All statements, other than statements of historical fact, are forward-looking statements. The words believe , expect , anticipate , contemplate , target , plan , objective , aim , intend , continue , budget , estimate , potential , may , will , can , could and similar expressions identify forward-looking statements.

In particular, this Prospectus contains forward-looking statements including, without limitation, with respect to: (i) Barrick s forward-looking production guidance; (ii) estimates of future cost of sales per ounce for gold and per pound for copper, all-in-sustaining costs per ounce/pound, cash costs per ounce and C1 cash costs per pound; (iii) cash flow forecasts; (iv) projected capital, operating and exploration expenditures; (v) targeted debt and cost reductions; (vi) targeted investments by Barrick; (vii) mine life and production rates; (viii) potential mineralization and metal or mineral recoveries; (ix) Barrick s Best-in-Class program (including potential improvements to financial and operating performance that may result from certain Best-in-Class initiatives); (x) the Lama starter project and the potential for phased in development of the Pascua Lama project; (xi) timing and completion of acquisitions; (xii) asset sales or joint ventures; and (xiii) expectations regarding future price assumptions, financial performance and other outlook or guidance.

Forward-looking statements are necessarily based upon a number of estimates and assumptions including material estimates and assumptions related to the factors set forth below that, while considered reasonable by us as at the date of this Prospectus in light of management s experience and perception of current conditions and expected developments, are inherently subject to significant business, economic and competitive uncertainties and contingencies. Known and unknown factors could cause actual results to differ materially from those projected in the forward-looking statements and undue reliance should not be placed on such statements and information. Such factors include, but are not limited to: fluctuations in the spot and forward price of gold, copper or certain other commodities (such as silver, diesel fuel, natural gas and electricity); the speculative nature of mineral exploration and development;

changes in mineral production performance, exploitation and exploration successes; risks associated with the fact that certain Best-in-Class initiatives are still in the early stages of evaluation and additional engineering and other analysis is required to fully assess their impact; diminishing quantities or grades of reserves; increased costs, delays, suspensions and technical challenges associated with the construction of capital projects; operating or technical difficulties in connection with mining or development activities, including geotechnical challenges and disruptions in the maintenance or provision of required infrastructure and information technology systems; failure to comply with environmental and health and safety laws and regulations; timing of receipt of, or failure to comply with, necessary permits and approvals; uncertainty whether some or all of the Best-in-Class initiatives and investments targeted by us will meet our capital allocation objectives; the impact of global liquidity and credit availability on the timing of cash flows and the values of assets and liabilities based on projected future cash flows; adverse changes in our credit ratings; the impact of inflation; fluctuations in the currency markets; changes in U.S. dollar interest rates; risks arising from holding derivative instruments; changes in national and local government legislation, taxation, controls or regulations and/or changes in the administration of laws, policies and practices, expropriation or nationalization of property and political or economic developments in Canada, the United States and other jurisdictions in which Barrick does or may carry on business in the future; lack of certainty with respect to foreign legal systems, corruption and other factors that are inconsistent with the rule of law; damage to Barrick's reputation due to the actual or perceived occurrence of any number of events, including negative publicity with respect to Barrick's handling of environmental matters or dealings with community groups, whether true or not; risk of loss due to acts of war, terrorism, sabotage and civil disturbances; litigation; contests over title to properties, particularly title to undeveloped properties, or over access to water, power and other required infrastructure; business opportunities that may be presented to, or pursued by, Barrick; our ability to successfully integrate acquisitions or complete divestitures; risks associated with working with partners in jointly controlled assets; employee relations including loss of key employees; increased costs and physical risks, including extreme weather events and resource shortages, related to climate change; availability and increased costs associated with mining inputs and labor; and the organization of our previously held African gold operations and properties under a separate listed company. In addition, there are risks and hazards associated with the business of mineral exploration, development and mining, including environmental hazards, industrial accidents, unusual or unexpected formations, pressures, cave-ins, flooding and gold bullion, copper cathode or gold or copper concentrate losses (and the risk of inadequate insurance, or inability to obtain insurance, to cover these risks).

Table of Contents

Many of these uncertainties and contingencies can affect our actual results and could cause actual results to differ materially from those expressed or implied in any forward-looking statements made by, or on behalf of, us. Readers are cautioned that forward-looking statements are not guarantees of future performance. All of the forward-looking statements made in this Prospectus are qualified by these cautionary statements. For additional information with respect to our risk factors, reference should be made to the section of this Prospectus entitled *Risk Factors*, to the documents incorporated herein by reference and to our continuous disclosure materials filed from time to time with Canadian and United States securities regulatory authorities. Specific reference is made to the most recent Form 40-F/Annual Information Form on file with the SEC and Canadian provincial securities regulatory authorities for a more detailed discussion of some of the factors underlying forward-looking statements and the risks that may affect Barrick's ability to achieve the expectations set forth in the forward-looking statements contained in this Prospectus.

NOTICE REGARDING PRESENTATION

OF OUR MINERAL RESERVE AND MINERAL RESOURCE ESTIMATES

Our mineral reserves and mineral resources have been calculated in accordance with National Instrument 43-101 *Standards of Disclosure for Mineral Projects* (**NI 43-101**), as required by Canadian securities regulatory authorities. For United States reporting purposes, Industry Guide 7 (under the U.S. Securities Exchange Act of 1934, as amended (the **Exchange Act**)), as interpreted by the Staff of the SEC, applies different standards in order to classify mineralization as a reserve. In addition, while the terms *measured*, *indicated* and *inferred* mineral resources are required pursuant to NI 43-101, the SEC does not recognize such terms. Canadian standards differ significantly from the requirements of the SEC, and mineral resource information contained herein and in the documents incorporated herein by reference is not comparable to similar information regarding mineral reserves disclosed in accordance with the requirements of the SEC. Investors should understand that *inferred* mineral resources have a great amount of uncertainty as to their existence and as to their economic and legal feasibility. In addition, investors are cautioned not to assume that any part or all of our mineral resources constitute or will be converted into reserves. Accordingly, information contained in this Prospectus and in the documents incorporated by reference herein containing descriptions of Barrick's mineral deposits may not be comparable to similar information made public by United States companies subject to the reporting requirements of United States federal securities laws and the rules and regulations thereunder.

ENFORCEABILITY OF CERTAIN CIVIL LIABILITIES

Barrick is a corporation existing under the laws of the Province of Ontario, Canada. A significant portion of our assets are located outside of the United States. In addition, some of our directors and officers and most of the experts named in this Prospectus are resident outside the United States, and a significant portion of their respective assets are located outside of the United States. We have appointed an agent for service of process in the United States, but it may be difficult for holders of Securities who reside in the United States to effect service within the United States upon those directors, officers and experts who are not residents of the United States. It may also be difficult for holders of the Securities who reside in the United States to realize in the United States upon judgments of courts of the United States predicated upon our civil liability and the civil liability of our directors and officers and experts under United States federal securities laws.

We have filed with the SEC, concurrently with the registration statement on Form F-10, an appointment of agent for service of process on Form F-X. Under the Form F-X, we have appointed CT Corporation System as our agent for service of process in the United States in connection with any investigation or administrative proceeding conducted by the SEC, and any civil suit or action brought against us in a United States court arising out of or related to or concerning the offering of the Securities under the registration statement.

We have been advised by our Canadian counsel, Davies Ward Phillips & Vineberg LLP, that there is some doubt as to the enforceability in original actions in Canadian courts of liabilities based upon the U.S. federal securities laws, and as to the enforceability in Canadian courts of judgments of United States courts obtained in actions based upon the civil liability provisions of the United States federal securities laws.

Rick Sims, Patrick Garretson, Kathleen Ann Altman, Stuart E. Collins and Hugo M. Miranda, each a qualified person for purposes of Canadian securities legislation who has prepared or supervised the preparation of certain scientific and technical information contained or incorporated by reference in this prospectus, reside outside of Canada. Nine of our directors, Gustavo Cisneros, J. Michael Evans, Brian L. Greenspun, J. Brett Harvey, Pablo Marcet, Dambisa Moyo, Steven J. Shapiro, John L. Thornton and Ernie L. Thrasher, reside outside of Canada and each has appointed Barrick Gold Corporation, Brookfield Place, TD Canada Trust Tower, Suite 3700, 161 Bay Street, P.O. Box 212, Toronto, Ontario, Canada M5J 2S1 as agent for service of process. Investors are advised that it may not be possible to enforce judgments obtained in Canada against any person that resides outside of Canada, even if such person has appointed an agent for service of process.

RISK FACTORS

An investment in the Securities involves certain risks. A prospective purchaser of Securities should carefully consider the risks and uncertainties described in the documents incorporated by reference into this Prospectus (including subsequent filed documents incorporated by reference into this Prospectus) and, if applicable, those described in a Prospectus Supplement relating to a specific offering of Securities. Discussions of certain risks and uncertainties affecting our business are provided in our Annual Information Form and our Annual Management's Discussion and Analysis (or, as applicable, our annual information form and our management's discussion and analysis for subsequent periods), each of which is incorporated by reference into this Prospectus. These are not the only risks and uncertainties that we face. Additional risks not presently known to us or that we currently consider immaterial may also materially and adversely affect us. If any of the events identified in these risks and uncertainties were to actually occur, our business, financial condition or results of operations could be materially harmed.

In addition, prospective purchasers of Securities should carefully consider, in light of their own financial circumstances, the risk factors set out below, as well as the other information contained in this Prospectus (including the documents incorporated by reference herein) and in all subsequently filed documents incorporated by reference and those described in a Prospectus Supplement relating to a specific offering of Securities, before making an investment decision.

There is no existing public market for the Preferred Shares, Debt Securities, Subscription Receipts, Warrants, Share Purchase Contracts or Units and a market may not develop.

There is currently no market through which the Preferred Shares, Debt Securities, Subscription Receipts, Warrants, Share Purchase Contracts or Units may be sold and purchasers of Preferred Shares, Debt Securities, Subscription Receipts, Warrants, Share Purchase Contracts or Units may not be able to resell such Preferred Shares, Debt Securities, Subscription Receipts, Warrants, Share Purchase Contracts or Units purchased under this Prospectus. There can be no assurance that an active trading market will develop for the Preferred Shares, Debt Securities, Subscription Receipts, Warrants, Share Purchase Contracts or Units after an offering or, if developed, that such market will be sustained. This may affect the pricing of the Preferred Shares, Debt Securities, Subscription Receipts, Warrants, Share Purchase Contracts or Units in the secondary market, the transparency and availability of trading prices, the liquidity of the Preferred Shares, Debt Securities, Subscription Receipts, Warrants, Share Purchase Contracts or Units and the extent of issuer regulation.

The public offering prices of the Securities may be determined by negotiation between Barrick and underwriters, dealers or agents based on several factors and may bear no relationship to the prices at which the Securities will trade in the public market subsequent to such offering, if any public market develops. See Plan of Distribution .

Prevailing interest rates will affect the market price or value of the Preferred Shares and Debt Securities.

The market price or value of the Preferred Shares and Debt Securities will decline as prevailing interest rates for comparable debt instruments rise, and increase as prevailing interest rates for comparable debt instruments decline.

The Debt Securities will not be secured by assets of Barrick.

Holders of secured indebtedness of Barrick would have a claim on the assets securing such indebtedness that effectively ranks prior to the claim of holders of Debt Securities and would have a claim that ranks equal with the claim of holders of senior Debt Securities and senior to the claim of holders of subordinated Debt Securities to the extent that such security did not satisfy the secured indebtedness. Furthermore, although covenants given by Barrick

in various agreements may restrict incurring secured indebtedness, such indebtedness may, subject to certain conditions, be incurred by us in the future.

Subordination.

The Debt Securities will be senior or subordinated indebtedness as described in the relevant Prospectus Supplement. In the event of the insolvency or winding-up of Barrick, any subordinated Debt Securities would be subordinated and postponed in right of payment to the prior payment in full of all other liabilities and indebtedness of Barrick, other than indebtedness that, by its terms, ranks equally with, or subordinate to, such subordinated Debt Securities.

Potential Dilution.

Our articles of amalgamation allow us to issue an unlimited number of Common Shares for such consideration and on such terms and conditions as shall be established by our Board of Directors, in many cases, without the approval of our shareholders. We may issue Common Shares in public or private offerings (including through the sale of Securities convertible into or exchangeable for Common Shares) and on the exercise of stock options or other securities exercisable for Common Shares. We may also issue Common Shares to finance or as consideration for future acquisitions and other projects or in connection with the establishment or development of strategic relationships. Any such future issuances of Common Shares could be significant and we cannot predict the effect that future issuances and sales of Common Shares will have on the market price of the Common Shares. Issuances of a substantial number of additional Common Shares, or the perception that such issuances could occur, may adversely affect prevailing market prices for our Common Shares. With any additional issuance of Common Shares, investors will suffer dilution to their voting power and we may experience dilution in our earnings per share.

Foreign Currency Risks.

Securities denominated or payable in foreign currencies may entail significant risks, and the extent and nature of such risks change continuously. These risks include, without limitation, the possibility of significant fluctuations in the foreign currency market, the imposition or modification of foreign exchange controls and potential illiquidity in the secondary market. These risks will vary depending on the currency or currencies involved. Prospective purchasers should consult their own financial and legal advisors as to the risks entailed in an investment in Securities denominated in currencies other than the currency primarily used by such purchaser. Such Securities are not an appropriate investment for investors who are unsophisticated with respect to foreign currency transactions.

DESCRIPTION OF SECURITIES OFFERED

Common Shares

There are no limitations contained in the articles or by-laws of Barrick or the *Business Corporations Act* (Ontario) on the ability of a person who is not a Canadian resident to hold Common Shares or exercise the voting rights associated with our Common Shares.

The rights, preferences and privileges of holders of Common Shares are subject to the rights of the holders of shares of any class or series of Preferred Shares or any other class ranking senior to the Common Shares that Barrick may issue in the future. A summary of the rights of the Common Shares is set forth below. Common Shares may be sold separately or together with Preferred Shares, Debt Securities, Subscription Receipts, Warrants or Share Purchase Contracts under this Prospectus. Common Shares may also be issuable on conversion, exchange, exercise or maturity of certain Debt Securities, Subscription Receipts, Warrants or Share Purchase Contracts qualified for issuance under this Prospectus.

Dividends

Holders of Common Shares are entitled to receive dividends if, as and when declared by our Board of Directors in respect of the Common Shares. The *Business Corporations Act* (Ontario) provides that a corporation may not declare or pay a dividend if there are reasonable grounds for believing that it is, or would be after the payment of the dividend, unable to pay its liabilities as they become due or the realizable value of its assets would thereby be less than the aggregate of its liabilities and stated capital of all classes of shares of its capital.

Liquidation

Subject to the prior rights of the holders, if any, of the Preferred Shares then outstanding and of the shares then outstanding of any other class ranking senior to the Common Shares, the holders of Common Shares are entitled to share ratably in any distribution of the assets of Barrick upon liquidation, dissolution or winding-up, after satisfaction of all debts and other liabilities.

Voting Rights

The holders of Common Shares are entitled to one vote for each share on all matters submitted to a vote of shareholders and do not have cumulative voting rights.

Preferred Shares

The following is a summary of the material rights, privileges, conditions and restrictions attached to the First Preferred Shares and the Second Preferred Shares. The specific terms of the Preferred Shares, including the designation of the particular class, series, liquidation preference amount, the number of shares offered, the offering price (or the manner of determination thereof if offered on a non-fixed price basis), the currency or currency unit for which such shares may be purchased, any voting rights, any rights to receive dividends, any terms of redemption, any conversion or exchange rights and any other specific terms, and the extent to which the general terms described in this section apply to those Preferred Shares, will be set forth in the applicable Prospectus Supplement. One or more classes or series of Preferred Shares may be sold separately or together with Common Shares, Debt Securities, Subscription Receipts, Warrants or Share Purchase Contracts under this prospectus.

Issuance in Series

First Preferred Shares and Second Preferred Shares may be issued from time to time in series. The Board of Directors of Barrick determines by resolution the designation, rights, privileges, restrictions and conditions to be attached to each such series.

Redemption

Barrick is entitled to redeem all or any part of the First Preferred Shares or Second Preferred Shares of any series on payment for each share of the amount equal to the result obtained when the stated capital account for the series is divided by the number of issued and outstanding shares of such series together with such premium, if any, as may be determined by the Board of Directors in connection with its determination of the designation, rights, privileges, restrictions and conditions to be attached to the applicable series, and all declared and unpaid dividends thereon. Barrick is also entitled to purchase for cancellation all or any part of the First Preferred Shares and Second Preferred Shares of any series.

Table of Contents

Priority

The First Preferred Shares and the Second Preferred Shares of each series are entitled to a preference over the Common Shares and any other shares ranking junior to the First Preferred Shares or Second Preferred Shares, as the case may be, with respect to the payment of dividends and the distribution of assets in the event of a liquidation, dissolution or winding-up of Barrick. Any series of First Preferred Shares or Second Preferred Shares may also be given such other preferences over the Common Shares and any other shares ranking junior to the First Preferred Shares or Second Preferred Shares, as the case may be, as may be determined. In the event of a liquidation, dissolution or winding-up of Barrick, the holders of the First Preferred Shares are entitled to receive, in the aggregate, the amount of the stated capital account of the First Preferred Shares plus all declared and unpaid dividends plus, if the liquidation, dissolution or winding-up is voluntary, any premium to which the shares would be entitled on a redemption, before any amount is paid or property or assets are distributed to the holders of Common Shares or any other shares ranking junior to the First Preferred Shares. After payment of such amount, the holders of the First Preferred Shares are not entitled to share in any further distribution of the property or assets of Barrick. In the event of a liquidation, dissolution or winding-up of Barrick, the holders of the Second Preferred Shares are entitled to receive, in the aggregate, the amount of the stated capital account of the Second Preferred Shares plus all declared and unpaid dividends plus, if the liquidation, dissolution or winding-up is voluntary, any premium to which the shares would be entitled on a redemption, before any amount is paid or property or assets are distributed to the holders of Common Shares or any other shares ranking junior to the Second Preferred Shares. After payment of such amount, the holders of the Second Preferred Shares are not entitled to share in any further distribution of the property or assets of Barrick.

Dividends

The holders of First Preferred Shares and Second Preferred Shares are entitled to receive fixed, noncumulative preferential quarterly cash dividends at such rate and on such dates as may be determined by the Board of Directors in connection with its determination of the designation, rights, privileges, restrictions and conditions to be attached to the applicable series.

Modification

The approval of the holders of the First Preferred Shares or the Second Preferred Shares is required to delete or vary any right, privilege, restriction or condition attaching to the First Preferred Shares or Second Preferred Shares, as the case may be, as a class and any other matter requiring the approval or consent of the holders of the First Preferred Shares or the Second Preferred Shares, as the case may be, as a class.

Debt Securities

The following sets forth certain general terms and provisions of the Debt Securities. The particular terms and provisions of a series of Debt Securities offered pursuant to an accompanying Prospectus Supplement, and the extent to which the general terms and provisions described below may apply to such Debt Securities, will be described in the applicable Prospectus Supplement. One or more series of Debt Securities may be sold separately or together with Common Shares, Preferred Shares, Subscription Receipts, Warrants or Share Purchase Contracts under this Prospectus, or on conversion or exchange of any such Securities.

Priority

The Debt Securities will be senior or subordinated indebtedness of Barrick as described in the relevant Prospectus Supplement. If the Debt Securities are senior indebtedness, they will rank equally and rateably with all other

unsecured indebtedness of Barrick, from time to time issued and outstanding, which is not subordinated.

If the Debt Securities are subordinated indebtedness, they will rank equally and rateably with all other subordinated Debt Securities from time to time issued and outstanding. In the event of the insolvency or winding-up of Barrick, the subordinated Debt Securities will be subordinated and postponed in right of payment to the prior payment in full of all other liabilities and indebtedness of Barrick, other than indebtedness that, by its terms, ranks equally with, or subordinate to, such subordinated Debt Securities.

The Debt Securities are Unsecured Obligations

The Debt Securities will be direct unsecured obligations of Barrick.

Terms of the Debt Securities

As required by United States federal law and in conformity with the applicable laws of Canada, for all bonds and notes of companies that are publicly offered, the Debt Securities will be governed by a document called an indenture. There will be a separate indenture for the senior Debt Securities and the subordinated Debt Securities. An indenture is a contract between a financial institution, acting on your behalf as trustee of the Debt Securities offered, and us. The trustee has two main roles. First, subject to some limitations on the extent to which the trustee can act on your behalf, the trustee can enforce your rights against us if we default on our obligations under the indenture. Second, the trustee performs certain administrative duties for us. The aggregate principal amount of Debt Securities that may be issued under each indenture is unlimited. A copy of the form of each indenture to be entered into in connection with offerings of Debt Securities has been filed with the SEC as an exhibit to the registration statement on Form F-10, and will be filed with the securities regulatory authorities in Canada when it is entered into. A copy of any indenture or supplement thereto entered into by us will be filed with securities regulatory authorities and will be available on our SEDAR profile at www.sedar.com.

We may issue Share Purchase Contracts, representing contracts obligating holders to purchase from or sell to us, and obligating us to purchase from or sell to the holders, a specified number of Common Shares or Preferred Shares, as applicable, at a future date or dates, including by way of instalment.

Share Purchase Contracts may be issued independently or together with Common Shares, Preferred Shares or Debt Securities or other Securities offered by any Prospectus Supplement and may be attached to, or separate from, any such offered Securities. PLAN OF DISTRIBUTION

We may sell the Securities, separately or together, to or through one or more underwriters or dealers, purchasing as principals for public offering and sale by them, and may also sell Securities to one or more other purchasers directly or through agents. Securities sold to the public pursuant to this Prospectus may be offered and sold exclusively in Canada or the United States, or in both jurisdictions. The Prospectus Supplement relating to an offering of Securities will indicate the jurisdiction or jurisdictions in which such offering is being made to the public. Each Prospectus Supplement will set out the terms of the offering, including the name or names of any underwriters, dealers or agents, the purchase price or prices of the Securities (or the manner of determination thereof if offered on a non-fixed price basis), and the proceeds to us from the sale of the Securities. Only underwriters, dealers or agents so named in the Prospectus Supplement are deemed to be underwriters, dealers or agents, as the case may be, in connection with the Securities offered thereby.

The Securities may be sold, from time to time in one or more transactions at a fixed price or prices which may be changed or at market prices prevailing at the time of sale, at prices related to such prevailing market prices or at negotiated prices. The prices at which the Securities may be offered may vary between purchasers and during the period of distribution. If, in connection with the offering of Securities at a fixed price or prices, the underwriters have made a *bona fide* effort to sell all of the Securities at the initial offering price fixed in the applicable Prospectus Supplement, the public offering price may be decreased and thereafter further changed, from time to time, to an amount not greater than the initial public offering price fixed in such Prospectus Supplement, in which case the compensation realized by the underwriters, dealers or agents will be decreased by the amount that the aggregate price paid by purchasers for the Securities is less than the gross proceeds paid by the underwriters, dealers or agents to us.

Underwriters, dealers or agents may make sales of Securities in privately negotiated transactions and/or any other method permitted by law, including sales deemed to be an at-the-market offering as defined in and subject to limitations imposed by and the terms of any regulatory approvals required and obtained under, applicable Canadian securities laws, which includes sales made directly on an existing trading market for the Common Shares, or sales made to or through a market maker other than on an exchange. In connection with any offering of Securities, except with respect to at-the-market offerings, underwriters may over-allot or effect transactions which stabilize or maintain the market price of the offered Securities at a level above that which might otherwise prevail in the open market. Such transactions may be commenced, interrupted or discontinued at any time. No underwriter or dealer involved in an at-the-market offering, as defined under applicable Canadian securities laws, no affiliate of such an underwriter or dealer and no person or company acting jointly or in concert with such an underwriter or dealer will over-allot Securities in connection with such distribution or effect any other transactions that are intended to stabilize or maintain the market price of the Securities. In the event that the Corporation determines to pursue an at-the-market offering in Canada, the Corporation shall apply for the applicable exemptive relief from the Canadian securities commissions.

If underwriters or dealers purchase Securities as principals, the Securities will be acquired by the underwriters or dealers for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. The obligations of the underwriters or dealers to purchase those Securities will be subject to certain conditions precedent, and the underwriters or dealers will be obligated to purchase all the Securities offered by the Prospectus Supplement if any of such Securities are purchased. Any public offering price and any discounts or concessions allowed or re-allowed or paid may be changed from time to time.

The Securities may also be sold directly by us in accordance with applicable securities laws at prices and upon terms agreed to by the purchaser and us, or through agents designated by us, from time to time. Any agent involved in the

offering and sale of Securities pursuant to a particular Prospectus Supplement will be named, and any commissions payable by us to that agent will be set forth in such Prospectus Supplement. Unless otherwise indicated in the Prospectus Supplement, any agent would be acting on a best efforts basis for the period of its appointment.

In connection with the sale of the Securities, underwriters, dealers or agents may receive compensation from us in the form of commissions, concessions and discounts. Any such commissions may be paid out of our general funds or the proceeds of the sale of Securities. Underwriters, dealers and agents who participate in the distribution of the Securities may be entitled under agreements to be entered into with us to indemnification by us against certain liabilities, including liabilities under Canadian securities legislation, or to contribution with respect to payments which such underwriters, dealers or agents may be required to make in respect thereof. Such underwriters, dealers and agents may engage in transactions with, or perform services for, us in the ordinary course of business.

In connection with any offering of Securities, the applicable Prospectus Supplement will set forth any intention by the underwriters, dealers or agents to offer, allot or effect transactions which stabilize or maintain the market price of the Securities offered at a level above that which might otherwise prevail in the open market. Such transactions, if commenced, may be interrupted or discontinued at any time.

PART II

INFORMATION NOT REQUIRED TO BE DELIVERED TO OFFEREES OR PURCHASERS

Indemnification

Under the *Business Corporations Act* (Ontario) (the **OBCA**), Barrick Gold Corporation (**Barrick** or the **Registrant**) may indemnify a director or officer of Barrick, a former director or officer of Barrick or another individual who acts or acted at Barrick's request as a director or officer, or an individual acting in a similar capacity, of another entity, against all costs, charges and expenses, including an amount paid to settle an action or satisfy a judgment, reasonably incurred by the individual in respect of any civil, criminal, administrative, investigative or other proceeding in which the individual is involved because of that association with Barrick or the other entity on condition that (i) the individual acted honestly and in good faith with a view to the best interests of Barrick or, as the case may be, to the best interests of the other entity for which the individual acted as a director or officer or in a similar capacity at Barrick's request, and (ii) in the case of a criminal or administrative action or proceeding that is enforced by a monetary penalty, the individual had reasonable grounds for believing that his or her conduct was lawful. Further, Barrick may, with court approval, indemnify an individual described above in respect of an action by or on behalf of Barrick or another entity to obtain a judgment in its favor, to which the individual is made a party by reason of the individual's association with Barrick or such other entity described above, against all costs, charges and expenses reasonably incurred by the individual in connection with such action if the individual fulfils condition (i) above. An individual referred to above is entitled to indemnification from Barrick as a matter of right if he or she was not judged by a court or other competent authority to have committed any fault or omitted to do anything he or she ought to have done and fulfils conditions (i) and (ii) above. Barrick has entered into a Memorandum of Agreement with each Barrick director and officer under which Barrick has agreed to indemnify and hold harmless the individual in substantially the same circumstances as outlined in this paragraph.

In accordance with the provisions of the OBCA described above, the by-laws of Barrick provide that, subject to the relevant provisions of the OBCA, Barrick shall indemnify a director or officer of Barrick, a former director or officer of Barrick, or another individual who acts or acted at Barrick's request as a director or officer, or an individual acting in a similar capacity, of another entity, against all costs, charges and expenses, including an amount paid to settle an action or satisfy a judgment, reasonably incurred by the individual in respect of any civil, criminal, administrative, investigative or other proceeding in which the individual is involved because of that association with Barrick or such other entity if the individual acted honestly and in good faith with a view to the best interests of Barrick or, as the case may be, to the best interests of the other entity for which the individual acted as a director or officer or in a similar capacity at Barrick's request.

Barrick also maintains insurance for the benefit of its directors and officers against liability in their respective capacities as directors and officers. The directors and officers are not required to pay any premium in respect of the insurance. The policy contains standard industry exclusions.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers or persons controlling the Registrant pursuant to the foregoing provisions, the Registrant has been informed that in the opinion of the U.S. Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is therefore unenforceable.
