#### **Dividend Reinvestment Plans**

Each Fund offers an automatic dividend reinvestment program. If Fund shares are registered in your name and you are not already reinvesting dividends but would like to do so, contact the dividend plan agent, Mellon Investor Services LLC, at 800 851-9677. You will be asked to put your request in writing. If you have shares registered in a □street□ name, contact your financial advisor or the broker/dealer holding the shares.

Under the current policies of Delaware Investments Arizona Municipal Income Fund, Delaware Investments Florida Insured Municipal Income Fund (renamed Delaware Investments National Municipal Income Fund, effective Oct. 15, 2007), and Delaware Investments Minnesota Municipal Income Fund II, all distributions of net investment income and capital gains to common stock shareholders are automatically reinvested in additional shares unless shareholders elect to receive all dividends and other distributions in cash paid by check mailed directly to shareholders by the dividend plan agent. Under the current policies of Delaware Investments Colorado Insured Municipal Income Fund, distributions of net investment income and capital gains to common shareholders will be paid in cash unless shareholders notify Mellon Investor Services LLC of their desire to participate in the dividend reinvestment program.

After each Fund declares a dividend or determines to make a capital gains distribution, the plan agent will, as agent for the participants, receive the cash payment and use it to buy shares in the open market on the American Stock Exchange. The Funds will not issue any new shares in connection with the plan. You can contact Mellon at:

Mellon Investor Services LLC Dividend Reinvestment Department Overpeck Centre 85 Challenger Road Ridgefield, NJ 07660 800 851-9677

Funds are not FDIC insured and are not guaranteed. It is possible to lose the principal amount invested.

<sup>&</sup>lt;sup>2</sup> Total investment return is calculated assuming a purchase of common stock on the opening of the first day and a sale on the closing of the last day of each period reported. Dividends and distributions, if any, are assumed for the purposes of this calculation to be reinvested at prices obtained under the Fund∫s dividend reinvestment plan. Generally, total investment return based on net asset value will be higher than total investment return based on market value in periods where there is an increase in the discount or a decrease in the premium of the market value to the net asset value from the beginning to the end of such periods. Conversely, total investment return based on net asset value will be lower than total investment return based on market value in periods where there is a decrease in the discount or an increase in the premium of the market value to the net asset value from the beginning to the end of such periods.

<sup>&</sup>lt;sup>3</sup> Ratios do not reflect the effect of dividend payments to preferred shareholders.

<sup>&</sup>lt;sup>4</sup> Ratio reflects total net investment income less dividends paid to preferred shareholders divided by average net assets applicable to common shareholders.
