PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

NOVEMBER 19, 2004

This proxy statement, notice of the 2004 Annual Meeting of Stockholders and accompanying proxy are being furnished to you as a stockholder of Watson Wyatt & Company Holdings (the Company or Watson Wyatt), a Delaware corporation, on or about October 15, 2004, in connection with the Annual Meeting of Stockholders of the Company to be held on November 19, 2004, at the time and place and for the purposes set forth in the accompanying notice of the meeting.

The Company's board of directors is making this proxy solicitation. All shares of the Company's Class A Common stock, \$.01 per share (common stock) that are represented by properly executed and unrevoked proxies received by ADP Investor Communication Services, the vendor selected by the Company to tabulate the vote, prior to the Annual Meeting will be voted. The deadline for receiving proxy voting instructions by telephone (1-800-690-6903) or internet (www.proxyvote.com) is 11:59 p.m. (EST) on Thursday, November 18, 2004.

VOTING SECURITIES AND PRINCIPAL HOLDERS

Stockholders of record at the close of business on October 1, 2004, are entitled to notice of and to vote the shares of common stock held by them on such date, at the Annual Meeting and at any adjournments thereof. On October 1, 2004, there were 32,419,031 shares of common stock outstanding and entitled to vote at the Annual Meeting. The common stock is the Company's only class of outstanding voting securities and will vote as a single class on all matters to be presented and for each director to be elected at the Annual Meeting. Each share of common stock entitles the holder thereof to one vote on each matter and for each director to be elected.

If the accompanying proxy card is properly signed and returned in the enclosed envelope (available to stockholders who have received their proxy materials by mail), or voted via telephone or internet, and not revoked, it will be voted. Unless contrary instructions are given, the persons designated as proxy holders on the accompanying proxy will vote in favor of Proposal 1, the board of directors' nominees for directors; will vote in favor of Proposal 2, to approve a proposal to increase the number of shares which may be issued under the Compensation Plan for Outside Directors; and will vote in their own discretion as to any other matters that may properly come before the Annual Meeting. You may revoke your proxy at any time before it is exercised by filing a revocation notice or a duly executed proxy to vote your shares bearing a later date with the Secretary of the Company at 1717 H Street, N.W., Washington, D.C. 20006. If you are a stockholder of record, and you attend the Annual Meeting and vote in person, your vote will supercede any proxy that you previously executed.

The presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the shares of common stock outstanding at the close of business on October 1, 2004 will constitute a quorum.

Submitted proxies reflecting broker non-votes or abstentions will be deemed present at the Annual Meeting in determining the presence of a quorum. Broker non-votes occur when a person holding shares through a bank or brokerage account does not provide instructions as to how his or her shares should be voted, and the broker does not exercise discretion to vote those shares on a particular matter.

A plurality of the voting power present in person or represented by proxy and entitled to vote at the Annual Meeting is required for the election of directors. Only shares that are voted in favor of a particular nominee will be counted towards such nominee's achievement of a plurality. Thus, shares present at the Annual Meeting that are not voted for a particular nominee, shares present in person or represented by proxy where the stockholder properly withholds authority to vote for such nominee, and broker non-votes, if any, will not be counted towards such nominee's achievement of a plurality.

Edgar Filing: WATSON WYATT & CO HOLDINGS - Form DEF 14A

The affirmative vote of the majority of the votes cast on the matter is required to approve the proposed amendment to the Outside Directors Plan, provided that stockholders holding a majority of the shares outstanding on the record date actually cast votes on this matter. Abstentions are considered votes cast for this purpose, but broker non-votes are not. If a stockholder abstains from voting or directs the stockholder's proxy to abstain from voting on the matter, the shares are considered to have been cast at the meeting with respect to such matter, but since they are not affirmative votes for the matter, they will have the same effect as votes against the matter. On the other hand, shares resulting in broker non-votes are not considered to have been cast at the meeting with respect to such matter and, therefore, have the practical effect of reducing the number of affirmative votes required to achieve a majority for such matter by reducing the total number of shares from which the majority is calculated.

A list of stockholders will be available for inspection at least ten days prior to the Annual Meeting at the Office of the Secretary of the Company, 1717 H Street, N.W., Washington, D.C. 20006.

PROPOSAL NO. 1: ELECTION OF DIRECTORS

Our Amended and Restated Bylaws provide that the number of directors shall be not less than seven, nor more than twenty-five, and give the board of directors the authority to determine the actual number of directors within that range. STANDING COMMITTEES OF THE BOARD

Audit Committee

The Audit Committee operates pursuant to a written charter adopted by the board of directors, a copy of which is attached to this proxy statement as Exhibit B. A copy also is available on the Company's website located at www.watsonwyatt.com under Investor Relations, or may be obtained upon request, addressed to the Secretary of the Company at 1717 H Street, N.W., Washington, D.C. 20006. The Audit Committee's principal responsibilities, as set forth in its charter, are to assist the board in overseeing the Company's financial reporting process that is established and implemented by management. The Audit Committee oversees the work of the independent auditor and also reviews information provided by the Company's internal auditor, independent auditor, and management concerning internal accounting procedures and controls. The Audit Committee is currently composed of four independent directors, John J. Gabarro, R. Michael McCullough, Gilbert T. Ray and John C. Wright (Chair), all of whom meet the independence requirements of the New York Stock Exchange's listing standards. The board of directors has determined that Mr. Wright is both independent and an audit committee financial expert, as defined by SEC and NYSE guidelines. The Audit Committee held 12 meetings during fiscal year 2004.

Report of the Audit Committee

Management has the primary responsibility for the financial statements and the reporting process. The Company's independent auditor is responsible for expressing an opinion on the conformity of our audited financial statements to generally accepted accounting principles. The Audit Committee reviews the Company's financial reporting process on behalf of the board of directors, although the committee members are not engaged in the practice of accounting or auditing.

The Committee meets regularly with management and the Company's independent auditor to review the Company's financial statements, financial press releases, and quarterly and annual SEC filings; to receive the independent auditor's report of its review of the Company's quarterly financial statements and its audit of the Company's annual financial statements; to review significant developments in generally accepted accounting principles and financial reporting requirements; to discuss the application of significant accounting policies; and to review the Company's internal controls and the activities of the Company's internal auditor.

The Committee meets regularly in executive session, and also meets separately with (1) the independent auditor, (2) the Company's Chief Financial Officer, and (3) the Company's internal auditor.

With respect to the Company's audited financial statements for the fiscal year ended June 30, 2004, the Audit Committee:

1. Reviewed the audited financial statements included in the Annual Report, including Management's Discussion and Analysis, with management; and discussed the quality, not just the acceptability of the accounting principles, the reasonableness of significant

Edgar Filing: WATSON WYATT & CO HOLDINGS - Form DEF 14A

judgments and subjective amounts, and the clarity of disclosures in the financial statements.

2. Discussed with the independent auditor the scope and plan for its audit and the results of the audit; and also reviewed and discussed with management and the independent auditor the audited financial statements, as well as the auditor's report concerning its examination of the Company's audited financial statements.
3. Discussed with the independent auditor the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees).

6

4. Received from the independent auditor the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), considered whether the provision of non-audit services is compatible with maintaining the auditor's independence, and discussed with the auditor its independence from the Company and its management.

Following the reviews and discussions referred to above, the Audit Committee recommended to the board of directors that the audited financial statements be included in the Company's Annual Report to Stockholders on SEC Form 10-K for the fiscal year ended June 30, 2004 that was filed with the Securities and Exchange Commission.

Submitted by the Watson Wyatt & Company Holdings Audit Committee:

John J. Gabarro
R. Michael McCullough
Gilbert T. Ray

Fees Paid to the Independent Auditor

The Audit Committee has responsibility for the appointment, compensation and oversight of the work of the independent auditor. The Audit Committee has selected PricewaterhouseCoopers LLP as the Company's independent auditor for fiscal year 2005.

As part of its oversight responsibility, the Audit Committee must pre-approve all permissible services to be performed by the independent auditor. The Audit Committee has established policies and procedures for the pre-approval of audit and non-audit services to be performed by the independent auditor.

Under the policy, the Committee must give prior approval for any amount or specific type of service within four categories – audit, audit-related, tax services or, to the extent permitted by law, other services – that the independent auditor provides. Prior to the annual engagement, the Audit Committee may grant pre-approval for specific independent auditor services within these four categories at maximum pre-approved fee levels. During the year, circumstances may arise when it may become necessary to engage the independent auditor for additional services not contemplated in the original pre-approval and, in those instances, such service will require separate pre-approval by the Audit Committee if it is to be provided by the independent auditor. The Chair of the Audit Committee is authorized to approve a request for pre-approval provided the additional service is presented to the Audit Committee for approval at its next scheduled meeting.

The following table presents fees for professional audit services rendered by PricewaterhouseCoopers LLP for the audit of the Company's annual financial statements for the years ended June 30, 2004 and 2003, and fees billed for other services rendered by PricewaterhouseCoopers LLP during those periods.

OPERATION OF THE BOARD

Board Meetings

The board of directors conducted four meetings during fiscal year 2004. All directors attended 75% or more of the meetings of the board and the committees on which they served. None of the current directors who are employed by the Company are compensated separately for his or her services as a director or as a member of any committee of the board. The Amended and Restated Bylaws of the Company allow directors who are not active associates to receive compensation for their services on the board.

8

Director Compensation

In fiscal year 2004, under the Outside Directors Compensation Plan (the Outside Directors Plan), outside directors were paid a quarterly retainer of \$11,250 plus \$1,500 per day for board meetings; \$1,000 per day for regular committee meetings (\$750 if held in conjunction with a board meeting); \$2,000 per day for committee meetings if the outside director chaired that committee (\$1,000 if held in conjunction with a board meeting); and \$1,000 per day for other meetings. Telephone meetings of the Audit Committee were compensated at \$1,000 per meeting; other telephone meetings of less than four hours duration were compensated at 40% of the applicable per day fee. In addition, under the Outside Directors Plan, each outside director is granted 1,000 shares of Watson Wyatt common stock, issued at the end of the fiscal year at the fiscal year-end share price for services performed during the preceding fiscal year.

In fiscal year 2004, the fees paid to outside directors were paid in cash and in shares of Watson Wyatt common stock under the Outside Directors Plan. Watson Wyatt also established the Voluntary Deferred Compensation Plan for Non-Employee Directors to enable outside directors who hold 5,000 or more shares of the Company's common stock, at their election, to defer receipt of any or all of their director's fees until they are no longer serving as directors of the Company.

Director Independence

The board is composed of a majority of directors who qualify as independent directors pursuant to the corporate governance standards for companies listed on the New York Stock Exchange. The board committee structure includes an Audit Committee, a Compensation Committee and a Nominating and Governance Committee consisting entirely of independent directors.

In determining independence, each year the board affirmatively determines whether directors have any material relationship with the Company. When assessing the materiality of a director's relationship with the Company, the board considers all relevant facts and circumstances, not merely from the director's standpoint, but from that of the persons or organizations with which the director has an affiliation, and the frequency or regularity of the services, if any, provided to or by such persons or organizations, whether the services are being carried out at arm's length in the ordinary course of business and whether the services are being provided substantially on the same terms to the Company as those prevailing at the time from unrelated parties for comparable transactions. Material relationships can include commercial, banking, industrial, consulting, legal, accounting, charitable and familial relationships. A director will not be considered independent if:

- (1) the director is, or in the past three years has been, an employee of the Company, or an immediate family member of the director is, or in the past three years has been, an executive officer of the Company;
- (2) the director, or a member of the director's immediate family, is receiving or has in the past three years received direct compensation from the Company in excess of \$100,000 per year, other than compensation for board service, compensation received by the director's immediate family member for service as a non-executive employee of the Company, and pension or other forms of deferred compensation for prior service with the Company;
- (3) the director, or a member of the director's immediate family, is or in the past three years has been, an executive officer of another company where any of the Company's present executives serves or served in the past three years on the compensation committee;
- (4) the director is, or in the past three years has been, affiliated with or employed by the Company's present or former internal or outside auditor, or a member of the director's immediate family is, or in the past three years has been, affiliated with or employed in a professional capacity by the Company's present or former internal or outside auditor; or

(5) the director is an executive officer or employee, or a member of the director's immediate family is an executive officer, of another company that makes payments to or receives payments from the Company, or during any of the past three years has made payments to or received payments from the Company, for property or

9

services in an amount that, in any single fiscal year, exceeded the greater of \$1 million or 2% of the other company's consolidated gross revenues.

For these purposes, an immediate family member includes a director's spouse, parents, children, siblings, mother and father-in-law, sons and daughters-in-law, brothers and sisters-in-law, and anyone (other than a domestic employee) who shares the director's home.

Applying these standards, the board has determined that the following directors qualify as independent: John J. Gabarro, R. Michael McCullough, Linda D. Rabbitt, Gilbert T. Ray, John B. Shoven and John C. Wright.

COMMON STOCK PURCHASE ARRANGEMENTS

Edgar Filing: WATSON WYATT & CO HOLDINGS - Form DEF 14A

Prior to the Company's IPO in October 2000, Watson Wyatt & Company had a stock purchase plan to encourage ownership of redeemable common stock by associates. The stock purchase plan was terminated upon completion of the IPO. Under the stock purchase plan, Watson Wyatt & Company regularly sold common stock to associates on or about March 1 of each year. The stock purchase plan permitted associates to borrow up to the full amount of the purchase price of the common stock from Watson Wyatt & Company's lenders, and Watson Wyatt & Company guaranteed repayment of all such loans. The loans provided for full recourse to the individual borrower and were secured by a pledge of the stock purchased. Executive officers and directors had access to this credit facility on the same basis as other associates.

As of October 1, 2004, 442,430 shares of common stock, representing approximately 1.4% of the outstanding shares of common stock, remained pledged to the Company's lenders to secure loans to associates. As of the same date, the aggregate amount of outstanding loans was approximately \$350,091. This loan program remains in place to accommodate the amortization of loans in existence at the time of the IPO. No new loans have been extended since the IPO, and no new loans will be extended under this loan program.

Option Grants in Fiscal Year 2004

Under the 2000 Long-Term Incentive Plan, each associate was granted options in October 2000 (at the time of the IPO) to purchase stock valued at 40% of his or her target bonus amount, subject to a minimum grant of 100 options. The Company's executive officers and directors were granted options at that time using the same formula. These options will expire after seven years, subject to early termination in specified circumstances, and vest in five equal annual installments over a period of five years. The Company did not grant any options under the Plan to the named executive officers in fiscal year 2004. The Company does not currently intend to issue further stock options under the 2000 Long-Term Incentive Plan.

Aggregated Option Exercises and Fiscal Year 2004 Year-End Option Values

The following table sets forth information concerning option exercises in fiscal year 2004 and the number and value of unexercised options held by the named executive officers at fiscal year 2004 year-end. The value of unexercised in-the-money options held at fiscal year 2004 year-end represents the pre-tax total gain which the option holder would realize if he exercised all of the in-the-money options held at fiscal year 2004 year-end, and is determined by multiplying the number of shares of common stock underlying the options by the difference between \$26.65, which was the closing price per share of the Company's common stock on the New York Stock Exchange on June 30, 2004 (the last trading day of fiscal year 2004), and the applicable per share option exercise price, which is \$12.50. An option is in-the-money if the fair market value of the underlying shares exceeds the exercise price of the option.

Pursuant to Section 401(a)(17) of the IRC, annual compensation in excess of \$205,000 cannot be taken into account in determining qualified plan benefits.

The following changes were made to the qualified pension plan and non-qualified excess pension plans effective July 1, 2003:

The five-year certain and life normal form of payment was changed to a single life annuity. After July 1, 2003, the benefit of an associate will be actuarially reduced if the associate elects the five-year certain and life annuity.

The period used to determine average annual compensation was changed from 36 consecutive months to 60 consecutive months.

Early retirement upon attainment of age 50 with 10 years of continuous service has been eliminated. Early retirement upon attainment of age 55 with 5 years of continuous service remains in effect.

The reduction for early retirement has been changed. An associate's benefit will be reduced by 8% per year for the first four years and 6% for years in excess of four that the associate's benefit commences before age 62. Before the change, an associate's benefit was reduced 5% per year for commencement prior to age 60.

Under a grandfathering rule, all of the plan provisions in effect on June 30, 2003 except for the normal form of payment will remain in effect for five years for associates who were actively employed on that date. Associates who retired or terminated employment on or before June 30, 2003, and associates hired on or after July 1, 2003, are not eligible for the grandfathering.

The years of credited service for the associates named in the Summary Compensation Table as of June 30, 2004 are: Mr. Haley 27.17 years; Mr. Kay 10.58 years; Mr. Mautz 7.33 years; Mr. Wickes 7.50 years; Mr. Bardenwerper 17.08 years. Benefits are based solely on the compensation shown in the Salary and Bonus columns of the Summary Compensation Table.

Other Pension Plans. The Company also has other pension plans that have been established in various countries for the benefit of eligible associates in those jurisdictions.

Compensation Committee Interlocks and Insider Participation

Edgar Filing: WATSON WYATT & CO HOLDINGS - Form DEF 14A

The members of the Company's Compensation Committee for fiscal year 2004 were Gilbert T. Ray (Chair), John J. Gabarro, Linda D. Rabbitt and John B. Shoven.

All are independent directors of the Company. No interlocking relationship exists between the Company's board of directors or our Compensation Committee and any member of any other company's board of directors or their compensation committee, nor has any interlocking relationship existed in the past.

Report of the Compensation Committee on Executive Compensation

The Compensation Committee was comprised of four independent directors in fiscal year 2004. The Compensation Committee oversees executive compensation policies, including the compensation of the Chief Executive Officer (CEO), the 2001 Employee Stock Purchase Plan, the 2001 Deferred Stock Unit Plan for Selected Employees and the 2000 Long-Term Incentive Plan. The Compensation Committee operates pursuant to a written charter adopted by the board of directors, a copy of which is available on the Company's website located at www.watsonwyatt.com under Investor Relations.

Compensation Philosophy

The Company compensation philosophy is applied to all associates, including executive officers. The compensation program takes into consideration the Company's business strategy and market conditions. Specifically, the compensation program has been designed to:

1. Attract, motivate and retain the most highly qualified and capable associates by providing competitive compensation based on individual and Company performance;
2. Align associate compensation with the Company's overall business strategies and values;
3. Focus management on maximizing stockholder value;
4. Provide competitive base compensation, supplemented with variable compensation based on individual achievement of annual and long-term results;
5. Foster an ownership mentality among associates and reward their focus on long-term objectives;
6. Compensate associates fairly on a global basis, relative to other associates and the market; and
7. Provide compensation that reflects the Company's performance, relative to its key competitors.

The Committee periodically reviews data on executive compensation to determine key market considerations and competitive positioning. In making its determinations, the Committee relies on publicly available information, commissioned survey data and its knowledge of the market for key executives.

Base and Bonus Compensation

For the fiscal year ending June 30, 2004, the compensation of the Company's executive officers and all other bonus-eligible associates was comprised primarily of two elements: base salary and fiscal year-end bonus.

The Company's compensation program establishes target bonuses for all bonus-eligible associates, based on their position in the Company and base salary. Funding for the bonus pool is based on the Company's fiscal year-end net operating income and may be greater than or less than total target bonuses. Individual bonus awards are at each manager's discretion and are based on the manager's assessment of the associate's achievement of stated goals and support of Company values. In making its determinations, the Committee relied on publicly available information, the above-mentioned survey and its knowledge of the market for key executives. The company bonus pool for 2004 was funded at

60% of target.

The CEO made recommendations to the Committee with respect to salary and bonus compensation for the Company's executives who report to the CEO. With respect to salary for the CEO's direct reports, the decisions were based on each associate's experience, competencies, expected level of responsibility in the coming year, external market value and internal equity. Decisions with respect to bonus compensation for the CEO's direct reports were based on the CEO's subjective evaluation of the Company's overall financial performance, business unit financial performance and individual achievement of other business objectives. The Committee approved the CEO's recommendations.

The CEO made recommendations to the Committee with respect to base and bonus compensation for the Company's executives who report to the CEO. The Committee approved the CEO's recommendations.

Stock Programs

The Company's long-term compensation plans are designed to recognize the individual's past, present and potential future contributions. The Company believes that stock ownership aligns associate financial interest with those of other stockholders and the Company.

Stock Options

In connection with the IPO in October 2000, the Company implemented the 2000 Long-Term Incentive Plan, under which it may grant stock options. In October 2000, executive officers and other eligible associates were granted options to purchase the Company's common stock pursuant to this plan, based on a formula related to their target bonus amounts. There were no grants of options under the plan in fiscal year 2004, and the Company does not currently intend to issue any further stock options under the 2000 Long-Term Incentive Plan.

Stock Purchase Plan

The Company continued the 2001 Employee Stock Purchase Plan during fiscal 2004. The Employee Stock Purchase Plan is available to all associates, and approximately 32% of eligible Company associates currently participate in this plan.

Deferred Stock Unit Plan

In September 2002, the Company issued its first grants under its 2001 Deferred Stock Unit Plan for Selected Employees. Since that date, senior associates of the Company, including the CEO and executive officers (approximately 255 in 2004) were granted deferred stock units in lieu of 25% of their discretionary bonus. Such deferred stock units were fully vested upon grant.

The Committee is currently considering making additional long-term bonus grants under this Plan in order to (i) strengthen incentives and align behaviors for senior executives to grow the business consistent with the strategic goals of the Company, (ii) strengthen retention impact of total compensation of senior executives, and (iii) address competitive deficiency in long-term incentives for senior executives.

Compensation of the Chief Executive Officer

During fiscal year 2004, Mr. Haley's base salary was \$714,008, an increase of \$13,608, or 2%, over his fiscal year 2003 base salary of \$700,400.

Mr. Haley's fiscal year 2004 bonus was approved by the board of directors based on the recommendation of the Compensation Committee. The Committee recommended, and the board approved, a bonus equal to 65% (\$464,105) of Mr. Haley's target bonus. His target bonus for fiscal year 2004 was increased from 87.5% to 100% of his base compensation. Following are some of the factors that were taken into account:

1. Success in the Company meeting established financial goals;
2. Leadership in representing the Company with the investment community;

3. Influence on strategic direction and long-term strength and performance;
4. Successful promotion of continuous quality improvements and effective risk management;
5. Actions taken to strengthen operations of the Company in Asia Pacific, Canada and Latin America;
6. Development of succession plans for leadership teams and key client service teams;
7. Progress in implementing a diversity program throughout the Company;
8. Actions taken to ensure that the senior management team is organized and operating effectively; and
9. Relativity to the average bonus compensation level of the Company's associates.

In summary, in establishing the base and bonus compensation for the CEO, the Committee took into consideration the specific factors listed above, and the quantitative and qualitative factors mentioned in the Base and Bonus Compensation section. In 2004, the total compensation for the CEO was below the median of the peer group included in the above-mentioned survey.

Deductibility of Executive Compensation

In order to maximize the deductibility for federal income tax purposes of compensation paid to executive officers, the Company has a Senior Officers Deferred Compensation Plan that requires deferral of compensation in excess of \$1.0 million that would otherwise be payable to the CEO and the four other highest compensated executive officers.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

On April 1, 1995, Watson Wyatt & Company transferred its United Kingdom operations to R. Watson & Sons, subsequently renamed Watson Wyatt LLP, and received a beneficial interest and a 10% interest in a defined profit pool of the partnership. Watson Wyatt & Company also transferred its Continental European operations to a newly-formed holding company owned by a subsidiary of Watson Wyatt & Company and Watson Wyatt LLP in exchange for 50.1% of its shares. Effective July 1, 1998, Watson Wyatt & Company sold one-half of its investment in the holding company to Watson Wyatt LLP. Mr. Paul N. Thornton, Senior Partner of Watson Wyatt LLP, is currently a member of the Company's board of directors. Mr. Haley is a member of the Watson Wyatt LLP Partnership Board. Watson Wyatt LLP and Watson Wyatt & Company provide various services to and on behalf of each other in the ordinary course of business.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's executive officers and directors, among others, to file with the SEC and the New York Stock Exchange initial reports of ownership and reports of changes in ownership of the Company's common stock. Persons subject to Section 16 are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file. As a matter of practice, the Company assists the Company's executive officers and directors in preparing initial reports of ownership and reports of changes in ownership, and files those reports with the SEC on their behalf.

Based solely on a review of the copies of such forms furnished to the Company and written representations from the Company's executive officers and directors, the Company believes that all of its executive officers and directors filed required reports on a timely basis under Section 16(a), except that Mr. Haley filed a late report in connection with the deferral of stock units, and three former officers, Mr. Brown, Ms. Cotter and Mr. Marini, each filed late reports on the sale of stock. The Company has streamlined its procedures to ensure improved compliance on an on-going basis.

PROPOSAL NO. 2:

PROPOSAL TO INCREASE THE NUMBER OF SHARES WHICH MAY BE ISSUED UNDER THE WATSON WYATT & COMPANY HOLDINGS COMPENSATION PLAN FOR OUTSIDE DIRECTORS

The Amended and Restated Bylaws of the Company allow directors who are not employed by the Company (outside directors) to receive compensation for board service. As of October 1, 2004, there are six outside directors eligible to participate in the Compensation Plan for

Outside Directors (the Outside Directors Plan).

To date, shares distributed under the Outside Directors Plan have been issued shares held in or acquired for the Company's treasury, or shares reacquired by the Company upon purchase in the open market. The maximum number of shares that may be issued under the current Outside Directors Plan is 50,000, subject to adjustments for stock splits, stock dividends and similar transactions. As of October 1, 2004, 13,092 of the 50,000 shares originally authorized remain available for issuance under the Outside Directors Plan. The Outside Directors Plan may be amended from time to time by the board of directors, and any such amendment is subject to stockholder approval to the extent required under the New York Stock Exchange (NYSE) rules. Currently, NYSE rules require that material revisions to equity compensation plan provisions (such as amendments to materially increase the number of shares available, expand the types of awards or the class of participants, extend the term of the Outside Directors Plan, change the method of determining option exercise prices or permit repricing of options) be approved by stockholders. Consistent with the NYSE rules, the Company is submitting for stockholder approval a proposal that would increase the number of shares that may be issued under the Outside Directors Plan by 25,000, for a total of 75,000.

In August 2003, the board of directors approved, and in November 2003, the stockholders of the Company approved the Outside Directors Plan, as amended. Under the current Outside Directors Plan, outside directors of the Company are paid a quarterly retainer of \$11,250 plus \$1,500 per day for board meetings; \$1,000 per day for regular committee meetings (\$750 if held in conjunction with a board meeting); \$2,000 per day for committee meetings if the outside director chaired that committee (\$1,000 if held in conjunction with a board meeting); and \$1,000 per day for other meetings. Telephone meetings of the Audit Committee were compensated at \$1,000 per meeting; other telephone meetings of less than four hours duration were compensated at 40% of the applicable per day fee. Outside directors also will receive a Watson Wyatt common stock grant of 1,000 shares per year. The Outside Directors Plan requires that, within five years, outside directors own and hold a minimum of 5,000 shares of the Company's common stock while serving as a director. Under the Outside Directors Plan, outside directors may elect for fees paid to them to be paid in cash and in shares of Watson Wyatt common stock, until such time as the director satisfies the stock ownership requirement.

At this time, there are no amendments being proposed to the Outside Directors Plan that change any of the above described compensation arrangements.

The full text of the Outside Directors Plan is set forth as Exhibit A to this proxy statement and the foregoing description is qualified by reference to the actual terms of the Outside Directors Plan.

The board of directors recommends that stockholders vote FOR Proposal No. 2 to increase the number of shares which may be issued under the Compensation Plan for Outside Directors.

Other proxy solicitation expenses that we will pay include those for preparation, mailing and tabulating the proxies.

Management knows of no other matter that may come up for action at the Annual Meeting. However, if any other matter properly comes before the meeting, the proxies named on the enclosed proxy will vote in accordance with their judgment upon such matter. Individual proxies will be counted by ADP Investor Communication Services in an effort to ensure the confidentiality and anonymity of each stockholder's votes. **Whether or not you expect to be present at the meeting, you are urged to vote your proxy by telephone, internet, or if you have received your proxy materials by mail, to sign, date and promptly mail in your proxy.**

Such proposals must be received no later than June 17, 2005. Submitting a stockholder proposal does not guarantee that we will include it in our proxy statement.

Alternatively, stockholders of record may introduce certain types of proposals that they believe should be voted upon at the Annual Meeting or nominate persons for election to the board of directors. Under the Company's Amended and Restated Bylaws, unless the date of the 2005 Annual Meeting of stockholders is advanced by more than 40 days or delayed by more than 40 days from the anniversary of the 2004 Annual Meeting, notice of any such proposal or nomination must be provided in writing to the Secretary of the Company no later than the close of business on July 22, 2005. In addition, stockholders wishing to make such proposals or recommendations of candidates for director must satisfy other requirements set forth in the Company's Amended and Restated Bylaws. If a stockholder does not also comply with the requirements of Rule 14a-4 under the Securities Exchange Act of 1934, the Company may exercise discretionary voting authority under proxies it solicits to vote in accordance with its best judgment on any proposal submitted by that stockholder.

EXHIBIT B
WATSON WYATT & COMPANY HOLDINGS
AUDIT COMMITTEE CHARTER

(Includes changes approved through August 20, 2004)

Organization

This charter governs the operations of the audit committee. The committee shall review and reassess the charter at least annually and obtain the approval of the board of directors. The committee shall be members of, and appointed by, the board of directors and shall comprise at least three directors, each of whom are independent of management and the Company. Members of the committee shall be considered independent as long as they do not accept any consulting, advisory, or other compensatory fee from the Company or its subsidiaries and are not an affiliated person of the Company or its subsidiaries, and meet the independence requirements of the New York Stock Exchange listing standards. All committee members shall be financially literate, (or shall become financially literate within a reasonable period of time after his or her appointment to the committee) and at least one member shall be an audit committee financial expert, as defined by SEC regulations.

Purpose

The audit committee shall provide assistance to the board of directors in fulfilling their oversight responsibility to the shareholders, potential shareholders, the investment community, and others relating to: the integrity of the Company's financial statements; the financial reporting process; the systems of internal accounting and financial controls; the performance of the Company's internal audit function and independent auditors; the independent auditors' qualifications and independence; and the Company's compliance with ethics policies and legal and regulatory requirements. In so doing, it is the responsibility of the committee to maintain free and open communication between the committee, independent auditors, the internal auditors, and management of the Company, and to report regularly to the board of directors.

In discharging its oversight role, the committee is empowered to investigate any matter brought to its attention with full access to all books, records, facilities, and personnel of the Company. The committee shall have the authority to engage independent counsel and other advisers as it determines necessary to carry out its duties and shall receive appropriate funding from the Company, as determined by the committee, for payment of compensation to any such advisors.

Duties and Responsibilities

The primary responsibility of the audit committee is to oversee the Company's financial reporting process on behalf of the board and report the results of their activities to the board. While the audit committee has the responsibilities and powers set forth in this Charter, it is not the duty of the audit committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles. Management is responsible for the preparation, presentation, and integrity of the Company's financial statements and for the appropriateness of the accounting principles and reporting policies that are used by the Company. The independent auditors are responsible for auditing the Company's financial statements and for reviewing the Company's unaudited interim financial statements. The audit committee shall recommend to the Board whether the audited financial statements should be included in the Annual Report.

The committee, in carrying out its responsibilities, believes its policies and procedures should remain flexible, in order to best react to changing conditions and circumstances. The committee should take appropriate actions to set the overall corporate tone for quality financial reporting, sound business risk practices, and ethical behavior. The following shall be the principal duties and responsibilities of the audit committee. These are set forth as a guide with the understanding that the committee may supplement them as appropriate.

B-1

The committee shall be directly responsible for the appointment and termination, compensation, and oversight of the work of the independent auditors, including resolution of disagreements between management and the auditors regarding financial reporting. The committee shall pre-approve all audit, audit-related, tax and non-audit services provided by the independent auditors and shall not engage the independent auditors to perform the specific non-audit services proscribed by law or regulation. The committee may delegate pre-approval authority to a member of the audit committee. The decisions of any audit committee member to whom pre-approval authority is delegated must be presented to the full audit committee at its next scheduled meeting.

At least annually, the committee shall obtain and review a report by the independent auditors describing:

The firm's internal quality control procedures.

Any material issues raised by the most recent internal quality control review, or peer review, of the firm, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the firm, and any steps taken to deal with any such issues.

All relationships between the independent auditors and the Company (to assess the auditors' independence).

In addition, the committee shall set clear hiring policies for employees or former employees of the independent auditors that meet applicable SEC regulations.

The committee shall discuss with the internal auditors and the independent auditors the overall scope and plan for their respective audits, including the adequacy of staffing and compensation. Also, the committee shall discuss with management, the internal auditors, and the independent auditors the adequacy and effectiveness of the accounting and financial controls, including the Company's policies and procedures to assess, monitor, and manage business risk, and legal and ethical compliance programs (e.g., Company's Code of Conduct).

Edgar Filing: WATSON WYATT & CO HOLDINGS - Form DEF 14A

The audit committee shall meet at least four times annually. The committee shall meet separately periodically with management, the internal auditors, and the independent auditors to discuss issues and concerns warranting committee attention. The committee shall provide sufficient opportunity for the internal auditors and the independent auditors to meet privately with the members of the committee. The committee shall review with the independent auditors any audit problems or difficulties and management's response.

The committee shall receive regular reports from the independent auditors on the critical policies and practices of the Company, all alternative treatments of financial information within generally accepted accounting principles related to material items that have been discussed with management, and other matters required by SEC rules. The committee shall review the effect of regulatory and accounting initiatives, as well as off-balance sheet structures, on the financial statements.

The committee shall review management's assertion on its assessment of the effectiveness of internal controls as of the end of the most recent fiscal year and the independent auditors' report on management's assertion.

The committee shall review the interim financial statements and disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations with management and the independent auditors prior to the filing of the Company's Quarterly Report on Form 10-Q. The committee shall review and discuss earnings press releases, including the type and presentation of information, paying particular attention to any pro-forma or adjusted non-GAAP information, as well as Company practices with respect to financial information and earnings guidance provided to analysts and rating agencies. Also, the committee shall discuss the results of the quarterly review and any other matters required to be communicated to the committee by the independent auditors under generally accepted auditing standards.

The committee shall review with management and the independent auditors the financial statements and disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations to be

B-2

included in the Company's Annual Report on Form 10-K (or the annual report to shareholders if distributed prior to the filing of Form 10-K), including their judgment about the quality, not just the acceptability, of accounting principles, the reasonableness of significant judgments, and the clarity of the disclosures in the financial statements. Also, the committee shall discuss the results of the annual audit and any other matters required to be communicated to the committee by the independent auditors under generally accepted auditing standards.

The committee shall establish procedures for the receipt, retention, and treatment of complaints received by the Company regarding accounting, internal accounting controls, or auditing matters, and the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters.

The committee shall receive corporate attorneys' reports of evidence of a material violation of securities laws or breaches of fiduciary duty.

The committee also prepares its report to be included in the Company's annual proxy statement, as required by SEC regulations.

The committee shall perform an evaluation of its performance at least annually to determine whether it is functioning effectively.
