Dear Cooper Equity Award Holder,

1. Introduction

As previously announced, on May 21, 2012, Cooper Industries plc (Cooper) entered into a transaction agreement (the Transaction Agreement) with Eaton Corporation (Eaton) pursuant to which Eaton will acquire Cooper through the formation of a new holding company incorporated in Ireland that will be re-registered as Eaton Corporation plc (New Eaton). The acquisition of Cooper will be effected by means of a scheme of arrangement under Irish law. As consideration for the acquisition, Cooper shareholders will receive \$39.15 in cash and 0.77479 of a New Eaton ordinary share for each Cooper share.

The purpose of this communication is to inform you how the scheme of arrangement, or scheme, will affect outstanding awards with respect to ordinary shares of Cooper, certain types of which you may hold.

2. Treatment of Outstanding Equity Awards in the Scheme

Treatment of Cooper Stock Options

Stock Options Granted Under Cooper's 2011 Omnibus Incentive Compensation Plan. Each award of stock options granted under Cooper's 2011 Omnibus Incentive Compensation Plan (that is, stock options granted on or after July 2011) that is outstanding as of the effective time of the scheme, whether or not vested, will, in accordance with the terms of the plan, be converted into the right to receive the consideration per share payable to Cooper shareholders under the scheme with respect to the net number of Cooper ordinary shares subject to the stock option (as determined pursuant to the following formula), less any applicable tax withholdings (which will be deducted first from the cash portion of such consideration and then from the share portion). The net number of Cooper ordinary shares subject to the stock option will be determined by multiplying (a) the number of Cooper ordinary shares subject to the stock option, by (b) the excess, if any, of the closing price of a Cooper ordinary share on the effective date or such earlier date on which Cooper ordinary shares were last traded over the per share exercise price of the stock option, and dividing by (c) the value of the consideration per share payable to Cooper shareholders under the scheme.

All Other Stock Options. Each award of stock options granted under a plan other than Cooper's 2011 Omnibus Incentive Compensation Plan (that is, stock options granted before July 2011) that is outstanding as of the effective time of the scheme, whether or not vested, will, in accordance with the terms of the applicable plan, be converted into the right to receive a cash payment equal to (a) the number of Cooper ordinary shares subject to the stock option, multiplied by (b) the excess, if any, of the value of the consideration per share payable to Cooper shareholders under the scheme (or, if greater, the closing price of a Cooper share on the effective date or such earlier date on which Cooper shares were last traded) over the per share exercise price of the stock option, less any applicable tax withholdings.

Treatment of Other Cooper Equity-Based Awards

Restricted Share Units and Performance Shares Granted Under Cooper's 2011 Omnibus Incentive Compensation Plan or Cooper's Amended and Restated Stock Incentive Plan (other than Cooper Share Awards included in Deferral Accounts). Each award of restricted share units or performance shares granted under Cooper's 2011 Omnibus Incentive Compensation Plan or Cooper's Amended and Restated Stock Incentive Plan that is outstanding as of the effective time of the scheme will, in accordance with the terms of the applicable plan, become fully vested and be converted into the right to receive the consideration per share payable to Cooper shareholders under the scheme, less any applicable tax withholdings (which will be deducted first from the cash portion of such consideration and then from the share portion). With respect to performance share awards, (a) for any such award granted under Cooper's Amended and Restated Stock Incentive Plan, the number of Cooper ordinary shares subject thereto will be determined based on target performance levels and (b) for any such award granted under Cooper's 2011 Omnibus Incentive Compensation Plan, the number of Cooper ordinary shares subject thereto will be determined based on the greater of target and actual performance levels.

Deferred Restricted Share Units and Performance Shares Granted Under Cooper's Amended and Restated Stock Incentive Plan. Each award of restricted share units or performance

shares that has been deferred under Cooper's Amended and Restated Stock Incentive Plan and that is outstanding as of the effective time of the scheme will, in accordance with the terms of such plan, be converted into the right to receive an amount in cash equal to the value of the consideration per share payable to Cooper shareholders under the scheme (or, if greater, the closing price of a Cooper ordinary share on the effective date or such earlier date on which Cooper ordinary shares were last traded), less any applicable tax withholdings.

Cooper Share Awards Granted Under Cooper's Amended and Restated Directors' Stock Plan or Cooper's Amended and Restated Directors' Retainer Fee Stock Plan. Each Cooper share award granted under Cooper's Amended and Restated Directors' Stock Plan or Cooper's Amended and Restated Directors' Retainer Fee Stock Plan or included in a deferral account under such plans that is outstanding as of the effective time of the scheme will, in accordance with the terms of the applicable plan, whether or not then vested, become fully vested and be converted into the right to receive an amount in cash equal to the value of the consideration per share payable to Cooper shareholders under the scheme (or, if greater, the closing price of a Cooper ordinary share on the effective date or such earlier date on which Cooper ordinary shares were last traded), less any applicable tax withholdings.

Fractional Shares. No fractional shares shall be issued with respect to any Cooper equity awards and all fractional shares shall be aggregated and sold in the market with the net proceeds of any such sale distributed pro-rata to such holders.

Dividend Equivalents. Dividend equivalents will be paid (a) in cash, with respect to dividend equivalents denominated in cash and (b) in the form of consideration (cash or the consideration payable to Cooper shareholders under the scheme) which mirrors the treatment of Cooper equity-based awards under the applicable plan pursuant to which such dividend equivalents were issued with respect to dividend equivalents denominated in Cooper shares.

3. Alternative of Exercising Vested Options

In addition, you will continue to have the right to exercise any vested Cooper stock options prior to the effective date, and other Cooper share awards shall continue to be settled, in accordance with the terms of the applicable plan and award agreement, subject to any restrictions on exercise during any blackout periods prior to the effective date. In accordance with the terms of the Transaction Agreement, any Cooper ordinary shares that you hold as of the effective time of the scheme, whether as a result of the exercise of vested options, settlement of outstanding share awards or otherwise, will be converted into \$39.15 in cash and 0.77479 of a New Eaton ordinary share, with cash being paid in lieu of any New Eaton fractional shares, and less any applicable tax withholdings.

4. Additional Information

For additional information regarding the scheme of arrangement and the terms of the Transaction Agreement, please see the Joint Proxy Statement/Prospectus, which, in case you have not already received it, is enclosed with this communication and which is also available on Cooper's website at www.cooperindustries.com in the Investors section under the 2012 Special Meetings tab. The directors of Cooper consider the contents of this document to be a complete and accurate summary of how the scheme of arrangement will affect your outstanding Cooper equity awards and, if you hold any vested Cooper stock options, your alternative of exercising such options prior to the effective date. In addition, the directors of Cooper, who have been so advised by Goldman Sachs & Co., consider the terms of the treatment of the outstanding equity awards as set out in this document to be fair and reasonable having regard to the value of the scheme consideration. In providing advice to the directors of Cooper, Goldman Sachs & Co. has taken account of the commercial assessments of such terms by the directors of Cooper.

If you hold vested Cooper stock options, the directors of Cooper are expressing no view as to whether the alternative described in Section 3 above may be more advantageous than the consequences described in Section 2.

Yours faithfully

Alexander M. Cutler
