STOCK INVESTMENT PLAN

The Merck Stock Investment Plan (the **Plan**) of Merck & Co., Inc., a New Jersey corporation (**Merck** or the **Company**), provides participants with a convenient and economical method of purchasing shares of Merck's common stock, \$0.50 par value per share (**Common Stock**), and reinvesting cash dividends paid on Common Stock in additional shares of Common Stock. Participation in the Plan is open to any registered holder of Common Stock or to any person who becomes a registered holder of Common Stock by enrolling in the Plan, paying a one-time enrollment fee and either making an initial investment or authorizing automatic cash investments (see **Investment Summary and Fees**). Beneficial owners of Common Stock whose only shares are registered in names other than their own (e.g., held in street name in a brokerage account) are not eligible until they become stockholders of record either by withdrawing the shares from their brokerage account and registering the shares in their own name or by enrolling in the Plan in the same manner as a non-stockholder.

Participants in the Plan may elect to have the cash dividends paid on all or a percentage of their shares of Common Stock automatically reinvested in additional shares of Common Stock. Participants may also purchase additional shares of Common Stock by making optional cash investments in accordance with the provisions of the Plan. Holders of Common Stock who choose not to participate in the Plan will continue to receive cash dividends on shares of Common Stock registered in their name, as declared, by check or direct deposit.

Shares of Common Stock purchased by participants in the Plan may be treasury or new issue Common Stock or, at Merck's option, Common Stock purchased in the open market or in negotiated transactions. Treasury or new issue Common Stock is purchased from Merck at the market price on the applicable investment date. The price of Common Stock purchased in the open market or in negotiated transactions is the weighted average price at which the shares are actually purchased. Merck Common Stock is listed on the New York Stock Exchange under the symbol **MRK**.

This prospectus contains a complete description of the Plan.

Please read this prospectus carefully before investing and retain it for your future reference.

Investing in our Common Stock involves risks. You should carefully consider all of the information set forth in this prospectus, including under Risk Factors on page 3 of this prospectus, and in any prospectus supplement or documents we incorporate by reference in this prospectus or any prospectus supplement before deciding to invest in our Common Stock.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or passed upon the adequacy or accuracy of this prospectus. Any representation to the contrary is a criminal offense.

RISK FACTORS

Before deciding to invest in Merck's Common Stock, you should carefully consider the risk factors and forward-looking statements described in Item 1A of our most recent Annual Report on Form 10-K for the year ended December 31, 2014 (which is incorporated by reference herein). In addition, you should carefully consider information in any accompanying prospectus supplement or any documents we incorporate by reference in this prospectus and any accompanying prospectus supplement, before deciding to invest in our Common Stock. Additional risks and uncertainties not presently known to us or that we currently deem immaterial may also impair our business operations.

FORWARD-LOOKING STATEMENTS

This prospectus, any prospectus supplement and any documents we incorporate by reference herein or therein and oral statements made from time to time by us may contain so called "forward-looking statements" (within the meaning of Section 27A of the Securities Act, and Section 21E of the Securities Exchange Act), all of which are based on management's current expectations and are subject to risks and uncertainties which may cause results to differ materially from those set forth in the statements. One can identify these forward-looking statements by their use of words such as "anticipates," "expects," "plans," "will," "estimates," "forecasts," "projects" and other words of similar meaning. One can also identify them by the fact that they do not relate strictly to historical or current facts. These statements are likely to address our growth strategy, financial results, product development, product approvals, product potential and development programs. One must carefully consider any such statement and should understand that many factors could cause actual results to differ materially from our forward-looking statements. These factors include inaccurate assumptions and a broad variety of other risks and uncertainties, including some that are known and some that are not known. No forward-looking statement can be guaranteed and actual future results may vary materially. We do not assume the obligation to update any forward-looking statement. We caution you not to place undue reliance on these forward-looking statements. One should carefully evaluate such statements in light of factors, including risk factors, described under "Risk Factors" above and in the documents incorporated herein by reference in which we discuss in more detail various important factors that could cause actual results to differ from expected or historic results. One should understand that it is not possible to predict or identify all such factors. Consequently, one should not consider any such list to be a complete statement of all potential risks or uncertainties.

DIRECT REGISTRATION

Merck is a participant in the Direct Registration System (DRS). DRS is a method of recording shares of stock in book-entry form. Book-entry means that your shares are registered in your name on our books without the need for physical certificates and are held separately from any Plan shares you may own. Shares held in book-entry have all the traditional rights and privileges as shares held in certificate form.

With DRS, shareholders can:

Eliminate the risk and cost of storing certificates in a secure place

Eliminate the cost associated with replacing lost, stolen, or destroyed certificates

Move shares electronically to their broker

Any future share transactions will be issued to book-entry form rather than physical certificates unless you specify otherwise. You may convert any stock certificate(s) you are currently holding into book-entry form by sending the stock certificate(s) to Wells Fargo Shareowner Services with a request to deposit them to your DRS account. There is no cost to you for this custodial service and by doing so you will be relieved of the responsibility for loss or theft of your certificate(s). Your certificate(s) should not be endorsed, and we recommend sending your certificate(s) by registered insured mail for 3 percent of the current market value (see **Optional Mail Loss Insurance** below in **Share Safekeeping**).

Electronic Share Movement

You may choose to have a portion or all of your full book-entry shares delivered directly to your broker by contacting your broker. When using your broker to facilitate a share movement, provide them with a copy of your DRS account statement.

DESCRIPTION OF THE PLAN

Below is a summary of our Plan.

Purposes

The Plan provides participants with a convenient and economical method of systematically increasing their ownership interest in Merck through purchases of Common Stock and the reinvestment of cash dividends in additional shares of Common Stock.

Features

The Plan has the following features:

Open to Non-Stockholders. Persons who do not currently own shares of Common Stock may become participants in the Plan by paying a one-time enrollment fee and either making an initial investment or authorizing automatic cash investments (see **Investment Summary and Fees**).

Automatic Reinvestment of Dividends. Cash dividends paid on all or a specified percentage of shares of Common Stock are automatically reinvested in additional shares of Common Stock.

Optional Cash Investments. Participants may make optional cash investments in Common Stock. Optional cash investments may be made by automatic bank withdrawal or by check drawn on a United States or Canadian financial institution at any time as the participant desires. Cash, money orders, traveler's checks or third party checks cannot be accepted.

Full Investment of Plan Funds. Funds invested in the Plan are fully invested through the purchase of fractional shares, as well as full shares. Cash dividends on fractional shares are reinvested in additional shares of Common Stock.

Table of Contents

Telephone Privileges. If you have established automated privileges on your account, you can:

change the amount of or stop automatic bank withdrawals;

change your dividend reinvestment option (for example, from full to partial reinvestment);

Sell some or all of your Plan shares; and

Request a certificate for some or all full shares in the Plan.

Certain restrictions may apply.

To establish automated privileges, please call Wells Fargo Shareowner Services and request an *Automated Request Authorization Form* (see **Contact Information**).

Share Safekeeping. Participants may deposit for safekeeping certificates representing shares of Common Stock held in certificate form, whether or not the shares were issued under the Plan, at no cost to the participants.

Account Statements. Account statements detailing each participant's Plan activities are mailed to each participant on a quarterly or annual basis and following each Plan transaction. You may elect to have your statements and other information sent to you automatically by initiating eDelivery through *shareowneronline.com*.

For dividend purchases, if you own less than 100 shares, you will receive an annual statement detailing all transactions for the year including 1099-DIV tax reporting information. If you own 100 shares or more, you will receive a quarterly statement. These statements contain information that is required for tax reporting purposes. Therefore, it is imperative that you keep the statements until Plan shares have been disposed of and all tax obligations have been met. If this information is lost, a written request stating the information required may be sent to the Plan Administrator at the address contained in this prospectus (see **Contact Information**). **A fee for past account information may be charged** (see **Investment Summary and Fees**).

Online Privileges. We encourage you to access your account information online at *shareowneronline.com* to perform transactions. Accounts that are registered in the name of an Investment Club, Corporation, or Partnership will not be allowed online access. Please note: additional access restrictions may apply (see **Contact Information**).

After you have successfully signed up, you will be able to access your account immediately. You will also receive written confirmation to your mailing address on file that your account has been activated for online access.

Once you have activated your account online, you can also:

Authorize, change or stop your Automatic Cash Withdrawal and Investment Service;

Consent for electronic delivery of statements including tax forms;

Sell some or all of your Plan shares; and

Elect to view statements, tax forms, and company communications. You will receive an email notification when new documents are available for viewing.

Considerations

You should consider the following prior to participating in the Plan:

Brokerage Commissions. Participants pay a brokerage commission for each share of Common Stock purchased or sold for their Plan account in open market transactions (see **Investment Summary and Fees**). Merck expects that generally all Plan purchases and sales will be effected in open market transactions.

Table of Contents

Service Fees. Participants also pay a service fee as described herein for certain Plan transactions, including dividend reinvestment and optional cash investments, whether or not the transactions are effected in open market transactions (see **Investment Summary and Fees**).

Investment Timing; Price Risks. Because the prices at which Plan shares are purchased are determined as of specified dates or as of dates otherwise beyond the control of participants, the participants may lose certain advantages otherwise available from being able to select the timing of their investment. For example, because the price charged to participants for shares purchased in the open market or in negotiated transactions is the weighted average price at which the shares are actually purchased over a period of up to five business days following an investment date, participants may pay a higher price for shares purchased under the Plan than for shares purchased on the investment date outside of the Plan.

No Interest Pending Investment. No interest is paid on optional cash investments pending their investment in Common Stock.

Administration

As of the date of this prospectus, administration of the Plan, which includes enrolling new participants in the Plan, reinvesting dividends, processing optional cash investments, processing share sale requests, depositing and safekeeping Plan shares, processing requests for certificates, and issuing account statements, is handled by Wells Fargo Shareowner Services, a division of Wells Fargo Bank N.A. (the **Plan Administrator**).

Participants may submit *Account Authorization Forms*, certificate deposits for safekeeping, certificate withdrawal and share sale requests to the Plan Administrator at the following addresses:

Eligibility

Any person or entity, whether or not currently a registered holder of Common Stock, may participate in the Plan by enrolling in accordance with the procedures described in Enrollment and Participation below. Merck reserves the right to deny, modify, suspend, or terminate participation by any person or entity (see **Other Information Denial or Termination from the Plan**).

Table of Contents

Enrollment and Participation

You can enroll in the Plan at any time by going online at *shareowneronline.com* or by completing an *Account Authorization Form* and returning the form and check to the Plan Administrator (see **Contact Information**).

Note: Regulations in certain countries may limit or prohibit participation in this type of Plan. Accordingly, persons residing outside the United States who wish to participate in the Plan should first determine whether they are subject to any governmental regulation prohibiting their participation.

EXAMPLE 1: A non-stockholder who wishes to enroll in the Plan by making an initial investment would follow the instructions on the *Buy Shares* page online or send the *Account Authorization Form* and submit a check made payable to Shareowner Services for at least \$360 (initial investment of at least \$350 plus \$10 one-time enrollment fee).

EXAMPLE 2: A non-stockholder who wishes to enroll in the Plan by authorizing automatic withdrawals from his savings or checking account would follow the instructions on the *Buy Shares* page online or the *Account Authorization Form* **INCLUDING SECTION 6** authorizing investments of at least \$50. The investor would include a check made payable to Shareowner Services in U.S. funds and drawn on a United States or Canadian financial institution (cash, money orders, traveler's checks or third party checks cannot be accepted) for at least \$60 to cover the one-time enrollment fee of \$10 and the first optional cash investment of at least \$50. All subsequent optional cash investments will be debited from the participant's bank account. All cash purchases made by automatic investment will be assessed a service fee which will be deducted from the cash investment.

INVESTMENTS

Dividends Options

As described below, by participating in the Plan you may have the cash dividends paid on all or a percentage of your shares of Common Stock (net of brokerage commissions and service fees) automatically reinvested in Common Stock on the dividend payment date (see **Investment Summary and Fees**). **THE PAYMENT OF DIVIDENDS ON COMMON STOCK IS AT THE DISCRETION OF THE BOARD OF DIRECTORS OF MERCK & CO., INC.**

Full Dividend Reinvestment. All cash dividends payable on shares held in the Plan, along with any shares held in physical certificate form or through book-entry shares (DRS) will be used to purchase additional shares. You will not receive cash dividends from the Company; instead, the dividends will be reinvested. Whole and fractional shares will be allocated to your Plan account. (RD)

Partial Dividend Reinvestment. You may elect to reinvest a portion of the dividend and receive the remainder in cash. The percentage (chosen by you) elected will be applied to the total shares held in Plan, along with any shares held in physical certificate form or held through book-entry (DRS). You may elect percentages from 10%-90% in increments of 10%. The cash portion of dividends will be sent by check unless you have elected to have those dividends deposited directly to a designated bank account. (RX-N)

For example, a shareholder has 90 shares held in physical certificate form or book-entry (DRS) and 10 Plan shares. The shareholder specifies 50% of his total shares are subject to dividend reinvestment. All cash dividends on 50 shares (50% of 100 shares) will be used to purchase additional shares for the shareholder's under the Plan. The shareholder will receive a dividend check or automatic bank deposit from the Company, when declared and paid, only for the 50 shares not subject to dividend reinvestment.

You may also send in optional cash with any of the above options.

Table of Contents

You may change your reinvestment option at any time by going online, by telephone or sending a new *Account Authorization Form* to Wells Fargo Shareowner Services. Notices received on or before a dividend record date will be effective for that dividend. Notices received after a dividend record date will not be effective until after that dividend has been paid.

Direct Deposit of Dividends. You can have the cash dividends you elect not to reinvest deposited directly to your bank account. For electronic direct deposit of dividend funds, contact the Plan Administrator to request a *Direct Deposit of Dividends Authorization Form*, complete the form, and return it to the Plan Administrator (see **Contact Information**). Be sure to include a voided check for checking accounts or a savings deposit slip for savings accounts. If your stock is jointly owned, all registered owners must sign as their name(s) appear on their account.

Dividend Payment Dates. If your *Account Authorization Form* is received by the Plan Administrator on or before the record date for a particular dividend, dividend reinvestment will begin with respect to dividends paid on the next dividend payment date. If your *Account Authorization Form* is received by the Plan Administrator after the record date, dividend reinvestment will not begin until the dividend payment date following the next record date. During 2015, dividends on Common Stock have generally been paid on the fifth business day of January, April, July and October. Thus, for example, to begin automatic reinvestment of a dividend expected to be paid on April 5 in a given year, the Plan Administrator should receive your *Account Authorization Form* by the first week in March, which date may be changed by the Company or the Board of Directors in their discretion.

You may change your reinvestment option at any time by going online, by calling or sending written notice to the Plan Administrator.

Cash Investments

Initial Cash Investment. If you are not a registered owner of Common Stock and are enrolling online, funds will be debited from your account at a United States or Canadian financial institution. Or, you may enroll by including an initial cash investment with your completed *Account Authorization Form* or authorize automatic cash investments by automatic withdrawal. If you include an initial cash investment with your *Account Authorization Form*, you must also include a one-time enrollment fee (see **Investment Summary and Fees**). If you elect to sign up for automatic cash investments, you must include the minimum requirement to cover the first initial investment along with a one-time enrollment fee. Subsequent automatic cash investments will be assessed a service fee which will be deducted from the investment amount (see **Enrollment and Participation**). Checks must be in U.S. funds and drawn on a United States or Canadian financial institution. Your check also should include your name, address, Company's stock name and Shareowner Services account number. Cash, money orders, traveler's checks or third party checks cannot be accepted.

Optional Cash Investments. Participants may make optional cash investments at any time by check or by automatic withdrawal from a designated United States or Canadian financial institution. Participants may vary their optional cash investments from the required minimum up to the annual maximum (see **Investment Summary and Fees**). Initial cash investments are included in the month in which they are made for purposes of determining whether the maximum has been reached.

You may obtain the return of any optional cash investment upon request received by the Plan Administrator not less than two (2) trading days prior to the date on which it is to be invested.

Initial and optional cash investments are invested in shares of Common Stock net of brokerage commissions and service fees (see **Investment Summary and Fees**).

Check. Optional cash investments made by check must be accompanied by a completed *Transaction Request Form* or other written request. The Plan Administrator will make every effort to process your cash

investment for the next investment date (see **Investment Dates**), provided that the funds are received by the Plan Administrator no later than two business days prior to the investment date for an initial cash investment and one business day prior to an investment date for optional cash payments. Otherwise, cash investments are held by the Plan Administrator for investment on the next investment date (see **Cash Investments**). Cash investments made by check should be made payable to Shareowner Services. Checks must be in U.S. funds and drawn on a United States or Canadian financial institution. The Plan Administrator will not be liable for any claim arising out of failure to purchase stock on a certain date or at a specific price. This risk should be evaluated by the participant and is a risk that is borne solely by the participant. Cash, money orders, traveler's checks or third party checks cannot be accepted.

Automatic Cash Withdrawal and Investment Service. The Automatic Cash Withdrawal and Investment Service is a convenient method to have money automatically withdrawn from a checking or savings account and invested in the Plan account, thus eliminating the need to write and mail checks. Once automatic deductions have begun, funds will be withdrawn from a participant's designated bank account on the 3rd, 22nd, or both the 3rd and 22nd of each month or the next business day. Participants do not receive any confirmation of the transfer of funds other than as reflected in their Plan account statements and in their bank account statements. To enroll in the Automatic Cash Withdrawal and Investment Service feature of the Plan you may contact the Plan Administrator, complete and sign the Automatic Cash Withdrawal and Investment Service section on the *Account Authorization Form* and return it to the Plan Administrator. Changes or a discontinuation of automatic withdrawals can be made online, by telephone or by using the *Transaction Request Form* attached to the participant's statement.

To be effective with respect to a particular investment date, your request to change or enroll in the automatic withdrawal feature must be received by the Plan Administrator at least 15 business days prior to the investment date.

Dishonored Investments. If any optional cash contribution, including payments by check or automatic withdrawal is returned for any reason, the Plan Administrator will remove from the participant's account any shares purchased upon prior credit of such funds, and will sell these shares.

The Plan Administrator may sell other shares in the account to recover a returned funds fee for each optional cash contribution returned unpaid for any reason or any rejected automatic bank withdrawal and may sell additional shares as necessary to cover any market loss incurred by the Plan Administrator (see **Investment Summary and Fees**).

During the period from the time that an optional cash investment is received by the Plan Administrator, until invested in Common Stock, the collected funds in the possession of the Plan Administrator may be invested in certain Permitted Investments. For purposes of this Plan, **Permitted Investments** means any money market mutual funds registered under the Investment Company Act of 1940, as amended (including those of an affiliate of the Plan Administrator or for which the Plan Administrator or any of its affiliates provides management advisory or other services), consisting entirely of (i) direct obligations of the United States of America or (ii) obligations fully guaranteed by the United States of America. The risk of any loss from such Permitted Investments is the responsibility of the Plan Administrator, and the Plan Administrator retains any investment income from the Permitted Investments.

Investment Dates

Dividend Reinvestment. Cash dividends are expected to be reinvested on the applicable dividend payment date or, if the dividend payment date is not a business day, the business day next following the dividend payment date and no later than 30 trading days, following the dividend payable date.

Initial and Optional Cash Investments. Initial and optional cash investments are generally expected to be made within five (5) trading days from receipt of your investment amount and no later than 35 trading days,

except where postponement is necessary to comply with Regulation M under the Exchange Act or other applicable provisions of securities law or, if not a business day, the business day next or in any week in which a cash dividend is paid, the dividend payment date or, if the dividend payment date is not a business day, the business day next following the dividend payment date.

NO INTEREST IS PAID ON FUNDS HELD BY THE PLAN ADMINISTRATOR PENDING THEIR INVESTMENT IN COMMON STOCK. ALL OPTIONAL CASH INVESTMENTS, INCLUDING THE INITIAL CASH INVESTMENT, ARE SUBJECT TO THE COLLECTION BY THE PLAN ADMINISTRATOR OF FULL FACE VALUE IN U.S. FUNDS.

Source of Shares. Shares purchased by participants under the Plan are acquired in the open market, negotiated transactions, or purchased from treasury or new issue Common Stock that Merck has registered under the Securities Act. The Plan Administrator purchases shares in the open market or in negotiated transactions as soon as administratively possible (but in no event more than five business days) after the applicable investment date, subject to any waiting periods required under applicable securities laws or stock exchange regulations. Merck determines the source or sources of shares used to fulfill Plan requirements and, subject to certain regulatory restrictions on the frequency with which it can change its determination, may change such determination from time to time without notice to Plan participants. Merck expects that generally all Plan purchases will be effected in open market transactions.

Price of Shares. The price per share of treasury or new issue Common Stock is the average of the high and low sale prices of the Common Stock (as reported on the New York Stock Exchange Composite Tape) on the applicable investment date or, if the New York Stock Exchange is closed on the investment date, on the next preceding day the New York Stock Exchange is open. The price of shares purchased in the open market or in negotiated transactions is the weighted average price at which the shares are actually purchased for the applicable investment date. All purchases will be made within five business days of an investment date, or the next business day, if the market is closed on an investment date. Because the prices at which shares are purchased under the Plan are determined as of specified dates or as of dates otherwise beyond the control of participants, the participants may lose any advantage otherwise available from being able to select the timing of their investment.

Brokerage Commissions, Service Fees and Other Costs

Account Set-up. Persons who are not registered holders of Common Stock, including persons authorizing automatic cash investments, are charged a one-time enrollment fee. Please note: As mentioned earlier in this prospectus, a one-time enrollment fee will be assessed on all initial investments made online or by check. The fee must be paid in U.S. funds and drawn on a United States or Canadian financial institution and is due at the time of enrollment. The fee must be added to the minimum initial cash investment. In addition, a cash investment fee is assessed on all optional cash investments made by automatic withdrawal (see **Investment Summary and Fees**).

Brokerage Commissions. In addition to the service fees discussed below, participants pay a brokerage commission for each share of Common Stock purchased or sold for their Plan account in open market transactions, even if a purchase or sale order is used to offset another Plan order. Merck expects that generally all Plan purchases and sales will be effected in open market transactions. Brokerage commissions payable with respect to Plan purchases are deducted from the amount invested on behalf of participants. Brokerage commissions payable with respect to Plan sales are deducted from the proceeds payable to participants (see **Investment Summary and Fees**).

Service Fees. For each dividend reinvestment transaction, each optional cash investment made by check, and for each optional cash investment made by automatic withdrawal, participants pay a service fee. Dividend reinvestment and

optional cash investment service fees are in addition to brokerage commissions and are deducted from the amount invested on behalf of participants. Participants pay a service fee in connection with

Table of Contents

sales of Plan shares. The service fee is in addition to brokerage commissions and is deducted from the proceeds payable to the selling participant (see **Investment Summary and Fees**).

Commissions and Fees Subject to Change. The Plan Administrator may change from time to time the amount of commissions and fees charged participants upon 30 days prior notice to participants.

Account Statements

If you are a shareowner of record owning less than 100 shares, you pay no service fees to reinvest your dividends. You will receive an annual account statement detailing all of your transactions for the year along with your Form 1099-DIV tax reporting information.

If you are a shareowner of record owning 100 shares or more, you will receive quarterly account statements. There is an investment fee for dividends reinvested (see **Investment Summary and Fees**).

These statements contain information that is required for tax reporting purposes. Therefore, it is imperative that you keep the statements until Plan shares have been disposed of and all tax obligations have been met. If this information is lost, a written request stating the information required may be sent to the Plan Administrator at the address contained in this prospectus. **A fee for past account information may be charged** (see **Investment Summary and Fees**).

Share Certificates

Plan purchases are credited to each participant's account and shown on the participant's account statement. Participants do not receive certificates for their Plan shares unless requested. This protects against loss, theft or destruction of stock certificates and reduces Merck's administrative costs associated with the Plan. Participants may obtain certificates for some or all full Plan shares at any time by submitting a written request to the Plan Administrator. Any remaining full and fractional shares continue to be credited to participant's accounts. Certificates for fractional shares are not issued under any conditions.

Share Safekeeping

At any time beginning with enrollment in the Plan, participants may deposit with the Plan Administrator certificates representing shares of Common Stock, whether or not the shares were acquired under the Plan, at no cost to participants. To use this service, participants must send their certificates to the Plan Administrator with a properly completed *Transaction Request Form*, other written request, or by completing an *Account Authorization Form* if you are a first time investor. Shares represented by certificates deposited with the Plan Administrator are credited to participant's accounts and thereafter are treated as if acquired under the Plan. Participants are responsible for maintaining their own records of the cost basis of certificated shares deposited with the Plan Administrator. Beneficial owners of Common Stock registered in street or other nominee name may in certain cases be able to electronically transfer their shares from their existing account to a Plan account. Beneficial owners who want to take advantage of this service should contact the Plan Administrator to obtain transfer instructions.

Merck strongly recommends that participants use registered mail to send their physical certificates to the Plan Administrator, insuring the certificates for 3 percent of the current market value of the shares represented thereby. In any case, participants bear the full risk of loss, regardless of the method used, in the event the certificates are lost.

Optional Mail Loss Insurance

Please be advised that choosing registered, express or certified mail alone will not protect you should your certificates become lost or stolen.

Table of Contents

As the Plan Administrator, we can provide low-cost loss insurance for certificates being returned for conversion to book-entry form. Mail loss insurance covers the cost of the replacement surety bond only. Replacement service fees may also apply. To take advantage of the optional mail loss insurance, simply include your \$10.00 check, made payable to WFSS Surety Program, along with your certificates and instructions.

To qualify for this service you must choose to use an accountable mail delivery service such as Federal Express, United Parcel Service, DHL, Express Mail, Purolator, TNT or United States Postal Service Registered Mail. Any one shipping package may not contain certificates exceeding a total value of \$100,000.

The value of certificate shares is based on the closing market price of the Common Stock on the trading day prior to the documented mail date. Claims related to lost certificates under this service must be made within 60 days of the documented delivery service mail date. This is specific coverage for the purpose of converting shares to book-entry form and the surety is not intended to cover certificates being tendered for certificate breakdown or exchange for other certificates.

PARTICIPANTS SHOULD NOT ENDORSE THEIR CERTIFICATES PRIOR TO MAILING

Share Transfers within the Plan

Plan shares also may be transferred to a Plan account of another person subject to compliance with any applicable laws. To do this, participants must complete an executed *Stock Power Form* and return it to the Plan Administrator. The signature of the transferring participant on the *Stock Power Form* must be medallion guaranteed by an eligible financial institution. The medallion guarantee cannot be dated. *Stock Power Forms*, along with instructions can be accessed and printed through shareowneronline.com or by contacting the Plan Administrator. If the person to whom the shares are gifted or transferred is not a participant in the Plan, the Plan Administrator will automatically open an account for the person and enroll him or her in the Plan.

Participants may not pledge or grant a security interest in Plan shares or transfer Plan shares outside of the Plan unless certificates representing the shares have been issued by the Plan Administrator.

If you request to transfer all shares in your Plan account between a dividend record date and payable date, your transfer request will be processed; however, your Plan account will not be terminated. You may receive additional dividend reinvestment shares which will require you to submit a written request to transfer the additional shares.

Sale of Shares

Sales are usually made through an affiliated broker, who will receive brokerage commissions. Typically, the shares are sold through the exchange on which the common shares of Merck are traded (the New York Stock Exchange). Depending on the number of Merck shares to be sold and current trading volume, sale transactions may be completed in multiple transactions and over the course of more than one day. All sales are subject to market conditions, system availability, restrictions and other factors. The actual sale date, time or price received for any shares sold through the Plan cannot be guaranteed.

Participants may instruct the Plan Administrator to sell shares under the Plan through a Batch Order, Market Order, Day Limit Order, Good- Til-Date/Canceled Limit Order or Stop Order.

Batch Order (online, telephone, mail) The Plan Administrator will combine each request to sell through the Plan with other Plan participant sale requests for a Batch Order. Shares are then periodically submitted in bulk to a broker for

sale on the open market. Shares will be sold no later than five business days (except where deferral is necessary under state or federal regulations). Bulk sales may be executed in multiple transactions and over more than one day depending on the number of shares being sold and current trading volumes. Once entered, a Batch Order request cannot be canceled.

Table of Contents

Market Order (online or telephone) The participant's request to sell shares in a Market Order will be at the prevailing market price when the trade is executed. If such an order is placed during market hours, the Plan Administrator will promptly submit the shares to a broker for sale on the open market. Once entered, a Market Order request cannot be canceled. Sales requests submitted near the close of the market may be executed on the next trading day, along with other requests received after market close.

Day Limit Order (online or telephone) The participant's request to sell shares in a Day Limit Order will be promptly submitted by the Plan Administrator to a broker. The broker will execute as a Market Order when and if the stock reaches, or exceeds the specified price on the day the order was placed (for orders placed outside of market hours, the next trading day). The order is automatically canceled if the price is not met by the end of that trading day. Depending on the number of shares being sold and current trading volumes, the order may only be partially filled and the remainder of the order canceled. Once entered, a Day Limit Order request cannot be canceled by the participant.

Good- Til-Date/Canceled (GTD/GTC) Limit Order (online or telephone) A GTD/GTC Limit Order request will be promptly submitted by the Plan Administrator to a broker. The broker will execute as a Market Order when and if the stock reaches, or exceeds the specified price at any time while the order remains open (up to the date requested or 90 days for GTC). Depending on the number of shares being sold and current trading volumes, sales may be executed in multiple transactions and may be traded on more than one day. The order or any unexecuted portion will be automatically canceled if the price is not met by the end of the order period. The order may also be canceled by the applicable stock exchange or the participant.

Stop Order (online or telephone) The Plan Administrator will promptly submit a participant's request to sell shares in a Stop Order to a broker. A sale will be executed when the stock reaches a specified price, at which time the Stop Order becomes a Market Order and the sale will be at the prevailing market price when the trade is executed. The price specified in the order must be below the current market price (generally used to limit a market loss).

Sales proceeds will be net of any fees to be paid by the participant (see **Investment Summary and Fees**). The Plan Administrator will deduct any fees or applicable tax withholding from the sale proceeds. Sales processed on accounts without a valid Form W-9 for U.S. citizens or Form W-8BEN for non-U.S. citizens will be subject to Federal Backup Withholding. This tax can be avoided by furnishing the appropriate and valid form prior to the sale. Forms are available online at shareowneronline.com.

A check for the proceeds of the sale of shares (in U.S. dollars), less applicable taxes and fees, will generally be mailed by first class mail four business days after trade date. If a participant submits a request to sell all or part of its Plan shares, and the participant requests net proceeds to be automatically deposited to a checking or savings account, the participant must provide a voided blank check for a checking account or blank savings deposit slip for a savings account. If the participant is unable to provide a voided check or deposit slip, the participant's written request must have the participant's signature(s) medallion guaranteed by an eligible financial institution for direct deposit. Requests for automatic deposit of sale proceeds that do not provide the required documentation will not be processed and a check for the net proceeds will be issued.

A participant who wishes to sell shares currently held in certificate form may send them in for deposit to the Plan Administrator and then proceed with the sale. To sell shares through a broker of their choice, the participant may request the broker to transfer shares electronically from the Plan account to their brokerage account. Alternatively, a stock certificate can be requested that the participant can deliver to their broker.

Neither the Plan Administration nor any of its affiliates will provide any investment recommendations or investment advice with respect to transactions made through the Plan. This risk should be evaluated by the participant and is a

risk that is borne solely by the participant.

Table of Contents

Share sales by employees and affiliates must be made in compliance with our Insider Trading Policy which provides that the participant may not trade in Merck's Common Stock if in possession of material, non-public information about the Company.

Merck's share price may fluctuate between the time the sale request is received and the time the sale is completed on the open market. The Plan Administrator will make every effort to process your sale order on the next business day following receipt of your properly completed request (sale requests involving multiple transactions may experience a delay). The Plan Administrator will not be liable for any claim arising out of failure to sell stock on a certain date or at a specific price. This risk should be evaluated by the participant and is a risk that is borne solely by the participant.

Termination

Participants may terminate their participation in the Plan by submitting the appropriate information on a *Transaction Request Form* or by submitting a written request to the Plan Administrator. If the participant has previously authorized automated privileges, a participant may terminate his or her participation in the Plan by contacting the Plan Administrator via phone or by going online at *shareowneronline.com*. If you request to transfer all shares in your Plan account between a dividend record date and payable date, your transfer request will be processed; however, your Plan account will not be terminated. You may receive additional dividend reinvestment shares which will require you to submit a written request to transfer the additional shares.

Future dividends will be paid in cash, unless you rejoin the Plan. In addition, termination requests of participants making optional cash investments by automatic withdrawal must be received by the Plan Administrator at least 15 business days prior to the scheduled investment date to ensure that the request is effective as to the next optional cash investment.

Upon termination of participation in the Plan, unless the participant has requested on the *Transaction Request Form* or other written request that some or all Plan shares be sold, the Plan Administrator will convert, as requested, all full Plan shares to book-entry (DRS) or if specifically requested send the participant a certificate representing the number of full shares in the participant's Plan account and a check in the amount of the market value of those shares, minus service fees and brokerage commissions of any fractional share. If a participant so requests on the *Transaction Request Form* or other written request, the Plan Administrator will sell all Plan shares on behalf of the participant. After settlement of the sale, the Plan Administrator will send the participant a check in the amount of the net proceeds of the sale (plus the market value of any fractional Plan share minus service fees and brokerage commissions). The net proceeds received by the participant are based on the weighted average price at which the shares were sold less brokerage commissions and any fee charged by the Plan Administrator (see **Investment Summary and Fees**).

After termination, previous participants may re-enroll in the Plan by complying with enrollment procedures (see **Enrollment and Participation**). In order to minimize unnecessary Plan administrative costs and to encourage use of the Plan as a long-term investment vehicle, Merck reserves the right to deny participation in the Plan to previous participants who Merck or the Plan Administrator believe have been excessive in their enrollment and termination.

OTHER INFORMATION

Stock Dividends and Stock Splits

Any shares distributable to Plan participants as a result of stock dividends or stock splits by Merck will be credited to the participant's account and not mailed or delivered directly to the participant. The participant, however, may request

that Merck issue certificates for such stock dividends or split shares once they are added to

Table of Contents

the participant's account (see **Share Certificates**). If shares are held in DRS or certificate form and shares are held in the Plan, DRS shares and shares held in certificate form will be credited to book-entry and Plan shares will be credited to the Plan.

Dividend and Voting Rights

Dividend and voting rights of shares purchased under the Plan commence upon settlement of the transaction, which normally is three business days after purchase. Shares of Common Stock purchased on or within two business days prior to a dividend record date are considered ex-dividend and therefore not entitled to payment of that dividend.

Voting of Plan Shares

Participants in the Plan will receive voting materials and have the sole right to vote the Common Stock of Merck represented by the shares held for them in the Plan. In the event the participant does not provide direction for voting, the Plan shares will not be voted.

The participant is encouraged to read the information carefully. Votes may be submitted online, by telephone or by returning the signed, dated proxy card. A participant's shares will be voted in accordance with the most recent submitted instructions.

Limitation of Liability

In administering the Plan, neither Merck, the Plan Administrator nor any broker selected by the Plan Administrator to execute purchases and sales on behalf of Plan participants is liable for any good faith act or omission to act, including but not limited to any claim of liability (i) arising out of the failure to terminate a participant's account upon such participant's death prior to receipt of a notice in writing of such death, (ii) with respect to the prices or times at which shares are purchased or sold, or (iii) as to the value of the shares acquired for participants. Selling participants should be aware that the share price of Merck Common Stock may fall or rise during the period between a request for sale, its receipt by the Plan Administrator, and the ultimate sale in the open market. You should evaluate these possibilities while deciding whether and when to sell any shares through the Plan. The price risk will be borne solely by you.

Wells Fargo Shareowner Services, as the Plan Administrator, is authorized to choose a broker, including an affiliated broker, at its sole discretion to facilitate purchases and sales of Common Stock by Plan participants. The Plan Administrator will furnish the name of the registered broker, including any affiliated broker, utilized in share transactions within a reasonable time upon written request from a participant.

The Plan Administrator is acting solely as agent of the Company and owes no duties, fiduciary or otherwise, to any other person by reason of this Plan, and no implied duties, fiduciary or otherwise, shall be read into this Plan.

The Plan Administrator undertakes to perform such duties and only such duties as are expressly set forth herein, to be performed by it, and no implied covenants or obligations shall be read into this Plan against the Plan Administrator or the Company.

In the absence of negligence or willful misconduct on its part, the Plan Administrator, whether acting directly or through agents or attorneys shall not be liable for any action taken, suffered, or omitted or for any error of judgment made by it in the performance of its duties hereunder. In no event shall the Plan Administrator be liable for special, indirect or consequential loss or damage of any kind whatsoever (including but not limited to lost profit), even if the Plan Administrator has been advised of the likelihood of such loss or damage and regardless of the form of action.

The Plan Administrator shall: (i) not be required to and shall make no representations and have no responsibilities as to the validity, accuracy, value or genuineness of any signatures or endorsements, other than

Table of Contents

its own; and (ii) not be obligated to take any legal action hereunder that might, in its judgment, involve any expense or liability, unless it has been furnished with reasonable indemnity.

The Plan Administrator shall not be responsible or liable for any failure or delay in the performance of its obligations under this Plan arising out of or caused, directly or indirectly, by circumstances beyond its reasonable control, including, without limitation, acts of God; earthquakes; fires; floods; wars; civil or military disturbances; sabotage; epidemics; riots; interruptions, loss or malfunctions of utilities; computer (hardware or software) or communications services; accidents; labor disputes; acts of civil or military authority or governmental actions; it being understood that the Plan Administrator shall use reasonable efforts which are consistent with accepted practices in the banking industry to resume performance as soon as administratively possible under the circumstances.

Merck reserves the right to interpret and regulate the Plan as it deems necessary or advisable in connection with the Plan's operations.

Modification or Termination of the Plan

Merck may suspend, modify or terminate the Plan at any time in whole or in part or with respect to participants in certain jurisdictions. Notice of such suspension, modification or termination will be sent to all affected participants. Merck may also suspend the Plan in whole or in part, from time to time, to the extent necessary to comply with the federal securities laws or in circumstances where the issuance of shares of Common Stock pursuant to the Plan would violate the federal securities laws. No such event will affect the amount of any shares then credited to a participant's account. Upon any whole or partial termination of the Plan by the Company, (1) each affected participant will have their full Plan shares converted to book-entry (DRS), and (2) will receive a check less service fees and broker commissions in the amount of the market value of any fractional Plan share.

Denial or Termination from the Plan

At the direction of Merck, the Plan Administrator may terminate participation in the Plan if the participant does not own at least one full share in the participant's name or held through the Plan. If a participant's account is terminated because the participant does not own at least one full share, the fractional share will be sold and a check for the proceeds will be mailed to the address on record. The service fees and brokerage commission normally applied to sales will be waived if the account is terminated by the Plan Administrator due to insufficient share balance.

Merck reserves the right to deny, modify, suspend, or terminate participation in the Plan by otherwise eligible persons to the extent Merck deems it advisable or necessary in its discretion to comply with applicable laws or to eliminate practices that are not consistent with the purposes of the Plan. Participants, whose participation in the Plan is terminated, other than as described in the above paragraph, (1) will have their full Plan shares converted to book-entry (DRS), and (2) will receive a check less any service fees and broker commissions in the amount of the market value of any fractional Plan share (see **Investment Summary and Fees**).

Broker Selection

The Plan Administrator is authorized to choose a broker, including an affiliated broker, at its sole discretion to facilitate purchases and sales of Common Stock by Plan participants. The Plan Administrator will furnish the name of the registered broker, including any affiliated broker, utilized in share transactions within a reasonable time upon written request from the participant.

U.S. FEDERAL INCOME TAX INFORMATION

THE INFORMATION SET FORTH BELOW SUMMARIZES CERTAIN U.S. FEDERAL INCOME TAX CONSEQUENCES OF PARTICIPATION IN THE PLAN. THE INFORMATION IS NOT INTENDED TO BE A COMPLETE DESCRIPTION OF ALL SUCH CONSEQUENCES, NOR IS IT INTENDED TO BE A DESCRIPTION OF ANY KIND OF THE STATE, LOCAL OR FOREIGN TAX CONSEQUENCES OF PARTICIPATION IN THE PLAN. THE DESCRIPTION OF FEDERAL INCOME TAX CONSEQUENCES MAY BE AFFECTED BY FUTURE LEGISLATION, IRS RULINGS AND REGULATIONS AND/OR COURT DECISIONS. FOR THAT REASON, PARTICIPANTS SHOULD CONSULT THEIR OWN TAX ADVISORS WITH RESPECT TO THE FEDERAL INCOME TAX CONSEQUENCES, AS WELL AS THE STATE, LOCAL AND FOREIGN INCOME TAX CONSEQUENCES, OF PARTICIPATION IN THE PLAN.

Federal Income Tax Consequences

Dividend Income. Reinvested dividends are treated for federal income tax purposes in the same manner as if the participant had received the dividends in cash on the applicable dividend payment date.

Cost Basis of Shares. For federal income tax purposes, the cost basis of shares purchased with reinvested dividends or optional cash investments is the purchase price of the shares.

Compliance with Emergency Economic Stabilization Act of 2008. This Plan requires a minimum reinvestment of 10% of the dividends (if any) paid on any share of stock (Certificates, Direct Registration, or Plan) held in your account. The Plan qualifies as a Dividend Reinvestment Plan within the meaning of Treasury Regulation 1.1012-1(e)(6)(i). Accordingly, beginning on the effective date of the Plan, participants will be able to use the average basis method when determining the tax basis of any shares sold.

This Plan assumes that each participant will use the first-in, first-out (FIFO) method when determining the tax basis of any shares sold. Participants may designate their preference for a different method of determining the tax basis of shares by identifying this preference to the Plan Administrator. Participants may designate their preference for specific identification cost basis at any time or, beginning on the effective date of the Plan, may designate their preference for the average basis method. The ability of a participant to change its tax basis method may be limited.

Gains and Losses from the Sale of Shares. Participants do not realize any taxable income from the issuance of certificates representing Plan shares. Participants may realize gain or loss, however, at the time the Plan shares are sold by the Plan Administrator or by the participants after withdrawal of the shares from the Plan. The amount of realized gain or loss, if any, is based on the difference between the amount the participant receives for the shares and the cost basis of the shares. The Plan assumes that each participant will use the first-in, first-out (FIFO) method when determining the tax basis of any shares sold. Participants may designate their preference for a different method of determining the tax basis of shares by identifying this preference in writing to the Plan Administrator.

IRS Reports. The Plan Administrator reports dividend income to participants and the Internal Revenue Service (the IRS) on Form 1099-DIV. The Plan Administrator reports the proceeds from the sale of Plan shares to the selling participants and the IRS on Form 1099-B.

Dividends and Gross Proceeds Subject to U.S. Withholding Tax

A participant's dividends and gross proceeds from the sale or other disposition of Plan shares are subject to federal withholding if the participant fails to provide a taxpayer identification number to the Plan Administrator or comply

with other applicable requirements. Dividend payments on the Plan shares to foreign participants are subject to withholding tax applicable to foreign persons. A 30% withholding tax will apply unless the foreign

participant is eligible for and claims an exemption or reduced rate of tax under a US tax treaty. In any case in which federal income taxes are required to be withheld from dividends, the Plan Administrator reinvests an amount equal to the dividends less the amount of tax withheld. For IRS reporting purposes, the amount of the dividend withheld is included in the dividend income.

The Foreign Account Tax Compliance Act and related Treasury guidance (collectively referred to as FATCA) impose U.S. federal withholding tax at a rate of 30% on payments to certain foreign entities of (i) dividends paid on the Plan shares and (ii) the gross proceeds from the sale or other disposition after December 31, 2018 of Plan shares. This 30% withholding tax will apply to a foreign entity, whether acting as a beneficial owner or an intermediary, unless such foreign entity complies with FATCA information reporting requirements and withholding obligations.

PLAN OF DISTRIBUTION

Shares purchased by participants under the Plan are acquired in the open market, negotiated transactions, or purchased from treasury or new issue Common Stock that Merck has registered under the Securities Act. The Plan Administrator purchases shares in the open market or in negotiated transactions as soon as administratively possible (but in no event more than five business days) after the applicable investment date, subject to any waiting periods required under applicable securities laws or stock exchange regulations. The Plan Administrator is authorized to choose a broker, including an affiliated broker, at its sole discretion to facilitate purchases and sales of Common Stock by Plan participants. The Plan Administrator will furnish the name of the registered broker, including any affiliated broker, utilized in share transactions within a reasonable time upon written request from the participant. Merck determines the source or sources of shares used to fulfill Plan requirements and, subject to certain regulatory restrictions on the frequency with which it can change its determination, may change such determination from time to time without notice to Plan participants. Merck expects that generally all Plan purchases will be effected in open market transactions. Shares of Common Stock offered under the Plan to persons who are not currently stockholders of Merck may be offered through an affiliated broker. Subject to the availability of shares of Common Stock registered for issuance under the Plan, there is no total maximum number of shares that can be issued pursuant to the reinvestment of dividends and optional cash investments.

The price of shares purchased in the open market or in negotiated transactions is the weighted average price at which the shares are actually purchased for the applicable investment date. All purchases will be made within five business days of an investment date, or the next business day, if the market is closed on an investment date. Because the prices at which shares are purchased under the Plan are determined as of specified dates or as of dates otherwise beyond the control of participants, the participants may lose any advantage otherwise available from being able to select the timing of their investment. Merck has no control over the times or prices at which the Plan Administrator effects transactions in the open market or the selection of the broker used by the Plan Administrator to effect open market transactions. Participants pay a brokerage commission for each share of Common Stock purchased or sold for their Plan account in open market transactions as well as service fees for certain Plan transactions, including dividend reinvestment and optional cash investments, whether or not the transactions are effected in open market transactions. See **Investment Summary and Fees** for a summary of Plan fees. The Plan Administrator may change from time to time the amount of commissions and fees charged participants upon 30 days prior notice to participants. There are no brokerage commissions in connection with the purchases of treasury or new issue Common Stock.

Persons who acquire shares of Common Stock through the Plan and resell them shortly after acquiring them, including coverage of short positions, under certain circumstances, may be participating in a distribution of securities that would require compliance with Regulation M under the Exchange Act and may be considered to be underwriters within the meaning of the Securities Act. We will not extend to any person any rights or privileges other than those to which it would be entitled as a participant, nor will we enter into any agreement with any person regarding their purchase of shares or any resale or distribution of shares.

Merck reserves the right to deny, modify, suspend, or terminate participation in the Plan by otherwise eligible persons to the extent Merck deems it advisable or necessary in its discretion to comply with applicable laws or to eliminate practices that are not consistent with the purposes of the Plan. We are not making an offer to sell our Common Stock in any state where the offer or sale is not permitted.

LEGALITY OF COMMON STOCK

Unless otherwise specified in a prospectus supplement, Michael J. Holston, our Executive Vice President and General Counsel, will pass upon the validity of the Common Stock for us. As of December 1, 2015, Mr. Holston owned, directly or indirectly, 52,526.2470 shares of our Common Stock, zero shares of restricted stock and exercisable options to purchase 96,889 additional shares of our Common Stock.

USE OF PROCEEDS

The proceeds from the sales of treasury or new issue Common Stock pursuant to the Plan, if any, would be used for general corporate purposes. Merck has no basis for estimating either the number of shares of Common Stock that will ultimately be sold pursuant to the Plan or the prices at which such shares will be sold. Merck expects that generally all Plan purchases and sales will be effected in open market transactions.

ITEM 15. INDEMNIFICATION OF DIRECTORS AND OFFICERS

The New Jersey Business Corporation Act provides that a New Jersey corporation has the power to indemnify a director, officer, employee or agent against his or her expenses and liabilities in connection with any proceeding involving the director, officer, employee or agent by reason of his or her being or having been such a director, officer, employee or agent, other than a proceeding by or in the right of the corporation, if such a director, officer, employee or agent acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the corporation; and with respect to any criminal proceeding, such director, officer, employee or agent had no reasonable cause to believe his or her conduct was unlawful.

The indemnification and advancement of expenses shall not exclude any other rights, including the right to be indemnified against liabilities and expenses incurred in proceedings by or in the right of the corporation, to which a director or officer may be entitled under a certificate of incorporation, bylaw, agreement, vote of stockholders, or otherwise; provided that no indemnification shall be made to or on behalf of a director or officer if a judgment or other final adjudication adverse to the director or officer establishes that his or her acts or omissions (a) were in breach of his or her duty of loyalty to the corporation or its stockholders, (b) were not in good faith or involved a knowing violation of law or (c) resulted in receipt by the director or officer of an improper personal benefit.

The Company's Restated Certificate of Incorporation provides that, to the fullest extent permitted by the laws of the State of New Jersey, all current and former directors and officers of the Company shall not be personally liable to the Company or its stockholders for damages for breach of any duty owed to the Company or its stockholders, except that a director or officer shall not be relieved from liability for any breach of duty based upon an act or omission (a) in breach of such person's duty of loyalty to the Company or its stockholders, (b) not in good faith or involving a knowing violation of law or (c) resulting in receipt by such person of an improper personal benefit.

The By-Laws of the Company provide that a former, present or future director, officer or employee of the Company or of any of the Company's subsidiaries or the respective legal representatives of any such director, officer or employee

shall be indemnified by the Company to the fullest extent permitted by the laws of the State of New Jersey, from and against any and all liabilities and expenses in connection with any civil, criminal, administrative, legislative, or arbitrative action, suit or other proceeding, or any inquiry or investigation that could lead to any such proceeding or any appeal therein in which he or she is or was involved, or is or was threatened to become involved, by reason of being or having been a corporate agent; provided that in connection with any such proceeding by or in the right of the Company, no indemnification shall be provided as to any

person adjudged by any court to be liable to the Company except as and to the extent determined by such court; and provided, further, that any indemnification pursuant to the bylaws of the Company in connection with the settlement or other similar nonadjudicative disposition of any threatened or pending proceeding shall only be granted to the extent permitted by law.

The Company enters into indemnification agreements with its directors and officers and enters into insurance agreements on its own behalf. The indemnification agreements provide that the Company agrees to hold harmless and indemnify its directors and officers to the fullest extent authorized or permitted by the Business Corporation Act of the State of New Jersey, or any other applicable law, or by any amendment thereof or other statutory provisions authorizing or permitting such indemnification that is adopted after the date hereof. Without limiting the generality of the foregoing, the Company agrees to hold harmless and indemnify its directors and officers to the fullest extent permitted by applicable law against any and all expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by its directors and officers in connection with the defense of any present or future threatened, pending or completed claim, action, suit or proceeding by reason of the fact that they were, are, shall be or shall have been a director or officer of the Company, or are or were serving, shall serve or shall have served, at the request of the Company, as director or officer of another corporation, partnership, joint venture, trust, employee benefit plan or other enterprise.

 - (i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

- (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement;
- (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (i), (ii) and (iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the Registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

- (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:
 - (A) Each prospectus filed by the Registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and
 - (B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.
- (5) That, for the purpose of determining liability of the Registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned Registrant undertakes that in a primary offering of securities of the undersigned Registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned Registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

- (i) Any preliminary prospectus or prospectus of the undersigned Registrant relating to the offering required to be filed pursuant to Rule 424;
- (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned Registrant or used or referred to by the undersigned Registrant;
- (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned Registrant or its securities provided by or on behalf of the undersigned Registrant; and

(b) The undersigned Registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the Registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
