When considering these forward-looking statements, you should keep in mind these risks and uncertainties, as well as any cautionary statements we may make. Moreover, you should treat these statements as speaking only as of the date they are made and based only on information then actually known to us.

There are a number of important factors that could cause future results to differ materially from historical performance and these forward-looking statements. Factors that might cause such a difference include, but are not limited to: (1) general economic conditions and weakening in the economy, specifically the real estate market, either nationally or in the states in which Fifth Third, one or more acquired entities and/or the combined company do business, are less favorable than expected; (2) deteriorating credit quality; (3) political developments, wars or other hostilities may disrupt or increase volatility in securities markets or other economic conditions; (4) changes in the interest rate environment reduce interest margins; (5) prepayment speeds, loan origination and sale volumes, charge-offs and loan loss provisions; (6) Fifth Third's ability to maintain required capital levels and adequate sources of funding and liquidity; (7) maintaining capital requirements may limit Fifth Third's operations and potential growth; (8) changes and trends in capital markets; (9) problems encountered by larger or similar financial institutions may adversely affect the banking industry and/or Fifth Third; (10) competitive pressures among depository institutions increase significantly; (11) effects of critical accounting policies and judgments; (12) changes in accounting policies or procedures as may be required by the Financial Accounting Standards Board (FASB) or other regulatory agencies; (13) legislative or regulatory changes or actions, or significant litigation, adversely affect Fifth Third, one or more acquired entities and/or the combined company or the businesses in which Fifth Third, one or more acquired entities and/or the combined company are engaged, including the Dodd-Frank Wall Street Reform and Consumer Protection Act; (14) ability to maintain favorable ratings from rating agencies; (15) fluctuation of Fifth Third's stock price; (16) ability to attract and retain key personnel; (17) ability to receive dividends from its subsidiaries; (18) potentially dilutive effect of future acquisitions on current shareholders' ownership of Fifth Third; (19) effects of accounting or financial results of one or more acquired entities; (20) difficulties from the separation of or the results of operations of Vantiv, LLC from Fifth Third; (21) loss of income from any sale or potential sale of businesses that could have an adverse effect on Fifth Third's earnings and future growth; (22) ability to secure confidential information and deliver products and services through the use of computer systems and telecommunications networks; and

(23) the impact of reputational risk created by these developments on such matters as business generation and retention, funding and liquidity.

You should refer to our periodic and current reports filed with the Securities and Exchange Commission, or SEC, for further information on other factors, which could cause actual results to be significantly different from those expressed or implied by these forward-looking statements.

Item 1.01 Entry into a Material Definitive Agreement

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant

On January 28, 2013, Fifth Third Bancorp (Fifth Third) entered into a share repurchase agreement with Credit Suisse International (Credit Suisse) pursuant to which Fifth Third will purchase approximately \$125 million of its outstanding common stock. Fifth Third is repurchasing the shares of its common stock as part of its previously announced 100 million share repurchase program.

Under the Master Confirmation, supplemented by a Supplemental Confirmation (together, the Repurchase Agreement) between Fifth Third and Credit Suisse, Fifth Third will pay \$125 million to Credit Suisse on January 31, 2013 and expects to receive a substantial majority of the shares underlying the Repurchase Agreement by January 31, 2013. The actual number of shares of Fifth Third common stock to be delivered by Credit Suisse will be based generally on a discount to the average daily volume-weighted average prices of Fifth Third s common stock during the term of the Repurchase Agreement. At settlement, Credit Suisse may be obligated to deliver additional shares of Fifth Third s common stock to Fifth Third, or Fifth Third may be obligated to make a delivery of common stock or a payment of cash to Credit Suisse at Fifth Third s election. Fifth Third expects the settlement of the transaction to occur on or before May 1, 2013.

The Repurchase Agreement is subject to certain customary adjustments and termination provisions. In addition, upon the occurrence of certain extraordinary events, Credit Suisse is entitled to terminate the Repurchase Agreement, in which case Fifth Third may receive fewer shares of its common stock than expected.

The foregoing description of the Repurchase Agreement is a summary and is qualified in its entirety by the terms of the Repurchase Agreement, a copy of which will be filed as an exhibit to Fifth Third s Form 10-Q for the quarterly period ending March 31, 2013.

Credit Suisse and certain of its affiliates have performed, and in the future may perform, various financial advisory and other services for Fifth Third and Fifth Third s affiliates for which they have received, and may in the future receive, customary fees and expenses.
