PROXY STATEMENT

2013 ANNUAL MEETING OF STOCKHOLDERS

EPAM SYSTEMS, INC.

GENERAL INFORMATION

The Board of Directors (the Board) of EPAM Systems, Inc., a Delaware corporation (we, us, EPAM or the Company), is soliciting proxies to be used at the annual meeting of stockholders of the Company to be held at the Company's principal executive offices, located at 41 University Drive, Newtown, Pennsylvania 18940 on Thursday, June 13, 2013, at 10:00 A.M. EDT and any postponement, adjournment or continuation thereof (the 2013 Annual Meeting).

This Proxy Statement and the accompanying notice and form of proxy are first being distributed to stockholders on or about April 24, 2013. The Board is requesting that you permit your common stock to be represented at the 2013 Annual Meeting by the persons named as proxies for the 2013 Annual Meeting.

The proxy solicitation materials, including the Notice of 2013 Annual Meeting of Stockholders, this Proxy Statement, our Annual Report on Form 10-K for the fiscal year 2012, which includes our audited consolidated financial statements for the fiscal year ended December 31, 2012 (the 2012 Annual Report) and the proxy card or voting instruction card (collectively, the Proxy Materials), are being furnished to the holders of our common stock, par value \$.001 per share (the Common Stock), in connection with the solicitation of proxies by the Board for use in voting at the 2013 Annual Meeting. This Proxy Statement contains important information for you to consider when deciding how to vote on the matters brought before the 2013 Annual Meeting. Please read it carefully.

The Proxy Materials are available at:

<http://www.amstock.com/ProxyServices/ViewMaterial.asp?CoNumber=17464>

on or about April 24, 2013 to all stockholders entitled to vote at the 2013 Annual Meeting.

Notice of Internet Availability of Proxy Materials

As permitted by the rules of the Securities and Exchange Commission (the SEC), we are making the Proxy Materials available to our stockholders primarily electronically via the Internet rather than mailing printed copies of these materials to each stockholder. The Company believes that this process expedites stockholders' receipt of the Proxy Materials, lowers the costs incurred by the Company for the 2013 Annual Meeting and helps to conserve natural resources.

On or about April 24, 2013, we mailed a Notice of Internet Availability of Proxy Materials (the Notice) in the form of a mailing titled Important Notice Regarding the Availability of Proxy Materials. The Notice contains instructions on how to access the Proxy Materials, and how to vote on the Internet or by telephone.

If you received the Notice by mail, you will not receive a printed copy of the Proxy Materials unless you request a printed copy, currently or on an ongoing basis. If you received a Notice by mail and would like to receive a paper or email copy of the Proxy Materials, follow the instructions on the Notice. Stockholders who requested paper copies of the Proxy Materials or previously elected electronic receipt did not receive a Notice and will receive the Proxy Materials in the format requested.

QUESTIONS AND ANSWERS ABOUT

THE 2013 ANNUAL MEETING, THE PROXY MATERIALS AND VOTING YOUR SHARES

WHY AM I RECEIVING THESE MATERIALS?

Our Board has made the Proxy Materials available to you on the Internet or has delivered printed Proxy Materials to you in connection with the solicitation of proxies for use at the 2013 Annual Meeting. As a stockholder, you are invited to attend the 2013 Annual Meeting and are requested to vote on the items of business described in this Proxy Statement.

WHAT IS A PROXY?

Our Board is soliciting your vote at the 2013 Annual Meeting. You may vote by proxy as explained in this Proxy Statement. A proxy is your formal legal designation of another person to vote the stock you own. That other person is called a proxy. If you designate someone as your proxy in a written document, that document also is called a proxy or a proxy card.

Ilya Cantor and **Ginger Mosier** have been designated as proxies for the 2013 Annual Meeting.

WHAT PROPOSALS WILL BE VOTED ON AT THE 2013 ANNUAL MEETING?

There are two proposals that will be voted on at the 2013 Annual Meeting:

1. To elect the two (2) Class I directors specified in this Proxy Statement to hold office for a three-year term or until their successors are elected and qualified; and
2. To ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2013.

HOW DOES THE BOARD RECOMMEND I VOTE?

Our Board unanimously recommends that you vote:

FOR election of the two nominated Class I directors specified in this Proxy Statement (Proposal No. 1); and

FOR ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2013 (Proposal No. 2).

WHAT HAPPENS IF ADDITIONAL MATTERS ARE PRESENTED AT THE 2013 ANNUAL MEETING?

If any other matters are properly presented for consideration at the 2013 Annual Meeting, including, among other things, consideration of a motion to adjourn or postpone the 2013 Annual Meeting to another time or place (including, without limitation, for the purpose of soliciting additional proxies), the persons named as proxy holders, Ilya Cantor and Ginger Mosier, or either of them, will have discretion to vote on those matters in accordance with their best judgment, unless you direct them otherwise in your proxy instructions. We do not currently anticipate that any other matters will be raised at the 2013 Annual Meeting.

WHO CAN VOTE AT THE 2013 ANNUAL MEETING?

Stockholders of record at the close of business on April 15, 2013, the record date established by the Board for determining the stockholders entitled to vote at our 2013 Annual Meeting (the Record Date), are entitled to vote at the 2013 Annual Meeting.

Edgar Filing: EPAM Systems, Inc. - Form DEF 14A

On the Record Date, 45,293,874 shares of our Common Stock were outstanding, and we had no other class of equity securities issued and outstanding. You are entitled to one vote for each share of Common Stock you own for each matter to be voted on at the 2013 Annual Meeting. As of the Record Date, holders of Common Stock are eligible to cast an aggregate of 45,293,874 votes at the 2013 Annual Meeting.

Table of Contents

A list of the stockholders of record as of April 15, 2013 will be available for inspection at EPAM's headquarters for ten days prior to the 2013 Annual Meeting and will be available at the 2013 Annual Meeting.

WHAT CONSTITUTES A QUORUM?

A majority of our outstanding shares of Common Stock as of the record date must be present, in person or by proxy, at the 2013 Annual Meeting in order to conduct business. This is called a quorum. If there are not enough shares of Common Stock present both in person and by timely and properly submitted proxies to constitute a quorum, the 2013 Annual Meeting may be adjourned until such time as a sufficient number of shares are present. Both abstentions and broker non-votes are counted for the purpose of determining the presence of a quorum.

WHAT IS THE DIFFERENCE BETWEEN BEING A STOCKHOLDER OF RECORD AND A BENEFICIAL OWNER HOLDING SHARES IN STREET NAME?

Stockholder of Record: You are a stockholder of record if your shares are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company LLC. The Proxy Materials are sent directly to a stockholder of record. A stockholder of record has the right to grant its proxy to vote directly to us or to vote in the Internet, by telephone or in person at the 2013 Annual Meeting.

Beneficial Owner/Street Name: If your shares are held in a stock brokerage account or by a bank or other nominee (a Broker), you are considered the beneficial owner of shares held in street name and your Broker is considered the stockholder of record. Your Broker, who is considered with respect to those shares the stockholder of record, forwarded the Proxy Materials to you. As the beneficial owner, you have the right to direct your Broker how to vote your shares by completing the voting instruction form. Because a beneficial owner is not the stockholder of record, you are invited to attend the 2013 Annual Meeting, but you may not vote these shares in person at the 2013 Annual Meeting unless you obtain a legal proxy from the Broker that holds your shares, giving you the right to vote the shares at the 2013 Annual Meeting.

HOW DO I VOTE?

By Written Proxy: Stockholders of record can vote their shares by marking, signing and timely returning the proxy card. Beneficial owners must follow the directions provided by their Broker in order to direct such Broker as to how to vote their shares. If you received the Proxy Materials in paper form, the materials include a voting instruction card so you can instruct the Broker how to vote your shares.

By Telephone and Internet Proxy: Stockholders of record can vote their shares by telephone or via the Internet. The Notice contains instructions and the internet website address in order to vote by Internet and where the toll-free telephone number to vote by telephone is posted. These telephone and Internet voting procedures are designed to authenticate stockholders' identities, to allow stockholders to give their voting instructions and to confirm that stockholders' instructions have been recorded properly. Beneficial owners may vote by telephone or the Internet if their Broker makes those methods available, by following the instructions provided to them by their Broker with the Proxy Materials.

In Person: All stockholders of record may vote in person at the 2013 Annual Meeting. Beneficial owners must obtain a legal proxy from their Broker prior to the 2013 Annual Meeting in order to vote in person. **Even if you plan to attend the 2013 Annual Meeting, we recommend that you also submit your proxy or voting instructions by mail, telephone, or the Internet so that your vote will be counted if you later decide not to attend the 2013 Annual Meeting.**

WHAT DOES IT MEAN IF I RECEIVE MORE THAN ONE PROXY CARD?

It means that your shares are registered differently or you have multiple accounts. Please vote all of these shares separately to ensure all of the shares you hold are voted.

Table of Contents

IF I SUBMIT A PROXY BY PROXY CARD, INTERNET, TELEPHONE OR MAIL, HOW WILL MY SHARES BE VOTED?

If you properly submit your proxy by one of these methods, and you do not subsequently revoke your proxy, your shares will be voted in accordance with your instructions.

If you properly submit your proxy but do not give voting instructions, your shares will be voted as follows: FOR the election of EPAM's director nominees set forth in this Proxy Statement (Proposal 1); and FOR the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2013 (Proposal 2).

WHAT IF I DO NOT SPECIFY HOW MY SHARES ARE TO BE VOTED?

Stockholders of Record: If you are a stockholder of record and you properly submit your proxy but do not give voting instructions, the persons named as proxies will vote your shares as follows: **FOR** the election of EPAM's director nominees set forth in this Proxy Statement (Proposal 1); and **FOR** the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2013 (Proposal 2). If you do not return a proxy, your shares will not be counted for purposes of determining whether a quorum exists and your shares will not be voted at our 2013 Annual Meeting.

Beneficial Owners: If you are a beneficial holder and you do not give voting instructions to your Broker within ten days of the 2013 Annual Meeting, your Broker may exercise discretionary authority to vote on matters that the New York Stock Exchange (NYSE) determines to be routine. Your Broker is not allowed to vote your shares on non-routine matters and this will result in a broker non-vote on that non-routine matter, but the shares will be counted for purposes of determining whether a quorum exists. Broker non-votes do not count as votes for or against any proposal. Under the NYSE rules, the Ratification of Appointment of the Independent Registered Public Accounting Firm (Proposal 2) is a routine matter while the Election of Directors (Proposal 1) is a non-routine matter. Your Broker will not be able to vote your shares with respect to the election of directors if you have not provided directions to your Broker. We strongly encourage you to submit your voting instructions and exercise your right to vote as a stockholder.

CAN I CHANGE MY VOTE OR REVOKE MY PROXY?

If you are a stockholder of record, you may revoke your proxy at any time prior to the vote at the 2013 Annual Meeting. If you submitted your proxy by mail, you must file with the Corporate Secretary of the Company a written notice of revocation or deliver, prior to the vote at the 2013 Annual Meeting, a valid, later-dated proxy. If you submitted your proxy by telephone or the Internet, you may revoke your proxy with a later telephone or Internet proxy, as the case may be. Attendance at the 2013 Annual Meeting will not have the effect of revoking a proxy unless you give written notice of revocation to the Corporate Secretary before the proxy is exercised or you vote by written ballot at the 2013 Annual Meeting. If you are a beneficial owner, you may change your vote by submitting new voting instructions to your Broker, or, if you have obtained a legal proxy from your Broker giving you the right to vote your shares, by attending the 2013 Annual Meeting and voting in person.

HOW WILL THE PROXIES BE SOLICITED?

We will pay the cost of soliciting proxies for the 2013 Annual Meeting. Proxies may be solicited by our regular directors, executive officers and employees, without additional compensation, in person, or by mail, courier, telephone, email or facsimile. We may also make arrangements with brokerage houses and other custodians, nominees and fiduciaries for the forwarding of solicitation material to the beneficial owners of stock held of record by such persons. We may reimburse such brokerage houses and other custodians, nominees and fiduciaries for reasonable out-of-pocket expenses incurred by them in connection therewith.

Table of Contents

WHO WILL COUNT THE VOTES AND HOW CAN I FIND THE VOTING RESULTS OF THE 2013 ANNUAL MEETING?

Representatives of American Stock Transfer & Trust Company LLC, our inspectors of election, will tabulate and certify the votes. We plan to announce preliminary voting results at the 2013 Annual Meeting, and we will report the final results in a Current Report on Form 8-K, which we will file with the SEC shortly after the 2013 Annual Meeting.

WHAT IS AN ABSTENTION AND HOW WILL ABSTENTIONS BE TREATED?

An abstention is when a stockholder chooses to abstain or refrain from voting their shares on one or more matters presented for a vote. For the purpose of determining the presence of a quorum, abstentions are counted as present.

WHAT VOTE IS REQUIRED TO APPROVED EACH ITEM?

Item	Vote Required	Broker Discretionary Voting Allowed
Proposal 1 The Election of Class I Directors	Plurality of the votes of the shares of Common Stock entitled to vote and present in person or represented by proxy at the 2013 Annual Meeting	No
Proposal 2 The ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2013	Majority of the votes of the shares of Common Stock entitled to vote and present in person or represented by proxy at the 2013 Annual Meeting	Yes

With respect to Proposal 1, you may vote FOR all nominees, WITHHOLD your vote as to all nominees, or FOR all nominees except those specific nominees from whom you WITHHOLD your vote. The nominees receiving the most FOR votes will be elected. A properly executed proxy marked WITHHOLD with respect to the election of one or more directors will not be voted with respect to the director or directors indicated. Proxies may not be voted for more than two directors and stockholders may not cumulate votes in the election of directors. If you abstain from voting on Proposal 1, the abstention will not have an effect on the outcome of the vote. Broker non-votes will not be counted and, accordingly, will have no effect on the outcome of the vote.

With respect to Proposal 2 you may vote FOR, AGAINST or ABSTAIN. If you ABSTAIN from voting on Proposal 2, the abstention will have the same effect as an AGAINST vote.

WHAT DO I NEED TO DO TO ATTEND THE 2013 ANNUAL MEETING?

If you plan to attend the 2013 Annual Meeting in person, you will need to bring proof of your ownership of Common Stock, such as your proxy card or transfer agent statement, as of the close of business on April 15, 2013 and present an acceptable form of photo identification such as a passport or driver's license. Cameras, recording devices and other electronic devices will not be permitted at the meeting.

If you are a beneficial owner holding shares in street name through your Broker and you would like to attend the 2013 Annual Meeting, you will need to bring an account statement or other acceptable evidence of ownership of Common Stock as of the close of business on April 15, 2013. In order to vote at the meeting, you may contact your Broker in whose name your shares are registered and obtain a legal proxy from your Broker and bring it to the 2013 Annual Meeting.

Table of Contents**PROPOSAL 1:****ELECTION OF DIRECTORS**

Our certificate of incorporation and bylaws provides that the Board will consist of no fewer than three and no more than nine persons and that the exact number of members of the Board will be determined from time to time by resolution of a majority of our entire Board. The Board currently consists of seven members.

The Board is divided into three classes, with each director serving a three-year term and one class being elected at each year's annual meeting of stockholders. Stockholders are not entitled to cumulate votes in the election of directors and may not vote for a greater number of persons than the number of nominees named.

Upon recommendation of the Nominating and Corporate Governance Committee, the Board has nominated the two director nominees identified below for re-election as Class I directors at the 2013 Annual Meeting. These directors will hold office until the annual meeting of stockholders in 2016, or until their respective successors have been elected and qualified. Each director nominee set forth below has consented to being named in this Proxy Statement as a nominee for election as director and has agreed to serve as a director if elected.

We are soliciting proxies in favor of the re-election of each of the two director nominees identified below. Unless otherwise instructed, the proxy holders will vote the proxies received by them FOR the director nominees named below to serve for three-year terms expiring at the annual meeting of stockholders to be held in 2016. If any nominee is unable or declines to serve as director at the time of the 2013 Annual Meeting, an event that the Company does not currently anticipate, proxies will be voted for any nominee designated by the Board to fill the vacancy. As of the date of this Proxy Statement, the Board has no reason to believe that any of the persons named below will be unable or unwilling to serve as a nominee or as a director, if elected.

Director Nominees (Class I Directors with Terms Expiring in 2013)

Each of the Board nominees possesses specific experience, qualifications, attributes or skills that led the Nominating and Governance Committee to the conclusion that such person should serve as a director of EPAM, in light of our business and structure.

Karl Robb, 50, has served as a director of our Board and as our President of EU Operations and Executive Vice President since March 2004. Mr. Robb joined us when Fathom Technology, a Hungarian software development outsourcing company he co-founded, merged with EPAM. Mr. Robb has been employed as a consultant by Landmark Business Development Limited, or Landmark, a consulting firm, since 1986. Our Board believes that Mr. Robb's extensive experience as an executive in the IT services industry and his knowledge of the IT services industry in North America, Europe and Central and Eastern Europe, as well as his experience working with global IT services companies and successfully starting two software companies and his extensive service and

responsibilities at EPAM, provide him with the necessary skills to serve as a member of our Board and will enable him to provide valuable insight to the Board regarding strategy, business development, sales, operational and management issues, as well as general industry trends.

Richard Michael Mayoras, 50, has served as a non-executive director of our Board since January 2013. Mr. Mayoras served as President and Chief Executive Officer and as a member of the board of directors of RedPrairie Corporation from October 2007 until its acquisition by JDA Software Group, Inc. in December 2012, at which time he became a member of the board of directors of JDA Software Group, Inc. Prior to that, Mr. Mayoras held a number of executive roles at RedPrairie, including President, Americas, Executive Vice President, Implementation Services and Support, and Executive Vice President for Product Development. From 2001 to 2004, Mr. Mayoras was President of DigiTerra, a wholly owned subsidiary of CIBER, a publicly traded enterprise application and technology consulting company. Mr. Mayoras has held several other executive and senior management positions in sales and operations for various organizations and has more than 30 years of experience in the technology, consulting and software industries. Mr. Mayoras serves on the board of directors of one additional privately held company, as well as the Georgia Chamber of Commerce and the Technology Association of Georgia, and holds a seat on the Metro Atlanta Chamber of Commerce's Technology Leadership Council. Mr. Mayoras holds an A.D. in Applied Sciences from Danville Area Community College. Our Board believes that Mr. Mayoras is qualified to serve as a director based on his prior executive leadership roles in the IT services industry and his experience and prior service as a member of the board of directors of technology companies, which enable him to provide valuable insight to the Board regarding financial and business strategy issues. Mr. Mayoras was recommended to the Nominating and Governance Committee as a potential director nominee by one of our directors.

Continuing Directors (Class II with Terms Expiring at the Annual Meeting in 2014)

Andrew J. Guff, 52, has served as a non-executive director of our Board since 2006. Mr. Guff is a managing director and founding partner of Siguler Guff & Company, LP, or Siguler Guff. Prior to founding Siguler Guff, a multi-strategy private equity firm with over \$10 billion of assets under management, Mr. Guff was with PaineWebber for ten years in a range of both principal and advisory capacities within PaineWebber's Merchant Banking and Mergers and Acquisitions groups. In 1994, Mr. Guff founded Russia Partners Company, LP, one of the first private equity funds to operate in Russia and the Commonwealth of Independent States (CIS) region. Today, Russia Partners manages approximately \$1 billion of investments and commitments to private deals in the region. Mr. Guff sits on the board of directors of a number of portfolio companies owned by Russia Partners. He is a member of the executive board of the U.S. Russia Business Council and is a member of the Council on Foreign Relations. He is also a trustee of the Phillips Academy Institute for the Recruitment of Teachers. Mr. Guff holds a Bachelor of Arts in Economics from Harvard College. We believe Mr. Guff's experience as an investment banker, as a senior officer of an investment firm with activities in the IT sector and in Central and Eastern Europe and the CIS and in evaluating the financial prospects of companies provides him with the necessary skills to serve as a member of our Board and enables him to provide valuable insight to the board regarding financial and investor relations issues and geopolitical issues in the Central and Eastern European and Commonwealth of Independent States geographies.

Donald P. Spencer, 57, has served as a non-executive director of our Board since 2006 and served as corporate secretary from 2006 to 2011. Mr. Spencer is a managing director and founding partner of Siguler Guff and is responsible for Siguler Guff's legal and compliance matters. Arkadiy Dobkin, 52, has served as Chairman of the Board, Chief Executive Officer and President since December 2002 and is one of our co-founders. After immigrating to the United States, he held thought and technical leadership positions at Colgate-Palmolive and SAP Labs. Our Board believes Mr. Dobkin's experience as an IT professional and executive in the IT services industry coupled with his in-depth understanding of our global delivery model provide him with the necessary skills to serve as a member of our Board and will enable him to provide valuable insight to the board and our management team regarding operational, strategic and management issues as well as general industry trends.

Robert E. Segert, 44, has served as a non-executive director of our Board since January 2012. Since 2008, Mr. Segert has been President and Chief Executive Officer and a director of GXS Worldwide, Inc., or GXS, a leading global provider of business-to-business e-commerce and data integration services that simplify and enhance business process integration, data quality and compliance, and collaboration among businesses. He has also held roles at A.T. Kearney and Frito-Lay, Inc. Mr. Segert received a Bachelor of Science degree in Mechanical Engineering from Purdue University and a Masters in Business Administration from Harvard Business School. Our Board believes Mr. Segert's 15-plus years of experience as an executive in the business services and consulting industry provide him with the necessary skills to serve as a member of our Board and enable him to provide valuable insight to the Board regarding financial and investor relations issues.

The Audit Committee of the Board (the "Audit Committee"), which is composed entirely of independent directors, has selected Deloitte & Touche LLP, independent registered public accounting firm, to audit our financial statements for the fiscal year ending December 31, 2013. Ratification of the selection of Deloitte & Touche LLP by stockholders is not required by law. However, as a matter of good corporate practice, such selection is being submitted to the stockholders for ratification at the 2013 Annual Meeting. If the stockholders do not ratify the selection, the Board and the Audit Committee will reconsider whether or not to retain Deloitte & Touche LLP, but may, in their discretion, retain Deloitte & Touche LLP. Even if the selection is ratified, the Audit Committee, in its discretion, may change the appointment at any time during the year if it determines that such change would be in the best interests of the Company and its stockholders.

Representatives from Deloitte & Touche LLP will be in attendance at the 2013 Annual Meeting to respond to any appropriate questions and will have the opportunity to make a statement, if they so desire.

In addition, the Chair of the Audit Committee, Mr. Ronald P. categories of audit and non-audit services that are expected to be performed during that fiscal year by the Deloitte Entities and establishes maximum dollar limits for the aggregate fees of each of those categories of services, and the Deloitte Entities may be engaged for such services pursuant to the Company's preapproval policies and procedures, provided that such services do not otherwise need to be approved by the Audit Committee under the preapproval policies and procedures, and such services are reported to the Audit Committee at its next regularly scheduled meeting.

As part of its review, the Audit Committee considers whether any non-audit services will, or may potentially, impact the independence of our independent registered public accounting firm. The Audit Committee pre-approved all audit and non-audit services provided to the Company by the Deloitte Entities in fiscal years 2012 and 2011. None of the services described in the table above were exempt from the pre-approval requirement set forth in the SEC rules and regulations.

CORPORATE GOVERNANCE

The Board, which is elected by our stockholders, is responsible for directing and overseeing our business and affairs. In carrying out its responsibilities, the Board selects and monitors our top management, provides oversight of our financial reporting processes and determines and implements our corporate governance policies. The Board and management are committed to good corporate governance to ensure that we are managed for the long-term benefit of our stockholders, and we have a variety of policies and procedures to promote such goals.

Board Structure

Our certificate of incorporation and bylaws provides that the Board will consist of no fewer than three and no more than nine persons and that the exact number of members of our Board will be determined from time to time by resolution of an affirmative vote of a majority of our entire Board. The Board currently consists of seven members.

The Board is divided into three classes, with each director serving a three-year term and one class being elected at each year's annual meeting of stockholders. As of the date hereof, the Class I directors are Karl Robb and Richard Michael Mayoras; the Class II directors are Andrew J. Guff, Donald P. Spencer and Ronald P. Vargo; and the Class III directors are Arkadiy Dobkin and Robert E. Segert. The terms for the Class I, II and III directors end on the date of our 2013, 2014 and 2015 annual meetings of stockholders, respectively. Ross Goodhart served on our Board for the fiscal year 2012 until he resigned as of January 8, 2013. Mr. Goodhart's decision to resign as a director did not involve any disagreement with the Company, the Company's management or the Board.

Board Leadership Structure

The Board recognizes that one of its key responsibilities is to evaluate and determine its optimal leadership structure so as to provide independent oversight of management. The Board understands that the optimal Board leadership structure may vary as circumstances warrant. Consistent with this understanding, non-management directors consider the Board's leadership structure on an annual basis.

The Board believes it is important to retain its flexibility to allocate the responsibilities of the offices of Chairman of the Board (the "Chairman") and Chief Executive Officer in a way that is in the best interests of the Company at a given point in time. The Board has determined that it is in the best interests of the Company and our stockholders for both the positions of Chairman and Chief Executive Officer to be held by our co-founder, Arkadiy Dobkin, at this time. If circumstances change in the future, the Board may determine that these positions should be separated. This policy allows the Board to evaluate regularly whether the Company is best served at any particular time by having the Chief Executive Officer or another director hold the position of Chairman. Our Board considers this issue carefully in light of the structure the Board believes will be in the best interests of the Company and our stockholders.

The Board believes that Mr. Dobkin is best suited to serve as Chairman because, as our co-founder, he is the director most familiar with our business and industry, and can lead the Board in identifying and prioritizing our strategies and initiatives. The combined role facilitates communication between the Board and management, and facilitates development and implementation of our Board-approved corporate strategy. We believe this current leadership structure is effective. Our non-management directors and management have different perspectives and roles in business and strategy development. Our independent directors bring experience, oversight and expertise from outside the Company and industry, while Mr. Dobkin and Mr. Robb offer specific Company and industry experience and expertise.

The Board does not believe it is appropriate or necessary in serving the best interests of the Company to designate a lead independent director. The Board may designate a director as the presiding director to lead the meetings of the non-management or independent directors, and the appointment of a presiding director may also

Table of Contents

be rotated among the chairs of the independent committees of the Board. If not otherwise designated by the Board, or rotated among the chairs of the independent committees of the Board, a presiding director for each executive session of the non-management directors is appointed by the non-management directors in attendance at the executive session.

Board Role in Risk Oversight

The Board is responsible for oversight of the Company's risk management practices while management is responsible for the day-to-day risk management processes. This division of responsibilities is the most effective approach for addressing the risks facing the Company, and the Company's Board structure supports this approach.

The Board receives periodic reports from management regarding the most significant risks facing the Company. In addition, the Audit Committee assists the Board in its oversight role by receiving periodic reports regarding the Company's risk and control environment. The Board's other standing committees—Compensation and Nominating and Corporate Governance—oversee risks associated with their respective areas of responsibility. For example, the Compensation Committee considers the risks associated with our compensation policies and practices, with respect to both executive compensation and compensation generally. The Board is kept abreast of its committees' risk oversight and other activities via reports of the committee chairmen to the full Board. These reports are presented at Board meetings and include discussions of committee agenda topics, including matters involving risk oversight.

The Board currently considers specific risk topics, including risks associated with our strategic plan, legal compliance and other operational activities. Further, the Board is routinely informed by management of developments that could affect our risk profile or other aspects of our business.

Board Meetings

The Board held eight (8) meetings in fiscal year 2012. Each of our directors (including Ross Goodhart) attended at least 75% of the total number of all meetings of the Board and committees on which the director served that were held during fiscal year 2012 while the director was a member of the Board.

Our independent directors meet regularly in executive session without management participation, as required by the NYSE listing standards. Directors are expected to attend the meetings of the Board and of any committees on which the director serves and are encouraged, but not required, to attend our annual meetings of stockholders. Our 2013 Annual Meeting will be our first annual meeting of stockholders as a public company. Three of our directors attended our annual meeting of stockholders in 2012.

Director Independence

The Board has determined that each of Andrew J. Guff, Donald P. Spencer, Richard Michael Mayoras, Robert E. Segert and Ronald P. Vargo are independent directors within the meaning of the applicable rules of the NYSE. The Board determined that Ross Goodhart was an independent director within the meaning of the applicable rules of the NYSE in fiscal year 2012. Accordingly, the Board determined that the majority of the directors on the Board are independent within the meaning of the applicable rules of the NYSE. In addition, the Board has determined that each of Messrs. Segert, Vargo and Mayoras are independent directors as defined by Rule 10A-3 of the Securities Exchange Act of 1934, as amended (Exchange Act). In making its determinations, the Board considered, among other things, all transactions and relationships between each director or any member of his or her immediate family and EPAM and its subsidiaries and affiliates. There are no family relationships among any of our executive officers, directors or nominees for director.

Corporate Governance Guidelines and Code of Conduct

The Board adopted a code of conduct (the Code of Conduct) in accordance with applicable U.S. federal securities laws and the corporate governance rules of the NYSE that applies to all of our directors, officers and other employees, including our principal executive officer, principal financial officer and principal accounting officer. Any waiver of the Code of Conduct for directors or executive officers may be made only by the Board and will be promptly disclosed to our stockholders as required by applicable laws and NYSE rules. Amendments to the Code of Conduct must be approved by the Board and will be promptly disclosed (other than technical, administrative or non-substantive changes).

The Board also adopted corporate governance guidelines (the Corporate Governance Guidelines) in accordance with the corporate governance rules of the NYSE that serve as a flexible framework within which our Board and its committees operate. These guidelines cover a number of areas including the size and composition of the Board, Board membership criteria and director qualifications, director responsibilities, Board agenda, roles of the Chairman, Chief Executive Officer and presiding director, meetings of independent directors, committee responsibilities and assignments, Board member access to management and independent advisors, director communications with third parties, director compensation, director orientation and continuing education, evaluation of senior management and management succession planning.

The Code of Conduct and the Corporate Governance Guidelines are publicly available through the Investors-Corporate Governance section of our website at <http://investors.epam.com>. A copy will be provided in print without charge upon written request to our General Counsel and Corporate Secretary at 41 University Drive, Suite 202, Newtown, Pennsylvania 18940.

Committees of the Board

The Board uses committees to work on certain issues in detail. Each committee reports the progress and results of its meetings to the Board and makes recommendations to the Board when appropriate. The Board currently has three standing committees, consisting of an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee.

The responsibilities of the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committees are set forth in each of their respective charters, which were all approved by the Board on January 11, 2012 and are reviewed annually. The charters are available on the Investors-Corporate Governance section of our website at <http://investors.epam.com> and will be provided in print without charge upon written request to our General Counsel and Corporate Secretary at 41 University Drive, Suite 202, Newtown, Pennsylvania 18940. identify and nominate members for election to the Board;

develop and recommend to the Board a set of corporate governance principles and code of conduct applicable to our Company and to oversee compliance thereof; and

oversee the evaluation of the Board and management.

Consideration of Director Nominees

Identifying and Evaluating Nominees for Directors. The Nominating and Corporate Governance Committee utilizes a variety of methods to identify and evaluate director nominees, including nominees recommended by stockholders, but has not at this time adopted any specific written procedures with respect thereto. The committee plans to assess the appropriate size of the Board from time to time and whether any vacancies are expected. In the event that vacancies are anticipated or otherwise arise, the committee decides whether to fill such vacancies and, if so, considers various potential candidates. Candidates may come to the attention of the committee through current Board members, professional search firms engaged by the committee, stockholders or others. The committee requests recommendations, evaluates biographical information and background material relating to potential candidates and, as appropriate, interviews selected candidates. These candidates may be evaluated at meetings of the committee and may be considered at any point during the year.

Stockholder Nominees. Our bylaws permit stockholders to nominate directors for consideration at our annual stockholder meeting. If any materials are provided by a stockholder in connection with the nomination of a director candidate, such materials are forwarded to the Nominating and Corporate Governance Committee. The committee's policy is to consider properly submitted stockholder nominations. In evaluating all director nominations, the committee seeks to balance an individual's knowledge, experience and capabilities and compliance with the membership criteria established by our Corporate Governance Guidelines and the Nominating and Corporate Governance Committee. For a description of the procedures to be followed by stockholders to nominate directors for consideration at our annual stockholder meeting see *Stockholder Proposals for the 2014 Annual Meeting*, which is incorporated herein by reference.

Director Qualifications. At this time, neither the Board nor the Nominating and Corporate Governance Committee has established any minimum qualifications or skills for directors, however the Nominating and

Corporate Governance Committee will apply the criteria set forth in our Corporate Governance Guidelines and consider a nominee's judgment, diversity, skills, conflicts of interest, knowledge of our business and industry, experience in various geographies, background and experience in light of the Board's challenges and the needs of the Board and its committees. The Nominating and Corporate Governance Committee also takes into account the independence, financial literacy and financial expertise standards as required under our Corporate Governance Guidelines, committee charters, applicable laws and regulations, and the ability of the candidate, in light of the candidate's present activities and our Corporate Governance Guidelines, to devote the necessary time and attention to serving as a director and a committee member. The committee does not assign specific weights to particular criteria and no particular criterion is a prerequisite for, or necessarily applicable to, any prospective nominee. We believe that the backgrounds and qualifications of our directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow the Board to fulfill its responsibilities. While we take into account diversity of background and experience, we do not have a formal policy that requires nominees to meet specific criteria.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS AND DIRECTOR INDEPENDENCE

Our Related Person Transaction Policy

The Board adopted a written policy with respect to related person transactions in January 2012. Under such related person transaction policy, a Related Person Transaction is any transaction, arrangement or relationship involving us in which a Related Person has a direct material interest. A Related Person is any of our executive officers, directors or director nominees, any stockholder beneficially owning in excess of 5% of our stock or securities exchangeable for our stock and any immediate family member of any of the foregoing persons.

Pursuant to such related person transaction policy, any Related Person Transaction must be approved or ratified by our Nominating and Corporate Governance Committee, the Board or a designated committee thereof consisting solely of independent directors. In determining whether to approve or ratify a transaction with a Related Person, our Nominating and Corporate Governance Committee, the Board or the designated committee of independent directors will consider all relevant facts and circumstances, including without limitation the commercial reasonableness of the terms, the benefit and perceived benefit, or lack thereof, to us, opportunity costs of alternate transactions, the materiality and character of the Related Person's direct or indirect interest, and the actual or apparent conflict of interest of the Related Person. The Board or the designated committee of independent directors will not approve or ratify a Related Person Transaction unless it has determined that, upon consideration of all relevant information, such transaction is in, or not inconsistent with, the best interests of us and our stockholders.

Below are historical transactions with Related Persons that we believe will continue in the future, subject to our related person transaction policy and subject to approval or ratification by our Board or a designated committee thereof consisting solely of independent directors. The Board approved such transactions at the time they were entered into and we believe that each of these transactions were in the best interests of us and our stockholders at the time they were entered into.

Registration Rights Agreements

Under the terms of the Amended and Restated Registration Rights Agreement dated February 19, 2008 with our Series A-1 and Series A-2 preferred stockholders and certain common stockholders and the Registration Rights Agreement dated April 26, 2010 with our Series A-3 preferred stockholders, referred to together as the Registration Rights Agreements, our preferred stockholders and certain common stockholders, including Mr. Dobkin, affiliates of Messrs. Robb and Fejes, and certain affiliates of Siguler Guff, are each entitled to certain registration rights, including demand registration rights.

Holders of approximately 23 million shares of our common stock currently have the right to require us to register the sales of their shares of common stock under the Securities Act of 1933, as amended (the Securities Act), pursuant to the terms of the Registration Rights Agreements between us and the holders of these securities. Subject to limitations specified in such agreements, these registration rights include:

Demand registration rights. Holders of a majority of our registrable preferred securities, that were converted into our common stock in connection with our initial public offering, subject to each of the Registration Rights Agreements can request us to file with the SEC and cause to be declared effective a registration statement covering the resale of all or any portion of the shares of registrable securities that they hold, as long as the anticipated gross proceeds of such offering and registration will be at least \$7 million. In addition, holders of registrable preferred securities that did not participate in our initial public offering can request us to file with the SEC and cause to be declared effective a registration statement covering the resale of all or any portion of the shares of registrable securities that they hold, as long as the anticipated gross proceeds of such offering and registration will be at least \$7 million. We are only obligated to register the registrable securities on three occasions, however the Board may, in its good faith judgment, defer any filing for 90 days (which deferral may

not be used more than once in any 12-month period). Furthermore, at any time, the holders of the registrable securities held by parties to the Registration Rights Agreements can require us to file with the SEC and cause to be declared effective (if we are eligible) a short-form registration statement on Form S-3 covering the resale of all or any portion of shares of registrable securities held by such persons, except if we have already effected two registration statements on Form S-3 in that year, if the anticipated gross proceeds of such offering and registration would not exceed \$1 million or if Form S-3 is not available to us.

Piggyback registration rights. If we register any of our securities under the Securities Act for sale to the public, either for our own account or for the account of other security holders or both, the holders of shares of registrable securities party to the Registration Rights Agreements are entitled to notice of the intended registration and to include any or all of their registrable securities in the registration.

Limitations and expenses. With specified exceptions, a stockholder's right to include shares in an underwritten registered offering is subject to the right of the underwriters to limit the number of shares included in such offering. We are generally required to pay all expenses of registration, including the fees and expenses of legal counsel for us and for the selling stockholders, but excluding underwriters' discounts and commissions.

All registration rights for a holder under the Registration Rights Agreements terminate on the date when all such holder's registrable securities can be resold pursuant to Rule 144(b)(1) under the Securities Act.

Indemnification Agreements

Our certificate of incorporation includes provisions that authorize and require us to indemnify our officers and directors to the fullest extent permitted under Delaware law, subject to limited exceptions. We have entered into separate indemnification agreements with each of our directors and executive officers. These agreements will require us to indemnify these individuals to the fullest extent permitted by applicable law against liabilities that may arise by reason of their service to us, and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified.

Director Independence

Further information on director independence is set forth in *Corporate Governance*.

Insider Trading Policy and Rule 10b5-1 Trading Plans

EXECUTIVE COMPENSATION TABLES NARRATIVE

As an emerging growth company under SEC rules, we are not required to include a Compensation Discussion and Analysis or conduct a stockholder advisory vote on executive compensation, and we have elected to comply with the disclosure requirements applicable to emerging growth companies. For information on director compensation, see *Information Regarding Compensation of Directors*, and for the report of the Compensation Committee, see *Compensation Committee Report*, each of which is incorporated herein by reference.

Named Executive Officers

Our Named Executive Officers (NEOs) are our President and Chief Executive Officer, Mr. Arkadiy Dobkin, and our two other most highly compensated executive officers Messrs. Karl Robb, President of EU Operations and Executive Vice President, and Balazs Fejes, Senior Vice President, Global Head of Banking and Financial Services Business Unit.

Compensation Philosophy and Objectives

Our philosophy is to provide a compensation opportunity to each of our NEOs that is commensurate with his position and experience, largely in the form of short- and long-term incentives tied to corporate performance and aligned with the long-term interests of our stockholders. We use a mix of short-term compensation, in the form of base salaries, fixed consulting fees and cash bonuses, and long-term compensation, in the form of equity awards, as the total compensation structure to meet these objectives. This compensation program serves to complement the strong alignment our NEOs have with our stockholders as a result of the significant equity interests several of our NEOs have in the Company.

Compensation-Setting Process

Role of the Board and Compensation Committee

The Board established the Compensation Committee to carry out the Board's responsibilities to administer our compensation programs. Our Compensation Committee is responsible for establishing and administering director compensation and executive officer compensation, including salaries, bonuses and equity incentive compensation. The Compensation Committee operates under a written charter adopted by the Compensation Committee and approved by the Board. The authority of the Compensation Committee pursuant to the terms of its charter is described in *Committees of the Board Compensation Committee*. Pursuant to its charter, the Compensation Committee may delegate authority when it deems appropriate and in the best interests of the Company, including the authority to grant stock rights or options to any non-Section 16 officer of the Company under the Company's incentive-compensation or other equity-based plans and has delegated to our President and Chief Executive Officer the authority to make equity grants to employees other than certain members of senior management (including all Section 16 officers) up to a pre-authorized pool of shares. The Compensation Committee uses its judgment and experience as well as the recommendations of our President and Chief Executive Officer to determine the appropriate amount and mix of compensation for each other NEO.

To comply with Rule 16b-3 under the Exchange Act, we expect equity incentive compensation for executive officers to be approved, on the recommendation of the Compensation Committee, by the full Board or a committee of our directors who qualify as non-employee directors pursuant to this rule.

Role of Management

Our President and Chief Executive Officer, Mr. Dobkin, served on our Compensation Committee prior to our initial public offering, which closed in February 2012, and in connection with which he stepped down from the Compensation Committee. In his role as President and Chief Executive Officer, Mr. Dobkin provides substantial input in determining compensation paid to our executive officers (other than for himself).
For

Table of Contents

Mr. Dobkin, the Compensation Committee evaluates his performance and, based on this evaluation, determines his base salary and bonus and recommends his equity compensation to the Board. Mr. Dobkin is not present at the portion of such meetings of the Compensation Committee or the Board where his compensation is reviewed.

Role of the Compensation Consultant

The Compensation Committee retained Pay Governance in December 2012 to provide the Compensation Committee with guidance and services relating to executive pay going forward. Pay Governance provided the Compensation Committee information regarding its independence as an advisor, and the Compensation Committee took that information into account in concluding that there was no conflict of interest within the meaning of Section 10C-1 of the Exchange Act affecting Pay Governance's independence. Pay Governance did not have a role in the 2012 compensation decision-making process.

Elements of Compensation

Each NEO's compensation package is tailored to each individual and is intended to encourage executive performance that supports our organizational strategy. When setting the amount of compensation to be awarded to our NEOs, other than our Chief Executive Officer, in a given year, the Compensation Committee considers the recommendations of our Chief Executive Officer, as well as the relative proportion of total compensation delivered on a current and long-term basis and in the form of cash and equity prior to making changes to compensation levels. Following the Compensation Committee's review of Company and individual performance, rather than through the use of predetermined performance metrics, the base salary and bonus of our Chief Executive Officer is determined by the Compensation Committee, and his equity compensation is recommended by the Compensation Committee to the Board and determined by the Board.

The fundamental elements of our compensation program are:

fixed compensation base salary or fixed consulting fee;

variable compensation annual cash bonuses or variable consulting fee;

long-term equity incentives; and

other broad-based benefits.

Although we expect these to remain the elements of our compensation program going forward, the relative weighting of each element and specific plan and award designs may evolve.

Mr. Robb is retained as a consultant to the Company, and his consulting fees (which include both a fixed payment and a variable payment) are paid directly to his direct employer, Landmark Business Development Limited. Mr. Fejes is employed in part by a subsidiary of the Company, for which service he receives a base salary, and in part as a consultant to the Company. Mr. Fejes' consulting fees (which include both a fixed payment and a variable payment) are paid directly to his direct employer, Redlodge Holdings Limited. However, equity awards are granted directly to Mr. Robb and Mr. Fejes.

2012 Bonus Program

For 2012, the overall bonus pool and the individual bonus payments and variable consulting fees were not based on formulaic performance metrics. Instead, bonuses or variable consulting fees were awarded on a discretionary basis by our Chief Executive Officer (other than for himself) in consultation with the Compensation Committee, generally based on the Company's performance, combined with an objective and subjective evaluation of individual performance. The amount of our Chief Executive Officer's 2012 bonus was determined by the Compensation Committee, based on Company and individual performance. We believe the responsibility to exercise discretion and consideration of a broad range of factors enables us to retain the flexibility to appropriately reward individual performance.

Table of Contents

The amount of each of the bonuses or variable consulting fees was determined based on the following Company-wide performance considerations:

2012 revenue growth of 29.7% over 2011;

2012 non-GAAP income from operations growth of 23.1 % over 2011; and

2012 non-GAAP net income growth of 21.6% over 2011.

See Annex A to this Proxy Statement for a reconciliation of the non-GAAP financial measures that appear in the last two bullets above to the most directly comparable GAAP financial measures.

In addition, the bonus or variable consulting fee for each of our NEOs was based on the following considerations of individual performance:

Mr. Dobkin's exemplary leadership of the business culminating in a successful initial public offering, as well as the continuing rapid expansion of the business and customer base during 2012;

Mr. Robb's overall leadership and contribution to the European segment's 36.8% growth in revenue and 30.5% growth in operating profit over 2011; and

Mr. Fejes' contributions to the significant growth in our Banking and Financial Services Business Unit.

2012 Equity Awards

On January 11, 2012, we adopted our 2012 Long Term Incentive Plan (the "2012 Plan") which permits us to grant stock options, restricted stock, restricted stock units or other types of equity awards to employees of the Company, including our NEOs, as the Compensation Committee (or the Board for grants to our executive officers) deems appropriate. On March 19, 2012, Mr. Fejes was granted an option award pursuant to the 2012 Plan, which was granted as part of a broad-based, post-IPO award program.

On January 16, 2012, we granted to Mr. Robb an award of restricted stock in recognition of his continued service to us and to give him an additional incentive to remain with the Company and further its growth and success. This award vests in four equal installments, with 25% vested on the grant date and 25% vesting on each of January 1, 2013, 2014 and 2015.

The awards granted to our NEOs in 2012 are further described in "Outstanding Equity Awards at December 31, 2012." Treatment of such awards upon a termination or change in control are described under "Potential Payments on Termination and Change in Control."

Perquisites

In 2012, we did not provide perquisites to our NEOs because we believe that our compensation objectives are better achieved as a result of the compensation elements described above. However, the use of perquisites may be re-evaluated at a later date as necessary to ensure that we can attract and retain executives.

Retirement and Other Broad-based Employee Benefits

We have established a 401(k) retirement plan, which is a tax-qualified self-funded retirement plan, in which our U.S. employees, including Mr. Dobkin, may participate. Under this plan, employees may elect to defer their current compensation by up to the statutory limit. Effective January 1, 2013, we provide discretionary matching contributions to the plan up to a maximum of 2% of the employee's eligible compensation. We did not make any employer contributions to the 401(k) retirement plan in 2012. Other benefits in which our U.S. employees, including

Edgar Filing: EPAM Systems, Inc. - Form DEF 14A

Mr. Dobkin, may participate include group health insurance (including medical, dental and vision), long- and short-term disability, group life, AD&D and paid time off.

Mr. Robb receives lump sum cash payments in amounts sufficient to cover the cost of obtaining health insurance. Mr. Fejes receives statutory benefits required by Swiss law.

We do not maintain any defined benefit pension plans or any nonqualified deferred compensation plans.

Table of Contents**Compensation Risk Assessment**

Our management team has reviewed our compensation policies and practices for all of our employees with our Board. The Board has determined, based on this review, that our compensation policies and practices are not reasonably likely to have a material adverse effect on our Company.

Employment and Other Arrangements

None of our NEOs are currently party to an employment agreement or consultancy agreement (other than a standard employment agreement that Mr. Fejes has entered into with a Swiss sub-entity under Swiss law). However, pursuant to the terms of an employment agreement previously entered into with Mr. Dobkin and consultancy agreements previously entered into with Messrs. Robb and Fejes, they are subject to certain confidentiality obligations that survived the expiration of those agreements. Information regarding the NEOs' restrictive covenant obligations and any benefits upon termination or change in control is described under Potential Payments on Termination and Change in Control.

The following table presents information concerning the total compensation of our NEOs, for services rendered to us in all capacities during the fiscal years ended December 31, 2011 and 2012:

Table of Contents

Death or Disability. If termination of service occurs due to death or Disability, any unvested portion of the option will be forfeited as of the termination date and any vested portion of the option will remain exercisable until one year following such termination date, unless the Compensation Committee determines that the option should be exercisable to some greater extent or remain exercisable for some longer period (but not after the tenth anniversary of the grant date).

If termination of service occurs for Cause or voluntarily by the executive (for a reason other than for the reasons provided above or in connection with a Change in Control), any vested options will be deemed frozen and will not be exercisable for a ten-day period immediately following the termination date so the Compensation Committee can decide whether to elect to terminate all such vested options and unvested options will be forfeited.
