We are pleased to invite you to our 2016 Annual Meeting, which will be held at CorVel's principal executive offices at 2010 Main Street, Suite 600, Irvine, California 92614, on Thursday, August 4, 2016, at 1:00 p.m. Pacific Daylight Time. Voting on election of directors and other matters is also scheduled. The items to be voted on at the 2016 Annual Meeting are addressed in the Notice of Annual Meeting of Stockholders and Proxy Statement.

Important Notice Regarding the Availability of Proxy Materials for the Annual Stockholder Meeting to Be Held on August 4, 2016: The Notice of Annual Meeting of Stockholders, Proxy Statement and Annual Report on Form 10-K are available at <https://materials.proxyvote.com/221006>.

We are pleased to provide proxy materials to our stockholders over the Internet, which we believe will lower the costs of delivering such materials while also reducing the environmental impact of printing and mailing. Consequently, stockholders will not receive paper copies of our proxy materials unless they request them. We will send stockholders a notice with instructions for accessing the proxy materials and voting via the Internet. The notice also provides information on how to receive a paper copy of the Annual Meeting materials, if they so choose.

Your vote is important. Whether or not you plan to attend the 2016 Annual Meeting, please vote as soon as possible to ensure that your shares will be represented and voted at the 2016 Annual Meeting. If you later decide to attend the Annual Meeting and wish to change your vote, you may do so simply by voting in person at the meeting. If you are a beneficial owner of our stock and wish to vote at the 2016 Annual Meeting, you will need to obtain a legal proxy from your bank or broker and bring this legal proxy to the meeting. If you hold your shares in the name of a broker, bank or other nominee, your nominee may determine to vote your shares at its own discretion, absent instructions from you. However, due to voting rules that may prevent your bank or broker from voting your uninstructed shares on a discretionary basis in the election of directors and on other non-routine matters, it is important that you cast your vote. Accordingly, please provide appropriate voting instructions to your broker or bank to ensure your vote will count.

We look forward to seeing you at our 2016 Annual Meeting.

Sincerely,

V. Gordon Clemons,

Chairman of the Board

the stockholder of record and you have the right to vote in person at the Annual Meeting. If your shares are held in the name of your broker or other nominee, you are considered the beneficial owner of shares held in street name. You may revoke your proxy at any time prior to the closing of the polls at the Annual Meeting. If you attend the Annual Meeting and you choose to vote in person at the Annual Meeting by ballot, your proxy will be revoked automatically and only your vote at the Annual Meeting will be counted. If you hold your shares in the name of a broker, bank or other nominee, please provide appropriate voting instructions to that nominee. Absent such instructions, your nominee may determine to vote your shares at its own discretion. However, due to voting rules that may prevent your bank or broker from voting your uninstructed shares on a discretionary basis in the election of directors and on other non-routine matters, it is important that you cast your vote. Accordingly, please provide appropriate voting instructions to your broker or bank to ensure your vote will count. If you wish to attend the Annual Meeting and vote shares held for you by a nominee, please be sure to obtain a legal proxy from that nominee allowing you to cast your vote in person.

The holders of a majority of the outstanding shares of our Common Stock entitled to vote must be present in person or represented by proxy at the Annual Meeting in order to constitute a quorum for the transaction of business. Please vote as soon as possible in order to ensure that a quorum is obtained and to avoid the additional cost to us of adjourning the Annual Meeting until a later time and re-soliciting proxies.

PROXY STATEMENT

Proxies are being solicited on behalf of our Board of Directors for use at the 2016 Annual Meeting of stockholders, which will be held at our principal executive offices located at 2010 Main Street, Suite 600, Irvine, California 92614, on Thursday, August 4, 2016, at 1:00 p.m. Pacific Daylight Time, and at any adjournment(s) or postponement(s) thereof. Stockholders of record at the close of business on June 15, 2016 are entitled to notice of and to vote at the Annual Meeting and any adjournment(s) or postponement(s) of that meeting. A list of stockholders entitled to vote at the Annual Meeting will be available for inspection at our principal executive offices and at the Annual Meeting.

On June 15, 2016, the record date for determination of stockholders entitled to notice of and to vote at the Annual Meeting, there were 19,605,444 shares of our Common Stock outstanding and approximately 1,038 holders of record according to information provided by our transfer agent. No shares of our preferred stock were outstanding as of June 15, 2016. Each stockholder is entitled to one vote on all matters brought before the Annual Meeting for each share of our Common Stock held by such stockholder on the record date. Stockholders may not cumulate votes in the election of directors.

The presence at the Annual Meeting, either in person or by proxy, of holders of a majority of the outstanding shares of our Common Stock entitled to vote will constitute a quorum for the transaction of business. In the election of directors under Proposal One, the six nominees receiving the highest number of affirmative votes shall be elected. The affirmative vote of the holders of our Common Stock representing a majority of the voting power present or represented by proxy at the Annual Meeting and entitled to vote is being sought for approval of Proposal Two.

All votes will be tabulated by our inspector of election appointed for the Annual Meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes (i.e., shares held by a broker, bank or other nominee that are represented at the Annual Meeting, but with respect to which such broker, bank or other nominee is not instructed to vote on a particular proposal and does not have discretionary voting power). Abstentions and broker non-votes are counted as present for purposes of determining whether a quorum exists for the transaction of business at the Annual Meeting, but broker non-votes will not be counted for purposes of determining the number of votes cast with respect to the particular proposal on which the broker has expressly not voted. With regard to Proposal One, broker non-votes and votes marked withheld will not be counted towards the tabulations of votes cast on such proposal presented to the stockholders, will not have the effect of negative votes, and will not affect the outcome of the election of directors. With regard to Proposal Two, abstentions will be counted towards the tabulations of votes cast on such proposal presented to the stockholders and will have the same effect as negative votes, whereas broker non-votes will not be counted for purposes of determining whether such proposal has been approved and will not have the effect of negative votes.

If your shares are held by a bank or broker in street name, it is important that you cast your vote if you want it to count in the election of directors and any other non-routine matters proposed in this proxy statement. Voting rules may prevent your bank or broker from voting your uninstructed shares on a discretionary basis in the election of directors and any other non-routine matters. Accordingly, if your shares are held by a bank or broker in street name and you do not instruct your bank or broker how to vote in the election of directors and any other non-routine matters proposed in this proxy statement, no votes will be cast on your behalf. Your bank or broker will, however, continue to have discretion to vote any uninstructed shares on routine matters, such as the ratification of the appointment of our independent registered public accounting firm and other matters determined by the NYSE to be routine.

If a proxy is properly signed and returned, the shares represented thereby will be voted at the Annual Meeting in accordance with the instructions specified thereon. If the proxy does not specify how the shares represented thereby are to be voted, the proxy will be voted **FOR** the election of the directors in Proposal One unless the authority to vote for the election of such directors is withheld and, if no contrary instructions are given, the proxy will be voted as recommended by our Board of Directors with respect to Proposal Two described in the accompanying Notice and this Proxy Statement. In their discretion, the proxies named on the proxy will be authorized to vote upon any other matter that may properly come before the Annual Meeting or any adjournment(s) or postponement(s) thereof. A proxy may be revoked or changed at or prior to the Annual Meeting by delivery of a written revocation or by presentation of another properly signed proxy with a later date to our Secretary at our principal executive offices at 2010 Main Street, Suite 600, Irvine, California 92614, or by attendance at the Annual Meeting and voting in person by ballot. Your attendance at the Annual Meeting will not automatically revoke your proxy unless you affirmatively indicate at the Annual Meeting your intention to vote your shares in person. Please note, however, that if your shares are held of record by a broker, bank or other nominee and you wish to vote in person at the Annual Meeting, you must obtain from the record holder a legal proxy issued in your name.

Important Notice Regarding the Availability of Proxy Materials for the Annual Stockholder Meeting to Be Held on August 4, 2016: The Notice of Annual Meeting of Stockholders, Proxy Statement and Annual Report on Form 10-K are available at <https://materials.proxyvote.com/221006>.

Notice regarding the Internet availability of these proxy materials was first sent or given on or about June 24, 2016, to stockholders of record on the record date.

While our proxy solicitation materials are available on the Internet, we will provide, without charge, copies of our annual report on Form 10-K to each stockholder of record as of the Record Date that requests a copy in writing. Any exhibits listed in the annual report on Form 10-K report also will be furnished upon request at the actual expense we incur in furnishing such exhibit. Any such requests should be directed to our Secretary at our executive offices set forth above.

INTERNET AVAILABILITY OF PROXY MATERIALS

In accordance with the rules of the Securities and Exchange Commission (SEC), we are using the Internet as our primary means of furnishing proxy materials to stockholders. Consequently, stockholders will not receive paper copies of our proxy materials unless they request them. We will send stockholders a Notice of Internet Availability of Proxy Materials with instructions for accessing the proxy materials, including our proxy statement and annual report, and voting via the Internet. The Notice of Internet Availability of Proxy Materials also provides information on how stockholders may obtain paper copies of our proxy materials if they so choose. This makes the proxy distribution process more efficient and less costly, and helps conserve natural resources. If you previously elected to receive our proxy materials electronically, these materials will continue to be sent via email unless you change your election.

Our principal executive offices are located at 2010 Main Street, Suite 600, Irvine, California 92614. Our telephone number is (949) 851-1473.

MATTERS TO BE CONSIDERED AT THE ANNUAL MEETING

PROPOSAL ONE

Six individuals have been nominated to serve as our directors. Our stockholders are being asked to elect these nominees to the Board at the Annual Meeting. Our Nomination and Governance Committee selected and recommended, and the Board, including its independent directors, approved the nomination of each of the six individuals listed below for election to serve for a one-year term ending on the date of our next annual meeting of stockholders or until his or her successor has been duly elected and qualified. The term may be shorter if such individual resigns, becomes disqualified or disabled, or is otherwise removed. If these nominees are elected, the Board will consist of six persons and there will be one vacancy on the Board. The Board may fill such vacancy at any time during the year.

Unless otherwise instructed or unless the proxy is marked withheld, the proxy holders will vote the proxies received by them FOR the election of each of the nominees named below. Each such nominee is currently serving as a director and has indicated his or her willingness to continue to serve as a director if elected. In the event that any such nominee becomes unable or declines to serve at the time of the Annual Meeting, the proxy holders may exercise discretionary authority to vote for a substitute person selected and recommended by our Nomination and Governance Committee and approved by the Board.

Corporate Governance, Board Composition and Board Committees

Independent Directors

The Board has determined that each of our current directors other than Mr. Clemons qualifies as an independent director in accordance with the published listing requirements of The Nasdaq Stock Market LLC. The Nasdaq independence definition includes a series of objective tests, such as that the director is not also one of our employees and has not engaged in various types of business dealings with us. In addition, as further required by the Nasdaq rules, the Board has made a subjective determination as to each independent director that no relationships exist which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In making these determinations, our directors reviewed and discussed information provided by us and our directors with regard to each director's business and personal activities as they may relate to us and our management.

Board Leadership Structure, Risk Oversight and Diversity

The Board does not have a policy regarding the separation of the roles of the Chief Executive Officer and Chairman of the Board as the Board believes it is in the best interest of the Company to make that determination based on the position and direction of the Company and the membership of the Board from time to time. The Board has determined that having the Company's current Chief Executive Officer serve as the Chairman is currently in the best interest of the Company as this structure provides leadership continuity, makes the best use of the Chairman's extensive knowledge of the Company and its industry, and fosters greater communication between the Company's management and the Board, while facilitating robust director, Board, and CEO evaluation processes.

In determining that we are best served by having Mr. Clemons serve as Chairman of the Board, our board considered the benefits of having the current Chief Executive Officer serve as a bridge between management and our board, ensuring that both groups act with a common purpose. Our board also considered Mr. Clemons' knowledge regarding our operations and the industries and markets in which we compete and his ability to promote communication, to synchronize activities between our board and our senior management and to provide consistent leadership to both our board and our company in coordinating the strategic objectives of both groups.

The Company does, however, have a policy that if the Chairman of the Board of the Company does not qualify as an independent director, the independent directors of the Board will select one of the independent directors to be the Lead Independent Director. Since the Chairman of the Board/CEO is currently involved in the day-to-day operations of the Company, the Board of Directors has designated Mr. Jessup as the Lead Independent Director. The Lead Independent Director has the following duties and responsibilities: (a) acting as Chair of the meetings of the independent directors; (b) working with the Chairman of the Board/CEO and Corporate Secretary to ensure the Board has adequate resources, especially by way of full, timely and relevant information to support its decision-making requirements; (c) serving as a conduit of information between the independent directors and the Chairman of the Board/CEO and other members of management; (d) reviewing annually the purpose of the Committees of the Board and through the Nomination and Governance Committee, recommending to the Board any changes deemed necessary or desirable to the purpose of the Committees and whether any Committees should be created or discontinued; (e) being available as a resource to consult with other Board members on corporate governance practices and policies; and (f) such other responsibilities and duties as the Board shall designate. The Board believes that this current leadership structure, in which the office of Chairman is held by one individual and an independent director acts as Lead Independent Director, provides for dynamic Board leadership and enhances the Company's ability to execute its business and strategic plans, while maintaining strong independence for Board decisions and oversight.

Our board oversees an enterprise-wide approach to risk management that is designed to support the achievement of organizational objectives, including strategic objectives, to improve long-term organizational performance and enhance stockholder value. A fundamental part of risk management is not only understanding the risks a

company faces and what steps management is taking to manage those risks, but also understanding what level of risk is appropriate for us. In setting our business strategy, our board assesses the various risks being mitigated by management and determines what constitutes an appropriate level of risk for us.

While our board has the ultimate oversight responsibility for the risk management process, various committees of our board also have responsibility for risk management. In particular, the Audit Committee focuses on financial risk, including internal controls. Risks related to our compensation programs are reviewed by the Compensation Committee and legal and regulatory compliance risks are reviewed by the Nomination and Governance Committee. Our board is advised by the committees of significant risks and management's response through periodic updates.

We believe that our compensation policies and practices do not create inappropriate or unintended significant risk to the Company as a whole. We also believe that our incentive compensation arrangements provide incentives that do not encourage risk-taking beyond the organization's ability to effectively identify and manage significant risks; are compatible with effective internal controls and the risk management practices of CorVel; and are supported by the oversight and administration of the Compensation Committee with regard to executive compensation programs.

We believe that our Board as a whole should encompass a range of talent, skill, diversity and expertise enabling it to provide sound guidance with respect to our operations and interests. In addition to considering a candidate's background and accomplishments, our nomination and governance committee reviews candidates in the context of the current composition of the Board and the evolving needs of our business. Our Board has adopted a formal policy with regard to the consideration of diversity in identifying director nominees and as a result, the nomination and governance committee strives to nominate directors with a variety of complementary skills and backgrounds so that as a group, our Board will possess the appropriate talent, skills, insight and expertise to oversee our business. Our Board assesses its overall effectiveness through an annual evaluation process. This evaluation includes, among other things, an assessment of the overall composition of the Board, including the diversity of its members.

Board Structure and Committees

The Board has established an audit committee, a compensation committee and a nomination and governance committee. The Board and its committees set schedules to meet throughout the year, and also can hold special meetings and act by written consent from time to time as appropriate. The independent directors of the Board also hold separate regularly scheduled executive session meetings at least twice a year at which only independent directors are present. The Board has delegated various responsibilities and authority to its committees as generally described below. The committees regularly report on their activities and actions to the full Board. Each member of each committee of the Board qualifies as an independent director in accordance with the Nasdaq standards described above. Each committee of the Board has a written charter approved by the Board. A copy of each charter is posted on our website at <http://www.corvel.com> under the Investor Relations section. The inclusion of any website address in this Proxy Statement does not include or incorporate by reference the information on that website into this Proxy Statement or our Annual Report on Form 10-K.

Audit Committee

The audit committee of the Board reviews and monitors our corporate financial statements and reporting and our internal and external audits, including, among other things, our internal controls and audit functions, the results and scope of the annual audit and other services provided by our independent registered public accounting firm and our compliance with legal matters that have a significant impact on our financial statements. Our audit committee also consults with our management and our independent registered public accounting firm prior to the presentation of financial statements to stockholders and, as appropriate, initiates inquiries into aspects of our financial affairs.

Our audit committee has established procedures for the receipt, retention and treatment of complaints regarding accounting, internal accounting controls or auditing matters, and for the confidential, anonymous submission by our employees of concerns regarding accounting or auditing matters. In addition, our audit committee is directly responsible for the appointment, retention, compensation and oversight of the work of our independent registered public accounting firm, including approving services and fee arrangements. In accordance with the audit committee's charter and policies regarding transactions with related persons, all related person transactions are approved or ratified by our audit committee. Please see the information set forth under the heading "Policies and Procedures for Related Person Transactions" in this Proxy Statement for additional details about our policies regarding related person transactions. The current members of our audit committee are Messrs. Hamerslag, Hoops and Jessup. The audit committee held four meetings by telephonic conference calls during fiscal 2016.

In addition to qualifying as independent under the Nasdaq rules described above, each member of our audit committee can read and understand fundamental financial statements, and each member currently qualifies as independent under special standards established by the SEC for members of audit committees. Our audit committee includes at least one member who has been determined by the Board to meet the qualifications of an audit committee financial expert in accordance with SEC rules. Mr. Hamerslag is the independent director who has been determined to be an audit committee financial expert. Stockholders should understand that this designation is a disclosure requirement of the SEC related to Mr. Hamerslag's experience and understanding with respect to certain accounting and auditing matters. In this regard, please refer to the biography of Mr. Hamerslag appearing above. The designation does not impose on Mr. Hamerslag any duties, obligations or liability that are greater than are generally imposed on him as a member of our audit committee and the Board, and his designation as an audit committee financial expert pursuant to this SEC requirement does not affect the duties, obligations or liability of any other member of our audit committee or Board.

Compensation Committee

The compensation committee of the Board reviews and approves our general compensation policies and all forms of compensation to be provided to our executive officers and directors, including, among other things, annual salaries, bonuses, and stock option and other incentive compensation arrangements. In addition, our compensation committee administers the CorVel Corporation 1991 Employee Stock Purchase Plan and the CorVel Corporation Restated Omnibus Incentive Plan (Formerly The Restated 1988 Executive Stock Option Plan), including reviewing and granting stock options. Our compensation committee also reviews and approves various other issues related to our compensation policies and matters. The compensation committee may form, and delegate any of its responsibilities to, a subcommittee so long as such subcommittee consists solely of at least two independent members of the compensation committee. The current members of our compensation committee are Messrs. Hoops and Michael and Ms. Macino. The compensation committee held one meeting and acted by unanimous written consent nine times during fiscal 2016.

Risk Assessment in Compensation Programs. We have assessed our compensation programs and have concluded that our compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company. Our management assessed the Company's executive and broad-based compensation and benefits programs to determine if the programs' provisions and operations create undesired or unintentional risk of a material nature. This risk assessment process included a review of program policies and practices; program analysis to identify risk and risk control related to the programs; and determinations as to the sufficiency of risk identification, the balance of potential risk to potential reward, risk control, and the support of the programs and their risks to Company strategy. Although we reviewed all compensation programs, we focused on the programs with variability of payout, with the ability of a participant to directly affect payout and the controls on participant action and payout. Our egalitarian culture supports the use of base salary, performance-based compensation, and retirement plans that are generally uniform in design and operation throughout the Company and with all levels of employees. In most cases, the compensation policies and practices are centrally designed and administered, and are substantially identical at each business unit. Field sales personnel are paid a base salary and a sales commission, but all of our executive officers are paid under the

programs and plans for non-sales employees. Certain internal groups have different or supplemental compensation programs tailored to their specific operations and goals.

Based on the foregoing, we believe that our compensation policies and practices do not create inappropriate or unintended significant risk to the Company as a whole. We also believe that our incentive compensation arrangements provide incentives that do not encourage risk-taking beyond the organization's ability to effectively identify and manage significant risks; are compatible with effective internal controls and the risk management practices of CorVel; and are supported by the oversight and administration of the Compensation Committee with regard to executive compensation programs.

Nomination and Governance Committee

The nomination and governance committee of the Board reviews and reports to the Board on a periodic basis with regard to matters of corporate governance, and reviews, assesses and makes recommendations on the effectiveness of our corporate governance policies. In addition, the nomination and governance committee reviews and makes recommendations to the Board regarding the size and composition of the Board and the appropriate qualities and skills required of our directors in the context of the then current make-up of the Board. This includes an assessment of each candidate's independence, personal and professional integrity, diversity, financial literacy or other professional or business experience relevant to an understanding of our business, ability to think and act independently and with sound judgment, and ability to serve us and our stockholders' long-term interests. These factors, and others as considered useful by our nomination and governance committee, are reviewed in the context of an assessment of the perceived needs of the Board at a particular point in time. As a result, the priorities and emphasis of the nomination and governance committee and of the Board may change from time to time to take into account changes in business and other trends, and the portfolio of skills and experience of current and prospective directors. The nomination and governance committee has a formal policy with respect to diversity in identifying director nominees and, as indicated above, diversity is one factor in the total mix of information our Board considers when evaluating director candidates.

The nomination and governance committee leads the search for and selects, or recommends that the Board select, candidates for election to the Board (subject to legal rights, if any, of third parties to nominate or appoint directors). Consideration of new director candidates typically involves a series of committee discussions, review of information concerning candidates and interviews with selected candidates. Candidates for nomination to the Board typically have been suggested by other members of the Board or by our executive officers. From time to time, the nomination and governance committee may engage the services of a third-party search firm to identify director candidates. Each of the current nominees is standing for re-election at the Annual Meeting. The nomination and governance committee selected these candidates and recommended their nomination to the Board. The nomination and governance committee has not received any nominations from any stockholders in connection with this Annual Meeting. The current members of our nomination and governance committee are Messrs. Hamerslag and Michael. The nomination and governance committee held one meeting during fiscal 2016.

Although the nomination and governance committee does not have a formal policy on stockholder nominations, it will consider candidates proposed by stockholders of any outstanding class of our capital stock entitled to vote for the election of directors, provided such proposal is in accordance with the procedures set forth in Article II, Section 12 of our Bylaws and in the charter of the nomination and governance committee. Nominations by eligible stockholders must be preceded by notification in writing addressed to the Chairman of the nomination and governance committee, care of our Secretary, at 2010 Main Street, Suite 600, Irvine, California 92614, not later than (i) with respect to an election to be held at an annual meeting of stockholders, ninety (90) days prior to the anniversary date of the immediately preceding annual meeting, or (ii) with respect to the election to be held at a special meeting of stockholders for the election of directors, the close of business on the tenth day following the date on which notice of such meeting is first given to stockholders. Our Bylaws and the charter of the nomination and governance committee require that such notification shall contain the written consent of each proposed

nominee to serve as a director if so elected and the following information as to each proposed nominee and as to each person, acting alone or in conjunction with one or more other persons as a partnership, limited partnership, syndicate or other group, who participates or is expected to participate in making such nomination or in organizing, directing or financing such nomination or solicitation of proxies to vote for the nominee: (a) the name and address of the nominee; (b) the name and address of the stockholder making the nomination; (c) a representation that the nominating stockholder is a stockholder of record of our stock entitled to vote at the next annual meeting and intends to appear in person or by proxy at such meeting to nominate the person specified in the notice; (d) the nominee's qualifications for membership on the Board of Directors; (e) all of the information that would be required in a proxy statement soliciting proxies for the election of the nominee as a director pursuant to the rules and regulations of the United States Securities and Exchange Commission; (f) a description of all direct or indirect arrangements or understandings between the nominating stockholder and the nominee and any other person or persons (naming such person or persons) pursuant to whose request the nomination is being made by the stockholder; (g) all other companies to which the nominee is being recommended as a nominee for director; and (h) a signed consent of the nominee to cooperate with reasonable background checks and personal interviews, and to serve as one of our directors, if elected.

All such recommendations will be brought to the attention of our nomination and governance committee. Candidates proposed by stockholders will be evaluated by our nomination and governance committee using the same criteria as for all other candidates.

Board and Committee Meetings

The Board held four meetings in person and acted by unanimous written consent one time during fiscal 2016. Each director attended or participated in 75% or more of the aggregate of (i) the total number of meetings of the Board and (ii) the total number of meetings held by all committees of the Board on which such director served during fiscal 2016. Although we do not have a formal policy regarding attendance by members of the Board at our annual meetings of stockholders, directors are encouraged and expected to attend each of our annual meetings of stockholders in addition to each meeting of the Board and of the committees on which he or she serves, except where the failure to attend is due to unavoidable circumstances or schedule conflicts. All of our directors attended our 2015 annual meeting of stockholders.

Code of Ethics and Business Conduct

The Board has adopted a code of ethics and business conduct that applies to all of our employees, officers and directors. The full text of our code of ethics and business conduct is posted on our web site at <http://www.corvel.com> under the Investor Relations section. We intend to disclose future amendments to certain provisions of our code of ethics and business conduct, or waivers of such provisions, applicable to our directors and executive officers, at the same location on our web site identified above. The inclusion of any web site address in this proxy statement does not include or incorporate by reference the information on that web site into this proxy statement or our Annual Report on Form 10-K.

Communications from Stockholders to the Board

The Board has implemented a process by which stockholders may send written communications to the attention of the Board, any committee of the Board or any individual Board member, care of our Secretary at 2010 Main Street, Suite 600, Irvine, CA 92614. This centralized process assists the Board in reviewing and responding to stockholder communications in an appropriate manner. The name of any specific intended Board recipient should be noted in the communication. Our Secretary, with the assistance of our Vice President of Legal Services, is primarily responsible for collecting, organizing and monitoring communications from stockholders and, where appropriate depending on the facts and circumstances outlined in the communication, providing copies of such communications to the intended recipients. Communications will be forwarded to directors if they relate to appropriate and important substantive corporate or board matters. Communications that are of a commercial or

frivolous nature or otherwise inappropriate for the Board's consideration will not be forwarded to the Board. Any communications not forwarded to the Board will be retained for a period of three months and made available to any of our independent directors upon their general request to view such communications. There were no changes in this process in fiscal 2016.

Stockholder Approval

Directors are elected by a plurality of the votes present or represented by proxy at the Annual Meeting and entitled to vote. The six nominees receiving the highest number of affirmative votes cast at the Annual Meeting will be our elected directors.

THE BOARD RECOMMENDS A VOTE FOR EACH OF THE NOMINEES NAMED ABOVE.

PROPOSAL TWO

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC

ACCOUNTING FIRM

The Audit Committee has appointed Haskell & White LLP to serve as our independent registered public accounting firm for the fiscal year ending March 31, 2017, and our stockholders are being asked to ratify this appointment. Stockholder ratification of the appointment of Haskell & White LLP as our independent registered public accounting firm is not required by our Bylaws or other applicable legal requirement. However, the Board is submitting the Audit Committee's appointment of Haskell & White LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the appointment by an affirmative vote of the holders of a majority of the Common Stock present or represented at the meeting and entitled to vote, the Audit Committee may reconsider whether to retain Haskell & White LLP as our independent registered public accounting firm. Even if the appointment is ratified, the Audit Committee in its discretion may direct the appointment of a different independent accounting firm at any time during the year if it determines that such a change would be in the best interest of us and our stockholders.

Representatives of Haskell & White LLP attended or participated by telephone in all meetings of the Audit Committee held during fiscal 2016. We expect that representatives of Haskell & White LLP will attend the Annual Meeting, will have the opportunity to make a statement if they so desire and will be available to respond to appropriate questions posed by stockholders.

Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

The Audit Committee pre-approves and reviews audit and permissible non-audit services performed by our independent registered public accounting firm as well as the fees charged by our independent registered public accounting firm for such services. In its pre-approval and review of permissible non-audit service fees, the Audit Committee considers, among other factors, the possible effect of the performance of such services on the auditors' independence. Under certain de minimis circumstances described in the rules and regulations of the Securities and Exchange Commission, the Audit Committee may approve permissible non-audit services prior to the completion of the audit in lieu of pre-approving such services.

The Audit Committee has determined that Haskell & White LLP did not provide any non-audit services in fiscal 2016, thus Haskell & White LLP maintained its independence.

Stockholder Approval

The affirmative vote of a majority of the shares of the Common Stock present or represented by proxy at the Annual Meeting and entitled to vote is being sought for ratification of the appointment of Haskell & White LLP as our independent registered public accounting firm for the fiscal year ending March 31, 2017.

THE BOARD RECOMMENDS A VOTE FOR RATIFICATION OF THE APPOINTMENT OF HASKELL & WHITE LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING MARCH 31, 2017.

OTHER MATTERS

Management does not know of any other matters to be brought before the Annual Meeting. If any other matter is properly presented for consideration at the Annual Meeting, it is intended that the proxies will be voted by the persons named therein in accordance with the Board of Directors' recommendation. Discretionary authority with respect to such other matters is granted by the execution of the enclosed proxy.

AUDIT COMMITTEE REPORT

The information contained in this Audit Committee Report shall not be deemed to be soliciting material or to be filed or incorporated by reference into any filings with the Securities and Exchange Commission, or subject to the liabilities of Section 18 of the Securities Exchange Act of 1934, as amended, except to the extent that we specifically incorporate it by reference into a document filed under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended.

The Audit Committee carries out its responsibilities pursuant to its written charter, and the members of the fiscal year 2016 Audit Committee have prepared and submitted this Audit Committee report. Each Audit Committee member is considered independent because each member satisfies the independence requirements for board members prescribed by the applicable rules of Nasdaq and Rule 10A-3 of the Securities Exchange Act of 1934, as amended.

Among other things, the Audit Committee oversees CorVel's financial reporting process on behalf of the Board. Management has the primary responsibility for the financial statements and the reporting process, including the system of internal control over financial reporting. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed with management CorVel's audited financial statements in the Annual Report on Form 10-K for the fiscal year ended March 31, 2016, including a discussion of the quality, not just the acceptability, of the accounting principles; the reasonableness of significant judgments; and the clarity of disclosures in the financial statements; and management's assessment of CorVel's internal control over financial reporting.

The Audit Committee also reviewed and discussed with the independent registered public accounting firm, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of CorVel's accounting principles and such other matters as are required to be discussed with audit committees by Statement on Auditing Standards No. 61, *Communication With Audit Committees*, as may be amended, modified or supplemented (AICPA, Professional Standards, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T, as well as the matters required to be discussed by Auditing Standard No. 16 as adopted by the Public Company Accounting Oversight Board. In addition, the audit committee discussed with the independent registered public accounting firm their independence from management and CorVel, and has received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent auditor's communications with the audit committee concerning independence. Throughout the year and prior to the performance of any such services the Audit Committee also considered the compatibility of potential non-audit services with the auditors' independence.

The Audit Committee discussed with CorVel's independent registered public accounting firm their overall approach, scope and plans for the audit. At the conclusion of the audit, the Audit Committee met with the independent registered public accounting firm, with and without management present, to discuss the results of their examination, their evaluation of CorVel's internal control over financial reporting and the overall quality of CorVel's financial reporting.

In reliance on the reviews and discussions referred to above, the audit committee recommended to the board (and the board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended March 31, 2016, for filing with the Securities and Exchange Commission.

The Audit Committee has also recommended the selection of Haskell & White LLP as the independent registered public accounting firm for the fiscal year ending March 31, 2017.

Executive Compensation

Compensation Discussion and Analysis

The following discussion and analysis of our compensation practices and related compensation information should be read in conjunction with the Summary Compensation table and other tables included in this proxy statement, as well as our financial statements and management's discussion and analysis of financial condition and results of operations included in our Annual Report on Form 10-K for the fiscal year ended March 31, 2016. The following discussion includes statements of judgment and forward-looking statements that involve risks and uncertainties. These forward-looking statements are based on our current expectations, estimates and projections about our industry, our business, compensation, management's beliefs, and certain assumptions made by us, all of which are subject to change. Forward-looking statements can often be identified by words such as anticipates, expects, intends, plans, predicts, believes, seeks, estimates, may, will, should, potential, continue, ongoing, similar expressions, and variations or negatives

of these words and include, but are not limited to, statements regarding projected performance and compensation. Actual results could differ significantly from those projected in the forward-looking statements as a result of certain factors, including, but not limited to, the risk factors discussed in our Annual Report on Form 10-K for the fiscal year ended March 31, 2016. We assume no obligation to update the forward-looking statements or such risk factors.

Introduction

It is the responsibility of the compensation committee of our board of directors to oversee our general compensation policies; to determine the base salary and bonus to be paid each year to each of our executive officers; to oversee our compensation policies and practices as they relate to our risk management; and to determine the compensation to be paid each year to our directors for service on our board of directors and the various committees of our board of directors. In addition, the compensation committee administers our Restated Omnibus Incentive Plan (formerly the Restated 1988 Executive Stock Option Plan) with respect to stock option grants or other equity-based awards. The three broad components of our executive officer compensation are base salary, annual cash incentive awards, and long term equity-based incentive awards. The compensation committee periodically reviews total compensation levels and the allocation of compensation among these three components for each of the executive officers in the context of our overall compensation policy. Additionally, the compensation committee, in conjunction with our board, reviews the relationship of executive compensation to corporate performance and relative stockholder return. The compensation committee believes that our current compensation plans are competitive and reasonable. Below is a description of the general policies and processes that govern the compensation paid to our executive officers, as reflected in the accompanying compensation tables.

General Compensation Philosophy

We operate in the medical cost containment and managed care industry. The compensation committee believes that our compensation programs for executive officers should: (a) be designed to attract, motivate and retain talented executives, (b) be competitive, and (c) reward individuals based on the achievement of designated financial targets, individual contribution, and financial performance relative to that of our competitors and market indices. Our philosophy is to focus more on equity compensation (in particular, to incentivize service within a five year timeframe for time-vesting stock options) than on annual base compensation because we believe that approach more closely aligns the interests of our executive officers with those of our stockholders. Within this philosophy, the compensation committee's objectives are to:

Offer a total compensation program that takes into consideration the compensation practices of other managed care companies of similar size with which we compete for executive talent;

Tie an individual's total compensation to individual and profit center performance as well as our overall financial success;

Provide annual cash incentive awards that take into account our overall financial performance in terms of designated corporate objectives; and

Strengthen the alignment of the interests of our executive officers with those of our stockholders by providing significant equity-based, long-term incentive awards.

Compensation Components and Process

The compensation committee's conclusions on the compensation levels for our executive officers are based in large part on input from our chief executive officer, who uses survey data provided by Mercer for companies in the services sector with target revenue for the upcoming fiscal year similar to CorVel. While the survey data reviewed by our chief executive officer includes the market 50th percentile targets for base salary, annual bonus

and long-term incentive compensation opportunities for the covered companies, this data is not used as a strict benchmark, but rather as a market check for the recommendations made to our compensation committee. The compensation committee discusses the compensation recommendations made by our chief executive officer prior to their adoption.

The compensation committee considered fiscal 2016 executive compensation on May 7, 2015, July 1, 2015, August 6, 2015, November 5, 2015 and February 4, 2016, and fiscal year 2015 executive compensation on May 8, 2014, August 4, 2014, November 10, 2014 and February 5, 2015. The material considered by the compensation committee also included the historical compensation and stock option awards made to each of our executive officers. As described in more detail below, the results of each executive's annual management by objectives plan, including a comparison of performance and job description relative to achievement and potential, were reviewed and discussed.
