PART I

ITEM 1. BUSINESS

We were incorporated in the State of Nevada on October 21, 2005. We maintain our statutory registered agent's office at The Corporation Trust Company of Nevada, 6100 Neil Road, Suite 500, Reno, Nevada 89511. Our business office is located at 1921 Denver West Court, Suite 2022, Golden, Colorado 80401. This is the home of Edd Cockerill, our president. Mr. Cockerill supplies this office space to us on a rent-free basis. Our telephone number is (303) 278-0207.

Our plan was to provide mobile grooming and spa services for cats and dogs. Our services were going to include bathing, hair cutting and styling, brushing/combing, flea and tick treatments, nail maintenance and beautification, ear cleaning, teeth cleaning, hot oil treatments, and massage. The pricing for these services vary based on the size of the animal, packaged service specials, and required travel necessary. To date, we have not had any business operations and did not generate any revenues. We have not engaged in any other business operations and we have no prior experience in the pet grooming business.

We planned to provide an assigned groomer with a properly equipped van capable of providing all necessary services to our clients. Our client service representatives would work with each individual client to determine exactly the services desired. Before services would be performed and once the services were completed to the specifications of the client, digital pictures will be taken of the animal. A copy of the pictures would be sent to the client and a copy would be stored in our records for future reference.

As of the date of this filing, we have ceased operations because we were unsuccessful in raising the necessary financing and executing our business plan. Accordingly, we have entered into a binding LOI with Harbrew Imports Ltd. Corp. ("Harbrew") for a merger whereby Harbrew's business shall become our operating business.

Harbrew is in the business of importing and wholesaling Spirits, Wine and Beer to distributors on a national basis and to retail licensees both on and off premise in New York, through a wholesale license. Its principle asset is an exclusive contract with Danny DeVito for the Limoncello brand. Launched in the fall of 2007, the brand has sold into the market the equivalent of 10% of the category as of the year end.

A more detailed discussion of the LOI between us and Harbrew is referred to and incorporated herein by reference to the Form 8-k filed on February 25, 2009.

ITEM 1A. RISK FACTORS

Not applicable.

ITEM 2. PROPERTIES

We currently utilize office space provided by Edd Cockerill, our chief executive officer. We do not have a formal sublease. We believe that our office space is adequate and suitable for its intended purpose. At the time that the merger with Harbrew is closed, it is anticipated that our office location and property needs will change.

ITEM 3. LEGAL PROCEEDINGS

There are no pending legal proceedings to which the Company is a party or in which any director, officer or affiliate of the Company, any owner of record or beneficially of more than 5% of any class of voting securities of the Company, or security holder is a party adverse to the Company or has a material interest adverse to the Company. The Company's property is not the subject of any pending legal proceedings.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

None.

PART II

ITEM 5. MARKET FOR REGISTRANTS COMMON EQUITY, RELATED STOCKHOLDER MATTERS AND ISSUER PURCHASES OF EQUITY SECURITIES

Our common stock is listed on the Over-the-Counter Bulletin Board under symbol PWSA. There is, however, no public trading market for our common stock. There are no outstanding options or warrants to purchase, or securities convertible into, our common stock.

Holdings

As of February 27, 2009, there are 45 holders of record for our common stock.

Dividend Policy

We have never paid cash dividends on our capital stock. We currently intend to retain any profits we earn to finance the growth and development of our business. We do not anticipate paying any cash dividends in the foreseeable future.

Stock Option Grants

To date, we have not granted any stock options.

Securities authorized for issuance under equity compensation plans

We do not have any equity compensation plans and accordingly we have no securities authorized for issuance thereunder.

ITEM 6. SELECTED FINANCIAL DATA

Not Applicable.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND PLAN OF OPERATIONS.

Plan of Operation

We are a start-up corporation and have not yet initiated our business operations nor generated or realized any revenues. We raised \$75,790 gross proceeds through a private placement. We will need additional funding to begin

our operations. Our auditors have issued a going concern opinion. This means that there is substantial doubt that we can continue as an on-going business for the next twelve months.

We will not be conducting any product research or development. Furthermore, we do not expect significant changes in the number of employees. Our specific goal was to raise additional funds to implement our business plan, however, we have failed to do so. Accordingly we have entered into an LOI with Harbrew to merge its business into our company. Therefore, it is our plan of operations to continue working with Harbrew to finalize the terms of the merger and close the merger as quickly as possible. At this point, we have only entered into the binding LOI and have not executed any other definitive merger documents.

Limited Operating History; Need for Additional Capital

There is no historical financial information about us upon which to base an evaluation of our performance. We have not begun our operations and generated revenues since our inception on October 21, 2005. We cannot guarantee we will be successful in our business plans. Our business is subject to risks inherent in the establishment of a new business enterprise, including limited capital resources and possible cost overruns due to price increases in services.

To become profitable and competitive, we would have first had to attract customers and generate revenues. We have failed to do so and have failed to raise additional capital. Therefore, we have been forced to cease operations and enter into the binding LOI with Harbrew.

Liquidity and Capital Resources

As of the November 30, 2008, we have yet to generate any revenues from business operations. Edd Cockerill, our president, has provided services to us. He is not expected to loan funds to us to finance operations.

As of November 30, 2008, our total assets were \$910, and our total liabilities were \$41,904. We had cash of \$77. We believe we can not satisfy our cash requirements for the next twelve months with our current cash. If we are unable to satisfy our cash requirements we may be unable to proceed with our plan of operations. As a result, we may not generate revenues in the future.

Results of Operations

From our date of inception, October 21, 2005, we have sold 5,757,900 shares of our common stock and raised \$75,790 in gross proceeds for our planned operations. We have not generated any revenue. Our operating expenses from inception were \$129,344. We have not initiated operations but anticipate doing so in the near future.

Going Concern

As reflected in the accompanying financial statements, the Company is in the development stage with no operations, has a net loss of \$134,684 for the period from October 21, 2005 (inception) to November 30, 2008, and has negative cash flow from operations of \$92,302 from inception. This raises substantial doubt about its ability to continue as a going concern. The ability of the Company to continue as a going concern is dependent on the Company's ability to raise additional capital and implement its business plan. The financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

Management believes that actions presently being taken to obtain additional funding and implement its strategic plans provide the opportunity for the Company to continue as a going concern.

Off-Balance Sheet Arrangements

We have no off-balance sheet arrangements.

Recent Accounting Pronouncements

In December 2007, the Financial Accounting Standards Board (FASB) issued SFAS No. 160, "Noncontrolling Interests in Consolidated Financial Statements – an amendment of ARB No. 51". This statement improves the relevance, comparability, and transparency of the financial information that a reporting entity provides in its consolidated financial statements by establishing accounting and reporting standards that require; the ownership interests in subsidiaries held by parties other than the parent and the amount of consolidated net income attributable to the parent and to the noncontrolling interest be clearly identified and presented on the face of the consolidated statement of income, changes in a parent's ownership interest while the parent retains its controlling financial interest in its subsidiary be accounted for consistently, when a subsidiary is deconsolidated, any retained noncontrolling equity investment in the former subsidiary be initially measured at fair value, entities provide sufficient disclosures that clearly identify and distinguish between the interests of the parent and the interests of the noncontrolling owners. SFAS No. 160 affects those entities that have an outstanding noncontrolling interest in one or more subsidiaries or that deconsolidate a subsidiary. SFAS No. 160 is effective for fiscal years, and interim periods within those fiscal years, beginning on or after December 15, 2008. Early adoption is prohibited. The adoption of this statement is not expected to have a material effect on the Company's financial statements.

In March 2008, the FASB issued SFAS No. 161, "Disclosures about Derivative Instruments and Hedging Activities, an amendment of FASB Statement No. 133" (SFAS 161). This statement is intended to improve transparency in financial reporting by requiring enhanced disclosures of an entity's derivative instruments and hedging activities and their effects on the entity's financial position, financial performance, and cash flows. SFAS 161 applies to all derivative instruments within the scope of SFAS 133, "Accounting for Derivative Instruments and Hedging Activities" (SFAS 133) as well as related hedged items, bifurcated derivatives, and nonderivative instruments that are designated and qualify as hedging instruments. Entities with instruments subject to SFAS 161 must provide more robust qualitative disclosures and expanded quantitative disclosures. SFAS 161 is effective prospectively for financial statements issued for fiscal years and interim periods beginning after November 15, 2008, with early application permitted. We are currently evaluating the disclosure implications of this statement.

In April 2008, the FASB issued FASB Staff Position (“FSP”) SFAS No. 142-3, “Determination of the Useful Life of Intangible Assets”. This FSP amends the factors that should be considered in developing renewal or extension assumptions used to determine the useful life of a recognized intangible asset under FASB Statement No. 142, “Goodwill and Other Intangible Assets” (“SFAS 142”). The intent of this FSP is to improve the consistency between the useful life of a recognized intangible asset under SFAS 142 and the period of expected cash flows used to measure the fair value of the asset under SFAS 141R, and other GAAP. This FSP is effective for financial statements issued for fiscal years beginning after December 15, 2008, and interim periods within those fiscal years. Early adoption is prohibited. The Company is currently evaluating the impact of SFAS FSP 142-3, but does not expect the adoption of this pronouncement will have a material impact on its financial position, results of operations or cash flows.

In May 2008, the FASB issued SFAS No. 162, “The Hierarchy of Generally Accepted Accounting Principles” (SFAS 162”). SFAS 162 identifies the sources of accounting principles and the framework for selecting principles to be used in the preparation of financial statements of nongovernmental entities that are presented in conformity with generally accepted accounting principles in the United States. This statement shall be effective 60 days following the SEC’s approval of the Public Company Accounting Oversight Board’s amendments to AU section 411, The Meaning of Present Fairly in Conformity with Generally Accepted Accounting Principles. The Company is currently evaluating the impact of SFAS 162, but does not expect the adoption of this pronouncement will have a material impact on its financial position, results of operations or cash flows.

In May 2008, the FASB issued SFAS No. 163, “Accounting for Financial Guarantee Insurance Contracts-an interpretation of FASB Statement No. 60.” Diversity exists in practice in accounting for financial guarantee insurance contracts by insurance enterprises under FASB Statement No. 60, Accounting and Reporting by Insurance Enterprises. This results in inconsistencies in the recognition and measurement of claim liabilities. This Statement requires that an insurance enterprise recognize a claim liability prior to an event of default (insured event) when there is evidence that credit deterioration has occurred in an insured financial obligation. This Statement requires expanded disclosures about financial guarantee insurance contracts. The accounting and disclosure requirements of the Statement will improve the quality of information provided to users of financial statements. The adoption of FASB 163 is not expected to have a material impact on the Company’s financial position.

Critical Accounting Policies

Our financial statements and related public financial information are based on the application of accounting principles generally accepted in the United States (“GAAP”). GAAP requires the use of estimates; assumptions, judgments and subjective interpretations of accounting principles that have an impact on the assets, liabilities, revenues and expense amounts reported. These estimates can also affect supplemental information contained in our external disclosures including information regarding contingencies, risk and financial condition. We believe our use of estimates and underlying accounting assumptions adhere to GAAP and are consistently and conservatively applied. We base our estimates on historical experience and on various other assumptions that we believe to be reasonable under the circumstances. Actual results may differ materially from these estimates under different assumptions or conditions. We continue to monitor significant estimates made during the preparation of our financial statements.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors of:
Paw Spa, Inc.
(A Development Stage Company)

We have audited the accompanying balance sheets of Paw Spa, Inc. (A Development Stage Company) as of November 30, 2008 and 2007, and the related statements of operations, changes in stockholder's equity (deficiency) and cash flows for the years ended November 30, 2008 and 2007 and the period October 21, 2005 (Inception) to November 30, 2008. The financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly in all material respects, the financial position of Paw Spa, Inc. (A Development Stage Company) as of November 30, 2008 and 2007, and the results of its operations and its cash flow for the two years then ended and for the period October 21, 2005 (Inception) to November 30, 2008 in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2 to the financial statements, the Company has no revenue, used cash in operations from inception of \$92,302, and has a net loss of \$134,684 from inception. This raises substantial doubt about its ability to continue as a going concern. Management's plans concerning this matter are also described in Note 2. The accompanying consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

PAW SPA, INC.
(A DEVELOPMENT STAGE COMPANY)
NOTES TO FINANCIAL STATEMENTS
AS OF NOVEMBER 31, 2008 AND 2007

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND ORGANIZATION

(A) Organization

Paw Spa, Inc. (a development stage company) (the "Company") was incorporated under the laws of the State of Nevada on October 21, 2005. The Company was organized to provide pet care services.

Activities during the development stage include developing the business plan and raising capital.

(B) Use of Estimates

In preparing financial statements in conformity with generally accepted accounting principles, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and revenues and expenses during the reported period. Actual results could differ from those estimates.

(C) Cash and Cash Equivalents

(I) Recent Accounting Pronouncements

In December 2007, the Financial Accounting Standards Board (FASB) issued SFAS No. 160, "Noncontrolling Interests in Consolidated Financial Statements – an amendment of ARB No. 51". This statement improves the relevance, comparability, and transparency of the financial information that a reporting entity provides in its consolidated financial statements by establishing accounting and reporting standards that require; the ownership interests in subsidiaries held by parties other than the parent and the amount of consolidated net income attributable to the parent and to the noncontrolling interest be clearly identified and presented on the face of the consolidated statement of income, changes in a parent's ownership interest while the parent retains its controlling financial interest in its subsidiary be accounted for consistently, when a subsidiary is deconsolidated, any retained noncontrolling equity investment in the former subsidiary be initially measured at fair value, entities provide sufficient disclosures that clearly identify and distinguish between the interests of the parent and the interests of the noncontrolling owners. SFAS No. 160 affects those entities that have an outstanding noncontrolling interest in one or more subsidiaries or that deconsolidate a subsidiary. SFAS No. 160 is effective for fiscal years, and interim periods within those fiscal years, beginning on or after December 15, 2008. Early adoption is prohibited. The adoption of this statement is not expected to have a material effect on the Company's financial statements.

NOTES TO FINANCIAL STATEMENTS
AS OF NOVEMBER 31, 2008 AND 2007

In March 2008, the FASB issued SFAS No. 161, "Disclosures about Derivative Instruments and Hedging Activities, an amendment of FASB Statement No. 133" (SFAS 161). This statement is intended to improve transparency in financial reporting by requiring enhanced disclosures of an entity's derivative instruments and hedging activities and their effects on the entity's financial position, financial performance, and cash flows. SFAS 161 applies to all derivative instruments within the scope of SFAS 133, "Accounting for Derivative Instruments and Hedging Activities" (SFAS 133) as well as related hedged items, bifurcated derivatives, and nonderivative instruments that are designated and qualify as hedging instruments. Entities with instruments subject to SFAS 161 must provide more robust qualitative disclosures and expanded quantitative disclosures. SFAS 161 is effective prospectively for financial statements issued for fiscal years and interim periods beginning after November 15, 2008, with early application permitted. We are currently evaluating the disclosure implications of this statement.

In April 2008, the FASB issued FASB Staff Position ("FSP") SFAS No. 142-3, "Determination of the Useful Life of Intangible Assets". This FSP amends the factors that should be considered in developing renewal or extension assumptions used to determine the useful life of a recognized intangible asset under FASB Statement No. 142, "Goodwill and Other Intangible Assets" ("SFAS 142"). The intent of this FSP is to improve the consistency between the useful life of a recognized intangible asset under SFAS 142 and the period of expected cash flows used to measure the fair value of the asset under SFAS 141R, and other GAAP. This FSP is effective for financial statements issued for fiscal years beginning after December 15, 2008, and interim periods within those fiscal years. Early adoption is prohibited. The Company is currently evaluating the impact of SFAS FSP 142-3, but does not expect the adoption of this pronouncement will have a material impact on its financial position, results of operations or cash flows.

In May 2008, the FASB issued SFAS No. 162, "The Hierarchy of Generally Accepted Accounting Principles" (SFAS 162). SFAS 162 identifies the sources of accounting principles and the framework for selecting principles to be used in the preparation of financial statements of nongovernmental entities that are presented in conformity with generally accepted accounting principles in the United States. This statement shall be effective 60 days following the SEC's approval of the Public Company Accounting Oversight Board's amendments to AU section 411, The Meaning of Present Fairly in Conformity with Generally Accepted Accounting Principles. The Company is currently evaluating the impact of SFAS 162, but does not expect the adoption of this pronouncement will have a material impact on its financial position, results of operations or cash flows.

In May 2008, the FASB issued SFAS No. 163, "Accounting for Financial Guarantee Insurance Contracts-an interpretation of FASB Statement No. 60." Diversity exists in practice in accounting for financial guarantee insurance contracts by insurance enterprises under FASB Statement No. 60, Accounting and Reporting by Insurance Enterprises. This results in inconsistencies in the recognition and measurement of claim liabilities. This Statement requires that an insurance enterprise recognize a claim liability prior to an event of default (insured event) when there is evidence that credit deterioration has occurred in an insured financial obligation. This Statement requires expanded disclosures about financial guarantee insurance contracts. The accounting and disclosure requirements of the Statement will improve the quality of information provided to users of financial statements. The adoption of FASB 163 is not expected to have a material impact on the Company's financial position.

NOTE 2 GOING CONCERN

As reflected in the accompanying financial statements, the Company is in the development stage with no operations, has a net loss of \$134,684 for the period from October 21, 2005 (inception) to November 30, 2008, and has negative cash flow from operations of \$92,302 from inception. This raises substantial doubt about its ability to continue as a going concern. The ability of the Company to continue as a going concern is dependent on the Company's ability to raise additional capital and implement its business plan. The financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

Management believes that actions presently being taken to obtain additional funding and implement its strategic plans provide the opportunity for the Company to continue as a going concern.

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

On February 8, 2008, we engaged Webb & Company, P.A., at 1501 Corporate Drive, Suite 150, Boynton Beach, Florida 33426, an independent registered public accounting firm, as our principal independent accountant with the approval of our board of directors.

On January 31, 2008, we received a correspondence from Williams & Webster, P.S., Certified Public Accountants stating that they were resigning as our principle independent accountants effective February 1, 2008.

Williams & Webster, P.S.'s report dated October 1, 2007 on our financial statements for the most recent fiscal years ended November 30, 2006 and 2005 did not contain an adverse opinion or disclaimer of opinion, or qualification or modification as to uncertainty, audit scope, or accounting principles.

In connection with the audits of our financial statements for the most recent years ended November 30, 2006 and 2005 and in the subsequent interim periods through the date of resignation, there were no disagreements, resolved or not, with Williams & Webster, P.S. on any matters of accounting principles or practices, financial statement disclosure or auditing scope or procedures, which disagreements, if not resolved to the satisfaction of Williams & Webster, P.S., would have caused Williams & Webster, P.S. to make reference to the subject matter of the disagreement in connection with their report on the financial statements for such years.

ITEM 9A(T). CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

The Company's management, with the participation of our Chief Executive Officer and Chief Financial Officer, carried out an evaluation of the effectiveness of our "Company's disclosure, controls and procedures" (as defined in Rules Rule 13a-15(3) and 15-d-15(3) of the e) under the Securities Exchange Act of 1934) as of the end of the period covered by this Annual Report (the "Evaluation Date"). As a result of such evaluation, Chief Executive Officer and the Chief Financial Officer have concluded that, as of the Evaluation Date, our such disclosure, controls and procedures are effective, providing them with material to provide reasonable assurance that the information relating to our company as required to be disclosed in the reports we file the Company files or submits under the Securities Exchange Act on a timely basis.

There were no changes in our internal controls over of 1934 is (i) recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms, and (ii) accumulated and communicated to management, including the Company's principal executive and principal financial reporting, known to our Chief Executive Officer or Chief Financial Officer, persons performing such functions, as appropriate, to allow timely decisions regarding disclosure. The Company believes that a control system, no matter how well designed and operated, cannot provide absolute assurance that the objectives of the control system are met, and no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within a company have been detected.

Management's Annual Report on Internal Control Over Financial Reporting.

The management of the Company is responsible for establishing and maintaining adequate internal control over financial reporting for the Company. Our internal control system was designed to, in general, provide reasonable assurance to the Company's management and board regarding the preparation and fair presentation of published financial statements, but because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Our management assessed the effectiveness of the Company's internal control over financial reporting as of November 30, 2008. The framework used by management in making that assessment was the criteria set forth in the document entitled "Internal Control – Integrated Framework" issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on that assessment, our management has determined that as of November 30, 2008, the Company's internal control over financial reporting was effective for the purposes for which it is intended.

This annual report does not include an attestation report of the Company's registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by the Company's registered public accounting firm pursuant to temporary rules of the Securities and Exchange Commission that permit the Company to provide only management's report in this annual report.

Changes in Internal Control over Financial Reporting

No change in our system of internal control over financial reporting occurred during the period covered by this report, fourth quarter of the fiscal year ended November 30, 2008 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.
