Item 1.01. Entry into Material Definitive Agreement.

On April 15, 2014, Milestone Scientific Inc. (the Company) and BP4 S.p.A., an Italian corporation controlled by Innovest S.p.A.(BP4), entered into an Investment Agreement pursuant to which BP4 or designated affiliates would purchase 2,000,000 shares of the Company s common stock at \$1.50 per share and 7,000 shares of the Company s Series A Convertible Preferred Stock (the Series A Shares) at \$1,000 per share, all subject to satisfaction of various closing conditions including a financing condition under which the Investment Agreement is null and void without liability for any purchaser unless \$10 million has been raised and the transaction closed by May 15, 2014. The Series A Shares are convertible into common stock at \$2.545 per share, or upon the expiration of five (5) years at \$1.50 per share if certain conditions are not met, both subject to various anti-dilution adjustments. Generally the Series A Shares vote together with the Common Stock as one class with the Series A Shares having a total number of votes equal to the number of shares of Common Stock into which they are then convertible at a conversion price of \$2.545 per share.

The foregoing description of the Investment Agreement does not purport to be complete and is qualified in its entirety by reference to the full text of the Investment Agreement filed as Exhibit 10.1 to this Current Report on Form 8-K.
