What is a proxy statement and why is it important?

We hold a meeting of unitholders annually. This year's meeting will be held on May 10, 2016. Our Board of Directors is seeking your proxy to vote at the 2016 Annual Meeting of Unitholders (*Annual Meeting*). This proxy statement contains important information about the Partnership and each of the matters to be voted on at the meeting. We are mailing this proxy statement to unitholders on or about March 31, 2016. Please read these materials carefully so that you have the information you need to make informed decisions.

You do not need to attend the Annual Meeting to vote. Instead, you may simply complete, sign and return the enclosed proxy card or vote on the internet or by telephone as provided on your proxy card.

When and where is the Annual Meeting?

The 2016 Annual Meeting of Unitholders of Legacy Reserves LP will be held on Tuesday, May 10, 2016, at 10:30 a.m., local time, at the Midland Petroleum Club located at 501 W. Wall, Midland, Texas 79701.

The Petroleum Club of Midland is located on the southwest corner of Wall Street and Marienfeld in downtown Midland. From the Midland International Airport, exit the airport on the south side and cross over and merge onto Business 20 East, which turns into Wall Street. The Petroleum Club is 10 miles east of the airport and is a white, two story building. There is parking behind the building. For your convenience, the Petroleum Club phone number is (432) 682-2557.

What am I being asked to vote upon?

You are being asked to (1) approve the election of the directors nominated to our Board of Directors to serve until the next Annual Meeting of Unitholders; (2) approve the amendment of a provision of our partnership agreement to clarify the treatment of abstentions and broker non-votes in establishing a quorum and counting votes and to amend certain voting standards for votes of the holders of the Partnership's securities to provide for a majority of votes cast standard; (3) approve the amendment of our partnership agreement to provide for a majority of votes cast standard for the approval of an amendment to our partnership agreement by our unitholders; (4) approve the amendment of our partnership agreement to provide for a majority of votes cast standard for the approval of merger agreements by our unitholders; (5) ratify the appointment of the firm of BDO USA, LLP as independent registered public accountants of the Partnership for the fiscal year ending December 31, 2016; and (6) consider and vote upon such other business as may properly come before the Annual Meeting or any adjournments or postponements thereof.

Table of Contents

Voting and Proxy Procedures

Who may vote at the Annual Meeting?

Only unitholders of record at the close of business on March 14, 2016, the record date for the Annual Meeting, are entitled to participate in the Annual Meeting. If you were a unitholder of record on that date, you will be entitled to vote all of the units representing limited partner interests of Legacy Reserves LP, each referred to as a unit, that you held on that date at the Annual Meeting, or any postponements or adjournments of the Annual Meeting.

It is critical that you instruct your broker how you wish to vote your units on Proposals 1, 2, 3 and 4. Absent instructions from you, the bank or broker may not vote your units on these proposals and your units will be considered broker non-votes, which will have no effect on the outcome of Proposal 1 and will have the effect as a vote against Proposals 2, 3 and 4, which would be contrary to the recommendation of our Board of Directors.

What are the voting rights of the holders of units?

Each unit is entitled to one vote on all matters. Your proxy card indicates the number of units that you owned as of the record date.

Who is soliciting my proxy?

Our Board of Directors on behalf of the Partnership is soliciting proxies to be voted at the Annual Meeting.

Additionally, we have retained Morrow & Co., LLC, (Morrow) to act as a proxy solicitor in conjunction with the Annual Meeting. We have agreed to pay Morrow \$8,500, plus reasonable additional expenses, for proxy solicitation services.

What different methods can I use to vote?

By Written Proxy. Regardless of whether you plan to attend the Annual Meeting, we urge you to complete, sign and date the enclosed proxy card and return it promptly in the envelope provided. Returning the proxy card will not affect your right to attend the Annual Meeting and vote in person.

By Internet. Go to the website set forth on the proxy card and follow the on-screen instructions. You will need the control number contained on your proxy card. Voting by internet is the fastest and lowest cost medium of voting your proxy.

By Telephone. Please dial the toll-free telephone number set forth on the proxy card and follow the audio instructions. You will need the control number contained on your proxy card.

If you properly follow the instructions above in time to vote, your proxy (Micah C. Foster or James Daniel Westcott are the individuals named as proxies on your proxy card) will vote your units as you have directed. Unless otherwise directed by you, your proxy will vote your units:

For the election of the eight (8) director nominees proposed by our Board of Directors;

For the approval of an amendment to our partnership agreement to clarify the treatment of abstentions and broker non-votes in establishing a quorum and counting votes and to amend certain voting standards for votes of the holders of the Partnership's securities to provide for a majority of votes cast standard;

For the approval of an amendment to the provision of our partnership agreement relating to the approval by our unitholders of amendments to the partnership agreement to provide for a majority of votes cast standard;

For the approval of an amendment to the provision of our partnership agreement relating to the approval by our unitholders of merger agreements to provide for a majority of votes cast standard; and

For the ratification of the appointment of BDO USA, LLP as our independent registered accounting firm.

Table of Contents

If any other matter is presented, it is the intention of the persons named in the enclosed proxy card to vote proxies held by them in accordance with their best judgment. At the time this proxy statement was first mailed to unitholders, we knew of no matters that needed to be acted on at the Annual Meeting other than those discussed in this proxy statement.

In Person. All unitholders of record at the close of business on March 14, 2016 may vote in person at the Annual Meeting. If you plan to attend the Annual Meeting and vote in person, we will give you a ballot when you arrive. However, if your units are held in the name of your broker, bank or other nominee, you must bring an account statement or letter from the nominee indicating that you were the beneficial owner of the units on the record date.

How may I revoke my signed proxy card?

You may revoke your proxy card or change your vote at any time before your proxy is voted at the Annual Meeting. You can do this in one of three ways:

you can send a written notice in advance of the meeting to our Secretary at 303 W. Wall, Suite 1800, Midland, Texas 79701, stating that you would like to revoke your proxy;

you can complete and submit a later-dated proxy card; or

you can attend the Annual Meeting and vote in person. Your attendance at the Annual Meeting will not alone revoke your proxy unless you vote at the meeting as described below.

If you have instructed a broker to vote your units, you must follow directions received from your broker to change those instructions.

You may change your internet vote as often as you wish by following the procedures for internet voting. The last known vote in the internet voting system as of 11:59 p.m., Eastern Time, on May 10, 2016 will be counted.

You may change your telephone vote as often as you wish by following the procedures for telephone voting. The last known vote in the telephone voting system as of 11:59 p.m., Eastern Time, on May 10, 2016 will be counted.

What does it mean if I get more than one proxy card?

It indicates that your units are held in more than one account, such as two brokerage accounts registered in different names. You should complete each of the proxy cards to ensure that all of your units are voted. We encourage you to register all of your brokerage accounts in the same name and address for better service. You should contact your broker, bank or nominee for more information. Additionally, our transfer agent, Computershare Trust Company, N.A., can assist you if you want to consolidate multiple accounts registered in your name by contacting our transfer agent at P.O. Box 30170, College Station, TX 77842-3170, Telephone: (781) 575-4238.

Quorum and Required Votes

How many votes are needed to hold the meeting?

A majority of the outstanding units as of the record date must be represented at the meeting in order to hold the meeting and conduct business. This is called a quorum. As of March 14, 2016, the record date, there were 69,512,781 units outstanding held by approximately 144 holders of record. Unitholders are entitled to one vote, exercisable in person or by proxy, for each unit held by such Unitholder on the record date. Our partnership agreement does not provide for cumulative voting.

Units are counted as present at the Annual Meeting if:

the unitholder is present and votes in person at the meeting;

the unitholder has properly submitted a proxy card; or

under certain circumstances, the unitholder's broker votes the units.

Who will count the vote?

Representatives of Computershare Trust Company, N.A., our transfer agent, will tabulate the votes.

Table of Contents

How many votes are required to approve the proposals?

The affirmative vote of holders of a plurality of the votes cast with respect to the election of a director is required to elect that director. Abstentions and broker non-votes will not be taken into account in determining the outcome of the election of directors (Proposal 1).

The affirmative vote of holders of a majority of the units entitled to vote and be present in person or by proxy at the meeting is required for the approval of:

the amendment of a provision of our partnership agreement to clarify the treatment of abstentions and broker non-votes in establishing a quorum and counting votes and to amend certain voting standards for votes of the holders of the Partnership's securities to provide for a majority of votes cast standard (Proposal 2);

the amendment of our partnership agreement to provide for a majority of votes cast standard for the approval of an amendment to our partnership agreement by our Unitholders (Proposal 3);

the amendment of our partnership agreement to provide for a majority of votes cast standard for the approval of merger agreements by our Unitholders (Proposal 4); and

the ratification of our appointment of the independent registered public accounting firm for the fiscal year ending December 31, 2016 (Proposal 5) and any other matters that properly come before the meeting.

How are abstentions and broker non-votes counted?

Abstentions and broker non-votes are included in determining whether a quorum is present.

Abstentions and broker non-votes will not be taken into account in determining the outcome of the election of directors (Proposal 1).

For the purpose of determining whether a proposal other than the election of directors has received a majority vote, abstentions are included in the vote totals with the result that an abstention will have the same effect as a vote against such proposal. Brokers do not have discretionary authority to vote on:

the amendment of a provision of our partnership agreement to clarify the treatment of abstentions and broker non-votes in establishing a quorum and counting votes and to amend certain voting standards for votes of the holders of the Partnership's securities to provide for a majority of votes cast standard (Proposal 2);

the amendment of our partnership agreement to provide for a majority of votes cast standard for the approval of an amendment to our partnership agreement by our unitholders (Proposal 3); or

the amendment of our partnership agreement to provide for a majority of votes cast standard for the approval of merger agreements by our unitholders (Proposal 4).

Consequently, broker non-votes will have the same effect as a vote against Proposals 2, 3 and 4.

With respect to the ratification of the appointment of our auditors, brokers have the discretionary authority to vote on this proposal.

How are proxies solicited?

Proxies may be solicited by mail, telephone or other means by our general partner's officers and directors and our employees. No additional compensation will be paid to these individuals in connection with proxy solicitations. We will pay for distributing and soliciting proxies and will reimburse banks, brokers and other custodians their reasonable fees and expenses for forwarding proxy materials to unitholders. In addition, we have retained Morrow to act as a proxy solicitor in conjunction with the Annual Meeting. We have agreed to pay Morrow \$8,500, plus reasonable additional expenses, for proxy solicitation services.

PROPOSAL 1

ELECTION OF DIRECTORS

Board of Directors

The Amended and Restated Limited Liability Company Agreement of our general partner provides that our Board of Directors will consist of a number of directors as determined from time to time by resolution adopted by a majority of directors then in office, but shall not be less than seven or more than nine. Currently, our Board of Directors has eight directors. Each of the nominees for election to the Board of Directors is currently a director of Legacy Reserves GP, LLC. If elected at the Annual Meeting, each of the nominees will be elected to hold office for a one-year term and thereafter until his successor has been elected and qualified, or until his earlier death, resignation or removal.

Voting

Directors are elected by a plurality of the votes present in person or represented by proxy and entitled to vote at the Annual Meeting. Units represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the nominees named below. In the event that any nominee should be unavailable for election as a result of an unexpected occurrence, such units will be voted in favor of the remainder of those nominated and may be voted for substitute nominees, unless the Board of Directors chooses to reduce the number of directors serving on the Board of Directors. Each person nominated for election has agreed to serve if elected, and we have no reason to believe that any nominee will be unable to serve.

Recommendation and Proxies

The Board of Directors recommends a vote FOR each of the nominees named below.

The persons named as proxies in the enclosed proxy card will vote all units over which they have discretionary authority FOR the election of the nominees named below. Although our Board of Directors does not anticipate that any of the nominees will be unable to serve, if such a situation should arise prior to the meeting, the appointed persons will use their discretionary authority pursuant to the proxy and vote in favor of the remainder of those nominated and may be voted for substitute nominees, unless the Board of Directors chooses to reduce the number of directors serving on the Board of Directors.

Set forth below is biographical information regarding each director nominee and information regarding the specific experience, qualifications, attributes and skills that qualify the nominees to serve on the Board of Directors. Each of the director nominees is an existing director standing for re-election for a one-year term expiring at the 2016 Annual Meeting.

PROPOSAL 2

APPROVAL OF AN AMENDMENT TO OUR PARTNERSHIP AGREEMENT RELATING TO VOTING STANDARDS FOR VOTES OF THE PARTNERSHIP'S SECURITIES

The Proposal

We are proposing to amend a certain provision of our partnership agreement in the manner specifically set forth in an amendment (attached hereto as Annex A) to the Fourth Amended and Restated Limited Partnership Agreement (the "*Agreement*") to:

clarify that abstentions and broker non-votes in respect of outstanding Partnership securities entitled to vote at a meeting are counted for purposes of establishing a quorum, but are not deemed to have been cast as votes;

change the required vote from the vote of the holders of a majority of Partnership securities outstanding to the vote of the majority of the votes cast by holders of Partnership securities present in person or by proxy at such meeting to take any action at any meeting of limited partners for which no minimum or other vote is required under any other provision of the Agreement; and

provide that if the Agreement, the rules or regulations of any national securities exchange on which Partnership securities are admitted to trading, or any law or regulation applicable to the Partnership requires the vote of a percentage of limited partners greater or different than a majority of votes cast in order to take action at a meeting of limited partners, then such greater or different percentage vote shall be required with the effect of abstentions and broker non-votes to be specified by such applicable rules, regulations or laws provided that if there is no interpretation of the effect of abstentions and broker non-votes by such applicable rules, regulations or laws, then abstentions and broker non-votes shall be treated as provided in the first bullet above.

We refer to the three bullets above as the *Voting Standard Amendment Proposal*. Should the Voting Standard Amendment Proposal be approved at the Annual Meeting, it may be combined into one amendment to the Agreement with one or both of the amendments proposed by Proposal 3 and Proposal 4 of this proxy statement, to the extent either or both of those proposals are also approved at the Annual Meeting.

Our Board of Directors is recommending a vote in favor of the Voting Standard Amendment Proposal as being in the best interests of both our limited partners and the Partnership. Given the Partnership's disparate investor base and the fact that many investors in master limited partnerships often do not exercise their voting rights and dismiss the unitholder voting process altogether, we feel that the changes contained in the Voting Standard Amendment Proposal will benefit our investors by (i) providing clearer voting rules and (ii) lowering the threshold of required votes by counting only the votes that have been actually cast in favor or against, rather than also including abstentions and broker non-votes where unitholders, most likely, have dismissed the unitholder voting process entirely, and in doing so, have inadvertently cast a vote against the Board's recommendation. In our experience, a lack of voting participation has not equated to a disagreement with a proposal. For example, in last year's proxy statement, we sought an amendment of our long-term incentive plan (*LTIP*) in order to increase the amount of units available to attract and retain our directors, officers and employees. Of the votes cast for or against the proposal, over 95% of the votes cast were in favor of the proposal. However, only approximately 53% of units outstanding were voted for or against the proposal at last year's annual meeting. Due to many unitholders not providing their brokers instructions on how to vote their units (which had the effect of counting as votes against the proposal), the vote was very close despite greater than 95% of votes cast for or against such proposal being in favor of the proposal. Importantly, last year's LTIP voter turnout and approval rating examples are not anomalous events. In fact, these percentages are in-line with previous years that did not include an amendment to the LTIP or other amendment that is not regularly voted on at the annual meeting. The approval of the Voting Standard Amendment Proposal is intended to facilitate the voting process to more efficiently effectuate the expressed desires of the Unitholders participating in our votes and to save the Partnership the additional time, effort, and money in order to meet the current voting standard of the Partnership because a substantial percentage of our investors do not participate in the voting process.

PROPOSAL 3

APPROVAL OF AN AMENDMENT TO OUR PARTNERSHIP AGREEMENT RELATING TO VOTING STANDARDS FOR APPROVAL OF AN AMENDMENT OF THE AGREEMENT

The Proposal

Text of the Proposal

We are proposing to amend Section 13.2 of the Agreement in the manner specifically set forth in an amendment (attached hereto as Annex B) to the Agreement to change the voting standard with respect to amendments to the Agreement that are required to be approved by the Unitholders as set forth below, which we refer to as the *Partnership Agreement Amendment Voting Proposal*. Should the Partnership Agreement Amendment Voting Proposal be approved at the Annual Meeting, it may be combined into one amendment to the Agreement with one or both of the amendments proposed by Proposal 2 and Proposal 4 of this proxy statement, to the extent either or both of those proposals are also approved at the Annual Meeting.

Current Provision

Subject to Section 6.7(h), Section 16.5 and Section 17.5, to the extent applicable, a proposed amendment shall be effective upon its approval by the General Partner and the holders of a Unit Majority, unless a greater or different percentage is required under this Agreement or by Delaware law. Each proposed amendment that requires the approval of the holders of a specified percentage of Outstanding Units shall be set forth in a writing that contains the text of the proposed amendment. If such an amendment is proposed, the General Partner shall seek the written approval of the requisite percentage of Outstanding Units or call a meeting of the Unitholders to consider and vote on such proposed amendment.

Proposed Amendment

Subject to Section 6.7(h), Section 16.5 and Section 17.5, to the extent applicable, a proposed amendment shall be effective upon its approval by (a) the General Partner, and (b) a majority of the votes cast by the holders of Units entitled to vote on the proposed amendment at a meeting at which a quorum is present in accordance with this provision (with abstentions and broker non-votes being deemed to not have been cast with respect to such matter). Notwithstanding Section 13.9, the presence, in person or by proxy, of holders of a majority in voting power of the Outstanding Units, entitled to vote on the proposed amendment shall constitute a quorum at a meeting of Limited Partners called for purposes of considering an amendment proposal pursuant to this Section 13.2. Abstentions and broker non-votes in respect of such Outstanding Units shall be deemed to be Outstanding Units present at such meeting for purposes of establishing a quorum. Each proposed amendment that requires the approval of the holders of a specified percentage of Outstanding Units shall be set forth in a writing that contains the text of the proposed amendment. If such an amendment is proposed, the General Partner shall seek the written approval of the requisite percentage of Outstanding Units in accordance with Section 13.11 or call a meeting of the Unitholders to consider and vote on such proposed amendment.

Reasons for the Proposal

We are proposing the Partnership Agreement Amendment Voting Proposal for three main reasons:

given the Partnership's disparate investor base and the fact that many investors in master limited partnerships often do not exercise their voting rights and dismiss the unitholder voting process altogether, coupled with our recent experience that lack of participation in a vote does not equate to disapproval of a proposal, we believe that the modified voting standard provided by the Partnership Agreement Amendment Voting Proposal will benefit our investors by lowering the threshold of required votes by counting only the votes that have been actually cast in favor or against, rather than also including abstentions and broker non-votes where unitholders, most likely, have dismissed the unitholder voting process entirely, and in doing so, have inadvertently cast a vote against the Board's recommendation;

Table of Contents

we believe that the modified voting standard provided by the Partnership Agreement Amendment Voting Proposal will allow the Board of Directors to consider changes to the Agreement that may be beneficial to the Partnership and its limited partners on a more timely and more frequent basis due to the lower costs and burden of receiving a Unitholder vote; and

we believe that the modified voting standard will result in greater attention to and higher attendance at (in person or by proxy) meetings for the consideration of amendments to the Agreement.

Special Questions and Answers Relating to the Partnership Agreement Amendment Voting Proposal

How will the Partnership Agreement Amendment Voting Proposal affect my right to vote my Units?

The Partnership Agreement Amendment Voting Proposal does not affect any Unitholder's right to vote with respect to any proposed amendment to the Agreement. The only effect of the Partnership Agreement Amendment Voting Proposal will be to lower the voting threshold for the approval of any amendment of the Agreement that requires the approval of the Unitholders. However, each Unitholder that was entitled to vote on such an amendment to the Agreement prior to the Partnership Agreement Amendment Voting Proposal will continue to have the right to vote its Units after the amendment is effective (assuming such Unitholder does not acquire additional Units that would increase his ownership to greater than 20% of the outstanding Units).

Will the Partnership Agreement Amendment Voting Proposal affect the types of amendments to the Agreement that Unitholders may vote on?

No. The Partnership Agreement Amendment Voting Proposal relates to amendments that the Unitholders are entitled to vote on, but does not alter the types of amendments that require the vote of Unitholders. Our general partner will still have broad discretion to adopt amendments to the Agreement without the approval of Unitholders to effect certain matters set forth in the Agreement.

How does the Partnership Agreement Amendment Voting Proposal change the number of votes needed to approve an amendment to the Agreement?

The Partnership Agreement Amendment Voting Proposal lowers the total number of Units required to approve an amendment to the Agreement at any meeting at which fewer than all of the Unitholders are present in person or by proxy and cast a vote for or against the proposal. Prior to the amendment proposed by the Partnership Agreement Amendment Voting Proposal, the vote required to approve an amendment to the Agreement that requires the vote of Unitholders is a majority of the outstanding Units (other than, in some instances, holders of greater than 20% of the Outstanding Units), regardless of the number of Units present in person or by proxy or cast votes at the meeting called to consider the proposed amendment (or just over 50% of the Outstanding Units). Following the amendment proposed by the Partnership Agreement Amendment Voting Proposal, only a majority of the votes cast for or against the proposal by Unitholders (with abstentions and broker non-votes being deemed to not have been cast) at a meeting at which there is a quorum will be required for the approval of any amendment that requires the vote of Unitholders. For a meeting of the Unitholders, a quorum is defined as the holders of a majority of the outstanding Units that are represented in person or by proxy. Abstentions and broker non-votes in respect of outstanding Partnership securities entitled to vote at a meeting are counted for purposes of establishing a quorum. Accordingly, the number of Units with respect to which votes may be cast in favor of an amendment to the Agreement that would result in the approval of the amendment following the adoption of the Partnership Agreement Amendment Voting Proposal could be substantially less than a majority of units outstanding. However, to the extent that more Unitholders are present in person or by proxy at any meeting of the Unitholders and cast a vote for or against the adoption of an amendment to the Agreement following the adoption of the Partnership Agreement Amendment Voting Proposal, a greater number of Unitholder votes would be required for the approval of the amendment but in no event would a vote of more than a majority of the Outstanding Units be required. Therefore if each of the Unitholders is present in person or by proxy at the meeting and casts a vote for or against the approval of the amendment to the Agreement, the voting standard for approval of the Amendment is unchanged.

Does the Partnership Agreement Amendment Voting Proposal affect the vote required with respect to the amendments to the Agreement being proposed at the 2016 Annual Meeting of Unitholders?

No. The amendment proposed by the Partnership Agreement Amendment Voting Proposal will take effect following the 2016 Annual Meeting of Unitholders. Accordingly, the required vote for the approval of the amendments to the Agreement being proposed at the 2016 Annual Meeting of Unitholders will remain the holders of a majority of the outstanding Units (other than holders of greater than 20% of the Outstanding Units).

PROPOSAL 4

APPROVAL OF AN AMENDMENT TO OUR PARTNERSHIP AGREEMENT RELATING TO VOTING STANDARDS FOR APPROVAL OF MERGER AGREEMENTS UNDER CONSIDERATION BY THE PARTNERSHIP

The Proposal

Text of the Proposal

We are proposing to amend Section 14.3(b) of the Agreement in the manner specifically set forth in Amendment No. 3 to the Agreement (attached hereto as Annex C) to change the voting standard with respect to the approval of merger agreements by the Unitholders, which we refer to as the *Merger Voting Proposal*. Should the Merger Voting Proposal be approved at the Annual Meeting, it may be combined into one amendment to the Agreement with one or both of the amendments proposed by Proposal 2 and Proposal 3 of this proxy statement, to the extent either or both of those proposals are also approved at the Annual Meeting.

Current Provision

Except as provided in Section 14.3(d) or Section 14.3(e), the Merger Agreement shall be approved upon receiving the affirmative vote or consent of the holders of a Unit Majority.

Proposed Amendment

Except as provided in Section 14.3(d) or Section 14.3(e), the Merger Agreement shall be approved upon receiving the affirmative vote of a majority of the votes cast by the holders of Units entitled to vote on the Merger Agreement at a meeting at which a quorum is present in accordance with this provision (with abstentions and broker non-votes being deemed to not have been cast with respect to such matter). Notwithstanding Section 13.9, the presence, in person or by proxy, of holders of a majority in voting power of the Outstanding Units, entitled to vote on the approval of the Merger Agreement, shall constitute a quorum at a meeting of Limited Partners called for purposes of considering a Merger Agreement pursuant to this Section 14.3(b). Abstentions and broker non-votes in respect of such Outstanding Units shall be deemed to be Outstanding Units present at such meeting for purposes of establishing a quorum.

Reasons for the Proposal

We are proposing the Merger Voting Proposal for three main reasons:

given the Partnership's disparate investor base and the fact that many investors in master limited partnerships often do not exercise their voting rights and dismiss the Unitholder voting process altogether, coupled with our recent experience that lack of participation in a vote does not equate to disapproval of a proposal, we believe that the modified voting standard provided by the Merger Voting Proposal will benefit our investors by lowering the threshold of required votes by counting only the votes that have been actually cast in favor or against, rather than also including abstentions and broker non-votes where Unitholders, most likely, have dismissed the Unitholder voting process entirely, and in doing so, have inadvertently cast a vote against the Board's recommendation;

we believe that the modified voting standard provided by the Merger Voting Proposal will allow the Partnership to more quickly react to market circumstances and pursue merger opportunities due to the lower costs and burden of receiving a Unitholder vote; and

we believe that the modified voting standard will result in greater attention to and higher attendance at (in person or by proxy) meetings for the consideration of merger agreements.

Special Questions and Answers Relating to the Merger Voting Proposal

How will the Merger Voting Proposal affect my right to vote my Units?

The Merger Voting Proposal does not affect any Unitholder's right to vote with respect to any proposed merger agreement. The only effect of the Merger Voting Proposal will be to lower the voting threshold for the approval of any merger agreement that requires the approval of the Unitholders. However, each Unitholder that was entitled to vote on a merger agreement prior to the Merger Voting Proposal will continue to have the right to vote its Units after the amendment is effective (assuming they do not acquire greater than 20% of the Outstanding Units).

Will the Merger Voting Proposal affect the types of merger agreements that Unitholders may vote on?

No. The Merger Voting Proposal relates to merger agreements that the Unitholders are entitled to vote on, but does not alter the types of mergers that require the vote of Unitholders. Our general partner will still have broad discretion to approve, without the vote of any Unitholder, conversions into entities or mergers with other entities in certain circumstances in a manner that does not affect the limited liability or tax status of any limited partner.

How does the Merger Voting Proposal change the number of votes needed to approve an amendment to the Agreement?

The Merger Voting Proposal lowers the total number of Units required to approve a merger agreement at any meeting at which fewer than all of the Unitholders are present in person or by proxy and cast a vote for or against the proposal. Prior to the amendment proposed by the Merger Voting Proposal, the vote required to approve a merger agreement that requires the vote of Unitholders is a majority of the Outstanding Units (other than holders of greater than 20% of the Outstanding Units), regardless of the number of Units present in person or by proxy or cast votes at the meeting called to consider the proposed amendment (or just over 50% of the Outstanding Units). Abstentions and broker non-votes in respect of Outstanding Partnership securities entitled to vote at a meeting are counted for purposes of establishing a quorum. Accordingly, the number of Units with respect to which votes may be cast in favor of a merger agreement that would result in the approval of the merger agreement following the adoption of the Merger Voting Proposal could be substantially less than a majority of units outstanding. However, to the extent that more Unitholders are present in person or by proxy at any meeting of the Unitholders and cast a vote for or against the approval of a merger agreement following the adoption of the Merger Voting Proposal, a greater number of the Unitholder votes would be required for the approval of the merger agreement, but in no event would a vote of more than a majority of the Outstanding Units be required. Therefore if each of the Unitholders is present in person or by proxy at the meeting and casts a vote for or against the approval of the merger agreement, the voting standard for the approval of the merger agreement is unchanged.

Recommendation of our Board of Directors

Our Board of Directors is recommending a vote in favor of the Merger Voting Proposal as being in the best interests of both our Limited Partners and the Partnership. Our Board of Directors believes that the amendment proposed by the Merger Voting Proposal will allow the Partnership to more quickly react to market circumstances and pursue merger opportunities, lower the costs and other burdens that our Board of Directors, management and Unitholders must consider when determining whether to pursue mergers and other strategic structural changes to the Partnership. Our Board of Directors also believes that the modified voting standard will promote greater attention to and higher attendance at (in person or by proxy) meetings for the consideration of merger agreements. The approval of the Merger Voting Proposal is intended to facilitate the voting process to more efficiently effectuate the expressed desires of the unitholders participating in our votes and to save the Partnership the additional time, effort, and money in order to meet the current voting standard of the Partnership because a substantial percentage of our investors do not participate in voting process.

CORPORATE GOVERNANCE

Management of Legacy Reserves LP

The directors and officers of Legacy Reserves GP, LLC, as our general partner, manage our operations and activities. Our general partner is not elected by our unitholders and will not be subject to re-election on a regular basis in the future. Other than through their ability to elect directors of our general partner as described below, unitholders will not be entitled to directly or indirectly participate in our management or operation.

Our general partner owes a fiduciary duty to the Partnership. Our general partner will be liable, as general partner, for all of our debts (to the extent not paid from our assets), except for indebtedness or other obligations that are made specifically nonrecourse to it. Our general partner therefore may cause us to incur indebtedness or other obligations that are nonrecourse to it.

The limited liability company agreement of our general partner provides for a board of directors of not less than seven and not more than nine members.

Our unitholders, including affiliates of our general partner, are entitled to elect all of the directors of our general partner annually. Directors of our general partner hold office for a one-year term and thereafter until the earlier of their death, resignation, removal or disqualification or until their successors have been elected and qualified.

Board of Directors

During the fiscal year ended December 31, 2015, our Board of Directors held 12 meetings. It is the policy of our Board of Directors to encourage directors to attend each meeting of unitholders. All of our directors attended the Annual Meeting held in 2015.

Director Independence

The Board of Directors includes four individuals who meet the independence and experience standards established by the NASDAQ Global Select Market, or NASDAQ, and the Exchange Act: Messrs. Granberry, Lawrence, Sullivan and Vann.

The Board annually reviews all relevant business relationships any director may have with Legacy and the independence standards established by the NASDAQ.

During 2015, the audit committee met 5 times, the compensation committee met 3 times, and the nominating, governance and conflicts committee met 5 times.

Leadership Structure of the Board

As prescribed by the Amended and Restated Limited Liability Company Agreement of our general partner, the Chairman of the Board of Directors has the power to preside at all meetings of the Board. Mr. C. Brown serves as Chairman of our Board and also previously served as our President and Chief Executive Officer until March 1, 2015.

The nominating, governance and conflicts committee believes that Mr. C. Brown's history as one of the Partnership's founders and his strategic experience make him the appropriate leader of the Board. The committee has discussed and considered the appointment of an independent lead director and determined not to appoint one. It is the nominating, governance and conflicts committee's view that Mr. C. Brown's previous experience working with management will serve as an effective communication link between the Board and management and there is no need for an independent lead director at this time. The nominating, governance and conflicts committee will reevaluate its view on the Board's leadership structure periodically.

Table of Contents

Risk Oversight

While it is the job of management to assess and manage our risk, the Board and its audit committee (each where applicable) discuss the guidelines and policies that govern the process by which risk assessment and management is undertaken and evaluate reports from various functions with the management team on risk assessment and management. The Board interfaces regularly with management and receives periodic reports that include updates on operational, financial, legal and risk management matters. The audit committee assists the Board in oversight of the integrity of our financial statements and our compliance with legal and regulatory requirements, including those related to the health, safety and environmental performance of Legacy. The audit committee also reviews and assesses the performance of our internal audit function and our independent auditors. The Board receives regular reports from the audit committee. We do not believe that the Board's role in risk oversight has an effect on the Board's leadership structure.

Evaluation of Compensation Risk

Our compensation committee has reviewed our employee compensation programs and overall compensation structure and internal controls. There are several design features of our compensation policy that reduce the likelihood of excessive risk-taking:

annual cash incentive opportunities are contingent upon several carefully designed objective operational and financial measures (50% at target levels), as well as the compensation committee's discretion as to whether and in what amount to award additional cash incentive compensation (also 50% at target levels);

our compensation policy is designed to provide a balanced mix of cash and equity and short- and long-term incentives;

the potential payouts pursuant to our annual cash incentives are subject to reasonable maximum limits; and

internal controls are in place to assure that payments and awards are consistent with actions approved by the compensation committee. Taking into consideration the factors above, the compensation committee does not believe that there is a reasonable likelihood that Legacy's compensation policy could have a material adverse effect on Legacy.

The committee will determine if the resolution of the conflict of interest is fair and reasonable to the unitholders. Director Nominations

Under our fourth amended and restated agreement of limited partnership, unitholders desiring to suggest a Board nominee must give prior written notice to our Secretary regarding the persons to be nominated. The notice must be received at our principal executive offices at the address shown on the cover page within the specified period and must be accompanied by the information and documents specified in the fourth amended and restated agreement of limited partnership. Recommendations by unitholders for directors to be nominated at the 2016 annual meeting of unitholders must be in writing and include sufficient biographical and other relevant information such that an informed judgment as to the proposed nominee's qualifications can be made and the name, address and the class and number of units owned by such unitholder. Recommendations must be accompanied by a notarized statement executed by the proposed nominee consenting to be named in the proxy statement, if nominated, and to serve as a director, if elected. Notice and the accompanying information must be received by our Secretary at our principal executive office at the address shown on the cover page of this proxy statement no later than January 15, 2017 and no earlier than December 31, 2016.

The fourth amended and restated agreement of limited partnership does not affect any unitholder's right to request inclusion of proposals in our proxy statement pursuant to Rule 14a-8 promulgated under the Exchange Act. For more information with respect to Rule 14a-8, please see "Other Matters—Unitholder Proposals."

Nomination Criteria

The nominating, governance and conflicts committee is responsible for assessing the skills and characteristics that candidates for election to our Board of Directors should possess, as well as the composition of our Board of Directors as a whole. The assessments include qualifications under applicable independence standards and other standards applicable to our Board of Directors and its committees as well as consideration of skills and experience in the context of the needs of our Board of Directors. Each candidate must meet certain minimum qualifications including:

the ability to dedicate sufficient time, energy and attention to the performance of her or his duties, taking into consideration the nominee's service on other public company boards; and

skills and expertise complementary to the skills and expertise of the existing members of our Board of Directors (in this regard, the Board of Directors will consider its need for individuals with skills and expertise in operational, managerial, financial or governmental affairs or other relevant expertise).

The nominating, governance and conflicts committee may also consider the ability of a prospective candidate to work with the then-existing interpersonal dynamics of our Board of Directors and the candidate's ability to contribute to the collaborative culture among the members of the Board of Directors.

The nominating, governance and conflicts committee will also evaluate each nominee based upon a consideration of diversity, age, skills and experience in the context of the needs of the Board of Directors. The committee does not have a policy with regard to the consideration of diversity in identifying director nominees. Diversity, including diversity of experience, professional expertise, gender, race and age, is one factor considered in evaluating a nominee.

Based on this initial evaluation, the nominating, governance and conflicts committee will determine whether to interview the candidate and, if warranted, will recommend that one or more of its members, other members of our Board of Directors or senior management, as appropriate, interview the candidate in person or by telephone. After completing this evaluation and interview process, the committee ultimately determines its list of nominees and submits it to the full Board of Directors for consideration and approval.

COMPENSATION DISCUSSION AND ANALYSIS

The following discussion and analysis of compensation arrangements of the named executive officers of our general partner, Legacy Reserves GP, LLC, should be read together with the compensation tables and related disclosures set forth below.

Introduction

Our general partner manages our operations and activities through its Board of Directors. Under our fourth amended and restated agreement of limited partnership, we reimburse our general partner for direct and indirect general and administrative expenses incurred on our behalf, including the compensation of our general partner's executive officers. Our general partner has not incurred any reimbursable expenses related to the compensation of our general partner's executive officers for their management of us. Currently, our general partner's executive officers are employed by our wholly owned subsidiary, Legacy Reserves Services, Inc., and are directly compensated for their management of us pursuant to their employment agreements. The compensation amounts disclosed in this section and under Executive Compensation reflect the total compensation paid to the executive officers of our general partner. Please read Executive Compensation - Employment Agreements.

Executive Summary

We are a master limited partnership headquartered in Midland, Texas, focused on the acquisition and development of oil and natural gas properties primarily located in the Permian Basin, East Texas, Rocky Mountain and Mid-Continent regions of the United States. Our compensation policy, as adopted by the compensation committee and approved by the Board of Directors in March 2013 and subsequently amended (the Compensation Policy), is designed to make our executive officers' total compensation comparable to that of similarly-sized publicly traded limited partnerships and exploration and production companies. The goals of our Compensation Policy are to:

align the compensation of the executive officers with unitholder return;

provide financial incentives to our executive officers for performance, achievement of goals and enhancement of unitholder value;

drive and support the long-term goal of sustainable growth in unit distributions and total unitholder return by paying for performance; and

enable us to attract and retain highly qualified executive officers.

In meeting the goal of sustainable growth, we intend to invest in our long-term opportunities while meeting our short-term commitments.

To achieve these goals, our total compensation to our executive officers is comprised of base salary, cash incentive compensation (cash bonus) and equity-based incentive compensation.

Our Compensation Policy replaced and superseded our prior compensation policy that was adopted and approved in September 2009 and amended in February 2010 and March 2012 (the 2010 Compensation Policy). The total compensation provided to our executive officers in fiscal year 2013 as shown in Executive Compensation Summary Compensation Table (the Summary Compensation Table) is comprised of compensation elements attributable to both compensation policies. The equity-based incentive compensation provided for fiscal year 2013 in the Summary Compensation Table is attributable to our 2010 Compensation Policy, which reflects grant date fair values of equity grants made in 2013 attributable to performance in 2012. In contrast, the cash incentive compensation (cash bonus) for fiscal year 2013 in the Summary Compensation Table is attributable to our Compensation Policy, as cash incentive compensation in this table reflects the performance period during which the compensation is earned, not when it is paid.

When compared to the 2010 Compensation Policy, our Compensation Policy revised the vesting and performance measurement periods for the objective and subjective components of the equity-based incentive compensation portion of the policy from the vesting of tranches every year over the course of three years in the 2010 Compensation Policy to a three-year cliff vesting and measurement period. In addition, the target equity awards are now weighted 60% according to subjective criteria determined by the compensation committee and 40% according to objective criteria. Under the 2010 Compensation Policy, the subjective criteria were weighted at 40% and the objective criteria were weighted at 60%. Finally, our Compensation Policy allows the compensation committee and Board of Directors discretion to award up to 150% (cash portion) and up to 200% (equity-based portion) of subjective target incentive compensation, and allows NEOs to earn from 0% up to 150% (cash portion) and from 0% up to 200% (equity-based portion) of objective target incentive compensation. In contrast, the 2010 Compensation Policy had maximum limits of 100% of maximum (rather than target) on subjective and objective cash and equity-based incentive compensation.

Table of Contents

The total compensation provided to our executive officers in fiscal years 2014 and 2015 is comprised of compensation elements attributable solely to our Compensation Policy.

Cash Incentive Compensation. With respect to cash incentive compensation earned in fiscal year 2015 under the Compensation Policy, the target total annual cash bonus (subjective plus objective component) expressed as a percentage of annual salary for each named executive officer was as follows: Mr. Horne: 110%; Mr. McGraw: 80%; Mr. Westcott: 90%; Mr. Hammond 80% and Mr. LeRoy: 60%.

Subjective Component of Cash Incentive Compensation. In determining cash incentive awards earned in fiscal year 2015, our compensation committee conducted a subjective evaluation of individual officer and Partnership performance attributable to fiscal year 2015 for 50% of target annual cash incentive compensation. Under the Compensation Policy, the compensation committee and Board of Directors have the discretion to award up to 150% of the subjective component of target annual cash incentive compensation.

Objective Component of Cash Incentive Compensation. The remaining 50% of target annual cash incentive compensation earned in fiscal year 2015 was objectively determined in accordance with the objective criteria set forth in our Compensation Policy, which are based on our results and the achievement of operational and financial goals and objectives during fiscal year 2015 and are designed to align the incentive compensation of each executive officer with unitholder return by rewarding performance that maintains or grows distributions and exceeds the specified target levels for EBITDA (which is defined to mean Adjusted EBITDA, a non-GAAP financial measure, as described in the Partnership's annual report on Form 10-K). The respective criteria target levels, for purposes of the determination of annual objective cash incentive compensation only, will be set by the compensation committee at the beginning of each year after considering management's recommendation.

Set forth below are the target levels for EBITDA and cash distribution growth targets used to determine the objective component of each executive officer's cash bonus that may be earned with respect to fiscal year 2015. Achievement of less than 85% of Target EBITDA or failure to maintain the prior cash distribution level, respectively, will result in no cash bonus awarded with respect to that particular performance measure.

Performance Measure	Weight	Performance Level/Percent Earned			
		< 85% of Target	85% of Target	100% of Target	115% of Target
EBITDA	50%	0%	50%	100%	150%
Growth in Cash Distributions Per Unit	50%	< 0% Growth	0% Growth	7.5% Growth	15% Growth

Set forth in the table below is a summary of the target cash incentive award amounts attributable to performance during 2015 of each named executive officer pursuant to the Compensation Policy, expressed as a percentage of each of such executive officer's applicable base salary.

	Subjective	Objective	Total
Kyle M. Hammond <i>Executive Vice President and Chief Operating Officer (3)</i>	40%	40%	80%
Dan G. LeRoy <i>Vice President, General Counsel and Secretary</i>	30%	30%	60%

(2) Effective March 1, 2015, Mr. Horne was appointed President and Chief Executive Officer of our general partner.

(3) Effective March 1, 2015, Mr. Hammond was appointed Executive Vice President and Chief Operating Officer of our general partner.

Equity-Based Incentive Compensation. We believe meaningful equity participation by each named executive officer to be a strong motivating factor that will result in significant increases in value and in growth. Grants of equity-based compensation to our executive officers during fiscal year 2015 were made in accordance with the Compensation Policy based on performance during fiscal year 2014. In accordance with the Compensation Policy, grants of equity-based incentive compensation during fiscal year 2016 based on performance during fiscal year 2015 are still under consideration and have not yet been determined. For more information, please see *2016 Phantom Unit Grants under the Compensation Policy*.

The subjective or service-based component of equity-based incentive compensation awarded as phantom units and associated distribution equivalent rights (*DERs*) is determined by a subjective evaluation of prior fiscal year performance by the compensation committee. The objective or performance-based component of equity-based incentive compensation, awarded as phantom units and associated *DERs*, is designed to reward our executive officers for their long-term performance and to align their interests with those of our unitholders.

With respect to grants that can be made during fiscal year 2016 attributable to performance during 2015, under the Compensation Policy the target total annual equity-based incentive compensation expressed as a percentage of annual salary for each named executive officer was as follows: Mr. Horne: 325%; Mr. McGraw: 175%; Mr. Westcott 250%; Mr. Hammond: 200%; and Mr. LeRoy: 80%.

With respect to grants made during fiscal year 2015 attributable to performance during 2014, under the Compensation Policy the target total annual equity-based incentive compensation expressed as a percentage of annual salary for each named executive officer was as follows: Mr. C. Brown: 325%; Mr. Horne: 200%; Mr. McGraw: 175%; Mr. Westcott 200%; and Mr. LeRoy: 75%.

Subjective Component of Equity Based Incentive Compensation under the Compensation Policy (60% of target). Under the Compensation Policy, equity-based incentive compensation awarded under this component and associated *DERs* cliff vest after a three-year period and are not subject to any performance criteria. The *DERs* entitle the recipient of the award to a payment equivalent to the amount of the per unit distribution payable to unitholders over the vesting period. The compensation committee and Board of Directors have the discretion to award up to 200% of the subjective component of target equity-based incentive compensation.

Objective Component of Equity Based Incentive Compensation under the Compensation Policy (40% of target). Under the Compensation Policy, the objective component is granted at 200% of the target amount each year but is subject to cliff vesting after a three-year period in accordance with an objective performance-related formula (as set forth under *Calculation of Vesting of Objective Component of Equity Based Compensation under the Compensation Policy* below) based on our objective average annual total unitholder return and the following: 1) our total unitholder return compared to the total unitholder returns of a group of our peers, and 2) our total unitholder return compared to the total unitholder returns of a broader group of MLPs. All total unitholder returns are measured during the cumulative three-year measurement period prior to the vesting date. If none or only a portion of phantom units vest as a result of target levels not being met, the unvested portion of phantom units and associated *DERs* will be forfeited.

Corporate Governance

Compensation Committee Authority

Executive officer compensation is administered by the compensation committee of the Board of Directors, which is currently composed of three members, Messrs. Vann, Granberry and Sullivan. The Board of Directors appoints the compensation committee members and delegates to the compensation committee the direct responsibility for, among other things, determining and approving the Chief Executive Officer's compensation, recommending compensation for the general partner's other named executive officers, establishing equity and non-equity incentive plans, and administering our LTIP.

The Board of Directors has determined that each committee member is independent under NASDAQ-listing standards, SEC rules and the relevant securities laws, and that each member qualifies as a non-employee director within the meaning of Rule 16-3 promulgated under the Exchange Act, and as an outside director as defined in Section 162(m) of the Internal Revenue Code.

Role of Compensation Experts in Determining Executive Officer Compensation

The compensation committee is authorized to obtain, at the Partnership's expense, compensation surveys, reports on the design and implementation of compensation programs for directors, officers and employees and other data and documentation as the compensation committee considers appropriate. In addition, the compensation committee has the sole authority to retain and terminate any outside counsel or other experts or consultants engaged to assist it in the evaluation of compensation of our directors and executive officers, including the sole authority to approve such consultants' fees and other retention terms.

The compensation committee retained BDO USA, LLP (*BDO*) as a compensation consultant for performance years 2015 and 2014. BDO was engaged to provide a study of compensation programs related to named executive officers and outside directors offered by a broad peer group of exploration and production companies and publicly traded limited partnerships. The compensation committee charged BDO with undertaking this study to ascertain how the members of this peer group structure their compensation as a basis for establishing and maintaining an appropriate compensation program to better enable the Partnership to attract and retain highly qualified executive officers and to further align the interests of our executive officers with those of our unitholders.

BDO served as the Partnership's independent registered public accountants during 2015. In appointing BDO's compensation consulting group, the compensation committee considered whether such appointment would represent a conflict of interest. In particular, the compensation committee reviewed the structure of the consulting engagement which complies with SEC and Public Company Accounting Oversight Board independence rules and the relatively small amount of fees paid by the Partnership to BDO for compensation consulting services. The committee also evaluated its prior experience with BDO as its consultant and concluded that the advice received was, in its opinion, independent, that the relationship represented no conflict of interest, and that the compensation committee benefitted from the BDO consultants' unique experience in consulting for publicly-traded partnerships.

Selection of Compensation Comparative Data

As discussed in greater detail below, central to our compensation philosophy is the alignment of the interests of our named executive officers with the interests of our unitholders. It is the goal of our compensation philosophy to provide financial incentives to our executive officers to focus on business strategies designed to maximize total return to our unitholders. In addition to comparing compensation packages of our named executive officers and outside directors with the compensation of their counterparts within a comparable group of exploration and production companies and publicly traded limited partnerships, other specific performance levels or benchmarks, as described in the Compensation Policy, were used in 2015 to establish the compensation packages of our named executive officers and outside directors.

The 2015 comparable group included Atlas Resource Partners, L.P.; Breithurn Energy Partners L.P.; Carrizo Oil & Gas, Inc.; Clayton Williams Energy, Inc.; Crestwood Equity Partners LP; Diamondback Energy, Inc.; Eagle Rock Energy Partners, L.P.; EnLink Midstream Partners, LP; EV Energy Partners, L.P.; Gulfport Energy Corporation; Halcón Resources Corporation; Linn Energy, LLC; LRR Energy, L.P.; Memorial Production Partners LP; Mid-Con Energy Partners, LP; Parsley Energy, Inc.; Resolute Energy Corporation; Rosetta Resources Inc.; RSP Permian, Inc.; SandRidge Energy, Inc.; Summit Midstream Partners, LP; Southcross Energy Partners, L.P.; Swift Energy Company and Vanguard Natural Resources, LLC.

Our comparable group is determined by the compensation committee from time to time to ensure that the peer group's size and composition produces relevant information for the compensation committee's consideration.

Decision-Making Process and Role of Executive Officers

Compensation decisions for executive officers involve both objective and subjective criteria. For performance years 2015 and 2014, the compensation committee consultant first provided information to the compensation committee regarding competitive market data. The second component of the decision-making process was our Chief Executive Officer providing a written overview of performance by the Partnership, including an overview of the performance by each named executive officer other than himself, in light of established operational and financial goals and objectives. After reviewing this written overview, the compensation committee met with the Chief Executive Officer in order to ask questions regarding the information set forth in the written overview and to gather any additional information needed in order to make recommendations to the Board of Directors regarding the compensation of the named executive officers other than the Chief Executive Officer.

In determining the compensation of the Chief Executive Officer, the compensation committee took into account the information provided by the compensation committee consultant. The compensation committee then evaluated the Chief Executive Officer's performance in light of established operational and financial goals and objectives and determined as a committee, together with any other independent directors participating in the process, the Chief Executive Officer's compensation.

Executive Officer Compensation Strategy and Philosophy

Our Compensation Policy is designed to make our executive officers total compensation comparable to that of similarly sized publicly traded limited partnerships and exploration and production companies.

Our executive officer compensation strategy is designed to:

- align the compensation of the executive officers with unitholder return;
- provide financial incentives to our executive officers for performance, achievement of goals and enhancement of unitholder value;
- drive and support the long-term goal of sustainable growth in unit distributions and total unitholder return by paying for performance; and
- enable us to attract and retain highly qualified executive officers.

In meeting the goal of sustainable growth, we intend to invest in our long-term opportunities while meeting our short-term commitments. As all our executive officers hold units in the Partnership, we have attempted to maintain competitive levels of compensation while focusing on the growth of our business and distributions. Through this approach, our executives receive cash and equity compensation for the market value of their services and their performance is further rewarded through the distributions they receive on their holdings of our units, which creates alignment of interests with our unitholders.

Table of Contents

At our named executive officers' 2015 compensation levels and due to our organizational structure, we did not believe that Internal Revenue Code Section 162(m) would be applicable and accordingly, did not consider it in setting compensation levels.

Components of Compensation

Named Executive Officer Compensation

Total compensation to our executive officers is comprised of base salary, cash incentive compensation (cash bonus) and equity-based incentive compensation.

2015 Performance Goals and Objectives

Acquire \$500 million of producing properties at targeted cash flow metrics;

Generate EBITDA of \$263 million with \$30 million of total development capital expenditures;

Provide the capital needed to execute the business plan while maintaining certain leverage senior debt metrics; and

Experience zero lost-time accidents.

These goals and objectives, as supplemented by more detailed supporting goals and objectives put forth by our named executive officers, provided a framework for the compensation committee to assess our 2015 performance and to determine named executive officers' compensation. Relative weight is not assigned to any or all of these goals and objectives. Additionally, the various financial goals were based on various assumptions, with the understanding that our actual financial performance would be assessed based on factors considered relevant by the compensation committee at the time compensation for the named executive officers was reviewed and determined.

2015 Performance Assessment for Determination of Incentive Compensation under the Compensation Policy

The compensation committee assessed the 2015 performance of executive officers for purposes of the determination of the subjective components of cash incentive compensation and its consideration of equity-based incentive compensation earned with respect to fiscal year 2015 based on the attainment of the foregoing goals and objectives and the performance-related factors that it considered to be relevant.

Among other relevant considerations, the compensation committee considered the following achievements by the Partnership and the executive officers during 2015:

Generated Distributable Cash Flow of \$1.49 per unit;

Acquired properties for a net \$489 million in 4 transactions including the post-close sell-down of one transaction;

Completed a large-scale, Permian-focused development agreement with an affiliate of TPG Special Situations Partners;

Remained in compliance with all financial covenants;

Generated EBITDA of \$232 million; and

Experienced zero lost-time accidents.

Primarily based on these achievements, the compensation committee awarded to Mr. Horne 110% of the target subjective component of the cash bonus and recommended to the Board that the executive officers other than Mr. Horne be awarded as follows: 110% for Mr. Westcott, 95% for Mr. McGraw, 105% for Mr. Hammond and 100% for Mr. LeRoy of the subjective component of the cash bonus. The Board approved such awards. The subjective and objective components of our equity-based incentive compensation are still under consideration by the compensation committee, and therefore have not yet been determined.

2014 Performance Goals and Objectives

For the 2014 performance year, the operational and financial goals and objectives were as follows:

Grow cash distributions to \$0.61 per unit attributable to the fourth quarter of 2014 with a coverage ratio of 1.05 times for the year;

Acquire \$300 million of producing properties at targeted cash flow metrics;

Generate \$285 million of EBITDA with \$100 million of total development capital expenditures;

Provide the capital needed to execute the business plan and maintain a total debt to EBITDA ratio around 3 times; and

Experience zero lost-time accidents.

These goals and objectives, as supplemented by more detailed supporting goals and objectives put forth by our named executive officers, provided a framework for the compensation committee to assess our 2014 performance and to determine named executive officers compensation. Relative weight is not assigned to any or all of these goals and objectives. Additionally, the various financial goals were based on various assumptions, with the understanding that our actual financial performance would be assessed based on factors considered relevant by the compensation committee at the time compensation for the named executive officers was reviewed and determined.

2014 Performance Assessment for Determination of Incentive Compensation under the Compensation Policy

The compensation committee assessed the 2014 performance of executive officers for purposes of the determination (as set forth in the Compensation Policy) of the subjective components of cash incentive compensation earned with respect to fiscal year 2014 and equity-based incentive compensation granted during fiscal year 2015 based on the attainment of the foregoing goals and objectives and the performance-related factors that it considered to be relevant.

Among other relevant considerations, the compensation committee considered the following achievements by the Partnership and the executive officers during 2014:

Paid distributions per unit of \$0.595, \$0.61, \$0.61, and \$0.61 attributable to the first, second, third and fourth quarters of 2014, respectively, with a coverage ratio of 0.84 times for the year;

Acquired \$535 million of properties in 7 transactions;

Generated EBITDA of \$278.2 million;

Obtained first-time access to the preferred equity market with two offerings, one in April and one in June, for combined gross proceeds of \$237.5 million, issued \$300 million in a reopener of our 6.625% Senior Notes due 2021, increased our borrowing base to a record \$950 million and closed our largest equity offering in our history in October for gross proceeds of \$315 million ending the year with 3.4 times total debt to EBITDA; and

Experienced zero lost-time accidents.

Primarily based on these achievements, the compensation committee awarded to Mr. C. Brown 115% of the target subjective component of the cash bonus and 175% of the target subjective component of equity-based incentive compensation and recommended to the Board that the executive officers other than Mr. C. Brown be awarded as follows: 115% for Mr. Westcott, 110% for Mr. McGraw and 105% for Messrs. Horne and LeRoy of the subjective component of the cash bonus; and 175% for Messrs. Westcott, Horne, McGraw and LeRoy of the subjective component of equity-based incentive compensation of the target individual levels set forth in subsequent sections. The Board approved such awards.

Base Salaries

Overview

We pay base salary to attract talented executives and provide a fixed base of cash compensation. The compensation committee determines and approves the Chief Executive Officer's compensation including salary based on a review of the Chief Executive Officer's performance in light of

established corporate goals and objectives. The compensation committee, with information provided by the compensation committee consultant and input of the Chief Executive Officer, also makes recommendations to the Board of Directors as a whole with respect to the compensation, including base salary, to be paid to the other executive officers of our general partner.

Table of Contents

It is the intent of the compensation committee to have the base salaries of our named executive officers reviewed on an annual basis as well as at the time of a promotion or other material change in responsibilities.

2015 Base Salary Determinations

Effective March 1, 2015, base salaries were set at the following: Mr. Horne: \$550,000; Mr. Westcott: \$380,000; Mr. Hammond: \$380,000; Mr. McGraw: \$360,000; and Mr. LeRoy: \$260,000.

2016 Base Salary Determinations

Cash Incentive Compensation (Cash Bonus) under the Compensation Policy*Overview*

As a component of total compensation, the compensation committee chooses to pay annual incentives to drive the achievement of key results and to recognize individuals based on their contributions to those results. The compensation committee recognizes that short-term results contribute to achieving long-term goals. The amount of annual incentives is based upon our results and the achievement of operational and financial goals and objectives. The range and target amounts are recommended to the compensation committee by our Chief Executive Officer.

In determining cash incentive awards earned during a fiscal year, a subjective evaluation of the individual officer and Partnership performance (subjective criteria) for the fiscal year such awards are to be earned and our results and the achievement of operational and financial goals and objectives during such fiscal year (objective criteria) are considered.

The objective and subjective components of the cash incentive compensation each comprise 50% of the target bonus available expressed as a percentage of annual salary for each executive officer, as set forth in the following table for fiscal year 2015.

Named Executive Officer	Title	Target Cash Bonus as a Percentage of 2015 Annual Salary		
		Subjective	Objective	Total
Paul T. Horne	Director, President and Chief Executive Officer (1)	55%	55%	110%
James Daniel Westcott	Executive Vice President and Chief Financial Officer	45%	45%	90%
Kyle M. Hammond	Executive Vice President and Chief Operating Officer (2)	40%	40%	80%
Kyle A. McGraw	Director, Executive Vice President and Chief Development Officer	40%	40%	80%
Dan G. LeRoy	Vice President, General Counsel and Secretary	30%	30%	60%

- (1) Effective March 1, 2015, Mr. Horne was appointed President and Chief Executive Officer of our general partner.
- (2) Effective March 1, 2015, Mr. Hammond was appointed Executive Vice President and Chief Operating Officer of our general partner.

Table of Contents*Objective Component of Cash Bonus*

The objective component (up to 50% of the annual target cash incentive compensation) is based on two measures of equal weight:

EBITDA (which is defined to mean Adjusted EBITDA as defined in our 2015 Form 10-K); and

Growth in cash distributions per unit.

The percentage levels that may be earned each year are based on the ranges of performance levels with respect to each target as set forth in the following table, as determined by straight-line interpolation. Our executive officers will not receive a cash bonus under this objective component unless the Partnership maintains its cash distribution per unit or achieves EBITDA that is at least 85% of the target EBITDA for the year.

Performance Measure	Weight	Performance Level/Percent Earned			
		< 85% of Target	85% of Target	100% of Target	115% of Target
EBITDA	50%	0%	50%	100%	150%
Growth in Cash Distributions Per Unit	50%	< 0% Growth	0% Growth	7.5% Growth	15% Growth

These objective measures are intended to align the cash incentive compensation of each executive officer with unitholder return by rewarding performance that maintains or grows distributions and achieves the EBITDA target. The respective target levels of EBITDA and growth in cash distributions per unit, respectively, for purposes of the annual cash bonus determination only, will be set by the compensation committee at the beginning of each year after considering management's recommendation.

During 2015, the Partnership achieved EBITDA of \$232.4 million, or 88.5% of the \$262.6 million target EBITDA, resulting in a Percentage Earned (pursuant to the table above) of 61.6% (weighted at 50% or 30.8%) and distribution growth in 2015 was less than 0% resulting in a Percentage Earned of 0% (weighted at 50% or 0%), resulting in bonus amounts at 30.8% of the Objective Factor (as set forth in the table below).

Subjective Cash Award

Each executive officer was awarded the cash bonuses in the amounts determined by the percentage of target levels available, as set forth under *% of Subjective Factor Earned* in the table below, and the potential target level of the subjective component of cash incentive compensation for 2015 (the *Subjective Factor* as set forth below). Under the Compensation Policy, the compensation committee and Board of Directors have the discretion to award up to 150% of the subjective target cash bonus.

Based on Legacy's and the individual executive officers' accomplishments and performances as set forth above, under the caption *2015 Performance Assessment*, the Board, based on the compensation committee's recommendation, set the subjective portion of the cash bonus as shown in the following table.

The chart below illustrates the cash incentive award earned during 2015 for each named executive officer in accordance with the performance level/percentage earned calculation set forth in the Compensation Policy:

Named Executive Officer	2015 Salary	Subjective Factor	Subjective % of Subjective Factor Earned	Bonus Amount	Objective Factor	Objective % of Objective Factor Earned	Cash Incentive Amount(a)	Total Cash Incentive
Paul T. Horne	\$550,000	55%	110%	\$332,750	55%	30.8%	\$93,231	\$425,981

Table of Contents***Equity-Based Incentive Compensation Overview***

We provide performance-based equity-based incentive compensation opportunities to our executive officers as part of the compensation program because we believe that this element of compensation ties the interests of our executive officers directly to the interests of our unitholders. We also believe that equity-based incentive compensation serves as an important attraction and retention tool.

More specifically, the equity-based incentive compensation program adopted by the Board of Directors and compensation committee of our general partner is designed to reward our named executive officers for their long-term performance by aligning grants of phantom units with associated DERs with the growth of distributions to unitholders.

We consider equity-based incentive compensation to be an important element of our compensation program for named executive officers. We believe meaningful equity participation by each named executive officer to be a strong motivating factor that will result in significant increases in value and in growth. This belief is reflected in the aggregate awards of phantom units that have been made to named executive officers that did not already have a significant interest in our units. Our award structure for long-term equity-based incentives employs a mix of subjective and objective measures as set forth below.

Equity-Based Incentive Compensation under the Compensation Policy

Subjective or Service-Based Component. The subjective or service-based component is determined by a subjective evaluation of prior fiscal year performance and, with respect to each executive officer, may be awarded up to 200% of the specified percentage of annual salary as set forth in the tables below. Once granted, the only condition to vesting will be that the executive officer remain in the service of the Partnership until the end of the respective 3-year cliff vesting period. The vesting of service-based equity-based awards including associated DERs, once granted, is not subject to the attainment of any performance criteria.

Objective or Performance-Based Component under the Compensation Policy. The objective component is granted each year at 200% of the targeted percentage listed in the table below, but the amount vested at the end of the three-year period is determined on the vesting date in accordance with an objective performance-related formula (as set forth under *Calculation of Vesting of Objective Component of Equity-Based Compensation under the Compensation Policy* below) based on the objective average annual total unitholder return and our total unitholder return compared to the total unitholder returns of a group of our peers as well as the total unitholder returns of a broader group of MLPs achieved during the cumulative three-year measurement period prior to the vesting date. If none or only a portion of phantom units vest as a result of target levels not being met, the unvested portion of phantom units will be forfeited.

All equity-based incentive compensation awards are phantom units, with associated DERs, up to 200% of the specified percentage of annual salary as set forth in the following table.

Named Executive Officer	Title	Target Value of Phantom Units as a Percentage of 2015 Annual Salary		
		Subjective	Objective	Total
Paul T. Horne	Director, President and Chief Executive Officer (1)	195%	130%	325%
James Daniel Westcott	Executive Vice President and Chief Financial Officer	150%	100%	250%
Kyle M. Hammond	Executive Vice President and Chief Operating Officer (2)	120%	80%	200%
Kyle A. McGraw	Director, Executive Vice President and Chief Development Officer	105%	70%	175%
Dan G. LeRoy	Vice President, General Counsel and Secretary	48%	32%	80%

(1) Effective March 1, 2015, Mr. Horne was appointed President and Chief Executive Officer of our general partner.

- (2) Effective March 1, 2015, Mr. Hammond was appointed Executive Vice President and Chief Operating Officer of our general partner.

Table of Contents

A phantom unit is a notional unit that entitles the holder upon vesting to receive the same number of Partnership units. Under the Compensation Policy, the number of phantom units granted was determined by dividing the dollar amount of the intended grant value by the average closing price of Partnership units over the 20 trading days ended the last trading day prior to January 1st in the year of the grant. All phantom unit grants cliff vest on the third anniversary of the initial grant date or such date as determined by the compensation committee.

Calculation of Vesting of Objective Component of Equity-Based Compensation under the Compensation Policy

The objective-based phantom units granted at 200% of the target level each year are subject to a three-year measurement and vesting period. At the three-year vesting date of the objective or performance-based component of equity-based compensation, the number of phantom units to vest is determined based on the following three-step process, with the total vested amount to be determined by adding the values arrived at in Step 1 and Step 2.

Step 1: 50% of the performance-based award will be a function of the average annual Total Unitholder Return for the Partnership (*Legacy TUR*) and the percentile rank of the Legacy TUR among the Total Unitholder Return (*TUR*) for such upstream master limited partnership (*MLP*) peer companies as determined by the compensation committee (such peer companies, the *Peer Group*). The average annual Legacy TUR or the average annual TUR for any entity in the Peer Group for any performance period means the percentage increase in the value of a \$100 investment in a unit or common unit purchased at the average closing price of such a unit or common unit over the 20 trading days prior to January 1 of the year with respect to which the grant is made, assuming such investment is liquidated on the January 1 immediately prior to the vesting date, at a price that is the average price of the unit or common unit over the 20 trading days prior to such liquidation, plus any cash distributions paid in the three-year period from the grant date to the vesting date. The following matrix will be used to determine the *Legacy TUR vs. Peer Group TUR* portion of the award. The total value to vest is the sum of the results derived from each of the two grids shown below.

> = 90th %ile	0%	125%	150%	175%	200%
75th %ile	0%	100%	125%	150%	175%
50th %ile	0%	75%	100%	125%	150%
25th %ile	0%	50%	75%	100%	125%
< = 10th %ile	0%	25%	50%	75%	100%
	< =0%	8%	12%	20%	> = 25%
	Average Annual Legacy TUR				

* For the 2015 performance period, the Peer Group consisted of Atlas Resource Partners, L.P.; Breitburn Energy Partners L.P.; EV Energy Partners, L.P.; Linn Energy, LLC; Memorial Production Partners LP; Mid-Con Energy Partners, LP; and Vanguard Natural Resources, LLC. If any company in the Peer Group ceases to be publicly traded during any performance period, the compensation committee will adjust the composition of the Peer Group as it deems appropriate.

To determine the performance-based awards earned for this *Legacy TUR vs. Peer Group* component, the percentage determined in accordance with the performance grid (using straight-line interpolation between the percentages given above) is multiplied by 50% and multiplied by the target number of phantom units available for vesting.

Table of Contents

Step 2: 50% of the performance-based award will be a function of the Legacy TUR and the percentile rank of the Partnership among a group of MLPs included in the Alerian MLP Index (such group of MLPs as determined by the compensation committee, excluding publicly traded general partners of MLPs and shipping companies) (the *Adjusted Alerian Index*) based on such entities' average annual TUR. The following matrix will be used to determine the *Legacy TUR vs. Adjusted Alerian Index* portion of the award.

> = 90th %ile	0%	125%	150%	175%	200%
75th %ile	0%	100%	125%	150%	175%
50th %ile	0%	75%	100%	125%	150%
25th %ile	0%	50%	75%	100%	125%
< = 10th %ile	0%	25%	50%	75%	100%
	< = 0%	8%	12%	20%	> = 25%
	Average Annual Legacy TUR				

** *Adjusted Alerian Index* means a subset of companies included in the Alerian MLP Index as determined by the compensation committee and excludes publicly traded general partners of MLPs and shipping companies, as of the beginning of each fiscal year. The calculation of the Adjusted Alerian Index along with calculation of percentile results and the Legacy TUR percentile ranking is subject to third-party review.

To determine the performance-based awards earned on this *Legacy TUR vs. Adjusted Alerian Index* component, the percentage earned in accordance with the above matrix (using straight-line interpolation between the percentages set forth in the matrix) is multiplied by 50% and multiplied by the target number of phantom units available for vesting.

Step 3: The respective award values arrived at by performing the calculations set forth in Step 1 and Step 2 above will be added to determine the total vested portion of the performance-based equity award with respect to a particular three-year performance period.

2016 Phantom Unit Grants under the Compensation Policy

As discussed above under *2015 Performance Assessment for Determination of Incentive Compensation under the Compensation Policy*, the subjective and objective components of our equity-based incentive compensation are still under consideration by the compensation committee, and therefore have not yet been determined.

2015 Phantom Unit Grants under the Compensation Policy

On February 10, 2015, in accordance with the Compensation Policy, the compensation committee approved the following phantom unit awards and associated DERs for Mr. C. Brown, and, with respect to the remaining named executive officers, recommended the following phantom unit awards and associated DERs to the Board and the Board, on February 24, 2015, approved such awards:

Named Executive Officer	2015 Phantom Unit Grants (and associated DERs)					
	2014 Salary	Subjective Grant (Based on 2014 Performance)		Phantom Units(b)	Objective Performance-Based Grant Maximum Phantom Units(c)

Edgar Filing: LEGACY RESERVES LP - Form DEF 14A

- (a) Represents percentage of 2014 salary effective March 1, 2014.
- (b) Based on the 20-day average closing price of Partnership units prior to January 1, 2015, or \$13.05. Subjective grant phantom units vest on February 18, 2018. These phantom units are service-based and are not subject to any performance criteria.
- (c) Based on the 20-day average closing price of Partnership units prior to January 1, 2015, or \$13.05. Represents maximum number of phantom units available to vest on February 18, 2018, pending attainment of specified performance criteria. Unvested phantom units and associated DERs will be forfeited.

Table of Contents***2016 Adjustments to the Compensation Policy***

No changes have been made to the Compensation Policy for 2016. However, the Compensation Policy remains subject to change by the compensation committee, and may later change to account for the fact that the Partnership has suspended distributions to its unitholders.

2016 Objective Phantom Unit Vesting

In accordance with the calculation of the objective component of equity compensation as set forth in the 2010 Compensation Policy and calculated as described below in *Objective Equity-Based Incentive Compensation under the 2010 Compensation Policy* and *Calculation of Vesting of Objective Component of Equity-Based Compensation under the 2010 Compensation Policy*, the third tranche of phantom units granted to each executive officer on March 7, 2013 vested on February 18, 2016 in the amounts set forth below. No phantom units granted under the equity-based incentive compensation portion of the Compensation Policy will vest in 2016 as such grants are subject to a three-year cliff vesting and measurement period.

The Performance Factor is determined based on the Partnership's performance during 2015 as measured by the Partnership's TUR, the Partnership's TUR compared to the TUR of an index of other MLPs, and the Partnership's TUR ranking among its peer group.

Executive Officer	Objective Grant		
	Maximum Phantom Units Subject to Vesting(1)	Performance	Phantom Units Vested
		Factor(2)	
Cary D. Brown	10,523	7.50%	789
James Daniel Westcott	3,508	7.50%	263
Paul T. Horne	4,464	7.50%	335
Kyle A. McGraw	4,464	7.50%	335
Dan G. LeRoy	1,467	7.50%	110

- (1) Represents one-third of the total phantom units granted to each executive officer on March 7, 2013 pursuant to the objective component of the 2010 Compensation Policy. No phantom units granted pursuant to the Compensation Policy were eligible for vesting in 2015.
- (2) Based on the Partnership's TUR for 2015 of (77%), Legacy ranks fourth among its Peer Group (as defined in the 2010 Compensation Policy) in TUR and in the 0 percentile rank among the Adjusted Alerian MLP Index (as defined in the 2010 Compensation Policy) in TUR.

Objective Equity-Based Incentive Compensation under the 2010 Compensation Policy

Objective or Performance-Based Component under the 2010 Compensation Policy. The objective component was granted each year at the maximum percentage amount listed in the table below, but is subject to 1/3 vesting each year in accordance with an objective performance-related formula (as set forth under *Calculation of Vesting of Objective Component of Equity-Based Compensation under the 2010 Compensation Policy* below) based on our absolute total unitholder return each year and our total unitholder return each year compared to the total unitholder returns of a group of our peers as well as the total unitholder returns of a broader group of MLPs. If none or only a portion of phantom units vest as a result of target levels not being met, the unvested portion of phantom units will be forfeited.

All equity-based incentive compensation awards are phantom units, with associated DERs, up to the specified percentage of annual salary as set forth in the following table.

Table of Contents

Named Executive Officer	Title	Maximum Value of Phantom Units as a Percentage of 2012 Annual Salary		
		Subjective	Objective	Total
Cary D. Brown	Chairman of the Board, President and Chief Executive Officer	110%	165%	275%
James Daniel Westcott	Executive Vice President and Chief Financial Officer	60%	90%	150%
Paul T. Horne	Executive Vice President and Chief Operating Officer	70%	105%	175%
Kyle A. McGraw	Director, Executive Vice President and Chief Development Officer	70%	105%	175%
Dan G. LeRoy	Vice President, General Counsel and Secretary	30%	45%	75%

Under the 2010 Compensation Policy, the number of phantom units granted was determined by dividing the dollar amount of the intended grant value by the average closing price of Partnership units over the 20 trading days preceding the date of grant in the case of the subjective unit grant. In the case of the objective unit grant, the average closing price of Partnership units was calculated for the 20 trading day period ended the last trading day prior to January 1st in the year of the grant. All phantom unit grants vest in three equal tranches over a three-year period, with each tranche to vest on or about the first, second and third anniversary of the initial grant date or such date as determined by the compensation committee.

Under the 2010 Compensation Policy, with respect to the objective component only, the actual number vested will be determined based on the three-step formula set forth below.

With respect to all phantom unit grants, DERs accumulate and accrue based on the assumed 100% vesting. With respect to the objective component only, the actual amounts payable are based solely on the number of vested underlying phantom units.

Calculation of Vesting of Objective Component of Equity-Based Compensation under the 2010 Compensation Policy

At the vesting date of each one-third tranche of the objective or performance-based component of equity-based compensation, the number of phantom units to vest each year is determined based on the following three-step process, with the total vested amount for each year to be determined by adding the values arrived at in Step 1 and Step 2.

Step 1: 50% of the performance-based award will be a function of the Total Unitholder Return for the Partnership (*Legacy TUR*) and the ordinal rank of the Legacy TUR among such upstream master limited partnership (*MLP*) peer companies as determined by the compensation committee at the beginning of each fiscal year (*Peer Group*). The Legacy TUR or the Total Unitholder Return for any entity in the Peer Group for any performance period means the percentage increase in the value of a \$100 investment in a unit or common unit purchased at the average closing price of such a unit or common unit over the 20 trading days prior to January 1 of the fiscal year prior to the applicable vesting date, assuming distributions are reinvested in additional fractional units or common units on the date they are declared based on the closing price of units or common units on the date of such reinvestment, and assuming such investment is liquidated on January 1 of the fiscal year of the applicable vesting date, at a price that is the average price of the unit or common unit over the 20 trading days prior to the liquidation. The following matrix will be used to determine the Legacy TUR vs. Peer Group portion of the award. The total grant value to vest each year is the sum of the results derived from each of the two grids shown below.

1st or 2nd	25%	40%	60%	75%	85%	100%
3rd or 4th	15%	35%	50%	60%	75%	85%
5th or 6th	0%	15%	35%	50%	60%	75%
7th or 8th	0%	0%	15%	25%	40%	50%
	< 8.0%	8.0%	12.0%	15.0%	17.5%	20%+
	Legacy TUR					

* For the 2015 performance period, the Peer Group consisted of Atlas Resource Partners, L.P.; Breitburn Energy Partners L.P.; EV Energy Partners, L.P.; Linn Energy, LLC; Memorial Production Partners LP; Mid-Con Energy Partners, LP and Vanguard Natural Resources, LLC. If any company in the Peer Group ceases to be publicly traded during any performance period, the compensation committee will adjust the composition of the Peer Group as it deems appropriate.

Table of Contents

To determine the performance-based awards earned for this Legacy TUR vs. Peer Group component, the percentage determined in accordance with the performance grid (using straight-line interpolation between the percentages given above) is multiplied by 50% and multiplied by the maximum number of phantom units available for vesting that particular year.

Step 2: 50% of the performance-based award will be a function of the Legacy TUR and the percentile rank of the Partnership among a group of MLPs included in Adjusted Alerian Index. The following matrix will be used to determine the Legacy TUR vs. Adjusted Alerian Index portion of the award.

90th %ile	30%	50%	60%	75%	85%	100%
75th %ile	15%	40%	50%	60%	75%	85%
50th %ile	0%	25%	40%	50%	60%	75%
25th %ile	0%	15%	25%	40%	50%	60%
<25th %ile	0%	0%	0%	15%	30%	50%
	< 8.0%	8.0%	12.0%	15.0%	17.5%	20%+
	Legacy TUR					

** Adjusted Alerian Index means a subset of companies included in the Alerian MLP Index as determined by the compensation committee and excludes publicly traded general partners of MLPs and shipping companies, as of the beginning of each fiscal year. The calculation of the Adjusted Alerian Index along with calculation of percentile results and the Legacy TUR percentile ranking is subject to third-party review.

To determine the performance-based awards earned on this Legacy TUR vs. Adjusted Alerian Index component, the percentage earned in accordance with the above matrix (using straight-line interpolation between the percentages set forth in the matrix) is multiplied by 50% and multiplied by the maximum number of phantom units available for vesting that particular year.

Step 3: The respective award values arrived at by performing the calculations set forth in Step 1 and Step 2 above will be added to determine the total vested portion of the performance-based equity award with respect to a particular fiscal year.

Amended and Restated Legacy Reserves LP Long-Term Incentive Plan (LTIP)

Long-term incentive compensation awards are administered through our LTIP adopted in March 2006 and amended and restated on August 17, 2007, and, by a vote the unitholders at the 2015 Annual Meeting, amended on June 12, 2015. The plan is administered by the compensation committee and permits the grant of awards resulting in the issuance of an aggregate of 5,000,000 units (of which 2,692,895 remain available for grant, as of March 1, 2016). Employees, consultants and directors of our general partner and its affiliates who perform services for us are eligible to receive awards under the LTIP (Eligible Persons).

As of March 1, 2016, grants of awards that could result in the issuance of units, net of forfeitures, covering 2,188,111 units have been made, including 904,551 restricted units, 266,014 unit options, 821,018 phantom units and 196,528 units primarily issued to directors. We selected these types of awards because of the expectation by most of our employees as well as our directors that part of their compensation would be derived from the growth in value of Partnership units.

Table of Contents

Our Board of Directors, or its compensation committee, in its discretion may terminate, suspend or discontinue the LTIP at any time with respect to any award that has not yet been granted. Our Board of Directors, or its compensation committee, also has the right to alter or amend the LTIP or any part of the plan from time to time, including increasing the number of units that may be granted, subject to unitholder approval as required by the exchange upon which the units are listed at that time. However, no change in any outstanding grant may be made that would materially impair the rights of the participant without the consent of the participant.

Unit Grants

The LTIP permits the grant of units. A unit grant is a grant of units that vests immediately upon issuance. In 2014 and 2015, the only unit grants were made to non-employee directors.

Restricted Units and Phantom Units

A restricted unit is a unit that is subject to forfeiture prior to the vesting of the award. A phantom unit is a notional unit that entitles the grantee to receive a unit or, in the discretion of our Board of Directors or its compensation committee, cash equal to market value of a unit upon the vesting of the phantom unit. The compensation committee may make grants under the LTIP of restricted units and phantom units to employees, consultants and directors containing such terms, consistent with the LTIP, as the compensation committee shall determine. The compensation committee will determine the period over which the restricted units and phantom units granted to employees, consultants and directors will vest. The compensation committee may base vesting upon the achievement of specified financial objectives or on the grantee's completion of a period of service. In addition, the restricted units and phantom units will vest upon a change of control of the Partnership or our general partner, unless provided otherwise by the compensation committee in the award agreement. All restricted unit and phantom unit grants to our executive officers and employees provide for at least one year vesting periods with some providing for three and five year vesting. All 2015 phantom unit grants to executive officers have three year vesting.

If the grantee's employment, service relationship or membership on the Board of Directors terminates for any reason, the grantee's unvested restricted units and phantom units will be automatically forfeited unless, and to the extent, the compensation committee provides otherwise in the award agreement or waives (in whole or in part) any such forfeiture. Units to be delivered in connection with the grant of restricted units or upon the vesting of phantom units settled in units may be units acquired by us on the open market, or from any other person, or we may issue new units, or any combination of the foregoing. Our general partner is entitled to reimbursement by us for the cost it incurs in acquiring units. Thus, the cost of the restricted units and the delivery of units upon the vesting of phantom units will be borne by us. If we issue new units in connection with the grant of restricted units or upon vesting of the phantom units settled in units, the total number of units outstanding will increase. The compensation committee, in its discretion, may provide for tandem distribution rights with respect to restricted units and grant tandem DERs with respect to phantom units that entitle the holder to receive cash equal to any cash distributions made on units prior to the vesting of a restricted or phantom unit. On phantom units, any such cash distributions will accumulate and accrue based on the assumed 100% vesting of any such phantom units but will not be payable until such vesting occurs. The actual amounts payable pursuant to such tandem DERs will be based solely on the number of underlying restricted or phantom units that actually vest. Holders of unvested restricted units are entitled to receive cash payments equal to any cash distribution payable at the time any cash distribution is paid to unitholders regardless of whether vesting has occurred.

Unit Options and Unit Appreciation Rights (UARs)

The LTIP permits the grant of options covering units and the grant of unit appreciation rights. A unit appreciation right is an award that, upon exercise, entitles the participant to receive the excess of the fair market value of a unit on the exercise date over the exercise price established for the unit appreciation right. Such excess may be paid in units, cash, or a combination thereof, as determined by the compensation committee in its discretion. The compensation committee will be able to make grants of unit options and unit appreciation rights under the plan to employees, consultants and directors containing such terms as the committee shall determine consistent with the plan. Unit options and unit appreciation rights may not have an exercise price that is less than the fair market value of the units on the date of grant. In general, unit options and unit appreciation rights granted will become exercisable over a period determined by the compensation committee. In addition, the unit options and unit appreciation rights will become exercisable upon a change in control of the Partnership or our general partner, unless provided otherwise by the committee in the award agreement. The compensation committee, in its discretion may grant tandem DERs with respect to unit options and unit appreciation rights.

Table of Contents

Upon exercise of a unit option (or a unit appreciation right settled in units), we will acquire units on the open market or from any other person or we may issue new units, or any combination of the foregoing. If we issue new units upon exercise of the unit options (or a unit appreciation right settled in units), the total number of units outstanding will increase, and we will receive the proceeds from an optionee's exercise of a unit option. The availability of unit options and unit appreciation rights is intended to furnish additional compensation to employees, consultants and directors and to align their economic interests with those of unitholders.

Currently, we only settle UARs in cash and not in units and therefore such UARs are not taken into consideration in calculating the number of units available for issuance under the LTIP.

Unit Option Practices

Although our LTIP permits us to award options under a variety of circumstances, we have not granted unit options since early 2007 and do not anticipate granting any further unit options. We have not back-dated any option awards. The option grants we have made to date had an exercise price that corresponded with the offering price to purchasers of our units in a private offering we conducted in March 2006, the price at which our units traded on the Portal Market, the price to the public of our units in our January 2007 initial public offering, or the market value of our units at the close of trading on the date of the grant. Any option grants we may make in the future will have an exercise price equal to the market value of our units at the close of trading on the date of the grant. We have chosen to replace the use of unit options in the future with unit appreciation rights to reduce the administrative costs associated with unit options.

Perquisites and Other Personal Benefits

We maintain a 401(k) plan. The plan permits eligible full-time employees, including named executive officers, to make voluntary, pre-tax contributions to the plan up to a specified percentage of compensation, subject to applicable tax limitations. We may make a discretionary matching contribution to the plan for each eligible employee equal to 8.0% (6.0% prior to January 1, 2015) of an employee's annual compensation not in excess of \$255,000 for 2013, \$260,000 for 2014 and \$265,000 for 2015, subject to applicable tax limitations. Eligible employees who elect to participate in the plan are generally vested in any matching contribution after commencement of employment with the company. The plan is intended to be qualified under Section 401(a) of the Internal Revenue Code so that contributions to the plan, and income earned on plan contributions, are not taxable to employees until withdrawn from the plan, and so that contributions, if any, will be deductible when made.

We maintain an employee benefit plan that provides our employees with the opportunity to enroll in our health, dental and life insurance plans. We pay all of our employees' health and life insurance premiums. Our dental plan requires the employee to pay a portion of the premium, and we pay the remainder. We provide these benefits so that we will remain competitive in the employment market and offer the benefits to all employees on the same basis.

Unit Ownership Guidelines

On November 19, 2013, the nominating, governance and conflicts committee recommended and the Board of Directors approved a policy of unit ownership by executive officers and directors. Target ownership, which is based on market values, is in excess of the following thresholds: 5 times annual cash retainers for directors, 6 times base salary for the Chief Executive Officer, and 3 times base salary for all other executive officers. To accumulate this target ownership, executive officers and directors are not required to purchase units in the open market, but are generally required to retain at least 50% of each vesting of units or grant of unrestricted units, net of reductions for taxes due, until such target ownership is achieved. Notwithstanding the severe decline in our unit price that has rendered certain executive officers' and directors' unit ownership below the policy's thresholds, as of March 18, 2016, all executive officers and directors are in compliance with this policy.

As of December 31, 2015, our named executive officers as a group beneficially owned 1,461,972 units. Our named executive officers beneficially own approximately 2.1% of our 69,512,781 issued and outstanding units.

- (a) For Messrs. C. Brown, Horne, Westcott, McGraw and LeRoy, annual salary increases (where applicable) for 2015, 2014 and 2013 became effective on March 1, 2015, March 1, 2014 and March 1, 2013, respectively. The 2015 salary for Mr. Hammond became effective on his first day of employment, which was March 1, 2015.
- (b) Phantom units were granted to officers on February 24, 2015, March 3, 2014 and March 7, 2013. The amount shown reflects the grant date fair value of these awards based upon the Financial Accounting Standards board's authoritative guidance relating to stock compensation. The assumptions used in calculating these amounts are incorporated by reference to Note 13 *Unit Based Compensation* to the financial statements in our annual report on Form 10-K filed with the SEC on February 26, 2016. In the prior years' Summary Compensation Table, based on then prevailing rules, the value of these awards reflected the grant date fair value of the amounts expensed each year, for financial reporting purposes. On December 16, 2009, the SEC adopted a final rule that requires reporting all stock and option awards granted during the fiscal year at the full grant date fair value. The value for each of the three years in this Summary Compensation Table reflects the full grant date fair value. Assuming all performance and service conditions are met at the maximum possible level, the grant date fair value of the unit awards granted in 2015 pursuant to the Compensation Policy for each named executive officer is as follows: Mr. C. Brown: \$2,560,756; Mr. Horne: \$1,088,764; Mr. Westcott: \$1,002,817; Mr. McGraw: \$902,533; and Mr. LeRoy: \$279,360. This table also reflects the grant date fair values of 130,000 restricted units granted to Mr. Hammond on June 15, 2015 in connection with the hiring of Mr. Hammond.

Table of Contents

Intellectual Property and Non-Compete Clauses

The employment agreements with each of our named executive officers require that the executive officer must promptly disclose and assign any individual rights that he may have in any intellectual property and business opportunities to us. For purposes of the employment agreements, intellectual property includes inventions, discoveries, processes, designs, methods, substances, articles, computer programs, or improvements and business opportunities include business ideas, prospects, proposals or other opportunities pertaining to the lease, acquisition, exploration, production, gathering or marketing of hydrocarbons and related products and the exploration potential of geographical areas on which hydrocarbon exploration prospects are located. Under the non-compete provisions of these agreements, the executive officers are prohibited from engaging or participating, with any person or entity, in any activity pertaining to the leasing, acquiring, exploring, producing, gathering or marketing of hydrocarbons during the term of the executive officer's employment and the executive officer may not invest in any other such business unless prior approval is granted in writing by our Board of Directors. The non-compete provisions limit the executives' right to engage in these activities for a period of 90 days after termination of employment in counties where we do business, 90 days in adjacent counties, and limit investment to \$500,000 in publicly traded companies engaged in similar businesses for a period of one year after termination unless such competitive activity is approved in writing by a majority of the independent directors of our Board of Directors. The employment agreements also prohibit the executive officer from soliciting any of our employees or customers for two years following termination.

The employment agreements prohibit the executive officers from engaging in or participating in any publicly traded partnership or limited liability company or privately held company contemplating an initial public offering as a limited partnership or a limited liability company that is in direct competition with us for one year following the termination of employment.

The non-compete provisions contained in the employment agreements will not apply to investments by the executive officers made prior to the effective date of their respective employment agreements, *provided* that the investments were identified in the employment agreement. In addition, the non-compete provisions will not apply if we terminate the executive officer's employment within one year following a change of control.

Severance and Change in Control Payments

Pursuant to the terms of the employment agreements as of December 31, 2015, we may have been obligated to make severance payments to our named executive officers following the termination of their employment. These benefits are described below under *Benefits Payable Upon Termination or Change in Control*.

Effective March 1, 2015, we amended our employment agreements with Messrs. Horne and McGraw to terminate our obligation to make gross-up payments associated with any excise tax that could have been imposed by Section 4999 of the Internal Revenue Code. Upon the completion of such amendments, we are no longer obligated to make any such payments to any named executive officer in the event that a named executive officer is subject to the excise tax imposed by Section 4999 of the Internal Revenue Code. Mr. C. Brown's employment agreement was terminated effective March 1, 2015, and therefore he is not entitled to any benefits upon termination or change in control. The employment agreements with our other officers do not include the gross-up provisions eliminated from Mr. Horne's and Mr. McGraw's employment agreements.

Severance Benefits

Under the employment agreements, we may be obligated to make severance payments following the termination of each executive officer's employment if we terminate him without cause or he terminates his employment for good reason, subject to certain cure periods. Cause is defined under each employment agreement as:

Edgar Filing: LEGACY RESERVES LP - Form DEF 14A

the executive officer's conviction of or plea of nolo contendere to any felony or crime or offense causing substantial harm to the Partnership, general partner, or its direct or indirect subsidiaries, or involving acts of theft, fraud, embezzlement, moral turpitude or similar conducts;

the executive officer's repeated intoxication by alcohol or drugs during the performance of his duties;

Table of Contents

the executive officer's malfeasance in the conduct of the executive's duties including, but not limited to, willful and intentional misuse or diversion of any funds, embezzlement or fraudulent or willful material misrepresentations or concealments on any written reports;

the executive officer's material failure to perform the duties of his employment consistent with his position, expressly including the provisions of the employment agreements or material failure to follow or comply with the reasonable and lawful written directives of the Board;

a material breach of the employment agreement; or

a material breach by the executive officer of written policies of the Partnership, the general partner, or any of our direct or indirect subsidiaries.

Each named executive officer will have a 15-day cure period prior to termination for cause under these agreements.

Good reason is defined under each employment agreement as:

a reduction in the executive officer's base salary;

the relocation of the executive officer's primary place of employment to a location more than 20 miles from Midland, Texas; or

any material reduction in the executive officer's title, authority or responsibilities.

If the employment of any named executive officer is terminated by us for cause or by the executive officer without good reason, we are not obligated to make any severance payments to the executive officer. The amount that an executive officer is entitled to receive upon a termination of his employment by us without cause or by the executive officer with good reason is based on the executive officer's salary and his incentive compensation. Under the severance provisions of each executive officer's employment agreement, they are each entitled to severance pay in the amount of two years' of annual base salary payable monthly at the highest rate in effect at any time during the 36 month period prior to termination, a lump sum payment equal to the average annual bonus of the two years preceding the termination and an amount equal to the executive's pro-rata bonus for the fiscal year in which the termination occurs, such pro-rata bonus amount to be paid in a lump sum within 30 days following the date of termination. In addition, the executive officers are entitled to the full costs of the executive's COBRA continuation coverage for the shorter of the severance period or the time when the executive receives substantially similar benefits from a subsequent employer. In addition, Messrs. C. Brown and McGraw would have the right to exercise one demand registration right each.

Change in Control Benefits

Pursuant to the employment agreements, we may be required to make payments to named executive officers upon a change in control, which occurs upon any of the following (*provided that*, with respect to Messrs. Westcott, LeRoy and Hammond, any such change in control qualifies as a change in ownership, change in effective control or change in ownership of a substantial portion of assets of the Partnership within the meaning of Section 409A of the Internal Revenue Code):

McGraw and Horne only, any acquisition by the Partnership; (C) any acquisition by any employee benefit plan (or related trust) sponsored or maintained by the Partnership or any affiliated company; (D) any acquisition by any corporation or other entity pursuant to a transaction that complies with clauses (i), (ii) and (iii) below; or (E) any acquisition of units from the Partnership arising out of or in connection with an initial public offering or private placement of the Partnership's securities;

Such lump-sum payment shall be payable, with respect to Messrs. McGraw and Horne, within 30 days of the date of termination, and with respect to Messrs. Westcott, LeRoy and Hammond, within 60 days following the date of termination, *provided* that if the 60-day period begins and ends in two distinct taxable years, any such payment shall not be made until the second taxable year. In addition, the executive will be entitled to receive an amount equal to the average annual bonus of the two years preceding the termination, an amount equal to the executive's accrued but unpaid base salary and other amounts reimbursable by the employer to the executive pursuant to the agreement (any such accrued but unpaid base salary or other reimbursable amount to be paid in a lump sum within 30 days following the date of termination), an amount equal to any accrued but unpaid bonus and a cash amount equal to the executive's pro-rata bonus for the fiscal year in which the date of termination occurs, in each case, payable at such time as bonuses of other executive officers are paid such bonuses, and the full costs of the executive's COBRA continuation coverage for the shorter of the severance period or the time when the executive receives substantially similar benefits from a subsequent employer.

DIRECTOR COMPENSATION

Officers or employees of our general partner and its affiliates who also serve as directors of our general partner did not receive additional compensation for their Board service in 2015. In accordance with this policy, Kyle A. McGraw and Paul T. Horne did not receive any compensation for their service as a director in 2015 and Cary D. Brown did not receive any such compensation for his service as Chairman during the period of time in 2015 while Mr. C. Brown was still an employee of Legacy. Each non-employee director, except as described below, was entitled to receive an annual retainer of \$40,000 and \$1,000 for each Board of Directors and committee meeting lasting less than one hour and \$1,500 for each Board of Directors and committee meeting lasting one hour or more for each meeting in excess of the four quarterly meetings scheduled each year. In connection with Mr. C. Brown's resignation as President and Chief Executive Officer of our general partner and as an employee of any Legacy entity, effective March 1, 2015, Mr. C. Brown entered into a Non-Executive Chairman Agreement by and among our general partner, the Partnership, Legacy Reserves Services, Inc. and Mr. C. Brown (the Chairman Agreement).

In addition to the Cash Retainer, Mr. C. Brown will be paid any of the cash directors' fees described above for which other non-employee members of the Board would be eligible to receive in connection with any meetings of the Board attended by him and will be eligible to receive grants of equity consistent with those that are granted to other non-employee directors. The Company will also continue to provide health care coverage under COBRA for a period of 18 months following Mr. C. Brown's resignation as President and Chief Executive Officer. Under the terms of the LTIP, Mr. C. Brown will be entitled to continued vesting of his outstanding equity awards in accordance with the grant agreements.

Each non-employee director receives an annual grant of units valued at \$100,000, generally corresponding to the service period between each annual election of the Board members. In accordance with this policy, Messrs. C. Brown, D. Brown, Granberry, Lawrence, Sullivan, and Vann each received grants of 11,025 units on June 15, 2015.

In 2015, in addition to the annual retainer and units paid to non-employee Board members, the chairmen of our audit, conflicts, compensation, and nominating and governance committees each received an annual retainer for their additional service. Other than as described above for Mr. C. Brown, our general partner's directors are eligible to receive awards under the LTIP but do not participate in any non-equity incentive plan, pension plan or deferred compensation plan. Each non-employee director and independent director is reimbursed for out-of-pocket expenses in connection with attending meetings of the Board of Directors or committees. Each director will be indemnified by us for actions associated with being a director to the fullest extent permitted under Delaware law.

Table of Contents**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT**

The following table sets forth the beneficial ownership of our units as of March 1, 2016 for:

each person known by us to be a beneficial owner of 5% or more of our outstanding units;

each of the directors of our general partner;

each named executive officer of our general partner; and

all directors and executive officers of our general partner as a group.

The amounts and percentage of units beneficially owned are reported on the basis of regulations of the SEC governing the determination of beneficial ownership of securities. Under the rules of the SEC, a person is deemed to be a beneficial owner of a security if that person has or shares voting power, which includes the power to vote or to direct the voting of such security, or investment power, which includes the power to dispose of or to direct the disposition of such security. A person is also deemed to be a beneficial owner of any securities of which that person has a right to acquire beneficial ownership within 60 days of March 14, 2016. Under these rules, more than one person may be deemed a beneficial owner of the same securities, and a person may be deemed a beneficial owner of securities as to which he has no economic interest.

Except as indicated by footnote, to our knowledge the persons named in the table below have sole voting and investment power with respect to all units shown as beneficially owned by them, subject to community property laws where applicable. Percentage of total units beneficially owned is based on 69,512,781 units outstanding as of March 14, 2016. The business address for the beneficial owners listed below is 303 W. Wall, Suite 1800, Midland, Texas 79701.
