#### **Item 1.01 Entry into a Material Definitive Agreement.**

##### **New Revolving Credit Facility**

On the Effective Date, the Company s existing Loan and Security Agreement, dated June 1, 2015, among the Company and Key Energy Services, LLC, as borrowers, certain of their subsidiaries named as guarantors therein, the financial institutions party thereto from time to time as lenders, Bank of America, N.A., as administrative agent, and Bank of America, N.A. and Wells Fargo Bank, National Association, as co-collateral agents, which previously provided for a \$100 million ABL revolving credit facility, was terminated in accordance with the Plan.

On December 15, 2016, the Company and Key Energy Services, LLC, as borrowers (the ABL Borrowers ), entered into a Loan and Security Agreement (the ABL Facility ), with the financial institutions party thereto from time to time as lenders (the ABL Lenders ), Bank of America, N.A., as administrative agent for the lenders, and Bank of America, N.A. and Wells Fargo Bank, National Association, as co-collateral agents for the lenders. The ABL Facility provides for aggregate initial commitments from the ABL Lenders of \$80 million and matures on June 15, 2021.

The ABL Facility provides the ABL Borrowers with the ability to borrow up to an aggregate principal amount equal to the lesser of (i) the aggregate revolving commitments then in effect and (ii) the sum of (a) 85% of the value of eligible accounts receivable plus (b) 80% of

the value of eligible unbilled accounts receivable, subject to a limit equal to the greater of (x) \$35 million and (y) 25% of the Commitments. The amount that may be borrowed under the ABL Facility is subject to increase or reduction based on certain segregated cash or reserves provided for by the ABL Facility. In addition, the percentages of accounts receivable and unbilled accounts receivable included in the calculation described above is subject to reduction to the extent of certain bad debt write-downs and other dilutive items provided in the ABL Facility.

Borrowings under the ABL Facility will bear interest, at the ABL Borrowers' option, at a per annum rate equal to (i) LIBOR for 30, 60, 90, 180, or, with the consent of the ABL Lenders, 360 days, plus an applicable margin that varies from 2.50% to 4.50% depending on the Borrowers' fixed charge coverage ratio at such time or (ii) a base rate equal to the sum of (a) the greatest of (x) the prime rate, (y) the federal funds rate, plus 0.50% or (z) 30-day LIBOR, plus 1.0% plus (b) an applicable margin that varies from 1.50% to 3.50% depending on the Borrowers' fixed charge coverage ratio at such time. In addition, the ABL Facility provides for unused line fees of 1.0% to 1.25% per year, depending on utilization, letter of credit fees and certain other factors.

The ABL Facility may in the future be guaranteed by certain of the Company's existing and future subsidiaries (the ABL Guarantors, and together with the ABL Borrowers, the ABL Loan Parties). To secure their obligations under the ABL Facility, each of the ABL Loan Parties has granted or will grant, as applicable, to the Administrative Agent a first-priority security interest for the benefit of the ABL Lenders in its present and future accounts receivable, inventory and related assets and proceeds of the foregoing (the ABL Priority Collateral). In addition, the obligations of the ABL Loan Parties under the ABL Facility are secured by second-priority liens on the Term Priority Collateral (as described below under Term Loan Facility).

The revolving loans under the ABL Facility may be voluntarily prepaid, in whole or in part, without premium or penalty, subject to breakage or similar costs.

The ABL Facility contains certain affirmative and negative covenants, including covenants that restrict the ability of the ABL Loan Parties to take certain actions including, among other things and subject to certain significant exceptions, the incurrence of debt, the granting of liens, the making of investments, entering into transactions with affiliates, the payment of dividends and the sale of assets. The ABL Facility also contains a requirement that the ABL Borrowers comply, during certain periods, with a fixed charge coverage ratio of 1.00 to 1.00.

The foregoing description of the ABL Facility is summary in nature and is qualified in its entirety by reference to the full and complete terms of the ABL Facility. A copy of the ABL Facility is filed herewith as Exhibit 10.1 and is incorporated herein by reference.

The Term Loan Facility is guaranteed by certain of the Company s existing and future subsidiaries (the Term Loan Guarantors, and together with the Company, the Term Loan Parties ). To secure their obligations under the Term Loan Facility, each of the Term Loan Parties has granted or will grant, as applicable, to the agent a first-priority security interest for the benefit of the Term Loan Lenders in substantially all of each Term Loan Party s assets other than certain excluded assets and the ABL Priority Collateral (the Term Priority Collateral ). In addition, the obligations of the Term Loan Parties under the Term Loan Facility are secured by second-priority liens on the ABL Priority Collateral (as described above under ABL Facility ).

The loans under the Term Loan Facility may be prepaid at the Company s option, subject to the payment of a prepayment premium in certain circumstances as provided in the Term Loan Facility. The Company is required to make principal payments in the amount of \$625,000 per quarter commencing with the quarter ending March 31, 2017. In addition, pursuant to the Term Loan Facility, the Company must prepay or offer to prepay, as applicable, term loans with the net cash proceeds of certain debt incurrences and asset sales, excess cash flow, and upon certain change of control transactions, subject in each case to certain exceptions.

The Term Loan Facility contains certain affirmative and negative covenants, including covenants that restrict the ability of the Term Loan Parties to take certain actions including, among other things and subject to certain significant exceptions, the incurrence of debt, the granting of liens, the making of investments, entering into transactions with affiliates, the payment of dividends and the sale of assets. The Term Loan Facility also contains financial covenants requiring that the Company maintain an asset coverage ratio of at least 1.35 to 1.0 and that Liquidity (as defined in the Term Loan Facility) must not be less than \$37.5 million (of which at least \$20.0 million must be in cash or cash equivalents held in deposit accounts) as of the last day of any fiscal quarter, subject to certain exceptions and cure rights.

The foregoing description of the Term Loan Facility is summary in nature and is qualified in its entirety by reference to the full and complete terms of the Term Loan Facility. A copy of the Term Loan Facility is filed herewith as Exhibit 10.2 and is incorporated herein by reference.

### **Warrant Agreement**

On the Effective Date, pursuant to the Plan, the Company entered into a warrant agreement with American Stock Transfer & Trust Company, LLC (the Warrant Agreement ), and issued two series of warrants to the former holders of the Company's common stock. One series of warrants will expire on the close of business on December 15, 2020 (the 4-Year Warrants ), and the other series of warrants will expire on the close of business on December 15, 2021 (the 5-Year Warrants ) and, together with the 4-Year Warrants, the Warrants ). Each Warrant is exercisable for one share of reorganized Key's common stock, par value \$0.01 (the Common Stock ). As of the Effective Date, there are 919,090 4-Year Warrants outstanding to purchase up to an aggregate of 919,090 shares of Common Stock at an initial exercise price of \$43.52 per share and 919,090 5-Year Warrants outstanding to purchase up to an aggregate of 919,090 shares of Common Stock at an initial exercise price of \$54.40 per share.

All unexercised Warrants will expire, and the rights of the holders of such Warrants to purchase Common Stock will terminate, at the close of business on the first to occur of (i) their respective expiration dates or (ii) the date of completion of a merger, sale or other Reorganization Transaction (as defined in the Warrant Agreement) that results in the Common Stock being converted into, changed into or exchanged for consideration consisting solely of cash (a Cash Exit Transaction ). In the case of a Cash Exit Transaction in which the cash paid per share of Common Stock (the Per Share Cash Consideration ) exceeds the exercise price of any Warrant, each such Warrant will be deemed to have been exercised immediately prior to the Cash Exit Transaction for an amount equal to the excess of (1) the Per Share Cash Consideration over (2) the exercise price of such Warrant. Upon the occurrence of a Reorganization Transaction that is not a Cash Exit Transaction, each Warrant holder will have the right to receive, upon exercise of any outstanding Warrant, the kind and amount of securities, other property or assets that a holder of one share of Common Stock would have been entitled to receive in connection with such Reorganization Transaction.

The Warrants permit a Warrant holder to elect to exercise the Warrants such that no payment of cash will be required in connection with such exercise ( Net Share Settlement ). If Net Share Settlement is elected, the Company will deliver, without any cash payment therefor, a number of shares of Common Stock equal to (1) the fair value (as of the exercise date for such Warrant) of one share of Common Stock minus the 4-Year Exercise Price or the 5-Year Exercise Price, as applicable, divided by (2) the fair value of one share of Common Stock. For purposes of the Warrant Agreement, if the Common Stock is listed on the New York Stock Exchange (the NYSE ) or the NASDAQ Stock Market, the fair value of each share of Common Stock will equal the volume-weighted average price per share of Common Stock for the 20 trading days ending on, but excluding, the date of exercise.

The exercise price per share of the Warrants and the number of Warrants are subject to adjustment from time to time upon the occurrence of certain events including: (1) the issuance of Common Stock as a dividend or distribution to all holders of shares of Common Stock, or a subdivision, combination, split, reverse split or reclassification of Common Stock into a greater or smaller number shares of Common Stock; and (2) the issuance as a dividend or distribution to all holders of Common Stock of cash, evidences of indebtedness, securities of the Company or any other person, or other property.

No Warrant holder will have, by virtue of holding or having a beneficial interest in the Warrants, the right to vote, to consent, to receive any cash dividends, stock dividends, allotments or rights or other distributions paid, allotted or distributed or distributable to the holders of Common Stock, or to exercise any rights whatsoever as a stockholder of the Company unless, until and only to the extent such Warrant holder becomes a holder of record of shares of Common Stock issued upon settlement of Warrants.

The foregoing description of the Warrant Agreement is summary in nature and is qualified in its entirety by reference to the full and complete terms of the Warrant Agreement. A copy of the Warrant Agreement is filed herewith as Exhibit 10.3 and is incorporated herein by reference.
