PROXY STATEMENT OF SPECTRA ENERGY CORP

PROSPECTUS OF ENBRIDGE INC.

MERGER PROPOSED YOUR VOTE IS VERY IMPORTANT

To the Stockholders of Spectra Energy Corp:

On September 5, 2016, Spectra Energy Corp (which we refer to as Spectra Energy) entered into an Agreement and Plan of Merger (which, as may be amended, we refer to as the merger agreement) with Enbridge Inc. (which we refer to as Enbridge) and Sand Merger Sub, Inc., a direct wholly owned subsidiary of Enbridge (which we refer to as Merger Sub). The merger agreement provides for the combination of Spectra Energy and Enbridge through a stock-for-stock merger, after which Spectra Energy will become a direct wholly owned subsidiary of Enbridge (which we refer to as the merger).

If the merger is completed, you will receive 0.984 of an Enbridge common share for each share of Spectra Energy common stock that you own (which we refer to as the merger consideration). This exchange ratio is fixed and will not be adjusted to reflect changes in the price of Spectra Energy common stock or Enbridge common shares prior to the completion of the merger. The Enbridge common shares issued in connection with the merger will be listed on the New York Stock Exchange (which we refer to as the NYSE) and the Toronto Stock Exchange (which we refer to as the TSX).

The value of the merger consideration will fluctuate with the market price of Enbridge common shares. You should obtain current share price quotations for Spectra Energy common stock and Enbridge common shares. Spectra Energy common stock is listed on the NYSE under the ticker symbol SE, and Enbridge common shares are listed on the NYSE and the TSX under the ticker symbol ENB. Based on the closing price of Enbridge common shares on the NYSE of \$40.99 on September 2, 2016, the last trading day before the public announcement of the merger agreement on September 6, 2016, the exchange ratio represented approximately \$40.33 in Enbridge common shares for each share of Spectra Energy common stock. Based on the closing price of Enbridge common shares on the NYSE of \$42.07 on November 10, 2016, the latest practicable date before the date of this proxy statement/prospectus, the exchange ratio represented approximately \$41.40 in Enbridge common shares for each share of Spectra Energy common stock.

Your vote is very important, regardless of the number of shares you own. The merger cannot be completed without Spectra Energy stockholders adopting the merger agreement. Spectra Energy is holding a special meeting of its stockholders (which we refer to as the special meeting) to vote on the adoption of the merger agreement. More information about Spectra Energy, Enbridge, the merger agreement, the merger and the special meeting is contained in this proxy statement/prospectus. **We encourage you to read this document carefully before voting, including the section entitled Risk Factors, beginning on page 25.** Regardless of whether you plan to attend the special meeting,

please take the time to vote your shares in accordance with the instructions contained in this document.

The Spectra Energy board of directors unanimously recommends that Spectra Energy stockholders vote FOR the adoption of the merger agreement.

Sincerely,

Sincerely,

Gregory L. Ebel
Chairman, President and Chief Executive Officer

QUESTIONS AND ANSWERS ABOUT THE MERGER AND THE SPECIAL MEETING

*The following questions and answers are intended to address briefly some commonly asked questions regarding the merger and matters to be addressed at the special meeting. These questions and answers may not address all questions that may be important to you. To better understand these matters, and for a description of the legal terms governing the merger, you should carefully read this entire proxy statement/prospectus, including the attached annexes, as well as the documents that have been incorporated by reference into this proxy statement/prospectus. For more information, see the section entitled *Where You Can Find Additional Information*.*

Q: Why am I receiving this proxy statement/prospectus?

A: On September 5, 2016, Spectra Energy entered into the merger agreement with Enbridge and Merger Sub providing for, among other things, the merger of Merger Sub with and into Spectra Energy, pursuant to which Spectra Energy will survive the merger as a direct wholly owned subsidiary of Enbridge (which we refer to in such capacity as the surviving corporation). You are receiving this proxy statement/prospectus in connection with the solicitation by the Spectra Energy board of directors of proxies of Spectra Energy stockholders to vote in favor of the merger proposal and the advisory compensation proposal.

Spectra Energy is holding a special meeting to obtain the stockholder approval necessary to adopt the merger agreement, among other matters. Approval of the merger proposal by Spectra Energy stockholders is required for the completion of the merger. Spectra Energy stockholders are also being asked to consider and vote on a proposal to approve, on an advisory (non-binding) basis, certain specified compensation that will or may be paid by Spectra Energy to its named executive officers that is based on or otherwise relates to the merger (the advisory compensation proposal). Spectra Energy's named executive officers are identified under the section entitled *The Merger Proposal Interests of Spectra Energy's Directors and Executive Officers in the Merger*.

In addition, the merger cannot be completed unless Enbridge shareholders approve the issuance of Enbridge common shares in connection with the merger, which we refer to as the Enbridge common share issuance, and an amendment to the by-laws of Enbridge as set forth in Exhibit A to the merger agreement, which we refer to as the by-law amendment. Enbridge will be holding a special meeting of its shareholders (which we refer to as the Enbridge special meeting) to vote on the proposals necessary to complete the merger and other matters to be considered by the Enbridge shareholders at such special meeting. Enbridge will separately prepare a management information circular in accordance with applicable Canadian securities and corporate laws, which we refer to as the management information circular, and distribute such management information circular to its shareholders in connection with the Enbridge special meeting.

This proxy statement/prospectus constitutes both a proxy statement of Spectra Energy and a prospectus of Enbridge. It is a proxy statement because the Spectra Energy board of directors is soliciting proxies from its stockholders. It is a prospectus because Enbridge will issue to Spectra Energy stockholders its common shares as consideration for the exchange of outstanding shares of Spectra Energy common stock in the merger.

Your vote is very important. We encourage you to submit a proxy to have your shares of Spectra Energy common stock voted as soon as possible.

Q: What is the proposed transaction?

A: If the merger proposal is approved by Spectra Energy stockholders and the other conditions to the completion of the merger contained in the merger agreement are satisfied or waived, Merger Sub will merge with and into Spectra Energy. Spectra Energy will survive the merger as a direct wholly owned subsidiary of Enbridge.

-vi-

Table of Contents

Q: What will I receive as a Spectra Energy stockholder if the merger is completed?

A: Under the terms of the merger agreement, if the merger is completed, each share of Spectra Energy common stock (other than shares of Spectra Energy common stock owned directly by Enbridge, Merger Sub or Spectra Energy, and in each case not held on behalf of third parties), which we refer to as eligible shares, will be automatically converted into the right to receive 0.984 of a validly issued, fully paid and non-assessable Enbridge common share, which we refer to as the merger consideration.

No fractional Enbridge common shares will be issued upon the conversion of Spectra Energy common stock. All fractional Enbridge common shares that a holder of eligible shares would be otherwise entitled to receive pursuant to the merger agreement will be aggregated and rounded to three decimal places. Any holder of eligible shares otherwise entitled to receive a fractional Enbridge common share will be entitled to receive a cash payment, without interest, in lieu of any such fractional share, which payment will be calculated by the exchange agent and will represent such holder's proportionate interest in an Enbridge common share based on the average (rounded to the nearest thousandth) of the closing trading prices of Enbridge common shares on the NYSE, as reported by the NYSE for the 10 trading days ending on, and including, the trading day that is three trading days prior to the date on which the merger is completed, which we refer to as the closing date. No holder of eligible shares will be entitled by virtue of the right to receive cash in lieu of fractional Enbridge common shares to any dividends, voting rights or any other rights in respect of any fractional Enbridge common share.

Based on the closing price of Enbridge common shares on the NYSE on September 2, 2016, the last full trading day before the announcement of the merger agreement, the per share value of Spectra Energy common stock implied by the merger consideration was \$40.33. Based on the closing price of Enbridge common shares on the NYSE on November 10, 2016, the most recent practicable date prior to the date of this proxy statement/prospectus, the per share value of Spectra Energy common stock implied by the merger consideration was \$41.40. The implied value of the merger consideration will fluctuate, however, as the market price of Enbridge common shares fluctuates, because the merger consideration that is payable per share of Spectra Energy common stock is a fixed fraction of an Enbridge common share. As a result, the value of the merger consideration that Spectra Energy stockholders will receive upon the completion of the merger could be greater than, less than or the same as the value of the merger consideration on the date of this proxy statement/prospectus or at the time of the special meeting. Accordingly, you are encouraged to obtain current stock price quotations for Spectra Energy common stock and Enbridge common shares before deciding how to vote with respect to the merger proposal. Spectra Energy common stock trades on the NYSE under the ticker symbol SE and Enbridge common shares trade on the NYSE and the TSX under the ticker symbol ENB. photo identification at the special meeting, such as a driver's license or passport. If you want to vote in person at the special meeting and you hold Spectra Energy common stock in street name through a bank, broker or other nominee, you must present valid government-issued photo identification, such as a driver's license or passport, and a legal proxy obtained from your bank, broker or other nominee and present it to the inspector of election with your ballot when you vote at the special meeting. Please also bring to the special meeting your account statement evidencing your beneficial ownership of Spectra Energy common stock as of the record date. Follow the instructions from your bank, broker or other nominee, or contact your bank, broker or other nominee to request a proxy. If you vote in person at the special meeting, you will revoke any prior proxy you may have submitted.

Q: What am I being asked to vote on?

A: You are being asked to vote on the following proposals:

Merger Proposal: to adopt the merger agreement, pursuant to which Merger Sub will merge with and into Spectra Energy. Spectra Energy will survive the merger as a direct wholly owned subsidiary of Enbridge; and

Advisory Compensation Proposal: to approve, on an advisory (non-binding) basis, certain specified compensation that will or may be paid by Spectra Energy to its named executive officers that is based on or otherwise relates to the merger.

The approval of the merger proposal is a condition to the obligations of Spectra Energy and Enbridge to complete the merger. The approval of the advisory compensation proposal is not a condition to the obligations of Spectra Energy or Enbridge to complete the merger and is not binding on Spectra Energy or Enbridge following the merger.

Q: What vote is required to approve each proposal?

A: The approval of the merger proposal requires the affirmative vote of the holders of a majority of the outstanding shares of Spectra Energy common stock. The approval of the advisory compensation proposal requires the affirmative vote of holders of a majority of the shares of Spectra Energy common stock that are present at the special meeting in person or by proxy and are entitled to vote on the advisory compensation proposal.

Q: How does the Spectra Energy board of directors recommend that I vote?

A: The Spectra Energy board of directors unanimously determined that the merger agreement and the transactions contemplated thereby, including the merger, are fair to, and in the best interests of, Spectra Energy and its stockholders, and has approved and declared advisable the merger agreement and the transactions contemplated thereby, including the merger.

Accordingly, the Spectra Energy board of directors recommends that you vote:

FOR the merger proposal; and

FOR the advisory compensation proposal.

For a discussion of each proposal, see the sections entitled *The Merger Proposal Spectra Energy's Reasons for the Merger; Recommendation of the Spectra Energy Board of Directors*, and *The Advisory Compensation Proposal*.

Q: If my Spectra Energy common stock is represented by physical stock certificates, should I send my stock certificates now?

Q: How do I vote my shares?

A: If you are a Spectra Energy stockholder of record, you may vote by:

- (1) **Internet**, by going to the website site shown on your proxy card and following the instructions outlined on the secured website using certain information provided on your proxy card or voting instruction form.
- (2) **QR Code**, by scanning the QR code shown on your proxy card to vote with your mobile device.
- (3) **Telephone**, by using the toll-free number shown on your proxy card, or by following the instructions on your proxy card.
- (4) **Written Proxy**, if you received your proxy materials by mail, you may submit your written proxy by completing the proxy card enclosed with those materials and signing, dating and returning your proxy card by mail in the enclosed return envelope, which requires no additional postage if mailed in the United States.
- (5) **Attending the Special Meeting**, and voting in person if you are a Spectra Energy stockholder of record or if you are a beneficial owner and have a legal proxy from the Spectra Energy stockholder of record.

If your shares are held in street name by a bank, broker or other nominee, you should have received a voting instruction form from your bank, broker or other nominee and you should follow the instructions given by that institution. If you are a street name owner and have a legal proxy from the stockholder of record, you may vote in person at the special meeting.

Q: What is a proxy?

A: A proxy is your legal designation of another person, referred to as a proxy, to vote your shares of Spectra Energy common stock. The written document describing the matters to be considered and voted on at the special meeting is called a proxy statement. The document used to designate a proxy to vote your shares of Spectra Energy common stock is called a proxy card.

Q: If I am not going to attend the special meeting, should I return my proxy card or otherwise vote my shares?

A: Yes. Completing, signing, dating and returning the proxy card by mail or submitting a proxy by calling the toll-free number shown on the proxy card or submitting a proxy by visiting the website shown on the proxy card ensures that your shares will be represented and voted at the special meeting, even if you otherwise do not attend.

Q: If my shares are held in street name by my bank, broker or other nominee, will the bank, broker or other nominee vote my shares for me?

A: A bank, broker or other nominee will vote your shares only if you provide instructions to the bank, broker or other nominee on how to vote. You should follow the directions provided by your bank, broker or other nominee regarding how to instruct the bank, broker or other nominee to vote your shares.

If you fail to instruct your bank, broker or other nominee how to vote, that failure will have the same effect as a vote AGAINST the merger proposal. If you submit an instruction to your bank, broker or other nominee that fails to vote FOR the advisory compensation proposal, it will have the same effect as a vote AGAINST the advisory compensation proposal. If you fail to submit any instruction to your bank, broker or other nominee, it will have no effect on the advisory compensation proposal, assuming that a quorum is otherwise present.

Table of Contents

Q: Can I change my vote?

A: Yes. If you are a Spectra Energy stockholder of record and have properly completed and submitted your proxy card or proxy by telephone or the Internet, you can change your vote in any of the following ways:

Sending a written notice (bearing a date later than the date of the proxy) stating that you revoke your proxy to Spectra Energy at 5400 Westheimer Court, Houston, Texas 77056, Attn: Corporate Secretary;

Submitting a valid, later-dated proxy by mail, telephone or the Internet; or

Attending the special meeting and voting your shares by ballot in person. Please note that simply attending the special meeting will not revoke a proxy.

If you choose to revoke your proxy by written notice or submit a later-dated proxy, you must do so by 11:59 pm on December 14, 2016.

If your shares are held in street name by your bank, broker or other nominee and you have directed such bank, broker or other nominee to vote your shares, you should instruct such bank, broker or other nominee to change your vote and follow the directions you receive from your bank, broker or other nominee in order to change or revoke your vote.

Q: What if I do not vote?

A: If you fail to submit your proxy, fail to vote your shares, abstain from voting or fail to instruct your broker, bank or other nominee how to vote, that failure will have the same effect as a vote AGAINST the merger proposal. If you abstain from voting or submit an instruction to your bank, broker or other nominee that fails to vote FOR the advisory compensation proposal, it will have the same effect as a vote AGAINST the advisory compensation proposal. If you fail to submit any instruction to your bank, broker or other nominee, it will have no effect on the advisory compensation proposal, assuming that a quorum is otherwise present.

If you submit your proxy card but do not indicate how you want to vote on a particular proposal, your proxy will be counted as a vote FOR that proposal.

Q: What should I do now?

A: After carefully reading and considering the information contained in this proxy statement/prospectus, you should submit a proxy by mail, by telephone or the Internet to vote your shares as soon as possible so that your shares will be represented and voted at the special meeting. You should follow the instructions set forth on the enclosed proxy card or on the voting instruction form provided by the record holder if your shares are held in the name of a bank, broker or other nominee.

Q: What constitutes a quorum?

A: A quorum is the number of shares that must be present, in person or by proxy, in order for business to be transacted at a stockholder meeting of Spectra Energy. The required quorum for the special meeting is a majority of the shares entitled to vote as of the record date. All shares represented at the special meeting in person or by proxy (including those voted by telephone or the Internet) will be counted toward the quorum. Shares held by Spectra Energy stockholders who mark their proxy card ABSTAIN, vote ABSTAIN by telephone or the Internet, instruct their bank, broker or other nominee to vote shares held in street name to ABSTAIN or appear at the special meeting without otherwise voting their shares will be treated as shares represented at the meeting for purposes of determining the presence of a quorum. Shares held by Spectra Energy stockholders who do not attend the special meeting and do not submit a proxy, vote by telephone or the Internet or give voting instructions with respect to their shares will not be treated as represented at the special meeting for purposes of determining the presence of a quorum.

Table of Contents

Spectra Energy common stock held in street name with respect to which the beneficial owner fails to give voting instructions to the bank, broker or nominee, and Spectra Energy common stock with respect to which the beneficial owner otherwise fails to vote, will not be considered present and entitled to vote at the special meeting for the purpose of determining the presence of a quorum.

Q: Is my vote important?

A: Yes. Your vote is very important. The merger cannot be completed without the approval of the merger proposal by Spectra Energy stockholders. The approval of the merger proposal requires the affirmative vote of the holders of a majority of the outstanding shares of Spectra Energy common stock entitled to vote at the special meeting. The Spectra Energy board of directors recommends that you vote FOR the approval of the merger proposal.

Q: What happens if I transfer or sell my shares of Spectra Energy common stock before the special meeting or before completion of the merger?

A: The record date is earlier than the date of the special meeting and the date that the merger is expected to be completed. If you transfer or sell your shares of Spectra Energy common stock after the record date but before the special meeting, you will retain your right to vote at the special meeting. However, if you are a Spectra Energy stockholder, you will have transferred the right to receive the merger consideration in the merger. In order to receive the merger consideration, you must hold your shares of Spectra Energy common stock through the effective time of the merger.

Q: What if I receive more than one set of voting materials?

A: You may receive more than one set of voting materials, including multiple copies of this proxy statement/prospectus, the proxy card or the voting instruction form. This can occur if you hold your shares in more than one brokerage account, if you hold shares directly as a holder of record and also in street name, or otherwise through another holder of record, and in certain other circumstances. If you receive more than one set of voting materials, please vote or return each set separately in order to ensure that all of your shares are voted.

Q: Where can I find the voting results of the special meeting?

A: The preliminary voting results will be announced at the special meeting. In addition, within four business days following certification of the final voting results, Spectra Energy intends to file the final voting results with the SEC on a Current Report on Form 8-K.

Q: What will happen if the merger proposal is not approved?

A: As a condition to the completion of the merger, Spectra Energy stockholders must approve the merger proposal. If the merger proposal is not approved by the Spectra Energy stockholders, the merger will not be completed. The completion of the merger is not conditioned or dependent upon the approval of the advisory compensation proposal.

Q: Why am I being asked to approve, on an advisory (non-binding) basis, the advisory compensation proposal?

A: The SEC has adopted rules that require Spectra Energy to seek an advisory (non-binding) vote on certain specified compensation that will or may be paid by Spectra Energy to its named executive officers that is based on or otherwise relates to the merger.

Table of Contents

Q: What happens if the advisory compensation proposal is not approved?

A: This vote is advisory and non-binding, and the merger is not conditioned or dependent upon the approval of the advisory compensation proposal. However, Spectra Energy and Enbridge value the opinions of Spectra Energy stockholders and Enbridge expects to consider the outcome of the vote, along with other relevant factors, when considering future executive compensation, assuming the merger is completed.

Q: How will Spectra Energy's directors and executive officers vote on the merger proposal?

A: It is expected that the Spectra Energy directors and executive officers who are Spectra Energy stockholders will vote FOR the merger proposal and FOR the advisory compensation proposal, although none of them has entered into any agreement requiring them to do so.

As of the record date for the special meeting, the directors and executive officers of Spectra Energy owned, in the aggregate, approximately 1,357,263 shares of Spectra Energy common stock, representing less than 1% of the shares of Spectra Energy common stock then outstanding and entitled to vote at the special meeting.

Q: Do any of Spectra Energy's directors or executive officers have interests in the merger that may differ from or be in addition to my interests as a stockholder?

A: Yes. In considering the recommendation of the Spectra Energy board of directors with respect to the merger proposal, you should be aware that Spectra Energy's directors and executive officers have interests in the merger that are different from, or in addition to, the interests of Spectra Energy stockholders generally. The Spectra Energy board of directors was aware of those interests and considered them, among other matters, in approving the merger agreement, the merger, and the other transactions contemplated by the merger agreement. For a discussion of Spectra Energy's directors' or executive officers' interests in the merger that may differ from or be in addition to your interests as a stockholder, see the section entitled *The Merger Proposal: Interests of Spectra Energy's Directors and Executive Officers in the Merger*.

Q: Is the obligation of each of Spectra Energy and Enbridge to complete the merger subject to any conditions?

A: Yes. Completion of the merger is subject to the satisfaction or waiver of a number of conditions as set forth in the merger agreement, including, among others, (i) the adoption of the merger agreement by an affirmative vote of the holders of a majority of all of the outstanding shares of Spectra Energy common stock entitled to vote at the special meeting, (ii) the approval of each of the issuance of Enbridge common shares in connection with the merger and the by-law amendment by a majority of the votes cast in respect of such matters by holders of Enbridge common shares present in person or represented by proxy at the Enbridge special meeting, (iii) the approval for listing on the NYSE and the TSX of the Enbridge common shares to be issued to Spectra Energy stockholders in connection with the merger, subject to official notice of issuance, (iv) the expiration or early termination of the applicable waiting period under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as

amended, and the rules and regulations promulgated thereunder, which we refer to as the HSR Act, (v) either the issuance of an advance ruling certificate, expiry or termination of the applicable waiting period, or waiver of the obligation to give notice, (and, in the case of expiry, termination or waiver, also being advised in writing by the Commissioner of Competition that he does not intend to make an application) under the Competition Act (Canada), R.S.C. 1985, c. C-34, and the regulations promulgated thereunder, which we refer to as the Competition Act (Canada), (vi) approval under the Canada Transportation Act (Canada), S.C. 1996, c.10, and the regulations promulgated thereunder, which we refer to as the Canada Transportation Act, (vii) approval by the Committee on Foreign Investment in the United States (which we refer to as CFIUS), (viii) the absence of any law, injunction or other order that prohibits the completion of the merger, (ix) the absence of proceedings by certain governmental antitrust entities relating to the merger or the other transactions

contemplated by the merger agreement that could subject Spectra Energy or Enbridge or any of their respective subsidiaries, directors, officers or employees to criminal or quasi-criminal penalties or material monetary sanctions, (x) the registration statement of which this proxy statement/prospectus forms a part having been declared effective by the SEC, and (xi) other customary closing conditions, including the accuracy of each party's representations and warranties (subject to specified materiality qualifiers), and each party's material compliance with its covenants and agreements contained in the merger agreement. For a more detailed discussion of the conditions to the completion of the merger, see the section entitled *The Merger Agreement Conditions that Must Be Satisfied or Waived for the Merger to Occur*.

Q: Will the Enbridge common shares to be issued to me at the completion of the merger be traded on an exchange?

A: Yes. It is a condition to the completion of the merger that the Enbridge common shares to be issued to Spectra Energy stockholders in connection with the merger be approved for listing on the NYSE and the TSX, subject to official notice of issuance. Therefore, at the effective time of the merger, all Enbridge common shares received by Spectra Energy stockholders in connection with the merger will be listed on both the TSX and the NYSE under the ticker symbol **ENB** and may be traded by shareholders on either exchange.

Enbridge common shares received by Spectra Energy stockholders in connection with the merger will be freely transferable except for shares issued to any stockholder deemed to be an affiliate of Enbridge for purposes of U.S. federal securities law. For more information, see the section entitled *The Merger Proposal Restrictions on Resales of Enbridge Common Shares Received in the Merger*.

Q: Do you expect the merger to be taxable to me?

A: It is intended that, for United States federal income tax purposes, the merger will qualify as a reorganization within the meaning of Section 368(a) of the Code and will not result in gain recognition to Spectra Energy stockholders pursuant to Section 367(a) of the Code (assuming that, in the case of any such holder who would be treated as a five-percent transferee shareholder (within the meaning of Treasury Regulations Section 1.367(a)-3(c)(5)(ii)) of Enbridge following the merger, such holder enters into a five-year gain recognition agreement in the form provided in Treasury Regulations Section 1.367(a)-8) (which we refer to as the *Intended Tax Treatment*). However, the completion of the merger is not conditioned upon the receipt of an opinion of counsel to the effect that the merger will qualify for the *Intended Tax Treatment*. In addition, neither Spectra Energy nor Enbridge intends to request a ruling from the IRS regarding the United States federal income tax consequences of the merger. Accordingly, no assurance can be given that the IRS will not challenge the *Intended Tax Treatment* or that a court would not sustain such a challenge.

Assuming the merger qualifies for the *Intended Tax Treatment*, the United States federal income tax consequences to U.S. holders (as defined herein) of Spectra Energy common stock generally are as follows:

A U.S. holder of Spectra Energy common stock receiving Enbridge common shares in exchange for Spectra Energy common stock pursuant to the merger will not recognize any gain or loss, except for any gain or loss that may result from the receipt by such holder of cash in lieu of fractional Enbridge common shares.

A U.S. holder of Spectra Energy common stock who receives cash in lieu of a fractional Enbridge common share pursuant to the merger generally will be treated as having received such fractional share in the merger and then as having received cash in redemption of such fractional share. Gain or loss generally will be recognized based on the difference between the amount of cash received in lieu of the fractional share and the portion of the U.S. holder's aggregate tax basis in the Spectra Energy common stock surrendered which is allocable to the fractional share.

-xiii-

Table of Contents

A Canadian Resident Holder (as defined in the section entitled *The Merger Proposal Certain Canadian Federal Income Tax Consequences of the Merger and the Canadian Exchange Offer*) who disposes of his, her or its Spectra Energy common stock for Enbridge common shares pursuant to the merger will generally realize a capital gain (or capital loss) equal to the amount by which the fair market value of the Enbridge common shares received (and any cash received in lieu of a fractional Enbridge common share) exceeds (or is less than) the adjusted cost base of the Canadian Resident Holder's Spectra Energy common stock determined immediately before the disposition and any reasonable costs of disposition.

However, a Canadian Resident Holder who disposes of his, her or its Spectra Energy common stock in consideration for Enbridge common shares pursuant to the Canadian exchange offer and files a valid tax election under Section 85 of the Income Tax Act (Canada) and all regulations promulgated thereunder from time to time, which we refer to as the Canadian Tax Act, jointly with Enbridge in accordance with the merger agreement and the Canadian Tax Act, may, wholly or partly defer the recognition of any capital gain that might otherwise arise on the disposition, to the extent and subject to the rules and restrictions in the Canadian Tax Act.

A Non-Canadian Resident Holder (as defined in the section entitled *The Merger Proposal Certain Canadian Federal Income Tax Consequences of the Merger and the Canadian Exchange Offer*) will not be subject to tax under the Canadian Tax Act on any capital gain realized on a disposition of Spectra Energy common stock pursuant to the merger, or on a subsequent disposition of Enbridge common shares acquired in the merger, unless the relevant share is taxable Canadian property, and is not treaty-protected property (as those terms are defined in the Canadian Tax Act) of the Non-Canadian Resident Holder, at the time of the disposition.

You should read the sections entitled *The Merger Proposal Certain U.S. Federal Income Tax Consequences* and *The Merger Proposal Certain Canadian Federal Income Tax Consequences of the Merger and the Canadian Exchange Offer* and consult your own tax advisors regarding the United States federal income tax consequences of the merger to you in your particular circumstances, as well as tax consequences arising under the laws of any state, local or non-U.S. taxing jurisdiction.

Q: Are there risks associated with the merger?

A: Yes. There are important risks involved. Before making any decision on whether and how to vote, you are urged to read carefully and in its entirety the section entitled *Risk Factors*.

Q: Do I have appraisal or dissenters' rights for my Spectra Energy common stock in connection with the merger?

A: No. Under applicable Delaware law, Spectra Energy stockholders are not entitled to any appraisal or dissenters' rights in connection with the merger.

Q: When will the merger be completed?

- A: Spectra Energy and Enbridge are working to complete the merger as quickly as possible. In addition to regulatory approvals, and assuming that the merger proposal is approved by Spectra Energy stockholders at the special meeting, other important conditions to the completion of the merger exist. Assuming the satisfaction of all necessary conditions, Spectra Energy and Enbridge expect to complete the merger in the first quarter of 2017. The merger agreement contains an outside date and time of 5:00 p.m. Eastern Time on March 31, 2017 for the completion of the merger, which may be extended by intervals of three months, up to a date not beyond December 29, 2017, by either Spectra Energy or Enbridge in certain circumstances, which we refer to as the outside date. For a discussion of the conditions to the completion of the merger, see the sections entitled *The Merger Proposal*, *Regulatory Approvals Required for the Merger* and *The Merger Agreement Conditions that Must Be Satisfied or Waived for the Merger to Occur*.

Table of Contents

Q: What happens if the merger is not completed?

A: If the merger is not completed for any reason, you will not receive any consideration for your Spectra Energy common stock, and Spectra Energy will remain an independent public company with Spectra Energy common stock being traded on the NYSE.

Q: Who will solicit and pay the cost of soliciting proxies?

A: Spectra Energy will bear all costs and expenses in connection with the solicitation of proxies from its stockholders, except that Spectra Energy and Enbridge have agreed to share equally the expenses of printing and mailing this proxy statement/prospectus and all filing fees payable to the SEC in connection with this proxy statement/prospectus. In addition to the solicitation of proxies by mail, Spectra Energy will request that banks, brokers and other record holders send proxies and proxy material to the beneficial owners of Spectra Energy common stock and secure their voting instructions, if necessary. Spectra Energy will reimburse the banks, brokers and other record holders for their reasonable expenses in taking those actions. Spectra Energy has also made arrangements with Innisfree M&A Incorporated to assist in soliciting proxies and in communicating with Spectra Energy stockholders and estimates that it will pay Innisfree M&A Incorporated a fee of approximately \$25,000 plus reasonable out-of-pocket fees and expenses for these services. Proxies may also be solicited by Spectra Energy's directors, officers and other employees through the mail or by telephone, the Internet, fax or other means, but no additional compensation will be paid to these persons.

Q: What is householding ?

A: The SEC has adopted a rule concerning the delivery of annual reports and proxy statements. It permits Spectra Energy, with your permission, to send a single notice of meeting and, to the extent requested, a single set of this proxy statement/prospectus to any household at which two or more stockholders reside if Spectra Energy believes they are members of the same family. This rule is called householding, and its purpose is to help reduce printing and mailing costs of proxy materials. A number of brokerage firms have instituted householding. If you and members of your household have multiple accounts holding Spectra Energy common stock, you may have received a householding notification from your broker. Please contact your broker directly if you have questions, require additional copies of this proxy statement/prospectus or wish to revoke your decision to household. These options are available to you at any time.

Q: Is the exchange ratio subject to adjustment based on changes in the prices of Spectra Energy common stock or Enbridge common shares? Can it be adjusted for any other reason?

A: As merger consideration, you will receive a fixed number of Enbridge common shares, not a number of shares that will be determined based on a fixed market value. The market value of Enbridge common shares and the market value of Spectra Energy common stock at the effective time may vary significantly from their respective values on the date that the merger agreement was executed or at other dates, such as the date of this proxy statement/prospectus or the date of the special meeting.

Stock price changes may result from a variety of factors, including changes in Enbridge's or Spectra Energy's respective businesses, operations or prospects, regulatory considerations, and general business, market, industry or economic conditions. The exchange ratio will not be adjusted to reflect any changes in the market value of Enbridge common shares or market value of Spectra Energy common stock. Therefore, the aggregate market value of the Enbridge common shares that you are entitled to receive at the time that the merger is completed could vary significantly from the value of such shares on the date of this proxy statement/prospectus or the date of the special meeting.

However, the merger consideration will be equitably adjusted to provide you and Enbridge with the same economic effect as contemplated by the merger agreement in the event of any reclassification, stock split (including a reverse stock split), stock dividend or distribution, recapitalization, merger or other similar transaction involving Spectra Energy common stock or Enbridge common shares prior to the completion of the merger.

Risk Factors (page 25)

The merger and an investment in Enbridge common shares involve risks, some of which are related to the merger. In considering the merger, you should carefully consider the information about these risks set forth under the section entitled *Risk Factors*, together with the other information included or incorporated by reference in this proxy statement/prospectus.

The Merger and the Merger Agreement (page 114)

The merger agreement provides that, upon the terms and subject to the conditions set forth in the merger agreement, at the effective time, Merger Sub, a direct wholly owned subsidiary of Enbridge, will merge with and into Spectra Energy. As a result, Spectra Energy will continue as the surviving corporation in the merger, become

Table of Contents

a direct wholly owned subsidiary of Enbridge and cease to be a publicly traded company. The terms and conditions of the merger are contained in the merger agreement, which is described in this proxy statement/prospectus and attached to this proxy statement/prospectus as Annex A. You are encouraged to read the merger agreement carefully, as it is the legal document that governs the merger. All descriptions in this summary and elsewhere in this proxy statement/prospectus of the terms and conditions of the merger are qualified by reference to the merger agreement.

Merger Consideration (page 115)

Upon the terms and subject to the conditions set forth in the merger agreement, each share of Spectra Energy common stock issued and outstanding immediately prior to the effective time (other than Spectra Energy common stock owned directly by Enbridge, Merger Sub or Spectra Energy, and in each case not held on behalf of third parties) will be converted into, and become exchangeable for, 0.984 of a validly issued, fully paid and non-assessable Enbridge common share (the merger consideration). For a full description of the treatment of Spectra Energy options, phantom units, performance stock units and other equity-based awards, see the sections entitled *The Merger Agreement Treatment of Spectra Energy Equity Awards* and *The Merger Agreement Merger Consideration*.

Spectra Energy Board of Directors Recommendation (page 34)

After careful evaluation of the merger agreement and the transactions contemplated thereby, at a special meeting of the Spectra Energy board of directors, the Spectra Energy board of directors unanimously (i) determined that the merger agreement and the transactions contemplated by the merger agreement were fair to, and in the best interests of, Spectra Energy and its stockholders, (ii) approved and declared advisable the merger agreement and the transactions contemplated by the merger agreement, (iii) directed that the merger agreement be submitted to a vote at a meeting of Spectra Energy stockholders, and (iv) resolved, subject to the terms of the merger agreement, to recommend that Spectra Energy stockholders vote to adopt the merger agreement.

The Spectra Energy board of directors recommends that Spectra Energy stockholders vote **FOR** the merger proposal and **FOR** the advisory compensation proposal. For the factors considered by the Spectra Energy board of directors in reaching this decision, see the section entitled *The Merger Proposal Spectra Energy's Reasons for the Merger; Recommendation of the Spectra Energy Board of Directors*.

Comparative Per Share Market Price Information (page 21)

The following table presents the closing price per Enbridge common share on the TSX and the NYSE and the closing price per share of Spectra Energy common stock on the NYSE on (a) September 2, 2016, the last full trading day prior to the public announcement of the merger agreement, and (b) November 10, 2016, the last practicable trading day prior to the mailing of this proxy statement/prospectus. This table also shows the implied value of the merger consideration payable for each share of Spectra Energy common stock, which was calculated by multiplying the closing price of Enbridge common shares on the NYSE on those dates by the exchange ratio.

Citi's opinion is not intended to be and does not constitute a recommendation to any security holder as to how such security holder should vote or act on any matters relating to the merger or otherwise.**

The Special Meeting (page 34)***Date, Time and Place of the Special Meeting***

Edgar Filing: ENBRIDGE INC - Form 424B3

The special meeting will be held at 2:00 p.m., local time, on December 15, 2016, at Spectra Energy's headquarters at 5400 Westheimer Court, Houston, Texas.

Table of Contents

Record Date and Outstanding Shares of Spectra Energy Common Stock

Only Spectra Energy stockholders of record as of the close of business on November 7, 2016, which is the record date, will be entitled to receive notice of, and to vote at, the special meeting or at any adjournment or postponement thereof.

As of the close of business on the record date, there were 701,520,044 shares of Spectra Energy common stock issued and outstanding and entitled to vote at the special meeting. Each Spectra Energy stockholder is entitled to one vote for each share of Spectra Energy common stock owned as of the record date.

A complete list of Spectra Energy stockholders entitled to vote at the special meeting will be available for inspection at Spectra Energy's principal place of business during regular business hours for a period of no less than 10 days before the special meeting and during the special meeting at the Spectra Energy Corp Headquarters, 5400 Westheimer Court, Houston, Texas 77056.

Quorum

A majority of the shares entitled to vote must be present in person or by proxy at the special meeting in order to constitute a quorum. If you submit a properly executed proxy card or vote by telephone or the Internet, your shares will be considered part of the quorum.

Abstentions will be deemed present and entitled to vote at the special meeting for the purpose of determining the presence of a quorum. Spectra Energy common stock held in street name with respect to which the beneficial owner fails to give voting instructions to the bank, broker or other nominee, and Spectra Energy common stock with respect to which the beneficial owner otherwise fails to vote, will not be considered present and entitled to vote at the special meeting for the purpose of determining the presence of a quorum.

If a quorum is not present or if there are not sufficient votes for the approval of the merger proposal, Spectra Energy expects that the special meeting will be adjourned to solicit additional proxies. At any subsequent reconvening of the special meeting, all proxies will be voted in the same manner as the manner in which such proxies would have been voted at the original convening of the special meeting, except for any proxies that have been validly revoked or withdrawn prior to the subsequent meeting.

Required Vote to Approve the Merger Proposal

Approval of the merger proposal requires the affirmative vote of holders of a majority of the outstanding shares of Spectra Energy common stock entitled to vote at the special meeting. Therefore, if you do not vote your Spectra Energy common stock, abstain from voting or fail to instruct your bank, broker or other nominee to vote on the merger proposal, it will have the same effect as a vote **AGAINST** the merger proposal.

Required Vote to Approve the Advisory Compensation Proposal

Approval, on an advisory (non-binding) basis, of the advisory compensation proposal requires the affirmative vote of holders of a majority of the shares of Spectra Energy common stock that are present at the special meeting in person or by proxy and are entitled to vote on the advisory compensation proposal. Therefore, if you abstain from voting or submit an instruction to your bank, broker or other nominee that fails to vote **FOR** the advisory compensation proposal, it will have the same effect as a vote **AGAINST** the advisory compensation proposal. If you fail to submit any instruction to your bank, broker or other nominee, you will not be counted as present for purposes of a quorum, and it will have no effect on the advisory compensation proposal, assuming that a quorum is otherwise present. The

vote on the advisory compensation proposal will not be binding on Enbridge, Spectra Energy, the Spectra Energy board of directors or any of its committees.

Table of Contents***Voting by Directors and Executive Officers***

As of the record date, Spectra Energy directors and executive officers had the right to vote approximately 1,357,263 shares of Spectra Energy common stock, representing less than 1% of the shares of Spectra Energy common stock then outstanding and entitled to vote at the special meeting. It is expected that the Spectra Energy directors and executive officers who are Spectra Energy stockholders will vote FOR the merger proposal and FOR the advisory compensation proposal, although none of them has entered into any agreement requiring them to do so. As of November 7, 2016, Enbridge directors and executive officers beneficially owned approximately 890 shares of Spectra Energy common stock, which is less than 1% of the shares of Spectra Energy common stock then outstanding and entitled to vote.

The Enbridge Special Meeting and Shareholder Approval (page 94)

TSX rules require shareholder approval of a share issuance by a TSX-listed company (which we refer to as a listed issuer) if the number of securities issued or issuable in payment of the purchase price for an acquisition exceeds 25% of the number of securities of the listed issuer which are outstanding on a pre-acquisition, non-diluted basis. There were approximately 701,470,574 shares of Spectra Energy common stock outstanding as of September 13, 2016 and, pursuant to the terms of the merger agreement, which restricts stock issuances by Spectra Energy (subject to certain exceptions), at least 701,470,574 shares of Spectra Energy common stock are expected to be outstanding at the effective time. Accordingly, if the merger is completed, at least 690,247,044 Enbridge common shares will be issued in connection with the merger, representing approximately 42.38% of the issued and outstanding Enbridge common shares as of September 13, 2016. The actual number of Enbridge common shares to be issued pursuant to the merger agreement will be determined immediately prior to the effective time based on the exchange ratio, the number of shares of Spectra Energy common stock outstanding at such time and the number of Spectra Energy stock options, phantom units, performance stock units and other equity-based awards. Accordingly, an ordinary resolution of Enbridge shareholders is required to approve the issuance of Enbridge common shares to Spectra Energy stockholders in connection with the merger. In addition, an ordinary resolution of Enbridge shareholders is required to approve the by-law amendment, as required by the terms of the merger agreement. Enbridge will be holding the Enbridge special meeting to vote on the proposals necessary to complete the merger and other matters to be considered by the Enbridge shareholders at such special meeting. Enbridge will separately prepare the management information circular in accordance with applicable Canadian securities and corporate laws and distribute such management information circular to its shareholders in connection with the Enbridge special meeting.

Listing of Enbridge Common Shares (page 87)

The completion of the merger is conditioned upon the approval for listing of Enbridge common shares issuable pursuant to the merger agreement on the TSX and the NYSE, subject to official notice of issuance.

Delisting and Deregistration of Spectra Energy Common Stock (page 87)

As promptly as practicable after the effective time (and in any event no more than 10 days after the effective time), the Spectra Energy common stock currently listed on the NYSE will cease to be listed on the NYSE and will be deregistered under the U.S. Exchange Act.

Offer to Persons Resident in Canada for Purposes of the Income Tax Act (page 116)

Pursuant to the merger agreement, Enbridge will make an offer solely to each holder of Spectra Energy common stock who is (i) a resident of Canada for the purposes of the Canadian Tax Act or (ii) a partnership at least one partner of

which is a resident of Canada for the purposes of the Canadian Tax Act, which we refer to as

Table of Contents

a Canadian Spectra Energy stockholder, to purchase all Spectra Energy common stock held by such Canadian Spectra Energy stockholder in exchange for the merger consideration. The foregoing offer is referred to in this proxy statement/prospectus as the Canadian exchange offer. Completion of the Canadian exchange offer is subject to the satisfaction or waiver of the conditions to the completion of the merger in accordance with the terms of the merger agreement. The Canadian exchange offer will be completed immediately prior to the effective time. Spectra Energy common stock held by a Canadian Spectra Energy stockholder who does not participate in the Canadian exchange offer in accordance with its terms will, upon completion of the merger, be converted into, and become exchangeable for, the merger consideration as described in the section entitled *The Merger Agreement Merger Consideration*.

As required by the merger agreement, this proxy statement/prospectus includes instructions detailing how Canadian Spectra Energy stockholders can participate in the Canadian exchange offer and the terms and conditions of the Canadian exchange offer. For more information, see the section entitled *The Merger Proposal Certain Canadian Federal Income Tax Consequences of the Merger and the Canadian Exchange Offer*.

Certain U.S. Federal Income Tax Consequences (page 97)

It is intended that, for United States federal income tax purposes, the merger will qualify as a reorganization within the meaning of Section 368(a) of the Code and will not result in gain recognition to Spectra Energy stockholders pursuant to Section 367(a) of the Code (assuming that, in the case of any such holder who would be treated as a five-percent transferee shareholder (within the meaning of Treasury Regulations Section 1.367(a)-3(c)(5)(ii)) of Enbridge following the merger, such holder enters into a five-year gain recognition agreement in the form provided in Treasury Regulations Section 1.367(a)-8). ***However, the completion of the merger is not conditioned upon the receipt of an opinion of counsel to the effect that the merger will qualify for the Intended Tax Treatment. In addition, neither Spectra Energy nor Enbridge intends to request a ruling from the IRS regarding the United States federal income tax consequences of the merger. Accordingly, no assurance can be given that the IRS will not challenge the Intended Tax Treatment or that a court would not sustain such a challenge.***

Assuming the merger qualifies for the Intended Tax Treatment, the United States federal income tax consequences to U.S. holders of Spectra Energy common stock generally are as follows:

A U.S. holder of Spectra Energy common stock receiving Enbridge common shares in exchange for Spectra Energy common stock pursuant to the merger will not recognize any gain or loss, except for any gain or loss that may result from the receipt by such holder of cash in lieu of fractional Enbridge common shares.

A U.S. holder of Spectra Energy common stock who receives cash in lieu of a fractional Enbridge common share pursuant to the merger generally will be treated as having received such fractional share in the merger and then as having received cash in redemption of such fractional share. Gain or loss generally will be recognized based on the difference between the amount of cash received in lieu of the fractional share and the portion of the U.S. holder's aggregate tax basis in the Spectra Energy common stock surrendered which is allocable to the fractional share.

You should read the section entitled *The Merger Proposal Certain U.S. Federal Income Tax Consequences* and consult your own tax advisors regarding the United States federal income tax consequences of the merger to you in your particular circumstances, as well as tax consequences arising under the laws of any state, local or non-U.S. taxing jurisdiction.

Table of Contents

Certain Canadian Federal Income Tax Consequences of the Merger and the Canadian Exchange Offer (page 102)

A Canadian Resident Holder (as defined in the section entitled *The Merger Proposal Certain Canadian Federal Income Tax Consequences of the Merger and the Canadian Exchange Offer*) who disposes of his, her or its Spectra Energy common stock for Enbridge common shares pursuant to the merger will generally realize a capital gain (or capital loss) equal to the amount by which the fair market value of the Enbridge common shares received (and any cash received in lieu of a fractional Enbridge common share) exceeds (or is less than) the adjusted cost base of the Canadian Resident Holder's Spectra Energy common stock determined immediately before the disposition and any reasonable costs of disposition.

However, a Canadian Resident Holder who disposes of his, her or its Spectra Energy common stock in consideration for Enbridge common shares pursuant to the Canadian exchange offer and files a valid tax election under Section 85 of the Canadian Tax Act jointly with Enbridge in accordance with the merger agreement and the Canadian Tax Act, may, wholly or partly defer the recognition of any capital gain that might otherwise arise on the disposition, to the extent and subject to the rules and restrictions in the Canadian Tax Act.

A Non-Canadian Resident Holder (as defined in the section entitled *The Merger Proposal Certain Canadian Federal Income Tax Consequences of the Merger and the Canadian Exchange Offer*) will not be subject to tax under the Canadian Tax Act on any capital gain realized on a disposition of Spectra Energy common stock pursuant to the merger, or on a subsequent disposition of Enbridge common shares acquired in the merger, unless the relevant share is taxable Canadian property, and is not treaty-protected property (as those terms are defined in the Canadian Tax Act) of the Non-Canadian Resident Holder, at the time of the disposition.

For more information, see the section entitled *The Merger Proposal Certain Canadian Federal Income Tax Consequences of the Merger and the Canadian Exchange Offer*.

Accounting Treatment of the Merger (page 95)

In accordance with accounting principles generally accepted in the United States (which we refer to as U.S. GAAP), Enbridge will account for the merger using the acquisition method of accounting for business combinations. For a more detailed discussion of the accounting treatment of the merger, see the section entitled *The Merger Proposal Accounting Treatment of the Merger*.

At the effective time, each outstanding Spectra Energy phantom unit, whether vested or unvested, will automatically be adjusted to represent a phantom unit, on the same terms and conditions as were applicable immediately prior to the effective time, denominated in Enbridge common shares on the terms specified in the merger agreement.

Table of Contents

Post-2015 Performance Stock Units

At the effective time, each outstanding Spectra Energy performance stock unit granted after December 31, 2015 will automatically be adjusted to represent a service-based stock unit, on the same terms and conditions (including service vesting terms, but with any performance-based vesting conditions deemed satisfied based on actual performance through the effective time in the case of performance stock units granted in 2016, and based on target, in the case of performance stock units granted in 2017) as were applicable immediately prior to the effective time, denominated in Enbridge common shares on the terms specified in the merger agreement.

2014 and 2015 Performance Stock Units

At the effective time, each outstanding Spectra Energy performance stock unit granted in the 2014 or 2015 calendar years will automatically be cancelled and converted into the right to receive a number of Enbridge common shares on the terms specified in the merger agreement.

Other Awards

At the effective time of the merger, each right of any kind, contingent or accrued, to acquire or receive Spectra Energy common stock or benefits measured by the value of Spectra Energy common stock, and each award of any kind consisting of Spectra Energy common stock that may be held, awarded, outstanding, payable or reserved for issuance under Spectra Energy's benefit plans other than Spectra Energy options, Spectra Energy phantom units, and Spectra Energy performance stock units, will automatically be adjusted to represent a right to acquire or receive benefits, on the same terms and conditions, as were applicable immediately prior to the effective time of the merger, measured by the value of Enbridge common shares on terms specified in the merger agreement.

For a description of the treatment of Spectra Energy equity awards, see the section entitled *The Merger Agreement Treatment of Spectra Energy Equity Awards*.

Regulatory Approvals Required for the Merger (page 95)

To complete the merger, Spectra Energy and Enbridge must make certain filings, submissions and notices to obtain required authorizations, approvals, consents or expiration or termination of waiting periods from U.S. and Canadian governmental and regulatory bodies, including antitrust and other regulatory authorities. Spectra Energy and Enbridge are not currently aware of any material governmental filings, authorizations, approvals or consents that are required prior to the parties' completion of the merger other than those described in the section entitled *The Merger Proposal Regulatory Approvals Required for the Merger*.

Completion of the merger is subject to antitrust review in the United States and Canada. Under the HSR Act and the rules promulgated thereunder, the merger cannot be completed until the parties to the merger agreement have given notification and furnished information to the Federal Trade Commission, which we refer to as the FTC, and the Antitrust Division of the U.S. Department of Justice, which we refer to as the DOJ, and until the applicable waiting period (or any extension of the waiting period) has expired or has been terminated.

The merger cannot be completed until the parties to the merger agreement have given notifications and furnished information to the Canadian Competition Bureau and until any of the following occurs, which we refer to as the Competition Act (Canada) clearance: (i) the issuance of an advance ruling certificate by the Commissioner of Competition pursuant to section 102 of the Competition Act (Canada), (ii) Spectra Energy and Enbridge have given the notice required under section 114 of the Competition Act (Canada) and the applicable waiting period under section

123 of the Competition Act (Canada) (or any extension of the waiting period) has

Table of Contents

expired or has been terminated, or (iii) the obligation to give the requisite notice has been waived pursuant to paragraph 113(c) of the Competition Act (Canada), and, in the case of (ii) or (iii), Enbridge has been advised in writing by the Commissioner of Competition that he does not intend to make an application under section 92 of the Competition Act (Canada).

On October 3, 2016, Spectra Energy and Enbridge each filed a pre-merger notification and report form under the HSR Act.

On October 3, 2016, Spectra Energy and Enbridge each filed pre-merger notifications and Enbridge filed a request for an advance ruling certificate under the Competition Act (Canada). On November 2, 2016, Spectra Energy and Enbridge received a request for additional information and documentary material from the FTC, which we refer to as a Second Request, and a Supplementary Information Request from the Canadian Competition Bureau in connection with the FTC's and Canadian Competition Bureau's reviews, respectively, of the merger. The Second Request was issued under the notification requirements of the HSR Act and the Supplementary Information Request was issued under the Competition Act (Canada). Issuance of the Second Request and the Supplementary Information Request is a standard part of the regulatory process. The effect of the Second Request and the Supplementary Information Request is to extend the waiting period under the HSR Act and Competition Act (Canada), respectively, until thirty days after Spectra Energy and Enbridge have substantially complied with the Second Request and the Supplementary Information Request, unless that period is terminated earlier by the FTC or the Canadian Competition Bureau, respectively. Spectra Energy and Enbridge are continuing to work closely and cooperatively with the FTC and Canadian Competition Bureau as the agencies conduct their review of the merger.

The merger agreement provides for Spectra Energy and Enbridge to file a joint voluntary notice with CFIUS pursuant to the Defense Protection Act of 1950, as amended, which we refer to as the DPA. Under the terms of the merger agreement, completion of the merger is subject to the satisfaction or waiver of the condition that Enbridge will have received the CFIUS clearance (as described in the sections entitled *The Merger Proposal Regulatory Approvals Required for the Merger* and *The Merger Agreement Filings; Other Actions; Notification*).

On October 11, 2016, Spectra Energy and Enbridge submitted a draft joint voluntary notice with CFIUS. On November 2, 2016, Spectra Energy and Enbridge submitted the final joint voluntary notice with CFIUS. Spectra Energy and Enbridge are awaiting confirmation from CFIUS that it has accepted the parties' joint voluntary notice.

Completion of the merger is also subject to written approval by the Minister of Transport under the Canada Transportation Act (Canada), which we refer to as the Canada Transportation Act approval. Enbridge filed a notification with the Minister of Transport under the Canada Transportation Act (Canada) on October 7, 2016.

The merger agreement requires Spectra Energy and Enbridge to cooperate and use (and cause their respective subsidiaries to use) their reasonable best efforts to take or cause to be taken all actions, and do or cause to be done all things, necessary, proper or advisable to complete the merger as soon as reasonably practicable. Enbridge must take any and all steps, including divestitures, necessary to obtain antitrust approval for the merger and Spectra Energy must take divestiture actions to assist Enbridge in complying with this obligation (with all such actions being contingent on the completion of the merger), except that neither Spectra Energy nor Enbridge is required to take any divestiture action with respect to the Texas Eastern Transmission pipeline, the Enbridge Canadian Mainline System, or the Enbridge U.S. Mainline System, respectively. Spectra Energy and Enbridge must agree to any action, condition or restriction required by CFIUS in order to receive the CFIUS clearance as promptly as reasonably practicable.

Table of Contents

Although Spectra Energy and Enbridge believe that they will receive the required authorizations and approvals described above to complete the merger, there can be no assurance as to the timing of these consents and approvals, Enbridge's or Spectra Energy's ultimate ability to obtain such consents or approvals (or any additional consents or approvals that may otherwise become necessary), or the conditions or limitations that such approvals may contain or impose.

Appraisal or Dissenters' Rights (page 97)

Under applicable Delaware law, Spectra Energy stockholders are not entitled to any appraisal or dissenters' rights in connection with the merger.

Conditions to the Merger (page 135)

Each party's obligation to complete the merger is subject to the satisfaction or waiver of the following mutual conditions:

adoption of the merger agreement by Spectra Energy stockholders;

approval of the issuance of Enbridge common shares in connection with the merger by the Enbridge shareholders;

approval of the Enbridge common shares to be issued in the merger for listing on the NYSE and the TSX, subject to official notice of issuance;

receipt of the Canada Transportation Act approval;

Enbridge's receipt of the CFIUS clearance;

the absence of any court or other governmental entity of competent jurisdiction having enacted, issued, promulgated, enforced or entered any injunction (whether temporary, preliminary or permanent) that is in effect and enjoins, makes illegal or otherwise prohibits completion of the merger;

the absence of any federal, state, provincial, local or foreign court or governmental entity with jurisdiction over enforcement of any antitrust laws as defined in the merger agreement (which we refer to as a governmental antitrust entity) with rate making authority over Union Gas Limited and Enbridge Gas Distribution Inc. and their respective natural gas businesses having commenced and not withdrawn, or the staff of such governmental antitrust entity formally recommend in writing the commencement of (which recommendation has not been withdrawn), and pursued (which pursuit is ongoing), any proceeding before a court or governmental entity relating to the merger or the other transactions contemplated by the merger agreement that could subject any of Enbridge, Spectra Energy, their respective subsidiaries or any of their directors, officers or employees to criminal or quasi-criminal penalties or monetary sanctions, which in the case of monetary sanctions are material to the person subject thereto; and

the registration statement of which this proxy statement/prospectus forms a part having been declared effective in accordance with the provisions of the U.S. Securities Act, no stop order suspending the effectiveness of the registration statement having been issued and remains in effect, and no proceedings for that purpose having been commenced by the SEC, unless subsequently withdrawn.

Enbridge having received and delivered a copy to Spectra Energy of the resignations of such number of Enbridge directors as is necessary to include five Spectra Energy designees on its 13-person board of directors as of the effective time, and Enbridge having taken all necessary action, such that the Spectra Energy designees are appointed to the Enbridge board of directors, subject only to, and with effectiveness immediately upon, the occurrence of the effective time;

due approval of the by-law amendment by the Enbridge board of directors and the Enbridge shareholders and the by-law amendment being in effect immediately prior to the effective time.

No Solicitation (page 124)

The merger agreement generally restricts Spectra Energy's and Enbridge's ability to: (i) initiate, solicit, propose, knowingly encourage or take any action to knowingly facilitate any inquiry or the making of any proposal or offer that

constitutes, or would reasonably be expected to lead to, an acquisition proposal (as defined in the section entitled *The Merger Agreement No Solicitation*); (ii) engage in, continue or otherwise participate in any discussions with or negotiations relating to any acquisition proposal, or any inquiry, proposal or offer that would reasonably be expected to lead to an acquisition proposal (other than to state that the terms of the merger agreement prohibit such discussions); or (iii) provide any non-public information to any person in connection with any acquisition proposal or any proposal or offer that would reasonably be expected to lead to an acquisition proposal.

However, under certain circumstances specified in the merger agreement, Spectra Energy or Enbridge, as applicable, is permitted to furnish information with respect to it and its subsidiaries to third parties and participate in discussions or negotiations with such third parties in response to unsolicited acquisition proposals if, prior to taking such action, such party's board of directors determines in good faith, after consultation with outside legal counsel, that (i) based on the information then available and after consultation with its financial

advisor, such acquisition proposal either constitutes a superior proposal (as defined in the section entitled *The Merger Agreement No Solicitation*) or could reasonably be expected to result in a superior proposal and (ii) the failure to take such action could be inconsistent with the directors' fiduciary duties under applicable law.

For further information, including what constitutes an acquisition proposal and a superior proposal, see the section entitled *The Merger Agreement No Solicitation*.

Termination of the Merger Agreement (page 137)

Subject to conditions and circumstances described in the merger agreement, the merger agreement may be terminated as follows:

by mutual written consent of Spectra Energy and Enbridge;

by either Spectra Energy or Enbridge if the merger is not completed by 5:00 p.m. Eastern Time on March 31, 2017, subject to extension until December 29, 2017 in specified circumstances;

by either Spectra Energy or Enbridge if: (i) the requisite Enbridge shareholder vote (*i.e.*, approval by a majority of the votes cast in respect of each of the by-law amendment and the issuance of Enbridge common shares pursuant to the merger agreement by holders of Enbridge common shares present in person or represented by proxy at the Enbridge special meeting) is not obtained or (ii) the requisite Spectra Energy stockholder vote (*i.e.*, the adoption of the merger agreement by the holders of a majority of the outstanding shares of Spectra Energy common stock entitled to vote at the special meeting) is not obtained;

by either Spectra Energy or Enbridge if a governmental entity issues a final and non-appealable injunction permanently restraining or enjoining the completion of the merger;

by Enbridge if: (i) Spectra Energy breaches any of its representations or warranties or fails to perform any of the covenants or agreements under the merger agreement, and such breach or failure to perform (a) would give rise to the failure of a closing condition and (b) is incapable of being cured prior to the outside date or is not cured within the earlier of 60 days after the giving of notice thereof by Enbridge or the outside date, or (ii) prior to the time the requisite Spectra Energy stockholder vote is obtained, the Spectra Energy board of directors fails to include the Spectra Energy board recommendation in this proxy statement/prospectus that is filed and mailed to the Spectra Energy stockholders, makes a change of recommendation, or fails to recommend, within 10 business days after the commencement of a tender or exchange offer by a third party for outstanding shares of Spectra Energy common stock, against acceptance of such tender or exchange offer; or

by Spectra Energy if: (i) Enbridge or Merger Sub breaches any of its representations or warranties or fails to perform any of the covenants or agreements under the merger agreement, and such breach or failure to perform (a) would give rise to the failure of a closing condition and (b) is incapable of being cured prior to

the outside date or is not cured within the earlier of 60 days after the giving of notice thereof by Spectra Energy or the outside date, or (ii) prior to the time the requisite Enbridge shareholder vote is obtained, the Enbridge board of directors fails to include the Enbridge board recommendation in the management information circular that is filed and mailed by Enbridge to Enbridge shareholders, makes a change of recommendation, or fails to recommend, within 10 business days after the commencement of a tender or exchange offer by a third party for outstanding Enbridge common shares, against acceptance of a tender or exchange offer.

Your Rights as an Enbridge Shareholder Will Be Different from Your Rights as a Spectra Energy Stockholder (page 155)

of third parties) issued and outstanding immediately prior to the effective time will be converted into the right to receive the merger consideration, consisting of 0.984 of a validly issued, fully paid and non-assessable Enbridge common share. As a result, Spectra Energy stockholders will become Enbridge shareholders and, as such, their rights will be governed principally by the Canada Corporations Act, and Enbridge's articles of continuance and by-laws, each as amended. These rights differ from the existing rights of Spectra Energy stockholders, which are governed principally by Delaware law and Spectra Energy's certificate of incorporation and by-laws. For a summary of the material differences between the rights of Enbridge shareholders and the existing rights of Spectra Energy stockholders, see the section entitled *Comparison of Rights of Enbridge Shareholders and Spectra Energy Stockholders*.

Interests of Spectra Energy's Directors and Executive Officers in the Merger (page 87)

In considering the recommendation of the Spectra Energy board of directors with respect to the merger agreement, you should be aware that Spectra Energy's directors and executive officers have interests in the merger that are different from, or in addition to, the interests of Spectra Energy's stockholders generally. Interests of directors and executive officers that may differ from or be in addition to the interests of Spectra Energy's stockholders generally include:

The merger agreement provides for the accelerated vesting of Spectra Energy performance stock units granted in 2014 or 2015 and the conversion of other Spectra Energy equity awards into corresponding awards with respect to Enbridge common shares.

Spectra Energy's executive officers are parties to change in control agreements with Spectra Energy that provide for severance benefits in the event of certain qualifying terminations of employment in connection with or following the merger.

Under the merger agreement, Spectra Energy is permitted to determine the pre-closing 2017 bonus entitlement for each continuing employee who participates in a Spectra Energy annual bonus plan based on the greater of deemed performance at target levels and actual performance extrapolated through the end of 2017, *pro rata* based on the number of days in the 2017 year that have elapsed prior to the effective time.

Certain of Spectra Energy's executive officers will become eligible for benefits under supplemental executive retirement plans and retiree medical plans upon a qualifying termination of employment.

Spectra Energy's directors and executive officers are entitled to continued indemnification and insurance coverage, for a period of six years following the effective time, under the merger agreement.

Five members of the Spectra Energy board of directors will be appointed to serve on the Enbridge board of directors as of the effective time, and Gregory L. Ebel, Spectra Energy's Chairman, Chief Executive Officer, and President will be appointed to serve as non-executive Chairman of the Enbridge board of directors as of the effective time.

From the effective time until the first meeting of the Enbridge board of directors following the 2020 annual shareholders meeting of Enbridge, Enbridge will provide, without charge, to the non-executive Chairman of the Enbridge board of directors (i) use of Enbridge's aircraft for business flights to board meetings and for other business conducted on behalf of Enbridge, (ii) office space, (iii) information technology support, (iv) administrative support, and (v) reimbursement for tax preparation services.

These interests are discussed in more detail in the section entitled *The Merger Proposal Interests of Spectra Energy's Directors and Executive Officers in the Merger*. The Spectra Energy board of directors was aware of the different or additional interests described herein and considered these interests along with other matters in approving and adopting the merger agreement.

Table of Contents**CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS**

From time to time, Enbridge and Spectra Energy make written or oral forward-looking statements within the meaning of certain securities laws, including the safe harbor provisions of the U.S. Private Securities Litigation Reform Act of 1995 and any applicable Canadian securities legislation. This proxy statement/prospectus, including information incorporated by reference into this proxy statement/prospectus, may contain forward-looking statements, including, for example, but not limited to, statements about management expectations, natural gas and crude oil supply and demand dynamics, strategic objectives, strategic opportunities, growth opportunities, business prospects, regulatory proceedings, transaction synergies and other benefits of the merger, and other similar matters. Forward-looking statements are not statements of historical facts and represent only Enbridge's or Spectra Energy's beliefs regarding future performance, which is inherently uncertain. Forward-looking statements are typically identified by words such as anticipates, believes, budgets, could, estimates, expects, forecasts, foresees, goal, intends, like, projects, schedule, should, target, will, or would and similar expressions, although not all forward-looking information contains these identifying words.

By their very nature, forward-looking statements require Enbridge and Spectra Energy to make assumptions and are subject to inherent risks and uncertainties that give rise to the possibility that Enbridge's or Spectra Energy's predictions, forecasts, projections, expectations or conclusions will not prove to be accurate, that Enbridge's or Spectra Energy's assumptions may not be correct and that Enbridge's or Spectra Energy's objectives, strategic goals and priorities will not be achieved. Spectra Energy and Enbridge caution readers not to place undue reliance on these statements, as a number of important factors could cause actual results to differ materially from the expectations expressed in such forward-looking statements. These factors include, but are not limited to, the possibility that the merger does not close when expected or at all because required regulatory, stockholder or other approvals are not received or other conditions to the closing are not satisfied on a timely basis or at all; that Spectra Energy and Enbridge may be required to modify the terms and conditions of the merger agreement to achieve regulatory or stockholder or shareholder approval, or that the anticipated benefits of the merger are not realized as a result of such things as the strength or weakness of the economy and competitive factors in the areas where Spectra Energy and Enbridge do business; general business and economic conditions in Canada, the U.S. and other countries in which Spectra Energy or Enbridge conduct business; the impact of the movement of the Canadian dollar relative to other currencies, particularly the U.S. dollar; the effects of competition in the markets in which Spectra Energy or Enbridge operate; the impact of changes in the laws and regulations regulating the oil and gas industries or affecting domestic and foreign operations; judicial or regulatory judgments and legal proceedings; ability to successfully integrate the two companies; success in retaining the services of executives, key personnel and other employees that the combined company needs to realize all of the anticipated benefits of the merger; the risk that expected synergies and benefits of the merger will not be realized within the expected time frame or at all; reputational risks; the outcome of various litigation and proceedings in which Enbridge or Spectra Energy are involved and the adequacy of reserves maintained therefor; and other factors that may affect future results of Spectra Energy or Enbridge, including changes in trade policies, timely development and introduction of new products and services, changes in tax laws, technological and regulatory changes, and adverse developments in general market, business, economic, labor, regulatory and political conditions.

Spectra Energy and Enbridge caution that the foregoing list of important factors is not exhaustive and other factors could also adversely affect the completion of the merger and the future results of Spectra Energy or Enbridge. The forward-looking statements speak only as of the date of this proxy statement/prospectus, in the case of forward-looking statements contained in this proxy statement/prospectus, or the dates of the documents incorporated by reference into this proxy statement/prospectus, in the case of forward-looking statements made in those incorporated documents. When relying on Enbridge's or Spectra Energy's forward-looking statements to make decisions with respect to Enbridge and Spectra Energy, investors and others should carefully consider the foregoing

factors and other uncertainties and potential events. Except as required by applicable law or regulation, Spectra Energy and Enbridge do not undertake to update any forward-looking statement, whether written or oral, to reflect events or circumstances after the date of this proxy statement/prospectus or to reflect the occurrence of unanticipated events.

All written or oral forward-looking statements concerning the merger or other matters addressed in this proxy statement/prospectus and attributable to Enbridge, Spectra Energy or any person acting on their behalf are expressly qualified in their entirety by the cautionary statements contained or referred to in this section.

- (1) Enbridge reports earnings before interest (which we refer to as EBIT) as an alternative performance measure. EBIT is a non-GAAP measure. Management of Enbridge believes the presentation of EBIT gives useful information to investors as it provides consistency, facilitates period to period comparisons and insight into the performance of Enbridge. While EBIT is frequently used by investors and securities analysts in their evaluations of companies, EBIT and similar non-GAAP measures have limitations as analytical tools and investors should not consider them in isolation or as a substitute for an analysis of Enbridge's results of operations as reported under U.S. GAAP. For a reconciliation of EBIT to earnings see Note 4 of the notes to Enbridge's Amended Consolidated Financial Statements on Form 6-K for the fiscal year ended December 31, 2015 and Note 3 of the notes to Enbridge's unaudited interim condensed consolidated financial statements filed on Form 6-K for the nine months ended September 30, 2016, which are incorporated by reference into this proxy statement/prospectus.

Table of Contents**UNAUDITED HISTORICAL COMPARATIVE PER SHARE DATA**

The following tables present, as of the dates and for the periods indicated, selected historical, *pro forma* and *pro forma* equivalent per share financial information for Enbridge common shares and Spectra Energy common stock. You should read this information in conjunction with, and the information is qualified in its entirety by (i) the consolidated financial statements of Enbridge and notes thereto incorporated by reference into this proxy statement/prospectus, (ii) the consolidated financial statements of Spectra Energy and notes thereto incorporated by reference into this proxy statement/prospectus, and (iii) the financial information contained in the *Unaudited Pro Forma Condensed Consolidated Financial Statements* and notes thereto included elsewhere in this proxy statement/prospectus. For information about the filings incorporated by reference in this proxy statement/prospectus, see the section entitled *Where You Can Find Additional Information*.

The following *pro forma* information has been prepared in accordance with the rules and regulations of the SEC and accordingly includes the effects of acquisition accounting. It does not reflect cost savings, synergies or certain other adjustments that may result from the merger. This information is presented for illustrative purposes only. You should not rely on the *pro forma* combined or equivalent *pro forma* amounts as they are not necessarily indicative of the operating results or financial position that would have occurred if the merger had been completed as of the dates indicated, nor are they necessarily indicative of the future operating results or financial position of the combined company. The *pro forma* information, although helpful in illustrating the financial characteristics of the combined company under one set of assumptions, does not reflect the benefits of expected cost savings, opportunities to earn additional revenue, the impact of restructuring and merger-related costs, or other factors that may result as a consequence of the merger and, accordingly, does not attempt to predict or suggest future results.

The following tables assume the issuance of 690 million Enbridge common shares in connection with the merger, which is the number of shares issuable by Enbridge in connection with the merger assuming the merger was completed on November 4, 2016 and based on the number of outstanding shares of Spectra Energy common stock at that time. As discussed in this proxy statement/prospectus, the actual number of Enbridge common shares issuable in the merger will be adjusted based on the number of shares of Spectra Energy common stock outstanding at the completion of the merger. The *pro forma* data in the tables assume that the merger occurred on January 1, 2015 for income statement purposes and on September 30, 2016 for balance sheet purposes, and that the merger is accounted for as a business combination.

Table of Contents**RISK FACTORS**

*You should consider carefully the following risk factors, as well as the other information set forth in and incorporated by reference into this proxy statement/prospectus, before making a decision on the merger proposal or the advisory compensation proposal. As an Enbridge shareholder following completion of the merger, you will be subject to all risks inherent in the business of Enbridge in addition to the risks relating to Spectra Energy. The market value of your Enbridge common shares will reflect the performance of the business relative to, among other things, that of the competitors of Enbridge and Spectra Energy and general economic, market and industry conditions. The value of your investment may increase or may decline and could result in a loss. You should carefully consider the following factors as well as the other information contained in and incorporated by reference into this proxy statement/prospectus. For information about the filings incorporated by reference in this proxy statement/prospectus, see the section entitled *Where You Can Find Additional Information*.*

Risks Relating to the Merger

Because the market value of Enbridge common shares that Spectra Energy stockholders will receive in the merger may fluctuate, Spectra Energy stockholders cannot be sure of the market value of the merger consideration that they will receive in the merger.

As merger consideration, Spectra Energy stockholders will receive a fixed number of Enbridge common shares, not a number of shares that will be determined based on a fixed market value. The market value of Enbridge common shares and the market value of Spectra Energy common stock at the effective time may vary significantly from their respective values on the date that the merger agreement was executed or at other dates, such as the date of this proxy statement/prospectus or the date of the special meeting. Stock price changes may result from a variety of factors, including changes in Enbridge's or Spectra Energy's respective businesses, operations or prospects, regulatory considerations and general business, market, industry or economic conditions. The exchange ratio will not be adjusted to reflect any changes in the market value of Enbridge common shares, the comparative value of the Canadian dollar and U.S. dollar or market value of the Spectra Energy common stock. Therefore, the aggregate market value of the Enbridge common shares that a Spectra Energy stockholder is entitled to receive at the time that the merger is completed could vary significantly from the value of such shares on the date of this proxy statement/prospectus, the date of the special meeting or the date on which a Spectra Energy stockholder actually receives its Enbridge common shares.

Upon completion of the merger, Spectra Energy stockholders will become Enbridge shareholders, and the market price for Enbridge common shares may be affected by factors different from those that historically have affected Spectra Energy.

Upon completion of the merger, Spectra Energy stockholders will become Enbridge shareholders. Enbridge's businesses differ from those of Spectra Energy, and accordingly, the results of operations of Enbridge will be affected by some factors that are different from those currently affecting the results of operations of Spectra Energy. For a discussion of the businesses of Spectra Energy and Enbridge and of some important factors to consider in connection with those businesses, see the documents incorporated by reference in this proxy statement/prospectus and referred to in the section entitled *Where You Can Find Additional Information*.

Certain rights of Spectra Energy stockholders will change as a result of the merger.

Upon completion of the merger, Spectra Energy stockholders will no longer be stockholders of Spectra Energy, a Delaware corporation, but will be shareholders of Enbridge, a Canadian corporation. There will be certain differences

between your current rights as a Spectra Energy stockholder, on the one hand, and the rights to which you will be entitled as an Enbridge shareholder, on the other hand. For a more detailed discussion of the differences in the rights of Spectra Energy stockholders and Enbridge shareholders, see the section entitled *Comparison of Rights of Enbridge Shareholders and Spectra Energy Stockholders*.

Table of Contents***There is no assurance when or if the merger will be completed.***

The completion of the merger is subject to the satisfaction or waiver of a number of conditions as set forth in the merger agreement, including, among others, (i) the adoption of the merger agreement by an affirmative vote of the holders of a majority of all of the outstanding shares of Spectra Energy common stock entitled to vote at the special meeting, (ii) the approval of each of the issuance of Enbridge common shares in connection with the merger and the by-law amendment by a majority of the votes cast in respect of such matters by holders of Enbridge common shares present in person or represented by proxy at the Enbridge special meeting, (iii) the approval for listing on the NYSE and the TSX of the Enbridge common shares to be issued to Spectra Energy stockholders in connection with the merger, subject to official notice of issuance, (iv) the expiration or early termination of the applicable waiting period under the HSR Act, (v) receipt of the Competition Act (Canada) clearance, (vi) receipt of the Canada Transportation Act approval, (vii) approval by CFIUS, (viii) the absence of any law, injunction or other order that prohibits the completion of the merger, (ix) the absence of proceedings by certain governmental antitrust entities relating to the merger or the other transactions contemplated by the merger agreement that could subject Spectra Energy or Enbridge or any of their respective subsidiaries, directors, officers or employees to criminal or quasi-criminal penalties or material monetary sanctions, (x) the registration statement of which this proxy statement/prospectus forms a part having been declared effective by the SEC and (xi) other customary closing conditions, including the accuracy of each party's representations and warranties (subject to specified materiality qualifiers), and each party's material compliance with its covenants and agreements contained in the merger agreement. There can be no assurance as to when these conditions will be satisfied or waived, if at all, or that other events will not intervene to delay or result in the failure to complete the merger.

Spectra Energy and Enbridge have made various filings and submissions and are pursuing all required consents, orders and approvals in accordance with the merger agreement. No assurance can be given that the required consents, orders and approvals will be obtained or that the required conditions to the completion of the merger will be satisfied. Even if all such consents, orders and approvals are obtained and such conditions are satisfied, no assurance can be given as to the terms, conditions and timing of such consents, orders and approvals. For example, these consents, orders and approvals may impose conditions on or require divestitures relating to the divisions, operations or assets of Spectra Energy and Enbridge or may impose requirements, limitations or costs or place restrictions on the conduct of Spectra Energy's or Enbridge's business, and if such consents, orders and approvals require an extended period of time to be obtained, such extended period of time could increase the chance that an adverse event occurs with respect to Spectra Energy or Enbridge. Such extended period of time also may increase the chance that other adverse effects with respect to Spectra Energy or Enbridge could occur, such as the loss of key personnel. Each party's obligation to complete the merger is also subject to the accuracy of the representations and warranties of the other party (subject to certain qualifications and exceptions) and the performance in all material respects of the other party's covenants under the merger agreement. As a result of these conditions, Spectra Energy and Enbridge cannot provide assurance that the merger will be completed on the terms or timeline currently contemplated, or at all. For more information, see the sections entitled *The Merger Proposal Regulatory Approvals Required for the Merger* and *The Merger Agreement Conditions that Must Be Satisfied or Waived for the Merger to Occur*.

The special meeting may take place before all of the required regulatory approvals have been obtained and before all conditions to such approvals, if any, are known. Notwithstanding the foregoing, if the merger proposal is approved by Spectra Energy stockholders, Spectra Energy and Enbridge would not be required to seek further approval of Spectra Energy stockholders, even if the conditions imposed in obtaining required regulatory approvals could have an adverse effect on Spectra Energy or Enbridge either before or after completing the merger.

The combined company may not realize all of the anticipated benefits of the merger.

Enbridge and Spectra Energy believe that the merger will provide benefits to the combined company as described elsewhere in this proxy statement/prospectus. However, there is a risk that some or all of the expected

Table of Contents

benefits of the merger may fail to materialize, or may not occur within the time periods anticipated by Enbridge and Spectra Energy. The realization of such benefits may be affected by a number of factors, including regulatory considerations and decisions, many of which are beyond the control of Enbridge and Spectra Energy. The challenge of coordinating previously independent businesses makes evaluating the business and future financial prospects of the combined company following the merger difficult. Spectra Energy and Enbridge have operated and, until completion of the merger, will continue to operate, independently. The success of the merger, including anticipated benefits and cost savings, will depend, in part, on the ability to successfully integrate the operations of both companies in a manner that results in various benefits, including, among other things, an increase in the dividend, an expanded market reach and operating efficiencies, and that does not materially disrupt existing client relationships nor result in decreased revenues or dividends due to the full or partial loss of clients. The past financial performance of each of Spectra Energy and Enbridge may not be indicative of their future financial performance. Realization of the anticipated benefits in the merger will depend, in part, on the combined company's ability to successfully integrate Spectra Energy and Enbridge's businesses. The combined company will be required to devote significant management attention and resources to integrating its business practices and support functions. The diversion of management's attention and any delays or difficulties encountered in connection with the merger and the coordination of the two companies' operations could have an adverse effect on the business, financial results, financial condition or the share price of the combined company following the merger. The coordination process may also result in additional and unforeseen expenses.

Failure to realize all of the anticipated benefits of the merger may impact the financial performance of the combined company, the price of the combined company's common shares and the ability of the combined company to continue paying dividends on its common shares at rates consistent with current dividend guidance or at all. The declaration of dividends by the combined company will be at the discretion of its board of directors, which may determine at any time to cease paying dividends, lower the dividend rate or not increase the dividend rate.

The announcement and pendency of the merger could adversely affect each of Spectra Energy's and Enbridge's business, results of operations and financial condition.

The announcement and pendency of the merger could cause disruptions in and create uncertainty surrounding Spectra Energy's and Enbridge's business, including affecting Spectra Energy's and Enbridge's relationships with its existing and future customers, suppliers and employees, which could have an adverse effect on Spectra Energy's or Enbridge's business, results of operations and financial condition, regardless of whether the merger is completed. In particular, Spectra Energy and Enbridge could potentially lose important personnel as a result of the departure of employees who decide to pursue other opportunities in light of the merger. Spectra Energy and Enbridge could also potentially lose customers or suppliers, and new customer or supplier contracts could be delayed or decreased. In addition, each of Spectra Energy and Enbridge has expended, and continues to expend, significant management resources in an effort to complete the merger, which are being diverted from Spectra Energy's and Enbridge's day-to-day operations.

If the merger is not completed, Spectra Energy's and Enbridge's stock prices may fall to the extent that the current prices of Spectra Energy common stock and Enbridge common shares reflect a market assumption that the merger will be completed. In addition, the failure to complete the merger may result in negative publicity or a negative impression of Spectra Energy in the investment community and may affect Spectra Energy's and Enbridge's relationship with employees, customers, suppliers and other partners in the business community.

Spectra Energy and Enbridge will incur substantial transaction fees and costs in connection with the merger.

Spectra Energy and Enbridge have incurred and expect to incur additional material non-recurring expenses in connection with the merger and completion of the transactions contemplated by the merger agreement, including costs relating to obtaining required approvals and compensation change in control payments. Spectra Energy and Enbridge

have incurred significant legal, advisory and financial services fees in connection with the

Table of Contents

process of negotiating and evaluating the terms of the merger. Additional significant unanticipated costs may be incurred in the course of coordinating the businesses of Spectra Energy and Enbridge after completion of the merger. Even if the merger is not completed, Spectra Energy and Enbridge will need to pay certain costs relating to the merger incurred prior to the date the merger was abandoned, such as legal, accounting, financial advisory, filing and printing fees. Such costs may be significant and could have an adverse effect on the parties' future results of operations, cash flows and financial condition. In addition to its own fees and expenses, each of Spectra Energy and Enbridge may be required to reimburse the other party for its reasonable out-of-pocket expenses incurred in connection with the merger agreement, subject to a cap of \$100 million, in the event the Spectra Energy stockholders or Enbridge shareholders, respectively, do not approve the matters required to be voted upon by Spectra Energy stockholders or Enbridge shareholders, respectively, and the merger agreement is terminated.

Significant demands will be placed on Spectra Energy and Enbridge as a result of the merger.

As a result of the pursuit and completion of the merger, significant demands will be placed on the managerial, operational and financial personnel and systems of Spectra Energy and Enbridge. Spectra Energy and Enbridge cannot assure you that their systems, procedures and controls will be adequate to support the expansion of operations following and resulting from the merger. The future operating results of the combined company will be affected by the ability of its officers and key employees to manage changing business conditions and to implement and expand its operational and financial controls and reporting systems in response to the merger.

Additional capital requirements.

Following completion of the merger, the combined company will require significant ongoing capital expenditures and, although Enbridge and Spectra Energy anticipate that the combined company will be able to fund these expenditures through usage of the combined company's lines of credit and subsequent debt, equity or hybrid offerings, there can be no assurances that the combined company will be able to obtain financing on acceptable terms.

The credit rating of the combined company will be subject to ongoing evaluation.

The terms of the combined company's financing will, in part, be dependent on the credit ratings assigned to its securities by independent credit rating agencies. The combined company's ratings upon completion of the merger will reflect each rating organization's opinion of the combined company's financial strength, operating performance and ability to meet the obligations associated with its securities. The credit rating of the combined company will be subject to ongoing evaluation by credit rating agencies, and there can be no assurances that such ratings will be maintained in the future. Downgrades in the combined company's ratings could adversely affect the combined company's business, cash flows, financial condition, operating results and share and debt prices.

The unaudited pro forma condensed consolidated financial information of Spectra Energy and Enbridge is presented for illustrative purposes only and may not be indicative of the results of operations or financial condition of the combined company following the merger.

The unaudited *pro forma* condensed consolidated financial information included in this proxy statement/prospectus has been prepared using the consolidated historical financial statements of Enbridge and Spectra Energy, is presented for illustrative purposes only and should not be considered to be an indication of the results of operations or financial condition of the combined company following the merger. In addition, the *pro forma* combined financial information included in this proxy statement/prospectus is based in part on certain assumptions regarding the merger. These assumptions may not prove to be accurate, and other factors may affect the combined company's results of operations or financial condition following the merger. Accordingly, the historical and *pro forma* financial information included

in this proxy statement/prospectus does not necessarily represent the combined company's results of operations and financial condition had Spectra Energy and Enbridge

Table of Contents

operated as a combined entity during the periods presented, or of the combined company's results of operations and financial condition following completion of the merger. The combined company's potential for future business success and operating profitability must be considered in light of the risks, uncertainties, expenses and difficulties typically encountered by recently combined companies.

In preparing the *pro forma* financial information contained in this proxy statement/prospectus, Enbridge has given effect to, among other items, the completion of the merger, the payment of the merger consideration and the indebtedness of Enbridge on a consolidated basis after giving effect to the merger, including the indebtedness of Spectra Energy. The unaudited *pro forma* financial information does not reflect all of the costs that are expected to be incurred by Spectra Energy and Enbridge in connection with the merger. For more information, see the section entitled *Unaudited Pro Forma Condensed Consolidated Financial Statements*, including the notes thereto.

While the merger agreement is in effect, Spectra Energy, Enbridge and their respective subsidiaries' businesses are subject to restrictions on their business activities.

Under the merger agreement, Spectra Energy, Enbridge and their respective subsidiaries are subject to certain restrictions on the conduct of their respective businesses and generally must operate their respective businesses in the ordinary course prior to completing the merger (unless Spectra Energy or Enbridge obtains the other's consent, as applicable, which is not to be unreasonably withheld, conditioned or delayed), which may restrict Spectra Energy's and Enbridge's ability to exercise certain of their respective business strategies. These restrictions may prevent Spectra Energy and Enbridge from pursuing otherwise attractive business opportunities, making certain investments or acquisitions, selling assets, engaging in capital expenditures in excess of certain agreed limits, incurring indebtedness or making changes to Spectra Energy's and Enbridge's respective businesses prior to the completion of the merger or termination of the merger agreement, as applicable. These restrictions could have an adverse effect on Spectra Energy's and Enbridge's respective businesses, financial results, financial condition or stock price.

In addition, the merger agreement prohibits Spectra Energy and Enbridge from (i) initiating, soliciting, proposing, knowingly encouraging or taking any action to knowingly facilitate, subject to certain exceptions set forth in the merger agreement, any inquiry or the making of any proposal or offer that constitutes, or would reasonably be expected to lead to, an acquisition proposal, (ii) engaging in, continuing or otherwise participating in any discussions with or negotiations relating to any acquisition proposal or any inquiry, proposal or offer that would reasonably be expected to lead to an acquisition proposal or (iii) providing any non-public information to any person in connection with any acquisition proposal or any proposal or offer that would reasonably be expected to lead to an acquisition proposal. Spectra Energy may be required to pay Enbridge a termination fee of \$1.0 billion if the merger agreement is terminated under the circumstances specified in the merger agreement, and Enbridge may be required to pay Spectra Energy a termination fee of C\$1.75 billion if the merger agreement is terminated under the circumstances specified in the merger agreement.

These provisions may limit Spectra Energy's ability to pursue offers from third parties that could result in greater value to Spectra Energy stockholders than the merger consideration. The termination fee may also discourage third parties from pursuing an alternative acquisition proposal with respect to Spectra Energy.

The termination of the merger agreement could negatively impact Spectra Energy.

If the merger is not completed for any reason, including as a result of Spectra Energy stockholders failing to approve the merger proposal, the ongoing businesses of Spectra Energy may be adversely affected and, without realizing any of the anticipated benefits of having completed the merger, Spectra Energy would be subject to a number of risks, including the following:

Spectra Energy may experience negative reactions from the financial markets, including a decline of its stock price (which may reflect a market assumption that the merger will be completed);

Table of Contents

Spectra Energy may experience negative reactions from the investment community, its customers, regulators and employees and other partners in the business community;

Spectra Energy may be required to pay certain costs relating to the merger, whether or not the merger is completed; and

matters relating to the merger will have required substantial commitments of time and resources by Spectra Energy management, which would otherwise have been devoted to day-to-day operations and other opportunities that may have been beneficial to Spectra Energy had the merger not been contemplated.

If the merger agreement is terminated and the Spectra Energy board of directors seeks another merger, business combination or other transaction, Spectra Energy stockholders cannot be certain that Spectra Energy will find a party willing to offer equivalent or more attractive consideration than the merger consideration Spectra Energy stockholders would receive from Enbridge in the merger. If the merger agreement is terminated under the circumstances specified in the merger agreement, Spectra Energy may be required to pay Enbridge a termination fee of \$1.0 billion or reimburse Enbridge for its reasonable and documented out-of-pocket expenses incurred in connection with the merger agreement subject to a cap of \$100 million, depending on the circumstances surrounding the termination. If the merger agreement is terminated under the circumstances specified in the merger agreement, Enbridge may also be required to pay Spectra Energy a termination fee of C\$1.75 billion or reimburse Spectra Energy for its reasonable and documented out-of-pocket expenses incurred in connection with the merger agreement subject to a cap of \$100 million, depending on the circumstances surrounding the termination. If an expense reimbursement is paid by Spectra Energy or Enbridge and the Spectra Energy termination fee or Enbridge termination fee subsequently becomes due, then the amount of the Spectra Energy or Enbridge termination fee, as applicable, will be reduced by the amount of reimbursement expenses previously paid.

See the section entitled *The Merger Agreement Termination of the Merger Agreement* for a more complete discussion of the circumstances under which the merger agreement could be terminated and when the termination fee and expense reimbursement may be payable by Spectra Energy or Enbridge, as applicable.

Directors and executive officers of Spectra Energy have interests in the merger that may differ from the interests of Spectra Energy stockholders generally, including, if the merger is completed, the receipt of financial and other benefits.

In considering the recommendation of the Spectra Energy board of directors, you should be aware that Spectra Energy's directors and executive officers have interests in the merger that are different from, or in addition to, those of Spectra Energy stockholders generally. These interests include, among others, potential severance benefits and other payments, the treatment of outstanding equity awards pursuant to the merger agreement, and rights to ongoing indemnification and insurance coverage. These interests are described in more detail in the section entitled *The Merger Proposal Interests of Spectra Energy's Directors and Executive Officers in the Merger*.

Except in specified circumstances, if the merger is not completed by 5:00 p.m. Eastern Time on March 31, 2017, subject to extension in specified circumstances by either Spectra Energy or Enbridge to December 29, 2017, either Spectra Energy or Enbridge may choose not to proceed with the merger.

Either Spectra Energy or Enbridge may terminate the merger agreement if the merger has not been completed by 5:00 p.m. Eastern Time on March 31, 2017. However, this right to terminate the merger agreement will not be available to Spectra Energy or Enbridge if the failure of such party to perform any of its obligations under the merger agreement

has been the principal cause of or resulted in the failure of the merger to be complete on or before such time. The March 31, 2017 deadline is subject to extensions in intervals of three months by Spectra Energy or Enbridge to December 29, 2017 if all the conditions to closing (other than the conditions

Table of Contents

relating to the expiration or termination of the waiting period under the HSR Act, the receipt of the Competition Act (Canada) clearance, Canada Transportation Act approval and CFIUS clearance, and absence of legal restraints) have been satisfied or are capable of being satisfied at the time of extension. For more information, see the section entitled *The Merger Agreement Termination of the Merger Agreement*.

The completion of the merger is not conditioned upon the receipt of an opinion of counsel to the effect that the merger will qualify for the Intended Tax Treatment and neither Spectra Energy nor Enbridge intends to request a ruling from the IRS regarding the U.S. federal income tax consequences of the merger.

It is intended that, for United States federal income tax purposes, the merger will qualify as a reorganization within the meaning of Section 368(a) of the Code and will not result in gain recognition to Spectra Energy stockholders pursuant to Section 367(a) of the Code (assuming that, in the case of any such holder who would be treated as a five-percent transferee shareholder (within the meaning of Treasury Regulations Section 1.367(a)-3(c)(5)(ii)) of Enbridge following the merger, such holder enters into a five-year gain recognition agreement in the form provided in Treasury Regulations Section 1.367(a)-8). However, the completion of the merger is not conditioned upon the receipt of an opinion of counsel to the effect that the merger will qualify for the Intended Tax Treatment. In addition, neither Spectra Energy nor Enbridge intends to request a ruling from the IRS regarding the United States federal income tax consequences of the merger. Accordingly, no assurance can be given that the IRS will not challenge the Intended Tax Treatment or that a court would not sustain such a challenge. You should read the section entitled *The Merger Proposal Certain U.S. Federal Income Tax Consequences* and consult your own tax advisors regarding the U.S. federal income tax consequences of the merger to you in your particular circumstances.

Future changes to U.S., Canadian and foreign tax laws could adversely affect the combined company.

The U.S. Congress, the Canadian House of Commons, the Organization for Economic Co-operation and Development, and other government agencies in jurisdictions where Enbridge and its affiliates do business have been focused on issues related to the taxation of multinational corporations. Specific attention has been paid to base erosion and profit shifting, where payments are made between affiliates from a jurisdiction with high tax rates to a jurisdiction with lower tax rates. As a result, the tax laws in the United States, Canada and other countries in which Enbridge and its affiliates do business could change on a prospective or retroactive basis, and any such change could adversely affect the combined company.

Enbridge expects to maintain its status as a foreign private issuer in the United States effectively until January 1, 2018 and thus will be exempt from a number of rules under the U.S. Exchange Act. On January 1, 2018, Enbridge expects to lose its status as a foreign private issuer in the United States, assuming that the merger closes in the first quarter of 2017, which could result in additional costs and expenses.

As a foreign private issuer, Enbridge is exempt from rules under the U.S. Exchange Act that impose disclosure requirements, as well as procedural requirements, for proxy solicitations under Section 14 of the U.S. Exchange Act. Enbridge's officers, directors and principal shareholders are also exempt from the reporting and short-swing profit recovery provisions of Section 16 of the U.S. Exchange Act. In addition, Enbridge is permitted, under a multi-jurisdictional disclosure system adopted by the United States and Canada, to prepare its disclosure documents filed under the U.S. Exchange Act in accordance with Canadian disclosure requirements.

Once Enbridge loses its status as a foreign private issuer, it will be required to file annual, quarterly and current reports on Forms 10-K, 10-Q, and 8-K within the time periods required by the U.S. Exchange Act, which are significantly shorter than the time periods required of foreign private issuers for the less extensive periodic reporting required of them, and will have to mandatorily comply with U.S. federal proxy requirements. Enbridge would also

become subject to Regulation FD of the U.S. Exchange Act, regulating the selective disclosure of non-public information, and Enbridge's directors, senior management and affiliates would be subject to the disclosure and other requirements of Section 16 of the U.S. Exchange Act in respect of their ownership of and

Table of Contents

transactions in Enbridge securities. As a result, the regulatory and compliance costs to Enbridge under U.S. securities laws as a U.S. domestic issuer may be higher than those of a Canadian foreign private issuer eligible to use the multi-jurisdictional disclosure system.

Enbridge is organized under the laws of Canada and a substantial portion of its assets are, and many of its directors and officers reside, outside of the United States. As a result, it may not be possible for shareholders to enforce civil liability provisions of the securities laws of the United States in Canada.

Enbridge is organized under the laws of Canada. A substantial portion of Enbridge's assets are located outside the United States, and many of Enbridge's directors and officers and some of the experts named in this proxy statement/prospectus are residents of jurisdictions outside of the United States. As a result, it may be difficult for investors to effect service within the United States upon Enbridge and those directors, officers and experts, or to realize in the United States upon judgments of courts of the United States predicated upon civil liability of Enbridge and such directors, officers or experts under the U.S. federal securities laws. There is uncertainty as to the enforceability in Canada by a court in original actions, or in actions to enforce judgments of United States courts, of the civil liabilities predicated upon the U.S. federal securities laws.

Resales of Enbridge common shares following the merger may cause the market value of Enbridge common shares to decline.

Enbridge expects that it will issue up to approximately 690,295,723 Enbridge common shares at the effective time in connection with the merger. The issuance of these new shares and the sale of additional shares that may become eligible for sale in the public market from time to time could have the effect of depressing the market value for Enbridge common shares. The increase in the number of Enbridge common shares may lead to sales of such Enbridge common shares or the perception that such sales may occur, either of which may adversely affect the market for, and the market value of, Enbridge common shares.

The market value of Enbridge common shares may decline as a result of the merger.

The market value of Enbridge common shares may decline as a result of the merger if, among other things, the combined company is unable to achieve the expected growth in earnings, or if the operational cost savings estimates in connection with the integration of Spectra Energy's and Enbridge's businesses are not realized or if the transaction costs related to the merger are greater than expected. The market value also may decline if the combined company does not achieve the perceived benefits of the merger as rapidly or to the extent anticipated by the market or if the effect of the merger on the combined company's financial position, results of operations or cash flows is not consistent with the expectations of financial or industry analysts.

Enbridge declares its dividend in Canadian dollars. However, Enbridge delivers payment to U.S. holders of Enbridge common shares in U.S. dollars. Fluctuations in the Canadian dollar/U.S. dollar exchange rate may impact the value of dividend payments received by U.S. holders of Enbridge common shares.

Enbridge declares its dividend in Canadian dollars. However, Enbridge delivers payment to U.S. holders of Enbridge common shares in U.S. dollars. The U.S. dollar value of any cash payment for declared dividends to a U.S. holder of Enbridge common shares will be converted into U.S. dollars using the noon exchange rate quoted by the Bank of Canada on the declared record date. Fluctuations in the Canadian dollar/U.S. dollar exchange rate may impact the value of any dividend payments received by U.S. holders of Enbridge common shares.

Spectra Energy and Enbridge may be targets of securities class action and derivative lawsuits which could result in substantial costs and may delay or prevent the merger from being completed.

Securities class action lawsuits and derivative lawsuits are often brought against companies that have entered into merger agreements. Even if the lawsuits are without merit, defending against these claims can result

in substantial costs and divert management time and resources. Additionally, if a plaintiff is successful in obtaining an injunction prohibiting consummation of the merger, then that injunction may delay or prevent the merger from being completed. Following announcement of the merger, six putative class actions were filed by purported shareholders of Spectra Energy challenging the merger. The lawsuits include *Paul Parshall v. Spectra Energy Corp, et al.*, 12809-CB, filed in the Court of Chancery for the State of Delaware, and *Mary Lincoln v. Spectra Energy Corp, et al.*, 16-cv-03019, *Joseph Koller v. Spectra Energy Corp, et al.*, 16-cv-03059, *Joseph Costner v. Spectra Energy Corp et al.*, 16-cv-03065, *John L. Williams v. Spectra Energy Corp et al.*, 16-cv-03069 and *Joseph McMillan v. Spectra Energy Corp et al.*, 16-cv-03130, all filed in the United States District Court for the Southern District of Texas. For information regarding these class actions, see the section entitled *The Merger Litigation Relating to the Merger* beginning on page 97 of this proxy statement/prospectus.

Advisory Compensation Proposal: to approve, on an advisory (non-binding) basis certain specified compensation that will or may be paid by Spectra Energy to its named executive officers that is based on or otherwise relates to the merger.

Recommendation of the Spectra Energy Board of Directors

After careful consideration, the Spectra Energy board of directors has unanimously (i) determined that the merger agreement and the transactions contemplated by the merger agreement are fair to, and in the best interests of, Spectra Energy and its stockholders, (ii) approved and declared advisable the merger agreement and the transactions contemplated by the merger agreement, (iii) directed that the merger agreement be submitted to a vote at a meeting of Spectra Energy stockholders and (iv) resolved to recommend that Spectra Energy stockholders vote to approve the proposals. **The Spectra Energy board of directors unanimously recommends that Spectra Energy stockholders vote FOR the merger proposal and FOR the advisory compensation proposal.** For more information, see the section entitled *The Merger Proposal Spectra Energy's Reasons for the Merger; Recommendation of the Spectra Energy Board of Directors.*

In considering the recommendation of the Spectra Energy board of directors with respect to the proposals, you should be aware that Spectra Energy's directors and executive officers have interests that are different from, or in addition to, the interests of Spectra Energy stockholders generally. Quorum

A majority of the shares entitled to vote must be present in person or by proxy at the special meeting in order to constitute a quorum. If you submit a properly executed proxy card or vote by telephone or the Internet, you will be considered part of the quorum.

Abstentions will be deemed present and entitled to vote at the special meeting for the purpose of determining the presence of a quorum. Spectra Energy common stock held in street name with respect to which the beneficial owner fails to give voting instructions to the bank, broker or other nominee, and Spectra Energy common stock with respect to which the beneficial owner otherwise fails to vote, will not be considered present and entitled to vote at the special meeting for the purpose of determining the presence of a quorum.

If a quorum is not present or if there are not sufficient votes for the approval of the merger proposal, Spectra Energy expects that the special meeting will be adjourned to solicit additional proxies. At any subsequent reconvening of the special meeting, all proxies will be voted in the same manner as the manner in which such proxies would have been voted at the original convening of the special meeting, except for any proxies that have been validly revoked or withdrawn prior to the subsequent meeting.

Required Vote

Required Vote to Approve the Merger Proposal

Approval of the merger proposal requires the affirmative vote of holders of a majority of the outstanding shares of Spectra Energy common stock. Therefore, if you do not vote your shares of Spectra Energy common stock, abstain from voting or fail to instruct your bank, broker or other nominee to vote on the merger proposal, it will have the same effect as a vote **AGAINST** the merger proposal.

Required Vote to Approve the Advisory Compensation Proposal

Approval, on an advisory basis, of the advisory compensation proposal requires the affirmative vote of holders of a majority of the shares of Spectra Energy common stock that are present at the special meeting in person or by proxy and are entitled to vote on the advisory compensation proposal. Therefore, if you abstain from voting or submit an instruction to your bank, broker or other nominee that fails to vote **FOR** the advisory compensation proposal, it will have the same effect as a vote **AGAINST** the advisory compensation proposal. If you fail to submit any instruction to your bank, broker or other nominee, you will not be counted as present for purposes of a quorum, and it will have no effect on the advisory compensation proposal, assuming that a quorum is otherwise present. The vote on the advisory compensation proposal will not be binding on Enbridge, Spectra Energy, the Spectra Energy board of directors or any of its committees.

Adjournment

In accordance with Spectra Energy's by-laws, whether or not a quorum is present, a Spectra Energy officer presiding at the special meeting will have the power to adjourn the special meeting from time to time for the purpose of, among other things, soliciting additional proxies. If the special meeting is adjourned, stockholders who have already submitted their proxies will be able to revoke them at any time prior to their use. At any subsequent reconvening of the special meeting, all proxies will be voted in the same manner as the manner in which such proxies would have been voted at the original convening of the special meeting, except for any proxies that have been validly revoked or withdrawn prior to the subsequent meeting.

In addition, the merger agreement provides that, if, on a date that is one business day prior to the scheduled date of the special meeting, Spectra Energy has not received proxies that are necessary to approve the merger proposal, whether or not a quorum is present, Spectra Energy is required to make one or more successive postponements or adjournments of the special meeting as long as the date of the special meeting is not postponed or adjourned more than 10 days in connection with any one postponement or adjournment or more than an aggregate of 20 days from the original date of the special meeting.

Table of Contents

Voting by Directors and Executive Officers

It is expected that the Spectra Energy directors and executive officers who are Spectra Energy stockholders will vote FOR the merger proposal and FOR the advisory compensation proposal, although none of them has entered into any agreement requiring them to do so. As of November 7, 2016, Enbridge directors and executive officers beneficially owned approximately 890 shares of Spectra Energy common stock, which is less than 1% of the shares of Spectra Energy common stock then outstanding and entitled to vote.

Voting by Proxy or in Person

When you submit a proxy by telephone or the Internet, your proxy is recorded immediately. We encourage you to submit your proxy using these methods whenever possible. If you submit a proxy by telephone or the Internet, please do not return your proxy card by mail.

All shares of Spectra Energy common stock represented by each properly executed and valid proxy received by 11:59 p.m. on December 14, 2016 will be voted in accordance with the instructions given on the proxy. If a Spectra Energy stockholder executes a proxy card without giving instructions, the Spectra Energy common stock represented by that proxy card will be voted FOR each of the proposals.

Your vote is very important, regardless of the number of shares you own. Accordingly, please submit your proxy by telephone, the Internet or mail, whether or not you plan to attend the special meeting in person. Proxies must be received by 11:59 p.m. on December 14, 2016.

Voting and Submitting a Proxy for Spectra Energy Common Stock Held in Street Name

If your Spectra Energy common stock is held in an account at a bank, broker or other nominee, you must instruct the bank, broker or other nominee on how to vote them by following the instructions that the bank, broker or other nominee provides to you with these proxy materials. Most banks, brokers and other nominees offer the ability for stockholders to submit voting instructions by mail by completing a voting instruction card, by telephone, and by the Internet.

Table of Contents

If you hold your Spectra Energy common stock in a brokerage account and you do not provide voting instructions to your broker, your shares will not be voted on any proposal because under the current rules of the NYSE brokers do not have discretionary authority to vote on the proposals. Since there are no items on the agenda that your broker has discretionary authority to vote upon, broker non-votes will not be counted as present at the special meeting for the purposes of determining a quorum if you fail to instruct your broker on how to vote on the proposals. Therefore, a broker non-vote will have the same effect as a vote **AGAINST** the merger proposal. If you submit an instruction to your bank, broker or other nominee that fails to vote **FOR** the advisory compensation proposal, it will have the same effect as a vote **AGAINST** the advisory compensation proposal. If you fail to submit any instruction to your bank, broker or other nominee, it will have no effect on the advisory compensation proposal, assuming that a quorum is otherwise present.

If you hold shares through a bank, broker or other nominee and wish to vote your shares in person at the special meeting, you must obtain a legal proxy from your bank, broker or other nominee and present it to the inspector of election with your ballot when you vote at the special meeting.

Revocability of Proxies and Changes to a Spectra Energy Stockholder's Vote

If you are a stockholder of record, you may revoke your proxy and/or change your vote by:

submitting a valid, later-dated proxy by the Internet, telephone or mail;

sending a written notice (bearing a date later than the date of the proxy) stating that you revoke your proxy to Spectra Energy at 5400 Westheimer Court, Houston, Texas 77056, Attn: Corporate Secretary; or

attending the special meeting and voting by ballot in person (your attendance at the special meeting will not, without voting, revoke any proxy that you have previously given).

If you choose to revoke your proxy by written notice or submit a later-dated proxy, you must do so by 11:59 p.m. on December 14, 2016.

If your shares are held in **street name** by your bank, broker or other nominee and you have directed such bank, broker or other nominee to vote your shares, you should instruct such bank, broker or other nominee to change your vote and follow the directions you receive from your bank, broker or other nominee in order to change or revoke your vote.

Abstentions

If you mark your proxy or voting instructions to abstain, it will have the effect of voting **AGAINST** each of the merger proposal and the advisory compensation proposal.

Tabulation of Votes

The inspector of election at the special meeting will, among other matters, determine the number of shares of Spectra Energy common stock represented at the special meeting to confirm the existence of a quorum, determine the validity of all proxies and ballots and certify the results of voting on all proposals submitted to the Spectra Energy stockholders.

Solicitation of Proxies; Expenses of Solicitation

Spectra Energy will bear all costs and expenses in connection with the solicitation of proxies from its stockholders, except that Spectra Energy and Enbridge have agreed to share equally the expenses of printing and mailing this proxy statement/prospectus and all filing fees payable to the SEC in connection with this proxy statement/prospectus. In addition to the solicitation of proxies by mail, Spectra Energy will request that banks,

Table of Contents

brokers and other record holders send proxies and proxy material to the beneficial owners of Spectra Energy common stock and secure their voting instructions, if necessary. Spectra Energy will reimburse the banks, brokers and other record holders for their reasonable expenses in taking those actions. Spectra Energy has also made arrangements with Innisfree M&A Incorporated to assist in soliciting proxies and in communicating with Spectra Energy stockholders and estimates that it will pay them a fee of approximately \$25,000 plus reasonable out-of-pocket fees and expenses for these services. Proxies may also be solicited by Spectra Energy's directors, officers and other employees through the mail or by telephone, the Internet, fax or other means, but no additional compensation will be paid to these persons.

Householding

The SEC has adopted a rule concerning the delivery of annual reports and proxy statements. It permits Spectra Energy, with your permission, to send a single notice of meeting and, to the extent requested, a single set of this proxy statement/prospectus to any household at which two or more stockholders reside if Spectra Energy believes they are members of the same family. This rule is called "householding," and its purpose is to help reduce printing and mailing costs of proxy materials.

A number of brokerage firms have instituted householding. If you and members of your household have multiple accounts holding Spectra Energy common stock, you may have received a householding notification from your broker. Please contact your broker directly if you have questions, require additional copies of this proxy statement/prospectus or wish to revoke your decision to household. These options are available to you at any time.

Other Information

As of the date of this proxy statement/prospectus, the Spectra Energy board of directors knows of no other matters that will be presented for consideration at the special meeting other than as described in this proxy statement/prospectus. If any other matters properly come before the special meeting, or any adjournments of the special meeting, that are set forth in the notice for such special meeting in accordance with the Spectra Energy by-laws and are proposed and are properly voted upon, the enclosed proxies will give the individuals that Spectra Energy stockholders name as proxies discretionary authority to vote the shares represented by these proxies as to any of these matters. However, those individuals will only exercise this discretionary authority with respect to matters that were unknown a reasonable time before the solicitation of proxies.

The matters to be considered at the special meeting are of great importance to Spectra Energy stockholders. Accordingly, you are urged to read and carefully consider the information contained in or incorporated by reference into this proxy statement/prospectus and submit your proxy by telephone or the Internet or complete, date, sign and promptly return the enclosed proxy in the enclosed postage-paid envelope. If you submit your proxy by telephone or the Internet, you do not need to return the enclosed proxy card.

If you need assistance in completing your proxy card, have questions regarding the special meeting, or would like additional copies, without charge, of this proxy statement/prospectus, please contact Innisfree M&A Incorporated at 1-877-800-5185 (toll-free from the U.S. and Canada), or 1-412-232-3651 (from other locations).

THE MERGER PROPOSAL

*This section of the proxy statement/prospectus describes the various aspects of the merger and related matters. This section may not contain all of the information that is important to you. You should carefully read this entire proxy statement/prospectus and the documents incorporated by reference into this proxy statement/prospectus, including the full text of the merger agreement, a copy of which is attached to this proxy statement/prospectus as Annex A, for a more complete understanding of the merger. In addition, important business and financial information about each of Spectra Energy and Enbridge is included in or incorporated by reference into this proxy statement/prospectus. For a listing of the documents incorporated by reference into this proxy statement/prospectus, see the section entitled *Where You Can Find Additional Information*.*

Transaction Structure

The merger agreement provides that, subject to the terms and conditions of the merger agreement, at the effective time, Merger Sub, a direct wholly owned subsidiary of Enbridge, will merge with and into Spectra Energy. As a result, Spectra Energy will survive the merger as a direct wholly owned subsidiary of Enbridge. The terms and conditions of the merger are contained in the merger agreement, which is described in this proxy statement/prospectus and attached to this proxy statement/prospectus as Annex A. You are encouraged to read the merger agreement carefully, as it is the legal document that governs the merger. All descriptions in this summary and elsewhere in this proxy statement/prospectus of the terms and conditions of the merger are qualified by reference to the merger agreement.

Merger Consideration

Upon the completion of the merger, each share of Spectra Energy common stock issued and outstanding immediately prior to the effective time (other than Spectra Energy common stock owned directly by Enbridge, Merger Sub or Spectra Energy, and in each case not held on behalf of third parties) will be automatically converted into the right to receive 0.984 of a validly issued, fully paid and non-assessable Enbridge common share (the merger consideration).

Based on the number of shares of Spectra Energy common stock outstanding as of November 7, 2016, Enbridge will issue approximately 690,295,723 Enbridge common shares to Spectra Energy stockholders at the effective time pursuant to the merger agreement. The actual number of Enbridge common shares to be issued pursuant to the merger agreement will be determined at the effective time based on the exchange ratio, the number of shares of Spectra Energy common stock outstanding at such time and the number of Spectra Energy stock options, phantom units, performance stock units and other equity-based awards. Based on the number of shares of Spectra Energy common stock outstanding as of November 7, 2016, and the number of Enbridge common shares outstanding as of November 7, 2016, immediately after completion of the merger, former Spectra Energy stockholders would own approximately 42.38% of the outstanding Enbridge common shares.

Based on the closing price of Enbridge common shares on the NYSE on September 2, 2016, the last full trading day before the announcement of the merger agreement, the per share value of Spectra Energy common stock implied by the merger consideration was \$40.33. Based on the closing price of Enbridge common shares on the NYSE on November 10, 2016, the most recent practicable date prior to the date of this proxy statement/prospectus, the per share value of Spectra Energy common stock implied by the merger consideration was \$41.40. The implied value of the merger consideration will fluctuate, however, as the market price of Enbridge common shares fluctuates, because the merger consideration that is payable per share of Spectra Energy common stock is a fixed fraction of an Enbridge common share. As a result, the value of the merger consideration that Spectra Energy stockholders will receive upon the completion of the merger could be greater than, less than or the same as the value of the merger consideration on

the date of this proxy statement/prospectus or at the time of the special meeting. Accordingly, you are encouraged to obtain current stock price quotations for Spectra Energy common stock and Enbridge common shares before deciding how to vote with respect to the approval of the

merger agreement. Spectra Energy common stock trades on the NYSE under the ticker symbol SE and Enbridge common shares trade on the NYSE and the TSX under the ticker symbol ENB. The price of Enbridge common shares on the NYSE is reported in U.S. dollars, while the price of Enbridge common shares on the TSX is reported in Canadian dollars.

Background of the Merger

Each of the Spectra Energy board of directors and the Enbridge board of directors, each with their respective senior management, and with the assistance of their respective financial and legal advisors, from time to time have separately and independently reviewed and considered various potential strategic opportunities and alternatives in light of industry, regulatory and economic trends and developments.

As part of these reviews, both Spectra Energy and Enbridge have evaluated potential transactions to advance their respective strategic objectives of enhancing stockholder value, supporting dividend growth and better serving customers and employees. In furtherance of these objectives, in recent years, Spectra Energy senior management and Enbridge senior management have from time to time met with various industry executives, including each other, to discuss possible strategic transactions and have discussed sporadically with each other the idea of a possible business combination between the two companies. As part of each company's strategic planning process, and in some instances based on these discussions, each of the Spectra Energy board of directors and the Enbridge board of directors had preliminarily considered possible transaction alternatives with other third parties. During 2015 and 2016, the Spectra Energy board of directors considered, and in some cases Spectra Energy management engaged in negotiations regarding, several potential strategic acquisitions/business combination transactions with third parties. These transactions were not pursued by the Spectra Energy board of directors for various reasons, including failure to reach an acceptable agreement with the potential counterparties. During 2015, the Enbridge board of directors considered potential strategic acquisitions/business combination transactions with third parties, however, the Enbridge board did not pursue any alternative transaction as the transactions considered did not fully meet Enbridge's investment criteria including fit with strategy, industry fundamentals, and financial risk and reward considerations in a manner that would create shareholder value.

Enbridge's senior management has considered or discussed the possibility of a business combination transaction between Enbridge and Spectra Energy periodically for at least the last 18 months. During this period, Enbridge's senior management has continued to monitor and evaluate Spectra Energy and since November 2015, has provided periodic updates to the Enbridge board of directors, including presenting to the board on the possibility of a business combination transaction with Spectra Energy at Enbridge's regularly scheduled board meetings in November and December 2015, as well as at the board meeting held in February 2016. Gov. James J. Blanchard disclosed that his law firm does work for Spectra Energy and he has participated in representing Spectra Energy. As a result of this conflict, Gov. Blanchard did not participate in these discussions or in any future meetings or discussions relating to a possible transaction with Spectra Energy.

On May 10 and 11, 2016, the Enbridge board of directors held a regularly scheduled meeting, which was also attended by certain of Enbridge's senior management. During the meeting, the Enbridge board of directors and members of senior management reviewed the possibility of a business combination transaction between Enbridge and Spectra Energy, including the strong strategic fit, long term growth platform, short and long term financial benefits, cultural fit and view of the strategic strengths of Spectra Energy's asset base. The Enbridge board of directors determined that Enbridge senior management should continue to analyze a potential business combination transaction with Spectra Energy and initiate discussions with Spectra Energy's senior management about such a transaction.

On May 20, 2016, Mr. Al Monaco, the Chief Executive Officer of Enbridge, called Mr. Gregory L. Ebel, the Chairman and Chief Executive Officer of Spectra Energy, to inform Mr. Ebel that the Enbridge board of directors recently had discussed the possibility of combining Enbridge with Spectra Energy and the board's view, which Mr. Monaco shared, that it was an appropriate time for both companies to consider a possible transaction. During

Table of Contents

the call, Mr. Ebel and Mr. Monaco discussed the strategic rationale for a possible transaction and agreed that their respective senior management teams would coordinate to schedule a meeting during the first week of June, at which Enbridge's senior management would present preliminary parameters under which a possible transaction might occur. During the conversation, Mr. Ebel informed Mr. Monaco that the strategic rationale for a possible transaction was consistent with the discussions that the Spectra Energy board of directors also had on this topic from time to time. On May 27, 2016, Mr. Ebel informed the Spectra Energy directors of his discussion with Mr. Monaco and the upcoming meeting with Enbridge senior management.

On June 1, 2016, Mr. Monaco and Mr. Ebel, accompanied by each company's Chief Financial Officer and Chief Development Officer, met in Denver, Colorado to further discuss a possible transaction. At the meeting, Enbridge senior management presented its view regarding the strategic rationale for a transaction between the two companies, including the potential synergies, value drivers and dividend payout assumptions for the combined company. Enbridge senior management also presented its preliminary proposal on the financial parameters of a possible transaction, which included a premium of approximately 10% to the NYSE trading price of Spectra Energy common stock, with approximately 90% of the consideration consisting of Enbridge common shares and the remainder of the consideration consisting of cash. Also during the meeting, Mr. Ebel and Mr. Monaco discussed governance matters for the combined company. Mr. Monaco indicated that Enbridge's preliminary view was that Mr. Ebel would become non-executive Chairman of the board of directors of the combined company, Mr. Monaco would serve as the Chief Executive Officer of the combined company, that there would be proportionate director representation (based on approximate relative share ownership) on the board of the combined company and that the combined company's management team would be selected with the objective of building the strongest possible management team. Mr. Ebel told Mr. Monaco that he would discuss Enbridge's preliminary proposal and the strategic rationale for a potential transaction with the Spectra Energy board of directors. Following the meeting, Mr. Ebel informed the Spectra Energy board of directors that discussions with Enbridge were constructive, there appeared to be significant value that could be created by combining the two companies and he would provide a detailed update during the next Spectra Energy board meeting.

On June 13 and 14, 2016, the Spectra Energy board of directors held a regularly scheduled meeting, which was also attended on June 14 by Spectra Energy management and representatives of BMOCM and Wachtell, Lipton, Rosen & Katz (which we refer to as Wachtell Lipton), Spectra Energy's outside counsel. During the meeting, Spectra Energy management and representatives of BMOCM provided a summary of the preliminary discussions between Spectra Energy and Enbridge senior management and the preliminary terms that Enbridge had proposed for a possible combination of the two companies, including the financial parameters of a possible transaction, the combined company's potential dividend policy and the possible composition of the combined company's board and management. Representatives of BMOCM reviewed Spectra Energy's and Enbridge's recent stock performance and discussed preliminary financial matters regarding the proposed transaction, including with respect to each company on a standalone and combined basis. Also at this meeting, representatives of Wachtell Lipton reviewed with the Spectra Energy directors their fiduciary duties in connection with considering a possible business combination involving the two companies. Following discussion regarding these topics, the consensus of the Spectra Energy board of directors was that management and Spectra Energy's advisors should continue to engage in discussions with representatives of Enbridge regarding a possible business combination and should report to the board with updates regarding these discussions.

On June 16, 2016, Mr. Ebel informed Mr. Monaco that the Spectra Energy board of directors had authorized further discussions regarding a possible combination of Spectra Energy and Enbridge. Mr. Ebel informed Mr. Monaco that the Spectra Energy board was of the view that the premium and stock/cash consideration mix for Spectra Energy stockholders, dividend growth commitments and the governance structure of the combined company were important open points requiring further discussion.

On June 17, 2016, Spectra Energy and Enbridge entered into a confidentiality agreement, which included reciprocal standstill restrictions. Each of Spectra Energy and Enbridge subsequently provided the other party and

certain of their respective representatives with due diligence information, including with respect to the long term growth prospects of each company and the specific opportunities that underpinned these prospects, assumptions related to the potential synergies available in a business combination transaction between Enbridge and Spectra Energy and the potential credit profile of the combined company. For the remainder of June and throughout July and August, representatives of Spectra Energy and Enbridge engaged in mutual due diligence investigations on these and other topics, which included meetings, conference calls and review of materials in electronic data rooms.

On June 28 and 29, 2016, the Enbridge board of directors held a regularly scheduled meeting, which was also attended by certain of Enbridge's senior management. Mr. Monaco updated the Enbridge board of directors on the initial discussions with Spectra Energy senior management and the strategic rationale for the transaction, including Spectra Energy's competitive position and long term growth outlook, the dividend growth assumptions for the combined company and the positive impact on access to equity capital and share price. Enbridge management also discussed the potential credit rating impact of the proposed transaction. Enbridge management then discussed the initial results of their due diligence review of Spectra Energy and potential next steps. The Enbridge board of directors and members of management present agreed that Mr. Monaco and other senior management should continue to explore a potential business combination with representatives of Spectra Energy and conduct further due diligence investigations. The Enbridge board of directors directed management to provide an update on these matters at the next board meeting.

On June 30, 2016, Mr. Monaco called Mr. Ebel and advised him that the Enbridge board of directors supported the strategic rationale for combining Spectra Energy and Enbridge. Mr. Monaco also indicated that the Enbridge board of directors was scheduled to meet again at the end of July, at which time he wished to update the Enbridge board on various transaction matters, including rating agency and regulatory considerations.

Between June 30, 2016 and July 29, 2016, the respective Spectra Energy and Enbridge management teams and advisors continued to have meetings and conference calls regarding due diligence, regulatory and other matters. On July 21, 2016, Mr. Monaco called Mr. Ebel to discuss the upcoming meeting of the Enbridge board of directors on July 26 and 27, 2016 and reaffirmed Enbridge's continued interest in assessing a combination of the two companies.

On July 26 and 27, 2016, the Enbridge board of directors held a regularly scheduled meeting, which was also attended by certain of Enbridge's senior management. During the meeting, Mr. Monaco updated the Enbridge board of directors on his conversations with Mr. Ebel regarding a possible transaction and Spectra Energy's willingness to explore a potential combination of the two companies. During the meeting, the Enbridge board, with the assistance of Credit Suisse Securities (Canada), Inc., which we refer to as "Credit Suisse", one of Enbridge's financial advisors, reviewed and discussed financial aspects of a possible business combination transaction between Enbridge and Spectra Energy. The Enbridge board of directors and members of management present then discussed the terms and timing of a possible transaction, including the form of consideration, premium, regulatory approvals, deal protection mechanisms, governance and tax matters. The Enbridge board of directors authorized Mr. Monaco and management to continue discussions with representatives of Spectra Energy to assess the viability of the combination and if it could be achieved on acceptable terms. The board further authorized Mr. Monaco to provide a written non-binding proposal to Mr. Ebel detailing Enbridge's proposed terms for a merger with Spectra Energy.

On July 28, 2016, Mr. Monaco called Mr. Ebel to confirm that, consistent with prior discussions, the Enbridge board of directors viewed the combination of the two companies favorably, subject to due diligence and acceptable terms being reached by the parties. Mr. Ebel communicated to Mr. Monaco that he and the Spectra Energy board of directors shared the same favorable view, and that the premium and cash/stock consideration mix for Spectra Energy stockholders, dividend growth commitments and governance structure of the combined company remained open issues that needed to be resolved by the parties.

Enbridge's Reasons for the Merger

At its meeting held on September 5, 2016, after due consideration and consultation with Enbridge's management and outside legal and financial advisors, the Enbridge board of directors unanimously approved, by all directors present, the merger agreement and the transactions contemplated thereby and authorized the issuance of Enbridge common shares pursuant to the merger agreement. In doing so, the Enbridge board of directors

considered the business, assets, and liabilities, results of operations, financial performance, strategic direction and prospects of Spectra Energy and Enbridge, with a view to the best interests of Enbridge and its stakeholders, including shareholders, employees, debtholders and other creditors, customers, governments and the environment, among others. Gov. Blanchard recused himself from all deliberations relating to a possible transaction with Spectra Energy because his law firm does work for Spectra Energy and he has participated in representing Spectra Energy. In making its determination, the Enbridge board of directors considered a number of factors, including the following:

Enbridge expects that the combination of Enbridge's and Spectra Energy's respective businesses will add scale and substantial product and geographic diversity to Enbridge following completion of the merger, in particular balancing its oil transportation business with an equally sized gas transportation business, providing greater optionality and broader platforms for future growth;

Enbridge expects to more than double its total development project inventory, creating a secured growth program of approximately C\$26 billion and a probability weighted backlog of unsecured projects of approximately C\$48 billion, following completion of the merger;

Enbridge expects that the merger and resulting growth profile will support its predictable and growing available cash flow from operations per share in the range of 12% to 14% annually through 2019;

Enbridge expects that the merger and resulting growth profile will support future available cash flow from operations growth beyond 2019;

Enbridge expects that the merger and resulting available cash flow from operations per share will support annual dividend growth of 15% in 2017 and extends its year-over-year dividend growth outlook of 10% to 12% from 2018 through 2024;

Enbridge expects that, following completion of the merger, it will maintain a low risk commercial portfolio to support resilience in various market cycles;

Enbridge expects that the scale, quality and investor value proposition of Enbridge following completion of the merger will attract additional investor interest;

Enbridge expects that, following completion of the merger, it will have enhanced access to equity and debt capital;

Enbridge expects that the merger enhances the strength of its investment grade balance sheet;

the favorable feedback received from independent credit rating agencies with respect to the potential impact of the proposed transaction on Enbridge's credit ratings;

Enbridge expects to realize operating and financial annual run-rate cost synergies of \$415 million (C\$540 million) based on the combined company's reduction in its general operations, administrative and other costs and increased purchasing power (excluding tax synergies in 2019);

the belief that the seasoned management team at Spectra Energy will bring valuable talent to the operations of the combined company;

the belief that Enbridge and Spectra Energy have similar corporate cultures and values;

the fact that the exchange ratio is fixed and will not be adjusted for fluctuations in the market price of Enbridge common shares or Spectra Energy common stock;

the ability of Enbridge, in specified circumstances, to provide information to and to engage in discussions or negotiations with a third party that makes an unsolicited acquisition proposal, as further described in the section entitled *The Merger Agreement No-Solicitation* ;

the ability of the Enbridge board of directors, in specified circumstances, to change its recommendation to Enbridge shareholders concerning the merger, as further described in the section entitled *The Merger Agreement Board of Directors Recommendations* ;

other favorable terms of the merger agreement, including:

restrictions on Spectra Energy's ability to solicit alternative business combination transactions and to provide confidential due diligence information to, or engage in discussions with, a third party interested in pursuing an alternative business combination transaction with Spectra Energy, as further discussed in the section entitled *The Merger Agreement No-Solicitation* ;

the obligation of Spectra Energy to pay Enbridge a termination fee of \$1.0 billion upon termination of the merger agreement under specified circumstances;

the obligation of Spectra Energy to reimburse Enbridge for its out-of-pocket expenses, subject to a maximum amount of \$100 million, if the merger agreement is terminated as a result of the failure to obtain the requisite Spectra Energy stockholder approval;

the requirement that Spectra Energy hold a stockholder vote on the adoption of the merger agreement, even though the Spectra Energy board of directors may have withdrawn or changed its recommendation, and the inability of Spectra Energy to terminate the merger agreement to enter into an agreement for a superior proposal prior to the completion of special meeting to vote on the adoption of the merger agreement; and

the probability that the conditions to the merger will be satisfied.

In connection with its deliberations relating to the merger, the Enbridge board of directors also considered potential risks and negative factors concerning the merger and the other transactions contemplated by the merger agreement, including the following:

the risk that the transaction might not be completed in a timely manner or at all;

the effect that the length of time from announcement until closing could have on the market price of Enbridge common shares, Enbridge's operating results (particularly in light of the significant costs incurred in connection with the merger) and the relationships with Enbridge's employees, shareholders, customers, suppliers, regulators, partners and others that do business with Enbridge;

the risk that the anticipated benefits of the merger will not be realized in full or in part, including the risk that expected synergies will not be achieved or not achieved in the expected time frame;

the risk that the regulatory approval process could result in undesirable conditions, impose burdensome terms or result in increased pre-tax transaction costs;

the risk of diverting the attention of Enbridge's senior management from other strategic priorities to implement the merger and make arrangements for integration of Enbridge's and Spectra Energy's operations and infrastructure following the merger;

certain restrictions on the conduct of Enbridge's business during the pendency of the transaction, including restrictions on Enbridge's ability to solicit alternative business combination transactions, although the Enbridge board of directors believed that such restrictions were reasonable;

the inability of Enbridge to terminate the merger agreement to enter into an agreement for a superior proposal prior to the completion of the Enbridge special meeting to vote on the approval of the issuance of Enbridge common shares in connection with the merger and the Enbridge by-law amendment;

the potential impact on the market price of Enbridge common shares as a result of the issuance of the merger consideration to Spectra Energy stockholders; and

the risks described in the section entitled *Risk Factors*.

After consideration of these factors, the Enbridge board of directors determined that, overall, the potential benefits of the merger outweighed the potential risks.

Table of Contents

The foregoing discussion of factors considered by the Enbridge board of directors is not intended to be exhaustive and may not include all the factors considered by the Enbridge board of directors. In view of the wide variety of factors considered in connection with its evaluation of the merger and the complexity of these matters, the Enbridge board of directors did not attempt to quantify, rank or otherwise assign any relative or specific weights to the factors that it considered in reaching its determination to approve the merger and the merger agreement. In addition, individual members of the Enbridge board of directors may have given differing weights to different factors. The Enbridge board of directors conducted an overall review of the factors described above and other material factors, including through discussions with, and inquiry of, Enbridge's management and outside legal and financial advisors.

The foregoing description of Enbridge's consideration of the factors supporting the merger is forward-looking in nature. This information should be read in light of the factors discussed in the section entitled *Cautionary Statement Regarding Forward-Looking Statements*.

Spectra Energy's Reasons for the Merger; Recommendation of the Spectra Energy Board of Directors

The Spectra Energy board of directors unanimously determined that the merger agreement and the transactions contemplated by the merger agreement were fair to, and in the best interests of, Spectra Energy and its stockholders and approved and declared advisable the merger agreement and the transactions contemplated by the merger agreement. **THE SPECTRA ENERGY BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT SPECTRA ENERGY STOCKHOLDERS VOTE FOR THE ADOPTION OF THE MERGER AGREEMENT.**

In evaluating the merger, the Spectra Energy board of directors consulted with Spectra Energy management, as well as Spectra Energy's legal and financial advisors, and considered a number of factors, weighing both perceived benefits of the merger as well as potential risks of the merger.

The Spectra Energy board of directors considered the following factors that it believes support its determinations and recommendations:

Aggregate Value and Form of the Consideration

that the merger consideration had an implied value per share of Spectra Energy common stock of \$40.33, based on the closing price of Enbridge common shares on the NYSE as of September 2, 2016 (the last trading day prior to announcement of the merger), which represented an approximate 11.5% premium to the closing price of Spectra Energy common stock on the same date. The Spectra Energy board of directors also took note of the course and history of the negotiations between Spectra Energy and Enbridge, which resulted in an increase in the exchange ratio to be received by Spectra Energy stockholders from the exchange ratio initially proposed by Enbridge, and the Spectra Energy board of directors believed, based on Enbridge's positions during such negotiations, that the exchange ratio of 0.984 was the maximum exchange ratio that Enbridge would be willing to agree to in the merger;

that the merger consideration consists entirely of Enbridge common shares, which offers Spectra Energy stockholders the opportunity to participate in the future earnings, dividends and growth of the combined company, a company which the Spectra Energy board of directors considers to be an attractive investment for the reasons discussed below under *Strategic Considerations and Synergies* ;

that the fixed exchange ratio provides certainty to the Spectra Energy stockholders as to their pro forma percentage ownership of approximately 43% of the combined company;

that the merger is expected to qualify as a reorganization within the meaning of the Code and that Spectra Energy stockholders' receipt of Enbridge common shares in the merger is not expected to be taxable to them for U.S. federal income tax purposes, and that the transaction has also been structured to allow Canadian resident stockholders to participate in the transaction on a Canadian tax deferred basis;

Table of Contents

Strategic Considerations and Synergies

that the combined company is expected to have annual dividend growth rate of 10% to 12% from 2018 through 2024, and an anticipated aggregate increase of approximately 15% in 2017 following the closing of the merger, while maintaining a conservative expected payout of 50% to 60% of available cash flow from operations;

that the combined company would have the scale, balance sheet strength, financial flexibility and free cash flow to fund future growth and improved ability to access the capital markets on more favorable terms, which would allow the combined company to be even more competitive in capturing strategic opportunities;

that the combined company would bring together many of the highest quality energy infrastructure assets in North America: liquids and gas pipelines; U.S. and Canadian midstream businesses; a top tier regulated utility portfolio; and a growing renewable power generation business;

that the combined company is expected to have the largest and most secure program of diversified organic growth projects in the industry, with secured project and risked development inventory of approximately \$57 billion, with \$20 billion currently in execution;

that Spectra Energy and Enbridge have similar business and operational models, talented management teams, common cultures and values, including shared commitment to safety, stewardship of the environment, meaningful stakeholder engagement and investing in communities;

that the merger is expected to result in annual run-rate cost synergies of \$415 million, in addition to the approximately \$200 million of tax savings that may be achieved through utilization of tax losses commencing in 2019;

information and discussions with Spectra Energy's management, in consultation with BMOCM and Citi, regarding Enbridge's business, results of operations, financial and market position, and Spectra Energy management's expectations concerning the combined company's business, financial prospects and synergies, and historical and current trading prices of Enbridge shares;

Opinions of Spectra Energy's Financial Advisors

the separate opinions of BMOCM and Citi, each dated September 5, 2016, to the Spectra Energy board of directors as to the fairness, from a financial point of view and as of the date of the opinion, of the exchange ratio provided for pursuant to the merger agreement, which opinions were based on and subject to the assumptions made, procedures followed, matters considered and limitations and qualifications on the review undertaken as more fully described below in the sections entitled *The Merger Proposal Opinions of Spectra*

*Energy's Financial Advisors' Opinion of BMO Capital Markets Corp. and The Merger Proposal Opinions of Spectra Energy's Financial Advisors' Opinion of Citigroup Global Markets Inc. ;
Likelihood of Completion of the Merger*

the likelihood that the merger will be completed, based on, among other things, the limited closing conditions to the completion of the merger and the strong commitment made by Enbridge to obtain regulatory approvals, as further described in the section entitled *The Merger Proposal Regulatory Approvals Required for the Merger* and *The Merger Agreement Filings; Other Actions; Notification ; Governance Matters*

that Mr. Ebel, the current Chairman, President and Chief Executive Officer of Spectra Energy, would become Chairman of the board of directors of the combined company until the termination of the 2020 annual shareholder meeting of the combined company and may continue to serve thereafter at the

Table of Contents

election of the combined company board, and Enbridge's agreement to nominate and use its best efforts to obtain the election of Mr. Ebel as a director at each meeting of shareholders prior to the 2020 annual shareholder meeting of the combined company;

that the board of directors of the combined company would be composed of thirteen directors, of which five directors will be designated by Spectra Energy from the directors of Spectra Energy serving prior to the effective time of the merger (including Mr. Ebel), and Enbridge's agreement to nominate and use its best efforts to obtain the election of four of the five Spectra Energy designees as directors of the combined company prior to the 2019 annual shareholder meeting of the combined company, and such designees may continue to serve thereafter at the election of the combined company board (the fifth Spectra Energy designee, Mr. Ebel, is required to be nominated as a director through until the termination of the 2020 annual shareholders meeting as described in the bullet immediately above);

that the Spectra Energy designees would be entitled to proportional representation on the committees of the combined company's board of directors;

that the combined company's by-laws would provide that the above described governance provisions can only be changed with the approval of at least 75% of the entire board of directors of the combined company;

Other Favorable Terms of the Merger Agreement

the ability of Spectra Energy, in specified circumstances, to provide information to and to engage in discussions or negotiations with a third party that makes an unsolicited acquisition proposal, as further described in the section entitled *The Merger Agreement No-Solicitation* ;

the ability of the Spectra Energy board of directors, in specified circumstances, to change its recommendation to Spectra Energy stockholders concerning the merger, as further described in the section entitled *The Merger Agreement Spectra Energy and Enbridge Board Recommendation* ;

the terms of the merger agreement that restrict Enbridge's ability to solicit alternative business combination transactions and to provide confidential due diligence information to, or engage in discussions with, a third party interested in pursuing an alternative business combination transaction with Enbridge, as further discussed in the section entitled *The Merger Agreement No-Solicitation* ;

the obligation of Enbridge to pay Spectra Energy a termination fee of C\$1.75 billion upon termination of the merger agreement under specified circumstances;

the obligation of Enbridge to reimburse Spectra Energy for its out-of-pocket expenses, subject to a maximum amount of \$100 million, if the merger agreement is terminated as a result of the failure to obtain the requisite Enbridge shareholder approval; and

the requirement that Enbridge hold a shareholder vote on the approval of the issuance of Enbridge common shares in connection with the merger and the Enbridge by-law amendment, even though the Enbridge board of directors may have withdrawn or changed its recommendation, and the inability of Enbridge to terminate the merger agreement to enter into an agreement for a superior proposal prior to the completion of the Enbridge special meeting to vote on the approval of the Enbridge share issuance and by-law amendment.

The Spectra Energy board of directors also considered a variety of risks and other countervailing factors, including:

Fluctuations in Share Price

that the fixed exchange ratio would not adjust downwards to compensate for changes in the price of Spectra Energy common stock or Enbridge common shares prior to the consummation of the merger, and the terms of the merger agreement do not include termination rights triggered by a decrease in the

Table of Contents

value of Enbridge relative to the value of Spectra Energy. The Spectra Energy board of directors determined that the exchange ratio was appropriate and that the risks were acceptable in view of the relative historical trading values and financial performance of Spectra Energy and Enbridge;

Limitations on Spectra Energy's Business Pending Completion of the Merger

the restrictions on the conduct of Spectra Energy's business during the pendency of the transaction, which may delay or prevent Spectra Energy from undertaking business opportunities that may arise or may negatively affect Spectra Energy's ability to attract and retain key personnel;

the terms of the merger agreement that restrict Spectra Energy's ability to solicit alternative business combination transactions and to provide confidential due diligence information to, or engage in discussions with, a third party interested in pursuing an alternative business combination transaction, as further discussed in the section entitled *The Merger Agreement No Solicitation*, although the Spectra Energy board of directors believed that such terms were reasonable;

the inability of Spectra Energy to terminate the merger agreement to enter into an agreement for a superior proposal prior to the completion of the Spectra Energy special meeting to vote on the adoption of the merger agreement;

Possible Disruption of Spectra Energy's Business

the potential for diversion of management attention and employee attrition due to the possible effects of the announcement and pendency of the merger and the potential effects on customers and business relationships as a result of the merger;

Risks of Delays or Non-Completion

the amount of time it could take to complete the merger, including the fact that completion of the merger depends on factors outside of Spectra Energy's control, and that there can be no assurance that the conditions to the merger will be satisfied even if the merger is approved by Spectra Energy stockholders;

the possibility of non-consummation of the merger and the potential consequences of non-consummation, including the potential negative impacts on Spectra Energy, its business and the trading price of its shares;

Uncertainties Following Closing

the difficulty and costs inherent in integrating large and diverse businesses and the risk that the potential synergies, dividend growth and other benefits expected to be obtained as a result of the merger might not be fully or timely realized;

Other Risks

the obligation of Spectra Energy to pay Enbridge a termination fee of \$1.0 billion upon termination of the merger agreement under specified circumstances;

the obligation of Spectra Energy to reimburse Enbridge for its out-of-pocket expenses, subject to a maximum amount of \$100 million, if the merger agreement is terminated as a result of the failure to obtain the requisite Spectra Energy stockholder approval; and

the risks and other considerations of the type and nature described under the sections entitled *Risk Factors* and *Cautionary Statement Regarding Forward-Looking Statements*.

The Spectra Energy board of directors concluded that the uncertainties, risks and potentially negative factors relevant to the merger were outweighed by the potential benefits that it expected Spectra Energy and its stockholders would achieve as a result of the transaction.

In considering the recommendation of the Spectra Energy board of directors, you should be aware that directors and executive officers of Spectra Energy have interests in the proposed merger that are in addition to, or different from, any interests they might have as stockholders. For more information, see the section entitled *The Merger Proposal Interests of Spectra Energy's Directors and Executive Officers in the Merger*.

The foregoing discussion of the information and factors considered by the Spectra Energy board of directors includes the principal positive and negative factors considered by the Spectra Energy board of directors, is not intended to be exhaustive and may not include all of the factors considered by the Spectra Energy board of directors. In view of the wide variety of factors considered in connection with its evaluation of the merger, and the complexity of these matters, the Spectra Energy board of directors did not find it useful and did not attempt to quantify or assign any relative or specific weights to the various factors that it considered in reaching its determination to approve the merger and the merger agreement and to make its recommendations to the Spectra Energy stockholders. Rather, the Spectra Energy board of directors viewed its decisions as being based on the totality of the information presented to it and the factors it considered. In addition, individual members of the Spectra Energy board of directors may have given differing weights to different factors. The Spectra Energy board of directors conducted an overall review of the factors described above.

Opinions of Spectra Energy's Financial Advisors***Opinion of BMO Capital Markets Corp.***

Spectra Energy has engaged BMO Nesbitt Burns, an affiliate of BMOCM, to act as a financial advisor in connection with the proposed merger. In connection with this engagement, the Spectra Energy board of directors requested that BMOCM evaluate the fairness, from a financial point of view, of the exchange ratio provided for pursuant to the merger agreement. On September 5, 2016, at a meeting of the Spectra Energy board of directors held to evaluate the proposed merger, BMOCM rendered an oral opinion, confirmed by delivery of a written opinion dated September 5, 2016, to the Spectra Energy board of directors to the effect that, as of that date and based on and subject to various assumptions made, procedures followed, matters considered and limitations and qualifications on the review undertaken described in its opinion, the exchange ratio provided for pursuant to the merger agreement was fair, from a financial point of view, to holders of Spectra Energy common stock.

The full text of BMOCM's written opinion, dated September 5, 2016, which describes the assumptions made, procedures followed, matters considered and limitations and qualifications on the review undertaken, is attached as Annex B to this proxy statement/prospectus and is incorporated into this proxy statement/prospectus by reference. The description of BMOCM's opinion set forth below is qualified in its entirety by reference to the full text of BMOCM's opinion. **BMOCM's opinion was prepared at the request and for the benefit and use of the Spectra Energy board of directors (in its capacity as such) in connection with its evaluation of the exchange ratio from a financial point of view and did not address any other terms, aspects or implications of the merger. BMOCM expressed no opinion as to the relative merits of the merger or any other transactions or business strategies discussed by the Spectra Energy board of directors as alternatives to the merger or the decision of the Spectra Energy board of directors to proceed with the merger. BMOCM's opinion does not constitute a recommendation as to any action the Spectra Energy board of directors should take on any aspect of the merger or the other transactions contemplated by the merger agreement or otherwise and is not a recommendation as to how any director should vote or act with respect to the merger or any other matter. BMOCM's opinion also does not constitute a recommendation to any security holder as to how such holder should vote or act with respect to the merger or any other matter.**

For purposes of its opinion, BMOCM reviewed an execution version of the merger agreement and assumed that the final form of the merger agreement would not differ in any material respects from the execution version reviewed by BMOCM. BMOCM assumed that all of the conditions to the merger would be satisfied, that the merger would be consummated on the terms reflected in the merger agreement and in compliance with all

applicable laws, documents and other requirements, without waiver, modification or amendment of any material term, condition or agreement, and that there would not be any delays, limitations, restrictions, conditions or other actions, including any divestitures, amendments or modifications, in the course of obtaining the necessary governmental, regulatory and third party approvals, consents, releases, waivers and agreements for the merger or otherwise that would be meaningful in any respect to BMOCM's analyses or opinion. BMOCM also assumed that the merger would qualify as a reorganization within the meaning of Section 368(a) of the Code.

In arriving at its opinion, BMOCM reviewed, among other things:

an execution version of the merger agreement;

publicly available information concerning Spectra Energy and Enbridge, including Spectra Energy's and its publicly traded subsidiaries' Annual Reports on Form 10-K for the fiscal year ended December 31, 2015 and Quarterly Reports on Form 10-Q for the fiscal quarters ended March 31, 2016 and June 30, 2016, and Enbridge's and its publicly traded subsidiaries' Annual Reports for the fiscal year ended December 31, 2015 and Quarterly Reports for the fiscal quarters ended March 31, 2016 and June 30, 2016;

financial and operating information with respect to the businesses, operations and prospects of Enbridge furnished to BMOCM by Spectra Energy and Enbridge, including financial projections of Enbridge prepared by the management of Enbridge as reviewed and approved by the management of Spectra Energy;

the strategic rationale for, and the potential cost savings and other strategic benefits (including the amount, timing and achievability thereof) anticipated by the management of Spectra Energy to result from the merger (which we refer to as the "expected benefits");

a trading history of Spectra Energy common stock and Enbridge common shares for the 52-week period ended September 2, 2016, and a comparison of that trading history with those of other companies that BMOCM deemed relevant;

published estimates of research analysts with respect to the future financial performance and stock price targets of Spectra Energy, Enbridge and other companies that BMOCM deemed relevant;

a comparison of the historical financial results and present financial condition of Spectra Energy and Enbridge with each other and with those of other companies that BMOCM deemed relevant;

discounted cash flow analyses for Spectra Energy and Enbridge, both on a standalone basis (after taking into account net operating loss carryforwards and other tax attributes of Spectra Energy and Enbridge expected by the respective managements of Spectra Energy and Enbridge to be utilized by Spectra Energy and Enbridge (which we refer to as the tax attributes)) and *pro forma* for the merger (both before and after giving effect to the expected benefits), based on the financial projections and other information relating to Spectra Energy and Enbridge referred to above;

the relative contributions of Spectra Energy and Enbridge to certain financial metrics of the *pro forma* combined company, based on the financial projections and other information relating to Spectra Energy and Enbridge referred to above; and

selected macroeconomic and other commercial factors that BMOCM deemed relevant to Spectra Energy's and Enbridge's industry and prospects.

In addition, BMOCM had discussions with the senior management of Spectra Energy and Enbridge concerning their respective and combined businesses, operations, assets, financial condition and prospects and undertook such other studies, analyses and investigations as BMOCM deemed appropriate.

Table of Contents

In rendering its opinion, BMOCM assumed and relied on the accuracy and completeness of all information supplied or otherwise made available to it by Spectra Energy or its representatives or advisors, Enbridge or its representatives or advisors, or obtained by BMOCM from other sources. BMOCM did not independently verify (nor assumed any obligation to verify) any such information or undertake an independent valuation or appraisal of the assets or liabilities (contingent, derivative, off-balance sheet or otherwise) of Spectra Energy, Enbridge or any other entity and BMOCM was not furnished with any such valuation or appraisal. BMOCM did not evaluate the solvency or fair value of Spectra Energy, Enbridge or any other entity under any state, provincial or federal laws relating to bankruptcy, insolvency or similar matters. With respect to financial projections relating to Spectra Energy and Enbridge (including with respect to the tax attributes) that BMOCM was directed to utilize in its analyses, BMOCM was advised by Spectra and Enbridge, and BMOCM assumed, without independent investigation, that they were reasonably prepared and reflected the best currently available estimates and good faith judgments of the managements of Spectra Energy and Enbridge, as applicable, as to the future financial performance of Spectra Energy and Enbridge, the expected benefits (including the amount, timing and achievability thereof) to result from or to be utilized as a result of, and the other *pro forma* financial impacts of, the merger and the other matters covered thereby. BMOCM assumed that the financial results, including the tax attributes and the expected benefits, reflected in such financial projections would be realized in the amounts and at the times projected. BMOCM expressed no opinion with respect to such projections, including the assumptions on which they are based. Furthermore, BMOCM did not assume any obligation to conduct, and has not conducted, any physical inspection of the properties or facilities of Spectra Energy or Enbridge. With respect to certain financial projections and other information prepared or publicly available in Canadian dollars, BMOCM utilized publicly available, or at Spectra Energy's direction specified, Canadian dollar to United States dollar exchange rates and assumed, with Spectra Energy's consent, that such exchange rates were reasonable to utilize for purposes of BMOCM's analyses and that any currency or exchange rate fluctuations would not be meaningful in any respect to BMOCM's analyses or opinion.

BMOCM relied upon the assessments of the managements of Spectra Energy and Enbridge as to, among other things, (i) growth, expansion and other projects of Spectra Energy and Enbridge, including with respect to the likelihood and timing thereof and assets, capital expenditures and other financial aspects involved, (ii) the potential impact on Spectra Energy and Enbridge of market, competitive and other trends and developments in and prospects for, and governmental, regulatory and legislative matters relating to or otherwise affecting, the oil and gas and energy infrastructure industries, including commodity pricing and supply and demand for oil and gas, which are subject to significant volatility and which, if different than as assumed, could have a material impact on BMOCM's analyses or opinion, (iii) existing and future contracts and relationships, agreements and arrangements with, and the ability to attract, retain and/or replace, key customers, producers and other commercial relationships of Spectra Energy and Enbridge and (iv) the ability to integrate the operations of Spectra Energy and Enbridge. BMOCM assumed, with Spectra Energy's consent, that there would be no developments with respect to any such matters that would have an adverse effect on Spectra Energy, Enbridge or the merger (including the contemplated benefits thereof) or that otherwise would be meaningful in any respect to BMOCM's analyses or opinion.

BMOCM's opinion was necessarily based upon financial, economic, market and other conditions and circumstances as they existed and could be evaluated, and the information made available to BMOCM, as of the date of its opinion. BMOCM disclaimed any undertakings or obligations to advise any person of any change in any fact or matter affecting its opinion which may come or be brought to BMOCM's attention after the date of the opinion or to otherwise update, revise or reaffirm its opinion. As the Spectra Energy board of directors was aware, the credit, financial and stock markets, and the industries in which Spectra Energy and Enbridge operate, have experienced and continue to experience volatility and BMOCM expressed no opinion or view as to any potential effects of such volatility on Spectra Energy, Enbridge or the merger (including the contemplated benefits thereof).

BMOCM's opinion related to the fairness, from a financial point of view, to holders of Spectra Energy common stock of the exchange ratio provided for pursuant to the merger agreement without regard to individual

circumstances of specific holders of, or any rights, preferences, restrictions or limitations that may be attributable to, shares of Spectra Energy common stock or other securities of Spectra Energy and did not address proportionate allocation or relative fairness among holders of Spectra Energy common stock. In connection with BMO Nesbitt Burns' engagement, it was not requested to, and it did not, undertake a third-party solicitation process on Spectra Energy's behalf with respect to the acquisition of all or a part of Spectra Energy. BMOCM did not express any opinion on any terms (other than the exchange ratio to the extent specified in its opinion), aspects or implications of the merger, including, without limitation, the form or structure of the merger or any agreement, arrangement or understanding to be entered into in connection with or contemplated by the merger or otherwise. BMOCM's opinion relates to the relative values of Spectra Energy and Enbridge. BMOCM's opinion did not in any manner address the actual value of Enbridge common shares when issued in the merger or the prices at which Spectra Energy common stock or Enbridge common shares or any other securities will trade or otherwise be transferable at any time, including following the announcement or consummation of the merger. BMOCM is not an expert in, and its opinion did not address, any of the legal, regulatory, tax or accounting aspects of the merger, including, without limitation, whether or not the merger or the other transactions contemplated by the merger agreement constitute a change of control under any contract or agreement to which Spectra Energy, Enbridge or any of their respective affiliates is a party or may be subject or the tax consequences of the merger to holders of shares of Spectra Energy common stock. BMOCM relied solely on Spectra Energy's legal, regulatory, tax and accounting advisors for such matters. In addition, BMOCM expressed no view or opinion as to the fairness of the amount or nature of, or any other aspects relating to, the compensation of any officers, directors or employees of any parties to the merger, or class of such persons, relative to the exchange ratio or otherwise. BMOCM's opinion was approved by a fairness opinion committee of BMOCM.

In preparing its opinion, BMOCM performed a variety of financial and comparative analyses, including those described below. The summary of the analyses below is not a complete description of BMOCM's opinion or the analyses underlying, and factors considered in connection with, BMOCM's opinion. The preparation of a financial opinion is a complex analytical process involving various determinations as to the most appropriate and relevant methods of financial analysis and the application of those methods to the particular circumstances and, therefore, a financial opinion is not readily susceptible to summary description. BMOCM arrived at its ultimate opinion based on the results of all analyses and factors assessed as a whole, and it did not draw, in isolation, conclusions from or with regard to any one factor or method of analysis. Accordingly, BMOCM believes that the analyses must be considered as a whole and that selecting portions of its analyses and factors or focusing on information presented in tabular format, without considering all analyses and factors or the narrative description of the analyses, could create a misleading or incomplete view of the processes underlying such analyses and its opinion.

In its analyses, BMOCM considered industry performance, general business, economic, market and financial conditions and other matters existing as of the date of its opinion, many of which are beyond the control of Spectra Energy and Enbridge. No company or business reviewed is identical or directly comparable to Spectra Energy or Enbridge and an evaluation of these analyses is not entirely mathematical; rather, the analyses involve complex considerations and judgments concerning financial and operating characteristics and other factors that could affect the public trading or other values of the companies or business segments reviewed or the results from any particular analysis.

The estimates contained in BMOCM's analyses and the ranges resulting from any particular analysis are not necessarily indicative of actual values or predictive of future results or values, which may be significantly more or less favorable than those suggested by such analyses. In addition, analyses relating to the value of businesses or securities do not purport to be appraisals or to reflect the prices at which businesses or securities actually may be sold or acquired. Accordingly, the estimates used in, and the results derived from, BMOCM's analyses are inherently subject to substantial uncertainty.

Neither BMO Nesbitt Burns nor BMOCM was requested to, nor did either, recommend or determine the specific consideration payable in the merger. The type and amount of consideration payable in the merger were determined through negotiations between Spectra Energy and Enbridge and the decision to enter into the merger

Table of Contents

agreement was solely that of the Spectra Energy board of directors. BMOCM's opinion was only one of many factors considered by the Spectra Energy board of directors in its evaluation of the merger and should not be viewed as determinative of the views of the Spectra Energy board of directors or Spectra Energy management with respect to the merger or the merger consideration.

Financial Analyses

The following is a summary of the material financial analyses prepared and reviewed with the Spectra Energy board of directors in connection with BMOCM's opinion, dated September 5, 2016. **The summary set forth below does not purport to be a complete description of the financial analyses performed by, and underlying the opinion of, BMOCM, nor does the order of the financial analyses described represent the relative importance or weight given to those financial analyses by BMOCM. Certain financial analyses summarized below include information presented in tabular format. In order to fully understand the financial analyses, the tables must be read together with the text of each summary as the tables alone do not constitute a complete description of the financial analyses. Considering the data in the tables below without considering the full narrative description of the financial analyses, including the methodologies and assumptions underlying the financial analyses, could create a misleading or incomplete view of such financial analyses. Neither BMO Nesbitt Burns nor BMOCM assumes responsibility if future results are different from those described, whether or not any such difference is material.** In calculating implied exchange ratio reference ranges as reflected in the financial analyses described below, BMOCM (i) divided the low-end of the approximate implied per share equity value reference ranges derived for Spectra Energy from such analyses by the high-end of the approximate implied per share equity value reference ranges derived for Enbridge from such analyses in order to calculate the low-end of the implied exchange ratio reference ranges and (ii) divided the high-end of the approximate implied per share equity value reference ranges derived for Spectra Energy from such analyses by the low-end of the approximate implied per share equity value reference ranges derived for Enbridge from such analyses in order to calculate the high-end of the implied exchange ratio reference ranges. Approximate implied per share equity value reference ranges were rounded to the nearest \$0.25 per share, other than such ranges derived from historical stock trading histories and publicly available research analysts' price targets. Financial data for Spectra Energy and Enbridge utilized in the financial analyses described below were based on, among other things, financial projections of Spectra Energy prepared by the management of Spectra Energy (which we refer to in this section as the "Spectra Energy forecasts") and financial projections of Enbridge prepared by the management of Enbridge as reviewed and approved by the management of Spectra Energy (which we refer to in this section as the "Enbridge forecasts").

BMOCM performed separate selected public companies analyses of each of Spectra Energy and Enbridge in which BMOCM reviewed certain financial and stock market information relating to Spectra Energy, Enbridge and the following seven companies that BMOCM considered generally relevant (which we collectively refer to, together with Spectra Energy and Enbridge, as the "selected companies"). BMOCM selected such companies given that, as is the case with Spectra Energy (approximate enterprise value of \$44 billion) and Enbridge (approximate enterprise value of \$83 billion), the selected companies are large publicly traded companies that directly or indirectly through affiliates own diversified energy infrastructure businesses or assets.

Energy Transfer Equity, L.P. (approximate enterprise value: \$86 billion)

Enterprise Products Partners L.P. (approximate enterprise value: \$80 billion)

Kinder Morgan, Inc. (approximate enterprise value: \$90 billion)

ONEOK, Inc. (approximate enterprise value: \$26 billion)

Plains All American Pipeline, L.P. (approximate enterprise value: \$31 billion)

The Williams Companies, Inc. (approximate enterprise value: \$56 billion)

TransCanada Corporation (approximate enterprise value: \$71 billion)

In preparing its opinion, Citi performed a variety of financial and comparative analyses, including those described below. The summary of the analyses below is not a complete description of Citi's opinion or the analyses underlying, and factors considered in connection with, Citi's opinion. The preparation of a financial opinion is a complex analytical process involving various determinations as to the most appropriate and relevant methods of financial analysis and the application of those methods to the particular circumstances and, therefore, a financial opinion is not readily susceptible to summary description. Citi arrived at its ultimate opinion based on the results of all analyses and factors assessed as a whole, and it did not draw, in isolation, conclusions from or with regard to any one factor or method of analysis. Accordingly, Citi believes that the analyses must be considered as a whole and that selecting portions of its analyses and factors or focusing on information presented in tabular format, without considering all analyses and factors or the narrative description of the analyses, could create a misleading or incomplete view of the processes underlying such analyses and its opinion.

In its analyses, Citi considered industry performance, general business, economic, market and financial conditions and other matters existing as of the date of its opinion, many of which are beyond the control of Spectra Energy and Enbridge. No company, business or transaction reviewed is identical or directly comparable to Spectra Energy or Enbridge or the merger and an evaluation of these analyses is not entirely mathematical; rather, the analyses involve complex considerations and judgments concerning financial and operating characteristics and other factors that could affect the public trading, acquisition or other values of the companies, business segments or transactions reviewed or the results from any particular analysis.

The estimates contained in Citi's analyses and the ranges resulting from any particular analysis are not necessarily indicative of actual values or predictive of future results or values, which may be significantly more or less favorable than those suggested by such analyses. In addition, analyses relating to the value of businesses or securities do not purport to be appraisals or to reflect the prices at which businesses or securities actually may be sold or acquired. Accordingly, the estimates used in, and the results derived from, Citi's analyses are inherently subject to substantial uncertainty.

Citi was not requested to, and it did not, recommend or determine the specific consideration payable in the merger. The type and amount of consideration payable in the merger were determined through negotiations between Spectra Energy and Enbridge and the decision to enter into the merger agreement was solely that of the Spectra Energy board of directors. Citi's opinion was only one of many factors considered by the Spectra Energy board of directors in its evaluation of the merger and should not be viewed as determinative of the views of the Spectra Energy board of directors or Spectra Energy management with respect to the merger or the merger consideration.

Financial Analyses

The following is a summary of the material financial analyses prepared and reviewed with the Spectra Energy board of directors in connection with Citi's opinion, dated September 5, 2016. **The summary set forth below does not purport to be a complete description of the financial analyses performed by, and underlying the opinion of, Citi, nor does the order of the financial analyses described represent the relative importance or weight given to those financial analyses by Citi. Certain financial analyses summarized below include information presented in tabular format. In order to fully understand the financial analyses, the tables must be read together with the text of each summary as the tables alone do not constitute a complete description of the financial analyses. financial analyses. Citi assumes no responsibility if future results are different from those described, whether or not any such difference is material. In calculating implied exchange ratio reference ranges as reflected in the financial analyses described below, Citi (i) divided the low-end of the selected approximate implied per share equity value reference ranges derived for Spectra Energy from such analyses by the high-end of the selected approximate implied per share equity value reference ranges derived for Enbridge from such analyses in order to calculate the low-end of the implied exchange ratio reference ranges and (ii) divided the high-end of the selected approximate implied per share equity value reference ranges derived for Spectra Energy from such analyses by the low-end of the selected approximate implied per share equity value reference ranges derived for Enbridge from such analyses in order to calculate the high-end of the implied exchange ratio reference ranges. Approximate implied per share equity value reference ranges were rounded to the nearest \$0.25 per share, other than such ranges derived from historical stock trading histories and merger of equals premiums. For purposes of the financial analyses described below, references to EBITDA mean earnings before interest, taxes, depreciation and amortization, adjusted for equity allowances for funds used under construction, cash distributions from unconsolidated affiliates and equity in earnings in unconsolidated affiliates (as applicable). Financial data for Spectra Energy and Enbridge utilized in the financial analyses described below were based on, among other things, internal forecasts and estimates relating to Spectra Energy prepared by the management of Spectra Energy (which we refer to in this section as the Spectra Energy forecasts) and forecasts and estimates relating to Enbridge prepared by the management of Enbridge as reviewed and approved by the management of Spectra Energy (which we refer to in this section as the Enbridge forecasts).

These internal non-public three-year financial forecasts we refer to as the Spectra Energy prospective financial information. The Spectra Energy prospective financial information also was provided to Enbridge during its due diligence investigation of Spectra Energy in connection with the transactions contemplated by the merger agreement.

The Spectra Energy prospective financial information was prepared by and is the responsibility of Spectra Energy's management. The Spectra Energy prospective financial information was not prepared with a view toward public disclosure but rather for the purpose of evaluating the merger. Table of Contents

The Spectra Energy prospective financial information was based on numerous variables and assumptions that are inherently uncertain and many of which are beyond the control of Spectra Energy. In particular, the Spectra Energy prospective financial information contained assumptions about, among other things, interest rates, corporate financing activities, including amount and timing of the issuance of senior and secured debt, Spectra Energy's stock price appreciation and the timing and amount of stock issuances, annual dividend levels, the amount of income taxes paid and the amount of general and administrative costs.

Additionally, the Spectra Energy prospective financial information is inherently forward looking and spans multiple years. Consequently, the Spectra Energy prospective financial information, as with all forward-looking information, may become less predictive with each successive year. The assumptions upon which the Spectra Energy prospective financial information were based necessarily involve judgments with respect to, among other things, future economic, competitive and regulatory conditions and financial market conditions, all of which are difficult or impossible to predict or estimate and most of which are beyond Spectra Energy's control. The Spectra Energy prospective financial information also reflects assumptions regarding the continuing nature of certain business decisions that, in reality, would be subject to change. Important factors that may affect actual results or the achievability of the Spectra Energy prospective financial information include, but are not limited to, the risks and uncertainties described in this proxy statement/prospectus and in Spectra Energy's annual report on Form 10-K for the fiscal year ended December 31, 2015, subsequent quarterly reports on Form 10-Q, and current reports on Form 8-K. In addition, the realization of the results contemplated by the Spectra Energy prospective financial information may be affected by Spectra Energy's ability to achieve strategic goals, objectives and targets over the applicable period. This information constitutes forward-looking statements and actual results may differ materially and adversely from those projected. For more information, see the section entitled *Cautionary Statement Regarding Forward-Looking Statements*.

Accordingly, there can be no assurance that the Spectra Energy prospective financial information will be realized and actual results may vary materially from those projected. The inclusion of a summary of the Spectra Energy prospective financial information in this proxy statement/prospectus should not be regarded as an indication that Spectra Energy or any of its affiliates, officers, directors, advisors or other representatives considered or consider the Spectra Energy prospective financial information to be necessarily predictive of actual future events or results of Spectra Energy's operations, and, consequently, the Spectra Energy prospective financial information should not be relied on in such a manner. None of Enbridge, Spectra Energy nor any of their respective affiliates, officers, directors, advisors or other representatives can give any assurance that actual results will not differ from the Spectra Energy prospective financial information, and none of Spectra Energy, Enbridge, nor any of their respective affiliates undertakes any obligation to update or otherwise revise or reconcile the Spectra Energy prospective financial information to reflect circumstances existing or developments and events occurring after the date of the Spectra Energy prospective financial information or that may occur in the future, even in the event that any or all of the assumptions underlying the Spectra Energy prospective financial information are not realized. Spectra Energy does not intend to make available publicly any update or other revision to the Spectra Energy prospective financial information, except as otherwise required by law. None of Spectra Energy nor any of its affiliates, officers, directors, advisors or other representatives has made or makes any representation to any Spectra Energy stockholder or any other person regarding the ultimate performance of Spectra Energy compared to the information contained in the Spectra Energy prospective financial information or that the Spectra Energy prospective financial information will be achieved. There can be no assurance that the Spectra Energy prospective financial information will be realized or that Spectra Energy's future financial results will not vary materially from the Spectra Energy prospective financial information.

In light of the foregoing factors and the uncertainties inherent in the Spectra Energy prospective financial information, Spectra Energy stockholders are cautioned not to place undue, if any, reliance on the information presented in the summary of the Spectra Energy prospective financial information.

Enbridge Unaudited Prospective Financial Information

Enbridge does not, as a matter of course, publicly disclose long-term projections as to future revenues, earnings or other results due to, among other reasons, the uncertainty, unpredictability and subjectivity of the underlying assumptions and estimates. However, certain non-public financial forecasts covering multiple years which were prepared by Enbridge's management and not for public disclosure, were provided to certain parties including Spectra Energy and its financial advisors in connection with their evaluations of a possible business combination transaction.

A summary of certain of those financial forecasts, which we refer to as the Enbridge prospective financial information, is not being included in this proxy statement/prospectus to influence your decision whether to vote for or against the merger proposal, but is being included because they were made available to Spectra Energy and its financial advisors. The Enbridge prospective financial information was prepared by and is the responsibility of Enbridge's management.

The inclusion of this information should not be regarded as an indication that the Enbridge board of directors, its advisors or any other person considered, or now considers, the Enbridge prospective financial information to be necessarily predictive of actual future events or results of Enbridge's operations and should not be relied upon as such. Enbridge's management's internal financial forecasts, upon which the Enbridge prospective financial information was based, are subjective in many respects. There can be no assurance that the Enbridge prospective financial information will be realized or that actual results will not be significantly higher or lower than forecasted. The Enbridge prospective financial information covers multiple years and such information by its nature becomes less predictive with each successive year. As a result, the inclusion of the Enbridge prospective financial information in this proxy statement/prospectus should not be relied on as necessarily predictive of actual future events.

In addition, the Enbridge prospective financial information was not prepared with a view toward public disclosure or toward complying with U.S. GAAP and the use of non-GAAP measures or the guidelines established by the American Institute of Certified Public Accountants for preparation and presentation of prospective financial information. Neither PricewaterhouseCoopers LLP, Enbridge's independent registered public accounting firm, nor any other independent

accountants, have compiled, examined or performed any procedures with respect to the Enbridge prospective financial information contained in this proxy statement/prospectus, nor have they expressed any opinion or any other form of assurance on such information or its achievability.

Table of Contents

The Enbridge prospective financial information was based on numerous variables and assumptions that were deemed to be reasonable as of the respective dates when such projections were finalized. However, such assumptions are inherently uncertain and may be beyond the control of Enbridge. Assumptions that were used by Enbridge in developing the Enbridge prospective financial information include, but are not limited to: no unannounced acquisitions; no balance sheet optimization; normal weather in the forward-looking periods; ongoing investments in Enbridge's existing entities for maintenance, integrity and other secured capital expenditures; and no material fluctuations in foreign exchange rate and interest rate assumptions over the forward-looking periods.

Important factors that may affect actual results and cause the Enbridge prospective financial information not to be achieved include, but are not limited to, risks and uncertainties relating to Enbridge's business (including its ability to achieve strategic goals, objectives and targets), industry performance, the legal and regulatory environment, general business and economic conditions and other factors described or referenced in Enbridge's filings with the SEC and on SEDAR, including Enbridge's Annual Report on Form 40-F for the fiscal year ended December 31, 2015, subsequent quarterly reports and current reports on Form 6-K, and as described in the section entitled *Cautionary Statement Regarding Forward-Looking Statements*. In addition, the Enbridge prospective financial information reflects assumptions that are subject to change and do not reflect revised prospects for Enbridge's business, changes in general business or economic conditions, or any other transaction or event that has occurred or that may occur and that was not anticipated at the time the Enbridge prospective financial information was prepared.

The Enbridge prospective financial information was developed through Enbridge's customary strategic planning and budgeting process utilizing reasonable available estimates and judgements at the time of its preparation. The Enbridge prospective financial information was developed on a standalone basis without giving effect to the merger, and therefore the Enbridge prospective financial information does not give effect to the merger or any changes to Enbridge's operations or strategy that may be implemented after the effective time if the merger is completed, including potential synergies to be realized as a result of the merger, or to any costs incurred in connection with the merger. Furthermore, the Enbridge prospective financial information does not take into account the effect of any failure of the merger to be completed and should not be viewed as accurate or continuing in that context.

There can be no assurance that the Enbridge prospective financial information will be realized or that Enbridge's future financial results will not vary materially from the Enbridge prospective financial information. Enbridge does not intend to update or otherwise revise the Enbridge prospective financial information to reflect circumstances existing since its preparation or to reflect the occurrence of unanticipated events or changes in general economic or industry conditions even in the event that any or all of the underlying assumptions may have changed.

In light of the foregoing factors and the uncertainties inherent in the Enbridge prospective financial information, Spectra Energy stockholders are cautioned not to place undue, if any, reliance on the information presented in this summary of the Enbridge prospective financial information.

(C\$ in millions)

	2016E	2017E	2018E	2019E
Adjusted EBIT	\$ 4,694	\$ 4,961	\$ 5,647	\$ 6,775

Table of Contents

The selected unaudited prospective financial numbers shown in the table above are not measures that have a standardized meaning prescribed by U.S. GAAP and may not be comparable with similar measures presented by other issuers. For purposes of the unaudited prospective financial information presented above, Adjusted EBIT is defined as earnings before interest and taxes, as adjusted for unusual, non-recurring or non-operating factors. ACFFO is defined as cash flow provided by operating activities before changes in operating assets and liabilities (including changes in regulatory assets and liabilities and environmental liabilities) less distributions to non-controlling interests and redeemable non-controlling interests, preference share dividends and maintenance capital expenditures, and further adjusted for unusual, non-recurring or non-operating factors. Enbridge uses Adjusted EBIT in its segmented and consolidated disclosure and ACFFO in its consolidated disclosure.

Listing of Enbridge Common Shares

It is a condition to the completion of the merger that the Enbridge common shares issued pursuant to the merger agreement are approved for listing on the NYSE and the TSX, subject to official notice of issuance. Enbridge must use its best efforts to obtain the listing and admission for trading of the Enbridge common shares issued as merger consideration on both the NYSE and the TSX.

Delisting and Deregistration of Spectra Energy Common Stock

As promptly as practicable after the effective time, and in any event no more than 10 days after the effective time, Spectra Energy common stock currently listed on the NYSE will cease to be listed on the NYSE and will be deregistered under the U.S. Exchange Act.

Interests of Spectra Energy's Directors and Executive Officers in the Merger

In considering the recommendation of the Spectra Energy board of directors that you vote to adopt the merger agreement, you should be aware that aside from their interests as Spectra Energy stockholders, Spectra Energy's directors and executive officers have interests in the merger that are different from, or in addition to, those of Spectra Energy stockholders generally. Members of the Spectra Energy board of directors were aware of and considered these interests, among other matters, in evaluating and negotiating the merger agreement and the merger, and in recommending to Spectra Energy stockholders that the merger agreement be adopted. For more information see the sections entitled *The Merger Proposal Background of the Merger* and *The Merger Proposal Spectra Energy's Reasons for the Merger; Recommendation of the Spectra Energy Board of Directors*. These interests are described in more detail below, and certain of them are quantified in the narrative and the table below.

Treatment of Spectra Energy Equity Awards

Options. At the effective time, each outstanding option to purchase Spectra Energy common stock, which we refer to as a Spectra Energy option, whether vested or unvested, will automatically be converted into an option to purchase, on the same terms and conditions as were applicable immediately prior to the effective time, the number of Enbridge common shares equal to the product (rounded down to the nearest whole number) of (i) the number of shares of Spectra Energy common stock subject to such option immediately prior to the effective time and (ii) the exchange ratio, at an exercise price per share (rounded up to the nearest whole cent) equal to (A) the exercise price per share of Spectra Energy common stock of such Spectra Energy option immediately prior to the effective time divided by (B) the exchange ratio.

Phantom Units. At the effective time, each outstanding phantom unit denominated in Spectra Energy common stock, which we refer to as a Spectra Energy phantom unit, whether vested or unvested, will automatically be adjusted to

represent a phantom unit, on the same terms and conditions as were applicable immediately prior to the effective time, denominated in a number of Enbridge common shares equal to the product (rounded down to the nearest whole number) of (i) the number of shares of Spectra Energy common stock subject to such Spectra Energy phantom unit immediately prior to the effective time and (ii) the exchange ratio.

Table of Contents

Post-2015 Performance Stock Units. At the effective time, each outstanding Spectra Energy performance stock unit granted after December 31, 2015, which we refer to as a Post-2015 Spectra Energy PSU, will automatically be adjusted to represent a service-based stock unit, on the same terms and conditions (including service vesting terms, but excluding any performance vesting terms) as were applicable immediately prior to the effective time, denominated in Enbridge common shares, which we refer to as an Enbridge Stock-Based RSU. The number of Enbridge common shares subject to each such Enbridge Stock-Based RSU will be equal to the product (rounded down to the nearest whole number) of (i) the number of shares of Spectra Energy common stock subject to such Post-2015 Spectra Energy PSU immediately prior to the effective time (with any performance-based vesting conditions deemed satisfied based on actual performance through the effective time, in the case of performance stock units granted in 2016, and based on target, in the case of performance stock units granted in 2017, if any) multiplied by (ii) the exchange ratio.

2014 and 2015 Performance Stock Units. At the effective time, each outstanding Spectra Energy performance stock unit granted in the 2014 or 2015 calendar years, which we refer to respectively as a 2014 Spectra Energy PSU or 2015 Spectra Energy PSU, respectively, will automatically be cancelled and converted into the right to receive a number of Enbridge common shares equal to the product (rounded down to the nearest whole number) of (i) the number of shares of Spectra Energy common stock subject to such 2014 Spectra Energy PSU or 2015 Spectra Energy PSU immediately prior to the effective time determined in accordance with the immediately following sentence multiplied by (ii) the exchange ratio, together with a cash payment equal to the amount of any dividend equivalents accrued with respect to such 2014 Spectra Energy PSU or 2015 Spectra Energy PSU. The number of shares of Spectra Energy common stock subject to such 2014 Spectra Energy PSU or 2015 Spectra Energy PSU will be determined, (A) for any 2014 Spectra Energy PSU, assuming a vesting percentage of 100%, and (B) for any 2015 Spectra Energy PSU, assuming a vesting percentage determined as set forth in the applicable award agreement (*i.e.*, based upon Spectra Energy's total stockholder return relative to the total stockholder return of the peer group for the period beginning on January 1, 2015, and ending on the date on which the effective time occurs).

Other Awards. At the effective time, each right of any kind, contingent or accrued, to acquire or receive Spectra Energy common stock or benefits measured by the value of Spectra Energy common stock, and each award of any kind consisting of Spectra Energy common stock that may be held, awarded, outstanding, payable or reserved for issuance under Spectra Energy's benefit plans other than Spectra Energy options, Spectra Energy phantom units, and Spectra Energy performance stock units, will automatically be adjusted to represent a right to acquire or receive benefits, on the same terms and conditions as were applicable immediately prior to the effective time, measured by the value of Enbridge common shares equal to the product (rounded down to the nearest whole number) of (i) the number of shares of Spectra Energy common stock subject to such award immediately prior to the effective time and (ii) the exchange ratio, and to the extent such award provides for payments to the extent the value of the Spectra Energy common stock exceeds a specified reference price, at a reference price per share (rounded to the nearest whole cent) equal to (A) the reference price per share of Spectra Energy common stock of such award immediately prior to the effective time divided by (B) the exchange ratio.

Quantification of Payments. Under the Spectra Energy Corp 2007 Long-Term Incentive Plan (which we refer to as the Spectra Energy equity plan), Spectra Energy awards assumed by Enbridge will vest in the event that, within 24 months following a change in control, the executive officer's employment is terminated by Spectra Energy without cause or by the executive officer with good reason (each of which we refer to as a qualifying termination). The merger will constitute a change in control for purposes of the Spectra Energy equity plan.

For an estimate of the amounts that would be payable to each of Spectra Energy's named executive officers on settlement of their unvested Spectra Energy equity awards, see the section entitled *The Merger Proposal Interests of Spectra Energy's Directors and Executive Officers in the Merger Quantification of Payments and Benefits to Spectra Energy's Named Executive Officers* below. The estimated aggregate amount that would be payable to Spectra Energy's

six executive officers who are not named executive officers in settlement of their

Table of Contents

unvested Spectra Energy equity awards if the effective time occurred on October 20, 2016 is \$19,153,468. As of the date of this proxy statement/prospectus, none of Spectra Energy's ten non-employee directors held unvested equity awards. The amount in this paragraph is determined using a per share price of Spectra Energy common stock of \$42.62, the average closing price per share of Spectra Energy common stock over the first five business days following the announcement of the merger agreement.

Change in Control Agreements with Executive Officers

Each of Spectra Energy's executive officers has entered into a change in control agreement with Spectra Energy, which provides for enhanced severance benefits in the event that, within 24 months following a change in control, the executive officer experiences a qualifying termination. The merger will constitute a change in control for purposes of the change in control agreements.

Each change in control agreement provides that, in the event of a qualifying termination, the executive officer will be entitled to:

a pro rata portion of the executive officer's target cash incentive compensation for the year of termination, payable in a cash lump sum;

an amount equal to two times (three times, in the case of Gregory L. Ebel, Spectra Energy's Chairman, Chief Executive Officer, and President) the sum of the executive officer's annual base salary and target annual cash incentive opportunity, in each case, in effect immediately prior to the qualifying termination (or, if higher, as in effect immediately prior to the occurrence of an event constituting good reason), payable in a cash lump sum;

either (i) continued welfare benefits for a period of two years following the executive officer's qualifying termination, in the case of executive officers located in the United States or (ii) a payment equal to the premium cost to Spectra Energy of maintaining welfare benefits for the executive officer for a period of two years, payable in a cash lump sum, in the case of executive officers located in Canada, in each case, subject to certain limitations;

(i) the amounts Spectra Energy would have allocated or contributed to the executive officer's tax-qualified and nonqualified defined benefit pension plan and defined contribution savings plan accounts during the two years following the date of termination, plus (ii) the unvested portion (if any) of the executive officer's accounts under such plans as of the date of termination that would have vested during such two-year period, plus (iii) in the case of executive officers located in Canada, an amount equal to two times the amount of the matching contributions that would have been made by Spectra Energy with respect to certain Canadian savings and stock purchase plans, in each case, payable in a cash lump sum;

a lump sum payment of \$30,000 for outplacement assistance purposes; and

reimbursement of up to \$100,000 for the cost of certain legal fees incurred in connection with claims under the agreements.

Payments under the change in control agreement are conditioned upon the executive officer executing a general release in favor of Spectra Energy. In addition, pursuant to the change in control agreements, any payments or benefits payable to the executive officer will be reduced to the extent that such payments or benefits would result in the imposition of excise taxes under Section 4999 of the Code, unless the executive officer would be better off on an after-tax basis receiving all such payments or benefits. The change in control agreements also contain (i) a confidentiality covenant and (ii) one-year post-termination noncompetition and nonsolicitation covenants in favor of Spectra Energy that apply if the executive officer incurs a qualifying termination.

For an estimate of the value of the payments and benefits described above that would be payable to Spectra Energy's named executive officers under their change in control agreement upon a qualifying termination in

connection with the merger, see the section entitled *The Merger Proposal Interests of Spectra Energy's Directors and Executive Officers in the Merger Quantification of Payments and Benefits to Spectra Energy's Named Executive Officers* below. The estimated aggregate amount that would be payable to Spectra Energy's six executive officers who are not named executive officers under their change in control agreements if the merger were to be completed and they were to experience a qualifying termination on October 20, 2016 is \$9,468,449. The amount in this paragraph is determined using an exchange rate of C\$1.3230 = US\$1.00, the spot exchange rate as reported by Bloomberg on October 20, 2016, with respect to one executive officer who is not a named executive officer who resides in Canada.

2017 Annual Bonus

Under the merger agreement, Spectra Energy is permitted, in consultation with Enbridge, to determine the amount of the pre-closing bonus entitlement for each continuing employee who participates in a Spectra Energy annual bonus plan in an amount equal to the employee's full-year bonus entitlement under all such annual bonus plans for 2017, based on the greater of (i) deemed performance at target levels and (ii) actual performance through the latest practicable date prior to the effective time, extrapolated through the end of 2017, and prorated for the number of days that have elapsed during 2017 through the effective time. Enbridge has agreed to cause the surviving corporation or its affiliates to (A) provide each continuing employee an annual cash bonus opportunity under an Enbridge annual bonus plan for the balance of 2017 and (B) at the time annual cash bonuses for 2017 are paid to similarly situated employees of Enbridge (other than continuing employees), pay to each continuing employee the sum of (1) his or her pre-closing bonus amount and (2) the amount of such employee's bonus entitlement in respect of the portion of 2017 following the effective time. Enbridge and Spectra Energy have also agreed that the annual cash bonus payment in respect of the 2017 calendar year will, to the extent the recipient is a participant therein, be eligible for a matching contribution under, and will be counted towards pensionable earnings under, the applicable benefit plans of Spectra Energy under which such payment would have been taken into account as of the effective date of the merger agreement. For more information, see the section entitled *The Merger Agreement Employee Benefits*.

No pro rata bonuses for 2017 would be determinable for or payable to Spectra Energy's executive officers if the effective time were to occur on October 20, 2016.

Spectra Energy Retiree Medical Plan

Under the merger agreement, Enbridge has agreed to continue or cause the surviving corporation to continue the Spectra Energy Retiree Medical Plan through the first anniversary of the effective time, on terms and conditions no less favorable than those in effect as of the effective time, with respect to those individuals who as of immediately prior to the effective time are receiving benefits under that plan. In addition, prior to the effective time, Spectra Energy may amend the plan to provide that, among other things, any continuing employee of Spectra Energy and its subsidiaries who experiences a qualifying termination during the one-year period following the effective time will be provided with an additional two years of age and service credit for purposes of determining eligibility under the plan (without regard to whether such employee would be eligible for early retirement under a tax-qualified plan sponsored by Spectra Energy). For more information, see the section entitled *The Merger Agreement Employee Benefits*.

For an estimate of the present value of the retiree medical coverage that will be provided to Spectra Energy's named executive officers under the Spectra Energy Retiree Medical Plan upon a qualifying termination, see the section entitled *The Merger Proposal Interests of Spectra Energy's Directors and Executive Officers in the Merger Quantification of Payments and Benefits to Spectra Energy's Named Executive Officers* below. The estimated aggregate present value of the retiree medical coverage that will be provided to Spectra Energy's one executive officer who is not a named executive officer and who would be eligible to participate in the Spectra Energy Retiree Medical Plan if the effective time were to occur and the executive officer was to experience a qualifying termination on

October 20, 2016 is \$185,541.

Table of Contents***Spectra Energy Supplemental Executive Retirement Plan***

Westcoast Energy Inc., a subsidiary of Spectra Energy, maintains the Spectra Energy Supplemental Executive Retirement Plan (which we refer to as the Spectra Energy SERP) for the benefit of certain senior employees based in Canada. Mr. Ebel is a participant in the Spectra Energy SERP as a result of his having resided in Canada prior to 2007. One executive officer who is not a named executive officer and who resides in Canada is also a participant in the Spectra Energy SERP and the corresponding tax-qualified plan. In connection with Spectra Energy's entry into the merger agreement, Westcoast Energy Inc. amended the Spectra Energy SERP to provide that continuous service under the Spectra Energy SERP will be deemed to include any time period of salary continuance or time period represented by any equivalent payment or payments to a Spectra Energy SERP participant on account of earnings following termination of a participant's employment.

For an estimate of the value of the benefits that will become payable to Mr. Ebel under the Spectra Energy SERP upon a qualifying termination, see the section entitled *The Merger Proposal Interests of Spectra Energy's Directors and Executive Officers in the Merger Quantification of Payments and Benefits to Spectra Energy's Named Executive Officers* below. The estimated value of the benefits that will become payable to the one executive officer who is not a named executive officer who participates in the Spectra Energy SERP and the corresponding tax-qualified plan if the effective time were to occur and the executive officer was to experience a qualifying termination on October 20, 2016 is \$1,597,113. The amount in this paragraph is determined using an exchange rate of C\$1.3230 = US\$1.00, the spot exchange rate as reported by Bloomberg on October 20, 2016.

Retention Program

Under the merger agreement, Spectra Energy may establish a cash-based retention program for Spectra Energy employees identified by the chief executive officer of Spectra Energy (or his designee) that is designed to promote retention and reward extraordinary effort. Awards under the program are payable no earlier than the earlier of (i) immediately prior to the effective time and (ii) a qualifying termination occurring prior to the effective time.

As of the date of this proxy statement/prospectus, no executive officer had been allocated an award under the retention program.

Other Compensation Matters

In addition to the payments and benefits above, under the terms of the merger agreement, Spectra Energy may take certain compensation actions prior to the completion of the merger that will affect Spectra Energy's directors and executive officers, although determinations related to such actions have not been made as of the date of this proxy statement/prospectus and the impact of such actions is not reflected in the amounts estimated above and in the section entitled *The Merger Proposal Interests of Spectra Energy's Directors and Executive Officers in the Merger Quantification of Payments and Benefits to Spectra Energy's Named Executive Officers* below. Among other actions, Spectra Energy may pay directors fees and other compensation and benefits in the ordinary course of business. Spectra Energy may also determine and pay annual bonuses in respect of the 2016 fiscal year based on actual performance if the effective time has not occurred by the time such bonuses would be paid in the ordinary course of business, and make grants of annual 2017 equity awards to directors and executive officers in the ordinary course of business, consistent with past practice, subject to certain limitations.

In addition, Spectra Energy may, in consultation with Enbridge, accelerate the vesting and payment of certain compensatory amounts so that they are paid in 2016 for tax planning purposes with respect to Sections 280G and 4999 of the Code, including accelerating the vesting of Spectra Energy equity awards that would have otherwise vested

after December 31, 2016 so that they vest in 2016 and determining and paying bonuses in respect of the 2016 fiscal year on or prior to December 31, 2016.

Table of Contents***New Employment Arrangements with Spectra Energy Executive Officers***

After the merger agreement was signed, there have been discussions between Enbridge and certain of the Spectra Energy executive officers regarding post-closing roles for such executive officers within the Enbridge organization. In connection with these discussions and in furtherance of Enbridge's desire to retain those executive officers, Enbridge may enter into new agreements with those individuals. There is at this time no assurance that those discussions will result in any new agreements with Enbridge or, if so, what the terms and conditions of any such agreements would be. Spectra Energy expects to reimburse its executive officers for any legal fees incurred in connection with the negotiation of any such agreement with Enbridge.

Indemnification and Insurance

Pursuant to the terms of the merger agreement, Spectra Energy's directors and executive officers will be entitled to certain ongoing indemnification and coverage for a period of six years following the effective time under directors' and officers' liability insurance policies from the surviving corporation. This indemnification and insurance coverage is further described in the section entitled *The Merger Agreement Director & Officer Indemnification and Insurance*.

Enbridge Board of Directors Following the Merger

Pursuant to the merger agreement, Enbridge has agreed to cause the number of directors that will comprise the Enbridge board of directors at the effective time to be equal to 13 individuals and to appoint five members of the Spectra Energy board of directors designated by Spectra Energy. In addition, Enbridge has agreed to cause Mr. Ebel to become non-executive Chairman of the Enbridge board of directors as of the effective time. From the effective time until the first meeting of the Enbridge board of directors following the 2020 annual shareholders meeting of Enbridge, Enbridge will provide, without charge, to the non-executive Chairman of the Enbridge board of directors (i) use of Enbridge's aircraft for business flights to board meetings and for other business conducted on behalf of Enbridge, (ii) information technology support, and (iii) administrative support. Enbridge will also secure office space in the Houston area on behalf of the non-executive Chairman of the Enbridge board of directors and will reimburse the non-executive Chairman for expenses incurred for tax return preparation services (in an aggregate amount not to exceed \$100,000 per year for such office and tax return preparation services).

Quantification of Payments and Benefits to Spectra Energy's Named Executive Officers

The table below sets forth the amount of payments and benefits that each of Spectra Energy's named executive officers would receive in connection with the merger, assuming that the merger was consummated and each such executive officer experienced a qualifying termination on October 20, 2016. The amounts below are determined using a per share price of Spectra Energy common stock of \$42.62, the average closing price per share of Spectra Energy common stock over the first five business days following the announcement of the merger agreement, and are based on multiple assumptions that may or may not actually occur or be accurate on the relevant date, including the assumptions described in the footnotes to the table. As a result of the foregoing assumptions, the actual amounts, if any, to be received by a named executive officer may materially differ from the amounts set forth below.

- (1) The cash payments payable to each of the named executive officers consist of (a) a severance payment in an amount equal to two times (three times, in the case of Mr. Ebel) the sum of the named executive officer's annual base salary and target annual cash incentive opportunity, in each case, in effect immediately prior to the qualifying termination (or, if higher, as in effect immediately prior to the occurrence of an event constituting good reason), payable in a cash lump sum; (b) a pro rata portion of the executive officer's target annual incentive compensation for Spectra Energy's 2016 fiscal year, payable in a cash lump sum; and (c) \$30,000 for outplacement assistance purposes, payable in a cash lump sum. All such payments are double-trigger (*i.e.*, payable upon a qualifying termination following the occurrence of a change in control). Set forth below are the values of each type of unvested equity-based award including any tandem dividend equivalents subject thereto that would vest and become payable assuming that the merger was consummated and each named executive officer experienced a qualifying termination on October 20, 2016. Such values are based on a price per share of Spectra Energy common stock of \$42.62, the average closing price per share of Spectra Energy common stock over the first five business days following the announcement of the merger agreement, and less the applicable exercise price in the case of unvested Spectra Energy options. In accordance with the terms of the applicable award agreements, 2014 Spectra Energy PSUs are presented assuming target performance and 2015 Spectra Energy PSUs and Post-2015 Spectra Energy PSUs are presented based on an estimate of actual performance through October 20, 2016 (*i.e.*, 200% of target performance). Note that unvested equity-based awards held by the named executive officers as of October 20, 2016 will continue to vest in the ordinary course, and any such awards that vest prior to the consummation of the merger would not be payable in connection with the merger or a qualifying termination.

The Enbridge Special Meeting and Shareholder Approval

Pursuant to Section 611(c) of the Toronto Stock Exchange Company Manual, security holder approval is required if the number of securities issued or issuable by a listed issuer in payment of the purchase price for an acquisition exceeds 25% of the number of securities of the listed issuer which are outstanding, on a pre-acquisition, non-diluted basis. There were approximately 701,470,574 shares of Spectra Energy common stock outstanding as of September 13, 2016 and, pursuant to the terms of the merger agreement, which restricts stock issuances by Spectra Energy (subject to certain exceptions), at least 701,470,574 shares of Spectra Energy common stock are expected to be outstanding immediately prior to the effective time. Accordingly, if the merger is completed, at least 690,247,044 Enbridge common shares would be issued in connection with the merger to Spectra Energy stockholders, representing approximately 42.38% of the current issued and outstanding Enbridge common shares as of September 13, 2016. The actual number of Enbridge common shares to be issued pursuant to the merger agreement will be determined immediately prior to the effective time based on the exchange ratio, the number of shares of Spectra Energy common stock outstanding at such time and the number of Spectra Energy stock options, phantom units, performance stock units and other equity-based awards. Accordingly, an ordinary resolution of Enbridge shareholders is required to approve the issuance of Enbridge common shares to Spectra Energy stockholders in connection with the merger. In

addition, an ordinary resolution of Enbridge shareholders is required to approve the by-law amendment, as required by the terms of the merger agreement. Enbridge will be holding the Enbridge special meeting to vote on the proposals necessary to complete the merger and other matters to be considered by the Enbridge shareholders at such special meeting. Enbridge will separately prepare the management information circular in accordance with applicable Canadian securities and corporate laws and distribute such management information circular to its shareholders in connection with the Enbridge special meeting.

Table of Contents**Accounting Treatment of the Merger**

In accordance with U.S. GAAP, the merger will be accounted for as a business combination applying the acquisition method of accounting. Accordingly, the aggregate fair value of the merger consideration paid by Enbridge in connection with the merger will be allocated to Spectra Energy's net assets based on their fair values as of the completion of the transaction. The excess of the total purchase consideration over the fair value of the identifiable assets acquired, liabilities assumed and any non-controlling interest in Spectra Energy will be allocated to goodwill. The results of operations of Spectra Energy will be included in Enbridge's consolidated results of operations only for periods subsequent to the completion of the merger.

Regulatory Approvals Required for the Merger

To complete the merger and the other transactions contemplated by the merger agreement, Spectra Energy and Enbridge must make and deliver certain filings, submissions and notices to obtain required authorizations, approvals, consents or expiration of waiting periods from U.S. and Canadian governmental and regulatory bodies, antitrust and other regulatory authorities. Spectra Energy and Enbridge have each agreed to use their reasonable best efforts to obtain clearance under the HSR Act and their best efforts to obtain and maintain all other regulatory approvals necessary to complete the merger and the other transactions contemplated by the merger agreement. Spectra Energy and Enbridge are not currently aware of any material governmental filings, authorizations, approvals or consents that are required prior to the parties' completion of the merger other than those described in this proxy statement/prospectus. There can be no assurance, however, if and when any of the approvals required to be obtained for the merger and the other transactions contemplated by the merger agreement will be obtained or as to the conditions or limitations that such approvals may contain or impose.

HSR Act

The merger is subject to the requirements of the HSR Act, which prevents Spectra Energy and Enbridge from completing the merger until required information and materials are furnished to the FTC and the DOJ and specified waiting period requirements have been satisfied. On October 3, 2016, each of Spectra Energy and Enbridge filed a Pre-merger Notification and Report Form pursuant to the HSR Act with the DOJ and FTC. On November 2, 2016, Spectra Energy and Enbridge received a Second Request from the FTC in connection with the FTC's review of the merger. The Second Request was issued under the notification requirements of the HSR Act. The effect of the Second Request is to extend the waiting period under the HSR Act until thirty days after Spectra Energy and Enbridge have substantially complied with the Second Request, unless that period is terminated earlier by the FTC. Spectra Energy and Enbridge are continuing to work closely and cooperatively with the FTC in its review of the merger.

The FTC, the DOJ, state attorneys general, and others may challenge the merger on antitrust grounds either before or after the expiration or termination of the applicable waiting period. Accordingly, at any time before or after completion of the merger, any of the FTC, the DOJ, or others could take action under the antitrust laws, including without limitation seeking to enjoin the completion of the merger or permitting completion subject to regulatory concessions or conditions. Neither Spectra Energy nor Enbridge believes that the merger violates federal or state antitrust laws, but there can be no assurance that a challenge to the merger on antitrust grounds will not be made or, if such a challenge is made, that it would not be successful.

Canadian Approvals

Under the Competition Act (Canada), and the regulations promulgated thereunder, the merger cannot be completed until, among other things, notifications have been given and certain information has been provided to the Canadian

Edgar Filing: ENBRIDGE INC - Form 424B3

Competition Bureau, all applicable waiting periods have expired or been terminated and the Canadian Competition Bureau has provided the Competition Act (Canada) clearance.

Each of Enbridge and Spectra Energy filed a Pre-Merger Notification on October 3, 2016 and Enbridge filed a request for an advance ruling certificate pursuant to the Competition Act (Canada) with the Canadian

Competition Bureau on October 3, 2016. On November 2, 2016, Spectra Energy and Enbridge received a Supplementary Information Request from the Canadian Competition Bureau in connection with the Canadian Competition Bureau's review of the merger. The Supplementary Information Request was issued under the Competition Act (Canada). The effect of the Supplementary Information Request is to extend the waiting period under the Competition Act (Canada) until thirty days after Spectra Energy and Enbridge have substantially complied with the Supplementary Information Request, unless that period is terminated earlier by the Canadian Competition Bureau. Spectra Energy and Enbridge are continuing to work closely and cooperatively with the Canadian Competition Bureau in its review of the merger. The expiration of any Competition Act (Canada) waiting period would not preclude the Canadian Competition Bureau from challenging the merger on antitrust grounds or from seeking to preliminarily or permanently enjoin the merger.

Enbridge filed a notification with the Minister of Transport under the Canada Transportation Act (Canada) on October 7, 2016. Written confirmation from the Minister of Transport is required to complete the merger.

CFIUS

Section 721 of the DPA, as well as related Executive Orders and regulations, authorize the President or CFIUS to review transactions which could result in control of a U.S. business by a foreign person. Under the DPA and Executive Order 13456, the Secretary of the Treasury acts through CFIUS to coordinate review of certain covered transactions that are voluntarily submitted to CFIUS or that are unilaterally reviewed by CFIUS. In general, CFIUS review of a covered transaction occurs in an initial 30 day review period that may be extended by CFIUS for an additional 45 day investigation period. At the close of its review or investigation, CFIUS may decline to take any action relative to the covered transaction; may impose mitigation terms to resolve any national security concerns with the covered transaction; or may send a report to the President recommending that the transaction be suspended or prohibited, or providing notice to the President that CFIUS cannot agree on a recommendation relative to the covered transaction. The President has 15 days under the DPA to act on the Committee's report.

If CFIUS determines that a transaction presents national security concerns, it can impose measures to mitigate such concerns or recommend that the President of the United States block or unwind a transaction. Parties to transactions subject to CFIUS's jurisdiction may voluntarily notify CFIUS of their proposed transactions in order to obtain CFIUS approval. CFIUS may also initiate a review of any transaction within its jurisdiction. Under the terms of the merger agreement, Spectra Energy and Enbridge are required to submit a joint voluntary notice of the merger to CFIUS within certain time frames set forth in the merger agreement (which we refer to as the "CFIUS notice"). On October 11, 2016, Spectra Energy and Enbridge submitted a draft joint voluntary notice with CFIUS. On November 2, 2016, Spectra Energy and Enbridge submitted the final joint voluntary notice with CFIUS. Spectra Energy and Enbridge are awaiting confirmation from CFIUS that it has accepted the parties' joint voluntary notice. Completion of the merger is conditioned on one of (a) the 30 day review period under the DPA commencing on the date that the CFIUS notice is accepted by CFIUS has expired and the parties to the merger agreement have received written notice from CFIUS that such review has been concluded and that either the transactions contemplated by the merger agreement do not constitute a covered transaction under the DPA or there are no unresolved national security concerns; (b) an investigation has been commenced after such 30 day review period and CFIUS has determined to conclude all deliberative action under the DPA without sending a report to the President of the United States, and the parties to the merger agreement have received written notice from CFIUS that either the transactions contemplated by the merger agreement do not constitute a covered transaction under the DPA or there are no unresolved national security concerns, and all action under the DPA has concluded with respect to the transactions contemplated by the merger agreement; or (c) CFIUS has sent a report to the President of the United States requesting the President's decision and either (i) the period under the DPA during which the President may announce his decision to take action to suspend, prohibit or place any limitations on the transactions contemplated by the merger agreement has expired without any

such action being threatened, announced or taken or (ii) the President has announced a decision not to take any action to suspend, prohibit or place any limitations on the transactions contemplated by the merger agreement.

Table of Contents**Appraisal or Dissenters' Rights**

Under applicable Delaware law, Spectra Energy stockholders are not entitled to any appraisal or dissenters' rights in connection with the merger.

Litigation Relating to the Merger

Spectra Energy and its board of directors are named as defendants in six putative class action lawsuits filed by purported stockholders of Spectra Energy that challenge the merger. The lawsuits include *Paul Parshall v. Spectra Energy Corp, et al.*, 12809-CB, filed in the Court of Chancery for the State of Delaware, and *Mary Lincoln v. Spectra Energy Corp, et al.*, 16-cv-03019, *Joseph Koller v. Spectra Energy Corp, et al.*, 16-cv-03059, *Joseph Costner v. Spectra Energy Corp et al.*, 16-cv-03065, *John L. Williams v. Spectra Energy Corp et al.*, 16-cv-03069 and *Joseph McMillan v. Spectra Energy Corp et al.*, 16-cv-03130, all filed in the United States District Court for the Southern District of Texas. The complaints allege, among other things, that Spectra Energy and its board of directors breached the board's fiduciary duties (in the Delaware lawsuit) and violated Sections 14(a) and 20(a) of the Exchange Act and Rule 14a-9 promulgated thereunder (in the Southern District of Texas lawsuits), as applicable, by issuing or causing to be issued an allegedly materially misleading and incomplete preliminary proxy statement in connection with the merger. Enbridge and Merger Sub are also named as defendants in the Delaware lawsuit, and the Delaware complaint alleges, among other things, that Enbridge and Merger Sub aided and abetted Spectra Energy's board of directors breach of fiduciary duties. Plaintiffs seek as relief, among other things, an injunction against the merger, rescission of the merger to the extent it is already implemented, declaratory relief, costs and attorneys' fees, and/or damages. Spectra Energy and Enbridge believe the actions are without merit and intend to vigorously defend against them.

Restrictions on Resales of Enbridge Common Shares Received in the Merger

The Enbridge common shares to be issued in connection with the merger will be registered under the U.S. Securities Act and will be freely transferable under the U.S. Securities Act and the U.S. Exchange Act, except for shares issued to any shareholder who may be deemed to be an affiliate of Enbridge for purposes of Rule 144 under the U.S. Securities Act. Persons who may be deemed to be affiliates include individuals or entities that control, are controlled by, or are under the common control with Enbridge and may include the executive officers, directors and significant shareholders of Enbridge. This proxy statement/prospectus does not cover resale of Enbridge common shares received by any person upon completion of the merger, and no person is authorized to make use of this proxy statement/prospectus in connection with any such resale.

Dividend Policy

Spectra Energy and Enbridge will coordinate the declaration, setting of record dates and payment dates of dividends on Spectra Energy common stock and Enbridge common shares so that holders of Spectra Energy common stock do not receive dividends on both Spectra Energy common stock and Enbridge common shares received in the merger in respect of any calendar quarter to which such dividend relates or fail to receive a dividend on either Spectra Energy common stock or Enbridge common shares received in the merger for any calendar quarter.

Certain U.S. Federal Income Tax Consequences

The following is a general discussion of the material United States federal income tax consequences of the merger to U.S. holders (as defined below) of Spectra Energy common stock and the ownership and disposition of Enbridge common shares received by such U.S. holders pursuant to the merger. This discussion is limited to such U.S. holders who hold their Spectra Energy common stock, and will hold their Enbridge common shares received pursuant to the

merger as capital assets within the meaning of Section 1221 of the Code (generally, property held for investment). This discussion is based on current provisions of the Code, the Treasury regulations

Table of Contents

promulgated thereunder, judicial interpretations thereof and administrative rulings and published positions of the IRS, each as in effect as of the date hereof, and all of which are subject to change or differing interpretations, possibly with retroactive effect, any of which changes could affect the accuracy of the statements and conclusions set forth herein.

This discussion does not purport to address all aspects of United States federal income taxation that may be relevant to particular U.S. holders of Spectra Energy common stock in light of their particular facts and circumstances and does not apply to U.S. holders of Spectra Energy common stock that are subject to special rules under the United States federal income tax laws (including, for example, banks or other financial institutions, dealers in securities or currencies, traders in securities that elect to apply a mark-to-market method of accounting, insurance companies, tax-exempt entities, entities or arrangements treated as partnerships for United States federal income tax purposes or other flow-through entities (and investors therein), subchapter S corporations, retirement plans, individual retirement accounts or other tax-deferred accounts, real estate investment trusts, regulated investment companies, U.S. holders liable for the alternative minimum tax, certain former citizens or former long-term residents of the United States, U.S. holders having a functional currency other than the U.S. dollar, U.S. holders who hold their shares of Spectra Energy common stock as part of a hedge, straddle, constructive sale, conversion transaction or other integrated transaction, controlled foreign corporations, passive foreign investment companies, U.S. holders who will own at least 5% by vote or value of Spectra Energy common stock (immediately prior to the merger) or of Enbridge common shares (immediately after the merger), U.S. holders who acquired their shares of Spectra Energy common stock through the exercise of an employee stock option or otherwise as compensation or through a tax-qualified retirement plan), and non-U.S. holders (as defined below). This discussion does not address any considerations under United States federal tax laws other than those pertaining to the income tax, nor does it address any considerations under any state, local or non-United States tax laws or, except as expressly set forth below, under the unearned income Medicare contribution tax pursuant to the Health Care and Education Reconciliation Act of 2010.

If an entity or arrangement treated as a partnership for United States federal income tax purposes holds shares of Spectra Energy common stock, or will own Enbridge common shares received pursuant to the merger, the tax treatment of a person treated as a partner in such partnership generally will depend on the status of the partner and the activities of the partnership. Persons that for United States federal income tax purposes are treated as partners in a partnership holding shares of Spectra Energy common stock, or that will hold Enbridge common shares received pursuant to the merger, should consult their own tax advisors regarding the tax consequences to them of the merger and the ownership and disposition of Enbridge common shares after the merger.

ALL U.S. HOLDERS OF SPECTRA ENERGY COMMON STOCK SHOULD CONSULT THEIR OWN TAX ADVISORS AS TO THE PARTICULAR TAX CONSEQUENCES TO THEM OF THE MERGER AND THE OWNERSHIP AND DISPOSITION OF ENBRIDGE COMMON SHARES RECEIVED PURSUANT TO THE MERGER, INCLUDING THE APPLICABILITY AND EFFECT OF ANY U.S. FEDERAL, STATE, LOCAL, NON-UNITED STATES AND OTHER TAX LAWS.

For purposes of this discussion, the term "U.S. holder" means a beneficial owner of Spectra Energy common stock, or of Enbridge common shares after the merger, that is, for United States federal income tax purposes:

an individual who is a citizen or resident of the United States;

a corporation (or other entity taxable as a corporation for United States federal income tax purposes) created or organized in the United States or under the laws of the United States or any subdivision thereof;

an estate the income of which is subject to United States federal income tax regardless of its source; or

a trust (a) if a court within the United States is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial

Table of Contents

decisions of the trust or (b) that has a valid election in effect under applicable Treasury regulations to be treated as a U.S. person for United States federal income tax purposes.

For purposes of this discussion, the term *non-U.S. holder* means a beneficial owner of Spectra Energy common stock, or of Enbridge common shares after the merger, that is neither a U.S. holder nor a partnership for United States federal income tax purposes.

U.S. Federal Income Tax Consequences of the Merger to U.S. Holders of Spectra Energy Common Stock

It is intended that, for United States federal income tax purposes, the merger will qualify as a *reorganization* within the meaning of Section 368(a) of the Code and will not result in gain recognition to the U.S. holders of Spectra Energy common stock pursuant to Section 367(a) of the Code (assuming that, in the case of any such U.S. holder who would be treated as a *five-percent transferee shareholder* (within the meaning of Treasury Regulations Section 1.367(a)-3(c)(5)(ii)) of Enbridge following the merger, such U.S. holder enters into a five-year gain recognition agreement in the form provided in Treasury Regulations Section 1.367(a)-8). ***However, the completion of the merger is not conditioned upon the receipt of an opinion of counsel to the effect that the merger will qualify for the Intended Tax Treatment. In addition, neither Spectra Energy nor Enbridge intends to request a ruling from the IRS regarding the United States federal income tax consequences of the merger. Accordingly, no assurance can be given that the IRS will not challenge the Intended Tax Treatment or that a court would not sustain such a challenge.***

If, at the effective time of the merger, any requirement for the merger to qualify for the Intended Tax Treatment is not satisfied, a U.S. holder of Spectra Energy common stock would recognize gain (but may not be able to recognize loss) in an amount equal to the excess, if any, of the fair market value of the Enbridge common shares and the amount of cash in lieu of fractional Enbridge common shares received in the merger over such holder's tax basis in the Spectra Energy common stock surrendered. Gain must be calculated separately for each block of Spectra Energy common stock exchanged by such U.S. holder if such blocks were acquired at different times or for different prices. Any gain so recognized generally would be long-term capital gain if the U.S. holder's holding period in a particular block of Spectra Energy common stock exceeds one year at the effective time of the merger. Long-term capital gain of non-corporate U.S. holders (including individuals) currently is eligible for preferential United States federal income tax rates. The deductibility of capital losses is subject to limitations. A U.S. holder's holding period in Enbridge common shares received in the merger would begin on the day following the merger.

The remainder of this discussion assumes that the merger will qualify for the Intended Tax Treatment.

A U.S. holder receiving Enbridge common shares in exchange for Spectra Energy common stock pursuant to the merger will not recognize any gain or loss, except for any gain or loss that may result from the receipt by such U.S. holder of cash in lieu of fractional Enbridge common shares (as discussed below). The U.S. holder's aggregate tax basis in the Enbridge common shares received in the merger (including any fractional Enbridge common shares deemed received and redeemed as described below) will be equal to the U.S. holder's aggregate tax basis in the Spectra Energy common stock surrendered, and the U.S. holder's holding period for the Enbridge common shares received in the merger (including any fractional Enbridge common shares deemed received and redeemed as described below) will include the U.S. holder's holding period of the Spectra Energy common stock surrendered.

Where a U.S. holder acquired different blocks of Spectra Energy common stock at different times and at different prices, such U.S. holder's tax basis and holding period of such common stock may be determined with reference to each block of common stock.

Cash in Lieu of Fractional Enbridge Common Shares

A U.S. holder of Spectra Energy common stock who receives cash in lieu of a fractional Enbridge common share in the merger generally will be treated as having received such fractional Enbridge common share in the

Table of Contents

merger and then as having received cash in redemption of such fractional Enbridge common share. Gain or loss generally will be recognized based on the difference between the amount of cash received in lieu of the fractional Enbridge common share and the portion of the U.S. holder's aggregate tax basis in the Spectra Energy common stock surrendered which is allocable to the fractional Enbridge common share. This gain or loss generally will be capital gain or loss, and long-term capital gain or loss if the holding period for the Spectra Energy common stock is more than one year at the effective time of the merger. Long-term capital gain of non-corporate U.S. holders (including individuals) currently is eligible for preferential United States federal income tax rates. The deductibility of capital losses is subject to limitations.

Backup Withholding and Information Reporting on the Merger

Payments of cash made to a U.S. holder (other than U.S. holders that are exempt recipients, such as corporations) will be subject to information reporting. In addition, United States federal backup withholding may apply to such cash payments unless the U.S. holder of Spectra Energy common stock:

provides a correct taxpayer identification number and any other required information to the exchange agent,
or

is a corporation or comes within certain exempt categories and otherwise complies with applicable requirements of the backup withholding rules.

Backup withholding does not constitute an additional tax, but rather an advance payment of tax, which may be allowed as a refund or credit against a U.S. holder's United States federal income tax liability if the required information is supplied to the IRS.

U.S. Federal Income Tax Considerations of Owning and Disposing of Enbridge Common Shares Received in the Merger*Dividends*

Under the U.S. federal income tax laws, and subject to the passive foreign investment company, which we refer to as PFIC, rules discussed below, if you are a U.S. holder, the gross amount of any dividend Enbridge pays out of its current or accumulated earnings and profits (as determined for U.S. federal income tax purposes) is subject to U.S. federal income taxation. If you are a noncorporate U.S. holder, dividends that constitute qualified dividend income will be taxable to you at the preferential rates applicable to long-term capital gains, provided that you hold the Enbridge common shares for more than 60 days during the 121 day period beginning 60 days before the ex-dividend date and meet other holding period requirements. Dividends Enbridge pays with respect to Enbridge common shares generally will be qualified dividend income.

You must include any tax withheld from the dividend payment in this gross amount even though you do not in fact receive it. The dividend is taxable to you when you receive the dividend, actually or constructively. The dividend will not be eligible for the dividends-received deduction generally allowed to United States corporations in respect of dividends received from other United States corporations. The amount of the dividend distribution that you must include in your income as a U.S. holder will be the U.S. dollar value of the Canadian dollar payments made, determined at the spot Canadian dollar/U.S. dollar rate on the date the dividend distribution is includible in your income, regardless of whether the payment is in fact converted into U.S. dollars. Generally, any gain or loss resulting

from currency exchange fluctuations during the period from the date you include the dividend payment in income to the date you convert the payment into U.S. dollars will be treated as ordinary income or loss and will not be eligible for the special tax rate applicable to qualified dividend income. Such foreign exchange gain or loss generally will be income or loss from sources within the United States for foreign tax credit limitation purposes. Distributions in excess of current and accumulated earnings and profits, as determined for U.S. federal income tax purposes, will be treated as a non-taxable return of capital to the extent of your basis in the Enbridge common shares and thereafter as capital gain. However, Enbridge does not expect to calculate earnings and profits in accordance with U.S. federal income tax principles. Accordingly, you should expect to generally treat distributions made by Enbridge as dividends.

Table of Contents

Subject to certain limitations, Canadian tax withheld in accordance with the Canada-United States Income Tax Convention (1980), as amended (which we refer to as the Treaty), and paid over to Canada will be creditable or deductible against your U.S. federal income tax liability. Special rules apply in determining the foreign tax credit limitation with respect to dividends that are subject to the preferential tax rates. To the extent a refund of the tax withheld is available to you under Canadian law or under the Treaty, the amount of tax withheld that is refundable will not be eligible for credit against your U.S. federal income tax liability.

Dividends will be income from sources outside the United States and will, depending on your circumstances, be either passive or general income for purposes of computing the foreign tax credit allowable to you. The rules governing the foreign tax credit are complex and involve the application of rules that depend upon a U.S. holder's particular circumstances. Accordingly, U.S. holders are urged to consult their own tax advisors regarding the availability of the foreign tax credit under their particular circumstances.

Capital Gains

Subject to the PFIC rules discussed below, if you are a U.S. holder and you sell or otherwise dispose of your Enbridge common shares in a taxable disposition, you will recognize capital gain or loss for U.S. federal income tax purposes equal to the difference between the U.S. dollar value of the amount that you realize and your tax basis, determined in U.S. dollars, in your Enbridge common shares. Capital gain of a noncorporate U.S. holder is generally taxed at preferential rates where the property is held for more than one year. The gain or loss will generally be income or loss from sources within the United States for foreign tax credit limitation purposes.

PFIC Rules

Special U.S. federal income tax rules apply to U.S. persons owning stock of a PFIC. A foreign corporation will be considered a PFIC for any taxable year in which (i) 75% or more of its gross income is passive income, or (ii) 50% or more of the value (determined on the basis of a quarterly average) of its assets are considered passive assets (generally, assets that generate passive income).

Enbridge believes that Enbridge common shares should not be treated as stock of a PFIC for U.S. federal income tax purposes, but this conclusion is a factual determination that is made annually and thus may be subject to change. If Enbridge were to be treated as a PFIC, gain realized on the sale or other disposition of your Enbridge common shares would in general not be treated as capital gain. Instead, unless you elect to be taxed annually on a mark-to-market basis with respect to your Enbridge common shares, you would be treated as if you had realized such gain and certain excess distributions ratably over your holding period for the Enbridge common shares and would generally be taxed at the highest tax rate in effect for each such year to which the gain was allocated, together with an interest charge in respect of the tax attributable to each such year. With certain exceptions, your Enbridge common shares will be treated as stock in a PFIC if Enbridge were a PFIC at any time during your holding period in your Enbridge common shares. Dividends that you receive from Enbridge will not be eligible for the tax rates applicable to qualified dividend income if Enbridge is treated as a PFIC with respect to you either in the taxable year of the distribution or the preceding taxable year, but instead will be taxable at rates applicable to ordinary income.

Medicare Tax

A U.S. holder that is an individual or estate, or a trust that does not fall into a special class of trusts that is exempt from such tax, is subject to a 3.8% tax on the lesser of (i) the U.S. holder's net investment income (or undistributed net investment income in the case of an estate or trust) for the relevant taxable year and (ii) the excess of the U.S. holder's modified adjusted gross income for the taxable year over a certain threshold (which in the case of individuals is

between \$125,000 and \$250,000, depending on the individual's circumstances). A U.S. holder's net investment income generally includes its dividend income and its net gains from the disposition of Enbridge common shares, unless such dividend income or net gains are derived in the ordinary course of the

Table of Contents

conduct of a trade or business (other than a trade or business that consists of certain passive or trading activities). If you are a U.S. holder that is an individual, estate or trust, you are urged to consult your own tax advisors regarding the applicability of the Medicare tax to your income and gains in respect of your investment in the Enbridge common shares.

Information with Respect to Foreign Financial Assets

Owners of specified foreign financial assets with an aggregate value in excess of \$50,000 (and in some circumstances, a higher threshold) may be required to file an information report with respect to such assets with their tax returns.

Specified foreign financial assets include financial accounts maintained by foreign financial institutions, as well as the following, but only if they are held for investment and not held in accounts maintained by financial institutions: (i) stocks and securities issued by non-U.S. persons, (ii) financial instruments and contracts that have non-U.S. issuers or counterparties, and (iii) interests in foreign entities. U.S. holders are urged to consult their own tax advisors regarding the application of this reporting requirement to their ownership of the Enbridge common shares.

Backup Withholding and Information Reporting

If you are a noncorporate U.S. holder, information reporting requirements generally will apply to dividend payments or other taxable distributions made to you within the United States, and the payment of proceeds to you from the sale of Enbridge common shares effected in the United States or through a United States office of a broker.

In addition, backup withholding may apply to such payments if you fail to comply with applicable certification requirements or are notified by the IRS that you have failed to report all interest and dividends required to be shown on your federal income tax returns.

Payment of the proceeds from the sale of Enbridge common shares effected through a foreign office of a broker generally will not be subject to information reporting or backup withholding. However, a sale effected through a foreign office of a broker could be subject to information reporting in the same manner as a sale within the United States (and in certain cases may be subject to backup withholding as well) if (i) the broker has certain connections to the United States, (ii) the proceeds or confirmation are sent to the United States or (iii) the sale has certain other specified connections with the United States.

You generally may obtain a refund of any amounts withheld under the backup withholding rules that exceed your income tax liability by filing a refund claim with the IRS.

This discussion does not address tax consequences that may vary with, or are contingent on, individual circumstances. Moreover, it only addresses U.S. federal income tax and does not address any non-income tax or any state, local or non-United States tax consequences. You should consult your own tax advisors concerning the U.S. federal income tax consequences of the merger and the ownership of Enbridge common shares in light of your particular situation, as well as any consequences arising under the laws of any other taxing jurisdiction.

This summary does not discuss any non-Canadian income or other tax consequences of the merger or the Canadian exchange offer. Holders resident or subject to taxation in a jurisdiction other than Canada should be aware that the merger may have tax consequences both in Canada and in such other jurisdiction. Such consequences are not described herein. Holders should consult with their own tax advisors with respect to their particular circumstances and the tax considerations applicable to them.

Application

The following summary describes the principal Canadian federal income tax considerations in respect of the merger and the Canadian exchange offer generally applicable under the Canadian Tax Act to a beneficial owner of Spectra Energy common stock who disposes, or is deemed to have disposed, of Spectra Energy common stock pursuant to the merger or the Canadian exchange offer and who, for the purposes of the Canadian Tax Act and at all relevant times, (i) deals at arm's length with and is not affiliated with Enbridge, Merger Sub or Spectra Energy; and (ii) holds all Spectra Energy common stock, and will hold all Enbridge common shares acquired pursuant to the merger or the Canadian exchange offer (which we refer to, collectively, in this portion of the summary as the Securities) as capital property (which we each refer to in this portion of the summary as a Holder). Generally, the Securities will be considered to be capital property to a Holder for purposes of the Canadian Tax Act provided that the Holder does not use or hold those Securities in the course of carrying on a business and has not acquired such Securities in one or more transactions considered to be an adventure or concern in the nature of trade.

This summary is not applicable to a Holder: (i) that is a financial institution for the purposes of the mark-to-market property rules, (ii) that is a specified financial institution, (iii) an interest in which would be a tax shelter investment, (iv) that has elected to determine its Canadian tax results in a currency other than Canadian currency pursuant to the functional currency reporting rules, (v) that has entered or will enter into, in respect of any Securities, a derivative forward agreement or a synthetic disposition arrangement, or (vi) in respect of which Spectra Energy is a foreign affiliate, all within the meaning of the Canadian Tax Act. Any such Holders should consult their own tax advisors with respect to the particular Canadian federal income tax consequences to them of the merger and the Canadian exchange offer. This summary does not address issues relevant to stockholders who acquired their Spectra Energy common stock on the exercise of an employee stock option or other employee incentive award. Such stockholders should consult their own tax advisors.

Canadian Currency

For the purposes of the Canadian Tax Act, where an amount that is relevant in computing a taxpayer's Canadian tax results is expressed in a currency other than Canadian dollars, the amount must be converted to Canadian dollars using the noon exchange rate quoted by the Bank of Canada for the day on which the amount arose, or such other rate of exchange as is acceptable to the CRA.

Table of Contents**Holders Resident in Canada**

The following portion of the summary is generally applicable to a Holder who, at all relevant times and for purposes of the Canadian Tax Act and any applicable income tax treaty or convention, is or is deemed to be resident in Canada (which we refer to in this portion of the summary as a **Canadian Resident Holder**). A Canadian Resident Holder whose Securities would not otherwise be capital property may be entitled to file an election under subsection 39(4) of the Canadian Tax Act to treat the Enbridge common shares and any other **Canadian securities** (as defined in the Canadian Tax Act) owned by such Canadian Resident Holder as capital property. This election will not apply to any Spectra Energy common stock held by such Canadian Resident Holder. Canadian Resident Holders should consult their own tax advisors with respect to whether this election is available and advisable in their particular circumstances.

Disposition of Spectra Energy Common Stock No Section 85 Election

A Canadian Resident Holder who disposes of Spectra Energy common stock pursuant to the merger agreement and who:

- (a) does not accept the Canadian exchange offer; or
- (b) accepts the Canadian exchange offer but does not make a valid joint election with Enbridge pursuant to Section 85 of the Canadian Tax Act in respect of Spectra Energy common stock exchanged pursuant to the Canadian exchange offer,

will realize a capital gain (or capital loss) equal to the amount, if any, by which the proceeds of disposition, net of any reasonable costs of disposition, exceed (or are less than) the adjusted cost base to the Canadian Resident Holder of its Spectra Energy common stock, determined immediately before the disposition. The proceeds of disposition to the Canadian Resident Holder will be equal to the sum of the aggregate fair market value of the Enbridge common shares received on the disposition and any cash received in lieu of a fractional Enbridge common share. For a description of the tax treatment of capital gains and capital losses, see the section entitled *Taxation of Capital Gains and Capital Losses* below.

The cost to a Canadian Resident Holder of Enbridge common shares received by that Canadian Resident Holder will be equal to their fair market value at the time they are acquired by such Canadian Resident Holder. For purposes of determining the adjusted cost base of Enbridge common shares, the cost of the Enbridge common shares acquired must be averaged with the adjusted cost base of all other Enbridge common shares held by the Canadian Resident Holder as capital property.

Exchange of Spectra Energy Common Stock for Enbridge Common Shares With a Section 85 Election

A Canadian Resident Holder who disposes of his, her or its Spectra Energy common stock in consideration for Enbridge common shares pursuant to the Canadian exchange offer may make a joint election (which we refer to as the **Tax Election**) with Enbridge pursuant to Section 85 of the Canadian Tax Act and thereby obtain a full or partial tax-deferred **rollover** for purposes of the Canadian Tax Act in respect of the exchange of such Canadian Resident Holder's Spectra Energy common stock for Enbridge common shares. The extent of such rollover will depend on the amount specified in the Tax Election (which we refer to as the **Elected Amount**) and the adjusted cost base to the Canadian Resident Holder of such Spectra Energy common stock immediately before the disposition.

Provided that the Elected Amount equals the aggregate adjusted cost base to the Canadian Resident Holder of the Spectra Energy common stock, the exchange of Spectra Energy common stock for Enbridge common shares can occur on a fully tax-deferred basis.

Table of Contents

In general, where a Tax Election under Section 85 is made:

- (a) the Elected Amount in respect of the Spectra Energy common stock may not be less than the lesser of the adjusted cost base to the Canadian Resident Holder of the Spectra Energy common stock, determined at the time of disposition, and the fair market value of those shares at that time;
- (b) the Elected Amount may not exceed the fair market value of the Spectra Energy common stock at the time of the disposition; and
- (c) the Elected Amount may not be less than the amount of any cash received on the disposition (including cash received in lieu of fractional Enbridge common shares).

Where a Canadian Resident Holder and Enbridge make a Tax Election by duly completing and filing such Tax Election with the CRA (and an applicable provincial taxation authority), the tax treatment to the Canadian Resident Holder generally will result in the Canadian Resident Holder being deemed to dispose of the Spectra Energy common stock for proceeds of disposition equal to the Elected Amount and to acquire the Enbridge common shares at an aggregate cost equal to the Elected Amount. As such, to the extent that the Elected Amount exceeds the adjusted cost base of the Spectra Energy common stock disposed of, a capital gain will result. For more information, see below in the section entitled *Taxation of Capital Gains and Capital Losses*.

Enbridge has agreed to set out specific instructions for making a Tax Election (including a copy of the relevant federal election Form T-2057 (and Form T-2058 applicable in respect of a partnership)) on its website at <http://www.enbridge.com> not later than the date of the special meeting. Canadian Resident Holders should consult their own tax advisors to determine whether any separate provincial or territorial election forms are required.

It is the sole responsibility of the Canadian Resident Holder who wishes to take advantage of the tax deferral provided for by Section 85 of the Canadian Tax Act (and any corresponding provincial or territorial legislation) to (i) accept the Canadian exchange offer in accordance with the instructions set out in the section entitled *Procedure for Accepting Canadian Exchange Offer* below on or before the date that is three business days prior to the closing date; and (ii) attend to the proper completion of the forms required under the Canadian Tax Act (and any corresponding provincial or territorial legislation). Enbridge, Spectra Energy, Merger Sub or any nominee thereof will not be responsible for the proper completion of any Tax Election form, except for the obligation of Enbridge to sign and forward to the CRA (and any applicable provincial or territorial taxation authority) such duly completed Tax Elections that are received by Enbridge within 60 days after the closing date. Enbridge, Spectra Energy, Merger Sub or any nominee thereof will not be responsible or liable for taxes, interest, penalties, damages or expenses resulting from the failure by anyone to properly complete any form of Tax Election. Canadian Resident Holders should consult with their own tax advisors with respect to the proper completion of the required forms.

In order for the CRA (and any applicable provincial or territorial taxation authority) to accept a Tax Election without a late filing penalty being payable by the Canadian Resident Holder, the election, duly completed and executed by both the Canadian Resident Holder and Enbridge, must be received by such tax authorities on or before the day that is the earliest of the days on or before which either Enbridge or the Canadian Resident Holder is required to file an income tax return for the taxation year in which the disposition occurs. Under the provisions of the Canadian Tax Act no applicable filing deadline is expected to occur prior to the day that is 90 days after the closing date. Canadian Resident

Holders are urged to consult their own tax advisors as soon as possible respecting the deadlines applicable to their own particular circumstances.

Enbridge shall not be required to execute or file Tax Elections that are received by Enbridge more than 60 days after the closing date. Enbridge has agreed to sign and forward to the CRA and applicable provincial or territorial taxation authorities all properly completed Tax Elections that are received within 60 days of the closing date on or before the date that is 90 days after the closing date.

Table of Contents

It is recommended that all Canadian Resident Holders who wish to make a Tax Election give their immediate attention to this matter and review the procedures for accepting the Canadian exchange offer that are set out in the section entitled *Procedure for Accepting Canadian Exchange Offer* below.

Canadian Resident Holders are urged to consult their own tax advisors with respect to the advisability of making the Tax Election, including in connection with computing the adjusted cost base of their Spectra Energy common stock and determining the Elected Amount.

Canadian Resident Holders are also referred to Information Circular 76-19R3 and Interpretation Bulletin IT-291R3 (archived) issued by the CRA for further information respecting the Tax Election. Canadian Resident Holders wishing to make the Tax Election should consult their own tax advisors. The comments herein with respect to such elections are provided for general assistance only. The law in this area is complex and contains numerous technical requirements.

Dividends on Enbridge Common Shares (Post-Merger)

A Canadian Resident Holder who is an individual (other than certain trusts) will be required to include in income any dividends received or deemed to be received on the Enbridge common shares, and will be subject to the gross-up and dividend tax credit rules applicable to taxable dividends received from taxable Canadian corporations, including the enhanced gross-up and dividend tax credit rules applicable to any dividends designated by Enbridge as eligible dividends as defined in the Canadian Tax Act. Although there can be no assurance that any dividend paid by Enbridge will be designated as an eligible dividend, Enbridge has posted notification on its website that, unless otherwise indicated, dividends on Enbridge common shares will be designated as eligible dividends for purposes of the Canadian Tax Act. Dividends received or deemed to be received by an individual and certain trusts may give rise to a liability for alternative minimum tax under the Canadian Tax Act.

A Canadian Resident Holder that is a corporation will be required to include in income any dividend received or deemed to be received on its Enbridge common shares, and generally will be entitled to deduct an equivalent amount in computing its taxable income, subject to certain limitations in the Canadian Tax Act. A private corporation or a subject corporation (each as defined in the Canadian Tax Act) may be liable under Part IV of the Canadian Tax Act to pay an additional refundable tax on any dividend that it receives or is deemed to receive on its Enbridge common shares to the extent that the dividend is deductible in computing the corporation's taxable income. This tax will generally be refunded to the corporation when the corporation pays sufficient taxable dividends during a time when it is a private corporation or a subject corporation. A holder of Enbridge common shares that is, throughout the year, a Canadian-controlled private corporation, as defined in the Canadian Tax Act, may be subject to an additional refundable tax on its aggregate investment income which is defined to include dividends that are not deductible in computing taxable income. Subsection 55(2) of the Canadian Tax Act provides that, where certain corporate holders of shares receive a dividend or deemed dividend in specified circumstances, all or part of such dividend may be treated as proceeds of disposition or as a capital gain from the disposition of capital property and not as a dividend.

For a description of the tax treatment of capital gains and capital losses, see the section entitled *Taxation of Capital Gains and Capital Losses* below.

Table of Contents*Disposition of Enbridge Common Shares (Post-Merger)*

A Canadian Resident Holder that disposes or is deemed to dispose of an Enbridge common share after the merger will recognize a capital gain (or a capital loss) equal to the amount by which the proceeds of disposition of the Enbridge common share exceeds (or is less than) the aggregate of the adjusted cost base to the Canadian Resident Holder of such Enbridge common share, determined immediately before the disposition, and any reasonable costs of disposition. For a description of the tax treatment of capital gains and capital losses, see the section entitled *Taxation of Capital Gains and Capital Losses* below.

Taxation of Capital Gains and Capital Losses

Generally, one-half of any capital gain realized by a Canadian Resident Holder in a taxation year will be included in computing the Canadian Resident Holder's income in that taxation year as a taxable capital gain and, generally, one-half of any capital loss realized in a taxation year (which we refer to as an allowable capital loss) must be deducted from the taxable capital gains realized by the Canadian Resident Holder in the same taxation year, in accordance with the rules contained in the Canadian Tax Act. Allowable capital losses in excess of taxable capital gains realized by a Canadian Resident Holder in a particular taxation year may be carried back and deducted in any of the three preceding taxation years or carried forward and deducted in any subsequent taxation year against net taxable capital gains realized by the Canadian Resident Holder in such taxation year, subject to and in accordance with the rules contained in the Canadian Tax Act.

Capital gains realized by an individual and certain trusts may give rise to a liability for alternative minimum tax under the Canadian Tax Act. A Canadian Resident Holder that is, throughout the year, a Canadian-controlled private corporation, as defined in the Canadian Tax Act, may be subject to an additional refundable tax on its aggregate investment income which is defined to include taxable capital gains.

The amount of any capital loss realized by a Canadian Resident Holder that is a corporation on the disposition of an Enbridge common share may be reduced by the amount of dividends received or deemed to be received by it on such share (or on a share for which the share has been substituted) to the extent and under the circumstances prescribed by the Canadian Tax Act. Similar rules may apply where a corporation is a member of a partnership or a beneficiary of a trust that owns shares, directly or indirectly through a partnership or a trust. Canadian Resident Holders to whom these rules may apply should consult their own tax advisors.

Eligibility for Investment

Based on the current provisions of the Canadian Tax Act and subject to the provision of any particular plan, provided that the Enbridge common shares are listed on a designated stock exchange, within the meaning of the Canadian Tax Act (which currently includes the NYSE and the TSX), the Enbridge common shares will be qualified investments under the Canadian Tax Act for a trust governed by a registered retirement savings plan (which we refer to as RRSP), a registered retirement income fund (which we refer to as RRIF), a registered disability savings plan, a registered education savings plan, a tax-free savings account (which we refer to as TFSA) or a deferred profit sharing plan.

Notwithstanding the foregoing, if the Enbridge common shares are prohibited investments, within the meaning of the Canadian Tax Act, for a particular RRSP, RRIF, or TFSA, the annuitant of the RRSP or RRIF or the holder of the TFSA, as the case may be, will be subject to a penalty tax under the Canadian Tax Act. The Enbridge common shares will generally not be a prohibited investment for these purposes unless the annuitant under the RRSP or RRIF or the holder of the TFSA, as applicable, (i) does not deal at arm's length with Enbridge for purposes of the Canadian Tax Act, or (ii) has a significant interest, as defined in the Canadian Tax Act, in Enbridge. In addition, the Enbridge

common shares will generally not be a prohibited investment if the Enbridge common shares are excluded property for purposes of the prohibited investment rules for an RRSP, RRIF or TFSA.

Table of Contents **Holders Not Resident in Canada**

The following portion of the summary is generally applicable to a Holder who, at all relevant times and for purposes of the Canadian Tax Act, is not, and is not deemed to be, a resident of Canada and does not use or hold, and is not deemed to use or hold, Spectra Energy common stock and will not use or hold, or be deemed to use or hold, Enbridge common shares in a business carried on in Canada (which we refer to in this portion of the summary as a

Non-Canadian Resident Holder). This portion of the summary is not generally applicable to a Non-Canadian Resident Holder that is: (i) an insurer carrying on an insurance business in Canada and elsewhere or (ii) an authorized foreign bank (as defined in the Canadian Tax Act).

The following portion of the summary assumes that neither Spectra Energy common stock nor Enbridge common shares will constitute taxable Canadian property to any particular Non-Canadian Resident Holder at any time. Generally, Spectra Energy common stock or Enbridge common shares, as the case may be, will not constitute taxable Canadian property to a Non-Canadian Resident Holder at a particular time provided that the applicable shares are listed at that time on a designated stock exchange (which includes the TSX and the NYSE), unless at any particular time during the 60-month period that ends at that time (i) one or any combination of (a) the Non-Canadian Resident Holder, (b) persons with whom the Non-Canadian Resident Holder does not deal at arm's length, and (c) partnerships in which the Non-Canadian Resident Holder or a person described in (b) holds a membership interest directly or indirectly through one or more partnerships, owned 25% or more of the issued shares of any class or series of the capital stock of Spectra Energy or Enbridge, as the case may be, and (ii) more than 50% of the fair market value of Spectra Energy common stock or Enbridge common shares, as the case may be, was derived directly or indirectly from one or any combination of: (A) real or immovable properties situated in Canada, (B) Canadian resource properties (as defined in the Canadian Tax Act), (C) timber resource properties (as defined in the Canadian Tax Act), and (D) options in respect of, or interests in, or for civil law rights in, any of the foregoing property whether or not the property exists. In certain circumstances set out in the Canadian Tax Act, shares which are not otherwise taxable Canadian property may be deemed to be taxable Canadian property.

Disposition Pursuant to the Merger

A Non-Canadian Resident Holder will not be subject to tax under the Canadian Tax Act on any capital gain realized on a disposition of Spectra Energy common stock, unless the shares are taxable Canadian property to the Non-Resident Holder and the shares are not treaty-protected property of the Non-Canadian Resident Holder, each within the meaning of the Canadian Tax Act.

Non-Canadian Resident Holders whose Spectra Energy common stock is taxable Canadian property should consult their own tax advisors for advice regarding their particular circumstances, including whether their Spectra Energy common stock constitutes treaty-protected property.

Dividends on Enbridge Common Shares (Post-Merger)

Dividends paid or credited, or deemed to be paid or credited, on Enbridge common shares to a Non-Canadian Resident Holder generally will be subject to Canadian withholding tax at a rate of 25% of the gross amount of the dividend, unless the rate is reduced under the provisions of an applicable income tax convention between Canada and the Non-Canadian Resident Holder's jurisdiction of residence. For example, the rate of withholding tax under the Treaty applicable to a Non-Canadian Resident Holder who is a resident of the United States for the purposes of the Treaty, is the beneficial owner of the dividend and is entitled to all of the benefits under the Treaty, generally will be 15%. Enbridge will be required to withhold the required amount of withholding tax from the dividend, and to remit it to the CRA for the account of the Non-Canadian Resident Holder.

Disposition of Enbridge Common Shares (Post-Merger)

A Non-Canadian Resident Holder will not be subject to tax under the Canadian Tax Act on any capital gain realized on a disposition of Enbridge common shares, unless the shares are taxable Canadian property to the Non-Canadian Resident Holder and the shares are not treaty-protected property of the Non-Canadian Resident Holder, each within the meaning of the Canadian Tax Act.

Non-Canadian Resident Holders whose Enbridge common shares are taxable Canadian property should consult their own tax advisors for advice regarding their particular circumstances, including whether their Enbridge common shares constitute treaty-protected property.

THE ADVISORY COMPENSATION PROPOSAL

As required by Section 14A of the U.S. Exchange Act and the applicable SEC rules promulgated thereunder, Spectra Energy is required to submit a proposal to Spectra Energy's stockholders for an advisory (non-binding) vote to approve the payment by Spectra Energy of certain compensation to Spectra Energy's named executive officers that is based on or otherwise relates to the merger. This proposal, commonly known as "say-on-golden parachutes," gives Spectra Energy stockholders the opportunity to vote, on an advisory (non-binding) basis, on the compensation that Spectra Energy's named executive officers may be entitled to receive that is based on or otherwise relates to the merger. This compensation is summarized in the table in the section entitled *The Merger Proposal Interests of Spectra Energy's Directors and Executive Officers in the Merger* including the footnotes to the table.

The Spectra Energy board of directors encourages you to review carefully the advisory compensation information disclosed in this proxy statement/prospectus.

The Spectra Energy board of directors unanimously recommends that Spectra Energy's stockholders approve the following resolution:

RESOLVED, that the stockholders of Spectra Energy Corp hereby approve, on an advisory (non-binding) basis, the compensation to be paid or become payable by Spectra Energy Corp to its named executive officers that is based on or otherwise relates to the merger as disclosed pursuant to Item 402(t) of Regulation S-K in the Golden Parachute Compensation table and the footnotes to that table.

The vote on the advisory compensation proposal is a vote separate and apart from the vote on the proposal to adopt the merger agreement. Accordingly, you may vote to approve the merger proposal and vote not to approve the advisory compensation proposal and vice versa. Because the vote on the advisory compensation proposal is advisory only, it will not be binding on either Spectra Energy or Enbridge. Accordingly, if the merger agreement is adopted and the merger is completed, the compensation will be payable, subject only to the conditions applicable thereto, regardless of the outcome of the advisory (non-binding) vote of Spectra Energy stockholders. However, Spectra Energy and Enbridge value the opinions of Spectra Energy stockholders and Enbridge expects to consider the outcome of the vote, along with other relevant factors, when considering future executive compensation, assuming the merger is completed.

The Spectra Energy board of directors unanimously recommends a vote FOR the advisory compensation proposal.

THE MERGER AGREEMENT

This summary does not purport to be complete and may not provide all of the information about the merger agreement that might be important to you. You are urged to read the merger agreement carefully and in its entirety because it is the legal document that governs the merger.

Explanatory Note Regarding the Merger Agreement

The merger agreement and this summary are included solely to provide you with information regarding its terms. The representations, warranties and covenants made in the merger agreement by Enbridge, Spectra Energy and Merger Sub were made solely for the purposes of the merger agreement and as of specific dates and were qualified and subject to important limitations agreed to by Enbridge, Spectra Energy and Merger Sub in connection with negotiating the terms of the merger agreement. In particular, in your review of the representations and warranties contained in the merger agreement and described in this summary, it is important to bear in mind that the representations and warranties were negotiated with the principal purposes of establishing the circumstances in which a party to the merger agreement may have the right to not complete the merger if the representations and warranties of the other party prove to be untrue, and allocating risk between the parties to the merger agreement, rather than establishing matters as facts. The representations and warranties may also be subject to a contractual standard of materiality different from those generally applicable to shareholders and reports and documents filed with the SEC or on SEDAR, are qualified by certain matters contained in certain reports publicly filed with the SEC and on SEDAR, and in some cases were qualified by the matters contained in the respective confidential disclosure letters that Spectra Energy and Enbridge delivered to each other in connection with the merger agreement, which disclosures were not included in the merger agreement attached to this proxy statement/prospectus as Annex A. Moreover, information concerning the subject matter of the representations and warranties, which do not purport to be accurate as of the date of this proxy statement/prospectus, may have changed since the date of the merger agreement. Accordingly, the representations and warranties and other provisions of the merger agreement should not be read alone, but instead should be read together with the information provided elsewhere in this proxy statement/prospectus, the documents incorporated by reference into this proxy statement/prospectus, and reports, statements and filings that Spectra Energy and Enbridge file with the SEC and Enbridge files on SEDAR from time to time. For more information, see the section entitled *Where You Can Find Additional Information*.

At least five business days prior to the closing date, Spectra Energy will designate the Spectra Energy designees from the Spectra Energy board of directors to be appointed to the Enbridge board of directors. If any Spectra Energy designee was not a director of Spectra Energy as of the date of the merger agreement, Enbridge will have the right to consent to the designation of such director as a Spectra Energy designee, with such consent not to be unreasonably withheld, conditioned or delayed by Enbridge.

Prior to the closing date, Enbridge has agreed to take all actions necessary to (i) cause the Enbridge board of directors to consist of 13 directors at the effective time, (ii) secure the resignations of such number of Enbridge directors as is necessary for the Enbridge board of directors, immediately following the effective time, to consist of 13 directors following the appointment of each of the Spectra Energy designees, which resignations will be effective at or prior to the effective time and (iii) cause the Spectra Energy designees to be appointed to the Enbridge board of directors as of the effective time. Following the effective time, Enbridge has agreed to take all actions necessary to cause the Spectra Energy designees to be elected as directors of Enbridge at each annual meeting of Enbridge shareholders prior to the 2019 annual shareholders meeting, and with respect to Gregory L. Ebel (or to the extent Gregory L. Ebel is no longer available to serve as non-executive Chairman of the Enbridge board of directors, such other Spectra Energy designee as selected by Spectra Energy and approved by Enbridge) at each annual meeting of Enbridge shareholders prior to the 2020 annual meeting.

Prior to the closing date, Enbridge has agreed to take all actions necessary to (i) submit the by-law amendment (in the form set forth in Exhibit A to the merger agreement) to the Enbridge shareholders for approval in accordance with the Canada Corporations Act at the Enbridge special meeting and make such by-law amendment effective as of the effective time and (ii) cause Gregory L. Ebel (or to the extent Gregory L. Ebel is no longer available to serve as non-executive Chairman of the Enbridge board of directors, such other Spectra Energy designee as selected by Spectra Energy and approved by Enbridge) to become the non-executive Chairman of the Enbridge board of directors at the effective time and to hold such position until the termination of the 2020 annual meeting of Enbridge shareholders.

Following the effective time, Enbridge has agreed to and has agreed to cause its subsidiaries to (i) maintain a substantial business presence in Houston, Texas, which will be the headquarters for Enbridge's natural gas business, and maintain, for a period of at least five years following the completion of the merger, comparable levels of charitable giving to that of Spectra Energy and its subsidiaries prior to the effective time and (ii) provide certain post-closing benefits to Gregory L. Ebel in his capacity as non-executive Chairman of the Enbridge board of directors.

Merger Consideration

At the effective time, by virtue of the merger and without any action on the part of the parties to the merger agreement or any Spectra Energy stockholder, each share of Spectra Energy common stock issued and outstanding immediately prior to the effective time (other than Spectra Energy common stock owned directly by

Table of Contents

Enbridge, Merger Sub or Spectra Energy, and in each case not held on behalf of third parties), will be automatically converted into the right to receive 0.984 of a validly issued, fully paid and non-assessable Enbridge common share (the merger consideration).

The merger consideration will be equitably adjusted to provide Spectra Energy stockholders and Enbridge the same economic effect as contemplated by the merger agreement in the event of any reclassification, stock split (including a reverse stock split), stock dividend or distribution, recapitalization, merger or other similar transaction involving Spectra Energy common stock or Enbridge common shares prior to the completion of the merger.

Canadian Exchange Offer

Each Spectra Energy stockholder who is (i) a resident of Canada for the purposes of the Canadian Tax Act or (ii) a partnership at least one partner of which is a resident of Canada for the purposes of the Canadian Tax Act (each a Canadian Spectra Energy stockholder) may elect to have Enbridge purchase, subject to the completion of the merger, all of the shares of Spectra Energy common stock held by each Canadian Spectra Energy stockholder in consideration for the merger consideration, consisting of 0.984 of a validly issued, fully paid and non-assessable Enbridge common share. Spectra Energy common stock held by a Canadian Spectra Energy stockholder who does not participate in the Canadian exchange offer in accordance with its terms will, upon completion of the merger, be converted into, and become exchangeable for, the merger consideration as described in the above section entitled *The Merger Agreement Merger Consideration*.

Subject to satisfaction or waiver of all conditions (other than those relating to the Canadian exchange offer and those that by their nature are to be satisfied at the completion of the merger, but subject to the satisfaction or waiver of those conditions) pursuant to the merger agreement, each purchase of Spectra Energy common stock from a Canadian Spectra Energy stockholder who validly tenders his, her or its Spectra Energy common stock to Enbridge pursuant to the Canadian exchange offer will be completed immediately prior to the effective time.

As required by the merger agreement, this proxy statement/prospectus includes instructions detailing how Canadian Spectra Energy stockholders can accept the Canadian exchange offer and the terms and conditions of the Canadian exchange offer. For more information, see the section entitled *The Merger Proposal Certain Canadian Federal Income Tax Consequences of the Merger and the Canadian Exchange Offer*.

No Fractional Shares

No fractional Enbridge common shares will be issued upon the conversion of Spectra Energy common stock or in the Canadian exchange offer. All fractional Enbridge common shares that a Spectra Energy stockholder would be otherwise entitled to receive pursuant to the merger agreement or the Canadian exchange offer will be aggregated and rounded to three decimal places. Any holder otherwise entitled to receive a fractional Enbridge common share will be entitled to receive a cash payment, without interest, in lieu of any fractional share, which payment will be calculated by the exchange agent and will represent such holder's proportionate interest in an Enbridge common share based on the average (rounded to the nearest thousandth) of the closing trading prices of Enbridge common shares on the NYSE, as reported by the NYSE for the 10 trading days ending on, and including, the trading day that is three trading days prior to the closing date of the merger. No holder will be entitled by virtue of the right to receive cash in lieu of fractional Enbridge common shares to any dividends, voting rights or any other rights in respect of any fractional Enbridge common share. The payment of cash in lieu of fractional Enbridge common shares is not a separately bargained-for consideration and solely represents a mechanical rounding-off of the fractions in the exchange.

Surrender of Spectra Energy Common Stock

Prior to the effective time, Enbridge will deposit or cause to be deposited with the exchange agent for the benefit of the holders of eligible shares and Spectra Energy common stock tendered in the Canadian exchange

Table of Contents

offer, (i) Enbridge common shares to be issued in uncertificated form or book-entry form as merger consideration and pursuant to the Canadian exchange offer, and (ii) cash comprising approximately the amount required to pay cash in lieu of any fractional shares. After the effective time, Enbridge will deposit or cause to be deposited with the exchange agent, any dividends or other distributions, if any, to which the holders of eligible shares may be entitled with both a record and payment date after the effective time and prior to the surrender of such eligible shares.

Promptly after the effective time (and in any event within three business days after the effective time), the surviving corporation will cause the exchange agent to mail to each holder of record of eligible shares a letter of transmittal and instructions for use in effecting the surrender of book-entry shares or certificates (or affidavits of loss in lieu of the certificates) to the exchange agent.

Upon surrender to the exchange agent of eligible shares that are certificates, by physical surrender of such certificate (or affidavit of loss in lieu of a certificate) or that are book-entry shares, by book-receipt of an agent's message by the exchange agent in connection with the transfer of book-entry shares, in accordance with the terms of the letter of transmittal and accompanying instructions or, with respect to book-entry shares, in accordance with customary procedures and such other procedures as agreed to by Enbridge, Spectra Energy and the exchange agent, the holder of such certificate or book-entry share will be entitled to receive (i) the merger consideration and (ii) an amount (if any) in immediately available funds (or, if no wire transfer instructions are provided, a check, and in each case, after giving effect to any required tax withholdings) of (A) any cash in lieu of fractional shares *plus* (B) any unpaid non-stock dividends and any other dividends or other distributions, in each case, that such holder has the right to receive pursuant to the merger agreement.

No interest will be paid or accrued on any amount payable upon due surrender of eligible shares.

In the event any certificate representing eligible shares will have been lost, stolen or destroyed, upon the making of an affidavit of that fact by the person claiming such certificate to be lost, stolen or destroyed and, if required by Enbridge, the posting by such person of a bond in customary amount and upon such terms as may be reasonably required by Enbridge as indemnity against any claim that may be made against it with respect to such certificate, the exchange agent will issue in exchange for such lost, stolen or destroyed certificate the Enbridge common shares, cash (in the case of fractional Enbridge common share entitlements) and any unpaid dividends or other distributions that would be payable or deliverable in respect thereof pursuant to the merger agreement had such lost, stolen or destroyed certificate been surrendered.

Withholding

Each of Enbridge, Spectra Energy, the exchange agent and the surviving corporation will be entitled to deduct and withhold from the consideration otherwise payable pursuant to the merger agreement such amounts as it is required to deduct and withhold with respect to the making of such payment under the Code or any other applicable tax law. To the extent that amounts are so withheld by Enbridge, Spectra Energy, the exchange agent or the surviving corporation such withheld amounts (a) will be timely remitted to the applicable governmental entity, and (b) will be treated for all purposes of the merger agreement as having been paid to the person in respect of which such deduction and withholding was made to the extent such withheld amounts are remitted to the appropriate governmental entity.

At the effective time, each outstanding Spectra Energy phantom unit, whether vested or unvested, will automatically be adjusted to represent a phantom unit, on the same terms and conditions as were applicable immediately prior to the effective time, denominated in a number of Enbridge common shares equal to the product (rounded down to the nearest whole number) of (i) the number of shares of Spectra Energy common stock subject to such phantom unit immediately prior to the effective time and (ii) the exchange ratio.

2014 and 2015 Performance Stock Units

At the effective time, each outstanding 2014 Spectra Energy PSU and 2015 Spectra Energy PSU, respectively, will automatically be cancelled and converted into the right to receive a number of Enbridge common shares equal to the product (rounded down to the nearest whole number) of (i) the number of shares of Spectra Energy common stock subject to such 2014 or 2015 Spectra Energy PSU immediately prior to the effective time determined in accordance with the immediately following sentence multiplied by (ii) the exchange ratio, together with a cash payment equal to the amount of any dividend equivalents accrued with respect to such 2014 or 2015 Spectra Energy PSU. The number of shares of Spectra Energy common stock subject to such 2014 or 2015 Spectra Energy PSU will be determined, (A) for any 2014 Spectra Energy PSU, assuming a vesting percentage of 100%, and (B) for any 2015 Spectra Energy PSU, assuming a vesting percentage determined as set forth in the applicable award agreement (*i.e.*, based upon Spectra Energy's total stockholder return relative to the total stockholder return of the peer group for the period beginning on January 1, 2015 and ending on the date on which the effective time occurs).

Other Awards

At the effective time, each right of any kind, contingent or accrued, to acquire or receive Spectra Energy common stock or benefits measured by the value of Spectra Energy common stock, and each award of any kind consisting of Spectra Energy common stock that may be held, awarded, outstanding, payable or reserved for issuance under Spectra Energy's benefit plans other than Spectra Energy options, Spectra Energy phantom units, and Spectra Energy performance stock units, will automatically be adjusted to represent a right to acquire or receive benefits, on the same terms and conditions, as were applicable immediately prior to the effective time, measured by the value of Enbridge common shares equal to the product (rounded down to the nearest whole number) of (i) the number of shares of Spectra Energy common stock subject to such award immediately prior to the effective time and (ii) the exchange ratio, and to the extent such award provides for payments to the extent the value of the Spectra Energy common stock

exceed a specified reference price, at a reference price per share (rounded to the nearest whole cent) equal to (A) the reference price per share of Spectra Energy common stock of such award immediately prior to the effective time divided by (B) the exchange ratio.

Under the merger agreement a material adverse effect with respect to Spectra Energy or Enbridge is defined as any change, effect, event, occurrence or development that has a material adverse effect on the business, financial condition or operations of such party and its subsidiaries, in each case taken as a whole, but excluding any change, effect, event, occurrence or development to the extent resulting from the following:

the execution and delivery or existence of the merger agreement or the public announcement or pendency of the merger, including any impact on relationships, contractual or otherwise, with customers, suppliers, distributors, lenders, partners or employees or any lawsuit, action or proceedings with respect to the merger or any of the other transactions contemplated by the merger agreement, or any action taken or requirements imposed by any governmental entity in connection with the merger or any of the other transactions contemplated by the merger agreement;

Each of Spectra Energy's and Enbridge's obligations to take or not take these prohibited actions with respect to any entities (and their respective subsidiaries) which are controlled by such party or in which such party has a voting interest, but that are not directly or indirectly wholly owned by it or that have public equity holders, only applies to the extent permitted by the organizational documents and governance arrangements of such entity and its subsidiaries, to the extent that Spectra Energy or Enbridge, as applicable, is authorized and empowered to bind such entity and its subsidiaries and to the extent permitted by the party's or its subsidiaries' duties (fiduciary or otherwise) to such entity and its subsidiaries or any of its equity holders.

For purposes of the merger agreement, Spectra Energy and Enbridge have agreed that certain joint ventures of Spectra Energy (including DCP Midstream, LLC) and Enbridge (and the respective direct or indirect subsidiaries of any such joint venture), as applicable, are not considered a subsidiary of Spectra Energy or Enbridge, as applicable, and the restrictions described above do not apply to such entities.

Nothing contained in the merger agreement gives Spectra Energy or Enbridge, directly or indirectly, the right to control or direct the other party's operations prior to the effective time. Prior to the effective time, each party will exercise, consistent with the terms and conditions of the merger agreement, complete control and supervision over its and its subsidiaries' respective operations. Nothing in the merger agreement, including any of the actions, rights or restrictions set forth in the merger agreement, will be interpreted in such a way as to require compliance by any party if such compliance would result in the violation of any rule, regulation or policy of any governmental antitrust entity or applicable law.

engage in, continue or otherwise participate in any discussions with or negotiations relating to any acquisition proposal or any inquiry, proposal or offer that would reasonably be expected to lead to an acquisition proposal (other than to state that the terms of the merger agreement prohibit such discussions); or

provide any non-public information to any person in connection with any acquisition proposal or any proposal or offer that would reasonably be expected to lead to an acquisition proposal.

Prior to the time, but not after, in the case of Spectra Energy, the requisite Spectra Energy stockholder vote is obtained or, in the case of Enbridge, the requisite Enbridge shareholder vote is obtained, in response to an unsolicited, *bona fide* written acquisition proposal (that did not result from such party's breach of the above provisions in any material respect), Spectra Energy or Enbridge, as applicable, may (including through a subsidiary or its directors, officers or representatives):

contact such person or group of persons solely to clarify the terms and conditions of the acquisition proposal;

provide information in response to a general or specific request therefor (including non-public information regarding it or any of its subsidiaries) to the person who made such acquisition proposal, as long as such non-public information has previously been made available to, or is made available to, Spectra Energy or Enbridge by the other, as applicable, prior to or concurrently with the time such non-public information is made available to such person and that, prior to furnishing any such non-public information, Spectra Energy or Enbridge, as applicable, receives from the person making such acquisition proposal an executed confidentiality agreement with terms not less restrictive in the aggregate to the other party than the terms in the Confidentiality Agreement, dated as of June 17, 2016, between Spectra Energy and Enbridge (which we refer to as the confidentiality agreement) (such confidentiality agreement does need not to prohibit the making or amending of an acquisition proposal); and

engage or participate in any discussions or negotiations with any such person regarding such acquisition proposal;

only if, prior to taking any action described above, the Spectra Energy board of directors or the Enbridge board of directors, as applicable, determines in good faith after consultation with outside legal counsel that (i) based on the information then available and after consultation with its financial advisor, that such acquisition proposal either constitutes a superior proposal or could reasonably be expected to result in a superior proposal and (ii) the failure to take such action could be inconsistent with the directors' fiduciary duties under applicable law.

Spectra Energy and Enbridge are each required to promptly (and, in any event, within 24 hours) give notice to the other party if they receive (i) any inquiries, proposals or offers constituting an acquisition proposal, (ii) any initial request for information in connection with any acquisition proposal, or (iii) any initial request for discussions or negotiations with respect to an acquisition proposal. Such notice is required to include the name of the proponent and the material terms and conditions of any proposals or offers (including, if applicable, complete copies of any written requests, proposals or offers, including proposed agreements). Spectra Energy or Enbridge, as applicable, will be required to thereafter keep the other party reasonably informed, on a reasonably current basis of the status and material terms of any such proposals or offers (including any amendments) and the status of any such discussions or negotiations, including any material change in its intentions as previously notified.

Table of Contents

For the purposes of the merger agreement, the term *acquisition proposal* refers to (i) any proposal, offer, inquiry or indication of interest relating to a merger, joint venture, partnership, consolidation, dissolution, liquidation, tender offer, recapitalization, reorganization, spin-off, share exchange, business combination or similar transaction involving Spectra Energy or Enbridge, as applicable, or any of their respective subsidiaries or (ii) any acquisition by any person or group resulting in, or any proposal, offer, inquiry or indication of interest that, in the case of (i) or (ii), if completed would result in, any person or group becoming the beneficial owner of, directly or indirectly, in one or a series of related transactions, 15% or more of the total voting power or of any class of equity securities of Spectra Energy or Enbridge, as applicable, or 15% or more of the consolidated net revenues, net income or total assets (it being understood that assets include, without limitation, equity securities of subsidiaries) of Spectra Energy or Enbridge, as applicable, in each case other than the transactions contemplated by the merger agreement.

For the purposes of the merger agreement, the term *superior proposal* refers to an unsolicited, *bona fide* written acquisition proposal made after the date of the merger agreement that would result in a person or group becoming the beneficial owner of, directly or indirectly, all of the total voting power of the equity securities of Spectra Energy or Enbridge, as applicable, or all or substantially all of the consolidated net revenues, net income or total assets (including, without limitation, equity securities of its subsidiaries), of Spectra Energy or Enbridge, as applicable, that the Spectra Energy board of directors or Enbridge board of directors, as applicable, has determined in good faith, after consultation with outside legal counsel and its financial advisor, taking into account all financial, financing and regulatory aspects of the proposal and such other matters as the Spectra Energy board of directors or Enbridge board of directors, as applicable, deems appropriate, that, if completed, would result in a transaction more favorable to Spectra Energy stockholders or Enbridge shareholders, as applicable, than the transactions contemplated by the merger agreement.

Board of Directors Recommendations

Except as permitted by the merger agreement, the Spectra Energy board of directors (including any committee thereof) or the Enbridge board of directors (including any committee thereof), as applicable, will not:

withhold, withdraw, qualify or modify (or publicly propose or resolve to withhold, withdraw, qualify or modify) the recommendation to the Spectra Energy stockholders of adoption of the merger agreement, the merger and the other transactions contemplated by the merger agreement or the recommendation to the Enbridge shareholders of approval of the Enbridge common share issuance in connection with the merger and the by-law amendment, as applicable, in a manner adverse to Spectra Energy or Enbridge, as applicable; or

approve, adopt or recommend, or publicly declare advisable or publicly propose to enter into, any letter of intent, memorandum of understanding, agreement in principle, acquisition agreement, merger agreement, option agreement, joint venture agreement, partnership agreement or other agreement (other than a confidentiality agreement referred to above and entered into in compliance with the above) relating to any acquisition proposal, which we refer to as an *alternative acquisition agreement*.

The taking of any of the actions set forth above will constitute a *change of recommendation*.

Prior to the time, in the case of Spectra Energy, the requisite Spectra Energy stockholder vote is obtained or, in the case of Enbridge, the requisite Enbridge shareholder vote is obtained, the board of directors of Spectra Energy or Enbridge, as applicable, may effect a change of recommendation if the Spectra Energy board of directors or the

Enbridge board of directors, as applicable, determines in good faith, after consultation with outside counsel and its financial advisors and in compliance with the merger agreement, that, as a result of a superior proposal or an intervening event, failure to take such action could be inconsistent with the directors' fiduciary duties under applicable law; however, a change of recommendation in response to a superior proposal or intervening event, as applicable, may not be made unless and until Spectra Energy or Enbridge, as applicable, has given Enbridge or Spectra Energy, as applicable, written notice of such action four business days in advance, such notice to comply in form, substance and

Table of Contents

delivery with the merger agreement, setting forth in writing that the Spectra Energy board of directors or the Enbridge board of directors, as applicable, intends to consider whether to take such action and the basis for such action. After giving such notice and prior to effecting such change of recommendation in connection with a superior proposal or intervening event, as applicable, Spectra Energy or Enbridge, as applicable, will afford the other party the opportunity to negotiate during such four business day period with Enbridge or Spectra Energy, as applicable (to the extent Enbridge or Spectra Energy, as applicable, wishes to negotiate) to enable such party to propose revisions to the terms of the merger agreement as would permit the Spectra Energy board of directors or the Enbridge board of directors, as applicable, not to effect a change of recommendation in connection with a superior proposal or intervening event, as applicable. At the end of such four business day period, prior to taking action to effect a change of recommendation in response to a superior proposal or an intervening event, as applicable, the Spectra Energy board of directors or the Enbridge board of directors, as applicable, will take into account any changes to the terms of the merger agreement proposed by Enbridge or Spectra Energy, as applicable, in writing in response to such notice, and will have determined in good faith, after consultation with its outside legal counsel, that the superior proposal or intervening event, as applicable, would continue to constitute a superior proposal or intervening event, as applicable, if the changes to the terms of the merger agreement offered in writing (if any) were to be given effect and that the failure to take such action could be inconsistent with the directors' fiduciary duties under applicable law. Any material amendment to any acquisition proposal (including any change in the amount or form of consideration) will be deemed to be a new acquisition proposal, except that references to four business days will be deemed to be references to three business days.

As further described in the section below entitled *The Merger Agreement Termination of the Merger Agreement*, if (i) the Spectra Energy board of directors makes a change of recommendation and Enbridge terminates the merger agreement, Spectra Energy will be required to pay a termination fee of \$1.0 billion, and (ii) if the Enbridge board of directors makes a change of recommendation and Spectra Energy terminates the merger agreement, Enbridge will be required to pay a termination fee of C\$1.75 billion.

The merger agreement will not prohibit Spectra Energy or Enbridge, or any of their respective subsidiaries or representatives, from complying with their respective disclosure obligations under applicable law. However, if such disclosure has the substantive effect of withdrawing or adversely modifying the Spectra Energy board recommendation or the Enbridge board recommendation, as applicable, such disclosure will be deemed to be a change of recommendation for the purposes of the merger agreement. In such circumstances, Enbridge or Spectra Energy, as applicable, will have the option to terminate the merger agreement. A "stop, look and listen" or similar communication of the type contemplated by Rule 14d-9(f) under the U.S. Exchange Act or any statement that Spectra Energy has received a proposal and is considering such proposal will not be deemed to be a change of recommendation for the purposes of the merger agreement.

For the purposes of the merger agreement, the term "intervening event" refers to an event, fact, occurrence, development or circumstance that was not known to or reasonably foreseeable by the Spectra Energy board of directors or the Enbridge board of directors, as applicable, as of the date of the merger agreement (or if known, the consequences of which were not known to the Spectra Energy board of directors or the Enbridge board of directors, as applicable, as of the date of the merger agreement). However, the merger agreement provides that in no event will any of the following constitute or be deemed to be an intervening event: (i) the receipt, existence or terms of an acquisition proposal or any matter relating to such acquisition proposal or consequences of such acquisition proposal, (ii) any action taken by either party pursuant to and in compliance with the covenants and agreements set forth in the merger agreement, and the consequences of any such action, (iii) changes in the industry in which Spectra Energy or Enbridge, as applicable, operates, (iv) the fact that, in and of itself, Spectra Energy or Enbridge, as applicable, exceeds internal or published projections, or (v) changes, in and of themselves, in the stock price of Spectra Energy or share price of Enbridge, as applicable.

Efforts to Obtain Required Stockholder/Shareholder Votes

The merger agreement requires Spectra Energy to take, in accordance with applicable law and its governing documents, all action necessary to convene the special meeting as promptly as practicable (and in any event

within 35 days) after the registration statement, of which this proxy statement/prospectus forms a part, is declared effective by the SEC to consider and vote upon the adoption of the merger agreement and to cause such vote to be taken.

The merger agreement requires Enbridge to take, in accordance with applicable law and its governing documents, all action necessary to convene the Enbridge special meeting as promptly as practicable (and in any event within 35 days) after the registration statement, of which this proxy statement/prospectus forms a part, is declared effective by the SEC to consider and vote upon the approval of the Enbridge share issuance and by-law amendment and to cause such vote to be taken.

Spectra Energy and Enbridge have agreed to cooperate to schedule and convene their respective stockholder/shareholder meetings on the same date and time.

The obligations of Spectra Energy and Enbridge to hold the special meeting and Enbridge special meeting pursuant to the merger agreement will not be affected by the making of a change of recommendation by the Spectra Energy board of directors or Enbridge board of directors and the obligations of each party will not be affected by the commencement of or announcement or disclosure of or communication to Spectra Energy or Enbridge, as applicable, of any acquisition proposal or the occurrence or disclosure of an intervening event.

Spectra Energy, in reasonable consultation with Enbridge, may adjourn or postpone the special meeting to a later date to the extent Spectra Energy believes in good faith that such adjournment or postponement is reasonably necessary (i) to ensure that any required supplement or amendment to this proxy statement/prospectus is provided to the Spectra Energy stockholders within a reasonable amount of time in advance of the special meeting, (ii) to allow reasonable additional time to solicit additional proxies necessary to obtain the requisite Spectra Energy stockholder vote, (iii) to ensure that there are sufficient shares of Spectra Energy common stock represented (either in person or by proxy) and voting to constitute a quorum necessary to conduct the business of the special meeting or (iv) to otherwise comply with applicable law.

Enbridge, in reasonable consultation with Spectra Energy, may adjourn or postpone the Enbridge special meeting to a later date to the extent Enbridge believes in good faith that such adjournment or postponement is reasonably necessary (i) to ensure that any required supplement or amendment to the management information circular is provided to Enbridge shareholders within a reasonable amount of time in advance of the Enbridge special meeting, (ii) to allow reasonable additional time to solicit additional proxies necessary to obtain the requisite Enbridge shareholder vote, (iii) to ensure that there are sufficient Enbridge common shares represented (either in person or by proxy) and voting to constitute a quorum necessary to conduct the business of the Enbridge special meeting or (iv) to otherwise comply with applicable law.

If, on a date that is one business day prior to the date of the special meeting or the Enbridge special meeting, as applicable, is scheduled (which we refer to as the original date), (i) Spectra Energy or Enbridge, as applicable, has not received proxies representing the requisite Spectra Energy stockholder vote or the requisite Enbridge shareholder vote, as applicable, whether or not a quorum is present or (ii) it is necessary to ensure that any supplement or amendment to the proxy statement/prospectus or the management information circular is required to be delivered, Spectra Energy and Enbridge, as applicable, will, postpone or adjourn, or make one or more successive postponements or adjournments of, the special meeting or the Enbridge special meeting, as applicable, as long as the date of the special meeting or the Enbridge special meeting, as applicable, is not postponed or adjourned more than 10 days in connection with any one postponement or adjournment or more than an aggregate of 20 days from the original date for these purposes.

Employee Benefits

Enbridge has agreed, following the effective time, to cause the surviving corporation to honor all benefit plans of Spectra Energy and its subsidiaries in accordance with their terms as in effect immediately before the

effective time. Enbridge has also agreed that each employee of Spectra Energy and its subsidiaries at the effective time who continues to remain employed with Spectra Energy or its subsidiaries following the effective time and throughout the periods noted below, which we refer to collectively as the continuing employees, will:

during the period commencing at the effective time and ending on the first anniversary of the effective time, be provided with base salary or base wage, as applicable, no less favorable than the base salary or base wage provided by Spectra Energy and its subsidiaries to such employee immediately prior to the effective time;

during the period commencing at the effective time and ending on December 31, 2017, be provided with target annual cash bonus opportunities and pension and welfare benefits that are, in each case, no less favorable than those provided by Spectra Energy and its subsidiaries to such employee immediately prior to the effective time;

during the period commencing on January 1, 2018 and ending on the first anniversary of the effective time, be provided with target annual cash bonus opportunities, and pension and welfare benefits that are no less favorable in the aggregate than those provided by Spectra Energy and its subsidiaries to such employee immediately prior to the effective time; and

solely to the extent that the effective time occurs prior to Spectra Energy's ordinary course grant of equity awards in 2017, be provided with a grant of Enbridge equity or equity-based awards in 2017 having a long-term incentive award target value that is substantially comparable to that of the awards granted by Spectra Energy to such employee in 2016 (however, the form or forms of equity and equity-based awards provided to each such employee will be the same form or forms of the awards and in the same proportion provided to similarly situated employees of Enbridge (other than the continuing employees)).

In addition, Enbridge has agreed to cause the surviving corporation to provide each continuing employee who is on Canadian payroll and who experiences a qualifying termination within 18 months of the effective time with severance benefits at least equal to the severance benefits for which such continuing employee would have been eligible under Spectra Energy's severance practices in effect as of the effective date, as disclosed to Enbridge as of September 5, 2016.

Enbridge has agreed to use commercially reasonable efforts to (i) cause any preexisting conditions or limitations and eligibility waiting periods under any group health and welfare insurance plans of Enbridge or its affiliates to be waived with respect to the continuing employees and their eligible dependents, (ii) give each continuing employee credit for the plan year in which the effective time occurs towards applicable deductibles and annual out-of-pocket limits for medical expenses incurred during such plan year prior to the effective time for which payment has been made and (iii) give each continuing employee service credit for such continuing employee's employment with Spectra Energy and its subsidiaries (and any predecessor entities) for purposes of (A) vesting, (B) benefit accrual, (C) pay credit level in any cash balance or similar plan, (D) level of subsidy by Enbridge or its subsidiary for any health or welfare plan, and (E) eligibility to participate, in each case, under each applicable Enbridge benefit plan, as if such service had been performed with Enbridge, except to the extent it would result in a duplication of benefits or in the treatment of a continuing employee under such Enbridge benefit plan that is more favorable than the treatment of a similarly situated employee of Enbridge of the same age and with the same number of years of service.

Enbridge has acknowledged that a change in control (or similar phrase) within the meaning of the benefit plans of Spectra Energy and its subsidiaries will occur at or prior to the effective time, as applicable.

Under the merger agreement, Spectra Energy is permitted to determine the amount of the pre-closing bonus entitlement for each continuing employee who participates in a Spectra Energy annual bonus plan in an amount equal to the employee's full-year bonus entitlement under all such annual bonus plans for 2017, based on the greater of (i) deemed performance at target levels and (ii) actual performance through the latest practicable

date prior to the effective time, extrapolated through the end of 2017, prorated for the number of days that have elapsed during 2017 through the effective time. Enbridge has agreed to cause the surviving corporation or its affiliates to (A) provide each continuing employee an annual cash bonus opportunity under an Enbridge annual bonus plan for the balance of 2017 and (B) at the time annual cash bonuses for 2017 are paid to similarly situated employees of Enbridge (other than continuing employees), pay to each continuing employee the sum of (1) his or her pre-closing bonus amount and (2) the amount of such employee's bonus entitlement in respect of the portion of 2017 following the effective time. Spectra Energy and Enbridge have also agreed that the annual cash bonus payment in respect of the 2017 calendar year will, to the extent the recipient is a participant therein, be eligible for a matching contribution under, and will be counted towards pensionable earnings under, the applicable benefit plans of Spectra Energy under which such payment would have been taken into account as of the effective date of the merger agreement.

With respect to those individuals who as of immediately prior to the effective time are receiving benefits under the Spectra Energy Retiree Medical Plan, Enbridge has agreed to continue or cause the surviving corporation to continue that plan through the first anniversary of the effective time, on terms and conditions no less favorable than those in effect as of the effective time. In addition, prior to the effective time, Spectra Energy may amend the plan to provide that, among other things, any continuing employee of Spectra Energy and its subsidiaries who experiences a qualifying termination during the one-year period following the effective time will be provided with an additional two years of age and service credit for purposes of determining eligibility under the plan (without regard to whether such employee would be eligible for early retirement under a tax-qualified plan sponsored by Spectra Energy).

Director & Officer Indemnification and Insurance

After the effective time, Enbridge and the surviving corporation will indemnify and hold harmless to the fullest extent Spectra Energy would be permitted to under applicable law (and Enbridge and the surviving corporation will also advance expenses as incurred, to the fullest extent that Spectra Energy would have been permitted under Delaware law and Spectra Energy's certificate of incorporation as of the date of the merger agreement, to) each present and former director and officer of Spectra Energy and its subsidiaries (which we refer to collectively as "indemnified parties" and to each as an "indemnified party") against any costs or expenses (including reasonable attorneys' fees), judgments, fines, losses, claims, damages or liabilities incurred in connection with any claim, action, suit, proceeding or investigation, whether civil, criminal, administrative or investigative, arising out of or related to such indemnified parties' service as a director or officer of Spectra Energy or its subsidiaries or services performed by such indemnified party at the request of Spectra Energy at or prior to the effective time, whether asserted or claimed prior to, at or after the effective time, including in connection with (i) the transactions contemplated by the merger agreement and (ii) actions to enforce the indemnification or directors' and officers' indemnification and insurance provisions of the merger agreement or any other indemnification or advancement right of any indemnified party. However, any indemnified party to whom expenses are advanced must provide an undertaking to repay such advances if it is ultimately determined by final adjudication that such person is not entitled to indemnification.

Prior to the effective time, Spectra Energy will and, if Spectra Energy is unable to, Enbridge will cause the surviving corporation as of the effective time to, obtain and fully pay the premium for "tail" insurance policies for the extension of (i) the directors' and officers' liability coverage of Spectra Energy's existing directors' and officers' insurance policies, and (ii) Spectra Energy's existing fiduciary liability insurance policies, in each case for a claims reporting or discovery period of six years from and after the effective time (which we refer to as the "tail period") from one or more insurance carriers with the same or better credit rating as Spectra Energy's insurance carrier as of September 5, 2016 with respect to directors' and officers' liability insurance and fiduciary liability insurance (which we refer to collectively as "D&O insurance") with terms, conditions, retentions and limits of liability that are at least as favorable to the insureds as Spectra Energy's existing policies with respect to matters existing or occurring at or prior to the effective time (including in connection with the merger agreement or the transactions or actions contemplated thereby). If Spectra

Energy and the surviving corporation for any

-130-

reason fail to obtain such tail insurance policies as of the effective time, the surviving corporation will, and Enbridge will cause the surviving corporation to, continue to maintain in effect for the tail period the D&O insurance in place as of September 5, 2016 with terms, conditions, retentions and limits of liability that are at least as favorable to the insureds as provided in Spectra Energy's policies as of September 5, 2016, or the surviving corporation will, and Enbridge will cause the surviving corporation to, purchase comparable D&O insurance for the tail period with terms, conditions, retentions and limits of liability that are at least as favorable as provided in Spectra Energy's existing policies as of September 5, 2016. However, the merger agreement provides that in no event will the aggregate cost of the D&O insurance exceed during the tail period 300% of the current aggregate annual premium paid by Spectra Energy for such purpose, and if the cost of such insurance coverage exceeds such amount, the surviving corporation will obtain a policy with the greatest coverage available for a cost not exceeding such amount.

If Enbridge or the surviving corporation or any of their respective successors or assigns (i) consolidates with or merges into any other corporation or entity and will not be the continuing or surviving corporation or entity of such consolidation or merger or (ii) transfers all or substantially all of its properties and assets to any individual, corporation or other entity, then, and in each such case, proper provisions will be made so that the successors and assigns of Enbridge or the surviving corporation will assume all of the indemnification and directors' and officers' insurance obligations under the merger agreement.

The rights of the indemnified parties under the merger agreement are in addition to any rights such indemnified parties may have under the certificate of incorporation, by-laws or comparable governing documents of Spectra Energy or any of its subsidiaries, or under any applicable contracts or laws. All rights to indemnification and exculpation from liabilities for acts or omissions occurring at or prior to the effective time and rights to advancement of expenses relating thereto now existing in favor of any indemnified party as provided in the certificate of incorporation, by-laws or comparable governing documents of Spectra Energy and its subsidiaries or any indemnification agreement between such indemnified party and Spectra Energy or any of its subsidiaries, in each case, as in effect on September 5, 2016, will survive the merger and the other transactions contemplated by the merger agreement unchanged and will not be amended, repealed or otherwise modified in any manner that would adversely affect any right thereunder of any such indemnified party.

Each of the indemnified parties will have the right to enforce the provisions of the merger agreement relating to their indemnification as third party beneficiaries of such provisions.

Other Covenants and Agreements

Spectra Energy and Enbridge have agreed in the merger agreement to various other covenants and agreements regarding various matters, including:

cooperation between Spectra Energy and Enbridge in the preparation and filing of this proxy statement/prospectus and the management information circular and coordination of the special meeting and the Enbridge special meeting;

the use of reasonable best efforts by Spectra Energy to commence consent solicitations to the holders of certain outstanding indebtedness to waive any applicable change in control provisions, defaults or other covenants that would apply in connection with, or otherwise restrict the ability of the parties to complete, the merger, or make offers to purchase or redeem to satisfy and discharge such outstanding indebtedness on the

terms and conditions specified by Enbridge;

access by each party to certain information about the other party during the period prior to the effective time and agreement to keep information exchanged confidential;

Spectra Energy giving Enbridge the opportunity to participate in the defense or settlement of any shareholder litigation brought against Spectra Energy or the Spectra Energy board of directors relating to the merger or the transactions contemplated by the merger agreement;

Enbridge taking all actions necessary to cause Gregory L. Ebel (or, to the extent Gregory L. Ebel is no longer available to serve as non-executive Chairman of the Enbridge board of directors, such other designee as selected by Spectra Energy and approved by Enbridge to serve as non-executive Chairman of the Enbridge board of directors) to become the non-executive Chairman of the Enbridge board of directors effective as of the effective time and to hold such position until the termination of the 2020 annual Enbridge shareholders meeting;

Enbridge taking all actions necessary to amend and restate, in accordance with the Canada Corporations Act, the by-laws of Enbridge as set forth in Exhibit A to the merger agreement and submit such by-law amendment to the Enbridge shareholders at the Enbridge special meeting for approval in accordance with the Canada Corporations Act, with such by-law amendment to be effective as of the effective time;

Enbridge will have the right to devise and implement the strategy and timing for obtaining any clearances required under any antitrust law and to take the lead in all meetings and communications with any governmental entity in connection with obtaining such clearances, and in doing so, Enbridge is required to consult in advance with Spectra Energy and in good faith take Spectra Energy's views into account regarding the overall strategy and timing.

proposing, negotiating, committing to and effecting, by consent decree, consent agreement, hold separate order or otherwise, the sale, divestiture or disposition of any businesses, assets, equity interests, product lines or properties of Spectra Energy or Enbridge or any of their respective subsidiaries or any equity interest in any joint venture held by Spectra Energy or Enbridge or any of their respective subsidiaries;

creating, terminating, or divesting relationships, ventures, contractual rights or obligations of Spectra Energy or Enbridge or any of their respective subsidiaries; and

otherwise taking or committing to take any action that would limit Enbridge's freedom of action with respect to, or its ability to retain or hold, directly or indirectly, any businesses, assets, equity interests, product lines or properties of Spectra Energy or Enbridge or any of their respective subsidiaries or any equity interest in any joint venture held by Spectra Energy or Enbridge or any of their respective subsidiaries, in each case as may be required in order to obtain all approvals, consents, clearances, expirations or terminations of waiting periods, registrations, permits, authorizations and other confirmations required directly or indirectly under any antitrust law or to avoid the commencement of any action to prohibit the merger or the other transactions contemplated by the merger agreement under any antitrust law or to avoid the entry of, or to effect the dissolution of, any injunction, temporary restraining order or other order in any action or proceeding seeking to prohibit the merger or the other transactions contemplated by the merger agreement or delay the closing beyond March 31, 2017 (subject to extension by either party to December 29, 2017 in specified circumstances).

To assist Enbridge in complying with the above obligations, Spectra Energy has agreed to, and to cause its subsidiaries to, enter into one or more agreements requested by Enbridge to be entered into by any of them prior to the effective time with respect to any transaction to divest, hold separate or otherwise take any action that limits Spectra Energy's or its subsidiaries' freedom of action, ownership or control with respect to, or their ability to retain or hold, directly or indirectly, any of the businesses, assets, equity interests, product lines or properties of Spectra Energy or any of its subsidiaries or any equity interest in any joint venture held by Spectra Energy or any of its subsidiaries, which we refer to as a divestiture agreement.

Certain Limitations on Spectra Energy's and Enbridge's Obligations to Obtain Antitrust Approvals

Nothing contained in the merger agreement will be deemed to require Spectra Energy to divest, hold separate or otherwise take any action that limits Spectra Energy's or its subsidiaries' freedom of action, ownership or control with respect to, or their ability to retain or hold, directly or indirectly, any of the businesses, assets, equity interests, product lines or properties of Spectra Energy or any of its subsidiaries or any equity interest in any joint venture held by Spectra Energy or any of its subsidiaries, which we refer to as a divestiture action, unless (i) the completion of such

transactions provided for in any such divestiture agreement is conditioned upon the closing or satisfaction of all of the conditions to closing in a case where the closing will occur immediately following such divestiture action (and where Enbridge has irrevocably committed to effect the closing immediately following such divestiture action) and (ii) Enbridge will indemnify and hold Spectra Energy and its subsidiaries harmless from all costs, expenses and liabilities incurred by Spectra Energy or its subsidiaries arising from or relating to such divestiture agreement (other than any of the foregoing arising from the breach by Spectra Energy or any applicable subsidiary of such divestiture agreement).

Table of Contents

Further, nothing contained in the merger agreement requires Spectra Energy or Enbridge to take, or cause to be taken, and neither Spectra Energy nor Enbridge will be required to take, or cause to be taken, any divestiture action with respect to all or part of the Texas Eastern Transmission pipeline, the Enbridge Canadian Mainline System or the Enbridge U.S. Mainline System.

CFIUS Clearance

CFIUS clearance means that any of the following will have occurred: (i) the 30 day review period under the DPA commencing on the date that the CFIUS notice is accepted by CFIUS has expired and the parties to the merger agreement have received written notice from CFIUS that such review has been concluded and that either the transactions contemplated by the merger agreement do not constitute a covered transaction under the DPA or there are no unresolved national security concerns; (ii) an investigation has been commenced after such 30 day review period and CFIUS has determined to conclude all deliberative action under the DPA without sending a report to the President of the United States, and the parties to the merger agreement have received written notice from CFIUS that either the transactions contemplated by the merger agreement do not constitute a covered transaction under the DPA or there are no unresolved national security concerns, and all action under the DPA has concluded with respect to the transactions contemplated by the merger agreement; or (iii) CFIUS has sent a report to the President of the United States requesting the President's decision and either (A) the period under the DPA during which the President may announce his decision to take action to suspend, prohibit or place any limitations on the transactions contemplated by the merger agreement has expired without any such action being threatened, announced or taken or (B) the President has announced a decision not to take any action to suspend, prohibit or place any limitations on the transactions contemplated by the merger agreement.

Spectra Energy and Enbridge have also agreed to use reasonable best efforts to obtain the CFIUS clearance. Such reasonable best efforts include (i) submitting the draft and final joint voluntary notice with CFIUS in accordance with the requirements of the DPA and within the time limits agreed among the parties, (ii) providing any information requested by CFIUS or any other agency or branch of the U.S. government in connection with the CFIUS review in accordance with the time periods required by applicable law without the need to request an extension of time, (iii) cooperating in all respects and consulting with each other in connection with the CFIUS notice, (iv) promptly informing each other of any communication received from or given to CFIUS and providing copies, (v) permitting each other to review in advance any communication to be given to CFIUS and (vi) allowing each other to participate in telephone calls and meetings with CFIUS, in each case, subject to certain confidentiality exceptions as required by law. Such reasonable best efforts also include agreeing to any action, condition or restriction required by CFIUS in connection with the CFIUS clearance (including entering into any mitigation agreement with CFIUS as may be required) in order to receive the CFIUS clearance as promptly as reasonably practicable and in any event prior to the sixth business day prior to the outside date, unless Spectra Energy, Enbridge and Merger Sub have, prior to such date, irrevocably waived the closing condition under the merger agreement relating to CFIUS clearance. Neither Spectra Energy nor Enbridge will take or permit any of its subsidiaries or affiliates to take any action that would reasonably be expected to prevent, materially delay or materially impede the receipt of the CFIUS clearance.

certain representations and warranties of Enbridge relating to the organization, good standing and qualification of Enbridge and its significant subsidiaries, the capital structure, corporate authority and approval of Enbridge and the receipt of certain opinions being true and correct in all material respects, and the representations and warranties of Enbridge relating to the absence of a material adverse effect on Enbridge being true and correct in all respects, each as of the date of the merger agreement and as of the closing date as though made as of the closing date (except that representations and warranties that by their terms speak as of the date of the merger agreement or some other date being true and correct as of such date);

Frustration of Closing Conditions

None of Spectra Energy, Enbridge or Merger Sub may rely on the failure of any condition described above to be satisfied if such failure was caused by such party's (or (i) in the case of Enbridge, Merger Subs, and (ii) in the case of Merger Sub, Enbridge's) failure to perform any of its obligations under the merger agreement.

Termination of the Merger Agreement

The merger agreement may be terminated and the merger may be abandoned at any time prior to the effective time by action of Spectra Energy or Enbridge (as applicable):

by mutual written consent of Spectra Energy and Enbridge;

by either Spectra Energy or Enbridge,

if the merger is not completed by 5:00 p.m. Eastern Time on March 31, 2017 (as it may be extended from time to time by the mutual written consent of Spectra Energy or Enbridge), such date being referred to as the outside date; however,

the initial outside date is subject to extensions in three intervals of three months by either Spectra Energy or Enbridge up to December 29, 2017 if all the conditions to closing (other than the conditions relating to the expiration or termination of the waiting period under the HSR Act, the receipt of the Competition Act (Canada) approval, Canada Transportation Act approval, and the CFIUS clearance, and the absence of legal restraints) have been satisfied or are capable of being satisfied at the time of extension, and

that the right to terminate the merger agreement due to a failure to complete the merger by the outside date will not be available to any party if the failure of such party (and in the case of Enbridge, Merger Sub) to perform any of its obligations under the merger agreement has been a principal cause of or resulted in the failure of the merger to be completed on or before such date;

if (i) the requisite Spectra Energy stockholder vote is not obtained at the special meeting or at any adjournment or postponement thereof in accordance with the merger agreement, or (ii) the requisite Enbridge shareholder vote is not obtained at the Enbridge special meeting or at any adjournment or postponement thereof in accordance with the merger agreement; or

if any order permanently restraining, enjoining or otherwise prohibiting completion of the merger has become final and non-appealable; however, the right to terminate the merger agreement due to such an order will not be available to any party if such party (or in the case of Enbridge, Merger Sub) has not complied in all material respects with its obligations concerning cooperation and efforts to obtain regulatory approvals pursuant to the merger agreement;

by Enbridge,

if there has been a breach by Spectra Energy of any representation, warranty, covenant or agreement set forth in the merger agreement, or if any representation or warranty of Spectra Energy has become untrue, in each case such that the conditions to the obligations of Enbridge and Merger Sub to complete the merger would not be satisfied as a result of such breach or failure to be true and correct (and such breach or failure to be true and correct is not curable prior to the outside date, or if curable prior to the outside date, has not been cured within the earlier of (x) 60 days after the giving of notice thereof by Enbridge to Spectra Energy or (y) the outside date); however, the right to terminate the merger agreement due to such a breach will not be available to Enbridge if the occurrence of the failure of a condition to the completion of the merger resulted from a material breach of the merger agreement by Enbridge or Merger Sub; or

prior to the time the requisite Spectra Energy stockholder vote is obtained, if the Spectra Energy board of directors has:

failed to include the Spectra Energy board recommendation in this proxy statement/prospectus that is filed and mailed by Spectra Energy to Spectra Energy stockholders;

made a change of recommendation; or

failed to recommend, within 10 business days after the commencement of a tender or exchange offer for outstanding shares of Spectra Energy common stock (other than by Enbridge or an affiliate of Enbridge), against acceptance by its stockholders of such tender offer or exchange offer; or

by Spectra Energy,

if there has been a breach by Enbridge or Merger Sub of any representation, warranty, covenant or agreement set forth in the merger agreement, or if any representation or warranty of Enbridge or Merger Sub has become untrue, in each case such that the conditions to the obligations of Spectra

Energy to complete the merger would not be satisfied as a result of such breach or failure to be true and correct (and such breach or failure to be true and correct is not curable prior to the outside date, or if curable prior to the outside date, has not been cured within the earlier of (x) 60 days after the giving of notice thereof by Spectra Energy to the breaching party or (y) the outside date); however, the right to terminate the merger agreement due to such a breach will not be available to Spectra Energy if the occurrence of the failure of a condition to the completion of the merger resulted from a material breach of the merger agreement by Spectra Energy; or

prior to the time the requisite Enbridge shareholder vote is obtained, if the Enbridge board of directors has:

failed to include the Enbridge board recommendation in the management information circular that is filed and mailed by Enbridge to Enbridge shareholders;

made a change of recommendation; or

failed to recommend, within 10 business days after the commencement of a tender or exchange offer pursuant to Rule 14d-2 under the U.S. Exchange Act or applicable Canadian securities laws for outstanding Enbridge common shares, against acceptance by its shareholders of such tender offer or exchange offer.

Effect of Termination

Except as described in the below section entitled *The Merger Agreement Termination of the Merger Agreement Termination Fees*, if the merger agreement is terminated in accordance with its terms, there will be no liability on the part of Enbridge, Spectra Energy or Merger Sub, except (i) certain provisions of the merger agreement will survive such termination, including those relating to fees associated with consent solicitations and debt offers by Spectra Energy in connection with the merger, expenses, the effect of termination of the merger agreement, the confidentiality agreement and miscellaneous provisions relating to amendments, governing law, waiver of jury trial, specific performance, etc., and (ii) in the case of an intentional and willful material breach of the merger agreement.

Termination Fees

Spectra Energy has agreed to pay a termination fee of \$1.0 billion, which we refer to as the Spectra Energy termination fee, to Enbridge if:

all of the following occur: (i) the merger agreement is terminated by Spectra Energy or Enbridge because the requisite Spectra Energy stockholder vote is not obtained at the special meeting or at any adjournment or postponement thereof in accordance with the merger agreement, (ii) a *bona fide* acquisition proposal involving Spectra Energy has been publicly announced (and such acquisition proposal has not been publicly withdrawn) after the date of the merger agreement and prior to the date of the special meeting and (iii) within 12 months after such termination, (1) Spectra Energy or any of its subsidiaries enters into an alternative acquisition agreement to complete an acquisition proposal, and such acquisition proposal is thereafter

completed, or (2) an acquisition proposal is otherwise completed with respect to Spectra Energy or any of its subsidiaries within 12 months of such termination (for these purposes, 50% being substituted in lieu of 15% in each instance in the definition of acquisition proposal and the definition of acquisition proposal also including specified acquisitions by Spectra Energy or any of its subsidiaries in which Spectra Energy stockholders immediately prior to the completion of such transaction own (beneficially or of record), in the aggregate, less than 65% of the common equity of Spectra Energy or the ultimate parent company resulting from such transaction); or

the merger agreement is terminated by Enbridge because the Spectra Energy board of directors failed to include the Spectra Energy board recommendation in this proxy statement/prospectus that is filed and

mailed by Spectra Energy to Spectra Energy stockholders, made a change of recommendation or failed to recommend, within 10 business days after the commencement of a tender or exchange offer for outstanding shares of Spectra Energy common stock (other than by Enbridge or an affiliate of Enbridge), against acceptance of such tender offer or exchange offer by its stockholders.

Spectra Energy has agreed to reimburse Enbridge for reasonable and documented out-of-pocket expenses of Enbridge and Merger Sub in connection with the merger agreement subject to a cap of \$100 million if the merger agreement is terminated by Spectra Energy or Enbridge because the requisite Spectra Energy stockholder vote is not obtained at the special meeting or at any adjournment or postponement thereof in accordance with the merger agreement. If an expense reimbursement is paid by Spectra Energy and the Spectra Energy termination fee subsequently becomes due, then the amount of the Spectra Energy termination fee will be reduced by the amount of the expense reimbursement Spectra Energy previously paid to Enbridge.

Enbridge has agreed to pay a termination fee of C\$1.75 billion, which we refer to as the Enbridge termination fee, to Spectra Energy if:

all of the following occur (i) the merger agreement is terminated by Spectra Energy or Enbridge because the requisite Enbridge shareholder vote is not obtained at the Enbridge special meeting or at any adjournment or postponement thereof in accordance with the merger agreement, (ii) a *bona fide* acquisition proposal involving Enbridge has been publicly announced (and such acquisition proposal has not been publicly withdrawn) after the date of the merger agreement and prior to the date of the Enbridge special meeting, and (iii) within 12 months after such termination, (1) Enbridge or any of its subsidiaries will have entered into an alternative acquisition agreement to complete an acquisition proposal, and such acquisition proposal is thereafter completed, or (2) an acquisition proposal is otherwise completed with respect to Enbridge or any of its subsidiaries within 12 months of such termination (for these purposes, 50% being substituted in lieu of 15% in each instance in the definition of acquisition proposal and the definition of acquisition proposal also including specified acquisitions by Enbridge or any of its subsidiaries in which the shareholders of Enbridge immediately prior to the completion of such transaction own (beneficially or of record), in the aggregate, less than 65% of the common equity of Enbridge or the ultimate parent company resulting from such transaction); or

the merger agreement is terminated by Spectra Energy because the Enbridge board of directors failed to include the Enbridge board recommendation in the management information circular that is filed and mailed by Enbridge to Enbridge shareholders, made a change of recommendation or failed to recommend, within 10 business days after the commencement of a tender or exchange offer pursuant to Rule 14d-2 under the U.S. Exchange Act or applicable Canadian securities laws for outstanding Enbridge common shares, against acceptance of such tender offer or exchange offer by its shareholders.

Enbridge has agreed to reimburse Spectra Energy for reasonable and documented out-of-pocket expenses of Spectra Energy in connection with the merger agreement subject to a cap of \$100 million if the merger agreement is terminated by Spectra Energy or Enbridge because the requisite Enbridge shareholder vote is not obtained at the Enbridge special meeting or at any adjournment or postponement thereof in accordance with the merger agreement. If an expense reimbursement is paid by Enbridge and the Enbridge termination fee subsequently becomes due, then the amount of the Enbridge termination fee will be reduced by the amount of the expense reimbursement Enbridge previously paid to Spectra Energy.

Modification, Amendment or Waiver

At any time prior to the effective time, subject to specified provisions relating to indemnification of directors and officers, the merger agreement may be amended, modified or waived if, and only if, such amendment, modification or waiver is in writing and signed, in the case of an amendment or modification, by

Table of Contents

Enbridge, Merger Sub and Spectra Energy, or in the case of a waiver, by the party against whom the waiver is to be effective.

Specific Performance; Remedies

If for any reason any of the provisions of the merger agreement are not performed in accordance with their specific terms or are otherwise breached, Spectra Energy, Enbridge and Merger Sub have agreed, pursuant to the terms of the merger agreement, that, in addition to any other available remedies in equity or at law, each party to the merger agreement will be entitled to enforce specifically the terms and provisions of the merger agreement and to obtain an injunction restraining any breach or violation or threatened breach or violation of the provisions of the merger agreement in the Court of Chancery of the State of Delaware without necessity of posting a bond or other form of security. In the event that any action or proceeding is brought in equity to enforce the provisions of the merger agreement, Spectra Energy, Enbridge and Merger Sub have agreed, pursuant to the terms of the merger agreement, that they will not allege, and that they have waived the defense, that there is an adequate remedy at law.

Governing Law

The merger agreement is governed by the law of the State of Delaware without regard to the conflict of law principles thereof to the extent that such principles would direct a matter to another jurisdiction.

Table of Contents**UNAUDITED PRO FORMA CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

The following unaudited *pro forma* condensed consolidated financial statements give effect to the proposed combination of Enbridge and Spectra Energy using the acquisition method of accounting. Under the acquisition method of accounting and for the purpose of these *pro forma* condensed consolidated financial statements, Enbridge is treated as the acquirer and Spectra Energy as the acquiree. Pursuant to the merger agreement, Enbridge agreed to combine with Spectra Energy through a merger of Merger Sub with and into Spectra Energy. Based on the consideration calculation prescribed in the merger agreement, the estimated price for the acquisition of Spectra Energy is approximately \$38.3 billion based on the closing price of Enbridge's common shares on November 4, 2016. Completion of the merger is subject to the conditions contained in the merger agreement and described in this proxy statement/prospectus.

The unaudited *pro forma* condensed consolidated financial statements have been derived from, and should be read in conjunction with, the historical audited and unaudited consolidated financial statements of Enbridge and Spectra Energy, the notes thereto, and the accompanying notes to the unaudited *pro forma* condensed consolidated financial statements. NOTES TO THE PRO FORMA CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(unaudited)

1. BASIS OF PRESENTATION

The accompanying unaudited pro forma condensed consolidated financial statements give effect to the merger using the acquisition method of accounting, with Enbridge as the acquirer and Spectra Energy as the acquiree. These unaudited pro forma condensed consolidated financial statements have been prepared by Enbridge's management and are derived from the following (each of which is incorporated by reference into this proxy statement/prospectus):

the audited amended consolidated financial statements of Enbridge for the year ended December 31, 2015;

the audited consolidated financial statements of Spectra Energy for the year ended December 31, 2015;

the unaudited interim consolidated financial statements of Enbridge for the nine months ended September 30, 2016; and

the unaudited condensed consolidated financial statements of Spectra Energy for the nine months ended September 30, 2016.

The unaudited pro forma condensed consolidated financial statements utilize accounting policies that are consistent with those disclosed in Enbridge's amended audited financial statements for the year ended December 31, 2015 which were prepared in accordance with U.S. GAAP. Amounts in these notes to the pro forma condensed consolidated financial statements are stated in Canadian dollars unless otherwise indicated. References to U.S. dollars and USD to lawful currency of the U.S.

Based on the consideration calculation prescribed in the merger agreement, the estimated price for acquisition of Spectra Energy is approximately \$38.3 billion (Note 3(a)) based on the closing price of Enbridge's common shares on November 4, 2016.

The unaudited pro forma condensed statement of financial position has been prepared to give effect to the merger as if it occurred on September 30, 2016. The unaudited pro forma condensed consolidated statements of earnings for the year ended December 31, 2015 and for the nine months ended September 30, 2016 have been prepared to give effect to the merger as if it occurred on January 1, 2015.

The unaudited pro forma condensed consolidated financial statements should be read in conjunction with the description of the merger contained in this proxy statement/prospectus; the audited amended consolidated financial statements of Enbridge for the year ended December 31, 2015, including the notes thereto, and the unaudited interim consolidated financial statements of Enbridge for the nine months ended September 30, 2016 both incorporated by reference in this proxy statement/prospectus; and the audited consolidated financial statements of Spectra Energy for the year ended December 31, 2015, including the notes thereto, and the unaudited condensed consolidated financial statements of Spectra Energy for the nine months ended September 30, 2016 both incorporated by reference in this

proxy statement/prospectus. The underlying assumptions for the pro forma adjustments provide a reasonable basis for presenting the significant financial effects directly attributable to the merger.

These pro forma adjustments are preliminary and are based on currently available financial information and certain estimates and assumptions. The actual adjustments to the consolidated financial statements will depend on a number of factors. Therefore, it is expected that the actual adjustments will differ from the pro forma adjustments, and the differences may be material. The accompanying unaudited pro forma condensed consolidated financial statements may not be indicative of the results that would have been achieved if the transactions reflected therein had been completed on the dates indicated or the results which may be obtained in the future. For instance, the actual purchase price equation will reflect the fair value, at the purchase date, of

Table of Contents

consideration transferred and the assets acquired and liabilities assumed based upon Enbridge's evaluation of such assets and liabilities following the completion of the merger. Accordingly, the final purchase price equation, as it relates principally to goodwill, may differ materially from the preliminary purchase price equation reflected herein.

2. DESCRIPTION OF TRANSACTION

Pursuant to the merger agreement, Spectra Energy will become a direct wholly owned subsidiary of Enbridge, through a merger of Merger Sub with and into Spectra Energy. Completion of the merger is subject to the conditions contained in the merger agreement and described in this proxy statement/prospectus. Enbridge expects the merger to close in the first quarter of 2017; however, due to many factors, the expected closing date is subject to change.

The estimated purchase price, including the total estimated fair value of Spectra Energy's outstanding earned stock compensation awards, but excluding estimated acquisition costs, and based on the closing price of Enbridge's common shares on November 4, 2016 will be approximately \$38.3 billion (Note 3(a)). The unaudited pro forma condensed consolidated financial statements assume that, at closing, the merger and related expenses will be financed through the issuance of common shares of Enbridge with a value of \$38.1 billion (Note 3(c)) and existing cash on hand or other sources available to Enbridge, if needed. These funding sources will ensure sufficient liquidity to complete the merger. Enbridge also estimates that there will be no material costs incurred in connection with issuing the common shares.

3. PRO FORMA ASSUMPTIONS AND ADJUSTMENTS**a) Purchase price and financing structure**

The following is the estimated purchase price, estimated funding requirements and assumed financing structure for the merger. These estimates have been reflected in the accompanying unaudited pro forma condensed consolidated financial statements.

The final purchase price and resulting goodwill may also vary based on the market price of Enbridge's common shares at the time the merger is completed. In preparing the unaudited pro forma condensed consolidated financial statements, Enbridge estimated the purchase price associated with the common share consideration based on Spectra Energy's outstanding 701.1 million shares of common stock exchangeable for Enbridge's common shares in connection with the merger at an exchange ratio of 0.984, using the closing price of Enbridge's common shares on the NYSE on November 4, 2016 of U.S.\$41.18 and the foreign exchange rate of \$1.341 which was in effect on that date, yielding a price of \$55.22 per common share of Enbridge.

Table of Contents

Enbridge believes that a 10% fluctuation in such market price provides a reasonable basis of illustrating the potential impact on the estimated purchase price and goodwill, as follows:

	Estimated Purchase Price	Estimated Goodwill
<i>(unaudited; millions of Canadian dollars)</i>		
As presented in Note 3(b)	38,252	33,798

b) Estimated purchase price equation

The estimated purchase price equation is comprised of the estimated fair values of Spectra Energy's net assets acquired and liabilities assumed as at September 30, 2016 in accordance with the acquisition method, as follows:

Goodwill

33,798

Under the acquisition method, the acquired tangible and intangible assets and assumed liabilities of the acquiree are primarily measured at their estimated fair value at the date of acquisition. The excess of the purchase price over the preliminary estimated fair value of net assets acquired is classified as goodwill on the accompanying unaudited pro forma condensed consolidated statement of financial position. Such goodwill will not be amortized but will be evaluated for impairment on, at least, an annual basis. Factors that contributed to the goodwill include the opportunity to expand Enbridge's natural gas pipelines segment, the potential for cost and supply chain optimization synergies, existing assembled assets and work force that cannot be duplicated at the same cost by a new entrant, franchise rights and other intangibles not separately identifiable because they are inextricably linked to the provision of regulated utility service and the enhanced scale and geographic diversity which provides greater optionality and platforms for future growth.

Table of Contents

The estimated fair values and useful lives of assets acquired and liabilities assumed are based on preliminary management estimates and are subject to final valuation adjustments which may cause some of the amounts ultimately recorded as goodwill to be materially different from those shown on the unaudited pro forma condensed consolidated statement of financial position. The acquisition accounting is dependent upon certain valuations and other studies that have yet to progress to a stage where there is sufficient information for definitive measurement. Enbridge intends to complete the valuations and other studies upon the completion of the combination as soon as practicable within the measurement period in accordance with Accounting Standards Codification 805, *Business Combinations*, and no later than one year following the closing date.

Approximately 85% of Spectra Energy's assets are in rate-regulated entities located within the United States, Ontario, Canada, and Western Canada. The U.S. regulated entities provide natural gas transportation and storage services that are subject to regulation by the Federal Energy Regulatory Commission (which we refer to as the FERC). A general description of the U.S. regulated entities and assets is disclosed on pages 5-16 of Spectra Energy's Form 10-K for the year ended December 31, 2015. Spectra Energy provides natural gas storage transmission and distribution services in Ontario, Canada through its subsidiary, Union Gas Limited (which we refer to as Union Gas). Union Gas is subject to regulation by the Ontario Energy Board (which we refer to as the OEB). A general description of Union Gas is disclosed on pages 17-18 of Spectra Energy's Form 10-K for the year ended December 31, 2015. Additionally, Spectra Energy's Western Canada regulated entities provide natural gas transmission and processing services that are subject to regulation by the National Energy Board (which we refer to as the NEB). A general description of Spectra Energy's Western Canada regulated entities and assets is disclosed on pages 19-20 of Spectra Energy's Form 10-K for the year ended December 31, 2015. The determination of revenues and earnings for Spectra Energy's regulated entities is based on regulated rates of return that are applied to historic values. Therefore, no fair value adjustments to Spectra Energy's property, plant and equipment and intangible assets have been recognized because all of the economic benefits and obligations associated with regulated assets beyond regulated thresholds accrue to Spectra Energy's customers. Consequently, it is Enbridge's best estimate that the fair value of Spectra Energy's property plant and equipment and intangible assets in rate-regulated entities is their carrying amount. To illustrate the sensitivity of any increases in the fair value of the property, plant and equipment, Enbridge has determined that an increase in the fair value of property, plant and equipment of \$500 million with an annual depreciation rate ranging from 2% to 5% will increase the annual depreciation expense in a range of \$10 million to \$25 million (\$6 million to \$15 million after-tax).

Long-term debt (excluding the current portion) has an estimated fair value of \$19,102 million, or an increase of \$1,927 million over historic values. This fair value adjustment reflects the current underlying Government of Canada and United States Treasury interest rates on the corresponding bonds, as well as an implied credit spread based on current market conditions. Enbridge has recorded a regulatory offset of \$868 million recorded in deferred amounts and other assets for the portion of the fair value adjustment to long-term debt held within regulated operations. Enbridge views the regulatory offset upon consummation of the acquisition as a proxy for the regulatory asset that would be recorded in the event such debt was extinguished at an amount higher than the carrying value. Enbridge considered the authorized rate structure, for the rate treatment of debt and interest costs by the FERC, the OEB and the NEB which are based on the actual cost of the regulated entities borrowings in computing the overall rate of return to support that the premium paid upon extinguishment is probable of recovery and therefore giving rise to the regulatory offset. These fair value adjustments to long-term debt and regulatory offset would result in a net corresponding deferred income tax asset of approximately \$362 million based on Enbridge's statutory income tax rates as discussed in Note 3(e). The amortization of these fair value adjustments over the term of the long-term debt of approximately 10 years would result in an annual reduction of interest expense of \$106 million (\$72 million after-tax). For the nine-month period ended September 30, 2016, the interest expense would reduce by \$80 million (\$54 million after-tax).

The fair value of Spectra Energy's noncontrolling interests of \$4,123 is based on the approximately 74 million Spectra Energy Partners, LP (which we refer to as SEP) common units outstanding to the public and valued at SEP's

Edgar Filing: ENBRIDGE INC - Form 424B3

November 4, 2016 closing price of USD\$41.48 per common unit. The final fair value of noncontrolling interests will be based on the number of SEP s common units outstanding and the price of SEP common units as of the closing date.

Table of Contents

The preliminary estimates used to prepare the pro forma information presented will be updated after the closing of the merger, based upon management's final analysis.

c) Issuance of Share Capital

As a consideration for the merger, Enbridge will issue common shares with a value of \$38.1 billion as of November 4, 2016, comprising 690 million common shares at \$55.22 per common share. No adjustment has been made for any dividend equivalent payments that may be made in accordance with the merger agreement given such amounts will depend on the number and amount of any such payments.

d) Merger costs

Merger costs are estimated at approximately \$254 million (\$220 million after-tax). Merger costs are composed of estimated investment banking, accounting, legal and other costs associated with the completion of the merger. These costs have been included as a pro forma adjustment to retained earnings on the unaudited pro forma condensed consolidated statement of financial position as opposed to being reflected in the unaudited pro forma condensed consolidated statements of earnings on the basis that these expenses are directly attributable to the acquisition of Spectra Energy and are non-recurring in nature. Merger costs of \$27 million (\$23 million after tax) were incurred during the nine month period ended September 30, 2016, and have therefore been excluded from the unaudited pro forma condensed consolidated statements of earnings for that period.

e) Income taxes

For the purpose of the accompanying unaudited pro forma condensed consolidated financial statements including pro forma adjustments, average statutory Canadian and U.S. income tax rates of 27% and 39%, respectively, have been applied. The deferred income tax asset and liability is the cumulative amount of tax applicable to temporary differences between the accounting and tax values of assets and liabilities. Deferred income tax assets and liabilities are measured at the tax rates expected to apply when these differences reverse.

f) Spectra Energy's historical equity

The historical equity of Spectra Energy, which includes common shares, additional paid-in capital, retained earnings and accumulated other comprehensive income has been eliminated.

g) Earnings per common share

Earnings per common share is calculated by dividing earnings attributable to common shareholders by the weighted average number of common shares outstanding. The calculation of the pro forma earnings per common share for the year ended December 31, 2015 and for the nine months ended September 30, 2016 reflects the assumed issuance of approximately 690 million of Enbridge's common shares, as if the issuance had taken place on January 1, 2015 to finance the acquisition. The weighted average number of common shares outstanding has been reduced by Enbridge's pro-rata weighted average interest in its own common shares of 12 million for the year ended December 31, 2015 and 13 million for the nine months ended September 30, 2016, resulting from Enbridge's reciprocal investment in Noverco

Inc.

Duties of Directors	Under the Canada Corporations Act, the directors of Enbridge owe a statutory fiduciary duty to Enbridge. The directors have a duty to manage, or supervise the management of, the business and affairs of Enbridge. In exercising their powers and discharging their duties, the directors must: (i) act honestly and in good faith with a view to the best interests of Enbridge; and (ii) exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances. Provided that the directors consider the interests of stakeholders and make a decision that is reasonable in light of conflicting interests, Canadian courts will not generally question the decision. Canadian courts will scrutinize the process by which the directors make their decisions and the apparent objectives of their actions. If business decisions have been made honestly, prudently, in good faith and on reasonable and rational grounds, Canadian courts will generally decline to substitute their own opinion for that of the board of directors, even where subsequent events may cast doubt on the board of director s determination.	Under Delaware law, the directors of Spectra Energy owe a duty of care and a duty of loyalty. The duty of care requires that directors act on an informed basis after due consideration of the relevant materials and appropriate deliberation. The duty of care also requires that directors exercise care in overseeing and investigating the conduct of corporate employees. The duty of loyalty requires directors to act in what they reasonably believe to be the best interests of the company and its stockholders without any conflict of interest. A party challenging the propriety of a decision of a board of directors typically bears the burden of rebutting the applicability of the business judgment rule presumption, which presumes that directors acted in accordance with the duties of care and loyalty. Notwithstanding the foregoing, Delaware courts may subject directors conduct to enhanced scrutiny of, among other matters, defensive actions taken in response to a threat to corporate control and approval of a transaction resulting in a sale of control of the corporation. Under Delaware law, a member of the board of directors, or a member of any committee designated by the board of directors, must, in the performance of such member s duties, be fully protected in relying in good faith upon the records of the corporation and upon such information, opinions, reports or statements presented to the corporation by

Conflicts of Interest of Directors

Under Delaware law, a contract or transaction in which a director has an interest will not be voidable solely for this reason if (i) the material facts about such interested director's interest are disclosed or are known to the board of directors or an informed and properly functioning independent committee thereof, and a majority of disinterested directors or such committee in good faith authorizes the

contract or material transaction, whether made or proposed, with Enbridge, if the director (i) is a party to the contract or transaction, (ii) is a director or an officer, or an individual acting in a similar capacity, of a party to the contract or transaction, or (iii) has a material interest in a party to the contract or transaction.

A director who discloses such a conflict of interest will not vote on any resolution to approve the contract or transaction, unless the contract or transaction relates primarily to his or her remuneration as a director, officer, employee, agent or mandatory of Enbridge or an affiliate, is for indemnity or insurance of directors of Enbridge, or is with an affiliate of Enbridge.

Where Enbridge enters into a material contract or transaction with a director of Enbridge, or with another person or entity of which a director of Enbridge is a director or officer or in which a director of Enbridge has a material interest, the director or officer is not accountable to Enbridge or its shareholders if (i) disclosure of the interest was made as described above, (ii) the directors of Enbridge approved the contract or transaction, and

transaction by the affirmative vote of a majority of the disinterested directors, (ii) the material facts about such interested director's relationship or interest are disclosed or are known to the stockholders entitled to vote on such transaction, and the transaction is specifically approved in good faith by vote of the majority of shares entitled to vote thereon or (iii) the transaction is fair to the corporation as of the time it is authorized, approved or ratified. The mere fact that an interested director is present and voting on a transaction in which he or she is interested will not itself make the transaction void. Interested directors may be counted in determining the presence of a quorum at a meeting of the board of directors or of a committee that authorizes the contract or transaction.

Neither the DGCL nor the Spectra Energy certificate of incorporation or by-laws impose an obligation with respect to disclosure by stockholders of their interests in Spectra Energy common stock, except as part of a stockholders nomination of a director or stockholder proposals to be made at an annual meeting.

Annual Meetings of Shareholders

Under the Canada Corporations Act, the Enbridge board of directors must call an annual meeting of shareholders not later than 15 months after holding the last preceding annual meeting but no later than six months after the end of Enbridge's preceding financial year.

Under the DGCL, an annual meeting of stockholders is required for the election of directors and for such other proper business as may be conducted thereat. The Delaware Court of Chancery may order a corporation to hold an annual meeting if a corporation has failed to hold an annual meeting for a period of 13 months after its last annual meeting.

Pursuant to the Canada Corporations Act and Enbridge's by-laws, meetings of Enbridge shareholders will be held at such place in Canada as determined by the directors.

The Spectra Energy by-laws provide that the annual meeting of stockholders will be held at the time and place determined by Spectra Energy's board of directors, and that meetings of the stockholders may be within or without the State of Delaware.

At an annual meeting, shareholders will receive the financial statements of Enbridge and the auditor's report, elect directors of Enbridge and appoint Enbridge's auditor. Any proposal to amend, alter, change or repeal any provision of the Spectra Energy certificate of incorporation, except as may be provided in the terms of any preferred stock, requires approval by the affirmative vote of both a majority of the members of the Spectra Energy board of directors then in office and a majority vote of the voting power of all of the shares of Spectra Energy's capital stock entitled to vote generally in the election of directors, voting together as a single class. Shareholder Rights Plans	Enbridge has a shareholder rights plan (which we refer to as the shareholder rights plan) that is designed to encourage the fair treatment of shareholders in connection with any takeover bid for Enbridge. Rights issued under the shareholder rights plan become exercisable when a person, and any related parties, acquires or announces the intention to acquire 20% or more of the outstanding Enbridge common shares without complying with certain provisions set out in the shareholder rights plan or without approval of the Enbridge board of directors. ENFORCEABILITY OF CIVIL LIABILITIES

Enbridge is organized under the laws of Canada. A substantial portion of Enbridge's assets are located outside the United States, and many of Enbridge's directors and officers and some of the experts named in this proxy statement/prospectus are residents of jurisdictions outside of the United States. As a result, it may be difficult for investors to effect service within the United States upon Enbridge and those directors, officers and experts, or to realize in the United States upon judgments of courts of the United States predicated upon civil liability of Enbridge and such directors, officers or experts under U.S. federal securities laws. There is uncertainty as to the enforceability in Canada by a court in original actions, or in actions to enforce judgments of United States courts, of the civil liabilities predicated upon U.S. federal securities laws.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement or annual report, as applicable, addressed to those stockholders. As permitted by the U.S. Exchange Act, only one copy of this proxy statement is being delivered to Spectra Energy stockholders residing at the same address, unless such stockholders have notified Spectra Energy of their desire to receive multiple copies of the proxy statement. This process, which is commonly referred to as householding, potentially provides extra convenience for stockholders and cost savings for companies.

If you have consented to householding but wish to receive separate annual reports and proxy statements in the future, notify Spectra Energy's Investor Relations by phone at 1-713-627-4610, by e-mail at investorrelations@spectraenergy.com or by mail at Spectra Energy Corp, c/o Investor Relations, 5400 Westheimer Court, Houston, Texas 77056. You will be removed from the householding program within 30 days after Spectra Energy receives your notice. If your household received a single mailing of this proxy statement/prospectus and you would like to receive additional copies, Spectra Energy's Investor Relations can promptly handle that request for you as well.

AGREEMENT AND PLAN OF MERGER (this **Agreement**), dated as of September 5, 2016, is by and among Spectra Energy Corp, a Delaware corporation (the **Company**), Enbridge Inc., a Canadian corporation (**Parent**), and Sand Merger Sub, Inc., a Delaware corporation and a direct wholly owned Subsidiary of Parent (**Merger Sub**, with Parent, the Company and Merger Sub sometimes being hereinafter referred to individually as a **Party** and collectively referred to as the **Parties**).

RECITALS

WHEREAS, the Parties intend that, on the terms and subject to the conditions set forth in this Agreement, Merger Sub shall merge with and into the Company (the **Merger**), with the Company surviving the Merger, pursuant to and in accordance with the provisions of the General Corporation Law of the State of Delaware (the **DGCL**);

WHEREAS, the Board of Directors of the Company (the **Company Board**) has unanimously (i) approved and declared advisable this Agreement and the transactions contemplated by this Agreement, including the Merger, upon the terms and conditions set forth in this Agreement, (ii) determined that this Agreement and the transactions contemplated by this Agreement are fair to, and in the best interests of, the Company and the holders of shares of the Company's common stock, par value \$0.001 per share (the **Company Common Stock**), and (iii) resolved, subject to the terms of this Agreement, to recommend that the holders of shares of Company Common Stock adopt this Agreement;

WHEREAS, the Board of Directors of Parent (the **Parent Board**) and of Merger Sub have each unanimously, of those voting, approved this Agreement, determined that the consummation of the Merger is in the best interests of Parent and Merger Sub, and the Parent Board has resolved, subject to the terms of this Agreement, to recommend that the holders of shares of Parent Common Stock approve each of the issuance of the shares of Parent Common Stock in connection with the Merger and the Bylaw Amendment upon the terms and conditions set forth in this Agreement;

WHEREAS, by virtue of the Merger, upon the terms and subject to the conditions set forth in this Agreement, the holders of shares of Company Common Stock shall receive Parent common shares, no par value per share (the **Parent Common Stock**), as more particularly set forth in this Agreement;

WHEREAS, it is intended that, for U.S. federal income Tax purposes, the Merger shall (i) qualify as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code of 1986, as amended (the **Code**), and (ii) not result in gain being recognized pursuant to Section 367(a)(1) of the Code by Persons who are stockholders of the Company immediately prior to the Effective Time (other than any such stockholder that would be a five-percent transferee shareholder (within the meaning of Treasury Regulations Section 1.367(a)-3(c)(5)(ii)) of Parent following the Merger that does not enter into a five-year gain recognition agreement in the form provided in Treasury Regulations Section 1.367(a)-8), and the Parties intend that this Agreement be and hereby is adopted as a plan of reorganization within the meaning of Sections 354 and 361 of the Code; and

WHEREAS, the Company, Parent and Merger Sub desire to make certain representations, warranties, covenants and agreements in connection with the Merger and to set forth certain conditions to the Merger, in each case as set forth below.

1.8. Canadian Offer.

(a) Parent shall, concurrently with the mailing of the Proxy/Prospectus, make an offer (the **Parent Canadian Offer**) to each holder of one or more shares of Company Common Stock who is:

(i) a resident of Canada for the purposes of the *Income Tax Act (Canada)* (the **ITA**); or

(ii) a partnership at least one partner of which is a resident of Canada for the purposes of the ITA;

(each a **Canadian Company Shareholder**) to purchase, subject to the consummation of the Merger, all of such shares held by each Canadian Company Shareholder in consideration for the Merger Consideration, determined in accordance with Article II assuming such shares of Company Common Stock had been owned by the Canadian Company Shareholder at the Effective Time. Subject to satisfaction or waiver of all conditions (other than those relating to the Parent Canadian Offer and those that by their nature are to be satisfied at the Closing, but subject to the satisfaction or waiver of those conditions) pursuant to this Agreement, each purchase of shares of Company Common Stock from a Canadian Company Shareholder who validly tenders his, her or its shares of Company Common Stock to Parent pursuant to the Parent Canadian Offer will be completed immediately prior to the Effective Time.

(b) Any Canadian Company Shareholder who accepts the Parent Canadian Offer not later than three Business Days prior to the Closing Date in accordance with its terms and conditions shall be entitled to make an income tax election, pursuant to subsection 85(1) or 85(2) of the ITA, as applicable (and the analogous provisions of provincial or territorial income tax law) with respect to the transfer by the Canadian Company Shareholder of shares of Company Common Stock to Parent if such Canadian Company Shareholder delivers to Parent, in accordance with instructions to be set out on Parent's website not later than the date of the Company Stockholders Meeting, duly completed election forms required by the Canadian Company Shareholder to make the joint election pursuant to subsection 85(1) or 85(2) of the ITA, as applicable (and the analogous provisions of provincial or territorial income tax law) complete with the details of the number of shares of Company Common Stock transferred and the applicable agreed amount or amounts for the purposes of such election or elections. Parent, the Company or any nominee thereof will not be responsible for the proper completion of any election, except for the obligation of Parent to sign and forward to the Canada Revenue Agency (and any applicable provincial or territorial taxation authority) a duly completed election that is received by Parent within 60 days of the Closing Date. (c) The Proxy/Prospectus shall include instructions detailing how Canadian Company Shareholders can accept the Parent Canadian Offer and the terms and conditions of the Parent Canadian Offer. Parent and the Company shall, in good faith, jointly prepare such instructions and terms and conditions (which terms and conditions shall be customary for a transaction such as the Parent Canadian Offer).

(d) Each share of Company Common Stock held by a Canadian Company Shareholder that is not tendered to Parent in accordance with the terms and conditions of the Parent Canadian Offer shall be subject to the Merger in accordance with this Agreement other than this Section 1.8.

ARTICLE II

Merger Consideration: Effect of the Merger on Capital Stock

2.1. Merger Consideration: Conversion of Shares of Company Common Stock. At the Effective Time, as a result of the Merger and without any action on the part of the Parties or any holder of any capital stock of the Company, each share of Company Common Stock issued and outstanding immediately prior to the Effective Time other than Excluded Shares (such shares of Company Common Stock, the Eligible Shares) shall automatically be converted into, and become exchangeable for, 0.984 (the Exchange Ratio) of a validly issued, fully paid and non-assessable share of Parent Common Stock (the Merger Consideration).

2.2. Conversion of Shares of Company Common Stock. As a result of the Merger and without any action on the part of the Parties or any holder of any capital stock of the Company, as of the Effective Time, all of the Eligible Shares shall represent the right to receive the Merger Consideration pursuant to this Article II shall cease to be outstanding, shall be cancelled and shall cease to exist, and each certificate formerly representing any of the Eligible Shares (each, a Certificate) and each book-entry account formerly representing any non-certificated Eligible Shares (each, a Book-Entry Share) shall thereafter represent only the right to receive the Merger Consideration and the right, if any, to receive pursuant to Section 3.5 cash in lieu of fractional shares into which such Eligible Shares have been converted pursuant to Section 2.1 and any dividends or other distributions pursuant to Section 3.3.

2.3. Cancellation of Excluded Shares. Each Excluded Share (other than Excluded Shares held by Parent) shall, as a result of the Merger and without any action on the part of the holder of such Excluded Share, as of the Effective Time, cease to be outstanding, be cancelled without payment of any consideration therefor and shall cease to exist. Each Excluded Share held by Parent shall, as a result of the Merger, become and be converted into one share of common stock, par value \$0.001 per share, of the Surviving Corporation.

2.4. Merger Sub: Surviving Corporation.

(a) At the Effective Time, the shares of common stock, par value \$0.001 per share, of Merger Sub issued and outstanding immediately prior to the Effective Time shall be converted into shares of preferred stock, par value \$0.001 per share, of the Surviving Corporation having an aggregate redemption amount and fair market value equal to the aggregate fair market value of the converted Merger Sub shares.

(b) In consideration for the issuance by Parent of the Merger Consideration, the Surviving Corporation shall, at the Effective Time, issue to Parent that number of shares of common stock, par value \$0.001 per share, of the Surviving Corporation equal to the number of shares of Company Common Stock converted into the right to receive the Merger Consideration pursuant to Section 2.2.

(c) Parent and Merger Sub shall take all actions necessary so that, prior to the Effective Time, the authorized share capital of Merger Sub shall consist of 1,000,000,000 shares of common stock, par value \$0.001 per share, and 1,000 shares of preferred stock, par value \$0.001 per share.

2.5. Treatment of Stock Plans.

(a) Treatment of Options. At the Effective Time, each outstanding option to purchase shares of Company Common Stock (a Company Option) under the Stock Plans of the Company, whether vested or unvested, shall, automatically and without any action on the part of the holder thereof, cease to represent an option to purchase shares of Company Common Stock and shall be converted into an option to purchase a number of shares of Parent Common Stock (a

Parent Option) equal to the product (rounded down to the nearest whole number) of (i) the number of shares of Company Common Stock subject to such Company Option immediately prior to the Effective Time and (ii) the Exchange Ratio, at an exercise price per share (rounded up to the nearest

whole cent) equal to (A) the exercise price per share of Company Common Stock of such Company Option immediately prior to the Effective Time divided by (B) the Exchange Ratio; provided, however, that the exercise price and the number of shares of Parent Common Stock purchasable pursuant to the Company Options shall be determined in a manner consistent with the requirements of Section 409A of the Code; and provided, further, that in the case of any Company Option to which Section 422 of the Code applies, the exercise price and the number of shares of Parent Common Stock purchasable pursuant to such option shall be determined in accordance with the foregoing, subject to such adjustments as are necessary in order to satisfy the requirements of Section 424(a) of the Code, and, in the case of a Company Option that is held by a person who is subject to section 7 of the ITA in respect of the Company Option, the exercise price of a Parent Option shall be further adjusted in such manner so as to meet the requirements necessary to qualify for a tax-deferred exchange of Company Options pursuant to subsection 7(1.4) of the ITA. Except as specifically provided above, following the Effective Time, each Company Option that has converted into a Parent Option shall continue to be governed by the same terms and conditions (including vesting and exercisability terms) as were applicable to such Company Option immediately prior to the Effective Time.

(b) Company Phantom Units. At the Effective Time, each outstanding phantom unit denominated in shares of Company Common Stock (a Company Phantom Unit) under the Stock Plans of the Company, whether vested or unvested, shall, automatically and without any action on the part of the holder thereof, cease to represent a phantom unit denominated in shares of Company Common Stock and shall be adjusted to represent a phantom unit denominated in shares of Parent Common Stock (a Parent Phantom Unit). The number of shares of Parent Common Stock subject to each such Parent Phantom Unit shall be equal to the product (rounded down to the nearest whole number) of (i) the number of shares of Company Common Stock subject to such Company Phantom Unit immediately prior to the Effective Time multiplied by (ii) the Exchange Ratio. Except as specifically provided above, following the Effective Time, each such Parent Phantom Unit shall continue to be governed by the same terms and conditions (including vesting terms) as were applicable to the applicable Company Phantom Unit immediately prior to the Effective Time.

(c) Company PSUs.

(i) At the Effective Time, each outstanding performance stock unit denominated in shares of Company Common Stock (a Company PSU) under the Stock Plans of the Company granted after December 31, 2015, shall, automatically and without any action on the part of the holder thereof, cease to represent a performance stock unit denominated in shares of Company Common Stock and shall be adjusted to represent a service-based stock unit denominated in shares of Parent Common Stock (a Parent Stock-Based RSU). The number of shares of Parent Common Stock subject to each such Parent Stock-Based RSU shall be equal to the product (rounded down to the nearest whole number) of (A) the number of shares of Company Common Stock subject to such Company PSU immediately prior to the Effective Time (with any performance-based vesting conditions deemed satisfied based on actual performance through the Effective Time as provided in the applicable award agreement) multiplied by (B) the Exchange Ratio. Except as specifically provided above, following the Effective Time, each such Parent Stock-Based RSU shall continue to be governed by the same terms and conditions (including service vesting terms, but excluding any performance vesting terms) as were applicable to the applicable Company PSU immediately prior to the Effective Time.

(ii) At the Effective Time, each outstanding Company PSU under the Stock Plans of the Company granted in 2014 or 2015, shall, automatically and without any action on the part of the holder thereof, be cancelled and converted into the right to receive a number of shares of Parent Common Stock equal to the product (rounded down to the nearest whole number) of (A) the number of shares of Company Common Stock subject to such Company PSU immediately prior to the Effective Time determined in accordance with the immediately following sentence multiplied by (B) the Exchange Ratio, together with a cash payment equal to the amount of any dividend equivalents accrued with respect to such

Company PSU. For purposes of the immediately preceding sentence, the number of shares of Company Common Stock subject to such Company PSU shall be determined, (1) for any Company PSU granted in 2014, assuming a vesting percentage of 100%, and (2) for any Company

PSU granted in 2015, with the vesting percentage determined as set forth in Section 2(a) of the applicable award agreement (except that performance shall be based upon the Company's total shareholder return relative to the total shareholder return of the peer group for the period beginning on January 1, 2015, and ending on the date on which the Effective Time occurs as required by Section 2(c) of the applicable award agreement). Parent shall provide the consideration described in this Section 2.5(c)(ii) within ten Business Days following the Closing Date, less applicable withholdings.

(d) **Company Other Awards**. At the Effective Time, each right of any kind, contingent or accrued, to acquire or receive shares of Company Common Stock or benefits measured by the value of shares of Company Common Stock, and each award of any kind consisting of shares of Company Common Stock that may be held, awarded, outstanding, payable or reserved for issuance under the Stock Plans of the Company and any other Benefit Plans of the Company, other than Company Options, Company Phantom Units and Company PSUs (a **Company Other Award**), shall, automatically and without any action on the part of the holder thereof, be deemed to be adjusted to represent the right to acquire or receive benefits measured by the value of (as applicable) the number of shares of Parent Common Stock equal to the product (rounded down to the nearest whole number) of (i) the number of shares of Company Common Stock subject to the Company Other Award immediately prior to the Effective Time and (ii) the Exchange Ratio, and to the extent such Company Other Award provides for payments to the extent the value of the shares of Company Common Stock exceed a specified reference price, at a reference price per share (rounded to the nearest whole cent) equal to (A) the reference price per share of Company Common Stock of such Company Other Award immediately prior to the Effective Time divided by (B) the Exchange Ratio. Except as specifically provided above, following the Effective Time, each such right shall continue to be governed by the same terms and conditions (including, as applicable, vesting and exercisability terms) as were applicable to the rights under the relevant Stock Plan or other Benefit Plan of the Company immediately prior to the Effective Time.

(e) **Company Actions**. At or prior to the Effective Time, the Company and the Company Board (and/or the Compensation Committee thereof), as applicable, shall adopt any resolutions and take any actions that are necessary to effectuate the treatment of the Company Options, Company Phantom Units, Company PSUs and Company Other Awards (the **Company Equity Awards**) pursuant to Sections 2.5(a) through 2.5(d).

(f) **Parent Actions**. Parent shall take all actions that are necessary for the assumption of the Company Equity Awards pursuant to Sections 2.5(a), (b), (c) and (d) including the reservation, issuance (subject to Section 2.5(e)) and listing of Parent Common Stock as necessary to effect the transactions contemplated by this Section 2.5. If registration of any plan interests in the Stock Plans or other Benefit Plans of the Company or the shares of Parent Common Stock issuable thereunder is required under the Securities Act of 1933, as amended (the **Securities Act**), Parent shall file with the U.S. Securities and Exchange Commission (the **SEC**) on the Closing Date a registration statement on Form S-8 (or such other appropriate form) with respect to such interests or Parent Common Stock, and shall use its reasonable best efforts to maintain the effectiveness of such registration statement (and maintain the current status of the prospectus or prospectuses contained therein) for so long as the relevant Stock Plans or other Benefit Plans of the Company, as applicable, remain in effect and such registration of interests therein or the shares of Parent Common Stock issuable thereunder continues to be required. As soon as reasonably practicable after the registration of such interests or shares, as applicable, appropriate notices shall be given to the holders of Company Equity Awards setting forth such holders' rights pursuant to the respective Stock Plans, other Benefit Plans and agreements evidencing the grants of such Company Equity Awards, and stating that such Company Equity Awards and agreements have been assumed by Parent and shall continue in effect on the same terms and conditions (subject to the adjustments required by this Section 2.5 after giving effect to the Merger and the terms of the Stock Plans).

2.6. **Tax Consequences of the Merger**. It is intended that, for U.S. federal income tax purposes, the Merger shall (i) qualify as a reorganization within the meaning of Section 368(a) of the Code, and (ii) not result in gain being

recognized pursuant to Section 367(a)(1) of the Code by Persons who are stockholders of the Company immediately prior to the Effective Time (other than any such stockholder that would be a five-percent transferee

shareholder (within the meaning of Treasury Regulations Section 1.367(a)-3(c)(5)(ii)) of Parent following the Merger that does not enter into a five-year gain recognition agreement in the form provided in Treasury Regulations Section 1.367(a)-8), and that this Agreement is intended to be and is adopted as a plan of reorganization for the purposes of Sections 354 and 361 of the Code.

ARTICLE III

Delivery of Merger Consideration; Procedures for Surrender

3.1. **Exchange Agent**. Prior to the Effective Time, Parent shall deposit or cause to be deposited with a nationally recognized financial institution or trust company selected by Parent with the Company's prior approval (which approval shall not be unreasonably withheld, conditioned or delayed) to serve as the exchange agent (the **Exchange Agent**), for the benefit of the holders of shares of Company Common Stock tendered in the Canadian Offer and Eligible Shares, (a) an aggregate number of shares of Parent Common Stock to be issued in uncertificated form or book-entry form comprising the amounts required to be delivered in respect of shares of Company Common Stock pursuant to Section 1.8 and Section 2.1, and (b) an aggregate amount of cash comprising approximately the amount required to be delivered pursuant to Section 3.5. In addition, Parent shall deposit or cause to be deposited with the Exchange Agent, as necessary from time to time after the Effective Time, any dividends or other distributions, if any, to which the holders of Eligible Shares may be entitled pursuant to Section 3.3 with both a record and payment date after the Effective Time and prior to the surrender of such Eligible Shares. Such shares of Parent Common Stock, cash in lieu of any fractional shares payable pursuant to Section 3.5 and the amount of any dividends or other distributions deposited with the Exchange Agent pursuant to this Section 3.1 are referred to collectively in this Agreement as the **Exchange Fund**. The Exchange Fund shall not be used for any purpose other than for the purpose expressly provided for in this Agreement. The cash portion of the Exchange Fund shall be invested by the Exchange Agent as reasonably directed by Parent. Any interest and other income resulting from such investment shall become a part of the Exchange Fund, and any amounts in excess of the amounts payable pursuant to this Agreement shall be promptly returned to Parent. To the extent there are losses with respect to such investments, or the Exchange Fund diminishes for other reasons below the level required to fully satisfy all of the payment obligations to be made in cash by the Exchange Agent hereunder, Parent shall promptly replace or restore the cash in the Exchange Fund so that the Exchange Fund is at all times maintained at a level sufficient for the Exchange Agent to fully satisfy such cash payment obligations. No investment losses resulting from investment of the Exchange Fund shall diminish the rights of any former holder of Eligible Shares to receive the Merger Consideration as provided in this Agreement.

3.2. **Procedures for Surrender**.

(a) Promptly after the Effective Time (and in any event within three Business Days thereafter), the Surviving Corporation shall cause the Exchange Agent to mail to each holder of record of Eligible Shares that are (i) Certificates or (ii) Book-Entry Shares notice advising such holders of the effectiveness of the Merger, including (A) appropriate transmittal materials specifying that delivery shall be effected, and risk of loss and title to the Certificates or Book-Entry Shares shall pass only upon delivery of the Certificates (or affidavits of loss in lieu of the Certificates, as provided in Section 3.7) or transfer of the Book-Entry Shares to the Exchange Agent (including customary provisions with respect to delivery of an agent's message with respect to Book-Entry Shares), such materials to be in such form and have such other provisions as Parent desires with approval of the Company (such approval not to be unreasonably withheld, conditioned or delayed) (the **Letter of Transmittal**), and (B) instructions for surrendering the Certificates (or affidavits of loss in lieu of the Certificates, as provided in Section 3.7) or transferring the Book-Entry Shares to the Exchange Agent in exchange for the Merger Consideration, cash in lieu of fractional shares of Parent Common Stock, if any, to be issued or paid in consideration therefor, and any dividends or distributions, in each case, to which such holders are entitled pursuant to the terms of this Agreement. With respect to Book-Entry Shares, Parent and the

Company

shall cooperate to establish procedures with the Exchange Agent and the holders of Book-Entry Shares to ensure that the Exchange Agent will transmit to such holder or its nominees on the Closing Date (or if the Closing occurs after 11:30 a.m. (New York time) on the Closing Date, on the first Business Day after the Closing Date), upon surrender of Eligible Shares held of record by such holder or its nominees in accordance with customary surrender procedures, the Merger Consideration, cash in lieu of fractional shares of Parent Common Stock, if any, to be issued or paid in consideration therefor, and any dividends or distributions, in each case, to which the beneficial owners thereof are entitled pursuant to the terms of this Agreement.

(b) Upon surrender to the Exchange Agent of Eligible Shares that are Certificates, by physical surrender of such Certificate (or affidavit of loss in lieu of a Certificate, as provided in Section 3.7) or that are Book-Entry Shares, by book-receipt of an agent's message by the Exchange Agent in connection with the transfer of Book-Entry Shares, in accordance with the terms of the Letter of Transmittal and accompanying instructions or, with respect to Book-Entry Shares, in accordance with customary procedures and such other procedures as agreed by the Company, Parent, and the Exchange Agent, the holder of such Certificate or Book-Entry Share shall be entitled to receive in exchange therefor (i) that number of whole shares of Parent Common Stock that such holder is entitled to receive pursuant to Section 2.1 and (ii) an amount (if any) in immediately available funds (or, if no wire transfer instructions are provided, a check, and in each case, after giving effect to any required Tax withholdings as provided in Section 3.8) of (A) any cash in lieu of fractional shares payable pursuant to Section 3.5 *plus* (B) any unpaid non-stock dividends and any other dividends or other distributions that such holder has the right to receive pursuant to the provisions of this Article III.

(c) No interest will be paid or accrued on any amount payable upon due surrender of Eligible Shares, and any Certificate or ledger entry relating to Book-Entry Shares formerly representing shares of Company Common Stock that have been so surrendered shall be cancelled by the Exchange Agent.

(d) In the event of a transfer of ownership of certificated Eligible Shares that is not registered in the transfer records of the Company, the proper number of shares of Parent Common Stock, together with an amount (if any) in immediately available funds (or, if no wire transfer instructions are provided, a check, and in each case, after giving effect to any required Tax withholdings as provided in Section 3.8) of cash to be paid upon due surrender of the Certificate and any dividends or distributions in respect thereof, may be issued or paid to such a transferee if the Certificate formerly representing such Eligible Shares is presented to the Exchange Agent, accompanied by all documents required to evidence and effect such transfer and to evidence that any applicable stock transfer Taxes have been paid or are not applicable, in each case, in form and substance, reasonably satisfactory to the Exchange Agent. Payment of the applicable Merger Consideration with respect to Book-Entry Shares shall only be made to the Person in whose name such Book-Entry Shares are registered in the stock transfer books of the Company. Until surrendered as contemplated by this Section 3.2, each Certificate and Book-Entry Share shall be deemed at any time after the Effective Time to represent only the right to receive the Merger Consideration in accordance with this Article III, including any amount payable in lieu of fractional shares in accordance with Section 3.5, and any dividends or other distributions on Parent Common Stock in accordance with Section 3.3, in each case without interest.

3.3. Distributions with Respect to Unexchanged Shares of Company Common Stock; Voting. All shares of Parent Common Stock to be issued pursuant to the Merger shall be deemed issued and outstanding as of the Effective Time and whenever a dividend or other distribution is declared by Parent in respect of the Parent Common Stock, the record date for which is at or after the Effective Time, that declaration shall include dividends or other distributions in respect of all shares issuable pursuant to this Agreement. No dividends or other distributions in respect of the Parent Common Stock shall be paid to any holder of any unsurrendered Eligible Share until the Certificate (or affidavit of loss in lieu of the Certificate as provided in Section 3.7) or Book-Entry Share is surrendered for exchange in accordance with this Article III. Subject to the effect of applicable Laws, following such surrender, there shall be issued or paid to the holder of record of the whole shares of Parent Common Stock issued in exchange for Eligible Shares in accordance

with this Article III, without interest, (a) at the time of such surrender, the dividends or other distributions with a record date after the

Effective Time theretofore payable with respect to such whole shares of Parent Common Stock and not paid and (b) at the appropriate payment date, the dividends or other distributions payable with respect to such whole shares of Parent Common Stock with a record date after the Effective Time but with a payment date subsequent to surrender.

3.4. Transfers. From and after the Effective Time, there shall be no transfers on the stock transfer books of the Company of the shares of Company Common Stock that were outstanding immediately prior to the Effective Time. From and after the Effective Time, the holders of Certificates or Book-Entry Shares outstanding immediately prior to the Effective Time shall cease to have any rights with respect to such shares of Company Common Stock except as otherwise provided in this Agreement or by applicable Law. If, after the Effective Time, Certificates or Book-Entry Shares are presented to the Surviving Corporation for any reason, they shall be cancelled and exchanged as provided in this Agreement.

3.5. Fractional Shares. Notwithstanding any other provision of this Agreement, no fractional shares of Parent Common Stock will be issued upon the conversion of shares of Company Common Stock pursuant to Section 2.1. All fractional shares of Parent Common Stock that a holder of Eligible Shares would be otherwise entitled to receive pursuant to Section 2.1 shall be aggregated and rounded to three decimal places. Any holder of Eligible Shares otherwise entitled to receive a fractional share of Parent Common Stock but for this Section 3.5 shall be entitled to receive a cash payment, without interest, in lieu of any fractional share, which payment shall be calculated by the Exchange Agent and shall represent such holder's proportionate interest in a share of Parent Common Stock based on the Average Parent Stock Price. No holder of Eligible Shares shall be entitled by virtue of the right to receive cash in lieu of fractional shares of Parent Common Stock described in this Section 3.5 to any dividends, voting rights or any other rights in respect of any fractional share of Parent Common Stock. The payment of cash in lieu of fractional shares of Parent Common Stock is not a separately bargained-for consideration and solely represents a mechanical rounding-off of the fractions in the exchange.

3.6. Termination of Exchange Fund. Any portion of the Exchange Fund (including the proceeds of any investments of the Exchange Fund and any shares of Parent Common Stock) that remains unclaimed by one year after the Effective Time shall be delivered to Parent. Any holder of Eligible Shares who has not theretofore complied with this Article III shall thereafter look only to Parent for delivery of any shares of Parent Common Stock of such stockholders and any payment of cash and any dividends and other distributions in respect thereof payable or issuable pursuant to Section 2.1, Section 3.3 and Section 3.5, in each case, without any interest thereon. Notwithstanding the foregoing, none of the Surviving Corporation, Parent, the Exchange Agent or any other Person shall be liable to any former holder of shares of Company Common Stock for any amount properly delivered to a public official pursuant to applicable abandoned property, escheat or similar Laws. Any portion of the Exchange Fund which remains undistributed to the holders of Eligible Shares immediately prior to the time at which the Exchange Fund would otherwise escheat to, or become property of, any Governmental Entity, shall, to the extent permitted by Law, become the property of Parent, free and clear of all claims or interest of any Person previously entitled thereto.

3.7. Lost, Stolen or Destroyed Certificates. In the event any Certificate representing Eligible Shares shall have been lost, stolen or destroyed, upon the making of an affidavit of that fact by the Person claiming such Certificate to be lost, stolen or destroyed and, if required by Parent, the posting by such Person of a bond in customary amount and upon such terms as may be reasonably required by Parent as indemnity against any claim that may be made against it with respect to such Certificate, the Exchange Agent will issue in exchange for such lost, stolen or destroyed Certificate the shares of Parent Common Stock and cash and any unpaid dividends or other distributions that would be payable or deliverable in respect thereof pursuant to this Agreement had such lost, stolen or destroyed Certificate been surrendered.

3.8. Withholding Rights. Each of Parent, the Company, the Exchange Agent and the Surviving Corporation shall be entitled to deduct and withhold from the consideration otherwise payable pursuant to this Agreement such amounts as it is required to deduct and withhold with respect to the making of such payment under the Code

A-9

or any other applicable Tax Law. To the extent that amounts are so withheld by Parent, the Company, the Exchange Agent or the Surviving Corporation such withheld amounts (a) shall be timely remitted to the applicable Governmental Entity, and (b) shall be treated for all purposes of this Agreement as having been paid to the Person in respect of which such deduction and withholding was made to the extent such withheld amounts are remitted to the appropriate Governmental Entity.

3.9. Adjustments to Prevent Dilution. Notwithstanding anything in this Agreement to the contrary, if, from the date of this Agreement to the earlier of the Effective Time or termination of this Agreement in accordance with Article VIII, the issued and outstanding shares of Company Common Stock or securities convertible or exchangeable into or exercisable for shares of Company Common Stock or the issued and outstanding shares of Parent Common Stock or securities convertible or exchangeable into or exercisable for shares of Parent Common Stock, shall have been changed into a different number of shares or securities or a different class by reason of any reclassification, stock split (including a reverse stock split), stock dividend or distribution, recapitalization, merger or other similar transaction, then the Exchange Ratio and any other number or amount contained in this Agreement which is based upon the number of shares of Company Common Stock or Parent Common Stock, as the case may be, shall be equitably adjusted to provide the holders of shares of Company Common Stock and Parent the same economic effect as contemplated by this Agreement prior to such event, and such items, as so adjusted shall, from and after the date of such event, be the Exchange Ratio. Nothing in this Section 3.9 shall be construed to permit the Company or Parent to take any action prohibited by the terms of this Agreement.

(b) Notwithstanding anything to the contrary in Section 6.2(a) or Section 6.2(g), prior to the time, but not after, in the case of the Company, the Requisite Company Vote is obtained or, in the case of Parent, the Requisite Parent Vote is obtained, in response to an unsolicited, *bona fide* written Acquisition Proposal (that did not result from such Party's breach of Section 6.2(a) in any material respect), the Company (including its Subsidiaries and their respective directors, officers and Representatives) or Parent (including its Subsidiaries and their respective directors, officers and Representatives), as applicable, may:

(i) contact such Person or group of Persons solely to clarify the terms and conditions thereof;

(ii) provide information in response to a general or specific request therefor (including non-public information regarding it or any of its Subsidiaries) to the Person who made such Acquisition Proposal, provided that such non-public information has previously been made available to, or is made available to, Parent or the Company, as applicable, prior to or concurrently with the time such non-public information is made available to such Person and that, prior to furnishing any such non-public information, the Company or Parent, as applicable, receives from the Person making such Acquisition Proposal an executed confidentiality agreement with terms not less restrictive in the aggregate to the other Party than the terms in the Confidentiality Agreement are on Parent or the Company, as applicable (it being understood that such confidentiality agreement need not prohibit the making or amending of an Acquisition Proposal); and

(iii) engage or participate in any discussions or negotiations with any such Person regarding such Acquisition Proposal;

only if, prior to taking any action described in clause (ii) or (iii) above, the Company Board or the Parent Board, as applicable, determines in good faith after consultation with outside legal counsel that (A) based on the information then available and after consultation with its financial advisor, that such Acquisition Proposal either constitutes a Superior Proposal or could reasonably be expected to result in a Superior Proposal and (B) the failure to take such action could be inconsistent with the directors' fiduciary duties under applicable Law.

(c) The Company and Parent each shall promptly (and, in any event, within 24 hours) give notice to the other Party if (i) any inquiries, proposals or offers constituting an Acquisition Proposal are received by the Company or Parent (as applicable), (ii) any initial request for information in connection with any Acquisition Proposal received by the Company or Parent (as applicable), or (iii) any initial request for discussions or negotiations with respect to an Acquisition Proposal is received by the Company or Parent, as applicable, setting forth in such notice the name of such Person and the material terms and conditions of any proposals or offers (including, if applicable, complete copies of any written requests, proposals or offers, including proposed agreements), and thereafter shall keep the other Party reasonably informed, on a reasonably current basis of the status and material terms of any such proposals or offers (including any amendments thereto) and the status of any such discussions or negotiations, including any material change in its intentions as previously notified.

(ii) approve, adopt or recommend, or publicly declare advisable or publicly propose to enter into, any letter of intent, memorandum of understanding, agreement in principle, acquisition agreement, merger agreement, option agreement, joint venture agreement, partnership agreement or other agreement (other than a confidentiality agreement referred to in Section 6.2(b) entered into in compliance with Section 6.2(b)) relating to any Acquisition Proposal (an **Alternative Acquisition Agreement**), and any of the actions set forth in the foregoing clause (i) and this clause (ii), a **Change of Recommendation**).

(e) Notwithstanding anything to the contrary set forth in this Agreement, prior to the time, in the case of the Company, the Requisite Company Vote is obtained or, in the case of Parent, the Requisite Parent Vote is obtained, the Company Board or the Parent Board, as applicable, may effect a Change of Recommendation if the Company Board or the Parent Board, as applicable, determines in good faith, after consultation with outside counsel and its financial advisor and in compliance with this Section 6.2, that, as a result of a Superior Proposal or an Intervening Event, failure to take such action could be inconsistent with the directors' fiduciary duties under applicable Law; provided, however, that a Change of Recommendation in response to a Superior Proposal or Intervening Event, as applicable, may not be made unless and until the Company or Parent, as applicable, has given Parent or the Company, as applicable, written notice of such action four Business Days in advance, such notice to comply in form, substance and delivery with the provisions of Section 6.2(c) and Section 9.6 of this Agreement, setting forth in writing that the Company Board or the Parent Board, as applicable, intends to consider whether to take such action and the basis therefor. After giving such notice and prior to effecting such Change of Recommendation in connection with a Superior Proposal or Intervening Event, as applicable, the Company or Parent, as applicable, shall afford the other Party the opportunity to negotiate during such four Business Day period with Parent or the Company, as applicable (to the extent Parent or the Company, as applicable, wishes to negotiate) to enable such Party to propose revisions to the terms of this Agreement as would permit the Company Board or the Parent Board, as applicable, not to effect a Change of Recommendation in connection with a Superior Proposal or Intervening Event, as applicable. At the end of such four Business Day period, prior to taking action to effect a Change of Recommendation in response to a Superior Proposal or an Intervening Event, as applicable, the Company Board or Parent Board, as applicable, shall take into account any changes to the terms of this Agreement proposed by Parent or the Company, as applicable, in writing in response to such notice, and shall have determined in good faith, after consultation with its outside legal counsel, that the Superior Proposal or Intervening Event, as applicable, would continue to constitute a Superior Proposal or Intervening Event, as applicable, if the changes to the terms of this Agreement offered in writing (if any) were to be given effect and that the failure to take such action could be inconsistent with the directors' fiduciary duties under applicable Law. Any material amendment to any Acquisition Proposal (including any change in the amount or form of consideration) will be deemed to be a new Acquisition Proposal for purposes of Section 6.2(c) and this Section 6.2(e), except that references to four Business Days shall be deemed to be references to three Business Days (provided that the initial notice period provided for above shall not be less than four Business Days).

(f) Nothing contained in this Section 6.2 shall prohibit the Company or Parent, or any of their respective Subsidiaries or Representatives, from complying with their respective disclosure obligations under applicable Law; provided, however, that if such disclosure has the substantive effect of withdrawing or adversely modifying the Company Recommendation or the Parent Recommendation, as applicable, such disclosure shall be deemed to be a Change of Recommendation and Parent or the Company, as applicable, shall have the option to terminate this Agreement as set forth in Section 8.1(f) or Section 8.1(g), as applicable; it being understood that a "stop, look and listen" or similar communication of the type contemplated by Rule 14d-9(f) under the Exchange Act or any statement that the Company has received a proposal and is considering such proposal shall not be deemed to be a Change of Recommendation.

(g) Further to Section 6.2(a), the Company and Parent shall each promptly end any existing discussions and negotiations conducted heretofore with any Person with respect to any Acquisition Proposal, or proposal or transaction that would reasonably be expected to lead to an Acquisition Proposal. Further, the Company and Parent

shall each promptly terminate any physical and electronic data access previously granted to such Persons

(h) During the period commencing with the execution and delivery of this Agreement and continuing until the earlier to occur of the termination of this Agreement pursuant to Article VIII and the Effective Time, each of the Company and Parent shall not terminate, amend, modify or waive any provision of any confidentiality, standstill or similar agreement to which it or any of its Subsidiaries is a party and shall enforce, to the fullest extent permitted under applicable Law, the provisions of any such agreement, including by obtaining injunctions to prevent any breaches of such agreements and to enforce specifically the terms and provisions thereof; provided that if the Company Board or Parent Board determines in good faith, after consultation with its outside legal counsel that the failure to take such action would reasonably be likely to be inconsistent with the Company Board's or Parent Board's, as applicable, fiduciary duties under applicable Law, the Company or Parent, as applicable, may waive any such standstill provision solely to the extent necessary to permit a third party to make, on a confidential basis to the Company Board or Parent Board, as applicable, an Acquisition Proposal; provided that the waiving Party promptly advises the other Party that it is taking such action. Each Party represents and warrants to the other Parties that it has not taken any action that (i) would be prohibited by this Section 6.2(h) or (ii) but for the ability to take actions to avoid a potential breach of the Company Board's or Parent Board's, as applicable, fiduciary duties would have been prohibited by this Section 6.2(h), during the 60 days prior to the date of this Agreement.

6.3. Proxy/Prospectus Filing; Management Information Circular; Information Supplied.

(a) Parent and the Company shall promptly jointly prepare and file with the SEC a proxy statement relating to the Company Stockholders Meeting and a prospectus that Parent will use in the United States to offer the shares of Parent Common Stock to be issued in connection with the Merger (such proxy statement and prospectus, together with all amendments and supplements thereto, the **Proxy/Prospectus**), and Parent shall prepare and file with the SEC a registration statement on Form F-4 pursuant to which the offer and sale of shares of Parent Common Stock to be issued in connection with the Merger will be registered pursuant to the Securities Act and which will include the Proxy/Prospectus as a part thereof (such registration statement, together with all amendments and supplements thereto, the **Registration Statement**) as promptly as practicable and in no event later than 20 Business Days after the date hereof (provided, that no Party shall be in breach of this timing obligation to the extent the delay is the result of an inability, after reasonable best efforts, to prepare required pro forma financial statements). Parent and the Company each shall use its reasonable best efforts to respond promptly to comments from the SEC and have the Registration Statement declared effective under the Securities Act as promptly as practicable after such filing, to maintain such effectiveness for as long as necessary to consummate the Merger and the other transactions contemplated by this Agreement, and to promptly thereafter mail the Proxy/Prospectus to the stockholders of the Company. Parent shall also use its reasonable best efforts to satisfy, prior to the effective date of the Registration Statement, all necessary state securities Law or blue sky notice requirements in connection with the Merger and to consummate the other transactions contemplated by this Agreement.

(b) Parent shall prepare and, concurrently with the mailing of the Proxy/Prospectus to the stockholders of the Company, Parent shall (i) file with the Canadian Securities Regulators a management information circular for the purpose of seeking the approval of its shareholders of the issuance of shares of Parent Common Stock in connection with the Merger and the Bylaw Amendment (with, subject to applicable Law, the information contained therein being consistent in all material respects with substantive information contained in the Proxy Statement/Prospectus) (the **Management Information Circular**) and (ii) mail the Management Information Circular to the shareholders of Parent.

(c) Each of the Company and Parent shall promptly notify the other of the receipt of all comments from the SEC and of any request by the SEC for any amendment or supplement to the Registration Statement or the Proxy/Prospectus or for additional information and shall promptly provide to the other copies of all

correspondence between it and/or any of its Representatives and the SEC with respect to the Registration Statement or Proxy/Prospectus.

(d) The Company and Parent will cause the Proxy/Prospectus and Registration Statement to comply as to form in all material respects with the applicable provisions of the Securities Act and the rules and regulations thereunder. Parent will cause the Management Information Circular to comply as to form in all material respects with applicable Law (including Securities Laws).

(e) Each of Parent and the Company will provide their respective legal counsel with a reasonable opportunity to review and comment on drafts of the Proxy/Prospectus, the Management Information Circular, the Registration Statement and other documents related to the Company Stockholders Meeting, the Parent Shareholders Meeting, the issuance of the shares of Parent Common Stock in connection with the Merger and the Bylaw Amendment, prior to filing such documents with the applicable Governmental Entity and mailing such documents to the Company's and Parent's stockholders/shareholders, as applicable. Each Party will include in the Proxy/Prospectus, the Management Information Circular, the Registration Statement and such other documents related to the Company Stockholders Meeting, the Parent Shareholders Meeting or the issuance of the shares of Parent Common Stock in respect of the Merger all comments reasonably and promptly proposed by the other Party or its legal counsel and each agrees that all information relating to Parent and its Subsidiaries included in the Proxy/Prospectus, the Management Information Circular and the Registration Statement shall be in form and content satisfactory to Parent, acting reasonably, and all information relating to the Company and its Subsidiaries included in the Proxy/Prospectus, the Management Information Circular and the Registration Statement shall be in form and content satisfactory to the Company, acting reasonably.

6.4. Stockholders/Shareholders Meetings.

(a) The Company will take, in accordance with applicable Law and its certificate of incorporation and bylaws, all action necessary to convene the Company Stockholders Meeting as promptly as practicable after the Registration Statement is declared effective (and in any event within 35 days thereof), to consider and vote upon the adoption of this Agreement and to cause such vote to be taken; provided that the Company, in reasonable consultation with Parent, may adjourn or postpone the Company Stockholders Meeting to a later date to the extent the Company believes in good faith that such adjournment or postponement is reasonably necessary (i) to ensure that any required supplement or amendment to the Proxy/Prospectus is provided to the holders of Company Common Stock within a reasonable amount of time in advance of the Company Stockholders Meeting, (ii) to allow reasonable additional time to solicit additional proxies necessary to obtain the Requisite Company Vote, (iii) to ensure that there are sufficient shares of Company Common Stock represented (either in person or by proxy) and voting to constitute a quorum necessary to conduct the business of the Company Stockholders Meeting or (iv) to otherwise comply with applicable Law.

(b) Parent will take, in accordance with applicable Law and its articles of incorporation and bylaws, all action necessary to convene the Parent Shareholders Meeting as promptly as practicable after the Registration Statement is declared effective and the Management Information Circular is filed with the Canadian Securities Regulators (and in any event within 35 days thereof) to consider and vote upon the approval of the issuance of shares of Parent Common Stock in connection with the Merger and the Bylaw Amendment and to cause such vote to be taken; provided that Parent, in reasonable consultation with the Company, may adjourn or postpone the Parent Shareholders Meeting to a later date to the extent Parent believes in good faith that such adjournment or postponement is reasonably necessary (i) to ensure that any required supplement or amendment to the Management Information Circular is provided to the holders of Parent Common Stock within a reasonable amount of time in advance of the Parent Shareholders Meeting, (ii) to allow reasonable additional time to solicit additional proxies necessary to obtain the Requisite Parent Vote, (iii) to ensure that there are sufficient shares of Parent Common Stock represented (either in person or by proxy) and

voting to constitute a quorum necessary to conduct the business of the Parent Shareholders Meeting or (iv) to otherwise comply with applicable Law.

(c) The Company Board shall, subject to Section 6.2, include the Company Recommendation in the Proxy/Prospectus, and Parent shall, subject to Section 6.2, include the Parent Recommendation in the Management Information Circular. Each of the Company and Parent shall take all lawful action to solicit proxies to obtain the Requisite Company Vote and the Requisite Parent Vote. The Company and Parent shall cooperate to schedule and convene such meetings on the same date and time. The Company and Parent each agrees (i) to provide the other reasonably detailed periodic updates concerning proxy solicitation results on a timely basis (including, if requested, promptly providing periodic voting reports) and (ii) to give written notice to the other Party one day prior to the Company Stockholders Meeting or the Parent Shareholders Meeting, as applicable, and on the day of, but prior to the Company Stockholders Meeting or the Parent Shareholders Meeting, as applicable, indicating whether as of such date sufficient proxies representing the Requisite Company Vote or the Requisite Parent Vote, as applicable, appear to have been obtained. Notwithstanding the foregoing, if, on a date that is one Business Day prior to the date the Company Stockholders Meeting or the Parent Shareholders Meeting, as applicable, is scheduled (in either case, the **Original Date**), (A) the Company or Parent, as applicable has not received proxies representing the Requisite Company Vote or the Requisite Parent Vote, as applicable, whether or not a quorum is present or (B) it is necessary to ensure that any supplement or amendment to the Proxy/Prospectus or the Management Information Circular is required to be delivered, Parent and the Company, as applicable, shall, postpone or adjourn, or make one or more successive postponements or adjournments of, the Company Stockholders Meeting or the Parent Shareholders Meeting, as applicable as long as the date of the Company Stockholders Meeting or the Parent Shareholders Meeting, as applicable is not postponed or adjourned more than ten days in connection with any one postponement or adjournment or more than an aggregate of twenty days from the Original Date in reliance on the preceding sentence.

(d) Without limiting the generality of the foregoing, each of the Company and Parent agrees that its obligations to hold the Company Stockholders Meeting and the Parent Shareholders Meeting, as applicable, pursuant to this Section 6.4 shall not be affected by the making of a Change of Recommendation by the Company Board or Parent Board, as applicable, and its obligations pursuant to this Section 6.4 shall not be affected by the commencement of or announcement or disclosure of or communication to the Company or Parent, as applicable, of any Acquisition Proposal or the occurrence or disclosure of an Intervening Event as to the Company or Parent, as applicable, and further, that it shall not take action to terminate this Agreement on the grounds that such Acquisition Proposal is a Superior Proposal or with regards to such Intervening Event until such time as either the Company or Parent, as applicable, may terminate this Agreement pursuant to and in accordance with Section 8.1.

6.5. Approval of Sole Stockholder of Merger Sub. Immediately after the execution of this Agreement, Parent shall execute and deliver, in accordance with applicable Law and its articles of incorporation and bylaws, in its capacity as sole stockholder of Merger Sub, a written consent adopting this Agreement. Such consent shall not be modified or rescinded and Parent shall deliver such consent to the Company promptly upon the execution thereof.

6.6. Cooperation; Efforts to Consummate.

(a) Subject to the terms and conditions of this Agreement (including this Section 6.6), the Company and Parent shall cooperate with each other and use (and shall cause their respective Subsidiaries to use) their respective reasonable best efforts to (i) take or cause to be taken all actions, and do or cause to be done all things, necessary, proper or advisable to cause the conditions to Closing to be satisfied as promptly as reasonably practicable (and in any event no later than the Outside Date) and to consummate and make effective the Merger and the other transactions contemplated by this Agreement as soon as reasonably practicable, including preparing and filing promptly all documentation to effect all necessary notices, notifications, petitions, applications, reports and other filings (including any required or recommended filings under applicable Antitrust Laws), (ii) obtain as promptly as reasonably practicable (and in any event no later than the Outside Date) all consents, clearances, registrations, approvals, expirations or terminations of waiting periods, permits and authorizations necessary or advisable to be obtained from any third party and/or any

Governmental Entity in order to consummate the

Merger or any of the other transactions contemplated by this Agreement, (iii) defend any lawsuits or other legal proceedings, whether judicial or administrative, challenging this Agreement or the consummation of the Merger or any of the other transactions contemplated by this Agreement and (iv) if agreed to by Parent and the Company, acting jointly and in good faith, obtain all necessary consents, approvals or waivers from third parties.

(b) In furtherance and not in limitation of the foregoing, each Party (including on behalf of their respective Subsidiaries) agrees (i) to make appropriate submissions and filings of notification and report forms pursuant to the HSR Act and the Competition Act (Canada) with respect to the Merger as promptly as practicable and in any event within twenty-five (25) Business Days of the date of this Agreement, unless the Parties agree in writing otherwise, and (ii) to supply as promptly as practicable any additional information and documentary material that may be requested by any Governmental Entity pursuant to the HSR Act, the Competition Act (Canada), or any other Antitrust Law and use its best efforts to take, or cause to be taken (including by their respective Subsidiaries), all other actions consistent with this Section 6.6 necessary to cause the expiration or termination of the applicable waiting periods under the HSR Act and to obtain the Competition Act (Canada) Clearance as soon as reasonably practicable (and in any event no later than the Outside Date).

(c) Each Party shall use (and shall cause their respective Subsidiaries to use) its best efforts to (i) cooperate in all respects with each other in connection with any filing or submission with a Governmental Entity in connection with the Merger and the other transactions contemplated by this Agreement and in connection with any investigation or other inquiry by or before a Governmental Entity relating to the Merger or the other transactions contemplated by this Agreement, including any proceeding initiated by a private party, (ii) promptly inform the other Parties of (and supply to the other Parties) any communication received by such Party from, or given by such party to, the Federal Trade Commission, the Antitrust Division of the Department of Justice, the Canadian Competition Bureau, or any other Governmental Entity and of any material communication received or given in connection with any proceeding by a private party, in each case regarding the Merger or any of the other transactions contemplated by this Agreement, (iii) permit the other Party to review in advance and give reasonable consideration to the other Party's comments in any communication to be given by it to any Governmental Entity with respect to obtaining any clearances required under any Antitrust Law in connection with the Merger or the other transactions contemplated by this Agreement and (iv) consult with the other Party in advance of any meeting or teleconference with any Governmental Entity or, in connection with any proceeding by a private party, with any other Person, and, to the extent not prohibited by the Governmental Entity or other Person, give the other Party the opportunity to attend and participate in such meetings and teleconferences. Subject to the obligations in this Section 6.6, Parent shall have the right to devise and implement the strategy and timing for obtaining any clearances required under any Antitrust Law in connection with the Merger or the other transactions contemplated by this Agreement and shall take the lead in all meetings and communications with any Governmental Authority in connection with obtaining such clearances; provided, however, that Parent shall consult in advance with the Company and in good faith take the Company's views into account regarding the overall strategy and timing. The Parties shall take reasonable efforts to share information protected from disclosure under the attorney-client privilege, work product doctrine, joint defense privilege or any other privilege pursuant to this Section 6.6 in a manner so as to preserve the applicable privilege.

(d) Parent (including on behalf of its Subsidiaries) agrees to take, or cause to be taken (including by its Subsidiaries), any and all steps and to make, or cause to be made (including by its Subsidiaries), any and all undertakings necessary to resolve such objections, if any, that a Governmental Entity may assert under any Antitrust Law with respect to the Merger or the other transactions contemplated by this Agreement, and to avoid or eliminate each and every impediment under any Antitrust Law that may be asserted by any Governmental Entity with respect to the Merger or the other transactions contemplated by this Agreement, in each case, so as to enable the Closing to occur as promptly as reasonably practicable and in any event no later than the Outside Date, including, without limitation, (x) proposing, negotiating, committing to and effecting, by consent decree, consent agreement, hold separate order, or otherwise, the

sale, divestiture or disposition of any businesses, assets, equity interests, product lines or properties of Parent or the Company (or any of their respective Subsidiaries) or any equity interest in any joint venture held by Parent or the Company (or any of their respective Subsidiaries),

(y) creating, terminating, or divesting relationships, ventures, contractual rights or obligations of the Company or Parent or their respective Subsidiaries and (z) otherwise taking or committing to take any action that would limit Parent's freedom of action with respect to, or its ability to retain or hold, directly or indirectly, any businesses, assets, equity interests, product lines or properties of Parent or the Company (including any of their respective Subsidiaries) or any equity interest in any joint venture held by Parent or the Company (or any of their respective Subsidiaries), in each case as may be required in order to obtain all approvals, consents, clearances, expirations or terminations of waiting periods, registrations, permits, authorizations and other confirmations required directly or indirectly under any Antitrust Law or to avoid the commencement of any action to prohibit the Merger or the other transactions contemplated by this Agreement under any Antitrust Law, or in the alternative, to avoid the entry of, or to effect the dissolution of, any injunction, temporary restraining order or other order in any action or proceeding seeking to prohibit the Merger or the other transactions contemplated by this Agreement or delay the Closing beyond the Outside Date. To assist Parent in complying with its obligations set forth in this Section 6.6, the Company shall, and shall cause its Subsidiaries to, enter into one or more agreements requested by Parent to be entered into by any of them prior to the Closing with respect to any transaction to divest, hold separate or otherwise take any action that limits the Company's or its Subsidiaries' freedom of action, ownership or control with respect to, or their ability to retain or hold, directly or indirectly, any of the businesses, assets, equity interests, product lines or properties of the Company or any of its Subsidiaries or any equity interest in any joint venture held by the Company or any of its Subsidiaries (each, a **Divestiture Action**); provided, however, that (i) the consummation of the transactions provided for in any such agreement for a Divestiture Action (a **Divestiture Agreement**) shall be conditioned upon the Closing or satisfaction of all of the conditions to Closing in a case where the Closing will occur immediately following such Divestiture Action (and where Parent has irrevocably committed to effect the Closing immediately following such Divestiture Action) and (ii) Parent shall indemnify for and hold the Company and its Subsidiaries harmless from all costs, expenses and liabilities incurred by the Company or its Subsidiaries arising from or relating to such Divestiture Agreement (other than any of the foregoing arising from the breach by the Company or any applicable Subsidiary of such Divestiture Agreement). Notwithstanding anything to the contrary in this Section 6.6, nothing contained in this Agreement requires the Company or Parent to take, or cause to be taken, and neither the Company nor Parent shall be required to take, or cause to be taken, any Divestiture Action with respect to all or part of the Texas Eastern Transmission pipeline, the Enbridge Canadian Mainline System or the Enbridge U.S. Mainline System.

(e) In furtherance and not in limitation of the covenants of the Parties contained in this Section 6.6, if any administrative or judicial action or proceeding, including any proceeding by a private party, is instituted (or threatened or recommended to be instituted) challenging any transaction contemplated by this Agreement as violative of any Antitrust Law, each of the Company and Parent shall use its best efforts to contest and resist any such action or proceeding (or such threat or recommendation) and to have vacated, lifted, reversed or overturned any decree, judgment, injunction or other order, whether temporary, preliminary or permanent, that is in effect and that prohibits, prevents or restricts consummation of the Merger or the other transactions contemplated by this Agreement.

(f) Subject to the terms and conditions set forth in this Agreement, without limiting the generality of the undertakings pursuant to this Section 6.6, each of the Company and Parent agree to use their reasonable best efforts to obtain the CFIUS Clearance. Such reasonable best efforts shall include, promptly after the date hereof, making or causing to be made any draft and final CFIUS Notices required in accordance with 31 C.F.R. Part 800 and the other requirements of the DPA, and after prompt resolution of all questions and comments received from CFIUS on such draft, shall prepare and submit the final CFIUS Notice, which shall in any event be made promptly after the date all questions and comments received from CFIUS on such draft have been resolved or after CFIUS staff shall have indicated to the Parties that it has no questions or comments. Such reasonable best efforts shall also include providing any information requested by CFIUS or any other agency or branch of the U.S. government in connection with the CFIUS review or investigation of the transactions contemplated by this Agreement, within the time periods specified by 31 C.F.R. §800.403(a)(3), or otherwise specified by the CFIUS staff, without the need to request an extension of time. Each of

Parent and the Company shall, in connection with the efforts to obtain the CFIUS Clearance, (i) cooperate in all respects and consult with each other in connection

with the CFIUS Notice, including by allowing the other Party to have a reasonable opportunity to review in advance and comment on drafts of filings and submissions; (ii) promptly inform the other Party of any communication received by such Party from, or given by such Party to, CFIUS, by promptly providing copies to the other Party of any such written communications, except for any exhibits to such communications providing the personal identifying information required by 31 C.F.R. §800.402(c)(6)(vi); and (iii) permit the other Party to review in advance any communication that it gives to, and consult with each other in advance of any meeting, telephone call or conference with CFIUS, and to the extent not prohibited by CFIUS, give the other Party the opportunity to attend and participate in any telephonic conferences or in-person meetings with CFIUS, in each of clauses (i), (ii) and (iii) of this Section 6.6(e), subject to confidentiality considerations contemplated by the DPA or required by CFIUS. Such reasonable best efforts shall also include agreeing to any action, condition or restriction required by CFIUS in connection with the CFIUS Clearance (including entering into any mitigation agreement with CFIUS as may be required) in order to receive the CFIUS Clearance as promptly as reasonably practicable and in any event prior to the sixth Business Day prior to the Outside Date, unless the Company, Parent and Merger Sub have irrevocably waived the condition set forth in Section 7.1(e) [*CFIUS Clearance*] prior to such date. Neither Parent nor the Company shall take or permit any of its Subsidiaries or Affiliates to take any action that would reasonably be expected to prevent, materially delay or materially impede the receipt of the CFIUS Clearance. Notwithstanding the foregoing or anything to the contrary contained in this Agreement, the covenants and agreements set forth in Section 6.6(a) [*Efforts*] and this Section 6.6(e) constitute the sole obligations of the Parties with respect to the efforts required to obtain the CFIUS Clearance.

6.7. **Status.** Subject to applicable Law and as otherwise required by any Governmental Entity, the Company and Parent each shall keep the other apprised of the status of matters relating to completion of the transactions contemplated by this Agreement, including promptly furnishing the other with copies of notices or other communications received by Parent or the Company, as applicable, or any of its Subsidiaries, from any third party and/or any Governmental Entity with respect to the transactions contemplated by this Agreement.

6.8. **Indebtedness.**

(a) The Company shall, and shall cause its applicable Subsidiaries to, use reasonable best efforts to commence, as soon as reasonably practical following the receipt of a written request of Parent, (a) one or more consent solicitations to the holders of outstanding loans, capital markets debt securities or other indebtedness identified in Schedule 6.8(c) to the Parent Disclosure Letter (collectively, the **Specified Indebtedness**), to waive any applicable change of control provisions, defaults or other covenants that would apply in connection with, or otherwise restrict the ability of the parties to consummate, the Merger as contemplated in this Agreement (the **Consent Solicitations**) and/or (b) an offer to purchase any such Specified Indebtedness (the **Debt Offers**) or as determined by Parent in its discretion, in lieu of conducting a Debt Offer, if permitted by the terms of such Specified Indebtedness, to issue a notice of optional redemption to redeem such Specified Indebtedness pursuant to the terms thereof or to take such other actions as may be permitted by the terms of such Specified Indebtedness to satisfy and discharge such Specified Indebtedness (the **Debt Redemptions** and with the Consent Solicitations and Debt Offers, the **Debt Transactions**), in each case on the terms and conditions specified by the Parent; provided that the Company shall not be required to commence any Debt Transaction until Parent shall have provided the Company with the necessary consent solicitation statement, offer to purchase, related letter of transmittal, supplemental indenture, redemption notice and other related documents in connection therewith; provided, further, that the Parent shall consult with the Company regarding the timing of any Debt Transaction in light of the regular financial reporting schedule of the Company and the requirements of applicable Law. Parent shall afford the Company a reasonable opportunity to review the material terms and conditions of any Debt Transaction (which shall be reasonably acceptable to the Company). Subject to the foregoing, the Company shall, and shall cause its applicable Subsidiaries to, provide such cooperation as reasonably requested by Parent in connection with any Debt Transaction. Parent shall cause its counsel to furnish any legal opinions required

in connection with any Debt Transaction other than those opinions relating to corporate matters with respect to the Company and its Subsidiaries and authorization, execution and delivery of

the applicable documents by the Company and its Subsidiaries, which opinions the Company shall use reasonable best efforts to cause its counsel to provide.

(b) The provisions of Section 6.8(a) or any other provision of this Agreement to the contrary notwithstanding, nothing in the foregoing Section 6.8(a) will require the Company, its Subsidiaries or any of their respective Representatives to (i) waive or amend any terms of this Agreement or agree to pay any fees or reimburse any expenses prior to the Effective Time for which it has not received prior reimbursement or is not otherwise indemnified by or on behalf of Parent, (ii) take any action or provide any information that will conflict with or violate its organizational documents or any applicable Laws, including SEC rules and regulations, or would result in a violation or breach of, or default under, any Contract to which the Company or any of its Subsidiaries is a party or otherwise bound, or would result in the waiver of any legal privilege, (iii) give indemnities that are effective prior to the Effective Time for which it is not simultaneously indemnified by Parent, (iv) pass resolutions or consents to approve or authorize the execution of any Debt Transaction or any definitive agreements with respect thereto that are effective prior to the Effective Time, (v) deliver any certificate or take any other action pursuant to this Section 6.8 or any other provision of this Agreement that would reasonably be expected to result in personal liability to a director, officer or other personnel or (vi) except as otherwise provided in the final sentence of Section 6.8(a), deliver any legal opinion. In addition, no action, liability or obligation of the Company, any of its Subsidiaries or any of their respective Representatives pursuant to any certificate, agreement, arrangement, document or relating to any Debt Transaction will be required to be effective until the Effective Time.

(c) Parent shall promptly, upon request by the Company, reimburse the Company for all reasonable costs and expenses incurred by the Company or any of its Subsidiaries or their respective Representatives in connection with any Debt Transaction, including the cooperation of the Company and its Subsidiaries and Representatives contemplated by Section 6.8(a). Parent indemnifies and holds harmless the Company, its Subsidiaries and their respective Representatives from and against any and all losses, damages, claims, costs or expenses suffered or incurred by any of them in connection with any Debt Transaction, any information used in connection therewith or any assistance or activities in connection therewith, except with respect to any fraud or intentional misrepresentation or willful misconduct by any such persons. The provisions of this Section 6.8(c) survive the termination of this Agreement.

6.9. Information; Access and Reports.

(a) Subject to applicable Law and the other provisions of this Section 6.9, the Company and Parent each shall (and shall cause its Subsidiaries to), upon reasonable request by the other, furnish the other with all information concerning itself, its Subsidiaries, directors, officers and stockholders/shareholders and such other matters as may be reasonably necessary or advisable in connection with the Proxy/Prospectus, the Management Information Circular, the Registration Statement or any other statement, filing, notice or application made by or on behalf of Parent, the Company or any of their respective Subsidiaries to any third party and/or any Governmental Entity in connection with the Merger and the transactions contemplated by this Agreement, and shall (and shall cause its Subsidiaries to), upon giving of reasonable notice by the other Party, afford the other's officers and other authorized Representatives reasonable access, during normal business hours following reasonable advance notice throughout the period prior to the Effective Time, to its officers, employees, agents, contracts, books and records (including the work papers of such Party's independent accountants upon receipt of any required consents from such accountants), as well as properties, offices and other facilities, and, during such period, each shall (and shall cause its Subsidiaries to) furnish promptly to the other all information concerning its business, properties and personnel as may reasonably be requested. Notwithstanding the foregoing, nothing in this Section 6.9 shall require or be construed to require either the Company or Parent to allow the other Party or its representatives to perform any on-site procedures (including an on-site study) with respect to any property of the Company or Parent (as applicable) or their respective Subsidiaries.

(b) The foregoing provisions of this Section 6.9 and 6.21(b) shall not require and shall not be construed to require either the Company or Parent to permit any access to any of its (or any of its Subsidiaries) officers, employees, agents, contracts, books or records, or its (or any of its Subsidiaries) properties, offices or other facilities, or to permit any inspection, review, sampling or audit, or to disclose or otherwise make available any information that in the reasonable judgment of the Company or Parent (as applicable) would (i) unreasonably disrupt the operations of such Party or any of its Subsidiaries, (ii) result in the disclosure of any trade secrets of any third parties or violate the terms of any confidentiality provisions in any agreement with a third party entered into prior to the date of this Agreement, (iii) result in a violation of applicable Laws, including any fiduciary duty, (iv) waive the protection of any attorney-client or similar privilege or (v) result in the disclosure of any personal information that would expose the Company or Parent to the risk of liability. In the event that Parent or the Company objects to any request submitted pursuant to and in accordance with this Section 6.9 and Section 6.21(b) and withholds information on the basis of the foregoing clauses (i) through (v), the Company or the Parent, as applicable, shall inform the other Party as to the general nature of what is being withheld and the Company and Parent shall use reasonable best efforts to make appropriate substitute arrangements to permit reasonable disclosure that does not suffer from any of the foregoing impediments, including through the use of reasonable best efforts to (A) obtain the required consent or waiver of any third party required to provide such information and (B) implement appropriate and mutually agreeable measures to permit the disclosure of such information in a manner to remove the basis for the objection, including by arrangement of appropriate clean room procedures, redaction or entry into a customary joint defense agreement with respect to any information to be so provided, if the Parties determine that doing so would reasonably permit the disclosure of such information without violating applicable Law or confidentiality restriction or jeopardizing such privilege. Each of Parent and the Company, as it deems advisable and necessary, may reasonably designate competitively sensitive material provided to the other as Outside Counsel Only Material or with similar restrictions. Such materials and the information contained therein shall be given only to the outside counsel of the recipient or otherwise as the restriction indicates, and be subject to any additional confidentiality or joint defense agreement executed by the Company and Parent. All requests for information made pursuant to this Section 6.9 shall be directed to the executive officer or other Person designated by the Company or Parent. All information exchanged or made available shall be governed by the terms of the Confidentiality Agreement.

(c) No exchange of information or investigation by Parent or its representatives shall affect or be deemed to affect, modify or waive the representations and warranties of the Company set forth in this Agreement, and no investigation by the Company or its representatives shall affect or be deemed to affect, modify or waive the representations and warranties of Parent or Merger Sub set forth in this Agreement.

(d) To the extent that any of the information or material furnished pursuant to this Section 6.9 or otherwise in accordance with the terms of this Agreement may include material subject to the attorney-client privilege, work product doctrine or any other applicable privilege concerning pending or threatened legal proceedings or governmental investigations, the Parties understand and agree that they have a commonality of interest with respect to such matters and it is their desire, intention and mutual understanding that the sharing of such material is not intended to, and shall not, waive or diminish in any way the confidentiality of such material or its continued protection under the attorney-client privilege, work product doctrine or other applicable privilege. All such information that is entitled to protection under the attorney-client privilege, work product doctrine or other applicable privilege shall remain entitled to such protection under these privileges, this Agreement and under the joint defense doctrine.

6.10. Stock Exchange Listing and Delisting. Prior to the Closing Date, Parent shall use its best efforts to cause the shares of Parent Common Stock to be issued in connection with the Merger to be approved for listing on the NYSE and the TSX, subject to official notice of issuance. To the extent requested by Parent, prior to the Closing Date, the Company shall cooperate with Parent and use reasonable best efforts to take, or cause to be taken, all actions, and do or cause to be done all things, reasonably necessary, proper or advisable on its part under applicable Laws and rules

and policies of the NYSE to enable the delisting by the Surviving Corporation of the shares of Company Common Stock from the NYSE and the deregistration of the shares of Company

Except (a) communications consistent with the final form of joint press release announcing the Merger and the investor presentation given to investors on the morning of announcement of the Merger, (b) as may be required by applicable Law or by obligations pursuant to any listing agreement with or rules of any national securities exchange or (c) pursuant to the Company's or Parent's rights pursuant to Section 6.2, the Company and Parent shall consult with each other, and provide meaningful opportunity for review and give due consideration to reasonable comment by the other Party, prior to issuing any press releases or other public written communications or otherwise making planned public statements with respect to the Merger and the other transactions contemplated by this Agreement and prior to making any filings with any third party and/or any Governmental Entity (including the NYSE or the TSX) with respect thereto.

6.12. **Employee Benefits**.

(a) From and after the Effective Time, the Company shall, and Parent shall cause the Company to, honor all Benefit Plans of the Company and its Subsidiaries in accordance with their terms as in effect immediately before the Effective Time. Parent agrees that each employee of the Company and its Subsidiaries at the Effective Time who continues to remain employed with the Company or its Subsidiaries (collectively, the **Continuing Employees**) shall:

(i) during the period commencing at the Effective Time and ending on the first anniversary of the Effective Time, be provided with base salary or base wage, as applicable, no less favorable than the base salary or base wage provided by the Company and its Subsidiaries to such employee immediately prior to the Effective Time,

(ii) during the period commencing at the Effective Time and ending on December 31, 2017, be provided with target annual cash bonus opportunities and pension and welfare benefits that are, in each case, no less favorable than those provided by the Company and its Subsidiaries to such employee immediately prior to the Effective Time,

(iii) during the period commencing on January 1, 2018 and ending on the first anniversary of the Effective Time, be provided with target annual cash bonus opportunities, and pension and welfare benefits that are no less favorable in the aggregate than those provided by the Company and its Subsidiaries to such employee immediately prior to the Effective Time, and

(iv) solely to the extent that the Effective Time occurs prior to the Company's ordinary course grant of equity awards in 2017, be provided with a grant of Parent equity or equity-based awards in 2017 having a long-term incentive award target value that is substantially comparable to that of the awards granted by the Company to such employee in 2016; **provided** that the form or forms of equity and equity-based awards provided to each such employee shall be the same form or forms of the awards and in the same proportion provided to similarly situated employees of Parent (other than the Continuing Employees).

Notwithstanding the foregoing, the requirements of the immediately preceding sentence shall not limit any compensation or benefits required to be provided to Continuing Employees (A) by applicable Law or (B) who are covered by a collective bargaining agreement pursuant to such agreement. Without limiting the two immediately preceding sentences, Parent shall, and Parent shall cause the Company to, provide to each Continuing Employee who is on Canadian payroll and whose employment terminates during the 18-month period following the Closing Date with severance benefits at least equal to the severance benefits for which such Continuing Employee would have been eligible under the Company's severance practices, as set forth in Section 6.12(a) of the Company Disclosure Letter, determined (1) without taking into account any reduction after the Closing in compensation paid to such Continuing

Employee and (2) taking into account each Continuing Employee's service with the Company and its Subsidiaries (and any predecessor entities) and, after the Closing, Parent and its Subsidiaries.

(b) Parent shall use commercially reasonable efforts to (i) cause any pre-existing conditions or limitations and eligibility waiting periods under any group health and welfare insurance plans of Parent or its Affiliates to be waived with respect to the Continuing Employees and their eligible dependents, (ii) give each Continuing Employee credit for the plan year in which the Effective Time occurs towards applicable deductibles and annual out-of-pocket limits for medical expenses incurred during such plan year prior to the Effective Time for which payment has been made and (iii) give each Continuing Employee service credit for such Continuing Employee's employment with the Company and its Subsidiaries (and any predecessor entities) for purposes of (A) vesting, (B) benefit accrual, (C) pay credit level in any cash balance or similar plan, (D) level of subsidy by Parent or any Subsidiary of Parent for any health or welfare plan, and (E) eligibility to participate, in each case, under each applicable Parent Benefit Plan, as if such service had been performed with Parent, except to the extent it would result in a duplication of benefits or in the treatment of a Continuing Employee under such Parent Benefit Plan that is more favorable than the treatment of a similarly situated employee of Parent of the same age and with the same years of service.

(c) Prior to the Effective Time, if requested by Parent in writing at least ten Business Days prior to the Effective Time, to the extent permitted by applicable Law and the terms of the applicable plan or arrangement, the Company shall (i) cause to be amended the employee benefit plans and arrangements of it and its Subsidiaries to the extent necessary to provide that no employees of Parent and its Subsidiaries shall commence participation therein following the Effective Time unless the Surviving Corporation or such Subsidiary explicitly authorizes such participation and (ii) subject to the last sentence of this Section 6.12(c), cause the Spectra Energy Retirement Savings Plan (the **Company 401(k) Plan**) to be terminated effective immediately prior to the Effective Time. In the event that Parent requests that the Company 401(k) Plan be terminated, (A) the Company shall provide Parent with evidence that such plan has been terminated not later than the day immediately preceding the Effective Time and (B) the Continuing Employees shall be eligible to participate, effective as of the Effective Time, in a 401(k) plan sponsored or maintained by Parent or one of its Subsidiaries (a **Parent 401(k) Plan**). Parent and the Company shall use commercially reasonable efforts to take such actions as may be required, including amendments to the Company 401(k) Plan and/or Parent 401(k) Plan, to permit the Continuing Employees who are then actively employed to make rollover contributions to the Parent 401(k) Plan of eligible rollover distributions (within the meaning of Section 401(a)(31) of the Code) in the form of cash, notes (in the case of loans), Parent Common Stock or a combination thereof in an amount equal to the full account balance distributed to such Continuing Employee from a Company 401(k) Plan. Notwithstanding the first sentence of this Section 6.12(c), if Parent is not able to cause the Parent 401(k) Plan to accept rollover contributions in the form of notes (in the case of loans) as described in the immediately preceding sentence, then the Company shall not be required to terminate the Company 401(k) Plan pursuant to this Section 6.12(c).

(d) Parent hereby acknowledges that a change in control (or similar phrase) within the meaning of the Benefit Plans of the Company and its Subsidiaries will occur at or prior to the Effective Time, as applicable.

(e) Immediately prior to the Effective Time, the Company may, with respect to each employee of the Company or any of its Subsidiaries actively employed as of immediately prior to the Effective Time and then participating in any Benefit Plan that is an annual bonus plan (an **Annual Bonus Plan**), upon notice to and in consultation with Parent, determine the amount of each employee's pre-Closing bonus entitlement, which shall equal the product obtained by multiplying (i) the employee's full-year bonus entitlement under all such Annual Bonus Plans for the calendar year in which the Effective Time occurs, based on the greater of (A) deemed performance at target levels and (B) actual performance through the latest practicable date prior to the Effective Time, extrapolated through the end of such fiscal year, and (ii) a fraction the numerator of which equals the number of days that have elapsed during such fiscal year through the Effective Time and the denominator of which equals 365 (each, a **Pre-Closing Bonus Amount**). Parent shall, or shall cause the Surviving Corporation or its Affiliates to (1) provide each Continuing Employee an annual cash bonus opportunity under a Benefit Plan that is an Annual Bonus Plan maintained by Parent or one of its Affiliates

for the balance of the 2017 calendar year in accordance with Section 6.12(a)(ii) and (2) at the time annual cash bonuses for the 2017 calendar year are paid to similarly situated employees of Parent (other than the Continuing Employees), pay to each Continuing

Employee the sum of (x) his or her Pre-Closing Bonus Amount and (y) the amount of such employee's bonus entitlement in respect of the portion of the 2017 calendar year following the Effective Time. The Parties agree that the annual bonus payment in respect of the 2017 calendar year shall, solely to the extent the bonus recipient is a participant therein, be eligible for a matching contribution under, and shall be counted towards pensionable earnings under, the applicable Benefit Plans of the Company under which such payment would have been taken into account as of the date hereof; provided that the Company provides Parent with a list of such Benefit Plans not later than 60 days after the date hereof.

(f) Prior to making any broad-based written communications to the officers or employees of the Company or any of its Subsidiaries pertaining to the Company Equity Awards or compensation or benefit entitlements to be provided following the Closing Date, the Company shall provide Parent with a copy of the intended communication, Parent shall have a reasonable period of time to review and comment on the communication, and the Company shall consider any such comments in good faith. Not later than five Business Days after the Company's dissemination of any written communication governed by this Section 6.12(f), the Company shall provide Parent with a final copy of such communication.

(g) Notwithstanding any other provision in this Agreement to the contrary, Parent agrees to continue or cause the Surviving Corporation to continue, through the first anniversary of the Effective Time, the Spectra Energy Retiree Medical Plan (the **Retiree Medical Plan**) on terms and conditions no less favorable in duration, scope, value, participant cost, vesting and otherwise than those in effect as of the Effective Time with respect to all individuals who as of the time immediately prior to the Effective Time are receiving benefits under the Retiree Medical Plan. Prior to the Effective Time, the Company shall take the actions set forth in Section 6.12(g) of the Company Disclosure Letter.

(h) Nothing contained in this Agreement is intended to (i) be treated as an amendment of any particular Company Benefit Plan or Parent Benefit Plan, (ii) prevent Parent, the Surviving Corporation or any of their Affiliates from amending or terminating any of their Benefit Plans or, after the Effective Time, any Company Benefit Plan in accordance with their terms, (iii) prevent Parent, the Surviving Corporation or any of their Affiliates, after the Effective Time, from terminating the employment of any Continuing Employee or (iv) create any third-party beneficiary rights in any employee of the Company or any of its Subsidiaries, any beneficiary or dependent thereof, or any collective bargaining representative thereof, with respect to the compensation, terms and conditions of employment and/or benefits that may be provided to any Continuing Employee by Parent, the Surviving Corporation or any of their Affiliates or under any Benefit Plan that Parent, the Surviving Corporation or any of their Affiliates may maintain.

6.13. Certain Tax Matters.

(a) Notwithstanding any other provision in this Agreement, the Company Disclosure Letter or the Parent Disclosure Letter to the contrary, none of the Parties shall (and each Party shall cause its respective Subsidiaries not to) take any action that would reasonably be expected to (i) prevent or impede the Merger from qualifying as a reorganization within the meaning of Section 368(a) of the Code, (ii) result in gain being recognized pursuant to Section 367(a)(1) by Persons who are stockholders of the Company immediately prior to the Effective Time (other than any such stockholder that would be a five-percent transferee shareholder (within the meaning of Treasury Regulations Section 1.367(a)-3(c)(5)(ii)) of Parent following the Merger that does not enter into a five-year gain recognition agreement in the form provided in Treasury Regulations Section 1.367(a)-8), or (iii) cause Parent to be treated as a domestic corporation pursuant to Section 7874(b) of the Code as a result of the Merger.

(b) After the date of this Agreement and prior to the Effective Time, Parent and the Company shall cooperate in good faith with respect to Tax matters relevant to integrating their respective Subsidiaries and operations.

6.14. Expenses. Except as otherwise provided in Section 6.8, Section 8.2(b) or Section 8.2(c), whether or not the Merger is consummated, all costs and expenses incurred in connection with the preparation, negotiation, execution and performance of this Agreement and the Merger and the other transactions contemplated by this Agreement, including all fees and expenses of its Representatives, shall be paid by the Party incurring such expense, except that expenses incurred in connection with the filing fee in connection with the HSR Act, the Competition Act (Canada), the Registration Statement and the printing and mailing of the Proxy/Prospectus, the Management Information Circular and the Registration Statement shall be shared equally by Parent and the Company, and, following the Effective Time, the Surviving Corporation shall pay all charges and expenses, including those of the Exchange Agent, in connection with the transactions contemplated in Article III, and Parent shall reimburse the Surviving Corporation for such charges and expenses.

6.15. Indemnification; Directors and Officers Insurance.

(a) From and after the Effective Time, Parent and the Surviving Corporation shall indemnify and hold harmless to the fullest extent the Company would be permitted to do so under applicable Law (and Parent and the Surviving Corporation shall also advance expenses as incurred, to the fullest extent that the Company would have been permitted under Delaware law and the Company's certificate of incorporation as of the date of this Agreement, to) each present and former director and officer of the Company and its Subsidiaries (collectively, in each case, the **Indemnified Parties** and each **an Indemnified Party**) against any costs or expenses (including reasonable attorneys fees), judgments, fines, losses, claims, damages or liabilities incurred in connection with any claim, action, suit, proceeding or investigation, whether civil, criminal, administrative or investigative, arising out of or related to such Indemnified Parties' service as a director or officer of the Company or its Subsidiaries or services performed by such Persons at the request of the Company at or prior to the Effective Time, whether asserted or claimed prior to, at or after the Effective Time, including in connection with (i) the transactions contemplated by this Agreement and (ii) actions to enforce this provision or any other indemnification or advancement right of any Indemnified Party; provided that any person to whom expenses are advanced provides an undertaking to repay such advances if it is ultimately determined by final adjudication that such person is not entitled to indemnification.

(b) Prior to the Effective Time, the Company shall and, if the Company is unable to, Parent shall cause the Surviving Corporation as of the Effective Time to, obtain and fully pay the premium for tail insurance policies for the extension of (i) the directors and officers liability coverage of the Company's existing directors and officers insurance policies, and (ii) the Company's existing fiduciary liability insurance policies, in each case for a claims reporting or discovery period of six years from and after the Effective Time (the **Tail Period**) from one or more insurance carriers with the same or better credit rating as the Company's insurance carrier as of the date hereof with respect to directors and officers liability insurance and fiduciary liability insurance (collectively, **D&O Insurance**) with terms, conditions, retentions and limits of liability that are at least as favorable to the insureds as the Company's existing policies with respect to matters existing or occurring at or prior to the Effective Time (including in connection with this Agreement or the transactions or actions contemplated hereby). If the Company and the Surviving Corporation for any reason fail to obtain such tail insurance policies as of the Effective Time, the Surviving Corporation shall, and Parent shall cause the Surviving Corporation to, continue to maintain in effect for the Tail Period the D&O Insurance in place as of the date of this Agreement with terms, conditions, retentions and limits of liability that are at least as favorable to the insureds as provided in the Company's existing policies as of the date of this Agreement, or the Surviving Corporation shall, and Parent shall cause the Surviving Corporation to, purchase comparable D&O Insurance for the Tail Period with terms, conditions, retentions and limits of liability that are at least as favorable as provided in the Company's existing policies as of the date of this Agreement; provided, however, that in no event shall the aggregate cost of the D&O Insurance exceed during the Tail Period 300% of the current aggregate annual premium paid by the Company for such purpose; and provided, further, that if the cost of such insurance coverage exceeds such amount, the Surviving Corporation shall obtain a policy with the greatest coverage available for a cost not exceeding such amount.

(d) The provisions of this Section 6.15 are intended to be for the benefit of, and from and after the Effective Time shall be enforceable by, each of the Indemnified Parties, who shall be third party beneficiaries of this Section 6.15. All rights to indemnification and exculpation from liabilities for acts or omissions occurring at or prior to the Effective Time and rights to advancement of expenses relating thereto now existing in favor of any Indemnified Party as provided in the certificate of incorporation, bylaws or comparable governing documents of the Company and its Subsidiaries or any indemnification agreement between such Indemnified Party and the Company or any of its Subsidiaries, in each case, as in effect on the date of this Agreement, shall survive the Merger and the other transactions contemplated by this Agreement unchanged and shall not be amended, repealed or otherwise modified in any manner that would adversely affect any right thereunder of any such Indemnified Party.

6.16. Takeover Statutes. If any Takeover Statute is or may become applicable to the Merger or the other transactions contemplated by this Agreement, each of Parent and the Company and the Parent Board and the Company Board, respectively, shall grant such approvals and take such actions as are necessary so that such transactions may be consummated as promptly as practicable on the terms contemplated by this Agreement and otherwise act to eliminate or minimize the effects of such statute or regulation on such transactions.

6.17. Dividends. The Company and Parent shall coordinate the declaration, setting of record dates and payment dates of dividends on shares of Company Common Stock and shares of Parent Common Stock so that holders of shares of Company Common Stock do not receive dividends on both shares of Company Common Stock and Parent Common Stock received in the Merger in respect of any calendar quarter for which such dividend relates or fail to receive a dividend on either shares of Company Common Stock or Parent Common Stock received in the Merger for any calendar quarter.

8.2. **Effect of Termination and Abandonment.**

(a) Except to the extent provided in Section 8.2(b) and Section 8.2(c), in the event of termination of this Agreement and the abandonment of the Merger pursuant to this Article VIII, this Agreement shall become void and of no effect with no liability to any Person on the part of any Party (or any of its Representatives or Affiliates); provided, however, and notwithstanding anything to the contrary in this Agreement, (i) no such termination shall relieve any Party of any liability or damages to the other Parties resulting from any Willful Breach of this Agreement prior to such termination and (ii) the provisions set forth in this Section 8.2 and the second sentence of Section 9.1 shall survive the termination of this Agreement.

(b) In the event that this Agreement is terminated:

(i) by either the Company or Parent pursuant to Section 8.1(c)(i) [*Requisite Company Vote Not Obtained*], and,

(A) a *bona fide* Acquisition Proposal involving the Company shall have been publicly announced (and such Acquisition Proposal shall not have been publicly withdrawn) after the date of this Agreement and prior to the date of the Company Stockholders Meeting, and

(B) within 12 months after such termination, (1) the Company or any of its Subsidiaries shall have entered into an Alternative Acquisition Agreement to consummate an Acquisition Proposal, and such Acquisition Proposal is thereafter consummated, or (2) an Acquisition Proposal is otherwise consummated with respect to the Company or any of its Subsidiaries within 12 months of such termination (with 50% being substituted in lieu of 15% in each instance thereof in the definition of Acquisition Proposal for this purpose), then prior to or concurrently with such consummation, or

(ii) by Parent pursuant to Section 8.1(f)(A) [*Failure to Include Company Recommendation*], Section 8.1(f)(B) [*Change of Recommendation*] or Section 8.1(f)(C) [*Failure to Recommend Against Tender or Exchange Offer*], then promptly, but in no event later than two Business Days after the date of such termination, or

(iii) by Parent or the Company pursuant to 8.1(c)(i) [*Requisite Company Vote Not Obtained*], then, promptly, but in no event later than two Business Days after the date of such termination, the Company shall, (x) in the case of Section 8.2(b)(i) or Section 8.2(b)(ii), pay to Parent a termination fee of \$1,000,000,000 (the **Company Termination Fee**) less the amount of any reimbursements paid pursuant to the succeeding clause (y) of this paragraph in each case by wire transfer of immediately available funds to an account designated in writing by Parent and further, (y) in the case of Section 8.2(b)(iii), the Company shall pay all of the reasonable and documented out-of-pocket expenses of Parent incurred by Parent or Merger Sub in connection with this Agreement and the transactions contemplated by this Agreement, in an amount not to exceed \$100,000,000 (the **Expense Reimbursement Cap**). In no event shall the Company be required to pay the Company Termination Fee on more than one occasion. The Company shall pay the Company Termination Fee and any expense reimbursement (collectively, the **Company Payments**) to Parent free and clear and without withholding or deduction for U.S. federal income Taxes unless such withholding or deduction is required by Law. If the Company is required to withhold or deduct any amount for or on account of U.S. federal income Taxes under Section 881(a) of the Code from a Company Payment, the Company will remit the full amount so

withheld and deducted to the applicable Governmental Entity and, except to the extent such Taxes are attributable to Parent s

failure to provide the Company with a duly completed and executed IRS Form W-8BEN-E or W-8ECI, the Company will be required to pay additional amounts to Parent (the **Company Additional Amounts**) as may be necessary so that the net amount received by Parent (including the Company Additional Amounts) after such withholding or deduction is not less than the amount Parent would have received if the Taxes had not been so withheld or deducted. Furthermore the Company shall indemnify and hold harmless Parent from the full amount of any Taxes imposed on Parent under Section 881(a) of the Code (together with any interest and penalties and expenses paid or payable by Parent with respect thereto) with respect to the receipt of a Company Payment other than Taxes in respect of which amounts have been fully deducted and remitted and Company Additional Amounts have been paid. Parent shall use commercially reasonable efforts to obtain a refund from the applicable U.S. Governmental Entity of any Taxes in respect of which the Company has paid a Company Additional Amount or indemnified Parent (or, if such refund cannot be obtained, to claim a credit for such Taxes). Parent shall promptly pay the amount of any such refund or credit obtained to the Company, net of any costs, Taxes and expenses borne by Parent with respect to such refund or credit. The Company agrees to pay the amount of any expenses incurred by Parent in the process of applying for and obtaining such refund or credit. The obligations described in the foregoing will survive any termination, defeasance or discharge of this Agreement.

(c) In the event that this Agreement is terminated:

(i) by either the Company or Parent pursuant to Section 8.1(c)(ii) [*Requisite Parent Vote Not Obtained*], and,

(A) (x) a *bona fide* Acquisition Proposal involving Parent shall have been publicly announced (and such Acquisition Proposal shall not have been publicly withdrawn) after the date of this Agreement and prior to the date of the Parent Shareholders Meeting, and

(B) within 12 months after such termination, (1) Parent or any of its Subsidiaries shall have entered into an Alternative Acquisition Agreement to consummate an Acquisition Proposal, and such Acquisition Proposal is thereafter consummated, or (2) an Acquisition Proposal is otherwise consummated with respect to Parent or any of its Subsidiaries within 12 months of such termination (with 50% being substituted in lieu of 15% in each instance thereof in the definition of Acquisition Proposal for this purpose), then prior to or concurrently with such consummation, or

(ii) by the Company pursuant to Section 8.1(g)(A) [*Failure to Include Parent Recommendation*], Section 8.1(g)(B) [*Change of Recommendation*], or Section 8.1(g)(C) [*Failure to Recommend Against Tender or Exchange Offer*], then promptly, but in no event later than two Business Days after the date of such termination, or

(iii) by Parent or the Company pursuant to Section 8.1(c)(ii) [*Requisite Parent Vote Not Obtained*], then promptly, but in no event later than two Business Days after the date of such termination,

Parent shall, (x) in the case of Section 8.2(c)(i) or Section 8.2(c)(ii), pay to the Company a termination fee of CAN\$1,750,000,000 (the **Parent Termination Fee**) less the amount of any reimbursements paid pursuant to the succeeding clause (y) of this paragraph to the Company in each case by wire transfer of immediately available funds to account designated in writing by the Company and further, (y) in the case of Section 8.2(c)(iii), Parent shall pay all of the reasonable and documented out-of-pocket expenses of the Company incurred by the Company and any of its Subsidiaries in connection with this Agreement and the transactions contemplated by this Agreement, in an amount not to exceed the Expense Reimbursement Cap. In no event shall Parent be required to pay the Parent Termination Fee on more than one occasion. For purposes of Section 8.2(c)(i), with respect to Parent, the term Acquisition Proposal shall also be deemed to include the acquisition by Parent or any of its Subsidiaries, directly or indirectly, of a third party or the acquisition by a third party of Parent or any of its Subsidiaries, pursuant to a merger (including a triangular merger), consolidation, share exchange, amalgamation, scheme of arrangement, reorganization or other

of record), in the aggregate, less than 65% of the common equity of Parent or the Person that is the ultimate parent company resulting from such transaction. Parent shall pay the Parent Termination Fee and any expense reimbursement (collectively, the **Parent Payments**) to the Company free and clear and without withholding or deduction for Taxes unless such withholding or deduction is required by Law. If Parent is required to withhold or deduct any amount for or on account of Taxes from a Parent Payment, Parent will remit the full amount so withheld and deducted to the applicable Governmental Entity and Parent will be required to pay additional amounts to the Company (the **Parent Additional Amounts**) as may be necessary so that the net amount received by the Company (including the Parent Additional Amounts) after such withholding or deduction is not less than the amount the Company would have received if the Taxes had not been so withheld or deducted. Furthermore Parent shall indemnify and hold harmless the Company from the full amount of any Taxes imposed on the Company under Part XIII of the ITA (together with any interest and penalties and expenses paid or payable by the Company with respect thereto) with respect to the receipt of a Parent Payment other than Taxes in respect of which amounts have been fully deducted and remitted and Parent Additional Amounts have been paid. The Company shall use commercially reasonable efforts to obtain a refund from the applicable Canadian Governmental Entity of any Taxes in respect of which Parent has paid a Parent Additional Amount or indemnified the Company (or, if such refund cannot be obtained, to claim a credit for such Taxes). The Company shall promptly pay the amount of any such refund or credit obtained to Parent, net of any costs, Taxes and expenses borne by the Company with respect to such refund or credit. Parent agrees to pay the amount of any expenses incurred by the Company in the process of applying for and obtaining such refund or credit. The obligations described in the foregoing will survive any termination, defeasance or discharge of this Agreement.

The Parties acknowledge that the agreements contained in this Section 8.2 are an integral part of the transactions contemplated by this Agreement, and that, without these agreements, the other Parties would not enter into this Agreement; accordingly, if the Company or Parent, as applicable, fails to promptly pay the amount due pursuant to this Section 8.2, and, in order to obtain such payment, the other Party commences a suit that results in a judgment against the Company or Parent, as applicable for the amount due pursuant to this Section 8.2 or any portion of such amount due, the paying Party shall pay to the other Party its costs and expenses (including attorneys' fees) in connection with such suit, together with interest on the amount of such fee at the prime rate as published by *The Wall Street Journal* (in effect on the date such payment was required to be made) from the date such payment was required to be made through the date of payment. Notwithstanding anything to the contrary in this Agreement, the Parties hereby acknowledge that in the event that the Company Termination Fee or Parent Termination Fee becomes payable by, and is paid by, the Company, or becomes payable by, and is paid by, Parent, such fee shall be the receiving Party's and its Subsidiaries' and Affiliates' sole and exclusive remedy for any loss, cost, liability or expense relating to or arising out of this Agreement and the transactions contemplated by this Agreement; provided, however, no such payment shall relieve any Party of any liability or damages to the other Parties resulting from any Willful Breach by such Party of this Agreement.

9.2. Amendment; Waiver. Subject to the provisions of applicable Laws and the provisions of Section 6.15 [*Indemnification; Directors and Officers Insurance*], at any time prior to the Effective Time, this Agreement may be amended, modified or waived if, and only if, such amendment, modification or waiver is in writing and signed, in the case of an amendment, modification or waiver, by Parent, Merger Sub and the Company, or in the case of a waiver, by the Party against whom the waiver is to be effective. The conditions to each of the respective parties' obligations to consummate the Merger and the other transactions contemplated by this Agreement are for the sole benefit of such Party and may be waived by such Party in whole or in part to the extent permitted by applicable Law. No failure or delay by any Party in exercising any right, power or privilege hereunder shall operate as a waiver thereof nor shall any single or partial exercise thereof preclude any other or further exercise thereof or the exercise of any other right, power or privilege.

9.3. Counterparts. This Agreement may be executed in two or more counterparts, each of which shall be an original, with the same effect as if the signatures thereto and hereto were upon the same instrument, and shall become effective when one or more counterparts have been signed by each of the parties and delivered (by telecopy, electronic delivery or otherwise) to the other parties. Signatures to this Agreement transmitted by facsimile transmission, by electronic mail in portable document format (.pdf) form, or by any other electronic means intended to preserve the original graphic and pictorial appearance of a document, will have the same effect as physical delivery of the paper document bearing the original signature.

9.4. Governing Law and Venue; Submission to Jurisdiction; Selection of Forum; Waiver of Trial by Jury.

(a) THIS AGREEMENT SHALL BE DEEMED TO BE MADE IN AND IN ALL RESPECTS SHALL BE INTERPRETED, CONSTRUED AND GOVERNED BY AND IN ACCORDANCE WITH THE LAW OF THE STATE OF DELAWARE WITHOUT REGARD TO THE CONFLICT OF LAW PRINCIPLES THEREOF TO THE EXTENT THAT SUCH PRINCIPLES WOULD DIRECT A MATTER TO ANOTHER JURISDICTION.

(b) Each of the Parties agrees that it shall bring any action or proceeding in respect of any claim arising under or relating to this Agreement or the transactions contemplated by this Agreement exclusively in the Court of Chancery of the State of Delaware (or if such court declines to accept jurisdiction over a particular matter, any state or Federal court located within the State of Delaware) (the Chosen Courts) and, solely in connection with such claims, (i) irrevocably submits to the exclusive jurisdiction of the Chosen Courts, (ii) waives any objection to the laying of venue in any such action or proceeding in the Chosen Courts, (iii) waives any objection that the Chosen Courts are an inconvenient forum or do not have jurisdiction over any Party and (iv) agrees that mailing of process or other papers in connection with any such action or proceeding in the manner provided in Section 9.6 or in such other manner as may be permitted by Law shall be valid and sufficient service thereof.

(c) EACH PARTY ACKNOWLEDGES AND AGREES THAT ANY CONTROVERSY WHICH MAY ARISE UNDER THIS AGREEMENT IS LIKELY TO INVOLVE COMPLICATED AND DIFFICULT ISSUES, AND THEREFORE EACH PARTY HERETO IRREVOCABLY AND UNCONDITIONALLY WAIVES TO THE FULLEST EXTENT PERMITTED BY LAW ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY WITH RESPECT TO ANY ACTION OR PROCEEDING DIRECTLY OR INDIRECTLY ARISING UNDER OR RELATING TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED BY THIS AGREEMENT. EACH PARTY HEREBY ACKNOWLEDGES AND CERTIFIES (I) THAT NO REPRESENTATIVE, AGENT OR ATTORNEY OF THE OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT, IN THE EVENT OF ANY ACTION OR PROCEEDING, SEEK TO ENFORCE THE FOREGOING WAIVER, (II) IT UNDERSTANDS AND HAS CONSIDERED THE IMPLICATIONS OF THIS WAIVER, (III) IT MAKES THIS WAIVER VOLUNTARILY AND (IV) IT HAS BEEN INDUCED TO ENTER INTO THIS AGREEMENT AND THE TRANSACTIONS

CONTEMPLATED BY THIS AGREEMENT BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS CONTAINED IN THIS SECTION 9.4(c).

9.5. Specific Performance. Each of the Parties acknowledges and agrees that the rights of each Party to consummate the Merger and the other transactions contemplated by this Agreement are special, unique and of extraordinary character and that if for any reason any of the provisions of this Agreement are not performed in accordance with their specific terms or are otherwise breached, immediate and irreparable harm or damage would be caused for which money damages would not be an adequate remedy. Accordingly, each Party agrees that, in addition to any other available remedies a Party may have in equity or at law, each Party shall be entitled to enforce specifically the terms and provisions of this Agreement and to obtain an injunction restraining any breach or violation or threatened breach or violation of the provisions of this Agreement in the Court of Chancery of the State of Delaware without necessity of posting a bond or other form of security. In the event that any action or proceeding should be brought in equity to enforce the provisions of this Agreement, no Party shall allege, and each Party hereby waives the defense, that there is an adequate remedy at law.

9.6. Notices. All notices, requests, instructions or other communications or documents to be given or made hereunder by any Party to the other Parties shall be in writing and deemed given when (a) served by personal delivery upon the Party for whom it is intended, (b) sent by an internationally recognized overnight courier service upon the Party for whom it is intended, or (c) sent by email, provided that the transmission of the email is promptly confirmed by telephone:

Board of Directors

Spectra Energy Corp

5400 Westheimer Court

Houston, Texas 77056

Ladies and Gentlemen:

You have requested that BMO Capital Markets Corp. (**BMOCM** or **we**) render an opinion, as investment bankers, to the Board of Directors of Spectra Energy Corp, a Delaware corporation (**Spectra**), as to the fairness, from a financial point of view, to the holders of the common stock, par value \$0.001 per share, of Spectra (**Spectra Common Stock**) of the Exchange Ratio (as defined below) provided for pursuant to the terms and conditions of the Agreement and Plan of Merger (the **Merger Agreement**) to be entered into by and among Spectra, Enbridge Inc., a Canadian corporation (**Enbridge**), and Sand Merger Sub, Inc., a Delaware corporation and wholly owned subsidiary of Enbridge (**Merger Sub**).

For purposes of this opinion, we have reviewed an execution version of the Merger Agreement and we have assumed that the final form of the Merger Agreement will not differ in any material respects from the execution version provided to us.

The Merger Agreement provides, among other things, that Merger Sub will be merged with and into Spectra (the **Merger**), with Spectra surviving the Merger as a direct wholly owned subsidiary of Enbridge, pursuant to which, upon the effectiveness of the Merger, each outstanding share of Spectra Common Stock will be converted into the right to receive 0.984 (the **Exchange Ratio**) of a common share, no par value per share, of Enbridge (**Enbridge Common Shares**) with shares of Spectra Common Stock held by certain Canadian holders to be acquired through an offer in Canada. The terms and conditions of the Merger are more fully set forth in the Merger Agreement.

We have assumed that all of the conditions to the Merger will be satisfied, that the Merger will be consummated on the terms reflected in the Merger Agreement and in compliance with all applicable laws, documents and other requirements, without waiver, modification or amendment of any material term, condition or agreement, and that there will not be any delays, limitations, restrictions, conditions or other actions, including any divestitures, amendments or modifications, in the course of obtaining the necessary governmental, regulatory and third party approvals, consents, releases, waivers and agreements for the Merger or otherwise that would be meaningful in any respect to our analyses or opinion. We also have assumed that the Merger will qualify as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code, as amended.

In arriving at our opinion set forth below, we have reviewed, among other things:

Edgar Filing: ENBRIDGE INC - Form 424B3

- 1) an execution version of the Merger Agreement;

- 10) the relative contributions of Spectra and Enbridge to certain financial metrics of the pro forma combined company, based on the financial projections and other information relating to Spectra and Enbridge referred to above; and

In rendering our opinion, we have assumed and relied on the accuracy and completeness of all information supplied or otherwise made available to us by Spectra or its representatives or advisors, Enbridge or its representatives or advisors, or obtained by us from other sources. undertaken an independent valuation or appraisal of the assets or liabilities (contingent, derivative, off-balance sheet or otherwise) of Spectra, Enbridge or any other entity, nor have we been furnished with any such valuation or appraisal. We have not evaluated the solvency or fair value of Spectra, Enbridge or any other entity under any state, provincial or federal laws relating to bankruptcy, insolvency or similar matters. With respect to financial projections relating to Spectra and Enbridge (including with respect to the Tax Attributes) that we have been directed to utilize in our analyses, we have been advised by Spectra and Enbridge, and we have assumed, without independent investigation, that they have been reasonably prepared and reflect the best currently available estimates and good faith judgments of the managements of Spectra and Enbridge, as applicable, as to the future financial performance of Spectra and Enbridge, the Expected Benefits (including the amount, timing and achievability thereof) to result from or to be utilized as a result of, and the other pro forma financial impacts of, the Merger and the other matters covered thereby. We have assumed that the financial results, including the Tax Attributes and the Expected Benefits, reflected in such financial projections will be realized in the amounts and at the times projected. We express no opinion with respect to such projections, including the assumptions on which they are based. Furthermore, we have not assumed any obligation to conduct, and have not conducted, any physical inspection of the properties or facilities of Spectra or Enbridge. With respect to certain financial projections and other information that have been prepared or are publicly available in Canadian Dollars, we have utilized publicly available, or at your direction specified, Canadian Dollar to United States Dollar exchange rates and we have assumed, with your consent, that such exchange rates are reasonable to utilize for purposes of our analyses and that any currency or exchange rate fluctuations will not be meaningful in any respect to our analyses or opinion. We have relied upon the assessments of the managements of Spectra and Enbridge as to, among other things, (i) growth, expansion and other projects of Spectra and Enbridge, including with respect to the likelihood and timing thereof and assets, capital expenditures and other financial aspects involved, (ii) the potential impact on Spectra and Enbridge of market, competitive and other trends and developments in and prospects for, and governmental, regulatory and legislative matters relating to or otherwise affecting, the oil and gas and energy infrastructure industries, including commodity pricing and supply and demand for oil and gas, which are subject to significant volatility and which, if different than as assumed, could have a material impact on our analyses or opinion, (iii) existing and future contracts and relationships, agreements and arrangements with, and the ability to attract, retain and/or replace, key customers, producers and other commercial relationships of Spectra and Enbridge and (iv) the ability to integrate the operations of Spectra and Enbridge. We have assumed, with your consent, that there will be no developments with respect to any such matters that would have an adverse effect on Spectra, Enbridge or the Merger (including the contemplated benefits thereof) or that otherwise would be meaningful in any respect to our analyses or opinion.

Our opinion is necessarily based upon financial, economic, market and other conditions and circumstances as they exist and can be evaluated, and the information made available to us, as of the date hereof. We disclaim any undertakings or obligations to advise any person of any change in any fact or matter affecting the opinion which may come or be brought to our attention after the date of the opinion or to otherwise update, revise or reaffirm our opinion. As you are aware, the credit, financial and stock markets, and the industries in which Spectra and Enbridge operate, have experienced and continue to experience volatility and we express no opinion or view as to any potential effects of such volatility on Spectra, Enbridge or the Merger (including the contemplated benefits thereof).

Our opinion does not constitute a recommendation as to any action the Board of Directors of Spectra should take on any aspect of the Merger or the other transactions contemplated by the Merger Agreement or otherwise and is not a recommendation as to how any director should vote or act with

respect to the Merger or any other matter. Our opinion also does not constitute a recommendation to any security holder as to how such holder should vote or act with respect to the Merger or any other matter. Our opinion relates to the fairness, from a financial point of view, to holders of Spectra Common Stock of the Exchange Ratio provided for pursuant to the Merger Agreement without regard to individual circumstances of specific holders of, or any rights, preferences, restrictions or limitations that may be attributable to, shares of Spectra Common Stock or other securities of Spectra and does not address proportionate allocation or relative fairness among holders of Spectra Common Stock. In connection with our engagement, we were not requested to, and we did not, undertake a third-party solicitation process on Spectra's behalf with respect to the acquisition of all or a part of Spectra. We express no opinion herein as to the relative merits of the Merger and any other transactions or business strategies discussed by the Board of Directors of Spectra as alternatives to the Merger or the decision of the Board of Directors of Spectra to proceed with the Merger, nor do we express any opinion on any terms (other than the Exchange Ratio to the extent specified herein), aspects or implications of the Merger, including, without limitation, the form or structure of the Merger or any agreement, arrangement or understanding to be entered into in connection with or contemplated by the Merger or otherwise. Our opinion, as set forth herein, relates to the relative values of Spectra and Enbridge. Our opinion does not in any manner address the actual value of Enbridge Common Shares when issued in the Merger or the prices at which Spectra Common Stock or Enbridge Common Shares or any other securities will trade or otherwise be transferable at any time, including following the announcement or consummation of the Merger. We are not experts in, and this opinion does not address, any of the legal, regulatory, tax or accounting aspects of the Merger, including, without limitation, whether or not the Merger or the other transactions contemplated by the Merger Agreement constitute a change of control under any contract or agreement to which Spectra, Enbridge or any of their respective affiliates is a party or may be subject or the tax consequences of the Merger to holders of shares of Spectra Common Stock. We have relied solely on Spectra's legal, regulatory, tax and accounting advisors for such matters. In addition, we express no view or opinion as to the fairness of the amount or nature of, or any other aspects relating to, the compensation of any officers, directors or employees of any parties to the Merger, or class of such persons, relative to the Exchange Ratio or otherwise.

BMOCM and certain of its affiliates have acted as financial advisor to Spectra with respect to the Merger and will receive a fee for such services, the principal portion of which is contingent upon successful completion of the Merger. BMOCM and/or certain of its affiliates also will receive a fee upon delivery of this opinion and a fee upon execution of the Merger Agreement, which will not be contingent on the completion of the Merger. In addition, Spectra has agreed to reimburse BMOCM and its affiliates for reasonable expenses incurred in connection with our engagement and to indemnify BMOCM and such affiliates against certain liabilities arising out of our engagement. As the Board of Directors of Spectra is aware, at Spectra's request in connection with the Merger, BMOCM and/or certain of its affiliates also expect to act as joint lead arranger and joint bookrunner for, and a lender under, a new senior unsecured credit facility of Spectra, proceeds of which are expected to fund ordinary course capital expenditures and general corporate purposes, for which services BMOCM and such affiliates expect to receive compensation.

BMOCM and/or certain of its affiliates, as part of their investment banking businesses, are continually engaged in the valuation of businesses and their securities in connection with mergers and acquisitions, negotiated underwritings, competitive biddings, secondary distributions of listed and unlisted securities, private placements, corporate and other purposes. BMOCM and/or certain of its affiliates provide a full range of financial advisory and securities services and, in the course of its normal trading activities, may from time to time effect transactions and hold securities, including, without limitation, derivative

The Board of Directors:

You have requested our opinion as to the fairness, from a financial point of view, to the holders of the common stock of Spectra Energy Corp (Spectra) of the Exchange Ratio (defined below) provided for pursuant to the terms and subject to the conditions set forth in an Agreement and Plan of Merger (the Agreement) to be entered into among Spectra, Enbridge Inc. (Enbridge) and Sand Merger Sub, Inc., a wholly owned subsidiary of Enbridge (Merger Sub). As more fully described in the Agreement, (i) Merger Sub will be merged with and into Spectra (the Merger), with Spectra as the surviving corporation and a direct wholly owned subsidiary of Enbridge, and (ii) each outstanding share of the common stock, par value \$0.001 per share, of Spectra (Spectra Common Stock) will be converted into the right to receive 0.984 (the Exchange Ratio) of a common share, no par value per share, of Enbridge (Enbridge Common Shares) with shares of Spectra Common Stock held by certain Canadian holders to be acquired through an offer in Canada. The terms and conditions of the Merger are more fully set forth in the Agreement.

In arriving at our opinion, we reviewed an execution version of the Agreement and held discussions with certain senior officers, directors and other representatives of Spectra and certain senior officers and other representatives of Enbridge concerning the businesses, operations and prospects of Spectra and Enbridge. We reviewed certain publicly available and other business and financial information relating to Spectra and Enbridge provided to or discussed with us by the respective managements of Spectra and Enbridge, including certain internal financial forecasts and other information and data relating to Spectra prepared by the management of Spectra and certain financial forecasts and other information and data relating to Enbridge prepared by the management of Enbridge as reviewed and approved by the management of Spectra. We also were provided with certain information and data relating to the potential strategic implications and operational benefits (including the amount, timing and achievability thereof) anticipated by the management of Spectra to result from the Merger. We reviewed the financial terms of the Merger as set forth in the Agreement in relation to, among other things: current and historical market prices of Spectra Common Stock and Enbridge Common Shares; the financial condition and historical and projected cash flows and other operating data of Spectra and Enbridge; and the capitalization of Spectra and Enbridge. We analyzed certain financial, stock market and other publicly available information relating to the businesses of other companies whose operations we considered relevant in evaluating those of Spectra and Enbridge. We also evaluated certain potential pro forma financial effects of the Merger on the future financial performance of Spectra relative to Spectra on a standalone basis and of Enbridge utilizing the financial forecasts and other information and data relating to Spectra and Enbridge and the potential strategic implications and operational benefits referred to above. In addition to the foregoing, we conducted such other analyses and examinations and considered such other information and financial, economic and market criteria as we deemed

In rendering our opinion, we have assumed and relied, without independent verification, upon the accuracy and completeness of all financial and other information and data publicly available or provided to or otherwise reviewed by or discussed with us and upon the assurances of the managements and other representatives of Spectra and Enbridge that they are not aware of any relevant information that has been omitted or that remains undisclosed to us. With respect to the financial forecasts and other information and data that we have been directed to utilize in our analyses (including estimates as to the tax attributes of Spectra and Enbridge as expected by the respective managements of Spectra and Enbridge to be utilized by Spectra and Enbridge), we have been advised by the respective managements of Spectra and Enbridge and we have assumed, with your consent, that such forecasts and other information and data were reasonably prepared on bases reflecting the best currently available estimates and judgments of such managements, as applicable, as to the future financial performance of Spectra and Enbridge, the potential strategic implications and operational benefits (including the amount, timing and achievability thereof) anticipated by the respective managements of Spectra and Enbridge, as applicable, to result from or to be utilized as a result of, and the potential pro forma financial effects of, the Merger and the other matters covered thereby. We have assumed, with your consent, that the financial results, including with respect to the potential strategic implications and operational benefits anticipated to result from or to be utilized as a result of the Merger, reflected in such financial forecasts and other information and data will be realized in the amounts and at the times projected. We have assumed, with your consent, that there will be no developments with respect to any such matters that would have an adverse effect on Spectra, Enbridge or the Merger (including the contemplated benefits thereof) or that otherwise would be meaningful in any respect to our analyses or opinion.

We also have assumed that the Merger will qualify as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code, as amended. Our opinion, as set forth herein, relates to the relative values of Spectra and Enbridge. We are not expressing any view or opinion as to the actual value of Enbridge Common Shares when issued in the Merger or the prices at which Spectra Common Stock, Enbridge Common Shares or any other securities will trade or otherwise be transferable at any time, including following the announcement or consummation of the Merger.
