Item 1.01 Entry into a Material Definitive Agreement.

Third Supplemental Indenture to 10.50% Senior Secured Notes Indenture

As previously announced on September 17, 2013, Hercules Offshore, Inc. (the Company) commenced a cash tender offer (the Tender Offer) and consent solicitation for any and all of its outstanding \$300.0 million aggregate principal amount of 10.50% Senior Secured Notes due 2017 (the 10.50% Notes). In conjunction with the tender offer, the Company solicited noteholder consents to effect certain amendments to the indenture governing the 10.50% Notes (the Secured Notes Indenture) on the terms and subject to the conditions set forth in the Company's Offer to Purchase and Consent Solicitation Statement dated September 17, 2013. On October 1, 2013, the Company announced that it had received, as of 5:00 p.m., New York City time, on September 30, 2013, the requisite consents to amend the Secured Notes Indenture and accordingly entered into a Third Supplemental Indenture dated as of October 1, 2013 (the Third Supplemental Indenture) to the Secured Notes Indenture with U.S. Bank National Association, as trustee for the 10.50% Notes. The Third Supplemental Indenture, among other things, eliminates most of the restrictive covenants and certain event of default provisions in the Secured Notes Indenture.

A copy of the Third Supplemental Indenture is filed as Exhibit 4.1 hereto and is incorporated herein by reference. The above description of the Third Supplemental Indenture contained herein is qualified in its entirety by the full text of such exhibit.

Issuance and Sale of Senior Notes

On October 1, 2013, the Company successfully completed the issuance and sale of \$300.0 million aggregate principal amount of 7.50% Senior Notes due 2021 (the Notes). The Company's obligations under the Notes are jointly and severally, fully and unconditionally guaranteed (the Guarantees), on a senior unsecured basis, by substantially all of the Company's current and future domestic restricted subsidiaries and any other restricted subsidiary that incurs or guarantees indebtedness under a credit facility (collectively, the Guarantors, and together with the Company, the Issuers), including the Company's existing amended revolving credit facility.

The Notes and Guarantees were offered and sold in private transactions in accordance with Rule 144A and Regulation S under the Securities Act of 1933, as amended (the Securities Act). The Notes and Guarantees have not been registered under the Securities Act or applicable state securities laws and may not be offered or sold in the United States absent registration or an applicable exemption from the registration requirements of the Securities Act and applicable state laws.

The Company received net proceeds from the Notes offering of approximately \$294.5 million, after deducting the initial purchasers' discount and estimated offering expenses. The Company is using the net proceeds, together with cash on hand, to fund the Tender Offer and consent solicitation for its 10.50% Notes and to redeem any of the 10.50% Notes not purchased in the Tender Offer.

The Notes and the Guarantees (collectively, the Securities) were issued pursuant to an indenture (the Indenture), dated October 1, 2013, by and between the Issuers and U.S. Bank National Association, as trustee (the Trustee). The Notes accrue interest from October 1, 2013 at a rate of 7.50% per year. Interest on the Notes is payable semi-annually in arrears on April 1 and October 1 of each year, beginning April 1, 2014. The Notes mature on October 1, 2021.

The Company, at its option, may redeem all or part of the Notes, at any time prior to October 1, 2016, at a price equal to 100% of the aggregate principal amount of the Notes to be redeemed, plus the Applicable Premium as of, and accrued and unpaid interest, if any, to, the applicable redemption date. Applicable Premium means, with respect to any Note on any applicable redemption date, the greater of:

- (1) 1.0% of the principal amount of such Note, and

(2) the excess, if any, of:

(a) the present value at such redemption date of (i) the redemption price of such Note at October 1, 2016 (105.625%) plus (ii) all required interest payments (excluding accrued and unpaid interest to such redemption date) due on such Note through October 1, 2016, computed using a discount rate equal to the Treasury Rate as of such redemption date plus 50 basis points; over

(b) the principal amount of such Note.

On or after October 1, 2016, the Company may redeem all or part of the Notes at the redemption prices set forth below, together with accrued and unpaid interest, if any, to the redemption date, if redeemed during the 12-month period beginning October 1 of the years indicated:

Year	Optional Redemption Price
2016	105.625%
2017	103.750%
2018	101.875%
2019 and thereafter	100.000%

At any time prior to October 1, 2016, the Company, at its option, may redeem up to 35% of the Notes with the net cash proceeds from one or more equity offerings at a redemption price equal to 107.50% of the principal amount of the Notes to be redeemed, plus accrued and unpaid interest, if any, to the date of redemption, as long as:

at least 65.0% of the aggregate principal amount of the Notes originally issued remains outstanding immediately after giving effect to any such redemption; and

the redemption occurs not more than 180 days after the date of the closing of the equity offering.

If the Company experiences certain kinds of changes of control, holders of the Notes will be entitled to require the Company to purchase all or any portion of the Notes for a cash price equal to 101.0% of the principal amount of the Notes, plus accrued and unpaid interest, if any, to the date of purchase. Upon an event of default under the Indenture, the Trustee or the holders of at least 25% in aggregate principal amount of the Notes then outstanding may declare all amounts owing under the Notes to be due and payable.

Certain affiliates of the initial purchasers of the Notes are lenders under the Company's existing revolving credit facility and, accordingly, will receive a portion of the net proceeds from this offering.

The foregoing description of the Indenture is qualified in its entirety by reference to the full text of the Indenture, a copy of which is filed as Exhibit 4.2 to this current report on Form 8-K and is incorporated herein by reference.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

The information included in Item 1.01 of this Current Report on Form 8-K under the caption *Issuance and Sale of Senior Notes* is incorporated by reference into this Item 2.03 of this Current Report on Form 8-K.

Item 7.01 Regulation FD Disclosure.

On October 1, 2013, the Company issued a press release announcing that it had received the requisite consents for the Tender Offer and consent solicitation for its 10.50% Notes. A copy of the press release is being furnished as Exhibit 99.1 hereto and is incorporated herein by reference.

The information furnished pursuant to Item 7.01, including Exhibit 99.1, shall not be deemed to be filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, is not subject to the liabilities of that section and is not deemed incorporated by reference in any filing by the Company under the Securities Act unless specifically identified therein as being incorporated therein by reference.

Item 8.01 Other Events.

Following the consent expiration of the previously announced Tender Offer by the Company and pursuant to the Secured Notes Indenture, as supplemented to date, the Company elected to redeem all 10.50% Notes that were not tendered in the Tender Offer and that remain outstanding on November 4, 2013 (the Redeemed Notes), and the Company instructed the trustee to provide the requisite notice of redemption to holders of the Redeemed Notes on October 2, 2013.

The Company expects to complete the redemption of all of the Redeemed Notes on November 4, 2013 (the Redemption Date). The redemption price for the Redeemed Notes is 105.25%, or \$1,052.50 per \$1,000.00, of the principal amount of the Redeemed Notes, plus accrued and unpaid interest (the Redemption Price), resulting in a payment of approximately \$48.8 million. Following the payment of the Redemption Price on the Redemption Date, there will be no Redeemed Notes outstanding.

Item 9.01 Financial Statements and Exhibits.

(d) Exhibits.

Exhibit Number	Description
4.1	Third Supplemental Indenture dated as of October 1, 2013 to Indenture dated as of October 20, 2009, by and among Hercules Offshore, Inc., the Guarantors named therein and U.S. Bank National Association as Trustee.
