Item 1.01 Entry into a Material Definitive Agreement.

Amended Deed of Guarantee

On January 31, 2018, in connection with the closing of the acquisition by Meredith Corporation (Meredith) of Time Inc. (Time), Meredith entered into a Deed of Guarantee (Original Deed of Guarantee) in relation to the IPC Media Pension Scheme (the IPC Plan). The IPC Plan is a defined benefit pension plan that, until the completion of the TIUK Sale (as defined and discussed in Item 2.01 below), was sponsored by Time Inc. (UK) Ltd (TIUK), one of Time 's U.K. subsidiaries. Prior to completion of its acquisition by Meredith, Time guaranteed all obligations of the statutory employers under the IPC Plan. Under the Original Deed of Guarantee, Meredith was substituted for Time as the parent guarantor. In connection with the completion of the TIUK Sale, Meredith entered into an Amended and Restated Deed of Guarantee (the Amended Deed of Guarantee) in relation to the IPC Plan to make certain amendments to the Original Deed of Guarantee, and with effect from completion of the TIUK Sale, International Publishing Corporation Limited (the Sponsor), another of Time 's U.K. subsidiaries, was substituted for TIUK as the sole sponsor under the IPC Plan. As a result, effective upon completion of the TIUK Sale, Meredith has agreed that TIUK was discharged from, and has agreed to indemnify TIUK from, all its former contractual obligations in relation to the IPC Plan.

Under the assumptions used in the most recent triennial valuation (as at April 5, 2015), which are more conservative than the assumptions used to determine a pension plan 's funded status in accordance with accounting principles generally accepted in the United States, the IPC Plan was deemed to be underfunded at that time by approximately £156 million. The scheduled date of the next triennial valuation is as of April 5, 2018.

Under the terms of the Amended Deed of Guarantee, Meredith guarantees all obligations of the Sponsor under the IPC Plan, including the payment obligations described below, as well as the Sponsor 's obligation to fund the IPC Plan 's buyout deficit (i.e., the amount that would be needed to purchase annuities to discharge the benefits under the IPC Plan) under certain circumstances. Specifically, Meredith would be required to deposit the buyout deficit into escrow if its debt in excess of \$50 million were not to be paid when due or were to come due prior to its stated maturity as a result of a default (a Major Debt Acceleration) or if a Covenant Breach were to occur (as described below). Meredith would be permitted to recoup the escrowed funds under certain circumstances. However, if Meredith or the Sponsor were to become insolvent, or if a Major Debt Acceleration were to occur (without being promptly cured), any escrowed funds would be immediately contributed into the IPC Plan and Meredith would be obligated to immediately contribute into the IPC Plan any shortfall in the buyout deficit amount.

Under the Original Deed of Guarantee, Meredith would also have been required to deposit the buyout deficit into escrow if Meredith were to experience a drop in its credit ratings below certain levels. The credit rating trigger was removed in the Amended Deed of Guarantee. In connection with the completion of the TIUK Sale and entering into the Amended Deed of Guarantee to remove the credit rating trigger, Meredith contributed £60 million in cash into the IPC Plan and delivered a surety bond in the amount of £85 million for the benefit of the IPC Plan trustee. The surety bond secures Meredith 's obligation to contribute the buyout deficit into the IPC Plan if Meredith or the Sponsor were to become insolvent. Meredith is currently obligated to provide the surety bond or other acceptable security in the amount of the buyout deficit (up to £85 million) as calculated annually.

Had Meredith been required to fund the buyout deficit on December 31, 2017, the amount would have been approximately £277 million. As of March 15, 2018, after giving effect to the £60 million contribution and certain other assumptions, the amount would have been approximately £206.7 million. The amount of the buyout deficit changes daily and is determined by many factors, including but not limited to, changes in the fair value of the IPC Plan assets and liabilities and interest rates.

Also in connection with the completion of the TIUK Sale and entering into the Amended Deed of Guarantee to remove the credit rating trigger, Meredith agreed that the same subsidiaries of Meredith that guarantee Meredith's 6.875% Senior Notes due 2026 (the 2026 Notes) would guarantee the obligations of Meredith under the IPC Plan on a pari passu basis with the obligations under the 2026 Notes. In addition, Meredith agreed to incorporate the terms of certain covenants under the Indenture governing the 2026 Notes into the IPC Plan effective as of March 15, 2018. If a breach of such covenants by Meredith or the subsidiary guarantors occurs (after certain notice and cure periods) (a Covenant Breach), Meredith would be required to deposit the buyout deficit (less the amount of the surety bond or other acceptable security) into escrow as described above.

Under the terms of the IPC Plan and the Amended Deed of Guarantee, the following cash contributions are required by the Sponsor to the IPC Plan:

- (1) £917,000 monthly until the Gilts Flat Confirmation Date (as defined in the Amended Deed of Guarantee and being broadly when there is no deficit when calculated using the Agreed Assumptions (as defined in the Amended Deed of Guarantee) and the investment strategy is consistent with the Gilts +0.5% pa strategy detailed in Schedule 2 of the Amended Deed of Guarantee);
- (2) if on November 25, 2021 there is a deficit when calculated using the Agreed Assumptions (but with the addition of 50 basis points to the gilts discount rate (i.e., the prevailing rate on bonds issued by the UK Government (gilts)), a contribution to eliminate 100% of the deficit;
- (3) if on November 25, 2025 there is a deficit calculated using the Agreed Assumptions, a contribution equal to 50% of that deficit;
- (4) if on November 25, 2026 there is a deficit calculated using the Agreed Assumptions, a contribution equal to 50% of that deficit; and
- (5) if on November 25, 2027 there is still a deficit calculated using the Agreed Assumptions, a contribution equal to 100% of that deficit.
