accounts receivable primarily represent amounts currently due from tenants in accordance with the terms of the respective leases. Receivables are reviewed monthly and reserves are established with a charge to current period operations when, in the opinion of management, collection of the receivable is doubtful. Accounts receivable in the accompanying consolidated financial statements are shown net of an allowance for doubtful accounts of \$671,000 and \$898,000, at December 31, 2011 and 2010, respectively.

<i>(In thousands)</i>	Year ended December 31,		
	2011	2010	2009
Beginning Balance	\$ 898	\$ 1,265	\$ 914
Provision for Credit Losses	1,883	1,337	919
Charge-offs	(2,110)	(1,704)	(568)
Ending Balance	\$ 671	\$ 898	\$ 1,265

In addition to rents due currently, accounts receivable also includes \$31.0 million and \$27.2 million, at December 31, 2011 and 2010, respectively, net of allowance for doubtful accounts totaling \$63,000 and \$576,000, respectively, representing minimum rental income accrued on a straight-line basis to be paid by tenants over the remaining term of their respective leases.

Cash and Cash Equivalents

Cash and cash equivalents include short-term investments. Short-term investments include money market accounts and other investments which generally mature within three months, measured from the acquisition date, and/or are readily convertible to cash. Substantially all of the Company's cash balances at December 31, 2011 are held in non-interest bearing accounts at various banks.

Table of Contents

SAUL CENTERS, INC.

Notes to Consolidated Financial Statements

Deferred Debt Costs

Deferred debt costs consist of fees and costs incurred to obtain long-term financing, construction financing and the revolving line of credit. These fees and costs are being amortized on a straight-line basis over the terms of the respective loans or agreements, which approximates the effective interest method. Deferred debt costs totaled \$7.1 million and \$7.2 million, net of accumulated amortization of \$6.9 million and \$5.4 million at December 31, 2011 and 2010, respectively.

Deferred Income

Deferred income consists of payments received from tenants prior to the time they are earned and recognized by the Company as revenue, including tenant prepayment of rent for future periods, real estate taxes when the taxing jurisdiction has a fiscal year differing from the calendar year reimbursements specified in the lease agreement and tenant construction work provided by the Company. In addition, deferred income includes the fair value of certain below market leases.

Discontinued Operations

During 2010, the Company sold its Lexington property for \$8.1 million and recognized a gain of \$3.6 million. The results of operations for the Lexington property for the years ended December 31, 2010 and 2009 are shown in the statements of operations as Loss from operations of property sold. The Company has no other discontinued operations.

Revenue Recognition

Rental and interest income are accrued as earned except when doubt exists as to collectability, in which case the accrual is discontinued. Recognition of rental income commences when control of the space has been given to the tenant. When rental payments due under leases vary from a straight-line basis because of free rent periods or stepped increases, income is recognized on a straight-line basis. Expense recoveries represent a portion of property operating expenses billed to the tenants, including common area maintenance, real estate taxes and other recoverable costs. Expense recoveries are recognized in the period in which the expenses are incurred. Rental income based on a tenant's revenue (percentage rent) is accrued when a tenant reports sales that exceed a specified breakpoint, pursuant to the terms of their respective leases.

Income Taxes

The Company made an election to be treated, and intends to continue operating so as to qualify, as a REIT under the Code, commencing with its taxable year ended December 31, 1993. A REIT generally will not be subject to federal income taxation, provided that distributions to its stockholders equal or exceed its REIT taxable income and complies with certain other requirements. Therefore, no provision has been made for federal income taxes in the accompanying consolidated financial statements.

As of December 31, 2011, the Company had no material unrecognized tax benefits and there exist no potentially significant unrecognized tax benefits which are reasonably expected to occur within the next twelve months. The Company recognizes penalties and interest accrued related to unrecognized tax benefits, if any, as general and administrative expense. No penalties and interest have been accrued in years 2011, 2010, and 2009. The tax basis of the Company's real estate investments was approximately \$1.1 billion and \$798.9 million, as of December 31, 2011 and 2010, respectively. With few exceptions, the Company is no longer subject to U.S. federal, state, and local tax examinations by tax authorities for years before 2006.

Stock Based Employee Compensation, Deferred Compensation and Stock Plan for Directors

The Company uses the fair value method to value and account for employee stock options. The fair value of options granted is determined at the time of each award using the Black-Scholes model, a widely used method for valuing stock based employee compensation, and the following assumptions: (1) Expected Volatility determined using the most recent trading history of the Company's common stock (month-end closing prices) corresponding to

Table of Contents**SAUL CENTERS, INC.****Notes to Consolidated Financial Statements**

the average expected term of the options; (2) Average Expected Term of the options is based on prior exercise history, scheduled vesting and the expiration date; (3) Expected Dividend Yield determined by management after considering the Company's current and historic dividend yield rates, the Company's yield in relation to other retail REITs and the Company's market yield at the grant date; and (4) a Risk-free Interest Rate based upon the market yields of US Treasury obligations with maturities corresponding to the average expected term of the options at the grant date. The Company amortizes the value of options granted ratably over the vesting period and includes the amounts as compensation in general and administrative expenses.

At the annual meeting of the Company's stockholders in 2004, the stockholders approved the adoption of the 2004 stock plan for the purpose of attracting and retaining executive officers, directors and other key personnel. The 2004 stock plan was subsequently amended by the Company's stockholders at the 2008 Annual Meeting (the Amended 2004 Plan) and terminates in April 2018. Pursuant to the Amended 2004 Plan, the Compensation Committee established a Deferred Compensation Plan for Directors for the benefit of its directors and their beneficiaries, which replaced a previous Deferred Compensation and Stock Plan for Directors. A director may make an annual election to defer all or part of his or her director's fees and has the option to have the fees paid in cash, in shares of common stock or in a combination of cash and shares of common stock upon separation from the Board. If the director elects to have fees paid in stock, fees earned during a calendar quarter are aggregated and divided by the common stock's closing market price on the first trading day of the following quarter to determine the number of shares to be allocated to the director. As of December 31, 2011, 232,000 shares had been credited to the directors' deferred fee accounts.

The Compensation Committee has also approved an annual award of shares of the Company's common stock as additional compensation to each director serving on the Board of Directors as of the record date for the Annual Meeting of Stockholders. The shares are awarded as of each Annual Meeting of Shareholders, and their issuance may not be deferred. Each director was issued 200 shares for each of the years ended December 31, 2011, 2010, and 2009. The shares were valued at the closing stock price on the dates the shares were awarded and included in general and administrative expenses in the total amounts of \$109,000, \$101,000, and \$85,000, for the years ended December 31, 2011, 2010, and 2009, respectively.

Noncontrolling Interest

Saul Centers is the sole general partner of the Operating Partnership, owning a 73.6% common interest as of December 31, 2011. Noncontrolling interest in the Operating Partnership is comprised of limited partnership units owned by The Saul Organization. Noncontrolling interest reflected on the accompanying consolidated balance sheets is increased for earnings allocated to limited partnership interests and distributions reinvested in additional units, and is decreased for limited partner distributions. Noncontrolling interest reflected on the consolidated statements of operations represents earnings allocated to limited partnership interests held by The Saul Organization.

Per Share Data

Per share data for net income (basic and diluted) is computed using weighted average shares of common stock. Convertible limited partnership units and employee stock options are the Company's potentially dilutive securities. For all periods presented, the convertible limited partnership units are anti-dilutive. For the years ended December 31, 2011, 2010, and 2009 certain options are dilutive because the average share price of the Company's common stock exceeded the exercise prices. The treasury stock method was used to measure the effect of the dilution.

<i>(Shares in thousands)</i>	2011	December 31, 2010	2009
Weighted average common shares outstanding - Basic	18,888	18,267	17,904
Effect of dilutive options	60	110	39
Weighted average common shares outstanding - Diluted	18,948	18,377	17,943

SAUL CENTERS, INC.

Notes to Consolidated Financial Statements

Legal Contingencies

The Company is subject to various legal proceedings and claims that arise in the ordinary course of business, which are generally covered by insurance. Upon determination that a loss is probable to occur and can be reasonably estimated, the estimated amount of the loss is recorded in the financial statements.

Reclassifications

Certain reclassifications have been made to prior year and prior quarter information to conform to the presentation used for the three-months and year ended December 31, 2011.

Recently Issued Accounting Standards

In December 2010, the Financial Accounting Standards Board (FASB) ratified Accounting Standard Update ASU 2010-29, Business Combinations (Topic 805), Disclosure of Supplementary Pro Forma Information for Business Combinations (ASU 2010-29), which clarifies that if comparative financial statements are presented, the pro forma disclosures for both periods presented (the year in which the acquisition occurred and the prior year) should be reported as if the acquisition had occurred as of the beginning of the comparable prior annual reporting period only and not as if it had occurred at the beginning of the current annual reporting period. ASU 2010-29 also expands the supplemental pro forma disclosure requirements to include a description of the nature and amount of any material non-recurring adjustments that are directly attributable to the business combination. The Company adopted the guidance in ASU 2010-29 during the current year. The adoption did not have a material effect on the presentation of the current year acquisitions in the financial statements.

3. REAL ESTATE ACQUIRED

Westview Village

In November 2007, the Company purchased for \$5.0 million a land parcel in the Westview development in Frederick, Maryland. In 2009, the Company substantially completed construction of a neighborhood retail and office center.

Northrock

In January 2008, the Company purchased for \$12.5 million an undeveloped land parcel in Warrenton, Virginia. In 2009, the Company completed construction of a neighborhood shopping center which is anchored by a Harris Teeter supermarket.

11503 Rockville Pike

On October 1, 2010, the Company purchased for \$15.1 million a retail property located in Rockville, Maryland, and incurred acquisition costs of \$0.5 million.

Metro Pike Center

On December 17, 2010, the Company purchased for \$33.6 million (including the assumption of a \$16.2 million mortgage loan and a related interest-rate swap with a value of \$0.5 million) the Metro Pike Center located in Rockville, Maryland, and incurred acquisition costs of \$0.7 million. As of the date of acquisition, management determined the fair value of the mortgage loan equaled its outstanding balance because the terms of the loan were market terms.

4469 Connecticut Avenue

Edgar Filing: SAUL CENTERS INC - Form 10-K

In February 2011, the Company purchased for \$1.6 million 4469 Connecticut Avenue, a one retail space property, currently unleased, located adjacent to Van Ness Square in northwest Washington, DC and incurred acquisition costs of \$74,000.

F-14

Table of Contents**SAUL CENTERS, INC.****Notes to Consolidated Financial Statements****Kentlands Square II**

In September 2011, the Company purchased for \$74.5 million Kentlands Square II, a retail property located adjacent to the Company's Kentlands Square I and Kentlands Place shopping centers in Gaithersburg, Maryland, and incurred acquisition costs of \$1.1 million.

Severna Park MarketPlace

In September 2011, the Company purchased for \$61.0 million Severna Park MarketPlace, a retail property located in Severna Park, Maryland, and incurred acquisition costs of \$0.8 million.

Cranberry Square

In September 2011, the Company purchased for \$33.0 million Cranberry Square, a retail property located in Westminster, Maryland, and incurred acquisition costs of \$0.5 million.

The revenue and expenses of Kentlands Square II, Severna Park MarketPlace and Cranberry Square have been included in the Statement of Operations for the period subsequent to acquisition. Revenue and earnings (defined as revenue less the sum of operating expenses, provision for credit losses and real estate taxes, all arising from the operation of a property) totaled \$3.5 million and \$2.9 million, respectively, from acquisition through December 31, 2011 and \$11.8 million and \$9.0 million, respectively, for the year ended December 31, 2011. The proforma results for the year ended December 31, 2011 and 2010 have been prepared for comparative purposes only and do not purport to be indicative of the results of operations that would have actually occurred had the transaction taken place on January 1, 2010, or of future results of operations. The following table shows proforma revenue and earnings of the Company assuming the acquisitions occurred as of January 1, 2010.

<i>(In thousands)</i>	Year ended December 31,	
	2011	2010
Revenue	\$ 182,817	\$ 175,271

Allocation of Purchase Price of Real Estate Acquired

The Company allocates the purchase price of real estate investment properties to various components, such as land, buildings and intangibles related to in-place leases and customer relationships, based on their fair values. See Note 2. Summary of Significant Accounting Policies-Real Estate Investment Properties.

During 2011, the Company purchased four properties at an aggregate cost of \$170.1 million, and incurred acquisition costs of \$2.5 million. Of the total purchase price, \$5.5 million was allocated to below market leases which is included in deferred income and is being accreted to income over the lives of the underlying leases, or approximately 10.9 years, and \$28,000 was allocated to above market leases, which is included as a deferred asset in accounts receivable and is being amortized against income over the lives of the underlying leases, which is approximately 4.1 years.

The allocation of the purchase prices for Severna Park MarketPlace, Kentlands Square II, and Cranberry Square to the acquired assets and liabilities based on their fair values was as follows:

<i>(In thousands)</i>	Kentlands Square II	Severna Park MarketPlace	Cranberry Square	Three Property Total

Edgar Filing: SAUL CENTERS INC - Form 10-K

Land	\$ 20,500	\$ 12,700	\$ 6,700	\$ 39,900
Buildings	51,973	50,554	24,878	127,405

Table of Contents**SAUL CENTERS, INC.****Notes to Consolidated Financial Statements**

During 2010, the Company purchased two properties at an aggregate cost of \$48.7 million, including an assumed mortgage loan with an unpaid principal balance of \$16.2 million and a corresponding interest rate swap with a value of \$0.5 million, and incurred acquisition costs of \$1.2 million. Of the total purchase price, \$248,000 was allocated to below market leases which is included in deferred income and is being accreted to income over the lives of the underlying leases and \$100,000 was allocated to above market leases, which is included as a deferred asset in accounts receivable and is being amortized against income over the lives of the underlying leases.

The gross carrying amount of lease intangible assets included in deferred leasing costs as of December 31, 2011 and 2010 was \$21.4 million and \$14.8 million, respectively, and accumulated amortization was \$12.7 million and \$11.5 million, respectively. Amortization expense totaled \$1.3 million, \$747,000, and \$1.2 million, for the years ended December 31, 2011, 2010, and 2009, respectively. The gross carrying amount of below market lease intangible liabilities included in deferred income as of December 31, 2011 and 2010 was \$24.1 million and \$18.7 million, respectively, and accumulated amortization was \$6.7 million and \$5.6 million, respectively. Accretion income totaled \$1.2 million, \$1.1 million, and \$1.3 million, for the years ended December 31, 2011, 2010, and 2009, respectively. The gross carrying amount of above market lease intangible assets included in accounts receivable as of December 31, 2011 and 2010 was \$1.0 million and \$1.0 million, respectively, and accumulated amortization was \$870,000 and \$808,000, respectively. Amortization expense totaled \$62,000, \$62,000, and \$76,000, for the years ended December 31, 2011, 2010, and 2009, respectively.

As of December 31, 2011, scheduled amortization of intangible assets and deferred income related to in place leases is as follows:

<i>(In thousands)</i>	Lease acquisition costs	Above market leases	Below market leases
2012	\$ (2,021)	\$ (60)	\$ 1,529
2013	(1,759)	(45)	1,387
2014	(981)	(21)	1,195
2015	(765)	(1)	1,158
2016	(614)	(1)	1,093
Thereafter	(2,567)	(4)	11,010
Total	\$ (8,707)	\$ (132)	\$ 17,372

4. NONCONTROLLING INTEREST - HOLDERS OF CONVERTIBLE LIMITED PARTNERSHIP UNITS IN THE OPERATING PARTNERSHIP

The Saul Organization holds a 26.4% limited partnership interest in the Operating Partnership represented by 6,914,000 limited partnership units, as of December 31, 2011. Approximately 5,416,000 of the units are convertible into shares of Saul Centers common stock, at the option of the unit holder, on a one-for-one basis provided that, in accordance with the Saul Centers, Inc. Articles of Incorporation, the rights may not be exercised at any time that The Saul Organization beneficially owns, directly or indirectly, in the aggregate more than 39.9% of the value of the outstanding common stock and preferred stock of Saul Centers (the Equity Securities). As of December 31, 2011, 3,545,000 units were eligible for conversion.

The impact of The Saul Organization's 26.4% limited partnership interest in the Operating Partnership is reflected as Noncontrolling Interest in the accompanying consolidated financial statements. Fully converted partnership units and diluted weighted average shares outstanding for the years ended December 31, 2011, 2010, and 2009, were 24,740,000, 23,793,000, and 23,359,000, respectively.

Table of Contents**SAUL CENTERS, INC.****Notes to Consolidated Financial Statements****5. MORTGAGE NOTES PAYABLE, REVOLVING CREDIT FACILITY, INTEREST EXPENSE AND AMORTIZATION OF DEFERRED DEBT COSTS**

The Company's outstanding debt totaled \$831.9 million at December 31, 2011, of which \$808.8 million was fixed rate debt and \$23.1 million was variable rate debt. At December 31, 2010, outstanding debt totaled \$711.4 million, of which \$601.1 million was fixed rate debt and \$110.2 million was variable rate debt. At December 31, 2011, the Company had a \$150 million unsecured revolving credit facility, which can be used for working capital, property acquisitions or development projects under which \$8.0 million was outstanding. The revolving credit facility matures on June 30, 2012, and may be extended by the Company for one additional year subject to the Company's satisfaction of certain conditions. Saul Centers and certain consolidated subsidiaries of the Operating Partnership have guaranteed the payment obligations of the Operating Partnership under the revolving credit facility. Letters of credit may be issued under the revolving credit facility. On December 31, 2011, approximately \$141.8 million was available under the line and approximately \$177,000 was committed for letters of credit. Interest rate pricing under the facility is primarily determined by operating income from the Company's existing unencumbered properties and, to a lesser extent, certain leverage tests. As of December 31, 2011, operating income from the unencumbered properties determined the interest rate for up to \$103.0 million of the line's available borrowings, with interest expense to be calculated based upon the 1, 2, 3 or 6 month LIBOR plus a spread of 3.65% to 3.90%. The interest rate on the remaining \$47.0 million of the line's availability is determined based upon the Company's consolidated operating income after debt service. On this portion of the facility, interest accrues at a rate of LIBOR plus a spread of 4.45% to 5.25%, determined by certain leverage tests. The Company may elect to use the 1, 2, 3 or 6 month LIBOR, but in no event shall LIBOR be less than 1.5%.

Saul Centers is a guarantor of the revolving credit facility, of which the Operating Partnership is the borrower. Saul Centers is also the guarantor of 50% of the Northrock bank term loan (approximately \$7.6 million of the \$15.1 million outstanding at December 31, 2011). The fixed-rate notes payable are all non-recourse debt except for \$3.9 million of the Great Falls Center mortgage, 25% of the Metro Pike Center loan (approximately \$4.0 million of the \$16.0 million outstanding at December 31, 2011), and \$27.6 million of the Clarendon Center mortgage which will be eliminated upon the achievement of certain leasing and debt service covenants which are guaranteed by Saul Centers.

On June 29, 2010, the Company closed on a new 10-year mortgage loan in the amount of \$45.6 million, secured by Thruway. The loan matures July 1, 2020, bears interest at a variable rate equal to the sum of one-month LIBOR and 260 basis points. In conjunction with the financing, the Company entered into an interest rate swap agreement with a \$45.6 million notional amount to manage the interest rate risk associated with the above \$45.6 million of variable-rate mortgage debt. The swap agreement was effective June 29, 2010, terminates on July 1, 2020 and effectively fixes the interest rate on the mortgage debt at 5.83%. The Company has designated this agreement as a cash flow hedge for accounting purposes. The Company, therefore, will recognize interest expense on the variable-rate debt at the effective fixed rate of 5.83%. The Company tests the hedge for effectiveness on a quarterly basis. On a combined basis, the loan and the interest-rate swap require equal monthly principal and interest payments of \$289,081, based upon an assumed interest rate of 5.83% and a 25-year principal amortization, and requires a final principal payment of approximately \$34.8 million at maturity.

Prior to the refinancing, Thruway was one of nine properties securing debt included in a collateralized mortgage-backed security (CMBS) with an outstanding balance of \$108.3 million, an interest rate of 7.67% and due to mature October 2012. In order to release Thruway, the Company defeased \$30.2 million of the outstanding balance at a cost of approximately \$4.4 million, using proceeds from the new mortgage financing.

On August 24, 2010, the Company entered into an amendment to its Northrock construction loan to provide an option to extend the loan for two years. The extension is available at the Company's option subject to notice to the bank, and to a principal repayment in an amount required to cause property operating income to meet certain debt service coverage levels.

On December 9, 2010, the Company closed on a new 15-year, fixed-rate mortgage loan in the amount of \$17.0 million secured by Ravenwood. The loan matures January 2026, requires monthly interest and principal payments of \$111,409 based upon a fixed interest rate of 6.18% and a 25-year principal amortization and requires a final principal payment of approximately \$10.1 million at maturity.

Table of Contents

SAUL CENTERS, INC.

Notes to Consolidated Financial Statements

Prior to the refinancing, Ravenwood was one of eight remaining properties securing debt included in a CMBS with an outstanding balance of \$76.3 million, an interest rate of 7.67% and due to mature October 2012. In order to release Ravenwood, the Company defeased \$7.8 million of the outstanding balance at a cost of approximately \$900,000, using proceeds from the new mortgage financing.

On December 17, 2010, the Company purchased Metro Pike Center, a 62,000 square foot retail property located in Rockville, Maryland. In conjunction with the acquisition, the Company assumed a mortgage loan with a principal balance of \$16.2 million. The loan matures June 30, 2013, bears interest at a variable rate equal to the sum of one-month LIBOR and 245 basis points. In conjunction with the loan assumption, the Company assumed a corresponding interest rate swap agreement with a \$16.2 million notional amount to manage the interest rate risk associated with the variable-rate mortgage debt. The swap agreement was effective at closing, terminates on June 30, 2013 and effectively fixes the interest rate on the mortgage debt at 4.67%. Although the swap is an effective hedge of the loan, the Company elected not to designate this agreement as a hedge for accounting purposes. Interest expense on the loan is recognized at its variable interest rate. The swap agreement is carried at its fair value with changes in fair value recognized in Decrease in fair value of derivatives as they occur. On a combined basis, the loan and the interest-rate swap require interest-only payments of \$62,925, based upon an assumed interest rate of 4.67% until August 1, 2011, followed by equal monthly payments of \$86,000 based upon a 25-year amortization schedule and a final payment of \$15.6 million at loan maturity.

On March 23, 2011, the Company closed on a 15-year non-recourse mortgage loan in the amount of \$125.0 million, secured by Clarendon Center. The loan matures April 5, 2026, bears interest at a fixed rate of 5.31%, requires equal monthly principal and interest payments of \$753,491, based upon a 25-year principal amortization, and requires a final principal payment of approximately \$70.5 million at maturity. Proceeds from the loan were used to repay \$104.2 million outstanding on the Clarendon Center construction loan.

On September 23, 2011, the Company closed on a 15-year non-recourse mortgage loan in the amount of \$38.0 million, secured by Severna Park MarketPlace. The loan matures October 1, 2026, bears interest at a fixed rate of 4.30%, requires equal monthly principal and interest payments of \$206,926, based upon a 25-year principal amortization, and requires a final principal payment of approximately \$20.3 million at maturity. Proceeds from the loan were used to purchase Severna Park MarketPlace.

Also on September 23, 2011, the Company closed on two six-month bridge financing loans in the total amount of \$60.0 million, secured by Kentlands Square II and Cranberry Square. Proceeds from the loans were used to purchase Kentlands Square II and Cranberry Square.

On October 5, 2011, the Company closed on a new 15-year non-recourse mortgage loan in the amount of \$43.0 million, secured by Kentlands Square II. The loan matures November 5, 2026, bears interest at a fixed rate of 4.53%, requires equal monthly principal and interest payments of \$239,741, based upon a 25-year principal amortization, and requires a final principal payment of approximately \$23.3 million at maturity. Proceeds from the loan were used to repay the \$40.0 million bridge financing used to acquire Kentlands Square II.

On November 6, 2011, the Company closed on a new 15-year non-recourse mortgage loan in the amount of \$20.0 million, secured by Cranberry Square. The loan matures December 1, 2026, bears interest at a fixed rate of 4.70%, requires equal monthly principal and interest payments of \$113,449, based upon a 25-year principal amortization, and requires a final principal payment of approximately \$10.9 million at maturity. Proceeds from the loan were used to repay the \$20.0 million bridge financing used to acquire Cranberry Square.

Table of Contents**SAUL CENTERS, INC.****Notes to Consolidated Financial Statements**

- (a) *The loan is collateralized by seven shopping centers (Seven Corners, White Oak, Hampshire Langley, Great Eastern, Southside Plaza, Belvedere and Giant) and requires equal monthly principal and interest payments of \$734,000 based upon a 25-year amortization schedule and a final payment of \$62.0 million at loan maturity. Principal of \$37,973,000 was defeased in conjunction with the Thruway and Ravenwood refinancings and \$3.6 million was amortized during 2011.*
- (b) *The loan is collateralized by Smallwood Village Center and requires equal monthly principal and interest payments of \$71,000 based upon a 30-year amortization schedule and a final payment of \$10.1 million at loan maturity. Principal of \$213,000 was amortized during 2011.*
- (c) *The loan is collateralized by 601 Pennsylvania Avenue and requires equal monthly principal and interest payments of \$294,000 based upon a 25-year amortization schedule and a final payment of \$23.0 million at loan maturity. Principal of \$1.5 million was amortized during 2011.*
- (d) *The loan, together with a corresponding interest-rate swap, was assumed with the December 17, 2010 acquisition of Metro Pike Center. On a combined basis, the loan and the swap required interest only payments of \$63,000 until August 1, 2011, then equal monthly payments of \$86,000 based upon a 25-year amortization schedule and a final payment of \$15.6 million at loan maturity. Principal of \$137,000 was amortized during 2011.*
- (e) *The loan is collateralized by Cruse MarketPlace and requires equal monthly principal and interest payments of \$56,000 based upon an amortization schedule of approximately 24 years and a final payment of \$6.8 million at loan maturity. Principal of \$253,000 was amortized during 2011.*
- (f) *The loan is collateralized by Seabreeze Plaza and requires equal monthly principal and interest payments totaling \$102,000 based upon a weighted average 26-year amortization schedule and a final payment of \$13.3 million is due at loan maturity. Principal of \$436,000 was amortized during 2011.*
- (g) *The loan is collateralized by Shops at Fairfax and Boulevard shopping centers and requires equal monthly principal and interest payments totaling \$156,000 based upon a weighted average 23-year amortization schedule and a final payment of \$15.2 million is due at loan maturity. Principal of \$568,000 was amortized during 2011.*
- (h) *The loan is collateralized by Washington Square and requires equal monthly principal and interest payments of \$264,000 based upon a 27.5-year amortization schedule and a final payment of \$28.0 million at loan maturity. Principal of \$1.0 million was amortized during 2011.*
- (i) *The loan is collateralized by three shopping centers, Broadlands Village, The Glen and Kentlands Square, and requires equal monthly principal and interest payments of \$306,000 based upon a 25-year amortization schedule and a final payment of \$28.4 million at loan maturity. Principal of \$1.3 million was amortized during 2011.*
- (j) *The loan is collateralized by Olde Forte Village and requires equal monthly principal and interest payments of \$98,000 based upon a 25-year amortization schedule and a final payment of \$9.0 million at loan maturity. Principal of \$417,000 was amortized during 2011.*
- (k) *The loan is collateralized by Countryside and requires equal monthly principal and interest payments of \$133,000 based upon a 25-year amortization schedule and a final payment of \$12.3 million at loan maturity. Principal of \$576,000 was amortized during 2011.*
- (l) *The loan is collateralized by Briggs Chaney MarketPlace and requires equal monthly principal and interest payments of \$133,000 based upon a 25-year amortization schedule and a final payment of \$12.2 million at loan maturity. Principal of \$553,000 was amortized during 2011.*
- (m) *The loan is collateralized by Shops at Monocacy and requires equal monthly principal and interest payments of \$112,000 based upon a 25-year amortization schedule and a final payment of \$10.6 million at loan maturity. Principal of \$509,000 was amortized during 2011.*
- (n) *The loan is collateralized by Boca Valley Plaza and requires equal monthly principal and interest payments of \$75,000 based upon a 30-year amortization schedule and a final payment of \$9.1 million at loan maturity. Principal of \$235,000 was amortized during 2011.*

- (dd) *The loan in the original amount of \$38.0 million, closed on September 23, 2011, is collateralized by Severna Park MarketPlace and requires equal monthly principal and interest payments of \$207,000 based upon a 25-year amortization schedule and a final payment of \$20.3 million at loan maturity. Principal of \$142,000 was amortized during 2011.*
- (ee) *The loan in the original amount of \$43.0 million, closed on October 5, 2011, is collateralized by Kentlands Square II and requires equal monthly principal and interest payments of \$240,000 based upon a 25-year amortization schedule and a final payment of \$23.1 million at loan maturity. Principal of \$77,000 was amortized during 2011.*
- (ff) *The loan in the original amount of \$20.0 million, closed on November 5, 2011, is collateralized by Cranberry Square and requires equal monthly principal and interest payments of \$113,000 based upon a 25-year amortization schedule and a final payment of \$10.9 million at loan maturity.*
- (gg) *The loan is an unsecured revolving credit facility totaling \$150.0 million. Interest expense is calculated based upon the 1 month LIBOR rate plus a spread of 3.775%. The line may be extended one year with payment of a fee of 0.25% at the Company's option. Monthly payments, if applicable, are interest only and vary depending upon the amount outstanding and the applicable interest rate for any given month.*
- (hh) *The loan was a secured construction loan facility totaling \$21.8 million to fund the development of Northrock shopping center. Interest charges are calculated based upon the 1-month LIBOR rate plus a spread of 3.00%. On May 1, 2011, the loan balance was curtailed \$4,209,000, and the maturity date extended two years. The extended loan requires monthly principal payments of \$13,409. The interest rate was unchanged. Principal of \$94,000 was amortized during 2011.*
- (ii) *The loan was a secured construction loan facility totaling \$157.5 million to fund the development of Clarendon Center. The loan was paid in full during 2011.*

The carrying value of the properties collateralizing the mortgage notes payable totaled \$997.5 million and \$831.6 million, as of December 31, 2011 and 2010, respectively. The Company's credit facility requires the Company and its subsidiaries to maintain certain financial covenants, which are summarized below. The Company was in compliance of December 31, 2011.

limit the amount of debt so as to maintain a gross asset value, as defined in the loan agreement, in excess of liabilities of at least \$760 million plus 90% of the Company's future net equity proceeds;

limit the amount of debt as a percentage of gross asset value, as defined in the loan agreement, to less than 60% (leverage ratio);

limit the amount of debt so that interest coverage will exceed 2.2x on a trailing 12-full calendar month basis (interest expense coverage);

limit the amount of debt so that interest and scheduled principal amortization coverage exceeds 1.6x (debt service coverage);

limit the amount of debt so that interest, scheduled principal amortization and preferred dividend coverage exceeds 1.4x (fixed charge coverage);

limit the amount of variable rate debt and debt with initial loan terms of less than five years to no more than 40% of total debt; and

limit the outstanding debt plus undrawn loan availability to 8.0x trailing twelve month adjusted EBITDA, as defined in the loan agreement.

Table of Contents**SAUL CENTERS, INC.****Notes to Consolidated Financial Statements**

Mortgage notes payable at December 31, 2011 and 2010, totaling \$99.4 million and \$104.6 million, respectively, are guaranteed by members of The Saul Organization. As of December 31, 2011, the scheduled maturities of all debt including scheduled principal amortization for years ended December 31, are as follows:

Debt Maturity Schedule

<i>(Dollars in thousands)</i>	Balloon Payments	Scheduled Principal Amortization	Total
2012	\$ 69,960(a)	\$ 21,756	\$ 91,716
2013	70,131	17,781	87,912
2014	13,218	17,988	31,206
2015	15,077	18,420	33,497
2016		19,166	19,166
Thereafter	423,529	144,845	568,374
	\$ 591,915	\$ 239,956	\$ 831,871

(a) Includes \$8 million outstanding under the line of credit.

Interest Expense and Amortization of Deferred Debt Costs

<i>(Dollars in thousands)</i>	Year ended December 31,		
	2011	2010	2009
Interest incurred	\$ 45,824	\$ 40,687	\$ 38,992
Amortization of deferred debt costs	1,547	1,467	1,323
Revolving credit line amendment			363
Capitalized interest	(1,896)	(7,196)	(5,989)
	\$ 45,475	\$ 34,958	\$ 34,689

The Company incurred and capitalized as construction in progress deferred debt costs related to the Clarendon Center and Northrock construction loans of approximately \$46,000 during 2009. No deferred debt costs were capitalized during 2011 and 2010.

6. LEASE AGREEMENTS

Lease income includes primarily base rent arising from noncancelable leases. Base rent (including straight-line rent) for the years ended December 31, 2011, 2010, and 2009, amounted to \$138.9 million, \$126.5 million, and \$125.7 million, respectively. Future contractual payments under noncancelable leases for years ended December 31 (which exclude the effect of straight-line rents), are as follows:

(in thousands)

Edgar Filing: SAUL CENTERS INC - Form 10-K

2012	\$ 139,419
2013	120,522
2014	98,621
2015	80,517
2016	62,904
Thereafter	283,734
	\$ 785,717

The majority of the leases also provide for rental increases and expense recoveries based on fixed annual increases or increases in the Consumer Price Index and increases in operating expenses. The expense recoveries generally are payable in equal installments throughout the year based on estimates, with adjustments made in the succeeding year. Expense recoveries for the years ended December 31, 2011, 2010, and 2009 amounted to \$28.4 million, \$29.5 million, and \$29.4 million, respectively. In addition, certain retail leases provide for percentage rent based on sales in excess of the minimum specified in the tenant's lease. Percentage rent amounted to \$1.5 million, \$1.5 million, and \$1.3 million, for the years ended December 31, 2011, 2010, and 2009, respectively.

Table of Contents**SAUL CENTERS, INC.****Notes to Consolidated Financial Statements****7. LONG-TERM LEASE OBLIGATIONS**

Certain properties are subject to noncancelable long-term leases which apply to land underlying the Shopping Centers. Certain of the leases provide for periodic adjustments of the base annual rent and require the payment of real estate taxes on the underlying land. The leases will expire between 2058 and 2068. Reflected in the accompanying consolidated financial statements is minimum ground rent expense of \$173,000, \$169,000, and \$165,000, for the years ended December 31, 2011, 2010, and 2009, respectively. The future minimum rental commitments under these ground leases are as follows:

<i>(In thousands)</i>	Year ending December 31,						Total
	2012	2013	2014	2015	2016	Thereafter	
Beacon Center	\$ 60	\$ 60	\$ 60	\$ 60	\$ 60	\$ 2,721	\$ 3,021
Olney	56	56	56	56	56	3,929	4,209
Southdale	60	60	60	60	60	3,065	3,365
Total	\$ 176	\$ 176	\$ 176	\$ 176	\$ 176	\$ 9,715	\$ 10,595

In addition to the above, Flagship Center consists of two developed out parcels that are part of a larger adjacent community shopping center formerly owned by The Saul Organization and sold to an affiliate of a tenant in 1991. The Company has a 90-year ground leasehold interest which commenced in September 1991 with a minimum rent of one dollar per year. Countryside shopping center was acquired in February, 2004. Because of certain land use considerations, approximately 3.4% of the underlying land is held under a 99-year ground lease. The lease requires the Company to pay minimum rent of one dollar per year as well as its pro-rata share of the real estate taxes.

The Company's corporate headquarters space is leased by a member of The Saul Organization. The 10-year lease, which commenced in March 2002, provides for base rent increases of 3% per year, with payment of a pro-rata share of operating expenses over a base year amount. The Company and The Saul Organization entered into a Shared Services Agreement whereby each party pays an allocation of total rental payments based on a percentage proportionate to the number of employees employed by each party. The Company's rent expense for the years ended December 31, 2011, 2010, and 2009 was \$945,000, \$893,000, and \$835,000, respectively. Expenses arising from the lease are included in general and administrative expense (see Note 9 - Related Party Transactions).

8. STOCKHOLDERS' EQUITY AND NONCONTROLLING INTEREST

The Consolidated Statements of Operations for the years ended December 31, 2011, 2010, and 2009 reflect noncontrolling interest of \$3.6 million, \$6.4 million, and \$6.5 million, respectively, representing The Saul Organization's share of the net income for the year.

In November 2003, the Company sold 4,000,000 depositary shares, each representing 1/100th of a share of 8% Series A Cumulative Redeemable Preferred Stock. The depositary shares are redeemable, in whole or in part at the Company's option, from time to time, at \$25.00 per share. The depositary shares pay an annual dividend of \$2.00 per share, equivalent to 8% of the \$25.00 per share liquidation preference. The Series A preferred stock has no stated maturity, is not subject to any sinking fund or mandatory redemption and is not convertible into any other securities of the Company. Investors in the depositary shares generally have no voting rights, but will have limited voting rights if the Company fails to pay dividends for six or more quarters (whether or not declared or consecutive) and in certain other events.

In March 2008, the Company sold 3,173,115 depositary shares, each representing 1/100th of a share of 9% Series B Cumulative Redeemable Preferred Stock. The depositary shares may be redeemed at the Company's option, on or after March 15, 2013, in whole or in part, at \$25.00 per share. The depositary shares pay an annual dividend of \$2.25 per share, equivalent to 9% of the \$25.00 per share liquidation preference. The first dividend was paid on July 15, 2008 and covered the period from March 27, 2008 through June 30, 2008. The Series B preferred stock has no stated maturity, is not subject to any sinking fund or mandatory redemption and is not convertible into any other securities of the Company. Investors in the depositary shares generally have no voting rights, but will have limited voting rights if the Company fails to pay dividends for six or more quarters (whether or not declared or consecutive) and in certain other events.

Table of Contents

SAUL CENTERS, INC.

Notes to Consolidated Financial Statements

In September 2011, in connection with the acquisition of three shopping centers, the Company and the Operating Partnership issued to members of The Saul Organization 186,968 shares of the Company's common stock, par value \$0.01 per share (Shares) and 1,497,814 units of limited partnership interests in the Operating Partnership (Units) with an aggregate value of \$55.8 million. The price of the Shares and Units was equal to the average closing prices of the Company's common stock listed on the New York Stock Exchange for the five trading days ending with the trading day immediately preceding the date of closing of the property acquisition.

9. RELATED PARTY TRANSACTIONS

The Chairman and Chief Executive Officer, the President, the Senior Vice President- General Counsel and the Senior Vice President-Chief Accounting Officer of the Company are also officers of various members of The Saul Organization and their management time is shared with The Saul Organization. Their annual compensation is fixed by the Compensation Committee of the Board of Directors, with the exception of the Senior Vice President-Chief Accounting Officer whose share of annual compensation allocated to the Company is determined by the shared services agreement (described below).

The Company participates in a multiemployer 401K plan with entities in The Saul Organization which covers those full-time employees who meet the requirements as specified in the plan. Company contributions, which are included in general and administrative expense or property operating expenses in the consolidated statements of operations, at the discretionary amount of up to six percent of the employee's cash compensation, subject to certain limits, were \$575,000, \$444,000, and \$426,000, for 2011, 2010, and 2009, respectively. All amounts deferred by employees and the Company are fully vested.

The Company also participates in a multiemployer nonqualified deferred compensation plan with entities in The Saul Organization which covers those full-time employees who meet the requirements as specified in the plan. According to the plan, which can be modified or discontinued at any time, participating employees defer 2% of their compensation in excess of a specified amount. For the years ended December 31, 2011, 2010, and 2009, the Company contributed three times the amount deferred by employees. The Company's expense, included in general and administrative expense, totaled \$231,000, \$213,000, and \$244,000, for the years ended December 31, 2011, 2010, and 2009, respectively. All amounts deferred by employees and the Company are fully vested. The cumulative unfunded liability under this plan was \$1.9 million and \$1.6 million, at December 31, 2011 and 2010, respectively, and is included in accounts payable, accrued expenses and other liabilities in the consolidated balance sheets.

The Company has entered into a shared services agreement (the Agreement) with The Saul Organization that provides for the sharing of certain personnel and ancillary functions such as computer hardware, software, and support services and certain direct and indirect administrative personnel. The method for determining the cost of the shared services is provided for in the Agreement and is based upon head count, estimates of usage or estimates of time incurred, as applicable. Senior management has determined that the final allocations of shared costs are reasonable. The terms of the Agreement and the payments made thereunder are reviewed annually by the Audit Committee of the Board of Directors, which consists entirely of independent directors. Billings by The Saul Organization for the Company's share of these ancillary costs and expenses for the years ended December 31, 2011, 2010, and 2009, which included rental expense for the Company's headquarters lease (see Note 7. Long Term Lease Obligations), totaled \$6.1 million, \$6.5 million, and \$5.8 million, respectively. The amounts are expensed when incurred and are primarily reported as general and administrative expenses or capitalized to specific development projects in these consolidated financial statements. As of December 31, 2011 and 2010, accounts payable, accrued expenses and other liabilities included \$560,000 and \$606,000, respectively, representing billings due to The Saul Organization for the Company's share of these ancillary costs and expenses.

The B. F. Saul Insurance Agency of Maryland, Inc., a subsidiary of the B. F. Saul Company and a member of the Saul Organization, is a general insurance agency that receives commissions and counter-signature fees in connection with the Company's insurance program. Such commissions and fees amounted to approximately \$341,000, \$324,000, and \$314,000, for the years ended December 31, 2011, 2010, and 2009, respectively.

Notes to Consolidated Financial Statements

10. STOCK OPTION PLAN

The Company established a stock option plan in 1993 (the 1993 Plan) for the purpose of attracting and retaining executive officers and other key personnel. The 1993 Plan provides for grants of options to purchase up to 400,000 shares of common stock. The 1993 Plan authorizes the Compensation Committee of the Board of Directors to grant options at an exercise price which may not be less than the market value of the common stock on the date the option is granted. On May 23, 2003, the Compensation Committee granted options to purchase a total of 220,000 shares (80,000 shares from incentive stock options and 140,000 shares from nonqualified stock options) to six Company officers (the 2003 Options). Following the grant of the 2003 Options, no additional shares remained for issuance under the 1993 Plan. The 2003 Options vested 25% per year over four years and have a term of ten years, subject to earlier expiration upon termination of employment. The exercise price of \$24.91 per share was the closing market price of the Company s common stock on the date of the award.

At the annual meeting of the Company s stockholders in 2004, the stockholders approved the adoption of the 2004 stock plan for the purpose of attracting and retaining executive officers, directors and other key personnel. The 2004 stock plan was subsequently amended by the Company s stockholders at the 2008 Annual Meeting (the Amended 2004 Plan). The Amended 2004 Plan, which terminates in April 2018, provides for grants of options to purchase up to 1,000,000 shares of common stock as well as grants of up to 200,000 shares of common stock to directors. The Amended 2004 Plan authorizes the Compensation Committee of the Board of Directors to grant options at an exercise price which may not be less than the market value of the common stock on the date the option is granted.

Effective April 26, 2004, the Compensation Committee granted options to purchase a total of 152,500 shares (27,500 shares from incentive stock options and 125,000 shares from nonqualified stock options) to eleven Company officers and to the twelve Company directors (the 2004 Options), which expire on April 25, 2014. The officers 2004 Options vested 25% per year over four years and are subject to early expiration upon termination of employment. The directors options were immediately exercisable. The exercise price of \$25.78 per share was the closing market price of the Company s common stock on the date of the award. Using the Black-Scholes model, the Company determined the total fair value of the 2004 Options to be \$360,000, of which \$293,000 and \$67,000 were the values assigned to the officer options and director options, respectively. Because the directors options vested immediately, the entire \$67,000 was expensed as of the date of grant. The expense of the officers options was recognized as compensation expense monthly during the four years the options vested.

Effective May 6, 2005, the Compensation Committee granted options to purchase a total of 162,500 shares (35,500 shares from incentive stock options and 127,000 shares from nonqualified stock options) to twelve Company officers and to twelve Company directors (the 2005 Options), which expire on May 5, 2015. The officers 2005 Options vested 25% per year over four years and are subject to early expiration upon termination of employment. The directors options were immediately exercisable. The exercise price of \$33.22 per share was the closing market price of the Company s common stock on the date of the award. Using the Black-Scholes model, the Company determined the total fair value of the 2005 Options to be \$484,500, of which \$413,400 and \$71,100 were the values assigned to the officer options and director options, respectively. Because the directors options vested immediately, the entire \$71,100 was expensed as of the date of grant. The expense of the officers options was recognized as compensation expense monthly during the four years the options vested.

Effective May 1, 2006, the Compensation Committee granted options to purchase a total of 30,000 shares (all nonqualified stock options) to twelve Company directors (the 2006 Options), which were immediately exercisable and expire on April 30, 2016. The exercise price of \$40.35 per share was the closing market price of the Company s common stock on the date of the award. Using the Black-Scholes model, the Company determined the total fair value of the 2006 Options to be \$143,400. Because the directors options vested immediately, the entire \$143,400 was expensed as of the date of grant. No options were granted to the Company s officers in 2006.

Effective April 27, 2007, the Compensation Committee granted options to purchase a total of 165,000 shares (27,560 shares from incentive stock options and 137,440 shares from nonqualified stock options) to thirteen Company officers and twelve Company Directors (the 2007 options), which expire on April 26, 2017. The officers 2007 Options vest 25% per year over four years and are subject to early expiration upon termination of employment. The directors options were immediately exercisable. The exercise price of \$54.17 per share was the closing market price of the Company s common stock on the date of award. Using the Black-Scholes model, the

Table of Contents

SAUL CENTERS, INC.

Notes to Consolidated Financial Statements

Company determined the total fair value of the 2007 Options to be \$1.5 million, of which \$1.3 million and \$285,300 were the values assigned to the officer options and director options, respectively. Because the directors' options vested immediately, the entire \$285,300 was expensed as of the date of grant. The expense for the officers' options was recognized as compensation expense monthly during the four years the options vested.

Effective April 25, 2008, the Compensation Committee granted options to purchase a total of 30,000 shares (all nonqualified stock options) to twelve Company directors (the 2008 Options), which were immediately exercisable and expire on April 24, 2018. The exercise price of \$50.15 per share was the closing market price of the Company's common stock on the date of the award. Using the Black-Scholes model, the Company determined the total fair value of the 2008 Options to be \$254,700. Because the directors' options vest immediately, the entire \$254,700 was expensed as of the date of grant. No options were granted to the Company's officers in 2008.

Effective April 24, 2009, the Compensation Committee granted options to purchase a total of 32,500 shares (all nonqualified stock options) to thirteen Company directors (the 2009 Options), which were immediately exercisable and expire on April 23, 2019. The exercise price of \$32.68 per share was the closing market price of the Company's common stock on the date of the award. Using the Black-Scholes model, the Company determined the total fair value of the 2009 Options to be \$222,950. Because the directors' options vested immediately, the entire \$222,950 was expensed as of the date of grant. No options were granted to the Company's officers in 2009.

Effective May 7, 2010, the Compensation Committee granted options to purchase a total of 32,500 shares (all nonqualified stock options) to thirteen Company directors (the 2010 Options), which were immediately exercisable and expire on May 6, 2020. The exercise price of \$38.76 per share was the closing market price of the Company's common stock on the date of the award. Using the Black-Scholes model, the Company determined the total fair value of the 2010 Options to be \$287,950. Because the directors' options vested immediately, the entire \$287,950 was expensed as of the date of grant. No options were granted to the Company's officers in 2010.

Effective May 13, 2011, the Compensation Committee granted options to purchase a total of 195,000 shares (65,300 shares from incentive stock options and 129,700 shares from nonqualified stock options) to 15 Company officers and 13 Company Directors (the 2011 options), which expire on May 12, 2021. The officers' 2011 Options vest 25% per year over four years and are subject to early expiration upon termination of employment. The directors' 2011 options were immediately exercisable. The exercise price of \$41.82 per share was the closing market price of the Company's common stock on the date of award. Using the Black-Scholes model, the Company determined the total fair value of the 2011 Options to be \$1.6 million, of which \$1.3 million and \$297,000 were assigned to the officer options and director options, respectively. Because the directors' options vested immediately, the entire \$297,000 was expensed as of the date of grant. The expense for the officers' options is being recognized as compensation expense monthly during the four years the options vest.

Table of Contents**Notes to Consolidated Financial Statements (Unaudited)**

The following table summarizes the amount and activity of each grant, the total value and variables used in the computation and the amount expensed and included in general and administrative expense in the Consolidated Statements of Operations for the years ended December 31, 2011, 2010 and 2009:

Stock options issued

Grant date	Directors								Subtotals
	04/26/2004	05/06/2005	05/01/2006	04/27/2007	04/25/2008	04/24/2009	05/07/2010	05/13/2011
