SUMMARY

This summary contains basic information about us, the notes and this offering. Because this is a summary, it does not contain all of the information you should consider before making a decision to invest in the notes. You should carefully read this summary together with the more detailed information and financial statements and notes thereto contained or incorporated by reference in this prospectus supplement and the accompanying prospectus.

The Operating Partnership and the Company

We are a fully integrated, self-managed and self-administered equity real estate investment trust, or REIT, with expertise in the acquisition, design, financing, development, construction management, leasing and management of student housing properties. Through our controlling interest in the Operating Partnership, we are one of the largest owners, managers and developers of high quality student housing properties in the United States in terms of beds owned and under management. As of March 31, 2014, our property portfolio contained 168 properties with approximately 102,600 beds in approximately 33,500 apartment units. As of March 31, 2014, our property portfolio consisted of 144 owned off-campus properties that are in close proximity to colleges and universities, 18 American Campus Equity (ACE®) properties operated under ground/facility leases with eight university systems, five on-campus participating properties operated under ground/facility leases with the related university systems and one property containing a hotel which we plan to redevelop into a new student housing facility. Of the 168 properties, as of March 31, 2014, we had under development ten properties, which, when completed, will contain a total of approximately 6,800 beds in approximately 2,100 units. Our communities contain modern housing units and are supported by a resident assistant system and other student-oriented programming, with many offering resort-style amenities. Through one of our taxable REIT subsidiaries, we also provide construction management and development services, primarily for student housing properties owned by colleges and universities, charitable foundations, and others.

As of March 31, 2014, we provided third-party management and leasing services for 33 properties that represented approximately 25,400 beds in approximately 10,200 units. Third-party management and leasing services are typically provided pursuant to management contracts that have initial terms that range from one to five years. As of March 31, 2014 our total owned and third-party managed portfolio was comprised of 201 properties with approximately 128,000 beds in approximately 43,700 units.

The Operating Partnership is a subsidiary of the Company. The general partner of the Operating Partnership is American Campus Communities Holdings, LLC (ACC Holdings), which is a wholly-owned subsidiary of the Company. As of March 31, 2014, ACC Holdings held an ownership interest in the Operating Partnership of less than 1%. The limited partners of the Operating Partnership are the Company and other limited partners consisting of current and former members of management and nonaffiliated third parties. As of March 31, 2014, the Company owned an approximate 98.7% limited partnership interest in the Operating Partnership. As the sole member of ACC Holdings, which is the sole general partner of the Operating Partnership, the Company has exclusive control of the Operating Partnership s day-to-day management. Management operates the Company and the Operating Partnership as one business. The management of the Company consists of the same members as the management of the Operating Partnership. The Company consolidates the Operating Partnership for financial reporting purposes, and the Company does not have any significant assets other than its investment in the Operating Partnership. Therefore, the assets and liabilities of the Company and the Operating Partnership are the same on their respective financial statements.

Our executive offices are located at 12700 Hill Country Blvd., Suite T-200, Austin, Texas 78738, and our telephone number is (512) 732-1000.

Certain Covenants	Various covenants will apply to the notes, including the following: We may not, in general, incur Indebtedness if the new Indebtedness would cause the aggregate principal amount of our total Indebtedness, excluding Intercompany Indebtedness, to be more than 60% of our Total Assets and certain other assets. We may not incur Secured Debt if the new Secured Debt would cause our total Secured Debt to be more than 40% of our Total Assets and certain other assets. All investments by us in unconsolidated joint ventures, unconsolidated limited partnerships, unconsolidated limited liability companies and other nonconsolidated entities will be excluded from Total Unencumbered Assets to the extent that such investments would have otherwise been included. We may not incur Indebtedness if the new Indebtedness would cause our ratio of Consolidated Income Available for Debt Service to Interest Expense for our most recently completed four fiscal quarters to be less than 1.5 to 1, determined on a pro forma basis, subject to certain assumptions. We may not consummate a merger, consolidation or sale of all or substantially all of our assets. These covenants are subject to a number of important exceptions and qualifications. As of March 31, 2014, the Operating Partnership s subsidiaries had $1,363.1 million of total liabilities (excluding unamortized debt premiums and discounts, intercompany debt, guarantees of debt of the Operating Partnership, accrued expenses and trade payables) and no preferred equity of such subsidiaries was outstanding.

RISK FACTORS

In addition to other information contained or incorporated by reference in this prospectus supplement, the accompanying prospectus and any free writing prospectus issued by us, you should carefully consider the risks described below and incorporated herein and therein by reference from our Annual Report on Form 10-K for the year ended December 31, 2013 and other subsequent filings of the Company and the Operating Partnership under the Securities Exchange Act of 1934, as amended, or the Exchange Act, before making a decision to invest in the notes. These risks are not the only ones faced by us. Additional risks not presently known to us or that we currently deem immaterial could also materially and adversely affect our business, financial condition, liquidity, results of operations and prospects. The trading price of the notes could decline due to any of these risks, and you may lose all or part of your investment. This prospectus supplement, the accompanying prospectus and the documents incorporated herein and therein by reference also contain forward-looking statements that involve risks and uncertainties. Actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the risks faced by us described below and elsewhere in this prospectus supplement, the accompanying prospectus and the documents incorporated herein and therein by reference. Please refer to the section below entitled Forward-Looking Statements in this prospectus supplement.

Risks Related to this Offering

Our substantial indebtedness could materially and adversely affect us and the ability of the Operating Partnership to meet its debt service obligations under the notes.

As of March 31, 2014, the Operating Partnership s total consolidated indebtedness was approximately $2,721.3 million (excluding unamortized debt premiums and discounts). We have a $500 million unsecured revolving credit facility, under which approximately $228.3 million was available at March 31, 2014.

Our level of indebtedness and the limitations imposed on us by our debt agreements could have significant adverse consequences to holders of the notes, including the following:

- our cash flow may be insufficient to meet our debt service obligations with respect to the notes and our other indebtedness, which would enable the lenders and other debtholders to accelerate the maturity of their indebtedness, or be insufficient to fund other important business uses after meeting such obligations;
- we may be unable to borrow additional funds as needed or on favorable terms;
- we may be unable to refinance our indebtedness at maturity or earlier acceleration, if applicable, or the refinancing terms may be less favorable than the terms of our original indebtedness or otherwise be generally unfavorable;
- because a significant portion of our debt bears interest at variable rates, increases in interest rates could materially increase our interest expense;
- we may be forced to dispose of one or more of our properties, possibly on disadvantageous terms;
- we may default on our secured indebtedness and the lenders may foreclose on our properties or our interests in the entities that own the properties that secure such indebtedness and receive an assignment of rents and leases; and
- we may violate restrictive covenants in our debt agreements, which would entitle the lenders and other debtholders to accelerate the maturity of their indebtedness.

If any one of these events were to occur, our business, financial condition, liquidity, results of operations and prospects, as well as the Operating Partnership s ability to satisfy its obligations with respect to the notes, could be materially and adversely affected. Furthermore, foreclosures could create taxable income without accompanying cash proceeds, a circumstance which could hinder the Company s ability to meet the REIT distribution requirements imposed by the Internal Revenue Code of 1986, as amended, or the Code.

Table of Contents

The effective subordination of the notes may limit the Operating Partnership s ability to meet its debt service obligations under the notes.

The notes will be senior unsecured indebtedness of the Operating Partnership and will rank equally in right of payment with all of the Operating Partnership s other senior unsecured indebtedness. However, the notes will be effectively subordinated in right of payment to all of the secured indebtedness of the Operating Partnership to the extent of the value of the collateral securing such indebtedness. While the indenture governing the notes will limit our ability to incur additional secured indebtedness in the future, it will not prohibit us from incurring such indebtedness if we are in compliance with certain financial ratios and other requirements at the time of its incurrence. In the event of a bankruptcy, liquidation, dissolution, reorganization or similar proceeding with respect to us, the holders of any secured indebtedness will be entitled to proceed directly against the collateral that secures the secured indebtedness. Therefore, such collateral will not be available for satisfaction of any amounts owed under our unsecured indebtedness, including the notes, until such secured indebtedness is satisfied in full. As of March 31, 2014, the Operating Partnership had approximately $87.8 million of secured indebtedness.

The notes also will be effectively subordinated to all liabilities, whether secured or unsecured, and any preferred equity of the subsidiaries of the Operating Partnership. In the event of a bankruptcy, liquidation, dissolution, reorganization or similar proceeding with respect to any such subsidiary, the Operating Partnership, as a common equity owner of such subsidiary, and therefore holders of our debt, including the notes, will be subject to the prior claims of such subsidiary s creditors, including trade creditors, and preferred equity holders. As of March 31, 2014, the Operating Partnership s subsidiaries had $1,363.1 million of total liabilities (excluding unamortized debt premiums and discounts, intercompany debt, guarantees of debt of the Operating Partnership, accrued expenses and trade payables) and no preferred equity of such subsidiaries was outstanding. Furthermore, while the indenture governing the notes will limit the ability of our subsidiaries to incur additional unsecured indebtedness in the future, it will not prohibit our subsidiaries from incurring such indebtedness if such subsidiaries are in compliance with certain financial ratios and other requirements at the time of its incurrence.

We may not be able to generate sufficient cash flow to meet our debt service obligations.

Our ability to meet our debt service obligations on, and to refinance, our indebtedness, including the notes, and to fund our operations, working capital, acquisitions, capital expenditures and other important business uses, depends on our ability to generate sufficient cash flow in the future. To a certain extent, our cash flow is subject to general economic, industry, financial, competitive, operating, legislative, regulatory and other factors, many of which are beyond our control.

We cannot assure you that our business will generate sufficient cash flow from operations or that future sources of cash will be available to us in an amount sufficient to enable us to meet our debt service obligations on our indebtedness, including the notes, or to fund our other important business uses. Additionally, if we incur additional indebtedness in connection with future acquisitions or development projects or for any other purpose, our debt service obligations could increase significantly and our ability to meet those obligations could depend, in large part, on the returns from such acquisitions or projects, as to which no assurance can be given.

We may need to refinance all or a portion of our indebtedness, including the notes, at or prior to maturity. Our ability to refinance our indebtedness or obtain additional financing will depend on, among other things:

- our financial condition, liquidity, results of operations and prospects and market conditions at the time; and
- restrictions in the agreements governing our indebtedness.

As a result, we may not be able to refinance any of our indebtedness, including the notes, on favorable terms, or at all.

If we do not generate sufficient cash flow from operations, and additional borrowings or refinancings are not available to us, we may be unable to meet all of our debt service obligations, including payments on the notes. As a result, we would be forced to take other actions to meet those obligations, such as selling properties, raising equity or delaying capital expenditures, any of which could have a material adverse effect on us. Furthermore, we cannot assure you that we will be able to effect any of these actions on favorable terms, or at all.

Table of Contents

Despite our substantial outstanding indebtedness, we may still incur significantly more indebtedness in the future, which would exacerbate any or all of the risks described above.

We may be able to incur substantial additional indebtedness in the future. Although the agreements governing our revolving credit facility and certain other indebtedness do, and the indenture governing the notes will, limit our ability to incur additional indebtedness, these restrictions are subject to a number of qualifications and exceptions and, under certain circumstances, debt incurred in compliance with these restrictions could be substantial. To the extent that we incur substantial additional indebtedness in the future, the risks associated with our substantial leverage described above, including our inability to meet our debt service obligations, would be exacerbated.

The Company has no significant operations, other than as the sole member of the sole general partner of the Operating Partnership, and no significant assets, other than its investment in the Operating Partnership.

The notes will be fully and unconditionally guaranteed by the Company. However, the Company has no significant operations, other than as the sole member of the sole general partner of the Operating Partnership, and no significant assets, other than its investment in the Operating Partnership. Furthermore, the Company s guarantee of the notes will be effectively subordinated in right of payment to all liabilities, whether secured or unsecured, and any preferred equity of its subsidiaries (including the Operating Partnership and any entity the Company accounts for under the equity method of accounting). As of March 31, 2014, the Company s subsidiaries had $2,721.3 million of total liabilities (excluding unamortized debt premiums and discounts, intercompany debt, guarantees of debt of the Operating Partnership, accrued expenses and trade payables) and no preferred equity of such subsidiaries was outstanding.

Federal and state statutes allow courts, under specific circumstances, to void guarantees and require holders of indebtedness and lenders to return payments received from guarantors.

Under the federal bankruptcy law and comparable provisions of state fraudulent transfer laws, a guarantee, such as the guarantee provided by the Company, could be voided, and payment thereon could be required to be returned to the guarantor or to a fund for the benefit of the creditors of the guarantor, if, among other things, the guarantor, at the time it incurred the indebtedness evidenced by its guarantee (i) received less than reasonably equivalent value or fair consideration for the incurrence of the guarantee and (ii) one of the following was true:

- the guarantor was insolvent or rendered insolvent by reason of the incurrence of the guarantee;
- the guarantor was engaged in a business or transaction for which the guarantor s remaining assets constituted unreasonably small capital; or
- the guarantor intended to incur, or believed that it would incur, debts beyond its ability to pay those debts as they mature.

The measures of insolvency for purposes of these fraudulent transfer laws will vary depending upon the law applied in any proceeding to determine whether a fraudulent transfer has occurred. Generally, however, a guarantor would be considered insolvent if:

- the sum of its debts, including contingent liabilities, was greater than the fair saleable value of all of its assets;
- the present fair saleable value of its assets was less than the amount that would be required to pay its probable liability on its existing debts, including contingent liabilities, as they became absolute and mature; or
- it could not pay its debts as they become due.

Table of Contents

The court might also void such guarantee, without regard to the above factors, if it found that a guarantor entered into its guarantee with actual intent to hinder, delay, or defraud its creditors.

A court would likely find that a guarantor did not receive reasonably equivalent value or fair consideration for its guarantee unless it benefited directly or indirectly from the issuance or incurrence of such indebtedness. If a court voided such guarantee, holders of the indebtedness and lenders would no longer have a claim against such guarantor or the benefit of the assets of such guarantor constituting collateral that purportedly secured such guarantee. In addition, the court might direct holders of the indebtedness and lenders to repay any amounts already received from a guarantor.

In addition, any claims in respect of a guarantee could be subordinated to all other debts of that guarantor under principles of equitable subordination, which generally require that the claimant must have engaged in some type of inequitable conduct; the misconduct must have resulted in injury to the creditors of the debtor or conferred an unfair advantage on the claimant; and equitable subordination must not be inconsistent with other provisions of the U.S. Bankruptcy Code.

The indenture governing the notes will contain restrictive covenants that restrict our ability to expand or fully pursue our business strategies.

The indenture governing the notes will contain financial and operating covenants that, among other things, will restrict our ability to take specific actions, even if we believe them to be in our best interest, including restrictions on our ability to:

- consummate a merger, consolidation or sale of all or substantially all of our assets; and
- incur secured and unsecured indebtedness.

In addition, our revolving credit facility and certain other debt agreements require us to meet specified financial ratios and the indenture governing the notes will require us to maintain at all times a specified ratio of unencumbered assets to unsecured debt. These covenants may restrict our ability to expand or fully pursue our business strategies. Our ability to comply with these and other provisions of the indenture governing the notes, our revolving credit facility and certain other debt agreements may be affected by changes in our operating and financial performance, changes in general business and economic conditions, adverse regulatory developments or other events beyond our control. The breach of any of these covenants could result in a default under our indebtedness, which could result in the acceleration of the maturity of such indebtedness. If any of our indebtedness is accelerated prior to maturity, we may not be able to repay such indebtedness or refinance such indebtedness on favorable terms, or at all.

There is no prior public market for the notes, so if an active trading market does not develop or is not maintained for the notes you may not be able to resell them on favorable terms when desired, or at all.

Prior to this offering, there was no public market for the notes and we cannot assure you that an active trading market will ever develop for the notes or, if one develops, will be maintained. Furthermore, we do not intend to apply for listing of the notes on any securities exchange or for quotation of the notes on any automated dealer quotation system. The underwriters have informed us that they currently intend to make a market in the notes after this offering is completed. However, the underwriters may cease their market making at any time without notice to or the consent of existing noteholders. The lack of a trading market could adversely affect your ability to sell the notes when desired, or at all, and the price at which you may be able to sell the notes. The liquidity of the trading market, if any, and future trading prices of the notes will depend on many factors, including, among other things, prevailing interest rates, our financial condition, liquidity, results of operations and prospects, the market for similar securities and the overall securities market, and may be adversely affected by unfavorable changes in these factors. It is possible that the market for the notes will be subject to disruptions which may have a negative effect on the holders of the notes, regardless of our financial condition, liquidity, results of operations or prospects.

RATIOS OF EARNINGS TO FIXED CHARGES

The ratio of earnings to fixed charges for each of the last five fiscal years and the three months ended March 31, 2014 are presented below. We computed our ratios of earnings to fixed charges by dividing earnings by fixed charges. For these purposes, earnings have been calculated by adding fixed charges to income from continuing operations before income taxes. Fixed charges consist of interest costs, the interest portion of rental expense, other than on capital leases, estimated to represent the interest factor in this rental expense, the amortization of debt premiums and discounts, deferred financing charges and preferred distributions of subsidiaries.

Three months ended March 31,	Year ended December 31,				
2014	2013	2012	2011	2010	2009
1.96	1.40	1.54	1.44	1.27	.97[(a)]

(a) The earnings were inadequate to cover fixed charges by approximately $2.1 million for the year ended December 31, 2009.

USE OF PROCEEDS

The net proceeds from the sale of the notes are estimated to be approximately $395.3 million after deducting the underwriting discount and our estimated offering expenses. The Operating Partnership intends to use the net proceeds to repay the outstanding balance of our revolving credit facility, to fund our current development pipeline and potential acquisitions of student housing properties and for general business purposes.

Our revolving credit facility bears interest at a variable rate, determined, at our option, based upon a base rate or one-, two-, three- or six-month LIBOR, plus, in each case, a spread based upon our credit rating from either Moody s Investors Service, Inc. or Standard & Poor s Ratings Services. As of June 16, 2014, the balance outstanding on our revolving credit facility totaled $333.0 million and bore interest at a weighted average annual rate of 1.71%. Our revolving credit facility will mature on March 1, 2018 and can be extended for one year at our option, subject to the satisfaction of certain conditions.

Pending application of any portion of the net proceeds, we may invest it in interest-bearing accounts and short-term, interest-bearing securities as is consistent with our intention to maintain the Company s qualification for taxation as a REIT. Such investments may include, for example, obligations of the Government National Mortgage Association, other government and governmental agency securities, certificates of deposit and interest-bearing bank deposits.

Affiliates of certain of the underwriters are lenders under our revolving credit facility and will receive their pro rata portions of any amounts repaid under our revolving credit facility. See Underwriting Conflicts of Interest.

DESCRIPTION OF THE NOTES AND GUARANTEE

The following description of the particular terms of the notes and related guarantee supplements, and, to the extent inconsistent, replaces, the description in the accompanying prospectus of the general terms and provisions of the debt securities and related guarantee, to which description reference is hereby made. The following summary of certain provisions of the notes, the related guarantee and the indenture does not purport to be complete and is qualified in its entirety by reference to the actual provisions of the notes, the related guarantee and the indenture. Certain terms used but not defined herein shall have the meanings given to them in the accompanying prospectus, the indenture, the notes or the related guarantee, as the case may be. As used in this section, the Company refers to American Campus Communities, Inc. and the terms we, us, our or the Operating Partnership refer only to American Campus Communities Operating Partnership LP and not to any of its subsidiaries or the Company.

General

The notes will be issued pursuant to an indenture, dated as of April 2, 2013, as supplemented by the First Supplemental Indenture, dated as of April 2, 2013 (together, the indenture), among the Operating Partnership, the Company, as guarantor, and U.S. Bank National Association, as trustee. You may request copies of the indenture and the form of the notes from us.

The notes will be our senior unsecured indebtedness and will rank equally in right of payment with each other and with all of our other senior unsecured indebtedness. However, the notes will be effectively subordinated in right of payment to our mortgages and other secured indebtedness (to the extent of the value of the collateral securing the same) and to all preferred equity and liabilities, whether secured or unsecured, of our subsidiaries. As of March 31, 2014, we had outstanding $1,358.2 million of indebtedness, of which $1,270.4 million was senior unsecured indebtedness and $87.8 million was secured indebtedness, and our subsidiaries had $1,363.1 million of total liabilities (excluding unamortized debt premiums and discounts, intercompany debt, guarantees of our debt, accrued expenses and trade payables), and no preferred equity of such subsidiaries was outstanding. See Risk Factors Risks Related to this Offering Our substantial indebtedness could materially and adversely affect us and the ability of the Operating Partnership to meet its debt service obligations under the notes and Risk Factors Risks Related to this Offering The effective subordination of the notes may limit the Operating Partnership s ability to meet its debt service obligations under the notes.

The notes will initially be limited to an aggregate principal amount of $400.0 million. We may, from time to time, without notice to or the consent of the holders of the notes, increase the principal amount of this series of notes under the indenture and issue such additional debt securities, in which case any additional debt securities so issued will have the same form and terms (other than the date of issuance and, under certain circumstances, the date from which interest thereon will begin to accrue), and will carry the same right to receive accrued and unpaid interest, as the notes, and such additional debt securities will form a single series with the notes.

The notes will be issued only in fully registered, book-entry form, in denominations of $2,000 and integral multiples of $1,000 in excess thereof, except under the limited circumstances described below under Book Entry System in this prospectus supplement. The holder of a note will be treated as its owner for all purposes.

If any interest payment date, stated maturity date or redemption date is not a New York business day, the payment otherwise required to be made on such date may be made on the next New York business day without any additional payment as a result of such delay. All payments will be made in U.S. dollars.

The terms of the notes provide that we are permitted to withhold from interest payments and payments upon a redemption or maturity of the notes any amounts we are required to withhold by law. For example, non-United States holders of notes may, under some circumstances, be subject to U.S. federal withholding tax with respect to payments of interest on the notes. See Federal Income Tax Considerations and Consequences of Your Investment Taxation of Debt Securities Non-U.S. Holders in the accompanying prospectus.

Table of Contents

Except as described in this prospectus supplement under the headings Certain Covenants and Merger, Consolidation and Transfer of Assets, the indenture will not contain any provisions that would limit our ability to incur indebtedness or that would afford you protection in the event of:

- a highly leveraged or similar transaction involving us or any of our affiliates;
- a change of control; or
- a reorganization, restructuring, merger or similar transaction involving us or the Company that may adversely affect you.

We or one of our affiliates may, to the extent permitted by applicable law, at any time purchase notes in the open market, by tender at any price or by private agreement. Any notes so repurchased may not be reissued or resold and will be canceled promptly.

Guarantee

The Company will fully and unconditionally guarantee our obligations under the notes on a direct, unsecured and unsubordinated basis, including the due and punctual payment of principal of, and premium, if any, and interest on, the notes, whether at stated maturity, upon redemption or repurchase, by acceleration or otherwise. The obligations of the Company under the Guarantee will rank equally with all other present or future direct, unsecured and unsubordinated obligations of the Company. However, the Company has no significant operations, other than as the sole member of the sole general partner of the Operating Partnership, and no significant assets, other than its investment in the Operating Partnership. Furthermore, the Company s guarantee of the notes will be effectively subordinated in right of payment to all liabilities, whether secured or unsecured, and any preferred equity of its subsidiaries (including the Operating Partnership and any entity the Company accounts for under the equity method of accounting). As of March 31, 2014, the Company s subsidiaries had $2,721.3 million of total liabilities (excluding unamortized debt premiums and discounts, intercompany debt, guarantees of debt of the Operating Partnership, accrued expenses and trade payables) and no preferred equity of such subsidiaries was outstanding.

Interest

Interest on the notes will accrue at the rate of 4.125% per year from and including June 24, 2014 or the most recent interest payment date to which interest has been paid or provided for, and will be payable semiannually in arrears on January 1 and July 1 of each year, beginning on January 1, 2015. The interest so payable will be paid to each holder in whose name a note is registered at the close of business on the December 15 or June 15 (whether or not a New York business day) immediately preceding the applicable interest payment date. Interest on the notes will be computed on the basis of a 360-day year consisting of twelve 30-day months.

If we redeem the notes in accordance with their terms, we will pay unpaid interest thereon accrued to, but not including, such redemption date to the holder that surrenders such notes for redemption. However, if a redemption falls after a record date and on or prior to the corresponding interest payment date, we will pay all unpaid interest accrued thereon to the holder of record at the close of business on such record date.

Maturity

The notes will mature on July 1, 2024 and will be paid against presentation and surrender thereof at the corporate trust office of the trustee, unless earlier redeemed by us at our option, as described under Optional Redemption at Our Election below. The notes will not be entitled to the benefits of, or be subject to, any sinking fund.

Table of Contents

Optional Redemption at Our Election

We may, at our option, redeem the notes, in whole at any time or in part from time to time, in each case prior to April 1, 2024 (three months prior to the stated maturity date of the notes), at a redemption price equal to the greater of (1) 100% of the principal amount of the notes to be redeemed or (2) the sum of the present values of the remaining scheduled payments of principal of and interest on the notes to be redeemed that would be due after the related redemption date but for such redemption (except that, if such redemption date is not an interest payment date, the amount of the next succeeding scheduled interest payment will be reduced by the amount of unpaid interest accrued thereon to, but not including, such redemption date), discounted to such redemption date on a semiannual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate plus 25 basis points, plus in each case unpaid interest, if any, accrued to, but not including, such redemption date. In addition, at any time on or after April 1, 2024 (three months prior to the stated maturity date of the notes), we may, at our option, redeem the notes, in whole at any time or in part from time to time, at a redemption price equal to 100% of the principal amount of the notes to be redeemed plus unpaid interest, if any, accrued to, but not including, the related redemption date. Notwithstanding the foregoing, interest will be payable to holders of the notes on the record date applicable to an interest payment date falling on or before a date of redemption.

Comparable Treasury Issue means the United States Treasury security or securities selected by an Independent Investment Banker as having an actual or interpolated maturity comparable to the remaining term of the notes that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the notes.

Comparable Treasury Price means, with respect to any redemption date, (1) the average of three Reference Treasury Dealer Quotations for such redemption date, after excluding the highest and lowest of five Reference Treasury Dealer Quotations obtained, or (2) if we obtain fewer than five such Reference Treasury Dealer Quotations, the average of all Reference Treasury Dealer Quotations obtained.

Independent Investment Banker means one of the Reference Treasury Dealers appointed by us.

Reference Treasury Dealer means: (i) Deutsche Bank Securities Inc., J.P. Morgan Securities LLC and Wells Fargo Securities, LLC (or an affiliate of any of the foregoing that is a Primary Treasury Dealer); provided, however, that if any of the foregoing shall cease to be a primary U.S. Government securities dealer in the United States (a Primary Treasury Dealer), we will substitute therefor another Primary Treasury Dealer; and (ii) any two other Primary Treasury Dealers selected by us.

Reference Treasury Dealer Quotations means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by us, of the bid and asked prices for the Comparable Treasury Issue (expressed as a percentage of its principal amount) quoted in writing to us (and provided to the trustee) by such Reference Treasury Dealer as of 3:30 p.m., New York City time, on the third New York business day immediately preceding such redemption date.

Treasury Rate means, with respect to any redemption date, the rate per annum equal to the semiannual equivalent yield to maturity (computed as of the third New York business day immediately preceding such redemption date) of the Comparable Treasury Issue, assuming a price for such Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such redemption date.

In order to exercise our right of optional redemption, we (or, at our request, the trustee on our behalf) must deliver a notice of redemption to each holder of notes to be redeemed at least 15 days but not more than 45 days prior to the redemption date. Such notice of redemption shall specify the principal amount of notes to be redeemed, the CUSIP and ISIN numbers of the notes to be redeemed, the redemption date, the redemption price, the place or places of payment and that payment will be made upon presentation and surrender of such notes. Once notice of redemption is delivered to holders, the notes called for redemption will become due and payable on the redemption date at the redemption price. On or before 10:00 a.m., New York City time, on the redemption date, we will deposit with the trustee or with one or more paying agents an amount of money sufficient to redeem on the redemption date all the notes so called for redemption at the redemption price. Unless we default in payment of the redemption price, commencing on the redemption date interest on notes called for redemption will cease to accrue and holders of such notes will have no rights with respect to such notes except the right to receive the redemption price.

Table of Contents

If fewer than all of the notes are being redeemed, the trustee will select the notes to be redeemed pro rata, by lot or by any other method the trustee in its sole discretion deems fair and appropriate, in accordance with methods generally used at the time of selection by fiduciaries in similar circumstances. Upon surrender of any note redeemed in part, the holder will receive a new note equal in principal amount to the unredeemed portion of the surrendered note.

In addition, we may at any time purchase notes by tender, in the open market or by private agreement, subject to applicable law.

Certain Covenants

Limitation on Indebtedness. We will not, and will not permit any of our Subsidiaries to, Incur any Indebtedness, other than Intercompany Indebtedness and guarantees of Indebtedness Incurred by us or any of our Subsidiaries in compliance with the indenture, if, immediately after giving effect to the Incurrence of such Indebtedness and the application of the proceeds thereof, the aggregate principal amount of our and our Consolidated Subsidiaries outstanding Indebtedness, excluding Intercompany Indebtedness, would be greater than 60% of the sum of, without duplication:

Total Assets as of the end of the fiscal quarter covered in our annual or quarterly report most recently furnished to holders of the notes or filed with the SEC, as the case may be; and

the purchase price of any real estate assets or mortgages receivable acquired, and the amount of any securities offering proceeds received (to the extent that such proceeds were not used to acquire real estate assets or mortgages receivable or used to reduce Indebtedness), by us or any of our Subsidiaries since the end of the relevant fiscal quarter, including those proceeds obtained in connection with the incurrence of such additional Indebtedness.

Limitation on Secured Debt. In addition to the preceding limitation on the Incurrence of Indebtedness, we will not, and will not permit any of our Subsidiaries to, Incur any Secured Debt, other than guarantees of Secured Debt Incurred by us or any of our Subsidiaries in compliance with the indenture, if, immediately after giving effect to the Incurrence of such Secured Debt and the application of the proceeds thereof, the aggregate principal amount of Secured Debt would be greater than 40% of the sum of, without duplication:

Total Assets as of the end of the fiscal quarter covered in our annual or quarterly report most recently furnished to holders of the notes or filed with the SEC, as the case may be; and

the purchase price of any real estate assets or mortgages receivable acquired, and the amount of any securities offering proceeds received (to the extent that such proceeds were not used to acquire real estate assets or mortgages receivable or used to reduce Indebtedness), by us or any of our Subsidiaries since the end of the relevant fiscal quarter, including those proceeds obtained in connection with the incurrence of such additional Indebtedness.

Maintenance of Unencumbered Assets. We will, and will cause our Subsidiaries to, have at all times Total Unencumbered Assets of not less than 150% of our total Unsecured Debt determined on a consolidated basis in accordance with GAAP.

Debt Service Test. In addition to the preceding limitations on the Incurrence of Indebtedness, we will not, and will not permit any of our Subsidiaries to, Incur any Indebtedness, other than Intercompany Indebtedness and guarantees of Indebtedness Incurred by us or any of our Subsidiaries in accordance with the indenture, if the ratio of Consolidated Income Available for Debt Service to Interest Expense for the period consisting of the four consecutive fiscal quarters most recently ended prior to the date on which the additional Indebtedness is to be incurred shall have been less than 1.5:1 on a pro forma basis after giving effect to the incurrence of that Indebtedness and the application of the proceeds therefrom, and calculated on the following assumptions:

Table of Contents

such Indebtedness and any other Indebtedness Incurred by us and our Subsidiaries since the first day of the relevant four-quarter period and the application of the proceeds therefrom, including to refinance other Indebtedness, had occurred on the first day of such period;

the repayment or retirement of any Indebtedness (other than Indebtedness repaid or retired with the proceeds of any other Indebtedness, which repayment or retirement shall be calculated pursuant to the preceding bullet and not this bullet) by us and our Subsidiaries since the first day of the relevant four-quarter period had been repaid or retired on the first day of such period (except that, in making such computation, the amount of Indebtedness under any revolving credit facility shall be computed based upon the average daily balance of such Indebtedness during such period);

in the case of Acquired Indebtedness or Indebtedness Incurred in connection with any acquisition since the first day of the relevant four-quarter period, the related acquisition had occurred as of the first day of such period with the appropriate adjustments with respect to such acquisition being included in such pro forma calculation; and

Set forth below are certain defined terms used in this prospectus supplement and the indenture. We refer you to the indenture for a full disclosure of all such terms, as well as any other capitalized terms used in this prospectus supplement for which no definition is provided.

Acquired Indebtedness means Indebtedness of a Person (1) existing at the time such Person is merged or consolidated with or into, or becomes a Subsidiary of, us, or (2) assumed by us or any of our Subsidiaries in connection with the acquisition of assets from such Person. Acquired Indebtedness shall be deemed to be Incurred on the date the acquired Person is merged or consolidated with or into, or becomes a Subsidiary of, us or the date of the related acquisition, as the case may be.

Consolidated Income Available for Debt Service means, for any period of time, our Consolidated Net Income for such period, plus amounts which have been deducted and minus amounts which have been added for, without duplication:

Interest Expense on Indebtedness;

provision for taxes based on income;

depreciation, amortization and all other non-cash items deducted at arriving at Consolidated Net Income;

provision for gains and losses on sales or other dispositions of properties and other investments;

extraordinary items;

non-recurring items, as we determined in good faith; and

noncontrolling interests.

In each case for such period, we will reasonably determine amounts in accordance with GAAP, except to the extent GAAP is not applicable with respect to the determination of non-cash and non-recurring items.

Table of Contents

Consolidated Net Income means, for any period of time, the amount of net income, or loss, for us and our Consolidated Subsidiaries for such period, excluding, without duplication, extraordinary items and the portion of net income, but not losses, for us and our Consolidated Subsidiaries allocable to noncontrolling interests in unconsolidated Persons to the extent that cash dividends or distributions have not actually been received by us or one of our Consolidated Subsidiaries, all determined in accordance with GAAP.

Incur means, with respect to any Indebtedness or other obligation of any Person, to create, assume, guarantee or otherwise become liable in respect of the Indebtedness or other obligation, and Incurrence and Incurred have meanings correlative to the foregoing. Indebtedness or other obligation of us or any Subsidiary of ours will be deemed to be Incurred by us or such Subsidiary whenever we or such Subsidiary shall create, assume, guarantee or otherwise become liable in respect thereof. Indebtedness or other obligation of a Subsidiary of ours existing prior to the time it became a Subsidiary of ours will be deemed to be Incurred upon such Subsidiary becoming a Subsidiary of ours; and Indebtedness or other obligation of a Person existing prior to a merger or consolidation of such Person with us or any Subsidiary of ours in which such Person is the successor to us or such Subsidiary will be deemed to be Incurred upon the consummation of such merger or consolidation. Any issuance or transfer of capital stock that results in Indebtedness constituting Intercompany Indebtedness being held by a Person other than us, the Company or any Consolidated Subsidiary or any sale or other transfer of any Indebtedness constituting Intercompany Indebtedness to a Person that is not us, the Company or any Consolidated Subsidiary, will be deemed, in each case, to be an Incurrence of Indebtedness that is not Intercompany Indebtedness at the time of such issuance, transfer or sale, as the case may be.

Indebtedness, of us, the Company or any Consolidated Subsidiary means, without duplication, any of our indebtedness or that of the Company or any Consolidated Subsidiary, whether or not contingent, in respect of: (a) borrowed money evidenced by bonds, notes, debentures or similar instruments whether or not such indebtedness is secured by any lien existing on property owned by us, the Company or any Consolidated Subsidiary; (b) indebtedness for borrowed money of a Person other than us, the Company or a Consolidated Subsidiary which is secured by any lien on property owned by us, the Company or any Consolidated Subsidiary, to the extent of the lesser of (i) the amount of indebtedness so secured, and (ii) the fair market value of the property subject to such lien; (c) the reimbursement obligations, contingent or otherwise, in connection with any letters of credit actually issued or amounts representing the balance deferred and unpaid of the purchase price of any property or services, except any such balance that constitutes an accrued expense or trade payable; or (d) any lease of property by us, the Company or any Consolidated Subsidiary as lessee which is reflected on Company s consolidated balance sheet as a capitalized lease in accordance with GAAP, to the extent, in the case of indebtedness under (a) through (c) above, that any such items (other than letters of credit) would appear as a liability on the Company s consolidated balance sheet in accordance with GAAP. Indebtedness also includes, to the extent not otherwise included, any obligation by us, the Company or any Consolidated Subsidiary to be liable for, or to pay, as obligor, guarantor or otherwise (other than for purposes of collection in the ordinary course of business), indebtedness of another Person (other than us, the Company or any Consolidated Subsidiary) of the type described in clauses (a)-(d) of this definition.

Intercompany Indebtedness means Indebtedness to which the only parties are any of us, the Company and any Consolidated Subsidiary; provided, however, that with respect to any such Indebtedness of which we or the Company is the borrower, such Indebtedness is subordinate in right of payment to the notes.

Interest Expense means, for any period of time, the maximum amount payable for interest on, and original issue discount of, our and our Subsidiaries Indebtedness, determined in accordance with GAAP.

Total Unencumbered Assets means, as of any time, the sum of, without duplication, those Undepreciated Real Estate Assets which are not subject to a lien securing Indebtedness and all other assets, excluding accounts receivable and intangibles, of ours and our Consolidated Subsidiaries not subject to a lien securing Indebtedness, all determined in accordance with GAAP; provided, however, that all investments by us or our Consolidated Subsidiaries in unconsolidated joint ventures, unconsolidated limited partnerships, unconsolidated limited liability companies and other nonconsolidated entities shall be excluded from Total Unencumbered Assets to the extent that such investments would have otherwise been included.

Undepreciated Real Estate Assets means, as of any time, the cost (original cost plus capital improvements) of our real estate assets and the real estate assets of our Consolidated Subsidiaries on such date, before depreciation and amortization, all determined in accordance with GAAP.

Unsecured Debt means that portion of the outstanding principal amount of our and our Consolidated Subsidiaries Indebtedness, excluding Intercompany Indebtedness, that is not Secured Debt.

Voting Stock means, with respect to any Person, any class or series of capital stock of, or other equity interests in, such Person the holders of which are ordinarily, in the absence of contingencies, entitled to vote for the election of, or to appoint or to approve the appointment of, the directors, trustees or managing members of, or other persons holding similar positions with, such Person.

Merger, Consolidation and Transfer of Assets

The indenture provides that neither we nor the Company, as guarantor, may, in any transaction or series of related transactions, (i) consolidate or amalgamate with or merge into any Person; or (ii) sell, assign, transfer, lease or otherwise convey all or substantially all of their respective assets to any Person, in each case, unless:

in such transaction or transactions involving us, either (1) we shall be the continuing Person (in the case of a merger) or (2) the successor Person (if other than us) formed by or resulting from the consolidation, amalgamation or merger, or to which such assets shall have been sold, assigned, transferred, leased or otherwise conveyed, (i) is a corporation, limited liability company, partnership or other entity organized and existing under the laws of the United States of America, any state thereof or the District of Columbia or any territory thereof and (ii) expressly assumes the due and punctual performance and observance of every obligation of the Operating Partnership under the indenture and the debt securities outstanding under the indenture, including the notes;

the trustee shall have received an officers certificate and opinion of counsel from the Operating Partnership or the Company, as applicable, to the effect that all conditions precedent to such transaction or transactions have been satisfied.

If we or the Company, as guarantor, consolidate or amalgamate with or merge into any Person or sell, assign, transfer, lease or otherwise convey substantially all of its assets to any Person, in each case in accordance with the indenture, the successor Person formed by or resulting from the consolidation, amalgamation or merger or to which such sale, assignment, transfer, lease or other conveyance of all or substantially all of our or the Company s properties and assets, as applicable, is made, will succeed to and be substituted for, and may exercise every right and power, of the Operating Partnership or the Company, as applicable, under the indenture with the same effect as if such successor Person had been named as the Operating Partnership or the Company, as applicable, in the indenture; and thereafter, except in the case of a lease, the Operating Partnership or the Company, as applicable, will be released from all obligations and covenants under the indenture, and, as applicable, the debt securities, including the notes, issued under the indenture or the guarantee of such debt securities.

Events of Default

The indenture provides that the following events are Events of Default with respect to the notes:

(1) default for 30 days in the payment of any interest on the notes;

(2) default in the payment of any principal of or premium, if any, on, the notes when due, whether at stated maturity, upon redemption or otherwise;

(3) the guarantee of the Company is not (or is claimed by the Company not to be) in full force and effect with respect to the notes;

(5) default under any bond, debenture, note, mortgage, indenture or instrument with an aggregate principal amount outstanding of at least $35,000,000, which default has resulted in such indebtedness becoming or being declared due and payable prior to the date on which it would otherwise have become due and payable, without such indebtedness having been discharged or such acceleration having been rescinded or annulled within a period of 30 days after written notice to us as provided in the indenture; or

Defeasance

The notes will be subject to defeasance and covenant defeasance as set forth in the indenture and described in Description of Debt Securities and Related Guarantees Discharge, Defeasance, and Covenant Defeasance in the accompanying prospectus.

Trustee

U.S. Bank National Association will initially act as the trustee, registrar and paying agent for the notes, subject to replacement at our option.

Book Entry System

The notes will be issued in the form of one or more fully registered global securities (Global Securities) that will be deposited with, or on behalf of, The Depository Trust Company (DTC), and registered in the name of DTC s partnership nominee, Cede & Co. Except under the circumstance described below, the notes will not be issuable in certificated form. Unless and until it is exchanged in whole or in part for the individual notes it represents, a Global Security may not be transferred except as a whole by DTC to a nominee of DTC or by a nominee of DTC to DTC or another nominee of DTC or by DTC or any nominee of DTC to a successor depository or any nominee of such successor.

Investors may elect to hold their interest in the Global Securities through either DTC, Clearstream Banking, société anonyme (Clearstream) or Euroclear Bank S.A./N.V. (Euroclear) if they are participants in these systems, or indirectly through organizations which are participants in these systems. Clearstream and Euroclear will hold interests on behalf of their participants though customers securities accounts in Clearstream and Euroclear s names on the books of their respective depositaries, which in turn will hold interests in customers securities accounts in the depositaries names on the books of DTC. At the present time, Citibank, N.A. acts as U.S. depositary for Clearstream and JPMorgan Chase Bank, N.A. acts as U.S. depositary for Euroclear.

DTC has advised us of the following information regarding DTC: DTC is a limited-purpose trust company organized under the New York Banking Law, a banking organization within the meaning of the New York Banking Law, a member of the Federal Reserve System, a clearing corporation within the meaning of the New York Uniform Commercial Code, and a clearing agency registered pursuant to the provisions of Section 17A of the Exchange Act.

DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments that DTC s participants (Direct Participants) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities through electronic computerized book-entry transfers and pledges between Direct Participants accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (DTCC). DTCC is owned by the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (Indirect Participants). The DTC rules applicable to its participants are on file with the SEC.

Table of Contents

Purchases of Global Securities under the DTC system must be made by or through Direct Participants, which will receive a credit for the Global Securities on DTC s records. The ownership interest of each actual purchaser of each Global Security (Beneficial Owner) is in turn to be recorded on the Direct and Indirect Participants records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Global Securities are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Global Securities, except in the event that use of the book-entry system for the Global Securities is discontinued.

To facilitate subsequent transfers, all Global Securities deposited by Direct Participants with DTC are registered in the name of DTC s partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Global Securities with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Global Securities; DTC s records reflect only the identity of the Direct Participants to whose accounts such Global Securities are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

If applicable, redemption notices shall be sent to Cede & Co. If less than all of the Global Securities are being redeemed, DTC s practice is to determine by lot the amount of the interest of each direct participant in such Global Securities to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Global Securities unless authorized by a Direct Participant in accordance with DTC s procedures. Under its usual procedures, DTC mails an Omnibus Proxy to us as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co. s consenting or voting rights to those Direct Participants to whose accounts the Global Securities are credited on the record date (identified in a listing attached to the Omnibus Proxy). Payments in respect of the Global Securities will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC by wire transfer of immediately available funds. DTC s practice is to credit Direct Participants accounts, upon DTC s receipt of funds and corresponding detail information from us or the Trustee, on the payable date in accordance with their respective holdings shown on DTC s records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in street name, and will be the responsibility of such Participant and not of DTC, the Trustee or us, subject to any statutory or regulatory requirements as may be in effect from time to time. Payments to Cede & Co. (or such other nominee as requested by an authorized representative of DTC) is our responsibility or that of the Trustee, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Global Securities at any time by giving reasonable notice to us or the Trustee. Under such circumstances, in the event that a successor securities depository is not obtained, Global Security certificates are required to be printed and delivered.

We may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, Global Security certificates will be printed and delivered to DTC.

Clearstream. Clearstream is incorporated under the laws of Luxembourg as a professional depositary. Clearstream holds securities for its participating organizations (Clearstream Participants) and facilitates the clearance and settlement of securities transactions between Clearstream Participants through electronic book-entry changes in accounts of Clearstream Participants, thereby eliminating the need for physical movement of certificates. Clearstream provides Clearstream Participants with, among other things, services for safekeeping, administration, clearance and establishment of internationally traded securities and securities lending and borrowing. Clearstream interfaces with domestic markets in several countries. As a professional depositary, Clearstream is subject to regulation by the Luxembourg Commission for the Supervision of the Financial Sector. Clearstream Participants are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations, and may include the underwriters. Indirect access to Clearstream is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Clearstream Participant either directly or indirectly.

Distributions with respect to notes held beneficially through Clearstream will be credited to cash accounts of Clearstream Participants in accordance with its rules and procedures to the extent received by DTC for Clearstream.

Euroclear. Euroclear has advised us that it was created in 1968 to hold securities for participants of Euroclear (Euroclear Participants) and to clear and settle transactions between Euroclear Participants through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. Euroclear includes various other services, including securities lending and borrowing and interfaces with domestic markets in several markets in several countries. Euroclear is operated by Euroclear Bank S.A./N.V. (the Euroclear Operator), under contract with Euro-clear Clearance Systems S.C., a Belgian cooperative corporation (the Cooperative). All operations are conducted by the Euroclear Operator, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear Operator, not the Cooperative. The Cooperative establishes policy for Euroclear on behalf of Euroclear Participants. Euroclear Participants include banks (including central banks), securities brokers and dealers and other professional financial intermediaries and may include the underwriters. Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear Participant, either directly or indirectly.

The Euroclear Operator is regulated and examined by the Belgian Banking and Finance Commission. Securities clearance accounts and cash accounts with the Euroclear Operator are governed by the Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of the Euroclear System, and applicable Belgian law. These Terms and Conditions govern transfers of securities and cash within Euroclear, withdrawals of securities and cash from Euroclear, and receipts of payments with respect to securities in Euroclear. All securities in Euroclear are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear Operator acts under the Terms and Conditions only on behalf of Euroclear Participants, and has no record of or relationship with persons holding through Euroclear Participants.

Distributions with respect to notes held beneficially through Euroclear will be credited to the cash accounts of Euroclear Participants in accordance with the terms and conditions of Euroclear, to the extent received by DTC for Euroclear.

Links have been established among DTC, Clearstream and Euroclear to facilitate the initial issuance of the notes sold outside of the United States and cross-market transfers of the notes associated with secondary market trading.

The information in this section concerning DTC, Clearstream and Euroclear and DTC s book-entry system has been obtained from sources that we believe to be reliable, but we take no responsibility for the accuracy of this information.

Same-Day Settlement and Payment

The underwriters will settle the notes in immediately available funds. We will make all payments in respect of the notes in immediately available funds.

Table of Contents

The notes will trade in DTC s Same-Day Funds Settlement System until maturity or earlier redemption or until the Notes are issued in certificated form, and secondary market trading activity in the notes will therefore be required by DTC to settle in immediately available funds.

Secondary market trading between Clearstream Participants and/or Euroclear Participants will occur in the ordinary way in accordance with the applicable rules and operating procedures of Clearstream and Euroclear and will be settled using the procedures applicable to conventional Eurobonds in immediately available funds.

Cross-market transfers between persons holding directly or indirectly through DTC on the one hand, and directly or indirectly through Clearstream or Euroclear Participants, on the other, will be effected in DTC in accordance with the DTC rules on behalf of the relevant European international clearing system by its U.S. depositary; however, such cross-market transactions will require delivery of instructions to the relevant European international clearing system by the counterparty in such system in accordance with its rules and procedures and within its established deadlines (European time). The relevant European international clearing system will, if the transaction meets its settlement requirements, deliver instructions to its U.S. depositary to take action to effect final settlement on its behalf by delivering interests in the notes to or receiving interests in the notes from DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Clearstream Participants and Euroclear Participants may not deliver instructions directly to DTC.

Because of time-zone differences, credits of interests in the notes received in Clearstream or Euroclear as a result of a transaction with a DTC Participant will be made during subsequent securities settlement processing and will be credited the business day following the DTC settlement date. Such credits or any transactions involving interests in such notes settled during such processing will be reported to the relevant Euroclear or Clearstream Participants on such business day. Cash received in Clearstream or Euroclear as a result of sales of interests in the notes by or through a Clearstream Participant or a Euroclear Participant to a DTC Participant will be received with value on the DTC settlement date but will be available in the relevant Clearstream or Euroclear cash account only as of the business day following settlement in DTC.

Although DTC, Clearstream and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of the notes among participants of DTC, Clearstream and Euroclear, they are under no obligation to perform or continue to perform such procedures and such procedures may be discontinued at any time. The information in this section concerning DTC, Clearstream and Euroclear and DTC s book-entry system has been obtained from sources that we believe to be reliable, but we take no responsibility for the accuracy of this information.

SUPPLEMENTAL FEDERAL INCOME TAX CONSIDERATIONS

The following discussion supplements the discussion contained under the heading Federal Income Tax Considerations and Consequences of Your Investment in the accompanying prospectus and supersedes such discussion to the extent inconsistent with such discussion.

Because the following discussion is a summary which, in conjunction with the discussion contained under the heading Federal Income Tax Considerations and Consequences of Your Investment in the accompanying prospectus, is intended to address only material federal income tax consequences relating to the ownership and disposition of the notes which will apply to all holders, it may not contain all the information which may be important to you. As you review this discussion, you should keep in mind the following:

- the tax consequences to you may vary depending on your particular tax situation;
- special rules not discussed below may apply to you if, for example, you are a tax-exempt organization, a broker-dealer, a non-U.S. holder, a trust, an estate, a regulated investment company, a financial institution, an insurance company, or otherwise subject to special tax treatment under the Code;
- this summary does not address state, local or non-U.S. tax considerations;
- this summary deals only with investors that hold shares of the notes as capital assets, within the meaning of Section 1221 of the Code; and
- this discussion is not intended to be, and should not be construed as, tax advice.

You are urged both to review the following discussion and to consult with your own tax advisor to determine the effect of ownership and disposition of the notes on your tax situation, including any state, local or non-U.S. tax consequences.

The information in this section is based on the current Code, current, temporary and proposed Treasury regulations, the legislative history of the Code, current administrative interpretations and practices of the Internal Revenue Service, including its practices and policies as endorsed in private letter rulings, which are not binding on the Internal Revenue Service except with respect to the taxpayer to which they are addressed, and existing court decisions. Future legislation, regulations, administrative interpretations and court decisions could change current law or adversely affect existing interpretations of current law. Any change could apply retroactively. We have not requested and do not plan to request any rulings from the Internal Revenue Service concerning the matters discussed in the following discussion. It is possible the Internal Revenue Service could challenge the statements in this discussion, which do not bind the Internal Revenue Service or the courts, and a court could agree with the Internal Revenue Service.

Recent Changes in U.S. Federal Income Tax Rates

On January 2, 2013, President Obama signed into law the American Taxpayer Relief Act of 2012, or the 2012 Relief Act, which, among other things, permanently extends most of the reduced rates for U.S. individuals with respect to ordinary income, qualified dividends and capital gains that had expired on December 31, 2012. The 2012 Relief Act, however, does not extend all of the reduced rates for high-income taxpayers. Beginning January 1, 2013, in the case of married couples filing joint returns with taxable income in excess of $450,000, heads of households with taxable income in excess of $425,000 and other individuals with taxable income in excess of $400,000, the maximum rate on ordinary income will be 39.6% (as compared to 35% prior to 2013) and the maximum rate on long-term capital gains and qualified dividend income will be 20% (as compared to 15% prior to 2013). Prospective investors are urged to consult their tax advisors regarding the effect of the new tax rates and other tax provisions in the 2012 Relief Act on an investment in the notes.

UNDERWRITING CONFLICTS OF INTEREST

We and the underwriters for the offering named below, for whom Deutsche Bank Securities Inc., J.P. Morgan Securities LLC and Wells Fargo Securities, LLC are acting as representatives, have entered into an underwriting agreement with respect to the notes. Subject to certain conditions, each underwriter has severally, and not jointly, agreed to purchase the amount of notes indicated in the following table.

Underwriters	Principal Amount of Notes
Deutsche Bank Securities Inc.	$ 80,000,000
J.P. Morgan Securities LLC	80,000,000
Wells Fargo Securities, LLC	80,000,000
Merrill Lynch, Pierce, Fenner & Smith Incorporated	48,000,000
U.S. Bancorp Investments, Inc.	48,000,000
KeyBanc Capital Markets Inc.	18,000,000
PNC Capital Markets LLC	18,000,000
BBVA Securities Inc.	9,334,000
Capital One Securities, Inc.	9,333,000
Regions Securities LLC	9,333,000
Total	$ 400,000,000

The underwriters are committed to take and pay for all of the notes being offered, if any are taken. If an underwriter defaults, the underwriting agreement provides that the purchase commitments of the nondefaulting underwriters may be increased or the underwriting agreement may be terminated.

Notes sold by the underwriters to the public will initially be offered at the public offering price set forth on the cover of this prospectus supplement. Any notes sold by the underwriters to securities dealers may be sold at a price that represents a concession not in excess of 0.40% of the principal amount of the notes. The underwriters may allow, and these dealers may re-allow, a concession of not more than 0.25% of the principal amount of the notes to other dealers. After the notes are released for sale, the underwriters may change the offering price and the other selling terms.

The notes are a new issue of securities with no established trading market. We do not intend to list the notes on any national securities exchange or have the notes quoted on any automated dealer quotation system. We have been advised by the underwriters that the underwriters intend to make a market in the notes after the completion of this offering but are not obligated to do so and may discontinue market making at any time without notice to or the consent of existing noteholders. No assurance can be given as to the development, maintenance or liquidity of any trading market for the notes.

In connection with this offering, the underwriters may purchase and sell notes in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater principal amount of notes than they are required to purchase in this offering. Stabilizing transactions consist of certain bids or purchases made for the purpose of preventing or retarding a decline in the market price of the notes while this offering is in progress.

The underwriters also may impose a penalty bid. This occurs when a particular underwriter repays to the underwriters a portion of the underwriting discount received by it because the representatives have repurchased notes sold by or for the account of such underwriter in stabilizing or short covering transactions.

These activities by the underwriters may stabilize, maintain or otherwise affect the market price of the notes. As a result, the price of the notes may be higher than the price that otherwise might exist in the open market. If these activities are commenced, they may be discontinued by the underwriters at any time. These transactions may be effected in the over-the-counter market or otherwise.

The Company and the Operating Partnership have each agreed that it will not offer or sell any United States dollar-denominated debt securities issued or guaranteed by it having a term of more than one year until one day after settlement of the notes without the prior written consent of the

representatives.

We estimate that our share of the total expenses of this offering, excluding the underwriting discount, will be approximately $1.5 million.

Table of Contents

Conflicts of Interest

Affiliates of certain of the underwriters are lenders under our revolving credit facility and will receive their pro rata portions of any amounts repaid under our revolving credit facility. Certain of the underwriters may receive more than 5% of the net offering proceeds from this offering. In the event that greater than 5% of the net proceeds from this offering are used to repay indebtedness owed to any individual underwriter or its affiliates, this offering will be conducted in accordance with FINRA Rule 5121. In such event, such underwriter or underwriters will not confirm sales of the notes to accounts over which they exercise discretionary authority without the prior written approval of the customer.

Other Relationships

The underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, financing and brokerage activities.

Some of the underwriters and their affiliates have engaged in, and may in the future engage in, investment banking and other commercial dealings in the ordinary course of business with us or our affiliates. They have received, or may in the future receive, customary fees and commissions for these transactions.

In addition, in the ordinary course of their business activities, the underwriters and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of ours or our affiliates. If any of the underwriters or their affiliates has a lending relationship with us, certain of those underwriters or their affiliates routinely hedge and certain others of those underwriters or their affiliates may hedge their credit exposure to us consistent with their customary risk management policies. Typically, these underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the notes offered hereby. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act of 1933, as amended, or to contribute to payments they are required to make in respect thereof.

We expect that the delivery of the notes will be made against payment therefor on or about the closing date specified on the cover page of this prospectus supplement, which is the fifth business day following the date of this prospectus supplement (the settlement cycle being referred to as T+5). Under Rule 15c6-1 of the SEC promulgated under the Exchange Act trades in the secondary market generally are required to settle in three business days, unless the parties to that trade expressly agree otherwise at the time of the trade. Accordingly, purchasers who wish to trade the notes prior to the third business day preceding the closing date for the notes will be required, by virtue of the fact that the notes initially will settle in T+5, to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement and should consult their own adviser.

RISK FACTORS

Our business is subject to uncertainties and risks and an investment in the securities being offered under this prospectus involves risks. You should carefully consider and evaluate all of the information included and incorporated by reference in this prospectus, including the risk factors incorporated by reference from our most recent annual report on Form 10-K, as updated by our quarterly reports on Form 10-Q and other SEC filings before investing in these securities. THE COMPANY

We are a fully integrated, self-managed and self-administered equity real estate investment trust, or REIT, with expertise in the acquisition, design, financing, development, construction management, leasing and management of student housing properties. Through our controlling interest in the Operating Partnership, we are one of the largest owners, managers and developers of high quality student housing properties in the United States in terms of beds owned and under management. As of December 31, 2011, our property portfolio contained 116 properties with approximately 71,800 beds in approximately 22,900 apartment units. Our property portfolio consisted of 101 owned off-campus student housing properties that are in close proximity to colleges and universities, 10 American Campus Equity (ACE®) properties operated under ground/facility leases with five university systems, four on-campus participating properties operated under ground/facility leases with the related university systems, and one property containing a retail shopping center which we plan to redevelop into a mixed-use development including both student housing and retail. Of the 116 properties, 11 were under development as of December 31, 2011, and when completed will consist of a total of approximately 6,700 beds in approximately 1,900 units. Our communities contain modern housing units and are supported by a resident assistant system and other student-oriented programming, with many offering resort-style amenities.

We also provide construction management and development services, primarily for student housing properties owned by colleges and universities, charitable foundations, and others. As of December 31, 2011, we provided third-party management and leasing services for 31 properties (nine of which we served as the third-party developer and construction manager) that represented approximately 24,200 beds in approximately 9,600 units, and one joint venture property in which we own a noncontrolling interest with approximately 600 beds in approximately 200 units. As of December 31, 2011, our total owned, joint venture and third-party managed portfolio consisted of 148 properties with approximately 96,600 beds in approximately 32,700 units.

CAUTIONARY STATEMENT CONCERNING FORWARD-LOOKING STATEMENTS

We have made statements in this prospectus and any supplement that are forward-looking in that they do not discuss historical facts, but instead note future expectations, projections, intentions or other items relating to the future. These forward-looking statements include those made in the documents incorporated by reference in this prospectus. In particular, statements pertaining to our capital resources, portfolio performance and results of operations contain forward-looking statements. Likewise, all of our statements regarding anticipated growth in our funds from operations and anticipated market conditions, demographics and results of operations are forward-looking statements. Forward-looking statements involve numerous risks and uncertainties and you should not rely on them as predictions of future events. Forward-looking statements depend on assumptions, data or methods that may be incorrect or imprecise and we may not be able to realize them. We do not guarantee that the transactions and events described will happen as described (or that they will happen at all). You can identify forward-looking statements by the use of forward-looking terminology such as believes, expects, may, will, should, seeks, approximately, intends, plans, pro form anticipates or the negative of these words and phrases or similar words or phrases. You can also identify forward-looking statements by discussions of strategy, plans or intentions. The following factors, among others, could cause actual results and future events to differ materially from those set forth or contemplated in the forward-looking statements:

- general risks affecting the real estate industry;
- risks associated with the availability and terms of financing and the use of debt to fund acquisitions and developments; failure to manage effectively our growth and expansion into new markets or to integrate acquisitions successfully;
- risks and uncertainties affecting property development and construction;
- risks associated with downturns in the national and local economies, increases in interest rates, and volatility in the securities markets; costs of compliance with the Americans with Disabilities Act and other similar laws; potential liability for uninsured losses and environmental contamination; risks associated with our potential failure to qualify as a REIT under the Internal Revenue Code of 1986 (the Code), as amended, and possible adverse changes in tax and environmental laws; and
- other risks detailed in our other SEC reports or filings.

These forward-looking statements represent our estimates and assumptions only as of the date of this prospectus.

USE OF PROCEEDS

We intend to use the net proceeds from the sale of the securities for general corporate purposes. Those purposes include the repayment or refinancing of debt, property acquisitions and development in the ordinary course of business, working capital, investment in financing transactions and capital expenditures.

We will describe in the supplement any proposed use of proceeds other than for general corporate purposes.

DESCRIPTION OF CAPITAL STOCK

General

Authorized Shares. Our charter provides that we may issue up to 800,000,000 shares of our common stock, $0.01 par value per share, and 200,000,000 shares of preferred stock, $0.01 par value per share. As of the date of this prospectus, 74,700,197 shares of common stock and no shares of preferred stock are issued and outstanding.

Authority of Our Board of Directors Relating to Authorized Shares. Our charter authorizes our board of directors to amend our charter to increase or decrease the total number of our authorized shares, or the number of shares of any class or series of capital stock that we have authority to issue, without stockholder approval. Our board of directors also has the authority, under our charter and without stockholder approval, to classify any unissued shares of common or preferred stock into one or more classes or series of stock and to reclassify any previously classified but unissued shares of any series of our common or preferred stock. If, however, there are any laws or stock exchange rules that require us to obtain stockholder approval in order for us to take these actions, we will contact our stockholders to solicit that approval.

We believe that the power to issue additional shares of common stock or preferred stock and to classify or reclassify unissued shares of common or preferred stock and then issue the classified or reclassified shares provides us with increased flexibility in structuring possible future financings and acquisitions and in meeting other needs that may arise in the future. These actions can be taken without stockholder approval, unless stockholder approval is required by applicable law or the rules of any stock exchange or automated quotation system on which our securities may be listed or traded. Although our board of directors has no present intention of doing so, we could issue a class or series of stock that could delay, defer or prevent a transaction or a change of control that would involve a premium price for holders of our common stock or otherwise be favorable to them.

Terms and Conditions of Authorized Shares. Prior to issuance of shares of each class or series, our board of directors is required by Maryland law and our charter to set, subject to the provisions of our charter regarding restrictions on transfer of stock, the terms, preferences, conversion or other rights, voting powers, restrictions, limitations as to dividends or other distributions, qualifications and terms or conditions of redemption for each class or series. As a result, our board of directors could authorize the issuance of shares of common stock or preferred stock with terms and conditions that could have the effect of delaying, deferring or preventing a transaction or a change of control that would involve a premium price for holders of our common stock or otherwise be favorable to them.

Stockholder Liability. Applicable Maryland law provides that our stockholders will not be personally liable for our acts and obligations and that our funds and property will be the only recourse for our acts and obligations.

Common Stock

All shares of our common stock are duly authorized, fully paid and nonassessable. Subject to the preferential rights of any other class or series of stock and to the provisions of the charter regarding restrictions on transfer of stock, holders of shares of our common stock are entitled to receive distributions on such stock if, as and when authorized by our board of directors out of assets legally available for the payment of distributions, and declared by us, and to share ratably in our assets legally available for distribution to our stockholders in the event of our liquidation, dissolution or winding up, after payment of or adequate provision for all of our known debts and liabilities.

Table of Contents

Subject to the provisions of our charter regarding restrictions on transfer of stock, as described in more detail below under Restrictions on Transfer, each outstanding share of our common stock entitles the holder to one vote on all matters submitted to a vote of stockholders, including the election of directors and, except as provided with respect to any other class or series of stock, the holders of our common stock will possess the exclusive voting power. There is no cumulative voting in the election of our directors. Under Maryland law, the holders of a plurality of the votes cast at a meeting at which directors are to be elected is sufficient to elect a director unless a corporation s charter or bylaws provide otherwise. Our bylaws provide for such plurality voting in the election of directors.

Holders of shares of our common stock have no preference, conversion, exchange, sinking fund, redemption or appraisal rights and have no preemptive or other rights to subscribe for any of our securities. Subject to the provisions of our charter regarding the restrictions on transfer of stock, shares of our common stock will have equal dividend, liquidation and other rights.

Preferred Stock

Under our charter, our board of directors may from time to time establish and issue one or more series of preferred stock without stockholder approval. Prior to issuance of shares of each series, our board of directors is required by Maryland law and our charter to establish, subject to the provisions of our charter regarding restrictions on transfer of stock, the terms, preferences, conversion or other rights, voting powers, restrictions, limitations as to dividends or other distributions, qualifications and terms or conditions of redemption for each series. As of the date hereof, no shares of preferred stock are outstanding and we have no present plans to issue any preferred stock.

Restrictions on Transfer

In order for us to qualify as a REIT under the Code, our stock must be beneficially owned by 100 or more persons during at least 335 days of a taxable year of 12 months (other than the first year for which an election to be a REIT has been made) or during a proportionate part of a shorter taxable year. Also, not more than 50% of the value of the outstanding shares of stock may be owned, directly or indirectly, by five or fewer individuals (as defined in the Code to include certain entities such as qualified pension plans) during the last half of a taxable year (other than the first year for which an election to be a REIT has been made).

Our charter contains restrictions on the ownership and transfer of our stock that are intended to assist us in complying with these requirements and continuing to qualify as a REIT. The relevant sections of our charter provide that, subject to the exceptions described below, no person or entity may beneficially own, or be deemed to own by virtue of the applicable constructive ownership provisions of the Code, more than 9.8% (by value or by number of shares, whichever is more restrictive) of the outstanding shares of our common stock or more than 9.8% by value of all of our outstanding shares, including both common and preferred stock. We refer to this restriction as the ownership limit. A person or entity that becomes subject to the ownership limit by virtue of a violative transfer that results in a transfer to a trust, as set forth below, is referred to as a purported beneficial transferee if, had the violative transfer been effective, the person or entity would have been a record owner and beneficial owner or solely a beneficial owner of our stock, or is referred to as a purported record transferee if, had the violative transfer been effective, the person or entity would have been solely a record owner of our stock.

The constructive ownership rules under the Code are complex and may cause stock owned actually or constructively by a group of related individuals and/or entities to be owned constructively by one individual or entity. As a result, the acquisition of less than 9.8% of our stock (or the acquisition of an interest in an entity that owns, actually or constructively, our stock) by an individual or entity, could, nevertheless cause that individual or entity, or another individual or entity, to own constructively in excess of 9.8% of our outstanding stock and thereby subject the stock to the applicable ownership limit.

Table of Contents

Our board of directors must waive the ownership limit with respect to a particular person if it:

- determines that such ownership will not cause any individual s beneficial ownership of shares of our stock to violate the ownership limit and that any exemption from the ownership limit will not jeopardize our status as a REIT; and

- determines that such stockholder does not and will not own, actually or constructively, an interest in a tenant of ours (or a tenant of any entity whose operations are attributed in whole or in part to us) that would cause us to own, actually or constructively, more than a 9.8% interest (as set forth in Section 856(d)(2)(B) of the Code) in such tenant or that any such ownership would not cause us to fail to qualify as a REIT under the Code.

As a condition of this waiver, our board of directors may require the applicant to submit such information as the board of directors may reasonably need to make the determinations regarding our REIT status and additionally may require an opinion of counsel or IRS ruling satisfactory to our board of directors, and/or representations or undertakings from the applicant with respect to preserving our REIT status.

In connection with the waiver of the ownership limit or at any other time, our board of directors may increase the ownership limitation for some persons and decrease the ownership limit for all other persons and entities; provided, however, that the decreased ownership limit will not be effective for any person or entity whose percentage ownership in our stock is in excess of such decreased ownership limit until such time as such person or entity s percentage of our stock equals or falls below the decreased ownership limit, but any further acquisition of our stock in excess of such percentage ownership of our common stock will be in violation of the ownership limit. Additionally, the new ownership limit may not allow five or fewer stockholders to beneficially own more than 50% in value of our outstanding stock.

Our charter provisions further prohibit:

- any person from beneficially or constructively owning shares of our stock that would result in our being closely held under Section 856(h) of the Code or otherwise cause us to fail to qualify as a REIT; and

- any person from transferring shares of our stock if such transfer would result in shares of our stock being beneficially owned by fewer than 100 persons (determined without reference to any rules of attribution).

Any person who acquires or attempts or intends to acquire beneficial or constructive ownership of shares of our stock that will or may violate any of the foregoing restrictions on transferability and ownership will be required to give notice immediately to us and provide us with such other information as we may request in order to determine the effect of such transfer on our status as a REIT. The foregoing provisions on transferability and ownership will not apply if our board of directors determines that it is no longer in our best interests to attempt to qualify, or to continue to qualify, as a REIT.

Pursuant to our charter, if any purported transfer of our stock or any other event would otherwise result in any person violating the ownership limits or such other limit as permitted by our board of directors, then any such purported transfer will be void and of no force or effect as to that number of shares in excess of the ownership limit (rounded up to the nearest whole share). That number of shares in excess of the ownership limit will be automatically transferred to, and held by, a trust for the exclusive benefit of one or more charitable organizations selected by us. The automatic transfer will be effective as of the close of business on the business day prior to the date of the violative transfer or other event that results in a transfer to the trust. Any dividend or other distribution paid to the purported record transferee, prior to our discovery that the shares had been automatically transferred to a trust as described above, must be repaid to the trustee upon demand for distribution to the beneficiary of the trust. If the transfer to the trust as described above is not automatically effective, for any reason, to prevent violation of the applicable ownership limit or as otherwise permitted by our board of directors, then our charter provides that the transfer of the excess shares will be void.

Table of Contents

Shares of our stock transferred to the trustee are deemed offered for sale to us, or our designee, at a price per share equal to the lesser of (i) the price paid by the purported record transferee for the shares (or, if the event which resulted in the transfer to the trust did not involve a purchase of such shares of our stock at market price, the last reported sales price reported on the NYSE on the trading day immediately preceding the day of the event which resulted in the transfer of such shares of our stock to the trust); and (ii) the market price on the date we, or our designee, accepts such offer. We have the right to accept such offer until the trustee has sold the shares of our stock held in the trust pursuant to the clauses discussed below. Upon a sale to us, the interest of the charitable beneficiary in the shares sold terminates and the trustee must distribute the net proceeds of the sale to the purported record transferee and any dividends or other distributions held by the trustee with respect to such stock will be paid to the charitable beneficiary.

If we do not buy the shares, the trustee must, within 20 days of receiving notice from us of the transfer of shares to the trust, sell the shares to a person or entity designated by the trustee who could own the shares without violating the ownership limits or as otherwise permitted by our board of directors. After that, the trustee must distribute to the purported record transferee an amount equal to the lesser of (i) the price paid by the purported record transferee or owner for the shares (or, if the event which resulted in the transfer to the trust did not involve a purchase of such shares at market price, the last reported sales price reported on the NYSE on the trading day immediately preceding the relevant date); and (ii) the sales proceeds (net of commissions and other expenses of sale) received by the trust for the shares. The purported beneficial transferee or purported record transferee has no rights in the shares held by the trustee.

The trustee will be designated by us and will be unaffiliated with us and with any purported record transferee or purported beneficial transferee. Prior to the sale of any excess shares by the trust, the trustee will receive, in trust for the beneficiary, all dividends and other distributions paid by us with respect to the excess shares, and may also exercise all voting rights with respect to the excess shares.

Subject to Maryland law, effective as of the date that the shares have been transferred to the trust, the trustee shall have the authority, at the trustee s sole discretion:

to rescind as void any vote cast by a purported record transferee prior to our discovery that the shares have been transferred to the trust; and

to recast the vote in accordance with the desires of the trustee acting for the benefit of the beneficiary of the trust.

However, if we have already taken irreversible corporate action, then the trustee may not rescind and recast the vote.

Any beneficial owner or constructive owner of shares of our stock and any person or entity (including the stockholder of record) who is holding shares of our stock for a beneficial owner must, on request, provide us with a completed questionnaire containing the information regarding their ownership of such shares, as set forth in the applicable Treasury Regulations. In addition, any person or entity that is a beneficial owner or constructive owner of shares of our stock and any person or entity (including the stockholder of record) who is holding shares of our stock for a beneficial owner or constructive owner shall, on request, be required to disclose to us in writing such information as we may request in order to determine the effect, if any, of such stockholder s actual and constructive ownership of shares of our stock on our status as a REIT and to ensure compliance with the ownership limit, or as otherwise permitted by our board of directors.

All certificates representing shares of our stock bear a legend referring to the restrictions described above.

This ownership limit could delay, defer or prevent a transaction or a change of control of us that might involve a premium price for our stock or otherwise be in the best interest of our stockholders.

the circumstances under which the Company will pay Additional Amounts on any payment made on the debt securities of the series pursuant to its guarantee of the debt securities of the series; and

any other terms of debt securities of the series.

As used in this prospectus, references to the principal of and premium, if any, and interest, if any, on the debt securities of a series include Additional Amounts, if any, payable on the debt securities of such series in that context.

The Operating Partnership may issue debt securities as original issue discount securities to be sold at a substantial discount below their principal amount. In the event of an acceleration of the maturity of any original issue discount security, the amount payable to the holder upon acceleration will be determined in the manner described in the applicable prospectus supplement. Important federal income tax and other considerations applicable to original issue discount securities will be described in the applicable prospectus supplement.

The terms of the debt securities of any series may be inconsistent with the terms of the debt securities of any other series, and the terms of particular debt securities within any series may be inconsistent with each other. Unless otherwise specified in the applicable prospectus supplement, the Operating Partnership may, without the consent of, or notice to, the holders of the debt securities of any series, reopen an existing series of debt securities and issue additional debt securities of that series.

Other than to the extent provided with respect to the debt securities of a particular series and described in the applicable prospectus supplement, the Indenture will not contain any provisions that would limit our ability or the ability of the Operating Partnership to incur indebtedness or to substantially reduce or eliminate our consolidated assets, which may have a materially adverse effect on our ability or the ability of the Operating Partnership to service our or the Operating Partnership s indebtedness (including the debt securities) or that would afford holders of the debt securities protection in the event of:

(1) a highly leveraged or similar transaction involving us, our management, or any affiliate of any of those parties,

(2) a change of control, or

(3) a reorganization, restructuring, merger, or similar transaction involving us or our affiliates.

Registration, Transfer, Payment and Paying Agent

Unless otherwise specified in the applicable prospectus supplement, each series of debt securities will be issued in registered form only, without coupons.

Unless otherwise specified in the applicable prospectus supplement, the debt securities will be payable and may be surrendered for registration of transfer or exchange at an office of the Operating Partnership or an agent of the Operating Partnership in The City of New York. However, the Operating Partnership, at its option, may make payments of interest on any interest payment date on any debt security by check mailed to the address of the person entitled to receive that payment or by wire transfer to an account maintained by the payee with a bank located in the United States.

Any interest not punctually paid or duly provided for on any interest payment date with respect to the debt securities of any series will forthwith cease to be payable to the holders of those debt securities on the applicable regular record date and may either be paid to the persons in whose names those debt securities are registered at the close of business on a special record date for the payment of the interest not punctually paid or duly provided for to be fixed by the Trustee, notice whereof shall be given to the holders of those debt securities not less than 10 days prior to the special record date, or may be paid at any time in any other lawful manner, all as completely described in the Indenture.

Table of Contents

Subject to certain limitations imposed on debt securities issued in book-entry form, the debt securities of any series will be exchangeable for other debt securities of the same series and of a like aggregate principal amount and tenor of different authorized denominations upon surrender of those debt securities at the designated place or places. In addition, subject to certain limitations imposed upon debt securities issued in book-entry form, the debt securities of any series may be surrendered for registration of transfer or exchange thereof at the designated place or places if duly endorsed or accompanied by a written instrument of transfer. No service charge shall be made for any registration of transfer or exchange, redemption or repayment of debt securities, but the Operating Partnership may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with certain of those transactions.

Unless otherwise specified in the applicable prospectus supplement, the Operating Partnership will not be required to:

- issue, register the transfer of or exchange debt securities of any series during a period beginning at the opening of business 15 days before any selection of debt securities of that series of like tenor and terms to be redeemed and ending at the close of business on the day of that selection;
- register the transfer of or exchange any debt security, or portion of any debt security, called for redemption, except the unredeemed portion of any debt security being redeemed in part; or
- issue, register the transfer of or exchange a debt security which has been surrendered for repurchase at the option of the holder, except the portion, if any, of the debt security not to be repurchased.

Outstanding Debt Securities

In determining whether the holders of the requisite principal amount of outstanding debt securities have given any request, demand, authorization, direction, notice, consent, or waiver under the Indenture:

- the principal amount of an original issue discount security that shall be deemed to be outstanding for these purposes shall be that portion of the principal amount of the original issue discount security that would be due and payable upon acceleration of the original issue discount security as of the date of the determination,
- the principal amount of any Indexed Security that shall be deemed to be outstanding for these purposes shall be the principal amount of the Indexed Security determined on the date of its original issuance,
- the principal amount of a debt security denominated in a foreign currency shall be the U.S. dollar equivalent, determined on the date of its original issuance, of the principal amount of the debt security, and
- a debt security owned by the Operating Partnership, the Company or any obligor on the debt security or any affiliate of the Operating Partnership, the Company or such other obligor shall be deemed not to be outstanding.

Redemption and Repurchase

The debt securities of any series may be redeemable at the Operating Partnership s option or may be subject to mandatory redemption by the Operating Partnership as required by a sinking fund or otherwise. In addition, the debt securities of any series may be subject to repurchase by the Operating Partnership at the option of the holders. The applicable prospectus supplement will describe the terms and conditions regarding any optional or mandatory redemption or option to repurchase the debt securities of the related series.

Guarantees by the Company

The Operating Partnership s payment obligations under the debt securities will be irrevocably and unconditionally guaranteed on an unsecured and unsubordinated basis by the Company. The guarantee will be the Company s direct obligation, ranking equally and ratably with all of its existing and future unsecured and unsubordinated obligations, other than obligations mandatorily preferred by law.

Covenants

Any material covenants applicable to the debt securities of the applicable series will be specified in the applicable prospectus supplement.

Events of Default

Unless otherwise specified in the applicable prospectus supplement, an Event of Default with respect to the debt securities of any series is defined in the Indenture as being:

(1) default for 30 days in the payment of any interest on, or any Additional Amounts payable in respect of any interest on, any debt security of that series;

(2) default for three Business Days (as defined below) in payment of any principal of or premium, if any, on, or any Additional Amounts payable in respect of any principal of or premium, if any, on, any debt security of that series when due, whether at maturity, upon redemption, upon repurchase at the option of the holder or otherwise;

(3) default for three Business Days in the deposit of any sinking fund payment or payment under any analogous provision when due with respect to any debt security of that series;

(4) the guarantee of the Company is not (or is claimed by the Company not to be) in full force and effect with respect to the debt securities of such series;

(5) default in the performance, or breach, of any covenant or warranty of the Operating Partnership or the Company, as the case may be, in the Indenture or any debt security of that series not covered elsewhere in this section or the guarantee of the Company, other than a covenant or warranty included in the Indenture solely for the benefit of a series of debt securities other than that series, which shall not have been remedied for a period of 90 days after written notice by the Trustee or the holders of at least 25% in aggregate principal amount of the debt securities of that series then outstanding;

(6) specified events of bankruptcy, insolvency, or reorganization with respect to the Operating Partnership or the Company; or

(7) any other Event of Default established for the debt securities of that series.

As used in this section, unless otherwise specified in the applicable prospectus supplement, Business Day means any day other than a Saturday, Sunday or other day on which banking institutions in The City of New York are authorized or obligated by law, regulation or executive order to close.

No Event of Default with respect to any particular series of debt securities necessarily constitutes an Event of Default with respect to any other series of debt securities. The Trustee is required to give notice to holders of the debt securities of the applicable series within 90 days after the Trustee has actual knowledge (as such knowledge is described in the Indenture) of a default relating to such debt securities.

If an Event of Default specified in clause (6) above occurs, then the principal of all the outstanding debt securities and unpaid interest, if any, accrued thereon shall automatically become immediately due and payable. If any other Event of Default with respect to the outstanding debt securities of the applicable series occurs and is continuing, either the Trustee or the holders of at least 25% in aggregate principal amount of the debt securities of that series then outstanding may declare the principal of, or if debt securities of that series are original issue discount securities such lesser amount as may be specified in the terms of that series of debt securities, and unpaid interest, if any, accrued thereon to be due and payable immediately. However, upon specified conditions, the holders of a majority in aggregate principal amount of the debt securities of that series then outstanding may rescind and annul any such declaration of acceleration and its consequences.

The Indenture provides that no holders of debt securities of any series may institute any proceedings, judicial or otherwise, with respect to the Indenture, or for the appointment of a receiver or Trustee, or for any remedy thereunder, except in the case of failure of the Trustee, for 60 days, to act after it has received a written request to institute proceedings in respect of an Event of Default from the holders of at least 25% in aggregate principal amount of the outstanding debt securities of that series, as well as an offer of indemnity or security reasonably satisfactory to it, and no inconsistent direction has been given to the Trustee during such 60 day period by the holders of a majority in aggregate principal amount of the outstanding debt securities of that series. Notwithstanding any other provision of the Indenture, each holder of a debt security will have the right, which is absolute and unconditional, to receive payment of the principal of and premium, if any, and interest, if any, and any Additional Amounts on that debt security on the respective due dates for those payments and to institute suit for the enforcement of those payments and any right to effect such exchange, and this right shall not be impaired without the consent of such holder.

Subject to the provisions of the Trust Indenture Act requiring the Trustee, during the continuance of an Event of Default under the Indenture, to act with the requisite standard of care, the Trustee is under no obligation to exercise any of its rights or powers under the Indenture at the request or direction of any of the holders of debt securities of any series unless those holders have offered the Trustee indemnity or security satisfactory to it. The holders of a majority in aggregate principal amount of the outstanding debt securities of any series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or of exercising any trust or power conferred upon the Trustee, provided that the direction would not conflict with any rule or law or with the Indenture or with any series of debt securities, such direction would not be unduly prejudicial to the rights of any other holder of debt securities of that series (or the debt securities of any other series), and the Trustee may take any other action deemed proper by the Trustee which is not inconsistent with such direction.

Within 150 days after the close of each fiscal year, the Operating Partnership and the Company, as guarantor, must deliver to the Trustee an officers certificate stating whether or not each certifying officer has knowledge of any Event of Default or default which, with notice or lapse of time or both, would become an Event of Default under the Indenture and, if so, specifying each such default and the nature and status thereof; provided that any default that results solely from the taking of an action that would have been permitted but for the continuation of a previous default will be deemed to be cured if such previous default is cured prior to becoming an Event of Default.

Modification, Waivers and Meetings

The Indenture permits the Operating Partnership, the Company, as guarantor, and the Trustee, with the consent of the holders of a majority in aggregate principal amount of the outstanding debt securities of each series issued under the Indenture and affected by a modification or amendment (voting as separate classes), to modify or amend any of the provisions of the Indenture or of the debt securities of the applicable series or the rights of the holders of the debt securities of the applicable series under the Indenture. However, no modification or amendment shall, without the consent of the holder of each outstanding debt security affected thereby:

change the stated maturity of the principal of, or premium, if any, or any installment of interest, if any, on, or any Additional Amounts, if any, with respect to, any debt securities, or

Table of Contents

reduce the principal of or any premium on any debt securities or reduce the rate (or modify the calculation of such rate) of interest on or the redemption or repurchase price of any debt securities, or any Additional Amounts with respect to any debt securities or related guarantee, or change the Operating Partnership s or the Company s obligation to pay Additional Amounts, or

reduce the amount of principal of any original issue discount securities that would be due and payable upon acceleration of the maturity of any debt security, or

adversely affect any right of repayment or repurchase at the option of any holder, or

release the Company, as guarantor, from any of its obligations under its guarantee or the Indenture, or

change any place where, or the currency in which, any debt securities are payable, or

impair the holder s right to institute suit to enforce the payment of any debt securities on or after their stated maturity, or

reduce the percentage of the outstanding debt securities of any series whose holders must consent to any modification or amendment or any waiver of compliance with specific provisions of such Indenture or specified defaults under the Indenture and their consequences, or

reduce the requirements for a quorum or voting at a meeting of holders of the applicable debt securities,

The Indenture also contains provisions permitting the Operating Partnership, the Company, as guarantor, and the Trustee, without the consent of the holders of any debt securities, to modify or amend the Indenture, among other things:

to add to the Events of Default or covenants in a manner that benefits the holders of all or any series of debt securities issued under the Indenture;

to provide for security of debt securities of any series or add guarantees in favor of debt securities of any series;

to establish the form or terms of debt securities of any series, and the form of the guarantee of debt securities of any series;

to cure any mistake, ambiguity or correct or supplement any provision in the Indenture which may be defective or inconsistent with other provisions in the Indenture, or to make any other provisions with respect to matters or questions arising under the Indenture, or to make any change necessary to comply with any requirement of the SEC in connection with the Indenture under the Trust Indenture Act, in each case which shall not adversely affect the interests of the holders of any series of debt securities;

to amend or supplement any provision contained in the Indenture, provided that the amendment or supplement does not apply to any outstanding debt securities issued before the date of the amendment or supplement and entitled to the benefits of that provision; or

to conform the terms of the Indenture, the debt securities of a series or the related guarantee to the description thereof contained in any prospectus or other offering document or memorandum relating to the offer and sale of those securities.

Table of Contents

The holders of a majority in aggregate principal amount of the outstanding debt securities of any series may waive the Operating Partnership s or the Company s compliance with some of the restrictive provisions of the Indenture, which may include covenants, if any, which are specified in the applicable prospectus supplement. The holders of a majority in aggregate principal amount of the outstanding debt securities of any series may, on behalf of all holders of debt securities of that series, waive any past default under the Indenture with respect to the debt securities of that series and its consequences, except a default which is continuing (i) in the payment of the principal of, or premium, if any, or interest, if any, on, the debt securities of that series, or (ii) in respect of a covenant or provision which cannot be modified or amended without the consent of the holder of each outstanding debt security of the affected series.

The Indenture contains provisions for convening meetings of the holders of a series of debt securities. A meeting may be called at any time by the Trustee, and also, upon the Operating Partnership s request, or the request of holders of at least 10% in aggregate principal amount of the outstanding debt securities of any series. Notice of a meeting must be given in accordance with the provisions of the Indenture. Except for any consent which must be given by the holder of each outstanding debt security affected in the manner described above, any resolution presented at a meeting or adjourned meeting duly reconvened at which a quorum, as described below, is present may be adopted by the affirmative vote of the holders of a majority in aggregate principal amount of the outstanding debt securities of the applicable series. However, any resolution with respect to any request, demand, authorization, direction, notice, consent, waiver, or other action which may be made, given or taken by the holders of a specified percentage, other than a majority, in aggregate principal amount of the outstanding debt securities of a series may be adopted at a meeting or adjourned meeting duly reconvened at which a quorum is present by the affirmative vote of the holders of that specified percentage in aggregate principal amount of the outstanding debt securities of that series. Any resolution passed or decision taken at any meeting of holders of debt securities of any series duly held in accordance with the Indenture will be binding on all holders of debt securities of that series. The quorum at any meeting called to adopt a resolution, and at any reconvened meeting, will be persons holding or representing a majority in aggregate principal amount of the outstanding debt securities of the applicable series, subject to exceptions; provided, however, that if any action is to be taken at that meeting with respect to a consent or waiver which may be given by the holders of a supermajority in aggregate principal amount of the outstanding debt securities of a series, the persons holding or representing that specified supermajority percentage in aggregate principal amount of the outstanding debt securities of that series will constitute a quorum.

Discharge, Defeasance and Covenant Defeasance

Satisfaction and Discharge

Upon the Operating Partnership s direction, the Indenture shall cease to be of further effect with respect to the debt securities of any series specified by the Operating Partnership and the related guarantee, subject to the survival of specified provisions of the Indenture, including (unless the accompanying prospectus supplement provides otherwise) the Operating Partnership s obligation to repurchase such debt securities at the option of the holders thereof, if applicable, and the Operating Partnership s obligation to pay Additional Amounts in respect of such debt securities to the extent described below, when:

either

(A) all outstanding debt securities of that series have been delivered to the Trustee for cancellation, subject to exceptions, or

(B) all debt securities of that series have become due and payable or will become due and payable at their maturity within one year or are to be called for redemption within one year, and the Operating Partnership has deposited with the Trustee, in trust, funds in the currency in which the debt securities of that series are payable in an amount sufficient to pay and discharge the entire indebtedness on the debt securities of that series, including the principal thereof and, premium, if any, and interest, if any, thereon, and, to the extent that (x) the debt securities of that series provide for the payment of Additional Amounts and (y) the amount of any Additional Amounts which are or will be payable is at the time of deposit reasonably determinable by the Operating Partnership, in the exercise of its sole discretion, those Additional Amounts, to the date of such deposit, if the debt securities of that series have become due and payable, or to the maturity or redemption date of the debt securities of that series, as the case may be;

Table of Contents

the Operating Partnership has paid all other sums payable under the Indenture with respect to the debt securities of that series (including amounts payable to the Trustee); and

the Trustee has received an officers certificate and an opinion of counsel to the effect that all conditions precedent to the satisfaction and discharge of the Indenture in respect of the debt securities of such series have been satisfied.

If the debt securities of any series provide for the payment of Additional Amounts, the Operating Partnership will remain obligated, following the deposit described above, to pay Additional Amounts on those debt securities to the extent that they exceed the amount deposited in respect of those Additional Amounts as described above.

Defeasance and Covenant Defeasance

Unless otherwise specified in the applicable prospectus supplement, the Operating Partnership may elect with respect to the debt securities of the particular series either:

to defease and discharge itself and the Company, as guarantor, from any and all obligations with respect to those debt securities (legal defeasance), except for, among other things:

(A) the obligation to pay Additional Amounts, if any, upon the occurrence of specified events of taxation, assessment, or governmental charge with respect to payments on those debt securities to the extent that those Additional Amounts exceed the amount deposited in respect of those amounts as provided below,

(B) the obligations to register the transfer or exchange of those debt securities,

(C) the obligation to replace temporary or mutilated, destroyed, lost, or stolen debt securities,

(D) the obligation to maintain an office or agent of the Operating Partnership in The City of New York, in respect of those debt securities,

(E) the obligation to hold moneys for payment in respect of those debt securities in trust, and

(F) the obligation, if applicable, to repurchase those debt securities at the option of the holders thereof, or

to be released from its obligations and to release the Company, as guarantor, of its obligations with respect to those debt securities under (A) certain covenants in the Indenture related to the preservation of the rights (charter and statutory), licenses and franchises of the Operating Partnership and the Company and (B) if applicable, other covenants as may be specified in the applicable prospectus supplement, and any omission to comply with those obligations shall not constitute a default or an Event of Default with respect to those debt securities (covenant defeasance),

in either case upon the irrevocable deposit with the Trustee, or other qualifying Trustee, in trust for that purpose, of an amount in the cur
