Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

On August 4, 2015, Columbia Property Trust Operating Partnership, L.P. (the "Operating Partnership"), a wholly-owned subsidiary of the Company, drew on the \$300 Million Bridge Loan Agreement, which was executed by and among the Operating Partnership, J.P. Morgan Securities LLC, as joint lead arranger and sole bookrunner, JPMorgan Chase Bank, N.A., as administrative agent, PNC Bank, National Association, Capital One, National Association, and Wells Fargo Bank, N.A. as joint lead arrangers and co-syndication agents, and each of the financial institutions a signatory thereto, as lenders. The \$300 Million Bridge Loan Agreement provides for a \$300 million unsecured loan, which has a six-month term, maturing February 3, 2016, with one six-month extension option subject to the Operating Partnership paying certain fees and the satisfaction of certain other conditions (the "\$300 Million Bridge Loan"). As of August 4, 2015, the Operating Partnership has \$300 million of outstanding borrowings under the \$300 Million Bridge Loan. At the Operating Partnership's option, borrowings under the \$300 Million Bridge Loan bear interest at either (i) the alternate base rate (as defined in the \$300 Million Bridge Loan Agreement) plus an applicable margin based on four stated pricing levels ranging from 0.00% to 0.75% or (ii) the London Interbank Offered Rate plus an applicable margin based on four stated pricing levels ranging from 0.90% to 1.75%, in each case based on the Operating Partnership's credit rating. Borrowings under the \$300 Million Bridge Loan currently bear interest at LIBOR plus 110 basis points, based on current credit ratings.

The \$300 Million Bridge Loan may be prepaid by the Operating Partnership at any time without premium or penalty. In addition, amounts under the \$300 Million Bridge Loan must be repaid by the Operating Partnership with the net cash proceeds of certain financing activities and asset sales, including (i) the issuance of common or preferred equity securities by the Company or the Operating Partnership, (ii) the incurrence of mortgage indebtedness on any property of the Operating Partnership or a subsidiary thereof, (iii) the incurrence of unsecured term loan indebtedness by the Company, the Operating Partnership or any subsidiary thereof, or (iv) the sale of certain real estate assets of the Operating Partnership or a subsidiary thereof or any equity interests of any subsidiary thereof.

The \$300 Million Bridge Loan Agreement contains representations and warranties, financial and other affirmative and negative covenants, events of defaults and remedies typical for this type of facility. The financial covenants in the \$300 Million Bridge Loan Agreement:

- (a) limit the ratio of secured debt to total asset value, as defined therein, to 40% or less;
- (b) require the fixed charge coverage ratio, as defined therein, to be at least 1.50:1.00;

- (e) require the ratio of unencumbered asset value, as defined therein, to total unsecured debt, as defined therein, to be at least 1.75:1.00; and
- (f) require maintenance of certain minimum tangible net worth balances.

The \$300 Million Bridge Loan Agreement also contains customary negative covenants applicable to the Company, the Operating Partnership and certain subsidiaries, including, among other things, restrictions on indebtedness, liens, restricted payments, sales of assets and transactions with affiliates, and customary events of default, including but not limited to, the nonpayment of principal or interest, material inaccuracy of representations and warranties, violations of covenants, cross-default to material indebtedness, bankruptcy and insolvency and material adverse judgments. This description of the \$300 Million Bridge Loan Agreement is qualified in its entirety by reference to the complete terms and conditions of the agreement which will be attached as an exhibit to our Quarterly Report on Form 10-Q for the period ending September 30, 2015.
