WNS (Holdings) Limited is incorporating by reference the information set forth in this Form 6-K into its registration statements on Form S-8 filed on July 31, 2006 (File No: 333-136168), Form S-8 filed on February 17, 2009 (File No. 333-157356), Form S-8 filed on September 15, 2011 (File No. 333-176849), Form S-8 filed on September 27, 2013 (File No. 333-191416), Form S-8 filed on October 11, 2016 (File No. 333-214042) and Form S-8 filed on October 31, 2018 (File No. 333-228070).

**CONVENTIONS USED IN THIS REPORT**

In this report, references to **US** are to the United States of America, its territories and its possessions. References to **UK** are to the United Kingdom. References to **India** are to the Republic of India. References to **China** are to the People's Republic of China. References to **South Africa** are to the Republic of South Africa. References to **\$** or **dollars** or **US dollars** are to the legal currency of the US, references to **₹** or **rupees** or **Indian rupees** are to the legal currency of India, references to **£** or **pound sterling** or **sterling** are to the legal currency of the UK, references to **€** or **pence** are to the legal currency of Jersey, Channel Islands, references to **Euro** are to the legal currency of the European Monetary Union, references to **R** or **ZAR** or **South African rand** are to the legal currency of South Africa, references to **A\$** or **AUD** or **Australian dollars** are to the legal currency of Australia, references to **CHF** or **Swiss Franc** are to the legal currency of Switzerland, references to **RMB** are to the legal currency of China, references to **LKR** or **Sri Lankan rupees** are to the legal currency of Sri Lanka, references to **PHP** or **Philippine Peso** are to the legal currency of the Philippines and references to **NZD** or **New Zealand dollar** are to the legal currency of New Zealand. Our financial statements are presented in US dollars and prepared in accordance with International Financial Reporting Standards and its interpretations ( **IFRS** ), as issued by the International Accounting Standards Board ( **IASB** ), as in effect as at December 31, 2018. To the extent the IASB issues any amendments or any new standards subsequent to December 31, 2018, there may be differences between IFRS applied to prepare the financial statements included in this report and those that will be applied in our annual financial statements for the year ending March 31, 2019. Unless otherwise indicated, the financial information in this interim report on Form 6-K has been prepared in accordance with IFRS, as issued by the IASB. Unless otherwise indicated, references to **GAAP** in this report are to IFRS, as issued by the IASB. References to **our ADSs** in this report are to our American Depositary Shares, each representing one of our ordinary shares.

References to a particular **fiscal year** are to our fiscal year ended March 31 of that calendar year, which is also referred to as **fiscal** . Any discrepancies in any table between totals and sums of the amounts listed are due to rounding.

In this report, unless otherwise specified or the context requires, the term **WNS** refers to WNS (Holdings) Limited, a public company incorporated under the laws of Jersey, Channel Islands, and the terms **our company**, **the Company**, **we**, **our** and **us** refer to WNS (Holdings) Limited and its subsidiaries.

In this report, references to the **Commission** or the **SEC** are to the United States Securities and Exchange Commission.

We also refer in various places within this report to **revenue less repair payments**, which is a non-GAAP financial measure that is calculated as (a) revenue less (b) in our auto claims business, payments to repair centers for **fault** repair cases where we act as the principal in our dealings with the third party repair centers and our clients. This non-GAAP financial information is not meant to be considered in isolation or as a substitute for our financial results prepared in accordance with GAAP.

**Table of Contents**

**SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS**

This report contains forward-looking statements that are based on our current expectations, assumptions, estimates and projections about our company and our industry. The forward-looking statements are subject to various risks and uncertainties. Generally, these forward-looking statements can be identified by the use of forward-looking terminology such as anticipate, believe, estimate, expect, intend, will, project, seek, should and similar. Those statements include, among other things, the discussions of our business strategy and expectations concerning our market position, future operations, margins, profitability, liquidity and capital resources, tax assessment orders and future capital expenditures. We caution you that reliance on any forward-looking statement inherently involves risks and uncertainties, and that although we believe that the assumptions on which our forward-looking statements are based are reasonable, any of those assumptions could prove to be inaccurate, and, as a result, the forward-looking statements based on those assumptions could be materially incorrect. These risks and uncertainties include but are not limited to:

worldwide economic and business conditions;

political or economic instability in the jurisdictions where we have operations;

our dependence on a limited number of clients in a limited number of industries;

regulatory, legislative and judicial developments;

increasing competition in the business process management industry;

technological innovation;

telecommunications or technology disruptions;

our ability to attract and retain clients;

our liability arising from fraud or unauthorized disclosure of sensitive or confidential client and customer data;

negative public reaction in the US or the UK to offshore outsourcing;

our ability to expand our business or effectively manage growth;

our ability to hire and retain enough sufficiently trained employees to support our operations;

the effects of our different pricing strategies or those of our competitors;

our ability to successfully consummate, integrate and achieve accretive benefits from our strategic acquisitions, and to successfully grow our revenue and expand our service offerings and market share;

future regulatory actions and conditions in our operating areas; and

volatility of our ADS price.

These and other factors are more fully discussed in our other filings with the SEC, including in Risk Factors, Management's Discussion and Analysis of Financial Condition and Results of Operations and elsewhere in our annual report on Form 20-F for our fiscal year ended March 31, 2018. In light of these and other uncertainties, you should not conclude that we will necessarily achieve any plans, objectives or projected financial results referred to in any of the forward-looking statements. Except as required by law, we do not undertake to release revisions of any of these forward-looking statements to reflect future events or circumstances.

**Table of Contents**

**WNS (HOLDINGS) LIMITED**

**NOTES TO UNAUDITED CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS**

**(Amounts in thousands, except share and per share data)**

**1. Company overview**

WNS (Holdings) Limited ( WNS Holdings ), along with its subsidiaries (collectively, the Company ), is a global business process management ( BPM ) company with client service offices in Australia, Dubai (United Arab Emirates), Germany, London (UK), New Jersey (US), New Zealand, Singapore and Switzerland and delivery centers in the People's Republic of China ( China ), Costa Rica, India, the Philippines, Poland, Romania, Republic of South Africa ( South Africa ), Sri Lanka, Turkey, Spain, the United Kingdom ( UK ) and the United States ( US ). The Company's clients are primarily in the travel, shipping and logistics services and utilities; retail and consumer products group; banking and financial, healthcare and insurance and consulting and professional services industries.

WNS Holdings is incorporated in Jersey, Channel Islands and maintains a registered office in Jersey at 22, Grenville Street, St Helier, Jersey JE4 8PX.

These unaudited condensed interim consolidated financial statements were authorized for issue by the Board of Directors on January 31, 2019.

**2. Summary of significant accounting policies**

**Basis of preparation**

These condensed interim consolidated financial statements are prepared in compliance with International Accounting Standard (IAS) 34, *Interim financial reporting* as issued by the IASB. They do not include all of the information required in the annual financial statements in accordance with IFRS, as issued by the IASB and should be read in conjunction with the audited consolidated financial statements and related notes included in the Company's annual report on Form 20-F for the fiscal year ended March 31, 2018.

The accounting policies applied are consistent with the policies that were applied for the preparation of the consolidated financial statements for the year ended March 31, 2018, except as mentioned below.

**Adoption of IFRS 15**

Effective April 1, 2018, the Company adopted IFRS 15 Revenue from Contracts with Customers ( IFRS 15 ). As a result, the Company has changed its accounting policy for revenue recognition, which has been detailed below.

The Company has applied the standard retrospectively with the cumulative effect being recognized as a transition adjustment to the Company's opening retained earnings as at April 1, 2018. The comparative information has not been restated and continues to be reported in accordance with the principles of IAS 18 Revenue . The initial application of the standard applies to active contracts as at April 1, 2018.

The key area impacted upon adoption of IFRS 15 relates to the accounting for sales commission costs. Specifically, under IFRS 15, a portion of sales commission costs have been recorded as an asset and amortized on a straight-line basis over the expected life of contract rather than expensed as incurred under the Company's erstwhile accounting policy (Refer Note 19).

### **Revenue recognition**

The Company derives revenue from BPM services, comprising back office administration, data management, customer interaction services management, and Auto Claims handling services.

Revenue from rendering services is recognized on an accrual basis when the promised services are performed for an amount that reflects the consideration to which the Company expects to be entitled in exchange for those services. Revenue from the end of last billing to the reporting date is recognized as unbilled revenue. Unbilled revenue for certain contracts is classified as contract assets, as the right to consideration is conditional on factors other than the passage of time. Revenue is net of value-added taxes and includes reimbursements of out-of-pocket expenses.

**(Amounts in thousands, except share and per share data)**

***Revenue earned by back office administration, data management and customer interaction services management services***

Back office administration, data management and customer interaction services contracts are based on the following pricing models:

- a) per full-time-equivalent arrangements, which typically involve billings based on the number of full-time employees (or equivalent) deployed on the execution of the business process outsourced;
- b) per transaction arrangements, which typically involve billings based on the number of transactions processed (such as the number of e-mail responses, or airline coupons or insurance claims processed);
- c) subscription arrangements, which typically involve billings based on per member per month, based on contractually agreed rates;
- d) fixed-price arrangements, which typically involve billings based on achievements of pre-defined deliverables or milestones;
- e) outcome-based arrangements, which typically involve billings based on the business result achieved by our clients through our service efforts (such as measured based on a reduction in days sales outstanding, improvement in working capital, increase in collections or a reduction in operating expenses); or
- f) other pricing arrangements, including cost-plus arrangements, which typically involve billing the contractually agreed direct and indirect costs and a fee based on the number of employees deployed under the arrangement.

Revenues under time-and-material contracts and subscription arrangements are recognized as the services are performed. Revenues are recognized on cost-plus contracts on the basis of contractually agreed direct and indirect costs incurred on a client contract plus an agreed upon profit mark-up. Revenues are recognized on unit-price based contracts based on the number of specified units of work delivered to a client. Such revenues are recognized as the related services are provided in accordance with the client contract.

Revenue for performance obligations that are satisfied over time is recognized in accordance with the methods prescribed for measuring the progress. The input method (cost or efforts expended) has been used to measure progress

towards completion as there is a direct relationship between inputs and productivity.

In respect of arrangements involving subcontracting, in part or whole of the assigned work, the Company evaluates revenues to be recognized under criteria established by IFRS 15, Application guidance in paragraphs B34 to B38 *Principal versus agent considerations* .

Contracts with customers includes variability in transaction price primarily due to service level agreements, gain share, minimum commitment and volume discounts. Revenues relating to such arrangements are accounted for as variable consideration when the amount of revenue to be recognized can be estimated to the extent that it is probable that a significant reversal of any incremental revenue will not occur.

Amounts billed or payments received, where revenue recognition criteria have not been met, are recorded as deferred revenue and classified as contract liabilities. These are recognized as revenue when all the recognition criteria have been met. The costs related to the performance of BPM services unrelated to transition services (discussed below) are fulfilment costs classified as contract cost assets and recognized immediately when the conditions for revenue recognition have been met. Any upfront payment received towards future services is recognized over the period when such services are provided.

All incremental and direct costs incurred for acquiring contracts, such as certain sales commission, are classified as contract cost assets. Such costs are amortized over the expected life of the contract.

---

**Table of Contents****WNS (HOLDINGS) LIMITED****NOTES TO UNAUDITED CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS****(Amounts in thousands, except share and per share data)**

Other upfront fees paid to customers are classified as contract assets. Such costs are amortized over the expected life of the contract and recorded as an adjustment to the transaction price and reduced from revenue. For certain BPM customers, the Company performs transition activities at the outset of entering into a new contract. The Company has determined these transition activities do not meet the criteria of IFRS 15 to be accounted for as a separate performance obligation and has deferred revenue attributable to these activities. Accordingly, transition revenues are classified as contract liabilities and are subsequently recognized ratably over the period in which the BPM services are performed. Costs related to such transition services are fulfillment costs which are directly related to the contract and result in generation or enhancement of resources and are expected to be recoverable under the contract and thereby classified as contract cost assets and are recognized ratably over the estimated life of the contract. Further, the deferral of costs is limited to the amount of the deferred revenue. Any costs in excess of the deferred transition revenue are recognized in the period they are incurred.

All contracts entered into by the Company specify the payment terms. Usual payment terms range between 30 - 60 days.

***Revenue earned by auto claims handling services***

Auto claims handling services include claims handling and administration ( Claims Handling ), car hire and arranging for repairs with repair centers across the UK and the related payment processing for such repairs ( Accident Management ). With respect to Claims Handling, the Company receives either a per-claim fee or a fixed fee. Revenue for per claim fee is recognized over the estimated processing period of the claim, which currently ranges from one to two months and revenue for fixed fee is recognized on a straight line basis over the period of the contract. In certain cases, the fee is contingent upon the successful recovery of a claim on behalf of the customer. In these circumstances, the revenue is deferred until the contingency is resolved. Revenue in respect of car hire is recognized over the car hire term.

In order to provide Accident Management services, the Company arranges for the repair through a network of repair centers. The repair costs are invoiced to customers. In determining whether the receipt from the customers related to payments to repair centers should be recognized as revenue, the Company considers the criteria established by IFRS 15, Application guidance in paragraphs B34 to B38 *Principal versus agent considerations* . When the Company determines that it is the principal in providing Accident Management services, amounts received from customers are recognized and presented as third party revenue and the payments to repair centers are recognized as cost of revenue in the consolidated statement of income. Factors considered in determining whether the Company is the principal in the transaction include whether:

- a) the Company has the primary responsibility for providing the services,

b) the Company negotiates labor rates with repair centers, and

c) the Company is responsible for timely and satisfactory completion of repairs.

If there are circumstances where the above criteria are not met and therefore the Company is not the principal in providing Accident Management services, amounts received from customers are recognized and presented net of payments to repair centers in the consolidated statement of income. Revenue from Accident Management services is recorded net of the repairer referral fees passed on to customers.

Revenue from legal services in the Auto Claims BPM segment is recognized on the admission of liability by the third party to the extent of fixed fees earned at each stage and any further income on the successful settlement of the claim.

Incremental and direct costs incurred to contract with a claimant are classified as contract cost assets and amortized over the expected period of benefit, not exceeding 15 months. All other costs to the Company are expensed as incurred.

For a description of the Company's revenue recognition accounting policy in effect before the Company's adoption of IFRS 15, see Note 2 Summary of significant accounting policies under Item 18 Financial Statements and Part I, Item 5 Operating and Financial review and prospects Critical Accounting Policies in the Company's annual report on Form 20-F for the year ended March 31, 2018.

### **Significant judgments**

The Company's determination of whether BPM services are considered distinct performance obligations that should be accounted for separately versus together may require significant judgment.

**NOTES TO UNAUDITED CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS**

**(Amounts in thousands, except share and per share data)**

**Adoption of IFRS 9**

On April 1, 2018, the Company adopted the standard IFRS 9 Financial Instruments ( IFRS 9 ) by availing the relief from restating comparative information. This standard replaces IAS 39 Financial Instruments: Recognition and Measurement ( IAS 39 ). The cumulative impact on adoption of the standard has been recognized as an adjustment to the Company's opening retained earnings as at April 1, 2018.

The standard provides limited exception from prospective application of the new standard for the time value of options, when only the intrinsic value is designated by restating the comparative periods. The time value of options did not have any material impact on the consolidated financial statements. Hence, prior period comparative figures have not been restated and the cumulative impact has been recognized as an adjustment to the Company's retained earnings as at April 1, 2018.

The key areas impacted upon adoption of the standard relates to the recognition of gains/losses on cash flow hedges on intercompany forecasted revenue transactions as part of revenues which had previously been recognized in the foreign exchange gains/losses, net, accounting for time value of options and the presentation of classification and measurement of the Company's financial instruments.

The impact of this standard resulted in an increase in retained earnings of \$2,777 as at April 1, 2018 with corresponding increase in the losses in other components of equity of \$2,761, in trade receivables of \$74 and a decrease in other non-current assets of \$84.

Below are the accounting policies for financial instruments consequent to the adoption of IFRS 9:

**Financial instruments – initial recognition and subsequent measurement**

**A Financial instruments are classified in the following categories:**

Non-derivative financial assets comprising at amortized cost or at fair value through profit or loss ( FVTPL ).

Non-derivative financial liabilities comprising at FVTPL or at amortized cost.

Derivative financial instruments under the category of financial assets or financial liabilities at FVTPL or at fair value through other comprehensive income ( FVOCI ).

The classification of financial instruments depends on the purpose for which those were acquired. Management determines the classification of the Company's financial instruments at initial recognition.

Non-derivative financial instruments are recognized initially at fair value. Financial assets are derecognized when substantial risks and rewards of ownership of the financial asset have been transferred. In cases where substantial risks and rewards of ownership of the financial assets are neither transferred nor retained, financial assets are derecognized only when the Company has not retained control over the financial asset.

Subsequent to initial recognition, non-derivative financial instruments are measured as described below:

**i. Non-derivative financial assets:**

**a) Financial assets at amortized cost**

Financial assets that meet the following criteria are measured at amortized cost (except for investments that are designated at FVTPL on initial recognition):

- i) the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- ii) the contractual terms of the instrument give rise on specified dates to cash flows that are solely payment of principal and interest on the principal amount outstanding.

Financial assets at amortized costs are presented as current assets, except for those maturing later than 12 months after the balance sheet date which are presented as non-current assets. They are measured initially at fair value plus transaction costs and subsequently carried at amortized cost using the effective interest rate method, less any impairment losses.

**Table of Contents**

**WNS (HOLDINGS) LIMITED**

**NOTES TO UNAUDITED CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS**

**(Amounts in thousands, except share and per share data)**

**b). Financial assets at FVTPL:**

Financial assets that do not meet the amortized cost or FVOCI criteria are measured at FVTPL. Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognized in the consolidated statement of income. The gains or losses on disposal of financial assets at FVTPL are recognized in the consolidated statement of income.

Interest income on financial assets at FVTPL is recognized in the consolidated statement of income. Dividend on financial assets at FVTPL is recognized when the Company's right to receive dividend is established.

**ii. Non-derivative financial liabilities**

All financial liabilities are recognized initially at fair value, except in the case of loans and borrowings which are recognized at fair value net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables, bank overdrafts, contingent consideration and loans and borrowings.

Trade and other payables maturing later than 12 months after the reporting date are presented as non-current liabilities.

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortized cost using the effective interest rate method. Gains and losses are recognized in the consolidated statement of income when the liabilities are derecognized as well as through the effective interest rate method amortization process.

After initial recognition, contingent consideration are subsequently measured at fair value and the changes to the fair value are recognized in the consolidated statement of income.

**iii. Derivative financial instruments and hedge accounting**

The Company is exposed to foreign currency fluctuations on foreign currency assets, liabilities, net investment in foreign operations and forecasted cash flows denominated in foreign currency. The Company limits the effect of foreign exchange rate fluctuation by following established risk management policies including the use of derivatives. The Company enters into derivative financial instruments where the counter party is primarily a bank. The Company holds derivative financial instruments such as foreign exchange forwards, option contracts and interest rate swaps to hedge certain foreign currency and interest rate exposures.

**Cash flow hedges**

The Company recognizes derivative instruments as either assets or liabilities in the statement of financial position at fair value. Derivative instruments qualify for hedge accounting when the instrument is designated as a hedge; the hedged item is specifically identifiable and exposes the Company to risk; and it is expected that a change in fair value

of the derivative instrument and an opposite change in the fair value of the hedged item will have a high degree of correlation.

For derivative instruments where hedge accounting is applied, the Company records the effective portion of derivative instruments that are designated as cash flow hedges in other comprehensive income/(loss) in the statement of comprehensive income, which is reclassified into earnings in the same period during which the hedged item affects earnings. The remaining gain or loss on the derivative instrument in excess of the cumulative change in the present value of future cash flows of the hedged item, if any (i.e., the ineffective portion) or hedge components excluded from the assessment of effectiveness, and changes in fair value of other derivative instruments not designated as qualifying hedges is recorded as gains/losses, net in the consolidated statement of income. If the hedging instrument expires or is sold, terminated or exercised, the cumulative gain or loss on the hedging instrument recognized in the cash flow hedging reserve (in other comprehensive income/(loss)) until the period the hedge was effective, remains in the cash flow hedging reserve until the forecasted transaction occurs. Cash flow hedge on interest rate swaps are recorded under finance expense, net. Cash flows from the derivative instruments are classified within cash flows from operating activities in the statement of cash flows.

When it is highly probable that a forecasted transaction will not occur, the Company discontinues the hedge accounting and recognizes immediately in the consolidated statement of income, the gains and losses attributable to such derivative instrument that were accumulated in other comprehensive income/(loss).

Gains/losses on cash flow hedges on forecasted revenue transactions are recorded in foreign exchange gains/losses forming part of revenue and changes in fair value of foreign currency derivative instruments not designated as cash flow hedges are recognized in the statement of income and reported within foreign exchange gains, net within results from operating activities.

**Table of Contents**

**WNS (HOLDINGS) LIMITED**

**NOTES TO UNAUDITED CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS**

**(Amounts in thousands, except share and per share data)**

**iv. Offsetting of financial instruments**

Financial assets and financial liabilities are offset against each other and the net amount reported in the consolidated statement of financial position if, and only if, there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, or to realize the assets and settle the liabilities simultaneously.

**v. Fair value of financial instruments**

The fair value of financial instruments that are traded in active markets at each reporting date is determined by reference to quoted market prices or dealer price quotations, without any deduction for transaction costs. For financial instruments not traded in an active market, the fair value is determined using appropriate valuation models. Where applicable, these models project future cash flows and discount the future amounts to a present value using market-based observable inputs including interest rate curves, credit risk, foreign exchange rates, and forward and spot prices for currencies.

**vi. Impairment of non-derivative financial assets**

The Company applies the forward-looking expected credit loss model ( ECL ) for recognizing impairment loss on financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables and unbilled revenue with no significant financing component are measured at an amount equal to lifetime ECL. The simplified approach for determining the lifetime ECL allowance is performed in two steps:

all trade receivables and unbilled revenue that are in default, as defined above, are individually assessed for impairment; and

a general reserve is recognized for all other trade receivables (including those not past due) based on historical loss rates.

For all other financial assets, expected credit losses are measured at an amount equal to the twelve-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is recognized as an impairment gain/loss in the consolidated statement of income.

**vii. Investments**

**a. Marketable securities and mutual funds**

The Company's marketable securities represent liquid investments and are acquired principally for the purpose of earning daily income. Investments in mutual funds represent investments in mutual fund schemes wherein the mutual fund issuer has invested these funds in enterprise development funds. Investments which are expected to be redeemed within 12 months from the reporting date are classified as current investments, otherwise they are classified as non-current.

These investments are designated at fair value through profit or loss and changes in fair value recognized in the consolidated statement of income. The fair value represents the original cost of the investment and the investment's fair value at each reporting period.

**b. Investments in fixed maturity plans**

The Company's investments in fixed maturity plans ( FMPs ) represent investments in mutual fund schemes wherein the mutual fund issuer has invested these funds in certificate of deposits with banks in India. The investments in FMPs are designated as fair value through profit or loss and change in fair value is recognized in the consolidated statement of income. The fair value represents original cost of an investment and the investment's fair value at each reporting period or net asset value ( NAV ) as quoted.

The Company manages FMPs on a fair value basis in accordance with the entity's documented risk management, investment strategy and information provided to the key managerial personnel. The returns on the investment are measured based on the fair value movement rather than looking at the overall returns on the maturity. The Company's investment purchase and sale decisions are also based on the fair value fluctuations rather than a predetermined policy to hold the investment until maturity. Key management personnel believe that recording these investments through the consolidated statement of income would provide more relevant information to measure the performance of the investment.

For a description of the Company's accounting policy for Financial instruments' initial recognition and subsequent measurement in effect before the Company's adoption of IFRS 9, see Note 2 Summary of significant accounting policies under Item 18 Financial Statements and Part I, Item 5 Operating and Financial review and prospects Accounting Policies in the Company's annual report on Form 20-F for the year ended March 31, 2018.

**3. New accounting pronouncements not yet adopted by the Company**

Certain new standards, interpretations and amendments to existing standards have been published that are mandatory for the Company's accounting periods beginning on or after April 1, 2018 or later periods. Those which are considered to be relevant to the Company's operations are set out below.

- i. In January 2016, the IASB issued IFRS 16 Leases ( IFRS 16 ). Key changes in IFRS 16 include:

eliminates the requirement to classify a lease as either operating or finance lease in the books of lessee;

introduces a single lessee accounting model, which requires lessee to recognize assets and liabilities for all leases, initially measured at the present value of unavoidable future lease payment. Entity may elect not to apply this accounting requirement to short term leases and leases for which underlying asset is of low value;

replaces the straight-line operating lease expense model with a depreciation charge for the lease asset (included within operating costs) and an interest expense on the lease liability (included within finance costs);

requires lessee to classify cash payments for principal and interest portion of lease arrangement within financing activities and financing/operating activities respectively in the cash flow statements; and

requires entities to determine whether a contract conveys the right to control the use of an identified asset for a period of time to assess whether that contract is, or contains, a lease.

IFRS 16 replaces IAS 17 Leases and related interpretations viz. IFRIC 4 Determining whether an Arrangement contains a Lease ; SIC-15 Operating Leases Incentives ; and SIC-27 Evaluating the Substance of Transactions Involving the Legal Form of a Lease .

IFRS 16 substantially carries forward lessor accounting requirements in IAS 17 Leases . Disclosures, however, have been enhanced.

IFRS 16 is effective for annual reporting periods beginning on or after January 1, 2019. Early application is permitted for entities that apply IFRS 15 Revenue from Contracts with Customers at or before the date of initial application of IFRS 16.

A lessee shall apply IFRS 16 either retrospectively to each prior reporting period presented or record a cumulative effect of initial application of IFRS 16 as an adjustment to opening balance of equity at the date of initial application.

The Company is currently evaluating the impact of this new standard on its consolidated financial statements.

**Table of Contents**

**WNS (HOLDINGS) LIMITED**

**NOTES TO UNAUDITED CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS**

**(Amounts in thousands, except share and per share data)**

- ii. In June 2017, the IFRIC issued IFRIC 23 **Uncertainty over Income Tax Treatments** to clarify the accounting for uncertainties in income taxes, by specifically addressing the following:

the determination of whether to consider each uncertain tax treatment separately or together with one or more uncertain tax treatments;

the assumptions an entity makes about the examination of tax treatments by tax authorities;

the determination of taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates where there is an uncertainty regarding the treatment of an item; and

the reassessment of judgements and estimates if facts and circumstances change.

IFRIC 23 is effective for annual reporting periods beginning on or after January 1, 2019. Earlier application is permitted.

On initial application, the requirements are to be applied by recognizing the cumulative effect of initially applying them in retained earnings, or in other appropriate components of equity, at the start of the reporting period in which an entity first applies them, without adjusting comparative information. Full retrospective application is permitted, if an entity can do so without using hindsight.

The Company expects the adoption of this standard will have no material impact on its consolidated financial statements.

- iii. In February 2018, the IASB issued amendments to IAS 19 **Employee Benefits** regarding plan amendments, curtailments and settlements. The amendments are as follows:

If a plan amendment, curtailment or settlement occurs, it is now mandatory that the current service cost and the net interest for the period after the remeasurement are determined using the assumptions used for the remeasurement;

In addition, amendments have been included to clarify the effect of a plan amendment, curtailment or settlement on the requirements regarding asset ceiling.

The above amendments are effective for annual periods beginning on or after January 1, 2019. Earlier application is permitted but must be disclosed.

The Company expects the adoption of these amendments will have no material impact on its consolidated financial statements.

iv. In October 2018, the IASB issued amendments to IFRS 3 Business Combinations regarding the definition of a Business . The amendments:

clarify that to be considered a business, an acquired set of activities and assets must include, at a minimum, an input and a substantive process that together significantly contribute to the ability to create outputs;

narrow the definitions of a business and of outputs by focusing on goods and services provided to customers and by removing the reference to an ability to reduce costs;

add guidance and illustrative examples to help entities assess whether a substantive process has been acquired;

remove the assessment of whether market participants are capable of replacing any missing inputs or processes and continuing to produce outputs; and

add an optional concentration test that permits a simplified assessment of whether an acquired set of activities and assets is not a business.

The above amendments are effective for business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after 1 January 2020.

The Company is currently evaluating the impact of these amendments on its consolidated financial statements.

**Table of Contents****WNS (HOLDINGS) LIMITED****NOTES TO UNAUDITED CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS****(Amounts in thousands, except share and per share data)****4. Business Combinations****a) HealthHelp**

On March 15, 2017 ( Acquisition date ), the Company acquired all ownership interests of MTS HealthHelp Inc. and its subsidiaries ( HealthHelp ), which provides benefits management across several specialty healthcare areas, including radiology, cardiology, oncology, sleep care, orthopedics, and pain management, for a total consideration of \$68,910, including working capital adjustments of \$573 and a contingent consideration of \$8,545, payable over a period of two years linked to revenue targets and continuation of an identified client contract. The fair value of the contingent consideration liability was estimated using level 3 inputs which included an assumption for discount rate of 2.5%. The potential undiscounted amount of all future payments that the Company could be required to make under the contingent consideration arrangement is between \$0 and \$8,876.

The Company funded the acquisition primarily with a five year secured term loan. The Company is expected to leverage Health Help s capability in care management to address the needs of payor, provider and insurance organizations.

The Company incurred acquisition related costs of \$1,809, which were included in General and administrative expenses in the consolidated statement of income for the year ended March 31, 2017.

During the year ended March 31, 2018, the Company made a payment of \$573 towards working capital adjustments. During the year ended March 31, 2018, a contingent consideration of \$3,114 was also paid by the Company to the sellers on achievement of the revenue target in relation to the identified client contract related to the first measurement period and an amount of \$1,324 was reversed and credited to its consolidated income statement, due to the shortfall in revenue target achievement for the identified client contract, in accordance with the terms of the share purchase agreement.

The purchase price has been allocated, as set out below, to the assets acquired and liabilities assumed in the business combination.

	<b>Amount</b>
Cash	\$ 3,119
Trade receivables	4,910
Unbilled revenue	2,016
Prepayments and other current assets	1,060
Property and equipment	4,612
Intangible assets	
- Software	1,274

Edgar Filing: WNS (HOLDINGS) LTD - Form 6-K

- Customer contracts	4,537
- Customer relationships	49,584
- Service mark	400
- Covenant not-to-compete	4,693
- Technology	4,852
Non-current assets	161
Term loan	(29,249)
Current liabilities	(2,555)
Non-current liabilities	(1,423)
Deferred tax liability	(18,163)
<b>Net assets acquired</b>	<b>\$ 29,828</b>
Less: Purchase consideration	68,910
<b>Goodwill on acquisition</b>	<b>\$ 39,082</b>

Goodwill of \$14,876 arising from this acquisition is expected to be deductible for tax purposes. Goodwill is attributable mainly to expected synergies and assembled workforce arising from the acquisition.

During the year ended March 31, 2018, the Company completed the accounting of the assets acquired and liabilities assumed on acquisition. Corresponding changes to the comparatives for the three and nine months ended December 31, 2017 were not made, as the impact of the change on finalization of purchase price allocation is not material.

Table of Contents**WNS (HOLDINGS) LIMITED****NOTES TO UNAUDITED CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS****(Amounts in thousands, except share and per share data)****b) Denali Sourcing Services Inc.**

On January 20, 2017 ( Acquisition Date ), the Company acquired all outstanding shares of Denali Sourcing Services Inc. ( Denali ), a provider of strategic procurement BPM solutions for a purchase consideration of \$38,668 (including the contingent consideration of \$6,277, dependent on the achievement of revenue targets over a period of three years and deferred consideration of \$522 payable in first quarter of fiscal 2018), including adjustments for working capital. The fair value of the contingent consideration liability was estimated using Level 3 inputs which included an assumption for discount rate of 2.5%. The potential undiscounted amount of all future payments that the Company could be required to make under the contingent consideration arrangement is between \$0 and \$6,578. The payment was funded through a three-year secured term loan.

Denali delivers global sourcing and procurement services to high-tech, retail and Consumer Packaged Goods ( CPG ), banking and financial services, utilities, and healthcare verticals. The acquisition of Denali is expected to add a strategic procurement capability to the Company's existing Finance and Accounting services and will enable the Company to offer procurement solutions to its clients.

The Company incurred acquisition related costs of \$502, which were included in General and administrative expenses in the consolidated statement of income for the year ended March 31, 2017.

During the year ended March 31, 2018, the Company made payment of \$522 towards deferred consideration and an amount of \$968 was reduced from the purchase consideration towards working capital adjustments. During the year ended March 31, 2018, a contingent consideration of \$2,351 was also paid by the Company to the sellers on achievement of the revenue target related to the first measurement period.

The purchase price has been allocated, as set out below, to the assets acquired and liabilities assumed in the business combination.

	<b>Amount</b>
Cash	\$ 1,204

<b>Goodwill on acquisition</b>	<b>\$ 29,542</b>

Goodwill arising from this acquisition is not expected to be deductible for tax purposes. Goodwill is attributable mainly to expected synergies and assembled workforce arising from the acquisition.

During the year ended March 31, 2018, the Company completed the accounting of the assets acquired and liabilities assumed on acquisition. Corresponding changes to the comparatives for the three and nine months ended December 31, 2017 were not made, as the impact of the change on finalization of purchase price allocation is not material.

**Table of Contents****WNS (HOLDINGS) LIMITED****NOTES TO UNAUDITED CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS****(Amounts in thousands, except share and per share data)****c) Value Edge**

On June 14, 2016 ( Acquisition Date ), the Company acquired all outstanding equity shares of Value Edge Research Services Private Limited ( Value Edge ) which provides business research and analytics reports and databases across the domains of pharmaceutical, biotech and medical devices, for a total consideration of \$18,265 including working capital adjustments of \$765 and contingent consideration of \$5,112 (held in escrow), subject to compliance with certain conditions, payable over a period of three years. The acquisition is expected to deepen the Company's domain and specialized analytical capabilities in the growing pharma market, and provide the Company with a technology asset, which is leverageable across clients and industries.

The Company incurred acquisition related costs of \$24, which were included in General and administrative expenses in the consolidated statement of income for the year ended March 31, 2017.

During the year ended March 31, 2018, the Company released from escrow an amount of \$1,535 towards the first instalment of contingent consideration to the sellers. During the nine months ended December 31, 2018, the Company released from escrow an amount of \$1,535 towards the second instalment of contingent consideration to the sellers.

The purchase price has been allocated, as set out below, to the assets acquired and liabilities assumed in the business combination.

	<b>Amount</b>

(Amounts in thousands, except share and per share data)

**12. Loans and borrowings***Long-term debt*

The long-term loans and borrowings consist of the following:

Currency	Interest rate	Final maturity (fiscal year)	As at	
			December 31, 2018	March 31, 2018
US dollars	3M USD Libor +1.27%	2020	17,050	22,700
US dollars	3M USD Libor +0.95%	2022	58,800	67,200
<b>Total</b>			<b>75,850</b>	<b>89,900</b>
Less: Debt issuance cost			486	769
<b>Total</b>			<b>75,364</b>	<b>89,131</b>
Current portion of long-term debt			\$ 27,838	\$ 27,740
Long-term debt			\$ 47,526	\$ 61,391

In January 2017, WNS North America Inc. obtained from BNP Paribas, Hong Kong, a three-year term loan facility of \$34,000 at an interest rate equal to the three-month US dollar LIBOR plus a margin of 1.27% per annum to finance the acquisition of Denali. WNS North America Inc. has pledged its shares of Denali as security for the loan. In connection with the term loan, the Company has entered into an interest rate swap with a bank to swap the variable portion of the interest based on three month US dollar LIBOR to a fixed rate of 1.5610%. The facility agreement for the term loan contains certain financial covenants as defined in the facility agreement. This term loan is repayable in six semi-annual installments. The first five repayment installments are \$5,650 each and the sixth and final repayment installment is \$5,750. On July 20, 2017, January 22, 2018, July 20, 2018 and January 22, 2019, the Company made scheduled repayments of \$5,650 each. As at December 31, 2018, the Company has complied with the financial covenants in all material respects in relation to this loan facility.

In March 2017, WNS (Mauritius) Limited obtained from HSBC Bank (Mauritius) Ltd. and Standard Chartered Bank, UK a five-year term loan facility of \$84,000 at an interest rate equal to the three-month US dollar LIBOR plus a margin of 0.95% per annum to finance the acquisition of HealthHelp. The Company has pledged its shares of WNS (Mauritius) Limited as security for the loan. In connection with the term loan, the Company has entered into interest rate swaps with banks to swap the variable portion of the interest based on three month US dollar LIBOR to a fixed rate of 1.9635%. The facility agreement for the term loan contains certain financial covenants as defined in the facility agreement. This term loan is repayable in ten semi-annual installments of \$8,400 each. On September 14, 2017, March 14, 2018 and September 17, 2018 the Company made scheduled repayments of \$8,400 each. As at

December 31, 2018, the Company has complied with the financial covenants in all material respects in relation to this loan facility.

The Company has pledged trade receivables, other financial assets and property and equipment with an aggregate amount of \$118,147 and \$113,174 as at December 31, 2018 and March 31, 2018, respectively, as collateral for the above borrowings.

*Short-term lines of credit*

The Company's Indian subsidiary, WNS Global Services Private Limited ( WNS Global ), has unsecured lines of credit with banks amounting to \$59,572 (based on the exchange rate on December 31, 2018). The Company has also established a line of credit in the UK amounting to \$12,616 (based on the exchange rate on December 31, 2018). Further the Company has also established a line of credit in South Africa amounting to \$1,426 (based on the exchange rate on December 31, 2018).

As at December 31, 2018, no amounts were drawn under these lines of credit.

For the financial assets and liabilities subject to offsetting or similar arrangements, each agreement between the Company and the counterparty allows for net settlement of the relevant financial assets and liabilities when both elect to settle on a net basis. In the absence of such an election, financial assets and liabilities will be settled on a gross basis.

Table of Contents**WNS (HOLDINGS) LIMITED****NOTES TO UNAUDITED CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS**

### Fair value hierarchy

The following is the hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1 quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 other techniques for which all inputs have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3 techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

Table of Contents**WNS (HOLDINGS) LIMITED****NOTES TO UNAUDITED CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS**

(Amounts in thousands, except share and per share data)

**Description of significant unobservable inputs to Level 3 valuation**

The fair value of the contingent consideration liability was estimated using a probability weighted method and achievement of revenue target with a discount rate of 2.5%. One percentage point change in the unobservable inputs used in fair valuation of the contingent consideration does not have a significant impact on its value.

The fair value is estimated using discounted cash flow approach which involves assumptions and judgments regarding risk characteristics of the instruments, discount rates, future cash flows and foreign exchange spot, forward premium

rates and market rates of interest.

During the three and nine months ended December 31, 2018 and the year ended March 31, 2018, there were no transfers between Level 1 and Level 2 fair value measurements, and no transfers into and out of Level 3 fair value measurements.

### **Derivative financial instruments**

The primary risks managed by using derivative instruments are foreign currency exchange risk and interest rate risk. Forward and option contracts up to 24 months on various foreign currencies are entered into to manage the foreign currency exchange rate risk on forecasted revenue denominated in foreign currencies and monetary assets and liabilities held in non-functional currencies. Interest rate swaps are entered to manage interest rate risk associated with the Company's floating rate borrowings. The Company's primary exchange rate exposure is with the US dollars and pound sterling against the Indian rupee. For derivative instruments which qualify for cash flow hedge accounting, the Company records the effective portion of gain or loss from changes in the fair value of the derivative instruments in other comprehensive income (loss), which is reclassified into earnings in the same period during which the hedged item affects earnings. Derivative instruments qualify for hedge accounting when the instrument is designated as a hedge; the hedged item is specifically identifiable and exposes the Company to risk; and it is expected that a change in fair value of the derivative instrument and an opposite change in the fair value of the hedged item will have a high degree of correlation. Determining the high degree of correlation between the change in fair value of the hedged item and the derivative instruments involves significant judgment including the probability of the occurrence of the forecasted transaction. When it is highly probable that a forecasted transaction will not occur, the Company discontinues the hedge accounting and recognizes immediately in the consolidated statement of income, the gains and losses attributable to such derivative instrument that were accumulated in other comprehensive income/(loss).

Table of Contents**WNS (HOLDINGS) LIMITED****NOTES TO UNAUDITED CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS****(Amounts in thousands, except share and per share data)**

The following table presents the notional values of outstanding foreign exchange forward contracts, foreign exchange option contracts and interest rate swap contracts:

	As at	
	December 31, 2018	March 31, 2018
<b>Forward contracts (Sell)</b>		
In US dollars	\$ 221,944	\$ 242,418
In United Kingdom pound sterling	152,731	132,591
In Euro	31,254	23,883
In Australian dollars	44,152	48,147
Others	2,272	2,332
	<b>\$ 452,353</b>	<b>\$ 449,371</b>
<b>Option contracts (Sell)</b>		
In US dollars	\$ 135,771	\$ 107,629
In United Kingdom pound sterling	110,071	116,401
In Euro	33,039	21,483
In Australian dollars	42,078	28,828
Others	112	927
	<b>\$ 321,071</b>	<b>\$ 275,268</b>
<b>Interest rate swap contracts</b>		
In US dollars	\$ 75,850	\$ 89,900

The amount of gain/ (loss) reclassified from other comprehensive income into consolidated statement of income in respective line items for the three and nine months ended December 31, 2018 and 2017 are as follows:

	Three months ended December 31,		Nine months ended December 31,	
	2018	2017	2018	2017
Revenue	\$ 113	\$ 2,405	\$ (578)	\$ 9,313
Foreign exchange gain/(loss), net		3,969	(2)	13,581
Finance expense, net	107	(130)	276	(512)
	(28)	(2,347)	(374)	(8,339)

Income tax related to amounts  
reclassified into consolidated statement  
of income

<b>Total</b>	<b>\$ 192</b>	<b>\$ 3,897</b>	<b>\$ (678)</b>	<b>\$ 14,043</b>
--------------	---------------	-----------------	-----------------	------------------

As at December 31, 2018, a gain amounting to \$5,182 on account of cash flow hedges in relation to forward and option contracts entered is expected to be reclassified from other comprehensive income into consolidated statement of income over a period of 24 months and a gain amounting to \$706 on account of cash flow hedges in relation to interest rate swaps is expected to be reclassified from other comprehensive income into consolidated statement of income over a period of 39 months.

Due to the discontinuation of cash flow hedge accounting on account of non-occurrence of original forecasted transactions by the end of the originally specified time period, the Company recognized in its consolidated statement of income for the three months ended December 31, 2018 and 2017 a gain of Nil each, and for the nine months ended December 31, 2018 and 2017 a loss of \$2 and \$20, respectively.

**NOTES TO UNAUDITED CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS**

**(Amounts in thousands, except share and per share data)**

**18. Share capital**

As at December 31, 2018, the authorized share capital was £6,100 divided into 60,000,000 ordinary shares of 10 pence each and 1,000,000 preferred shares of 10 pence each. The Company had 49,969,370 ordinary shares (excluding 1,100,000 treasury shares) outstanding as at December 31, 2018. There were no preferred shares outstanding as at December 31, 2018.

As at March 31, 2018, the authorized share capital was £6,100 divided into 60,000,000 ordinary shares of 10 pence each and 1,000,000 preferred shares of 10 pence each. The Company had 50,434,080 ordinary shares (excluding 4,400,000 treasury shares) outstanding as at March 31, 2018. There were no preferred shares outstanding as at March 31, 2018.

**Treasury shares**

On March 16, 2016, the Company's shareholders authorized a share repurchase program for the repurchase of up to 3,300,000 of the Company's American Depositary Shares (ADSs) each representing one ordinary share, par value 10 pence per share of the Company, at a price range of \$10 to \$50 per ADS. Pursuant to the terms of the repurchase program, the Company's ADSs may be purchased in the open market from time to time for 36 months from March 16, 2016, the date of shareholders' approval. The Company was not obligated under the repurchase program to repurchase a specific number of ADSs, and the repurchase program could be suspended at any time at the Company's discretion.

During the year ended March 31, 2017, the Company purchased 2,200,000 ADSs in the open market for a total consideration of \$64,224 (including transaction costs of \$33 for share repurchase of 2,200,000 ADSs, \$111 paid towards cancellation fees for ADSs in relation to share repurchase of 2,200,000 ADSs which was completed during the year ended March 31, 2017, and \$55 paid towards cancellation fees for ADSs in relation to share repurchase of 1,100,000 ADSs, which was completed during the year ended March 31, 2016). During the year ended March 31, 2018, the Company purchased the balance 1,100,000 ADSs in the open market for a total consideration of \$39,546 (including transaction costs of \$17) and completed the share repurchase program. The shares underlying these purchased ADSs are recorded as treasury shares.

In March 2018, the shareholders of the Company authorized the repurchase of up to 3,300,000 of the Company's ADSs, at a price range of \$10 to \$100 per ADS. Pursuant to the terms of the repurchase program, the Company's ADSs may be purchased in the open market from time to time for 36 months from March 30, 2018, the date of shareholders' approval. The Company is not obligated under the repurchase program to repurchase a specific number of ADSs, and the repurchase program may be suspended at any time at the Company's discretion. The Company intends to fund the repurchase with cash on hand.

During the three and nine months ended December 31, 2018, the Company purchased Nil and 1,100,000 ADSs, respectively, in the open market for a total consideration of Nil and \$56,296, respectively (including transaction costs of Nil and \$11, respectively).

During the nine months ended December 31, 2018, the Company received authorization from the Board of Directors to cancel, and cancelled, 4,400,000 ADSs that were held as treasury shares for an aggregate cost of \$134,231. The effect of cancellation of these treasury shares was recognized in share capital amounting to \$572 and in share premium amounting to \$133,659, in compliance with Jersey Law. There was no effect on the total shareholders' equity as a result of this cancellation.

**Contract acquisition costs**

As at April 1, 2018, the Company capitalized \$6,821 towards incremental costs incurred for acquiring contracts that were not completed.

Further, the Company capitalized an additional amount of \$648 and \$859 during the three and nine months ended December 31, 2018, respectively. The Company amortized an amount of \$293 and \$1,245 during the three and nine months ended December 31, 2018, respectively. The capitalized costs are amortized on a straight-line basis over the expected life of the contract.

**23. Share-based payments**

The Company has three share-based incentive plans: the 2002 Stock Incentive Plan adopted on July 1, 2002 (which has expired), the 2006 Incentive Award Plan adopted on June 1, 2006, as amended and restated in February 2009, September 2011 and September 2013 (which has expired), and the 2016 Incentive Award Plan effective from September 27, 2016, as amended and restated in September 2018 (collectively referred to as the Plans). All the plans are equity settled. Under the Plans, share-based options and RSUs may be granted to eligible participants. Options and RSUs are generally granted for a term of ten years and have a graded vesting period of up to four years. The Company settles employee share-based options and RSU exercises with newly issued ordinary shares. As at December 31, 2018, the Company had 3,229,367 ordinary shares available for future grants.

Share-based compensation expense during the three and nine months ended December 31, 2018 and 2017 is as follows:

	<b>Three months ended December 31,</b>		<b>Nine months ended December 31,</b>	
	<b>2018</b>	<b>2017</b>	<b>2018</b>	<b>2017</b>
Share-based compensation expense recorded in				
Cost of revenue	\$ 1,249	\$ 972	\$ 3,377	\$ 3,017
Selling and marketing expenses	1,300	650	2,911	2,005
General and administrative expenses	5,182	5,555	17,213	18,484

<b>Total share-based compensation expense</b>	<b>\$ 7,731</b>	<b>\$ 7,177</b>	<b>\$ 23,501</b>	<b>\$ 23,506</b>
---	-----------------	-----------------	------------------	------------------

Upon exercise of share options and RSUs, the Company issued 35,364 and 154,902 shares for the three months ended December 31, 2018 and 2017, respectively, and 635,290 and 1,389,419 shares for the nine months ended December 31, 2018 and 2017, respectively.

### **BBBEE program in South Africa**

During the year ended March 31, 2018, the Company's South African subsidiary issued share appreciation rights to certain employees to be settled with the Company's shares. As part of the settlement, the Company granted 32,050 RSUs during the year ended March 31, 2018 and 14,250 RSUs during the nine months ended December 31, 2018, which shall vest on the fourth and third anniversaries, respectively, from the grant date, subject to such grantee's continued employment with the Company through the applicable vesting date. The grant date fair value was estimated using a binomial lattice model.

The total stock compensation expense in relation to these RSUs was \$3,040 to be amortized over the vesting period of four years. The stock compensation expense charged during the three and nine months ended December 31, 2018 was \$190 and \$570, respectively (three and nine months ended December 31, 2017: \$190 and \$357 respectively).

### **RSUs related to Total Shareholder's Return (TSR)**

During the nine months ended December 31, 2018, the Company issued 166,760 RSUs (nine months ended December 31, 2017: 135,630 RSUs) to certain employees, the conditions for the vesting of which are linked to the TSR of the Company in addition to the condition of continued employment with the Company through the applicable vesting period.

The performance of these RSUs shall be assessed based on the TSR of the custom peer group (based on percentile rank) and the industry index (based on outperformance rank). The RSUs granted with the TSR condition, shall vest on the third anniversary of the grant date, subject to the participant's continued employment with the Company through the applicable vesting date and achievement of the specified conditions of stock performance and total shareholder return parameters.

The fair value of these RSUs is determined using Monte-Carlo simulation. The grant date fair value was determined at \$57.20 for the RSUs issued during the nine months ended December 31, 2018 (\$36.52 for the RSUs issued during the nine months ended December 31, 2017).

The total stock compensation expense charged during the three and nine months ended December 31, 2018 was \$764 and \$2,178, respectively (three and nine months ended December 31, 2017: \$373 and \$1,009, respectively) in relation to these RSUs. As at December 31, 2018, there was \$5,896 of unrecognized compensation costs in relation to these RSUs.

**WNS (HOLDINGS) LIMITED**

**NOTES TO UNAUDITED CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS**

**(Amounts in thousands, except share and per share data)**

On July 27, 2017, National Company Law Tribunal in India approved the scheme of amalgamation of Value Edge and WNS Global Services Private Limited ( WNS India ), pursuant to which Value Edge was merged with and into WNS India. The merger resulted in the creation of a tax base of goodwill and certain other identifiable intangible assets in the financial statements of WNS India. WNS India is entitled to claim a tax benefit for amortization of goodwill and intangible assets in its future tax returns. The Company had previously recorded a deferred tax liability for the temporary differences between the tax base of identifiable intangible assets and its carrying amount in the Company's consolidated financial statements upon the acquisition of Value Edge. As a result, the carrying value of such liability as at the effective date of the scheme of amalgamation, amounting to \$1,686, was derecognized during the year ended March 31, 2018.

The Company in fiscal 2012 started operations in delivery centers in Pune, Mumbai and Chennai, India registered under the Special Economic Zone ( SEZ ) scheme. These operations are eligible for a 50% income tax exemption from fiscal 2017 to fiscal 2026. During fiscal 2015, the Company started operations in new delivery centers in Gurgaon and Pune, India registered under the SEZ scheme. These operations are eligible for a 100% income tax exemption until fiscal 2019, and a 50% income tax exemption from fiscal 2020 to fiscal 2029.

During fiscal 2018, the Company started operations in new delivery centers in Pune and Gurgaon, India registered under the SEZ scheme that are eligible for a 100% income tax exemption until fiscal 2022, and a 50% income tax exemption from fiscal 2023 to fiscal 2032. During fiscal 2019, the Company started operations in new delivery centers in Noida and Pune, India registered under the SEZ scheme. These operations are eligible for a 100% income tax exemption until fiscal 2023 and are eligible for a 50% income tax exemption from fiscal 2024 to 2033. The Government of India pursuant to the Indian Finance Act, 2011 has also levied a minimum alternate tax ( MAT ) on the book profits earned by the SEZ units at the prevailing rate, which is currently 21.55%. The Company's operations in Costa Rica are eligible for a 50% income tax exemption from fiscal 2018 to fiscal 2021. From fiscal 2016 until fiscal year 2019, the Company commenced operations in delivery centers in the Philippines which are eligible for various tax exemption benefits expiring between 2020 and 2024. The Government of Sri Lanka has exempted the profits earned from export revenue from tax, which enabled the Company's Sri Lankan subsidiary to claim a tax exemption until fiscal 2018 and to be taxed at 14% on net basis with effect from April 1, 2018.

The Tax Cuts and Jobs Act of 2017 (the 2017 US Tax Reforms ) was enacted on December 22, 2017 with an effective date of January 1, 2018. The reduction in the corporate tax rate from 35% to 21% has an impact on the various current and deferred tax items recorded by the Company's subsidiaries. The Company had recorded a provisional amount of \$5,212 for the effects of the change in law in its financial results for the three months ended December 31, 2017, with the amount to be updated during the measurement period as additional information is obtained, prepared and analyzed. The Company during the three months ended December 31, 2018 has analyzed the impacts of the effects of the change in law on its financial results and has recorded a final one-time tax benefit of \$414, primarily resulting from the adjustments to its deferred tax balances arising from business combinations, share-based compensation, losses and accruals and transition tax, thereby reducing the effective tax rate by 0.3% for the nine months ended December 31, 2018.

From time to time, the Company receives orders of assessment from the Indian tax authorities assessing additional taxable income on the Company and/or its subsidiaries in connection with their review of their tax returns. The Company currently has orders of assessment outstanding for various years through fiscal 2015, which assess additional taxable income that could in the aggregate give rise to an estimated \$44,118 in additional taxes, including interest of \$16,098. These orders of assessment allege that the transfer prices the Company applied to certain of the international transactions between WNS Global and its other wholly-owned subsidiaries were not on arm's length terms, disallow a tax holiday benefit claimed by the Company, deny the set off of brought forward business losses and unabsorbed depreciation and disallow certain expenses claimed as tax deductible by WNS Global. The Company has appealed against these orders of assessment before higher appellate authorities.

In addition, the Company has orders of assessment pertaining to similar issues that have been decided in favor of the Company by appellate authorities, vacating the tax demands of \$42,036 in additional taxes, including interest of \$12,981. The income tax authorities have filed or may file appeals against these orders at higher appellate authorities.

**Table of Contents****WNS (HOLDINGS) LIMITED****NOTES TO UNAUDITED CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS****(Amounts in thousands, except share and per share data)**

Uncertain tax positions are reflected at the amount likely to be paid to the taxation authorities. A liability is recognized in connection with each item that is not probable of being sustained on examination by taxing authority. The liability is measured using single best estimate of the most likely outcome for each position taken in the tax return. Thus, the provision would be the aggregate liability in connection with all uncertain tax positions. As at December 31, 2018, the Company has provided a tax reserve of \$11,555 primarily on account of the Indian tax authorities denying the set off of brought forward business losses and unabsorbed depreciation.

As at December 31, 2018, corporate tax returns for years ended March 31, 2016 and onward remain subject to examination by tax authorities in India.

Based on the facts of these cases, the nature of the tax authorities disallowances and the orders from appellate authorities deciding similar issues in favor of the Company in respect of assessment orders for earlier fiscal years and after consultation with the Company's external tax advisors, the Company believe these orders are unlikely to be sustained at the higher appellate authorities. The Company has deposited \$12,531 of the disputed amounts with the tax authorities and may be required to deposit the remaining portion of the disputed amounts with the tax authorities pending final resolution of the respective matters.

**Others**

On March 21, 2009, the Company received an assessment order from the Indian service tax authority, demanding payment of \$4,989 of service tax and related penalty for the period from March 1, 2003 to January 31, 2005. The assessment order alleges that service tax is payable in India on BPM services provided by the Company to clients based abroad as the export proceeds are repatriated outside India by the Company. In response to the appeal filed by the Company with appellate tribunal against the assessment order in April 2009, the appellate tribunal has remanded the matter back to lower tax authorities to be adjudicated afresh. After consultation with Indian tax advisors, the Company believes this order of assessment is more likely than not to be upheld in favor of the Company. The Company intends to continue to vigorously dispute the assessment.

**25. Earnings per share**

The following table sets forth the computation of basic and diluted earnings per share:

	Three months ended December 31,		Nine months ended December 31,	
	2018	2017	2018	2017
Numerator:				
Profit after tax	\$ 28,583	\$ 26,286	\$ 75,761	\$ 61,908

<b>Denominator:</b>				
Basic weighted average ordinary shares outstanding	49,950,547	50,238,903	50,182,306	50,397,032
Dilutive impact of equivalent share-based options and RSUs	1,729,230	1,732,016	1,972,188	2,201,016
Diluted weighted average ordinary shares outstanding	51,679,777	51,970,919	52,154,494	52,598,048

The computation of earnings per ordinary share ( EPS ) was determined by dividing profit after tax by the weighted average ordinary shares outstanding during the respective periods.

The Company excluded from the calculation of diluted EPS options and RSUs to purchase 35,625 and 29,875 shares for the three and nine months ended December 31, 2018 and 2017, respectively, because their effect would be anti-dilutive.
