ACT OF 1934**

For the quarterly period ended March 31, 2019

OR

**TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE
ACT OF 1934**

Commission File Number 001-35066

IMAX Corporation

(Exact name of registrant as specified in its charter)

Canada (State or other jurisdiction of	98-0140269
incorporation or organization)	(I.R.S. Employer
2525 Speakman Drive,	Identification Number)
Mississauga, Ontario, Canada L5K 1B1	902 Broadway, Floor 20
(905) 403-6500	New York, New York, USA 10010
(Address of principal executive offices, zip code, telephone numbers)	(212) 821-0100

Securities registered pursuant to Section 12(b) of the Act:

Title of Each Class	Name of Exchange on Which Registered
Common Shares, no par value	The New York Stock Exchange

Securities registered pursuant to Section 12(g) of the Act:

None

(Title of class)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company, or an emerging growth company. See the definitions of large accelerated filer, accelerated filer, smaller reporting company and emerging growth company in Rule 12b-2 of the Exchange Act.

Large accelerated filer

Accelerated filer

Non-accelerated filer

Smaller reporting company

Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Edgar Filing: IMAX CORP - Form 10-Q

Indicate by check mark whether the registrant is a shell Company (as defined in Rule 12b-2 of the Exchange Act). Yes No

Indicate the number of outstanding shares of each of the issuer's classes of common stock, as of the latest practicable date:

Class	Outstanding as of March 31, 2019
Common stock, no par value	61,290,683

Table of Contents**SPECIAL NOTE REGARDING FORWARD-LOOKING INFORMATION**

Certain statements included in this quarterly report may constitute forward-looking statements within the meaning of the United States Private Securities Litigation Reform Act of 1995. These forward-looking statements include, but are not limited to, references to future capital expenditures (including the amount and nature thereof), business and technology strategies and measures to implement strategies, competitive strengths, goals, expansion and growth of business, operations and technology, plans and references to the future success of IMAX Corporation together with its consolidated subsidiaries (the Company) and expectations regarding the Company's future operating, financial and technological results. These forward-looking statements are based on certain assumptions and analyses made by the Company in light of its experience and its perception of historical trends, current conditions and expected future developments, as well as other factors it believes are appropriate in the circumstances. However, whether actual results and developments will conform with the expectations and predictions of the Company is subject to a number of risks and uncertainties, including, but not limited to, risks associated with investments and operations in foreign jurisdictions and any future international expansion, including those related to economic, political and regulatory policies of local governments and laws and policies of the United States and Canada; risks related to the Company's growth and operations in China; the performance of IMAX DMR films; the signing of theater system agreements; conditions, changes and developments in the commercial exhibition industry; risks related to currency fluctuations; the potential impact of increased competition in the markets within which the Company operates; competitive actions by other companies; the failure to respond to change and advancements in digital technology; risks relating to recent consolidation among commercial exhibitors and studios; risks related to new business initiatives; conditions in the in-home and out-of-home entertainment industries; the opportunities (or lack thereof) that may be presented to and pursued by the Company; risks related to cyber-security and data privacy; risks related to the Company's inability to protect the Company's intellectual property; general economic, market or business conditions; the failure to convert theater system backlog into revenue; changes in laws or regulations; the failure to fully realize the projected cost savings and benefits from any of the Company's restructuring initiatives; and other factors, many of which are beyond the control of the Company. Consequently, all of the forward-looking statements made in this quarterly report are qualified by these cautionary statements, and actual results or anticipated developments by the Company may not be realized, and even if substantially realized, may not have the expected consequences to, or effects on, the Company. The Company undertakes no obligation to update publicly or otherwise revise any forward-looking information, whether as a result of new information, future events or otherwise.

Table of Contents**IMAX CORPORATION****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS***(Tabular amounts in thousands of U.S. dollars, unless otherwise stated)**(Unaudited)***1. Basis of Presentation**

IMAX Corporation, together with its consolidated subsidiaries (the Company), prepares its financial statements in accordance with United States Generally Accepted Accounting Principles (U.S. GAAP).

These condensed consolidated financial statements include the accounts of the Company, except for subsidiaries which the Company has identified as variable interest entities (VIEs) where the Company is not the primary beneficiary. The nature of the Company's business is such that the results of operations for the interim periods presented are not necessarily indicative of results to be expected for the fiscal year. In the opinion of management, the information contained herein reflects all normal and recurring adjustments necessary to make the results of operations for the interim periods a fair statement of such operations.

The Company has evaluated its various variable interests to determine whether they are VIEs as required by the Consolidation Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC or Codification).

The Company has ten film production companies that are VIEs. For five of the Company's film production companies, the Company has determined that it is the primary beneficiary of these entities as the Company has the power to direct the activities of the respective VIE that most significantly impact the respective VIE's economic performance and has the obligation to absorb losses of the VIE that could potentially be significant to the respective VIE or the right to receive benefits from the respective VIE that could potentially be significant to the respective VIE. The majority of these consolidated assets are held by the IMAX Original Film Fund (the Original Film Fund) as described in note 16(b). For the other five film production companies which are VIEs, the Company does not consolidate these film entities since it does not have the power to direct activities and does not absorb the majority of the expected losses or expected residual returns. The Company used the equity method of accounting for these entities. A loss in value of an investment other than a temporary decline is recognized as a charge to the condensed consolidated statements of operations.

Total assets and liabilities of the Company's consolidated VIEs are as follows:

	March 31, 2019	December 31, 2018
Total assets	\$ 11,783	\$ 12,203
Total liabilities	\$ 14,493	\$ 11,573

Total assets and liabilities of the VIE entities which the Company does not consolidate are as follows:

	March 31, 2019	December 31, 2018
Total assets	\$ 447	\$ 447
Total liabilities	\$ 368	\$ 362

The Company accounts for investments in new business ventures using the guidance of the FASB ASC 323

Investments – Equity Method and Joint Ventures (ASC 323) or ASC 320 – Investments in Debt and Equity Securities (ASC 320), as appropriate.

All intercompany accounts and transactions, including all unrealized intercompany profits on transactions with equity-accounted investees, have been eliminated.

The year-end condensed consolidated balance sheet data was derived from audited financial statements, but does not include all disclosures required by U.S. GAAP.

These interim financial statements should be read in conjunction with the consolidated financial statements included in the Company's 2018 Annual Report on Form 10-K for the year ended December 31, 2018 (the 2018 Form 10-K) which should be consulted for a summary of the significant accounting policies utilized by the Company. These interim financial statements are

Table of Contents

prepared following accounting policies consistent with the Company's financial statements for the year ended December 31, 2018, except as noted below.

2. New Accounting Standards and Accounting Changes***Adoption of New Accounting Policies***

The Company adopted several standards including the following material standards on January 1, 2019, which are effective for annual periods ending after December 31, 2018, and for annual and interim periods thereafter.

In 2016, the FASB issued ASU 2016-02, *Leases (Topic 842)* (ASC Topic 842). The Company adopted 2016-02 and several associated ASUs on January 1, 2019. See note 3 for a further discussion of the Company's adoption of ASC Topic 842.

In January 2017, the FASB issued ASU No. 2017-04, *Intangibles—Goodwill and Other (Topic 350): Simplifying the Test for Goodwill Impairment* (ASU 2017-04). The adoption of this standard will be applied prospectively and did not have a material impact on the Company's condensed consolidated financial statements.

In December 2017, the FASB issued ASU No. 2017-12, *Derivatives and Hedging (Topic 815): Targeted Improvements to Accounting for Hedging Activities* (ASU 2017-12). The adoption of this standard will be applied prospectively and did not have an impact on the Company, see note 15(d) for additional disclosure regarding the Company's hedging arrangements.

Recently Issued FASB Accounting Standard Codification Updates

In March 2019, the FASB issued ASU No. 2019-02, *Entertainment—Films—Other Assets—Film Costs (Subtopic 926-20) and Entertainment—Broadcasters—Intangibles—Goodwill and Other (Subtopic 920-350)* (ASU 2019-02). The purpose of ASU 2019-02 is to align the accounting for production costs of an episodic television series with the accounting for production costs of films by removing the content distinction for capitalization, as well as requiring an entity to reassess estimates of the use of a film in a film group. In addition, ASU 2019-02 will require an entity to test for impairment at a film group level if it is predominantly monetized with other films. Amendments in this update would be applied prospectively, and for public entities, the amendments in ASU 2019-02 are effective for interim and annual reporting periods beginning after December 15, 2019. The Company is currently assessing the impact of ASU 2019-02 on its condensed consolidated financial statements.

In June 2016, the FASB issued ASU No. 2016-13, *Financial Instruments—Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments* (ASU 2016-13). The purpose of ASU 2016-13 is to require a financial asset measured on the amortized cost basis to be presented at the net amount expected to be collected. Credit losses relating to available-for-sale debt securities should be recorded through an allowance for credit losses. For public entities, the amendments in ASU 2016-13 are effective for interim and annual reporting periods beginning after December 15, 2019. The Company is currently assessing the impact of ASU 2016-13 on its condensed consolidated financial statements.

The Company considers the applicability and impact of all recently issued FASB accounting standard codification updates. Accounting standards updates that are not noted above were assessed and determined to be not applicable or not significant to the Company's condensed consolidated financial statements for the period ended March 31, 2019.

Table of Contents**3. Adoption of ASC Topic 842, Leases, effective January 1, 2019**

On January 1, 2019, the Company adopted ASC Topic 842 Leases. The standard was issued to help investors and other financial statement users better understand the amount, timing, and uncertainty of cash flows arising from leases.

As a lessee, the adoption of the standard resulted in the Company recording a net increase to net lease assets and lease liabilities of approximately \$17.5 million as at January 1, 2019. The gross right-of-use assets and lease liabilities amounted to \$20.0 million, while prepaid expenses of less than \$0.1 million and unamortized lease inducements and other accruals of \$2.5 million were reclassified from accrued liabilities to offset the applicable right-of-use asset. The Company mainly leases office and warehouse storage space. Office equipment is generally purchased outright. Adoption of ASC Topic 842 did not change the lease classification of its leases. The leases continue to be classified as operating leases similar to the guidance under ASC Topic 840. The adoption of ASC Topic 842 did not materially impact the Company's net earnings and had no impact on cash flows.

As a lessor, a number of the Company's leases of IMAX theater systems are classified as sales-type leases. The accounting treatment of its lease arrangements for IMAX theater systems has not changed under Topic ASC 842 as compared to guidance under ASC Topic 840, as the Company has very few sales-type leases with variable consideration tied to an index.

The Company adopted ASC Topic 842, utilizing the modified retrospective transition method, which allowed the Company to adopt the standard as of the date of initial application. Prior year comparative amounts are not required to be restated and are presented in accordance with ASC Topic 840, Leases or other applicable standards effective prior to January 1, 2019. The Company has elected the package of practical expedients permitted under the transition guidance within ASC Topic 842, which permits the Company to carry forward the historical lease classification and not reassess whether any expired or existing contracts are or contain leases. In addition, the Company is not required to reassess initial direct costs for any existing leases. The Company did not elect the land easements and the use of hindsight practical expedients in determining the lease term for existing leases. ASC Topic 842 also provides practical expedients for an entity's ongoing accounting. The Company has elected the short-term lease recognition exemption for all leases that qualify. As a result, for those leases with a term of less than 12 months, it will not recognize right-of-use assets or lease liabilities. The Company also elected the practical expedient to not separate lease and non-lease components for all of its leases regardless of whether the Company is the lessee or a lessor to the lease.

The following table presents the impact from the adoption of ASC Topic 842 on the Company's assets and liabilities in the condensed consolidated balance sheet:

	Balance at December 31, 2018	ASC Topic 842 Adjustments	Balance at January 1, 2019
Assets			
Property, plant and equipment	\$ 280,658	\$ 17,462	\$ 298,120
Prepaid expenses	10,294	(36)	10,258
Liabilities			
Accrued and other liabilities	97,724	17,426	115,150

Table of Contents**4. Lease Arrangements and Financing Receivables***IMAX Corporation as a Lessor:*

A number of the Company's leases are classified as sales-type leases for transactions related to the lease of IMAX theater systems. Certain arrangements that are legal sales are also classified as sales-type leases as certain clauses within the arrangements limit transfer of title or provide the Company with conditional rights to the system. The customer's rights under the Company's lease arrangements are described in note 2(m) in the Company's 2018 Form 10-K. The Company classifies its lease arrangements at inception of the arrangement and, if required, after a modification of the lease arrangement, to determine whether they are sales-type leases or operating leases. Under the Company's lease arrangements, the customer has the ability and the right to operate the hardware components or direct others to operate them in a manner determined by the customer. The Company's lease portfolio terms are typically non-cancellable for 10 to 20 years with renewal provisions from inception. Except for those sales arrangements that are classified as sales-type leases, the Company's leases generally do not contain an automatic transfer of title at the end of the lease term. The Company's lease arrangements do not contain a guarantee of residual value at the end of the lease term. The customer is required to pay for executory costs such as insurance and taxes and is required to pay the Company for maintenance and extended warranty generally after the first year of the lease until the end of the lease term. The customer is responsible for obtaining insurance coverage for the theater systems commencing on the date specified in the arrangement's shipping terms and ending on the date the theater systems are delivered back to the Company.

The Company has assessed the nature of its joint revenue sharing arrangements and concluded that, based on the guidance in the Revenue Recognition Topic of the ASC, the arrangements contain a lease. Under joint revenue sharing arrangements, the customer has the ability and the right to operate the hardware components or direct others to operate them in a manner determined by the customer. The Company's joint revenue sharing arrangements are typically non-cancellable for 10 years or longer with renewal provisions. Title to equipment under joint revenue sharing arrangements does not transfer to the customer. The Company's joint revenue sharing arrangements do not contain a guarantee of residual value at the end of the term. The customer is required to pay for executory costs such as insurance and taxes and is required to pay the Company for maintenance and extended warranty throughout the term. The customer is responsible for obtaining insurance coverage for the theater systems commencing on the date specified in the arrangement's shipping terms and ending on the date the theater systems are delivered back to the Company. See additional details regarding the Company's traditional and hybrid joint revenue sharing arrangements as described in note 2(m) in the Company's 2018 Form 10-K.

Financing receivables, consisting of net investment in sales-type leases and receivables from financed sales of theater systems are as follows:

	March 31, 2019	December 31, 2018
Gross minimum lease payments receivable	\$ 9,776	\$ 10,499
Unearned finance income	(793)	(902)
Minimum lease payments receivable	8,983	9,597
Accumulated allowance for uncollectible amounts	(155)	(155)
Net investment in leases	8,828	9,442

Edgar Filing: IMAX CORP - Form 10-Q

Gross financed sales receivables	153,139	155,044
Unearned finance income	(35,213)	(36,215)
Financed sales receivables	117,926	118,829
Accumulated allowance for uncollectible amounts	(839)	(839)
Net financed sales receivables	117,087	117,990
Total financing receivables	\$ 125,915	\$ 127,432
Net financed sales receivables due within one year	\$ 27,836	\$ 26,911
Net financed sales receivables due after one year	\$ 89,251	\$ 91,079

As at March 31, 2019, the financed sale receivables had a weighted average effective interest rate of 9.0% (December 31, 2018 9.1%). As at March 31, 2019, sales-type lease arrangements had a weighted average effective interest rate of 7.9% and weighted average remaining lease term of 7.2 years (December 31, 2018 8.0% and 7.3 years, respectively).

Table of Contents*IMAX Corporation as a Lessee:*

The Company mainly leases office and warehouse storage space and office equipment is generally purchased outright. Leases with an initial term of less than 12 months are not recorded on the balance sheet; the Company recognizes lease expense for these leases on a straight-line basis over the lease term. Most leases include one or more options to renew, with renewal terms that can extend the lease term from one to 5 years or more. The Company assumed that it was reasonably certain that the renewal options on its warehouse leases would be exercised, based on previous history and knowledge, current understanding of future business needs and level of investment in leasehold improvements among other considerations. The incremental borrowing rate used in the calculation of the lease liability is based on the location of each leased property. None of the Company's leases include options to purchase the leased property. The depreciable life of assets and leasehold improvements are limited by the expected lease term. The Company's lease agreements do not contain any material residual value guarantees or material restrictive covenants. The Company rents or subleases certain office space to third parties, which have a remaining term of less than 12 months and are not expected to be renewed.

The components of lease expense are as follows:

		Three Months Ended March 31,	
		2019	2018
Operating lease cost ⁽¹⁾	SG&A Expenses	\$ 243	\$ 1,155
Amortization of lease assets	SG&A Expenses	531	
Interest on lease liabilities	SG&A Expenses	268	
 Total lease cost		 \$ 1,042	 \$ 1,155

(1) Includes short-term leases and variable lease costs, which are not significant for the three months ended, March 31, 2019.

Supplemental balance sheet information related to leases are as follows:

		March 31,	January 1,
		2019	2019
Assets			
Operating Leases	Property, plant and equipment	\$ 16,991	\$ 17,462
Liabilities			
Operating Leases ⁽¹⁾	Accrued and other liabilities	\$ 19,460	\$ 19,960

(1) The Company recorded lease liabilities of approximately \$20.0 million as at January 1, 2019 upon initial adoption of ASC Topic 842. In addition, unamortized lease inducements and other accruals of \$2.5 million were reclassified from accrued liabilities to offset against the applicable right-of-use asset.

	March 31, 2019	January 1, 2019
Weighted-average remaining lease term (years)		
Operating Leases	8.1	8.3
Weighted-average discount rate		
Operating Leases	5.80%	5.80%

Table of Contents

Maturities of lease liabilities are as follows:

	Operating Leases
2019 (nine months remaining)	\$ 2,739
2020	3,451
2021	3,047
2022	2,283
2023	2,175
Thereafter	11,310
Total lease payments	\$ 25,005
Less: interest expense	(5,545)
Present value of lease liabilities	\$ 19,460

As of December 31, 2018, under ASC Topic 840, minimum lease payments under non-cancelable operating leases by period were expected to be as follows:

	Operating Leases
2019	\$ 3,847
2020	2,790
2021	2,491
2022	1,843
2023	1,759
Thereafter	9,657
Total lease payments	\$ 22,387

5. Inventories

	March 31, 2019	December 31, 2018
Raw materials	\$ 29,074	\$ 29,705
Work-in-process	4,082	4,733
Finished goods	11,658	10,122
	\$ 44,814	\$ 44,560

At March 31, 2019, finished goods inventory for which title had passed to the customer and revenue was deferred amounted to \$2.7 million (December 31, 2018 \$1.9 million).

There were no write-downs for excess and obsolete inventory based on current estimates of net realizable value considering future events and conditions, during the three months ended March 31, 2019 and 2018.

Table of Contents**6. Credit Facility and Other Financing Arrangements***Credit Facility*

On June 28, 2018, the Company entered into a Fifth Amended and Restated Credit Agreement (the Credit Agreement) with Wells Fargo Bank, National Association (Wells Fargo), as agent, and a syndicate of lenders party thereto. The Credit Agreement expands the Company's revolving borrowing capacity from \$200.0 million to \$300.0 million, and also contains an uncommitted accordion feature allowing the Company to further expand its borrowing capacity to \$440.0 million or greater, depending on the mix of revolving and term loans comprising the incremental facility. The new facility (the Credit Facility) matures on June 28, 2023.

Loans under the Credit Facility will bear interest, at the Company's option, at (i) LIBOR plus a margin ranging from 1.00% to 1.75% per annum; or (ii) the U.S. base rate plus a margin ranging from 0.25% to 1.00% per annum, in each case depending on the Company's Total Leverage Ratio (as defined in the Credit Agreement).

The Credit Agreement provides that the Company is required to maintain a Senior Secured Net Leverage Ratio (as defined in the Credit Agreement) as of the last day of any Fiscal Quarter (as defined in the Credit Agreement) of no greater than 3.25:1.00. In addition, the Credit Agreement contains customary affirmative and negative covenants for a transaction of this type, including covenants that limit indebtedness, liens, capital expenditures, asset sales, investments and restricted payments, in each case subject to negotiated exceptions and baskets. The Credit Agreement also contains representations, warranties and event of default provisions customary for a transaction of this type.

The Company's obligations under the Credit Agreement are guaranteed by certain of the Company's subsidiaries (the Guarantors), and are secured by first-priority security interests in substantially all the assets of the Company and the Guarantors.

The Company was in compliance with all of its requirements at March 31, 2019.

Total amounts drawn and available under the Credit Facility at March 31, 2019 were \$60.0 million and \$240.0 million, respectively (December 31, 2018 \$40.0 million and \$260.0 million, respectively). The effective interest rate for the three months ended March 31, 2019 was 3.57% (2018 n/a).

As at March 31, 2019, the Company did not have any letters of credit and advance payment guarantees outstanding (December 31, 2018 \$nil), under the Credit Facility.

Working Capital Loan

On July 5, 2018, IMAX (Shanghai) Multimedia Technology Co., Ltd. (IMAX Shanghai), one of the Company's majority-owned subsidiaries in China, entered into an unsecured revolving facility for up to 200.0 million Renminbi (approximately \$30.0 million U.S. Dollars) to fund ongoing working capital requirements. The total amounts drawn and available under the working capital loan at March 31, 2019 and December 31, 2018 were nil and 200.0 million Renminbi, respectively (\$nil and approximately \$30.0 million U.S. Dollars, respectively).

Bank indebtedness includes the following:

March 31, 2019	December 31, 2018
---------------------------	------------------------------

Edgar Filing: IMAX CORP - Form 10-Q

Credit Facility	\$ 60,000	\$ 40,000
Deferred charges on debt financing	(2,150)	(2,247)
	\$ 57,850	\$ 37,753

Wells Fargo Foreign Exchange Facility

Within the Credit Facility, the Company is able to purchase foreign currency forward contracts and/or other swap arrangements. The net settlement risk on its foreign currency forward contracts was \$0.8 million at March 31, 2019, as the notional value exceeded the fair value of the forward contracts. As at March 31, 2019, the Company has \$43.9 million in notional value of such arrangements outstanding.

Table of Contents*Bank of Montreal Facility*

As at March 31, 2019, the Company had available a \$10.0 million facility (December 31, 2018 \$10.0 million) with the Bank of Montreal for use solely in conjunction with the issuance of performance guarantees and letters of credit fully insured by Export Development Canada (the Bank of Montreal Facility). As at March 31, 2019, the Company did not have any letters of credit and advance payment guarantees outstanding (December 31, 2018 \$nil) under the Bank of Montreal Facility.

7. Commitments, Contingencies and Guarantees*Commitments*

In the ordinary course of business, the Company enters into contractual agreements with third parties that include non-cancellable payment obligations, for which it is liable in future periods. These arrangements can include terms binding the Company to minimum payments and/or penalties if it terminates the agreement for any reason other than an event of default as described by the agreement.

Contingencies and guarantees

The Company is involved in lawsuits, claims, and proceedings, including those identified below, which arise in the ordinary course of business. In accordance with the Contingencies Topic of the FASB ASC, the Company will make a provision for a liability when it is both probable that a loss has been incurred and the amount of the loss can be reasonably estimated. The Company believes it has adequate provisions for any such matters. The Company reviews these provisions in conjunction with any related provisions on assets related to the claims at least quarterly and adjusts these provisions to reflect the impacts of negotiations, settlements, rulings, advice of legal counsel and other pertinent information related to the case. Should developments in any of these matters outlined below cause a change in the Company's determination as to an unfavorable outcome and result in the need to recognize a material provision, or, should any of these matters result in a final adverse judgment or be settled for significant amounts, they could have a material adverse effect on the Company's results of operations, cash flows, and financial position in the period or periods in which such a change in determination, settlement or judgment occurs.

The Company expenses legal costs relating to its lawsuits, claim and proceedings as incurred.

(a) In January 2004, the Company and IMAX Theatre Services Ltd., a subsidiary of the Company, commenced an arbitration seeking damages before the International Court of Arbitration of the International Chamber of Commerce (the ICC) with respect to the breach by Electronic Media Limited (EML) of its December 2000 agreement with the Company. In June 2004, the Company commenced a related arbitration before the ICC against EML's affiliate, E-City Entertainment (I) PVT Limited (E-City). On March 27, 2008, the arbitration panel issued a final award in favor of the Company in the amount of \$11.3 million, consisting of past and future rents owed to the Company, plus interest and costs, as well as an additional \$2,512 each day in interest from October 1, 2007 until the date the award is paid. In July 2008, E-City commenced a proceeding in Mumbai, India seeking an order that the ICC award may not be recognized in India and on June 10, 2013, the Bombay High Court ruled that it had jurisdiction over the proceeding filed by E-City. The Company appealed that ruling to the Supreme Court of India, and on March 10, 2017, the Supreme Court set aside the Bombay High Court's judgement and dismissed E-City's petition. On March 29, 2017, the Company filed an Execution Application in the Bombay High Court seeking to enforce the ICC award against E-City and several related parties. That matter is currently pending. The Company has also taken steps to enforce the ICC final award outside of India. In December 2011, the Ontario Superior Court of Justice issued an order recognizing the final award

and requiring E-City to pay the Company \$30,000 to cover the costs of the application, and in October 2015, the New York Supreme Court recognized the Canadian judgment and entered it as a New York judgment. The Company intends to continue pursuing its rights and seeking to enforce the award, although no assurances can be given with respect to the ultimate outcome.

(b) In March 2013, IMAX Shanghai received notice from the Shanghai office of the General Administration of Customs (Customs Authority) that it had been selected for a customs audit (the Audit). In the course of the Audit, the Customs Authority discovered the underpayment by IMAX Shanghai of the freight and insurance portion of the customs duties and taxes applicable to the importation of certain IMAX theater systems during the period from October 2011 through March 2013. Though IMAX Shanghai's importation agent accepted responsibility for the error giving rise to the underpayment, the matter was transferred first to the Anti-Smuggling Bureau (the ASB) of the Customs Authority and then to the Third Division of Shanghai People's Procuratorate for further review. During the year ended December 31, 2017, at the request of the ASB, IMAX Shanghai paid approximately \$0.15 million to the ASB to satisfy the amount owing as a result of the underpayment and accrued approximately \$0.3 million in respect of the fines that it believed to be likely to result from the matter. Given that the amount of the underpayment exceeded RMB 200,000, the

Table of Contents

applicable threshold for treatment as a criminal matter, on August 8, 2018, IMAX Shanghai was informed that its logistics function, but not IMAX Shanghai itself, would face criminal charges. A preliminary court conference was held on September 5, 2018, and hearings took place on October 24, 2018 and January 22, 2019. On March 6, 2019, the Shanghai No. 3 Intermediate People's Court imposed a fine of RMB 570,000, approximately \$85,000 or 75% of the underpayment, on IMAX Shanghai's logistics function. As of March 31, 2019, this fine has been paid and the legal proceedings were concluded.

(c) On November 11, 2013, Giencourt Investments, S.A. (Giencourt) initiated arbitration before the International Centre for Dispute Resolution in Miami, Florida, based on alleged breaches by the Company of its theater agreement and related license agreement with Giencourt. An arbitration hearing for witness testimony was held during the week of December 14, 2015. At the hearing, Giencourt's expert identified monetary damages of up to approximately \$10.4 million, which Giencourt sought to recover from the Company. The Company asserted a counterclaim against Giencourt for breach of contract and sought to recover lost profits in excess of \$24.0 million under the agreements. Subsequently, in December 2015, Giencourt made a motion to the panel seeking to enforce a purported settlement of the matter based on negotiations between Giencourt and the Company. The panel held a final hearing with closing arguments in October 2016. On February 7, 2017, the panel issued a Partial Final Award and on July 21, 2017, the panel issued a Final Award (collectively, the Award), which held that the parties had reached a binding settlement, and therefore the panel did not reach the merits of the dispute. The Company strongly disputes that discussions about a potential resolution of this matter amounted to an enforceable settlement. In October 2017, the Company filed a petition to vacate the arbitration award in the United States Court for the Southern District of Florida on various grounds, including that the panel exceeded its jurisdiction. The petition is still pending. At this time, the Company is unable to determine the amounts that it may owe pursuant to the Award, or the timing of any such payments, and therefore no assurances can be given with respect to the ultimate outcome of the matter.

(d) In addition to the matters described above, the Company is currently involved in other legal proceedings or governmental inquiries which, in the opinion of the Company's management, will not materially affect the Company's financial position or future operating results, although no assurance can be given with respect to the ultimate outcome of any such proceedings.

(e) In the normal course of business, the Company enters into agreements that may contain features that meet the definition of a guarantee. The Guarantees Topic of the FASB ASC defines a guarantee to be a contract (including an indemnity) that contingently requires the Company to make payments (either in cash, financial instruments, other assets, shares of its stock or provision of services) to a third party based on (a) changes in an underlying interest rate, foreign exchange rate, equity or commodity instrument, index or other variable, that is related to an asset, a liability or an equity security of the counterparty, (b) failure of another party to perform under an obligating agreement or (c) failure of another third party to pay its indebtedness when due.

Financial Guarantees

The Company has provided no significant financial guarantees to third parties.

Product Warranties

The Company's accrual for product warranties, which was recorded as part of accrued and other liabilities in the condensed consolidated balance sheets, was \$0.2 million and \$0.2 million at March 31, 2019 and December 31, 2018, respectively.

Director/Officer Indemnifications

The Company's General By-law contains an indemnification of its directors/officers, former directors/officers and persons who have acted at its request to be a director/officer of an entity in which the Company is a shareholder or creditor, to indemnify them, to the extent permitted by the *Canada Business Corporations Act*, against expenses (including legal fees), judgments, fines and any amounts actually and reasonably incurred by them in connection with any action, suit or proceeding in which the directors and/or officers are sued as a result of their service, if they acted honestly and in good faith with a view to the best interests of the Company. In addition, the Company has entered into indemnification agreements with each of its directors in order to effectuate the foregoing. The nature of the indemnification prevents the Company from making a reasonable estimate of the maximum potential amount it could be required to pay to counterparties. The Company has purchased directors' and officers' liability insurance. No amount has been accrued in the condensed consolidated balance sheets as at March 31, 2019 and December 31, 2018, with respect to this indemnity.

Table of Contents*Other Indemnification Agreements*

In the normal course of the Company's operations, the Company provides indemnifications to counterparties in transactions such as: theater system lease and sale agreements and the supervision of installation or servicing of the theater systems; film production, exhibition and distribution agreements; real property lease agreements; and employment agreements. These indemnification agreements require the Company to compensate the counterparties for costs incurred as a result of litigation claims that may be suffered by the counterparty as a consequence of the transaction or the Company's breach or non-performance under these agreements. While the terms of these indemnification agreements vary based upon the contract, they normally extend for the life of the agreements. A small number of agreements do not provide for any limit on the maximum potential amount of indemnification; however, virtually all of the Company's system lease and sale agreements limit such maximum potential liability to the purchase price of the system. The fact that the maximum potential amount of indemnification required by the Company is not specified in some cases prevents the Company from making a reasonable estimate of the maximum potential amount it could be required to pay to counterparties. Historically, the Company has not made any significant payments under such indemnifications and no amounts have been accrued in the condensed consolidated financial statements with respect to the contingent aspect of these indemnities.

8. Condensed Consolidated Statements of Operations Supplemental Information*(a) Selling Expenses*

The Company defers direct selling costs such as sales commissions and other amounts related to its sale and sales-type lease arrangements until the related revenue is recognized. These costs and direct advertising and marketing, included in costs and expenses applicable to Revenues—Equipment and product sales, totaled \$0.5 million for the three months ended March 31, 2019 (2018—\$0.7 million).

Film exploitation costs, including advertising and marketing, totaled \$4.5 million for the three months ended March 31, 2019 (2018—\$5.3 million), and are recorded in costs and expenses applicable to revenues-services as incurred.

Commissions are recognized as costs and expenses applicable to Revenues—Rentals in the month they are earned. These costs totaled a recovery of \$0.2 million for the three months ended March 31, 2019 (2018—expense of less than \$0.1 million). Direct advertising and marketing costs for each theater are charged to costs and expenses applicable to Revenues—Rentals as incurred. These costs totaled an expense of \$0.2 million for the three months ended March 31, 2019 (2018—\$0.1 million).

(b) Foreign Exchange

Included in selling, general and administrative expenses for the three months ended March 31, 2019 is a loss of \$0.2 million (2018—loss of \$0.1 million) for net foreign exchange gains/losses related to the translation of foreign currency denominated monetary assets and liabilities. See note 15(d) for additional information.

(c) Collaborative Arrangements

Joint Revenue Sharing Arrangements

In a joint revenue sharing arrangement, the Company receives a portion of a theater's box office and concession revenues, and in some cases a small upfront or initial payment, in exchange for placing a theater system at the theater operator's venue. Under joint revenue sharing arrangements, the customer has the ability and the right to operate the hardware components or direct others to operate them in a manner determined by the customer. The Company's joint revenue sharing arrangements are typically non-cancellable for 10 years or longer with renewal provisions. Title to equipment under joint revenue sharing arrangements generally does not transfer to the customer. The Company's joint revenue sharing arrangements do not contain a guarantee of residual value at the end of the term. The customer is required to pay for executory costs such as insurance and taxes and is required to pay the Company for maintenance and extended warranty throughout the term. The customer is responsible for obtaining insurance coverage for the theater systems commencing on the date specified in the arrangement's shipping terms and ending on the date the theater systems are delivered back to the Company.

Table of Contents

The Company has signed joint revenue sharing agreements with 35 exhibitors for a total of 1,198 theater systems, of which 809 theaters were operating as at March 31, 2019, the terms of which are similar in nature, rights and obligations. The accounting policy for the Company's joint revenue sharing arrangements is disclosed in note 2(m) of the Company's 2018 Form 10-K.

Amounts attributable to transactions arising between the Company and its customers under joint revenue sharing arrangements are included in Revenue—Equipment and product sales and Revenue—Rentals and for the three months ended March 31, 2019 amounted to \$20.4 million (2018—\$17.9 million).

IMAX DMR

In an IMAX DMR arrangement, the Company transforms conventional motion pictures into the Company's large screen format, allowing the release of Hollywood content to the global IMAX theater network. In a typical IMAX DMR film arrangement, the Company will absorb its costs for the digital re-mastering and then recoup this cost from a percentage of the box-office receipts of the film, which in recent years has averaged approximately 12.5% outside of Greater China and a lower percentage for certain films within Greater China. The Company does not typically hold distribution rights or the copyright to these films.

For the three months ended March 31, 2019, the majority of IMAX DMR revenue was earned from the exhibition of 24 IMAX DMR films (2018—22) throughout the IMAX theater network. The accounting policy for the Company's IMAX DMR arrangements is disclosed in note 2(m) of the Company's 2018 Form 10-K.

Amounts attributable to transactions arising between the Company and its customers under IMAX DMR arrangements are included in Revenues—Services and for the three months ended March 31, 2019 amounted to \$28.0 million (2018—\$27.1 million).

Co-Produced Film Arrangements

In certain film arrangements, the Company co-produces a film with a third party whereby the third party retains the copyright and rights to the film. In some cases, the Company obtains exclusive theatrical distribution rights to the film. Under these arrangements, both parties contribute funding to the Company's partly-owned subsidiary for the production and distribution of the film and for associated exploitation costs.

As at March 31, 2019, the Company has two significant co-produced film arrangements which represent the VIE total assets balance of \$11.8 million and liabilities balance of \$14.5 million and three other co-produced film arrangements, the terms of which are similar. The accounting policies relating to co-produced film arrangements are disclosed in notes 2(a) and 2(m) of the Company's 2018 Form 10-K.

For the three months ended March 31, 2019, expenses totaling \$0.2 million (2018—\$0.2 million) attributable to transactions between the Company and other parties involved in the production of the films have been included in cost and expenses applicable to Revenues—Services.

As at March 31, 2019, the Company is participating in one significant co-produced television arrangement. This arrangement is not a VIE.

For the three months ended March 31, 2019, revenues of \$nil (2018—\$0.4 million) and costs and expenses applicable to revenues of \$nil (2018—\$0.4 million) attributable to this collaborative arrangement have been recorded in Revenue—Services and Costs and expenses applicable to Revenues—Services, respectively.

Table of Contents**9. Condensed Consolidated Statements of Cash Flows Supplemental Information**

(a) Depreciation and amortization are comprised of the following:

	Three Months Ended March 31,	
	2019	2018
Film assets	\$ 3,695	\$ 3,571
Property, plant and equipment		
Joint revenue sharing arrangements	5,605	4,840

Other intangible assets	1,425	1,217
Other assets	433	310
Deferred financing costs	117	141
	\$ 14,211	\$ 13,521

(b) Write-downs, net of recoveries, are comprised of the following:

	Three Months Ended March 31,	
	2019	2018
Accounts receivable	\$ 431	\$ 451
Property, plant and equipment ⁽¹⁾	86	421
Joint revenue sharing arrangements ⁽¹⁾	180	126
Other intangible assets		38
	\$ 697	\$ 1,036

(1) The Company recognized asset impairment charges of \$0.1 million (2018 \$0.5 million) reflecting property, plant and equipment that were no longer in use. In the three months ended March 31, 2019, the Company recorded a charge of \$0.1 million in cost of sales applicable to Equipment and product sales and less than \$0.1 million in revenue applicable to Equipment and product sales upon the upgrade of xenon-based digital systems under joint revenue sharing arrangements to laser-based digital systems. No such charge was recorded in the three months ended March 31, 2018.

(c) Significant non-cash investing and financing activities are comprised of the following:

	Three Months Ended March 31,	
	2019	2018
Net accruals related to:		

Edgar Filing: IMAX CORP - Form 10-Q

Purchases of property, plant and equipment	\$ (401)	\$ 364
Investment in joint revenue sharing arrangements	200	(20)
Acquisition of other intangible assets	12	5
	\$ (189)	\$ 349

Table of Contents**10. Income Taxes*****(a) Income Taxes***

The Company's effective tax rate differs from the statutory tax rate and varies from year to year primarily as a result of permanent differences, investment and other tax credits, the provision for income taxes at different rates in foreign and other provincial jurisdictions, enacted statutory tax rate increases or decreases in the year, changes due to foreign exchange, changes in the Company's valuation allowance based on the Company's recoverability assessments of deferred tax assets, and favorable or unfavorable resolution of various tax examinations. During the quarter ended March 31, 2019, there was no change in the Company's estimates of the recoverability of its deferred tax assets based on an analysis of both positive and negative evidence including projected future earnings as necessary.

As at March 31, 2019, the Company had net deferred income tax assets after valuation allowance of \$30.5 million (December 31, 2018 \$31.3 million), which consists of a gross deferred income tax asset of \$30.7 million (December 31, 2018 \$31.5 million), against which the Company is carrying a \$0.2 million valuation allowance (December 31, 2018 \$0.2 million).

For the quarter ended March 31, 2019, the Company recorded a provision for income taxes of \$3.6 million. Included in the provision for income taxes was an expense of \$0.4 million related to its provision for uncertain tax positions and an expense of \$0.3 million related to its provision for tax shortfalls related to stock-based compensation costs recognized in the period.

In 2018, the Company finalised its accounting related to changes in the U.S. Tax Act. Among other things, the Company has finalised provisional estimates and tax calculations, which included an evaluation of recent interpretations and new guidance issued. No adjustments were recognised during the year ended December 31, 2018, and the provisional re-measurement effect on deferred taxes recorded in the 2017 year reflects the total effect of the changes in the U.S. Tax Act.

The Company has not provided for taxes on cumulative earnings of non-Canadian affiliates and associated companies that have been reinvested indefinitely. Taxes are provided for earnings of non-Canadian affiliates and associated companies when the Company determines that such earnings are no longer indefinitely reinvested.

Cash held outside of North America as at March 31, 2019 was \$102.7 million (December 31, 2018 \$121.9 million), of which \$53.5 million was held in the People's Republic of China (PRC) (December 31, 2018 \$54.7 million). The Company's intent is to permanently reinvest these amounts outside of Canada and the Company does not currently anticipate that it will need funds generated from foreign operations to fund North American operations. In the event funds from foreign operations are needed to fund operations in North America and if withholding taxes have not already been previously provided, the Company would be required to accrue and pay these additional withholding tax amounts on repatriation of funds from China to Canada. The Company currently estimates this amount to be \$9.2 million (December 31, 2018 \$8.4 million).

(b) Income Tax Effect on Other Comprehensive Income

The income tax (expense) benefit included in the Company's other comprehensive income are related to the following items:

	Three Months Ended	
	March 31,	
	2019	2018
Unrealized change in cash flow hedging instruments	\$ (83)	\$ 263
Realized change in cash flow hedging instruments upon settlement	(18)	58
	\$ (101)	\$ 321

Table of Contents**11. Capital Stock****(a) Stock-Based Compensation**

Compensation costs recorded in the condensed consolidated statements of operations for the Company's stock-based compensation plans were \$4.4 million for the three months ended March 31, 2019 (2018 \$4.8 million). The following reflects the stock-based compensation expense recorded to the respective financial statement line items:

	Three Months Ended March 31,	
	2019	2018
Cost and expenses applicable to revenues	\$ 374	\$ 96
Selling, general and administrative expenses	3,903	4,417
Research and development	85	334
Exit costs, restructuring charges and associated impairments		(19)
	\$ 4,362	\$ 4,828

The following reflects a breakdown of the Company's stock-based compensation expense by each plan type:

	Three Months Ended March 31,	
	2019	2018
Stock options	\$ 1,907	\$ 1,389
Restricted Share Units	2,110	3,215
China Long Term Incentive Plan Restricted Share Units	279	183
China Options	66	41
	\$ 4,362	\$ 4,828

Stock Option Summary

The following table summarizes certain information in respect of option activity under the Company's Stock Option Plan (SOP) and IMAX Amended and Restated Long Term Incentive Plan (IMAX LTIP) for the three months ended March 31:

	Number of Shares		Weighted Average Exercise Price Per Share	
	2019	2018	2019	2018
Options outstanding, beginning of period	5,465,046	5,082,100	\$ 27.63	\$ 29.31
Granted	1,006,931	878,629	20.66	22.06
Exercised	(31,235)		20.36	

Edgar Filing: IMAX CORP - Form 10-Q

Forfeited	(79,055)	(45,164)	23.71	31.13
Expired	(304,472)	(10,000)	25.94	27.09
Options outstanding, end of period	6,057,215	5,905,565	26.64	28.22
Options exercisable, end of period	3,886,592	4,133,351	28.74	29.14

Table of Contents*Restricted Share Units (RSU) Summary*

The following table summarizes certain information in respect of RSU activity under the IMAX LTIP for the three months ended March 31:

	Number of Awards		Weighted Average Grant Date Fair Value Per Share	
	2019	2018	2019	2018
RSUs outstanding, beginning of period	1,033,871	995,329	\$ 25.70	\$ 32.80
Granted	540,535	535,362	22.61	20.85
Vested and settled	(228,445)	(257,888)	27.46	32.76
Forfeited	(90,900)	(30,024)	23.77	31.93
RSUs outstanding, end of period	1,255,061	1,242,779	24.18	27.58

Issuer Purchases of Equity Securities

In 2017, the Company's Board of Directors approved a new \$200.0 million share repurchase program for shares of the Company's common stock. The share repurchase program expires on June 30, 2020. The repurchases may be made either in the open market or through private transactions, subject to market conditions, applicable legal requirements and other relevant factors. The Company has no obligation to repurchase shares and the share repurchase program may be suspended or discontinued by the Company at any time. During the three months ended March 31, 2019, the Company did not repurchase any common shares (2018 654,224 at an average price of \$20.46 per share).

In 2018, IMAX China announced that its shareholders granted its Board of Directors a general mandate authorizing the Board, subject to applicable laws, to repurchase shares of IMAX China in an amount not to exceed 10% of the total number of issued shares of IMAX China as at May 3, 2018 (35,818,112 shares). The share purchase program expires on the date of the 2019 annual general meeting of IMAX China. The repurchases may be made in the open market or through other means permitted by applicable laws. IMAX China has no obligation to repurchase its shares and the share repurchase program may be suspended or discontinued by IMAX China at any time. During the three months ended March 31, 2019, IMAX China repurchased 709,800 common shares at an average price of HKD 19.47 per share (U.S. \$2.48).

The total number of shares purchased during the three months ended March 31, 2019 does not include any shares purchased in the administration of employee share-based compensation plans (which amounted to 400,000 common shares (2018 300,000 common shares), at an average price of \$22.98 per share (2018 \$20.55 per share)).

As at March 31, 2019, the IMAX LTIP trustee held 191,033 shares purchased for \$4.2 million in the open market to be issued upon the settlement of RSUs and certain stock options. The shares held with the trustee are recorded at cost and are reported as a reduction against capital stock on the condensed consolidated balance sheet.

(b) Net Income Per Share

Reconciliations of the numerator and denominator of the basic and diluted per-share computations are comprised of the following:

	Three Months Ended March 31,	
	2019	2018
Net income applicable to common shareholders	\$ 8,265	\$ 8,505
<i>Weighted average number of common shares (000 s):</i>		
Issued and outstanding, beginning of period	61,434	64,696
Weighted average number of shares repurchased, net of shares issued, during the period	(57)	(141)
Weighted average number of shares used in computing basic income per share	61,377	64,555
Assumed exercise of stock options and RSUs, net of shares assumed repurchased	182	64
Weighted average number of shares used in computing diluted income per share	61,559	64,619

The calculation of diluted earnings per share for the three months ended March 31, 2019 excludes 6,647,056 shares (2018 6,409,364 shares) that are issuable upon the vesting of 639,739 RSUs (2018 589,412 RSUs, respectively) and the exercise of 6,007,317 stock options (2018 5,819,952 stock options), as the impact would be antidilutive.

Table of Contents**12. Revenue from Contracts with Customers**

The Company's revenue arrangements with certain customers may involve performance obligations consisting of the delivery of a theater system (projector, sound system, screen system and, if applicable, 3D glasses cleaning machine); services associated with the theater system including theater design support, supervision of installation, and projectionist training; a license to use the IMAX brand; 3D glasses; maintenance and extended warranty services; and licensing of films. The Company evaluates all of the performance obligations in an arrangement to determine which are considered distinct, either individually or in a group, for accounting purposes and which of the deliverables represent separate units of accounting based on the applicable accounting guidance in the Leases Topic of the FASB ASC; the Guarantees Topic of the FASB ASC; and the Revenue Recognition Topic of the FASB ASC. If separate units of accounting are either required under the relevant accounting standards or determined to be applicable under the Revenue Recognition Topic, the total transaction price received or receivable in the arrangement is allocated based on the applicable guidance in the above noted standards. The Company's revenue recognition policies are described in note 2(m) in the Company's 2018 Form 10-K.

The Company's arrangements include a requirement for the provision of maintenance services over the life of the arrangement, subject to a consumer price index increase on renewal each year. In circumstances where customers prepay the entire term's maintenance arrangement, payments are due to the Company for the years after the extended warranty and maintenance services offered as part of the System Obligation expire. Payments upon renewal each year can be either in arrears or in advance, and can vary in frequency from monthly to annually. At March 31, 2019, \$14.7 million of consideration has been deferred in relation to outstanding stand ready performance obligations related to these maintenance services (December 31, 2018 - \$21.9 million). As the maintenance services are a stand ready obligation, revenue, subject to appropriate constraint, is recognized evenly over the contract term.

In instances where consideration is received prior to performance obligations being satisfied, it is deferred. The majority of the Company's deferred revenue balance relates to payments for theater systems that have not yet been recognized. The deferred revenue related to an individual theater increases as progress payments are made, and is recognized at the time the system obligation is satisfied. Recognition dates are variable and depend on numerous factors, including some outside of the Company's control.

The recognition of variable consideration involves a significant amount of judgment. Variable consideration is to be recognized subject to appropriate constraints to avoid a significant reversal of revenue in future periods. The Company will review the variable interest assets on an ongoing basis. In the three months ended March 31, 2019, the Company recorded a true-up of variable consideration of \$1.4 million due to the modification of existing arrangements.

Table of Contents

The following tables present a breakdown of the Company's revenues between fixed and variable consideration and lease arrangements:

	Three Months Ended March 31, 2019			Total
	Subject to the New Revenue Recognition Standard		Subject to the Lease Standard

13. Segmented Information

Management, including the Company's Chief Executive Officer (CEO) who is the Company's Chief Operating Decision Maker (as defined in the Segment Reporting Topic of the FASB ASC), assesses segment performance based on segment revenues and gross margins. Selling, general and administrative expenses, research and development costs, amortization of intangibles, receivables provisions (recoveries), write-downs net of recoveries, interest income, interest expense and tax (provision) recovery are not allocated to the segments.

The Company's reportable segments are organized under four primary groups identified by nature of product sold or service provided: (1) Network Business, representing variable revenue generated by box office results and which includes the reportable segment of IMAX DMR and contingent rent from the joint revenue sharing arrangements and IMAX systems segments (hybrid joint revenue sharing arrangements, which take the form of a sale are reflected under the IMAX systems segment of Theater Business); (2) Theater Business, representing revenue generated by the sale and installation of theater systems and maintenance services, primarily related to the IMAX Systems and Theater System Maintenance reportable segments, and also includes hybrid (fixed and contingent) revenues and upfront installation costs from sales arrangements previously reported in the joint revenue sharing arrangements segment and after-market sales of projection system parts and 3D glasses from the other segment; (3) New Business, which includes home entertainment, and other new business initiatives that are in the development, start-up and/or wind-up phases, and (4) Other; which includes the film post-production and distribution segments, certain IMAX theaters that the Company owns and operates, camera rentals and other miscellaneous items. The Company is presenting information at a disaggregated level to provide more relevant information to readers, as permitted by the standard. Refer to Item 2 of the Company's Form 10-Q for additional information regarding the four primary groups mentioned above.

Transactions between the film production IMAX DMR segment and the film post-production segment are valued at exchange value. Inter-segment profits are eliminated upon consolidation, as well as for the disclosures below.

Table of Contents

- (1) The Company's largest customer represented 18.9% of total revenues for the three months ended March 31, 2019 (2018 17.2%).
- (2) IMAX DMR segment margins include marketing costs of \$3.9 million for the three months ended March 31, 2019 (2018 \$4.1 million). Joint revenue sharing arrangements segment margins include advertising, marketing and commission costs of \$0.1 million for the three months ended March 31, 2019 (2018 \$0.2 million). IMAX systems segment margins include marketing and commission costs of \$0.5 million for the three months ended March 31, 2019 (2018 \$0.7 million). Film distribution segment margins include marketing expense of \$0.6 million for the three months ended March 31, 2019 (2018 an expense of \$1.2 million).

Geographic Information

Revenue by geographic area is based on the location of the customer. Revenue related to IMAX DMR is presented based upon the geographic location of the theaters that exhibit the re-mastered films. IMAX DMR revenue is generated through contractual relationships with studios and other third parties and these may not be in the same geographical location as the theater.

	Three Months Ended March 31,	
	2019	2018
Revenue		
Greater China	\$ 26,681	\$ 28,146
United States	24,293	27,632
Asia (excluding Greater China)	8,790	9,230
Western Europe	8,443	10,262
Latin America	2,653	1,479
Canada	1,872	2,566
Russia & the CIS	1,688	1,990
Rest of the World	5,778	3,679
 Total	 \$ 80,198	 \$ 84,984

No single country in the Rest of the World, Western Europe, Latin America and Asia (excluding Greater China) classifications comprises more than 10% of the total revenue.

Table of Contents**14. Employee s Pension and Postretirement Benefits****(a) Defined Benefit Plan**

The Company has an unfunded U.S. defined benefit pension plan (the SERP) covering Richard L. Gelfond, CEO of the Company.

The following table provides disclosure of the pension obligation for the SERP:

	March 31, 2019	December 31, 2018
Projected benefit obligation:		
Obligation, beginning of period	\$ 17,977	\$ 19,003
Interest cost	141	422
Actuarial gain		(1,448)
Obligation, end of period and unfunded status	\$ 18,118	\$ 17,977

The following table provides disclosure of pension expense for the SERP:

	Three Months Ended March 31,	
	2019	2018
Interest cost	\$ 141	\$ 105

No contributions are expected to be made for the SERP during the remainder of 2019. The Company expects interest costs of \$0.4 million to be recognized as a component of net periodic benefit cost during the remainder of 2019.

The accumulated benefit obligation for the SERP was \$18.1 million at March 31, 2019 (December 31, 2018 \$18.0 million).

The SERP assumptions are that Mr. Gelfond will receive a lump sum payment six months after retirement at the end of the current term of his employment agreement (December 31, 2019), although Mr. Gelfond has not informed the Company that he intends to retire at that time.

(b) Defined Contribution Pension Plan

The Company also maintains defined contribution plans for its employees, including its executive officers. The Company makes contributions to these plans on behalf of employees in an amount up to 5% of their base salary subject to certain prescribed maximums. During the three months ended March 31, 2019, the Company contributed and expensed an aggregate of \$0.4 million (2018 \$0.3 million) to its Canadian defined contribution plan and an aggregate of \$0.2 million (2018 \$0.2 million) to its defined contribution employee plan under Section 401(k) of the U.S. Internal Revenue Code.

(c) Postretirement Benefits - Executives

The Company has an unfunded postretirement plan for Mr. Gelfond and Bradley J. Wechsler, Chairman of the Company's Board of Directors. The plan provides that the Company will maintain health benefits for Messrs. Gelfond and Wechsler until they become eligible for Medicare and, thereafter, the Company will provide Medicare supplement coverage as selected by Messrs. Gelfond and Wechsler. The postretirement benefits obligation as at March 31, 2019 is \$0.6 million (December 31, 2018 \$0.6 million). The Company has expensed less than \$0.1 million for the three months ended March 31, 2019 (2018 less than \$0.1 million).

Table of Contents***(d) Postretirement Benefits – Canadian Employees***

The Company has an unfunded postretirement plan for its Canadian employees upon meeting specific eligibility requirements. The Company will provide eligible participants, upon retirement, with health and welfare benefits. The postretirement benefits obligation as at March 31, 2019 is \$1.5 million (December 31, 2018 – \$1.5 million). The Company has expensed less than \$0.1 million for the three months ended March 31, 2019 (2018 – less than \$0.1 million).

(e) Deferred Compensation Benefit Plan

The Company maintained a nonqualified deferred compensation benefit plan (the Retirement Plan) covering Greg Foster, former CEO of IMAX Entertainment and Senior Executive Vice President of the Company. Under the terms of his Retirement Plan with the Company, the Retirement Plan will vest in full if Mr. Foster incurs a separation of service (as defined therein). In the fourth quarter of 2018, Mr. Foster incurred a separation from service, and as such, his Retirement Plan benefits became fully vested as at December 31, 2018 and the accelerated costs were recognized and reflected in the executive transition costs line on the consolidated statement of operations. As at March 31, 2019, the Company had a funded benefit obligation recorded of \$3.6 million (December 31, 2018 – \$3.6 million). The Company did not recognize any additional expenses in the three months ended March 31, 2019 (2018 – \$0.2 million).

15. Financial Instruments***(a) Financial Instruments***

The Company maintains cash with various major financial institutions. The Company's cash is invested with highly rated financial institutions.

The Company's accounts receivables and financing receivables are subject to credit risk. The Company's accounts receivables and financing receivables are concentrated with the theater exhibition industry and film entertainment industry. To minimize the Company's credit risk, the Company retains title to underlying theater systems leased, performs initial and ongoing credit evaluations of its customers and makes ongoing provisions for its estimate of potentially uncollectible amounts. The Company believes it has adequately provided for related exposures surrounding receivables and contractual commitments.

(b) Fair Value Measurements

The carrying values of the Company's cash and cash equivalents, accounts receivable, accounts payable and accrued liabilities due within one year approximate fair values due to the short-term maturity of these instruments. The Company's other financial instruments are comprised of the following:

As at March 31, 2019		As at December 31, 2018	
Carrying	Estimated	Carrying	Estimated
	Fair		Fair
Amount	Value	Amount	Value

Edgar Filing: IMAX CORP - Form 10-Q

<u>Level 1</u>				
Cash and cash equivalents ⁽¹⁾	\$ 123,084	\$ 123,084	\$ 141,590	\$ 141,590
Equity securities ⁽³⁾	17,644	17,644		
<u>Level 2</u>				
Net financed sales receivables ⁽²⁾	\$ 117,087	\$ 116,283	\$ 117,990	\$ 117,428
Net investment in sales-type leases ⁽²⁾	8,828	8,903	9,442	9,529
Convertible loan receivable ⁽²⁾	1,500	1,500	1,500	1,500
Equity securities ⁽³⁾	2,035	2,035	2,022	2,022
Foreign exchange contracts designated forwards ⁽³⁾	(815)	(815)	(1,202)	(1,202)
Borrowings under the Credit Facility ⁽¹⁾	(60,000)	(60,000)	(40,000)	(40,000)

(1) Recorded at cost, which approximates fair value.

(2) Estimated based on discounting future cash flows at currently available interest rates with comparable terms.

(3) Value determined using quoted prices in active markets.

Table of Contents

When a determination is made to classify an asset or liability within Level 3, the determination is based upon the significance of the unobservable inputs to the overall fair value measurement. There were no transfers in or out of the Company's Level 3 assets during the three months ended March 31, 2019 and 2018.

(c) Financing Receivables

The Company's net investment in leases and its net financed sales receivables are subject to the disclosure requirements of ASC 310 - Receivables. Due to differing risk profiles of its net investment in leases and its net financed sales receivables, the Company views its net investment in leases and its net financed sale receivables as separate classes of financing receivables. The Company does not aggregate financing receivables to assess impairment.

The Company monitors the credit quality of each customer on a frequent basis through collections and aging analyses. The Company also holds meetings monthly in order to identify credit concerns and whether a change in credit quality classification is required for the customer. A customer may improve in their credit quality classification once a substantial payment is made on overdue balances or the customer has agreed to a payment plan with the Company and payments have commenced in accordance to the payment plan. The change in credit quality indicator is dependent upon management approval.

The Company classifies its customers into four categories to indicate the credit quality worthiness of its financing receivables for internal purposes only:

Good standing Theater continues to be in good standing with the Company as the client's payments and reporting are up-to-date.

Credit Watch Theater operator has begun to demonstrate a delay in payments, and has been placed on the Company's credit watch list for continued monitoring, but active communication continues with the Company. Depending on the size of outstanding balance, length of time in arrears and other factors, transactions may need to be approved by management. These financing receivables are considered to be in better condition than those receivables related to theaters in the Pre-approved transactions category, but not in as good of condition as those receivables in Good standing.

Pre-approved transactions only Theater operator is demonstrating a delay in payments with little or no communication with the Company. All service or shipments to the theater must be reviewed and approved by management. These financing receivables are considered to be in better condition than those receivables related to theaters in the All transactions suspended category, but not in as good of condition as those receivables in Credit Watch. Depending on the individual facts and circumstances of each customer, finance income recognition may be suspended if management believes the receivable to be impaired.

All transactions suspended Theater is severely delinquent, non-responsive or not negotiating in good faith with the Company. Once a theater is classified as All transactions suspended the theater is placed on nonaccrual status and all revenue recognitions related to the theater are stopped.

Table of Contents

The following table discloses the recorded investment in financing receivables by credit quality indicator:

	As at March 31, 2019			As at December 31, 2018		
	Minimum Lease Payments	Financed Sales Receivables	Total	Minimum Lease Payments	Financed Sales Receivables	Total
In good standing	\$ 8,409	\$ 106,719	\$ 115,128	\$ 8,701	\$ 108,574	\$ 117,275
Credit Watch	574	9,652	10,226	574	8,723	9,297

Transactions suspended		982	982		967	967
	\$ 8,983	\$ 117,926	\$ 126,909	\$ 9,597	\$ 118,829	\$ 128,426

While recognition of finance income is suspended, payments received by a customer are applied against the outstanding balance owed. If payments are sufficient to cover any unreserved receivables, a recovery of provision taken on the billed amount, if applicable, is recorded to the extent of the residual cash received. Once the collectibility issues are resolved and the customer has returned to being in good standing, the Company will resume recognition of finance income.

The Company's investment in financing receivables on nonaccrual status is as follows:

	As at March 31, 2019		As at December 31, 2018	
	Recorded Investment	Related Allowance	Recorded Investment	Related Allowance
Net investment in leases	\$	\$	\$	\$
Net financed sales receivables	982	(739)	967	(739)
Total	\$ 982	\$ (739)	\$ 967	\$ (739)

The Company considers financing receivables with aging between 60-89 days as indications of theaters with potential collection concerns. The Company will begin to focus its review on these financing receivables and increase its discussions internally and with the theater regarding payment status. Once a theater's aging exceeds 90 days, the Company's policy is to review and assess collectibility on the theater's past due accounts. Over 90 days past due is used by the Company as an indicator of potential impairment as invoices up to 90 days outstanding could be considered reasonable due to the time required for dispute resolution or for the provision of further information or supporting documentation to the customer.

Table of Contents**(d) Foreign Exchange Risk Management**

The Company is exposed to market risk from changes in foreign currency rates. A majority of the Company's revenues is denominated in U.S. dollars while a substantial portion of its costs and expenses is denominated in Canadian dollars. A portion of the net U.S. dollar cash flows of the Company is periodically converted to Canadian dollars to fund Canadian dollar expenses through the spot market. In China and Japan, the Company has ongoing operating expenses related to its operations in Chinese Renminbi and Japanese yen, respectively. Net cash flows are converted to and from U.S. dollars through the spot market. The Company also has cash receipts under leases denominated in Chinese Renminbi, Japanese yen, Canadian dollars and Euros which are converted to U.S. dollars through the spot market. In addition, because IMAX films generate box office in 81 different countries, unfavourable exchange rates between applicable local currencies and the U.S. dollar affect the Company's reported gross box-office and revenues, further impacting the Company's results of operations. The Company's policy is to not use any financial instruments for trading or other speculative purposes.

The Company entered into a series of foreign currency forward contracts to manage the Company's risks associated with the volatility of foreign currencies. Certain of these foreign currency forward contracts met the criteria required for hedge accounting under the Derivatives and Hedging Topic of the FASB ASC at inception, and continue to meet hedge effectiveness tests at March 31, 2019 (the Foreign Currency Hedges), with settlement dates throughout 2019 and 2020. Foreign currency derivatives are recognized and measured in the balance sheet at fair value. Changes in the fair value (gains or losses) are recognized in the condensed consolidated statements of operations except for derivatives designated and qualifying as foreign currency cash flow hedging instruments. The Company currently has cash flow hedging instruments associated with selling, general and administrative expenses and capital expenditures. For foreign currency cash flow hedging instruments related to selling, general and administrative expenses, the effective portion of the gain or loss in a hedge of a forecasted transaction is reported in other comprehensive income and reclassified to the condensed consolidated statements of operations when the forecasted transaction occurs. For foreign currency cash flow hedging instruments related to capital expenditures, the effective portion of the gain or loss in a hedge of a forecasted transaction is reported in other comprehensive income and reclassified to property, plant and equipment on the balance sheet when the forecasted transaction occurs. The Company currently does not hold any derivatives which are not designated as hedging instruments.

The following tabular disclosures reflect the impact that derivative instruments and hedging activities have on the Company's condensed consolidated financial statements:

Notional value of foreign exchange contracts:

	March 31, 2019	December 31, 2018
Derivatives designated as hedging instruments:		
Foreign exchange contracts - Forwards	\$ 43,885	\$ 50,828

The Company's estimated net amount of the existing losses as at March 31, 2019 is \$0.9 million, which is expected to be reclassified to earnings within the next twelve months.

(e) Investments in New Business Ventures

The Company accounts for investments in new business ventures using the guidance of the FASB ASC 323, FASB ASC 320 and FASB ASC 321, as appropriate.

As at March 31, 2019, the equity method of accounting is being utilized for an investment with a carrying value of \$nil (December 31, 2018 \$nil). The Company's accumulated losses in excess of its equity investment were \$1.7 million as at March 31, 2019, and are classified in Accrued and other liabilities. For the three months ended March 31, 2019, gross revenues, cost of revenue and net loss for the Company's investment was \$0.2 million, \$0.5 million and \$0.4 million, respectively (2018 \$0.5 million, \$0.9 million and \$0.6 million, respectively). The Company has determined it is not the primary beneficiary of this VIE, and therefore this entity has not been consolidated. In a prior year, the Company issued a convertible loan of \$1.5 million to this entity with a term of three years with an annual effective interest rate of 5.0%. The instrument is classified as an available-for-sale investment due to certain features that allow for conversion to common stock in the entity in the event of certain triggers occurring.

In addition, the Company has an investment in preferred stock of another business venture of \$1.5 million which meet the criteria for classification as a debt security under the FASB ASC 320 and is recorded at a fair value of \$nil at March 31, 2019 (December 31, 2018 \$nil).

Furthermore, the Company has an investment of \$1.0 million (December 31, 2018 \$1.0 million) in the shares of an exchange traded fund. This investment is classified as an equity investment.

As at March 31, 2019, the Company held investments with a total value of \$3.5 million in the preferred shares of enterprises which meet the criteria for classification as an equity security under FASB ASC 325, carried at historical cost, net of impairment charges. The carrying value of these equity security investments was \$1.0 million at March 31, 2019 (December 31, 2018 \$1.0 million).

On January 17, 2019, IMAX China (Hong Kong), Limited, a wholly-owned subsidiary of IMAX China, as an investor entered into a cornerstone investment agreement with Maoyan Entertainment (Maoyan) (as the issuer) and Morgan Stanley Asia Limited (as a sponsor, underwriter and the underwriters representative). Pursuant to this agreement, IMAX China (Hong Kong), Limited agreed to invest \$15.2 million to subscribe for a certain number of shares of Maoyan at the final offer price pursuant to the global offering of the share capital of Maoyan, and this investment would be subject to, a lock-up period of six months following the date of the global offering. On February 4, 2019, Maoyan completed its global offering, upon which, IMAX China (Hong Kong),

Table of Contents

Limited became a less than 1% shareholder in Maoyan. This investment is classified as an equity security under the FASB ASC 321, with a readily determinable market value through the Hong Kong Stock Exchange. Changes in fair value are recorded in the Movements in fair value of financial instruments line item in the Company's condensed consolidated statement of operations. For the three months ended March 31, 2019, the Company has recorded a net unrealized gain of \$2.5 million.

The total carrying value of investments in new business ventures, including the equity investment, as at March 31, 2019 is \$21.2 million (December 31, 2018 \$3.5 million) and is recorded in Other assets.

16. Non-Controlling Interests***(a) IMAX China Non-Controlling Interest***

The Company indirectly owns approximately 68.24% of IMAX China Holding, Inc. (IMAX China), whose shares trade on the Hong Kong Stock Exchange. IMAX China remains a consolidated subsidiary of the Company.

(b) Other Non-Controlling Interest

The Company's Original Film Fund was established in 2014 to co-finance a portfolio of 10 original large-format films. The initial investment in the Original Film Fund was committed to by a third party in the amount of \$25.0 million, with the possibility of contributing additional funds. The Company has contributed \$9.0 million to the Original Film Fund since 2014, and has reached its maximum contribution. The Company sees the Original Film Fund as a vehicle designed to generate a continuous, steady flow of high-quality documentary content. As at March 31, 2019, the Original Film Fund has invested \$20.9 million toward the development of original films. The related production, financing and distribution agreement includes put and call rights relating to change of control of the rights, title and interest in the co-financed pictures.

The Company also established its VR Fund among the Company, its subsidiary IMAX China and other strategic investors to help finance the creation of interactive VR content experiences for use across all VR platforms, including in the pilot IMAX VR Centers. The VR Fund helped finance the production of one interactive VR experience, which debuted exclusively in the pilot IMAX VR Centers in November 2017 before being made available to other VR platforms. As at March 31, 2019, the Company invested \$4.0 million toward the development of VR content. In December 2018, the Company announced, in connection with its strategic review of its VR pilot initiative, that it had decided to close its remaining VR locations and write-off certain VR content investments. The Company has also decided to dissolve the VR Fund and not actively pursue any additional VR opportunities.

The following summarizes the movement of the non-controlling interest in temporary equity, in the Company's subsidiary for the three months ended March 31, 2019:

Balance as at December 31, 2018	\$ 6,439
Net loss	(110)
Balance as at March 31, 2019	\$ 6,329

Table of Contents**17. Exit costs, restructuring charges and associated impairments**

In the prior year, the Company performed a strategic review of its business and decided to exit from certain non-core businesses or initiatives, which included closing its VR locations. In addition, as part of the Company's ongoing efforts to decrease costs, the Company has reduced certain functions and realigned resources. In the current period, certain costs that did not meet the recognition criteria in 2018 were recognized, including finalization of certain estimated costs.

The Company recognized the following charges in its condensed consolidated statements of operations:

	Three Months Ended March 31,	
	2019	2018
Restructuring charges	\$ 628	\$ 702
Costs to exit lease and restore facilities	222	
	\$ 850	\$ 702

Restructuring charges are comprised of employee severance costs including benefits and stock-based compensation, costs of consolidating facilities and contract termination costs. Restructuring charges are based upon plans that have been committed to by the Company, but may be refined in subsequent periods. These charges are recognized pursuant to FASB ASC 420. A liability for a cost associated with an exit or disposal activity is recognized and measured at its fair value in the condensed consolidated statement of operations in the period in which the liability is incurred. When estimating the value of facility restructuring activities, assumptions are applied regarding estimated sub-lease payments to be received, which can differ from actual results.

In the current year, the Company incurred \$0.6 million in restructuring charges for the three months ended March 31, 2019 (2018 \$0.7 million). A summary of the restructuring costs by reporting groups identified by nature of product sold, or service provided as disclosed in note 13 recognized are as follows:

	Three Months Ended March 31,	
	2019	2018
Corporate	\$ 628	\$ 200
IMAX DMR		380
Theater system maintenance		122
	\$ 628	\$ 702

At this time, the Company does not expect to recognize any additional restructuring charges during the remainder of 2019.

The following table sets forth a summary of restructuring accrual activities for the three months ended March 31, 2019:

	Employee Severance and Benefits
Balance as at December 31, 2018	\$ 1,936
Restructuring charges	628
Cash payments	(1,459)
Balance as at March 31, 2019	\$ 1,105

In the three months ended March 31, 2019 and 2018, the Company did not recognize any associated impairments.

18. Prior Period s Figures

In the current year, variable consideration receivable from contracts is a separate line on the condensed consolidated balance sheet and removed from Other Assets. In addition, due to the adoption of ASU 2017-07, non-service pension costs are now recorded in the Retirement benefits non-service expense line item in the condensed consolidated statement of operations. Prior year comparatives have been reclassified to reflect both of these changes.

Table of Contents

IMAX CORPORATION

Item 2. *Management's Discussion and Analysis of Financial Condition and Results of Operations*
OVERVIEW

IMAX Corporation, together with its consolidated subsidiaries (the Company), is one of the world's leading entertainment technology companies, specializing in motion picture technologies and presentations. The Company refers to all theaters using the IMAX theater system as IMAX theaters. IMAX offers a unique end-to-end cinematic solution combining proprietary software, theater architecture and equipment to create the highest-quality, most immersive motion picture experience for which the IMAX® brand has become known globally. Top filmmakers and studios utilize IMAX theaters to connect with audiences in innovative ways, and, as a result, IMAX's network is among the most important and successful theatrical distribution platforms for major event films around the world. There were 1,514 IMAX theater systems (1,420 commercial multiplexes, 14 commercial destinations, 80 institutional) operating in 81 countries as at March 31, 2019. This compares to 1,382 theater systems (1,286 commercial multiplexes, 12 commercial destinations, 84 institutional) operating in 77 countries as of March 31, 2018.

The Company's core business consists of:

the Digital Re-Mastering (DMR) of films into the IMAX format for exhibition in the IMAX theater network in exchange for a certain percentage of contingent box office receipts from both studios and exhibitors; and

the provision of IMAX premium theater systems (IMAX theater systems) to exhibitor customers through sales, long-term leases or joint revenue sharing arrangements.

IMAX theater systems are based on proprietary and patented technology developed over the course of the Company's 51-year history and combine:

the ability to exhibit content that has undergone IMAX DMR conversion, which results in higher image and sound fidelity than conventional cinema experiences;

advanced, high-resolution projectors with specialized equipment and automated theater control systems, which generate significantly more contrast and brightness than conventional theater systems;

large screens and proprietary theater geometry, which result in a substantially larger field of view so that the screen extends to the edge of a viewer's peripheral vision and creates more realistic images;

sound system components, which deliver more expansive sound imagery and pinpointed origination of sound to any specific spot in an IMAX theater;

specialized theater acoustics, which result in a four-fold reduction in background noise; and

a license to the globally recognized IMAX brand.

Together these components cause audiences in IMAX theaters to feel as if they are a part of the on-screen action, creating a more intense, immersive and exciting experience than in a traditional theater.

As a result of the immersiveness and superior image and sound quality of The IMAX Experience, the Company's exhibitor customers typically charge a premium for IMAX DMR films over films exhibited in their other auditoriums. The premium pricing, combined with the higher attendance levels associated with IMAX DMR films, generates incremental box office for the Company's exhibitor customers and for the movie studios releasing their films to the IMAX theater network. The incremental box office generated by IMAX DMR films has helped establish IMAX as a key premium distribution and marketing platform for Hollywood blockbuster films.

As one of the world's leaders in entertainment technology, the Company strives to remain at the forefront of advancements in cinema technology. The Company recently introduced IMAX with Laser, the Company's next-generation laser projection system designed for IMAX theaters in commercial multiplexes. The Company believes that IMAX with Laser delivers increased resolution, sharper and brighter images, deeper contrast as well as the widest range of colors available to filmmakers today. The Company further believes that IMAX with Laser can help facilitate the next major lease renewal and upgrade cycle for the global commercial IMAX network.

To date the Company has signed IMAX with Laser agreements with leading, global exhibitors such as AMC Entertainment Holdings, Inc. (AMC), Cineworld Group PLC (Cineworld) and Les Cinémas Pathé Gaumont (Pathé) (among others), which includes new theaters, upgrades to existing IMAX theaters, and upgrades to existing backlog arrangements. As at March 31, 2019, the

Table of Contents

Company's backlog had 79 new IMAX with Laser systems and 103 upgrades to IMAX with Laser systems and expects to have approximately 135 IMAX with Laser systems installed by the end of 2019.

SOURCES OF REVENUE

The primary revenue sources for the Company can be categorized into four main groups: network business, theater business, new business and other.

For additional details regarding the Company's sources of revenue, refer to the Company's 2018 Form 10-K for the year ended December 31, 2018 (the 2018 Form 10-K).

On January 1, 2018, the Company adopted ASU 2014-09, Revenue from Contracts with Customers (Topic 606), utilizing the modified retrospective transition method with a cumulative catch-up adjustment. The Company will review the variable interest assets on an ongoing basis.

Network Business: Digital Re-Mastering (IMAX DMR) and Joint Revenue Sharing Arrangements*Digital Re-Mastering (IMAX DMR)*

The Company has developed a proprietary technology, known as IMAX DMR, to digitally re-master Hollywood films into IMAX digital cinema package format or 15/70-format film for exhibition in IMAX theaters. IMAX DMR digitally enhances the image resolution of motion picture films for projection on IMAX screens while maintaining or enhancing the visual clarity and sound quality to levels for which *The IMAX Experience* is known. In a typical IMAX DMR film arrangement, the Company receives a percentage, which in recent years has averaged approximately 12.5%, of net box office receipts, defined as gross box office receipts less applicable sales taxes, of any commercial films released outside of Greater China in return for converting them to the IMAX DMR format and distributing them through the IMAX theater network. Within Greater China, the Company receives a lower percentage of box office receipts for certain Hollywood films.

IMAX films also benefit from enhancements made by individual filmmakers exclusively for the IMAX release, and filmmakers and studios have sought IMAX-specific enhancements in recent years to generate interest in and excitement for their films. Such enhancements include shooting select scenes with IMAX cameras to increase the audience's immersion in the film and taking advantage of the unique dimensions of the IMAX screen by projecting the film in a larger aspect ratio. For example, in April 2019 *Avengers: Endgame*, will make history for the second time, as it will be the second film shot entirely using IMAX cameras. In addition, to date in 2019 *Alita: Battle Angel* and *Captain Marvel* were released with select scenes specifically formatted for IMAX screens. In addition, Disney's *The Lion King*, scheduled for release in July 2019, also will feature select scenes which were specifically formatted for IMAX screens.

The original soundtrack of a film to be exhibited in the IMAX theater network is re-mastered for the IMAX digital sound systems in connection with the IMAX DMR release. Unlike the soundtracks played in conventional theaters, IMAX re-mastered soundtracks are uncompressed and full fidelity. IMAX sound systems use proprietary loudspeaker systems and proprietary surround sound configurations that ensure every theater seat is in an optimal listening position.

The Company believes that the growth in international box office remains an important driver of future growth for the Company. To support continued growth in international markets, the Company has sought to bolster its international film strategy, supplementing the Company's film slate of Hollywood DMR titles with appealing local IMAX DMR

releases in select markets (particularly in China). During 2018, 25 local language IMAX DMR films, including 18 in China, three in India, one in each of France, South Korea, Japan and Russia, were released to the IMAX theater network. During the three months ended March 31, 2019, three local language IMAX DMR films, all of which were in China, were released to the IMAX theater network. The Company expects to announce additional local language IMAX DMR films to be released to the IMAX theater network in the remainder of 2019 and beyond. In March 2019, the Company released an IMAX original production, *Superpower Dogs*.

Table of Contents

In addition to the 12 IMAX DMR films released to the IMAX theater network during the three months ended March 31, 2019, 23 additional IMAX DMR films have been announced so far to be released in the remainder of 2019 to the global IMAX theater network. The following dates noted for film release are subject to change and may vary by territory.

Shazam!: The IMAX Experience (Warner Bros. Pictures, April 2019);

Hellboy: The IMAX Experience (Lionsgate, April 2019);

Disneynature's Penguins: The IMAX Experience (Walt Disney Studios, April 2019);

The Curse of La Llorona: The IMAX Experience (Warner Bros. Pictures, April 2019);

Avengers: Endgame: The IMAX Experience (Walt Disney Studios, April 2019);

Pokémon: Detective Pikachu: The IMAX Experience (Warner Bros. Pictures, May 2019, select international markets);

John Wick: Chapter 3 - Parabellum: The IMAX Experience (Lionsgate, May 2019);

Godzilla: King of the Monsters: The IMAX Experience (Warner Bros. Pictures, May 2019);

Aladdin: The IMAX Experience (Walt Disney Studios, May 2019);

Dark Phoenix: The IMAX Experience (20th Century Fox and Walt Disney Studios, June 2019);

Men in Black: International: The IMAX Experience (Sony Pictures, June 2019);

Toy Story 4: The IMAX Experience (Walt Disney Studios, June 2019);

Annabelle Comes Home: The IMAX Experience (Warner Bros. Pictures, June 2019);

Spider-Man: Far From Home: The IMAX Experience (Sony Pictures, July 2019);

The Eight Hundred: The IMAX Experience (Huayi Brothers, July 2019, China and select international markets);

The Lion King: The IMAX Experience (Walt Disney Studios, July 2019);

Artemis Fowl: The IMAX Experience (Walt Disney Studios, August 2019);

IT: Chapter 2: The IMAX Experience (Warner Bros. Pictures, September 2019);

Joker: The IMAX Experience (Warner Bros. Pictures, October 2019);

VIY 2: Mystery of the Dragon's Seal: The IMAX Experience (Nashe Kino, September 2019, Russia and select international markets);

Frozen 2: The IMAX Experience (Walt Disney Studios, November 2019);

Jumanji: Welcome to the Jungle Sequel: The IMAX Experience (Sony Pictures, December 2019); and

Star Wars: The Rise of Skywalker: The IMAX Experience (Walt Disney Studios, December 2019).

The Company remains in active negotiations with all of the major Hollywood studios for additional films to fill out its short and long-term film slate for the IMAX theater network in 2019.

Joint Revenue Sharing Arrangements – Contingent Rent

The Company provides IMAX theater systems to certain of its exhibitor customers under joint revenue sharing arrangements ("JRSA"). The Company has two basic types of joint revenue sharing arrangements: traditional and hybrid.

For additional details regarding the two types of joint revenue sharing arrangements the Company has entered into with its exhibitor customers, refer to the Company's 2018 Form 10-K.

The introduction of joint revenue sharing arrangements has been an important factor in the expansion of the Company's commercial theater network. Joint revenue sharing arrangements allow commercial theater exhibitors to install IMAX theater systems without the significant initial capital investment required in a sale or sales-type lease arrangement. Joint revenue sharing arrangements drive recurring cash flows and earnings for the Company, as customers under joint revenue sharing arrangements pay the Company a portion of their ongoing box office.

The Company funds its joint revenue sharing arrangements through cash flows from operations. As at March 31, 2019, the Company had 809 theaters in operation under joint revenue sharing arrangements, a 12.7% increase as compared to the 718 joint revenue sharing arrangements open as at March 31, 2018. The Company also had contracts in backlog for an additional 389 theaters under joint revenue sharing arrangements as at March 31, 2019.

Table of Contents*IMAX Systems Contingent Rent*

Certain sales-type lease arrangements include contingent rent in excess of fixed minimum ongoing payments. This contingent rent, which is included in the Company's network business operations, is recognized after the fixed minimum amount per annum is exceeded as driven by box office performance. Contingent payments in excess of fixed minimum ongoing payments of sales or sales-type lease arrangements are recognized as revenue when reported by theater operators, provided collectability is reasonably assured. In addition, contingent rent includes amounts realized for changes in rent and maintenance payments which are indexed to a local consumer price index.

Theater Business: IMAX Systems, Theater System Maintenance and Fixed Fees from Joint Revenue Sharing Arrangements*IMAX Systems*

Under the Company's sales agreements, title to the theater system equipment components passes to the customer. In certain instances, however, the Company retains title or a security interest in the equipment until the customer has made all payments required under the agreement. Under the terms of a sales-type lease agreement, title to the theater system equipment components remains with the Company. The Company has the right to remove the equipment for non-payment or other defaults by the customer.

Under hybrid joint revenue sharing arrangements that take the form of sales arrangements, title and control of the projection system transfer to the customer at the point of revenue recognition, which is the earlier of client acceptance of the theater installation, including projectionist training, and theater opening to the public. Under the new revenue recognition standard, the percentage payment is considered variable consideration that must be estimated and recognized at the time of initial revenue recognition. Using box office projections and the Company's history with theater and box office experience in different territories, the Company estimates the amount of percentage payment earned over the life of the arrangement, subject to sufficient constraint such that there is not a risk of significant revenue reversal. Under the previous recognition standard, these amounts were recognized as reported by exhibitors (or customers) in future periods. As a result, the Company's hybrid sales arrangements are grouped with the traditional sales segment since the total consideration received and the revenue recognition timing at transfer of control of the assets now resemble those of the traditional sale arrangements.

Joint Revenue Sharing Arrangements Fixed Fees

As discussed in joint revenue sharing arrangements above, under a hybrid joint revenue sharing arrangement that takes the form of a lease arrangement, the customer is responsible for making upfront payments prior to the delivery and installation of the IMAX theater system for an amount that is typically half of what the Company would receive from a straight sale transaction. These fixed upfront payments are included in the Company's theater business operations.

Theater System Maintenance

For all IMAX theaters, theater owners or operators are also responsible for paying the Company an annual maintenance and extended warranty fee. Under these arrangements, the Company provides proactive and emergency maintenance services to every theater in its network to ensure that each presentation is up to the highest IMAX quality standard. Annual maintenance fees are paid throughout the duration of the term of the theater agreements.

Other Theater Revenues

Additionally, the Company generates revenues from the sale of after-market parts and 3D glasses.

Revenues from theater business arrangements are recognized at a different time from when cash is collected. For additional details regarding the policy for revenue recognition, refer to the Company's 2018 Form 10-K.

New Business

In recent years, the Company has been exploring several new lines of business outside of its core business.

For additional details regarding the Company's new business initiatives, refer to the Company's 2018 Form 10-K.

Table of Contents

IMAX Home Entertainment Technologies and Services

In September 2018, the Company announced a new home entertainment licensing and certification program called IMAX Enhanced. This initiative was launched along with audio leader DTS (an Xperi subsidiary), capitalizing on the companies' decades of combined expertise in image and sound science. The certification program combines high-end consumer electronics products with IMAX digitally re-mastered 4K high dynamic range (HDR) content and DTS audio technologies to offer consumers immersive sight and sound experiences for the home.

To be accepted into the program, leading consumer electronics manufacturers must design 4K HDR televisions, A/V receivers, sound systems and other home theater equipment to meet a carefully prescribed set of audio and video performance standards, set by a certification committee of IMAX and DTS engineers and some of Hollywood's leading technical specialists.

The program will digitally re-master content to produce more vibrant colors, greater contrast and sharper clarity, and will also deliver an IMAX signature sound experience.

IMAX Enhanced Program device partners include Sony Electronics, Denon, Marantz, Pioneer, TCL (among others) and studio partners include Sony Pictures and Paramount Pictures.

In 2013, the Company established a joint venture with TCL Multimedia Technology Holding Limited (TCL) to design, develop, manufacture and sell a premium home theater system. The Company does not intend to invest significant capital into the joint venture going forward, and instead expects any additional funding to be provided through third party capital.

Original Content

The Company has created two film funds to help finance the production of original content. The Company formed the IMAX China Film Fund (the China Film Fund) with its subsidiary IMAX China, its partner CMC and several other large investors to help fund Mandarin language commercial films. The China Film Fund targets productions that can leverage the Company's brand, relationships, technology and release windows in China.

In addition, the Company's IMAX Original Film Fund (the Original Film Fund) was established in 2014 to co-finance a portfolio of 10 original large format films. The initial investment in the Original Film Fund was committed to by a third party in the amount of \$25.0 million, with the possibility of contributing additional funds. The Company has contributed \$9.0 million to the Original Film Fund since 2014, and has reached its maximum contribution. The Company sees the Original Film Fund as a vehicle designed to generate a continuous, steady flow of high-quality documentary content. As at March 31, 2019, the Original Film Fund has invested \$20.9 million toward the development of original films.

The Company continues to believe that the IMAX network serves as a valuable platform to launch and distribute original content, especially during shoulder periods. However, the Company does not expect to make meaningful direct investments in original content going forward.

Virtual Reality

In 2017, the Company piloted a virtual reality (VR) initiative which included several pilot IMAX VR Centers located in a number of multiplexes, as well as a stand-alone venue, each retrofitted with proprietary VR pods that permitted interactive, moveable VR experiences.

The Company also established its VR Fund among the Company, its subsidiary IMAX China and other strategic investors to help finance the creation of interactive VR content experiences for use across all VR platforms, including in the pilot IMAX VR Centers.

In December 2018, the Company announced, in connection with its strategic review of its VR pilot initiative, that it had decided to close its remaining VR locations and write-off certain VR content investments. In January 2019, the Company decided to dissolve the VR Fund. For information on the VR fund established among the Company, its subsidiary IMAX China and other strategic investors, please refer to note 16(b) in Item 1 of this Form 10-Q.

Table of Contents**Other**

The Company is also a distributor of large-format films, primarily for its institutional theater partners. The Company generally distributes films which it produces or for which it has acquired distribution rights from independent producers. The Company receives either a percentage of the theater box office receipts or a fixed amount as a distribution fee.

In addition, the Company also provides film post-production and quality control services for large-format films (whether produced internally or externally), and digital post-production services. The Company derives a small portion of its revenues from other sources including: one owned and operated IMAX theater; a commercial arrangement with one theater resulting in the sharing of profits and losses; the provision of management services to four other theaters; renting its proprietary 2D and 3D large-format film and digital cameras to third-party production companies; and also offering production advice and technical assistance to both documentary and Hollywood filmmakers. In January 2019, the Company closed its owned and operated theater in Minneapolis, Minnesota and now has one remaining owned and operated theater in Sacramento, California.

IMAX Theater Network and Backlog

The following table outlines the breakdown of the IMAX theater network by type and geographic location as at March 31:

	2019 Theater Network Base				2018 Theater Network Base			
	Commercial		Institutional	Total	Commercial		Institutional	Total
	Multiplex	Destination			Multiplex	Destination		
United States	364	4	32	400	366	4	33	403
Canada	39	2	7	48	38	2	7	47
Greater China ⁽¹⁾	631		15	646	532		17	549
Asia (excluding Greater China)	112	2	2	116	103	1	3	107
Western Europe	103	4	10	117	91	4	10	105
Russia & the CIS	62			62	57			57
Latin America ⁽²⁾	48	1	12	61	42		12	54
Rest of the World	61	1	2	64	57	1	2	60
Total	1,420	14	80	1,514	1,286	12	84	1,382

(1) Greater China includes China, Hong Kong, Taiwan and Macau.

(2) Latin America includes South America, Central America and Mexico.

The Company currently believes that over time its commercial multiplex theater network could grow to approximately 2,855 IMAX theaters worldwide from 1,420 commercial multiplex IMAX theaters operating as at March 31, 2019. The Company believes that the majority of its future growth will come from international markets. As at March 31, 2019, 70.4% of IMAX theater systems in operation were located within international markets (defined as all countries other than the United States and Canada), up from 67.4% as at March 31, 2018. Revenues and gross box office derived from outside the United States and Canada continue to exceed revenues and gross box office from the United States and Canada. Risks associated with the Company's international business are outlined in Risk Factors. The

Company conducts business internationally, which exposes it to uncertainties and risks that could negatively affect its operations, sales and future growth prospects in Item 1A of the Company's 2018 Form 10-K.

Greater China is currently the Company's largest market, measured by revenues, with approximately 33% of overall revenues generated from the Company's China operations in the three months ended March 31, 2019. As at March 31, 2019, the Company had 646 theaters operating in Greater China with an additional 276 theaters in backlog that are scheduled to be installed by 2022. The Company's backlog in Greater China represents 48.3% of the Company's current backlog including upgrades. The Company's largest single international partnership is in China with Wanda Film, (Wanda). Wanda's total commitment to the Company is for 359 theater systems in Greater China (of which 344 theater systems are under the parties' joint revenue sharing arrangement). See Risk Factors The Company faces risks in connection with the continued expansion of its business in China in Item 1A of the Company's 2018 Form 10-K.

As at March 31, 2019, 278 (2018 278) of the 809 (2018 718) theaters under joint revenue sharing arrangements in operation, or 34.4% (2018 38.7%), were located in the United States and Canada, with the remaining 531 (2018 440) or 65.6% (2018 61.3%) of theaters being located in international markets.

Table of Contents*Sales Backlog*

The Company's current sales backlog is as follows:

	March 31, 2019		March 31, 2018	
	Number of Systems	Dollar Value (in thousands)	Number of Systems	Dollar Value (in thousands)
Sales and sales-type lease arrangements	182	\$ 235,495 ⁽¹⁾	178	\$ 235,013 ⁽¹⁾
Joint revenue sharing arrangements				
Hybrid lease arrangements	117	66,088	116	62,012
Traditional arrangements	272 ⁽²⁾	7,900 ⁽³⁾	235	7,638 ⁽³⁾
	571 ⁽⁴⁾	\$ 309,483	529 ⁽⁵⁾	\$ 304,663

- (1) Includes a variable consideration estimate of \$16.1 million (2018 \$14.5 million).
- (2) Includes 46 theater systems where the customer has the option to convert from a joint revenue sharing arrangement to a sales arrangement.
- (3) Reflects contractual upfront payments. Future contingent payments are not reflected as these are based on negotiated shares of box office results.
- (4) Includes 90 new laser projection system configurations and 106 upgrades of existing locations to laser projection system configurations (103 of the 106 upgrades are for the IMAX with Laser projection system configurations).
- (5) Includes 28 new laser projection system configurations and five upgrades of existing locations to laser projection system configurations (three of which are for the IMAX with Laser projection system configurations).

The number of theater systems in the backlog reflects the minimum number of commitments under signed contracts. The dollar value fluctuates depending on the number of new theater system arrangements signed from year to year, which adds to backlog and the installation and acceptance of theater systems and the settlement of contracts, both of which reduce backlog. Sales backlog typically represents the fixed contracted revenue under signed theater system sale and lease agreements that the Company believes will be recognized as revenue upon installation and acceptance of the associated theater, as well as a variable consideration estimate, however it excludes amounts allocated to maintenance and extended warranty revenues. The value of sales backlog does not include revenue from theaters in which the Company has an equity interest, operating leases or long-term conditional theater commitments. The value of theaters under joint revenue sharing arrangements is excluded from the dollar value of sales backlog, although certain theater systems under joint revenue sharing arrangements provide for contracted upfront payments and therefore carry a backlog value based on those payments. The Company believes that the contractual obligations for theater system installations that are listed in sales backlog are valid and binding commitments.

From time to time, in the normal course of its business, the Company will have customers who are unable to proceed with a theater system installation for a variety of reasons, including the inability to obtain certain consents, approvals or financing. Once the determination is made that the customer will not proceed with installation, the agreement with the customer is terminated or amended. If the agreement is terminated, once the Company and the customer are released from all their future obligations under the agreement, all or a portion of the initial rents or fees that the customer previously made to the Company are recognized as revenue.

Table of Contents

The following table outlines the breakdown of the total backlog by arrangement type and geographic location as at March 31:

2019

(1) Includes 79 new IMAX with Laser projection system configurations and 103 upgrades of existing locations to IMAX with Laser projection system configurations.

(2) Includes three upgrades of existing locations to IMAX with Laser projection system configurations.

Approximately 72.7% of IMAX theater system arrangements in backlog as at March 31, 2019 are scheduled to be installed in international markets (2018 91.5%).

Table of Contents*Signings and Installations*

The following reflects the Company's signings and installations:

	Three Months Ended March 31,	
	2019	2018
Theater System Signings:		
Full new sales and sales-type lease arrangements	9	15
New traditional joint revenue sharing arrangements	2	22
New hybrid joint revenue sharing lease arrangements	3	8
Total new theaters	14	45
Upgrades of IMAX theater systems	9	
Total theater signings	23	45

	Three Months Ended March 31,	
	2019	2018
Theater System Installations:		
Full new sales and sales-type lease arrangements	6	13
New traditional joint revenue sharing arrangements	4	3
New hybrid joint revenue sharing lease arrangement	4	
Total new theaters	14	16
Upgrades of IMAX theater systems	3	
Total theater installations	17	16

The Company anticipates that it will install a total of approximately 185 to 190 theater systems, which includes approximately 45 IMAX with Laser theater systems upgrades, during 2019. The Company cautions, however, that theater system installations may change from period to period over the course of the Company's business, usually for reasons beyond its control.

Table of Contents

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

The Company prepares its condensed consolidated financial statements in accordance with United States Generally Accepted Accounting Principles (U.S. GAAP).

The preparation of these consolidated financial statements requires management to make estimates and judgments under its accounting policies that affect the financial results. The precision of these estimates and the likelihood of future changes depend on a number of underlying variables and a range of possible outcomes.

Management bases its estimates on historical experience, future expectations and other assumptions that are believed to be reasonable at the date of the condensed consolidated financial statements. Actual results may differ from these estimates due to uncertainty involved in measuring, at a specific point in time, events which are continuous in nature, and differences may be material. The Company s significant accounting policies are discussed in Item 7 of the Company s 2018 Form 10-K.

On January 1, 2019, the Company adopted ASC Topic 842 Leases . The standard was issued to help investors and other financial statement users better understand the amount, timing, and uncertainty of cash flows arising from leases.

The Company adopted ASC Topic 842, utilizing the modified retrospective transition method, which allowed the Company to adopt the standard as of the date of initial application. Prior year comparative amounts are not required to be restated and are presented in accordance with ASC Topic 840, Leases or other applicable standards effective prior to January 1, 2019. The Company has elected the package of practical expedients permitted under the transition guidance within ASC Topic 842, which permits the Company to carry forward the historical lease classification and not reassess whether any expired or existing contracts are or contain leases. In addition, the Company is not required to reassess initial direct costs for any existing leases. The Company did not elect the land easements and the use of hindsight practical expedients in determining the lease term for existing leases. ASC Topic 842 also provides practical expedients for an entity s ongoing accounting. The Company has elected the short-term lease recognition exemption for all leases that qualify. As a result, for those leases with a term of less than 12 months, it will not recognize right-of-use assets or lease liabilities. The Company also elected the practical expedient to not separate lease and non-lease components for all of its leases regardless of whether the Company is the lessee or a lessor to the lease.

The Company s estimates as a lessee the term of the Company s leases and the determination of the incremental borrowing rate to be used. The Company assumed that it was reasonably certain that the renewal options on its warehouse leases would be exercised based on previous history and knowledge, current understanding of future business needs and level of investment in leasehold improvements among other considerations. The incremental borrowing rate used in the calculation of the lease liability is based on the location of each leased property. Please see notes 3 and 4 to the condensed consolidated financial statements in Item 1 for additional information regarding the adoption of ASC Topic 842.

Impact of Recently Issued Accounting Pronouncements

Please see notes 2 and 3 to the condensed consolidated financial statements in Item 1 for information regarding the Company s recent changes in accounting policies and the impact of all recently issued accounting pronouncements.

Table of Contents

NON-GAAP FINANCIAL MEASURES

In this report, the Company presents certain data which are not recognized under U.S. GAAP and are considered non-GAAP financial measures under U.S. Securities and Exchange Commission rules. Specifically, the Company presents the following non-GAAP financial measures as supplemental measures of its performance:

Adjusted net income;

Adjusted net income per diluted share;

Adjusted net income attributable to common shareholders;

Adjusted net income attributable to common shareholders per diluted share; and

EBITDA and Adjusted EBITDA per Credit Facility.

The Company presents adjusted net income and adjusted net income per diluted share, which excludes stock-based compensation, exit costs, restructuring charges and associated impairments, movements in fair value of financial instruments and the related tax impact of these adjustments, because it believes that they are important supplemental measures of the Company's comparable controllable operating performance. Although stock-based compensation is an important aspect of the Company's employee and executive compensation packages, it is mostly a non-cash expense and is excluded from certain internal business performance measures, and the Company wants to ensure that its investors fully understand the impact of its stock-based compensation (net of any related tax impact) and non-recurring charges on net income.

In addition, the Company presents adjusted net income attributable to common shareholders and adjusted net income attributable to common shareholders per diluted share because it believes that they are important supplemental measures of its comparable financial results. Without the presentation of these adjusted presentation measures the Company believes it could potentially distort the analysis of trends in business performance and it wants to ensure that its investors fully understand the impact of net income attributable to non-controlling interests, its stock-based compensation, exit costs, restructuring charges and associated impairments and movements in fair value of financial instruments (net of any related tax impact) in determining net income attributable to common shareholders.

Management uses these measures for internal reporting and forecasting purposes in order to review operating performance on a comparable basis from period to period. However, these non-GAAP measures may not be comparable to similarly titled amounts reported by other companies. The Company's non-GAAP measures should be considered in addition to, and not as a substitute for, or superior to, net income and net income attributable to common shareholders and other measures of financial performance reported in accordance with U.S. GAAP.

In addition, management uses EBITDA, as such term is defined in the Company's credit agreement (and which is referred to herein as Adjusted EBITDA per Credit Facility, as the credit agreement includes additional adjustments beyond interest, taxes, depreciation and amortization) to evaluate, assess and benchmark the Company's operational results. The Company believes that Adjusted EBITDA per Credit Facility presents relevant and useful information

widely used by analysts, investors and other interested parties in the Company's industry. Accordingly, the Company is disclosing this information to permit a more comprehensive analysis of its operating performance and to provide additional information with respect to the Company's ability to comply with its credit agreement requirements. EBITDA is defined as net income with adjustments for depreciation and amortization, interest income (expense)-net, and income tax provision (benefit). Adjusted EBITDA per Credit Facility is defined as EBITDA plus adjustments for loss from equity accounted investments, stock and other non-cash compensation, exit costs, restructuring charges and associated impairments, legal arbitration award, executive transition costs and adjusted EBITDA attributable to non-controlling interests.

Table of Contents

RESULTS OF OPERATIONS

Important factors that the Company's Chief Executive Officer (CEO) Richard L. Gelfond uses in assessing the Company's business and prospects include:

the signing, installation and financial performance of theater system arrangements (particularly its joint revenue sharing arrangements and new IMAX with Laser projection systems);

film performance and the securing of new film projects (particularly IMAX DMR films);

revenue and gross margins from the Company's segments;

earnings from operations as adjusted for unusual items that the Company views as non-recurring;

the continuing ability to invest in and improve the Company's technology to enhance its differentiation of presentation versus other cinematic experiences;

the overall execution, reliability and consumer acceptance of *The IMAX Experience*;

the success of new business initiatives; and

short- and long-term cash flow projections.

Management, including the Company's CEO, who is the Company's Chief Operating Decision Maker (CODM) (as defined in the Segment Reporting Topic of the FASB ASC), assesses segment performance based on segment revenues and gross margins. Selling, general and administrative expenses, research and development costs, amortization of intangibles, receivables provisions (recoveries), write-downs net of recoveries, interest income, interest expense and tax (provision) recovery are not allocated to the segments. The Company has the following eight reportable segments: IMAX DMR; joint revenue sharing arrangements; IMAX systems; theater system maintenance; other; new business; film distribution; and film post-production. The Company is presenting the following information at a disaggregated level to provide more relevant information to readers, as permitted by the standard, and adjusted for the adoption of the new revenue recognition standard:

Network Business

Theater Business

New Business

Other

The Company's Management's Discussion and Analysis (MD&A) of Financial Condition and Results of Operations has been organized by the Company into four primary groups Network Business, Theater Business, New Business and Other. Each of the Company's reportable segments, as identified above, has been classified into one of these broader groups for purposes of MD&A discussion. The Company believes that this approach is consistent with how the CODM reviews the financial performance of the business and makes strategic decisions regarding resource allocation and investments to meet long-term business goals. Management believes that a discussion and analysis based on these groups is significantly more relevant and useful to readers, as the Company's condensed consolidated statements of operations captions combine results from several segments. For additional details regarding the four primary groups above, please refer to the Company's 2018 Form 10-K.

Table of Contents**Three Months Ended March 31, 2019 versus Three Months Ended March 31, 2018**

The Company reported net income of \$12.5 million, or \$0.20 per basic and diluted share, for the first quarter of 2019 as compared to net income of \$12.1 million, or \$0.19 per basic and diluted share for the first quarter of 2018.

Net income for the first quarter of 2019 includes a \$4.4 million charge, or \$0.07 per diluted share (2018 \$4.8 million or \$0.08 per diluted share), for stock-based compensation, a \$0.9 million charge, or \$0.01 per diluted share, for exit costs, restructuring charges and associated impairments (2018 \$0.7 million, or \$0.01 per diluted share), and a \$2.5 million, or \$0.04 per diluted share adjustment for the movements in fair value of financial instruments (2018 \$nil).

Adjusted net income, which consists of net income excluding the impact of stock-based compensation, exit costs, restructuring charges and associated impairments, the movements in fair value of financial instruments and the related tax impact of these adjustments, was \$14.3 million, or \$0.23 per diluted share, for the first quarter of 2019 as compared to adjusted net income of \$17.1 million, or \$0.27 per diluted share, for the first quarter of 2018.

The Company reported net income attributable to common shareholders of \$8.3 million, or a \$0.13 per basic and diluted share for the first quarter of 2019 (2018 net income of \$8.5 million, or \$0.13 per basic and diluted share).

Adjusted net income attributable to common shareholders, which consists of net income attributable to common shareholders excluding the impact of stock-based compensation, exit costs, restructuring charges and associated impairments, the movements in fair value of financial instruments and the related tax impact of these adjustments, was \$10.8 million, or \$0.18 per diluted share, for the first quarter of 2019 as compared to adjusted net income attributable to common shareholders of \$13.4 million, or \$0.21 per diluted share, for the first quarter of 2018.

A reconciliation of net income and net income attributable to common shareholders, the most directly comparable U.S. GAAP measure, to adjusted net income, adjusted net income per diluted share, adjusted net income attributable to common shareholders and adjusted net income attributable to common shareholders per diluted share is presented in the table below:

<i>(In thousands of U.S. dollars, except per share amounts)</i>	Three Months Ended March 31, 2019		Three Months Ended March 31, 2018	
	Net Income	Diluted EPS	Net Income	Diluted EPS
Reported net income	\$ 12,487	\$ 0.20	\$ 12,067	\$ 0.19
Adjustments:
