PROXY STATEMENT

The enclosed Proxy is solicited on behalf of Neurocrine Biosciences, Inc., a Delaware corporation (the "Company" or "Neurocrine"), for use at its 2015 Annual Meeting of Stockholders (the "Annual Meeting") to be held on May 28, 2015 beginning at 10:30 a.m., local time, or at any continuations, postponements or adjournments thereof for the purposes set forth in this proxy statement and the accompanying Notice of Annual Meeting of Stockholders. The Annual Meeting will be held at the Company's corporate headquarters, located at 12780 El Camino Real, San Diego, California 92130. The Company's phone number is (858) 617-7600.

This proxy statement is being first mailed on or about April 30, 2015 to all stockholders entitled to vote at the Annual Meeting.

ABOUT THE ANNUAL MEETING

What is the purpose of the Annual Meeting?

At the Annual Meeting, stockholders will act upon the matters outlined in the Notice of Annual Meeting of Stockholders on the cover page of this proxy statement, including the election of the three nominees for Class I Director named herein, an advisory vote on the compensation paid to the Company's named executive officers, approval of an amendment increasing the number of shares of common stock reserved for issuance under the Company's 2011 Equity Incentive Plan from 8,500,000 to 13,500,000, and ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2015. In addition, management will report on the performance of the Company and respond to questions from stockholders.

Who can attend the Annual Meeting?

All stockholders of record at the close of business on April 1, 2015 (the "Record Date"), or their duly appointed proxies, may attend the Annual Meeting. If you attend, please note that you may be asked to present valid picture identification, such as a driver's license or passport. Cameras, recording devices and other electronic devices will not be permitted at the Annual Meeting.

Please also note that if you hold your shares in "street name" (that is, through a broker or other nominee), you will need to bring a copy of a brokerage statement reflecting your stock ownership as of the record date and check in at the registration desk at the Annual Meeting.

Who is entitled to vote at the Annual Meeting?

Stockholders of record at the close of business on the Record Date are entitled to receive notice of and to participate in the Annual Meeting. At the close of business on the Record Date, 85,372,303 shares of the Company's common stock, \$0.001 par value per share, were issued and outstanding. If you were a stockholder of record on that date, you will be entitled to vote all of the shares that you held on that date at the Annual Meeting, or any continuations, postponements or adjournments of the Annual Meeting.

Each outstanding share of the Company's common stock will be entitled to one vote on each proposal considered at the Annual Meeting.

What constitutes a quorum? What are broker non-votes? What are advisory votes?

The presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the aggregate voting power of the common stock outstanding on the Record Date will constitute a quorum, permitting the Company to conduct its business at the Annual Meeting. As of the Record Date, 85,372,303 shares of common stock, representing the same number of votes, were outstanding. Thus, the presence of the holders of common stock representing at least 42,686,152 shares will be required to establish a quorum. The presence of a quorum will be determined by the Inspector of Elections (the Inspector).

Proxies received but marked as abstentions, as well as broker non-votes, will be included in the calculation of the number of shares considered to be present at the Annual Meeting. Broker non-votes occur when a holder of shares in street name does not give instructions to the broker or nominee holding the shares as to how to vote on non-routine matters. Under the rules and interpretations of the New York Stock Exchange (the NYSE), non-routine matters are matters that may substantively affect the rights or privileges of stockholders, such as mergers, stockholder proposals and elections of directors, even if not contested. In addition, as required by Section 957 of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, advisory votes on executive compensation is a non-routine matter for which brokers do not have discretionary authority to vote shares held by account holders. Only ratification of our independent registered public accounting firm under Proposal Four is considered a routine matter.

The vote on Proposal Two is advisory, the outcome of which will not be binding on the Company or the Board of Directors and neither will create or imply any change to the fiduciary duties of the Board of Directors. However, the Company and the Board of Directors will consider the results of the advisory vote on Proposal Two in making future decisions about compensation of the Company's named executive officers.

How do I vote?

If you complete and properly sign the accompanying proxy card and return it to the Company, it will be voted as you direct. If you are a registered stockholder (that is, if you hold your stock in certificate form and attend the Annual Meeting), you may deliver your completed proxy card in person. Street name stockholders who wish to vote at the Annual Meeting will need to obtain a proxy form from the institution that holds their shares.

The cost of solicitation of proxies will be borne by the Company. The Company will reimburse expenses incurred by brokerage firms and other persons representing beneficial owners of shares in forwarding solicitation material to beneficial owners. To assist in soliciting proxies (votes), the Company may retain a professional proxy solicitation firm, at an approximate cost of \$10,000. Proxies also may be solicited by certain of the Company's directors, officers and regular employees, without additional compensation, personally, by telephone or by other appropriate means.

Can I vote by telephone or electronically?

If you are a registered stockholder you may vote by telephone, or electronically through the Internet, by following the instructions included with your proxy card. If your shares are held in street name, please check your proxy card or contact your broker or nominee to determine whether you will be able to vote by telephone or electronically. The deadline for voting by telephone or electronically is 11:59 p.m., Eastern Time, on May 27, 2015.

Can I change my vote after I return my proxy card?

Yes. Even after you have submitted your proxy, you may change your vote at any time before the proxy is exercised by filing with the Corporate Secretary of the Company either a notice of revocation or a duly executed proxy bearing a later date. Your proxy will also be revoked if you attend the Annual Meeting and vote in person. Attendance at the Annual Meeting will not by itself revoke a previously granted proxy.

What does it mean if I receive more than one set of proxy materials?

If you receive more than one set of proxy materials, your ordinary shares are registered in more than one name or are registered in different accounts. Please complete, sign and return each proxy card to ensure that all of your shares are voted.

What are the Board of Directors' recommendations?

Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board of Directors. The Board of Directors' recommendation is set forth together with the description of each item in this proxy statement. In summary, the Board of Directors recommends a vote:

for election of the three nominees for Class I Director named herein (see Proposal One);

for an advisory vote on the compensation paid to the Company's named executive officers (see Proposal Two);

for approval of the amendment to the Company's 2011 Equity Incentive Plan to increase the number of shares of common stock reserved for issuance thereunder from 8,500,000 to 13,500,000 (see Proposal Three); and

for ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2015 (see Proposal Four).

With respect to any other matter that properly comes before the meeting, the proxy holders will vote as recommended by the Board of Directors or, if no recommendation is given, in their own discretion.

What vote is required to approve each item?

Election of Directors. The affirmative vote of a plurality of the votes cast at the Annual Meeting is required for the election of directors. A properly executed proxy marked **WITHHOLD AUTHORITY** with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum.

Other Items. For each item, the affirmative vote of the holders of a majority of the shares represented in person or by proxy and entitled to vote on the item will be required for approval. A properly executed proxy marked **ABSTAIN** with respect to any such matter will not be voted, although it will be counted for purposes of determining the number of shares represented in person or by proxy at the Annual Meeting. Accordingly, an abstention will have the effect of a negative vote. If you hold your shares in street name through a broker or other nominee, your broker or nominee will not be permitted to exercise voting discretion with respect to each of the matters to be acted upon, other than Proposal Four. Thus, if you do not give your broker or nominee specific instructions, your shares will not be voted on and will not be counted. Shares represented by such broker non-votes will, however, be counted in determining whether there is a quorum.

Who counts the votes?

Votes cast by proxy or in person at the Annual Meeting will be tabulated by the Inspector.

What proxy materials are available on the Internet?

The proxy statement and annual report to stockholders are available on the Internet at www.proxyvote.com. Please have the control number on your proxy card available.

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. In addition, final voting results will be published in a current report on Form 8-K that we expect to file within four business days after the Annual Meeting. If final voting results are not available to us in time to file a Form 8-K within four business days after the meeting, we intend to file a Form 8-K to publish preliminary results and, within four business days after the final results are known to us, file an amended Form 8-K to publish the final results.

CORPORATE GOVERNANCE

General

We have long believed that good corporate governance is important to ensure that Neurocrine is managed for the long-term benefit of its stockholders. We periodically review our corporate governance policies and practices. The Board of Directors has adopted Corporate Governance Guidelines which describe our corporate governance practices and address corporate governance issues such as Board composition, responsibilities and director qualifications. These guidelines are available at www.neurocrine.com.

What is the Board's leadership structure?

It is the Company's policy to separate the roles of Chief Executive Officer and Chairman of the Board. This separation recognizes the independent roles of the Board of Directors, Chairman of the Board and Chief Executive Officer. The Board of Directors sets Company strategy and provides oversight and accountability for the Chief Executive Officer and Company management. The Chairman of the Board presides over the Board of Directors and provides guidance to the Chief Executive Officer. The Chief Executive Officer and the balance of

the Board of Directors set Company goals with the Chief Executive Officer providing leadership and day to day oversight in furtherance of those goals. The Company believes that separation of the Board of Directors and Company leadership preserves the independence of these roles and maximizes performance.

Are the members of the Board independent?

The Board of Directors annually reviews the independence of each of the directors. With the exception of Kevin C. Gorman, Ph.D., who is the President and Chief Executive Officer of Neurocrine, all current members of the Board of Directors meet the definition of independent director under the Nasdaq Stock Market qualification standards.

How often did the Board meet during fiscal 2014?

The Board of Directors held a total of five meetings during 2014. For 2014, the Board of Directors had an Audit Committee, a Compensation Committee and a Nominating/Corporate Governance Committee. Charters for each of these committees have been established and approved by the Board of Directors and copies of the charters for each of the committees have been posted on the Company's website at www.neurocrine.com. During 2014, no director attended fewer than 75% of the aggregate of the total meetings of the Board of Directors and no director attended fewer than 75% of the total number of meetings held by all committees of the Board of Directors on which such director served.

What are the various committees of the Board and which directors are on those committees?

The Company's Audit Committee is comprised entirely of directors who meet the independence requirements set forth in Nasdaq Stock Market Rule 5605(c)(2)(A). Information regarding the functions performed by the committee, its membership, and the number of meetings held during the fiscal year is set forth in the Report of the Audit Committee, included in this annual proxy statement. The members of the Audit Committee are Corinne H. Nevinny, Richard F. Pops and Stephen A. Sherwin, M.D. The Board of Directors has determined that Corinne H. Nevinny, Richard F. Pops and Stephen A. Sherwin, M.D. are audit committee financial experts within the meaning of item 407(d)(5) of SEC Regulation S-K. The Company's Compensation Committee consists of directors Richard F. Pops, W. Thomas Mitchell and Joseph Mollica, Ph.D. This committee met six times during 2014. The Compensation Committee reviews and recommends to the Board of Directors the compensation of executive officers and other employees of the Company. Under its charter, the Compensation Committee may form, and delegate authority to, subcommittees as appropriate. Each of the current members of the Compensation Committee is an independent director as defined by Nasdaq Stock Market Rule 5605(a)(2).

The Company also has a Nominating/Corporate Governance Committee currently comprised of W. Thomas Mitchell, Joseph A. Mollica, Ph.D. and Gary A. Lyons, all of whom are independent directors as defined by Nasdaq Stock Market Rule 5605(a)(2). The Nominating/Corporate Governance Committee is responsible for developing and implementing policies and practices relating to corporate governance, including administration of the Company's Code of Business Conduct and Ethics, which applies to all of the Company's officers, directors and employees, and is available on the Company's website at www.neurocrine.com. The functions of this committee also include consideration of the composition of the Board of Directors and recommendation of individuals for election as directors of the Company. The Nominating/Corporate Governance Committee will consider nominees recommended by stockholders, provided such nominations are made pursuant to the Company's bylaws and applicable law. The committee met twice during 2014.

What is our director nomination process?

In selecting non-incumbent candidates and reviewing the qualifications of incumbent candidates for the Board of Directors, the Nominating/Corporate Governance Committee considers the Company's corporate governance principles, which include the following:

Directors should possess the highest ethics, integrity and values, and be committed to representing the long-term interest of the stockholders. They also must have experience they can draw upon to help direct the business strategies of the Company together with sound judgment. They must be actively engaged in the pursuit of information relevant to the Company's business and must constructively engage their fellow Board members and management in dialogue and the decision-making process.

Directors must be willing to devote sufficient time to carrying out their duties and responsibilities effectively, and should be committed to serve on the Board of Directors for an extended period of time.

Directors should notify the Chairman of the Board and Chairman of the Nominating/Corporate Governance Committee in the event of any significant change in their employment responsibilities or affiliations. Director nominees should meet the Director Qualification requirements set forth in the Company's Corporate Governance Guidelines.

In evaluating director nominees, the Nominating/Corporate Governance Committee considers the following factors: personal and professional integrity, ethics and values including any potential conflicts of interest; experience in corporate management, such as serving as an officer or former officer of a publicly held company; experience as a board member of another publicly held company; and additionally, for nominees seeking re-election, meeting attendance and participation and compliance with Company policies.

It is the Company's policy to have a diversity of skills, professional experience, education, associations, achievements, training, points of view and individual qualities and attributes represented on the Board of Directors. The Nominating/Corporate Governance Committee considers the diversity of the Board of Directors when evaluating candidates for election or re-election to the Board of Directors.

The Nominating/Corporate Governance Committee's goal is to assemble a Board of Directors that brings to the Company a variety of perspectives and skills derived from high quality business and professional experience. In doing so, the Nominating/Corporate Governance Committee also considers candidates with appropriate non-business backgrounds.

In addition to the foregoing, the Nominating/Corporate Governance Committee Charter and Corporate Governance Guidelines set forth minimum criteria for director nominees. The Nominating/Corporate Governance Committee may also consider such other facts as it may deem are in the best interests of the Company and its stockholders. The Nominating/Corporate Governance Committee does, however, believe that at least one, and preferably several members of the Board of Directors, meet the criteria for an audit committee financial expert as defined by SEC rules. The following paragraphs provide information as of the date of this proxy statement about the specific experience, qualifications, attributes and skills of each nominee and current member of the Board of Directors that led the Board to conclude that such person should serve as a director. In addition to the information below regarding each Board member, we also believe that all of our directors have a reputation for honesty, integrity and highest ethical standards. They each have demonstrated business acumen, an ability to exercise sound judgment and a commitment to serve the Company.

Class I Directors Nominated for Re-election at the 2015 Annual Meeting

The nomination of ***W. Thomas Mitchell*** for election to the Company's Board of Directors is based on his proven ability to build companies on a global scale. Under Mr. Mitchell's leadership, Genencor International substantially increased its revenues and through acquisition and integration of businesses grew on an international scale. In addition to his strategic company experience, Mr. Mitchell brings experience in public policy initiatives and finance to the Company's Board of Directors.

The nomination of **Joseph A. Dr. Mollica contributes a significant history and depth of experience in the biopharmaceutical industry to the Board of Directors.

The nomination of **William H. Rastetter, Ph.D.** for election to the Company's Board of Directors is based on Dr. Rastetter's scientific and technical expertise combined with his business experience in leading rapidly growing companies in the life science industry. The Company's continued growth is dependent on scientific and technical advances, and the Board of Directors believes that Dr. Rastetter offers both strategic and technical insight into the risks and opportunities associated with our business. In addition, Dr. Rastetter's board and executive leadership experience at other life science companies provides valuable strategic and governance insight to the Board of Directors as a whole.

Class II Directors Continuing Until 2016 Annual Meeting

The continued service of **Corinne H. Neviny** on the Company's Board of Directors is based on her global expertise as a prior President for Global Operations of Edward Lifesciences, Inc., her financial background as a prior Chief Financial Officer for Edwards Lifesciences and Tularik, Inc. and her capital markets experience as Executive Director-Health Care Group at Warburg Dillon Read LLC. Her combination of financial, global and capital markets experience has in the past, and will in the future, help guide the Company's financial and capital strategies.

The continued service of **Richard F. Pops** on the Company's Board of Directors is based on his leadership experience and track record for growing companies, his strength in business strategy and his financial acumen and capital markets experience. In addition, Mr. Pops is recognized for his service to the biopharmaceutical industry as a member of the Boards of the Biotechnology Industry Organization and the Pharmaceutical Research and Manufacturers of America. His breadth and range of industry experience from operations and strategy is a significant contribution to the Board of Directors.

The continued service of **Stephen A. Sherwin, M.D.** on the Company's Board of Directors is based on his experience and credentials in the biotechnology industry as the former Chief Executive Officer of Cell Genesys, Inc., the former chairman and co-founder of Abgenix, Inc., the chairman and co-founder of Ceregene, Inc., and his positions at Genentech, Inc. and the National Cancer Institute. Dr. Sherwin is also currently Chairman Emeritus of the Biotechnology Industry Organization. In addition to his biotechnology credentials, Dr. Sherwin's medical expertise in internal medicine and medical oncology provides a unique contribution to the Board of Directors.

Class III Directors Continuing Until 2017 Annual Meeting

The continued service of **Kevin C. Gorman, Ph.D.** on the Company's Board of Directors is based on the fact that as President and Chief Executive Officer of the Company, Dr. Gorman has extensive knowledge of our product candidates, our employees and the industry in which we operate. Dr. Gorman has also demonstrated exceptional leadership skills, sound business judgment and a strong commitment to the Company.

The continued service of **Gary A. Lyons** for election to the Company's Board of Directors is based on Mr. Lyons' extensive business development experience and, as the Company's former Chief Executive Officer, his in-depth understanding of the Company's product candidates, management and culture. With this history with the Company and management, Mr. Lyons brings a unique perspective and point of view to the Company's Board of Directors.

Identification and Evaluation of Nominees for Director

The Nominating/Corporate Governance Committee identifies nominees for director by first evaluating the current members of the Board of Directors willing to continue in service. Current members with qualifications and skills that are consistent with the Nominating/Corporate Governance Committee's criteria for service and who are willing to continue are considered for re-nomination, balancing the value of continuity of service by existing members of the Board of Directors with that of obtaining members who would offer a new perspective. If any member of the Board of Directors does not wish to continue in service, or if the Board of Directors decides not to re-nominate a member for re-election, the Nominating/Corporate Governance Committee identifies the desired skills and experience of a new nominee in light of the criteria above. The Nominating/Corporate Governance Committee generally polls the Board of Directors and members of management for their recommendations and may also seek input from third-party search firms. The Nominating/Corporate Governance Committee may also seek input from industry experts or analysts. The Nominating/Corporate Governance Committee reviews the qualifications, experience and background of the candidates. Final candidates are then interviewed by the Company's independent directors and executive management. In making its determinations, the Nominating/Corporate Governance Committee evaluates each individual in the context of the Company's Board of Directors as a whole, with the objective of assembling a group that can best perpetuate the success of the Company and represent stockholder interests through the exercise of sound judgment. After review and deliberation of all feedback and data, the Nominating/Corporate Governance Committee makes its recommendation to the Board of Directors.

We have not received director candidate recommendations from the Company's stockholders and do not have a formal policy regarding consideration of such recommendations. However, any recommendations received from stockholders will be evaluated in the same manner that potential nominees suggested by members of our Board of Directors, management or other parties are evaluated. Accordingly, our Board of Directors believes a formal policy regarding consideration of such recommendations is unnecessary.

What is our process for stockholder communications with the Board of Directors?

Stockholders of the Company wishing to communicate with the Company's Board of Directors or an individual director may send a written communication to the Board of Directors or such director c/o Neurocrine Biosciences, Inc., 12780 El Camino Real, San Diego, CA 92130, Attn: Corporate Secretary. Each communication must set forth:

the name and address of the Company stockholder on whose behalf the communication is sent; and

the number of Company shares that are owned beneficially by such stockholder as of the date of the communication.

Each stockholder communication will be reviewed by the Company's Corporate Secretary to determine whether it is appropriate for presentation to the Board or such director. Examples of inappropriate communications include advertisements, solicitations or hostile communications.

Communications determined by the Corporate Secretary to be appropriate for presentation to the Board or such director will be submitted to the Board or such director on a periodic basis.

What is the Board's role in risk oversight?

While the Board of Directors has ultimate oversight responsibility for the risk management process, it has delegated portions of this responsibility to various committees. The Board of Directors and committees oversee risk throughout the business with focus on financial risk, legal/compliance risk and strategic risk. The Audit Committee focuses on financial risk and internal controls and receives an annual financial risk assessment from the Company's independent registered public accounting firm. The Nominating/Corporate Governance

Committee and Audit Committee each focus on legal/compliance risk with the Nominating/Corporate Governance Committee taking the lead on the governance and management process and the Audit Committee taking the lead on SEC reporting and compliance. The Compensation Committee addresses compensation policies and practices as they relate to risk management practices and risk-taking incentives. The participation of the full Board of Directors in setting the Company's business strategy incorporates assessment of strategic risk for the Company overall.

How do the Company's compensation policies and practices relate to risk management practices and risk-taking incentives?

During 2014, the Compensation Committee, in conjunction with the Board of Directors, continued an assessment of how the Company's compensation policies and practices relate to risk management practices and risk-taking incentives. As part of the process, the Compensation Committee engaged the services of an external, independent compensation consulting firm to conduct an independent risk assessment. Based on this assessment, the Compensation Committee concluded that the Company's compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company.

What is our policy regarding Board member attendance at the Company's Annual Meeting?

The Company does not have a formal policy regarding attendance by members of the Board of Directors at the Annual Meeting. Directors Kevin C. Gorman, Ph.D. and William H. Rastetter, Ph.D. attended the 2014 Annual Meeting of Stockholders.

The independent registered public accounting firm also is responsible for performing an independent audit of the Company's internal control over financial reporting in accordance with the auditing standards of the PCAOB. In addition, the Audit Committee has discussed the independent registered public accounting firm's independence from management and the Company, including the matters in the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the PCAOB and considered the compatibility of non-audit services with the auditors' independence.

The Audit Committee discussed with the Company's independent registered public accounting firm the overall scope and plans for their audits. The Audit Committee meets with the independent registered public accounting firm, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2014, for filing with the Securities and Exchange Commission. PROPOSAL ONE: ELECTION OF DIRECTORS

The Company's bylaws, as amended, provide that the Board of Directors will be comprised of eight directors. The Company's Certificate of Incorporation provides that the Board of Directors is divided into three classes. There are currently three directors in Class I (W. Thomas Mitchell, Joseph A. Gorman, Ph.D., and Gary A. Lyons). With the exception of Kevin C. PROPOSAL TWO: ADVISORY VOTE ON

COMPENSATION PAID TO THE COMPANY'S NAMED EXECUTIVE OFFICERS

General

At the 2011 Annual Meeting of Stockholders, the Board of Directors, as a matter of good corporate governance, recommended that the stockholders approve an advisory vote on Named Executive Officer compensation (say-on-pay) on an annual basis. Approximately 91% of the shareholder votes cast at the 2011 Annual Meeting of Stockholders were for the Company's recommendation, and in response the Company holds an annual say-on-pay vote. This annual vote is not intended to address any specific compensation item, but rather the overall compensation of the Company's Named Executive Officers and the philosophy, policies and practices described in this proxy statement.

Summary of the Company's Executive Compensation Philosophy

The Compensation Committee of the Board of Directors (the Committee) bases its executive compensation decisions on a number of objectives which include aligning management incentives with interests of stockholders, providing competitive compensation, appropriately balancing compensation risk in the context of the Company's business strategy and meeting evolving compensation governance standards. The philosophy of the Committee in establishing the Company's compensation policy for executive officers as well as all other employees is to:

align compensation plans with both short-term and long-term goals and objectives of the Company and stockholder interests;

attract and retain highly skilled individuals by offering compensation that compares favorably to other employers who are competing for available employees;

incentivize employees through a mix of base salary, bonus amounts based on achievement of defined corporate and personal goals and long-term equity awards to generate returns for stockholders; and

pay for performance by ensuring that an ever increasing percentage of an individual's compensation is performance-based as they progress to higher levels within the Company.

As discussed below in the Compensation Discussion and Analysis, we believe we have adopted a compensation philosophy that provides strong alignment between executive pay and performance based on strategic goals designed to provide both near-term and long-term growth in stockholder value. The historical approval rates, on an advisory basis, for the Company's executive compensation program have been approximately 95%, 94%, and 98% for each of the 2012, 2013 and 2014 Annual Meetings of Stockholders, respectively. The Committee and our Board of Directors believe that this level of approval of our executive compensation program is indicative of our stockholders' strong support of our compensation philosophy and goals as well as the overall administration of executive compensation by the Committee and the Board of Directors.

You are being asked to approve on an advisory basis, the compensation paid to the Company's Named Executive Officers as set forth in the Compensation Discussion and Analysis, Summary Compensation Table and related notes and narrative set forth herein. This vote is not intended to address any specific compensation item, but rather the overall compensation of the Company's Named Executive Officers and the philosophy, policies and practices described in this proxy statement.

Vote Required

The say-on-pay vote is advisory and therefore not binding on the Company, the Committee or the Board of Directors. However, we value the opinions of our stockholders and will review and will continue to consider the

outcome of this advisory vote when making future compensation decisions for our Named Executive Officers and will evaluate whether any actions are necessary to address the stockholders' concerns. Approval of this advisory vote requires the affirmative vote of the majority of shares represented in person or by proxy and entitled to vote on the item. **The Board of Directors unanimously recommends voting FOR approval of the Company's Named Executive Officers compensation.**

PROPOSAL THREE: APPROVAL OF AN AMENDMENT TO THE 2011 EQUITY INCENTIVE PLAN

General

The Neurocrine Biosciences, Inc. 2011 Equity Incentive Plan, as amended (the "2011 Plan") was originally approved by the Board of Directors and the stockholders of the Company in 2011. The Board has approved an increase in the number of shares of common stock reserved for issuance under the 2011 Plan from 8,500,000 to 13,500,000, subject to stockholder approval at the 2015 Annual Meeting.

The Board believes that the proposed increase in the number of shares of common stock reserved for issuance under the 2011 Plan will allow the Company to attract and retain valuable employees and continue to provide its employees, consultants and directors with a proprietary interest in the Company. Within the Company, equity awards foster an ownership culture and are a critical tool for driving shareholder value and for recruiting, retaining and motivating employees. The Company grants annual equity awards to employees as an incentive to retain its work force and remain competitive. The terms of the Company's annual equity awards and the Company's employee policies are designed to align employee and shareholder interests. The Company grants equity awards to a broad group of employees and such awards constitute a significant component of the Company's employees' total compensation. The Company's equity awards contain long-term vesting, performance-based vesting, and provisions designed to encourage employees to focus on the Company's long-term goals and success. If our stockholders do not approve the amendment to the 2011 Plan, the Company strongly believes that it will be unable to successfully use equity as part of its compensation program, as most of its competitors in the industry do, putting the Company at a significant disadvantage and compromising its ability to enhance shareholder value.

The 2011 Plan authorizes the grant to our employees of options that qualify as incentive stock options under Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"). The 2011 Plan also authorizes the grant of nonstatutory stock options, restricted stock awards, restricted stock units and stock bonus awards (collectively "Equity Awards") to our employees, directors and consultants. The 2011 Plan also provides that certain nonstatutory stock options will be automatically granted to non-employee directors and the Chairman of the Board of Directors of the Company, as described below. As of April 1, 2015, under the 2011 Plan there were options outstanding to purchase 4,741,646 shares of common stock, and 1,535,641 shares were available for future equity awards; 1,400,375 shares were subject to outstanding restricted stock units; and 488,313 shares previously issued upon exercise of options granted and 334,025 shares previously issued upon vesting of restricted stock units under the 2011 Plan are now outstanding shares of common stock. As of April 1, 2015, there were approximately 100 employees and directors eligible to receive grants under the 2011 Plan.

As of the Record Date, an aggregate of 5,660,496 shares are issuable upon exercise of outstanding options with a weighted average exercise price of \$12.67 and a weighted average remaining contractual term of 6.99 years; and 1,400,375 shares are subject to unvested restricted stock units with a weighted average remaining contractual term of 3.3 years. The closing price of the Company's common stock on April 1, 2015 was \$39.90, with 85,372,303 shares outstanding.

Vote Required

At the Annual Meeting, the stockholders are being asked to approve the amendment to the 2011 Plan to increase the number of shares reserved for issuance thereunder. The affirmative vote of the holders of a majority of the shares represented in person or by proxy at the Annual Meeting will be required to approve the amendment of the 2011 Plan. **The Board of Directors recommends voting FOR the approval of the amendment to the 2011 Plan.**

Summary of the 2011 Equity Incentive Plan

The essential features of the 2011 Plan are summarized below. This summary does not purport to be complete and is subject to, and qualified by reference to, all provisions of the 2011 Plan. The 2011 Plan, as amended in accordance with this Proposal Three, is attached as Appendix A to this proxy statement and is incorporated herein by reference.

Purpose. The purpose of the 2011 Plan is to enable the Company to attract and retain the best available personnel, to provide additional incentives to the employees, directors and consultants of the Company and to promote the success of the Company's business. **Administration.** Our Board of Directors has the authority to administer the 2011 Plan. Our Board of Directors also has the authority to delegate some or all of the administration of the 2011 Plan (except the Non-Discretionary Grant Program summarized below) to a committee or committees composed of one or more members of the Board of Directors or Company officers (the Board of Directors or any such committee, the Administrator). The 2011 Plan may be administered by different committees with respect to different groups of employees and consultants. The Administrator may make any determinations deemed necessary or advisable for the 2011 Plan. The Administrator, in its discretion, selects the employees, directors and consultants to whom stock awards may be granted, the time or times at which such awards shall be granted, the number of shares subject to each such grant, and other terms of the stock awards. All decisions, determinations and interpretations of the Administrator shall be final and binding on all holders.

Eligibility. Incentive stock options may be granted only to our employees. Nonstatutory stock options, restricted stock awards, restricted stock unit awards and stock bonus awards may be granted under the 2011 Plan to our employees, directors and consultants. Participation in the non-discretionary grant program is limited to our non-employee directors (see Non-Discretionary Grant Program below). As of April 1, 2015, we had approximately 100 employees and directors who were eligible to participate in the 2011 Plan.

Stock Subject to the 2011 Plan

Subject to stockholder approval of this Proposal Three, an aggregate of 13,500,000 shares of common stock will be reserved for issuance under the 2011 Plan. The maximum number of shares of common stock that may be issued pursuant to the grant of any full value stock award or restricted stock, restricted stock units and other stock awards, but not including stock options or stock appreciation rights, is 50% of the total number of shares of common stock issuable under the 2011 Plan.

Shares may be issued in connection with a merger or acquisition as permitted by the rules of the applicable national securities exchange, and such issuance shall not reduce the number of shares available for issuance under the 2011 Plan. If a stock award granted under the 2011 Plan expires or otherwise terminates without being exercised in full, or if any shares of common stock issued pursuant to a stock award are forfeited to or repurchased by us, including, but not limited to, any repurchase or forfeiture caused by the failure to meet a contingency or condition required for the vesting of such shares, then the shares of common stock not issued under such stock award, or forfeited to or repurchased by us, shall revert to and again become available for issuance under the 2011 Plan.

If any shares subject to a stock award are not delivered to a participant because such shares are withheld for the payment of taxes or the stock award is exercised through a reduction of shares subject to the stock award (i.e. net exercised), or an appreciation distribution in respect of a stock appreciation right is paid in shares of common stock, the number of shares that are not delivered will not again become available for issuance under the 2011 Plan. If the exercise price of any stock award is satisfied by tendering shares of common stock held by the participant, then the number of shares so tendered will not become available for issuance under the 2011 Plan.

The aggregate maximum number of shares of common stock that may be issued under the 2011 Plan pursuant to the exercise of incentive stock options, subject to stockholder approval of this Proposal Three, is 13,500,000 shares.

Stock Award Limitations. Section 162(m) of the Code places limits on the deductibility for federal income tax purposes of compensation paid to certain executive officers of the Company. In order to preserve the Company's ability to deduct the compensation income associated with stock awards granted to such persons, the 2011 Plan provides that no employee may be granted, in any fiscal year of the Company, awards covering more than 250,000 shares of common stock. Notwithstanding this limit, however, in connection with an employee's initial employment, he or she may be granted awards covering up to an additional 250,000 shares of common stock.

Minimum Vesting. Generally, no full value stock award that vests on the basis of the participant's continuous service with the Company shall vest at a rate that is any more rapid than ratably over a three year period, and no full value stock award that vests based on the satisfaction of performance goals shall have a performance period of less than twelve months.

Limited Exception to Minimum Vesting Restrictions. Up to five percent (5%) of the total number of shares of common stock available for issuance under the 2011 Plan may in the aggregate be issued as awards of restricted stock, restricted stock units, stock bonuses or a combination thereof, that are not subject to the minimum vesting requirements set forth in the 2011 Plan.

Stock Subject to the 2011 Plan. Except for adjustments upon changes in our capitalization or in connection with a merger or other similar event, the aggregate number of shares of common stock with respect to which awards of restricted stock, restricted stock units, stock bonuses or a combination thereof shall be made under the 2011 Plan shall not exceed 50% of the aggregate number of shares of common stock available under the 2011 Plan.

Terms and Conditions of Options and Stock Appreciation Rights

Options and stock appreciation rights may be granted under the 2011 Plan pursuant to stock option agreements and stock appreciation right agreements. The following is a description of the permissible terms of options and stock appreciation rights under the 2011 Plan. Individual grants may be more restrictive as to any or all of the permissible terms described below.

Exercise Price. The Administrator determines the exercise price of options and strike price of stock appreciation rights at the time the options or stock appreciation rights are granted as set forth in the applicable stock award agreement. The exercise price of a stock option and strike price of a stock appreciation right may not be less than 100% of the fair market value of the common stock on the date such award is granted. In the case of an incentive stock option granted to an optionee who owns more than 10% of all classes of stock of the Company or any parent or subsidiary of the Company, the exercise price may not be less than 110% of the fair market value of the common stock on the date such option is granted. The fair market value of the common stock is generally determined with reference to the closing sale price for the common stock on the date the option or stock appreciation right is granted.

Stock Appreciation Rights. Each stock appreciation right is denominated in shares of common stock equivalents. Upon exercise of a stock appreciation right, we will pay the participant an amount equal to the excess of (i) the aggregate fair market value of our common stock on the date of exercise over (ii) the strike price determined by the Administrator on the date of grant. The appreciation distribution upon exercise of a stock appreciation right will be paid in shares of our common stock, in cash, any combination of the two or any other form of consideration determined by the Administrator.

Repricing; Cancellation and Re-Grant of Stock Awards. Under the 2011 Plan, the Administrator does not have the authority to reprice any outstanding stock awards by reducing the exercise price of the stock award or to cancel any outstanding stock awards in exchange for cash or other stock awards without obtaining the approval of our stockholders within 12 months prior to the repricing or cancellation and re-grant event.

Exercise; Form of Consideration. The Administrator determines when options and stock appreciation rights become exercisable as set forth in the applicable stock award agreement. The means of payment for shares issued upon exercise of an option is specified in each option agreement. The 2011 Plan permits payment to be made to the extent permitted under applicable laws by cash, check, other shares of common stock of the Company (with some restrictions), net exercise, cashless exercise, any other form of consideration permitted by applicable law, or any combination thereof.

Term. The Administrator determines the term of options and stock appreciation rights granted under the 2011 Plan as set forth in the applicable stock award agreement. The term of options and stock appreciation rights granted under the 2011 Plan may be no more than 10 years from the date of grant. In the case of an incentive stock option granted to an optionee who owns more than 10% of all classes of stock of the Company or any parent or subsidiary of the Company, the term of the option may be no more than five years from the date of grant. No option or stock appreciation right may be exercised after the expiration of its term.

Termination of Continuous Service. Options and stock appreciation rights granted under the 2011 Plan generally terminate three months after termination of the participant's service unless (i) such termination is due to the participant's disability, in which case the stock award may, but need not, provide that it may be exercised (to the extent the stock award was exercisable at the time of the termination of service) at any time within 12 months of such termination; (ii) the participant dies before the participant's service has terminated, or within the period specified in the stock award agreement after termination of such service, in which case the stock award may, but need not, provide that it may be exercised (to the extent the stock award was exercisable at the time of the participant's death) within 18 months of the participant's death by the person or persons to whom the rights to exercise such stock award pass by will or by the laws of descent and distribution; (iii) the stock award by its terms specifically provides otherwise, or (iv) the termination is for cause. Except as provided otherwise in a participant's stock award agreement, or otherwise set forth in an employment agreement, upon termination of a participant's service for cause, the stock award shall immediately terminate and may not thereafter be exercised. A participant may designate a beneficiary who may exercise the stock award following the participant's death. Individual grants by their terms may provide for exercise within a longer or shorter period of time following termination of service. In no event, however, may an option or stock appreciation right be exercised beyond the expiration of its maximum term. The option or stock appreciation right term generally is extended in the event that exercise of the stock award within the foregoing periods is prohibited. A participant's stock award agreement may provide that if the exercise of the stock award following the termination of the participant's service would be prohibited because the issuance of stock would violate the registration requirements under the Securities Act of 1933, as amended, then the stock award will terminate on the earlier of (i) the expiration of the term of the stock award or (ii) three months after the termination of the participant's service during which the exercise of the stock award would not be in violation of such registration requirements.

Other Provisions. The stock option agreement may contain other terms, provisions and conditions not inconsistent with the 2011 Plan as may be determined by the Administrator.

Terms of Restricted Stock Awards and Restricted Stock Unit Awards

Restricted stock awards and restricted stock unit awards may be granted under the 2011 Plan pursuant to restricted stock award and restricted stock unit award agreements. The following is a description of the permissible terms of restricted stock awards and restricted stock unit awards under the 2011 Plan. Individual grants may be more restrictive as to any or all of the permissible terms described below.

Consideration. The Administrator may grant restricted stock awards and restricted stock unit awards in consideration for past services rendered to the Company or in exchange for any other form of legal consideration acceptable to the Administrator.

Vesting. Shares of stock issued under a restricted stock award agreement may, but need not, be subject to forfeiture to the Company in accordance with a vesting schedule as determined by the Administrator. Stock unit

awards vest and are issued at the rate specified in the restricted stock unit award agreement as determined by the Administrator. However, at the time of grant, the Administrator may impose additional restrictions or conditions that delay the delivery of stock to be issued in respect of the restricted stock unit award after vesting.

Termination of Service. Unless the Administrator determines otherwise, the restricted stock purchase agreement shall give the Company a repurchase option exercisable upon the voluntary or involuntary termination of the purchaser's employment or consulting relationship with the Company for any reason (including death and disability). The purchase price for any issued shares repurchased by the Company shall be the original price paid by the purchaser, if any. The repurchase option lapses at a rate determined by the Administrator. Except as otherwise provided in the applicable award agreement, restricted stock units that have not vested will be automatically forfeited upon the participant's termination of service.

Dividend Equivalents. Dividend equivalent rights may be credited with respect to shares covered by a restricted stock unit award. However, we do not anticipate paying cash dividends on our common stock for the foreseeable future.

Terms of Performance Awards

The 2011 Plan allows the Administrator to issue performance stock awards. Performance stock awards may be granted, vest or be exercised based upon the attainment during a certain period of time of certain performance goals. All of our employees, consultants and directors are eligible to receive performance stock awards under the 2011 Plan. The length of any performance period, the performance goals to be achieved during the performance period and the measure of whether and to what degree such performance goals have been attained shall be determined by the Administrator. The maximum amount to be granted to any individual in any calendar year attributable to such performance stock awards may not exceed 250,000 shares of our common stock. Notwithstanding this limit, however, in connection with an employee's initial employment, he or she may be granted stock awards covering up to an additional 250,000 shares of common stock.

In granting a performance stock award, the Administrator will set a period of time, or a performance period, over which the attainment of one or more goals, or performance goals, will be measured for the purpose of determining whether the stock award recipient has a vested right in or to such performance stock award. With respect to stock awards that are intended to qualify as performance based compensation for purposes of Section 162(m) of the Code, within the time period prescribed by Section 162(m) of the Code (typically before the 90th day of a performance period), the Administrator will establish the performance goals, based upon one or more pre-established criteria, or performance criteria, enumerated in the 2011 Plan and described below. As soon as administratively practicable following the end of the performance period, the Administrator will certify (in writing) whether the performance goals have been satisfied.

Performance goals under the 2011 Plan shall be established by the Administrator, based on one or more of the following performance criteria: (i) earnings (including earnings per share and net earnings); (ii) earnings before interest, taxes and depreciation; (iii) earnings before interest, taxes, depreciation and amortization; (iv) total stockholder return; (v) return on equity or average stockholder's equity; (vi) return on assets, investment, or capital employed; (vii) stock price; (viii) margin (including gross margin); (ix) income (before or after taxes); (x) operating income; (xi) operating income after taxes; (xii) pre-tax profit; (xiii) operating cash flow; (xiv) sales or revenue targets; (xv) increases in revenue or product revenue; (xvi) expenses and cost reduction goals; (xvii) improvement in or attainment of working capital levels; (xviii) economic value added (or an equivalent metric); (xix) market share; (xx) cash flow; (xxi) cash flow per share; (xxii) share price performance; (xxiii) debt reduction; (xxiv) implementation or completion of projects or processes; (xxv) customer satisfaction; (xxvi) stockholders' equity; (xxvii) capital expenditures; (xxviii) debt levels; (xxix) operating profit or net operating profit; (xxx) workforce diversity; (xxxi) growth of net income or operating income; (xxxii) billings; (xxxiii) funds from operations; and (xxxiv) to the extent that an award is not intended to comply with Section 162(m) of the Code, other measures of performance selected by the Administrator.

The Administrator is authorized to determine whether, when calculating the attainment of performance goals for a performance period: (i) to exclude restructuring and/or other nonrecurring charges; (ii) to exclude exchange rate effects, as applicable, for non-U.S. dollar denominated net sales and operating earnings; (iii) to exclude the effects of changes to generally accepted accounting standards required by the Financial Accounting Standards Board; (iv) to exclude the effects of any statutory adjustments to corporate tax rates; and (v) to exclude the effects of any extraordinary items as determined under generally accepted accounting principles. In addition, the Administrator retains the discretion to reduce or eliminate the compensation or economic benefit due upon attainment of performance goals.

Non-Discretionary Grant Program

The non-discretionary grant program under the 2011 Plan provides for the grant of stock options to non-employee directors over their period of service on the Board of Directors. These stock options will be granted as follows:

Initial Option Grant. Each new non-employee director will, at the time of his or her initial election or appointment to the Board of Directors, receive an option to purchase a number of shares of the Company's common stock determined by the Board of Directors (the "initial option grant"). The initial option grant shall vest monthly with respect to 1/36th of the shares over the three year period following the date of grant, subject to the director's continuous service through the applicable vesting dates, so that the initial option grant will be fully vested on the third anniversary of the date of grant.

Annual Option Grant. On each annual meeting, each continuing non-employee director will automatically be granted a stock option to purchase a number of shares of our common stock determined by the Board of Directors (the "annual option grant"). The annual option grant shall vest monthly with respect to 1/12th of the shares over the one year period following the date of grant, subject to the director's continuous service through the applicable vesting dates, so that the annual option grant will be fully vested on the first anniversary of the date of grant.

General Terms. The exercise price of each option granted under the non-discretionary grant program is 100% of the fair market value of the common stock subject to the option on the date of grant. The maximum term of options granted under the non-discretionary grant program is ten years. All other terms of each option granted under the non-discretionary grant program shall be consistent with the terms of the 2011 Plan.

Corporate Transaction. Each option granted under the non-discretionary grant program shall automatically fully accelerate vesting upon a corporate transaction, subject to the non-employee director's continuous service through the date of the corporate transaction.

Terms of Other Stock Awards

The Administrator may grant other stock awards that are valued in whole or in part by reference to our common stock. Subject to the provisions of the 2011 Plan, the Administrator has the authority to determine the persons to whom, and the dates on which, such other stock awards will be granted, the number of shares of common stock (or cash equivalents) to be subject to each award, and other terms and conditions of such awards.

General Provisions

Tax Withholding. To the extent provided by the terms of any stock award agreement, a participant may satisfy any federal, state or local tax withholding obligation relating to such stock award by a cash payment, by authorizing the Company to withhold a portion of the stock otherwise issuable to the participant, by withholding from any amounts otherwise payable to the participant, by a combination of these means, or by such other method as set forth in the stock award agreement.

Transferability. Stock awards may not be sold, pledged, transferred, or disposed of in any manner other than by will or by the laws of descent and distribution, pursuant to a domestic relations order, or with respect to stock awards other than options or stock appreciation rights, with the Administrator's consent, and may be exercised, during the lifetime of the holder, only by the holder or such transferees as have been transferred a stock award with the Administrator's consent. If the Administrator makes a stock award transferable, such stock award shall contain such additional terms and conditions as the Administrator deems appropriate and such award will not otherwise be transferred for consideration.

Adjustments Upon Changes in Capitalization. In the event any change is made to the outstanding shares of the Company's common stock without the receipt of consideration (whether through a stock split or other specified change in our capital structure), the Administrator shall appropriately adjust the number and kind of shares of stock (or other securities or property) subject to the 2011 Plan, the maximum number and/or class of securities for which any one person may be granted stock awards per calendar year, the number and kind of shares of stock (or other securities or property) subject to any stock award outstanding under the 2011 Plan, and the exercise or purchase price of any such outstanding stock award.

Effect of Certain Corporate Events. In the event of a dissolution or liquidation of the Company, all outstanding stock awards under the 2011 Plan shall terminate immediately prior to such dissolution or liquidation. The 2011 Plan further provides that, in the event of a sale, or other disposition of all or substantially all of the Company's assets or specified types of mergers or consolidations (each, a corporate transaction), any surviving or acquiring corporation shall either assume stock awards outstanding under the 2011 Plan or substitute similar stock awards for those outstanding under the 2011 Plan. If any surviving corporation declines to assume stock awards outstanding under the 2011 Plan or to substitute similar stock awards, then, with respect to participants whose service with the Company has not terminated prior to the time of such corporate transaction, the vesting and the time during which such stock awards may be exercised will be accelerated in full, and all outstanding stock awards will terminate if the participant does not exercise such stock awards at or prior to the corporate transaction. With respect to any stock awards that are held by other participants that terminated service with the Company prior to the corporate transaction, the vesting and exercisability provisions of such stock awards will not be accelerated and such stock awards will terminate if not exercised prior to the corporate transaction.

Amendment and Termination of the 2011 Plan. The Board may amend, alter, suspend or terminate the 2011 Plan, or any part thereof, at any time and for any reason. Unless sooner terminated, the 2011 Plan will terminate on February 20, 2021. However, the 2011 Plan requires stockholder approval for any amendment to the 2011 Plan to the extent necessary to comply with applicable laws, rules and regulations. No action by the Board of Directors or stockholders may alter or impair any award previously granted under the 2011 Plan without the consent of the holder.

Federal Income Tax Consequences

Incentive Stock Options. An optionee who is granted an incentive stock option does not recognize taxable income at the time the option is granted or upon its exercise, although the exercise is an adjustment item for alternative minimum tax purposes and may subject the optionee to the alternative minimum tax. Upon a disposition of the shares more than two years after grant of the option and one year after exercise of the option, any gain or loss is treated as long-term capital gain or loss. If these holding periods are not satisfied, the optionee recognizes ordinary income at the time of disposition equal to the difference between the exercise price and the lesser of (i) the excess of the stock's fair market value on the date of exercise over the exercise price, or (ii) the participant's actual gain, if any, on the purchase and sale. Any gain or loss recognized on such a premature disposition of the shares in excess of the amount treated as ordinary income is treated as long-term or short-term capital gain or loss, depending on the holding period. A different rule for measuring ordinary income upon such a premature disposition may apply if the optionee is also an officer, director or 10% stockholder of the Company. Unless limited by Section 162(m) of the Code, the Company is entitled to a deduction in the same amount as the ordinary income recognized by the optionee.

Nonstatutory Stock Options. An optionee does not recognize any taxable income at the time he or she is granted a nonstatutory stock option. Upon exercise, the optionee recognizes taxable income generally measured by the excess of the then fair market value of the shares over the exercise price. Any taxable income recognized in connection with an option exercise by an employee of the Company is subject to tax withholding by the Company. Unless limited by Section 162(m) of the Code, the Company is entitled to a deduction in the same amount as the ordinary income recognized by the optionee. Upon a disposition of such shares by the optionee, any difference between the sale price and the optionee's exercise price, to the extent not recognized as taxable income as provided above, is treated as long-term or short-term capital gain or loss, depending on the holding period.

Stock Appreciation Rights. No taxable income is realized upon the receipt of a stock appreciation right. Upon exercise of the stock appreciation right, the fair market value of the shares (or cash in lieu of shares) received is recognized as ordinary income to the participant in the year of such exercise. Generally, with respect to employees, we are required to withhold from the payment made on exercise of the stock appreciation right or from regular wages or supplemental wage payments an amount based on the ordinary income recognized. Subject to the requirement of reasonableness, Section 162(m) of the Code and the satisfaction of a reporting obligation, we will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the participant.

Restricted Stock Awards. For federal income tax purposes, if an individual is granted a restricted stock award, the recipient generally will recognize taxable ordinary income equal to the excess of the common stock's fair market value over the purchase price, if any. However, to the extent the common stock is subject to certain types of restrictions, such as a repurchase right in favor of the Company, the taxable event will be delayed until the vesting restrictions lapse unless the recipient makes a valid election under Section 83(b) of the Code. If the recipient makes a valid election under Section 83(b) of the Code with respect to restricted stock, the recipient generally will recognize ordinary income at the date of acquisition of the restricted stock in an amount equal to the difference, if any, between the fair market value of the shares at that date over the purchase price for the restricted stock. If, however, a valid Section 83(b) election is not made by the recipient, the recipient will generally recognize ordinary income when the restrictions on the shares of restricted stock lapse, in an amount equal to the difference between the fair market value of the shares at the date such restrictions lapse over the purchase price for the restricted stock. With respect to employees, the Company is generally required to withhold from regular wages or supplemental wage payments an amount based on the ordinary income recognized. Generally, the Company will be entitled (subject to the requirement of reasonableness, the provisions of Section 162(m) of the Code and the satisfaction of a tax reporting obligation) to a business expense deduction equal to the taxable ordinary income realized by the recipient. Upon disposition of the common stock, the recipient will recognize a capital gain or loss equal to the difference between the selling price and the sum of the amount paid for such common stock, if any, plus any amount recognized as ordinary income upon acquisition (or the lapse of restrictions) of the common stock. Such gain or loss will be long-term or short-term depending on how long the common stock was held. Slightly different rules may apply to recipients who are subject to Section 16(b) of the Exchange Act.

Restricted Stock Unit Awards. No taxable income is recognized upon receipt of a restricted stock unit award. The participant will recognize ordinary income in the year in which the shares subject to that unit are actually issued to the participant in an amount equal to the fair market value of the shares on the date of issuance. The participant and the Company will be required to satisfy certain tax withholding requirements applicable to such income. Subject to the requirement of reasonableness, Section 162(m) of the Code and the satisfaction of a tax reporting obligation, we will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the participant at the time the shares are issued. In general, the deduction will be allowed for the taxable year in which such ordinary income is recognized by the participant.

Potential Limitation on Company Deductions. Section 162(m) of the Code denies a deduction to any publicly held corporation for compensation paid to certain covered employees in a taxable year to the extent

that compensation exceeds \$1 million for a covered employee. It is possible that compensation attributable to awards granted in the future under the 2011 Plan, when combined with all other types of compensation received by a covered employee from the Company, may cause this limitation to be exceeded in any particular year. Certain kinds of compensation, including qualified performance-based compensation, are disregarded for purposes of the deduction limitation. In accordance with Treasury regulations issued under Section 162(m) of the Code, compensation attributable to stock options will qualify as performance-based compensation, provided that: (1) the stock award plan contains a per-employee limitation on the number of shares for which awards may be granted during a specified period; (2) the per-employee limitation is approved by the stockholders; (3) the stock award is granted by a compensation committee comprised solely of outside directors; and (4) the exercise price of the stock award is no less than the fair market value of the stock on the date of grant.

Restricted stock awards, restricted stock unit awards and other stock awards may qualify as performance-based compensation under the Treasury regulations only if: (1) the stock award is granted by a compensation committee comprised solely of outside directors; (2) the stock award is earned (typically through vesting) only upon the achievement of an objective performance goal established in writing by the compensation committee while the outcome is substantially uncertain; (3) the compensation committee certifies in writing prior to the earning of the stock award that the performance goal has been satisfied; and (4) prior to the earning of the stock award, stockholders have approved the material terms of the stock award (including the class of employees eligible for such stock award, the business criteria on which the performance goal is based, and the maximum amount (or formula used to calculate the amount) payable upon attainment of the performance goal). The 2011 Plan has been designed to permit the compensation committee to grant stock options, restricted stock awards, restricted stock units and other stock awards and performance cash awards which will qualify as performance-based compensation.

The foregoing is only a summary of the effect of federal income taxation upon optionees, holders of restricted stock awards or stock bonus awards and the Company with respect to the grant and exercise of stock awards under the 2011 Plan. It does not purport to be complete, and does not discuss the tax consequences of the employee's or consultant's death or the provisions of the income tax laws of any municipality, state or foreign country in which the employee or consultant may reside.

(1) Value based on the closing price of the Company's common stock on December 31, 2014 of \$22.34.

(2) Pursuant to the terms of the 2011 Plan, non-employee directors are entitled to receive options as described in Non-Discretionary Grant Program above. Currently the Company has seven non-employee directors, all of whom are eligible to receive options on the day of the Annual Meeting. The actual value realized upon exercise of an option will depend on the excess, if any, of the stock price over the exercise prices on the date of exercise. Only non-employee directors of the Company are eligible to receive non-discretionary grants under the 2011 Plan. All other grants under the 2011 Plan are within the discretion of the Board or its Compensation Committee, as applicable, and the benefits of such grants are, therefore, not determinable.

Executive Summary

Business Overview

We discover and develop innovative and life-changing pharmaceuticals, in diseases with high unmet medical needs, through our novel R&D platform, focused on neurological and endocrine based diseases and disorders. Our two lead late-stage clinical programs are elagolix, a gonadotropin-releasing hormone antagonist for women's health that is partnered with AbbVie Inc., and a vesicular monoamine transporter 2 (VMAT2) inhibitor for the treatment of movement disorders. We intend to maintain certain commercial rights to our VMAT2 inhibitor for evolution into a fully-integrated pharmaceutical company.

2014 Corporate Performance Highlights

We met or exceeded our goals for fiscal 2014. Our corporate goals for 2014, if accomplished, were designed to enhance shareholder value. We believe our goals were appropriate, as our total shareholder return (TSR) for 2014 was approximately 139%.

Our 2014 goals were:

aggressively advance clinical compounds;

rapidly develop multiple R&D programs simultaneously; and

attain certain corporate, business development and financial goals, including maintaining a strong capital structure.

We exceeded our goals for advancing our VMAT2 programs. For our tardive dyskinesia program, we held a successful End-of-Phase II meeting with the FDA, we began our Phase III clinical trial for tardive dyskinesia, and we received Breakthrough Therapy Designation from the FDA. For our Tourette syndrome program, we filed our IND with the FDA, and initiated our Phase Ib clinical trial.

For our elagolix program, in early 2015 our collaboration partner announced positive top-line results from the first of two ongoing Phase III clinical trials, designed to evaluate the efficacy and safety of elagolix in women with endometriosis.

Edgar Filing: NEUROCRINE BIOSCIENCES INC - Form DEF 14A

We also began a program developing a proprietary corticotropin releasing factor 1 (CRF) receptor antagonist. We obtained Orphan Drug designation for our compound and completed a Phase I clinical trial. In addition, we advanced multiple compounds in our preclinical development programs.

We maintained our strong capital structure by meeting our expected expense burn, and completing a public offering of our common stock to strengthen our balance sheet.

Other Compensation Program Highlights

Pay for Performance/At Risk Pay

A significant portion of our CEO's and other executive officers' compensation is at risk; this includes cash incentives, stock options and vesting of the performance-based RSUs.

Independent Compensation Consultants and Analysis

The Compensation Committee of the Board of Directors (the "Committee") engages an independent compensation consultant to analyze the competitive landscape and make recommendations regarding the compensation of our executive officers.

Equity Ownership Guidelines and Equity Burn Rate

In March 2014, we implemented Equity Ownership Guidelines for our executive officers and currently all of our NEOs meet our guidelines.

Our three-year burn rate for equity grants is 2.75%, which is at or below industry standards.

Role of the Compensation Committee

The Committee (the "Committee") reviews and approves all of the Company's compensation policies. During 2014, the Committee consisted of Richard F. Pops, W. Thomas Mitchell and Joseph A. Mollica. As discussed in greater detail below, the Committee takes into consideration peer groups, survey data and advice from independent compensation consultants when setting the compensation structure and compensation philosophy for the Company. The Committee's complete roles and responsibilities are set forth in a written charter which was adopted by the Board of Directors and is available at www.neurocrine.com. Some of the significant roles and responsibilities of the Committee include:

reviewing and, if necessary, revising the compensation philosophy of the Company;

reviewing and approving corporate goals and objectives relating to the compensation of the Company's executive officers, and evaluating the performance of the Company's executive officers in light of the Company's goals and objectives;

reviewing and approving compensation for all executive officers, and guidelines for salaries, merit salary increases, cash incentive payments, stock based grants and performance based stock grants for all other employees of the Company;

reviewing and approving all employment agreements for executive officers;

reviewing and approving all promotions to executive officer positions and all new hires of executive officers;

reviewing and approving director compensation;

reviewing and approving equity grants to non-employees of the Company;

making recommendations to the Board of Directors with regard to equity incentive plans and administering stock option, employee pension and benefit plans;

managing and reviewing the grant of perquisite benefits, if any;

managing and reviewing executive officer and director indemnification and insurance matters;

retaining compensation consultants and independent advisors from time to time to advise the Committee on compensation policies and plans;

complying with requirements established by the SEC, assessing the risks arising from the Company's compensation policies and taking any actions required as a result thereof; and

preparing and approving the Compensation Discussion and Analysis to be included as part of the Company's annual proxy statement.

Compensation Philosophy Overall Compensation Determination Process

We believe that in order to create value for our stockholders it is critical to attract, motivate and retain key executive talent by providing competitive compensation packages. Accordingly, we design our executive compensation programs to attract, motivate and retain executives with the skills and expertise to execute our business plans, and reward those executives fairly over time for actions consistent with creating long-term stockholder value. The market for talented individuals in the life sciences industry is highly competitive. Our compensation philosophy for executive officers provides that cash compensation should be structured such that between base salary and cash incentives, at least one-third of the executive officer's total cash compensation is at risk. Non-cash long-term equity compensation for executive officers should be designed to reward and retain key employees as well as motivate executive officers to increase long-term stockholder value. The Committee believes that this approach provides an appropriate blend of short-term and long-term incentives to maximize stockholder value.

The implementation of the compensation philosophy is carried out under the supervision of the Committee. The Committee uses the services of an independent compensation consultant who is retained by, and reports directly to, the Committee. The compensation for our Chief Executive Officer, Dr. Gorman, as well as the other executive officers, is approved by the Committee in consultation with our other independent directors. Management, under guidelines and procedures approved by the Committee, determines the compensation of our other employees.

The Committee meets at least six times per year. In the first quarter of the year, the performance of each executive officer for the prior year and peer group compensation data are reviewed by the Committee, and base salary adjustments, cash incentive payouts and annual equity grants are discussed and approved. Also during the first quarter of the year, Company-wide performance goals for the then current year are finalized by the Board of Directors. At mid-year meetings the Committee reviews the Company's compensation philosophy, policies and procedures. Meetings in the fourth quarter of the year generally focus on Company goal achievement, selection of the peer group for the following year and the structure of executive officer performance reviews.

Components of Compensation

The Company's compensation for executive officers consists of six components: base salary, cash incentives, long-term equity awards, retirement benefits as provided under the Company's 401(k) plan, severance agreements and other benefits. The Company uses the peer group established by the Committee as a guideline for establishing base salaries, cash incentives and long-term equity award components of compensation. The Chief Executive Officer annually reviews the performance of each executive officer (other than himself) and reports the results of the reviews to the Committee. The Committee, in consultation with the other independent members of the Board of Directors, annually reviews the performance of the Chief Executive Officer.

The Committee considers each executive officer's performance, contribution to goals, responsibilities, experience, qualifications, and where in the competitive range the executive officer compares to the Company's identified peer group when determining the appropriate compensation for each executive officer. The Committee considers each component of compensation independently and therefore there is no direct correlation between any of the components. Each compensation component is described below.

Base Salary

The base salary is designed to compensate executive officers competitively at levels necessary to attract and retain qualified executives in the life sciences industry. As a general matter, the base salary for each executive officer is based on the scope of each executive officer's responsibilities, as well as their qualifications, breadth of experience, performance record and depth of applicable functional expertise. The base salary is established and adjusted to be within the range of the applicable peer group, enabling the Company to attract, motivate, reward and retain highly skilled executives. Base salaries of the executive officers are reviewed by the Committee, in consultation with the independent members of the Board of Directors, annually in light of personal and Company goal attainment, executive officer performance and peer group data. Year-to-year adjustments to each executive officer's base salary are based upon sustained superior performance, changes in the general level of base salaries of persons in comparable positions within our industry, and the average merit salary increase for such year for all employees of the Company established by the Committee, as well as other factors the Committee judges to be pertinent during an assessment period. In making base salary decisions, the Committee exercises its judgment to determine the appropriate weight to be given to each of these factors. Adjustments may also be made during the fiscal year for promotions, highly urgent retention reasons, superior performance in response to changed or challenging circumstances, and similar special circumstances. The adjustment to base salary for our NEOs for 2014 was a three percent increase to base salaries. The pay increases were based on the foregoing analysis and a consideration of each officer's performance and base salary relative to his peer group. The NEOs' annualized base salaries for 2014 were as follows: \$557,300 for Dr. Gorman, \$409,700 for Mr. Coughlin, \$459,000 for Dr. O'Brien, \$363,400 for Dr. Bozigian, and \$331,100 for Dr. Grigoriadis.

Effective January 1, 2015, base salary increases varied from three percent to five percent based on the Company's strong corporate performance in 2014, a review (as described above) of each officer's performance, and base salary positioning relative to similar officers in our peer group. The NEOs' annualized base salaries for 2015 are as follows: \$575,000 for Dr. Gorman, \$422,000 for Mr. Coughlin, \$472,800 for Dr. O'Brien, \$381,600 for Dr. Bozigian, and \$347,700 for Dr. Grigoriadis.

Cash Incentives

The Committee's philosophy in establishing the Company's cash incentive program is to provide a mix of compensation between base salary and total cash compensation such that at least one-third of the total target cash compensation is at risk for executive officers each year. The cash incentive program, including corporate goals and target payouts, are reviewed and approved by the Committee annually and may include individual performance targets for each executive officer. The corporate goals are prepared in an interactive process between management and the Board of Directors based on the Company's business plan and budget for the year. Cash incentive payments are linked to the attainment of overall corporate and personal goals. The Committee establishes the target and maximum potential amount of each executive officer's cash incentive payment annually.

In February 2014, the Board of Directors approved the Company's executive officer cash incentive target percentages and performance goals for 2014. The table below sets forth the target and maximum cash incentive targets for our Chief Executive Officer and other executive officers for 2014. Both the target and maximum target percentages were competitive to the applicable peer group data for the Chief Executive Officer as well as the other executive officers.

Executive Officer	Minimum Payout	Target Percentage	Maximum Bonus Payout
Chief Executive Officer	0%	60%	72%
All Other Executive Officers	0%	50%	60%

In general, achievement of the Company's goals determines the initial cash incentive pool for executive officers of the Company, which is then allocated to the executive officers based on the individual performance of each executive officer during the year. As in previous years, in 2014 the executive officer cash incentives were awarded based upon pre-established goals of the Company. The Board of Directors or the Committee may, in its sole discretion, eliminate any individual cash incentive or reduce or increase the amount of compensation payable with respect to any individual cash incentive. An executive officer must be an employee of the Company on the date the incentive is actually paid in order to receive the cash incentive. Any executive officer who leaves the employment of the Company, voluntarily or involuntarily, prior to the payment, will not receive any cash incentive. An employee who becomes an executive officer during the fiscal year may be eligible for a pro-rated cash incentive at the discretion of the Committee, generally provided the executive officer has been employed a minimum of three months during the calendar year. No clawback policy has been adopted by the Company at this time. The Committee believes that the performance goals established for incentives do not encourage excessive risk taking or have potential for encouraging behavior that may impact the Company negatively in future years.

The performance goals for 2014 consisted of goals for our lead development programs, our research function, our clinical activities and certain corporate goals. The Board of Directors and the Committee did not assign relative weightings to the goals for 2014. The Committee does place emphasis on results having greater impact on the long-term success of the Company, which the Committee believes translates into greater shareholder value. The 2014 goals were as follows:

advance the Company's clinical pipeline;

rapidly develop multiple research and development programs; and

attain certain corporate, business development and financial goals, including maintaining a strong capital structure.

In February 2015, the Committee, in consultation with the other independent members of the Board of Directors, determined that the Company exceeded its corporate goals for 2014. The basis for such determination included:

Held a successful end-of-Phase II meeting with the FDA, began enrollment in Phase III clinical trials for tardive dyskinesia and received breakthrough designation;

Filed Tourette syndrome IND;

Filed an IND and initiated CAH dose response study in target population for classic congenital adrenal hyperplasia and obtained orphan drug designation;

Completed IND enabling studies in one program and moved one new program into preclinical development;

Attained certain corporate, business development and financial goals, including maintaining a strong capital structure, maintaining appropriate burn levels, and other business development goals related to our propriety compounds; and

In early 2015, our collaborative partner reported positive top line Phase III data for elagolix.

Based on these achievements, the Committee awarded cash incentive payouts for our NEOs at 120% of targeted Company goal achievement. For example, this 120% achievement rate yielded Dr. Gorman a cash incentive award of 72% of his 2014 base salary (120% of the 60% target cash incentive percentage). The individual amounts approved by the Committee for each NEO were: Dr. Gorman, \$401,256; Mr. Coughlin, \$245,820; Dr. O'Brien, \$275,400; Dr. Bozigian, \$218,040; and Dr. Grigoriadis, \$198,660.

Edgar Filing: NEUROCRINE BIOSCIENCES INC - Form DEF 14A

In February 2015, the Board of Directors approved the Company's performance goals for 2015 along with eligible cash incentive target percentages for executive officers. The 2015 target and maximum percentages did not change from 2014, and remain substantially similar to the applicable peer group data for the Chief Executive

Officer, as well as the other executive officers. The performance goals for 2015 are designed to enhance shareholder value and consist of key objectives for our development programs and general administrative activities. The Board of Directors and the Committee did not assign relative weightings to the goals for 2015. The Committee does place emphasis on results having greater impact on the long-term success of the Company. A summary of the 2015 goals are outlined below:

obtain successful topline results for tardive dyskinesia and complete enrollment of NDA-enabling clinical trial;

obtain topline results from our Tourette syndrome Phase Ib T-Force trial;

obtain successful topline results from both the CAH single dose adolescent PK/PD study and the two-week study;

obtain topline results from a new clinical program;

rapidly develop multiple research and development programs, including additional studies for current pipeline and potential programs in discovery; and

attain certain corporate, business development, and financial goals, including maintaining a strong capital structure, and preparing for commercialization of our lead product candidates.

Long-Term Equity Awards

The Committee provides the Company's executive officers with long-term incentive compensation through grants of stock options, restricted stock units (RSUs), and performance restricted stock units (PRSUs) under the Company's equity compensation plans. These equity-based programs create a strong link to the Company's long-term financial performance, create an ownership culture and closely align the interests of our executive officers with those of our stockholders. The Committee believes that these grants directly motivate an executive officer to maximize long-term stockholder value and serve as an effective tool for incentivizing and retaining those executive officers who are most responsible for influencing stockholder value. The grants also utilize vesting periods, both performance-based and time-based, that encourage key executive officers to continue in the employ of the Company. The Committee considers each grant subjectively, considering factors such as the individual performance of the executive officer, the anticipated contribution of the executive officer to the attainment of the Company's long-term strategic performance goals, and the ability of such grants to retain and motivate key executive officers. The equity awards for each year are set to be competitive with the applicable peer group to enable the Company to attract, motivate, and retain highly skilled executive officers. Long-term incentives granted in prior years are also taken into consideration, but do not play a significant role in current year determinations.

It has been the Company's practice to make equity-based awards to our executive officers on an annual basis. Recent grants of annual stock option awards vest on a monthly basis, ratably, over four years and have a ten year term. Additionally, all stock option awards are priced based upon the closing price of the Company's common stock on the date of grant. Recent grants of RSUs vest on an annual basis, ratably over four years. PRSU grants vest upon achievement of certain objectives. Equity-based awards to our executive officers are reviewed by the Committee annually in light of Company goal attainment, executive officer performance evaluations and peer group data. Prior year actual gains from the exercise of vested equity grants are not considered in the determination of current year compensation.

The Committee also considers the Company's annual burn rate of equity grants as compared to industry standards when determining the long-term equity component of compensation. Burn rate is defined as the number of shares underlying equity grants for a given year divided by the total shares outstanding at the end of that same year. The Company's historical burn rate has approximated 2% to 3% per annum, which is below the industry average for life sciences companies.

On January 16, 2014, the Committee, in consultation with the independent members of the Board of Directors, considered the factors outlined above, and approved stock option awards, RSUs, and PRSUs to the

executive officers. The equity based awards were determined based on the Company's 2013 performance, each executive officer's individual performance, each executive officer's contribution to long-term strategic and performance goals, as well as retention and motivation of the executive officers. The individual grants of stock options and RSUs to NEOs were: Dr. Gorman 175,000 stock options and 30,000 RSUs; Mr. Coughlin and Dr. O'Brien each 86,000 stock options and 14,000 RSUs; and Dr. Bozigian and Dr. Grigoriadis each 75,000 stock options and 13,000 RSUs.

The Committee, in consultation with the independent members of the Board of Directors, determined with respect to the January 16, 2014 equity grants that the use of both stock options which vest monthly, on a pro-rata basis, over a four year period and RSUs which vest annually, on a pro-rata basis, over a four year period were the appropriate equity compensation vehicles. The Committee and Board of Directors believe that the long-term equity based compensation awards closely align stockholder and management interests. In addition, the Committee, on January 16, 2014, in consultation with the independent members of the Board of Directors, also approved a unique grant of PRSUs for the executive officers. These PRSUs represent a multi-year grant and are expected to be a one-time grant for the sole purpose described below. Vesting of these awards is designed to require several years of effort, coupled with the Company's success in clinical development and successful navigation of the regulatory approval process, for the executive officers to realize any value from these grants. If the vesting criteria outlined below are achieved, we believe significant shareholder value will be created. Additionally, these PRSUs have a limited term of five years for the Company to achieve the clinical and regulatory performance objectives required for vesting. Approximately two-thirds of these PRSUs vest upon the Company achieving the primary endpoint in an FDA approved Phase III study, while the remaining one-third of the PRSUs vest upon the Company obtaining FDA approval of a New Drug Application. These vesting provisions are entirely exclusive of the Company's elagolix program, thus these PRSUs provide direct motivation to our executive officers to achieve success with the Company's wholly-owned compounds. The individual PRSU grants for the Company's NEOs were: Dr. Gorman 100,000; and Mr. Coughlin, Dr. O'Brien, Dr. Bozigian and Dr. Grigoriadis 75,000 each. These officers had not previously received PRSUs.

On February 3, 2015, the Committee, in consultation with the other independent members of the Board of Directors, approved stock option awards and RSU grants to the executive officers. The equity based awards were determined based on 2014 individual performance and contribution to long-term strategic and performance goals as well as retention and motivation of the executive officers. The individual grants of stock options and RSUs to NEOs were: Dr. Gorman 150,000 stock options and 25,000 RSUs; Mr. Coughlin 80,000 stock options and 12,000 RSUs; Dr. O'Brien 75,000 stock options and 12,000 RSUs; and Dr. Bozigian and Dr. Grigoriadis each 65,000 stock options and 11,000 RSUs. The vesting terms of these grants are the same as the January 16, 2014 grants.

Retirement Benefits

The terms of the Company's 401(k) Savings Plan (the "401(k) Plan") provide for executive officer and broad-based employee participation on the same general terms. Under the 401(k) Plan, all Company employees are eligible to receive basic matching contributions from the Company that vest three years from date of hire and monthly thereafter. The Company's matching contribution to the 401(k) Plan for 2014 was 50% of eligible participant contributions, subject to applicable federal limits. The Company made no additional discretionary contributions to the 401(k) Plan in 2014.

Other Benefits

Executive officers are eligible to participate in the Company's employee benefit plans on the same terms as all other full-time employees. These plans include medical, dental and life insurance. In addition to the benefits available to all employees, we provide our executive officers with certain additional benefits that we believe reflect market standards and are reasonable and necessary to attract and/or retain each of our executive officers and allow the executive officers to realize the full benefit of the other elements of compensation we provide. These benefits include disability insurance premiums, an annual physical examination, financial planning

services, and tax gross-ups in the event of a change in control. The change in control gross-ups are part of pre-existing executive officer agreements and no new change in control gross-ups have been implemented for executive officers since 2007, nor does the Company intend to enter into any new agreements containing such gross-ups. Executive officers are eligible for four weeks of vacation from date of hire through ten years of employment, and five weeks of vacation per year thereafter. Additionally, all executive officers, as well as all other full-time employees who were employed as of December 31, 2011, are eligible to receive a one-time additional two week vacation benefit after ten years of service.

Severance Benefits

In addition, executive officers are eligible to receive severance benefits in connection with terminations of employment due to death, disability, or termination without cause or constructive termination (including following a change-in-control) as set forth below and more fully described in *Potential Payments upon Termination or Change-in-Control*. The Committee believes that the executive officer severance arrangements reflect current market standards and severance benefits competitive with those provided by our peer group. The Committee believes that in order to continue to retain the services of our key executive officers, it is important to provide them with some income and benefit protection against an involuntary termination of employment.

Compensation components for executive officers in the event of death include partial stock award acceleration, pro-rata cash incentive payment, payments for accrued base salary, any accrued vacation and any accrued benefits under any plans of the Company in which the executive officer is a participant and any appropriate business expenses incurred by the executive officer. In the event of death, there is no base salary continuation.

Compensation components for executive officers in the event of a qualifying long-term disability include partial stock award acceleration, pro-rata cash incentive payment, limited base salary continuation, payments for accrued base salary, limited Company-paid health insurance benefits, and any accrued vacation and any accrued benefits under any plans of the Company in which the executive officer is a participant. Compensation components for executive officers in the event of termination by the Company without cause or termination by the executive officer due to constructive termination include payments for accrued base salary, cash compensation payments, partial stock award acceleration, limited Company-paid health insurance benefits, and any accrued vacation and any accrued benefits under any plans of the Company in which the executive officer is a participant. Eligibility for these benefits under either situation requires a signed release agreement by the executive officer.

Compensation components for executive officers in the event of a termination by the Company without cause or termination by the executive officer due to constructive termination following a change-in-control include payments for accrued base salary, a cash compensation payment, cash compensation for the value of all outstanding stock awards, limited Company-paid health insurance benefits, and any accrued vacation and any accrued benefits under any plans of the Company in which the executive officer is a participant. The change-in-control benefits also contain certain tax gross-up provisions. Eligibility for these benefits requires a signed release agreement by the executive officer.

The Committee believes that in order to continue to retain the services of our key executive officers and focus their efforts on stockholder interests when considering strategic alternatives, it is important to provide them with enhanced income and benefit protection against loss of employment in connection with a change-in-control of our Company and thereby align the interests of our stockholders and our executive officers. However, the Company does not provide for such benefits solely in the event of a change-in-control because we believe that our executive officers are materially harmed only if a change-in-control results in our executive officers' involuntary loss of employment, reduced responsibilities, reduced compensation, or other adverse change in the nature of the employment relationship.

Compensation Consultants and Peer Group

The Committee uses the services of an independent compensation consultant who is retained by and reports directly to the Committee. The Committee selected Radford, an AON Hewitt Company, as a third party compensation consultant to assist the Committee in establishing 2013, 2014 and 2015 overall compensation levels. Radford conducted analyses and provided advice on, among other things, the appropriate peer group, executive compensation for our executive officers and compensation trends in the life sciences industry. The Committee annually assesses the independence of Radford under the guidelines promulgated by the SEC and has determined that Radford is independent and has not provided the Company with any other services other than those requested by the Committee.

In order to evaluate the Company's competitive position in the industry related to executive officer compensation, the Committee has historically reviewed and analyzed the compensation packages, including base salary levels, cash incentive awards and equity awards, offered by biotechnology and pharmaceutical companies within a designated peer group, and with data from Radford's Global Life Sciences Survey for similarly sized companies. The Committee believes selection of a broad peer group on an annual basis provides the best long-term trend data for companies that compete with the Company for talent. The peer group is established annually by the Committee based on the advice of its independent compensation consultant taking into consideration various factors including size, market capitalization, location to key biotech talent hubs, and comparable stage of development of product candidates.

For equity awards granted and cash based compensation paid during 2014, the peer group consisted of: Achillion Pharmaceuticals, Inc., Array BioPharma, Inc., Clovis Oncology, Inc., Geron Corporation, Immunomedics, Inc., Infinity Pharmaceuticals, Inc., Intercept Pharmaceuticals, Inc., KYTHERA Biopharmaceuticals, Inc., Lexicon Pharmaceuticals, Inc., Ligand Pharmaceuticals, Inc., NewLink Genetics Corporation, Novavax, Inc., Orexigen Therapeutics, Inc., Osiris Therapeutics, Inc., Rigel Pharmaceuticals, Inc., Sangamo BioSciences, Inc., Sarepta Therapeutics, Inc., Synta Pharmaceuticals, Inc., TESARO, Inc., Xoma Corporation and ZIOPHARM Oncology, Inc.

For equity awards granted and cash based compensation paid during early 2015, the peer group consisted of: ACADIA Pharmaceuticals, Inc., Aegerion Pharmaceuticals, Inc., Anacor Pharmaceuticals, Inc., bluebird bio, Inc., Celldex Therapeutics, Inc., Clovis Oncology, Inc., Dyax, Corp., Keryx Biopharmaceuticals, Inc., KYTHERA Biopharmaceuticals, Inc., Lexicon Pharmaceuticals, Inc., Ligand Pharmaceuticals, Inc., NewLink Genetics Corporation, Novavax, Inc., Orexigen Therapeutics, Inc., PTC Therapeutics, Inc., Receptos, Inc., Relypsa, Inc., Sangamo BioSciences, Inc., Sarepta Therapeutics, Inc., Synageva BioPharma Corp., TESARO, Inc., and Xoma Corporation.

Changes to the 2015 peer group include elimination of Achillion Pharmaceuticals, Inc., Array BioPharma, Inc., Geron Corporation, Immunomedics, Inc., Infinity Pharmaceuticals, Inc., Intercept Pharmaceuticals, Inc., Osiris Therapeutics, Inc., Rigel Pharmaceuticals, Inc., Synta Pharmaceuticals, Inc., and ZIOPHARM Oncology, Inc. whose market capitalizations were determined by the Committee to no longer be comparable. ACADIA Pharmaceuticals, Inc., Aegerion Pharmaceuticals, Inc., Anacor Pharmaceuticals, Inc., bluebird bio, Inc., Celldex Therapeutics, Inc., Dyax, Corp., Keryx Biopharmaceuticals, Inc., PTC Therapeutics, Inc., Receptos, Inc., Relypsa, Inc., and Synageva BioPharma Corp. were added to the peer group.

Equity Ownership Guidelines

In March 2014, the Committee approved equity ownership guidelines for our executive officers. The equity ownership guidelines are designed to further align the interests of the executive officers with those of our stockholders by ensuring that our executive officers have a meaningful financial stake in the Company's long-term success. The equity ownership guidelines establish a minimum equity ownership level by position, with such values determined based on the value of our ordinary shares owned by such persons as of certain measurement dates. All shares directly or beneficially owned by the executive officer, including the net

exercisable value of outstanding vested stock options (where the market price of our common shares exceeds the strike price of such option) are included in determining the value of equity owned under our equity ownership guidelines. The guidelines are as follows:

Chief Executive Officer	3 times base salary
All other executive officers	1 times base salary

Annual compliance with the equity ownership guidelines is assessed during the first quarter of each year. As of March 31, 2015, each of our NEOs owned sufficient shares of our common stock such that the Company's equity ownership guidelines were met prior to the consideration of the value of any outstanding vested option awards.

New executive officers are granted a five year period to become compliant with the equity ownership guidelines; and are expected to make annual progress toward the equity ownership guidelines during this five year period. When an executive officer is not compliant with the equity ownership guidelines, they are restricted from selling any held shares until compliance is attained. Additionally, should an executive officer who is not in compliance with the equity ownership guidelines choose to exercise a stock option or vest in any RSUs, they are required to retain all shares acquired through those transactions, aside from any shares necessary to fulfill such transaction related tax obligations, until full compliance with the equity ownership guidelines is attained.

Equity Trading Policies and Procedures

The Company has policies and procedures to prohibit direct or indirect participation by employees of the Company in transactions involving trading activities in Company common stock which by their aggressive or speculative nature may give rise to an appearance of impropriety. Such prohibited activities would include the purchase of put or call options, or the writing of such options as well as short sales, hedging transactions such as cashless collars, forward sales, equity swaps and other related arrangement which may indirectly involve short-sale and any other transactions designed for profit from short-term movement in the Company's stock price.

Additionally, transactions in which Company common stock is margined or pledged to secure a loan must be pre-approved by the Company's Chief Financial Officer or General Counsel based on guidelines adopted by the Nominating/Corporate Governance Committee.

There are no transactions involving pledging or margining Company common stock as of the Record Date.

The Company also requires executive officers and directors to complete all equity related open-market purchase and sale transactions via a 10b5-1 plan. The 10b5-1 plans typically cover, among other transactions, direct sales and purchases of Company stock as well as same-day-sales related to option exercises and sales of stock upon the vesting of restricted stock units. All 10b5-1 plans are required to have a 90-day waiting period from the election date to the date of the first transaction. Additionally, Company policy restricts the executive officers and directors from amending, canceling, suspending or otherwise modifying any 10b5-1 trading plan subsequent to adoption of the plan.

Tax Considerations

Internal Revenue Code Section 162(m)

The Committee considers the potential impact under Internal Revenue Code Section 162(m) whereby we can only deduct up to \$1.0 million of the compensation we pay to named executive officers each taxable year unless such compensation is performance-based compensation within the meaning of the Internal Revenue Code. The Committee has determined that any gain related to the exercise of a stock option granted under any of our stockholder-approved stock option plans with an exercise price at least equal to the fair value of our common stock on the date of grant qualifies under the Internal Revenue Code as performance-based compensation and

therefore is not subject to the \$1.0 million limitation. However, deductibility is not the sole factor used by the Committee in ascertaining appropriate levels or manner of compensation and corporate objectives may not necessarily align with the requirements for full deductibility under Section 162(m). Accordingly, we may enter into executive officer compensation arrangements under which payments are not deductible under Section 162(m).

Internal Revenue Code Section 409A

Section 409A governs deferred compensation arrangements. The Committee reviewed our deferred compensation programs with the assistance of our external counsel and determined that the programs are compliant with Section 409A.

Compensation Committee interlocks and insider participation

During 2014, the Committee consisted of Richard F. Pops, W. Thomas Mitchell and Joseph A. Mollica, Ph.D. No interlocking relationship existed between any member of the Committee and any member of any other company's Board of Directors or compensation committee.

The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as "householding," potentially provides extra convenience for stockholders and cost savings for companies. The Company, as well as certain brokers, household proxy materials, unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker or us that they or we will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement, please notify your broker if your shares are held in a brokerage account or us if you hold registered shares. If you hold registered shares, you may direct your written request to the Company's Corporate Secretary at 12780 El Camino Real, San Diego, California 92130 or contact the Company's Corporate Secretary at 858-617-7600.

Advance Notice Procedures. To be considered for inclusion in next year's proxy materials, a stockholder must submit his, her or its proposal in writing by December 31, 2015, which is the date that is 120 days prior to the first anniversary of the mailing date of this proxy statement, to the Company's Corporate Secretary at 12780 El Camino Real, San Diego, California 92130. Any proposal must comply with the requirements as to form and substance established by the SEC for such proposal to be included in our proxy statement. Stockholders are also advised to review our bylaws, which contain additional requirements about advance notice of stockholder proposals and director nominations.

APPROVED BY THE STOCKHOLDERS: MAY 25, 2011

AMENDED BY THE STOCKHOLDERS: MAY 23, 2013

AMENDED BY THE STOCKHOLDERS: MAY 22, 2014

TERMINATION DATE: FEBRUARY 20, 2021

1. GENERAL.

(a) Successor to and Continuation of Prior Plans. The Plan is intended as the successor to and continuation of the Neurocrine Biosciences, Inc. 2003 Incentive Stock Plan, 2001 Stock Option Plan, 1997 Incentive Stock Plan, 1996 Director Stock Option Plan and 1992 Incentive Stock Plan (together the *Prior Plans*). On the Effective Date, awards will automatically be granted to the Company's Directors pursuant to the terms of Section 10 of the Neurocrine Biosciences, Inc. 2003 Incentive Stock Plan (the *2011 Automatic Director Awards*). From and following the Effective Date, no additional stock awards shall be granted under the Prior Plans except for the 2011 Automatic Director Awards. From and after the Effective Date, all outstanding stock awards granted under the Prior Plans shall remain subject to the terms of the Prior Plans; *provided, however,* any shares subject to outstanding stock awards granted under the Prior Plans that expire or terminate for any reason prior to exercise or settlement or are otherwise forfeited prior to issuance of the shares because of the failure to meet a contingency or condition required to vest such shares shall not again become available for issuance under either the Prior Plans or this Plan. Except with respect to the 2011 Automatic Director Awards, all Awards granted on or after the Effective Date of this Plan shall be subject to the terms of this Plan.

(b) Eligible Award Recipients. The persons eligible to receive discretionary Awards are Employees, Directors and Consultants. The persons eligible to receive Stock Awards under the Director Grant Program are Eligible Directors.

(c) Available Awards. The Plan provides for the grant of the following Awards: (i) Incentive Stock Options, (ii) Nonstatutory Stock Options, (iii) Stock Appreciation Rights, (iv) Restricted Stock Awards, (v) Restricted Stock Unit Awards, (vi) Performance Stock Awards, and (vii) Other Stock Awards.

(d) Purpose. The Company, by means of the Plan, seeks to secure and retain the services of the group of persons eligible to receive Awards as set forth in Section 1(b), to provide incentives for such persons to exert maximum efforts for the success of the Company and any Affiliate and to provide a means by which such eligible recipients may be given an opportunity to benefit from increases in value of the Common Stock through the granting of Awards.

2. ADMINISTRATION.

(a) Administration by Board. The Board shall administer the Plan unless and until the Board delegates administration of the Plan to a Committee or Committees, as provided in Section 2(d). However, the Board may not delegate administration of the Director Grant Program.

(b) Powers of Board. Except with respect to the Director Grant Program, the Board shall have the power, subject to, and within the limitations of, the express provisions of the Plan:

(i) To determine from time to time (A) which of the persons eligible under the Plan shall be granted Awards; (B) when and how each Award shall be granted; (C) what type or combination of types of Award shall be granted; (D) the provisions of each Award granted (which need not be identical), including the time

or times when a person shall be permitted to receive cash or Common Stock pursuant to an Award; (E) the number of shares of Common Stock with respect to which a Stock Award shall be granted to each such person; and (F) the Fair Market Value applicable to a Stock Award.

(ii) To construe and interpret the Plan and Awards granted under it, and to establish, amend and revoke rules and regulations for its administration. The Board, in the exercise of this power, may correct any defect, omission or inconsistency in the Plan or in any Stock Award Agreement in a manner and to the extent it shall deem necessary or expedient to make the Plan or Award fully effective.

(iii) To settle all controversies regarding the Plan and Awards granted under it.

(iv) To accelerate the time at which an Award may first be exercised or the time during which an Award or any part thereof will vest in accordance with the Plan, notwithstanding the provisions in the Award stating the time at which it may first be exercised or the time during which it will vest.

(v) To suspend or terminate the Plan at any time. Suspension or termination of the Plan shall not impair rights and obligations under any Award granted while the Plan is in effect except with the written consent of the affected Participant.

(vi) To amend the Plan in any respect the Board deems necessary or advisable. However, except as provided in Section 10(a) relating to Capitalization Adjustments, to the extent required by applicable law or listing requirements, stockholder approval shall be required for any amendment of the Plan that either (A) materially increases the number of shares of Common Stock available for issuance under the Plan, (B) materially expands the class of individuals eligible to receive Awards under the Plan, (C) materially increases the benefits accruing to Participants under the Plan or materially reduces the price at which shares of Common Stock may be issued or purchased under the Plan, (D) materially extends the term of the Plan, or (E) expands the types of Awards available for issuance under the Plan. Except as provided above, rights under any Award granted before amendment of the Plan shall not be impaired by any amendment of the Plan unless (1) the Company requests the consent of the affected Participant, and (2) such Participant consents in writing.

(vii) To submit any amendment to the Plan for stockholder approval, including, but not limited to, amendments to the Plan intended to satisfy the requirements of (A) Section 162(m) of the Code regarding the exclusion of performance-based compensation from the limit on corporate deductibility of compensation paid to Covered Employees, (B) Section 422 of the Code regarding incentive stock options or (C) Rule 16b-3.

(viii) To approve forms of Award Agreements for use under the Plan and to amend the terms of any one or more Awards, including, but not limited to, amendments to provide terms more favorable to the Participant than previously provided in the Award Agreement, subject to any specified limits in the Plan that are not subject to Board discretion; *provided however*, that except with respect to amendments that disqualify or impair the status of an Incentive Stock Option, a Participant's rights under any Award shall not be impaired by any such amendment unless (A) the Company requests the consent of the affected Participant, and (B) such Participant consents in writing. Notwithstanding the foregoing, subject to the limitations of applicable law, if any, the Board may amend the terms of any one or more Awards without the affected Participant's consent if necessary to maintain the qualified status of the Award as an Incentive Stock Option or to bring the Award into compliance with Section 409A of the Code.

(ix) Generally, to exercise such powers and to perform such acts as the Board deems necessary or expedient to promote the best interests of the Company and that are not in conflict with the provisions of the Plan or Awards.

(x) To adopt such procedures and sub-plans as are necessary or appropriate to permit participation in the Plan by Employees, Directors or Consultants who are foreign nationals or employed outside the United States.

(c) Administration of Director Grant Program. The Board shall have the power, subject to and within the limitations of, the express provisions of the Director Grant Program:

(i) To determine the provisions of each Stock Award to the extent not specified in the Director Grant Program.

(ii) To construe and interpret the Director Grant Program and the Stock Awards granted under it, and to establish, amend and revoke rules and regulations for its administration. The Board, in the exercise of this power, may correct any defect, omission or inconsistency in the Director Grant Program or in any Stock Award Agreement, in a manner and to the extent it shall deem necessary or expedient to make the Director Grant Program fully effective.

(iii) To amend the terms of the Director Grant Program or a Stock Award granted thereunder, except that rights under any such Stock Award granted before amendment of the Director Grant Program shall not be impaired by any amendment of the Director Grant Program unless (1) the Company requests the consent of the affected Participant, and (2) such Participant consents in writing.

(iv) Generally, to exercise such powers and to perform such acts as the Board deems necessary or expedient to promote the best interests of the Company and that are not in conflict with the provisions of the Director Grant Program.

(d) Delegation to Committee.

(i) General. The Board may delegate some or all of the administration of the Plan (except the Director Grant Program) to a Committee or Committees. If administration of the Plan is delegated to a Committee, the Committee shall have, in connection with the administration of the Plan, the powers theretofore possessed by the Board that have been delegated to the Committee, including the power to delegate to a subcommittee of the Committee any of the administrative powers the Committee is authorized to exercise (and references in this Plan to the Board shall thereafter be to the Committee or subcommittee), subject, however, to such resolutions, not inconsistent with the provisions of the Plan, as may be adopted from time to time by the Board. The Committee may, at any time, abolish the subcommittee and/or revert in the Committee any powers delegated to the subcommittee. The Board may retain the authority to concurrently administer the Plan with the Committee and may, at any time, revert in the Board some or all of the powers previously delegated.

(ii) Section 162(m) and Rule 16b-3 Compliance. The Committee may consist solely of two or more Outside Directors, in accordance with Section 162(m) of the Code, or solely of two or more Non-Employee Directors, in accordance with Rule 16b-3.

(e) Delegation to an Officer. The Board may delegate to one (1) or more Officers the authority to do one or both of the following (i) designate Employees who are providing Continuous Service to the Company or any of its Subsidiaries who are not Officers to be recipients of Options and SARs (and, to the extent permitted by applicable law, other Stock Awards) and the terms thereof, and (ii) determine the number of shares of Common Stock to be subject to such Stock Awards granted to such Employees; provided, however, that the Board resolutions regarding such delegation shall specify the total number of shares of Common Stock that may be subject to the Stock Awards granted by such Officer and that such Officer may not grant a Stock Award to himself or herself. Notwithstanding the foregoing, the Board may not delegate authority to an Officer to determine the Fair Market Value pursuant to Section 14(z)(iii) below.

(f) Effect of Board's Decision. All determinations, interpretations and constructions made by the Board in good faith shall not be subject to review by any person and shall be final, binding and conclusive on all persons.

(g) Cancellation and Re-Grant of Stock Awards. Except in connection with a Corporate Transaction, as provided in Section 10(a) relating to Capitalization Adjustments, or unless the stockholders of the Company have approved such an action within twelve (12) months prior to such an event, neither the Board nor any Committee

shall have the authority to: (i) reduce the exercise price of any outstanding Options or SARs under the Plan, or (ii) cancel any outstanding Options or SARs that have an exercise price or strike price greater than the current Fair Market Value of the Common Stock in exchange for cash, Full Value Awards, or Options or SARs with an exercise price less than the original exercise price of the Options or SARs that are cancelled.

3. SHARES SUBJECT TO THE PLAN.

(a) Share Reserve. Subject to Section 10(a) relating to Capitalization Adjustments, the aggregate number of shares of Common Stock that may be issued pursuant to Stock Awards from and after the Effective Date shall not exceed thirteen million five hundred thousand (13,500,000) shares. For clarity, the Share Reserve in this Section 3(a) is a limitation on the number of shares of the Common Stock that may be issued pursuant to the Plan and does not limit the granting of Stock Awards except as provided in Section 8(a). Shares may be issued in connection with a merger or acquisition as permitted by, as applicable, NASDAQ Listing Rule 5635(c) or, if applicable, NYSE Listed Company Manual Section 303A.08, AMEX Company Guide Section 711 or other applicable rule, and such issuance shall not reduce the number of shares available for issuance under the Plan. Furthermore, if a Stock Award or any portion thereof expires or otherwise terminates without all of the shares covered by such Stock Award having been issued, such expiration or termination shall not reduce (or otherwise offset) the number of shares of Common Stock that may be available for issuance under the Plan.

(b) Reversion of Shares to the Share Reserve. If any shares of common stock issued pursuant to a Stock Award are forfeited back to the Company because of the failure to meet a contingency or condition required to vest such shares in the Participant, then the shares that are forfeited shall revert to and again become available for issuance under the Plan.

(c) Limitation on Full Value Awards. The aggregate number of shares of Common Stock that may be issued pursuant to grants of Full Value Awards shall not exceed fifty percent (50%) of the aggregate number of shares of Common Stock available for issuance under this Plan as set forth in Section 3(a), subject to adjustment as provided in Sections 3(b) and 10(a).

(d) Shares Not Available For Subsequent Issuance. If any shares subject to a Stock Award are not delivered to a Participant because the Stock Award is exercised through a reduction of shares subject to the Stock Award (i.e., net exercised), the number of shares that are not delivered to the Participant shall no longer be available for issuance under the Plan. Also, any shares used to pay the exercise price of a Stock Award or that are withheld in satisfaction of applicable tax withholding obligations shall no longer be available for issuance under the Plan. Any shares repurchased on the open market with the proceeds of the exercise price of a Stock Award shall not again be available for issuance under the Plan.

(e) Incentive Stock Option Limit. Notwithstanding anything to the contrary in this Section 3 and, subject to the provisions of Section 10(a) relating to Capitalization Adjustments, the aggregate maximum number of shares of Common Stock that may be issued pursuant to the exercise of Incentive Stock Options shall be thirteen million five hundred thousand (13,500,000) shares of Common Stock.

(f) Section 162(m) Limitation on Annual Grants. Subject to the provisions of Section 10(a) relating to Capitalization Adjustments, at such time as the Company may be subject to the applicable provisions of Section 162(m) of the Code, a maximum of two hundred fifty thousand (250,000) shares of Common Stock subject to Options, SARs and Other Stock Awards whose value is determined by reference to an increase over an exercise or strike price of at least one hundred percent (100%) of the Fair Market Value on the date any such Stock Award is granted may be granted to any Participant during any calendar year; provided, however that in connection with his or her initial employment, an Employee may be granted such forms of Stock Awards for up to an additional two hundred fifty thousand (250,000) shares of Common Stock which shall not count against such annual limit. Notwithstanding the foregoing, if any additional Options, SARs or Other Stock Awards whose value is determined by reference to an increase over an exercise or strike price of at least one hundred percent

(100%) of the Fair Market Value on the date the Stock Award are granted to any Participant during any calendar year, compensation attributable to the exercise of such additional Stock Awards shall not satisfy the requirements to be considered qualified performance-based compensation under Section 162(m) of the Code unless such additional Stock Awards are approved by the Company's stockholders.

(g) Source of Shares. The stock issuable under the Plan shall be shares of authorized but unissued or reacquired Common Stock, including shares repurchased by the Company on the open market or otherwise; provided, however that the Company may not repurchase shares to be used under this Plan to the extent such repurchased shares would exceed the limitation in Section 3(a).

4. ELIGIBILITY.

(a) Eligibility for Specific Stock Awards. Incentive Stock Options may be granted only to employees of the Company or a parent corporation or subsidiary corporation thereof (as such terms are defined in Sections 424(e) and (f) of the Code). Stock Awards other than Incentive Stock Options may be granted to Employees, Directors and Consultants; *provided, however*, Nonstatutory Stock Options and SARs may not be granted to Employees, Directors and Consultants who are providing Continuous Service only to any parent of the Company, as such term is defined in Rule 405 promulgated under the Securities Act, unless the stock underlying such Stock Awards is treated as service recipient stock under Section 409A of the Code because the Stock Awards are granted pursuant to a corporate transaction (such as a spin off transaction) or unless such Stock Awards comply with the distribution requirements of Section 409A of the Code. Stock Awards granted under the Director Grant Program in Section 7 may be granted only to Eligible Directors.

(b) Ten Percent Stockholders. A Ten Percent Stockholder shall not be granted an Incentive Stock Option unless the exercise price of such Option is at least one hundred ten percent (110%) of the Fair Market Value on the date of grant and the Option is not exercisable after the expiration of five (5) years from the date of grant.

5. PROVISIONS RELATING TO OPTIONS AND STOCK APPRECIATION RIGHTS.

Each Option or SAR shall be in such form and shall contain such terms and conditions as the Board shall deem appropriate. All Options shall be separately designated Incentive Stock Options or Nonstatutory Stock Options at the time of grant, and, if certificates are issued, a separate certificate or certificates shall be issued for shares of Common Stock purchased on exercise of each type of Option. If an Option is not specifically designated as an Incentive Stock Option, then the Option shall be a Nonstatutory Stock Option. The provisions of separate Options or SARs need not be identical; *provided, however*, that each Option Agreement or SAR Agreement shall conform to (through incorporation of provisions hereof by reference in the applicable Award Agreement or otherwise) the substance of each of the following provisions:

(a) Term. Subject to the provisions of Section 4(b) regarding Ten Percent Stockholders, no Option or SAR shall be exercisable after the expiration of ten (10) years from the date of its grant or such shorter period specified in the Award Agreement.

(b) Exercise Price. Subject to the provisions of Section 4(b) regarding Ten Percent Stockholders, the exercise price (or strike price) of each Option or SAR shall be not less than one hundred percent (100%) of the Fair Market Value of the Common Stock subject to the Option or SAR on the date the Option or SAR is granted. Notwithstanding the foregoing, an Option or SAR may be granted with an exercise price (or strike price) lower than one hundred percent (100%) of the Fair Market Value of the Common Stock subject to the Option or SAR if such Option or SAR is granted pursuant to an assumption of or substitution for another option or stock appreciation right pursuant to a Corporate Transaction and in a manner consistent with the provisions of Sections 409A and, if applicable, 424(a) of the Code. Each SAR will be denominated in shares of Common Stock equivalents.

(c) Purchase Price for Options. The purchase price of Common Stock acquired pursuant to the exercise of an Option shall be paid, to the extent permitted by applicable law and as determined by the Board in its sole discretion, by any combination of the methods of payment set forth below. The Board shall have the authority to grant Options that do not permit all of the following methods of payment (or otherwise restrict the ability to use certain methods) and to grant Options that require the consent of the Company to utilize a particular method of payment. The permitted methods of payment are as follows:

(i) by cash, check, bank draft or money order payable to the Company;

(ii) pursuant to a program developed under Regulation T as promulgated by the Federal Reserve Board that, prior to the issuance of the stock subject to the Option, results in either the receipt of cash (or check) by the Company or the receipt of irrevocable instructions to pay the aggregate exercise price to the Company from the sales proceeds;

(iii) by delivery to the Company (either by actual delivery or attestation) of shares of Common Stock;

(iv) if the option is a Nonstatutory Stock Option, by a net exercise arrangement pursuant to which the Company will reduce the number of shares of Common Stock issuable upon exercise by the largest whole number of shares with a Fair Market Value that does not exceed the aggregate exercise price; *provided, however*, that the Company shall accept a cash or other payment from the Participant to the extent of any remaining balance of the aggregate exercise price not satisfied by such reduction in the number of whole shares to be issued; *provided, further*, that shares of Common Stock will no longer be subject to an Option and will not be exercisable thereafter to the extent that (A) shares issuable upon exercise are reduced to pay the exercise price pursuant to the net exercise, (B) shares are delivered to the Participant as a result of such exercise, and (C) shares are withheld to satisfy tax withholding obligations; or

(v) in any other form of legal consideration that may be acceptable to the Board.

(d) Exercise and Payment of a SAR. To exercise any outstanding SAR, the Participant must provide written notice of exercise to the Company in compliance with the provisions of the SAR Agreement evidencing such SAR. The appreciation distribution payable on the exercise of a SAR will be not greater than an amount equal to the excess of (A) the aggregate Fair Market Value (on the date of the exercise of the SAR) of a number of shares of Common Stock equal to the number of Common Stock equivalents in which the Participant is vested under such SAR, and with respect to which the Participant is exercising the SAR on such date, over (B) the strike price that will be determined by the Board at the time of grant of the SAR. The appreciation distribution in respect to a SAR may be paid in Common Stock, in cash, in any combination of the two or in any other form of consideration, as determined by the Board and contained in the SAR Agreement evidencing such SAR.

(e) Transferability of Options and SARs. The Board may, in its sole discretion, impose such limitations on the transferability of Options and SARs as the Board shall determine. In the absence of such a determination by the Board to the contrary, the following restrictions on the transferability of Options and SARs shall apply:

(i) Restrictions on Transfer. An Option or SAR shall not be transferable except by will or by the laws of descent and distribution and shall be exercisable during the lifetime of the Participant only by the Participant. Except as explicitly provided herein, neither an Option nor a SAR may be transferred.

(ii) Domestic Relations Orders. Notwithstanding the foregoing, an Option or SAR may be transferred pursuant to a domestic relations order; *provided, however*, that if an Option is an Incentive Stock Option, such Option may be deemed to be a Nonstatutory Stock Option as a result of such transfer.

(iii) Beneficiary Designation. Notwithstanding the foregoing, the Participant may, by delivering written notice to the Company, in a form provided by or otherwise satisfactory to the Company and any broker designated by the Company to effect Option exercises, designate a third party who, in the event of the death of the Participant, shall thereafter be entitled to exercise the Option or SAR and receive the Common Stock or other consideration resulting from such exercise. In the absence of such a designation, the executor or administrator of the Participant's estate shall be entitled to exercise the Option or SAR and receive the Common Stock or other consideration resulting from such exercise.

(f) Vesting Generally. The total number of shares of Common Stock subject to an Option or SAR may vest and therefore become exercisable in periodic installments that may or may not be equal. The Option or SAR may be subject to such other terms and conditions on the time or times when it may or may not be exercised (which may be based on the satisfaction of Performance Goals or other criteria) as the Board may deem appropriate. The vesting provisions of individual Options or SARs may vary. The provisions of this Section 5(f) are subject to any Option or SAR provisions governing the minimum number of shares of Common Stock as to which an Option or SAR may be exercised.

(g) Termination of Continuous Service. Except as otherwise provided in the applicable Award Agreement or other agreement between the Participant and the Company, if a Participant's Continuous Service terminates (other than for Cause or upon the Participant's death or Disability), the Participant may exercise his or her Option or SAR (to the extent that the Participant was entitled to exercise such Award as of the date of termination of Continuous Service) but only within such period of time ending on the earlier of (i) the date three (3) months following the termination of the Participant's Continuous Service (or such longer or shorter period specified in the applicable Award Agreement), or (ii) the expiration of the term of the Option or SAR as set forth in the Award Agreement. If, after termination of Continuous Service, the Participant does not exercise his or her Option or SAR within the time specified herein or in the Award Agreement (as applicable), the Option or SAR shall terminate.

(h) Extension of Termination Date. If the exercise of an Option or SAR following the termination of the Participant's Continuous Service (other than for Cause or upon the Participant's death or Disability) would be prohibited at any time solely because the issuance of shares of Common Stock would violate the registration requirements under the Securities Act, then the Option or SAR shall terminate on the earlier of (i) the expiration of a total period of three (3) months (that need not be consecutive) after the termination of the Participant's Continuous Service during which the exercise of the Option or SAR would not be in violation of such registration requirements, or (ii) the expiration of the term of the Option or SAR as set forth in the applicable Award Agreement. In addition, unless otherwise provided in a Participant's Award Agreement, if the immediate sale of any Common Stock received upon exercise of an Option or SAR following the termination of the Participant's Continuous Service (other than for Cause) would violate the Company's insider trading policy, then the Option or SAR shall terminate on the earlier of (i) the expiration of a period equal to the applicable post-termination exercise period after the termination of the Participant's Continuous Service during which the sale of the Common Stock received upon exercise of the Option or SAR would not be in violation of the Company's insider trading policy, or (ii) the expiration of the term of the Option or SAR as set forth in the applicable Award Agreement.

(i) Disability of Participant. Except as otherwise provided in the applicable Award Agreement or other agreement between the Participant and the Company, if a Participant's Continuous Service terminates as a result of the Participant's Disability, the Participant may exercise his or her Option or SAR (to the extent that the Participant was entitled to exercise such Option or SAR as of the date of termination of Continuous Service), but only within such period of time ending on the earlier of (i) the date twelve (12) months following such termination of Continuous Service (or such longer or shorter period specified in the Award Agreement), or (ii) the expiration of the term of the Option or SAR as set forth in the Award Agreement. If, after termination of Continuous Service, the Participant does not exercise his or her Option or SAR within the time specified herein or in the Award Agreement (as applicable), the Option or SAR (as applicable) shall terminate.

(j) Death of Participant. Except as otherwise provided in the applicable Award Agreement or other agreement between the Participant and the Company, if (i) a Participant's Continuous Service terminates as a result of the Participant's death, or (ii) the Participant dies within the period (if any) specified in the Award Agreement for exercisability after the termination of the Participant's Continuous Service (for a reason other than death), then the Option or SAR may be exercised (to the extent the Participant was entitled to exercise such Option or SAR as of the date of death) by the Participant's estate, by a person who acquired the right to exercise the Option or SAR by bequest or inheritance or by a person designated to exercise the Option or SAR upon the

Participant's death, but only within the period ending on the earlier of (i) the date eighteen (18) months following the date of death (or such longer or shorter period specified in the Award Agreement), or (ii) the expiration of the term of such Option or SAR as set forth in the Award Agreement. If, after the Participant's death, the Option or SAR is not exercised within the time specified herein or in the Award Agreement (as applicable), the Option or SAR shall terminate.

(k) Termination for Cause. Except as explicitly provided otherwise in a Participant's Award Agreement or other individual written agreement between the Company or any Affiliate and the Participant, if a Participant's Continuous Service is terminated for Cause, the Option or SAR shall terminate immediately upon such Participant's termination of Continuous Service, and the Participant shall be prohibited from exercising his or her Option or SAR from and after the time of such termination of Continuous Service.

(l) Non-Exempt Employees. No Option or SAR, whether or not vested, granted to an Employee who is a non-exempt employee for purposes of the Fair Labor Standards Act of 1938, as amended, shall be first exercisable for any shares of Common Stock until at least six months following the date of grant of the Option or SAR. Notwithstanding the foregoing, consistent with the provisions of the Worker Economic Opportunity Act, (i) in the event of the Participant's death or Disability, (ii) upon a Corporate Transaction in which such Option or SAR is not assumed, continued, or substituted, (iii) upon a Change in Control, or (iv) upon the Participant's retirement (as such term may be defined in the Participant's Award Agreement or in another applicable agreement or in accordance with the Company's then current employment policies and guidelines), any such vested Options and SARs may be exercised earlier than six months following the date of grant. The foregoing provision is intended to operate so that any income derived by a non-exempt employee in connection with the exercise or vesting of an Option or SAR will be exempt from his or her regular rate of pay.

6. PROVISIONS OF STOCK AWARDS OTHER THAN OPTIONS AND SARs.

(a) Restricted Stock Awards. Each Restricted Stock Award Agreement shall be in such form and shall contain such terms and conditions as the Board shall deem appropriate. To the extent consistent with the Company's bylaws, at the Board's election, shares of Common Stock may be (i) held in book entry form subject to the Company's instructions until any restrictions relating to the Restricted Stock Award lapse; or (ii) evidenced by a certificate, which certificate shall be held in such form and manner as determined by the Board. The terms and conditions of Restricted Stock Award Agreements may change from time to time, and the terms and conditions of separate Restricted Stock Award Agreements need not be identical; *provided, however*, that each Restricted Stock Award Agreement shall conform to (through incorporation of the provisions hereof by reference in the agreement or otherwise) the substance of each of the following provisions:

(i) Consideration. A Restricted Stock Award may be awarded in consideration for (A) cash, check, bank draft or money order payable to the Company, (B) past services to the Company or an Affiliate, or (C) any other form of legal consideration (including future services) that may be acceptable to the Board, in its sole discretion, and permissible under applicable law.

(ii) Vesting. Shares of Common Stock awarded under the Restricted Stock Award Agreement may be subject to forfeiture to the Company in accordance with a vesting schedule to be determined by the Board.

(iii) Termination of Participant's Continuous Service. If a Participant's Continuous Service terminates, the Company may receive through a forfeiture condition or a repurchase right any or all of the shares of Common Stock held by the Participant that have not vested as of the date of termination of Continuous Service under the terms of the Restricted Stock Award Agreement.

(iv) Transferability. Rights to acquire shares of Common Stock under the Restricted Stock Award Agreement shall be transferable by the Participant only upon such terms and conditions as are set forth in the Restricted Stock Award Agreement, as the Board shall determine in its sole discretion, so long as Common Stock awarded under the Restricted Stock Award Agreement remains subject to the terms of the Restricted Stock Award Agreement.

(v) Dividends. A Restricted Stock Award Agreement may provide that any dividends paid on Restricted Stock will be subject to the same vesting and forfeiture restrictions as apply to the shares subject to the Restricted Stock Award to which they relate.

(b) Restricted Stock Unit Awards. Each Restricted Stock Unit Award Agreement shall be in such form and shall contain such terms and conditions as the Board shall deem appropriate. The terms and conditions of Restricted Stock Unit Award Agreements may change from time to time, and the terms and conditions of separate Restricted Stock Unit Award Agreements need not be identical; *provided, however*, that each Restricted Stock Unit Award Agreement shall conform to (through incorporation of the provisions hereof by reference in the Agreement or otherwise) the substance of each of the following provisions:

(i) Consideration. At the time of grant of a Restricted Stock Unit Award, the Board will determine the consideration, if any, to be paid by the Participant upon delivery of each share of Common Stock subject to the Restricted Stock Unit Award. The consideration to be paid (if any) by the Participant for each share of Common Stock subject to a Restricted Stock Unit Award may be paid in any form of legal consideration that may be acceptable to the Board, in its sole discretion, and permissible under applicable law.

(ii) Vesting. At the time of the grant of a Restricted Stock Unit Award, the Board may impose such restrictions on or conditions to the vesting of the Restricted Stock Unit Award as it, in its sole discretion, deems appropriate.

(iii) Payment. A Restricted Stock Unit Award will be settled by the delivery of shares of Common Stock as determined by the Board and contained in the Restricted Stock Unit Award Agreement.

(iv) Additional Restrictions. At the time of the grant of a Restricted Stock Unit Award, the Board, as it deems appropriate, may impose such restrictions or conditions that delay the delivery of the shares of Common Stock (or their cash equivalent) subject to a Restricted Stock Unit Award to a time after the vesting of such Restricted Stock Unit Award.

(v) Dividend Equivalents. Dividend equivalents may be credited in respect of shares of Common Stock covered by a Restricted Stock Unit Award, as determined by the Board and contained in the Restricted Stock Unit Award Agreement. At the sole discretion of the Board, such dividend equivalents may be converted into additional shares of Common Stock covered by the Restricted Stock Unit Award in such manner as determined by the Board. Any additional shares covered by the Restricted Stock Unit Award credited by reason of such dividend equivalents will be subject to all of the same terms and conditions of the underlying Restricted Stock Unit Award Agreement to which they relate, including any vesting restrictions.

(vi) Termination of Participant's Continuous Service. Except as otherwise provided in the applicable Restricted Stock Unit Award Agreement, such portion of the Restricted Stock Unit Award that has not vested will be forfeited upon the Participant's termination of Continuous Service.

(c) Performance Awards.

(i) Performance Stock Awards. A Performance Stock Award is a Stock Award that may vest or may be exercised contingent upon the attainment during a Performance Period of certain Performance Goals. A Performance Stock Award may, but need not, require the completion of a specified period of Continuous Service. The length of any Performance Period, the Performance Goals to be achieved during the Performance Period, and the measure of whether and to what degree such Performance Goals have been attained shall be conclusively determined by the Committee, in its sole discretion. The maximum number of shares covered by an Award that may be granted to any Participant in a calendar year attributable to Stock Awards described in this Section 6(c)(i) (whether the grant, vesting or exercise is contingent upon the attainment during a Performance Period of the Performance Goals) shall not exceed two hundred fifty thousand (250,000) shares of Common Stock; provided, however that in connection with his or her initial employment, an Employee may be granted Performance Stock Awards for up to an additional two hundred fifty thousand (250,000) shares of Common Stock which shall not count against such annual limit. The Board may provide for or, subject to such terms and conditions as the Board may specify, may permit a

Participant to elect for, the payment of any Performance Stock Award to be deferred to a specified date or event. In addition, to the extent permitted by applicable law and the applicable Award Agreement, the Board may determine that cash may be used in payment of Performance Stock Awards.

Dividend equivalents may be credited in respect of shares of Common Stock covered by a Performance Stock Award, as determined by the Board and contained in the Performance Stock Award Agreement. At the sole discretion of the Board, such dividend equivalents may be converted into additional shares of Common Stock covered by the Performance Stock Award in such manner as determined by the Board. Any additional shares covered by the Performance Award credited by reason of such dividend equivalents will be subject to all of the same terms and conditions of the underlying Performance Stock Award Agreement to which they relate, including any vesting contingent upon the attainment during a Performance Period of certain Performance Goals.

(ii) Board Discretion. The Board retains the discretion to reduce or eliminate the compensation or economic benefit due upon attainment of Performance Goals and to define the manner of calculating the Performance Criteria it selects to use for a Performance Period.

(iii) Section 162(m) Compliance. Unless otherwise permitted in compliance with the requirements of Section 162(m) of the Code with respect to an Award intended to qualify as performance-based compensation thereunder, the Committee shall establish the Performance Goals applicable to, and the formula for calculating the amount payable under, the Award no later than the earlier of (a) the date ninety (90) days after the commencement of the applicable Performance Period, or (b) the date on which twenty-five percent (25%) of the Performance Period has elapsed, and in either event at a time when the achievement of the applicable Performance Goals remains substantially uncertain. Prior to the payment of any compensation under an Award intended to qualify as performance-based compensation under Section 162(m) of the Code, the Committee shall certify the extent to which any Performance Goals and any other material terms under such Award have been satisfied (other than in cases where such relate solely to the increase in the value of the Common Stock). Notwithstanding satisfaction of any completion of any Performance Goals, to the extent specified at the time of grant of an Award to covered employees within the meaning of Section 162(m) of the Code, the number of shares of Common Stock, Options, or other benefits granted, issued, retainable and/or vested under an Award on account of satisfaction of such Performance Goals may be reduced by the Committee on the basis of such further considerations as the Committee, in its sole discretion, shall determine.

(d) Other Stock Awards. Other forms of Stock Awards valued in whole or in part by reference to, or otherwise based on, Common Stock, including the appreciation in value thereof may be granted either alone or in addition to Stock Awards provided for under Section 5 and the preceding provisions of this Section 6. Subject to the provisions of the Plan, the Board shall have sole and complete authority to determine the persons to whom and the time or times at which such Other Stock Awards will be granted, the number of shares of Common Stock (or the cash equivalent thereof) to be granted pursuant to such Other Stock Awards and all other terms and conditions of such Other Stock Awards.

7. INITIAL AND ANNUAL GRANTS TO ELIGIBLE DIRECTORS.

(a) General. The Director Grant Program in this Section 7 provides that Eligible Directors shall receive certain Stock Awards at designated intervals over their period of Continuous Service on the Board. For the avoidance of doubt, all Stock Awards granted the Plan, including any Stock Awards granted under this Section 7, are subject to all the terms and conditions of the Plan, including but not limited to the share reserve limitations of Section 3 and the cancellation and regrant restrictions set forth in Section 2(g).

(b) Eligibility. Stock Awards shall be granted under this Section 7 to all Eligible Directors who meet the criteria specified below.

(c) Director Grants.

(i) Initial Award. At the time a person is first elected or appointed to serve on the Board, provided such person is an Eligible Director, he or she automatically shall, upon the date of his or her initial election or appointment as an Eligible Director, be granted an Option to purchase a number of shares of Common Stock as determined by the Board in its sole discretion, on the terms and conditions set forth in Section 7(d) (each such Option is an *Initial Award*).

(ii) Annual Awards. On the date of each Annual Meeting, commencing with the Annual Meeting in 2012, each person who is then a Eligible Director and who has served as an Eligible Director on the Board for a period of at least six (6) months shall be granted an Option to purchase a number of shares of Common Stock as determined by the Board, in its sole discretion on the terms and conditions set forth in Section 7(d) (each such Option is an *Annual Award*).

(d) Director Option Grant Provisions.

(i) Option Type. Each Option automatically granted under this Section 7 shall be a Nonstatutory Stock Option.

(ii) Term . No Option shall be exercisable after the expiration of ten (10) years from the date it was granted.

(iii) Exercise Price. The exercise price of each Option shall be one hundred percent (100%) of the Fair Market Value of the Common Stock subject to the Option on the date the Option is granted.

(iv) Vesting.

(1) Initial Awards granted pursuant to this Section 7 shall vest monthly with respect to 1/36th of the shares over the three (3) year period following the date of grant, subject to the Eligible Director's Continuous Service through the applicable vesting dates, so that the Option will be fully vested on the third anniversary of the date of grant.

(2) Annual Awards granted pursuant to this Section 7 shall vest monthly with respect to 1/12th of the shares over the one (1) year period following the date of grant, subject to the Eligible Director's Continuous Service through the applicable vesting dates, so that the Option will be fully vested on the first anniversary of the date of grant.

(3) Each Option granted pursuant to this Section shall automatically fully accelerate vesting upon a Corporate Transaction, subject to the Eligible Director's Continuous Service through the date of the Corporate Transaction.

(v) Remaining Terms. The remaining terms and conditions of each Option shall be as set forth in an Option Agreement in the form adopted from time to time by the Board; *provided, however*, that the terms of such Option Agreement shall be consistent with the terms of the Plan.

8. COVENANTS OF THE COMPANY.

(a) Availability of Shares. During the terms of the Stock Awards, the Company shall keep available at all times the number of shares of Common Stock reasonably required to satisfy such Stock Awards.

(b) Securities Law Compliance. The Company shall seek to obtain from each regulatory commission or agency having jurisdiction over the Plan such authority as may be required to grant Stock Awards and to issue and sell shares of Common Stock upon exercise of the Stock Awards; *provided, however*, that this undertaking shall not require the Company to register under the Securities Act the Plan, any Stock Award or any Common Stock issued or issuable pursuant to any such Stock Award. If, after reasonable efforts, the Company is unable to obtain from any such regulatory commission or agency the authority that counsel for the Company deems necessary for the lawful issuance and sale of Common Stock under the Plan, the Company shall be relieved from

any liability for failure to issue and sell Common Stock upon exercise of such Stock Awards unless and until such authority is obtained. A Participant shall not be eligible for the grant of a Stock Award or the subsequent issuance of Common Stock pursuant to the Stock Award if such grant or issuance would be in violation of any applicable securities law.

(c) No Obligation to Notify or Minimize Taxes. The Company shall have no duty or obligation to any Participant to advise such holder as to the time or manner of exercising such Stock Award. Furthermore, the Company shall have no duty or obligation to warn or otherwise advise such holder of a pending termination or expiration of a Stock Award or a possible period in which the Stock Award may not be exercised. The Company has no duty or obligation to minimize the tax consequences of a Stock Award to the holder of such Stock Award.

9. MISCELLANEOUS.

(a) Use of Proceeds from Sales of Common Stock. Proceeds from the sale of shares of Common Stock pursuant to Stock Awards shall constitute general funds of the Company.

(b) Corporate Action Constituting Grant of Stock Awards. Corporate action constituting a grant by the Company of a Stock Award to any Participant shall be deemed completed as of the date of such corporate action, unless otherwise determined by the Board, regardless of when the instrument, certificate, or letter evidencing the Stock Award is communicated to, or actually received or accepted by, the Participant.

(c) Stockholder Rights. No Participant shall be deemed to be the holder of, or to have any of the rights of a holder with respect to, any shares of Common Stock subject to such Stock Award unless and until (i) such Participant has satisfied all requirements for exercise of the Stock Award pursuant to its terms, if applicable, and (ii) the issuance of the Common Stock subject to such Stock Award has been entered into the books and records of the Company.

(d) No Employment or Other Service Rights. Nothing in the Plan, any Stock Award Agreement or any other instrument executed thereunder or in connection with any Award granted pursuant thereto shall confer upon any Participant any right to continue to serve the Company or an Affiliate in the capacity in effect at the time the Stock Award was granted or shall affect the right of the Company or an Affiliate to terminate (i) the employment of an Employee with or without notice and with or without cause, (ii) the service of a Consultant pursuant to the terms of such Consultant's agreement with the Company or an Affiliate, or (iii) the service of a Director pursuant to the bylaws of the Company or an Affiliate, and any applicable provisions of the corporate law of the state in which the Company or the Affiliate is incorporated, as the case may be.

(e) Incentive Stock Option \$100,000 Limitation. To the extent that the aggregate Fair Market Value (determined at the time of grant) of Common Stock with respect to which Incentive Stock Options are exercisable for the first time by any Optionholder during any calendar year (under all plans of the Company and any Affiliates) exceeds one hundred thousand dollars (\$100,000), the Options or portions thereof that exceed such limit (according to the order in which they were granted) shall be treated as Nonstatutory Stock Options, notwithstanding any contrary provision of the applicable Option Agreement(s).

(f) Investment Assurances. The Company may require a Participant, as a condition of exercising or acquiring Common Stock under any Stock Award, (i) to give written assurances satisfactory to the Company as to the Participant's knowledge and experience in financial and business matters and/or to employ a purchaser representative reasonably satisfactory to the Company who is knowledgeable and experienced in financial and business matters and that he or she is capable of evaluating, alone or together with the purchaser representative, the merits and risks of exercising the Stock Award; and (ii) to give written assurances satisfactory to the Company stating that the Participant is acquiring Common Stock subject to the Stock Award for the Participant's own account and not with any present intention of selling or otherwise distributing the Common Stock. The foregoing requirements, and any assurances given pursuant to such requirements, shall be inoperative if (A) the

issuance of the shares upon the exercise or acquisition of Common Stock under the Stock Award has been registered under a then currently effective registration statement under the Securities Act, or (B) as to any particular requirement, a determination is made by counsel for the Company that such requirement need not be met in the circumstances under the then applicable securities laws. The Company may, upon advice of counsel to the Company, place legends on stock certificates issued under the Plan as such counsel deems necessary or appropriate in order to comply with applicable securities laws, including, but not limited to, legends restricting the transfer of the Common Stock.

(g) Withholding Obligations. Unless prohibited by the terms of a Stock Award Agreement, the Company may, in its sole discretion, satisfy any federal, state or local tax withholding obligation relating to an Award by any of the following means or by a combination of such means: (i) causing the Participant to tender a cash payment; (ii) withholding shares of Common Stock from the shares of Common Stock issued or otherwise issuable to the Participant in connection with the Award; *provided, however*, that no shares of Common Stock are withheld with a value exceeding the minimum amount of tax required to be withheld by law (or such lesser amount as may be necessary to avoid classification of the Stock Award as a liability for financial accounting purposes); (iii) withholding cash from an Award settled in cash; (iv) withholding payment from any amounts otherwise payable to the Participant; or (v) by such other method as may be set forth in the Award Agreement.

(h) Electronic Delivery. Any reference herein to a written agreement or document shall include any agreement or document delivered electronically or posted on the Company's intranet (or other shared electronic medium controlled by the Company to which the Participant has access).

(i) Deferrals. To the extent permitted by applicable law, the Board, in its sole discretion, may determine that the delivery of Common Stock or the payment of cash, upon the exercise, vesting or settlement of all or a portion of any Award may be deferred and may establish programs and procedures for deferral elections to be made by Participants. Deferrals by Participants will be made in accordance with Section 409A of the Code. Consistent with Section 409A of the Code, the Board may provide for distributions while a Participant is still an employee or otherwise providing services to the Company. The Board is authorized to make deferrals of Awards and determine when, and in what annual percentages, Participants may receive payments, including lump sum payments, following the Participant's termination of Continuous Service, and implement such other terms and conditions consistent with the provisions of the Plan and in accordance with applicable law.

(j) Compliance with Section 409A. To the extent that the Board determines that any Award granted hereunder is subject to Section 409A of the Code, the Award Agreement evidencing such Award shall incorporate the terms and conditions necessary to avoid the consequences specified in Section 409A(a)(1) of the Code. To the extent applicable, the Plan and Award Agreements shall be interpreted in accordance with Section 409A of the Code. Notwithstanding anything to the contrary in this Plan (and unless the Award Agreement specifically provides otherwise), if the shares of Common Stock are publicly traded and a Participant holding an Award that constitutes deferred compensation under Section 409A of the Code is a specified employee for purposes of Section 409A of the Code, no distribution or payment of any amount shall be made upon a separation from service before a date that is six (6) months following the date of such Participant's separation from service (as defined in Section 409A of the Code without regard to alternative definitions thereunder) or, if earlier, the date of the Participant's death.

(k) Minimum Vesting. After the Effective Date of the Plan, generally (i) no Full Value Award that vests on the basis of the Participant's Continuous Service with the Company shall vest at a rate that is any more rapid than ratably over a three (3)-year period and (ii) no Full Value Award that vests based on the satisfaction of Performance Goals shall provide for a Performance Period of less than twelve (12) months. Notwithstanding the foregoing, Full Value Awards may be granted by the Committee after the Effective Date that do not meet the foregoing minimum vesting guidelines, provided that such Awards shall be limited to no more than 5% of the total number of shares reserved for issuance under the Plan.

10. ADJUSTMENTS UPON CHANGES IN COMMON STOCK; OTHER CORPORATE EVENTS.

(a) Capitalization Adjustments. In the event of a Capitalization Adjustment, the Board shall appropriately and proportionately adjust: (i) the class(es) and maximum number of securities subject to the Plan pursuant to Section 3(a), (ii) the class(es) and maximum number of securities that may be issued pursuant to the exercise of Incentive Stock Options pursuant to Section 3(e), (iii) the class(es) and maximum number of securities that may be awarded to any person pursuant to Sections 3(f) and 6(c)(i), and (iv) the class(es) and number of securities and price per share of stock subject to outstanding Stock Awards. The Board shall make such adjustments, and its determination shall be final, binding and conclusive.

(b) Dissolution or Liquidation. Except as otherwise provided in the Stock Award Agreement, in the event of a dissolution or liquidation of the Company, all outstanding Stock Awards (other than Stock Awards consisting of vested and outstanding shares of Common Stock not subject to a forfeiture condition or the Company's right of repurchase) shall terminate immediately prior to the completion of such dissolution or liquidation, and the shares of Common Stock subject to the Company's repurchase rights or subject to a forfeiture condition may be repurchased or reacquired by the Company notwithstanding the fact that the holder of such Stock Award is providing Continuous Service, *provided, however*, that the Board may, in its sole discretion, cause some or all Stock Awards to become fully vested, exercisable and/or no longer subject to repurchase or forfeiture (to the extent such Stock Awards have not previously expired or terminated) before the dissolution or liquidation is completed but contingent on its completion.

(c) Corporate Transaction. The following provisions shall apply to Stock Awards in the event of a Corporate Transaction unless otherwise provided in the instrument evidencing the Stock Award or any other written agreement between the Company or any Affiliate and the Participant or unless otherwise expressly provided by the Board at the time of grant of a Stock Award.

(i) Stock Awards May Be Assumed. In the event of a Corporate Transaction, any surviving corporation or acquiring corporation (or the surviving or acquiring corporation's parent company) may assume or continue any or all Stock Awards outstanding under the Plan or may substitute similar stock awards for Stock Awards outstanding under the Plan (including but not limited to, awards to acquire the same consideration paid to the stockholders of the Company pursuant to the Corporate Transaction), and any reacquisition or repurchase rights held by the Company in respect of Common Stock issued pursuant to Stock Awards may be assigned by the Company to the successor of the Company (or the successor's parent company, if any), in connection with such Corporate Transaction. A surviving corporation or acquiring corporation (or its parent) may choose to assume or continue only a portion of a Stock Award or substitute a similar stock award for only a portion of a Stock Award, or may choose to assume or continue the Stock Awards held by some, but not all Participants. The terms of any assumption, continuation or substitution shall be set by the Board.

(ii) Stock Awards Held by Current Employee and Director Participants. In the event of a Corporate Transaction in which the surviving corporation or acquiring corporation (or its parent company) does not assume or continue such outstanding Stock Awards or substitute similar stock awards for such outstanding Stock Awards, then with respect to Stock Awards that have not been assumed, continued or substituted and that are held by Participants that are Employees or Directors and whose Continuous Service has not terminated prior to the effective time of the Corporate Transaction (referred to as the *Current Employee and Director Participants*), the vesting of such Stock Awards (and, with respect to Options and SARs, the time when such Stock Awards may be exercised) shall be accelerated in full to a date prior to the effective time of such Corporate Transaction (contingent upon the effectiveness of the Corporate Transaction) as the Board shall determine (or, if the Board shall not determine such a date, to the date that is fifteen (15) days prior to the effective time of the Corporate Transaction), and such Stock Awards shall terminate if not exercised (if applicable) at or prior to the effective time of the Corporate Transaction, and any reacquisition or repurchase rights held by the Company with respect to such Stock Awards shall lapse (contingent upon the effectiveness of the Corporate Transaction).

(d) Stock Awards Held by Persons other than Current Employee and Director Participants. In the event of a Corporate Transaction in which the surviving corporation or acquiring corporation (or its parent company) does not assume or continue such outstanding Stock Awards or substitute similar stock awards for such outstanding Stock Awards, then with respect to Stock Awards that have not been assumed, continued or substituted and that are held by persons other than Current Employee and Director Participants, such Stock Awards shall terminate if not exercised (if applicable) prior to the effective time of the Corporate Transaction; *provided, however*, that any reacquisition or repurchase rights held by the Company with respect to such Stock Awards shall not terminate and may continue to be exercised notwithstanding the Corporate Transaction.

(e) Payment for Stock Awards in Lieu of Exercise. Notwithstanding the foregoing, in the event a Stock Award will terminate if not exercised prior to the effective time of a Corporate Transaction, the Board may provide, in its sole discretion, that the holder of such Stock Award may not exercise such Stock Award but will receive a payment, in such form as may be determined by the Board, equal in value, at the effective time, to the excess, if any, of (A) the value of the property the Participant would have received upon the exercise of the Stock Award (including, at the discretion of the Board, any unvested portion of such Stock Award), over (B) any exercise price payable by such holder in connection with such exercise.

(f) Change in Control. A Stock Award may be subject to acceleration of vesting and exercisability upon or after a Change in Control as may be provided in the Stock Award Agreement for such Stock Award or as may be provided in any other written agreement between the Company or any Affiliate and the Participant, but in the absence of such provision, no such acceleration shall occur.

11. TERMINATION OR SUSPENSION OF THE PLAN.

(a) Plan Term. The Board may suspend or terminate the Plan at any time. Unless terminated sooner by the Board, the Plan shall automatically terminate on the day before the tenth (10th) anniversary of the earlier of (i) the date the Plan is adopted by the Board, or (ii) the date the Plan is approved by the stockholders of the Company. No Awards may be granted under the Plan while the Plan is suspended or after it is terminated.

(b) No Impairment of Rights. Suspension or termination of the Plan shall not impair rights and obligations under any Award granted while the Plan is in effect except with the written consent of the affected Participant.

12. EFFECTIVE DATE OF PLAN.

This Plan shall become effective on the Effective Date.

13. CHOICE OF LAW.

The laws of the State of California shall govern all questions concerning the construction, validity and interpretation of this Plan, without regard to that state's conflict of laws rules.

14. DEFINITIONS. As used in the Plan, the following definitions shall apply to the capitalized terms indicated below:

(a) Affiliate means, at the time of determination, any parent or subsidiary of the Company as such terms are defined in Rule 405 promulgated under the Securities Act. The Board shall have the authority to determine the time or times at which parent or subsidiary status is determined within the foregoing definition.

(b) Annual Meeting means the first meeting of the Company's stockholders held each calendar year at which Directors of the Company are selected.

(c) Award means a Stock Award.

(d) **Award Agreement** means a written agreement between the Company and a Participant evidencing the terms and conditions of an Award.

(e) **Board** means the Board of Directors of the Company.

(f) **Capitalization Adjustment** means any change that is made in, or other events that occur with respect to, the Common Stock subject to the Plan or subject to any Stock Award after the Effective Date without the receipt of consideration by the Company through merger, consolidation, reorganization, recapitalization, reincorporation, stock dividend, dividend in property other than cash, large nonrecurring cash dividend, stock split, liquidating dividend, combination of shares, exchange of shares, change in corporate structure or any similar equity restructuring transaction, as that term is used in Statement of Financial Accounting Standards No. 123 (revised). Notwithstanding the foregoing, the conversion of any convertible securities of the Company shall not be treated as a Capitalization Adjustment.

(g) **Cause** shall mean, with respect to a Participant, the occurrence of any of the following events: (i) such Participant's commission of any crime involving fraud, dishonesty or moral turpitude; (ii) such Participant's attempted commission of or participation in a fraud or act of dishonesty against the Company that results in (or might have reasonably resulted in) material harm to the business of the Company; (iii) such Participant's intentional, material violation of any contract or agreement between Participant and the Company or any statutory duty Participant owes to the Company; or (iv) such Participant's conduct that constitutes gross insubordination, incompetence or habitual neglect of duties and that results in (or might have reasonably resulted in) material harm to the business of the Company; provided, however, that the action or conduct described in clauses (iii) and (iv) above will constitute Cause only if such action or conduct continues after the Company has provided such Participant with written notice thereof and not less than five business days to cure the same.

(h) **Change in Control** means the occurrence, in a single transaction or in a series of related transactions, of any one or more of the following events:

(i) any Exchange Act Person becomes the Owner, directly or indirectly, of securities of the Company representing more than fifty percent (50%) of the combined voting power of the Company's then outstanding securities other than by virtue of a merger, consolidation or similar transaction. Notwithstanding the foregoing, a Change in Control shall not be deemed to occur (A) on account of the acquisition of securities of the Company directly from the Company, (B) on account of the acquisition of securities of the Company by an investor, any affiliate thereof or any other Exchange Act Person that acquires the Company's securities in a transaction or series of related transactions the primary purpose of which is to obtain financing for the Company through the issuance of equity securities, or (C) solely because the level of Ownership held by any Exchange Act Person (the *Subject Person*) exceeds the designated percentage threshold of the outstanding voting securities as a result of a repurchase or other acquisition of voting securities by the Company reducing the number of shares outstanding, provided that if a Change in Control would occur (but for the operation of this sentence) as a result of the acquisition of voting securities by the Company, and after such share acquisition, the Subject Person becomes the Owner of any additional voting securities that, assuming the repurchase or other acquisition had not occurred, increases the percentage of the then outstanding voting securities Owned by the Subject Person over the designated percentage threshold, then a Change in Control shall be deemed to occur;

(ii) there is consummated a merger, consolidation or similar transaction involving (directly or indirectly) the Company and, immediately after the consummation of such merger, consolidation or similar transaction, the stockholders of the Company immediately prior thereto do not Own, directly or indirectly, either (A) outstanding voting securities representing more than fifty percent (50%) of the combined outstanding voting power of the surviving Entity in such merger, consolidation or similar transaction or (B) more than fifty percent (50%) of the combined outstanding voting power of the parent of the surviving Entity in such merger, consolidation or similar transaction, in each case in substantially the same proportions as their Ownership of the outstanding voting securities of the Company immediately prior to such transaction;

(iii) the stockholders of the Company approve or the Board approves a plan of complete dissolution or liquidation of the Company, or a complete dissolution or liquidation of the Company shall otherwise occur, except for a liquidation into a parent corporation;

(iv) there is consummated a sale, lease, exclusive license or other disposition of all or substantially all of the consolidated assets of the Company and its Subsidiaries, other than a sale, lease, license or other disposition of all or substantially all of the consolidated assets of the Company and its Subsidiaries to an Entity, more than fifty percent (50%) of the combined voting power of the voting securities of which are Owned by stockholders of the Company in substantially the same proportions as their Ownership of the outstanding voting securities of the Company immediately prior to such sale, lease, license or other disposition; or

(v) individuals who, on the date the Plan is adopted by the Board, are members of the Board (the **Incumbent Board**) cease for any reason to constitute at least a majority of the members of the Board; *provided, however*, that if the appointment or election (or nomination for election) of any new Board member was approved or recommended by a majority vote of the members of the Incumbent Board then still in office, such new member shall, for purposes of this Plan, be considered as a member of the Incumbent Board.

Notwithstanding the foregoing or any other provision of this Plan, the term Change in Control shall not include a sale of assets, merger or other transaction effected exclusively for the purpose of changing the domicile of the Company.

(i) **Code** means the Internal Revenue Code of 1986, as amended, including any applicable regulations and guidance thereunder.

(j) **Committee** means a committee of one or more Directors to whom authority has been delegated by the Board in accordance with Section 2(d).
