BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Proposal No. 1

ELECTION OF DIRECTORS

The Board of Directors Recommends a Vote For All Nominees

Our amended and restated bylaws (the *Bylaws*) require the Board of Directors to consist of at least eight (8), but no more than thirteen (13) members, with the exact number to be fixed by the Board of Directors. The number of directors authorized by the Board is currently fixed at eleven (11).

Our Board of Directors has nominated eleven (11) directors – ten (10) independent directors and the CEO – for election at this year's Meeting to hold office until the next annual meeting. All of our incumbent directors are nominees for re-election to the Board and were recommended by the Governance Committee. All of the nominees, with the exception of Ms. Miller (who joined the Board in May 2015), served as directors of the Company since the last annual meeting of stockholders in April 2015, each of whom received the support of more than 99% of the votes cast at the 2015 Annual Meeting.

We believe that our director nominees, individually and together as a whole, possess the requisite skills, experience and qualifications necessary to create an effective Board to serve the best interests of the Company and its stockholders.

Director Qualifications

The Board recognizes that it is of utmost importance to assemble a body of directors that, taken together, has the skills, qualifications, experience and attributes appropriate for functioning as a board, and working with management, effectively. The Governance Committee of the Board is responsible for maintaining a well-rounded and diverse board that has the requisite diversity of skills and qualifications to oversee the Company effectively. The Governance Committee has not formally established any minimum qualifications for director candidates. However, in light of our business, the primary areas of experience, qualifications and attributes sought by the Governance Committee in director candidates include, *but are not limited to*, the primary areas identified on the right and below.

PRIMARY AREAS OF DIRECTOR QUALIFICATIONS

Client Industry Experience with our key client industries – technology, life science/healthcare, venture capital/private equity and premium wine – to help deepen our knowledge of the innovation markets we do business in.

Banking/Financial Services Experience with the banking or financial services industry, including regulatory experience, to support and grow our core business.

Global Experience working outside of the United States and/or with global companies, to help our global expansion.

The Board believes that our incumbent directors, as a whole, have these areas of experience and each possesses particular attributes which qualify him or her to serve on the Board, as further noted in his or her respective biography below. *(For each director, we have highlighted certain key areas of qualifications. The fact that an area is not highlighted does not mean that the director does not possess such qualification.)*

Leadership Experience from holding significant leadership positions, including as a CEO of a successful company or a head of a significant business, to help us drive business strategy, growth and performance.

Finance/Accounting Experience with finance, accounting, and/or financial reporting processes to help drive operating and financial performance.

Risk Management Experience with key risk management functions to help oversee the risks we face.

Public Company Experience working with publicly-traded companies and corporate governance issues.

KEY DIRECTOR ATTRIBUTES

Strong strategic and/or innovative thinking

Integrity

Collegial spirit

Sound business judgment

Professionalism

Ability to generate public confidence

Ability to act independently

Availability and commitment to serve

Table of Contents**Nominees for Director**

All proxies will be voted FOR the election of the following eleven (11) nominees recommended by the Board for a term of one year, unless authority to vote for the election of directors (or for any particular nominee) is withheld. If any of the nominees should unexpectedly decline or be unable to act as a director, the proxies may be voted for a substitute nominee designated by the Board. As of the date of this Proxy Statement, the Board has no reason to believe that any nominee will become unavailable and has no present intention to nominate persons in addition to or in lieu of those listed below. Our directors serve until the next annual meeting of stockholders and until their successors are elected and qualified, or until their earlier death, resignation or removal.

Vote Required

Any nominee who receives a greater number of votes cast for his or her election than votes cast withheld his or her election will be elected.

Majority Voting Policy

The Governance Committee of our Board has adopted a majority voting policy applicable to uncontested director elections (i.e., elections where the number of nominees is not greater than the number of directors to be elected). Under this policy, any of our director nominees in an uncontested election who receives a greater number of votes withheld from his or her election than votes for such election shall, promptly following certification of the stockholder vote, offer his or her resignation to the Board for consideration. The Governance Committee will act within 90 days after certification of the stockholder vote to determine whether to accept the director's resignation, and thereafter submit such resignation and its recommendation to the Board for consideration at its next scheduled meeting. The Board expects that the director whose resignation is under consideration abstain from participating in any decision or deliberation regarding that resignation. Following the Board's decision, we will publicly disclose the decision made with respect to any resignation.

CORPORATE GOVERNANCE PRINCIPLES AND BOARD MATTERS

We are committed to having sound corporate governance principles. These principles are important to the way in which we manage our business and to maintaining our integrity in the marketplace, and are discussed in further detail in our Corporate Governance Guidelines. (A copy of our guidelines is available at www.svb.com under *Corporate Governance*. The contents of the website are not incorporated herein by reference and the website address provided above and throughout this Proxy Statement is intended to be an inactive textual reference only.)

Board Independence and Leadership

The Board has determined that, with the exception of Mr. Becker, our President and CEO, all of our current directors and director nominees, are independent within the meaning of the director independence standards set by Nasdaq and the SEC, as currently in effect.

Additionally, our Bylaws provide that the Board shall not have more than two directors who do not meet the definition of an Outside Director. An Outside Director is any director who meets the independence and experience requirements of the SEC and Nasdaq Stock Market, Inc. (*Nasdaq*) and who, in the opinion of the Board, has the ability to exercise independent judgment in carrying out the responsibilities of a director of the Company. All of our current directors, except for our CEO, are considered Outside Directors.

Separate Chairperson/CEO Roles

The Board has determined that it is in the best interests of the Company to maintain the Board chairperson and CEO positions separately. It believes that having an outside, independent director serve as chairperson is the most appropriate leadership structure for the Board, as it enhances the Board's independent oversight of management and our strategic planning, reinforces the Board's ability to exercise its independent judgment to represent stockholder interests, and strengthens the objectivity and integrity of the Board. Moreover, an independent chairperson can more effectively lead the Board in objectively evaluating the performance of management, including the CEO, and guide it through appropriate Board governance processes.

Mr. Dunbar, our current Chairman of the Board, is independent within the meaning of the director independence standards described above. Subject to his election, Mr. Dunbar is expected to serve as the Board's Chairman for the 2016-2017 term.

Executive Sessions

The Company's independent directors meet in regularly scheduled executive sessions at which only independent directors are present.

Board Risk Oversight and Risk Committee

Oversight of the Company's risk management is one of the Board's key priorities, and is carried out both by the Board as a whole, as well as by each of its various committees.

In January 2015, the Board formed a committee to specifically focus on the Company's risk management. Our Risk Committee is comprised of the chairpersons of each of the Board and the Audit, Compensation, Credit, Finance and Governance Committees. The Risk Committee has the primary oversight responsibility for the Company's enterprise-wide risk management (*EWRM*) framework, including the oversight of risk management policies, and the

monitoring of the Company's risk profile. In addition, the Risk Committee is responsible for overseeing the Company's compliance with its risk appetite statement, which sets forth the levels of various acceptable key risks underlying the Company's business. The Risk Committee also oversees compliance with, and recommends any changes for Board approval to, the Company's risk appetite statement. Our other Board committees also share responsibility for the risk appetite statement by overseeing and approving applicable risk metrics, including risk limits and thresholds, for each of their relevant areas of responsibility.

Additionally, each Board committee is engaged in overseeing the Company's risks in its respective areas of oversight. For example, the Audit Committee regularly oversees our risks relating to our accounting and financial reporting, as well as legal, information technology and security-related risks. The Compensation Committee engages in periodic risk assessments to review and evaluate our compensation programs in relation to our risks. The Finance Committee actively oversees our capital, liquidity and financial management and the associated risks (whether as an ongoing matter or as it relates specifically to a transaction, such as an equity or debt securities offering). Moreover, the Credit Committee routinely oversees our management of credit risks. Each committee chairperson regularly reports back to both the Risk Committee and the full Board on its risk oversight activities. In addition, the Board routinely engages in discussions with management about the Company's risks.

Table of Contents

Annual Board Evaluation

The Governance Committee of the Board conducts, in coordination with the full Board, an evaluation of the Board's performance and effectiveness, either the Board as a whole and/or on an individual director basis. The Governance Committee develops and implements a process for such evaluation and review, which may involve outside consultants or advisers and may include a review of how certain attributes affect Board effectiveness, such as Board size, meeting frequency, quality and timing of information provided to the Board, director communication, director education, director skills and qualifications, director independence and Board strategy sessions. The results of the evaluation are discussed with the Board. The Governance Committee also leads an evaluation of the performance and effectiveness of each of the Board's committees. All Board and committee evaluations are typically conducted on an annual basis. See *Board Committees Committee Governance* below.

Board Succession Planning

The Board's succession planning is primarily overseen by the Governance Committee. Such planning takes into account the balancing of the appropriate representation of experience and skills on the Board, with the importance of Board refreshment. Identifying possible director candidates that possess the appropriate qualifications and the desire to serve on a financial services public company board, as well as who will complement our existing Board, takes time and effort. As such, the Governance Committee discusses recruiting strategies and actively considers potential director candidates, whether or not there is an immediate vacancy on the Board to fill. The Governance Committee also reports to and discusses succession planning with the full Board.

In 2015, the Board added one new director (Ms. Mary Miller) who brings a scope of skills, experience and perspectives to enhance the already well-rounded Board of Directors.

Oversight of CEO

Annual CEO Performance Evaluation

The independent members of the Board evaluate the performance of our CEO on an annual basis. Each year, the Governance Committee approves the process to solicit the Board's feedback. Our Chairman of the Board, together with the chairpersons of the Governance and Compensation Committees, then lead discussions with the Board (without the CEO present) to evaluate the CEO's performance, both generally as well as against certain predetermined annual goals.

CEO Succession Planning

As a matter of sound governance, the Board, through a special committee of the Board, routinely reviews and discusses the Company's contingency plans for CEO succession. The special committee seeks input from our current CEO and our Head of Human Resources, as well as external advisors, as appropriate. The special committee also reports to and discusses any such plans with the full Board.

Meeting Attendance

Board and Committee Meetings

The Board held eight (8) meetings during fiscal year 2015. For the number of committee meetings held in 2015, see *Board Committees Committee Chairpersons/Membership, Responsibilities and Meetings* below. Each director attended

in person or via teleconference 75% or more of the total number of meetings of the Board, and of the committees on which he or she served, which were held during the period for which he or she was a director or committee member.

Stockholder Meetings

It is the Board's policy that each director employs his or her best efforts to attend each of our annual stockholder meetings. Eight of our eleven then-serving Board members attended our 2015 Annual Meeting of Stockholders.

Table of Contents

Consideration of Director Nominees

Stockholder Nominees

The Governance Committee will consider Board nominees proposed by stockholders. The Governance Committee has no formal policy with regard to stockholder nominees as it considers all nominees on their merits, as discussed below. Any stockholder nominations proposed for consideration by the Governance Committee should include the nominee's name and qualifications for Board membership and should be addressed to:

SVB Financial Group

3003 Tasman Drive

Santa Clara, California 95054

Attn: General Counsel and Corporate Secretary

Facsimile: (408) 969-6500

In addition, our Bylaws permit stockholders to nominate directors for consideration at an annual stockholder meeting. For a description of the process for nominating directors in accordance with the Bylaws, please see *Stockholder Proposals and Director Nominations* below.

Board Diversity; Selection and Evaluation of Director Candidates

While the Board has not formally adopted a policy governing board diversity, it recognizes the importance of assembling a well-rounded, diverse body of directors. The Governance Committee, with the participation of the full Board, is primarily responsible for reviewing the composition of the Board and for identifying candidates for membership on the Board, all in light of our ongoing requirements, its assessment of the Board's performance and any input received from stockholders or other key constituencies. The Governance Committee makes determinations as to whether to recommend directors for re-election or director candidates' nomination to the Board based on their skills, character, judgment and business experience, as well as their ability to diversify and add to the Board's existing strengths. The Governance Committee typically seeks an appropriate mix of individuals with diverse backgrounds and skills complementary to our business and strategic direction. In addition to the areas of director qualifications and attributes discussed under *Director Qualifications* above, this assessment includes consideration of areas of expertise in industries important to us (such as technology; life science/healthcare; energy and resource innovation; premium wine; and venture capital/private equity), functional expertise in areas such as banking/financial services, public companies, global markets, legal/compliance, regulatory, accounting, finance, operations, information technology and risk management, and an assessment of an individual's abilities to work constructively with the other Board members and management.

Communications with the Board

Individuals who wish to communicate with our Board may do so by sending an e-mail to our Board at *bod@svb.com*. Any communications intended for non-management directors should be sent to the e-mail address above to the attention of the Board Chairman. Board-related communications are reviewed by the Chairman of the Board and shared with the full Board as appropriate.

Code of Ethics

We have a Code of Ethics for Principal Executive Officer and Senior Financial Officers (the *Code of Ethics*) that applies to our CEO, Chief Financial Officer, Chief Accounting Officer and other senior members of the Finance staff. A copy of this Code of Ethics is available on our website at www.svb.com under *Corporate Governance*, or can be obtained without charge by any person requesting it. We intend to disclose any waivers from or changes to our Code of Ethics by posting such information on our website. No waivers or substantive changes were made during fiscal year 2015.

Table of Contents

BOARD COMMITTEES

Our Board has created a sound committee structure designed to help the Board carry out its responsibilities in an effective and efficient manner. There are six (6) standing Board committees: Audit, Compensation, Credit, Finance, Governance and Risk.

Committee Independence and Audit Committee Financial Experts

The Board has determined that each of the current members of the Audit Committee, Compensation Committee, Governance Committee and Risk Committee are independent under Nasdaq director independence standards and other applicable regulatory requirements.

In addition, the Board has determined that each of Messrs. Robinson and Dunbar and Ms. Krishnan are audit committee financial experts, as defined under SEC rules, and possess financial sophistication, as defined under the rules of Nasdaq.

Committee Governance

Committee Charters

Each committee is governed by a charter that is approved by the Board, which sets forth each committee's purpose and responsibilities. The Board reviews the committees' charters, and each committee reviews its own charter, on at least an annual basis, to assess the charters' content and sufficiency, with final approval of any proposed changes required by the full Board. The charters of each committee are available on our website, www.svb.com under *Corporate Governance*. (The contents of the website are not incorporated herein by reference and the website address provided above and throughout this Proxy Statement is intended to be an inactive textual reference only.)

The charters provide that each committee has adequate resources and authority to discharge its responsibilities, including appropriate funding for the retention of external consultants or advisers, as it deems necessary or appropriate.

Annual Committee Evaluations

The Governance Committee, in coordination with the Board, implements and develops a process to conduct an assessment of committee performance and effectiveness. Typically, the assessments are conducted on an annual basis, and include a self-assessment by each committee. The review includes an evaluation of various areas that may include committee sizes, committee composition, committee performance, committee coordination with one another and committee involvement of the full Board. The results of the committee performance assessments are reviewed by each committee, as well as by the Governance Committee, and discussed with the full Board.

Committee Chairpersons/Membership, Responsibilities and Meetings

All committee chairpersons are independent and appointed annually by the Board of Directors. Each chairperson presides over committee meetings; oversees meeting agendas; serves as liaison between the committee members and the Board, as well as between committee members and management; and works actively and closely with management on all committee matters, as appropriate.

The committees meet regularly, at least on a quarterly basis. The committees, typically through their committee chairpersons, routinely report their activities to, and discuss their recommendations, with the full Board. In addition, certain committees periodically hold extended meetings dedicated to discussing key strategic matters or other business items on a more in-depth basis, that are relevant or subject to the committee's oversight responsibilities.

Responsibilities of the Audit Committee

The primary responsibility of the Audit Committee is to act on behalf of the Board in fulfilling the Board's responsibility with respect to overseeing our accounting and reporting practices and the quality and integrity of our financial statements and reports, and our internal control over financial reporting. The committee is responsible for the appointment (or reappointment) and the compensation of our independent registered public accounting firm, as well as for the review of the qualifications, independence, and performance of the registered public accounting firm engaged as our independent auditors. In addition, the Audit Committee oversees our internal audit function, which is responsible for reviewing and evaluating the effectiveness of our internal controls, and also oversees other management functions including information technology and security. The Audit Committee meets regularly in executive session with our independent auditor and our Head of Internal Audit (both separately and together), without other members of management present.

Responsibilities of Management and Independent Auditor

Management has the primary responsibility for the financial statements and the reporting process, as well as for our internal controls. Our independent registered public accounting firm, KPMG LLP, is responsible for expressing an opinion on the conformity of our audited financial statements with U.S. generally accepted accounting principles, as well as an opinion on the effectiveness of our internal control over financial reporting in accordance with the requirements promulgated by the Public Company Accounting Oversight Board (the PCAOB). KPMG LLP has served as our independent auditor since 1994.

Financial Reporting for 2015

The Audit Committee has reviewed and discussed with management its assessment and report on the effectiveness of our internal control over financial reporting as of December 31, 2015, which it made using the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission in Internal Control - Integrated Framework (2013). The committee also has reviewed and discussed with KPMG LLP its review and report on our internal control over financial reporting.

Moreover, the Audit Committee has reviewed and discussed with management and the independent auditors the audited consolidated financial statements as of and for the year ended December 31, 2015. The Audit Committee discussed with the independent auditors the matters required to be discussed by PCAOB Auditing Standard No. 16,

Communications with Audit Committees. In addition, the Audit Committee received from the independent auditors the written disclosures and the letter required by applicable requirements of the PCAOB regarding the independent accountant's communications with the Audit Committee concerning independence, including Rule 3526, *Communication with Audit Committees Concerning Independence*, and has discussed with the independent auditors the auditors' independence from us and our management.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to our Board of Directors that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2015, for filing with the SEC.

This report is included herein at the direction of the members of the Audit Committee.

Director Equity Compensation; Deferral Elections

Our annual equity retainer awards are typically granted to directors in the form of restricted stock units. The awards are approved by the Compensation Committee and granted after the annual meeting of stockholders (typically the following month), and vest in full upon the completion of the annual director term on the date of the next annual meeting. In 2015, the directors were granted an aggregate of 8,844 restricted stock units with a scheduled vesting date of April 21, 2016.

Non-employee directors may elect an irrevocable deferral of the receipt of restricted stock unit awards until the earliest of: (a) a specific future settlement date that meets the requirements of Internal Revenue Code 409A, (b) separation from service, (c) the date of a change in control, (d) death, or (e) date of disability. Elections will apply to restricted stock unit awards received during 2015. Ms. Krishnan and Ms. Mitchell elected to defer the receipt of their 2015 equity grants of 737 restricted stock units each.

Equity Plan Limits Applicable to Directors

Equity grants to directors are subject to the terms of our 2006 Equity Incentive Plan, including the following limitations (as provided under the plan):

No non-employee director may be granted in any fiscal year shares having an initial value greater than \$500,000.

Annual director grants of full value equity awards may become fully vested no earlier than the last day of the director's then current annual term of service, subject to certain limited exceptions as provided under the plan.

Determination of Director Compensation

Each year, the Compensation Committee, together with its independent compensation consultant, conducts a comprehensive review of director compensation, taking into consideration our overall compensation philosophy, as well as competitive compensation data from the Company's 2015 Peer Group and other relevant and comparable market data and trends. The committee routinely reviews each of the various pay components, the form and amount of payment, as well as the cash/equity compensation mix. Based on such review and any recommendations from its independent compensation consultant, the Compensation Committee will make changes to the extent it deems appropriate.

Director Equity Ownership Guidelines

Under the current equity ownership guidelines for our non-employee directors, each non-employee member of the Board of Directors is expected to hold, within five years of becoming a director, shares of our Common Stock that have a minimum value equivalent to 600% of his or her annual retainer fee.

The Compensation Committee is responsible for setting and periodically reviewing the guidelines. Equity ownership requirements for directors are established based upon a competitive review and subsequent recommendations by the committee's independent compensation consultant. The Governance Committee is responsible for overseeing director compliance with these guidelines, and reviews directors' holdings on a quarterly basis. Any exceptions to meeting the

guidelines due to personal financial or other reasons are reviewed and determined by the Governance Committee.

As of December 31, 2015, all non-employee directors were in compliance with the applicable ownership guidelines.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Related Party Transactions Policy

Our policy on related party transactions (*Related Party Policy*) governs the transactions involving us and certain related persons that are required to be disclosed under Item 404 of SEC Regulation S-K (*S-K 404*). We regularly monitor our business dealings and those of our directors and executive officers, as appropriate, to determine whether any such dealings would constitute a related party transaction under the Policy. Generally, under the policy, any transaction, arrangement or relationship will be considered an interested transaction subject to the review and/or approval of the Audit Committee, if: (i) we are a participant in the transaction; (ii) the aggregate transaction amount involved will or may be expected to exceed \$120,000 in any calendar year; and (iii) a related person has or will have a direct or indirect material interest in the transaction. (Transactions not required to be disclosed under S-K 404 are excluded from this policy.) Moreover, any of the following persons is considered a related person under the Related Party Policy: (i) any director or executive officer of the Company; (ii) any nominee for director of the Company; (iii) any holder of more than 5% of our Common Stock; and (iv) any immediate family member of any of the above.

We have implemented a framework to identify potential related party transactions, which may include, from time to time, loan transactions by the Company or the Bank, investment transactions, compensation arrangements, or other business transactions involving us or our subsidiaries. Under this framework, we have processes in place to identify, review and escalate, as appropriate, proposed transactions involving a potential party related to the Company. In addition, employees are also expected to escalate any transaction involving potential conflicts of interests pursuant to our Code of Conduct.

The Audit Committee has primary responsibility for reviewing these transactions for potential conflicts of interests and approving them (or denying approval, as the case may be). Under the Related Party Policy, the Audit Committee's approval may be granted in advance, ratified, or based on certain standing approvals previously authorized by resolution. The Audit Committee may delegate its approval authority under the Related Party Policy to the committee chairperson. Additionally, the Credit Committee reviews and approves related party loan transactions, and the Governance Committee takes into consideration related party transactions involving our directors, as part of its annual director independence review.

Insider Loan Policy

We also have in place a policy which permits the Bank to make loans to directors, executive officers and principal stockholders of the Bank or its affiliates (*Insiders*) and the related interests of those Insiders (*Insider Loans*), pursuant to the applicable requirements of Regulation O of the Federal Reserve Act (*Regulation O*). Moreover, Insider Loans qualify for an exemption from Section 402 of the Sarbanes-Oxley Act of 2002 as they are made by the Bank and subject to Regulation O.

Pursuant to Regulation O, the Insider Loan policy authorizes the Bank to make Insider Loans if such Insider Loans: (a) are approved in advance by a majority of the Board of Directors of the Bank for Insider Loans where the aggregate amount of all outstanding extensions of credit to the Insider and to all related interests of the Insider exceeds \$500,000; (b) are extended under substantially the same terms and conditions and rates as those prevailing at the time of the Insider Loan for comparable transactions with non-Insider Bank clients; and (c) do not have more than a normal risk of failure of repayment to the Bank or other unfavorable features. The Insider whose credit extension is subject to Board approval must not participate either directly or indirectly in the voting to approve such extension of credit.

Related Party Transactions

Loan Transactions

During 2015, the Bank made loans to related parties, including certain companies in which certain of our directors or their affiliated venture funds are beneficial owners of ten percent or more of the equity securities of such companies. Such loans: (a) were made in the ordinary course of business; (b) were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons; and (c) did not involve more than the normal risk of collectability or present other unfavorable features.

Prior to their respective appointments as executive officers, each of John China and Philip Cox received a mortgage loan through the Bank's Employee Home Ownership Program (*EHOP*), an employee benefit program whereby eligible employees of the Bank and its affiliates receive preferential terms on mortgage loans. Mr. China's *EHOP* mortgage loan amount was \$1,176,000, with a principal balance of \$1,014,689 as of December 31, 2015. Mr. China's loan matures April 1, 2016. Mr. Cox's *EHOP* mortgage loan amount was \$310,553, with a principal balance of \$262,918 as of December 31, 2015. Mr. Cox's loan matures October 1, 2018.

Participating employees must meet certain eligibility requirements pursuant to applicable regulatory requirements. QIF IV invests employees' own capital in funds, including certain SVB Capital funds. We do not charge a management fee on QIF IV, but pass on the cost of external expenses to the QIF IV participants. The following executive officers each made a commitment to QIF IV in commitment amounts ranging from \$50 thousand to \$250 thousand: Greg Becker, John China, Philip Cox, Michael Descheneaux, Michelle Draper, Joan Parsons, Bruce Wallace and Michael Zuckert.

EXECUTIVE COMPENSATION GOVERNANCE AND PRACTICES

**OVERSIGHT
AND
GOVERNANCE**

Independent oversight of executive compensation. The independent members of our Board of Directors oversee and approve the compensation of our CEO. Our Compensation Committee (comprised of all independent directors) makes recommendations to the Board about our CEO’s compensation, and oversees and approves the compensation of all other executive officers.

Independent compensation consultant to the Compensation Committee. The Compensation Committee’s independent compensation consulting firm does not provide any other services to the Company.

Active Compensation Committee engagement. In 2015, the Compensation Committee held ten (10) meetings to discuss compensation matters, including an extended annual compensation strategy session.

**ALIGNMENT
WITH
STOCKHOLDER
INTERESTS**

Robust executive equity ownership guidelines. Our executives are subject to robust equity ownership guidelines, which are regularly reviewed by the Compensation Committee. (Executive compliance against the guidelines is monitored by the Governance Committee of the Board of Directors on a quarterly basis.) In particular, our CEO’s minimum requirement is equal to six (6) times his annual base salary.

Active stockholder engagement. As part of our proxy statement preparation process, we routinely and proactively reach out to our key stockholders to solicit their feedback about our executive compensation program, including our equity compensation practices.

Focus on stockholder return. Our performance metrics for our executives’ performance-based restricted stock units and the funding of our ICP include the Company’s relative total stockholder return performance and return on equity performance, respectively, which in both cases include performance as measured against our peers.

Annual Say on Pay. We conduct a Say on Pay advisory vote on an annual basis. Our Board of Directors values the opinions of our stockholders and believes an annual advisory vote allows our stockholders to provide us with their input on our executive compensation program. In 2015, over 98% of the votes cast approved our 2014 executive compensation program.

**COMPENSATION
RISK
MITIGATION
AND
MANAGEMENT**

Compensation risk management. The Compensation Committee, together with its compensation consultant, conducts annual compensation risk assessments, with input from our Chief Risk Officer. Based on those assessments, we do not believe that our compensation program creates risks that are reasonably likely to have a material adverse effect on the Company. Our compensation program is reviewed as part of our enterprise-wide risk management and internal audit programs. Moreover, the chairperson of our Compensation Committee is a member of the Risk Committee of the Board of Directors and discusses compensation risk issues with the Risk Committee.

Our incentives are subject to certain minimums and maximum limits. We establish minimum thresholds for certain incentives where awards/payouts may not be earned or made unless actual performance meets or exceeds thresholds, such as our PRSUs. We also establish maximum limits, such as for our executive PRSU awards, our annual cash incentives funding, and our broad-based profit sharing plan.

No hedging or pledging. Pursuant to our Insider Trading Policy, our directors, executive officers and employees are not permitted to hedge ownership by selling puts in or selling short any of our publicly-traded securities at any time. Additionally, we have not permitted any of our executive officers to pledge, or use as collateral, our securities to secure personal loans or other obligations.

Competitive benchmarking against peers. In making compensation decisions, we consider compensation and performance data from our benchmarking reference peer group and other relevant and comparable industry sources. Additionally, we routinely review, on at least an annual basis, the composition of the companies within the peer group. See *Competitive Benchmarking Against Peers* below.

Double trigger change in control severance. Our executive Change in Control Plan encourages continued dedication and alignment with stockholders' interests through a potential change in control event, and is subject to a double trigger feature.

No 280G excise tax gross-ups. Our executives are not entitled to any Section 280G excise tax gross-up payments under our executive Change in Control Plan or otherwise.

No employment agreements. We do not have any individual employment contracts with any of our named executive officers.

No executive perquisite or benefit programs. We do not have any executive perquisite programs. Other than our executive Change in Control Plan, we do not have any special executive benefits or any program that offer benefits exclusively to our executives. Our executives receive the same retirement, health, welfare and other benefits that are generally available to our employees, and may also participate in certain programs that are available to members of senior management, such as our Deferred Compensation Plan.

No special executive retirement benefits. Our executives are eligible to participate in our 401(k) plan (or other employee-funded retirement plan) that is broadly available to all employees. We do not provide any other pension, excess retirement, or supplemental executive retirement (SERP) plans to any executive.

EXECUTIVE COMPENSATION PHILOSOPHY AND OBJECTIVES

The key compensation philosophy and objectives of our executive compensation program and practices are as follows:

Alignment of Pay with Business Performance and Stockholder Interests

Our executive compensation plans are designed to:

Tie pay to Company and individual performance through appropriate performance metrics;

Provide for executive equity ownership to align economic interests with stockholders;

Provide the opportunity for compensation based upon stockholder returns, relative performance against peers, and key financial measures; and

Take into account the dynamics of the market and business environment within which the Company and management operate.

Appropriate Pay Mix

We balance compensation with an appropriate mix of pay between performance-based and non-performance-based pay, as well as long-term and short-term compensation, with emphases on performance-based pay and long-term incentive compensation.

Maintain Competitive Pay

We pay competitively, relying primarily on external market standards while also considering internal parity and the importance of recruiting and maintaining a cohesive, top-talent executive management team.

Strong Governance and Risk Management Practices

We maintain strong governance practices over our program, including independent Board-level oversight. We also design incentive compensation based on Company and individual performance without encouraging undue risk-taking.

Our compensation philosophy and program take into consideration our business objectives (including our long-term global growth), the relative complexity this business diversity represents in an organization of our size, stockholder interests, appropriate risk management practices, emerging trends in executive compensation (particularly for financial institutions), applicable regulatory requirements, and market practices.

2015 Advisory Vote on 2014 Executive Compensation

Say on Pay

We submit an advisory vote on executive compensation, or Say on Pay, to our stockholders on an annual basis. In 2015, over 98% of the votes cast approved our 2014 executive compensation program (as described in our 2015 proxy statement). Based on such strong support and the extent of feedback received from our stockholders, the Compensation Committee made no material changes to our compensation philosophy, policies or overall program.

Nevertheless, we continue to carry out our executive compensation program based on our key philosophy and objectives as described above. The Compensation Committee will continue to consider changes to the program on an ongoing basis, as appropriate, in light of evolving factors such as business environment and competition for talent.

Compensation Governance

The Company's executive compensation program is supported by strong corporate governance and Board-level oversight:

Role of Compensation Committee; Committee Meetings

All members of the Compensation Committee are independent under applicable Nasdaq rules. The Compensation Committee has primary oversight of our executive compensation program as provided in its charter, including the design and administration of executive compensation plans in a manner consistent with the executive compensation philosophy described above. The Compensation Committee: (i) reviews and recommends for independent Board approval the compensation of the CEO, and (ii) reviews and approves the compensation of all other non-CEO executive officers. In carrying out its oversight responsibilities, the Compensation Committee regularly reports to the Board on the actions it has taken, as well as confers with the Board on compensation matters, as necessary. The Compensation Committee also makes recommendations for all other compensation-related matters that require full Board approval.

The Compensation Committee meets on a regular basis, and routinely meets in executive session without management present. During 2015, the Compensation Committee held ten (10) meetings, including an extended annual session where the Compensation Committee met with the Board Chair (also Chair of the Risk Committee), as well as key members of executive management, including the CEO, the Chief Financial Officer, the Head of Human Resources and the General Counsel, to discuss considerations for reviewing and enhancing the Company's compensation strategy.

Role of the Independent Board Members

Subject to the recommendation of the Compensation Committee, all of the independent directors of the Board (all Board members except the CEO) review and approve the compensation for the CEO. Such review and approval are conducted during the executive session portion of the Board's meetings, where neither the CEO nor any other member of management is present.

Role of Compensation Committee Consultant

The Compensation Committee has retained Pay Governance LLC (*Pay Governance*), an independent executive compensation consultant, to provide advice and recommendations on all compensation matters under its oversight responsibilities as defined in the Compensation Committee's charter. The Compensation Committee in its sole discretion selects the consultant, and determines its compensation and the scope of its responsibilities.

In 2015, Pay Governance assisted the Compensation Committee with advice and recommendations regarding the Company's compensation philosophy and strategies; advice on executive and director compensation levels and practices, including review and recommendations on CEO and other executive compensation and evaluation of CEO pay and Company performance; advice on the Company's 2015 Peer Group; guidance on the design of our compensation plans and executive/director stock ownership guidelines; evaluation of performance metrics and peer performance; assistance with the Compensation Committee's periodic review of potential risks associated with our compensation programs; recommendations regarding our equity incentive plan; and periodic reports to the Compensation Committee on market and industry compensation trends and regulatory developments. The Compensation Committee did not engage Pay Governance for any additional services outside of executive and director compensation consulting during 2015. In addition, the Compensation Committee does not believe there were any potential conflicts of interest that arose from any work performed by Pay Governance during 2015.

Role of Chief Executive Officer

At the Compensation Committee's request, our CEO will attend portions of the Compensation Committee's meetings and executive sessions to discuss the Company's performance and compensation-related matters. While he does not participate in any deliberations relating to his own compensation, he shares his assessment of the performance of the other executive officers with the Compensation Committee. Based on his assessments and the Company's overall performance, our CEO makes recommendations to the Compensation Committee on any compensation decisions or changes for the other executive officers. The Compensation Committee considers the CEO's recommendations, as well as data and analyses provided by the Compensation Committee's independent consultant (and to a lesser extent, management), but retains full discretion to approve, or recommend for the independent members of the Board to approve, all executive compensation.

It is important to note that in determining executive compensation, the Compensation Committee does not solely rely on comparative data from the 2015 Peer Group. Such comparative data provides helpful market information about our peer companies, but the Compensation Committee does not target any specific positioning or percentile, nor does it use a formulaic approach, in determining executive pay levels. The Compensation Committee also utilizes other resources, including published compensation surveys and proxy data. All such comparative peer data and supplemental resources are considered, along with the Company's pay for performance and internal parity objectives. All applicable information is reviewed and considered in aggregate, and the Compensation Committee does not place any particular weighting on any one factor.

Table of Contents**Elements of 2015 Compensation*****Base Salary***

We provide base salaries in order to provide executives with a reasonable level of fixed short-term compensation. Executive base salary levels are typically reviewed at least annually by the Compensation Committee and adjusted as appropriate, typically as merit increases, promotions or changes in responsibilities, or market adjustments. Base salaries are determined on an individual basis. When determining any base salary increases, the Compensation Committee considers an individual's total compensation package, his or her performance, Company performance, comparative peer and market compensation data, internal parity, and other relevant factors, including the scope of the executive's responsibilities relative to peers and other executives, and retention concerns.

In 2015, each NEO received merit increase adjustments to their base salaries based on individual performance, salary market positioning relative to peers, and internal parity, as appropriate. In particular, the salary increase for Mr. Descheneaux reflects: (i) his overall exceptional performance, and (ii) the increasing complexities under his span of responsibilities, including preparation for compliance of financial requirements applicable to large financial institutions with over \$50 billion in total average assets.

NEO	Percentage Increase	2015 Annual Base Salary
Greg Becker	4.0 %	\$ 910,000
Michael Descheneaux	14.3	600,000
John China	6.7	480,000
Joan Parsons	6.7	480,000
Bruce Wallace	5.9	450,000

Annual Cash Incentives

Our executives participate in the Company's Incentive Compensation Plan (*ICP*), an annual cash incentive plan that rewards performance against individual and Company objectives.

NEO**Annual**

	ICP Target
	(% of Annual Base Salary)
Greg Becker	90 %
Michael Descheneaux	60
John China	60
Joan Parsons	60
Bruce Wallace	60

Each executive participant is assigned an incentive target, stated as a percentage of the individual's annual base salary. In 2015, annual ICP targets:

Increased from 80% to 90% for Mr. Becker; and

Increased from 50% to 60% for Messrs. Descheneaux and Wallace.

These adjustments were made in order to align targets with comparative peer and market compensation and to balance overall total target pay mix. In addition, the adjustments applicable to Messrs. Descheneaux and Wallace were made to maintain internal parity among the executive team, as applicable. No changes were made to targets for Mr. China or Ms. Parsons.

ICP Funding

Each year, the Compensation Committee establishes one or more metrics that it will use to measure Company performance for ICP funding purposes. Based on those metrics and overall Company performance, the Compensation Committee will also determine the extent to which the Company will fund the incentive pool.

For 2015, the Compensation Committee utilized the same methodology for funding the ICP as in 2014 in all material respects. The Compensation Committee continued to believe that return on equity (*ROE*) is an appropriate indicator of financial

Table of Contents

performance that drives stockholder value, especially if performance is measured against the Company's target objectives, as well as peer performance. Accordingly, the Compensation Committee continued to apply the following two performance metrics:

i *ROE Against our Annual Target ROE* (Two-Thirds (2/3) of Pool) - Two-thirds (2/3) of the total incentive pool is funded based on the Company's performance relative to our Board-approved annual target ROE. The graph to the right illustrates the relationship in 2015 between: (i) achieved (but adjusted for the exclusions discussed below) ROE of 11.08% as a percentage of our annual target ROE (which was budgeted for 2015 at 9.53%), and (ii) the percentage of the target incentive pool accrued. There is a funding maximum of 200% of target (for achievement of 150% or over of our target ROE).

The Compensation Committee retains discretion to fund up to 50% of the target ICP pool for performance below the 90% threshold, if and when it believes that making partial ICP payments are in the Company's interests. This pool is provisional and in no way does it represent a form of guaranteed incentive funding.

Our ranking is based on our full year 2015 ROE performance, compared to the ROE performance of our 2015 Peer Group from the fourth quarter 2014 through the third quarter 2015, due to the timing and availability of peer performance information.

In addition, the Compensation Committee retains discretion to determine the extent to which the Company met its ICP performance target, including discretion to consider adjustments for certain out of the ordinary or non-recurring items. Adjustments are determined by the Compensation Committee, in consultation with the Audit Committee.

For 2015 and consistent with prior years, the Compensation Committee excluded 50% of the gains on non-marketable securities over budget (net of noncontrolling interests), since such gains are subject to market performance. In addition, for 2015, the Compensation Committee excluded certain immaterial gains attributable to an adjustment to foreign exchange losses recognized in 2014 relating to the sale of the Company's India business.

i *ROE Against Peer Group (One-Third (1/3) of Pool)* - One third (1/3) of the total incentive pool is funded based on the Company's ROE performance relative to the 2015 Peer Group. As illustrated in the graph to the right, there is no payout if our performance falls in certain bottom positions, and a payout maximum in the top three positions.

For 2015, the Compensation Committee determined that: (i) 2/3 of the executive ICP pool would be funded at 132% of target, based on the Company's ROE performance, as adjusted, after taking into account the adjustments as discussed above; and (ii) 1/3 of the executive ICP pool would be funded at 183% of target, based on the Company's relative ROE performance, ranking in the fourth position (76th percentile) against the 2015 Peer Group. In addition to these two ROE metrics, the Compensation Committee took into consideration the overall strong performance of the Company and the executive team in 2015. In particular, they took into consideration: overall strong executive leadership as a team; exceptional annual financial performance, including, in particular, EPS and net income increases and strong financial growth in assets, loans and client fund balances; strong overall performance relative to peers; continued progress towards global growth; and continued focus on risk management. As a result, the Compensation Committee approved funding the overall executive ICP pool at 156% of total target.

Table of Contents*2015 NEO ICP Awards*

The Compensation Committee (or in the case of the CEO, the independent members of the Board) determines actual annual cash incentive awards for the NEOs based upon the individual's target incentive level, the Company's performance, and the NEO's individual performance. ICP awards for NEOs may be at, above, or below the target incentive. For 2015, each NEO was awarded the ICP amounts set forth in the table to the right.

	2015
NEO	ICP Award
Greg Becker	\$ 1,225,000
Michael Descheneaux	575,000
John China	525,000
Joan Parsons	425,000
Bruce Wallace	440,000

In determining such 2015 awards, the Board considered Mr. Becker's performance assessment conducted by the independent members of the Board, and the Compensation Committee considered the performance assessments of each of the other NEOs as conducted by Mr. Becker, as well as input from the independent members of the Board.

In addition, the independent members of the Board (with respect to Mr. Becker) and the Compensation Committee (with respect to the other NEOs) considered a variety of factors that they believed to be relevant, including: (i) the performance of the respective areas of oversight of each NEO, and (ii) each NEO's contributions to our business and financial results, execution of our 2015 corporate initiatives, and broader leadership within the organization. Specifically for Mr. Becker, certain factors considered included:

Strong 2015 profitability and financial performance:

- i Annual EPS increase by 24.7%
- i Annual net income available to common stockholders increase by 30.3%

Strong Company growth:

- i Total average asset growth by 23.9%
- i Total average loan balances (net of unearned income) increase by 28.3%
- i Total average deposit and total client investment fund balance growth by 28.2% and 30.6%, respectively
- i Continued growth in non-GAAP core fee income* of 26.8% (*see Appendix A*)

Growth in market share; 18% increase in net client count

Continued global growth

Continued focus on enterprise-wide risk management

Expansion and enhancement of executive leadership team

Long-Term Equity Incentives

The Company believes that equity-based awards, particularly in combination with the Company's equity ownership guidelines as discussed below, tie each of the NEOs' compensation to the Company's long-term financial performance and align the interests of the NEOs and our stockholders.

In 2015, the Compensation Committee continued to focus on long-term, sustainable performance and alignment with stockholder interests. Accordingly, based on its review of peer benchmarking comparisons, the committee continued its emphasis on long-term equity compensation, shifting more of the allocation of equity awards from stock options to PRSUs and to a lesser extent, RSUs. The Compensation Committee determined a target equity award total value for each NEO based on peer benchmarking comparisons, and granted a mix of performance-based and non-performance based equity awards based on the 2015 allocation as set forth to the left.

Stock Options and Restricted Stock Units (RSUs)

Stock options and restricted stock units (RSUs) are subject to annual vesting over a four-year period. The stock options have a maximum term of seven years. No additional performance-based criteria were established, as the increase in the value of these stock options, and the value of the RSUs, are inherently tied to the future performance of the Company's Common Stock. 2015 stock option and RSU grants were made effective as of May 1, 2015.

Performance-based Restricted Stock Units (PRSUs)

Performance-based restricted stock units (PRSUs) are earned based on the achievement of certain performance conditions, as determined by the Compensation Committee. After the end of the specified performance period, the Compensation Committee will determine whether (and to what extent) the NEOs had earned the PRSUs, based on the Company's Relative TSR, ROE and Selected Fee Income performance. The PRSUs are subject to a maximum total payout at 150% of target award. No payout is made if the Company ranks in the bottom five peer companies.

Similar to 2014, for 2015, PRSUs are subject to performance-based vesting over a three-year period (from 2015 through 2017). To the extent earned, PRSUs are subject to additional time-based vesting through January 30, 2018. 2015 PRSU grants were made effective as of March 30, 2015. Additionally for 2015, the Compensation Committee designed the PRSUs to qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code by subjecting the awards to the following performance conditions:

i *Relative TSR Against 2015 Peer Group* (50% of Award). Fifty percent of the PRSU award is funded and earned (subject to time-based vesting) based on the Company's TSR performance as ranked against the 2015 Peer Group (*Relative TSR*). The Compensation Committee may apply negative discretion to reduce the actual award, as it deems appropriate.

The Compensation Committee selected Relative TSR as a key PRSU performance metric because it correlates directly with the Company's stock price performance and hence, is aligned with stockholder interests.

For 2015 only, the Company ranked in the 6th position (65th percentile) against the 2015 Peer Group.

Table of Contents

i *ROE Funding Threshold and Selected Fee Income Target (50% of Award).*

The other fifty percent of the PRSU award is funded at a maximum 150% payout subject to the Company's achievement of a three-year annual average ROE performance threshold of 5% or higher. (No funding below 5%.) The Compensation Committee may apply negative discretion to reduce the actual funding, as it deems appropriate.

If the ROE performance threshold is achieved and funding has been established, the Committee will, as it deems appropriate, determine the extent of the award earned based on the Company's performance against the three-year annual average of its budgeted annual income from foreign exchange fees and credit card fees (*Selected Fee Income*). The budgeted income targets shall be specified in the Company's overall annual budget as approved by the Board of Directors.

The Compensation Committee determined Selected Fee Income as an additional PRSU performance metric mainly due to the desire to diversify the Company's sources of income, in particular, non-interest income. Our foreign exchange and credit card-based businesses are key parts of our business targeted for growth.

2015 represents the first year of a three-year performance period, hence none of the PRSUs granted in 2015 have been earned.

The Compensation Committee typically makes equity awards to each NEO at the time the individual is hired or promoted, and annually thereafter. The size of the awards reflects the overall number of shares available to the Company under our equity incentive plan, the Compensation Committee's determination of an appropriate annual equity burn rate (the percentage of total shares outstanding that the Company has issued during the year in the form of equity compensation), the NEO's role and performance, and the market compensation data for the NEO's external peers.

Executive Benefits

Employee Retirement Benefits

Our NEOs are eligible to participate in our SVB Financial Group 401(k) and Employee Stock Ownership Plan, our qualified retirement and profit sharing plan that is generally available to all of the Company's U.S. employees. Our NEOs participate in the plan on the same terms as all other eligible employees. Other than our 401(k) plan, SVB Financial Group does not provide any pension, excess retirement, or SERPs to our NEOs.

Under our 401(k) plan, our U.S. employees, including our NEOs, may make voluntary pre-tax and/or Roth post-tax deferrals up to the maximum provided for by IRS regulations. The Company provides dollar-for-dollar matching contributions up to a maximum of 5% of cash compensation or the Internal Revenue Section 401(a) compensation limit, whichever is less. Company 401(k) matching contributions vest immediately upon deposit into the individual's 401(k) account.

The plan also includes a profit sharing component—the Employee Stock Ownership Plan (the *ESOP*). Under the ESOP, we may make discretionary annual contributions for U.S. employees, as determined by the Compensation Committee.

contributions may be in the form of cash, the Company's Common Stock, or a combination of both, and are subject to certain vesting conditions. Contributions are determined based on the Company's performance and are not adjusted to reflect individual performance.

Similar to 2014, for 2015, the Compensation Committee established performance criteria based on the Company's ROE, similar to the ICP, to fund the ESOP contribution, and set the funding level to a 2.5% (of eligible compensation) funding level based on target ROE performance, up to a maximum funding of 5%. Based on the Company's 2015 above-target ROE performance, the Compensation Committee approved a contribution of 3.3% of eligible compensation in cash (50%) and the Company's Common Stock (50%) for all eligible participants.

Deferred Compensation

We do not provide NEOs with any Company-funded deferred compensation benefits. However, in order to help them achieve their retirement objectives, we offer each NEO the opportunity to tax-defer a portion of their income, beyond what is allowed to be deferred in the Company's qualified retirement plan. Specifically, under our Deferred Compensation Plan (DCP), each individual may defer 5% to 50% of their base pay and 5% to 100% of eligible incentive payments during each plan year. The DCP is an unfunded plan, and participating executives bear the risk of forfeiture in the event that we cannot fund DCP liabilities. We do not match executive deferrals to the DCP, nor do we make any other contributions to the DCP. See *Compensation for Named Executive Officers Non-Qualified Deferred Compensation* below.

We establish and maintain a bookkeeping account for each participant which reflects compensation deferrals made by the executive along with any associated earnings, expenses, gains and losses. The amount in a participant's account is adjusted for hypothetical investment earnings or losses in an amount equivalent to the gains or losses reported by the investment options selected by the participant from among the investment options designated for this purpose by the Company. A participant may, in accordance with rules and procedures we establish, change the investments to be used for the purpose of calculating future hypothetical investment adjustments to the participant's account. The account of each participant is adjusted each business day to reflect: (a) the hypothetical investment earnings and/or losses described above; (b) participant deferrals; and (c) distributions or withdrawals from the account. Distributions or withdrawals from the DCP shall be made in full accordance with the requirements of Internal Revenue Code Section 409A. No NEOs participated in the DCP in 2015. Among the NEOs, only Mr. Becker holds a balance due to deferrals made under the plan in 2005.

Health and Welfare Benefits

Our NEOs are eligible to participate in our standard health and welfare benefits program, which provides medical, dental, life, accident, and disability coverage to all of our eligible U.S.-based employees. We do not provide executives with any health and welfare benefits that are not generally available to other Company employees.

Time Away From Work

Under our time away from work policy, U.S. exempt employees, including our NEOs, do not accrue vacation benefits. Rather, such employees are expected to manage their time away from work, subject to the demands and needs of their jobs. Non-exempt U.S. employees and other non-U.S. employees continue to accrue vacation benefits formulaically.

Executive Termination Benefits

See *Compensation for Named Executive Officers Other Post-Employment Payments* below.

Perquisites

We do not have any executive perquisite programs. From time to time, on a limited or exception basis, we may provide other benefits that we believe are related to a business purpose or are customary outside of the U.S. that may otherwise be considered perquisites. We disclose those benefits as required by applicable rules.

Stock Option and Other Equity Practices

Grant Practices for Executive Officers

The Compensation Committee approved all equity grants in 2015 made to executive officers of the Company, except that the independent members of the Board approved equity grants made to the Chief Executive Officer. Except for awards that qualify as performance-based compensation under Section 162(m) of the Code (as defined below) which are awarded during the first quarter of the year, annual equity compensation grants to executives have typically been approved during the second quarter of the year. Grants are made effective during an open trading window pursuant to our Insider Trading Policy, with limited

Table of Contents

exceptions. The exercise price for stock option grants is equal to the closing market price on the grant's effective date and grants typically have an annual vesting period of four years, subject to continued employment or service. All 2015 grants to our NEOs were made in accordance with this practice.

For newly-hired executive officers, the Compensation Committee approves an equity grant amount prior to, or shortly after, the executive's start of employment, and the effective grant date is typically set during an open trading window after such executive commences employment. This approach provides for the exercise price of stock options to reflect a fair market price, since the exercise price for stock option grants is equal to the closing market price on the grant's effective date.

Grant Practices for Other Employees

The Board has delegated authority to the Equity Awards Committee to make equity grants to non-executive employees under our 2006 Equity Incentive Plan. The Equity Awards Committee is a committee of two, comprised of our Chief Executive Officer and the Chair of our Board. The Equity Awards Committee may not make equity grants to executives or any non-executive employee that reports directly to the Chief Executive Officer.

The Equity Awards Committee may make grants only within established individual employee and aggregate share limits and in accordance with established requirements regarding the term, vesting period, exercise price and other terms and conditions for the grant. In addition, all grants of stock options, stock appreciation rights, and restricted stock units made by the Equity Awards Committee must be made (or become effective) on the first Monday of the month following approval or, where the first Monday is a Company-observed U.S. holiday, on the first Tuesday of such month. The Equity Awards Committee approves grants on a quarterly basis, and must approve all grants in writing on or before the date of grant, subject to the respective employee remaining an employee as of the date of grant. Finally, management updates the Compensation Committee regarding all grants made by the Equity Awards Committee on a regular basis. Any grant that does not meet the requirements established for the Equity Awards Committee must be made by the Board, the Compensation Committee or other authorized committee.

The Compensation Committee typically approves annual grants to all eligible employees, as well as any other grants that the Equity Awards Committee is not authorized to approve.

Prohibitions Against Hedging

Pursuant to our Insider Trading Policy, our directors, executive officers (including our NEOs) and employees are not permitted to hedge ownership by selling puts in or selling short any of the Company's publicly-traded securities at any time. Additionally, we discourage, and have not permitted, any of our executive officers to pledge, or use as collateral, our securities to secure personal loans or other obligations.

Compensation Recovery Policies

Except as noted below, our Compensation Committee has not yet adopted a policy with respect to whether we will make retroactive adjustments to any cash or equity based incentive compensation paid to our NEOs or other employees where the payment was based on the achievement of financial results that were subsequently revised. Our Compensation Committee intends to adopt a general compensation recovery policy after the SEC adopts final rules implementing the requirements of Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act. In 2015, our Compensation Committee approved an amendment to our 2006 Equity Incentive Plan to provide that equity awards granted under the 2006 Equity Incentive Plan will be subject to the terms and conditions of any compensation recovery policy adopted by the Company and as may be in effect from time to time.

Section 162(m)

Section 162(m) of the Internal Revenue Code of 1986, as amended (the *Code*) limits our deductibility of compensation paid to our CEO and each of the next three most highly compensated executive officers (excluding the Chief Financial Officer) in excess of \$1,000,000, but excludes performance-based compensation from this limit. Our stock options, as well as beginning for the year 2015, our executives' PRSU awards, qualify for this tax deductibility. However, in order to maintain flexibility and promote simplicity in the Compensation Committee's administration of and oversight over executive compensation arrangements, other compensation arrangements, such as time-based restricted stock units that vest based solely on continued service and ICP payments, do not qualify for tax deductibility. This design allows the Compensation Committee to balance tax deductibility with other business priorities that affect stockholder value.

Compensation that qualify as performance-based under Section 162(m) are also reviewed and approved by an independent committee of the Board of Directors, comprised of Mr. Dunbar, our Board Chair, and Mr. Robinson, our Audit Committee Chair and member of the Compensation Committee.

Table of Contents**Equity Ownership Guidelines for Executive Officers**

The Company maintains stock ownership guidelines for the Company's executive officers, including the NEOs. These stock ownership guidelines reflect the Board's belief in the importance of aligning the economic interests of stockholders and management.

The Compensation Committee is responsible for setting and periodically reviewing the guidelines. Guidelines for each executive position are determined based on factors including the executive role, scope of responsibilities, base salary levels, Company stock price performance and market data. The current equity ownership guidelines applicable to executive officers are based on the value of the Company's Common Stock as a percentage of annual base salary, as follows:

	Stock Value as Percentage of Annual Base Salary
Chief Executive Officer	600%
Chief Credit Officer	
Chief Digital Officer	
Chief Financial Officer	
Chief Operations Officer	300%
Chief Risk Officer	
Head EMEA & President UK Branch	
Head of Relationship Banking	
Head of Specialty Banking	
Chief Information Officer	
Chief Marketing Officer	200%
General Counsel	
Head of Human Resources	

All executive officers have five years to attain the minimum level of ownership.

The Governance Committee monitors compliance with these guidelines and reviews executive equity holdings on a quarterly basis. In evaluating whether executives are meeting the ownership guidelines, the Governance Committee considers the following as shares owned: (1) shares actually held, (2) shares owned through investment in the Company's stock fund in the SVB Financial Group 401(k) and Employee Stock Ownership Plan, and (3) earned but unvested awards of restricted stock awards and restricted stock units (subject to either time-based or performance-based vesting). Neither vested nor unvested stock options count towards the ownership guidelines. Exceptions to meeting the guidelines due to personal financial or other reasons are reviewed and determined by the Governance Committee.

As of December 31, 2015, all of our NEOs were in compliance with the applicable ownership guidelines.

Pension Benefits

We do not maintain any defined benefit pension plans in which any of our executive officers participate.

Non-Qualified Deferred Compensation

The following table sets forth information about executive contributions to, earnings from, and distributions of non-qualified deferred compensation under our Deferred Compensation Plan. There were no above-market or preferential earnings on any compensation that was deferred. We do not maintain any other non-qualified deferred compensation program for our NEOs.

(1) Mr. Becker participated in the Deferred Compensation Plan in 2005. No additional contributions were made during 2015. The amounts in the above table are not required to be and are not reflected in the Summary Compensation Table above.

Other Post-Employment Payments

There are certain circumstances in which our NEOs may be entitled to post-employment payments, which are discussed in further detail below:

Change in Control Plan

Our Change in Control Plan, adopted in 2006, provides a specified severance benefit to our executive officers in the event their employment is involuntarily terminated or they resign from such employment for a good reason following a change in control of the Company. (Generally under the plan, *good reason* is defined as the occurrence of any of the following events without the covered employee's written consent: (i) material, involuntary reduction in responsibilities, authorities or functions, except in connection with a termination of employment for death, disability, retirement, fraud, misappropriation, embezzlement and other exclusions; (ii) a material reduction in base salary; (iii) a reduction in total compensation to less than 85% of the

Table of Contents

amount provided for the last full calendar year; or (iv) a relocation of more than fifty (50) miles.) We adopted this plan in order to ensure that its executives remain incented to consider and, where determined by the Board or stockholders, as appropriate, to be in our best interests, to act diligently to promote a change in the control of the Company. The plan does not provide for any 280G excise tax gross-up provisions.

We did not make any amendments or changes to the plan in 2015.

The plan provides for a cash severance payment equal to 300% of base salary and target ICP incentive for the Chief Executive Officer, 200% of base salary and target ICP incentive for the Chief Financial Officer, the Bank's President and the Chief Strategy Officer, and 100% of base salary and target ICP incentive for the other executive officers. In addition, it provides for up to 12 months of Company-paid COBRA medical, dental and vision coverage, full vesting of Company contributions to tax-qualified retirement plans, and certain outplacement services.

The circumstances that constitute a Change in Control are set forth in the Change in Control Plan. Generally speaking, a Change in Control includes a merger or consolidation, other than a merger or consolidation in which the owners of our voting securities own fifty percent (50%) or more of the voting securities of the surviving entity; a liquidation or dissolution or the closing of the sale or other disposition of all or substantially all of our assets; an acquisition by any person, directly or indirectly, of 50% or more of our voting securities; and an acquisition by any person, directly or indirectly, of 25% or more of our voting securities and, within twelve (12) months of the occurrence of such event, a change in the composition of the Board occurs as a result of which sixty percent (60%) or fewer of the directors are incumbent directors.

Our Change in Control Plan includes a number of restrictive covenants that govern the executives' rights to receive benefits under the plan. Specifically, unless we provide otherwise in writing, the executive must not directly or indirectly engage in, have any ownership in or participate in the financing, operation, management or control of any person, firm, corporation or business that competes with us or our affiliates, or any of our customers or our affiliates, for 18 months with respect to the chief executive officer, 12 months for the chief financial officer, the Bank's president and chief strategy officer, and six months for other covered executives. In addition, unless we provide otherwise in writing, the executive may not directly or indirectly solicit, recruit or otherwise hire or attempt to hire any of our employees or cause any such person to leave his or her employment during the periods described in the previous sentence. Finally, the executive must execute a general release of claims in our favor covering all claims arising out of the executive's involuntary termination of employment (as defined in the Change in Control Plan) and employment with us and our affiliates.

Any benefits payable to an executive under this Plan are reduced by any severance benefits we pay to that executive under any other policy, plan, program, or arrangement, including our Group Severance Benefit Policy.

SVB Financial Group Severance Benefit Policy

Our Severance Benefit Policy provides severance pay and benefits to eligible employees who are involuntarily terminated from employment due to staff reduction, position elimination, closure of a business unit, organization restructuring, or such other circumstances as we deem appropriate for the payment of severance benefits. The policy is intended to promote our ability to modify its workforce and structure while providing a reasonable level of certainty and job security to our employees. The policy covers all regular full-time or regular part-time employees, including the NEOs.

The policy provides for a cash severance payment based on level of job. For NEOs, this benefit is equal to 6 weeks pay per year of service including a pro-rata amount for each partial year worked, with a minimum benefit of 6 months

pay and a maximum benefit of 1 year's pay. In addition, under the policy we continue to make co-payments for COBRA medical, dental, and vision coverage during the severance pay period and pays for certain designated outplacement services provided by a Company-selected external vendor. Any benefits payable to an executive under this Policy are reduced by any severance benefits we pay to that executive under any other policy, plan, program, or arrangement, including our Change in Control Plan discussed above.

2006 Equity Incentive Plan

Our 2006 Equity Incentive Plan, in which the NEOs participate, provides for full vesting of outstanding awards in the event of a change in control (as defined in the plan) of the Company in the event that a successor corporation does not assume or substitute an equivalent option or right for the original equity awards under the plans. In addition, effective as of January 7, 2015, we amended the equity awards agreements under the plan to provide for certain vesting of outstanding awards upon the termination of a participant's employment due to death or disability as follows: (i) full vesting of any outstanding stock option awards, restricted stock unit awards subject to time-based vesting, restricted stock awards and stock appreciation rights awards; and (ii) pro-rated vesting for any outstanding restricted stock unit awards subject to performance conditions based on the level of achievement of the applicable performance conditions as of the date of termination. These changes apply to all outstanding awards on a retrospective basis, as well as to any new grants made under the applicable amended form of award agreement on a prospective basis.

Table of Contents**Payments Upon Termination Of Employment**

The following tables summarize the payments which would be payable to our NEOs, as of December 31, 2015, in the event of various termination scenarios, including voluntary resignation, involuntary termination for cause, involuntary termination (not for cause), involuntary termination after a change in control, death and disability.

Table of Contents**Proposal No. 2****APPROVAL OF AN AMENDMENT TO THE 1999 EMPLOYEE STOCK PURCHASE PLAN**

The Board of Directors Recommends a Vote For the Approval of an Amendment to the 1999 Employee Stock Purchase Plan

EXECUTIVE SUMMARY OF PROPOSAL AND SELECTED PLAN AND FINANCIAL INFORMATION

Summary of Proposal: We are proposing to increase the share reserve of our 1999 Employee Stock Purchase Plan, as amended by 1,500,000 shares of our Common Stock.

Number of Shares Available for Issuance: 425,728 (as of January 1, 2016, not including the proposed 1,500,000 share increase)

Number of Total Shares of Common Stock Outstanding: 51,610,226 (as of December 31, 2015)

Percentage of Total Available Shares (Including Proposed Increase) of Total Outstanding Shares (as of December 31, 2015): 3.7%

Number of Shares Purchased under Purchase Plan in last three years: 2015: 140,471 shares 2014: 130,110 shares 2013: 176,416 shares

Certain Purchase Plan Features (as further described below or in the Purchase Plan): *Broad-based Eligibility.* Generally, employees with at least twenty (20) hours per week and more than five (5) months in a calendar year are eligible to participate in the Purchase Plan.

5% Limit. Purchase Plan participants are subject to a limit of 5% or more beneficial ownership in the Company.

15% Purchase Price Discount Limit. The purchase price for shares may not be lower than eighty-five percent (85%) of the fair market value of the Common Stock.

Limit on Offering Period Term. No offering period can exceed twenty-seven (27) months under the plan. Our typical offering period is six months.

The stockholders are being asked to approve an amendment to the Company's 1999 Employee Stock Purchase Plan (the Purchase Plan). A total of 3,000,000 shares of our Common Stock are currently authorized for sale under the Purchase Plan. The Purchase Plan is a significant part of our overall equity compensation strategy, especially with respect to our non-executive employees and is one of the primary programs through which our employees may achieve ownership in the Company and thereby share in the success of our Company. Therefore, the Board has approved an amendment to the Purchase Plan to increase the number of the Company's Common Stock available for sale under the Purchase Plan by 1,500,000 shares to a total of 4,500,000 (as adjusted for stock splits) shares, subject to stockholder approval at the Meeting. The Purchase Plan is not being amended in any other material respect.

Background for Request

As of December 31, 2015 which is the last day of the most recently completed offering, there were 1,303 employees participating in the offering then in progress under the Purchase Plan and these employees purchased approximately 47,232 shares of our Common Stock (with an approximate value of \$5,615,885 on the date of purchase) at a purchase price of \$101.07 per share.

As of February 23, 2016, without giving effect to the proposed amendment, a total of 425,728 shares were available for sale under the Purchase Plan. If stockholders approve this proposal, the total number of shares authorized and reserved for sale under the Purchase Plan will be 4,500,000. Since adoption, approximately 2,574,272 shares have been issued under the Purchase Plan. Based on current forecasts, current stock price levels, and estimated participation rates, if the increase subject to this proposal is not approved, it is anticipated that the Purchase Plan will run out of available shares after the year 2017. The requested increase of 1,500,000 shares represents approximately 2.9% of the Company's outstanding shares as of December 31, 2015.

Table of Contents

In considering its recommendation to amend the Purchase Plan to reserve an additional 1,500,000 shares available for sale thereunder, the Board considered the historical number of shares of Company Common Stock purchased under the Purchase Plan in the past three years. In fiscal years 2013, 2014 and 2015, the number of shares purchased under the Purchase Plan was 176,416 shares, 130,110 shares and 140,471 shares, respectively. Although the Board considered the historical number of purchased shares when considering its recommendation, the actual number of shares that will be purchased under the Purchase Plan in any given year will depend on a number of factors, including the number of participants, the participant's participation rates and the Company's stock price. Based on participation in the most recently completed fiscal year and current stock price levels, an additional 1,500,000 shares is expected to meet the Company's needs for at least four years, but the actual number of shares that will be purchased under the Purchase Plan will depend on the factors listed above.

Summary of the Company 1999 Employee Stock Purchase Plan

The following is a summary of the principal features of the Purchase Plan and its operation. The summary is qualified in its entirety by reference to the Purchase Plan as set forth in Appendix B.

General

The Purchase Plan originally was adopted by the Board in January 1999, originally was approved by our stockholders in April 1999 and was most recently approved by our stockholders on April 22, 2010. The Board, through its Compensation Committee, approved the amendment to increase the number of the Company's Common Stock available for sale under the Purchase Plan by 1,500,000 shares on February 9, 2016, subject to and effective upon, stockholder approval at the Meeting. The purpose of the Purchase Plan is to provide a means by which employees of the Company and its designated affiliates may be given an opportunity to purchase Common Stock of the Company.

Shares Available for Issuance

If our stockholders approve this proposal, a total of 4,500,000 (as adjusted for stock splits) shares of our Common Stock will be subject to the Purchase Plan. As of February 23, 2016, after giving effect to the proposed amendment, a total of 1,925,728 shares would be actually available for sale under the Purchase Plan.

Administration

The Board administers the Purchase Plan unless and until the Board delegates administration to a committee appointed by the Board (in either case, the Administrator). Whether or not the Board has delegated administration, the Board has the final power to determine all questions of policy and expediency that may arise in the administration of the Purchase Plan. The Administrator has the power to construe and interpret the Purchase Plan and rights granted under it, and to establish, amend and revoke rules and regulations for its administration. The Administrator, in the exercise of this power, may correct any defect, omission or inconsistency in the Purchase Plan, in a manner and to the extent it deems necessary or expedient to make the Purchase Plan fully effective. The Administrator may amend or terminate the Purchase Plan, subject to the Purchase Plan's provisions. Generally, the Administrator may exercise such powers and perform such acts it deems necessary or expedient to promote the best interests of the Company and its affiliates and to carry out the intent that the Purchase Plan be treated as an employee stock purchase plan within the meaning of Section 423 of the Internal Revenue Code of 1986, as amended (the Code). Any interpretation of the Purchase Plan by the Administrator or any decision made by it under the Purchase Plan is final and binding on all persons.

Eligibility

Employees of the Company and its designated affiliates whose customary employment is at least twenty (20) hours per week and more than five (5) months in a calendar year are eligible to participate in the Purchase Plan; except that no employee will be granted an option under the Purchase Plan to the extent that, immediately after the grant, such employee would own five percent (5%) or more of the total combined voting power or value of all classes of the Company's stock or the stock of any parent or subsidiary. The Administrator may require that an employee be in the employ of the Company or any affiliate for a continuous period of time preceding the grant of a right, but in no event will the required period of continuous employment be greater than two (2) years. Officers of the Company and any designated subsidiary who otherwise satisfy the eligibility requirements are eligible to participate in the Purchase Plan; provided, however, that the Administrator may provide that certain employees who are highly compensated employees within the meaning of Code Section 414(q) with compensation above a certain level or who is an officer or subject to the disclosure requirements under Section 16(a) of the U.S. Securities Exchange Act of 1934, as amended, will not be eligible to participate in the Purchase Plan. The Administrator has the authority to adjust eligibility requirements consistent with the terms of the Purchase Plan.

Table of Contents

Notwithstanding the foregoing, no employee will be granted a right to purchase stock under all of the Company's employee stock purchase plans that accrues at a rate which exceeds \$25,000 worth of stock (determined at the fair market value of the shares at the time such right is granted) for each calendar year in which such rights are outstanding at any time. Subject to the limit in the previous sentence, the maximum aggregate number of shares that a participant may purchase during an offering is 3,000 shares.

As of February 23, 2016, approximately 2,050 employees, including all five of our named executive officers, were eligible to participate in the Purchase Plan. Non-employee members of the Board are not eligible to participate in the Purchase Plan.

Offerings

The Purchase Plan is implemented by offerings of rights to eligible employees. Each offering will be in such form and will contain such terms and conditions as the Administrator will deem appropriate, which will comply with Code Section 423(b)(5) that all employees granted rights to purchase stock in an offering will have the same rights and privileges. The provisions of separate offerings need not be identical. The Administrator will determine the duration of an offering period, provided that no offering period can exceed twenty-seven (27) months.

If an employee has more than one (1) right outstanding under the Purchase Plan, unless he or she indicates otherwise, a right with a lower exercise price (or an earlier-granted right if two (2) rights have identical exercise prices), will be exercised to the fullest possible extent before a right with a higher exercise price (or a later-granted right if two (2) rights have identical exercise prices) will be exercised.

Contributions

An eligible employee may become a participant in the Purchase Plan pursuant to an offering by delivering an enrollment agreement to the Company within the time period specified in the offering, in such form as the Company provides. Employees may authorize payroll deductions of up to 15% (the actual percentage to be determined by the Administrator) of such employee's earnings during the offering.

Purchase Price

The purchase price for shares is the lesser of: (i) eighty-five percent (85%) of the fair market value of the Common Stock on the first date of the offering, or (ii) eighty-five percent (85%) of the fair market value of the Common Stock on the purchase date.

Payment of Purchase Price

On each purchase date, each participant's accumulated contributions will be applied to the purchase of whole shares of Company Common Stock, up to the maximum number of shares permitted under the Purchase Plan and a given purchase period. No fractional shares will be issued.

Withdrawal

At any time during an offering, a participant may terminate his or her contributions under the Purchase Plan and withdraw from the offering by delivering to the Company a notice of withdrawal in such form as the Company provides. The withdrawal may be elected at any time prior to the end of the offering except as provided by the Administrator. Once a participant withdraws from an offering, the Company will distribute to the participant all of his

or her accumulated contributions under the offering, without interest, and the participant's interest in that offering will be automatically terminated. A participant's withdrawal from an offering will have no effect upon his or her eligibility to participate in any other offerings under the Purchase Plan, but the participant will be required to deliver a new enrollment agreement in order to participate in subsequent offerings under the Purchase Plan.

Termination of Employment

Rights granted under the Purchase Plan terminate immediately upon cessation of a participant's employment with the Company and any designated affiliate for any reason. Once a participant's employment is terminated, the Company will distribute to such terminated employee all of his or her accumulated contributions under the offering without interest.

Adjustments upon Changes in Capitalization, Dissolution or Liquidation, or Change of Control

Changes in Capitalization. If any change is made in the stock subject to the Purchase Plan, or subject to any rights granted under the Purchase Plan (through merger, consolidation, reorganization, recapitalization, stock dividend, dividend in property other than cash, stock split, liquidating dividend, combination of shares, exchange of shares, change in corporate structure or other transaction not involving the receipt of consideration by the Company), the Purchase Plan and outstanding rights will be appropriately adjusted in the classes and maximum number of shares subject to the Purchase Plan and the classes and number of

Table of Contents

shares and price per share of stock subject to outstanding rights. Such adjustments will be made by the Administrator, whose determination will be final, binding and conclusive. The conversion of any convertible securities of the Company will not be treated as a transaction not involving the receipt of consideration by the Company.

Dissolution, Liquidation, or Change in Control. In the event of the Company's dissolution or liquidation or certain change in control transactions set forth in the Purchase Plan, then the Administrator in its sole discretion may take any of the following actions: (i) any surviving or acquiring corporation may assume outstanding rights or substitute similar rights for those under the Purchase Plan, (ii) such rights may continue in full force and effect, or (iii) all participants accumulated contributions may be used to purchase the Company's Common Stock immediately prior to or within a reasonable period of time following the dissolution, liquidation or transaction, and the participants' rights under the ongoing offering terminated.

Amendment and Termination of the Purchase Plan

Amendment. The Administrator may, at any time and from time to time, amend the Purchase Plan or the terms of one or more offerings. Certain amendments will not be effective unless stockholder approval is obtained within twelve (12) months before or after the amendment, including increasing the number of shares reserved under the Purchase Plan, modifying the eligibility provisions, and other modifications which require stockholder approval under Code Section 423 or Rule 16b-3. The Administrator may amend the Purchase Plan or an offering in any respect the Administrator deems necessary or advisable to provide eligible employees with the maximum benefits provided or to be provided under the provisions of the Code and the regulations promulgated thereunder relating to employee stock purchase plans and/or to bring the Purchase Plan and/or rights granted under an offering into compliance therewith. Amendments generally may not adversely affect any rights and obligations granted before the amendment, except with the consent of the affected participant, or except as necessary to comply with any laws or governmental regulations, or except as necessary to ensure that the Purchase Plan and/or rights granted under an offering comply with the requirements of Section 423 of the Code.

Termination. The Administrator in its discretion may suspend or terminate the Purchase Plan at any time. The Purchase Plan will automatically terminate if all the shares subject to the Purchase Plan are issued. No rights may be granted under the Purchase Plan while the Purchase Plan is suspended or after it is terminated. Rights and obligations under any rights granted while the Purchase Plan is in effect generally will not be impaired by suspension or termination of the Purchase Plan, except as expressly provided in the Purchase Plan, or with the consent of the person to whom such rights were granted, or except as necessary to comply with any laws or governmental regulation, or except as necessary to ensure that the Purchase Plan and/or rights granted under an offering comply with the requirements of Section 423 of the Code.

Participation in Plan Benefits

Participation in the Purchase Plan is voluntary and is dependent on each eligible employee's election to participate and his or her determination as to the level of payroll deductions or other contributions. Accordingly, future purchases under the Purchase Plan are not determinable. Non-employee directors are not eligible to participate in the Purchase Plan. For illustrative purposes, the following table sets forth (i) the number of shares of our Common Stock that were purchased during the last fiscal year under the Purchase Plan and (ii) the weighted average price per share paid for such shares.

Certain U.S. Federal Income Tax Information

The following brief summary of the effect of U.S. federal income taxation upon the participant and the Company with respect to the shares purchased under the Purchase Plan does not purport to be complete, and does not discuss the tax consequences of a participant's death or the income tax laws of any state or non-U.S. jurisdiction in which the participant may reside.

The Purchase Plan, and the right of participants to make purchases thereunder, is intended to qualify under the provisions of Sections 421 and 423 of the Code. Under these provisions, no income will be taxable to a participant until the shares purchased under the Purchase Plan are sold or otherwise disposed of. Upon sale or other disposition of the shares, the participant generally will be subject to tax in an amount that depends upon the holding period. If the shares are sold or otherwise disposed of more than two (2) years from the first day of the applicable offering and one (1) year from the applicable date of purchase, the participant will recognize ordinary income measured as the lesser of (a) the excess of the fair market value of the shares at the time of such sale or disposition over the purchase price, or (b) 15% of the fair market value of the shares on the start date of that offering. Any additional gain will be treated as long-term capital gain. If the shares are sold or otherwise disposed of before the expiration of these holding periods, the participant will recognize ordinary income generally measured as the excess of the fair market value of the shares on the date the shares are purchased over the purchase price. Any additional gain or loss on such sale or disposition will be long-term or short-term capital gain or loss, depending on how long the shares have been held from the date of purchase. The Company generally is not entitled to a deduction for amounts taxed as ordinary income or capital gain to a participant except to the extent of ordinary income recognized by participants upon a sale or disposition of shares prior to the expiration of the holding periods described above.

THE FOREGOING IS ONLY A SUMMARY OF THE EFFECT OF U.S. FEDERAL INCOME TAXATION UPON PARTICIPANTS AND THE COMPANY UNDER THE PURCHASE PLAN. IT DOES NOT PURPORT TO BE COMPLETE, AND DOES NOT DISCUSS THE TAX CONSEQUENCES OF A PARTICIPANT'S DEATH OR THE PROVISIONS OF THE INCOME TAX LAWS OF ANY MUNICIPALITY, STATE OR NON-U.S. JURISDICTION IN WHICH THE PARTICIPANT MAY RESIDE.

Vote Required; Recommendation of Board of Directors

The approval of the amendment to the Purchase Plan requires the affirmative vote of the holders a majority of the Votes Cast on the proposal at the Meeting.

Our Board of Directors has approved this proposal and recommends that stockholders vote FOR the approval of the amendment to the Company's 1999 Employee Stock Purchase Plan.

Table of Contents**Proposal No. 3****RATIFICATION OF APPOINTMENT OF****INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM****The Board of Directors Recommends a Vote For the Ratification of the Appointment
of KPMG LLP as the Company's Independent Registered Public Accounting Firm**

The Audit Committee has appointed the firm of KPMG LLP to be our independent registered public accounting firm for our 2016 fiscal year. KPMG LLP has audited our financial statements since November 1994. While neither our Bylaws nor other governing documents require stockholder ratification of the selection of KPMG LLP as our independent registered public accounting firm, the Board is, based on the recommendation of the Audit Committee, submitting the appointment of KPMG LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders do not ratify such selection by the affirmative vote of the holders of a majority of the Votes Cast, the Audit Committee may reconsider its selection.

Representatives from the firm of KPMG LLP will be present at the Meeting and afforded the opportunity to make a statement if they desire to do so. They will also be available to respond to stockholders' questions.

PRINCIPAL AUDIT FEES AND SERVICES

The following table sets forth fees for services billed by or expected to be billed by KPMG LLP for the fiscal years 2015 and 2014, all of which were approved by the Audit Committee in conformity with its pre-approval process:

	2015	2014
Audit fees	\$ 5,852,555	\$ 5,139,121
Audit-related fees (1)	208,000	278,443
Tax fees (2)	551,328	663,184
All other fees (3)	15,371	115,000
Total	\$ 6,627,254	\$ 6,195,748

- (1) Consists principally of fees billed or expected to be billed related to reviews of internal controls for selected information systems and business units (SSAE 16 audits), and services related to proposed accounting standards.
- (2) Represents fees for services provided in connection with the Company's tax compliance, tax advice and tax planning.
- (3) Represents fees for advisory services relating to the Company's selection of a consultant to change our allowance for loan and lease losses (ALLL) system.

In accordance with its charter, the Audit Committee must explicitly approve the engagement of the independent auditor for all audit and permissible non-audit related services, as required by law. To the extent permitted by applicable law, the charter also permits the Committee the authority to adopt pre-approval policies and procedures and/or delegate authority to grant approvals to one or more of its members. During fiscal years 2015 and 2014, all

audit and non-audit related services performed by our independent auditor were approved or pre-approved by the Audit Committee. Additionally, the Audit Committee reviewed all non-audit related services provided by our independent auditor, KPMG LLP. The Audit Committee concluded that the performance of these services did not compromise KPMG LLP's independence in the conduct of its auditing function. KPMG LLP also confirmed their independence to the Audit Committee.

Proposal No. 4

ADVISORY APPROVAL OF OUR EXECUTIVE COMPENSATION

The Board of Directors Recommends a Vote FOR the Approval of the Compensation of our Named Executive Officers, as Disclosed in this Proxy Statement

Pursuant to the recommendation of our Board, our stockholders approved in 2011 the frequency of our advisory vote to approve our executive compensation (otherwise known as *Say on Pay*) to be on an annual basis. Our Say on Pay vote provides our stockholders the opportunity to vote to approve, on an advisory basis, the compensation of our NEOs as further described in the *Compensation Discussion and Analysis* section of this Proxy Statement, including the compensation tables and narrative discussion. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our NEOs and the philosophy, policies and practices described in this Proxy Statement.

We ask our stockholders to indicate their support for our executive compensation program for our NEOs and vote FOR the following resolution at the Meeting:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.

Because your vote is advisory, it will not be binding upon the Board or the Compensation Committee and may not be construed as overruling any decision by the Board or the Compensation Committee. However, the Board and Compensation Committee may, in each of their sole discretion, take into serious consideration the outcome of the vote when considering future executive compensation arrangements.

Stockholders are encouraged to carefully review the *Compensation Discussion and Analysis* and *Compensation for Named Executive Officers* sections of this Proxy Statement for a detailed discussion of our executive compensation program for our NEOs.

Table of Contents**INFORMATION ABOUT VOTING AND PROXY SOLICITATION****Voting**

Holders of our Common Stock are entitled to one vote for each share held on all matters covered by this Proxy Statement, except for the election of directors. With respect to the election of directors, each stockholder has the right to invoke cumulative voting, which entitles each stockholder to as many votes as shall equal the number of shares held by such stockholder multiplied by the number of directors to be elected. A stockholder may cast all of his or her votes for a single candidate or distribute such votes among as many of the candidates as he or she chooses (up to a maximum of the number of directors to be elected). However, no stockholder shall be entitled to cumulate votes for a candidate unless such candidate's name has been properly placed in nomination prior to the voting in accordance with Article Fifth of the Restated Certificate of Incorporation of the Company and the stockholder (or any other stockholder) has given notice at the meeting prior to the voting of the stockholder's intention to cumulate votes. If any stockholder has given such notice, all stockholders may cumulate their votes for candidates properly placed in nomination. If cumulative voting is properly invoked, the Proxy holders (the individuals named on the Proxy Card) are given discretionary authority under the terms of the Proxy to cumulate votes represented by shares for which they are named Proxy holders as they see fit among the nominees in order to assure the election of as many of such nominees as possible.

Whether you hold shares in your name or through a broker, bank or other nominee, you may vote without attending the meeting. You may vote by granting a Proxy or, for shares held through a broker, bank or other nominee, by submitting voting instructions to that nominee. Instructions for voting by telephone, by using the Internet or by mail are on your Proxy Card or *Important Notice Regarding the Availability of Proxy Materials for the Meeting*, as applicable. For shares held through a broker, bank or other nominee, follow the voting instructions included with your materials. If you provide specific voting instructions, your shares will be voted as you have instructed for any item on which you provide instructions and as the Proxy holders may determine within their discretion for any other matters, including any additional matters, which properly come before the meeting.

If you hold shares in your name and you sign and return a Proxy Card without giving specific voting instructions, your shares will be voted as recommended by our Board on all matters set forth in this Proxy Statement and as the Proxy holders may determine in their discretion with respect to any other matters that properly come before the meeting. If you hold your shares through a broker, bank or other nominee and you do not provide instructions on how to vote, your broker or other nominee may have authority to vote your shares on certain matters. See *Quorum; Abstentions; Broker Non-Votes* below.

Quorum; Abstentions; Broker Non-Votes

The required quorum for the transaction of business at the Meeting is a majority of the shares of Common Stock issued and outstanding on the Record Date. Shares voted are treated as being present at the meeting for purposes of establishing a quorum and are also treated as shares represented and voting at the Meeting (the *Votes Cast*) with respect to such matter.

We count abstentions for purposes of determining both (i) the presence or absence of a quorum for the transaction of business and (ii) the total number of Votes Cast with respect to a proposal (other than Proposal No. 1 regarding the election of directors). Accordingly, in cases other than the election of directors, abstentions will have the same effect as a vote against the proposal.

Broker non-votes occur on a matter when a broker, bank or other nominee is not permitted to vote on that matter without instructions from the beneficial owner and the beneficial owner does not give instructions. Without such voting instructions, for example, your broker or other nominee cannot vote your shares on non-routine matters such as the election of directors and the advisory vote on Say on Pay. Your broker or other nominee may, however, have discretion to vote your shares on routine matters, such as the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for our 2016 fiscal year. Broker non-votes will be counted for purposes of determining the presence or absence of a quorum for the transaction of business but will not be counted for purposes of determining the number of Votes Cast with respect to proposals on which brokers, banks or other nominees are prohibited from exercising their discretionary authority.

Table of Contents**Voting Required**

The vote required for each proposal and the effect of uninstructed shares and abstentions on each proposal is as follows:

Revocability of Proxies

Any person giving a Proxy in the form accompanying this Proxy Statement has the power to revoke the Proxy at any time prior to its use. A Proxy is revocable prior to the Meeting by delivering either a written instrument revoking it or a duly executed Proxy bearing a later date to our Corporate Secretary or Assistant Corporate Secretary. A Proxy is also automatically revoked if the stockholder is present at the Meeting and votes in person.

Solicitation

This solicitation of Proxies is made by, and on behalf of, our Board. We will bear the entire cost of preparing, assembling, printing, mailing and otherwise making available Proxy materials furnished by the Board to stockholders. Copies of Proxy materials will be furnished to brokerage houses, fiduciaries and custodians to be forwarded to the beneficial owners of our Common Stock, as requested. In addition to the solicitation of Proxies by mail, some of our officers, directors and employees may (without additional compensation) solicit Proxies by telephone or personal interview, the costs of which we will bear.

Unless otherwise instructed, each valid returned Proxy that is not revoked will be voted:

FOR each of our nominees to the Board of Directors,

FOR approval of the amendment of the 1999 Employee Stock Purchase Plan,

FOR ratification of the appointment of KPMG LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2016,

FOR approval, on an advisory basis, of our executive compensation (*Say on Pay*), and

At the Proxy holders discretion on such other matters, if any, as may properly come before the Meeting (including any proposal to adjourn the Meeting).

Delivery of Proxy Materials

In accordance with the rules adopted by the Securities and Exchange Commission (the *SEC*), commonly referred to as Notice and Access, we have decided to provide access to our Proxy materials over the internet instead of mailing a printed copy of the materials to every stockholder. Stockholders will not receive printed copies of the Proxy materials unless they request them. Instead, a Notice Regarding the Availability of Proxy Materials (the *Notice*) was mailed to stockholders of record (other than stockholders who previously requested electronic or paper delivery of proxy materials) on or about March 10, 2016. The Notice explains the process to access and review the information contained in the Proxy materials and how to vote their proxies over the internet. In addition, the Notice will provide you the option to instruct us to send our future Proxy materials to you electronically by email. All stockholders will have the ability to access the Proxy materials on a website referred to in the Notice or request to receive a printed set of the Proxy materials.

Table of Contents

For those stockholders who will receive printed copies of the Proxy materials upon request or otherwise, you may receive more than one set of materials, including multiple copies of this Proxy Statement and multiple Proxy cards or voting instruction cards. For example, if you hold your shares in more than one brokerage account, you may receive a separate voting instruction card for each brokerage account in which you hold shares. If you are a stockholder of record and your shares are registered in more than one name, you will receive more than one Proxy Card. Please follow the instructions on your Proxy Card(s) and vote accordingly.

How to Obtain a Separate Set of Proxy Materials

Stockholders may request to receive Proxy materials in printed form by mail or electronically by email on an ongoing basis. Stockholders who sign up to receive Proxy materials electronically will receive an email with links to the materials, which may give them faster delivery of the materials and will help save printing and mailing costs and conserve natural resources. If you choose to receive future Proxy materials by email, you will receive an email next year with instructions containing a link to those materials and a link to the proxy voting site. Your election to receive Proxy materials by email will remain in effect until you terminate it.

For those stockholders who share an address with another stockholder, you may receive only one set of Proxy materials (including our 2015 Annual Report on Form 10-K, Proxy Statement or Notice Regarding the Availability of Proxy Materials, as applicable) unless you have provided contrary instructions. If you wish to receive a separate set of Proxy materials now or in the future, you may write or call us to request a separate copy of these materials from:

Similarly, if you share an address with another stockholder and have received multiple copies of our Proxy materials, you may write or call us at the above address and phone number to request delivery of a single copy of these materials.

Stockholder Proposals

For a stockholder proposal to be considered for inclusion in our Proxy Statement for the annual meeting next year, the written proposal must be received by our Corporate Secretary at our principal executive offices no later than November 12, 2016. If the date of next year's annual meeting is moved more than 30 days before or after the anniversary date of this year's annual meeting, the deadline for inclusion of proposals in the Company's Proxy Statement is instead a reasonable time before SVB Financial Group begins to print and mail its Proxy materials for the annual meeting next year. Such proposals will need to comply with the SEC regulations under Rule 14a-8 regarding the inclusion of stockholder proposals in Company-sponsored proxy materials. Proposals should be addressed to:

Corporate Secretary

SVB Financial Group

Santa Clara, California 95054

Facsimile: (408) 969-6500

For a stockholder proposal that is not intended to be included in our Proxy Statement under Rule 14a-8, the stockholder must deliver a Proxy Statement and form of Proxy to holders of a sufficient number of shares of our Common Stock to approve that proposal, provide the information required by our Bylaws and give timely notice to our Corporate Secretary in accordance with our Bylaws. In general, our Bylaws require that the notice be received by our Corporate Secretary:

Not earlier than the close of business on December 26, 2016, and

Not later than the close of business on January 25, 2017.

However, if the date of the stockholder meeting is moved more than 30 days before or 60 days after the first anniversary of our annual meeting for the prior year, then notice of a stockholder proposal that is not intended to be included in our Proxy Statement under Rule 14a-8 must be received no earlier than the close of business 120 days prior to the meeting and no later than the close of business on the later of the following two dates:

90 days prior to the meeting, and

10 days after public announcement of the meeting date.

Nomination of Director Candidates

You may propose director candidates for consideration by the Board's Governance Committee. Any such recommendations should include the nominee's name and qualifications for Board membership and should be directed to our Corporate Secretary at the address of our principal executive offices set forth above. In addition, our Bylaws permit stockholders to nominate directors for election at an annual stockholder meeting. To nominate a director, the stockholder must deliver a Proxy Statement and form of Proxy to holders of a sufficient number of shares of our Common Stock to elect such nominee and provide the information required by our Bylaws, as well as a statement by the nominee acknowledging that he or she will owe a fiduciary obligation to us and its stockholders. In addition, the stockholder must give timely notice to our Corporate Secretary in accordance with our Bylaws, which, in general, require that the notice be received by our Corporate Secretary within the time period described above under *Stockholder Proposals*.

Table of Contents**APPENDIX A****SVB FINANCIAL GROUP****RECONCILIATION OF GAAP**

The following table provides a summary of non-GAAP core fee income, for the year ended December 31, 2015:

	2015
Noninterest income	
Non-GAAP core fee income (1):	
Foreign exchange fees	\$ 87,007
Credit card fees	56,657
Deposit service charges	46,683
Lending related fees (2)	32,536
Client investment fees	21,610
Letters of credit and standby letters of credit fees	20,889
Total non-GAAP core fee income	265,382
Gains on investment securities, net	89,445
Gains on derivative instruments, net	83,805
Other	34,162
GAAP noninterest income	\$ 472,794

- (1) This non-GAAP measure represents noninterest income, but excludes certain line items where performance is typically subject to market or other conditions beyond our control.
- (2) Lending related fees consists of fee income associated with credit commitments such as unused commitment fees, syndication fees and other loan processing fees.

In discussing our financial performance, we use certain non-GAAP measures. These supplemental performance measures may vary from, and may not be comparable to, similarly titled measures by other companies in our industry. Non-GAAP financial measures are not in accordance with, or an alternative for, GAAP. Generally, a non-GAAP financial measure is a numerical measure of a company's performance that either excludes or includes amounts that are not normally excluded or included in the most directly comparable measure calculated and presented in accordance with GAAP. A non-GAAP financial measure may also be a financial metric that is not required by GAAP or other applicable requirement.

Specifically in this Proxy Statement, we report our non-GAAP core fee income, which is a part of our noninterest income, as reported in accordance with GAAP. We believe this non-GAAP financial measure, when taken together with the corresponding GAAP financial measures (as applicable), provides meaningful supplemental information regarding our performance by excluding from our noninterest income certain line items where performance is

typically subject to market or other conditions beyond our control, such as gains on investment securities and derivative instruments. We use, and believe our investors benefit from referring to, our non-GAAP core fee income in assessing our overall operating results, forecasting and analyzing future periods.

Non-GAAP financial measures should be considered in addition to, not as a substitute for or superior to, financial measures prepared in accordance with GAAP.

SVB FINANCIAL GROUP

1999 EMPLOYEE STOCK PURCHASE PLAN

(As Amended Most Recently by the Compensation Committee of the Board of Directors as of February 9, 2016)

1. PURPOSE.

(a) The purpose of this 1999 Employee Stock Purchase Plan (the **Plan**) is to provide a means by which employees of SVB Financial Group (formerly Silicon Valley Bancshares), a Delaware corporation (the **Company**), and its Affiliates, as defined in subparagraph 1(b), which are designated as provided in subparagraph 2(b), may be given an opportunity to purchase stock of the Company. This 1999 Employee Stock Purchase Plan is intended to replace the Silicon Valley Bancshares 1988 Employee Stock Purchase Plan.

(b) The word **Affiliate** as used in the Plan means any parent corporation or subsidiary corporation of the Company, as those terms are defined in Sections 424(e) and (f), respectively, of the Internal Revenue Code of 1986, as amended (the **Code**).

(c) The Company, by means of the Plan, seeks to retain the services of its employees, to secure and retain the services of new employees, and to provide incentives for such persons to exert maximum efforts for the success of the Company.

(d) The Company intends that the rights to purchase stock of the Company granted under the Plan be considered options issued under an **employee stock purchase plan** as that term is defined in Section 423(b) of the Code.

2. ADMINISTRATION.

(a) The Plan shall be administered by the Board of Directors (the **Board**) of the Company unless and until the Board delegates administration to a Committee, as provided in subparagraph 2(c). Whether or not the Board has delegated administration, the Board shall have the final power to determine all questions of policy and expediency that may arise in the administration of the Plan.

(b) The Board shall have the power, subject to, and within the limitations of, the express provisions of the Plan:

(i) To determine when and how rights to purchase stock of the Company shall be granted and the provisions of each offering of such rights (which need not be identical).

(ii) To designate from time to time which Affiliates of the Company shall be eligible to participate in the Plan and any particular Offering.

(iii) To construe and interpret the Plan and rights granted under it, and to establish, amend and revoke rules and regulations for its administration. The Board, in the exercise of this power, may correct any defect, omission or inconsistency in the Plan, in a manner and to the extent it shall deem necessary or expedient to make the Plan fully effective.

(iv) To amend the Plan as provided in paragraph 13.

(v) Generally, to exercise such powers and to perform such acts as the Board deems necessary or expedient to promote the best interests of the Company and its Affiliates and to carry out the intent that the Plan be treated as an employee stock purchase plan within the meaning of Section 423 of the Code.

(c) The Board may delegate administration of the Plan to a Committee composed of one (1) or more members of the Board (the Committee). If administration is delegated to a Committee, the Committee shall have, in connection with the administration of the Plan, the powers theretofore possessed by the Board, subject, however, to such resolutions, not inconsistent with the provisions of the Plan, as may be adopted from time to time by the Board. The Board may abolish the Committee at any time and revert in the Board the administration of the Plan.

(d) Any interpretation of the Plan by the Board of any decision made by it under the Plan shall be final and binding on all persons.

3. SHARES SUBJECT TO THE PLAN.

(a) Subject to the provisions of paragraph 12 relating to adjustments upon changes in stock, the stock that may be sold pursuant to rights granted under the Plan shall not exceed in the aggregate four million five hundred thousand (4,500,000) shares of the Company's Common Stock (the "Common Stock"). If any right granted under the Plan shall for any reason terminate without having been exercised, the Common Stock not purchased under such right shall again become available for the Plan.

(b) The Common Stock subject to the Plan may be unissued shares or reacquired shares, bought on the market or otherwise.

4. GRANT OF RIGHTS; OFFERING.

(a) The Board or the Committee may from time to time grant or provide for the grant of rights to purchase Common Stock of the Company under the Plan to eligible employees (an "Offering") on a date or dates (the "Offering Date(s)") selected by the Board or the Committee. Each Offering shall be in such form and shall contain such terms and conditions as the Board or the Committee shall deem appropriate, which shall comply with the requirements of Section 423(b)(5) of the Code that all employees granted rights to purchase stock pursuant to the Offering shall have the same rights and privileges. The terms and conditions of an Offering shall be incorporated by reference into the Plan and treated as part of the Plan. The provisions of separate Offerings need not be identical, but each Offering shall include (through incorporation of the provisions of this Plan by reference in the document comprising the Offering or otherwise) the period during which the Offering shall be effective, which period shall not exceed twenty-seven (27) months beginning with the Offering Date, and the substance of the provisions contained in paragraphs 5 through 8, inclusive.

(b) If an employee has more than one (1) right outstanding under the Plan, unless he or she otherwise indicates in agreements or notices delivered hereunder, a right with a lower exercise price (or an earlier-granted right if two (2) rights have identical exercise prices), will be exercised to the fullest possible extent before a right with a higher exercise price (or a later-granted right if two (2) rights have identical exercise prices) will be exercised.

5. ELIGIBILITY.

(a) Rights may be granted only to employees of the Company or, as the Board or the Committee may designate as provided in subparagraph 2(b), to employees of any Affiliate of the Company. Except as provided in subparagraph 5(b), an employee of the Company or any Affiliate shall not be eligible to be granted rights under the Plan unless, on the Offering Date, such employee has been in the employ of the Company or any Affiliate for such continuous period preceding such grant as the Board or the Committee may require, but in no event shall the required period of continuous employment be greater than two (2) years. In addition, unless otherwise determined by the Board or the Committee and set forth in the terms of the applicable Offering, no employee of the Company or any Affiliate shall be eligible to be granted rights under the Plan unless, on the Offering Date, such employee's customary employment with the Company or such Affiliate is for at least twenty (20) hours per week and at least five (5) months per calendar year.

(b) The Board or the Committee may provide that each person who, during the course of an Offering, first becomes an eligible employee of the Company or designated Affiliate will, on a date or dates specified in the Offering which coincides with the day on which such person becomes an eligible employee or occurs thereafter, receive a right under that Offering, which right shall thereafter be deemed to be a part of that Offering. Such right shall have the same characteristics as any rights originally granted under that Offering, as described herein, except that:

(i) the date on which such right is granted shall be the Offering Date of such right for all purposes, including determination of the exercise price of such right;

(ii) the period of the Offering with respect to such right shall begin on its Offering Date and end coincident with the end of such Offering; and

(iii) the Board or the Committee may provide that if such person first becomes an eligible employee within a specified period of time before the end of the Offering, he or she will not receive any right under that Offering.

(c) No employee shall be eligible for the grant of any rights under the Plan if, immediately after any such rights are granted, such employee owns stock possessing five percent (5%) or more of the total combined voting power or value of all classes of stock of the Company or of any Affiliate. For purposes of this subparagraph 5(c), the rules of Section 424(d) of the Code shall apply in determining the stock ownership of any employee, and stock which such employee may purchase under all outstanding rights and options shall be treated as stock owned by such employee.

APPENDICES

Table of Contents

(d) An eligible employee may be granted rights under the Plan only if such rights, together with any other rights granted under employee stock purchase plans of the Company and any Affiliates, as specified by Section 423(b)(8) of the Code, do not permit such employee's rights to purchase stock of the Company or any Affiliate to accrue at a rate which exceeds twenty five thousand dollars (\$25,000) of fair market value of such stock (determined at the time such rights are granted) for each calendar year in which such rights are outstanding at any time.

(e) Officers of the Company and any designated Affiliate shall be eligible to participate in Offerings under the Plan; provided, however, that the Board or the Committee may provide in an Offering that highly compensated employees within the meaning of Section 414(q) of the Code shall not be eligible to participate. In this respect, the Board or the Committee may exclude highly compensated employees with compensation above a certain level or who are officers or subject to the disclosure requirements of Section 16(a) of the Securities Act of 1934, as amended, provided the exclusion is applied with respect to each particular Offering in an identical manner to all highly compensated employees the Company and every Affiliate whose employees are participating in that Offering.

6. RIGHTS; PURCHASE PRICE.

(a) On each Offering Date, each eligible employee, pursuant to an Offering made under the Plan, shall be granted the right to purchase up to the number of shares of Common Stock of the Company purchasable with a percentage designated by the Board or the Committee not exceeding fifteen percent (15%) of such employee's Earnings (as defined in subparagraph 7(a)) during the period which begins on the Offering Date (or such later date as the Board or the Committee determines for a particular Offering) and ends on the date stated in the Offering, which date shall be no later than the end of the Offering. The Board or the Committee shall establish one (1) or more dates during an Offering (the Purchase Date(s)) on which rights granted under the Plan shall be exercised and purchases of Common Stock carried out in accordance with such Offering.

(b) In connection with each Offering made under the Plan, the Board or the Committee may specify a maximum number of shares that may be purchased by any employee as well as a maximum aggregate number of shares that may be purchased by all eligible employees pursuant to such Offering. Unless the Board or the Committee provide otherwise prior to the commencement of an Offering, no employee will be permitted to purchase more than 3,000 shares of Common Stock during an Offering. In addition, in connection with each Offering that contains more than one (1) Purchase Date, the Board or the Committee may specify a maximum aggregate number of shares which may be purchased by all eligible employees on any given Purchase Date under the Offering. If the aggregate purchase of shares upon exercise of rights granted under the Offering would exceed any such maximum aggregate number, the Board or the Committee shall make a pro rata allocation of the shares available in as nearly a uniform manner as shall be practicable and as it shall deem to be equitable.

(c) The purchase price of stock acquired pursuant to rights granted under the Plan shall be not less than the lesser of: (i) an amount equal to eighty-five percent (85%) of the fair market value of the stock on the Offering Date; or (ii) an amount equal to eighty-five percent (85%) of the fair market value of the stock on the Purchase Date.

7. PARTICIPATION; WITHDRAWAL; TERMINATION.

(a) An eligible employee may become a participant in the Plan pursuant to an Offering by delivering an enrollment agreement to the Company within the time specified in the Offering, in such form as the Company provides. Each such agreement shall authorize payroll deductions of up to the maximum percentage specified by the Board or the Committee of such employee's Earnings during the Offering. Earnings is defined as an employee's regular salary or

wages (including amounts thereof elected to be deferred by the employee, that would otherwise have been paid, under any arrangement established by the Company that is intended to comply with Section 125, Section 401(k), Section 402(e)(3), Section 402(h) or section 403(b) of the Code, and also including any deferrals under a non-qualified deferred compensation plan or arrangement established by the Company), and also, if determined by the Board or the Committee and set forth in the terms of the Offering, may include any or all of the following: (i) overtime pay, (ii) commissions, (iii) bonuses, incentive pay, profit sharing and other remuneration paid directly to the employee, and/or (iv) other items of remuneration not specifically excluded pursuant to the Plan. Earnings shall not include the cost of employee benefits paid for by the Company or an Affiliate, education or tuition reimbursements, imputed income arising under any group insurance or benefit program, traveling expenses, business and moving expense reimbursements, income received in connection with stock options or other equity awards, contributions made by the Company or an Affiliate under any employee benefit plan, and similar items of compensation, as determined by the Board or the Committee. Notwithstanding the foregoing, the Board or Committee may modify the definition of Earnings with respect to one or more Offerings as the Board or Committee determines appropriate. may reduce (including to zero) or increase such payroll deductions, and an eligible employee may begin such payroll deductions, after the beginning of any Offering only as provided for in the Offering. A participant may make additional payments into his or her account only if specifically provided for in the Offering and only if the participant has not had the maximum amount withheld during the Offering.

(b) At any time during an Offering, a participant may terminate his or her payroll deductions under the Plan and withdraw from the Offering by delivering to the Company a notice of withdrawal in such form as the Company provides. Such withdrawal may be elected at any time prior to the end of the Offering except as provided by the Board or the Committee in the Offering. Upon such withdrawal from the Offering by a participant, the Company shall distribute to such participant all of his or her accumulated payroll deductions (reduced to the extent, if any, such deductions have been used to acquire stock for the participant) under the Offering, without interest, and such participant's interest in that Offering shall be automatically terminated. A participant's withdrawal from an Offering will have no effect upon such participant's eligibility to participate in any other Offerings under the Plan but such participant will be required to deliver a new enrollment agreement in order to participate in subsequent Offerings under the Plan.

(c) Rights granted pursuant to any Offering under the Plan shall terminate immediately upon cessation of any participating employee's employment with the Company and any designated Affiliate, for any reason, and the Company shall distribute to such terminated employee all of his or her accumulated payroll deductions (reduced to the extent, if any, such deductions have been used to acquire stock for the terminated employee), under the Offering, without interest.

(d) Rights granted under the Plan shall not be transferable by a participant other than by will or the laws of descent and distribution, or by a beneficiary designation as provided in paragraph 14, and during a participant's lifetime, shall be exercisable only by such participant.

8. EXERCISE.

(a) On each Purchase Date specified therefor in the relevant Offering, each participant's accumulated payroll deductions and other additional payments specifically provided for in the Offering (without any increase for interest) will be applied to the purchase of whole shares of stock of the Company, up to the maximum number of shares permitted pursuant to the terms of the Plan and the applicable Offering, at the purchase price specified in the Offering. No fractional shares shall be issued upon the exercise of rights granted under the Plan. The amount, if any, of accumulated payroll deductions remaining in each participant's account after the purchase of shares which is less than the amount required to purchase one share of Common Stock on the final Purchase Date of an Offering shall be held in each such participant's account for the purchase of shares under the next Offering under the Plan, unless such participant withdraws from such next Offering, as provided in subparagraph 7(b), or is no longer eligible to be granted rights under the Plan, as provided in paragraph 5, in which case such amount shall be distributed to the participant after such final Purchase Date, without interest. The amount, if any, of accumulated payroll deductions remaining in any participant's account after the purchase of shares which is equal to the amount required to purchase one or more whole shares of Common Stock on the final Purchase Date of an Offering shall be distributed in full to the participant after such Purchase Date, without interest.

(b) No rights granted under the Plan may be exercised to any extent unless the shares to be issued upon such exercise under the Plan (including rights granted thereunder) are covered by an effective registration statement pursuant to the Securities Act of 1933, as amended (the Securities Act) and the Plan is in material compliance with all applicable state, foreign and other securities and other laws applicable to the Plan. If on a Purchase Date in any Offering

hereunder the Plan is not so registered or in such compliance, no rights granted under the Plan or any Offering shall be exercised on such Purchase Date, and the Purchase Date shall be delayed until the Plan is subject to such an effective registration statement and such compliance, except that the Purchase Date shall not be delayed more than twelve (12) months and the Purchase Date shall in no event be more than twenty-seven (27) months from the Offering Date. If on the Purchase Date of any Offering hereunder, as delayed to the maximum extent permissible, the Plan is not registered and in such compliance, no rights granted under the Plan or any Offering shall be exercised and all payroll deductions accumulated during the Offering (reduced to the extent, if any, such deductions have been used to acquire stock) shall be distributed to the participants, without interest.

(b) The Company shall seek to obtain from each federal, state, foreign or other regulatory commission or agency having jurisdiction over the Plan such authority as may be required to issue and sell shares of stock upon exercise of the rights granted under the Plan. If, after reasonable efforts, the Company is unable to obtain from any such regulatory commission or agency the authority which counsel for the Company deems necessary for the lawful issuance and sale of stock under the Plan, the Company shall be relieved from any liability for failure to issue and sell stock upon exercise of such rights unless and until such authority is obtained.

10. USE OF PROCEEDS FROM STOCK.

11. RIGHTS AS A STOCKHOLDER.

A participant shall not be deemed to be the holder of, or to have any of the rights of a holder with respect to, any shares subject to rights granted under the Plan unless and until the participant's shareholdings acquired upon exercise of rights under the Plan are recorded in the books of the Company (or its transfer agent).

12. ADJUSTMENTS UPON CHANGES IN STOCK.

(a) If any change is made in the stock subject to the Plan, or subject to any rights granted under the Plan (through merger, consolidation, reorganization, recapitalization, stock dividend, dividend in property other than cash, stock split, liquidating dividend, combination of shares, exchange of shares, change in corporate structure or other transaction not involving the receipt of consideration by the Company), the Plan and outstanding rights will be appropriately adjusted in the class(es) and maximum number of shares subject to the Plan and the class(es) and number of shares and price per share of stock subject to outstanding rights. Such adjustments shall be made by the Board or the Committee, the determination of which shall be final, binding and conclusive. (The conversion of any convertible securities of the Company shall not be treated as a transaction not involving the receipt of consideration by the Company.)

(b) In the event of: (1) a dissolution or liquidation of the Company; (2) a sale of all or substantially all of the assets of the Company; (3) a merger or consolidation in which the Company is not the surviving corporation; (4) a reverse merger in which the Company is the surviving corporation but the shares of the Company's Common Stock outstanding immediately preceding the merger are converted by virtue of the merger into other property, whether in the form of securities, cash or otherwise; (5) the acquisition by any person, entity or group within the meaning of Section 13(d) or 14(d) of the Securities Exchange Act of 1934, as amended (the Exchange Act), or any comparable successor provisions (excluding any employee benefit plan, or related trust, sponsored or maintained by the Company or any Affiliate of the Company) of the beneficial ownership (within the meaning of Rule 13d-3 promulgated under the Exchange Act, or comparable successor rule) of securities of the Company representing at least fifty percent (50%) of the combined voting power entitled to vote in the election of directors; or (6) the individuals who, as of the date of the adoption of this Plan, are members of the Board (the Incumbent Board ; if the election, or nomination for election by the Company's stockholders, of a new director was approved by a vote of at least fifty percent (50%) of the members of the Board then comprising the Incumbent Board, such new director shall upon his or her election be considered a member of the Incumbent Board) cease for any reason to constitute at least fifty percent (50%) of the Board; then the Board in its sole discretion may take any action or arrange for the taking of any action among the

13. AMENDMENT OF THE PLAN OR OFFERINGS.

(a) The Board at any time, and from time to time, may amend the Plan or the terms of one or more Offerings. However, except as provided in paragraph 12 relating to adjustments upon changes in stock, no amendment shall be effective unless approved by the stockholders of the Company within twelve (12) months before or after the adoption of the amendment, where the amendment will:

(i) Increase the number of shares reserved for rights under the Plan;

(ii) Modify the provisions as to eligibility for participation in the Plan or an Offering (to the extent such modification requires stockholder approval in order for the Plan to obtain employee stock purchase plan treatment under Section 423 of the Code or to comply with the requirements of Rule 16b-3 promulgated under the Exchange Act, or any comparable successor rule (Rule 16b-3)); or

(iii) Modify the Plan or an Offering in any other way if such modification requires stockholder approval in order for the Plan to obtain employee stock purchase plan treatment under Section 423 of the Code or to comply with the requirements of Rule 16b-3.

It is expressly contemplated that the Board or the Committee may amend the Plan or an Offering in any respect the Board or the Committee deems necessary or advisable to provide eligible employees with the maximum benefits provided or to be provided under the provisions of the Code and the regulations promulgated thereunder relating to employee stock purchase plans and/or to bring the Plan and/or rights granted under an Offering into compliance therewith.

(b) The Board may, in its sole discretion, submit any amendment to the Plan or an Offering for stockholder approval.

(a) A participant may file a written designation of a beneficiary who is to receive any shares and cash, if applicable, from the participant's account under the Plan in the event of such participant's death subsequent to the end of an Offering but prior to delivery to the participant of such shares and cash. In addition, a participant may file a written designation of a beneficiary who is to receive any cash from the participant's account under the Plan in the event of such participant's death during an Offering.

(b) Such designation of beneficiary may be changed by the participant at any time by written notice in the form prescribed by the Company. In the event of the death of a participant and in the absence of a beneficiary validly designated under the Plan who is living (or if an entity, is otherwise in existence) at the time of such participant's death, the Company shall deliver such shares and/or cash to the executor or administrator of the estate of the participant, or if no such executor or administrator has been appointed (to the knowledge of the Company), the Company, in its sole discretion, may deliver such shares and/or cash to the spouse or to any one (1) or more dependents or relatives of the participant, or if no spouse, dependent or relative is known to the Company, then to such other person as the Company may determine.

15. TERMINATION OR SUSPENSION OF THE PLAN.

(a) The Board or the Committee in its discretion may suspend or terminate the Plan at any time. The Plan shall automatically terminate if all the shares subject to the Plan pursuant to subparagraph 3(a) are issued. No rights may be granted under the Plan while the Plan is suspended or after it is terminated.

(b) Rights and obligations under any rights granted while the Plan is in effect shall not be impaired by suspension or termination of the Plan, except as expressly provided in the Plan or with the consent of the person to whom such rights were granted, or except as necessary to comply with any laws or governmental regulation, or except as necessary to ensure that the Plan and/or rights granted under an Offering comply with the requirements of Section 423 of the Code.

16. EFFECTIVE DATE OF PLAN.

The Plan shall become effective on the same day on which the Company's shareholders approve the Plan pursuant to vote of the shareholders held at the duly noticed Annual Shareholders Meeting in 1999.
