Item 8.01. Other Events

We regularly review our segment reporting and classifications and periodically change our reportable segments to align with organizational changes. As a result of the organizational changes implemented in the first quarter of 2012, we have changed our reportable business segments as described below:

The **Engineered Materials** segment now includes only the Advanced Composites, Carbon Fiber, and Structural Film Adhesives product lines. The Pressure Sensitive Adhesives product line has been consolidated within the Coating Resins segment.

The **In Process Separation** segment is unchanged, and includes the Mining Chemicals and Phosphines product lines.

The **Additive Technologies** segment previously included the Polymer Additives and Specialty Additives product lines and now includes the Formulated Resins product line. The Formulated Resins product line was previously included in the Engineered Materials segment.

The **Coating Resins** segment includes the following product lines: Radiation-Cured Resins (Radcure Resins), Liquid Coating Resins and Additives (including Waterborne Resins, Solventborne Resins, and Urethane Resins), Powder Coating Resins, Amino Crosslinkers and Pressure Sensitive Adhesives. Pressure Sensitive Adhesives was previously included in the Engineered Materials segment.

Pursuant to guidance provided in Financial Accounting Standards Board ASC 280, Segment Reporting, and by the Securities and Exchange Commission, we have recast in Exhibit 99.1 filed with this Current Report on Form 8-K the following items that were contained in our Annual Report on Form 10-K for the year ended December 31, 2011 (Annual Report), to reflect this change in reportable segments for all periods presented: Item 1 Business, Item 1A Risk Factors, Item 2 Properties, Item 7 Management’s Discussion and Analysis of Financial Condition and Results of Operations, Item 7A Quantitative and Qualitative Disclosures About Market Risk, and Item 8 Financial Statements and Supplementary Data. There is no change to our previously reported Consolidated Statements of Income, Consolidated Balance Sheets, Consolidated Statements of Cash Flows, or Consolidated Statements of Stockholder’s Equity for the periods reported therein.

On April 19, 2012, we issued a press release to provide investors with respectively revised segment results for the years ended December 31, 2011 and 2010, and quarterly results for each quarter in 2011 and 2010. A copy of our press release is furnished as Exhibit 99.2 hereto.
